(Section scheduled to be repealed on January 1, 2020)

Sec. 5-70. Continuing education requirement; managing broker or
broker.

(a) The requirements of this Section apply to all managing brokers
and brokers.

(b) Except as otherwise provided in this Section, each person who
applies for renewal of his or her license as a managing broker or broker
must successfully complete 12 hours of real estate continuing education
courses recommended by the Board and approved by the Department
during the current term of the license for each year of the pre-renewal
period. In addition, beginning with the pre-renewal period for managing
broker licensees that begins after the effective date of this Act, those
licensees renewing or obtaining a managing broker's license must
successfully complete a 12-hour broker management continuing education
course approved by the Department during the current term of the license
each pre-renewal period. The broker management continuing education
course must be completed in the classroom or through a live, by other
interactive webinar or online distance education format delivery method
between the instructor and the students. Successful completion of the
course shall include achieving a passing score as provided by rule on a test
developed and administered in accordance with rules adopted by the
Department. No license may be renewed except upon the successful
completion of the required courses or their equivalent or upon a waiver of

those requirements for good cause shown as determined by the Secretary upon the recommendation of the Board. The requirements of this Article are applicable to all managing brokers and brokers except those managing brokers and brokers who, during the renewal pre-renewal period:

(1) serve in the armed services of the United States;
(2) serve as an elected State or federal official;
(3) serve as a full-time employee of the Department; or
(4) are admitted to practice law pursuant to Illinois Supreme Court rule.

(c) (Blank).

(d) A person receiving an initial license during the 90 days before the renewal date shall not be required to complete the continuing education courses provided for in subsection (b) of this Section as a condition of initial license renewal.

(e) The continuing education requirement for brokers and managing brokers shall consist of a single core curriculum and an elective curriculum, to be recommended by the Board and approved by the Department in accordance with this subsection. The core curriculum shall not be further divided into subcategories or divisions of instruction. The core curriculum shall consist of 4 hours during the current term of the license per 2-year pre-renewal period on subjects that may include, but are not limited to, advertising, agency, disclosures, escrow, fair housing, residential leasing agent management, and license law. The amount of time allotted to each of these subjects shall be recommended by the Board and determined by the Department. The Department, upon the recommendation of the Board, shall review the core curriculum every 4 years, at a minimum, and shall revise the curriculum if necessary. However, the core curriculum's total hourly requirement shall only be subject to change by amendment of this subsection, and any change to the core curriculum shall not be effective for a period of 6 months after such change is made by the Department. The Department shall provide notice to all approved education providers of any changes to the core curriculum. When determining whether revisions of the core curriculum's subjects or specific time requirements are necessary, the Board shall consider recent changes in applicable laws, new laws, and areas of the license law and the Department policy that the Board deems appropriate, and any other subject areas the Board deems timely and applicable in order to prevent violations of this Act and to protect the public. In establishing a recommendation to

the Department regarding the elective curriculum, the Board shall consider subjects that cover the various aspects of the practice of real estate that are covered under the scope of this Act.

(f) The subject areas of continuing education courses recommended by the Board and approved by the Department shall be meant to protect the professionalism of the industry, the consumer, and the public and prevent violations of this Act and may include without limitation the following:

1. license law and escrow;
2. antitrust;
3. fair housing;
4. agency;
5. appraisal;
6. property management;
7. residential brokerage;
8. farm property management;
9. transaction management rights and duties of parties in a transaction for sellers, buyers, and brokers;
10. commercial brokerage and leasing;
11. real estate financing;
12. disclosures;
13. residential leasing agent management; and
14. advertising;
15. broker supervision and managing broker responsibility;
16. professional conduct; and
17. use of technology.

(g) In lieu of credit for those courses listed in subsection (f) of this Section, credit may be earned for serving as a licensed instructor in an approved course of continuing education. The amount of credit earned for teaching a course shall be the amount of continuing education credit for which the course is approved for licensees taking the course.

(h) Credit hours may be earned for self-study programs approved by the Department.

(i) A managing broker or broker may earn credit for a specific continuing education course only once during the current term of the license pre-renewal period.

(j) No more than 12 hours of continuing education credit may be taken in one calendar day.

(k) To promote the offering of a uniform and consistent course content, the Department may provide for the development of a single broker management course to be offered by all education providers who choose to offer the broker management continuing education course. The Department may contract for the development of the 12-hour broker management continuing education course with an outside vendor or consultant and, if the course is developed in this manner, the Department or the outside consultant shall license the use of that course to all approved education providers who wish to provide the course.

(l) Except as specifically provided in this Act, continuing education credit hours may not be earned for completion of pre-license or post-license courses. The courses comprising the approved 45-hour post-license curriculum course for broker licensees shall satisfy the continuing education requirement for the pre-renewal period in which the course is taken. The approved 45-hour brokerage administration and management course shall satisfy the 12-hour broker management continuing education requirement for the license term pre-renewal period in which the course is taken.

(b) No action or suit shall be instituted, nor recovery therein be had, in any court of this State by any person for compensation for any act done or service performed, the doing or performing of which is prohibited by this Act to other than licensed managing brokers, brokers, or residential leasing agents unless the person was duly licensed hereunder as a managing broker, broker, or residential leasing agent under this Act at the time that any such act was done or service performed that would give rise to a cause of action for compensation.

(c) A licensee may offer compensation, including prizes, merchandise, services, rebates, discounts, or other consideration to an unlicensed person who is a party to a contract to buy or sell real estate or is a party to a contract for the lease of real estate, so long as the offer complies with the provisions of subdivision (35) of subsection (a) of Section 20-20 of this Act.

(b) Every broker who employs licensees or has an independent contractor relationship with a licensee shall have a written employment or independent contractor agreement with each such licensee. The broker having this written employment or independent contractor agreement with the licensee must be that licensee's sponsoring broker.

(c) Every sponsoring broker must have a written employment or independent contractor agreement with each licensee the broker sponsors. Sec. 10-30. Advertising.

(a) No advertising, whether in print, via the Internet, or through social media, digital forums, or any other media, shall be fraudulent, deceptive, inherently misleading, or proven to be misleading in practice. Advertising shall be considered misleading or untruthful if, when taken as a whole, there is a distinct and reasonable possibility that it will be misunderstood or will deceive the ordinary consumer, purchaser, seller, lessee, lessor, or owner. Advertising shall contain all information necessary to communicate the information contained therein to the public in an accurate, direct, and readily comprehensible manner. Team names may not contain inherently misleading terms, such as "company", "realty", "real estate", "agency", "associates", "brokers", "properties", or "property".

(b) No blind advertisements may be used by any licensee, in any media, except as provided for in this Section.

(c) A licensee shall disclose, in writing, to all parties in a transaction his or her status as a licensee and any and all interest the licensee has or may have in the real estate constituting the subject matter thereof, directly or indirectly, according to the following guidelines:

(1) On broker yard signs or in broker advertisements, no disclosure of ownership is necessary. However, the ownership shall be indicated on any property data form accessible to the consumer and disclosed to persons responding to any advertisement or any sign. The term "broker owned" or "agent owned" is sufficient disclosure.

(2) A sponsored or inactive licensee selling or leasing property, owned solely by the sponsored or inactive licensee, without utilizing brokerage services of their sponsoring broker or any other licensee, may advertise "By Owner". For purposes of this Section, property is "solely owned" by a sponsored or inactive licensee if he or she (i) has a 100% ownership interest alone, (ii) has ownership as a joint tenant
or tenant by the entirety, or (iii) holds a 100% beneficial interest in a land trust. Sponsored or inactive inoperative licensees selling or leasing "By Owner" shall comply with the following if advertising by owner:

(A) On "By Owner" yard signs, the sponsored or inactive inoperative licensee shall indicate "broker owned" or "agent owned." "By Owner" advertisements used in any medium of advertising shall include the term "broker owned" or "agent owned."

(B) If a sponsored or inactive inoperative licensee runs advertisements, for the purpose of purchasing or leasing real estate, he or she shall disclose in the advertisements his or her status as a licensee.

(C) A sponsored or inactive inoperative licensee shall not use the sponsoring broker's name or the sponsoring broker's company name in connection with the sale, lease, or advertisement of the property nor utilize the sponsoring broker's or company's name in connection with the sale, lease, or advertising of the property in a manner likely to create confusion among the public as to whether or not the services of a real estate company are being utilized or whether or not a real estate company has an ownership interest in the property.

(d) A sponsored licensee may not advertise under his or her own name. Advertising in any media shall be under the direct supervision of the sponsoring or designated managing broker and in the sponsoring broker's business name, which in the case of a franchise shall include the franchise affiliation as well as the name of the individual firm. This provision does not apply under the following circumstances:

1. When a licensee enters into a brokerage agreement relating to his or her own real estate, or real estate in which he or she has an ownership interest, with another licensed broker; or
2. When a licensee is selling or leasing his or her own real estate or buying or leasing real estate for himself or herself, after providing the appropriate written disclosure of his or her ownership interest as required in paragraph (2) of subsection (c) of this Section.

(e) No licensee shall list his or her name under the heading or title "Real Estate" in the telephone directory or otherwise advertise in his or her

New matter indicated by italics- deletions by strikeout
own name to the general public through any medium of advertising as being in the real estate business without listing his or her sponsoring broker's business name.

(f) The sponsoring broker's business name and the name of the licensee must appear in all advertisements, including business cards. In advertising that includes the sponsoring broker's name and a team name or individual broker's name, the sponsoring broker's business name shall be at least equal in size or larger than the team name or that of the individual. Nothing in this Act shall be construed to require specific print size as between the broker's business name and the name of the licensee.

(g) Those individuals licensed as a managing broker and designated with the Department as a designated managing broker by their sponsoring broker shall identify themselves to the public in advertising, except on "For Sale" or similar signs, as a designated managing broker. No other individuals holding a managing broker's license may hold themselves out to the public or other licensees as a designated managing broker, but they may hold themselves out to be a managing broker.

(1) use a URL or domain name that is deceptive or misleading;

(e) A licensee offering a guaranteed sales plan shall undertake to market the property of the seller subject to the plan in the same manner in which the broker would market any other property, unless the agreement with the seller provides otherwise.

(f) The licensee may not purchase seller's property until the period for offering the property for sale has ended according to its terms or is otherwise terminated.

(g) Any licensee who fails to perform on a guaranteed sales plan in strict accordance with its terms shall be subject to all the penalties provided in this Act for violations thereof and, in addition, shall be subject to a civil fine payable to the party injured by the default in an amount of up to $25,000.

Sec. 15-5. Legislative intent.

(a) The General Assembly finds that application of the common law of agency to the relationships among licensees under this Act managing brokers and brokers and consumers of real estate brokerage services has resulted in misunderstandings and consequences that have been contrary to the best interests of the public. The General Assembly further finds that the real estate brokerage industry has a significant impact upon the economy of the State of Illinois and that it is in the best interest of the public to provide codification of the relationships between licensees under this Act managing brokers and brokers and consumers of real estate brokerage services in order to prevent detrimental misunderstandings and misinterpretations of the relationships by consumers, managing brokers, and brokers and thus promote and provide stability in the real estate market. This Article 15 is enacted to govern the relationships between licensees under this Act managing brokers and brokers to the extent not governed by an individual written agreement between a sponsoring broker and a consumer, providing that there is a relationship other than designated agency. This Article 15 applies to the exclusion of the common law concepts of principal and agent and to the fiduciary duties, which have been applied to managing brokers, brokers, and real estate brokerage services.

(b) The General Assembly further finds that this Article 15 is not intended to prescribe or affect contractual relationships between managing brokers and brokers and the broker's affiliated licensees.

(c) This Article 15 may serve as a basis for private rights of action and defenses by sellers, buyers, landlords, tenants, managing brokers, and
brokers. The private rights of action, however, do not extend to the provisions of any other Articles of this Act.

2. Provide information about the property to the buyer or tenant.
3. Disclose all latent material defects in the property that are known to the Licensee.
4. Disclose financial qualification of the buyer or tenant to the seller or landlord.
5. Explain real estate terms.
6. Help the buyer or tenant to arrange for property inspections.
8. Help the buyer compare financing alternatives.
9. Provide information about comparable properties that have sold so both clients may make educated decisions on what price to accept or offer.

WHAT LICENSEE CANNOT DISCLOSE TO CLIENTS WHEN ACTING AS A DUAL AGENT

1. Confidential information that Licensee may know about a client, without that client's permission.
2. The price or terms the seller or landlord will take other than the listing price without permission of the seller or landlord.
3. The price or terms the buyer or tenant is willing to pay without permission of the buyer or tenant.
4. A recommended or suggested price or terms the buyer or tenant should offer.
5. A recommended or suggested price or terms the seller or landlord should counter with or accept.

If either client is uncomfortable with this disclosure and dual representation, please let Licensee know. You are not required to sign this document unless you want to allow Licensee to proceed as a Dual Agent in this transaction. By signing below, you acknowledge that you have read and understand this form and voluntarily consent to Licensee acting as a Dual Agent (that is, to represent BOTH the seller or landlord and the buyer or tenant) should that become necessary.

(b) The dual agency disclosure form provided for in subsection (a) of this Section must be presented by a licensee, who offers dual representation, to the client at the time the brokerage agreement is entered into and may be signed by the client at that time or at any time before the licensee acts as a dual agent as to the client.

(c) A licensee acting in a dual agency capacity in a transaction must obtain a written confirmation from the licensee's clients of their prior

New matter indicated by italics- deletions by strikeout
consent for the licensee to act as a dual agent in the transaction. This confirmation should be obtained at the time the clients are executing any offer or contract to purchase or lease in a transaction in which the licensee is acting as a dual agent. This confirmation may be included in another document, such as a contract to purchase, in which case the client must not only sign the document but also initial the confirmation of dual agency provision. That confirmation must state, at a minimum, the following:

"The undersigned confirm that they have previously consented to (insert name(s)), ("Licensee"), acting as a Dual Agent in providing brokerage services on their behalf and specifically consent to Licensee acting as a Dual Agent in regard to the transaction referred to in this document."

(d) No cause of action shall arise on behalf of any person against a dual agent for making disclosures allowed or required by this Article, and the dual agent does not terminate any agency relationship by making the allowed or required disclosures.

(e) In the case of dual agency, each client and the licensee possess only actual knowledge and information. There shall be no imputation of knowledge or information among or between clients, brokers, or their affiliated licensees.

(f) In any transaction, a licensee may without liability withdraw from representing a client who has not consented to a disclosed dual agency. The withdrawal shall not prejudice the ability of the licensee to continue to represent the other client in the transaction or limit the licensee from representing the client in other transactions. When a withdrawal as contemplated in this subsection (f) occurs, the licensee shall not receive a referral fee for referring a client to another licensee unless written disclosure is made to both the withdrawing client and the client that continues to be represented by the licensee.

If the cited licensee does not request a hearing within 30 days after the citation is served, then the citation shall become a final, non-disciplinary order, and any fine imposed is due and payable within 60 days after that final order. If the cited licensee requests a hearing within 30 days after the citation is served, the Department shall afford the cited licensee a hearing conducted in the same manner as a hearing provided for in this Act for any violation of this Act and shall determine whether the cited licensee committed the violation as charged and whether the fine as levied is warranted. No change in license status may be made by the Department until such time as a final order of the Department has been issued.

(c) Payment of a fine that has been assessed pursuant to this Section shall not constitute disciplinary action reportable on the Department's website or elsewhere unless a licensee has previously received 2 or more citations and paid 2 or more fines.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of

domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code,

equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois

Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit

from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does
not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2018, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2018.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b)
of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection equal to its share of the credit earned under this subsection during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years

ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;
   (D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and
   (E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in

service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities
designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and

(D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the...
tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to

be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit. For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, and ending prior to January 1, 2022, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability.
for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

It is the intent of the General Assembly that the research and development credit under this subsection (k) shall apply continuously for all tax years ending on or after December 31, 2004 and ending prior to January 1, 2022, including, but not limited to, the period beginning on January 1, 2016 and ending on the effective date of this amendatory Act of the 100th General Assembly. All actions taken in reliance on the continuation of the credit under this subsection (k) by any taxpayer are hereby validated.

For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is

not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed

under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed (i) $500 for tax years ending prior to December 31, 2017, and (ii) $750 for tax years ending on or after December 31, 2017. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. Notwithstanding any other provision of law, for taxable years beginning on or after January 1, 2017, no taxpayer may claim a credit under this subsection (m) if the taxpayer's adjusted gross income for the taxable year exceeds (i) $500,000, in the case of spouses filing a joint federal tax return or (ii) $250,000, in the case of all other taxpayers. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:
"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.

(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of
the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

For purposes of this Section "fair market value" means the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. The fair market value shall be established by Illinois sales by the taxpayer of the same property as that functionally used or consumed, or if there are no such sales by the taxpayer, then comparable sales or purchases of property of like kind and character in Illinois.

If, at any time, however, the tax under this Act on sales of gasohol is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2023 but applies to 100% of the proceeds of sales made thereafter.

For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

If the property that is acquired from a serviceman is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

Section 25. The Service Occupation Tax Act is amended by changing Section 3-10 as follows:

(35 ILCS 115/3-10) (from Ch. 120, par. 439.103-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the "selling price", as defined in Section 2 of the Service Use Tax Act, of the tangible personal property. For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. The selling price of each item of tangible personal property transferred as an incident of a sale of service may be shown as a distinct and separate item on the serviceman's billing to the service customer. If the selling price is not so shown, the selling price of the tangible personal property is deemed to be 50% of the serviceman's entire billing to the service customer. When, however, a serviceman contracts to design, develop, and produce special order machinery or equipment, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the completion of the contract.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act shall apply to (i) 70% of the cost price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before July 1, 2017, and (iii) 100% of the cost price thereafter. If, at
any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2023 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel material, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2023 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health
Rehabilitation Act of 2013, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, modifications to a motor vehicle for the purpose of rendering it usable by a person with a disability, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.
Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

corporate authorities of any county may, by ordinance, impose a tax upon all persons engaged in the business of selling cannabis, other than cannabis purchased under the Compassionate Use of Medical Cannabis Pilot Program Act, at retail in the county on the gross receipts from these sales made in the course of that business. If imposed, the tax shall be imposed only in 0.25% increments. The tax rate may not exceed: (i) 3.75% of the gross receipts of sales made in unincorporated areas of the county; and (ii) 3% 0.75% of the gross receipts of sales made in a municipality located in the county; and (iii) 3% of gross sales receipts made in a municipality located in a home rule county. The tax imposed under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The Department of Revenue shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this Section. In the administration of and compliance with this Section, the Department of Revenue and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are described in Sections 1, 1a, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6bb, 6c, 6d, 8, 8, 9, 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth in this Section.

(b) Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with any State tax that sellers are required to collect.

(c) Whenever the Department of Revenue determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department of Revenue shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department of Revenue.

(d) The Department of Revenue shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder for deposit into the Local Cannabis Consumer Excise Tax Trust Fund.

(e) On or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller the amount of money to be disbursed from the Local Cannabis Consumer Excise Tax Trust Fund to counties from which retailers have paid taxes or penalties under this Section during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected under this Section from sales made in the county during the second preceding calendar month, plus an amount the Department of Revenue determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

(f) An ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following the adoption and filing.

Except for actions involving the ground numbered (26), all proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years next after receipt by the Department of a complaint alleging the commission of or notice of the conviction order for any of the acts described herein. Except for the grounds numbered (8), (9), (26), and (29), no action shall be commenced more than 10 years after the date of the incident or act alleged to have violated this Section. For actions involving the ground numbered (26), a pattern of practice or other behavior includes all incidents alleged to be part of the pattern of practice or other behavior that occurred, or a report pursuant to Section 23 of this Act received, within the 10-year period preceding the filing of the complaint. In the event of the settlement of any claim or cause of action in favor of the claimant or the reduction to final judgment of any civil action in favor of the plaintiff, such claim, cause of action or civil action being grounded on the allegation that a person licensed under this Act was negligent in providing care, the Department shall have an additional period of 2 years from the date of notification to the Department under Section 23 of this Act of such settlement or final judgment in which to investigate and commence formal disciplinary proceedings under Section 36 of this Act, except as otherwise provided by law. The time during which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of disciplinary action by the Department.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Disciplinary Board, shall adopt rules which set forth standards to be used in determining:

(a) when a person will be deemed sufficiently rehabilitated to warrant the public trust;
(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;
(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and
(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Disciplinary Board or the Licensing Board, upon a showing of a possible violation, may compel, in the case of the Disciplinary Board, any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or, in the case of the Licensing Board, any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians,
licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals, approved or designated by the Disciplinary Board, as a condition for issued, continued, reinstated, or renewed licensure to practice. Any

physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Illinois State Medical Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

(B) The Department shall revoke the license or permit issued under this Act to practice medicine or a chiropractic physician who has been convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or permit is revoked under this subsection B shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Department shall not revoke, suspend, place on probation, reprimand, refuse to issue or renew, or take any other disciplinary or non-disciplinary action against the license or permit issued under this Act to practice medicine to a physician:

(1) based solely upon the recommendation of the physician to an eligible patient regarding, or prescription for, or treatment with, an investigational drug, biological product, or device; or

(2) for experimental treatment for Lyme disease or other tick-borne diseases, including, but not limited to, the prescription of or treatment with long-term antibiotics.

(D) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

Failure of an individual to submit to a mental or physical examination, when ordered, shall result in an automatic suspension of his or her license until the individual submits to the examination.

If the Department finds an individual unable to practice because of the reasons set forth in this Section, the Department may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. An individual whose license was granted, continued, reinstated, renewed, disciplined, or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

Sec. 6-206.1. Monitoring Device Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that the granting of driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code.

The following procedures shall apply whenever a first offender, as defined in Section 11-500 of this Code, is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance and is subject to the provisions of Section 11-501.1:

(a) Upon mailing of the notice of suspension of driving privileges as provided in subsection (h) of Section 11-501.1 of this Code, the Secretary shall also send written notice informing the person that he or she will be issued a monitoring device driving permit (MDDP). The notice shall include, at minimum, information summarizing the procedure to be followed for issuance of the MDDP, installation of the breath alcohol ignition installation device (BAIID), as provided in this Section, exemption from BAIID installation requirements, and procedures to be followed by those seeking indigent status, as provided in this Section. The notice shall also include information summarizing the procedure to be followed if the person wishes to decline issuance of the MDDP. A copy of the notice shall also be sent to the court of venue together with the notice of suspension of driving privileges, as provided in subsection (h) of Section 11-501. However, a MDDP shall not be issued if the Secretary finds that:

(1) the offender's driver's license is otherwise invalid;
(2) death or great bodily harm to another resulted from the arrest for Section 11-501;
(3) the offender has been previously convicted of reckless homicide or aggravated driving under the influence involving death;
(4) the offender is less than 18 years of age; or
(5) the offender is a qualifying patient licensed under the Compassionate Use of Medical Cannabis Pilot Program Act who is

in possession of a valid registry card issued under that Act and refused to submit to standardized field sobriety tests as required by subsection (a) of Section 11-501.9 or did submit to testing which disclosed the person was impaired by the use of cannabis.

Any offender participating in the MDDP program must pay the Secretary a MDDP Administration Fee in an amount not to exceed $30 per month, to be deposited into the Monitoring Device Driving Permit Administration Fee Fund. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. The offender must have an ignition interlock device installed within 14 days of the date the Secretary issues the MDDP. The ignition interlock device provider must notify the Secretary, in a manner and form prescribed by the Secretary, of the installation. If the Secretary does not receive notice of installation, the Secretary shall cancel the MDDP.

Upon receipt of the notice, as provided in paragraph (a) of this Section, the person may file a petition to decline issuance of the MDDP with the court of venue. The court shall admonish the offender of all consequences of declining issuance of the MDDP including, but not limited to, the enhanced penalties for driving while suspended. After being so admonished, the offender shall be permitted, in writing, to execute a notice declining issuance of the MDDP. This notice shall be filed with the court and forwarded by the clerk of the court to the Secretary. The offender may, at any time thereafter, apply to the Secretary for issuance of a MDDP.

(a-1) A person issued a MDDP may drive for any purpose and at any time, subject to the rules adopted by the Secretary under subsection (g). The person must, at his or her own expense, drive only vehicles equipped with an ignition interlock device as defined in Section 1-129.1, but in no event shall such person drive a commercial motor vehicle.

(a-2) Persons who are issued a MDDP and must drive employer-owned vehicles in the course of their employment duties may seek permission to drive an employer-owned vehicle that does not have an ignition interlock device. The employer shall provide to the Secretary a form, as prescribed by the Secretary, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the Secretary, the form must be in the driver's possession while operating an employer-owner vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15

passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for personal use. No person may drive the exempted vehicle more than 12 hours per day, 6 days per week.

(a-3) Persons who are issued a MDDP and who must drive a farm tractor to and from a farm, within 50 air miles from the originating farm are exempt from installation of a BAIID on the farm tractor, so long as the farm tractor is being used for the exclusive purpose of conducting farm operations.

(b) (Blank).

(c) (Blank).

(c-1) If the holder of the MDDP is convicted of or receives court supervision for a violation of Section 6-206.2, 6-303, 11-204, 11-204.1, 11-401, 11-501, 11-503, 11-506 or a similar provision of a local ordinance or a similar out-of-state offense or is convicted of or receives court supervision for any offense for which alcohol or drugs is an element of the offense and in which a motor vehicle was involved (for an arrest other than the one for which the MDDP is issued), or de-installs the BAIID without prior authorization from the Secretary, the MDDP shall be cancelled.

(c-5) If the Secretary determines that the person seeking the MDDP is indigent, the Secretary shall provide the person with a written document as evidence of that determination, and the person shall provide that written document to an ignition interlock device provider. The provider shall install an ignition interlock device on that person's vehicle without charge to the person, and seek reimbursement from the Indigent BAIID Fund. If the Secretary has deemed an offender indigent, the BAIID provider shall also provide the normal monthly monitoring services and the de-installation without charge to the offender and seek reimbursement from the Indigent BAIID Fund. Any other monetary charges, such as a lockout fee or reset fee, shall be the responsibility of the MDDP holder. A BAIID provider may not seek a security deposit from the Indigent BAIID Fund.

(d) MDDP information shall be available only to the courts, police officers, and the Secretary, except during the actual period the MDDP is valid, during which time it shall be a public record.

(g) The Secretary shall adopt rules for implementing this Section. The rules adopted shall address issues including, but not limited to: compliance with the requirements of the MDDP; methods for determining compliance with those requirements; the consequences of noncompliance with those requirements; what constitutes a violation of the MDDP; methods for determining indigency; and the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection (g) shall provide, at a minimum, that the person is not in compliance with the requirements of the MDDP if he or she:

  (1) tampers or attempts to tamper with or circumvent the proper operation of the ignition interlock device;

  (2) provides valid breath samples that register blood alcohol levels in excess of the number of times allowed under the rules;

  (3) fails to provide evidence sufficient to satisfy the Secretary that the ignition interlock device has been installed in the designated vehicle or vehicles; or

  (4) fails to follow any other applicable rules adopted by the Secretary.

(i) Any person or entity that supplies an ignition interlock device as provided under this Section shall, in addition to supplying only those devices which fully comply with all the rules adopted under subsection (g), provide the Secretary, within 7 days of inspection, all monitoring reports of each person who has had an ignition interlock device installed. These reports shall be furnished in a manner or form as prescribed by the Secretary.

(j) Upon making a determination that a violation of the requirements of the MDDP has occurred, the Secretary shall extend the summary suspension period for an additional 3 months beyond the originally imposed summary suspension period, during which time the person shall only be allowed to drive vehicles equipped with an ignition interlock device; provided further there are no limitations on the total number of times the summary suspension may be extended. The Secretary may, however, limit the number of extensions imposed for violations occurring during any one monitoring period, as set forth by rule. Secretary, pursuant to Section 2-118 of this Code. If the summary suspension has already terminated prior to the Secretary receiving the monitoring report that shows a violation, the Secretary shall be authorized to suspend the person's driving privileges for 3 months, provided that the Secretary may, by rule, limit the number of suspensions to be entered pursuant to this paragraph for violations occurring during any one monitoring period. Any person whose license is suspended pursuant to this paragraph, after the summary suspension had already terminated, shall have the right to contest the suspension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time, or has any combination of 3 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time, or has any combination of 4 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions or new suspension entered as a result of a violation that occurred while the person held a MDDP. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle. The impoundment or forfeiture of a vehicle shall be conducted pursuant to the procedure specified in Article 36 of the Criminal Code of 2012.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled, or would have been cancelled had notification of a violation been received prior to expiration of the MDDP, pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate. Instead, the person's driving privileges shall be suspended for a period of not less than twice the original summary suspension period, or for the length of any extensions entered under subsection (j), whichever is longer. During the period of suspension, the person shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device, including monthly monitoring fees, into the Indigent BAIID Fund. This 5% shall be clearly indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the surcharge is sufficient to provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the Secretary, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAIID Fund.

(o) The Indigent BAIID Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use all money in the Indigent BAIID Fund to reimburse ignition interlock device providers who have installed devices in vehicles of indigent persons. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

(q) The Secretary is authorized to prescribe such forms as it deems necessary to carry out the provisions of this Section.

(a) A person who has been issued a registry identification card under the Compassionate Use of Medical Cannabis Pilot Program Act who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to standardized field sobriety tests approved by the National Highway Traffic Safety Administration, under subsection (a-5) of Section 11-501.2 of this Code, if detained by a law enforcement officer who has a reasonable suspicion that the person is driving or is in actual physical control of a motor vehicle while impaired by the use of cannabis. The law enforcement officer must have an independent, cannabis-related factual basis giving reasonable suspicion that the person is driving or in actual physical control of a motor vehicle while impaired by the use of cannabis. The law enforcement officer must have an independent, cannabis-related factual basis giving reasonable suspicion that the person is driving or in actual physical control of a motor vehicle while impaired by the use of cannabis for conducting standardized field sobriety tests, which shall be included with the results of the field sobriety tests in any report made by the law enforcement officer who requests the test. The person's possession of a registry identification card issued under the Compassionate Use of Medical Cannabis Pilot Program Act alone is not a sufficient basis for reasonable suspicion.

For purposes of this Section, a law enforcement officer of this State who is investigating a person for an offense under Section 11-501 of this Code may travel into an adjoining state where the person has been transported for medical care to complete an investigation and to request that the person submit to field sobriety tests under this Section.

The person shall also be warned by the law enforcement officer that if the person submits to field sobriety tests as provided in this Section which disclose the person is impaired by the use of cannabis, a suspension of the person's privilege to operate a motor vehicle, as provided in subsection (f) of this Section, will be imposed.

(d) The results of field sobriety tests administered under this Section shall be admissible in a civil or criminal action or proceeding arising from an arrest for an offense as defined in Section 11-501 of this Code or a similar provision of a local ordinance. These test results shall be admissible only in actions or proceedings directly related to the incident upon which the test request was made.

(e) If the person refuses field sobriety tests or submits to field sobriety tests that disclose the person is impaired by the use of cannabis, the law enforcement officer shall immediately submit a sworn report to the circuit court of venue and the Secretary of State certifying that testing was requested under this Section and that the person refused to submit to field sobriety tests or submitted to field sobriety tests that disclosed the person was impaired by the use of cannabis. (f) Upon receipt of the sworn report of a law enforcement officer submitted under subsection (e) of this Section, the Secretary of State shall enter the suspension to the driving record as follows:

The Secretary of State shall confirm the suspension by mailing a notice of the effective date of the suspension to the person and the court of venue. However, should the sworn report be defective for insufficient information or be completed in error, the confirmation of the suspension shall not be mailed to the person or entered to the record; instead, the sworn report shall be forwarded to the court of venue with a copy returned to the issuing agency identifying the defect.

(g) The law enforcement officer submitting the sworn report under subsection (e) of this Section shall serve immediate notice of the suspension on the person and the suspension shall be effective as provided

If immediate notice of the suspension cannot be given, the arresting officer or arresting agency shall give notice by deposit in the United States mail of the notice in an envelope with postage prepaid and addressed to the person at his or her address as shown on the Uniform Traffic Ticket and the suspension shall begin as provided in subsection (h) of this Section. The officer shall confiscate any Illinois driver's license or permit on the person at the time of arrest. If the person has a valid driver's license or permit, the officer shall issue the person a receipt, in a form prescribed by the Secretary of State, that will allow the person to drive during the period provided for in subsection (h) of this Section. The officer shall immediately forward the driver's license or permit to the circuit court of venue along with the sworn report under subsection (e) of this Section.

(h) The suspension under subsection (f) of this Section shall take effect on the 46th day following the date the notice of the suspension was given to the person.

(i) When a driving privilege has been suspended under this Section and the person is subsequently convicted of violating Section 11-501 of this Code, or a similar provision of a local ordinance, for the same incident, any period served on suspension under this Section shall be credited toward the minimum period of revocation of driving privileges imposed under Section 6-205 of this Code.

PUBLIC ACT 101-0364
(Senate Bill No. 2024)

AN ACT concerning government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Apprenticeship Study Act.
Section 5. Findings and purpose. The General Assembly finds the following:

(1) our State has the unfortunate distinction of ranking second in youth unemployment and also has one of the highest unemployment rates in the country for people of color of all ages;
(2) employers from a range of sectors struggle to fill positions that require more training than a high school diploma, but less than a college degree;
(3) apprenticeship programs help address these needs by allowing employers to secure the talent they need while providing apprentices a debt-free pathway to a career and credentials, with 91% of apprentices remaining employed at a median salary of $50,000;
(4) our State has over 15,000 Registered Apprentices, but the demographics of these apprentices do not mirror the diversity of Illinoisans in that only 28% of Registered Apprentices are people of color, only 4% of Registered Apprentices are women;

New matter indicated by italics- deletions by strikeout
and the vast majority (82%) of apprenticeship programs are concentrated in the construction and trade industries; 

(5) intentionally targeting industries that appeal to diverse populations could increase not only the number of apprentices in this State, but increase the diversity of those who identify as apprentices; 

(6) there are significant possibilities for growing apprenticeship into an inclusive workforce strategy for Illinois, but to build a foundation for success, we need to understand what apprenticeship programs exist, how they are funded, and the barriers employers face to launching quality apprenticeship programs; and 

(7) the purpose of this study is to build such a foundation for successful apprenticeship growth, and this study is needed to assess what the future may hold for expansion of apprenticeship in Illinois. 

Section 10. Apprenticeship Study. 

(a) There is hereby created the Apprenticeship Study. 

(b) The Department of Commerce and Economic Opportunity shall conduct a study on the potential expansion of apprenticeship programs in this State and produce a report on its findings. The report shall include, but not be limited to, the following: 

(1) research on existing apprenticeship programs, using the Illinois Apprenticeship Plus Framework as a guide. This research shall seek to identify programs that fit the 4 models of apprenticeship (registered, non-registered, youth, and pre-apprenticeship); 

(2) identification of work-based learning programs that may have the potential to align with the Apprenticeship Plus Framework; 

(3) identification of how apprenticeship programs in this State are currently funded and what funding streams exist with potential for expanded sustainable funding of apprenticeship programs; 

(4) data on the distinct demographic trends and industry composition of various regions of this State, with an assessment of the industrial needs of each region and how apprenticeship programs may be tailored to fit those needs; 

New matter indicated by italics- deletions by strikeout
(5) identification of job fields having high participation rates among diverse communities so as to support diverse and equitable apprenticeship growth in this State; and

(6) any other relevant information or recommendations concerning apprenticeship programs and how such programs may be utilized in this State to increase economic development and opportunity.

For the purposes of this subsection (b), "Illinois Apprenticeship Plus Framework" means the Apprenticeship Plus Framework established by the Illinois Workforce Innovation Board's Apprenticeship Committee in defining high-quality apprenticeships for the State.

(c) The Department of Commerce and Economic Opportunity shall submit its report with findings and recommendations to the Governor and the General Assembly on or before June 1, 2020.

Section 15. Repeal. This Act is repealed on January 1, 2022.

Section 5. The Illinois Pension Code is amended by changing Section 6-217 as follows:

Sec. 6-217. Age stated in employment application to be conclusive.

For any fireman, as defined in this Article, who has filed an application for appointment as a member of the fire department of the city, the age therein stated shall be conclusive evidence of his age for the purposes of providing all benefits under this Article. However, for any fireman, as defined in this Article, entering service with the City of Chicago Fire Department after January 1, 2020, the actual birthdate as provided in the fireman's birth certificate shall be conclusive evidence of the fireman's age for the purposes of this Article.

Sec. 2-107. Notary public remittance agent.
(a) Every company, corporation, association, organization, or person that remits notary public applications to the Secretary of State on behalf of applicants for appointment and commission as a notary public, for compensation or otherwise, shall comply with standards to qualify for licensure as a notary public remittance agent.

AN ACT concerning persons with disabilities.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 1. Short title. This Act may be cited as the Customized
Employment for Individuals with Disabilities Act.
Section 5. Purpose. The purpose of this Act is to assist individuals
with intellectual or developmental disabilities or similar conditions
resulting in a most significant disability who seek employment and require
more individualized assistance to achieve and maintain integrated
employment at competitive wages through a process of customized
planning and negotiation.
Section 10. Customized Employment Pilot Program. The
Department of Human Services, through its Division of Rehabilitation
Services and in collaboration with the Division of Developmental
Disabilities, shall establish a 5-year Customized Employment Pilot
Program that serves a minimum of 25 individuals by the second year of the
Pilot Program. The Pilot Program shall include the following components:
(1) An intensive discovery phase during which the unique
needs, abilities, and interests of the individual will be explored by
the individual at his or her direction with assistance from family,
friends, colleagues, advocates, community-based service agencies, and others as determined by the individual.

