(4) If upon hearing the Director determines that good and sufficient cause for noncompliance has not been shown, the Director may order the person to submit evidence of compliance within a specified period of not less than 30 days.

(5) If evidence of compliance has not been submitted to the Director within the period of time prescribed in the order and no administrative appeal from the order has been initiated, the Director may assess a civil penalty of up to $2,000 against the governing body, officer, or official for each noncompliance with an order of the Director.

The Director shall develop by rule, with as much specificity as practicable, the standards and criteria to be used in assessing penalties and their amounts. The standards and criteria shall include, but need not be limited to, consideration of evidence of efforts made in good faith to comply with applicable legal requirements. This rulemaking is subject to the provisions of the Illinois Administrative Procedure Act.

If a penalty is not paid within 30 days of the date of assessment, the Director without further notice shall report the act of noncompliance to the Attorney General of this State. Sec. 3-111. Pension.

(a) A police officer age 50 or more with 20 or more years of creditable service, who is not a participant in the self-managed plan under Section 3-109.3 and who is no longer in service as a police officer, shall receive a pension of 1/2 of the salary attached to the rank held by the officer on the police force for one year immediately prior to retirement or, beginning July 1, 1987 for persons terminating service on or after that date, the salary attached to the rank held on the last day of service or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years of service through 30 years of service, to a maximum of 75% of such salary.

The changes made to this subsection (a) by this amendatory Act of the 91st General Assembly apply to all pensions that become payable under this subsection on or after January 1, 1999. All pensions payable under this subsection that began on or after January 1, 1999 and before the effective date of this amendatory Act shall be recalculated, and the amount of the increase accruing for that period shall be payable to the pensioner in a lump sum.

(a-5) No pension in effect on or granted after June 30, 1973 shall be less than $200 per month. Beginning July 1, 1987, the minimum retirement pension for a police officer having at least 20 years of creditable service shall be $400 per month, without regard to whether or not retirement occurred prior to that date. If the minimum pension established in Section 3-113.1 is greater than the minimum provided in this subsection, the Section 3-113.1 minimum controls.

(b) A police officer mandatorily retired from service due to age by operation of law, having at least 8 but less than 20 years of creditable service, shall receive a pension equal to 2 1/2% of the salary attached to the rank he or she held on the police force for one year immediately prior to retirement or, beginning July 1, 1987 for persons terminating service on or after that date, the salary attached to the rank held on the last day of service or for one year prior to the last day, whichever is greater, for each year of creditable service.

A police officer who retires or is separated from service having at least 8 years but less than 20 years of creditable service, who is not mandatorily retired due to age by operation of law, and who does not apply
for a refund of contributions at his or her last separation from police
service, shall receive a pension upon attaining age 60 equal to 2.5% of the
salary attached to the rank held by the police officer on the police force for
one year immediately prior to retirement or, beginning July 1, 1987 for
persons terminating service on or after that date, the salary attached to the
rank held on the last day of service or for one year prior to the last day,
whichever is greater, for each year of creditable service.

(c) A police officer no longer in service who has at least one but
less than 8 years of creditable service in a police pension fund but meets
the requirements of this subsection (c) shall be eligible to receive a
pension from that fund equal to 2.5% of the salary attached to the rank
held on the last day of service under that fund or for one year prior to that
last day, whichever is greater, for each year of creditable service in that
fund. The pension shall begin no earlier than upon attainment of age 60 (or
upon mandatory retirement from the fund by operation of law due to age,
if that occurs before age 60) and in no event before the effective date of
this amendatory Act of 1997.

In order to be eligible for a pension under this subsection (c), the
police officer must have at least 8 years of creditable service in a second
police pension fund under this Article and be receiving a pension under
subsection (a) or (b) of this Section from that second fund. The police
officer need not be in service on or after the effective date of this

(d) Notwithstanding any other provision of this Article, the
provisions of this subsection (d) apply to a person who is not a participant
in the self-managed plan under Section 3-109.3 and who first becomes a
police officer under this Article on or after January 1, 2011.

A police officer age 55 or more who has 10 or more years of
service in that capacity shall be entitled at his option to receive a monthly
pension for his service as a police officer computed by multiplying 2.5%
for each year of such service by his or her final average salary.

The pension of a police officer who is retiring after attaining age
50 with 10 or more years of creditable service shall be reduced by one-half
of 1% for each month that the police officer's age is under age 55.

The maximum pension under this subsection (d) shall be 75% of
final average salary.

For the purposes of this subsection (d), "final average salary"
means the greater of: (i) the average monthly salary obtained by dividing
the total salary of the police officer during the 48 96 consecutive months

of service within the last 60 months of service in which the total salary was the highest by the number of months of service in that period; or (ii) the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.

Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual salary based on the plan year of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

Nothing in this amendatory Act of the 101st General Assembly shall cause or otherwise result in any retroactive adjustment of any employee contributions.

Sec. 3-112. Pension to survivors.

(a) Upon the death of a police officer entitled to a pension under Section 3-111, the surviving spouse shall be entitled to the pension to which the police officer was then entitled. Upon the death of the surviving spouse, or upon the remarriage of the surviving spouse if that remarriage terminates the surviving spouse's eligibility under Section 3-121, the police officer's unmarried children who are under age 18 or who are dependent because of physical or mental disability shall be entitled to equal shares of such pension. If there is no eligible surviving spouse and no eligible child, the dependent parent or parents of the officer shall be entitled to receive or share such pension until their death or marriage or remarriage after the death of the police officer.

Notwithstanding any other provision of this Article, for a person who first becomes a police officer under this Article on or after January 1, 2011, the pension to which the surviving spouse, children, or parents are entitled under this subsection (a) shall be in the amount equal to the greater of (i) 54% of the police officer's monthly salary at the date of death, or (ii) 66 2/3% of the police officer's earned pension at the date of death, and, if there is a surviving spouse, 12% of such monthly salary

shall be granted to the guardian of any minor child or children, including a child who has been conceived but not yet born, for each such child until attainment of age 18. Upon the death of the surviving spouse leaving one or more minor children, or upon the death of a police officer leaving one or more minor children but no surviving spouse, a monthly pension of 20% of the monthly salary shall be granted to the duly appointed guardian of each such child for the support and maintenance of each such child until the child reaches age 18. The total pension provided under this paragraph shall not exceed 75% of the monthly salary of the deceased police officer (1) when paid to the survivor of a police officer who has attained 20 or more years of service credit and who receives or is eligible to receive a retirement pension under this Article, (2) when paid to the survivor of a police officer who dies as a result of illness or accident, (3) when paid to the survivor of a police officer who dies from any cause while in receipt of a disability pension under this Article, or (4) when paid to the survivor of a deferred pensioner. Nothing in this subsection (a) shall act to diminish the survivor's benefits described in subsection (e) of this Section.

Notwithstanding Section 1-103.1, the changes made to this subsection apply without regard to whether the deceased police officer was in service on or after the effective date of this amendatory Act of the 101st General Assembly.

Notwithstanding any other provision of this Article, the monthly pension of a survivor of a person who first becomes a police officer under this Article on or after January 1, 2011 shall be increased on the January 1 after attainment of age 60 by the recipient of the survivor's pension and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the survivor's pension shall not be increased.

For the purposes of this subsection (a), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each
annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds.

(b) Upon the death of a police officer while in service, having at least 20 years of creditable service, or upon the death of a police officer who retired from service with at least 20 years of creditable service, whether death occurs before or after attainment of age 50, the pension earned by the police officer as of the date of death as provided in Section 3-111 shall be paid to the survivors in the sequence provided in subsection (a) of this Section.

(c) Upon the death of a police officer while in service, having at least 10 but less than 20 years of service, a pension of 1/2 of the salary attached to the rank or ranks held by the officer for one year immediately prior to death shall be payable to the survivors in the sequence provided in subsection (a) of this Section. If death occurs as a result of the performance of duty, the 10 year requirement shall not apply and the pension to survivors shall be payable after any period of service.

(d) Beginning July 1, 1987, a minimum pension of $400 per month shall be paid to all surviving spouses, without regard to the fact that the death of the police officer occurred prior to that date. If the minimum pension established in Section 3-113.1 is greater than the minimum provided in this subsection, the Section 3-113.1 minimum controls.

(e) The pension of the surviving spouse of a police officer who dies (i) on or after January 1, 2001, (ii) without having begun to receive either a retirement pension payable under Section 3-111 or a disability pension payable under Section 3-114.1, 3-114.2, 3-114.3, or 3-114.6, and (iii) as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty shall not be less than 100% of the salary attached to the rank held by the deceased police officer on the last day of service, notwithstanding any provision in this Article to the contrary.

(a) The city council or the board of trustees of the municipality shall annually levy a tax upon all the taxable property of the municipality at the rate on the dollar which will produce an amount which, when added to the deductions from the salaries or wages of police officers, and revenues available from other sources, will equal a sum sufficient to meet the annual requirements of the police pension fund. The annual requirements to be provided by such tax levy are equal to (1) the normal cost of the pension fund for the year involved, plus (2) an amount sufficient to bring the total assets of the pension fund up to 90% of the total actuarial liabilities of the pension fund by the end of municipal fiscal year 2040, as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the pension fund or the municipality. In making these determinations, the required minimum employer contribution shall be calculated each year as a level percentage of payroll over the years remaining up to and including fiscal year 2040 and shall be determined under the projected unit credit actuarial cost method. The tax shall be levied and collected in the same manner as the general taxes of the municipality, and in addition to all other taxes now or hereafter authorized to be levied upon all property within the municipality, and shall be in addition to the amount authorized to be levied for general purposes as provided by Section 8-3-1 of the Illinois Municipal Code, approved May 29, 1961, as amended. (2) in fiscal year 2017, two-thirds of the total amount of any payments of State funds to the municipality; and
(3) in fiscal year 2018 and each fiscal year thereafter, the total amount of any payments of State funds to the municipality.

The State Comptroller may not deduct from any payments of State funds to the municipality more than the amount of delinquent payments certified to the State Comptroller by the fund.

The monthly pension shall be increased by 1/12 of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service, to a maximum of 75% of such monthly salary.

The changes made to this subsection (a) by this amendatory Act of the 91st General Assembly apply to all pensions that become payable under this subsection on or after January 1, 1999. All pensions payable under this subsection that began on or after January 1, 1999 and before the effective date of this amendatory Act shall be recalculated, and the amount of the increase accruing for that period shall be payable to the pensioner in a lump sum.

(b) A firefighter who retires or is separated from service having at least 10 but less than 20 years of creditable service, who is not entitled to receive a disability pension, and who did not apply for a refund of contributions at his or her last separation from service shall receive a monthly pension upon attainment of age 60 based on the monthly salary attached to his or her rank in the fire service on the date of retirement or separation from service according to the following schedule:

For 10 years of service, 15% of salary;
For 11 years of service, 17.6% of salary;
For 12 years of service, 20.4% of salary;
For 13 years of service, 23.4% of salary;
For 14 years of service, 26.6% of salary;

For 15 years of service, 30% of salary;  
For 16 years of service, 33.6% of salary;  
For 17 years of service, 37.4% of salary;  
For 18 years of service, 41.4% of salary;  
For 19 years of service, 45.6% of salary.  

(c) Notwithstanding any other provision of this Article, the provisions of this subsection (c) apply to a person who first becomes a firefighter under this Article on or after January 1, 2011.  

A firefighter age 55 or more who has 10 or more years of service in that capacity shall be entitled at his option to receive a monthly pension for his service as a firefighter computed by multiplying 2.5% for each year of such service by his or her final average salary.  

The pension of a firefighter who is retiring after attaining age 50 with 10 or more years of creditable service shall be reduced by one-half of 1% for each month that the firefighter's age is under age 55.  

The maximum pension under this subsection (c) shall be 75% of final average salary.  

For the purposes of this subsection (c), "final average salary" means the greater of: (i) the average monthly salary obtained by dividing the total salary of the firefighter during the 48 96 consecutive months of service within the last 60 120 months of service in which the total salary was the highest by the number of months of service in that period; or (ii) the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.  

Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual salary based on the plan year of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.  

Nothing in this amendatory Act of the 101st General Assembly shall cause or otherwise result in any retroactive adjustment of any employee contributions.

Sec. 4-114. Pension to survivors. If a firefighter who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, or (2) from any cause while in receipt of a disability pension under this Article, or (3) during retirement after 20 years service, or (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having made all required contributions, a pension shall be paid to his or her survivors, based on the monthly salary attached to the firefighter's rank on the last day of service in the fire department, as follows:

(a)(1) To the surviving spouse, a monthly pension of 40% of the monthly salary, and if there is a surviving spouse, to the guardian of any minor child or children including a child which has been conceived but not yet born, 12% of such monthly salary for each such child until attainment of age 18 or until the child's marriage, whichever occurs first. Beginning July 1, 1993, the monthly pension to the surviving spouse shall be 54% of the monthly salary for all persons receiving a surviving spouse pension under this Article, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

(2) Beginning July 1, 2004, unless the amount provided under paragraph (1) of this subsection (a) is greater, the total monthly pension payable under this paragraph (a), including any amount payable on account of children, to the surviving spouse of a firefighter who died (i) while receiving a retirement pension, (ii) while he or she was a deferred pensioner with at least 20 years of creditable service, or (iii) while he or she was in active service having at least 20 years of creditable service, regardless of age, shall be no less than 100% of the monthly retirement pension earned by the deceased firefighter at the time of death, regardless of whether death occurs before or after attainment of age 50, including any increases under Section 4-109.1. This minimum applies to all such surviving spouses who are eligible to receive a surviving spouse pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of the 93rd General Assembly, and notwithstanding any limitation on maximum pension under paragraph (d) or any other provision of this Article.

New matter indicated by italics - deletions by strikeout
(3) If the pension paid on and after July 1, 2004 to the surviving spouse of a firefighter who died on or after July 1, 2004 and before the effective date of this amendatory Act of the 93rd General Assembly was less than the minimum pension payable under paragraph (1) or (2) of this subsection (a), the fund shall pay a lump sum equal to the difference within 90 days after the effective date of this amendatory Act of the 93rd General Assembly.

The pension to the surviving spouse shall terminate in the event of the surviving spouse's remarriage prior to July 1, 1993; remarriage on or after that date does not affect the surviving spouse's pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

The surviving spouse's pension shall be subject to the minimum established in Section 4-109.2.

(b) Upon the death of the surviving spouse leaving one or more minor children, or upon the death of a firefighter leaving one or more minor children but no surviving spouse, to the duly appointed guardian of each such child, for support and maintenance of each such child until the child reaches age 18 or marries, whichever occurs first, a monthly pension of 20% of the monthly salary.

In a case where the deceased firefighter left one or more minor children but no surviving spouse and the guardian of a child is receiving a pension of 12% of the monthly salary on August 16, 2013 (the effective date of Public Act 98-391), the pension is increased by Public Act 98-391 to 20% of the monthly salary for each such child, beginning on the pension payment date occurring on or next following August 16, 2013. The changes to this Section made by Public Act 98-391 apply without regard to whether the deceased firefighter was in service on or after August 16, 2013.

(c) If a deceased firefighter leaves no surviving spouse or unmarried minor children under age 18, but leaves a dependent father or mother, to each dependent parent a monthly pension of 18% of the monthly salary. To qualify for the pension, a dependent parent must furnish satisfactory proof that the deceased firefighter was at the time of his or her death the sole supporter of the parent

or that the parent was the deceased's dependent for federal income tax purposes.

(d) The total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 75% of the monthly salary of the deceased firefighter (1) when paid to the survivor of a firefighter who has attained 20 or more years of service credit and who receives or is eligible to receive a retirement pension under this Article, or (2) when paid to the survivor of a firefighter who dies as a result of illness or accident, or (3) when paid to the survivor of a firefighter who dies from any cause while in receipt of a disability pension under this Article, or (4) when paid to the survivor of a deferred pensioner. For all other survivors of deceased firefighters, the total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 50% of the retirement annuity the firefighter would have received on the date of death.

The maximum pension limitations in this paragraph (d) do not control over any contrary provision of this Article explicitly establishing a minimum amount of pension or granting a one-time or annual increase in pension.

(e) If a firefighter leaves no eligible survivors under paragraphs (a), (b) and (c), the board shall refund to the firefighter's estate the amount of his or her accumulated contributions, less the amount of pension payments, if any, made to the firefighter while living.

(f) (Blank).

(g) If a judgment of dissolution of marriage between a firefighter and spouse is judicially set aside subsequent to the firefighter's death, the surviving spouse is eligible for the pension provided in paragraph (a) only if the judicial proceedings are filed within 2 years after the date of the dissolution of marriage and within one year after the firefighter's death and the board is made a party to the proceedings. In such case the pension shall be payable only from the date of the court's order setting aside the judgment of dissolution of marriage.

(h) Benefits payable on account of a child under this Section shall not be reduced or terminated by reason of the child's attainment of age 18 if he or she is then dependent by reason of a physical or mental disability but shall continue to be paid as long

as such dependency continues. Individuals over the age of 18 and adjudged as a disabled person pursuant to Article X1a of the Probate Act of 1975, except for persons receiving benefits under Article III of the Illinois Public Aid Code, shall be eligible to receive benefits under this Act.

(i) Beginning January 1, 2000, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1994 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

(j) Beginning July 1, 2004, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1988 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

Notwithstanding any other provision of this Article, if a person who first becomes a firefighter under this Article on or after January 1, 2011 and who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, (2) from any cause while in receipt of a disability pension under this Article, (3) during retirement after 20 years service, (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having made all required contributions, then a pension shall be paid to his or her survivors in an the amount equal to the greater of (i) 54% of the firefighter's monthly salary at the date of death, or (ii) of 66 2/3% of the firefighter's earned pension at the date of death, and, if there is a surviving spouse, 12% of such monthly salary shall be granted to the guardian of any minor child or children, including a child who has been conceived but not yet born, for each such child until attainment of age 18. Upon the death of the surviving spouse leaving one or more minor children, or upon the death of a firefighter leaving one or more minor children but no surviving spouse, a monthly pension of 20% of the monthly salary shall be granted to the duly appointed guardian of each such child

for the support and maintenance of each such child until the child reaches age 18. The total pension provided under this paragraph shall not exceed 75% of the monthly salary of the deceased firefighter (1) when paid to the survivor of a firefighter who has attained 20 or more years of service credit and who receives or is eligible to receive a retirement pension under this Article, (2) when paid to the survivor of a firefighter who dies as a result of illness or accident, (3) when paid to the survivor of a firefighter who dies from any cause while in receipt of a disability pension under this Article, or (4) when paid to the survivor of a deferred pensioner. Nothing in this Section shall act to diminish the survivor's benefits described in subsection (j) of this Section.

Notwithstanding Section 1-103.1, the changes made to this subsection apply without regard to whether the deceased firefighter was in service on or after the effective date of this amendatory Act of the 101st General Assembly.

Notwithstanding any other provision of this Article, the monthly pension of a survivor of a person who first becomes a firefighter under this Article on or after January 1, 2011 shall be increased on the January 1 after attainment of age 60 by the recipient of the survivor's pension and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the survivor's pension shall not be increased.

For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds.

Sec. 4-118. Financing.

(a) The city council or the board of trustees of the municipality shall annually levy a tax upon all the taxable property of the municipality at the rate on the dollar which will produce an amount which, when added to the deductions from the salaries or wages of firefighters and revenues available from other sources, will equal a sum sufficient to meet the annual actuarial requirements of the pension fund, as determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the pension fund or municipality. For the purposes of this Section, the annual actuarial requirements of the pension fund are equal to (1) the normal cost of the pension fund, or 17.5% of the salaries and wages to be paid to firefighters for the year involved, whichever is greater, plus (2) an annual amount sufficient to bring the total assets of the pension fund up to 90% of the total actuarial liabilities of the pension fund by the end of municipal fiscal year 2040, as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the pension fund or the municipality. In making these determinations, the required minimum employer contribution shall be calculated each year as a level percentage of payroll over the years remaining up to and including fiscal year 2040 and shall be determined under the projected unit credit actuarial cost method. The amount to be applied towards the amortization of the unfunded accrued liability in any year shall not be less than the annual amount required to amortize the unfunded accrued liability, including interest, as a level percentage of payroll over the number of years remaining in the 40 year amortization period.

(a-2) A municipality that has established a pension fund under this Article and who employs a full-time firefighter, as defined in Section 4-106, shall be deemed a primary employer with respect to that full-time firefighter. Any municipality of 5,000 or more inhabitants that employs or enrolls a firefighter while that firefighter continues to earn service credit as a participant in a primary employer's pension fund under this Article shall

be deemed a secondary employer and such employees shall be deemed to be secondary employee firefighters. To ensure that the primary employer's pension fund under this Article is aware of additional liabilities and risks to which firefighters are exposed when performing work as firefighters for secondary employers, a secondary employer shall annually prepare a report accounting for all hours worked by and wages and salaries paid to the secondary employee firefighters it receives services from or employs for each fiscal year in which such firefighters are employed and transmit a certified copy of that report to the primary employer's pension fund and the secondary employee firefighter no later than 30 days after the end of any fiscal year in which wages were paid to the secondary employee firefighters.

Nothing in this Section shall be construed to allow a secondary employee to qualify for benefits or creditable service for employment as a firefighter for a secondary employer.

(a-5) For purposes of determining the required employer contribution to a pension fund, the value of the pension fund's assets shall be equal to the actuarial value of the pension fund's assets, which shall be calculated as follows:

(1) On March 30, 2011, the actuarial value of a pension fund's assets shall be equal to the market value of the assets as of that date.

(2) In determining the actuarial value of the pension fund's assets for fiscal years after March 30, 2011, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(b) The tax shall be levied and collected in the same manner as the general taxes of the municipality, and shall be in addition to all other taxes now or hereafter authorized to be levied upon all property within the municipality, and in addition to the amount authorized to be levied for general purposes, under Section 8-3-1 of the Illinois Municipal Code or under Section 14 of the Fire Protection District Act. The tax shall be forwarded directly to the treasurer of the board within 30 business days of receipt by the county (or, in the case of amounts added to the tax levy under subsection (f), used by the municipality to pay the employer contributions required under subsection (b-1) of Section 15-155 of this Code).

(b-5) If a participating municipality fails to transmit to the fund contributions required of it under this Article for more than 90 days after the payment of those contributions is due, the fund may, after giving notice to the municipality, certify to the State Comptroller the amounts of the delinquent payments in accordance with any applicable rules of the Comptroller, and the Comptroller must, beginning in fiscal year 2016, deduct and remit to the fund the certified amounts or a portion of those amounts from the following proportions of payments of State funds to the municipality:

1. in fiscal year 2016, one-third of the total amount of any payments of State funds to the municipality;
2. in fiscal year 2017, two-thirds of the total amount of any payments of State funds to the municipality; and
3. in fiscal year 2018 and each fiscal year thereafter, the total amount of any payments of State funds to the municipality.

The State Comptroller may not deduct from any payments of State funds to the municipality more than the amount of delinquent payments certified to the State Comptroller by the fund.

(c) The board shall make available to the membership and the general public for inspection and copying at reasonable times the most recent Actuarial Valuation Balance Sheet and Tax Levy Requirement issued to the fund by the Department of Insurance.

(f) The corporate authorities of a municipality that employs a person who is described in subdivision (d) of Section 4-106 may add to the tax levy otherwise provided for in this Section an amount equal to the projected cost of the employer contributions required to be paid by the municipality to the State Universities Retirement System under subsection (b-1) of Section 15-155 of this Code.

(g) The Commission on Government Forecasting and Accountability shall conduct a study of all funds established under this Article and shall report its findings to the General Assembly on or before January 1, 2013. Sec. 4-123.2. To transfer investment authority to the Firefighters' Pension Investment Fund. As soon as practicable after the effective date of this amendatory Act of the 101st General Assembly, but no later than 30 months after the effective date of this amendatory Act of the 101st General Assembly, each transferor pension fund shall transfer, in accordance with the requirements of Section 22C-120 to the Firefighters' Pension Investment Fund created under Article 22C for management and investment all of their securities or for which commitments have been made, and all funds, assets, or moneys representing permanent or temporary investments, or cash reserves maintained for the purpose of obtaining income thereon. Upon the transfer of such securities, funds, assets, and moneys of a transferor pension fund to the Firefighters' Pension Investment Fund, the transferor pension fund shall not manage or control the same and shall no longer exercise any investment authority pursuant to Section 4-128 of this Code, notwithstanding any other provision of this Article to the contrary.

Nothing in this Section prohibits a fund under this Article from maintaining an account, including an interest earning account, for the purposes of benefit payments and other reasonable expenses after the end of the transition period as defined in Section 22C-112, and funds under this Article are encouraged to consider a local bank or financial institution to provide such accounts and related financial services.

Sec. 7-159. Surviving spouse annuity - refund of survivor credits.

(a) Any employee annuitant who (1) upon the date a retirement annuity begins is not then married, or (2) is married to a person who would not qualify for surviving spouse annuity if the person died on such date, is entitled to a refund of the survivor credits including interest accumulated on the date the annuity begins, excluding survivor credits and interest thereon credited during periods of disability, and no spouse shall have a right to any surviving spouse annuity from this Fund. If the employee annuitant reenters service and upon subsequent retirement has a spouse who would qualify for a surviving spouse annuity, the employee annuitant may pay the fund the amount of the refund plus interest at the effective rate at the date of payment. The payment shall qualify the spouse for a surviving spouse annuity and the amount paid shall be considered as survivor contributions.
(b) Instead of a refund under subsection (a), the retiring employee may elect to convert the amount of the refund into an annuity, payable separately from the retirement annuity. If the annuitant dies before the guaranteed amount has been distributed, the remainder shall be paid in a lump sum to the designated beneficiary of the annuitant. The Board shall adopt any rules necessary for the implementation of this subsection.

(c) An annuitant who retired prior to June 1, 2011 and received a refund of survivor credits under subsection (a), and who thereafter became, and remains, either:

(1) a party to a civil union or a party to a legal relationship that is recognized as a civil union or marriage under the Illinois Religious Freedom Protection and Civil Union Act on or after June 1, 2011; or

(2) a party to a marriage under the Illinois Marriage and Dissolution of Marriage Act on or after February 26, 2014; or

(3) a party to a marriage, civil union or other legal relationship that, at the time it was formed, was not legally recognized in Illinois but was subsequently recognized as a civil union or marriage under the Illinois Religious Freedom Protection and Civil Union Act on or after June 1, 2011, a marriage under the Illinois Marriage and Dissolution of Marriage Act on or after February 26, 2014, or both;

may, within a period of one year beginning 5 months after the effective date of this amendatory Act of the 99th General Assembly, make an election to re-establish rights to a surviving spouse annuity under Sections 7-154 through 7-158 (notwithstanding the eligibility requirements of paragraph (a)(1) of Section 7-154), by paying to the Fund: (1) the total amount of the refund received for survivor credits; and (2) interest thereon at the actuarially assumed rate of return from the date of the refund to the date of payment. Such election must be made prior to the date of death of the annuitant.

The Fund may allow the annuitant to repay this refund over a period of not more than 24 months. To the extent permitted by the Internal Revenue Code of 1986, as amended, for federal and State tax purposes, if a member pays in monthly installments by reducing the monthly benefit by the amount of the otherwise applicable contribution, the monthly amount by which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant but rather as a reduction of the annuitant's monthly benefit.

New matter indicated by italics - deletions by strikeout
If an annuitant makes an election under this subsection (c) and the contributions required are not paid in full, an otherwise qualifying spouse shall be given the option to make an additional lump sum payment of the remaining contributions and qualify for a surviving spouse annuity. Otherwise, an additional refund representing contributions made hereunder shall be paid at the annuitant's death and there shall be no surviving spouse annuity paid.