(2) A customized person-centered planning process based upon information gathered during the discovery phase that involves capturing, organizing, and presenting the information in a blueprint for the job search.

(3) An employer negotiation process in which job duties and employee expectations are negotiated to align the skills and interests of the individual with the needs of an employer. The negotiation process may result in agreement on options such as (i) carving out a job for the individual, (ii) creating a new job description, (iii) creating a new job, (iv) job-sharing, and (v) agreeing on job supports, transportation needs, assistive technology, work hours, location, or supervision needs.

(4) A flexible timeline for a comprehensive discovery, planning, and job placement process to accommodate the unique needs of the individual.

The Customized Employment Pilot Program shall be implemented through an individualized plan for employment developed by the individual with a disability and the vocational rehabilitation counselor employed by the Division of Rehabilitation Services. The individual with a disability may choose to have a personal representative participate in the development of the individualized plan for employment.

Section 15. Selection of participants. Individuals shall be identified and referred to the Department to participate in the Pilot Program by community-based agencies serving persons with intellectual or developmental disabilities. A team of individuals identified during the discovery phase shall be created to work with the individual during the process. The team shall include at least one qualified staff person as described in Section 25. Selection preference shall be given to individuals who are currently working in a sheltered workshop setting for a subminimum wage and individuals for whom it is likely that their current employment options will be limited to working in a sheltered workshop for a subminimum wage.

Section 20. Diversity. Participants in the Pilot Program shall reflect the geographical, racial, ethnic, gender, and income-level diversity of the State.

Section 30. Data collection and reporting. The Department shall collect data regarding the successes and challenges of the Pilot Program and shall submit an annual report to the Governor and the General Assembly on March 1st of each year beginning in 2021 until the Pilot Program terminates. The reports shall: (i) make a recommendation as to whether the Pilot Program should continue or become a statewide program; (ii) provide cost estimates, including the average per person costs; and (iii) recommend ways in which the Pilot Program can be improved to better serve the needs of individuals with disabilities and employers.

(30 ILCS 500/30-30)
Sec. 30-30. Design-bid-build construction.
(a) The provisions of this subsection are operative through December 31, 2020.

For building construction contracts in excess of $250,000, separate specifications may be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

(3) ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;
(4) electric wiring; and
(5) general contract work.

The specifications may be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof may be awarded the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the

prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract.

Beginning on the effective date of this amendatory Act of the 101st General Assembly and through December 31, 2020, for single prime projects: (i) the bid of the successful low bidder shall identify the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section; (ii) the contract entered into with the successful bidder shall provide that no identified subcontractor may be terminated without the written consent of the Capital Development Board; (iii) the contract shall comply with the disadvantaged business practices of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and the equal employment practices of Section 2-105 of the Illinois Human Rights Act; (iv) the Capital Development Board shall submit a quarterly report to the Procurement Policy Board with information on the general scope, project budget, and established Business Enterprise Program goals for any single prime procurement bid in the previous 3 months with a total construction cost valued at $10,000,000 or less; and (iv) the Capital Development Board shall submit an annual report to the General Assembly and Governor on the bidding, award, and performance of all single prime projects.

For building construction projects with a total construction cost valued at $5,000,000 or less, the Capital Development Board shall not use the single prime procurement delivery method for more than 50% of the total number of projects bid for each fiscal year. Any project with a total construction cost valued greater than $5,000,000 may be bid using single prime at the discretion of the Executive Director of the Capital Development Board.

Beginning on the effective date of this amendatory Act of the 99th General Assembly and through December 31, 2017, the Capital Development Board shall, on a weekly basis: review the projects that have been designed, and approved to bid; and, for every fifth determination to use the single prime procurement delivery method for a project under $10,000,000, submit to the Procurement Policy Board a written notice of its intent to use the single prime method on the project. The notice shall include the reasons for using the single prime method and an explanation of why the use of that method is in the best interest of the State. The Capital Development Board shall post the notice on its online procurement webpage and on the online Procurement Bulletin at least 3 business days prior to the bid opening.

following submission. The Procurement Policy Board shall review and provide its decision on the use of the single prime method for every fifth use of the single prime procurement delivery method for a project under $10,000,000 within 7 business days of receipt of the notice from the Capital Development Board. Approval by the Procurement Policy Board shall not be unreasonably withheld and shall be provided unless the Procurement Policy Board finds that the use of the single prime method is not in the best interest of the State. Any decision by the Procurement Policy Board to disapprove the use of the single prime method shall be made in writing to the Capital Development Board, posted on the online Procurement Bulletin, and shall state the reasons why the single prime method was disapproved and why it is not in the best interest of the State.

(b) The provisions of this subsection are operative on and after January 1, 2021. For building construction contracts in excess of $250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

(1) plumbing;

The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract.

Section 99. Effective date. This Act takes effect December 15, 2019.
AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 22-33 as follows:

(105 ILCS 5/22-33)
Sec. 22-33. Medical cannabis.
(a) This Section may be referred to as Ashley's Law.
(a-5) In this Section:
"Designated caregiver", "medical cannabis infused product", "qualifying patient", and "registered" have the meanings given to those terms under Section 10 of the Compassionate Use of Medical Cannabis Pilot Program Act.
"Self-administration" means a student's discretionary use of his or her medical cannabis infused product.

(b) Subject to the restrictions under subsections (c) through (g) of this Section, a school district, public school, charter school, or nonpublic school shall authorize a parent or guardian or any other individual registered with the Department of Public Health as a designated caregiver of a student who is a registered qualifying patient to administer a medical cannabis infused product to the student on the premises of the child's school or on the child's school bus if both the student (as a registered qualifying patient) and the parent or guardian or other individual (as a registered designated caregiver) have been issued registry identification cards under the Compassionate Use of Medical Cannabis Pilot Program Act. After administering the product, the parent or guardian or other individual shall remove the product from the school premises or the school bus.

(b-5) Notwithstanding subsection (b) and subject to the restrictions under subsections (c) through (g), a school district, public school, charter school, or nonpublic school must allow a school nurse or school administrator to administer a medical cannabis infused product to a

New matter indicated by italics- deletions by strikeout
student who is a registered qualifying patient (i) while on school premises, (ii) while at a school-sponsored activity, or (iii) before or after normal school activities, including while the student is in before-school or after-school care on school-operated property or while the student is being transported on a school bus. A school district, public school, charter school, or nonpublic school may authorize the self-administration of a medical cannabis infused product by a student who is a registered qualifying patient if the self-administration takes place under the direct supervision of a school nurse or school administrator.

Before allowing the administration of a medical cannabis infused product by a school nurse or school administrator or a student's self-administration of a medical cannabis infused product under the supervision of a school nurse or school administrator under this subsection, the parent or guardian of a student who is the registered qualifying patient must provide written authorization for its use, along with a copy of the registry identification card of the student (as a registered qualifying patient) and the parent or guardian (as a registered designated caregiver). The written authorization must specify the times where or the special circumstances under which the medical cannabis infused product must be administered. The written authorization and a copy of the registry identification cards must be kept on file in the office of the school nurse. The authorization for a student to self-administer medical cannabis infused products is effective for the school year in which it is granted and must be renewed each subsequent school year upon fulfillment of the requirements of this Section.

(b-10) Medical cannabis infused products that are to be administered under subsection (b-5) must be stored with the school nurse at all times in a manner consistent with storage of other student medication at the school and may be accessible only by the school nurse or a school administrator.

(c) A parent or guardian or other individual may not administer a medical cannabis infused product under this Section in a manner that, in the opinion of the school district or school, would create a disruption to the school's educational environment or would cause exposure of the product to other students.

(d) A school district or school may not discipline a student who is administered a medical cannabis infused product by a parent or guardian or other individual under this Section or who self-administers a medical cannabis infused product under the supervision of a school nurse or
school administrator under this Section and may not deny the student's eligibility to attend school solely because the student requires the administration of the product.

(e) Nothing in this Section requires a member of a school's staff to administer a medical cannabis infused product to a student.

(f) A school district, public school, charter school, or nonpublic school may not authorize the use of a medical cannabis infused product under this Section if the school district or school would lose federal funding as a result of the authorization.

(f-5) The State Board of Education, in consultation with the Department of Public Health, must develop a training curriculum for school nurses and school administrators on the administration of medical cannabis infused products. Prior to the administration of a medical cannabis infused product under subsection (b-5), a school nurse or school administrator must annually complete the training curriculum developed under this subsection and must submit to the school's administration proof of its completion. A school district, public school, charter school, or nonpublic school must maintain records related to the training curriculum and of the school nurses or school administrators who have completed the training.

(g) A school district, public school, charter school, or nonpublic school shall adopt a policy to implement this Section.

Section 10. The Compassionate Use of Medical Cannabis Pilot Program Act is amended by changing Section 25 as follows:

(410 ILCS 130/25)

Sec. 25. Immunities and presumptions related to the medical use of cannabis.

(a) A registered qualifying patient is not subject to arrest, prosecution, or denial of any right or privilege, including but not limited to civil penalty or disciplinary action by an occupational or professional licensing board, for the medical use of cannabis in accordance with this Act, if the registered qualifying patient possesses an amount of cannabis that does not exceed an adequate supply as defined in subsection (a) of Section 10 of this Act of usable cannabis and, where the registered qualifying patient is a licensed professional, the use of cannabis does not impair that licensed professional when he or she is engaged in the practice of the profession for which he or she is licensed.

(b) A registered designated caregiver is not subject to arrest, prosecution, or denial of any right or privilege, including but not limited to civil penalty or disciplinary action by an occupational or professional licensing board, for acting in accordance with this Act to assist a registered qualifying patient to whom he or she is connected through the Department's registration process with the medical use of cannabis if the designated caregiver possesses an amount of cannabis that does not exceed an adequate supply as defined in subsection (a) of Section 10 of this Act of usable cannabis. A school nurse or school administrator is not subject to arrest, prosecution, or denial of any right or privilege, including, but not limited to, a civil penalty, for acting in accordance with Section 22-33 of the School Code relating to administering or assisting a student in self-administering a medical cannabis infused product. The total amount possessed between the qualifying patient and caregiver shall not exceed the patient's adequate supply as defined in subsection (a) of Section 10 of this Act.

(c) A registered qualifying patient or registered designated caregiver is not subject to arrest, prosecution, or denial of any right or privilege, including but not limited to civil penalty or disciplinary action by an occupational or professional licensing board for possession of cannabis that is incidental to medical use, but is not usable cannabis as defined in this Act.

(d)(1) There is a rebuttable presumption that a registered qualifying patient is engaged in, or a designated caregiver is assisting with, the medical use of cannabis in accordance with this Act if the qualifying patient or designated caregiver:

(A) is in possession of a valid registry identification card; and

(B) is in possession of an amount of cannabis that does not exceed the amount allowed under subsection (a) of Section 10.

(2) The presumption may be rebutted by evidence that conduct related to cannabis was not for the purpose of treating or alleviating the qualifying patient's debilitating medical condition or symptoms associated with the debilitating medical condition in compliance with this Act.

Appropriate documentation, as determined by the Secretary, shall accompany each application. Authorized organizations shall be designated by amendment to this Section. When applying for a Universal special license plate the applicant shall inform the Secretary of the name of the authorized organization from which the applicant will obtain a decal to place on the plate. The Secretary shall make a record of that organization and that organization shall remain affiliated with that plate until the plate is surrendered, revoked, or otherwise cancelled. The authorized organization may charge a fee to offset the cost of producing and distributing the decal, but that fee shall be retained by the authorized organization and shall be separate and distinct from any registration fees charged by the Secretary. No decal, sticker, or other material may be affixed to a Universal special license plate other than a decal authorized by

The Secretary of State must make a version of the special registration plates authorized under this Section in a form appropriate for motorcycles and autocycles.

(c) When authorizing a Universal special license plate, the General Assembly shall set forth whether an additional fee is to be charged for the plate and, if a fee is to be charged, the amount of the fee and how the fee is to be distributed. When necessary, the authorizing language shall create a special fund in the State treasury into which fees may be deposited for an authorized Universal special license plate. Additional fees may only be charged if the fee is to be paid over to a State agency or to a charitable entity that is in compliance with the registration and reporting requirements of the Charitable Trust Act and the Solicitation for Charity Act. Any charitable entity receiving fees for the sale of Universal special license plates shall annually provide the Secretary of State a letter of compliance issued by the Attorney General verifying that the entity is in compliance with the Charitable Trust Act and the Solicitation for Charity Act.

(d) Upon original issuance and for each registration renewal period, in addition to the appropriate registration fee, if applicable, the Secretary shall collect any additional fees, if required, for issuance of Universal special license plates. (a) On June 26, 2018, the Sexual Assault Evidence Tracking and Reporting Commission issued its report as required under Section 43. It is the intention of the General Assembly in enacting the provisions of this amendatory Act of the 101st General Assembly to implement the recommendations of the Sexual Assault Evidence Tracking and Reporting Commission set forth in that report in a manner that utilizes the current resources of law enforcement agencies whenever possible and that is adaptable to changing technologies and circumstances.

(a-1) Due to the complex nature of a statewide tracking system for sexual assault evidence and to ensure all stakeholders, including, but not limited to, victims and their designees, health care facilities, law enforcement agencies, forensic labs, and State's Attorneys offices are integrated, the Commission recommended the purchase of an electronic off-the-shelf tracking system. The system must be able to communicate with all stakeholders and provide real-time information to a victim or his or her designee on the status of the evidence that was collected. The sexual assault evidence tracking system must:

(1) be electronic and web-based;
(2) be administered by the Department of State Police;
(3) have help desk availability at all times;
(4) ensure the law enforcement agency contact information is accessible to the victim or his or her designee through the tracking system, so there is contact information for questions;

New matter indicated by italics- deletions by strikeout
(5) have the option for external connectivity to evidence management systems, laboratory information management systems, or other electronic data systems already in existence by any of the stakeholders to minimize additional burdens or tasks on stakeholders;

(6) allow for the victim to opt in for automatic notifications when status updates are entered in the system, if the system allows;

(7) include at each step in the process, a brief explanation of the general purpose of that step and a general indication of how long the step may take to complete;

(8) contain minimum fields for tracking and reporting, as follows:

(A) for sexual assault evidence kit vendor fields:
   (i) each sexual evidence kit identification number provided to each health care facility; and
   (ii) the date the sexual evidence kit was sent to the health care facility.

(B) for health care facility fields:
   (i) the date sexual assault evidence was collected; and
   (ii) the date notification was made to the law enforcement agency that the sexual assault evidence was collected.

(C) for law enforcement agency fields:
   (i) the date the law enforcement agency took possession of the sexual assault evidence from the health care facility, another law enforcement agency, or victim if he or she did not go through a health care facility;
   (ii) the law enforcement agency complaint number;
   (iii) if the law enforcement agency that takes possession of the sexual assault evidence from a health care facility is not the law enforcement agency with jurisdiction in which the offense occurred, the date when the law enforcement agency notified the law enforcement agency having jurisdiction that the agency has sexual assault evidence.
evidence required under subsection (c) of Section 20 of the Sexual Assault Incident Procedure Act;

(iv) an indication if the victim consented for analysis of the sexual assault evidence;

(v) if the victim did not consent for analysis of the sexual assault evidence, the date on which the law enforcement agency is no longer required to store the sexual assault evidence;

(vi) a mechanism for the law enforcement agency to document why the sexual assault evidence was not submitted to the laboratory for analysis, if applicable;

(vii) the date the law enforcement agency received the sexual assault evidence results back from the laboratory;

(viii) the date statutory notifications were made to the victim or documentation of why notification was not made; and

(ix) the date the law enforcement agency turned over the case information to the State's Attorney office, if applicable.

(D) for forensic lab fields:

(i) the date the sexual assault evidence is received from the law enforcement agency by the forensic lab for analysis;

(ii) the laboratory case number, visible to the law enforcement agency and State's Attorney office; and

(iii) the date the laboratory completes the analysis of the sexual assault evidence.

(E) for State's Attorney office fields:

(i) the date the State's Attorney office received the sexual assault evidence results from the laboratory, if applicable; and

(ii) the disposition or status of the case.

(a-2) The Commission also developed guidelines for secure electronic access to a tracking system for a victim, or his or her designee to access information on the status of the evidence collected. The Commission recommended minimum guidelines in order to safeguard

confidentiality of the information contained within this statewide tracking system. These recommendations are that the sexual assault evidence tracking system must:

1. allow for secure access, controlled by an administering body who can restrict user access and allow different permissions based on the need of that particular user and health care facility users may include out-of-state border hospitals, if authorized by the Department of State Police to obtain this State's kits from vendor;

2. provide for users, other than victims, the ability to provide for any individual who is granted access to the program their own unique user ID and password;

3. provide for a mechanism for a victim to enter the system and only access his or her own information;

4. enable a sexual assault evidence to be tracked and identified through the unique sexual assault evidence kit identification number or barcode that the vendor applies to each sexual assault evidence kit per the Department of State Police's contract;

5. have a mechanism to inventory unused kits provided to a health care facility from the vendor;

6. provide users the option to either scan the bar code or manually enter the sexual assault evidence kit number into the tracking program;

7. provide a mechanism to create a separate unique identification number for cases in which a sexual evidence kit was not collected, but other evidence was collected;

8. provide the ability to record date, time, and user ID whenever any user accesses the system;

9. provide for real-time entry and update of data;

10. contain report functions including:

    A) health care facility compliance with applicable laws;

    B) law enforcement agency compliance with applicable laws;

    C) law enforcement agency annual inventory of cases to each State's Attorney office; and

    D) forensic lab compliance with applicable laws;

New matter indicated by italics- deletions by strikeout
(11) provide automatic notifications to the law enforcement agency when:

(A) a health care facility has collected sexual assault evidence;

(B) unreleased sexual assault evidence that is being stored by the law enforcement agency has met the minimum storage requirement by law; and

(C) timelines as required by law are not met for a particular case, if not otherwise documented.

(b) The Department shall develop rules to implement a sexual assault evidence tracking system that conforms with subsections (a-1) and (a-2) of this Section. The Department shall design the criteria for the sexual assault evidence tracking system so that, to the extent reasonably possible, the system can use existing technologies and products, including, but not limited to, currently available tracking systems. The sexual assault evidence tracking system shall be operational and shall begin tracking and reporting sexual assault evidence no later than one year after the effective date of this amendatory Act of the 101st General Assembly. The Department may adopt additional rules as it deems necessary to ensure that the sexual assault evidence tracking system continues to be a useful tool for law enforcement.

(c) A treatment hospital, a treatment hospital with approved pediatric transfer, an out-of-state hospital approved by the Department of Public Health to receive transfers of Illinois sexual assault survivors, or an approved pediatric health care facility defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act shall participate in the sexual assault evidence tracking system created under this Section and in accordance with rules adopted under subsection (b), including, but not limited to, the collection of sexual assault evidence and providing information regarding that evidence, including, but not limited to, providing notice to law enforcement that the evidence has been collected.

(d) The operations of the sexual assault evidence tracking system shall be funded by moneys appropriated for that purpose from the State Crime Laboratory Fund and funds provided to the Department through asset forfeiture, together with such other funds as the General Assembly may appropriate.

(e) To ensure that the sexual assault evidence tracking system is operational, the Department may adopt emergency rules to implement the
provisions of this Section under subsection (ff) of Section 5-45 of the Illinois Administrative Procedure Act.

(f) Information, including, but not limited to, evidence and records in the sexual assault evidence tracking system is exempt from disclosure under the Freedom of Information Act.

Section 25. The Unified Code of Corrections is amended by changing Section 5-9-1.4 as follows:

(a) "Crime laboratory" means any not-for-profit laboratory registered with the Drug Enforcement Administration of the United States Department of Justice, substantially funded by a unit or combination of units of local government or the State of Illinois, which regularly employs at least one person engaged in the analysis of controlled substances, cannabis, methamphetamine, or steroids for criminal justice agencies in criminal matters and provides testimony with respect to such examinations.

(b) When a person has been adjudged guilty of an offense in violation of the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Steroid Control Act, in addition to any other disposition, penalty or fine imposed, a criminal laboratory analysis fee of $100 for each offense for which he was convicted shall be levied by the court. Any person placed on probation pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, or Section 10 of the Steroid Control Act or placed on supervision for a violation of the Cannabis Control Act, the Illinois Controlled Substances Act or the Steroid Control Act shall be assessed a criminal laboratory analysis fee of $100 for each offense for which he was charged. Upon verified petition of the person, the court may suspend payment of all or part of the fee if it finds that the person does not have the ability to pay the fee.

(c) In addition to any other disposition made pursuant to the provisions of the Juvenile Court Act of 1987, any minor adjudicated delinquent for an offense which if committed by an adult would constitute a violation of the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Steroid Control Act shall be assessed a criminal laboratory analysis fee of $100 for each adjudication. Upon verified petition of the minor, the court
may suspend payment of all or part of the fee if it finds that the minor does not have the ability to pay the fee. The parent, guardian or legal custodian of the minor may pay some or all of such fee on the minor's behalf.

(e) Crime laboratory funds shall be established as follows:

(1) Any unit of local government which maintains a crime laboratory may establish a crime laboratory fund within the office of the county or municipal treasurer.

(2) Any combination of units of local government which maintains a crime laboratory may establish a crime laboratory fund within the office of the treasurer of the county where the crime laboratory is situated.

(3) The State Crime Laboratory Fund is hereby created as a special fund in the State Treasury.

(f) The analysis fee provided for in subsections (b) and (c) of this Section shall be forwarded to the office of the treasurer of the unit of local government that performed the analysis if that unit of local government has established a crime laboratory fund, or to the State Crime Laboratory Fund if the analysis was performed by a laboratory operated by the Illinois State Police. If the analysis was performed by a crime laboratory funded by a combination of units of local government, the analysis fee shall be forwarded to the treasurer of the county where the crime laboratory is situated if a crime laboratory fund has been established in that county. If the unit of local government or combination of units of local government has not established a crime laboratory fund, then the analysis fee shall be forwarded to the State Crime Laboratory Fund. The clerk of the circuit court may retain the amount of $10 from each collected analysis fee to offset administrative costs incurred in carrying out the clerk's responsibilities under this Section.

(g) Fees deposited into a crime laboratory fund created pursuant to paragraphs (1) or (2) of subsection (e) of this Section shall be in addition to any allocations made pursuant to existing law and shall be designated for the exclusive use of the crime laboratory. These uses may include, but are not limited to, the following:

(h) Fees deposited in the State Crime Laboratory Fund created pursuant to paragraph (3) of subsection (d) of this Section shall be used by State crime laboratories as designated by the Director of State Police. These funds shall be in addition to any allocations made pursuant to existing law and shall be designated for the exclusive use of State crime laboratories or for the sexual assault evidence tracking system created under Section 50 of the Sexual Assault Evidence Submission Act. These uses may include those enumerated in subsection (g) of this Section.

(a) When, upon application of the county collector, the owner of the certificate of purchase, or a municipality which owns or has owned the property ordered sold, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:

(8) the owner of the property is a reservist or guardsperson who is granted an extension of his or her due date under Sections 21-15, 21-20, and 21-25 of this Act.

(b) When, upon application of the owner of the certificate of purchase only, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:

(1) A voluntary or involuntary petition under the provisions of 11 U.S.C. Chapter 7, 11, 12, or 13 has been filed subsequent to the tax sale and prior to the issuance of the tax deed.

(2) The improvements upon the property sold have been substantially destroyed or rendered uninhabitable or otherwise unfit for occupancy subsequent to the tax sale and prior to the issuance of the tax deed; however, if the court declares a sale in error under this paragraph (2), the court may order the holder of the certificate of purchase to assign the certificate to the county collector if requested by the county collector. The county collector may, upon request of the county, as trustee, or upon request of a taxing district having an interest in the taxes sold, further assign any certificate of purchase received pursuant to this paragraph (2) to the county acting as trustee for taxing districts pursuant to Section 21-90 of this Code or to the taxing district having an interest in the taxes sold.

(4) The real property contains a hazardous substance, hazardous waste, or underground storage tank that would require cleanup or other removal under any federal, State, or local law, ordinance, or regulation, only if the tax purchaser purchased the property without actual knowledge of the hazardous substance, hazardous waste, or underground storage tank. received pursuant to this paragraph (4) to the county acting as trustee for taxing districts pursuant to Section 21-90 of this Code or to the taxing district having an interest in the taxes sold.

Whenever a court declares a sale in error under this subsection (b), the court shall promptly notify the county collector in writing. Every such declaration pursuant to any provision of this subsection (b) shall be made within the proceeding in which the tax sale was authorized.

(c) When the county collector discovers, prior to the expiration of the period of redemption, that a tax sale should not have occurred for one or more of the reasons set forth in subdivision (a)(1), (a)(2), (a)(6), or (a)(7) of this Section, the county collector shall notify the last known owner of the certificate of purchase by certified and regular mail, or other means reasonably calculated to provide actual notice, that the county collector intends to declare an administrative sale in error and of the reasons therefore, including documentation sufficient to establish the reason why the sale should not have occurred. The owner of the certificate of purchase may object in writing within 28 days after the date of the mailing by the county collector. If an objection is filed, the county collector shall not administratively declare a sale in error, but may apply to the circuit court for a sale in error as provided in subsection (a) of this Section. Thirty days following the receipt of notice by the last known owner of the certificate of purchase, or within a reasonable time thereafter, the county collector shall make a written declaration, based upon clear and convincing evidence, that the taxes were sold in error and shall deliver a copy thereof to the county clerk within 30 days after the date the declaration is made for entry in the tax judgment, sale, redemption, and forfeiture record pursuant to subsection (d) of this Section. The county collector shall promptly notify the last known owner of the certificate of purchase of the declaration by regular mail and shall promptly pay the amount of the tax sale, together with interest and costs as provided in Section 21-315, upon surrender of the original certificate of purchase.

(d) If a sale is declared to be a sale in error, the county clerk shall make entry in the tax judgment, sale, redemption and forfeiture record, that the property was erroneously sold, and the county collector shall, on demand of the owner of the certificate of purchase, refund the amount paid, pay any interest and costs as may be ordered under Sections 21-315 through 21-335, and cancel the certificate so far as it relates to the property. The county collector shall deduct from the accounts of the appropriate taxing bodies their pro rata amounts paid. Alternatively, for

sales in error declared under subsection (b)(2) or (b)(4), the county collector may request the circuit court to direct the county clerk to record any assignment of the tax certificate to or from the county collector without charging a fee for the assignment. The owner of the certificate of purchase shall receive all statutory refunds and payments. The county collector shall deduct costs and payments in the same manner as if a sale in error had occurred.

a right of reimbursement from the proceeds of any recovery under this Section.

The liability for the assessed penalty shall be against the named employer first, and if the named employer fails or refuses to pay the penalty to the Commission within 30 days after the final order of the Commission, then the named corporate officers, directors, partners, or members who have been found to have knowingly and willfully refused or failed to comply with this Section shall be liable for the unpaid penalty or any unpaid portion of the penalty. Upon investigation by the insurance non-compliance unit of the Commission, the Attorney General shall have the authority to prosecute all proceedings to enforce the civil and administrative provisions of this Section before the Commission. The Commission shall promulgate procedural rules for enforcing this Section.

Upon the failure or refusal of any employer, service or adjustment company or insurance carrier to comply with the provisions of this Section and with the orders of the Commission under this Section, or the order of the court on review after final adjudication, the Commission may bring a civil action to recover the amount of the penalty in Cook County or in Sangamon County in which litigation the Commission shall be represented by the Attorney General. The Commission shall send notice of its finding of non-compliance and assessment of the civil penalty to the Attorney General. It shall be the duty of the Attorney General within 30 days after receipt of the notice, to institute prosecutions and promptly prosecute all reported violations of this Section.

accruing thereon shall be added thereto every 6 months. The Injured Workers' Benefit Fund is subject to audit the same as State funds and accounts and is protected by the general bond given by the State Treasurer. The Injured Workers' Benefit Fund is considered always appropriated for the purposes of disbursements as provided in this paragraph, and shall be paid out and disbursed as herein provided and shall not at any time be appropriated or diverted to any other use or purpose. Moneys in the Injured Workers' Benefit Fund shall be used only for payment of workers' compensation benefits for injured employees when the employer has failed to provide coverage as determined under this paragraph (d) and has failed to pay the benefits due to the injured employee. The Commission shall have the right to obtain reimbursement from the employer for compensation obligations paid by the Injured Workers' Benefit Fund. Any such amounts obtained shall be deposited by the Commission into the Injured Workers' Benefit Fund. If an injured employee or his or her personal representative receives payment from the Injured Workers' Benefit Fund, the State of Illinois has the same rights under paragraph (b) of Section 5 that the employer who failed to pay the benefits due to the injured employee would have had if the employer had paid those benefits, and any moneys recovered by the State as a result of the State's exercise of its rights under paragraph (b) of Section 5 shall be deposited into the Injured Workers' Benefit Fund. At the time of disbursement, if there are insufficient moneys in the Fund to pay all claims, each eligible claimant shall receive a pro-rata share, as determined by the Commission, of the available moneys in the Fund for that year. Payment from the Injured Workers' Benefit Fund to an eligible claimant pursuant to this provision shall discharge the obligations of the Injured Workers' Benefit Fund regarding the award entered by the Commission.

(e) This Act shall not affect or disturb the continuance of any existing insurance, mutual aid, benefit, or relief association or department,
whether maintained in whole or in part by the employer or whether maintained by the employees, the payment of benefits of such association or department being guaranteed by the employer or by some person, firm or corporation for him or her: Provided, the employer contributes to such association or department an amount not less than the full compensation herein provided, exclusive of the cost of the maintenance of such association or department and without any expense to the employee. This Act shall not prevent the organization and maintaining under the insurance laws of this State of any benefit or insurance company for the purpose of insuring against the compensation provided for in this Act, the expense of which is maintained by the employer. This Act shall not prevent the organization or maintaining under the insurance laws of this State of any voluntary mutual aid, benefit or relief association among employees for the payment of additional accident or sick benefits.

(f) No existing insurance, mutual aid, benefit or relief association or department shall, by reason of anything herein contained, be authorized to discontinue its operation without first discharging its obligations to any and all persons carrying insurance in the same or entitled to relief or benefits therein.

(g) Any contract, oral, written or implied, of employment providing for relief benefit, or insurance or any other device whereby the employee is required to pay any premium or premiums for insurance against the compensation provided for in this Act shall be null and void. Any employer withholding from the wages of any employee any amount for the purpose of paying any such premium shall be guilty of a Class B misdemeanor.

In the event the employer does not pay the compensation for which he or she is liable, then an insurance company, association or insurer which may have insured such employer against such liability shall become primarily liable to pay to the employee, his or her personal representative or beneficiary the compensation required by the provisions of this Act to be paid by such employer. The insurance carrier may be made a party to the proceedings in which the employer is a party and an award may be entered jointly against the employer and the insurance carrier.

(h) It shall be unlawful for any employer, insurance company or service or adjustment company to interfere with, restrain or coerce an employee in any manner whatsoever in the exercise of the rights or remedies granted to him or her by this Act or to discriminate, attempt to discriminate, or threaten to discriminate against an employee in any way.
because of his or her exercise of the rights or remedies granted to him or her by this Act.

It shall be unlawful for any employer, individually or through any insurance company or service or adjustment company, to discharge or to threaten to discharge, or to refuse to rehire or recall to active service in a suitable capacity an employee because of the exercise of his or her rights or remedies granted to him or her by this Act.

(i) If an employer elects to obtain a life insurance policy on his employees, he may also elect to apply such benefits in satisfaction of all or a portion of the death benefits payable under this Act, in which case, the employer's compensation premium shall be reduced accordingly.

The Chairman shall also promptly notify the employer of his decision within 15 days of receipt of the recommendation of the Board.

The Illinois Workers' Compensation Commission created by this amendatory Act of 1989 shall succeed to all the rights, powers, duties, obligations, records and other property and employees of the Industrial Commission which it replaces as modified by this amendatory Act of 1989 and all applications and reports to actions and proceedings of such prior Industrial Commission shall be considered as applications and reports to actions and proceedings of the Illinois Workers’ Compensation Commission created by this amendatory Act of 1989.

Notwithstanding any other provision of this Act, in the event the Chairman shall make a finding that a member is or will be unavailable to fulfill the responsibilities of his or her office, the Chairman shall advise the Governor and the member in writing and shall designate a certified arbitrator to serve as acting Commissioner. unavailable or facts and circumstances made known to the Chairman which lead him to reasonably find that a member is unavailable to fulfill the responsibilities of his or her office. The designation of a certified arbitrator to act as a Commissioner shall be considered representative of citizens not identified with either the employing or employee classes and the arbitrator shall serve regardless of his or her political affiliation. A certified arbitrator who serves as an acting Commissioner shall have all the rights and powers of a Commissioner, including salary.

Notwithstanding any other provision of this Act, the Governor shall appoint a special panel of Commissioners comprised of 3 members who shall be chosen by the Governor, by and with the consent of the Senate, from among the current ranks of certified arbitrators. Three members shall hold office until the Commission in consultation with the Governor determines that the caseload on review has been reduced sufficiently to allow cases to proceed in a timely manner or for a term of 18 months from the effective date of their appointment by the Governor, whichever shall be earlier. The 3 members shall be considered representative of citizens not identified with either the employing or employee classes and shall serve regardless of political affiliation. Each of the 3 members shall have only such rights and powers of a Commissioner necessary to dispose of those cases assigned to the special panel. Each of the 3 members appointed to the special panel shall receive the same salary as other Commissioners for the duration of the panel.

The Commission may have an Executive Director; if so, the Executive Director shall be appointed by the Governor with the advice and consent of the Senate. The salary and duties of the Executive Director shall be fixed by the Commission.

Sec. 19. Any disputed questions of law or fact shall be determined as herein provided.

(a) It shall be the duty of the Commission upon notification that the parties have failed to reach an agreement, to designate an Arbitrator.

1. Whenever any claimant misconceives his remedy and files an application for adjustment of claim under this Act and it is subsequently discovered, at any time before final disposition of such cause, that the claim for disability or death which was the basis for such application should properly have been made under the Workers' Occupational Diseases Act, then the provisions of Section 19, paragraph (a-1) of the Workers' Occupational Diseases Act having reference to such application shall apply.

2. Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the Workers' Occupational Diseases Act and it is subsequently discovered, at any time before final disposition of such cause that the claim for injury or death which was the basis for such application should properly have been made under this Act, then the application so filed under the Workers' Occupational Diseases Act may be amended in form, substance or both to assert claim for such disability or death under this Act and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to this Act. When such amendment is submitted, further or additional evidence may be heard by the Arbitrator or Commission when deemed necessary. Nothing in this Section contained shall be construed to be or permit a waiver of any provisions of this Act with reference to notice but notice if given shall be deemed to be a notice under the provisions of this Act if given within the time required herein.

(b) The Arbitrator shall make such inquiries and investigations as he or they shall deem necessary and may examine and inspect all books, papers, records, places, or premises relating to the questions in dispute and hear such proper evidence as the parties may submit.

The hearings before the Arbitrator shall be held in the vicinity where the injury occurred after 10 days' notice of the time and place of such hearing shall have been given to each of the parties or their attorneys of record.

The Arbitrator may find that the disabling condition is temporary and has not yet reached a permanent condition and may order the payment of compensation up to the date of the hearing, which award shall be reviewable and enforceable in the same manner as other awards, and in no instance be a bar to a further hearing and determination of a further amount of temporary total compensation or of compensation for permanent disability, but shall be conclusive as to all other questions except the nature and extent of said disability.

The decision of the Arbitrator shall be filed with the Commission which Commission shall immediately send to each party or his attorney a copy of such decision, together with a notification of the time when it was filed. As of the effective date of this amendatory Act of the 94th General Assembly, all decisions of the Arbitrator shall set forth in writing findings of fact and conclusions of law, separately stated, if requested by either party. Unless a petition for review is filed by either party within 30 days after the receipt by such party of the copy of the decision and notification of time when filed, and unless such party petitioning for a review shall within 35 days after the receipt by him of the copy of the decision, file with the Commission either an agreed statement of the facts appearing upon the hearing before the Arbitrator, or if such party shall so elect a correct transcript of evidence of the proceedings at such hearings, then the decision shall become the decision of the Commission and in the absence of fraud shall be conclusive. The Petition for Review shall contain a statement of the petitioning party's specific exceptions to the decision of the arbitrator. The jurisdiction of the Commission to review the decision of the arbitrator shall not be limited to the exceptions stated in the Petition for Review. The Commission, or any member thereof, may grant further time not exceeding 30 days, in which to file such agreed statement or transcript of evidence. Such agreed statement of facts or correct transcript of evidence, as the case may be, shall be authenticated by the signatures of the parties or their attorneys, and in the event they do not agree as to the

New matter indicated by italics- deletions by strikeout
correctness of the transcript of evidence it shall be authenticated by the
signature of the Arbitrator designated by the Commission.

Whether the employee is working or not, if the employee is not
receiving or has not received medical, surgical, or hospital services or
other services or compensation as provided in paragraph (a) of Section 8,
or compensation as provided in paragraph (b) of Section 8, the employee
may at any time petition for an expedited hearing by an Arbitrator on the
issue of whether or not he or she is entitled to receive payment of the
services or compensation. Provided the employer continues to pay
compensation pursuant to paragraph (b) of Section 8, the employer may at
any time petition for an expedited hearing on the issue of whether or not
the employee is entitled to receive medical, surgical, or hospital services or
other services or compensation as provided in paragraph (a) of Section 8,
or compensation as provided in paragraph (b) of Section 8. When an
employer has petitioned for an expedited hearing, the employer shall
continue to pay compensation as provided in paragraph (b) of Section 8
unless the arbitrator renders a decision that the employee is not entitled to
the benefits that are the subject of the expedited hearing or unless the
employee's treating physician has released the employee to return to work
at his or her regular job with the employer or the employee actually returns
to work at any other job. If the arbitrator renders a decision that the
employee is not entitled to the benefits that are the subject of the expedited
hearing, a petition for review filed by the employee shall receive the same
priority as if the employee had filed a petition for an expedited hearing by
an Arbitrator. Neither party shall be entitled to an expedited hearing when
the employee has returned to work and the sole issue in dispute amounts to
less than 12 weeks of unpaid compensation pursuant to paragraph (b) of
Section 8.

Expedited hearings shall have priority over all other petitions and
shall be heard by the Arbitrator and Commission with all convenient
speed. Any party requesting an expedited hearing shall give notice of a
request for an expedited hearing under this paragraph. A copy of the
Application for Adjustment of Claim shall be attached to the notice. The
Commission shall adopt rules and procedures under which the final
decision of the Commission under this paragraph is filed not later than 180
days from the date that the Petition for Review is filed with the
Commission.

Where 2 or more insurance carriers, private self-insureds, or a
group workers' compensation pool under Article V 3/4 of the Illinois
Insurance Code dispute coverage for the same injury, any such insurance carrier, private self-insured, or group workers' compensation pool may request an expedited hearing pursuant to this paragraph to determine the issue of coverage, provided coverage is the only issue in dispute and all other issues are stipulated and agreed to and further provided that all compensation benefits including medical benefits pursuant to Section 8(a) continue to be paid to or on behalf of petitioner. Any insurance carrier, private self-insured, or group workers' compensation pool that is determined to be liable for coverage for the injury in issue shall reimburse any insurance carrier, private self-insured, or group workers' compensation pool that has paid benefits to or on behalf of petitioner for the injury.

(b-1) If the employee is not receiving medical, surgical or hospital services as provided in paragraph (a) of Section 8 or compensation as provided in paragraph (b) of Section 8, the employee, in accordance with Commission Rules, may file a petition for an emergency hearing by an Arbitrator on the issue of whether or not he is entitled to receive payment of such compensation or services as provided therein. Such petition shall have priority over all other petitions and shall be heard by the Arbitrator and Commission with all convenient speed.

Such petition shall contain the following information and shall be served on the employer at least 15 days before it is filed:

(i) the date and approximate time of accident;
(ii) the approximate location of the accident;
(iii) a description of the accident;
(iv) the nature of the injury incurred by the employee;
(v) the identity of the person, if known, to whom the accident was reported and the date on which it was reported;
(vi) the name and title of the person, if known, representing the employer with whom the employee conferred in any effort to obtain compensation pursuant to paragraph (b) of Section 8 of this Act or medical, surgical or hospital services pursuant to paragraph (a) of Section 8 of this Act and the date of such conference;
(vii) a statement that the employer has refused to pay compensation pursuant to paragraph (b) of Section 8 of this Act or for medical, surgical or hospital services pursuant to paragraph (a) of Section 8 of this Act;
(viii) the name and address, if known, of each witness to the accident and of each other person upon whom the employee will rely to support his allegations;

New matter indicated by italics- deletions by strikeout
(ix) the dates of treatment related to the accident by medical practitioners, and the names and addresses of such practitioners, including the dates of treatment related to the accident at any hospitals and the names and addresses of such hospitals, and a signed authorization permitting the employer to examine all medical records of all practitioners and hospitals named pursuant to this paragraph;

(x) a copy of a signed report by a medical practitioner, relating to the employee's current inability to return to work because of the injuries incurred as a result of the accident or such other documents or affidavits which show that the employee is entitled to receive compensation pursuant to paragraph (b) of Section 8 of this Act or medical, surgical or hospital services pursuant to paragraph (a) of Section 8 of this Act. Such reports, documents or affidavits shall state, if possible, the history of the accident given by the employee, and describe the injury and medical diagnosis, the medical services for such injury which the employee has received and is receiving, the physical activities which the employee cannot currently perform as a result of any impairment or disability due to such injury, and the prognosis for recovery;

(xi) complete copies of any reports, records, documents and affidavits in the possession of the employee on which the employee will rely to support his allegations, provided that the employer shall pay the reasonable cost of reproduction thereof;

(xii) a list of any reports, records, documents and affidavits which the employee has demanded by subpoena and on which he intends to rely to support his allegations;

(xiii) a certification signed by the employee or his representative that the employer has received the petition with the required information 15 days before filing. Fifteen days after receipt by the employer of the petition with the required information the employee may file said petition and required information and shall serve notice of the filing upon the employer. The employer may file a motion addressed to the sufficiency of the petition. If an objection has been filed to the sufficiency of the petition, the arbitrator shall rule on the objection within 2 working days. If such an objection is filed, the time for filing the final decision of the Commission as provided in this paragraph shall be

New matter indicated by italics- deletions by strikeout
tolling until the arbitrator has determined that the petition is sufficient.

The employer shall, within 15 days after receipt of the notice that such petition is filed, file with the Commission and serve on the employee or his representative a written response to each claim set forth in the petition, including the legal and factual basis for each disputed allegation and the following information: (i) complete copies of any reports, records, documents and affidavits in the possession of the employer on which the employer intends to rely in support of his response, (ii) a list of any reports, records, documents and affidavits which the employer has demanded by subpoena and on which the employer intends to rely in support of his response, (iii) the name and address of each witness on whom the employer will rely to support his response, and (iv) the names and addresses of any medical practitioners selected by the employer pursuant to Section 12 of this Act and the time and place of any examination scheduled to be made pursuant to such Section.

Any employer who does not timely file and serve a written response without good cause may not introduce any evidence to dispute any claim of the employee but may cross examine the employee or any witness brought by the employee and otherwise be heard.

No document or other evidence not previously identified by either party with the petition or written response, or by any other means before the hearing, may be introduced into evidence without good cause. If, at the hearing, material information is discovered which was not previously disclosed, the Arbitrator may extend the time for closing proof on the motion of a party for a reasonable period of time which may be more than 30 days. No evidence may be introduced pursuant to this paragraph as to permanent disability. No award may be entered for permanent disability pursuant to this paragraph. Either party may introduce into evidence the testimony taken by deposition of any medical practitioner.

The Commission shall adopt rules, regulations and procedures whereby the final decision of the Commission is filed not later than 90 days from the date the petition for review is filed but in no event later than 180 days from the date the petition for an emergency hearing is filed with the Illinois Workers' Compensation Commission.

All service required pursuant to this paragraph (b-1) must be by personal service or by certified mail and with evidence of receipt. In addition for the purposes of this paragraph, all service on the employer must be at the premises where the accident occurred if the premises are

New matter indicated by italics- deletions by strikeout
owned or operated by the employer. Otherwise service must be at the employer's principal place of employment by the employer. If service on the employer is not possible at either of the above, then service shall be at the employer's principal place of business. After initial service in each case, service shall be made on the employer's attorney or designated representative.

(c)(1) At a reasonable time in advance of and in connection with the hearing under Section 19(e) or 19(h), the Commission may on its own motion order an impartial physical or mental examination of a petitioner whose mental or physical condition is in issue, when in the Commission's discretion it appears that such an examination will materially aid in the just determination of the case. The examination shall be made by a member or members of a panel of physicians chosen for their special qualifications by the Illinois State Medical Society. The Commission shall establish procedures by which a physician shall be selected from such list.

(2) Should the Commission at any time during the hearing find that compelling considerations make it advisable to have an examination and report at that time, the commission may in its discretion so order.

(3) A copy of the report of examination shall be given to the Commission and to the attorneys for the parties.

(4) Either party or the Commission may call the examining physician or physicians to testify. Any physician so called shall be subject to cross-examination.

(5) The examination shall be made, and the physician or physicians, if called, shall testify, without cost to the parties. The Commission shall determine the compensation and the pay of the physician or physicians. The compensation for this service shall not exceed the usual and customary amount for such service.

(6) The fees and payment thereof of all attorneys and physicians for services authorized by the Commission under this Act shall, upon request of either the employer or the employee or the beneficiary affected, be subject to the review and decision of the Commission.

(d) If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery or shall refuse to submit to such medical, surgical, or hospital treatment as is reasonably essential to promote his recovery, the Commission may, in its discretion, reduce or suspend the compensation of any such injured employee. However, when an employer and employee so agree in writing, the foregoing provision shall not be construed to authorize the reduction or suspension of

New matter indicated by italics- deletions by strikeout
compensation of an employee who is relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

(e) This paragraph shall apply to all hearings before the Commission. Such hearings may be held in its office or elsewhere as the Commission may deem advisable. The taking of testimony on such hearings may be had before any member of the Commission. If a petition for review and agreed statement of facts or transcript of evidence is filed, as provided herein, the Commission shall promptly review the decision of the Arbitrator and all questions of law or fact which appear from the statement of facts or transcript of evidence.

In all cases in which the hearing before the arbitrator is held after December 18, 1989, no additional evidence shall be introduced by the parties before the Commission on review of the decision of the Arbitrator. In reviewing decisions of an arbitrator the Commission shall award such temporary compensation, permanent compensation and other payments as are due under this Act. The Commission shall file in its office its decision thereon, and shall immediately send to each party or his attorney a copy of such decision and a notification of the time when it was filed. Decisions shall be filed within 60 days after the Statement of Exceptions and Supporting Brief and Response thereto are required to be filed or oral argument whichever is later.

In the event either party requests oral argument, such argument shall be had before a panel of 3 members of the Commission (or before all available members pursuant to the determination of 7 members of the Commission that such argument be held before all available members of the Commission) pursuant to the rules and regulations of the Commission. A panel of 3 members, which shall be comprised of not more than one representative citizen of the employing class and not more than one representative from a labor organization recognized under the National Labor Relations Act or an attorney who has represented labor organizations or has represented employees in workers' compensation cases citizen of the employee class, shall hear the argument; provided that if all the issues in dispute are solely the nature and extent of the permanent partial disability, if any, a majority of the panel may deny the request for such argument and such argument shall not be held; and provided further that 7 members of the Commission may determine that the argument be held before all available members of the Commission. A decision of the

Commission shall be approved by a majority of Commissioners present at such hearing if any; provided, if no such hearing is held, a decision of the Commission shall be approved by a majority of a panel of 3 members of the Commission as described in this Section. The Commission shall give 10 days' notice to the parties or their attorneys of the time and place of such taking of testimony and of such argument.

In any case the Commission in its decision may find specially upon any question or questions of law or fact which shall be submitted in writing by either party whether ultimate or otherwise; provided that on issues other than nature and extent of the disability, if any, the Commission in its decision shall find specially upon any question or questions of law or fact, whether ultimate or otherwise, which are submitted in writing by either party; provided further that not more than 5 such questions may be submitted by either party. Any party may, within 20 days after receipt of notice of the Commission's decision, or within such further time, not exceeding 30 days, as the Commission may grant, file with the Commission either an agreed statement of the facts appearing upon the hearing, or, if such party shall so elect, a correct transcript of evidence of the additional proceedings presented before the Commission, in which report the party may embody a correct statement of such other proceedings in the case as such party may desire to have reviewed, such statement of facts or transcript of evidence to be authenticated by the signature of the parties or their attorneys, and in the event that they do not agree, then the authentication of such transcript of evidence shall be by the signature of any member of the Commission.

If a reporter does not for any reason furnish a transcript of the proceedings before the Arbitrator in any case for use on a hearing for review before the Commission, within the limitations of time as fixed in this Section, the Commission may, in its discretion, order a trial de novo before the Commission in such case upon application of either party. The applications for adjustment of claim and other documents in the nature of pleadings filed by either party, together with the decisions of the Arbitrator and of the Commission and the statement of facts or transcript of evidence hereinbefore provided for in paragraphs (b) and (c) shall be the record of the proceedings of the Commission, and shall be subject to review as hereinafter provided.

At the request of either party or on its own motion, the Commission shall set forth in writing the reasons for the decision, including findings of fact and conclusions of law separately stated. The

Commission shall by rule adopt a format for written decisions for the Commission and arbitrators. The written decisions shall be concise and shall succinctly state the facts and reasons for the decision. The Commission may adopt in whole or in part, the decision of the arbitrator as the decision of the Commission. When the Commission does so adopt the decision of the arbitrator, it shall do so by order. Whenever the Commission adopts part of the arbitrator's decision, but not all, it shall include in the order the reasons for not adopting all of the arbitrator's decision. When a majority of a panel, after deliberation, has arrived at its decision, the decision shall be filed as provided in this Section without unnecessary delay, and without regard to the fact that a member of the panel has expressed an intention to dissent. Any member of the panel may file a dissent. Any dissent shall be filed no later than 10 days after the decision of the majority has been filed.

Decisions rendered by the Commission and dissents, if any, shall be published together by the Commission. The conclusions of law set out in such decisions shall be regarded as precedents by arbitrators for the purpose of achieving a more uniform administration of this Act.

(f) The decision of the Commission acting within its powers, according to the provisions of paragraph (e) of this Section shall, in the absence of fraud, be conclusive unless reviewed as in this paragraph hereinafter provided. However, the Arbitrator or the Commission may on his or its own motion, or on the motion of either party, correct any clerical error or errors in computation within 15 days after the date of receipt of any award by such Arbitrator or any decision on review of the Commission and shall have the power to recall the original award on arbitration or decision on review, and issue in lieu thereof such corrected award or decision. Where such correction is made the time for review herein specified shall begin to run from the date of the receipt of the corrected award or decision.

(1) Except in cases of claims against the State of Illinois other than those claims under Section 18.1, in which case the decision of the Commission shall not be subject to judicial review, the Circuit Court of the county where any of the parties defendant may be found, or if none of the parties defendant can be found in this State then the Circuit Court of the county where the accident occurred, shall by summons to the Commission have power to review all questions of law and fact presented by such record.

A proceeding for review shall be commenced within 20 days of the receipt of notice of the decision of the Commission. The summons shall be issued by the clerk of such court upon written request returnable on a designated return day, not less than 10 or more than 60 days from the date of issuance thereof, and the written request shall contain the last known address of other parties in interest and their attorneys of record who are to be served by summons. Service upon any member of the Commission or the Secretary or the Assistant Secretary thereof shall be service upon the Commission, and service upon other parties in interest and their attorneys of record shall be by summons, and such service shall be made upon the Commission and other parties in interest by mailing notices of the commencement of the proceedings and the return day of the summons to the office of the Commission and to the last known place of residence of other parties in interest or their attorney or attorneys of record. The clerk of the court issuing the summons shall on the day of issue mail notice of the commencement of the proceedings which shall be done by mailing a copy of the summons to the office of the Commission, and a copy of the summons to the other parties in interest or their attorney or attorneys of record and the clerk of the court shall make certificate that he has so sent said notices in pursuance of this Section, which shall be evidence of service on the Commission and other parties in interest.

The Commission shall not be required to certify the record of their proceedings to the Circuit Court, unless the party commencing the proceedings for review in the Circuit Court as above provided, shall file with the Commission notice of intent to file for review in Circuit Court. It shall be the duty of the Commission upon such filing of notice of intent to file for review in the Circuit Court to prepare a true and correct copy of such testimony and a true and correct copy of all other matters contained in such record and certified to by the Secretary or Assistant Secretary thereof. The changes made to this subdivision (f)(1) by this amendatory Act of the 98th General Assembly apply to any Commission decision entered after the effective date of this amendatory Act of the 98th General Assembly.

No request for a summons may be filed and no summons shall issue unless the party seeking to review the decision of the

Commission shall exhibit to the clerk of the Circuit Court proof of filing with the Commission of the notice of the intent to file for review in the Circuit Court or an affidavit of the attorney setting forth that notice of intent to file for review in the Circuit Court has been given in writing to the Secretary or Assistant Secretary of the Commission.

(2) No such summons shall issue unless the one against whom the Commission shall have rendered an award for the payment of money shall upon the filing of his written request for such summons file with the clerk of the court a bond conditioned that if he shall not successfully prosecute the review, he will pay the award and the costs of the proceedings in the courts. The amount of the bond shall be fixed by any member of the Commission and the surety or sureties of the bond shall be approved by the clerk of the court. The acceptance of the bond by the clerk of the court shall constitute evidence of his approval of the bond.

Every county, city, town, township, incorporated village, school district, body politic or municipal corporation against whom the Commission shall have rendered an award for the payment of money shall not be required to file a bond to secure the payment of the award and the costs of the proceedings in the court to authorize the court to issue such summons.

The court may confirm or set aside the decision of the Commission. If the decision is set aside and the facts found in the proceedings before the Commission are sufficient, the court may enter such decision as is justified by law, or may remand the cause to the Commission for further proceedings and may state the questions requiring further hearing, and give such other instructions as may be proper. Appeals shall be taken to the Appellate Court in accordance with Supreme Court Rules 22(g) and 303. Appeals shall be taken from the Appellate Court to the Supreme Court in accordance with Supreme Court Rule 315.

The decision of a majority of the members of the panel of the Commission, shall be considered the decision of the Commission.

(g) Except in the case of a claim against the State of Illinois, either party may present a certified copy of the award of the Arbitrator, or a certified copy of the decision of the Commission when the same has become final, when no proceedings for review are pending, providing for the payment of compensation according to this Act, to the Circuit Court of the county in which such accident occurred or either of the parties are residents, whereupon the court shall enter a judgment in accordance therewith. In a case where the employer refuses to pay compensation according to such final award or such final decision upon which such judgment is entered the court shall in entering judgment thereon, tax as costs against him the reasonable costs and attorney fees in the arbitration proceedings and in the court entering the judgment for the person in whose favor the judgment is entered, which judgment and costs taxed as therein provided shall, until and unless set aside, have the same effect as though duly entered in an action duly tried and determined by the court, and shall with like effect, be entered and docketed. The Circuit Court shall have power at any time upon application to make any such judgment conform to any modification required by any subsequent decision of the Supreme Court upon appeal, or as the result of any subsequent proceedings for review, as provided in this Act.

Judgment shall not be entered until 15 days' notice of the time and place of the application for the entry of judgment shall be served upon the employer by filing such notice with the Commission, which Commission shall, in case it has on file the address of the employer or the name and address of its agent upon whom notices may be served, immediately send a copy of the notice to the employer or such designated agent.

(h) An agreement or award under this Act providing for compensation in installments, may at any time within 18 months after such agreement or award be reviewed by the Commission at the request of either the employer or the employee, on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

However, as to accidents occurring subsequent to July 1, 1955, which are covered by any agreement or award under this Act providing for compensation in installments made as a result of such accident, such agreement or award may at any time within 30 months, or 60 months in the case of an award under Section 8(d)1, after such agreement or award

be reviewed by the Commission at the request of either the employer or
the employee on the ground that the disability of the employee has
subsequently recurred, increased, diminished or ended.

On such review, compensation payments may be re-established,
increased, diminished or ended. The Commission shall give 15 days' notice to the parties of the hearing for review. Any employee, upon any petition for such review being filed by the employer, shall be entitled to one day's notice for each 100 miles necessary to be traveled by him in attending the hearing of the Commission upon the petition, and 3 days in addition thereto. Such employee shall, at the discretion of the Commission, also be entitled to 5 cents per mile necessarily traveled by him within the State of Illinois in attending such hearing, not to exceed a distance of 300 miles, to be taxed by the Commission as costs and deposited with the petition of the employer.

When compensation which is payable in accordance with an award or settlement contract approved by the Commission, is ordered paid in a lump sum by the Commission, no review shall be had as in this paragraph mentioned.

(i) Each party, upon taking any proceedings or steps whatsoever before any Arbitrator, Commission or court, shall file with the Commission his address, or the name and address of any agent upon whom all notices to be given to such party shall be served, either personally or by registered mail, addressed to such party or agent at the last address so filed with the Commission. In the event such party has not filed his address, or the name and address of an agent as above provided, service of any notice may be had by filing such notice with the Commission.

(j) Whenever in any proceeding testimony has been taken or a final decision has been rendered and after the taking of such testimony or after such decision has become final, the injured employee dies, then in any subsequent proceedings brought by the personal representative or beneficiaries of the deceased employee, such testimony in the former proceeding may be introduced with the same force and effect as though the witness having so testified were present in person in such subsequent proceedings and such final decision, if any, shall be taken as final adjudication of any of the issues which are the same in both proceedings.

(k) In case where there has been any unreasonable or vexatious delay of payment or intentional underpayment of compensation, or proceedings have been instituted or carried on by the one liable to pay the
compensation, which do not present a real controversy, but are merely frivolous or for delay, then the Commission may award compensation additional to that otherwise payable under this Act equal to 50% of the amount payable at the time of such award. Failure to pay compensation in accordance with the provisions of Section 8, paragraph (b) of this Act, shall be considered unreasonable delay.

When determining whether this subsection (k) shall apply, the Commission shall consider whether an Arbitrator has determined that the claim is not compensable or whether the employer has made payments under Section 8(j).

(l) If the employee has made written demand for payment of benefits under Section 8(a) or Section 8(b), the employer shall have 14 days after receipt of the demand to set forth in writing the reason for the delay. In the case of demand for payment of medical benefits under Section 8(a), the time for the employer to respond shall not commence until the expiration of the allotted 30 days specified under Section 8.2(d).

In case the employer or his or her insurance carrier shall without good and just cause fail, neglect, refuse, or unreasonably delay the payment of benefits under Section 8(a) or Section 8(b), the Arbitrator or the Commission shall allow to the employee additional compensation in the sum of $30 per day for each day that the benefits under Section 8(a) or Section 8(b) have been so withheld or refused, not to exceed $10,000. A delay in payment of 14 days or more shall create a rebuttable presumption of unreasonable delay.

(m) If the commission finds that an accidental injury was directly and proximately caused by the employer's willful violation of a health and safety standard under the Health and Safety Act or the Occupational Safety and Health Act in force at the time of the accident, the arbitrator or the Commission shall allow to the injured employee or his dependents, as the case may be, additional compensation equal to 25% of the amount which otherwise would be payable under the provisions of this Act exclusive of this paragraph. The additional compensation herein provided shall be allowed by an appropriate increase in the applicable weekly compensation rate.

(n) After June 30, 1984, decisions of the Illinois Workers' Compensation Commission reviewing an award of an arbitrator of the Commission shall draw interest at a rate equal to the yield on indebtedness issued by the United States Government with a 26-week maturity next previously auctioned on the day on which the decision is filed. Said rate of

interest shall be set forth in the Arbitrator's Decision. Interest shall be drawn from the date of the arbitrator's award on all accrued compensation due the employee through the day prior to the date of payments. However, when an employee appeals an award of an Arbitrator or the Commission, and the appeal results in no change or a decrease in the award, interest shall not further accrue from the date of such appeal.

The employer or his insurance carrier may tender the payments due under the award to stop the further accrual of interest on such award notwithstanding the prosecution by either party of review, certiorari, appeal to the Supreme Court or other steps to reverse, vacate or modify the award.

(o) By the 15th day of each month each insurer providing coverage for losses under this Act shall notify each insured employer of any compensable claim incurred during the preceding month and the amounts paid or reserved on the claim including a summary of the claim and a brief statement of the reasons for compensability. A cumulative report of all claims incurred during a calendar year or continued from the previous year shall be furnished to the insured employer by the insurer within 30 days after the end of that calendar year.

The insured employer may challenge, in proceeding before the Commission, payments made by the insurer without arbitration and payments made after a case is determined to be noncompensable. If the Commission finds that the case was not compensable, the insurer shall purge its records as to that employer of any loss or expense associated with the claim, reimburse the employer for attorneys' fees arising from the challenge and for any payment required of the employer to the Rate Adjustment Fund or the Second Injury Fund, and may not reflect the loss or expense for rate making purposes. The employee shall not be required to refund the challenged payment. The decision of the Commission may be reviewed in the same manner as in arbitrated cases. No challenge may be initiated under this paragraph more than 3 years after the payment is made. An employer may waive the right of challenge under this paragraph on a case by case basis.

(p) After filing an application for adjustment of claim but prior to the hearing on arbitration the parties may voluntarily agree to submit such application for adjustment of claim for decision by an arbitrator under this subsection (p) where such application for adjustment of claim raises only a dispute over temporary total disability, permanent partial disability or medical expenses. Such agreement shall be in writing in such form as

provided by the Commission. Applications for adjustment of claim submitted for decision by an arbitrator under this subsection (p) shall proceed according to rule as established by the Commission. The Commission shall promulgate rules including, but not limited to, rules to ensure that the parties are adequately informed of their rights under this subsection (p) and of the voluntary nature of proceedings under this subsection (p). The findings of fact made by an arbitrator acting within his or her powers under this subsection (p) in the absence of fraud shall be conclusive. However, the arbitrator may on his own motion, or the motion of either party, correct any clerical errors or errors in computation within 15 days after the date of receipt of such award of the arbitrator and shall have the power to recall the original award on arbitration, and issue in lieu thereof such corrected award. The decision of the arbitrator under this subsection (p) shall be considered the decision of the Commission and proceedings for review of questions of law arising from the decision may be commenced by either party pursuant to subsection (f) of Section 19. The Advisory Board established under Section 13.1 shall compile a list of certified Commission arbitrators, each of whom shall be approved by at least 7 members of the Advisory Board. The chairman shall select 5 persons from such list to serve as arbitrators under this subsection (p). By agreement, the parties shall select one arbitrator from among the 5 persons selected by the chairman except that if the parties do not agree on an arbitrator from among the 5 persons, the parties may, by agreement, select an arbitrator of the American Arbitration Association, whose fee shall be paid by the State in accordance with rules promulgated by the Commission. Arbitration under this subsection (p) shall be voluntary.

Section 15. The Workers' Occupational Diseases Act is amended by changing Section 19 as follows:

(820 ILCS 310/19) (from Ch. 48, par. 172.54)

Sec. 19. Any disputed questions of law or fact shall be determined as herein provided.

(a) It shall be the duty of the Commission upon notification that the parties have failed to reach an agreement to designate an Arbitrator.

(1) The application for adjustment of claim filed with the Commission shall state:

A. The approximate date of the last day of the last exposure and the approximate date of the disablement.

New matter indicated by italics- deletions by strikeout
B. The general nature and character of the illness or disease claimed.

C. The name and address of the employer by whom employed on the last day of the last exposure and if employed by any other employer after such last exposure and before disablement the name and address of such other employer or employers.

D. In case of death, the date and place of death.

(2) Amendments to applications for adjustment of claim which relate to the same disablement or disablement resulting in death originally claimed upon may be allowed by the Commissioner or an Arbitrator thereof, in their discretion, and in the exercise of such discretion, they may in proper cases order a trial de novo; such amendment shall relate back to the date of the filing of the original application so amended.

(3) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under this Act and it is subsequently discovered, at any time before final disposition of such cause, that the claim for disability or death which was the basis for such application should properly have been made under the Workers' Compensation Act, then the provisions of Section 19 paragraph (a-1) of the Workers' Compensation Act having reference to such application shall apply.

Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the Workers' Compensation Act and it is subsequently discovered, at any time before final disposition of such cause, that the claim for injury or death which was the basis for such application should properly have been made under this Act, then the application so filed under the Workers' Compensation Act may be amended in form, substance or both to assert claim for such disability or death under this Act and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this Act. When such amendment is submitted, further or additional evidence may be heard by the Arbitrator or Commission when deemed necessary; provided, that nothing in this Section contained shall be construed to be or permit a waiver of any provisions of this Act with reference to notice, but notice if

given shall be deemed to be a notice under the provisions of this Act if given within the time required herein.

(b) The Arbitrator shall make such inquiries and investigations as he shall deem necessary and may examine and inspect all books, papers, records, places, or premises relating to the questions in dispute and hear such proper evidence as the parties may submit.

The hearings before the Arbitrator shall be held in the vicinity where the last exposure occurred, after 10 days' notice of the time and place of such hearing shall have been given to each of the parties or their attorneys of record.

The Arbitrator may find that the disabling condition is temporary and has not yet reached a permanent condition and may order the payment of compensation up to the date of the hearing, which award shall be reviewable and enforceable in the same manner as other awards, and in no instance be a bar to a further hearing and determination of a further amount of temporary total compensation or of compensation for permanent disability, but shall be conclusive as to all other questions except the nature and extent of such disability.

The decision of the Arbitrator shall be filed with the Commission which Commission shall immediately send to each party or his attorney a copy of such decision, together with a notification of the time when it was filed. As of the effective date of this amendatory Act of the 94th General Assembly, all decisions of the Arbitrator shall set forth in writing findings of fact and conclusions of law, separately stated, if requested by either party. Unless a petition for review is filed by either party within 30 days after the receipt by such party of the copy of the decision and notification of time when filed, and unless such party petitioning for a review shall within 35 days after the receipt by him of the copy of the decision, file with the Commission either an agreed statement of the facts appearing upon the hearing before the Arbitrator, or if such party shall so elect a correct transcript of evidence of the proceedings at such hearings, then the decision shall become the decision of the Commission and in the absence of fraud shall be conclusive. The Petition for Review shall contain a statement of the petitioning party's specific exceptions to the decision of the arbitrator. The jurisdiction of the Commission to review the decision of the arbitrator shall not be limited to the exceptions stated in the Petition for Review. The Commission, or any member thereof, may grant further time not exceeding 30 days, in which to file such agreed statement or transcript of evidence. Such agreed statement of facts or correct transcript.
of evidence, as the case may be, shall be authenticated by the signatures of
the parties or their attorneys, and in the event they do not agree as to the
correctness of the transcript of evidence it shall be authenticated by the
signature of the Arbitrator designated by the Commission.

Whether the employee is working or not, if the employee is not
receiving or has not received medical, surgical, or hospital services or
other services or compensation as provided in paragraph (a) of Section 8
of the Workers' Compensation Act, or compensation as provided in
paragraph (b) of Section 8 of the Workers' Compensation Act, the
employee may at any time petition for an expedited hearing by an
Arbitrator on the issue of whether or not he or she is entitled to receive
payment of the services or compensation. Provided the employer continues
to pay compensation pursuant to paragraph (b) of Section 8 of the
Workers' Compensation Act, the employer may at any time petition for an
expedited hearing on the issue of whether or not the employee is entitled
to receive medical, surgical, or hospital services or other services or
compensation as provided in paragraph (a) of Section 8 of the Workers'
Compensation Act, or compensation as provided in paragraph (b) of
Section 8 of the Workers' Compensation Act. When an employer has
petitioned for an expedited hearing, the employer shall continue to pay
compensation as provided in paragraph (b) of Section 8 of the Workers'
Compensation Act unless the arbitrator renders a decision that the
employee is not entitled to the benefits that are the subject of the expedited
hearing or unless the employee's treating physician has released the
employee to return to work at his or her regular job with the employer or
the employee actually returns to work at any other job. If the arbitrator
renders a decision that the employee is not entitled to the benefits that are
the subject of the expedited hearing, a petition for review filed by the
employee shall receive the same priority as if the employee had filed a
petition for an expedited hearing by an arbitrator. Neither party shall be
entitled to an expedited hearing when the employee has returned to work
and the sole issue in dispute amounts to less than 12 weeks of unpaid
compensation pursuant to paragraph (b) of Section 8 of the Workers'
Compensation Act.

Expeditied hearings shall have priority over all other petitions and
shall be heard by the Arbitrator and Commission with all convenient
speed. Any party requesting an expedited hearing shall give notice of a
request for an expedited hearing under this paragraph. A copy of the
Application for Adjustment of Claim shall be attached to the notice. The

Commission shall adopt rules and procedures under which the final decision of the Commission under this paragraph is filed not later than 180 days from the date that the Petition for Review is filed with the Commission.

Where 2 or more insurance carriers, private self-insureds, or a group workers' compensation pool under Article V 3/4 of the Illinois Insurance Code dispute coverage for the same disease, any such insurance carrier, private self-insured, or group workers' compensation pool may request an expedited hearing pursuant to this paragraph to determine the issue of coverage, provided coverage is the only issue in dispute and all other issues are stipulated and agreed to and further provided that all compensation benefits including medical benefits pursuant to Section 8(a) of the Workers' Compensation Act continue to be paid to or on behalf of petitioner. Any insurance carrier, private self-insured, or group workers' compensation pool that is determined to be liable for coverage for the disease in issue shall reimburse any insurance carrier, private self-insured, or group workers' compensation pool that has paid benefits to or on behalf of petitioner for the disease.

(b-1) If the employee is not receiving, pursuant to Section 7, medical, surgical or hospital services of the type provided for in paragraph (a) of Section 8 of the Workers' Compensation Act or compensation of the type provided for in paragraph (b) of Section 8 of the Workers' Compensation Act, the employee, in accordance with Commission Rules, may file a petition for an emergency hearing by an Arbitrator on the issue of whether or not he is entitled to receive payment of such compensation or services as provided therein. Such petition shall have priority over all other petitions and shall be heard by the Arbitrator and Commission with all convenient speed.

Such petition shall contain the following information and shall be served on the employer at least 15 days before it is filed:

(i) the date and approximate time of the last exposure;
(ii) the approximate location of the last exposure;
(iii) a description of the last exposure;
(iv) the nature of the disability incurred by the employee;
(v) the identity of the person, if known, to whom the disability was reported and the date on which it was reported;
(vi) the name and title of the person, if known, representing the employer with whom the employee conferred in any effort to obtain pursuant to Section 7 compensation of the type provided for
in paragraph (b) of Section 8 of the Workers' Compensation Act or medical, surgical or hospital services of the type provided for in paragraph (a) of Section 8 of the Workers' Compensation Act and the date of such conference;

(vii) a statement that the employer has refused to pay compensation pursuant to Section 7 of the type provided for in paragraph (b) of Section 8 of the Workers' Compensation Act or for medical, surgical or hospital services pursuant to Section 7 of the type provided for in paragraph (a) of Section 8 of the Workers' Compensation Act;

(viii) the name and address, if known, of each witness to the last exposure and of each other person upon whom the employee will rely to support his allegations;

(ix) the dates of treatment related to the disability by medical practitioners, and the names and addresses of such practitioners, including the dates of treatment related to the disability at any hospitals and the names and addresses of such hospitals, and a signed authorization permitting the employer to examine all medical records of all practitioners and hospitals named pursuant to this paragraph;

(x) a copy of a signed report by a medical practitioner, relating to the employee's current inability to return to work because of the disability incurred as a result of the exposure or such other documents or affidavits which show that the employee is entitled to receive pursuant to Section 7 compensation of the type provided for in paragraph (b) of Section 8 of the Workers' Compensation Act or medical, surgical or hospital services of the type provided for in paragraph (a) of Section 8 of the Workers' Compensation Act. Such reports, documents or affidavits shall state, if possible, the history of the exposure given by the employee, and describe the disability and medical diagnosis, the medical services for such disability which the employee has received and is receiving, the physical activities which the employee cannot currently perform as a result of such disability, and the prognosis for recovery;

(xi) complete copies of any reports, records, documents and affidavits in the possession of the employee on which the employee will rely to support his allegations, provided that the employer shall pay the reasonable cost of reproduction thereof;

(xii) a list of any reports, records, documents and affidavits which the employee has demanded by subpoena and on which he intends to rely to support his allegations;

(xiii) a certification signed by the employee or his representative that the employer has received the petition with the required information 15 days before filing.

Fifteen days after receipt by the employer of the petition with the required information the employee may file said petition and required information and shall serve notice of the filing upon the employer. The employer may file a motion addressed to the sufficiency of the petition. If an objection has been filed to the sufficiency of the petition, the arbitrator shall rule on the objection within 2 working days. If such an objection is filed, the time for filing the final decision of the Commission as provided in this paragraph shall be tolled until the arbitrator has determined that the petition is sufficient.

The employer shall, within 15 days after receipt of the notice that such petition is filed, file with the Commission and serve on the employee or his representative a written response to each claim set forth in the petition, including the legal and factual basis for each disputed allegation and the following information: (i) complete copies of any reports, records, documents and affidavits in the possession of the employer on which the employer intends to rely in support of his response, (ii) a list of any reports, records, documents and affidavits which the employer has demanded by subpoena and on which the employer intends to rely in support of his response, (iii) the name and address of each witness on whom the employer will rely to support his response, and (iv) the names and addresses of any medical practitioners selected by the employer pursuant to Section 12 of this Act and the time and place of any examination scheduled to be made pursuant to such Section.

Any employer who does not timely file and serve a written response without good cause may not introduce any evidence to dispute any claim of the employee but may cross examine the employee or any witness brought by the employee and otherwise be heard.

No document or other evidence not previously identified by either party with the petition or written response, or by any other means before the hearing, may be introduced into evidence without good cause. If, at the hearing, material information is discovered which was not previously disclosed, the Arbitrator may extend the time for closing proof on the motion of a party for a reasonable period of time which may be more than

All service required pursuant to this paragraph (b-1) must be by personal service or by certified mail and with evidence of receipt. In addition, for the purposes of this paragraph, all service on the employer must be at the premises where the accident occurred if the premises are owned or operated by the employer. Otherwise service must be at the employee's principal place of employment by the employer. If service on the employer is not possible at either of the above, then service shall be at the employer's principal place of business. After initial service in each case, service shall be made on the employer's attorney or designated representative.

(c)(1) At a reasonable time in advance of and in connection with the hearing under Section 19(e) or 19(h), the Commission may on its own motion order an impartial physical or mental examination of a petitioner whose mental or physical condition is in issue, when in the Commission's discretion it appears that such an examination will materially aid in the just determination of the case. The examination shall be made by a member or members of a panel of physicians chosen for their special qualifications by the Illinois State Medical Society. The Commission shall establish procedures by which a physician shall be selected from such list.