(d) Any surviving spouse of an annuitant who (1) retired prior to June 1, 2011, (2) was not married on the date the retirement annuity began, (3) received a refund of survivor credits under subsection (a), and (4) died prior to the implementation of Public Act 99-682 on December 29, 2016 may, within a period of one year beginning 5 months after the effective date of this amendatory Act of the 101st General Assembly, make an election to re-establish rights to a surviving spouse annuity under Sections 7-154 through 7-158 (notwithstanding the eligibility requirements of paragraph (a) of subsection (1) of Section 7-154), by paying to the Fund: (i) the total amount of the refund received for survivor credits; and (ii) interest thereon at the actuarially assumed rate of return from the date of the refund to the date of payment. The surviving spouse must also provide documentation proving he or she was married to the annuitant or a party to a civil union with the annuitant at the time of death and has not subsequently remarried. This proof must include a marriage certificate or a certificate for a civil union and any other supporting documents deemed necessary by the Fund.

Sec. 14-152.1. Application and expiration of new benefit increases.  
(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 96-37, Public Act 100-23, Public Act 100-587, or Public Act 100-611, or this amendatory Act of the 101st General Assembly. 
(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.  
(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues. Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.  
(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language
enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including, without limitation, a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

(a) This subsection (a) applies only to a Tier 1 member. A participant who retires in one of the following specified years with the specified amount of service is entitled to a retirement annuity at any age under the retirement program applicable to the participant:

   35 years if retirement is in 1997 or before;
   34 years if retirement is in 1998;
   33 years if retirement is in 1999;

32 years if retirement is in 2000;  
31 years if retirement is in 2001;  
30 years if retirement is in 2002 or later.

A participant with 8 or more years of service after September 1, 1941, is entitled to a retirement annuity on or after attainment of age 55.  
A participant with at least 5 but less than 8 years of service after September 1, 1941, is entitled to a retirement annuity on or after attainment of age 62.  
A participant who has at least 25 years of service in this system as a police officer or firefighter is entitled to a retirement annuity on or after the attainment of age 50, if Rule 4 of Section 15-136 is applicable to the participant.  
(a-5) A Tier 2 member is entitled to a retirement annuity upon written application if he or she has attained age 67 and has at least 10 years of service credit and is otherwise eligible under the requirements of this Article. A Tier 2 member who has attained age 62 and has at least 10 years of service credit and is otherwise eligible under the requirements of this Article may elect to receive the lower retirement annuity provided in subsection (b-5) of Section 15-136 of this Article.

(b) The annuity payment period shall begin on the date specified by the participant or the recipient of a disability retirement annuity submitting a written application. For a participant, the date on which the annuity payment period begins shall not be prior to termination of employment or more than one year before the application is received by the board; however, if the participant is not an employee of an employer participating in this System or in a participating system as defined in Article 20 of this Code on April 1 of the calendar year next following the calendar year in which the participant attains age 70 1/2, the annuity payment period shall begin on that date regardless of whether an application has been filed. For a recipient of a disability retirement annuity, the date on which the annuity payment period begins shall not be prior to the discontinuation of the disability retirement annuity under Section 15-153.2.
(c) An annuity is not payable if the amount provided under Section 15-136 is less than $10 per month.

(Text of Section WITHOUT the changes made by P.A. 98-599, which has been held unconstitutional)

Sec. 15-136. Retirement annuities - Amount. The provisions of this Section 15-136 apply only to those participants who are participating in the traditional benefit package or the portable benefit package and do not apply to participants who are participating in the self-managed plan.

(a) The amount of a participant's retirement annuity, expressed in the form of a single-life annuity, shall be determined by whichever of the following rules is applicable and provides the largest annuity:

Rule 1: The retirement annuity shall be 1.67% of final rate of earnings for each of the first 10 years of service, 1.90% for each of the next 10 years of service, 2.10% for each year of service in excess of 20 but not exceeding 30, and 2.30% for each year in excess of 30; or for persons who retire on or after January 1, 1998, 2.2% of the final rate of earnings for each year of service.

Rule 2: The retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the effective rate of interest in effect at the time the retirement annuity begins:

(i) the normal annuity which can be provided on an actuarially equivalent basis, by the accumulated normal contributions as of the date the annuity begins;

(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4 times all other accumulated normal contributions made by the participant; and

(iii) the annuity that can be provided on an actuarially equivalent basis from the entire contribution made by the participant under Section 15-113.3.

With respect to a police officer or firefighter who retires on or after August 14, 1998, the accumulated normal contributions taken into account under clauses (i) and (ii) of this Rule 2 shall include the additional normal

contributions made by the police officer or firefighter under Section 15-157(a).

The amount of a retirement annuity calculated under this Rule 2 shall be computed solely on the basis of the participant's accumulated normal contributions, as specified in this Rule and defined in Section 15-116. Neither an employee or employer contribution for early retirement under Section 15-136.2 nor any other employer contribution shall be used in the calculation of the amount of a retirement annuity under this Rule 2.

This amendatory Act of the 91st General Assembly is a clarification of existing law and applies to every participant and annuitant without regard to whether status as an employee terminates before the effective date of this amendatory Act.

This Rule 2 does not apply to a person who first becomes an employee under this Article on or after July 1, 2005.

Rule 3: The retirement annuity of a participant who is employed at least one-half time during the period on which his or her final rate of earnings is based, shall be equal to the participant's years of service not to exceed 30, multiplied by (1) $96 if the participant's final rate of earnings is less than $3,500, (2) $108 if the final rate of earnings is at least $3,500 but less than $4,500, (3) $120 if the final rate of earnings is at least $4,500 but less than $5,500, (4) $132 if the final rate of earnings is at least $5,500 but less than $6,500, (5) $144 if the final rate of earnings is at least $6,500 but less than $7,500, (6) $156 if the final rate of earnings is at least $7,500 but less than $8,500, (7) $168 if the final rate of earnings is at least $8,500 but less than $9,500, and (8) $180 if the final rate of earnings is $9,500 or more, except that the annuity for those persons having made an election under Section 15-154(a-1) shall be calculated and payable under the portable retirement benefit program pursuant to the provisions of Section 15-136.4.

Rule 4: A participant who is at least age 50 and has 25 or more years of service as a police officer or firefighter, and a participant who is age 55 or over and has at least 20 but less than 25 years of service as a police officer or firefighter, shall be entitled to a retirement annuity of 2 1/4% of the final rate of earnings for each of the first 10 years of service as a police officer or firefighter, 2 1/2% for each of the next 10 years of service as a police officer or firefighter, and 2 3/4% for each year of service as a police officer or firefighter in excess of 20. The retirement annuity for all other service shall be computed under Rule 1. A Tier 2 member is eligible for a retirement annuity calculated under Rule 4 only if

that Tier 2 member meets the service requirements for that benefit calculation as prescribed under this Rule 4 in addition to the applicable age requirement under subsection (a-10) (a-5) of Section 15-135.

For purposes of this Rule 4, a participant's service as a firefighter shall also include the following:

(i) service that is performed while the person is an employee under subsection (h) of Section 15-107; and

(ii) in the case of an individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department transferred to another job with the University of Illinois, service performed as an employee of the University of Illinois in a position other than police officer or firefighter, from the date of that transfer until the employee's next termination of service with the University of Illinois.

(b) For a Tier 1 member, the retirement annuity provided under Rules 1 and 3 above shall be reduced by 1/2 of 1% for each month the participant is under age 60 at the time of retirement. However, this reduction shall not apply in the following cases:

(1) For a disabled participant whose disability benefits have been discontinued because he or she has exhausted eligibility for disability benefits under clause (6) of Section 15-152;

(2) For a participant who has at least the number of years of service required to retire at any age under subsection (a) of Section 15-135; or

(3) For that portion of a retirement annuity which has been provided on account of service of the participant during periods when he or she performed the duties of a police officer or firefighter, if these duties were performed for at least 5 years immediately preceding the date the retirement annuity is to begin.

(b-5) The retirement annuity of a Tier 2 member who is retiring under Rule 1 or 3 after attaining age 62 with at least 10 years of service credit shall be reduced by 1/2 of 1% for each full month that the member's age is under age 67.

(c) The maximum retirement annuity provided under Rules 1, 2, 4, and 5 shall be the lesser of (1) the annual limit of benefits as specified in Section 415 of the Internal Revenue Code of 1986, as such Section may be amended from time to time and as such benefit limits shall be adjusted by

the Commissioner of Internal Revenue, and (2) 80% of final rate of earnings.

(d) A Tier 1 member whose status as an employee terminates after August 14, 1969 shall receive automatic increases in his or her retirement annuity as follows:

Effective January 1 immediately following the date the retirement annuity begins, the annuitant shall receive an increase in his or her monthly retirement annuity of 0.125% of the monthly retirement annuity provided under Rule 1, Rule 2, Rule 3, or Rule 4 contained in this Section, multiplied by the number of full months which elapsed from the date the retirement annuity payments began to January 1, 1972, plus 0.1667% of such annuity, multiplied by the number of full months which elapsed from January 1, 1972, or the date the retirement annuity payments began, whichever is later, to January 1, 1978, plus 0.25% of such annuity multiplied by the number of full months which elapsed from January 1, 1978, or the date the retirement annuity payments began, whichever is later, to the effective date of the increase.

The annuitant shall receive an increase in his or her monthly retirement annuity on each January 1 thereafter during the annuitant's life of 3% of the monthly annuity provided under Rule 1, Rule 2, Rule 3, or Rule 4 contained in this Section. The change made under this subsection by P.A. 81-970 is effective January 1, 1980 and applies to each annuitant whose status as an employee terminates before or after that date.

Beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total annuity payable at the time of the increase, including all increases previously granted under this Article.

The change made in this subsection by P.A. 85-1008 is effective January 26, 1988, and is applicable without regard to whether status as an employee terminated before that date.

(d-5) A retirement annuity of a Tier 2 member shall receive annual increases on the January 1 occurring either on or after the attainment of age 67 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each

New matter indicated by italics - deletions by strikeout
November 1 is zero or there is a decrease, then the annuity shall not be increased.

(e) If, on January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, the sum of the retirement annuity provided under Rule 1 or Rule 2 of this Section and the automatic annual increases provided under the preceding subsection or Section 15-136.1, amounts to less than the retirement annuity which would be provided by Rule 3, the retirement annuity shall be increased as of January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, to the amount which would be provided by Rule 3 of this Section. Such increased amount shall be considered as the retirement annuity in determining benefits provided under other Sections of this Article. This paragraph applies without regard to whether status as an employee terminated before the effective date of this amendatory Act of 1987, provided that the annuitant was employed at least one-half time during the period on which the final rate of earnings was based.

(f) A participant is entitled to such additional annuity as may be provided on an actuarially equivalent basis, by any accumulated additional contributions to his or her credit. However, the additional contributions made by the participant toward the automatic increases in annuity provided under this Section shall not be taken into account in determining the amount of such additional annuity.

(g) If, (1) by law, a function of a governmental unit, as defined by Section 20-107 of this Code, is transferred in whole or in part to an employer, and (2) a participant transfers employment from such governmental unit to such employer within 6 months after the transfer of the function, and (3) the sum of (A) the annuity payable to the participant under Rule 1, 2, or 3 of this Section (B) all proportional annuities payable to the participant by all other retirement systems covered by Article 20, and (C) the initial primary insurance amount to which the participant is entitled under the Social Security Act, is less than the retirement annuity which would have been payable if all of the participant's pension credits validated under Section 20-109 had been validated under this system, a supplemental annuity equal to the difference in such amounts shall be payable to the participant.

(h) On January 1, 1981, an annuitant who was receiving a retirement annuity on or before January 1, 1971 shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service. On January 1, 1982, an annuitant whose retirement

annuity began on or before January 1, 1977, shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service.

(i) On January 1, 1987, any annuitant whose retirement annuity began on or before January 1, 1977, shall have the monthly retirement annuity increased by an amount equal to 8¢ per year of creditable service times the number of years that have elapsed since the annuity began.

(j) The changes made to this Section by this amendatory Act of the 101st General Assembly apply retroactively to January 1, 2011.

(a) A board of trustees constituted as provided in this Section shall administer this System. The board shall be known as the Board of Trustees of the State Universities Retirement System.

(b) (Blank).

(c) (Blank).

(d) Beginning on the 90th day after April 3, 2009 (the effective date of Public Act 96-6), the Board of Trustees shall be constituted as follows:

(1) The Chairperson of the Board of Higher Education; who shall act as chairperson of this Board.

(2) Four trustees appointed by the Governor with the advice and consent of the Senate who may not be members of the system or hold an elective State office and who shall serve for a term of 6 years, except that the terms of the initial appointees under this subsection (d) shall be as follows: 2 for a term of 3 years and 2 for a term of 6 years.

(3) Four active participants of the system to be elected from the contributing membership of the system by the contributing members, no more than 2 of which may be from any of the University of Illinois campuses, who shall serve for a term of 6 years, except that the terms of the initial electees shall be as follows: 2 for a term of 3 years and 2 for a term of 6 years.

(4) Two annuitants of the system who have been annuitants for at least one full year, to be elected from and by the annuitants of the system, no more than one of which may be from any of the University of Illinois campuses, who shall serve for a term of 6 years.
years, except that the terms of the initial electees shall be as follows: one for a term of 3 years and one for a term of 6 years. The chairperson of the Board shall be appointed by the Governor from among the trustees.

For the purposes of this Section, the Governor may make a nomination and the Senate may confirm the nominee in advance of the commencement of the nominee's term of office.