(2) Should the Commission at any time during the hearing find that compelling considerations make it advisable to have an examination and report at that time, the Commission may in its discretion so order.

(3) A copy of the report of examination shall be given to the Commission and to the attorneys for the parties.

(4) Either party or the Commission may call the examining physician or physicians to testify. Any physician so called shall be subject to cross-examination.

(5) The examination shall be made, and the physician or physicians, if called, shall testify, without cost to the parties. The Commission shall determine the compensation and the pay of the

The fees and payment thereof of all attorneys and physicians for services authorized by the Commission under this Act shall, upon request of either the employer or the employee or the beneficiary affected, be subject to the review and decision of the Commission.

(d) If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery or shall refuse to submit to such medical, surgical, or hospital treatment as is reasonably essential to promote his recovery, the Commission may, in its discretion, reduce or suspend the compensation of any such employee; provided, that when an employer and employee so agree in writing, the foregoing provision shall not be construed to authorize the reduction or suspension of compensation of an employee who is relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

(e) This paragraph shall apply to all hearings before the Commission. Such hearings may be held in its office or elsewhere as the Commission may deem advisable. The taking of testimony on such hearings may be had before any member of the Commission. If a petition for review and agreed statement of facts or transcript of evidence is filed, as provided herein, the Commission shall promptly review the decision of the Arbitrator and all questions of law or fact which appear from the statement of facts or transcripts of evidence. In all cases in which the hearing before the arbitrator is held after the effective date of this amendatory Act of 1989, no additional evidence shall be introduced by the parties before the Commission on review of the decision of the Arbitrator. The Commission shall file in its office its decision thereon, and shall immediately send to each party or his attorney a copy of such decision and a notification of the time when it was filed. Decisions shall be filed within 60 days after the Statement of Exceptions and Supporting Brief and Response thereto are required to be filed or oral argument whichever is later.

In the event either party requests oral argument, such argument shall be had before a panel of 3 members of the Commission (or before all available members pursuant to the determination of 7 members of the Commission that such argument be held before all available members of the Commission) pursuant to the rules and regulations of the Commission.
A panel of 3 members, which shall be comprised of not more than one representative citizen of the employing class and not more than one representative from a labor organization recognized under the National Labor Relations Act or an attorney who has represented labor organizations or has represented employees in workers' compensation cases citizen of the employee class, shall hear the argument; provided that if all the issues in dispute are solely the nature and extent of the permanent partial disability, if any, a majority of the panel may deny the request for such argument and such argument shall not be held; and provided further that 7 members of the Commission may determine that the argument be held before all available members of the Commission. A decision of the Commission shall be approved by a majority of Commissioners present at such hearing if any; provided, if no such hearing is held, a decision of the Commission shall be approved by a majority of a panel of 3 members of the Commission as described in this Section. The Commission shall give 10 days' notice to the parties or their attorneys of the time and place of such taking of testimony and of such argument.

In any case the Commission in its discretion may in its discretion find specially upon any question or questions of law or facts which shall be submitted in writing by either party whether ultimate or otherwise; provided that on issues other than nature and extent of the disablement, if any, the Commission in its decision shall find specially upon any question or questions of law or fact, whether ultimate or otherwise, which are submitted in writing by either party; provided further that not more than 5 such questions may be submitted by either party. Any party may, within 20 days after receipt of notice of the Commission's decision, or within such further time, not exceeding 30 days, as the Commission may grant, file with the Commission either an agreed statement of the facts appearing upon the hearing, or, if such party shall so elect, a correct transcript of evidence of the additional proceedings presented before the Commission in which report the party may embody a correct statement of such other proceedings in the case as such party may desire to have reviewed, such statement of facts or transcript of evidence to be authenticated by the signature of the parties or their attorneys, and in the event that they do not agree, then the authentication of such transcript of evidence shall be by the signature of any member of the Commission.

this Section, the Commission may, in its discretion, order a trial de novo before the Commission in such case upon application of either party. The applications for adjustment of claim and other documents in the nature of pleadings filed by either party, together with the decisions of the Arbitrator and of the Commission and the statement of facts or transcript of evidence hereinbefore provided for in paragraphs (b) and (c) shall be the record of the proceedings of the Commission, and shall be subject to review as hereinafter provided.

At the request of either party or on its own motion, the Commission shall set forth in writing the reasons for the decision, including findings of fact and conclusions of law, separately stated. The Commission shall by rule adopt a format for written decisions for the Commission and arbitrators. The written decisions shall be concise and shall succinctly state the facts and reasons for the decision. The Commission may adopt in whole or in part, the decision of the arbitrator as the decision of the Commission. When the Commission does so adopt the decision of the arbitrator, it shall do so by order. Whenever the Commission adopts part of the arbitrator's decision, but not all, it shall include in the order the reasons for not adopting all of the arbitrator's decision. When a majority of a panel, after deliberation, has arrived at its decision, the decision shall be filed as provided in this Section without unnecessary delay, and without regard to the fact that a member of the panel has expressed an intention to dissent. Any member of the panel may file a dissent. Any dissent shall be filed no later than 10 days after the decision of the majority has been filed.

Decisions rendered by the Commission after the effective date of this amendatory Act of 1980 and dissents, if any, shall be published together by the Commission. The conclusions of law set out in such decisions shall be regarded as precedents by arbitrators, for the purpose of achieving a more uniform administration of this Act.

(f) The decision of the Commission acting within its powers, according to the provisions of paragraph (e) of this Section shall, in the absence of fraud, be conclusive unless reviewed as in this paragraph hereinafter provided. However, the Arbitrator or the Commission may on his or its own motion, or on the motion of either party, correct any clerical error or errors in computation within 15 days after the date of receipt of any award by such Arbitrator or any decision on review of the Commission, and shall have the power to recall the original award on arbitration or decision on review, and issue in lieu thereof such corrected

(1) Except in cases of claims against the State of Illinois, in which case the decision of the Commission shall not be subject to judicial review, the Circuit Court of the county where any of the parties defendant may be found, or if none of the parties defendant be found in this State then the Circuit Court of the county where any of the exposure occurred, shall by summons to the Commission have power to review all questions of law and fact presented by such record.

A proceeding for review shall be commenced within 20 days of the receipt of notice of the decision of the Commission. The summons shall be issued by the clerk of such court upon written request returnable on a designated return day, not less than 10 or more than 60 days from the date of issuance thereof, and the written request shall contain the last known address of other parties in interest and their attorneys of record who are to be served by summons. It shall be the duty of the Commission upon such filing of notice of intent to file for review in Circuit Court to prepare a true and correct copy of such testimony and a true and correct copy of all other matters contained in such record and certified to by the Secretary or Assistant Secretary thereof. The changes made to this subdivision (f)(1) by this amendatory Act of the 98th General Assembly apply to any Commission decision entered after the effective date of this amendatory Act of the 98th General Assembly.

No request for a summons may be filed and no summons shall issue unless the party seeking to review the decision of the Commission shall exhibit to the clerk of the Circuit Court proof of filing with the Commission of the notice of the intent to file for review in the Circuit Court or an affidavit of the attorney setting forth that notice of intent to file for review in Circuit Court has been given in writing to the Secretary or Assistant Secretary of the Commission.

(2) No such summons shall issue unless the one against whom the Commission shall have rendered an award for the payment of money shall upon the filing of his written request for such summons file with the clerk of the court a bond conditioned that if he shall not successfully prosecute the review, he will pay the award and the costs of the proceedings in the court. The amount of the bond shall be fixed by any member of the Commission and the surety or sureties of the bond shall be approved by the clerk of the court. The acceptance of the bond by the clerk of the court shall constitute evidence of his approval of the bond.

to the Commission for further proceedings and may state the questions requiring further hearing, and give such other instructions as may be proper. Appeals shall be taken to the Appellate Court in accordance with Supreme Court Rules 22(g) and 303. Appeals shall be taken from the Appellate Court to the Supreme Court in accordance with Supreme Court Rule 315.

It shall be the duty of the clerk of any court rendering a decision affecting or affirming an award of the Commission to promptly furnish the Commission with a copy of such decision, without charge.

The decision of a majority of the members of the panel of the Commission, shall be considered the decision of the Commission.

(g) Except in the case of a claim against the State of Illinois, either party may present a certified copy of the award of the Arbitrator, or a certified copy of the decision of the Commission when the same has become final, when no proceedings for review are pending, providing for the payment of compensation according to this Act, to the Circuit Court of the county in which such exposure occurred or either of the parties are residents, whereupon the court shall enter a judgment in accordance therewith. In case where the employer refuses to pay compensation according to such final award or such final decision upon which such judgment is entered, the court shall in entering judgment thereon, tax as costs against him the reasonable costs and attorney fees in the arbitration proceedings and in the court entering the judgment for the person in whose favor the judgment is entered, which judgment and costs taxed as herein provided shall, until and unless set aside, have the same effect as though duly entered in an action duly tried and determined by the court, and shall with like effect, be entered and docketed. (h) An agreement or award under this Act providing for compensation in installments, may at any time within 18 months after such agreement or award be reviewed by the Commission at the request of either the employer or the employee on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

However, as to disablements occurring subsequently to July 1, 1955, which are covered by any agreement or award under this Act providing for compensation in installments made as a result of such disablement, such agreement or award may at any time within 30 months after such agreement or award be reviewed by the Commission at the request of either the employer or the employee on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

On such review compensation payments may be re-established, increased, diminished or ended. The Commission shall give 15 days' notice to the parties of the hearing for review. Any employee, upon any petition for such review being filed by the employer, shall be entitled to one day's notice for each 100 miles necessary to be traveled by him in attending the hearing of the Commission upon the petition, and 3 days in addition thereto. Such employee shall, at the discretion of the Commission, also be entitled to 5 cents per mile necessarily traveled by him within the State of Illinois in attending such hearing, not to exceed a distance of 300 miles, to be taxed by the Commission as costs and deposited with the petition of the employer.

When compensation which is payable in accordance with an award or settlement contract approved by the Commission, is ordered paid in a lump sum by the Commission, no review shall be had as in this paragraph mentioned.

(i) Each party, upon taking any proceedings or steps whatsoever before any Arbitrator, Commission or court, shall file with the Commission his address, or the name and address of any agent upon whom all notices to be given to such party shall be served, either personally or by registered mail, addressed to such party or agent at the last address so filed with the Commission. In the event such party has not filed his address, or the name and address of an agent as above provided, service of any notice may be had by filing such notice with the Commission.

(j) Whenever in any proceeding testimony has been taken or a final decision has been rendered, and after the taking of such testimony or after
such decision has become final, the employee dies, then in any subsequent proceeding brought by the personal representative or beneficiaries of the deceased employee, such testimony in the former proceeding may be introduced with the same force and effect as though the witness having so testified were present in person in such subsequent proceedings and such final decision, if any, shall be taken as final adjudication of any of the issues which are the same in both proceedings.

(k) In any case where there has been any unreasonable or vexatious delay of payment or intentional underpayment of compensation, or proceedings have been instituted or carried on by one liable to pay the compensation, which do not present a real controversy, but are merely frivolous or for delay, then the Commission may award compensation additional to that otherwise payable under this Act equal to 50% of the amount payable at the time of such award. Failure to pay compensation in accordance with the provisions of Section 8, paragraph (b) of this Act, shall be considered unreasonable delay.

When determining whether this subsection (k) shall apply, the Commission shall consider whether an arbitrator has determined that the claim is not compensable or whether the employer has made payments under Section 8(j) of the Workers' Compensation Act.

(k-1) If the employee has made written demand for payment of benefits under Section 8(a) or Section 8(b) of the Workers' Compensation Act, the employer shall have 14 days after receipt of the demand to set forth in writing the reason for the delay. In the case of demand for payment of medical benefits under Section 8(a) of the Workers' Compensation Act, the time for the employer to respond shall not commence until the expiration of the allotted 60 days specified under Section 8.2(d) of the Workers' Compensation Act. In case the employer or his or her insurance carrier shall without good and just cause fail, neglect, refuse, or unreasonably delay the payment of benefits under Section 8(a) or Section 8(b) of the Workers' Compensation Act, the Arbitrator or the Commission shall allow to the employee additional compensation in the sum of $30 per day for each day that the benefits under Section 8(a) or Section 8(b) of the Workers' Compensation Act have been so withheld or refused, not to exceed $10,000. A delay in payment of 14 days or more shall create a rebuttable presumption of unreasonable delay.

(l) By the 15th day of each month each insurer providing coverage for losses under this Act shall notify each insured employer of any compensable claim incurred during the preceding month and the amounts

New matter indicated by italics- deletions by strikeout
paid or reserved on the claim including a summary of the claim and a brief statement of the reasons for compensability. A cumulative report of all claims incurred during a calendar year or continued from the previous year shall be furnished to the insured employer by the insurer within 30 days after the end of that calendar year.

The insured employer may challenge, in proceeding before the Commission, payments made by the insurer without arbitration and payments made after a case is determined to be noncompensable. If the Commission finds that the case was not compensable, the insurer shall purge its records as to that employer of any loss or expense associated with the claim, reimburse the employer for attorneys' fee arising from the challenge and for any payment required of the employer to the Rate Adjustment Fund or the Second Injury Fund, and may not effect the loss or expense for rate making purposes. The employee shall not be required to refund the challenged payment. The decision of the Commission may be reviewed in the same manner as in arbitrated cases. No challenge may be initiated under this paragraph more than 3 years after the payment is made. An employer may waive the right of challenge under this paragraph on a case by case basis.

(m) After filing an application for adjustment of claim but prior to the hearing on arbitration the parties may voluntarily agree to submit such application for adjustment of claim for decision by an arbitrator under this subsection (m) where such application for adjustment of claim raises only a dispute over temporary total disability, permanent partial disability or medical expenses. Such agreement shall be in writing in such form as provided by the Commission. Applications for adjustment of claim submitted for decision by an arbitrator under this subsection (m) shall proceed according to rule as established by the Commission. The Commission shall promulgate rules including, but not limited to, rules to ensure that the parties are adequately informed of their rights under this subsection (m) and of the voluntary nature of proceedings under this subsection (m). The findings of fact made by an arbitrator acting within his or her powers under this subsection (m) in the absence of fraud shall be conclusive. However, the arbitrator may on his own motion, or the motion of either party, correct any clerical errors or errors in computation within 15 days after the date of receipt of such award of the arbitrator and shall have the power to recall the original award on arbitration, and issue in lieu thereof such corrected award. The decision of the arbitrator under this subsection (m) shall be considered the decision of the Commission and

proceedings for review of questions of law arising from the decision may be commenced by either party pursuant to subsection (f) of Section 19. The Advisory Board established under Section 13.1 of the Workers' Compensation Act shall compile a list of certified Commission arbitrators, each of whom shall be approved by at least 7 members of the Advisory Board. The chairman shall select 5 persons from such list to serve as arbitrators under this subsection (m). By agreement, the parties shall select one arbitrator from among the 5 persons selected by the chairman except, that if the parties do not agree on an arbitrator from among the 5 persons, the parties may, by agreement, select an arbitrator of the American Arbitration Association, whose fee shall be paid by the State in accordance with rules promulgated by the Commission. Arbitration under this subsection (m) shall be voluntary.

Department, upon a finding that an applicant for a license, certificate, or registration was previously convicted of a felony or misdemeanor that may be grounds for refusing to issue a license or certificate or to grant a granting registration, shall consider any mitigating factors and evidence of rehabilitation contained in the applicant's record, including the circumstances surrounding the offense or offenses and any of the following, to determine whether a prior conviction will impair the ability of the applicant to engage in the practice for which a license, certificate, or registration is sought:

(1) the lack of direct relation of the offense for which the applicant was previously convicted to the duties, functions, and responsibilities of the position for which a license is sought;

(2) any mitigating factors from the point of arrest or indictment when determined to be appropriate, unless otherwise specified and including, but not limited to, whether 5 years since a felony conviction or 3 years since release from confinement for the conviction, whichever is later, have passed without a subsequent conviction;

(1) a statement about the decision to refuse to grant a license, certificate, or registration;

(2) a list of convictions that the Department determined will impair the applicant's ability to engage in the position for which a license, registration, or certificate is sought;

(3) a list of convictions that formed the sole or partial basis for the refusal to issue a license or certificate or grant registration; and

(4) a summary of the appeal process or the earliest the applicant may reapply for a license, certificate, or registration, whichever is applicable.

Consent is not a defense to financial exploitation of an elderly person or a person with a disability if the accused knew or had reason to know that the elderly person or a person with a disability lacked capacity to consent.

(g) Civil Liability. A civil cause of action exists for financial exploitation of an elderly person or a person with a disability as described in subsection (a) of this Section. Sec. 3-401.5. Digital registration plates and renewals.
(a) The Secretary of State may authorize the issuance of a digital
registration plate to a vehicle, in lieu of a set of static, metal registration
plates, if the vehicle owner separately purchases the digital registration
plate for a particular vehicle. The Secretary shall consult with law
enforcement agencies when considering whether to approve the design of
a digital license plate. The display device must allow for the automated
image capture of letters and numbers during daytime and nighttime,
including when the vehicle is parked or turned off. The Secretary shall
work with the vehicle owner and the distributor of the digital registration
plates to coordinate the appropriate plate image and registration
expiration to appear on the digital registration plate. One metal plate
shall still be issued to the vehicle owner for the front end of the vehicle.
(b) The Secretary, for any vehicle owner that purchases a digital
registration plate, may electronically renew the digital registration plate
upon receiving the appropriate renewal registration fee as set forth in this
Code. The Secretary may also authorize the image to be suspended or
revoked and replaced with an alternative image or blank screen upon
violation of any provision of this Code or the failure to renew the digital
registration plate.
(c) Before a digital registration plate may be issued in lieu of a
special plate authorized under Article VI of this Chapter, the Secretary
shall seek approval from the originating organization, when possible, to
authorize a digital version of the static, metal plates issued to a vehicle
owner.
(d) The owner of a digital registration plate is responsible for any
costs associated with using the digital registration plate, including, but
not limited to, the initial purchase price and any replacement costs.
(e) The Secretary of State may adopt any rules necessary to
implement and develop a digital registration plate program, including
rules regarding the images that may appear on digital registration plates.
(f) No image shall appear on a digital registration plate without
prior approval of the Secretary of State.

Sec. 3-402. Vehicles subject to registration; exceptions.

A. Exemptions and Policy. Every motor vehicle, trailer, semitrailer and pole trailer when driven or moved upon a highway shall be subject to the registration and certificate of title provisions of this Chapter except:

(1) Any such vehicle driven or moved upon a highway in conformance with the provisions of this Chapter relating to manufacturers, transporters, dealers, lienholders or nonresidents or under a temporary registration permit issued by the Secretary of State;

(2) Any implement of husbandry whether of a type otherwise subject to registration hereunder or not which is only incidentally operated or moved upon a highway, which shall include a not-for-hire movement for the purpose of delivering farm commodities to a place of first processing or sale, or to a place of storage;

(3) Any special mobile equipment as herein defined;

(4) Any vehicle which is propelled exclusively by electric power obtained from overhead trolley wires though not operated upon rails;

(5) Any vehicle which is equipped and used exclusively as a pumper, ladder truck, rescue vehicle, searchlight truck, or other fire apparatus, but not a vehicle of a type which would otherwise be subject to registration as a vehicle of the first division;

(6) Any vehicle which is owned and operated by the federal government and externally displays evidence of federal ownership. It is the policy of the State of Illinois to promote and encourage the fullest use of its highways and to enhance the flow of commerce thus contributing to the economic, agricultural, industrial and social growth and development of this State, by authorizing the Secretary of State to negotiate and enter into reciprocal or proportional agreements or arrangements with other States, or to issue declarations setting forth reciprocal exemptions, benefits and privileges with respect to vehicles operated interstate which are properly registered in this and other States, assuring nevertheless proper registration of vehicles in Illinois as may be required by this Code;

(7) Any converter dolly or tow dolly which merely serves as substitute wheels for another legally licensed vehicle. A title may
be issued on a voluntary basis to a tow dolly upon receipt of the manufacturer's certificate of origin or the bill of sale;

(8) Any house trailer found to be an abandoned mobile home under the Abandoned Mobile Home Act;

(9) Any vehicle that is not properly registered or does not have registration plates or digital registration plates issued to the owner or operator affixed thereto, or that does have registration plates or digital registration plates issued to the owner or operator affixed thereto but the plates are not appropriate for the weight of the vehicle, provided that this exemption shall apply only while the vehicle is being transported or operated by a towing service and has a third tow plate affixed to it.

B. Reciprocity. Any motor vehicle, trailer, semitrailer or pole trailer need not be registered under this Code provided the same is operated interstate and in accordance with the following provisions and any rules and regulations promulgated pursuant thereto:

(1) A nonresident owner, except as otherwise provided in this Section, owning any foreign registered vehicle of a type otherwise subject to registration hereunder, may operate or permit the operation of such vehicle within this State in interstate commerce without registering such vehicle in, or paying any fees to, this State subject to the condition that such vehicle at all times when operated in this State is operated pursuant to a reciprocity agreement, arrangement or declaration by this State, and further subject to the condition that such vehicle at all times when operated in this State is duly registered in, and displays upon it, a valid registration card and registration plate or plates or digital registration plate or plates issued for such vehicle in the place of residence of such owner and is issued and maintains in such vehicle a valid Illinois reciprocity permit as required by the Secretary of State, and provided like privileges are afforded to residents of this State by the State of residence of such owner.

Every nonresident including any foreign corporation carrying on business within this State and owning and regularly operating in such business any motor vehicle, trailer or semitrailer within this State in intrastate commerce, shall be required to register each such vehicle and pay the same fees therefor as is required with reference to like vehicles owned by residents of this State.

(2) Any motor vehicle, trailer, semitrailer and pole trailer operated interstate need not be registered in this State, provided:
   (a) that the vehicle is properly registered in another State pursuant to law or to a reciprocity agreement, arrangement or declaration; or
   (b) that such vehicle is part of a fleet of vehicles owned or operated by the same person who registers such fleet of vehicles pro rata among the various States in which such fleet operates; or
   (c) that such vehicle is part of a fleet of vehicles, a portion of which are registered with the Secretary of State of Illinois in accordance with an agreement or arrangement concurred in by the Secretary of State of Illinois based on one or more of the following factors: ratio of miles in Illinois as against total miles in all jurisdictions; situs or base of a vehicle, or where it is principally garaged, or from whence it is principally dispatched or where the movements of such vehicle usually originate; situs of the residence of the owner or operator thereof, or of his principal office or offices, or of his places of business; the routes traversed and whether regular or irregular routes are traversed, and the jurisdictions traversed and served; and such other factors as may be deemed material by the Secretary and the motor vehicle administrators of the other jurisdictions involved in such apportionment. Such vehicles shall maintain therein any reciprocity permit which may be required by the Secretary of State pursuant to rules and regulations which the Secretary of State may promulgate in the administration of this Code, in the public interest.

(3) (a) In order to effectuate the purposes of this Code, the Secretary of State of Illinois is empowered to negotiate and execute written reciprocal agreements or arrangements with the duly authorized representatives of other jurisdictions, including States, districts, territories and possessions of the United States, and foreign states, provinces, or countries, granting to owners or operators of vehicles duly registered or licensed in such other jurisdictions and for which evidence of compliance is supplied, benefits, privileges and exemption from the payment, wholly or partially, of any

taxes, fees or other charges imposed with respect to the
ownership or operation of such vehicles by the laws of this
State except the tax imposed by the Motor Fuel Tax Law,
approved March 25, 1929, as amended, and the tax
imposed by the Use Tax Act, approved July 14, 1955, as
amended.

The Secretary of State may negotiate agreements or
arrangements as are in the best interests of this State and
the residents of this State pursuant to the policies expressed
in this Section taking into consideration the reciprocal
exemptions, benefits and privileges available and accruing
to residents of this State and vehicles registered in this
State.

(b) Such reciprocal agreements or arrangements
shall provide that vehicles duly registered or licensed in this
State when operated upon the highways of such other
jurisdictions, shall receive exemptions, benefits and
privileges of a similar kind or to a similar degree as
extended to vehicles from such jurisdictions in this State.

(c) Such agreements or arrangements may also
authorize the apportionment of registration or licensing of
fleets of vehicles operated interstate, based on any or all of
the following factors: ratio of miles in Illinois as against
total miles in all jurisdictions; situs or base of a vehicle, or
where it is principally garaged or from whence it is
principally dispatched or where the movements of such
vehicle usually originate; situs of the residence of the owner
or operator thereof, or of his principal office or offices, or
of his places of business; the routes traversed and whether
regular or irregular routes are traversed, and the
jurisdictions traversed and served; and such other factors as
may be deemed material by the Secretary and the motor
vehicle administrators of the other jurisdictions involved in
such apportionment, and such vehicles shall likewise be
entitled to reciprocal exemptions, benefits and privileges.

(d) Such agreements or arrangements shall also
provide that vehicles being operated in intrastate commerce
in Illinois shall comply with the registration and licensing
laws of this State, except that vehicles which are part of an

apportioned fleet may conduct an intrastate operation incidental to their interstate operations. Any motor vehicle properly registered and qualified under any reciprocal agreement or arrangement under this Code and not having a situs or base within Illinois may complete the inbound movement of a trailer or semitrailer to an Illinois destination that was brought into Illinois by a motor vehicle also properly registered and qualified under this Code and not having a situs or base within Illinois, or may complete an outbound movement of a trailer or semitrailer to an out-of-state destination that was originated in Illinois by a motor vehicle also properly registered and qualified under this Code and not having a situs or base in Illinois, only if the operator thereof did not break bulk of the cargo laden in such inbound or outbound trailer or semitrailer. Adding or unloading intrastate cargo on such inbound or outbound trailer or semitrailer shall be deemed as breaking bulk.

(e) Such agreements or arrangements may also provide for the determination of the proper State in which leased vehicles shall be registered based on the factors set out in subsection (c) above and for apportionment of registration of fleets of leased vehicles by the lessee or by the lessor who leases such vehicles to persons who are not fleet operators.

(f) Such agreements or arrangements may also include reciprocal exemptions, benefits or privileges accruing under The Illinois Driver Licensing Law or The Driver License Compact.

(4) The Secretary of State is further authorized to examine the laws and requirements of other jurisdictions, and, in the absence of a written agreement or arrangement, to issue a written declaration of the extent and nature of the exemptions, benefits and privileges accorded to vehicles of this State by such other jurisdictions, and the extent and nature of reciprocal exemptions, benefits and privileges thereby accorded by this State to the vehicles of such other jurisdictions. A declaration by the Secretary of State may include any, part or all reciprocal exemptions, benefits and privileges or provisions as may be included within an agreement or arrangement.

(5) All agreements, arrangements, declarations and amendments thereto, shall be in writing and become effective when signed by the Secretary of State, and copies of all such documents shall be available to the public upon request.

(6) The Secretary of State is further authorized to require the display by foreign registered trucks, truck-tractors and buses, entitled to reciprocal benefits, exemptions or privileges hereunder, a reciprocity permit for external display before any such reciprocal benefits, exemptions or privileges are granted. The Secretary of State shall provide suitable application forms for such permit and shall promulgate and publish reasonable rules and regulations for the administration and enforcement of the provisions of this Code including a provision for revocation of such permit as to any vehicle operated wilfully in violation of the terms of any reciprocal agreement, arrangement or declaration or in violation of the Illinois Motor Carrier of Property Law, as amended.

(7) (a) Upon the suspension, revocation or denial of one or more of all reciprocal benefits, privileges and exemptions existing pursuant to the terms and provisions of this Code or by virtue of a reciprocal agreement or arrangement or declaration thereunder; or, upon the suspension, revocation or denial of a reciprocity permit; or, upon any action or inaction of the Secretary in the administration and enforcement of the provisions of this Code, any person, resident or nonresident, so aggrieved, may serve upon the Secretary, a petition in writing and under oath, setting forth the grievance of the petitioner, the grounds and basis for the relief sought, and all necessary facts and particulars, and request an administrative hearing thereon. Within 20 days, the Secretary shall set a hearing date as early as practical. The Secretary may, in his discretion, supply forms for such a petition. The Secretary may require the payment of a fee of not more than $50 for the filing of any petition, motion, or request for hearing conducted pursuant to this Section. These fees must be deposited into the Secretary of State DUI Administration Fund, a special fund that is hereby created in the State treasury, and, subject to appropriation and as directed by the Secretary of State, shall be used to fund the operation of the hearings department of the Office
of the Secretary of State and for no other purpose. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(b) The Secretary may likewise, in his discretion and upon his own petition, order a hearing, when in his best judgment, any person is not entitled to the reciprocal benefits, privileges and exemptions existing pursuant to the terms and provisions of this Code or under a reciprocal agreement or arrangement or declaration thereunder or that a vehicle owned or operated by such person is improperly registered or licensed, or that an Illinois resident has improperly registered or licensed a vehicle in another jurisdiction for the purposes of violating or avoiding the registration laws of this State.

(c) The Secretary shall notify a petitioner or any other person involved of such a hearing, by giving at least 10 days notice, in writing, by U.S. Mail, Registered or Certified, or by personal service, at the last known address of such petitioner or person, specifying the time and place of such hearing. Such hearing shall be held before the Secretary, or any person as he may designate, and unless the parties mutually agree to some other county in Illinois, the hearing shall be held in the County of Sangamon or the County of Cook. Appropriate records of the hearing shall be kept, and the Secretary shall issue or cause to be issued, his decision on the case, within 30 days after the close of such hearing or within 30 days after receipt of the transcript thereof, and a copy shall likewise be served or mailed to the petitioner or person involved.

(d) The actions or inactions or determinations, or findings and decisions upon an administrative hearing, of the Secretary, shall be subject to judicial review in the Circuit Court of the County of Sangamon or the County of Cook, and the provisions of the Administrative Review Law, and all amendments and modifications thereof and rules adopted pursuant thereto, apply to and govern all such reviewable matters.

Sec. 3-404. Vehicles of second division carrying persons or property - Required documents. The Secretary of State shall require an appropriate document, including but not limited to a bill of lading, trip manifest or dispatch record, to be carried, on all vehicles of the second division, carrying persons or property setting forth therein:

(a) the point of origin and destination of the vehicle and its cargo or the persons being carried;
(b) whether the movement is for-hire or not-for-hire; and
(c) whether the movement is intrastate or interstate as defined by this Act.

The Secretary of State shall promulgate and publish reasonable rules and regulations for the administration and enforcement of this requirement. Vehicles bearing valid current Illinois registration plate or plates or digital registration plate or plates and registration stickers or digital registration stickers where applicable shall be exempted from such requirement by the Secretary of State whether the movement is "intrastate" or "interstate" as defined in this Act.

Sec. 3-412. Registration plates or digital registration plates and registration stickers or digital registration stickers to be furnished by the Secretary of State.

However, the issuance of annual registration stickers or digital registration stickers to vehicles registered under the provisions of Sections 3-402.1 and 3-405.3 of this Code may not be required if the Secretary deems the issuance unnecessary.

However, for apportionment plates issued to vehicles registered under Section 3-402.1 and fleet plates issued to vehicles registered under Section 3-405.3, the phrase "Land of Lincoln" may be omitted to allow for the word "apportioned", the word "fleet", or other similar language to be displayed. Registration plates or digital registration plates issued to a vehicle registered as a fleet vehicle may display a designation determined by the Secretary.

The Secretary may in his discretion prescribe that letters be used as prefixes only on registration plates or digital registration plates issued to vehicles of the first division which are registered under this Code and only as suffixes on registration plates or digital registration plates issued to other vehicles. (c) Each registration plate or digital registration plate and the required letters and numerals thereon, except the year number for which issued, shall be of sufficient size to be plainly readable from a distance of 100 feet during daylight, and shall be coated with reflectorizing material. The dimensions of the plate issued to vehicles of the first division shall be 6 by 12 inches.

(e) The Secretary of State shall issue for every passenger car used as a taxicab or livery, distinctive registration plates or digital registration plates.

(f) The Secretary of State shall issue for every motorcycle distinctive registration plates or digital registration plates distinguishing between motorcycles having 150 or more cubic centimeters piston displacement, or having less than 150 cubic centimeter piston displacement.

If the motor vehicle has more than one registered owner, the owners may select one registered owner's birthday as the date of registration expiration. The Secretary may adopt any rules necessary to implement this subsection.

(b) Vehicle registrations of vehicles of the first division shall be for a calendar year, 2 calendar year, 3 calendar year, or 5 calendar year basis as provided for in this Chapter.

(c) An ordinance adopted under this Section must also give the vehicle owner an opportunity to be heard upon the filing of a timely petition with the municipality. A vehicle owner may contest the alleged tax liability either through an adjudication by mail or at an administrative hearing, at the option of the vehicle owner. The Secretary's notice shall state in substance the information contained in the certified report from the municipality to the Secretary, and shall be effective as specified by subsection (c) of Section 6-211 of this Code. The notice shall also inform the person of the person's right to a hearing under subsection (g).

(g) An administrative hearing with the Office of the Secretary of State to contest an impending suspension or a suspension made under this Section may be had upon filing a written request with the Secretary of State. necessary vehicle tax sticker or that inclusion of that person's name or registration number on the certified report was in error.

A municipality that files a certified report with the Secretary of State under this Section shall reimburse the Secretary for all reasonable costs incurred by the Secretary as a result of the filing of the report, including but not limited to the costs of providing the notice required under subsection (f) and the costs incurred by the Secretary in any hearing conducted with respect to the report under this subsection and any appeal from that hearing.

(h) After the expiration of the time specified under subsection (g), the Secretary of State shall, unless the suspension is successfully contested, suspend the registration of the vehicle until the Secretary receives notice under subsection (i).

(i) Any municipality making a certified report to the Secretary of State under this subsection shall notify the Secretary of State, in a form prescribed by the Secretary, whenever a person named in the certified report has subsequently paid a vehicle tax or whenever the municipality determines that the original report was in error. A certified copy of the notification shall also be given upon request and at no additional charge to the person named in the report. Upon receipt of the notification or presentation of a certified copy of the notification by the municipality, the Secretary of State shall terminate the suspension.

(j) To facilitate enforcement of municipal vehicle tax liability, a municipality may provide by ordinance for a program of vehicle immobilization as provided by Section 11-1430.1 of this Code.

officer.

New matter indicated by italics- deletions by strikeout
(a) The offense of aggravated fleeing or attempting to elude a peace officer is committed by any driver or operator of a motor vehicle who flees or attempts to elude a peace officer, after being given a visual or audible signal by a peace officer in the manner prescribed in subsection (a) of Section 11-204 of this Code, and such flight or attempt to elude:

(1) is at a rate of speed at least 21 miles per hour over the legal speed limit;
(2) causes bodily injury to any individual;
(3) causes damage in excess of $300 to property;
(4) involves disobedience of 2 or more official traffic control devices; or
(5) involves the concealing or altering of the vehicle's registration plate or digital registration plate.

(b) Any person convicted of a first violation of this Section shall be guilty of a Class 4 felony. Upon notice of such a conviction the Secretary of State shall forthwith revoke the driver's license of the person so convicted, as provided in Section 6-205 of this Code. Any person convicted of a second or subsequent violation of this Section shall be guilty of a Class 3 felony, and upon notice of such a conviction the Secretary of State shall forthwith revoke the driver's license of the person convicted, as provided in Section 6-205 of the Code.

625 ILCS 5/11-208.6
Sec. 11-208.6. Automated traffic law enforcement system.
(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with a red light signal to produce recorded images of motor vehicles entering an intersection against a red signal indication in violation of Section 11-306 of this Code or a similar provision of a local ordinance.

An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

New matter indicated by italics- deletions by strikeout
(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

1. 2 or more photographs;
2. 2 or more microphotographs;
3. 2 or more electronic images; or
4. a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle.

(b-5) A municipality or county that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(c) Except as provided under Section 11-208.8 of this Code, a county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to provide recorded images of a motor vehicle for the purpose of recording its speed. Except as provided under Section 11-208.8 of this Code, the regulation of the use of automated traffic law enforcement systems to record vehicle speeds is an exclusive power and function of the State. This subsection (c) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(c-5) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where the motor vehicle comes to a complete stop and does not enter the intersection, as defined by Section 1-132 of this Code, during the cycle of the red signal indication unless one or more pedestrians or bicyclists are present, even if the motor vehicle stops at a point past a stop line or crosswalk where a driver is required to stop, as specified in subsection (c) of Section 11-306 of this Code or a similar provision of a local ordinance.

(c-6) A county, or a municipality with less than 2,000,000 inhabitants, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where a motorcyclist enters an intersection against a red signal indication when the red signal fails to change to a green signal within a reasonable period of time not less than 120 seconds because of a signal malfunction.

New matter indicated by italics- deletions by strikeout
or because the signal has failed to detect the arrival of the motorcycle due to the motorcycle's size or weight.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automatic traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

The notice shall include:

1. the name and address of the registered owner of the vehicle;
2. the registration number of the motor vehicle involved in the violation;
3. the violation charged;
4. the location where the violation occurred;
5. the date and time of the violation;
6. a copy of the recorded images;
7. the amount of the civil penalty imposed and the requirements of any traffic education program imposed and the date by which the civil penalty should be paid and the traffic education program should be completed;
8. a statement that recorded images are evidence of a violation of a red light signal;
9. a warning that failure to pay the civil penalty, to complete a required traffic education program, or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle;
10. a statement that the person may elect to proceed by:
   A. paying the fine, completing a required traffic education program, or both; or
   B. challenging the charge in court, by mail, or by administrative hearing; and
11. a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(e) If a person charged with a traffic violation, as a result of an automated traffic law enforcement system, does not pay the fine or
complete a required traffic education program, or both, or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to complete a required traffic education program or to pay any fine or penalty due and owing, or both, as a result of a combination of 5 violations of the automated traffic law enforcement system or the automated speed enforcement system under Section 11-208.8 of this Code.