(e) The 6 elected trustees shall be elected within 90 days after April 3, 2009 (the effective date of Public Act 96-6) for a term beginning on the 90th day after that effective date. Trustees shall be elected thereafter as terms expire for a 6-year term beginning July 15 next following their election, and such election shall be held on May 1, or on May 2 when May 1 falls on a Sunday. The board may establish rules for the election of trustees to implement the provisions of Public Act 96-6 and for future elections. Candidates for the participating trustee shall be nominated by petitions in writing, signed by not less than 400 participants with their addresses shown opposite their names. Candidates for the annuitant trustee shall be nominated by petitions in writing, signed by not less than 100 annuitants with their addresses shown opposite their names. If there is more than one qualified nominee for each elected trustee, then the board shall conduct a secret ballot election by mail for that trustee, in accordance with rules as established by the board. If there is only one qualified person nominated by petition for each elected trustee, then the election as required by this Section shall not be conducted for that trustee and the board shall declare such nominee duly elected. A vacancy occurring in the elective membership of the board shall be filled for the unexpired term by the elected trustees serving on the board for the remainder of the term. Nothing in this subsection shall preclude the adoption of rules providing for internet or phone balloting in addition, or as an alternative, to election by mail.

(f) A vacancy in the appointed membership on the board of trustees caused by resignation, death, expiration of term of office, or other reason shall be filled by a qualified person appointed by the Governor for the remainder of the unexpired term.

(g) Trustees (other than the trustees incumbent on June 30, 1995 or as provided in subsection (c) of this Section) shall continue in office until their respective successors are appointed and have qualified, except that a trustee appointed to one of the participant positions shall be disqualified immediately upon the termination of his or her status as a participant and a
trustee appointed to one of the annuitant positions shall be disqualified immediately upon the termination of his or her status as an annuitant receiving a retirement annuity.

(h) Each trustee must take an oath of office before a notary public of this State and shall qualify as a trustee upon the presentation to the board of a certified copy of the oath. The oath must state that the person will diligently and honestly administer the affairs of the retirement system, and will not knowingly violate or willfully permit to be violated any provisions of this Article.

Each trustee shall serve without compensation but shall be reimbursed for expenses necessarily incurred in attending board meetings and carrying out his or her duties as a trustee or officer of the system.

(40 ILCS 5/15-198)

Sec. 15-198. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4) the amendatory Act of the 94th General Assembly. "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 100-23, Public Act 100-587, or Public Act 100-769, or Public Act 101-10, or this amendatory Act of the 101st General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created
by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including, without limitation, a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 16-163. Board created. A board of 15 members constitutes the board of trustees authorized to carry out the provisions of this Article and is responsible for the general administration of the System. The board shall be known as the Board of Trustees of the Teachers' Retirement System of the State of Illinois. The board shall be composed of the Superintendent of Education, ex officio, who shall be the president of the board; 7 persons, not members of the System, to be appointed by the Governor, who shall hold no elected State office; 5 persons who, at the time of their election, are teachers as defined in Section 16-106, elected by the contributing members; and 2 annuitant members elected by the annuitants of the System, as provided in Section 16-165. The president of the board shall be appointed by the Governor from among the trustees.

Sec. 16-164. Board; appointed members; vacancies. Terms of office for the appointed...
members shall begin on July 15 of an even-numbered year, except that the
terms of office for members appointed pursuant to this amendatory Act of
the 96th General Assembly shall begin upon being confirmed by the
Senate. The Governor shall appoint 3 members as trustees with the advice
and consent of the Senate in each even-numbered year who shall hold
office for a term of 4 years, except that, of the members appointed
pursuant to this amendatory Act of the 96th General Assembly, 3 members
shall be appointed for a term ending July 14, 2012 and 3 members shall be
appointed for a term ending July 14, 2014. The Governor shall appoint the
additional member authorized under this amendatory Act of the 101st
General Assembly with the advice and consent of the Senate for a term
beginning on July 15, 2020 and ending July 14, 2022, and successors
shall hold office for a term of 4 years. Each such appointee shall reside in
and be a taxpayer in the territory covered by this system, shall be interested
in public school welfare, and experienced and competent in financial and
business management. A vacancy in the term of an appointed trustee shall
be filled for the unexpired term by appointment of the Governor.

Notwithstanding any provision of this Section to the contrary, the
term of office of each member of the Board appointed by the Governor
who is sitting on the Board on the effective date of this amendatory Act of
the 96th General Assembly is terminated on that effective date. A trustee
sitting on the Board on the effective date of this amendatory Act of the
96th General Assembly may not hold over in office for more than 60 days
after the effective date of this amendatory Act of the 96th General
Assembly. Nothing in this Section shall prevent the Governor from
making a temporary appointment or nominating a trustee holding office on
the day before the effective date of this amendatory Act of the 96th
General Assembly.

election or, if there are 3 teachers whose terms of office will expire in that

provided under this Section. An elected teacher member of the board who

ceases to be a teacher as defined in Section 16-106 may continue to serve on the board for the remainder of the term to which he or she was elected.

(b) One elected annuitant trustee shall first be elected in 1987, and in every fourth year thereafter, for a term of 4 years beginning July 15 next following his or her election.

(c) The elected annuitant position created by this amendatory Act of the 91st General Assembly shall be filled as soon as possible in the manner provided for vacancies, for an initial term ending July 15, 2001. One elected annuitant trustee shall be elected in 2001, and in every fourth year thereafter, for a term of 4 years beginning July 15 next following his or her election.

The elected teacher position created by this amendatory Act of the 101st General Assembly shall be for an initial 3-year term and shall be filled in the manner provided for vacancies; except that if the teacher candidate who receives the highest number of votes and the incumbent members not up for election belong to the same statewide teacher organization, then the teacher candidate who receives the highest number of votes and is not a member of that statewide teacher organization shall be declared elected.

(d) Elections shall be held on May 1, unless May 1 falls on a Saturday or Sunday, in which event the election shall be conducted on the following Monday. Candidates shall be nominated by petitions in writing, signed by not less than 500 teachers or annuitants, as the case may be, with their addresses shown opposite their names. The petitions shall be filed with the board's Secretary not less than 90 nor more than 120 days prior to May 1. The Secretary shall determine their validity not less than 75 days before the election.

(d-5) Beginning July 15, 2020, not more than 4 of the 5 teachers elected to the Board of Trustees may be active members of the same statewide teacher organization. For the purposes of this Section, "statewide teacher organization" means a teacher organization (1) in which membership is not restricted to persons living or teaching within a limited geographical area of this State and (2) that has among its membership at least 10,000 persons who participate in this System.

Candidates for the teacher positions on the Board shall indicate, in their nomination petitions and campaign materials, which (if any) statewide teacher organizations they have belonged to during the 5 years preceding the election.
(e) If, for either teacher or annuitant members, the number of qualified nominees exceeds the number of available positions, the system shall prepare an appropriate ballot with the names of the candidates in alphabetical order and shall mail one copy thereof, at least 10 days prior to the election day, to each teacher or annuitant of this system as of the latest date practicable, at the latest known address, together with a return envelope addressed to the board and also a smaller envelope marked "For Ballot Only", and a slip for signature. Each voter, upon marking his ballot with a cross mark in the square before the name of the person voted for, shall place the ballot in the envelope marked "For Ballot Only", seal the envelope, write on the slip provided therefor his signature and address, enclose both the slip and sealed envelope containing the marked ballot in the return envelope addressed to the board, and mail it. Whether a person is eligible to vote for the teacher nominees or the annuitant nominees shall be determined from system payroll records as of March 1.

Upon receipt of the return envelopes, the system shall open them and set aside unopened the envelopes marked "For Ballot Only". On election day ballots shall be publicly opened and counted by the trustees or canvassers appointed therefor. Each vote cast for a candidate represents one vote only. No ballot arriving after 10 o'clock a.m. on election day shall be counted.

(e-3) The 2 teacher candidates or 3 teacher candidates, whichever is applicable for that election, and the annuitant candidate receiving the highest number of votes shall be declared elected; except that beginning with the election in 2021, if the teacher candidate who receives the highest number of votes and the incumbent members not up for election belong to the same statewide teacher organization, then the second teacher candidate to be declared elected shall be the candidate who is not a member of the same statewide teacher organization and receives the highest number of votes, unless there is no such candidate or at least one candidate declared elected in the same election is not a member of that statewide teacher organization. The board shall declare the results of the election, keep a record thereof, and notify the candidates of the results thereof within 30 days after the election.

(e-5) If, for either class of members, there are only as many qualified nominees as there are positions available, the balloting as described in this Section shall not be conducted for those nominees, and the board shall declare them duly elected.

Such loan shall be repaid by the Fund with an interest rate tied to the Federal Funds Rate or an equivalent market established variable rate. The Fund and the Illinois Finance Authority shall enter into a loan or similar agreement that specifies the period of the loan, the payment interval, procedures for making periodic loans, the variable rate methodology to which the interest rate for loans should be tied, the funds of the Illinois Finance Authority that will be used to provide the loan, and such other terms that the Fund and the Illinois Finance Authority reasonably believe to be mutually beneficial. No person may be retained in service as an investigator under this Section after he or she has reached 60 years of age, except for a person employed in the title of Capitol Police Investigator and who began employment on or after January 1, 2011, in which case, that person may not be retained in service after that person has reached 65 years of age.

The Secretary of State must authorize to each investigator employed under this Section and to any other employee of the Office of the Secretary of State exercising the powers of a peace officer a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Office of the Secretary of State and (ii) contains a unique identifying number. No other badge shall be authorized by the Office of the Secretary of State.

(b) The Secretary may expend such sums as he deems necessary from Contractual Services appropriations for the Department of Police for the purchase of evidence, for the employment of persons to obtain evidence, and for the payment for any goods or services related to obtaining evidence. Such sums shall be advanced to investigators authorized by the Secretary to expend funds, on vouchers signed by the Secretary. In addition, the Secretary of State is authorized to maintain one or more commercial checking accounts with any State banking corporation or corporations organized under or subject to the Illinois Banking Act for the deposit and withdrawal of moneys to be used solely for the purchase of evidence and for the employment of persons to obtain evidence, or for the payment for any goods or services related to obtaining evidence; provided that no check may be written on nor any withdrawal made from any such account except on the written signatures of 2 persons designated by the Secretary to write such checks and make such withdrawals, and provided further that the balance of moneys on deposit in any such account shall not exceed $5,000 at any time, nor shall any one check written on or single withdrawal made from any such account exceed $5,000.

All fines or moneys collected or received by the Department of Police under any State or federal forfeiture statute; including, but not limited to moneys forfeited under Section 12 of the Cannabis Control Act, moneys forfeited under Section 85 of the Methamphetamine Control and Community Protection Act, and moneys distributed under Section 413 of the Illinois Controlled Substances Act, shall be deposited into the Secretary of State Evidence Fund.
In all convictions for offenses in violation of this Act, the Court may order restitution to the Secretary of any or all sums expended for the purchase of evidence, for the employment of persons to obtain evidence, and for the payment for any goods or services related to obtaining evidence. All such restitution received by the Secretary shall be deposited into the Secretary of State Evidence Fund. Moneys deposited into the fund shall, subject to appropriation, be used by the Secretary of State for the purposes provided for under the provisions of this Section.

Section 5. The Illinois Vehicle Code is amended by changing Sections 3-421 and 6-305 as follows:

(625 ILCS 5/3-421) (from Ch. 95 1/2, par. 3-421)
Sec. 3-421. Right of reassignment.
(a) Every natural person shall have the right of reassignment of the license number issued to him during the current registration plate term, for the ensuing registration plate term, provided his application for reassignment is received in the Office of the Secretary of State on or before September 30 of the final year of the registration plate term as to a vehicle registered on a calendar year, and on or before March 31 as to a vehicle registered on a fiscal year. The right of reassignment shall apply to every natural person under the staggered registration system provided the application for reassignment is received in the Office of the Secretary of State by the 1st day of the month immediately preceding the applicant's month of expiration.

In addition, every natural person shall have the right of reassignment of the license number issued to him for a two-year registration, for the ensuing two-year period. Where the two-year period is for two calendar years, the application for reassignment must be received by the Secretary of State on or before September 30th of the year preceding commencement of the two-year period. Where the two-year period is for two fiscal years commencing on July 1, the application for reassignment shall be received prior to such time.
reassignment must be received by the Secretary of State on or before April 30th immediately preceding commencement of the two-year period.

The new combinations so specified shall not be subject to the right of reassignment, and no right of reassignment thereto may at any future time be acquired.

(c) If a person has a registration plate in his or her name and seeks to reassign the registration plate to his or her spouse, the Secretary shall waive any transfer fee or vanity or personalized registration plate fee upon both spouses signing a form authorizing the reassignment of registration.

(c-1) If a person that has a registration plate in his or her name seeks to reassign the registration plate to his or her child, the Secretary shall waive any transfer fee or vanity or personalized registration plate fee.

(625 ILCS 5/6-305) (from Ch. 95 1/2, par. 6-305)

Sec. 6-305. Renting motor vehicle to another.

(a) No person shall rent a motor vehicle to any other person unless the latter person, or a driver designated by a nondriver with disabilities and meeting any minimum age and driver's record requirements that are uniformly applied by the person renting a motor vehicle, is then duly licensed hereunder or, in the case of a nonresident, then duly licensed under the laws of the State or country of his residence unless the State or country of his residence does not require that a driver be licensed.

(b) No person shall rent a motor vehicle to another until he has inspected, including through electronic or digital means, the driver's license of the person to whom the vehicle is to be rented, or by whom it is to be driven, and compared and verified the license is unexpired signature thereon with the signature of such person written in his presence unless, in the case of a nonresident, the State or country wherein the nonresident resides does not require that a driver be licensed.

(c) No person shall rent a motorcycle to another unless the latter person is then duly licensed hereunder as a motorcycle operator, and in the case of a nonresident, then duly licensed under the laws of the State or
country of his residence, unless the State or country of his residence does not require that a driver be licensed.