(f) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(g) Recorded images made by an automatic traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(h) The court or hearing officer may consider in defense of a violation:

1. that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;

2. that the driver of the vehicle passed through the intersection when the light was red either (i) in order to yield the right-of-way to an emergency vehicle or (ii) as part of a funeral procession; and

3. any other evidence or issues provided by municipal or county ordinance.

(i) To demonstrate that the motor vehicle or the registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(j) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor

vehicle owner is subject to a civil penalty not exceeding $100 or the completion of a traffic education program, or both, plus an additional penalty of not more than $100 for failure to pay the original penalty or to complete a required traffic education program, or both, in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle.

(j-3) A registered owner who is a holder of a valid commercial driver's license is not required to complete a traffic education program.

(j-5) For purposes of the required traffic education program only, a registered owner may submit an affidavit to the court or hearing officer swearing that at the time of the alleged violation, the vehicle was in the custody and control of another person. The affidavit must identify the person in custody and control of the vehicle, including the person's name and current address. The person in custody and control of the vehicle at the time of the violation is required to complete the required traffic education program. If the person in custody and control of the vehicle at the time of the violation completes the required traffic education program, the registered owner of the vehicle is not required to complete a traffic education program.

(k) An intersection equipped with an automated traffic law enforcement system must be posted with a sign visible to approaching traffic indicating that the intersection is being monitored by an automated traffic law enforcement system.

(k-3) A municipality or county that has one or more intersections equipped with an automated traffic law enforcement system must provide notice to drivers by posting the locations of automated traffic law systems on the municipality or county website.

(k-5) An intersection equipped with an automated traffic law enforcement system must have a yellow change interval that conforms with the Illinois Manual on Uniform Traffic Control Devices (IMUTCD) published by the Illinois Department of Transportation.

(k-7) A municipality or county operating an automated traffic law enforcement system shall conduct a statistical analysis to assess the safety impact of each automated traffic law enforcement system at an intersection following installation of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a
period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection (k-7) shall be made available to the public and shall be published on the website of the municipality or county. If the statistical analysis for the 36 month period following installation of the system indicates that there has been an increase in the rate of accidents at the approach to the intersection monitored by the system, the municipality or county shall undertake additional studies to determine the cause and severity of the accidents, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the accidents at that intersection.

(l) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(m) This Section applies only to the counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will and to municipalities located within those counties.

(n) The fee for participating in a traffic education program under this Section shall not exceed $25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

(o) A municipality or county shall make a certified report to the Secretary of State pursuant to Section 6-306.5 of this Code whenever a registered owner of a vehicle has failed to pay any fine or penalty due and owing as a result of a combination of 5 offenses for automated traffic law or speed enforcement system violations.

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the

period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The drivers license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section.

Upon the provision of information by the lessor pursuant to this subsection, the county or municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

Sec. 11-208.8. Automated speed enforcement systems in safety zones.

(a) As used in this Section:

"Automated speed enforcement system" means a photographic device, radar device, laser device, or other electrical or mechanical device or devices installed or utilized in a safety zone and designed to record the speed of a vehicle and obtain a clear photograph or other recorded image of the vehicle and the vehicle's registration plate or digital registration plate while the driver is violating Article VI of Chapter 11 of this Code or a similar provision of a local ordinance.

An automated speed enforcement system is a system, located in a safety zone which is under the jurisdiction of a municipality, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

"Owner" means the person or entity to whom the vehicle is registered.

"Recorded image" means images recorded by an automated speed enforcement system on:

(1) 2 or more photographs;
(2) 2 or more microphotographs;
(3) 2 or more electronic images; or
(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the

New matter indicated by italics- deletions by strikeout
registration plate or digital registration plate number of the motor vehicle.

"Safety zone" means an area that is within one-eighth of a mile from the nearest property line of any public or private elementary or secondary school, or from the nearest property line of any facility, area, or land owned by a school district that is used for educational purposes approved by the Illinois State Board of Education, not including school district headquarters or administrative buildings. A safety zone also includes an area that is within one-eighth of a mile from the nearest property line of any facility, area, or land owned by a park district used for recreational purposes. However, if any portion of a roadway is within either one-eighth mile radius, the safety zone also shall include the roadway extended to the furthest portion of the next furthest intersection. The term "safety zone" does not include any portion of the roadway known as Lake Shore Drive or any controlled access highway with 8 or more lanes of traffic.

(a-5) The automated speed enforcement system shall be operational and violations shall be recorded only at the following times:

(i) if the safety zone is based upon the property line of any facility, area, or land owned by a school district, only on school days and no earlier than 6 a.m. and no later than 8:30 p.m. if the school day is during the period of Monday through Thursday, or 9 p.m. if the school day is a Friday; and

(ii) if the safety zone is based upon the property line of any facility, area, or land owned by a park district, no earlier than one hour prior to the time that the facility, area, or land is open to the public or other patrons, and no later than one hour after the facility, area, or land is closed to the public or other patrons.

(b) A municipality that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(c) Notwithstanding any penalties for any other violations of this Code, the owner of a motor vehicle used in a traffic violation recorded by an automated speed enforcement system shall be subject to the following penalties:

(1) if the recorded speed is no less than 6 miles per hour and no more than 10 miles per hour over the legal speed limit, a
civil penalty not exceeding $50, plus an additional penalty of not more than $50 for failure to pay the original penalty in a timely manner; or

(2) if the recorded speed is more than 10 miles per hour over the legal speed limit, a civil penalty not exceeding $100, plus an additional penalty of not more than $100 for failure to pay the original penalty in a timely manner.

A penalty may not be imposed under this Section if the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a speeding violation occurring within one-eighth of a mile and 15 minutes of the violation that was recorded by the system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle. A law enforcement officer is not required to be present or to witness the violation. No penalty may be imposed under this Section if the recorded speed of a vehicle is 5 miles per hour or less over the legal speed limit. The municipality may send, in the same manner that notices are sent under this Section, a speed violation warning notice where the violation involves a speed of 5 miles per hour or less above the legal speed limit.

(d) The net proceeds that a municipality receives from civil penalties imposed under an automated speed enforcement system, after deducting all non-personnel and personnel costs associated with the operation and maintenance of such system, shall be expended or obligated by the municipality for the following purposes:

(i) public safety initiatives to ensure safe passage around schools, and to provide police protection and surveillance around schools and parks, including but not limited to: (1) personnel costs; and (2) non-personnel costs such as construction and maintenance of public safety infrastructure and equipment;

(ii) initiatives to improve pedestrian and traffic safety;

(iii) construction and maintenance of infrastructure within the municipality, including but not limited to roads and bridges; and

(iv) after school programs.

(e) For each violation of a provision of this Code or a local ordinance recorded by an automated speed enforcement system, the municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The
notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

(f) The notice required under subsection (e) of this Section shall include:

(1) the name and address of the registered owner of the vehicle;
(2) the registration number of the motor vehicle involved in the violation;
(3) the violation charged;
(4) the date, time, and location where the violation occurred;
(5) a copy of the recorded image or images;
(6) the amount of the civil penalty imposed and the date by which the civil penalty should be paid;
(7) a statement that recorded images are evidence of a violation of a speed restriction;
(8) a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle;
(9) a statement that the person may elect to proceed by:
   (A) paying the fine; or
   (B) challenging the charge in court, by mail, or by administrative hearing; and
(10) a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(g) If a person charged with a traffic violation, as a result of an automated speed enforcement system, does not pay the fine or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to pay any fine or penalty due and owing, or both, as a result of a combination of 5 violations of the automated speed enforcement system or the automated traffic law under Section 11-208.6 of this Code.

(h) Based on inspection of recorded images produced by an automated speed enforcement system, a notice alleging that the violation

New matter indicated by italics- deletions by strikeout
occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(i) Recorded images made by an automated speed enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(j) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control or in the possession of the owner at the time of the violation;

(2) that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a speeding violation occurring within one-eighth of a mile and 15 minutes of the violation that was recorded by the system; and

(3) any other evidence or issues provided by municipal ordinance.

(k) To demonstrate that the motor vehicle or the registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(l) A roadway equipped with an automated speed enforcement system shall be posted with a sign conforming to the national Manual on Uniform Traffic Control Devices that is visible to approaching traffic stating that vehicle speeds are being photo-enforced and indicating the speed limit. The municipality shall install such additional signage as it determines is necessary to give reasonable notice to drivers as to where automated speed enforcement systems are installed.

(m) A roadway where a new automated speed enforcement system is installed shall be posted with signs providing 30 days notice of the use of a new automated speed enforcement system prior to the issuance of any citations through the automated speed enforcement system.
(n) The compensation paid for an automated speed enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(o) A municipality shall make a certified report to the Secretary of State pursuant to Section 6-306.5 of this Code whenever a registered owner of a vehicle has failed to pay any fine or penalty due and owing as a result of a combination of 5 offenses for automated speed or traffic law enforcement system violations.

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The drivers license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section.

Upon the provision of information by the lessor pursuant to this subsection, the municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

(q) A municipality using an automated speed enforcement system must provide notice to drivers by publishing the locations of all safety zones where system equipment is installed on the website of the municipality.

(r) A municipality operating an automated speed enforcement system shall conduct a statistical analysis to assess the safety impact of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection

shall be made available to the public and shall be published on the website of the municipality.

(s) This Section applies only to municipalities with a population of 1,000,000 or more inhabitants.

Sec. 11-208.9. Automated traffic law enforcement system; approaching, overtaking, and passing a school bus.

(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with the visual signals on a school bus, as specified in Sections 12-803 and 12-805 of this Code, to produce recorded images of motor vehicles that fail to stop before meeting or overtaking, from either direction, any school bus stopped at any location for the purpose of receiving or discharging pupils in violation of Section 11-1414 of this Code or a similar provision of a local ordinance.

An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(9) a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle;

(h) Recorded images made by an automated traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(i) The court or hearing officer may consider in defense of a violation:

1. that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;
2. that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a violation of Section 11-1414 of this Code within one-eighth of a mile and 15 minutes of the violation that was recorded by the system;
3. that the visual signals required by Sections 12-803 and 12-805 of this Code were damaged, not activated, not present in violation of Sections 12-803 and 12-805, or inoperable; and
4. any other evidence or issues provided by municipal or county ordinance.

(j) To demonstrate that the motor vehicle or the registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(k) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding $150 for a first time violation or $500 for a second or subsequent violation, plus an additional penalty of not more than $100 for failure to pay the original penalty in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed is new matter indicated by italics.
penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle, but may be recorded by the municipality or county for the purpose of determining if a person is subject to the higher fine for a second or subsequent offense.

(l) A school bus equipped with an automated traffic law enforcement system must be posted with a sign indicating that the school bus is being monitored by an automated traffic law enforcement system.

(m) A municipality or county that has one or more school buses equipped with an automated traffic law enforcement system must provide notice to drivers by posting a list of school districts using school buses equipped with an automated traffic law enforcement system on the municipality or county website. School districts that have one or more school buses equipped with an automated traffic law enforcement system must provide notice to drivers by posting that information on their websites.

(n) A municipality or county operating an automated traffic law enforcement system shall conduct a statistical analysis to assess the safety impact in each school district using school buses equipped with an automated traffic law enforcement system following installation of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection shall be made available to the public and shall be published on the website of the municipality or county. If the statistical analysis for the 36-month period following installation of the system indicates that there has been an increase in the rate of accidents at the approach to school buses monitored by the system, the municipality or county shall undertake additional studies to determine the cause and severity of the accidents, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the accidents involving school buses equipped with an automated traffic law enforcement system.
(o) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The drivers license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section. Upon the provision of information by the lessor pursuant to this subsection, the county or municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

(q) A municipality or county shall make a certified report to the Secretary of State pursuant to Section 6-306.5 of this Code whenever a registered owner of a vehicle has failed to pay any fine or penalty due and owing as a result of a combination of 5 offenses for automated traffic law or speed enforcement system violations.

(r) After a municipality or county enacts an ordinance providing for automated traffic law enforcement systems under this Section, each school district within that municipality or county's jurisdiction may implement an automated traffic law enforcement system under this Section. The elected school board for that district must approve the implementation of an automated traffic law enforcement system. The school district shall be responsible for entering into a contract, approved by the elected school board of that district, with vendors for the installation, maintenance, and operation of the automated traffic law enforcement system. The school district must enter into an intergovernmental agreement, approved by the elected school board of that district, with the municipality or county with jurisdiction over that school district for the administration of the automated traffic law enforcement system. The proceeds from a school district's automated traffic law enforcement system's fines shall be divided equally between the school district and the municipality or county administering the automated traffic law enforcement system.

Sec. 11-1201.1. Automated Railroad Crossing Enforcement System.

(a) For the purposes of this Section, an automated railroad grade crossing enforcement system is a system in a municipality or county operated by a governmental agency that produces a recorded image of a motor vehicle's violation of a provision of this Code or local ordinance and is designed to obtain a clear recorded image of the vehicle and vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

As used in this Section, "recorded images" means images recorded by an automated railroad grade crossing enforcement system on:

1. 2 or more photographs;
2. 2 or more microphotographs;
3. 2 or more electronic images; or
4. a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle.

(b) The Illinois Commerce Commission may, in cooperation with a local law enforcement agency, establish in any county or municipality an automated railroad crossing enforcement system at any railroad grade crossing equipped with a crossing gate designated by local authorities. Local authorities desiring the establishment of an automated railroad crossing enforcement system must initiate the process by enacting a local ordinance requesting the creation of such a system. After the ordinance has been enacted, and before any additional steps toward the establishment of the system are undertaken, the local authorities and the Commission must agree to a plan for obtaining, from any combination of federal, State, and local funding sources, the moneys required for the purchase and installation of any necessary equipment.

(b-1) (Blank.)

(c) For each violation of Section 11-1201 of this Code or a local ordinance recorded by an automated railroad grade crossing enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, no later than 90 days after the violation.

The notice shall include:

(1) the name and address of the registered owner of the vehicle;
(2) the registration number of the motor vehicle involved in the violation;
(3) the violation charged;
(4) the location where the violation occurred;
(5) the date and time of the violation;
(6) a copy of the recorded images;
(7) the amount of the civil penalty imposed and the date by which the civil penalty should be paid;
(8) a statement that recorded images are evidence of a violation of a railroad grade crossing;
(9) a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle; and
(10) a statement that the person may elect to proceed by:
   (A) paying the fine; or
   (B) challenging the charge in court, by mail, or by administrative hearing.

(d) If a person charged with a traffic violation, as a result of an automated railroad grade crossing enforcement system, does not pay or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to pay any fine or penalty due and owing as a result of 5 violations of the automated railroad grade crossing enforcement system.

(d-1) (Blank.)
(d-2) (Blank.)

(e) Based on inspection of recorded images produced by an automated railroad grade crossing enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(e-1) Recorded images made by an automated railroad grade crossing enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for

statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(e-2) The court or hearing officer may consider the following in the defense of a violation:

(1) that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;

(2) that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation for the same offense;

(3) any other evidence or issues provided by municipal or county ordinance.

(e-3) To demonstrate that the motor vehicle or the registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(f) Rail crossings equipped with an automatic railroad grade crossing enforcement system shall be posted with a sign visible to approaching traffic stating that the railroad grade crossing is being monitored, that citations will be issued, and the amount of the fine for violation.

(g) The compensation paid for an automated railroad grade crossing enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of citations issued or the revenue generated by the system.

(h) (Blank.)

(i) If any part or parts of this Section are held by a court of competent jurisdiction to be unconstitutional, the unconstitutionality shall not affect the validity of the remaining parts of this Section. The General Assembly hereby declares that it would have passed the remaining parts of this Section if it had known that the other part or parts of this Section would be declared unconstitutional.

(j) Penalty. A civil fine of $250 shall be imposed for a first violation of this Section, and a civil fine of $500 shall be imposed for a second or subsequent violation of this Section.

The Agency shall cooperate in the enforcement of this Chapter by (i) identifying probable violations through computer matching of vehicle registration records and inspection records; (ii) sending one notice to each suspected violator identified through such matching, stating that registration and inspection records indicate that the vehicle owner has not complied with this Chapter; (iii) directing the vehicle owner to notify the Agency or the Secretary of State if he or she has ceased to own the vehicle or has changed residence; and (iv) advising the vehicle owner of the consequences of violating this Chapter.

The Agency shall cooperate with the Secretary of State in the administration of this Chapter and the related provisions of Chapter 3, and shall provide the Secretary of State with such information as the Secretary of State may deem necessary for these purposes, including regular and timely access to vehicle inspection records.

The Secretary of State shall cooperate with the Agency in the administration of this Chapter and shall provide the Agency with such information as the Agency may deem necessary for the purposes of this Chapter, including regular and timely access to vehicle registration records. Section 2-123 of this Code does not apply to the provision of this information.

(2) The Secretary of State shall suspend either the driving privileges or the vehicle registration, or both, of any vehicle owner who has not complied with this Chapter, if (i) the vehicle owner has failed to satisfactorily respond to the one notice sent by the Agency under paragraph (a)(1), and (ii) the Secretary of State has mailed the vehicle owner a notice that the suspension will be imposed if the owner does not comply within a stated period, and the Secretary of State has not received satisfactory evidence of compliance within that period. The Secretary of State shall send this notice only after receiving a statement from the Agency that the vehicle owner has failed to comply with this Section. Notice
shall be effective as specified in subsection (c) of Section 6-211 of this Code.

A suspension under this paragraph (a)(2) shall not be terminated until satisfactory proof of compliance has been submitted to the Secretary of State. No driver's license or permit, or renewal of a license or permit, may be issued to a person whose driving privileges have been suspended under this Section until the suspension has been terminated. No vehicle registration or registration plate or digital registration plate that has been suspended under this Section may be reinstated or renewed, or transferred by the owner to any other vehicle, until the suspension has been terminated.

(b) Registration Denial Enforcement.

(1) No later than January 1, 2008, and consistent with Title 40, Part 51, Section 51.361 of the Code of Federal Regulations, the Agency and the Secretary of State shall design, implement, maintain, and operate a registration denial enforcement mechanism to ensure compliance with the provisions of this Chapter, and cooperate with other State and local governmental entities to effectuate its provisions. Specifically, this enforcement mechanism shall contain, at a minimum, the following elements:

(A) An external, readily visible means of determining vehicle compliance with the registration requirement to facilitate enforcement of the program;

(B) A biennial schedule of testing that clearly determines when a vehicle shall comply prior to registration;

(C) A testing certification mechanism (either paper-based or electronic) that shall be used for registration purposes and clearly states whether the certification is valid for purposes of registration, including:

(i) Expiration date of the certificate;

(ii) Unambiguous vehicle identification information; and

(iii) Whether the vehicle passed or received a waiver;

(D) A commitment to routinely issue citations to motorists with expired or missing license plates, with either no registration or an expired registration, and with no

(E) A commitment to structure the penalty system to deter noncompliance with the registration requirement through the use of mandatory minimum fines (meaning civil, monetary penalties) constituting a meaningful deterrent and through a requirement that compliance be demonstrated before a case can be closed;

(F) Ensurance that evidence of testing is available and checked for validity at the time of a new registration of a used vehicle or registration renewal;

(G) Prevention of owners or lessors from avoiding testing through manipulation of the title or registration system; title transfers may re-start the clock on the inspection cycle only if proof of current compliance is required at title transfer;

(H) Prevention of the fraudulent initial classification or reclassification of a vehicle from subject to non-subject or exempt by requiring proof of address changes prior to registration record modification, and documentation from the testing program (or delegate) certifying based on a physical inspection that the vehicle is exempt;

(I) Limiting and tracking of the use of time extensions of the registration requirement to prevent repeated extensions;

(J) Providing for meaningful penalties for cases of registration fraud;

(K) Limiting and tracking exemptions to prevent abuse of the exemption policy for vehicles claimed to be out-of-state; and

(L) Encouraging enforcement of vehicle registration transfer requirements when vehicle owners move into the affected counties by coordinating with local and State enforcement agencies and structuring other activities (e.g., driver's license issuance) to effect registration transfers.

(2) The Agency shall cooperate in the enforcement of this Chapter by providing the owner or owners of complying vehicles

The Secretary of State shall cooperate with the Agency in the administration of this Chapter and shall provide the Agency with such information as the Agency may deem necessary for the purposes of this Chapter, including regular and timely access to vehicle registration records. Section 2-123 of this Code does not apply to the provision of this information.

(3) Consistent with the requirements of Section 13C-15, the Secretary of State shall not renew any vehicle registration for a subject vehicle that has not complied with this Chapter. Additionally, the Secretary of State shall not allow the issuance of a new registration nor allow the transfer of a registration to a subject vehicle that has not complied with this Chapter.

(4) The Secretary of State shall suspend the registration of any vehicle which has permanent vehicle registration plates or digital registration plates that has not complied with the requirements of this Chapter. A suspension under this paragraph (4) shall not be terminated until satisfactory proof of compliance has been submitted to the Secretary of State. No permanent vehicle registration plate or digital registration plate that has been suspended under this Section may be reinstated or renewed, or transferred by the owner to any other vehicle, until the suspension has been terminated.

Sec. 20-401. Saving provisions. The repeal of any Act by this Chapter shall not affect any right accrued or liability incurred under said repealed Act to the effective date hereof.

The provisions of this Act, insofar as they are the same or substantially the same as those of any prior Act, shall be construed as a continuation of said prior Act. Any license, permit, certificate, registration, registration plate or digital registration plate, registration sticker or digital

Furthermore, when any section of any of the various laws or acts repealed by this Act is amended by an Amendatory Act of the 76th General Assembly, and such amended section becomes law prior to the effective date of this Act, then it is the intent of the General Assembly that the corresponding section of this Code and Act be construed so as to give effect to such amendment as if it were made a part of this Code. Should, however, any such Amendatory Act amend a definition of a word or phrase in an act repealed by this Act, and such becomes law prior to the effective date of this Act, it is the further intent of the General Assembly that the corresponding section of this Code specifically defining such word or phrase be construed so as to give effect to such amendment, and if not specifically defined, that the corresponding section of Chapter 1 of this Code be construed so as to give effect to such amendment. In the event that a new section is added to an act repealed by this Act by an Act of the 76th General Assembly, it is the further intent of the General Assembly that this Code be construed as if such were made a part of this Code.

Sec. 11. The Authority shall have power:

(a) To enter upon lands, waters and premises in the State for the purpose of making surveys, soundings, drillings and examinations as may be necessary, expedient or convenient for the purposes of this Act, and such entry shall not be deemed to be a trespass, nor shall an entry for such purpose be deemed an entry under any condemnation proceedings which may be then pending; provided, however, that the Authority shall make reimbursement for any actual damage resulting to such lands, waters and premises as the result of such activities.

(b) To construct, maintain and operate stations for the collection of tolls or charges upon and along any toll highways.

(c) To provide for the collection of tolls and charges for the privilege of using the said toll highways. Before it adopts an increase in the rates for toll, the Authority shall hold a public hearing at which any person may appear, express opinions, suggestions, or objections, or direct inquiries relating to the proposed increase. Any person may submit a written statement to the Authority at the hearing, whether appearing in person or not. The hearing shall be held in the county in which the proposed increase of the rates is to take place. The Authority shall give notice of the hearing by advertisement on 3 successive days at least 15 days prior to the date of the hearing in a daily newspaper of general circulation within the county within which the hearing is held. The notice shall state the date, time, and place of the hearing, shall contain a description of the proposed increase, and shall specify how interested persons may obtain copies of any reports, resolutions, or certificates describing the basis on which the proposed change, alteration, or modification was calculated. After consideration of any statements filed or oral opinions, suggestions, objections, or inquiries made at the hearing, the Authority may proceed to adopt the proposed increase of the rates for toll. No change or alteration in or modification of the rates for toll shall be effective unless at least 30 days prior to the effective date of such rates notice thereof shall be given to the public by publication in a newspaper of general circulation, and such notice, or notices, thereof shall be posted and publicly displayed at each and every toll station upon or along said toll highways.

(d) To construct, at the Authority’s discretion, grade separations at intersections with any railroads, waterways, street railways, streets, thoroughfares, public roads or highways intersected by the said toll highways, and to change and adjust the lines and grades thereof so as to

The Authority is authorized to provide such grade separations or interchange improvements at its own cost or to enter into contracts or agreements with reference to division of cost therefor with any municipality or political subdivision of the State of Illinois, or with the Federal Government, or any agency thereof, or with any corporation, individual, firm, person or association. Section 5. The Code of Civil Procedure is amended by changing Section 15-1503 as follows:

(735 ILCS 5/15-1503) (from Ch. 110, par. 15-1503)
Sec. 15-1503. Notice of Foreclosure.
(a) A notice of foreclosure, whether the foreclosure is initiated by complaint or counterclaim, made in accordance with this Section and recorded in the county in which the mortgaged real estate is located shall be constructive notice of the pendency of the foreclosure to every person claiming an interest in or lien on the mortgaged real estate, whose interest or lien has not been recorded prior to the recording of such notice of foreclosure. Such notice of foreclosure must be executed by any party or any party's attorney and shall include (i) the names of all plaintiffs and the case number, (ii) the court in which the action was brought, (iii) the names of title holders of record, (iv) a legal description of the real estate sufficient to identify it with reasonable certainty, (v) a common address or description of the location of the real estate and (vi) identification of the mortgage sought to be foreclosed. An incorrect common address or description of the location, or an immaterial error in the identification of a plaintiff or title holder of record, shall not invalidate the lis pendens effect of the notice under this Section. A notice which complies with this Section shall be deemed to comply with Section 2-1901 of the Code of Civil Procedure and shall have the same effect as a notice filed pursuant to that Section; however, a notice which complies with Section 2-1901 shall not be constructive notice unless it also complies with the requirements of this Section.

(b) With respect to residential real estate, a copy of the notice of foreclosure described in subsection (a) of Section 15-1503 shall be sent by first class mail, postage prepaid, to the municipality within the boundary of which the mortgaged real estate is located, or to the county within the boundary of which the mortgaged real estate is located if the mortgaged real estate is located in an unincorporated territory. A municipality or county must clearly publish on its website a single address to which such notice shall be sent. If a municipality or county does not maintain a

website, then the municipality or county must publicly post in its main office a single address to which such notice shall be sent. In the event that a municipality or county has not complied with the publication requirement in this subsection (b), then the copy of the notice to the municipality or county shall be sent by first class mail, postage prepaid, to the chairperson of the county board or county clerk in the case of a county, to the mayor or city clerk in the case of a city, to the president of the board of trustees or village clerk in the case of a village, or to the president or town clerk in the case of a town. Additionally, if the real estate is located in a city with a population of more than 2,000,000, regardless of whether that city has complied with the publication requirement in this subsection (b), the party must, within 10 days after filing the complaint or counterclaim: (i) send by first class mail, postage prepaid, a copy of the notice of foreclosure to the alderman for the ward in which the real estate is located and (ii) file an affidavit with the court attesting to the fact that the notice was sent to the alderman for the ward in which the real estate is located. The failure to send a copy of the notice to the alderman or to file an affidavit as required shall result in a stay of the foreclosure action on a motion of a party or the court. If the foreclosure action has been stayed by an order of the court, the plaintiff or the plaintiff's representative shall send the notice by certified mail, return receipt requested, or by private carrier that provides proof of delivery, and tender the return receipt or the proof of delivery to the court. After proof of delivery is tendered to the court, the court shall lift the stay of the foreclosure action. 

Results in the dismissal without prejudice of the complaint or counterclaim on a motion of a party or the court. If, after the complaint or counterclaim has been dismissed without prejudice, the party refiles the complaint or counterclaim, then the party must again comply with the requirements that the party send by first class mail, postage prepaid, the notice to the alderman for the ward in which the real estate is located and file an affidavit attesting to the fact that the notice was sent.

(b) Beginning January 1, 2013:
(1) Perchloroethylene drycleaning machines in operation on the effective date of this Section that have a primary control system but not a secondary control system can continue to be used until the end of their useful life, provided that perchloroethylene drycleaning machines that do not have a secondary control system cannot be operated at a facility other than the facility at which they were located on the effective date of this Section.

New matter indicated by italics- deletions by strikeout
(2) Except as allowed under paragraph (1) of subsection (b) of this Section, no person shall install or operate a perchloroethylene drycleaning machine unless the machine has a primary control system and a secondary control system.

Any eligible claimant submitting any other claim for an active drycleaning facility is responsible for the first $5,000 of eligible investigation costs and for the first $15,000 of eligible remedial action costs incurred in connection with the release from the drycleaning facility, and is only eligible for reimbursement for costs that exceed those amounts, subject to any other limitations of this Act.

For purpose of this subsection, the quantity of drycleaning solvents used annually shall be determined as follows:

(1) in the case of an initial applicant, the quantity of drycleaning solvents that the applicant estimates will be used during his or her initial license year. A fee assessed under this subdivision is subject to audited adjustment for that year; or
(2) in the case of a renewal applicant, the quantity of drycleaning solvents actually purchased in the preceding license year.

The Council may adjust licensing fees annually based on the published Consumer Price Index - All Urban Consumers ("CPI-U") or as otherwise determined by the Council.

(d) A license issued under this Section shall expire one year after the date of issuance and may be renewed on reapplication to the Council and submission of proof of payment of the appropriate fee to the Department of Revenue in accordance with subsections (c) and (e). At least 30 days before payment of a renewal licensing fee is due, the Council shall attempt to:

(1) notify the operator of each licensed drycleaning facility concerning the requirements of this Section; and
(2) submit a license fee payment form to the licensed operator of each drycleaning facility.

(e) An operator of a drycleaning facility shall submit the appropriate application form provided by the Agency Council with the license fee in the form of cash, credit card, business check, or guaranteed remittance to the Department of Revenue. Sec. 65. Drycleaning solvent tax.

(a) A tax is imposed upon the use of drycleaning solvent by a person engaged in the business of operating a drycleaning facility in this State at the rate of $10 per gallon of perchloroethylene or other chlorinated drycleaning solvents used in drycleaning operations, $2 per gallon of petroleum-based drycleaning solvent, and $1.75 per gallon of green solvents, unless the green solvent is used at a virgin facility, in which case the rate is $0.35 per gallon. The Board of Council may determine by rule which products are chlorine-based solvents, which products are petroleum-based solvents, and which products are green solvents. All drycleaning solvents shall be considered chlorine-based solvents unless the Board of Council determines that the solvents are petroleum-based drycleaning solvents or green solvents.

(b) The tax imposed by this Act shall be collected from the purchaser at the time of sale by a seller of drycleaning solvents maintaining a place of business in this State and shall be remitted to the Department of Revenue under the provisions of this Act.

(c) The tax imposed by this Act that is not collected by a seller of drycleaning solvents shall be paid directly to the Department of Revenue by the purchaser or end user who is subject to the tax imposed by this Act.

(d) No tax shall be imposed upon the use of drycleaning solvent if the drycleaning solvent will not be used in a drycleaning facility or if a floor stock tax has been imposed and paid on the drycleaning solvent. Prior to the purchase of the solvent, the purchaser shall provide a written and signed certificate to the drycleaning solvent seller stating:

(1) the name and address of the purchaser;
(2) the purchaser's signature and date of signing; and
(3) one of the following:

(A) that the drycleaning solvent will not be used in a drycleaning facility; or
(B) that a floor stock tax has been imposed and paid on the drycleaning solvent.

(e) On January 1, 1998, there is imposed on each operator of a drycleaning facility a tax on drycleaning solvent held by the operator on that date for use in a drycleaning facility. The tax imposed shall be the tax that would have been imposed under subsection (a) if the drycleaning solvent held by the operator on that date had been purchased by the operator during the first year of this Act.

(f) On or before the 25th day of the 1st month following the end of the calendar quarter, a seller of drycleaning solvents who has collected a tax pursuant to this Section during the previous calendar quarter, or a purchaser or end user of drycleaning solvents required under subsection (c) to submit the tax directly to the Department, shall file a return with the Department of Revenue. The return shall be filed on a form prescribed by the Department of Revenue and shall contain information that the Department of Revenue reasonably requires, but at a minimum will require the reporting of the volume of drycleaning solvent sold to each licensed drycleaner. The Department of Revenue shall report quarterly to the Agency Council the volume of drycleaning solvent purchased for the quarter by each licensed drycleaner. Each seller of drycleaning solvent maintaining a place of business in this State who is required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of the tax at the time when he or she is required to file his or her return for the period during which the tax was collected. Purchasers or end users remitting the tax directly to the Department under subsection (c) shall file a return with the Department of Revenue and pay the tax so incurred by the purchaser or end user during the preceding calendar quarter.

Except as provided in this Section, the seller of drycleaning solvents filing the return under this Section shall, at the time of filing the return, pay to the Department the amount of tax imposed by this Act less a discount of 1.75%, or $5 per calendar year, whichever is greater. Failure to timely file the returns and provide to the Department the data requested under this Act will result in disallowance of the reimbursement discount.

(g) The tax on drycleaning solvents used in drycleaning facilities and the floor stock tax shall be administered by Department of Revenue under rules adopted by that Department.

(h) No person shall knowingly sell or transfer drycleaning solvent to an operator of a drycleaning facility that is not licensed by the Agency Council under Section 60.

(j) If any payment provided for in this Section exceeds the seller's liabilities under this Act, as shown on an original return, the seller may credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the seller, the seller's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and the seller shall be liable for penalties and interest on such difference.

The penalties may, upon order of the Board the Council or a court of competent jurisdiction, be made payable to the Drycleaner Environmental Response Trust Fund, to be used in accordance with the provisions of this Drycleaner Environmental Response Trust Fund Act.

may purchase insurance coverage from the insurance account provided that the drycleaning facility to be insured meets the following conditions:

(1) a site investigation designed to identify soil and groundwater contamination resulting from the release of a drycleaning solvent has been completed for the drycleaning facility to be insured and the site investigation has been found adequate by the Council before July 1, 2020 or by the Agency on or after that date. The Council shall determine if the site investigation is adequate. This investigation must be completed by June 30, 2006. Risk factor adjustments utilized to determine actuarially-sound insurance premiums should reflect the range of risk presented by the variety of drycleaning systems, monitoring systems, drycleaning volume, risk management practices, and other factors as determined by the Council. As used in this item, "actuarially sound" is not limited to
Fund premium revenue equaling or exceeding Fund expenditures for the general drycleaning facility population. Actuarially-determined premiums shall be published at least 180 days prior to the premiums becoming effective.

(6) For the year July 1, 2020 through June 30, 2021, and for subsequent years through June 30, 2029, $1,500 per drycleaning facility per year.

(e-5) If an insurer sends a second notice to an owner or operator demanding immediate payment of a past-due premium for insurance services provided pursuant to this Act, the demand for payment must offer a grace period of not less than 30 days during which the owner or operator shall be allowed to pay any premiums due. If payment is made during that period, coverage under this Act shall not be terminated for non-payment by the insurer.

(e-6) If an insurer terminates an owner or operator's coverage under this Act, the insurer must send a written notice to the owner or operator to inform him or her of the termination of that coverage, and that notice must include instructions on how to seek reinstatement of coverage, as well as information concerning any premiums or penalties that might be due.

(f) If coverage is purchased for any part of a year, the purchaser shall pay the full annual premium. The insurance premium is fully earned upon issuance of the insurance policy.

(g) The insurance coverage provided under this Section shall be subject to provided with a $10,000 deductible policy.

(h) A future repeal of this Section shall not terminate the obligations under this Section or authority necessary to administer the obligations until the obligations are satisfied, including but not limited to the payment of claims filed prior to the effective date of any future repeal against the insurance account until moneys in the account are exhausted. Upon exhaustion of the moneys in the account, any remaining claims shall be invalid. If moneys remain in the account following satisfaction of the obligations under this Section, the remaining moneys and moneys due the account shall be deposited in the remedial action account used to assist current insureds to obtain a viable insuring mechanism as determined by the Council after public notice and opportunity for comment.

New matter indicated by italics- deletions by strikeout
Sec. 2-604.2. Requesting remedies from the court.

(a) Except in personal injury actions, every count in every complaint and counterclaim must request specific remedies the party believes it should receive from the court.

In a personal injury action, a party may not claim an amount of money unless necessary to comply with the circuit court rules about where a case is assigned. In a personal injury action, if a complaint is filed that contains an amount claimed and the claim is not necessary to comply with the circuit court rules about where a case is assigned, the complaint shall be dismissed without prejudice on the defendant's motion or on the court's own motion.

(b) A party may request remedies from the court in the alternative. A request for a remedy from the court that is not supported by allegations in the complaint or counterclaim may be objected to by motion or in the answering pleading.

(c) Except in the case of default, the remedies requested from the court do not limit the remedies available. Except in the case of default, if a party seeks remedies other than those listed in the complaint or counterclaim, the court may, by proper order, and upon terms that may be just, protect the adverse party against prejudice by reason of surprise.

In the case of default, if a remedy is sought in the pleading, whether by amendment, counterclaim, or otherwise, that is beyond what the defaulted party requested, notice shall be given to the defaulted party as provided by Illinois Supreme Court Rule 105.