(c-1) A rental car company that rents a motor vehicle shall ensure that the renter is provided with an emergency telephone number to personnel capable of fielding roadside assistance and other customer service inquiries, including the ability to provide the caller with the telephone number of the location from which the vehicle was rented, if requested by the caller. If an owner's manual is not available in the vehicle at the time of the rental, an owner's manual for that vehicle or a similar model shall be accessible by the personnel answering the emergency telephone number for assistance with inquiries about the operation of the vehicle.

(d) (Blank).

(e) (Blank).

(f) Subject to subsection (l), any person who rents a motor vehicle to another shall only advertise, quote, and charge a rental rate that includes the entire amount except taxes, a mileage charge, and airport concession charge, if any, which a renter must pay to hire or lease the vehicle for the period of time to which the rental rate applies. The person must provide, on the request of the renter, based on the available information, an estimated total of the daily rental rate, including all applicable taxes, fees, and other charges, or an estimated total rental charge, based on the return date of the vehicle noted on the rental agreement. Further, if the rental agreement does not already provide an estimated total rental charge, the following statement must be included in the rental agreement:

"NOTICE: UNDER ILLINOIS LAW, YOU MAY REQUEST, BASED ON AVAILABLE INFORMATION, AN ESTIMATED TOTAL DAILY RENTAL RATE, INCLUDING TAXES, FEES, AND OTHER CHARGES, OR AN ESTIMATED TOTAL RENTAL CHARGE, BASED ON THE VEHICLE RETURN DATE NOTED ON THIS AGREEMENT."

Such person shall not charge in addition to the rental rate, taxes, mileage charge, and airport concession charge, if any, any fee which must be paid by the renter as a condition of hiring or leasing the vehicle, such as, but not limited to, required fuel or airport surcharges, nor any fee for transporting the renter to the location where the rented vehicle will be delivered to the renter. In addition to the rental rate, taxes, mileage charge, and airport concession charge, if any, such person may charge for an item or service provided in connection with a particular rental transaction if the

renter can avoid incurring the charge by choosing not to obtain or utilize the optional item or service. Items and services for which such person may impose an additional charge include, but are not limited to, optional insurance and accessories requested by the renter, service charges incident to the renter's optional return of the vehicle to a location other than the location where the vehicle was hired or leased, and charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental. "Airport concession charge" means a charge or fee imposed and collected from a renter to reimburse the motor vehicle rental company for the concession fee it is required to pay to a local government corporate authority or airport authority to rent motor vehicles at the airport facility. The airport concession charge is in addition to any customer facility charge or any other charge.

(f-5) A rental car company that offers a renter the opportunity to use a transponder or other electronic tolling device shall notify the renter of the opportunity to use the device at or before the beginning of the rental agreement.

If a vehicle offered by a rental car company is equipped with a transponder or other electronic tolling device and the company fails to notify the renter of the option to use the device, the rental car company shall not:

(1) charge a renter a fee of more than $2 each day for the use of a transponder or other electronic tolling device; however, the company may recoup the actual cost incurred for any toll; and

(2) charge a renter a daily fee on any day the renter does not drive through an electronic toll or only drives through an electronic toll collection system for which no alternative payment option exists.

(g) Every person renting a motor vehicle to another shall keep a record of the registration number of the motor vehicle so rented, the name and address of the person to whom the vehicle is rented, the number of the license, if any, of said latter person, and the date and place where the license, if any, was issued. Such record may be maintained in an electronic or digital format, and shall be open to inspection by any police officer or designated agent of the Secretary of State.

(h) A person licensed as a new car dealer under Section 5-101 of this Code shall not be subject to the provisions of this Section regarding the rental of private passenger motor vehicles when providing, free of

charge, temporary substitute vehicles for customers to operate during a period when a customer's vehicle, which is either leased or owned by that customer, is being repaired, serviced, replaced or otherwise made unavailable to the customer in accordance with an agreement with the licensed new car dealer or vehicle manufacturer, so long as the customer orally or in writing is made aware that the temporary substitute vehicle will be covered by his or her insurance policy and the customer shall only be liable to the extent of any amount deductible from such insurance coverage in accordance with the terms of the policy.

(i) This Section, except the requirements of subsection (g), also applies to rental agreements of 30 continuous days or less involving a motor vehicle that was delivered by an out of State person or business to a renter in this State.

(j) A public airport may, if approved by its local government corporate authorities or its airport authority, impose a customer facility charge upon customers of rental car companies for the purposes of financing, designing, constructing, operating, and maintaining consolidated car rental facilities and common use transportation equipment and facilities, which are used to transport the customer, connecting consolidated car rental facilities with other airport facilities.

Notwithstanding subsection (f) of this Section, the customer facility charge shall be collected by the rental car company as a separate charge, and clearly indicated as a separate charge on the rental agreement and invoice. Facility charges shall be immediately deposited into a trust account for the benefit of the airport and remitted at the direction of the airport, but not more often than once per month. The charge shall be uniformly calculated on a per-contract or per-day basis. Facility charges imposed by the airport may not exceed the reasonable costs of financing, designing, constructing, operating, and maintaining the consolidated car rental facilities and common use transportation equipment and facilities and may not be used for any other purpose.

Notwithstanding any other provision of law, the charges collected under this Section are not subject to retailer occupation, sales, use, or transaction taxes.

(k) When a rental car company states a rental rate in any of its rate advertisements, its proprietary computer reservation systems, or its in-person quotations intended to apply to an airport rental, a company that collects from its customers a customer facility charge for that rental under subsection (j) shall do all of the following:

New matter indicated by italics - deletions by strikeout
(1) Clearly and conspicuously disclose in any radio, television, or other electronic media advertisements the existence and amount of the charge if the advertisement is intended for rentals at an airport imposing the charge or, if the advertisement covers an area with multiple airports with different charges, a range of amounts of customer facility charges if the advertisement is intended for rentals at an airport imposing the charge.

(2) Clearly and conspicuously disclose in any print rate advertising the existence and amount of the charge if the advertisement is intended for rentals at an airport imposing the charge or, if the print rate advertisement covers an area with multiple airports with different charges, a range of amounts of customer facility charges if the advertisement is intended for rentals at an airport imposing the charge.

(3) Clearly and conspicuously disclose the existence and amount of the charge in any telephonic, in-person, or computer-transmitted quotation from the rental car company's proprietary computer reservation system at the time of making an initial quotation of a rental rate if the quotation is made by a rental car company location at an airport imposing the charge and at the time of making a reservation of a rental car if the reservation is made by a rental car company location at an airport imposing the charge.

(4) Clearly and conspicuously display the charge in any proprietary computer-assisted reservation or transaction directly between the rental car company and the customer, shown or referenced on the same page on the computer screen viewed by the customer as the displayed rental rate and in a print size not smaller than the print size of the rental rate.

(5) Clearly and conspicuously disclose and separately identify the existence and amount of the charge on its rental agreement.

(6) A rental car company that collects from its customers a customer facility charge under subsection (j) and engages in a practice which does not comply with subsections (f), (j), and (k) commits an unlawful practice within the meaning of the Consumer Fraud and Deceptive Business Practices Act.

(l) Notwithstanding subsection (f), any person who rents a motor vehicle to another may, in connection with the rental of a motor vehicle to
(i) a business renter or (ii) a business program sponsor under the sponsor's business program, do the following:

(1) separately quote, by telephone, in person, or by computer transmission, additional charges for the rental; and

(2) separately impose additional charges for the rental.

(1-5) A person licensed under Section 5-101, 5-101.2, or 5-102 of this Code shall not participate in a rental-purchase agreement vehicle program unless the licensee retains the vehicle in his or her name and retains proof of proper vehicle registration under Chapter 3 of this Code and liability insurance under Section 7-601 of this Code. The licensee shall transfer ownership of the vehicle to the renter within 20 calendar days of the agreed-upon date of completion of the rental-purchase agreement. If the licensee fails to transfer ownership of the vehicle to the renter within the 20 calendar days, then the renter may apply for the vehicle's title to the Secretary of State by providing the Secretary the rental-purchase agreement, an application for title, the required title fee, and any other documentation the Secretary deems necessary to determine ownership of the vehicle. For purposes of this subsection (1-5), "rental-purchase agreement" has the meaning set forth in Section 1 of the Rental-Purchase Agreement Act.

(m) As used in this Section:

(1) "Additional charges" means charges other than: (i) a per period base rental rate; (ii) a mileage charge; (iii) taxes; or (iv) a customer facility charge.

(2) "Business program" means:

(A) a contract between a person who rents motor vehicles and a business program sponsor that establishes rental rates at which the person will rent motor vehicles to persons authorized by the sponsor; or

(B) a plan, program, or other arrangement established by a person who rents motor vehicles at the request of, or with the consent of, a business program sponsor under which the person offers to rent motor vehicles to persons authorized by the sponsor on terms that are not the same as those generally offered by the rental company to the public.

(3) "Business program sponsor" means any legal entity other than a natural person, including a corporation, limited liability company, partnership, government, municipality or

agency, or a natural person operating a business as a sole proprietor.

(4) "Business renter" means any person renting a motor vehicle for business purposes or, for any business program sponsor, a person who is authorized by the sponsor to enter into a rental contract under the sponsor's business program. "Business renter" does not include a person renting as:

(A) a non-employee member of a not-for-profit organization;

(B) the purchaser of a voucher or other prepaid rental arrangement from a person, including a tour operator, engaged in the business of reselling those vouchers or prepaid rental arrangements to the general public;

(C) an individual whose car rental is eligible for reimbursement in whole or in part as a result of the person being insured or provided coverage under a policy of insurance issued by an insurance company; or

(D) an individual whose car rental is eligible for reimbursement in whole or in part as a result of the person purchasing motor vehicle repair services from a person licensed to perform those services.

PUBLIC ACT 101-0613
(House Bill No. 0744)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Higher Education Student Assistance Act is amended by changing Section 65.100 as follows:

(110 ILCS 947/65.100)

(Section scheduled to be repealed on October 1, 2024)

Sec. 65.100. AIM HIGH Grant Pilot Program.

(a) The General Assembly makes all of the following findings:

(1) Both access and affordability are important aspects of the Illinois Public Agenda for College and Career Success report.

(2) This State is in the top quartile with respect to the percentage of family income needed to pay for college.

(3) Research suggests that as loan amounts increase, rather than an increase in grant amounts, the probability of college attendance decreases.

(4) There is further research indicating that socioeconomic status may affect the willingness of students to use loans to attend college.

(5) Strategic use of tuition discounting can decrease the amount of loans that students must use to pay for tuition.

(6) A modest, individually tailored tuition discount can make the difference in a student choosing to attend college and

New matter indicated by italics - deletions by strikeout
enhance college access for low-income and middle-income families.

(7) Even if the federally calculated financial need for college attendance is met, the federally determined Expected Family Contribution can still be a daunting amount.

(8) This State is the second largest exporter of students in the country.

(9) When talented Illinois students attend universities in this State, the State and those universities benefit.

(10) State universities in other states have adopted pricing and incentives that allow many Illinois residents to pay less to attend an out-of-state university than to remain in this State for college.

(11) Supporting Illinois student attendance at Illinois public universities can assist in State efforts to maintain and educate a highly trained workforce.

(12) Modest tuition discounts that are individually targeted and tailored can result in enhanced revenue for public universities.

(13) By increasing a public university's capacity to strategically use tuition discounting, the public university will be capable of creating enhanced tuition revenue by increasing enrollment yields.

(b) In this Section:

"Eligible applicant" means a student from any high school in this State, whether or not recognized by the State Board of Education, who is engaged in a program of study that in due course will be completed by the end of the school year and who meets all of the qualifications and requirements under this Section.

"Tuition and other necessary fees" includes the customary charge for instruction and use of facilities in general and the additional fixed fees charged for specified purposes that are required generally of non-grant recipients for each academic period for which the grant applicant actually enrolls, but does not include fees payable only once or breakage fees and other contingent deposits that are refundable in whole or in part. The Commission may adopt, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(c) Beginning with the 2019-2020 academic year, each public university may establish a merit-based scholarship pilot program known as the AIM HIGH Grant Pilot Program. Each year, the Commission shall
receive and consider applications from public universities under this Section. Subject to appropriation and any tuition waiver limitation established by the Board of Higher Education, a public university campus may award a grant to a student under this Section if it finds that the applicant meets all of the following criteria:

(1) He or she is a resident of this State and a citizen or eligible noncitizen of the United States.

(2) He or she files a Free Application for Federal Student Aid and demonstrates financial need with a household income no greater than 6 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2).

(3) He or she meets the minimum cumulative grade point average or ACT or SAT college admissions test score, as determined by the public university campus.

(4) He or she is enrolled in a public university as an undergraduate student on a full-time basis.

(5) He or she has not yet received a baccalaureate degree or the equivalent of 135 semester credit hours.

(6) He or she is not incarcerated.

(7) He or she is not in default on any student loan or does not owe a refund or repayment on any State or federal grant or scholarship.

(8) Any other reasonable criteria, as determined by the public university campus.

(d) Each public university campus shall determine grant renewal criteria consistent with the requirements under this Section.

(e) Each participating public university campus shall post on its Internet website criteria and eligibility requirements for receiving awards that use funds under this Section that include a range in the sizes of these individual awards. The criteria and amounts must also be reported to the Commission and the Board of Higher Education, who shall post the information on their respective Internet websites.

(f) After enactment of an appropriation for this Program, the Commission shall determine an allocation of funds to each public university in an amount proportionate to the number of undergraduate students who are residents of this State and citizens or eligible noncitizens of the United States and who were enrolled at each public university campus in the previous academic year. All applications must be made to
the Commission on or before a date determined by the Commission and on
forms that the Commission shall provide to each public university campus.
The form of the application and the information required shall be
determined by the Commission and shall include, without limitation, the
total public university campus funds used to match funds received from
the Commission in the previous academic year under this Section, if any,
the total enrollment of undergraduate students who are residents of this
State from the previous academic year, and any supporting documents as
the Commission deems necessary. Each public university campus shall
match the amount of funds received by the Commission with financial aid
for eligible students.

A public university campus is not required to claim its entire
allocation. The Commission shall make available to all public universities,
on a date determined by the Commission, any unclaimed funds and the
funds must be made available to those public university campuses in the
proportion determined under this subsection (f), excluding from the
calculation those public university campuses not claiming their full
allocations.

Each public university campus may determine the award amounts
for eligible students on an individual or broad basis, but, subject to
renewal eligibility, each renewed award may not be less than the amount
awarded to the eligible student in his or her first year attending the public
university campus. Notwithstanding this limitation, a renewal grant may
be reduced due to changes in the student's cost of attendance, including,
but not limited to, if a student reduces the number of credit hours in which
he or she is enrolled, but remains a full-time student, or switches to a
course of study with a lower tuition rate.

An eligible applicant awarded grant assistance under this Section is
eligible to receive other financial aid. Total grant aid to the student from
all sources may not exceed the total cost of attendance at the public
university campus.

(g) All money allocated to a public university campus under this
Section may be used only for financial aid purposes for students attending
the public university campus during the academic year, not including
summer terms. Notwithstanding any other provision of law to the contrary,
any funds received by a public university campus under this Section that
are not granted to students in the academic year for which the funds are
received may be retained by the public university campus for expenditure

New matter indicated by italics - deletions by strikeout
on students participating in the Program or students eligible to participate in the Program.

(h) Each public university campus that establishes a Program under this Section must annually report to the Commission, on or before a date determined by the Commission, the number of undergraduate students enrolled at that campus who are residents of this State.

(i) Each public university campus must report to the Commission the total non-loan financial aid amount given by the public university campus to undergraduate students in the 2017-2018 academic year, not including the summer term in fiscal year 2018. liquor which it proposes to sell to Illinois licensees during the license period, (ii) it shall comply with all of the provisions of Section 6-9 hereof with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale by duly filing such registration statement, thereby authorizing the non-resident dealer to proceed to sell such brands at wholesale, and (iii) the non-resident dealer shall comply with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers. No person licensed as a non-resident dealer shall be granted a distributor's or importing distributor's license.

(n) A brew pub license shall allow the licensee to only (i) manufacture up to 155,000 gallons of beer per year only on the premises specified in the license, (ii) make sales of the beer manufactured on the premises or, with the approval of the Commission, beer manufactured on another brew pub licensed premises that is wholly owned and operated by the same licensee to importing distributors, distributors, and to non-licensees for use and consumption, (iii) store the beer upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 155,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, (vi) with the prior approval of the Commission, annually transfer no more than 155,000 gallons of beer manufactured on the premises to a licensed brew pub wholly owned and operated by the same licensee, and (vii) notwithstanding item (i) of this subsection, brew pubs wholly owned and operated by the same licensee may combine each location's production limit of 155,000 gallons of beer per year and allocate the aggregate total between the wholly owned, operated, and licensed locations.

A brew pub licensee shall not under any circumstance sell or offer for sale beer manufactured by the brew pub licensee to retail licensees.

A person who holds a class 2 brewer license may simultaneously hold a brew pub license if the class 2 brewer (i) does not, under any circumstance, sell or offer for sale beer manufactured by the class 2 brewer to retail licensees; (ii) does not hold more than 3 brew pub licenses in this State; (iii) does not manufacture more than a combined 3,720,000 gallons of beer per year, including the beer manufactured at the brew pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer.
that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor.

Notwithstanding any other provision of this Act, a licensed brewer, class 2 brewer, or non-resident dealer who before July 1, 2015 manufactured less than 3,720,000 gallons of beer per year and held a brew pub license on or before July 1, 2015 may (i) continue to qualify for and hold that brew pub license for the licensed premises and (ii) manufacture more than 3,720,000 gallons of beer per year and continue to qualify for and hold that brew pub license if that brewer, class 2 brewer, or non-resident dealer does not simultaneously hold a class 1 brewer license and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or that produces any other alcoholic liquor.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed. A caterer retailer license shall allow the holder, a distributor, or an importing distributor to transfer any inventory to and from the holder's retail premises and shall allow the holder to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to an off-site event. Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a holder of a caterer retailer license or a caterer retailer licensee from accepting a credit or refund for unused, salable beer, in the event an act of God is the sole reason an off-site event is cancelled and if: (i) the holder of a caterer retailer license has not transferred alcoholic liquor from its caterer retailer premises to an off-site location; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the off-site premises and not for any unused, salable beer that the distributor or importing distributor delivered to the caterer retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the caterer retailer's premises. A caterer retailer license shall allow the holder to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event or engage a distributor or importing distributor to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the caterer retailer licensee for fuel, labor, and delivery and

the distributor or importing distributor collects payment from the caterer
retailer licensee prior to the distributor or importing distributor transferring
inventory to the caterer retailer premises.

For purposes of this subsection (o), an "act of God" means an
unforeseeable event, such as a rain or snow storm, hail, a flood, or a
similar event, that is the sole cause of the cancellation of an off-site, outdoor event.

(p) An auction liquor license shall allow the licensee to sell and
offer for sale at auction wine and spirits for use or consumption, or for
resale by an Illinois liquor licensee in accordance with provisions of this
Act. An auction liquor license will be issued to a person and it will permit
the auction liquor licensee to hold the auction anywhere in the State. An
auction liquor license must be obtained for each auction at least 14 days in
advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed
retailer to transfer a portion of its alcoholic liquor inventory from its retail
licensed premises to the premises specified in the license hereby created;
to purchase alcoholic liquor from a distributor or importing distributor to
be delivered directly to the location specified in the license hereby created;
and to sell or offer for sale at retail, only in the premises specified in the
license hereby created, the transferred or delivered alcoholic liquor for use
or consumption, but not for resale in any form. A special use permit
license may be granted for the following time periods: one day or less; 2 or
more days to a maximum of 15 days per location in any 12-month period.
An applicant for the special use permit license must also submit with the
application proof satisfactory to the State Commission that the applicant
will provide dram shop liability insurance to the maximum limits and have
local authority approval.

A special use permit license shall allow the holder to transfer any
inventory from the holder's special use premises to its retail premises at the
conclusion of the special use event or engage a distributor or importing
distributor to transfer any inventory from the holder's special use premises
to its retail premises at the conclusion of an off-site event, provided that
the distributor or importing distributor issues bona fide charges to the
special use permit licensee for fuel, labor, and delivery and the distributor
or importing distributor collects payment from the retail licensee prior to
the distributor or importing distributor transferring inventory to the retail
premises.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a special use permit licensee or a special use permit licensee from accepting a credit or refund for unused, salable beer at the conclusion of the event specified in the license if: (i) the holder of the special use permit license has not transferred alcoholic liquor from its retail licensed premises to the premises specified in the special use permit license; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the premises specified in the special use permit license and not for any unused, salable beer that the distributor or importing distributor delivered to the retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the retailer premises.

(r) A winery shipper's license shall allow a person with a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license or who is licensed to make wine under the laws of another state to ship wine made by that licensee directly to a resident of this State who is 21 years of age or older for that resident's personal use and not for resale. Prior to receiving a winery shipper's license, an applicant for the license must provide the Commission with a true copy of its current license in any state in which it is licensed as a manufacturer of wine. An applicant for a winery shipper's license must also complete an application form that provides any other information the Commission deems necessary. The application form shall include all addresses from which the applicant for a winery shipper's license intends to ship wine, including the name and address of any third party, except for a common carrier, authorized to ship wine on behalf of the manufacturer. The application form shall include an acknowledgement consenting to the jurisdiction of the Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any related laws, rules, and regulations, including authorizing the Department of Revenue and the Commission to conduct audits for the purpose of ensuring compliance with Public Act 95-634, and an acknowledgement that the wine manufacturer is in compliance with Section 6-2 of this Act. Any third party, except for a common carrier, authorized to ship wine on behalf of a first-class or second-class wine manufacturer's licensee, a first-class or second-class wine-maker's licensee, a limited wine manufacturer's licensee, or a person who is licensed to make wine under the laws of another state shall also be
disclosed by the winery shipper's licensee, and a copy of the written appointment of the third-party wine provider, except for a common carrier, to the wine manufacturer shall be filed with the State Commission as a supplement to the winery shipper's license application or any renewal thereof. The winery shipper's license holder shall affirm under penalty of perjury, as part of the winery shipper's license application or renewal, that he or she only ships wine, either directly or indirectly through a third-party provider, from the licensee's own production.

Except for a common carrier, a third-party provider shipping wine on behalf of a winery shipper's license holder is the agent of the winery shipper's license holder and, as such, a winery shipper's license holder is responsible for the acts and omissions of the third-party provider acting on behalf of the license holder. A third-party provider, except for a common carrier, that engages in shipping wine into Illinois on behalf of a winery shipper's license holder shall consent to the jurisdiction of the State Commission and the State. Any third-party, except for a common carrier, holding such an appointment shall, by February 1 of each calendar year and upon request by the State Commission or the Department of Revenue, file with the State Commission a statement detailing each shipment made to an Illinois resident. The statement shall include the name and address of the third-party provider filing the statement, the time period covered by the statement, and the following information:

(1) the name, address, and license number of the winery shipper on whose behalf the shipment was made;

(2) the quantity of the products delivered; and

(3) the date and address of the shipment.

If the Department of Revenue or the State Commission requests a statement under this paragraph, the third-party provider must provide that statement no later than 30 days after the request is made. Any books, records, supporting papers, and documents containing information and data relating to a statement under this paragraph shall be kept and preserved for a period of 3 years, unless their destruction sooner is authorized, in writing, by the Director of Revenue, and shall be open and available to inspection by the Director of Revenue or the State Commission or any duly authorized officer, agent, or employee of the State Commission or the Department of Revenue, at all times during business hours of the day. misdemeanor. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

The State Commission shall adopt rules as soon as practicable to implement the requirements of Public Act 99-904 and shall adopt rules prohibiting any such third-party appointment of a third-party provider, except for a common carrier, that has been deemed by the State Commission to have violated the provisions of this Act with regard to any winery shipper licensee.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this Act.

Pursuant to paragraph (5.1) or (5.3) of subsection (a) of Section 3-12, the State Commission may receive, respond to, and investigate any complaint and impose any of the remedies specified in paragraph (1) of subsection (a) of Section 3-12.

As used in this subsection, "third-party provider" means any entity that provides fulfillment house services, including warehousing, packaging, distribution, order processing, or shipment of wine, but not the sale of wine, on behalf of a licensed winery shipper.

The transferred alcoholic liquor may not be sold or resold in any form. An applicant for the craft distiller tasting permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

(t) A brewer warehouse permit may be issued to the holder of a class 1 brewer license or a class 2 brewer license. If the holder of the permit is a class 1 brewer licensee, the brewer warehouse permit shall allow the holder to store or warehouse up to 930,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. If the holder of the permit is a class 2 brewer licensee, the brewer warehouse permit shall allow the holder to store or warehouse up to 3,720,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. Sales to non-licensees are prohibited at the premises specified in the brewer warehouse permit.

(u) A distilling pub license shall allow the licensee to only (i) manufacture up to 5,000 gallons of spirits per year only on the premises specified in the license, (ii) make sales of the spirits manufactured on the premises or, with the approval of the State Commission, spirits manufactured on another distilling pub licensed premises that is wholly owned and operated by the same licensee to importing distributors and distributors and to non-licensees for use and consumption, (iii) store the spirits upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 5,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, and (vi) with the prior approval of the State Commission, annually transfer no more than 5,000 gallons of spirits manufactured on the premises to a licensed distilling pub wholly owned and operated by the same licensee.

Fees collected under this Section shall be paid into the Dram Shop Fund. On and after July 1, 2003 and until June 30, 2016, of the funds received for a retailer's license, in addition to the first $175, an additional $75 shall be paid into the Dram Shop Fund, and $250 shall be paid into the General Revenue Fund. On and after June 30, 2016, one-half of the funds received for a retailer's license shall be paid into the Dram Shop Fund and one-half of the funds received for a retailer's license shall be paid into the General Revenue Fund. Beginning June 30, 1990 and on June 30 of each subsequent year through June 29, 2003, any balance over $5,000,000 remaining in the Dram Shop Fund shall be credited to State liquor licensees and applied against their fees for State liquor licenses for the following year. The amount credited to each licensee shall be a proportion of the balance in the Dram Fund that is the same as the proportion of the license fee paid by the licensee under this Section for the period in which the balance was accumulated to the aggregate fees paid by all licensees during that period.

No fee shall be paid for licenses issued by the State Commission to the following non-beverage users:

(a) Hospitals, sanitariums, or clinics when their use of alcoholic liquor is exclusively medicinal, mechanical or scientific.

(235 ILCS 5/6-4) (from Ch. 43, par. 121)

Sec. 6-4. (a) No person licensed by any licensing authority as a distiller, or a wine manufacturer, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person shall be issued an importing distributor's or distributor's license, nor shall any person licensed by any licensing authority as an importing distributor, distributor or retailer, or any subsidiary or affiliate thereof, or any officer or associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person be issued a distiller's license, a craft distiller's license, or a wine manufacturer's license; and no person or persons licensed as a distiller,
craft distiller, class 1 craft distiller, or class 2 craft distiller by any licensing authority shall have any interest, directly or indirectly, with such distributor or importing distributor.

However, an importing distributor or distributor, which on January 1, 1985 is owned by a brewer, or any subsidiary or affiliate thereof or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of the importing distributor or distributor referred to in this paragraph, may own or acquire an ownership interest of more than 5% of the outstanding shares of a wine manufacturer and be issued a wine manufacturer's license by any licensing authority.

(b) The foregoing provisions shall not apply to any person licensed by any licensing authority as a distiller or wine manufacturer, or to any subsidiary or affiliate of any distiller or wine manufacturer who shall have been heretofore licensed by the State Commission as either an importing distributor or distributor during the annual licensing period expiring June 30, 1947, and shall actually have made sales regularly to retailers.