In that proceeding, the court shall enter such orders as it considers necessary to abate the violation and to prevent the violation from continuing or from being renewed in the future. In addition to any injunctive relief granted by the court, an ordinance may further authorize the court to assess fines of up to $1,000 per day for each violation of the ordinance, with each day in violation constituting a new and separate offense. New matter indicated by italics- deletions by strikeout
(1) in the case of probation violations, order the issuance of a notice to the offender to be present by the County Probation Department or such other agency designated by the court to handle probation matters; and in the case of conditional discharge or supervision violations, such notice to the offender shall be issued by the Circuit Court Clerk; and in the case of a violation of a sentence of county impact incarceration, such notice shall be issued by the Sheriff;

(2) order a summons to the offender to be present for hearing; or

(3) order a warrant for the offender's arrest where there is danger of his fleeing the jurisdiction or causing serious harm to others or when the offender fails to answer a summons or notice from the clerk of the court or Sheriff.

Personal service of the petition for violation of probation or the issuance of such warrant, summons or notice shall toll the period of probation, conditional discharge, supervision, or sentence of county impact incarceration until the final determination of the charge, and the term of probation, conditional discharge, supervision, or sentence of county impact incarceration shall not run until the hearing and disposition of the petition for violation.

(b) The court shall conduct a hearing of the alleged violation. The court shall admit the offender to bail pending the hearing unless the alleged violation is itself a criminal offense in which case the offender shall be admitted to bail on such terms as are provided in the Code of Criminal Procedure of 1963, as amended. In any case where an offender remains incarcerated only as a result of his alleged violation of the court's earlier order of probation, supervision, conditional discharge, or county impact incarceration such hearing shall be held within 14 days of the onset of said incarceration, unless the alleged violation is the commission of another offense by the offender during the period of probation, supervision or conditional discharge in which case such hearing shall be held within the time limits described in Section 103-5 of the Code of Criminal Procedure of 1963, as amended.

(c) The State has the burden of going forward with the evidence and proving the violation by the preponderance of the evidence. The evidence shall be presented in open court with the right of confrontation, cross-examination, and representation by counsel.

New matter indicated by italics- deletions by strikeout
(d) Probation, conditional discharge, periodic imprisonment and supervision shall not be revoked for failure to comply with conditions of a sentence or supervision, which imposes financial obligations upon the offender unless such failure is due to his willful refusal to pay.

(e) If the court finds that the offender has violated a condition at any time prior to the expiration or termination of the period, it may continue him on the existing sentence, with or without modifying or enlarging the conditions, or may impose any other sentence that was available under Article 4.5 of Chapter V of this Code or Section 11-501 of the Illinois Vehicle Code at the time of initial sentencing. If the court finds that the person has failed to successfully complete his or her sentence to a county impact incarceration program, the court may impose any other sentence that was available under Article 4.5 of Chapter V of this Code or Section 11-501 of the Illinois Vehicle Code at the time of initial sentencing, except for a sentence of probation or conditional discharge. If the court finds that the offender has violated paragraph (8.6) of subsection (a) of Section 5-6-3, the court shall revoke the probation of the offender. If the court finds that the offender has violated subsection (o) of Section 5-6-3.1, the court shall revoke the supervision of the offender.

(f) The conditions of probation, of conditional discharge, of supervision, or of a sentence of county impact incarceration may be modified by the court on motion of the supervising agency or on its own motion or at the request of the offender after notice and a hearing.

(g) A judgment revoking supervision, probation, conditional discharge, or a sentence of county impact incarceration is a final appealable order.

(h) Resentencing after revocation of probation, conditional discharge, supervision, or a sentence of county impact incarceration shall be under Article 4. The term on probation, conditional discharge or supervision shall not be credited by the court against a sentence of imprisonment or periodic imprisonment unless the court orders otherwise. The amount of credit to be applied against a sentence of imprisonment or periodic imprisonment when the defendant served a term or partial term of periodic imprisonment shall be calculated upon the basis of the actual days spent in confinement rather than the duration of the term.

(i) Instead of filing a violation of probation, conditional discharge, supervision, or a sentence of county impact incarceration, an agent or employee of the supervising agency with the concurrence of his or her supervisor may serve on the defendant a Notice of Intermediate Sanctions.
The Notice shall contain the technical violation or violations involved, the date or dates of the violation or violations, and the intermediate sanctions to be imposed. Upon receipt of the Notice, the defendant shall immediately accept or reject the intermediate sanctions. If the sanctions are accepted, they shall be imposed immediately. If the intermediate sanctions are rejected or the defendant does not respond to the Notice, a violation of probation, conditional discharge, supervision, or a sentence of county impact incarceration shall be immediately filed with the court. The State's Attorney and the sentencing court shall be notified of the Notice of Sanctions. Upon successful completion of the intermediate sanctions, a court may not revoke probation, conditional discharge, supervision, or a sentence of county impact incarceration or impose additional sanctions for the same violation. A notice of intermediate sanctions may not be issued for any violation of probation, conditional discharge, supervision, or a sentence of county impact incarceration which could warrant an additional, separate felony charge. The intermediate sanctions shall include a term of home detention as provided in Article 8A of Chapter V of this Code for multiple or repeat violations of the terms and conditions of a sentence of probation, conditional discharge, or supervision.

(j) When an offender is re-sentenced after revocation of probation that was imposed in combination with a sentence of imprisonment for the same offense, the aggregate of the sentences may not exceed the maximum term authorized under Article 4.5 of Chapter V.

(k)(1) On and after the effective date of this amendatory Act of the 101st General Assembly, this subsection (k) shall apply to arrest warrants in Cook County only. An arrest warrant issued under paragraph (3) of subsection (a) when the underlying conviction is for the offense of theft, retail theft, or possession of a controlled substance shall remain active for a period not to exceed 10 years from the date the warrant was issued unless a motion to extend the warrant is filed by the office of the State's Attorney or by, or on behalf of, the agency supervising the wanted person. A motion to extend the warrant shall be filed within one year before the warrant expiration date and notice shall be provided to the office of the sheriff.

(2) If a motion to extend a warrant issued under paragraph (3) of subsection (a) is not filed, the warrant shall be quashed and recalled as a matter of law under paragraph (1) of this subsection (k) and the wanted person's period of probation, conditional discharge, or supervision shall terminate unsatisfactorily as a matter of law.

(f) The appropriate instrument evidencing the license or a certified copy of the instrument, provided by the Secretary of State, shall be kept posted conspicuously in the established place of business of the licensee and in each additional place of business, if any, maintained by the licensee, unless the licensee is a community-based manufactured home dealer, then the license shall be posted in the community-based manufactured home dealer's central office and it shall include a list of the other locations that the community-based manufactured home dealer may oversee.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly May 23, 2019.
Approved August 16, 2019.
AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 122-1 as follows:
(725 ILCS 5/122-1) (from Ch. 38, par. 122-1)
Sec. 122-1. Petition in the trial court.
(a) Any person imprisoned in the penitentiary may institute a proceeding under this Article if the person asserts that:
(1) in the proceedings which resulted in his or her conviction there was a substantial denial of his or her rights under the Constitution of the United States or of the State of Illinois or both;
(2) the death penalty was imposed and there is newly discovered evidence not available to the person at the time of the proceeding that resulted in his or her conviction that establishes a substantial basis to believe that the defendant is actually innocent by clear and convincing evidence; or
(3) (blank), by a preponderance of the evidence that each of the following allegations in the petition establish:
   (A) he or she was convicted of a forcible felony;
   (B) his or her participation in the offense was a direct result of the person's mental state either suffering from post-partum depression or post-partum psychosis;
   (C) no evidence of post-partum depression or post-partum psychosis was presented by a qualified medical person at trial or sentencing, or both;
   (D) he or she was unaware of the mitigating nature of the evidence or if aware was at the time unable to present this defense due to suffering from post-partum depression or post-partum psychosis or at the time of trial or sentencing neither was a recognized mental illness and as such unable to receive proper treatment; and

New matter indicated by italics- deletions by strikeout
(E) evidence of post-partum depression or post-partum psychosis as suffered by the person is material and noncumulative to other evidence offered at the time of trial or sentencing and it is of such a conclusive character that it would likely change the sentence imposed by the original court.

Nothing in this paragraph (3) prevents a person from applying for any other relief under this Article or any other law otherwise available to him or her.

As used in this paragraph (3):

"Post-partum depression" means a mood disorder which strikes many women during and after pregnancy which usually occurs during pregnancy and up to 12 months after delivery. This depression can include anxiety disorders.

"Post-partum psychosis" means an extreme form of post-partum depression which can occur during pregnancy and up to 12 months after delivery. This can include losing touch with reality, distorted thinking, delusions, auditory and visual hallucinations, paranoia, hyperactivity and rapid speech, or mania.

(a-5) A proceeding under paragraph (2) of subsection (a) may be commenced within a reasonable period of time after the person's conviction notwithstanding any other provisions of this Article. In such a proceeding regarding actual innocence, if the court determines the petition is frivolous or is patently without merit, it shall dismiss the petition in a written order, specifying the findings of fact and conclusions of law it made in reaching its decision. Such order of dismissal is a final judgment and shall be served upon the petitioner by certified mail within 10 days of its entry.

(b) The proceeding shall be commenced by filing with the clerk of the court in which the conviction took place a petition (together with a copy thereof) verified by affidavit. Petitioner shall also serve another copy upon the State's Attorney by any of the methods provided in Rule 7 of the Supreme Court. The clerk shall docket the petition for consideration by the court pursuant to Section 122-2.1 upon his or her receipt thereof and bring the same promptly to the attention of the court.

(c) Except as otherwise provided in subsection (a-5), if the petitioner is under sentence of death and a petition for writ of certiorari is

New matter indicated by italics- deletions by strikeout
filed, no proceedings under this Article shall be commenced more than 6 months after the conclusion of proceedings in the United States Supreme Court, unless the petitioner alleges facts showing that the delay was not due to his or her culpable negligence. If a petition for certiorari is not filed, no proceedings under this Article shall be commenced more than 6 months from the date for filing a certiorari petition, unless the petitioner alleges facts showing that the delay was not due to his or her culpable negligence.

When a defendant has a sentence other than death, no proceedings under this Article shall be commenced more than 6 months after the conclusion of proceedings in the United States Supreme Court, unless the petitioner alleges facts showing that the delay was not due to his or her culpable negligence. If a petition for certiorari is not filed, no proceedings under this Article shall be commenced more than 6 months from the date for filing a certiorari petition, unless the petitioner alleges facts showing that the delay was not due to his or her culpable negligence. If a defendant does not file a direct appeal, the post-conviction petition shall be filed no later than 3 years from the date of conviction, unless the petitioner alleges facts showing that the delay was not due to his or her culpable negligence.

This limitation does not apply to a petition advancing a claim of actual innocence.

(d) A person seeking relief by filing a petition under this Section must specify in the petition or its heading that it is filed under this Section. A trial court that has received a petition complaining of a conviction or sentence that fails to specify in the petition or its heading that it is filed under this Section need not evaluate the petition to determine whether it could otherwise have stated some grounds for relief under this Article.

(e) A proceeding under this Article may not be commenced on behalf of a defendant who has been sentenced to death without the written consent of the defendant, unless the defendant, because of a mental or physical condition, is incapable of asserting his or her own claim.

(f) Except for petitions brought under paragraph (3) of subsection (a) of this Section, only one petition may be filed by a petitioner under this Article without leave of the court. Leave of court may be granted only if a petitioner demonstrates cause for his or her failure to bring the claim in his or her initial post-conviction proceedings and prejudice results from that failure. For purposes of this subsection (f): (1) a prisoner shows cause by identifying an objective factor that impeded his or her ability to raise a specific claim during his or her initial post-conviction proceedings; and (2) a prisoner shows prejudice by demonstrating that the
claim not raised during his or her initial post-conviction proceedings so infected the trial that the resulting conviction or sentence violated due process.

Section 10. The Code of Civil Procedure is amended by changing Section 2-1401 as follows:

(735 ILCS 5/2-1401) (from Ch. 110, par. 2-1401)
Sec. 2-1401. Relief from judgments.
(a) Relief from final orders and judgments, after 30 days from the entry thereof, may be had upon petition as provided in this Section. Writs of error coram nobis and coram vobis, bills of review and bills in the nature of bills of review are abolished. All relief heretofore obtainable and the grounds for such relief heretofore available, whether by any of the foregoing remedies or otherwise, shall be available in every case, by proceedings hereunder, regardless of the nature of the order or judgment from which relief is sought or of the proceedings in which it was entered. Except as provided in the Illinois Parentage Act of 2015, there shall be no distinction between actions and other proceedings, statutory or otherwise, as to availability of relief, grounds for relief or the relief obtainable.

(b) The petition must be filed in the same proceeding in which the order or judgment was entered but is not a continuation thereof. The petition must be supported by affidavit or other appropriate showing as to matters not of record. A petition to reopen a foreclosure proceeding must include as parties to the petition, but is not limited to, all parties in the original action in addition to the current record title holders of the property, current occupants, and any individual or entity that had a recorded interest in the property before the filing of the petition. All parties to the petition shall be notified as provided by rule.

(b-5) A movant may present a meritorious claim under this Section if the allegations in the petition establish each of the following by a preponderance of the evidence:

1. the movant was convicted of a forcible felony;
2. the movant's participation in the offense was related to him or her previously having been a victim of domestic violence as perpetrated by an intimate partner;
3. no evidence of domestic violence against the movant was presented at the movant's sentencing hearing;
4. the movant was unaware of the mitigating nature of the evidence of the domestic violence at the time of sentencing and

(5) the new evidence of domestic violence against the movant is material and noncumulative to other evidence offered at the sentencing hearing, and is of such a conclusive character that it would likely change the sentence imposed by the original trial court.

Nothing in this subsection (b-5) shall prevent a movant from applying for any other relief under this Section or any other law otherwise available to him or her.

As used in this subsection (b-5):

"Forcible felony" has the meaning ascribed to the term in Section 2-8 of the Criminal Code of 2012.

"Intimate partner" means a spouse or former spouse, persons who have or allegedly have had a child in common, or persons who have or have had a dating or engagement relationship.

(b-10) A movant may present a meritorious claim under this Section if the allegations in the petition establish each of the following by a preponderance of the evidence:

(A) she was convicted of a forcible felony;

(B) her participation in the offense was a direct result of her suffering from post-partum depression or post-partum psychosis;

(C) no evidence of post-partum depression or post-partum psychosis was presented by a qualified medical person at trial or sentencing, or both;

(D) she was unaware of the mitigating nature of the evidence or, if aware, was at the time unable to present this defense due to suffering from post-partum depression or post-partum psychosis, or, at the time of trial or sentencing, neither was a recognized mental illness and as such, she was unable to receive proper treatment; and

(E) evidence of post-partum depression or post-partum psychosis as suffered by the person is material and noncumulative to other evidence offered at the time of trial or sentencing, and it is of such a conclusive character that it would likely change the sentence imposed by the original court.

Nothing in this subsection (b-10) prevents a person from applying for any other relief under this Article or any other law otherwise available to her.

As used in this subsection (b-10):

"Post-partum depression" means a mood disorder which strikes many women during and after pregnancy and usually occurs during pregnancy and up to 12 months after delivery. This depression can include anxiety disorders.

"Post-partum psychosis" means an extreme form of post-partum depression which can occur during pregnancy and up to 12 months after delivery. This can include losing touch with reality, distorted thinking, delusions, auditory and visual hallucinations, paranoia, hyperactivity and rapid speech, or mania.

(c) Except as provided in Section 20b of the Adoption Act and Section 2-32 of the Juvenile Court Act of 1987 or in a petition based upon Section 116-3 of the Code of Criminal Procedure of 1963 or subsection (b-10) of this Section, the petition must be filed not later than 2 years after the entry of the order or judgment. Time during which the person seeking relief is under legal disability or duress or the ground for relief is fraudulently concealed shall be excluded in computing the period of 2 years.

(d) The filing of a petition under this Section does not affect the order or judgment, or suspend its operation.

(e) Unless lack of jurisdiction affirmatively appears from the record proper, the vacation or modification of an order or judgment pursuant to the provisions of this Section does not affect the right, title or interest in or to any real or personal property of any person, not a party to the original action, acquired for value after the entry of the order or judgment but before the filing of the petition, nor affect any right of any person not a party to the original action under any certificate of sale issued before the filing of the petition, pursuant to a sale based on the order or judgment. When a petition is filed pursuant to this Section to reopen a foreclosure proceeding, notwithstanding the provisions of Section 15-1701 of this Code, the purchaser or successor purchaser of real property subject to a foreclosure sale who was not a party to the mortgage foreclosure proceedings is entitled to remain in possession of the property until the foreclosure action is defeated or the previously foreclosed defendant redeems from the foreclosure sale if the purchaser has been in possession of the property for more than 6 months.
(f) Nothing contained in this Section affects any existing right to relief from a void order or judgment, or to employ any existing method to procure that relief.

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Controlled Substances Act is amended by changing Sections 314.5, 316, and 320 as follows:

(720 ILCS 570/314.5)

Sec. 314.5. Medication shopping; pharmacy shopping.
(a) It shall be unlawful for any person knowingly or intentionally to fraudulently obtain or fraudulently seek to obtain any controlled substance or prescription for a controlled substance from a prescriber or dispenser while being supplied with any controlled substance or prescription for a controlled substance by another prescriber or dispenser, without disclosing the fact of the existing controlled substance or prescription for a controlled substance to the prescriber or dispenser from whom the subsequent controlled substance or prescription for a controlled substance is sought.

(b) It shall be unlawful for a person knowingly or intentionally to fraudulently obtain or fraudulently seek to obtain any controlled substance from a pharmacy while being supplied with any controlled substance by another pharmacy, without disclosing the fact of the existing controlled substance or prescription for a controlled substance.
substance to the pharmacy from which the subsequent controlled substance is sought.

(c) A person may be in violation of Section 3.23 of the Illinois Food, Drug and Cosmetic Act or Section 406 of this Act when medication shopping or pharmacy shopping, or both.

Notwithstanding any provision of this Act to the contrary, beginning on and after the effective date of this amendatory Act of the 101st General Assembly, a licensed veterinarian shall be exempt from registration and prohibited from accessing patient information in the Prescription Monitoring Program. Licensed veterinarians that are existing registrants shall be removed from the Prescription Monitoring Program. Each prescriber or his or her designee shall also document an attempt to access patient information in the Prescription Monitoring Program to assess patient access to controlled substances when providing an initial prescription for Schedule II narcotics such as opioids, except for prescriptions for oncology treatment or palliative care, or a 7-day or less supply provided by a hospital emergency department when treating an acute, traumatic medical condition. This attempt to access shall be documented in the patient's medical record. The hospital shall facilitate the designation of a prescriber's designee for the purpose of accessing the Prescription Monitoring Program for services provided at the hospital.

(d) When a person has been identified as having 3 or more prescribers or 3 or more pharmacies, or both, that do not utilize a common electronic file as specified in Section 20 of the Pharmacy Practice Act for controlled substances within the course of a continuous 30-day period, the Prescription Monitoring Program may issue an unsolicited report to the prescribers, dispensers, and their designees informing them of the potential medication shopping. If an unsolicited report is issued to a prescriber or prescribers, then the report must also be sent to the applicable dispensing pharmacy.

(e) Nothing in this Section shall be construed to create a requirement that any prescriber, dispenser, or pharmacist request any patient medication disclosure, report any patient activity, or prescribe or refuse to prescribe or dispense any medications.

(f) This Section shall not be construed to apply to inpatients or residents at hospitals or other institutions or to institutional pharmacies.

(g) Any patient feedback, including grades, ratings, or written or verbal statements, in opposition to a clinical decision that the prescription of a controlled substance is not medically necessary shall not be the basis of any adverse action, evaluation, or any other type of negative credentialing, contracting, licensure, or employment action taken against a prescriber or dispenser.

(4) The Department may impose a civil fine of up to $100 per day for willful failure to report controlled substance dispensing to the Prescription Monitoring Program. (a-5) Notwithstanding subsection (a), a licensed veterinarian is exempt from the reporting requirements of this Section. These rules shall also address the electronic integration of pharmacy records with the Prescription Monitoring Program to allow for faster transmission of the information required under this Section. The Department shall establish actions to be taken if a prescriber's Electronic Health Records System does not effectively interface with the Prescription Monitoring Program within the required timeline.

(g) The Department, in consultation with the Advisory Committee, shall adopt rules allowing licensed prescribers or pharmacists who have registered to access the Prescription Monitoring Program to authorize a licensed or non-licensed designee employed in that licensed prescriber's office or a licensed designee in a licensed pharmacist's pharmacy, and who has received training in the federal Health Insurance Portability and Accountability Act to consult the Prescription Monitoring Program on their behalf. The rules shall include reasonable parameters concerning a practitioner's authority to authorize a designee, and the eligibility of a person to be selected as a designee. PUBLIC ACT 101-0416
(Senate Bill No. 1746)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 20-2, 20-4, and 20-5 as follows:

(105 ILCS 5/20-2) (from Ch. 122, par. 20-2)

Sec. 20-2. Indebtedness and bonds. For the purpose of creating, recreating, or increasing a working cash fund, the school board of any such district may incur an indebtedness and issue bonds as evidence thereof in an amount or amounts not exceeding in the aggregate 85% of the taxes permitted to be levied for educational purposes for the then current year to be determined by multiplying the maximum educational tax rate or rates applicable to such school district by the last assessed valuation or assessed valuations as determined at the time of the issue of said bonds, plus 85% of the last known entitlement of such district to taxes as by law now or hereafter enacted or amended, imposed by the General Assembly of the State of Illinois to replace revenue lost by units of local government and

school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5, paragraph (c) of the Constitution of the State of Illinois, plus 85% of the most recent amount of funding received by the school district under Section 18-8.15. The bonds shall bear interest at not more than the maximum rate authorized by law and shall mature within 20 years from the date thereof. Subject to the foregoing limitations as to amount, the bonds may be issued in an amount including existing indebtedness which will not exceed the constitutional limitation as to debt, notwithstanding any statutory debt limitation to the contrary. The school board shall before or at the time of issuing the bonds provide for the collection of a direct annual tax upon all the taxable property within the district sufficient to pay the principal thereof at maturity and to pay the interest thereon as it falls due, which tax shall be in addition to the maximum amount of all other taxes, either educational; transportation; operations and maintenance; or fire prevention and safety fund taxes, now or hereafter authorized and in addition to any limitations upon the levy of taxes as provided by Sections 17-2 through 17-9.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

Sec. 20-4. Use and reimbursement of fund. This Section shall not apply in any school district which does not operate a working cash fund. Moneys derived from the issuance of bonds as authorized by Section 20-2, or from any tax levied pursuant to Section 20-3, shall be used only for the purposes and in the manner provided in this Article. Moneys in the fund shall not be regarded as current assets available for school purposes. The school board may appropriate moneys to the working cash fund up to the maximum amount allowable in the fund, and the

working cash fund may receive such appropriations and any other contributions. Moneys in the fund may be used by the school board for any and all school purposes and may be transferred in whole or in part to the general funds or both of the school district and disbursed therefrom in anticipation of the collection of taxes lawfully levied for any or all purposes, or in anticipation of such taxes as by law now or hereafter enacted or amended are imposed by the General Assembly of the State of Illinois to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5(c) of the Constitution of the State of Illinois, or in anticipation of funding received by the school district under Section 18-8.15. Moneys so transferred to any other fund shall be deemed to be transferred in anticipation of the collection of that part of the taxes so levied or to be received which is in excess of the amount thereof required to pay any warrants or notes and the interest thereon theretofore and thereafter issued in anticipation of the collection thereof and such taxes when collected shall be applied to the payment of any such warrants and the interest thereon, the amount estimated to be required to satisfy debt service and pension or retirement obligations, as set forth in Section 12 of the State Revenue Sharing Act and then to the reimbursement of such working cash fund as hereinafter provided.

Upon receipt by the school district of any taxes or State funding in anticipation of the collection whereof moneys of the working cash fund have been so transferred for disbursement, the fund shall immediately be reimbursed therefrom until the full amount so transferred has been retransferred to the fund. Unless the taxes so received and applied to the reimbursement of the working cash fund prior to the first day of the eighth month following the month in which due and unpaid real property taxes begin to bear interest are sufficient to effect a complete reimbursement of such fund for any moneys transferred therefrom in anticipation of the collection of such taxes, the working cash fund shall be reimbursed for the amount of the deficiency therein from any other revenues accruing to the educational fund, and the school board shall make provisions for the immediate reimbursement of the amount of any such deficiency in its next annual tax levy.

Sec. 20-5. Transfer to other fund. This Section shall not apply in any school district which does not operate a working cash fund.

New matter indicated by italics- deletions by strikeout
Moneys in the working cash fund shall be transferred from the working cash fund to another fund of the district only upon the authority of the school board which shall from time to time by separate resolution direct the school treasurer to make transfers of such sums as may be required for the purposes herein authorized.

The resolution shall set forth (a) the taxes and State funding in anticipation of which such transfer is to be made and from which the working cash fund is to be reimbursed; (b) the entire amount of taxes extended, or which the school board estimates will be extended or received, for any year in anticipation of the collection of all or part of which such transfer is to be made; (c) the aggregate amount of warrants or notes theretofore issued in anticipation of the collection of such taxes together with the amount of interest accrued and which the school board estimates will accrue thereon; (d) the aggregate amount of receipts from taxes imposed to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5(c) of the Constitution of the State of Illinois, which the corporate authorities estimate will be set aside for the payment of the proportionate amount of debt service and pension or retirement obligations, as required by Section 12 of the State Revenue Sharing Act; and (e) the aggregate amount of money theretofore transferred from the working cash fund to the other fund in anticipation of the collection of such taxes and State funding; and (f) the aggregate amount of funding received by the school district under Section 18-8.15.

The amount which any such resolution shall direct the treasurer so to transfer, in anticipation of the collection of taxes levied or to be received for any year, together with the aggregate amount of such anticipation tax warrants or notes theretofore drawn against such taxes and the amount of interest accrued and estimated to accrue thereon and the aggregate amount of such transfers to be made in anticipation of the collection of such taxes and the amount estimated to be required to satisfy debt service and pension or retirement obligations, as set forth in Section 12 of the State Revenue Sharing Act, shall not exceed 85% of the actual or estimated amount of such taxes extended or to be extended or to be received as set forth in such resolution. At any time moneys are available in the working cash fund they shall be transferred to such other funds of the district and used for any and all school purposes so as to avoid, whenever possible, the issuance of anticipation tax warrants or notes.

Moneys earned as interest from the investment of the working cash fund, or any portion thereof, may be transferred from the working cash fund to another fund of the district that is most in need of the interest without any requirement of repayment to the working cash fund, upon the authority of the school board by separate resolution directing the school treasurer to make such transfer and stating the purpose in accordance with subsection (c) of Section 9 of the Local Government Debt Reform Act.

On or before July 1, 2009, the Department shall determine a targeted implementation date for electronic track and trace pedigree technology. prescription drug occurs that each transaction listed on the pedigree has
occurred.

(c) The pedigree must include all necessary identifying information
concerning each sale in the chain of distribution of the product from the
manufacturer or the manufacturer's third party logistics provider, co-
licensed product partner, or exclusive distributor through acquisition and
sale by any wholesale distributor or repackager, until final sale to a
pharmacy or other person dispensing or administering the drug. This
necessary chain of distribution information shall include, without
limitation all of the following:

       prescription drug.

   (3) The size of the container.

   (4) The number of containers.

   (5) The lot number of the prescription drug.

   (6) The name of the manufacturer of the finished dosage
       form.

If it is established that the person has violated or is violating the injunction, the Court may punish the offender for contempt of court. However, for purposes of the Workers' Compensation Act, the statewide average weekly wage will be computed using June 1 and December 1 determination dates of each calendar year and such determination shall not be subject to the limitation of the statewide average weekly wage as computed in accordance with the preceding sentence of this paragraph.

Sec. 1505. Adjustment of state experience factor. The state experience factor shall be adjusted in accordance with the following provisions:

A. For calendar years prior to 1988, the state experience factor shall be adjusted in accordance with the provisions of this Act as amended and in effect on November 18, 2011.

B. (Blank).

C. For calendar year 1988 and each calendar year thereafter, for which the state experience factor is being determined.

1. For every $50,000,000 (or fraction thereof) by which the adjusted trust fund balance falls below the target balance set forth in this subsection, the state experience factor for the succeeding year shall be increased one percent absolute.

   For every $50,000,000 (or fraction thereof) by which the adjusted trust fund balance exceeds the target balance set forth in this subsection, the state experience factor for the succeeding year shall be decreased by one percent absolute.

   The target balance in each calendar year prior to 2003 is $750,000,000. The target balance in calendar year 2003 is $920,000,000. The target balance in calendar year 2004 is $960,000,000. The target balance in calendar year 2005 and each calendar year thereafter is $1,000,000,000.

2. For the purposes of this subsection:

   "Net trust fund balance" is the amount standing to the credit of this State's account in the unemployment trust fund as of June
30 of the calendar year immediately preceding the year for which a state experience factor is being determined.

"Adjusted trust fund balance" is the net trust fund balance minus the sum of the benefit reserves for fund building for July 1, 1987 through June 30 of the year prior to the year for which the state experience factor is being determined. The adjusted trust fund balance shall not be less than zero. If the preceding calculation results in a number which is less than zero, the amount by which it is less than zero shall reduce the sum of the benefit reserves for fund building for subsequent years.

For the purpose of determining the state experience factor for 1989 and for each calendar year thereafter, the following "benefit reserves for fund building" shall apply for each state experience factor calculation in which that 12 month period is applicable:

a. For the 12 month period ending on June 30, 1988, the "benefit reserve for fund building" shall be 8/104th of the total benefits paid from January 1, 1988 through June 30, 1988.

b. For the 12 month period ending on June 30, 1989, the "benefit reserve for fund building" shall be the sum of:

i. 8/104ths of the total benefits paid from July 1, 1988 through December 31, 1988, plus

ii. 4/108ths of the total benefits paid from January 1, 1989 through June 30, 1989.

c. For the 12 month period ending on June 30, 1990, the "benefit reserve for fund building" shall be 4/108ths of the total benefits paid from July 1, 1989 through December 31, 1989.

d. For 1992 and for each calendar year thereafter, the "benefit reserve for fund building" for the 12 month period ending on June 30, 1991 and for each subsequent 12 month period shall be zero.

3. Notwithstanding the preceding provisions of this subsection, for calendar years 1988 through 2003, the state experience factor shall not be increased or decreased by more than 15 percent absolute.

New matter indicated by italics- deletions by strikeout
D. Notwithstanding the provisions of subsection C, the adjusted state experience factor:

1. Shall be 111 percent for calendar year 1988;
2. Shall not be less than 75 percent nor greater than 135 percent for calendar years 1989 through 2003; and shall not be less than 75% nor greater than 150% for calendar year 2004 and each calendar year thereafter, not counting any increase pursuant to subsection D-1, D-2, or D-3;
3. Shall not be decreased by more than 5 percent absolute for any calendar year, beginning in calendar year 1989 and through calendar year 1992, by more than 6% absolute for calendar years 1993 through 1995, by more than 10% absolute for calendar years 1999 through 2003 and by more than 12% absolute for calendar year 2004 and each calendar year thereafter, from the adjusted state experience factor of the calendar year preceding the calendar year for which the adjusted state experience factor is being determined;
4. Shall not be increased by more than 15% absolute for calendar year 1993, by more than 14% absolute for calendar years 1994 and 1995, by more than 10% absolute for calendar years 1999 through 2003 and by more than 16% absolute for calendar year 2004 and each calendar year thereafter, from the adjusted state experience factor for the calendar year preceding the calendar year for which the adjusted state experience factor is being determined;

D-1. The adjusted state experience factor for each of calendar years 2013 through 2015 shall be increased by 5% absolute above the adjusted state experience factor as calculated without regard to this subsection. The adjusted state experience factor for each of calendar years 2016 through 2018 shall be increased by 6% absolute above the adjusted state experience factor as calculated without regard to this subsection. The increase in the adjusted state experience factor for calendar year 2018 pursuant to this subsection shall not be counted for purposes of applying paragraph 3 or 4 of subsection D to the calculation of the adjusted state experience factor for calendar year 2019.

D-2. (Blank).

D-3. The adjusted state experience factor for calendar year 2022 shall be increased by 22% absolute above the adjusted state experience factor as calculated without regard to this subsection. The increase in the adjusted state experience factor for calendar year 2022

Sec. 2401. Recording and release of lien.

A. The lien created by Section 2400 shall be invalid only as to any innocent purchaser for value of stock in trade of any employer in the usual course of such employer's business, and shall be invalid as to any innocent purchaser for value of any of the other assets to which such lien has attached, unless, with respect to liens created prior to January 1, 2020, notice thereof has been filed by the Director in the office of the recorder of the county within which the property subject to the lien is situated or, with respect to liens created on or after January 1, 2020, notice has been filed in the Lien Registry as provided by Section 2401.1. The Director may, in

New matter indicated by italics- deletions by strikeout
his discretion, for good cause shown, issue a certificate of withdrawal of notice of lien filed against any employer, which certificate shall be recorded in the same manner as herein provided for the recording of notice of liens. Such withdrawal of notice of lien shall invalidate such lien as against any person acquiring any of such employer's property or any interest therein, subsequent to the recordation of the withdrawal of notice of lien, but shall not otherwise affect the validity of such lien, nor shall it prevent the Director from re-recording notice of such lien. In the event notice of such lien is re-recorded, such notice shall be effective as against third persons only as of the date of such re-recording. Recording a lien in the Lien Registry which had previously been recorded by the Director with a county recorder of deeds shall not constitute a re-recording of that lien and does not change the original filing date of such lien.

B. The recorder of each county shall procure at the expense of the county a file labeled "Unemployment Compensation Contribution Lien Notice" and an index book labeled "Unemployment Compensation Contribution Lien Index." When a notice of any such lien is presented to him for filing, he shall file it in numerical order in the file and shall enter it alphabetically in the index. The entry shall show the name and last known business address of the employer named in the notice, the serial number of the notice, the date and hour of filing, and the amount of contribution, interest and penalty thereon due and unpaid. When a certificate of complete or partial release of such lien issued by the Director is presented for filing in the office of the recorder where a notice of lien was filed, the recorder shall permanently attach the certificate of release to the notice of lien and shall enter the certificate of release and the date in the Unemployment Compensation Contribution Lien Index on the line where the notice of lien is entered. In case title to land to be affected by the Notice of Lien is registered under the provisions of "An Act Concerning Land Titles", approved May 1, 1897, as amended, such notice shall be filed in the office of the Registrar of Titles of the county within which the property subject to the lien is situated and shall be entered upon the register of titles as a memorial or charge upon each folium of the register of title affected by such notice, and the Director shall not have a preference over the rights of any bona fide purchaser, mortgagee, judgment creditor or other lien holder arising prior to the registration of such notice.

C. The Director shall have the power to issue a certificate of partial release of any part of the property subject to the lien if he shall find that the fair market value of that part of such property remaining subject to the
lien is at least equal to the amount of all prior liens upon such property plus double the amount of the liability for contributions, interest and penalties thereon remaining unsatisfied.

D. Where the amount of or the liability for the payment of any contribution, interest or penalty is contested by any employing unit against whose property a lien has attached, and the determination of the Director with reference to such contribution has not become final, the Director may issue a certificate of release of lien upon the furnishing of bond by such employing unit in 125% the amount of the sum of such contribution, interest and penalty, for which lien is claimed, with good and sufficient surety to be approved by the Director conditioned upon the prompt payment of such contribution, together with interest and penalty thereon, by such employing unit to the Director immediately upon the decision of the Director in respect to the liability for such contribution, interest and penalty becoming final.

E. When a lien filed by the Director before January 1, 2020 obtained pursuant to this Act has been satisfied, the Department shall issue a release to the person, or his or her agent, against whom the lien was obtained and such release shall contain in legible letters a statement as follows:

Sec. 7. Exemptions.

(1) When a request is made to inspect or copy a public record that contains information that is exempt from disclosure under this Section, but also contains information that is not exempt from disclosure, the public body may elect to redact the information that is exempt. The public body shall make the remaining information available for inspection and copying. Subject to this requirement, the following shall be exempt from inspection and copying:

   (i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;

   (ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;

   (iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;

   (iv) unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative, law enforcement, or penal agencies; except that the identities of witnesses to traffic accidents, traffic accident reports, and rescue reports shall be provided by agencies of local government, except when disclosure would interfere with an active criminal investigation conducted by the agency that is the recipient of the request;

   (v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;

   (vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.

(e-9) Records requested by a person in a county jail or committed to the Department of Corrections or Department of Human Services Division of Mental Health, containing personal information pertaining to the person's victim or the victim's family, including, but not limited to, a victim's home address, home telephone number, work or school address, work telephone number, social security number, or any other identifying information, except as may be relevant to a requester's current or potential case or claim.

(f) Preliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body. The exemption provided in this paragraph (f) extends to all those records of officers and agencies of the General Assembly that pertain to the preparation of legislative documents.

Nothing contained in this paragraph (g) shall be construed to prevent a person or business from consenting to disclosure.
(h) Proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, until an award or final selection is made. Information prepared by or for the body in preparation of a bid solicitation shall be exempt until an award or final selection is made.

(i) Valuable formulae, computer geographic systems, designs, drawings and research data obtained or produced by any public body when disclosure could reasonably be expected to produce private gain or public loss. AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings. Credible reports from around the world, including this State, have indicated instances of repeat childhood sexual abuse have occurred at the hands of clergymen. These reports have also indicated efforts may have been taken to conceal the identities and conduct of the individuals responsible for the sexual abuse. The General Assembly finds that victims of such conduct should be afforded a remedy to the fullest extent available under the law.

Section 5. The Code of Civil Procedure is amended by changing Section 13-202.2 as follows:

(a) In this Section:
"Childhood sexual abuse" means an act of sexual abuse that occurs when the person abused is under 18 years of age.
"Sexual abuse" includes but is not limited to sexual conduct and sexual penetration as defined in Section 11-0.1 of the Criminal Code of 2012.

(b) Notwithstanding any other provision of law, an action for damages for personal injury based on childhood sexual abuse must be commenced within 20 years of the date the limitation period begins to run under subsection (d) or within 20 years of the date the person abused discovers or through the use of reasonable diligence should discover both (i) that the act of childhood sexual abuse occurred and (ii) that the injury was caused by the childhood sexual abuse. The fact that the person abused discovers or through the use of reasonable diligence should discover that the act of childhood sexual abuse occurred is not, by itself, sufficient to start the discovery period under this subsection (b). Knowledge of the abuse does not constitute discovery of the injury or the causal relationship between any later-discovered injury and the abuse.

(c) If the injury is caused by 2 or more acts of childhood sexual abuse that are part of a continuing series of acts of childhood sexual abuse by the same abuser, then the discovery period under subsection (b) shall be computed from the date the person abused discovers or through the use of
reasonable diligence should discover both (i) that the last act of childhood sexual abuse in the continuing series occurred and (ii) that the injury was caused by any act of childhood sexual abuse in the continuing series. The fact that the person abused discovers or through the use of reasonable diligence should discover that the last act of childhood sexual abuse in the continuing series occurred is not, by itself, sufficient to start the discovery period under subsection (b). Knowledge of the abuse does not constitute discovery of the injury or the causal relationship between any later-discovered injury and the abuse.

(d) The limitation periods under subsection (b) do not begin to run before the person abused attains the age of 18 years; and, if at the time the person abused attains the age of 18 years he or she is under other legal disability, the limitation periods under subsection (b) do not begin to run until the removal of the disability.

(d-1) The limitation periods in subsection (b) do not run during a time period when the person abused is subject to threats, intimidation, manipulation, fraudulent concealment, or fraud perpetrated by the abuser or by any person acting in the interest of the abuser.

(e) This Section applies to actions pending on the effective date of this amendatory Act of 1990 as well as to actions commenced on or after that date. The changes made by this amendatory Act of 1993 shall apply only to actions commenced on or after the effective date of this amendatory Act of 1993. The changes made by this amendatory Act of the 93rd General Assembly apply to actions pending on the effective date of this amendatory Act of the 93rd General Assembly as well as actions commenced on or after that date. The changes made by this amendatory Act of the 96th General Assembly apply to actions commenced on or after the effective date of this amendatory Act of the 96th General Assembly if the action would not have been time barred under any statute of limitations or statute of repose prior to the effective date of this amendatory Act of the 96th General Assembly.

(f) Notwithstanding any other provision of law, an action for damages based on childhood sexual abuse may be commenced at any time; provided, however, that the changes made by this amendatory Act of the 98th General Assembly apply to actions commenced on or after the effective date of this amendatory Act of the 98th General Assembly if the action would not have been time barred under any statute of limitations or statute of repose prior to the effective date of this amendatory Act of the 98th General Assembly.

Section 5. The Code of Civil Procedure is amended by changing Section 8-802.3 as follows:

(a) Except as provided in subsection (b), if an individual (i) submits information concerning a criminal act to a law enforcement agency or to a community organization that acts as an intermediary in reporting to law enforcement and (ii) requests anonymity, then the identity of that individual is privileged and confidential and is not subject to discovery or admissible in evidence in a proceeding.

(b) There is no privilege under subsection (a) if a court, after a hearing in camera, finds that the party seeking discovery or the proponent of the evidence has shown that:

(1) the identity of an individual who submits information concerning a criminal act is sought or offered in a court proceeding involving a felony or misdemeanor;
(2) the evidence is not otherwise available; and
(3) nondisclosure infringes upon a constitutional right of an accused, or there is a need for the evidence that substantially outweighs the interest in protecting confidentiality.

(b-5) Except as provided in this subsection or under subsection (j) of Supreme Court Rule 412, if a defendant's counsel seeks to discover the identity of an informant, then the defendant's counsel shall file a motion with the court alleging a good faith factual basis for believing that the prior representation of the informant creates a serious potential for an actual conflict of interest. Upon such filing, the court: (1) may deny the
motion for lack of factual basis; or (2) if it finds a sufficiently alleged factual basis, shall conduct an in camera hearing with the informant, outside the presence of all counsel, to ascertain whether an actual conflict of interest exists. A transcript of the in camera proceeding shall be made and sealed. After the in camera hearing, the court shall: (i) deny the motion if there is no basis to conclude that a serious potential for an actual conflict exists; or (ii) inform the petitioning counsel that his or her continued representation is a conflict. If the court concludes that a conflict exists, it shall notify the counsel of the nature of the conflict, subject to any condition of nondisclosure that the court deems appropriate.

(c) The court may impose such sanctions as are necessary to enforce its order.

PUBLIC ACT 101-0438
(Senate Bill No. 1941)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
   Section 5. The School Code is amended by adding Section 2-3.176
as follows:
   (105 ILCS 5/2-3.176 new)
   Sec. 2-3.176. Safe Schools and Healthy Learning Environments
Grant Program.
   (a) The State Board of Education, subject to appropriation, is
authorized to award competitive grants on an annual basis under a Safe
Schools and Healthy Learning Environments Grant Program. The goal of
this grant program is to promote school safety and healthy learning
environments by providing schools with additional resources to implement
restorative interventions and resolution strategies as alternatives to
exclusionary discipline, and to address the full range of students'
intellectual, social, emotional, physical, psychological, and moral
developmental needs.
   (b) To receive a grant under this program, a school district must
submit with its grant application a plan for implementing evidence-based
and promising practices that are aligned with the goal of this program.
The application may include proposals to (i) hire additional school
support personnel, including, but not limited to, restorative justice
practitioners, school psychologists, school social workers, and other
mental and behavioral health specialists; (ii) use existing school-based
resources, community-based resources, or other experts and practitioners
to expand alternatives to exclusionary discipline, mental and behavioral
health supports, wraparound services, or drug and alcohol treatment; and
(iii) provide training for school staff on trauma-informed approaches to
meeting students' developmental needs, addressing the effects of toxic
stress, restorative justice approaches, conflict resolution techniques, and
the effective utilization of school support personnel and community-based
services. For purposes of this subsection, "promising practices" means

practices that present, based on preliminary information, potential for becoming evidence-based practices.

Grant funds may not be used to increase the use of school-based law enforcement or security personnel. Nothing in this Section shall prohibit school districts from involving law enforcement personnel when necessary and allowed by law.

(c) The State Board of Education, subject to appropriation for the grant program, shall annually disseminate a request for applications to this program, and funds shall be distributed annually. The criteria to be considered by the State Board of Education in awarding the funds shall be (i) the average ratio of school support personnel to students in the target schools over the preceding 3 school years, with priority given to applications with a demonstrated shortage of school support personnel to meet student needs; and (ii) the degree to which the proposal articulates a comprehensive approach for reducing exclusionary discipline while building safe and healthy learning environments. Priority shall be given to school districts that meet the metrics under subsection (b) of Section 2-3.162.

(d) The State Board of Education, subject to appropriation for the grant program, shall produce an annual report on the program in cooperation with the school districts participating in the program. The report shall include available quantitative information on the progress being made in reducing exclusionary discipline and the effects of the program on school safety and school climate. This report shall be posted on the State Board of Education's website by October 31 of each year, beginning in 2020.

(e) The State Board of Education may adopt any rules necessary for the implementation of this program.

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Immigrant Tenant Protection Act.

Section 5. Definitions. In this Act:

"Dwelling unit" means a room or suite of rooms, a manufactured home rental unit or lot as defined in Section 3 of the Mobile Home Landlord and Tenant Rights Act, or other residential real estate used for human habitation, and for which a landlord and a tenant have a written or oral lease agreement.

"Immigration or citizenship status" includes a person's actual or perceived immigration status or citizenship status.

"Landlord" means the owner, agent, lessor, or sublessor, or the successor in interest of any of them, of a dwelling unit, or the building of which it is part, and any person authorized to exercise any aspect of the management of the premises, including any person who directly or indirectly receives rents and has no obligation to deliver the whole of the receipts to another person. "Landlord" includes the owner of a mobile home park.

"Tenant" means a person entitled by written or oral agreement, subtenancy approved by the landlord or by sufferance, or law to occupy a dwelling unit to the exclusion of others.

Section 10. Prohibited conduct.

(a) This Section does not prohibit a landlord from complying with any legal obligation under federal, State, or local law, including, but not limited to, any legal obligation under any government program that provides for rent limitations or rental assistance to a qualified tenant or a subpoena, warrant, or other court order.

(b) This Section does not prohibit a landlord from requesting information or documentation necessary to determine or verify the financial qualifications of a prospective tenant.

(c) This Section does not prohibit a landlord from delivering to the tenant an oral or written notice regarding conduct by the tenant that violates, may violate, or has violated an applicable rental agreement, including the lease or any rule, regulation, or law.
(d) This Section does not enlarge or diminish a landlord's right to terminate a tenancy pursuant to existing State or local law, nor does this Act enlarge or diminish the ability of a unit of local government to regulate or enforce a prohibition against a landlord's harassment of a tenant.

(e) Nothing in this Section prevents a landlord from seeking to collect rent due under the lease agreement.

(f) Except as otherwise provided in this Section, a landlord shall not:

(1) unless required by law or court order, threaten to disclose or actually disclose information regarding or relating to the immigration or citizenship status of a tenant to any person, entity, or any immigration or law enforcement agency with the intent of harassing or intimidating the tenant, retaliating against the tenant for exercising his or her rights, or influencing the tenant to surrender possession; or

(2) unless required by law or court order, bring an action to recover possession of a dwelling unit based solely or in part on the immigration or citizenship status of a tenant.

(g) Any waiver of a right under this Act by a tenant is void as a matter of public policy.

Section 15. Remedies.

(a) If a landlord engages in prohibited conduct described in subsection (f) of Section 10 against a tenant, the tenant may bring a civil action to seek any one or more of the following remedies:

(1) actual damages, as reasonably determined by the court, for injury or loss suffered;

(2) a civil penalty in an amount not to exceed $2,000 for each violation, payable to the tenant;

(3) reasonable attorney's fees and court costs; and

(4) other equitable relief as the court may deem appropriate and just.

(b) The immigration or citizenship status of any person is irrelevant to any issue of liability or remedy in a civil action involving a tenant's housing rights. In proceedings or discovery undertaken in a civil action involving a tenant's housing rights, no inquiry shall be permitted into the tenant's immigration or citizenship status, except if:

New matter indicated by italics- deletions by strikeout
(1) unless otherwise provided in subsection (c), the claims or defenses raised by the tenant place the person's immigration or citizenship status directly in contention; or
(2) the person seeking to make the inquiry demonstrates by clear and convincing evidence that the inquiry is necessary in order to comply with federal law.

(c) The assertion of an affirmative defense to an eviction action under Section 9-106.3 of the Code of Civil Procedure does not constitute cause for discovery or other inquiry into a person's immigration or citizenship status.

Section 97. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 905. The Code of Civil Procedure is amended by adding Section 9-106.3 as follows:

(735 ILCS 5/9-106.3 new)

Sec. 9-106.3. Affirmative defenses for retaliation on the basis of immigration status.

(a) It is an affirmative defense to an action maintained under this Article if the court finds that:

(1) the landlord's demand for possession is based solely or in part on the citizenship or immigration status of the tenant; or
(2) the landlord's demand for possession is based solely or in part on the tenant's failure to provide a social security number, information required to obtain a consumer credit report, or a form of identification deemed acceptable by the landlord, and the lease with the tenant has commenced, and the tenant has taken possession.

(b) This Section does not prohibit a landlord from complying with any legal obligation under federal, State, or local law, including, but not limited to, any legal obligation under any government program that provides for rent limitations or rental assistance to a qualified tenant or a subpoena, warrant, or other court order.

(c) This Section does not prohibit a landlord from requesting information or documentation necessary to determine or verify the financial qualifications of a prospective tenant.

(d) This Section does not prohibit a landlord from delivering to the tenant an oral or written notice regarding conduct by the tenant that violates, may violate, or has violated an applicable rental agreement, including the lease or any rule, regulation, or law.

(e) This Section does not enlarge or diminish a landlord's right to terminate a tenancy pursuant to existing State or local law, nor does this Section enlarge or diminish the ability of a unit of local government to regulate or enforce a prohibition against a landlord's harassment of a tenant.

Section 910. The Mobile Home Landlord and Tenant Rights Act is amended by changing Section 16 as follows:

Sec. 16. Improper grounds for eviction. The following conduct by a tenant shall not constitute grounds for eviction or termination of the lease, nor shall an eviction order be entered against a tenant:

(a) As a reprisal for the tenant's effort to secure or enforce any rights under the lease or the laws of the State of Illinois, or its governmental subdivisions of the United States;

(b) As a reprisal for the tenant's good faith complaint to a governmental authority of the park owner's alleged violation of any health or safety law, regulation, code or ordinance, or State law or regulation which has as its objective the regulation of premises used for dwelling purposes;

(c) As a reprisal for the tenant's being an organizer or member of, or involved in any activities relative to a home owners association;

(d) As a reprisal for or on the basis of the tenant's immigration or citizenship status.

The good conduct may include, but is not limited to, compliance with the rules and regulations of the Department, service to the Department, service to a community, or service to the State.

Eligible inmates for an award of earned sentence credit under this paragraph (3) may be selected to receive the credit at the Director's or his or her designee's sole discretion. Eligibility for the additional earned sentence credit under this paragraph (3) shall be based on, but is not

The Director shall not award sentence credit under this paragraph (3) to an inmate unless the inmate has served a minimum of 60 days of the sentence; except nothing in this paragraph shall be construed to permit the Director to extend an inmate's sentence beyond that which was imposed by the court. Prior to awarding credit under this paragraph (3), the Director shall make a written determination that the inmate:

(A) is eligible for the earned sentence credit;
(B) has served a minimum of 60 days, or as close to 60 days as the sentence will allow;
(B-1) has received a risk/needs assessment or other relevant evaluation or assessment administered by the Department using a validated instrument; and
(C) has met the eligibility criteria established by rule for earned sentence credit.

The Director shall determine the form and content of the written determination required in this subsection.

(3.5) The Department shall provide annual written reports to the Governor and the General Assembly on the award of earned sentence credit no later than February 1 of each year. The Department must publish both reports on its website within 48 hours of transmitting the reports to the Governor and the General Assembly. The reports must include:

(4) Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall also provide that the sentence credit accumulated and retained under paragraph (2.1) of subsection (a) of this Section by any inmate during specific periods of time in which such inmate is engaged full-time in substance abuse programs, correctional industry assignments, educational programs, behavior modification

programs, life skills courses, or re-entry planning provided by the
Department under this paragraph (4) and satisfactorily completes the
assigned program as determined by the standards of the Department, shall
be multiplied by a factor of 1.25 for program participation before August
11, 1993 and 1.50 for program participation on or after that date. The rules
and regulations shall also provide that sentence credit, subject to the same
offense limits and multiplier provided in this paragraph, may be provided
to an inmate who was held in pre-trial detention prior to his or her current
commitment to the Department of Corrections and successfully completed
a full-time, 60-day or longer substance abuse program, educational
program, behavior modification program, life skills course, or re-entry
planning provided by the county department of corrections or county jail.
Calculation of this county program credit shall be done at sentencing as
provided in Section 5-4.5-100 of this Code and shall be included in the
sentencing order. However, no inmate shall be eligible for the additional
sentence credit under this paragraph (4) or (4.1) of this subsection (a)
while assigned to a boot camp or electronic detention.

(B) The Department shall award sentence credit under this
paragraph (4) accumulated prior to the effective date of this amendatory
Act of the 101st General Assembly in an amount specified in
subparagraph (C) of this paragraph (4) to an inmate serving a sentence
for an offense committed prior to June 19, 1998, if the Department
determines that the inmate is entitled to this sentence credit, based upon:

(i) documentation provided by the Department that the
inmate engaged in any full-time substance abuse programs,
correctional industry assignments, educational programs,
behavior modification programs, life skills courses, or re-entry
planning provided by the Department under this paragraph (4) and
satisfactorily completed the assigned program as determined by
the standards of the Department during the inmate's current term
of incarceration; or

(ii) the inmate's own testimony in the form of an affidavit or
documentation, or a third party's documentation or testimony in
the form of an affidavit that the inmate likely engaged in any full-
time substance abuse programs, correctional industry assignments,
educational programs, behavior modification programs, life skills
courses, or re-entry planning provided by the Department under
paragraph (4) and satisfactorily completed the assigned program

as determined by the standards of the Department during the inmate's current term of incarceration.

(C) If the inmate can provide documentation that he or she is entitled to sentence credit under subparagraph (B) in excess of 45 days of participation in those programs, the inmate shall receive 90 days of sentence credit. If the inmate cannot provide documentation of more than 45 days of participation those programs, the inmate shall receive 45 days of sentence credit. In the event of a disagreement between the Department and the inmate as to the amount of credit accumulated under subparagraph (B), if the Department provides documented proof of a lesser amount of days of participation in those programs, that proof shall control. If the Department provides no documentary proof, the inmate's proof as set forth in clause (ii) of subparagraph (B) shall control as to the amount of sentence credit provided.

(D) If the inmate has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act, sentencing credits under subparagraph (B) of this paragraph (4) shall be awarded by the Department only if the conditions set forth in paragraph (4.6) of subsection (a) are satisfied. No inmate serving a term of natural life imprisonment shall receive sentence credit under subparagraph (B) of this paragraph (4).

Educational, vocational, substance abuse, behavior modification programs, life skills courses, re-entry planning, and correctional industry programs under which sentence credit may be increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall also provide that an additional 90 days of sentence credit shall be awarded to any prisoner who passes high school equivalency testing while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The sentence credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a high school equivalency certificate. If, after an award of the high school equivalency testing sentence credit has been made, the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 90 days of sentence credit to any committed person who passed high school equivalency testing while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall provide that an additional 180 days of sentence credit shall be awarded to any prisoner who obtains a bachelor's degree while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be under the guidelines and restrictions set forth in paragraph (4) of this subsection (a). The sentence credit provided for in this paragraph shall be available only to those prisoners who have not earned a bachelor's degree prior to the current commitment to the Department of Corrections. If, after an award of the bachelor's degree sentence credit has been made, the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 180 days of sentence credit to any committed person who earned a bachelor's degree while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

Except as provided in paragraph (4.7) of this subsection (a), the rules and regulations shall provide that an additional 180 days of sentence credit shall be awarded to any prisoner who obtains a master's or professional degree while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1)

(4.5) The rules and regulations on sentence credit shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no sentence credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive sentence credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on sentence credit shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall receive no sentence credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management

(c) The Department shall prescribe rules and regulations for revoking sentence credit, including revoking sentence credit awarded under paragraph (3) of subsection (a) of this Section. The Department shall prescribe rules and regulations for suspending or reducing the rate of accumulation of sentence credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of sentence credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any sentence credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of sentence credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of sentence credit. The Board may subsequently approve the revocation of additional sentence credit, if the Department seeks to revoke sentence credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of sentence credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days of sentence credits which have been revoked, suspended or reduced. Any restoration of sentence credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore sentence credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of sentence credit.

If the prisoner has not accumulated 180 days of sentence credit at the time of the finding, then the Prisoner Review Board may revoke all sentence credit accumulated by the prisoner.

Those rules must provide for the issuance of the following types of resident deer archery permits: (i) a combination permit, consisting of one either-sex permit and one antlerless-only permit, (ii) a single antlerless-only permit, and (iii) a single either-sex permit. The Department shall create a pilot program during the special 3-day, youth-only deer hunting season to allow for youth deer hunting permits that are valid statewide, excluding those counties or portions of counties closed to firearm deer hunting. The Department shall adopt rules to implement the pilot program. Nothing in this paragraph shall be construed to prohibit the Department from issuing Special Hunt Area Permits for the youth-only deer hunting season or establishing, through administrative rule, additional requirements pertaining to the youth-only deer hunting season on Department-owned or Department-managed sites, including site-specific quotas or drawings. The provisions of this paragraph are inoperative on and after January 1, 2023.

The standards and specifications for use of guns and bow and arrow for deer hunting shall be established by administrative rule.

No person may have in his or her possession any firearm not authorized by administrative rule for a specific hunting season when taking deer.

Persons having a firearm deer hunting permit shall be permitted to take deer only during the period from 1/2 hour before sunrise to 1/2 hour after sunset, and only during those days for which an open season is established for the taking of deer by use of shotgun, handgun, or muzzle loading rifle.

"Baiting" means the placement or scattering of bait to attract deer. An area is considered as baited during the presence of and for 10 consecutive days following the removal of bait. Nothing in this Section shall prohibit the use of a dog to track wounded deer. Any person using a dog for tracking wounded deer...
must maintain physical control of the dog at all times by means of a maximum 50 foot lead attached to the dog's collar or harness. Tracking wounded deer is permissible at night, but at no time outside of legal deer hunting hours or seasons shall any person handling or accompanying a dog being used for tracking wounded deer be in possession of any firearm or archery device. Persons tracking wounded deer with a dog during the firearm deer seasons shall wear blaze orange or solid blaze pink color as required. Dog handlers tracking wounded deer with a dog are exempt from hunting license and deer permit requirements so long as they are accompanied by the licensed deer hunter who wounded the deer.

It shall be unlawful to possess or transport any wild deer which has been injured or killed in any manner upon a public highway or public right-of-way of this State unless exempted by administrative rule.

Persons hunting deer must have gun unloaded and no bow and arrow device shall be carried with the arrow in the nocked position during hours when deer hunting is unlawful.

It shall be unlawful for any person, having taken the legal limit of deer by gun, to further participate with gun in any deer hunting party.

It shall be unlawful for any person, having taken the legal limit of deer by bow and arrow, to further participate with bow and arrow in any deer hunting party.

Any person who violates any of the provisions of this Section, including administrative rules, shall be guilty of a Class B misdemeanor.

For the purposes of calculating acreage under this Section, the Department shall, after determining the total acreage of the applicable tract or tracts of land, round remaining fractional portions of an acre greater than or equal to half of an acre up to the next whole acre.

For the purposes of taking white-tailed deer, nothing in this Section shall be construed to prevent the manipulation, including mowing or cutting, of standing crops as a normal agricultural or soil stabilization practice, food plots, or normal agricultural practices, including planting, harvesting, and maintenance such as cultivating or the use of products designed for scent only and not capable of ingestion, solid or liquid, placed or scattered, in such a manner as to attract or lure deer. applicant must request an Apprentice Hunter License on a form designated
and made available by the Department and submit a $7 fee, which shall be
separate from and additional to any other stamp, permit, tag, or license fee
that may be required for hunting under this Code. The Department shall
adopt suitable administrative rules that are reasonable and necessary for
the administration of the program, but shall not require any certificate of
competency or other hunting education as a condition of the Apprentice
Hunter License.

Section 15. The Emergency Medical Services (EMS) Systems Act is amended by changing Section 3.20 as follows:

(210 ILCS 50/3.20)

Sec. 3.20. Emergency Medical Services (EMS) Systems.

(a) "Emergency Medical Services (EMS) System" means an organization of hospitals, vehicle service providers and personnel approved by the Department in a specific geographic area, which coordinates and provides pre-hospital and inter-hospital emergency care and non-emergency medical transports at a BLS, ILS and/or ALS level pursuant to a System program plan submitted to and approved by the Department, and pursuant to the EMS Region Plan adopted for the EMS Region in which the System is located.

(b) One hospital in each System program plan must be designated as the Resource Hospital. All other hospitals which are located within the geographic boundaries of a System and which have standby, basic or comprehensive level emergency departments must function in that EMS System as either an Associate Hospital or Participating Hospital and follow all System policies specified in the System Program Plan, including but not limited to the replacement of drugs and equipment used by providers who have delivered patients to their emergency departments. All hospitals and vehicle service providers participating in an EMS System must specify their level of participation in the System Program Plan.

(c) The Department shall have the authority and responsibility to:

(1) Approve BLS, ILS and ALS level EMS Systems which meet minimum standards and criteria established in rules adopted by the Department pursuant to this Act, including the submission of a Program Plan for Department approval. Beginning September 1, 1997, the Department shall approve the development of a new EMS System only when a local or regional need for establishing such System has been verified by the Department. This shall not be

construed as a needs assessment for health planning or other purposes outside of this Act. Following Department approval, EMS Systems must be fully operational within one year from the date of approval.

(2) Monitor EMS Systems, based on minimum standards for continuing operation as prescribed in rules adopted by the Department pursuant to this Act, which shall include requirements for submitting Program Plan amendments to the Department for approval.

(3) Renew EMS System approvals every 4 years, after an inspection, based on compliance with the standards for continuing operation prescribed in rules adopted by the Department pursuant to this Act.

(4) Suspend, revoke, or refuse to renew approval of any EMS System, after providing an opportunity for a hearing, when findings show that it does not meet the minimum standards for continuing operation as prescribed by the Department, or is found to be in violation of its previously approved Program Plan.

(5) Require each EMS System to adopt written protocols for the bypassing of or diversion to any hospital, trauma center or regional trauma center, which provide that a person shall not be transported to a facility other than the nearest hospital, regional trauma center or trauma center unless the medical benefits to the patient reasonably expected from the provision of appropriate medical treatment at a more distant facility outweigh the increased risks to the patient from transport to the more distant facility, or the transport is in accordance with the System's protocols for patient choice or refusal.

(6) Require that the EMS Medical Director of an ILS or ALS level EMS System be a physician licensed to practice medicine in all of its branches in Illinois, and certified by the American Board of Emergency Medicine or the American Osteopathic Board of Emergency Medicine, and that the EMS Medical Director of a BLS level EMS System be a physician licensed to practice medicine in all of its branches in Illinois, with regular and frequent involvement in pre-hospital emergency medical services. In addition, all EMS Medical Directors shall:

(A) Have experience on an EMS vehicle at the highest level available within the System, or make

(C) Have or make provision to gain experience instructing students at a level similar to that of the levels of EMS personnel within the System; and

(D) For ILS and ALS EMS Medical Directors, successfully complete a Department-approved EMS Medical Director's Course.

(7) Prescribe statewide EMS data elements to be collected and documented by providers in all EMS Systems for all emergency and non-emergency medical services, with a one-year phase-in for commencing collection of such data elements.

(A) (Blank).

(B) (Blank).

(9) Investigate the circumstances that caused a hospital in an EMS system to go on bypass status to determine whether that hospital's decision to go on bypass status was reasonable. The Department may impose sanctions, as set forth in Section 3.140 of the Act, upon a Department determination that the hospital unreasonably went on bypass status in violation of the Act.

(10) Evaluate the capacity and performance of any freestanding emergency center established under Section 32.5 of this Act in meeting emergency medical service needs of the public, including compliance with applicable emergency medical standards and assurance of the availability of and immediate access to the highest quality of medical care possible.

(11) Permit limited EMS System participation by facilities operated by the United States Department of Veterans Affairs, Veterans Health Administration. Subject to patient preference,

Illinois EMS providers may transport patients to Veterans Health Administration facilities that voluntarily participate in an EMS System. Any Veterans Health Administration facility seeking limited participation in an EMS System shall agree to comply with all Department administrative rules implementing this Section. The Department may promulgate rules, including, but not limited to, the types of Veterans Health Administration facilities that may participate in an EMS System and the limitations of participation.

(b) An applicant who does not satisfy the curriculum requirements prescribed by item (A) of subdivision (2) of subsection (a) of this Section is considered to have satisfied those requirements for the purposes of this Act if the student completed the portion of the college preparatory curriculum that was available to the student but was unable to complete the remainder of the curriculum solely because courses necessary to complete the remainder were unavailable to the student at the appropriate times in the student's high school career as a result of course scheduling, lack of enrollment capacity, or another cause not within the student's control. An institution may require a student's successful completion of such curriculum requirements prior to or concurrently with enrollment at the institution.

(c) An applicant who graduates in a graduating class of a school, whether public or non-public, that has so few students that class rank does not make a reliable contribution toward assessing the student's college readiness is considered to have satisfied the requirements of subsection (a) of this Section if the student has a grade point average of 3.5 or higher on a
4-point scale and has met the requirements of items (A) and (B) of subdivision (2) of subsection (a) of this Section.

Section 20. Admission requirements.
(a) To qualify for admission under this Act, an applicant must:
   (1) submit an application before the expiration of any application filing deadline established by the institution; and
   (2) provide a high school transcript or diploma that satisfies the requirements of subsection (b) of this Section.
(b) For purposes of subdivision (2) of subsection (a) of this Section, a student's official transcript or diploma must, not later than the end of the student's junior year, indicate:
   (1) whether the student has satisfied or is on schedule to satisfy the requirements of item (A) of subdivision (2) of subsection (a) of Section 15 of this Act; or
   (2) if subsection (b) of Section 15 of this Act applies to the student, whether the student has completed the portion of the college preparatory curriculum that was available to the student.

Section 25. Graduates of nonaccredited private schools.
(a) As used in this Section, "nonaccredited secondary education" means a course of study at the secondary school level in a nonaccredited private school setting.
(b) Because the State of Illinois considers successful completion of a nonaccredited secondary education to be equivalent to graduation from a public high school, an institution, in complying with this Act and for all other purposes, must treat an applicant for admission to the institution as an undergraduate student who presents evidence that he or she has successfully completed a nonaccredited secondary education according to the same general standards, including specific standardized testing score requirements, as other applicants for undergraduate admission who have graduated from a public high school.
(c) An institution may not require an applicant for admission to the institution as an undergraduate student who presents evidence that he or she has successfully completed a nonaccredited secondary education to:
   (1) obtain or submit evidence that the person has obtained a general educational development certificate, certificate of high school equivalency, or other credentials equivalent to a public high school degree; or

New matter indicated by italics- deletions by strikeout
(2) take an examination or comply with any other application or admission requirement not generally applicable to other applicants for undergraduate admission to the institution.

d) In complying with this Act or otherwise, when an institution in its undergraduate admission review process sorts or is required to sort applicants by high school graduating class rank, the institution shall place any applicant who presents evidence that the applicant has successfully completed a nonaccredited secondary education that does not include a high school graduating class ranking at the average high school graduating class rank of undergraduate applicants to the institution who have equivalent standardized testing scores as the applicant.

e) Notwithstanding any other provision of this Act, with respect to admission into the institution or any program within the institution, with respect to scholarship programs, and with respect to other terms and conditions, and in complying with this Act, an institution may not treat an applicant who has successfully completed a nonaccredited secondary education that does not include a high school graduating class ranking differently than an applicant who graduated from an accredited public school.

Section 30. Admission for child of fallen police officer, firefighter, or Department of Corrections employee. Each institution shall admit an applicant for admission to the institution as an undergraduate student if the applicant:

(1) is the child of a police officer or firefighter employed by or in the voluntary service of this State or any local public entity in this State who was killed or sustained a fatal injury in the line of duty or is the child of an employee of the Department of Corrections who was assigned to a security position with the Department with responsibility for inmates of a correctional institution under the jurisdiction of the Department and who was killed or sustained a fatal injury in the line of duty;

(2) meets the minimum requirements, if any, established for purposes of this Section by the governing board of the institution for high school or prior college-level grade point average and performance on standardized tests; and

(3) satisfies the ACT college admission assessment or the SAT college admission assessment composite score and subscores required for admission to the institution to which the applicant

New matter indicated by italics- deletions by strikeout
applied as well as any composite scores or subscores for colleges within that institution.

Section 35. Additional preparation for college. After admitting an applicant under this Act, the institution shall review the applicant's record and any other factor the institution considers appropriate to determine whether the applicant may require additional preparation for college-level work or would benefit from inclusion in a retention program. The institution may require a student so identified to enroll during the summer immediately after the student is admitted under this Act to participate in appropriate enrichment courses and orientation programs. This Act does not prohibit a student who is not determined to need additional preparation for college-level work from enrolling, if the student chooses, during the summer immediately after the student is admitted under this Act.

Section 40. Student outreach program. The Illinois Student Assistance Commission, by rule, shall develop and implement a program to increase and enhance the efforts of institutions in conducting outreach to academically high-performing high school seniors in this State who are likely to be eligible for automatic admission under Section 15 of this Act to provide to those students information and counseling regarding the operation of this Act and other opportunities, including financial assistance, available to those students for success at institutions.

Section 45. Fall or summer enrollment. An institution that admits, under this Act, an applicant qualified for automatic admission under Section 15 of this Act may admit the applicant for either the fall semester of the academic year for which the applicant applies or for the summer session preceding that fall semester, as determined by the institution.

Section 50. Admissions denial; reference to Act. If an institution denies admission to an applicant for an academic year, then, in any letter or other communication the institution provides to the applicant notifying the applicant of that denial, the institution may not reference the provisions of this Act, including using a description of a provision of this Act such as "the top 10% automatic admissions law", as a reason the institution is unable to offer admission to the applicant, unless the number of applicants for admission to the institution for that academic year who qualify for automatic admission under Section 15 of this Act is sufficient to fill 100% of the institution's enrollment capacity designated for first-time resident undergraduate students.
Section 90. Rules. The Board of Higher Education and the Illinois Student Assistance Commission may adopt any rules necessary to implement this Act.

Section 95. Repeal. This Act is repealed on July 1, 2025.

Approved August 23, 2019.
Effective January 1, 2020.

PUBLIC ACT 101-0450
(House Bill No. 0247)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 27-24.2 as follows:

(105 ILCS 5/27-24.2) (from Ch. 122, par. 27-24.2)
Sec. 27-24.2. Safety education; driver education course. Instruction shall be given in safety education in each of grades one through 8, equivalent to one class period each week, and any school district which maintains grades 9 through 12 shall offer a driver education course in any such school which it operates. Its curriculum shall include content dealing with Chapters 11, 12, 13, 15, and 16 of the Illinois Vehicle Code, the rules adopted pursuant to those Chapters insofar as they pertain to the operation of motor vehicles, and the portions of the Litter Control Act relating to the operation of motor vehicles. The course of instruction given in grades 10 through 12 shall include an emphasis on the development of knowledge, attitudes, habits, and skills necessary for the safe operation of motor vehicles, including motorcycles insofar as they can be taught in the classroom, and instruction on distracted driving as a major traffic safety issue. In addition, the course shall include instruction on special hazards

New matter indicated by italics- deletions by strikeout
existing at and required safety and driving precautions that must be observed at emergency situations, highway construction and maintenance zones, and railroad crossings and the approaches thereto. Beginning with the 2017-2018 school year, the course shall also include instruction concerning law enforcement procedures for traffic stops, including a demonstration of the proper actions to be taken during a traffic stop and appropriate interactions with law enforcement. The course of instruction required of each eligible student at the high school level shall consist of a minimum of 30 clock hours of classroom instruction and a minimum of 6 clock hours of individual behind-the-wheel instruction in a dual control car on public roadways taught by a driver education instructor endorsed by the State Board of Education. Both the classroom instruction part and the practice driving part of such driver education course shall be open to a resident or non-resident student attending a non-public school in the district wherein the course is offered. Each student attending any public or non-public high school in the district must receive a passing grade in at least 8 courses during the previous 2 semesters prior to enrolling in a driver education course, or the student shall not be permitted to enroll in the course; provided that the local superintendent of schools (with respect to a student attending a public high school in the district) or chief school administrator (with respect to a student attending a non-public high school in the district) may waive the requirement if the superintendent or chief school administrator, as the case may be, deems it to be in the best interest of the student. A student may be allowed to commence the classroom instruction part of such driver education course prior to reaching age 15 if such student then will be eligible to complete the entire course within 12 months after being allowed to commence such classroom instruction.

A school district may offer a driver education course in a school by contracting with a commercial driver training school to provide both the classroom instruction part and the practice driving part or either one without having to request a modification or waiver of administrative rules of the State Board of Education if the school district approves the action during a public hearing on whether to enter into a contract with a commercial driver training school. The public hearing shall be held at a regular or special school board meeting prior to entering into such a contract. If a school district chooses to approve a contract with a commercial driver training school, then the district must provide evidence to the State Board of Education that the commercial driver training school with which it will contract holds a license issued by the Secretary of State.
under Article IV of Chapter 6 of the Illinois Vehicle Code and that each instructor employed by the commercial driver training school to provide instruction to students served by the school district holds a valid teaching license issued under the requirements of this Code and rules of the State Board of Education. Such evidence must include, but need not be limited to, a list of each instructor assigned to teach students served by the school district, which list shall include the instructor's name, personal identification number as required by the State Board of Education, birth date, and driver's license number. Once the contract is entered into, the school district shall notify the State Board of Education of any changes in the personnel providing instruction either (i) within 15 calendar days after an instructor leaves the program or (ii) before a new instructor is hired. Such notification shall include the instructor's name, personal identification number as required by the State Board of Education, birth date, and driver's license number. If the school district maintains an Internet website, then the district shall post a copy of the final contract between the district and the commercial driver training school on the district's Internet website. If no Internet website exists, then the school district shall make available the contract upon request. A record of all materials in relation to the contract must be maintained by the school district and made available to parents and guardians upon request. The instructor's date of birth and driver's license number and any other personally identifying information as deemed by the federal Driver's Privacy Protection Act of 1994 must be redacted from any public materials.