(c) Provided, however, that in such instances where a distributor's or importing distributor's license has been issued to any distiller or wine manufacturer or to any subsidiary or affiliate of any distiller or wine manufacturer who has, during the licensing period ending June 30, 1947, sold or distributed as such licensed distributor or importing distributor alcoholic liquors and wines to retailers, such distiller or wine manufacturer or any subsidiary or affiliate of any distiller or wine manufacturer holding such distributor's or importing distributor's license may continue to sell or distribute to retailers such alcoholic liquors and wines which are manufactured, distilled, processed or marketed by distillers and wine manufacturers whose products it sold or distributed to retailers during the whole or any part of its licensing periods; and such additional brands and additional products may be added to the line of such distributor or importing distributor, provided, that such brands and such products were not sold or distributed by any distributor or importing distributor licensed by the State Commission during the licensing period ending June 30, 1947, but can not sell or distribute to retailers any other alcoholic liquors or wines.

(d) It shall be unlawful for any distiller licensed anywhere to have any stock ownership or interest in any distributor's or importing distributor's license wherein any other person has an interest therein who is not a distiller and does not own more than 5% of any stock in any

distillery. Nothing herein contained shall apply to such distillers or their subsidiaries or affiliates, who had a distributor's or importing distributor's license during the licensing period ending June 30, 1947, which license was owned in whole by such distiller, or subsidiaries or affiliates of such distiller.

(e) Any person licensed as a brewer, class 1 breather, or class 2 breather shall be permitted to sell on the licensed premises to non-licensees for on or off-premises consumption for the premises in which he or she actually conducts such business: (i) beer manufactured by the breather, class 1 breather, or class 2 breather; (ii) beer manufactured by any other breather, class 1 breather, or class 2 breather; and (iii) cider. Such sales shall be limited to on-premises, in-person sales only, for lawful consumption on or off premises. Such authorization shall be considered a privilege granted by the breather license and, other than a manufacturer of beer as stated above, no manufacturer or distributor or importing distributor, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee or agent, or shareholder shall be issued a retailer's license, nor shall any person having a retailer's license, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative or agent, or shareholder be issued a manufacturer's license or importing distributor's license.

A manufacturer of beer that imports or transfers beer into this State must comply with Sections 6-8 and 8-1 of this Act.

A person who holds a class 1 or class 2 breather license and is authorized by this Section to sell beer to non-licensees shall not sell beer to non-licensees from more than 3 total breather or commonly owned brew pub licensed locations in this State. The class 1 or class 2 breather shall designate to the State Commission the breather or brew pub locations from which it will sell beer to non-licensees.

A person licensed as a class 1 craft distiller or a class 2 craft distiller, including a person who holds more than one class 1 craft distiller or class 2 craft distiller license, not affiliated with any other person manufacturing spirits may be authorized by the State Commission to sell (1) up to 5,000 gallons of spirits produced by the person to non-licensees for on or off-premises consumption for the premises in which he or she actually conducts business permitting only the retail sale of spirits

Adm. Code 139. No part of this Section creates an entitlement to services through the Family Support Program, the Specialized Family Support Program, or the Medicaid program.

(5) The Family Support Program shall align with the following system of care principles:
   (A) Treatment and support services shall be based on the results of an integrated behavioral health assessment and treatment plan using an instrument approved by the Department of Healthcare and Family Services.
   (B) Strong interagency collaboration between all State agencies the parent or legal guardian is involved with for services, including the Department of Healthcare and Family Services, the Department of Human Services, the

Notification and education may take place through a Family Support Program coordinator, a mobile crisis response provider, a Comprehensive Community Based Youth Services provider, the Community and Residential Services Authority, or any other designated provider or coordinator identified by the Department of Healthcare and Family Services. In developing this process, the Department of Healthcare and Family Services and the working group shall take into account the unique needs of emerging adults and transition-age adults without parental involvement who are eligible for services under the Family Support Program. The Department of Healthcare and Family Services and the working group shall ensure the appropriate provider or coordinator is required to assist individuals and their parents, guardians, or caregivers, as applicable, in the completion of the application or referral process for the Family Support Program or the Specialized Family Support Program.

(2) Upon a youth's, emerging adult's or transition-age adult's second psychiatric inpatient hospital admission, prior to hospital discharge, the hospital must, if it is aware of the patient's prior psychiatric inpatient hospital admission, ensure that the youth's parents, guardian, or caregiver, or the emerging adult or transition-age adult, have been notified of the Family Support Program and the Specialized Family Support Program prior to hospital discharge.

(3) Psychiatric lockout as last resort.

(A) Prior to referring any youth to the Department of Children and Family Services for the filing of a petition in accordance with subparagraph (c) of paragraph (1) of Section 2-4 of the Juvenile Court Act of 1987 alleging that the youth is dependent because the youth was left in a
psychiatric hospital beyond medical necessity, the hospital shall attempt to contact educate the youth and the youth's parents, guardian, or caregiver about the Family Support Program and the Specialized Family Support Program and shall assist with connections to the designated Family Support Program coordinator in the service area by providing educational materials developed by the Department of Healthcare and Family Services. Once this process has begun, any such youth shall be considered a youth for whom an application for the Family Support Program is pending with the Department of Healthcare and Family Services or an active application for the Family Support Program was being reviewed by the Department for the purposes of subsection (a) of Section 2-4b subparagraph (b) of paragraph (1) of Section 2-4 of the Juvenile Court Act of 1987, or for the purposes of subsection (a) of Section 5-711 of the Juvenile Court Act of 1987.

(B) No state agency or hospital shall coach a parent or guardian of a youth in a psychiatric hospital inpatient unit to lock out or otherwise relinquish custody of a youth to the Department of Children and Family Services for the sole purpose of obtaining necessary mental health treatment for the youth. In the absence of abuse or neglect, a psychiatric lockout or custody relinquishment to the Department of Children and Family Services shall only be considered as the option of last resort. Nothing in this Section shall prohibit discussion of medical treatment options or a referral to legal counsel.

Through a working group led by the Department of Healthcare and Family Services that includes the Department of Children and Family Services and residential treatment providers for youth and emerging adults, the Department of Healthcare and Family Services, within 12 months after the effective date of this amendatory Act of the 101st General Assembly,

(B) Using the Department of Children and Family Services’ beyond medical necessity data over the last 5 years and any other relevant, available data, the Department of Healthcare and Family Services shall assess the estimated number of these specialized high-acuity residential treatment beds that are needed in each region of the State based on the number of youth remaining in psychiatric hospitals beyond medical necessity and the number of youth placed out-of-state who need this level of care. The Department of Healthcare and Family Services shall report the results of this assessment to the General Assembly by no later than December 31, 2020.

(C) Development of an age-appropriate therapeutic residential treatment model for emerging adults and transition-age adults. Within 30 months after the effective date of this amendatory Act of the 101st General Assembly, the Department of Healthcare and Family Services, in partnership with the Department of Human Services' Division of Mental Health and with significant and meaningful stakeholder input through a working group of providers and other stakeholders, shall develop a supportive housing model for emerging adults and transition-age adults receiving services through the Family Support Program who need residential treatment and support to enable recovery. No more than 12% of all annual Family Support Program funds shall be spent on this level of care in any given state fiscal year.

2) Targeted use of residential treatment model established for emerging adults and transition-age adults through appropriation limitation. No more than one-quarter of all annual Family Support Program funds shall be spent on this level of care in any given state fiscal year.

(I) Exhausting third party insurance coverage first.

A parent, legal guardian, emerging adult, or transition-age adult with private insurance coverage shall work with the Department of Healthcare and Family Services, or its designee, to identify insurance coverage for any and all benefits covered by their plan. If insurance cost-sharing by any method for treatment is cost-prohibitive for the parent, legal guardian, emerging adult, or transition-age adult, Family Support Program funds may be applied as a payer of last resort toward insurance cost-sharing for purposes of using private insurance coverage to the fullest extent for the recommended treatment. If the Department, or its agent, has a concern relating to the parent's, legal guardian's, emerging adult's, or transition-age adult's insurer's compliance with Illinois or federal insurance requirements relating to the coverage of mental health or

The Department of Healthcare and Family Services shall revise the Family Support Program applications and the application process to reflect the changes made to this Section by this amendatory Act of the 101st General Assembly within 8 months after the adoption of any amendments to 89 Ill. Adm. Code 139.

(o) Study of reimbursement policies during planned and unplanned absences of youth and emerging adults in Family Support Program residential treatment settings. The Department of Healthcare and Family Services shall undertake a study of those standards of the Department of Children and Family Services and other states for reimbursement of residential treatment during planned and unplanned absences to determine if reimbursing residential providers for such unplanned absences positively impacts the availability of residential treatment for youth and emerging adults. The Department of Healthcare and Family Services shall begin the study on July 1, 2019 and shall report its findings and the results of the study to the General Assembly, along with any recommendations for or against adopting a similar policy, by December 31, 2020.

authority shall make a temporary appointment until the next meeting of the Senate when the appointing authority shall make a nomination to fill that office. No person rejected for an office of commissioner shall, except by the Senate's request, be nominated again for that office at the same session of the Senate or be appointed to that office during a recess of that Senate. No more than 5 commissioners may be of the same political party.

The terms of the initial commissioners shall commence upon qualification. Four initial appointees of the Governor, as designated by the Governor, shall serve terms running through June 30, 2007. One initial appointee of the Governor, as designated by the Governor, and the initial appointees of the Attorney General, Secretary of State, Comptroller, and Treasurer shall serve terms running through June 30, 2008. The initial appointments shall be made within 60 days after the effective date of this Act.

After the initial terms, commissioners shall serve for 4-year terms commencing on July 1 of the year of appointment and running through June 30 of the fourth following year. Commissioners may be reappointed to one or more subsequent terms.

Vacancies occurring other than at the end of a term shall be filled by the appointing authority only for the balance of the term of the commissioner whose office is vacant.

Terms shall run regardless of whether the position is filled.

The Director is removable for cause by a majority of the Commission upon a finding of neglect, malfeasance, absence, or incompetence.

(2) In case of a vacancy in the office of Director of the Illinois Power Agency during a recess of the Senate, the Executive Ethics Commission may make a temporary appointment until the next meeting of the Senate, at which time the Executive Ethics Commission shall nominate some person to fill the office, and any person so nominated who is confirmed by the Senate shall hold office during the remainder of the term and until his or her successor is appointed and qualified. Nothing in this subsection shall prohibit the Executive Ethics Commission from removing a temporary appointee or from appointing a temporary appointee as the Director of the Illinois Power Agency.

(3) Prior to June 1, 2012, the Executive Ethics Commission may, until the Director of the Illinois Power Agency is appointed and qualified or a temporary appointment is made pursuant to paragraph (2) of this subsection, designate some person as an acting Director to execute the powers and discharge the duties vested by law in that Director. An acting Director shall serve no later than 60 calendar days, or upon the making of an appointment pursuant to paragraph (1) or (2) of this subsection, whichever is earlier. Nothing in this subsection shall prohibit the Executive Ethics Commission from removing an acting Director or from appointing an acting Director as the Director of the Illinois Power Agency.

The terms of officers shall be for 2 years commencing July 1 and running through June 30 of the second following year. Meetings shall be held at the call of the chairperson or any 3 commissioners. Official action by the Commission shall require the affirmative vote of 5 commissioners, and a quorum shall consist of 5 commissioners. Commissioners shall receive compensation in an amount equal to the compensation of members of the State Board of Elections and may be reimbursed for their reasonable expenses actually incurred in the performance of their duties.

(f) No commissioner or employee of the Executive Ethics Commission may during his or her term of appointment or employment:

Sec. 20-50. Investigation reports.

(a) If an Executive Inspector General, upon the conclusion of an investigation, determines that reasonable cause exists to believe that a violation has occurred, then the Executive Inspector General shall issue a summary report of the investigation. The report shall be delivered to the appropriate ultimate jurisdictional authority and to the head of each State agency affected by or involved in the investigation, if appropriate. The appropriate ultimate jurisdictional authority or agency head shall respond to the summary report within 20 days, in writing, to the Executive Inspector General. The response shall include a description of any corrective or disciplinary action to be imposed. If the appropriate ultimate jurisdictional authority does not respond within 20 days, or within an extended time period as agreed to by the Executive Inspector General, an Executive Inspector General may proceed under subsection (c) as if a response had been received.

(b) The summary report of the investigation shall include the following:

(1) A description of any allegations or other information received by the Executive Inspector General pertinent to the investigation.

(2) A description of any alleged misconduct discovered in the course of the investigation.

(3) Recommendations for any corrective or disciplinary action to be taken in response to any alleged misconduct described in the report, including but not limited to discharge.

(4) Other information the Executive Inspector General deems relevant to the investigation or resulting recommendations.

(c) Within 30 days after receiving a response from the appropriate ultimate jurisdictional authority or agency head under subsection (a), the Executive Inspector General shall notify the Commission and the Attorney General if the Executive Inspector General believes that a complaint should be filed with the Commission. If the Executive Inspector General desires to file a complaint with the Commission, the Executive Inspector General shall submit the summary report and supporting documents to the
Attorney General. If the Attorney General concludes that there is insufficient evidence that a violation has occurred, the Attorney General shall notify the Executive Inspector General and the Executive Inspector General shall deliver to the Executive Ethics Commission a copy of the summary report and response from the ultimate jurisdictional authority or agency head. If the Attorney General determines that reasonable cause exists to believe that a violation has occurred, then the Executive Inspector General, represented by the Attorney General, may file with the Executive Ethics Commission a complaint. The complaint shall set forth the alleged violation and the grounds that exist to support the complaint. The complaint must be filed with the Commission within 12 months after the Executive Inspector General's receipt of the allegation of the violation or within 18 months after the most recent act of the alleged violation or of a series of alleged violations, whichever is later, except where there is reasonable cause to believe that fraudulent concealment has occurred. To constitute fraudulent concealment sufficient to toll this limitations period, there must be an affirmative act or representation calculated to prevent discovery of the fact that a violation has occurred. If a complaint is not filed with the Commission within 6 months after notice by the Inspector General to the Commission and the Attorney General, then the Commission may set a meeting of the Commission at which the Attorney General shall appear and provide a status report to the Commission.

(c-5) Within 30 days after receiving a response from the appropriate ultimate jurisdictional authority or agency head under subsection (a), if the Executive Inspector General does not believe that a complaint should be filed, the Executive Inspector General shall deliver to the Executive Ethics Commission a statement setting forth the basis for the decision not to file a complaint and a copy of the summary report and response from the ultimate jurisdictional authority or agency head. An Inspector General may also submit a redacted version of the summary report and response from the ultimate jurisdictional authority if the Inspector General believes either contains information that, in the opinion of the Inspector General, should be redacted prior to releasing the report, may interfere with an ongoing investigation, or identifies an informant or complainant.

(c-10) If, after reviewing the documents, the Commission believes that further investigation is warranted, the Commission may request that the Executive Inspector General provide additional information or conduct further investigation. The Commission may also appoint a Special

New matter indicated by italics - deletions by strikeout
Executive Inspector General to investigate or refer the summary report and response from the ultimate jurisdictional authority to the Attorney General for further investigation or review. If the Commission requests the Attorney General to investigate or review, the Commission must notify the Attorney General and the Inspector General. The Attorney General may not begin an investigation or review until receipt of notice from the Commission. If, after review, the Attorney General determines that reasonable cause exists to believe that a violation has occurred, then the Attorney General may file a complaint with the Executive Ethics Commission. If the Attorney General concludes that there is insufficient evidence that a violation has occurred, the Attorney General shall notify the Executive Ethics Commission and the appropriate Executive Inspector General.

(d) A copy of the complaint filed with the Executive Ethics Commission must be served on all respondents named in the complaint and on each respondent's ultimate jurisdictional authority in the same manner as process is served under the Code of Civil Procedure.

(e) A respondent may file objections to the complaint within 30 days after notice of the petition has been served on the respondent.

(f) The Commission shall meet, either in person or by telephone, at least 30 days after the complaint is served on all respondents in a closed session to review the sufficiency of the complaint. The Commission shall issue notice by certified mail, return receipt requested, to the Executive Inspector General, Attorney General, and all respondents of the Commission's ruling on the sufficiency of the complaint. If the complaint is deemed to sufficiently allege a violation of this Act, then the Commission shall include a hearing date scheduled within 4 weeks after the date of the notice, unless all of the parties consent to a later date. If the complaint is deemed not to sufficiently allege a violation, then the Commission shall send by certified mail, return receipt requested, a notice to the Executive Inspector General, Attorney General, and all respondents of the decision to dismiss the complaint.

(g) On the scheduled date the Commission shall conduct a closed meeting, either in person or, if the parties consent, by telephone, on the complaint and allow all parties the opportunity to present testimony and evidence. All such proceedings shall be transcribed.

(h) Within an appropriate time limit set by rules of the Executive Ethics Commission, the Commission shall (i) dismiss the complaint, (ii) issue a recommendation of discipline to the respondent and the

respondent's ultimate jurisdictional authority, (iii) impose an administrative fine upon the respondent, (iv) issue injunctive relief as described in Section 50-10, or (v) impose a combination of (ii) through (iv).

(i) The proceedings on any complaint filed with the Commission shall be conducted pursuant to rules promulgated by the Commission.

(j) The Commission may designate hearing officers to conduct proceedings as determined by rule of the Commission.

(k) In all proceedings before the Commission, the standard of proof is by a preponderance of the evidence.

(l) Within 30 days after the issuance of a final administrative decision that concludes that a violation occurred, the Executive Ethics Commission shall make public the entire record of proceedings before the Commission, the decision, any recommendation, any discipline imposed, and the response from the agency head or ultimate jurisdictional authority to the Executive Ethics Commission.

(b) A complainant shall have the following rights:

(1) within 5 business days of the Executive Inspector General receiving a complaint in which the complainant is identified, to be notified by the Executive Inspector General of the receipt of the complaint, the complainant's rights, and an explanation of the process, rules, and procedures related to the investigation of an allegation, and the duties of the Executive Inspector General and the Executive Ethics Commission;

(2) within 5 business days after the Executive Inspector General's decision to open or close an investigation into the complaint or refer the complaint to another appropriate agency, to be notified of the Executive Inspector General's decision; however,

if the Executive Inspector General reasonably determines that publicly acknowledging the existence of an investigation would interfere with the conduct or completion of that investigation, the notification may be withheld until public acknowledgment of the investigation would no longer interfere with that investigation;

(3) after an investigation has been opened, to have any interviews of the complainant audio recorded by the Executive Inspector General and to review, in person and in the presence of the Executive Inspector General or his or her designee, any transcript or interview report created from that audio recorded interview. The complainant may provide any supplemental statements or evidence throughout the investigation to review statements and evidence given to the Executive Inspector General by the complainant and the Executive Inspector General's summarization of those statements and evidence, if such summary exists. The complainant may make suggestions of changes for the Executive Inspector General's consideration, but the Executive Inspector General shall have the final authority to determine what statements, evidence, and summaries are included in any report of the investigation;

(4) to have a union representative, attorney, co-worker, or other support person who is not involved in the investigation, at the complainant's expense, present at any interview or meeting, whether in person or by telephone or audio-visual communication, between the complainant and the Executive Inspector General or Executive Ethics Commission;

(5) to submit an impact statement that shall be included with the Executive Inspector General's summary report to the Executive Ethics Commission for its consideration;

(6) to testify at a hearing held under subsection (g) of Section 20-50, to the extent the hearing is based on an allegation of a violation of Section 5-65 of this Act or subsection (a) of Section 4.7 of the Lobbyist Registration Act involving the complainant, and have a single union representative, attorney, co-worker, or other support person who is not involved in the investigation, at the complainant's expense, accompany him or her while testifying;

(7) to review, within 5 business days prior to its release, any portion of a summary report of the investigation subject to public release under this Article related to the allegations concerning the

complainant, after redactions made by the Executive Ethics Commission, and offer suggestions for redaction or provide a response that shall be made public with the summary report; and

(8) to file a complaint with the Executive Ethics Commission for any violation of the complainant's rights under this Section by the Executive Inspector General.

c) The complainant shall have the sole discretion in determining whether to exercise the rights set forth in this Section. All rights under this Section shall be waived if the complainant fails to cooperate with the Executive Inspector General's investigation of the complaint.

d) The notice requirements imposed on Inspectors General by this Section shall be waived if the Inspector General is unable to identify or locate the complainant.

e) (Blank). A complainant receiving a copy of any summary report, in whole or in part, under this Section shall keep the report confidential and shall not disclose the report prior to the publication of the report by the Executive Ethics Commission. A complainant that violates this subsection (e) shall be subject to an administrative fine by the Executive Ethics Commission of up to $5,000.

The confidentiality granted by this subsection does not preclude the disclosure of the identity of a person in any capacity other than as the source of an allegation.

(b) Subject to the provisions of Section 20-52, commissioners, employees, and agents of the Executive Ethics Commission, the Executive Inspectors General, and employees and agents of each Office of an Executive Inspector General, the Attorney General, and the employees and agents of the office of the Attorney General shall keep confidential and shall not disclose information exempted from disclosure under the Freedom of Information Act or by this Act, provided the identity of any individual providing information or reporting any possible or alleged misconduct to the Executive Inspector General for the Governor may be

as commissioners from the general public. A commissioner who is a
member of the General Assembly must recuse himself or herself from

which he or she is the subject or is a complainant. A person is not eligible
to serve as a commissioner if that person (i) has been convicted of a felony

(c-5) If a commissioner is required to recuse himself or herself
from participating in a matter as provided in subsection (c), the recusal

of the matter for which the commissioner recused himself or herself, and
the appointing authority for the recusing commissioner shall make a
temporary appointment to fill the vacancy for consideration of the matter
for which the commissioner recused himself or herself.

   (4) advocate for the appointment of another person to an appointed or elected office or position or actively participate in any campaign for any elective office.

(f-5) No commissioner who is a member of the General Assembly may be a candidate for statewide office, federal office, or judicial office. Sec. 25-50. Investigation reports.
(a) If the Legislative Inspector General, upon the conclusion of an investigation, determines that reasonable cause exists to believe that a violation has occurred, then the Legislative Inspector General shall issue a summary report of the investigation. The report shall be delivered to the appropriate ultimate jurisdictional authority, to the head of each State agency affected by or involved in the investigation, if appropriate, and the member, if any, that is the subject of the report. The appropriate ultimate jurisdictional authority or agency head and the member, if any, that is the subject of the report shall respond to the summary report within 20 days, in writing, to the Legislative Inspector General. If the ultimate jurisdictional authority is the subject of the report, he or she may only respond to the summary report in his or her capacity as the subject of the report and shall not respond in his or her capacity as the ultimate jurisdictional authority. The response shall include a description of any corrective or disciplinary action to be imposed. If the appropriate ultimate jurisdictional authority or the member that is the subject of the report does not respond within 20 days, or within an extended time as agreed to by the Legislative Inspector General, the Legislative Inspector General may proceed under subsection (c) as if a response had been received. A member receiving and responding to a report under this Section shall be deemed to be acting in his or her official capacity.

(b) The summary report of the investigation shall include the following:

(1) A description of any allegations or other information received by the Legislative Inspector General pertinent to the investigation.
(2) A description of any alleged misconduct discovered in the course of the investigation.

(3) Recommendations for any corrective or disciplinary action to be taken in response to any alleged misconduct described in the report, including, but not limited to, discharge.

(4) Other information the Legislative Inspector General deems relevant to the investigation or resulting recommendations.

(c) Within 30 days after receiving a response from the appropriate ultimate jurisdictional authority or agency head under subsection (a), the Legislative Inspector General shall notify the Commission and the Attorney General if the Legislative Inspector General believes that a complaint should be filed with the Commission. If the Legislative Inspector General desires to file a complaint with the Commission, the Legislative Inspector General shall submit the summary report and supporting documents to the Attorney General. If the Attorney General concludes that there is insufficient evidence that a violation has occurred, the Attorney General shall notify the Legislative Inspector General and the Legislative Inspector General shall deliver to the Legislative Ethics Commission a copy of the summary report and response from the ultimate jurisdictional authority or agency head. If the Attorney General determines that reasonable cause exists to believe that a violation has occurred, then the Legislative Inspector General, represented by the Attorney General, may file with the Legislative Ethics Commission a complaint. The complaint shall set forth the alleged violation and the grounds that exist to support the complaint. Except as provided under subsection (1.5) of Section 20, the complaint must be filed with the Commission within 12 months after the Legislative Inspector General's receipt of the allegation of the violation or within 18 months after the most recent act of the alleged violation or of a series of alleged violations, whichever is later, except where there is reasonable cause to believe that fraudulent concealment has occurred. To constitute fraudulent concealment sufficient to toll this limitations period, there must be an affirmative act or representation calculated to prevent discovery of the fact that a violation has occurred. If a complaint is not filed with the Commission within 6 months after notice by the Inspector General to the Commission and the Attorney General, then the Commission may set a meeting of the Commission at which the Attorney General shall appear and provide a status report to the Commission.
(c-5) Within 30 days after receiving a response from the appropriate ultimate jurisdictional authority or agency head under subsection (a), if the Legislative Inspector General does not believe that a complaint should be filed, the Legislative Inspector General shall deliver to the Legislative Ethics Commission a statement setting forth the basis for the decision not to file a complaint and a copy of the summary report and response from the ultimate jurisdictional authority or agency head. The Inspector General may also submit a redacted version of the summary report and response from the ultimate jurisdictional authority if the Inspector General believes either contains information that, in the opinion of the Inspector General, should be redacted prior to releasing the report, may interfere with an ongoing investigation, or identifies an informant or complainant.

(c-10) If, after reviewing the documents, the Commission believes that further investigation is warranted, the Commission may request that the Legislative Inspector General provide additional information or conduct further investigation. The Commission may also refer the summary report and response from the ultimate jurisdictional authority to the Attorney General for further investigation or review. If the Commission requests the Attorney General to investigate or review, the Commission must notify the Attorney General and the Legislative Inspector General. The Attorney General may not begin an investigation or review until receipt of notice from the Commission. If, after review, the Attorney General determines that reasonable cause exists to believe that a violation has occurred, then the Attorney General may file a complaint with the Legislative Ethics Commission. If the Attorney General concludes that there is insufficient evidence that a violation has occurred, the Attorney General shall notify the Legislative Ethics Commission and the appropriate Legislative Inspector General.

(d) A copy of the complaint filed with the Legislative Ethics Commission must be served on all respondents named in the complaint and on each respondent's ultimate jurisdictional authority in the same manner as process is served under the Code of Civil Procedure.

(e) A respondent may file objections to the complaint within 30 days after notice of the petition has been served on the respondent.

(f) The Commission shall meet, at least 30 days after the complaint is served on all respondents either in person or by telephone, in a closed session to review the sufficiency of the complaint. The Commission shall issue notice by certified mail, return receipt requested, to the Legislative

Inspector General, the Attorney General, and all respondents of the Commission's ruling on the sufficiency of the complaint. If the complaint is deemed to sufficiently allege a violation of this Act, then the Commission shall include a hearing date scheduled within 4 weeks after the date of the notice, unless all of the parties consent to a later date. If the complaint is deemed not to sufficiently allege a violation, then the Commission shall send by certified mail, return receipt requested, a notice to the Legislative Inspector General, the Attorney General, and all respondents the decision to dismiss the complaint.

(g) On the scheduled date the Commission shall conduct a closed meeting, either in person or, if the parties consent, by telephone, on the complaint and allow all parties the opportunity to present testimony and evidence. All such proceedings shall be transcribed.

(h) Within an appropriate time limit set by rules of the Legislative