Such a course may be commenced immediately after the completion of a prior course. Teachers of such courses shall meet the licensure requirements of this Code and regulations of the State Board as to qualifications. Except for a contract with a Certified Driver Rehabilitation Specialist, a school district that contracts with a third party to teach a driver education course under this Section must ensure the teacher meets the educator licensure and endorsement requirements under Article 21B and must follow the same evaluation and observation requirements that apply to non-tenured teachers under Article 24A. The teacher evaluation must be conducted by a school administrator employed by the school district and must be submitted annually to the district superintendent and all school board members for oversight purposes.

Subject to rules of the State Board of Education, the school district may charge a reasonable fee, not to exceed $50, to students who

New matter indicated by italics- deletions by strikeout
participate in the course, unless a student is unable to pay for such a course, in which event the fee for such a student must be waived. However, the district may increase this fee to an amount not to exceed $250 by school board resolution following a public hearing on the increase, which increased fee must be waived for students who participate in the course and are unable to pay for the course. The total amount from driver education fees and reimbursement from the State for driver education must not exceed the total cost of the driver education program in any year and must be deposited into the school district's driver education fund as a separate line item budget entry. All moneys deposited into the school district's driver education fund must be used solely for the funding of a high school driver education program approved by the State Board of Education that uses driver education instructors endorsed by the State Board of Education.

The exemption provided in this paragraph (f) extends to all those records of officers and agencies of the General Assembly that pertain to the preparation of legislative documents.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader, and the Clerk of the House of Representatives and with the President, the Minority leader, and the Secretary of the Senate. The Department shall take care that no proprietary information is included in the report required under this Section.

pharmacy owned or controlled by the pharmacy benefit manager,
unless the prescription drug is subject to restricted distribution by
the United States Food and Drug Administration or requires
special handling, provider coordination, or patient education that
cannot be provided by a retail pharmacy.

(i) Nothing in this Section shall be construed to prohibit a
pharmacy benefit manager from requiring the same reimbursement and
terms and conditions for a pharmacy provider as for a pharmacy owned,
controlled, or otherwise associated with the pharmacy benefit manager.

(j) A pharmacy benefit manager shall establish and implement a
process for the resolution of disputes arising out of this Section, which
shall be approved by the Department.

(k) The Department shall adopt rules establishing reasonable

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 9-275 and 15-170 as follows:

(35 ILCS 200/9-275)

Sec. 9-275. Erroneous homestead exemptions.

(a) For purposes of this Section:

"Erroneous homestead exemption" means a homestead exemption that was granted for real property in a taxable year if the property was not eligible for that exemption in that taxable year. If the taxpayer receives an erroneous homestead exemption under a single Section of this Code for the same property in multiple years, that exemption is considered a single erroneous homestead exemption for purposes of this Section. However, if the taxpayer receives erroneous homestead exemptions under multiple Sections of this Code for the same property, or if the taxpayer receives erroneous homestead exemptions under the same Section of this Code for multiple properties, then each of those exemptions is considered a separate erroneous homestead exemption for purposes of this Section.

"Erroneous exemption principal amount" means the total difference between the property taxes actually billed to a property index number and the amount of property taxes that would have been billed but for the erroneous exemption or exemptions.

"Taxpayer" means the property owner or leasehold owner that erroneously received a homestead exemption upon property.

(b) Notwithstanding any other provision of law, in counties with 3,000,000 or more inhabitants, the chief county assessment officer shall include the following information with each assessment notice sent in a general assessment year: (1) a list of each homestead exemption available under Article 15 of this Code and a description of the eligibility criteria for
that exemption, **including the number of assessment years of automatic renewal remaining on a current senior citizens homestead exemption if such an exemption has been applied to the property; (2) a list of each homestead exemption applied to the property in the current assessment year; (3) information regarding penalties and interest that may be incurred under this Section if the taxpayer received an erroneous homestead exemption in a previous taxable year; and (4) notice of the 60-day grace period available under this subsection.** If, within 60 days after receiving his or her assessment notice, the taxpayer notifies the chief county assessment officer that he or she received an erroneous homestead exemption in a previous taxable year, and if the taxpayer pays the erroneous exemption principal amount, plus interest as provided in subsection (f), then the taxpayer shall not be liable for the penalties provided in subsection (f) with respect to that exemption.

(c) In counties with 3,000,000 or more inhabitants, when the chief county assessment officer determines that one or more erroneous homestead exemptions was applied to the property, the erroneous exemption principal amount, together with all applicable interest and penalties as provided in subsections (f) and (j), shall constitute a lien in the name of the People of Cook County on the property receiving the erroneous homestead exemption. Upon becoming aware of the existence of one or more erroneous homestead exemptions, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, a notice of discovery as set forth in subsection (c-5). The chief county assessment officer in a county with 3,000,000 or more inhabitants may cause a lien to be recorded against property that (1) is located in the county and (2) received one or more erroneous homestead exemptions if, upon determination of the chief county assessment officer, the taxpayer received: (A) one or 2 erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 3 collection years immediately prior to the current collection year in which the notice of discovery is served; or (B) 3 or more erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 6 collection years immediately prior to the current collection year in which the notice of discovery is served. Prior to recording the lien against the property, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, return receipt requested, on

New matter indicated by italics- deletions by strikeout
the person to whom the most recent tax bill was mailed and the owner of record, a notice of intent to record a lien against the property. The chief county assessment officer shall cause the notice of intent to record a lien to be served within 3 years from the date on which the notice of discovery was served.

(c-5) The notice of discovery described in subsection (c) shall: (1) identify, by property index number, the property for which the chief county assessment officer has knowledge indicating the existence of an erroneous homestead exemption; (2) set forth the taxpayer's liability for principal, interest, penalties, and administrative costs including, but not limited to, recording fees described in subsection (f); (3) inform the taxpayer that he or she will be served with a notice of intent to record a lien within 3 years from the date of service of the notice of discovery; (4) inform the taxpayer that he or she may pay the outstanding amount, plus interest, penalties, and administrative costs at any time prior to being served with the notice of intent to record a lien or within 30 days after the notice of intent to record a lien is served; and (5) inform the taxpayer that, if the taxpayer provided notice to the chief county assessment officer as provided in subsection (d-1) of Section 15-175 of this Code, upon submission by the taxpayer of evidence of timely notice and receipt thereof by the chief county assessment officer, the chief county assessment officer will withdraw the notice of discovery and reissue a notice of discovery in compliance with this Section in which the taxpayer is not liable for interest and penalties for the current tax year in which the notice was received.

For the purposes of this subsection (c-5):

"Collection year" means the year in which the first and second installment of the current tax year is billed.

"Current tax year" means the year prior to the collection year.

(d) The notice of intent to record a lien described in subsection (c) shall: (1) identify, by property index number, the property against which the lien is being sought; (2) identify each specific homestead exemption that was erroneously granted and the year or years in which each exemption was granted; (3) set forth the erroneous exemption principal amount due and the interest amount and any penalty and administrative costs due; (4) inform the taxpayer that he or she may request a hearing within 30 days after service and may appeal the hearing officer's ruling to the circuit court; (5) inform the taxpayer that he or she may pay the erroneous exemption principal amount, plus interest and penalties, within 30 days after service; and (6) inform the taxpayer that, if the lien is

New matter indicated by italics- deletions by strikeout
recorded against the property, the amount of the lien will be adjusted to include the applicable recording fee and that fees for recording a release of the lien shall be incurred by the taxpayer. A lien shall not be filed pursuant to this Section if the taxpayer pays the erroneous exemption principal amount, plus penalties and interest, within 30 days of service of the notice of intent to record a lien.

(e) The notice of intent to record a lien shall also include a form that the taxpayer may return to the chief county assessment officer to request a hearing. The taxpayer may request a hearing by returning the form within 30 days after service. The hearing shall be held within 90 days after the taxpayer is served. The chief county assessment officer shall promulgate rules of service and procedure for the hearing. The chief county assessment officer must generally follow rules of evidence and practices that prevail in the county circuit courts, but, because of the nature of these proceedings, the chief county assessment officer is not bound by those rules in all particulars. The chief county assessment officer shall appoint a hearing officer to oversee the hearing. The taxpayer shall be allowed to present evidence to the hearing officer at the hearing. After taking into consideration all the relevant testimony and evidence, the hearing officer shall make an administrative decision on whether the taxpayer was erroneously granted a homestead exemption for the taxable year in question. The taxpayer may appeal the hearing officer's ruling to the circuit court of the county where the property is located as a final administrative decision under the Administrative Review Law.

(f) A lien against the property imposed under this Section shall be filed with the county recorder of deeds, but may not be filed sooner than 60 days after the notice of intent to record a lien was delivered to the taxpayer if the taxpayer does not request a hearing, or until the conclusion of the hearing and all appeals if the taxpayer does request a hearing. If a lien is filed pursuant to this Section and the taxpayer received one or 2 erroneous homestead exemptions during any of the 3 collection years immediately prior to the current collection year in which the notice of discovery is served, then the erroneous exemption principal amount, plus 10% interest per annum or portion thereof from the date the erroneous exemption principal amount would have become due if properly included in the tax bill, shall be charged against the property by the chief county assessment officer. However, if a lien is filed pursuant to this Section and the taxpayer received 3 or more erroneous homestead exemptions during any of the 6 collection years immediately prior to the current collection

New matter indicated by italics- deletions by strikeout
year in which the notice of discovery is served, the erroneous exemption principal amount, plus a penalty of 50% of the total amount of the erroneous exemption principal amount for that property and 10% interest per annum or portion thereof from the date the erroneous exemption principal amount would have become due if properly included in the tax bill, shall be charged against the property by the chief county assessment officer. If a lien is filed pursuant to this Section, the taxpayer shall not be liable for interest that accrues between the date the notice of discovery is served and the date the lien is filed. Before recording the lien with the county recorder of deeds, the chief county assessment officer shall adjust the amount of the lien to add administrative costs, including but not limited to the applicable recording fee, to the total lien amount.

(g) If a person received an erroneous homestead exemption under Section 15-170 and: (1) the person was the spouse, child, grandchild, brother, sister, niece, or nephew of the previous taxpayer; and (2) the person received the property by bequest or inheritance; then the person is not liable for the penalties imposed under this Section for any year or years during which the chief county assessment officer did not require an annual application for the exemption or, in a county with 3,000,000 or more inhabitants, an application for renewal of a multi-year exemption pursuant to subsection (i) of Section 15-170, as the case may be. However, that person is responsible for any interest owed under subsection (f).

(h) If the erroneous homestead exemption was granted as a result of a clerical error or omission on the part of the chief county assessment officer, and if the taxpayer has paid the tax bills as received for the year in which the error occurred, then the interest and penalties authorized by this Section with respect to that homestead exemption shall not be chargeable to the taxpayer. However, nothing in this Section shall prevent the collection of the erroneous exemption principal amount due and owing.

(i) A lien under this Section is not valid as to (1) any bona fide purchaser for value without notice of the erroneous homestead exemption whose rights in and to the underlying parcel arose after the erroneous homestead exemption was granted but before the filing of the notice of lien; or (2) any mortgagee, judgment creditor, or other lienor whose rights in and to the underlying parcel arose before the filing of the notice of lien. A title insurance policy for the property that is issued by a title company licensed to do business in the State showing that the property is free and clear of any liens imposed under this Section shall be prima facie evidence that the taxpayer is without notice of the erroneous homestead exemption.
Nothing in this Section shall be deemed to impair the rights of subsequent creditors and subsequent purchasers under Section 30 of the Conveyances Act.

(j) When a lien is filed against the property pursuant to this Section, the chief county assessment officer shall mail a copy of the lien to the person to whom the most recent tax bill was mailed and to the owner of record, and the outstanding liability created by such a lien is due and payable within 30 days after the mailing of the lien by the chief county assessment officer. This liability is deemed delinquent and shall bear interest beginning on the day after the due date at a rate of 1.5% per month or portion thereof. Payment shall be made to the county treasurer. Upon receipt of the full amount due, as determined by the chief county assessment officer, the county treasurer shall distribute the amount paid as provided in subsection (k). Upon presentment by the taxpayer to the chief county assessment officer of proof of payment of the total liability, the chief county assessment officer shall provide in reasonable form a release of the lien. The release of the lien provided shall clearly inform the taxpayer that it is the responsibility of the taxpayer to record the lien release form with the county recorder of deeds and to pay any applicable recording fees.

(k) The county treasurer shall pay collected erroneous exemption principal amounts, pro rata, to the taxing districts, or their legal successors, that levied upon the subject property in the taxable year or years for which the erroneous homestead exemptions were granted, except as set forth in this Section. The county treasurer shall deposit collected penalties and interest into a special fund established by the county treasurer to offset the costs of administration of the provisions of this Section by the chief county assessment officer's office, as appropriated by the county board. If the costs of administration of this Section exceed the amount of interest and penalties collected in the special fund, the chief county assessor shall be reimbursed by each taxing district or their legal successors for those costs. Such costs shall be paid out of the funds collected by the county treasurer on behalf of each taxing district pursuant to this Section.

(l) The chief county assessment officer in a county with 3,000,000 or more inhabitants shall establish an amnesty period for all taxpayers owing any tax due to an erroneous homestead exemption granted in a tax year prior to the 2013 tax year. The amnesty period shall begin on the effective date of this amendatory Act of the 98th General Assembly and shall run through December 31, 2013. If, during the amnesty period, the
taxpayer pays the entire arrearage of taxes due for tax years prior to 2013, the county clerk shall abate and not seek to collect any interest or penalties that may be applicable and shall not seek civil or criminal prosecution for any taxpayer for tax years prior to 2013. Failure to pay all such taxes due during the amnesty period established under this Section shall invalidate the amnesty period for that taxpayer.

The chief county assessment officer in a county with 3,000,000 or more inhabitants shall (i) mail notice of the amnesty period with the tax bills for the second installment of taxes for the 2012 assessment year and (ii) as soon as possible after the effective date of this amendatory Act of the 98th General Assembly, publish notice of the amnesty period in a newspaper of general circulation in the county. Notices shall include information on the amnesty period, its purpose, and the method by which to make payment.

Taxpayers who are a party to any criminal investigation or to any civil or criminal litigation that is pending in any circuit court or appellate court, or in the Supreme Court of this State, for nonpayment, delinquency, or fraud in relation to any property tax imposed by any taxing district located in the State on the effective date of this amendatory Act of the 98th General Assembly may not take advantage of the amnesty period.

A taxpayer who has claimed 3 or more homestead exemptions in error shall not be eligible for the amnesty period established under this subsection.

(m) Notwithstanding any other provision of law, for taxable years 2020 through 2024, in counties with 3,000,000 or more inhabitants, the chief county assessment officer shall, if he or she learns that a taxpayer who has been granted a senior citizens homestead exemption has died during the period to which the exemption applies, send a notice to the owner on record for the property notifying the owner that the exemption will be terminated unless, within 90 days after the notice is sent, the chief county assessment officer is provided with a basis to continue the exemption. The notice shall be sent by first-class mail, in an envelope that bears on its front, in boldface red lettering that is at least one inch in size, the words "Notice of Exemption Termination"; however, if the taxpayer elects to receive the notice by email and provides an email address, then the notice shall be sent by email.

Sec. 15-170. Senior citizens homestead exemption.

(a) An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be $3,500. For taxable years 2008 through 2011, the maximum reduction is $4,000 in all counties. For taxable year 2012, the maximum reduction is $5,000 in counties with 3,000,000 or more inhabitants and $4,000 in all other counties. For taxable years 2013 through 2016, the maximum reduction is $5,000 in all counties. For taxable years 2017 and thereafter, the maximum reduction is $8,000 in counties with 3,000,000 or more inhabitants and $5,000 in all other counties.

(b) For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or

the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

(c) When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

(d) A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

(e) Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

(f) The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.
(g) The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

(h) The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

(i) In counties with 3,000,000 or more inhabitants, for taxable years beginning in taxable year 2010 through 2019, and beginning again in taxable year 2025, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. If a reapplication is required, then the chief county assessment officer shall mail the application to the taxpayer at least 60 days prior to the last day of the application period for the county.

For taxable years 2020 through 2024, in counties with 3,000,000 or more inhabitants, a taxpayer who has been granted an exemption under this Section need not reapply. However, if the property ceases to be qualified for the exemption under this Section in any year for which a reapplication is not required under this Section, then the owner of record of the property shall notify the chief county assessment officer that the property is no longer qualified. In addition, for taxable years 2020 through 2024, the chief county assessment officer of a county with 3,000,000 or more inhabitants shall enter into an intergovernmental agreement with the county clerk of that county and the Department of Public Health, as well as any other appropriate governmental agency, to

obtain information that documents the death of a taxpayer who has been granted an exemption under this Section. Notwithstanding any other provision of law, the county clerk and the Department of Public Health shall provide that information to the chief county assessment officer. The Department of Public Health shall supply this information no less frequently than every calendar quarter. Information concerning the death of a taxpayer may be shared with the county treasurer. The chief county assessment officer shall also enter into a data exchange agreement with the Social Security Administration or its agent to obtain access to the information regarding deaths in possession of the Social Security Administration. The chief county assessment officer shall, subject to the notice requirements under subsection (m) of Section 9-275, terminate the exemption under this Section if the information obtained indicates that the property is no longer qualified for the exemption. In counties with 3,000,000 or more inhabitants, the assessor and the county recorder of deeds shall establish policies and practices for the regular exchange of information for the purpose of alerting the assessor whenever the transfer of ownership of any property receiving an exemption under this Section has occurred. When such a transfer occurs, the assessor shall mail a notice to the new owner of the property (i) informing the new owner that the exemption will remain in place through the year of the transfer, after which it will be canceled, and (ii) providing information pertaining to the rules for reapplying for the exemption if the owner qualifies. In counties with 3,000,000 or more inhabitants, the chief county assessment official shall conduct audits of all exemptions granted under this Section no later than December 31, 2022 and no later than December 31, 2024. The audit shall be designed to ascertain whether any senior homestead exemptions have been granted erroneously. If it is determined that a senior homestead exemption has been erroneously applied to a property, the chief county assessment officer shall make use of the appropriate provisions of Section 9-275 in relation to the property that received the erroneous homestead exemption.

(j) In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification
of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

(l) The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

(m) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(vii) obstruct an ongoing criminal investigation by
the agency that is the recipient of the request.

(i) Valuable formulae, computer geographic systems, designs, drawings and research data obtained or produced by any public body when disclosure could reasonably be expected to produce private gain or public loss. The exemption for "computer geographic systems" provided in this paragraph (i) does not extend to requests made by news media as defined in Section 2 of this Act when the requested information is not otherwise exempt and the only purpose of the request is to access and disseminate information regarding the health, safety, welfare, or legal rights of the general public.

software, operating protocols, computer program abstracts, file layouts, source listings, object modules, load modules, user guides, documentation pertaining to all logical and physical design of computerized systems, employee manuals, and any other information that, if disclosed, would jeopardize the security of the system or its data or the security of materials exempt under this Section.

(q) Test questions, scoring keys, and other examination data used to determine the qualifications of an applicant for a license or employment.

(55 ILCS 5/5-1006.7)

Sec. 5-1006.7. School facility and resources occupation taxes.

(a) In any county, a tax shall be imposed upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively (i) for school facility purposes, (ii) school resource officers and mental health professionals, or (iii) school facility purposes, school resource officers, and mental health professionals if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question as provided in subsection (c). The tax under this Section shall be imposed only in one-quarter percent increments and may not exceed 1%.

This additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act. The Department of Revenue has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

New matter indicated by italics- deletions by strikeout
The Department shall deposit all taxes and penalties collected under this subsection into a special fund created for that purpose.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in Sections 1 through 1o, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act as if those provisions were set forth in this subsection.

The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act permits the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability by separately stating that tax as an additional charge, which may be stated in combination, in a single amount, with State tax that sellers are required to collect under the Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service.

This tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department and deposited into a special fund created for that purpose. The Department has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall (i) have the same rights, remedies, privileges, immunities, powers and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties and definition of terms, and (iii) employ the same modes of procedure as are set forth in Sections 2 (except that that reference to State in the definition of supplier maintaining a place of business in this State means the county), 2a through 2d, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State means the county), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The tax under this Section may not be imposed until the question of imposing the tax has been submitted to the electors of the county at a regular election and approved by a majority of the electors voting on the question. For all regular elections held prior to August 23, 2011 (the effective date of Public Act 97-542), upon a resolution by the county board or a resolution by school district boards that represent at least 51% of the student enrollment within the county, the county board must certify the question to the proper election authority in accordance with the Election Code.

For all regular elections held prior to August 23, 2011 (the effective date of Public Act 97-542), the election authority must submit the question in substantially the following form:

Shall (name of county) be authorized to impose a retailers' occupation tax and a service occupation tax (commonly referred to as a "sales tax") at a rate of (insert rate) to be used exclusively for school facility purposes?

New matter indicated by italics- deletions by strikeout
The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the county may, thereafter, impose the tax.

For all regular elections held on or after August 23, 2011 (the effective date of Public Act 97-542), the regional superintendent of schools for the county must, upon receipt of a resolution or resolutions of school district boards that represent more than 50% of the student enrollment within the county, certify the question to the proper election authority for submission to the electors of the county at the next regular election at which the question lawfully may be submitted to the electors, all in accordance with the Election Code.

For all regular elections held on or after August 23, 2011 (the effective date of Public Act 97-542) and before the effective date of this amendatory Act of the 101st General Assembly, the election authority must submit the question in substantially the following form:

Shall a retailers' occupation tax and a service occupation tax (commonly referred to as a "sales tax") be imposed in (name of county) at a rate of (insert rate) to be used exclusively for school facility purposes?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the tax shall be imposed at the rate set forth in the question.

For all regular elections held on or after the effective date of this amendatory Act of the 101st General Assembly, the election authority must submit the question as follows:

(1) If the referendum is to expand the use of revenues from a currently imposed tax exclusively for school facility purposes to include school resource officers and mental health professionals, the question shall be in substantially the following form:

In addition to school facility purposes, shall (name of county) school districts be authorized to use revenues from the tax commonly referred to as the school facility sales tax that is currently imposed in (name of county) at a rate of (insert rate) for school resource officers and mental health professionals?

(2) If the referendum is to increase the rate of a tax currently imposed exclusively for school facility purposes at less than 1% and dedicate the additional revenues for school resource

Shall the tax commonly referred to as the school facility sales tax that is currently imposed in (name of county) at the rate of (insert rate) be increased to a rate of (insert rate) with the additional revenues used exclusively for school resource officers and mental health professionals?

(3) If the referendum is to impose a tax in a county that has not previously imposed a tax under this Section exclusively for school facility purposes, the question shall be in substantially the following form:

Shall a retailers' occupation tax and a service occupation tax (commonly referred to as a sales tax) be imposed in (name of county) at a rate of (insert rate) to be used exclusively for school facility purposes?

(4) If the referendum is to impose a tax in a county that has not previously imposed a tax under this Section exclusively for school resource officers and mental health professionals, the question shall be in substantially the following form:

Shall a retailers' occupation tax and a service occupation tax (commonly referred to as a sales tax) be imposed in (name of county) at a rate of (insert rate) to be used exclusively for school resource officers and mental health professionals?

(5) If the referendum is to impose a tax in a county that has not previously imposed a tax under this Section exclusively for school facility purposes, school resource officers, and mental health professionals, the question shall be in substantially the following form:

For the purposes of this subsection (c), "enrollment" means the head count of the students residing in the county on the last school day of September of each year, which must be reported on the Illinois State Board of Education Public School Fall Enrollment/Housing Report.

(d) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the School Facility Occupation Tax Fund, which shall be an unappropriated trust fund held outside the State treasury.

On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the regional superintendents of schools in counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each regional superintendent of schools and disbursed to him or her in accordance with Section 3-14.31 of the School Code, is equal to the amount (not including credit memoranda) collected from the county under this Section during the second preceding calendar month by the Department, (i) less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this Section, on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; and (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. When certifying the amount of a monthly disbursement to a regional superintendent of schools under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.

Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the regional superintendents of the schools provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then

the Department shall notify the Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the Treasurer out of the School Facility Occupation Tax Fund.

(e) For the purposes of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This subsection does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(f) Nothing in this Section may be construed to authorize a tax to be imposed upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(g) If a county board imposes a tax under this Section pursuant to a referendum held before August 23, 2011 (the effective date of Public Act 97-542) at a rate below the rate set forth in the question approved by a majority of electors of that county voting on the question as provided in subsection (c), then the county board may, by ordinance, increase the rate of the tax up to the rate set forth in the question approved by a majority of electors of that county voting on the question as provided in subsection (c). If a county board imposes a tax under this Section pursuant to a referendum held before August 23, 2011 (the effective date of Public Act 97-542), then the board may, by ordinance, discontinue or reduce the rate of the tax. If a tax is imposed under this Section pursuant to a referendum held on or after August 23, 2011 (the effective date of Public Act 97-542) and before the effective date of this amendatory Act of the 101st General Assembly, then the county board may reduce or discontinue the tax, but only in accordance with subsection (h-5) of this Section. If a tax is imposed under this Section pursuant to a referendum held on or after the effective date of this amendatory Act of the 101st General Assembly, then the county board may reduce or discontinue the tax, but only in accordance with subsection (h-10). If, however, a school board issues bonds that are secured by the proceeds of the tax under this Section, then the county board may not reduce the tax rate or discontinue the tax if that rate reduction or discontinuance would adversely affect the school board's ability to pay the principal and interest on those bonds as they become due.

If the county board reduces the tax rate or discontinues the tax, then a referendum must be held in accordance with subsection (c) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

Until January 1, 2014, the results of any election that imposes, reduces, or discontinues a tax under this Section must be certified by the election authority, and any ordinance that increases or lowers the rate or discontinues the tax must be certified by the county clerk and, in each case, filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of January next following the filing.

In the ordinance or resolution, the county board shall certify the question to the proper election authority in accordance with the Election Code. The election authority must submit the question in substantially the following form:

If a majority of the electors voting on the question vote in the affirmative, then, subject to the provisions of subsection (g) of this Section, the tax shall be reduced or discontinued as set forth in the question.

(105 ILCS 5/3-14.31)

Sec. 3-14.31. School facility and resources occupation tax proceeds.

(a) Within 30 days after receiving any proceeds of a school facility and resources occupation tax under Section 5-1006.7 of the Counties Code, each regional superintendent must disburse those proceeds to each school district that is located in the county in which the tax was collected.

(b) The proceeds must be disbursed on an enrollment basis and allocated based upon the number of each school district's resident pupils that reside within the county collecting the tax divided by the total number of resident students within the county.

(105 ILCS 5/10-20.43)

Sec. 10-20.43. School facility and resources occupation tax fund. All proceeds received by a school district from a distribution under Section 3-14.31 must be maintained in a special fund known as the school facility and resources occupation tax fund. The district may use moneys in that fund only for school facility purposes, as that term is defined under Section 5-1006.7 of the Counties Code.

(105 ILCS 5/10-22.36) (from Ch. 122, par. 10-22.36)

Sec. 10-22.36. Buildings for school purposes. To build or purchase a building for school classroom or instructional purposes upon the approval of a majority of the voters upon the proposition at a referendum held for such purpose or in accordance with Section 17-2.11, 19-3.5, or 19-3.10. The board may initiate such referendum by resolution. The board shall certify the resolution and proposition to the proper election authority for submission in accordance with the general election law.

The questions of building one or more new buildings for school purposes or office facilities, and issuing bonds for the purpose of borrowing money to purchase one or more buildings or sites for such buildings or office sites, to build one or more new buildings for school purposes or office facilities or to make additions and improvements to existing school buildings, may be combined into one or more propositions on the ballot.

Notwithstanding any of the foregoing, no referendum shall be required if the purchase, construction, or building of any such building (1) occurs while the building is being leased by the school district or (2) is paid with (A) funds derived from the sale or disposition of other buildings, land, or structures of the school district or (B) funds received (i) as a grant under the School Construction Law or (ii) as gifts or donations, provided that no funds to purchase, construct, or build such building, other than lease payments, are derived from the district's bonded indebtedness or the tax levy of the district.

Notwithstanding any of the foregoing, no referendum shall be required if the purchase, construction, or building of any such building is paid with funds received from the County School Facility and Resources Occupation Tax Law under Section 5-1006.7 of the Counties Code or from the proceeds of bonds or other debt obligations secured by revenues obtained from that Law.

Sec. 17-2.11. School board power to levy a tax or to borrow money and issue bonds for fire prevention, safety, energy conservation, accessibility, school security, and specified repair purposes.

(a) Whenever, as a result of any lawful order of any agency, other than a school board, having authority to enforce any school building code applicable to any facility that houses students, or any law or regulation for the protection and safety of the environment, pursuant to the Environmental Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; the district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in this State, upon all of the taxable property of the district at the value as assessed by the Department of Revenue and at a rate not to exceed 0.05% per year for a period sufficient to finance such alteration or reconstruction, upon the following conditions:

New matter indicated by italics- deletions by strikeout
(1) When there are not sufficient funds available in the operations and maintenance fund of the school district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district, as determined by the district on the basis of rules adopted by the State Board of Education, to make such alteration or reconstruction or to purchase and install such permanent, fixed equipment so ordered or determined as necessary. Appropriate school district records must be made available to the State Superintendent of Education, upon request, to confirm this insufficiency.

(2) When a certified estimate of an architect or engineer licensed in this State stating the estimated amount necessary to make the alteration or reconstruction or to purchase and install the equipment so ordered has been secured by the school district, and the estimate has been approved by the regional superintendent of schools having jurisdiction over the district and the State Superintendent of Education. Approval must not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If the estimate is not approved or is denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit the estimate directly to the State Superintendent of Education for approval or denial.

In the case of an emergency situation, where the estimated cost to effectuate emergency repairs is less than the amount specified in Section 10-20.21 of this Code, the school district may proceed with such repairs prior to approval by the State Superintendent of Education, but shall comply with the provisions of subdivision (2) of this subsection (a) as soon thereafter as may be as well as Section 10-20.21 of this Code. If the estimated cost to effectuate emergency repairs is greater than the amount specified in Section 10-20.21 of this Code, then the school district shall proceed in conformity with Section 10-20.21 of this Code and with rules established by the State Board of Education to address such situations. The rules adopted by the State Board of Education to deal with these situations shall stipulate that emergency situations must be expedited and given priority consideration. For purposes of this paragraph, an emergency is a situation that presents an imminent and continuing threat to the health and safety of students or other occupants of a facility, requires complete or

partial evacuation of a building or part of a building, or consumes one or more of the 5 emergency days built into the adopted calendar of the school or schools or would otherwise be expected to cause such school or schools to fall short of the minimum school calendar requirements.

(b) Whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(c) Whenever any such district determines that it is necessary for accessibility purposes and to comply with the school building code that any school building or equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized under Section 2-3.12 of this Act, the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(d) Whenever any such district determines that it is necessary for school security purposes and the related protection and safety of pupils and school personnel that any school building or property should be altered or reconstructed or that security systems and equipment (including but not limited to intercom, early detection and warning, access control and television monitoring systems) should be purchased and installed, and that such alterations, reconstruction or purchase and installation of equipment will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendment thereto authorized by Section 2-3.12 of this Act and will deter and prevent unauthorized entry or activities upon school property by unknown or dangerous persons, assure early detection and advance warning of any such actual or attempted unauthorized entry or activities and help assure the continued safety of pupils and school staff if any such unauthorized entry or activity is attempted or occurs; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

If such a school district determines that it is necessary for school security purposes and the related protection and safety of pupils and school staff to hire a school resource officer or that personnel costs for

school counselors, mental health experts, or school resource officers are necessary and the district determines that it does not need funds for any of the other purposes set forth in this Section, then the district may levy a tax or issue bonds as provided in subsection (a).

(e) If a school district does not need funds for other fire prevention and safety projects, including the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act, and it is determined after a public hearing (which is preceded by at least one published notice (i) occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district and (ii) setting forth the time, date, place, and general subject matter of the hearing) that there is a substantial, immediate, and otherwise unavoidable threat to the health, safety, or welfare of pupils due to disrepair of school sidewalks, playgrounds, parking lots, or school bus turnarounds and repairs must be made; then the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(f) For purposes of this Section a school district may replace a school building or build additions to replace portions of a building when it is determined that the effectuation of the recommendations for the existing building will cost more than the replacement costs. Such determination shall be based on a comparison of estimated costs made by an architect or engineer licensed in the State of Illinois. The new building or addition shall be equivalent in area (square feet) and comparable in purpose and grades served and may be on the same site or another site. Such replacement may only be done upon order of the regional superintendent of schools and the approval of the State Superintendent of Education.

(g) The filing of a certified copy of the resolution levying the tax when accompanied by the certificates of the regional superintendent of schools and State Superintendent of Education shall be the authority of the county clerk to extend such tax.

(h) The county clerk of the county in which any school district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for school purposes and shall not include the same in the limitation of any other tax rate which may be extended.

Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.
(i) The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

(j) When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds, excluding bond proceeds and earnings from such proceeds, as follows:

1. for other authorized fire prevention, safety, energy conservation, required safety inspections, school security purposes, sampling for lead in drinking water in schools, and for repair and mitigation due to lead levels in the drinking water supply; or

2. for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes.

Notwithstanding subdivision (2) of this subsection (j) and subsection (k) of this Section, through June 30, 2020, the school board may, by proper resolution following a public hearing set by the school board or the president of the school board (that is preceded (i) by at least one published notice over the name of the clerk or secretary of the board, occurring at least 7 days and not more than 30 days prior to the hearing, in a newspaper of general circulation within the school district and (ii) by posted notice over the name of the clerk or secretary of the board, at least 48 hours before the hearing, at the principal office of the school board or at the building where the hearing is to be held if a principal office does not exist, with both notices setting forth the time, date, place, and subject matter of the hearing), transfer surplus life safety taxes and interest earnings thereon to the Operations and Maintenance Fund for building repair work.

(k) If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.
(l) If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

(m) Any bonds issued pursuant to this Section shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

(n) In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and not more than $5,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the school district sufficient to pay the principal and interest on such bonds to maturity. Upon the filing in the office of the county clerk of the county in which the school district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by such school district.

(o) After the time such bonds are issued as provided for by this Section, if additional alterations or reconstructions are required to be made because of surveys conducted by an architect or engineer licensed in the State of Illinois, the district may levy a tax at a rate not to exceed .05% per year upon all the taxable property of the district or issue additional bonds, whichever action shall be the most feasible.

(p) This Section is cumulative and constitutes complete authority for the issuance of bonds as provided in this Section notwithstanding any other statute or law to the contrary.

(q) With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of Public Act 86-004 (June 6, 1989), it is, and always has been, the intention of the General Assembly (i) that the Omnibus Bond Acts are, and always have been, supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that

the provisions of this Section are not a limitation on the supplementary
authority granted by the Omnibus Bond Acts, and (iii) that instruments
issued under this Section within the supplementary authority granted by
the Omnibus Bond Acts are not invalid because of any provision of this
Act that may appear to be or to have been more restrictive than those Acts.

(r) When the purposes for which the bonds are issued have been
accomplished and paid for in full and there remain funds on hand from the
proceeds of the bond sale and interest earnings therefrom, the board shall,
by resolution, use such excess funds in accordance with the provisions of
Section 10-22.14 of this Act.

(s) Whenever any tax is levied or bonds issued for fire prevention,
safety, energy conservation, and school security purposes, such proceeds
shall be deposited and accounted for separately within the Fire Prevention
and Safety Fund.

it will review each school building's emergency and crisis response plans,

obtain prior judicial approval, and the officer reasonably believes that an order permitting the obtaining of location information would issue were there prior judicial review. An emergency situation exists when:

(ii) the situation involves:

(aa) a clear and present danger of imminent death or great bodily harm to persons resulting from:

had the information been before the court prior to the obtaining of the location information and (ii) there was an emergency situation as defined in this paragraph (6).

(C) In the event that an application for approval under this paragraph (6) is denied, the location information obtained under this exception shall be inadmissible in accordance with Section 20 of this Act; or

The State may overcome this presumption by proving the applicability of a judicially recognized exception to the exclusionary rule of the Fourth Amendment to the United States Constitution or Article I, Section 6 of the Illinois Constitution, or by a preponderance of the evidence that the law enforcement officer was acting in good faith and reasonably believed that one or more of the exceptions identified in Section 15 existed at the time the location information was obtained.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved August 23, 2019.
Effective August 23, 2019.
AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. References to Act; intent; purposes. This Act may be referred to as the Children and Young Adult Mental Health Crisis Act. It is intended to fill in significant gaps in Illinois' mental health treatment system for children and young adults given that this is the age group that most mental health conditions begin to manifest.

Section 5. Findings. The General Assembly finds as follows:

(1) Over 850,000 children and young adults under age 25 in Illinois will experience a mental health condition. Barely one-third will get treatment even though treatment can lead to recovery and wellness.

(2) Every year hundreds of Illinois children with treatable serious mental health conditions are forced to remain in psychiatric hospitals far beyond medical necessity because subsequent treatment options are not available.

(3) There are many gaps in Illinois' publicly funded mental health system, and private insurance does not cover proven treatment approaches covered by the public sector.

(4) Children and young adults must have access to the level of mental health treatment they need at the first signs of a problem to prevent worsening of the condition and the use of substances for purposes of self-medication.

(5) Illinois' mental health system for children and young adults must align with system of care principles, which were developed by The Georgetown University Center for Child and Human Development and are the nationally recognized best practices for developing a strong treatment system.

(6) This Act contains many of the crucial elements that Illinois requires for building an appropriate service delivery system and for coverage of a comprehensive array of services through private insurance.
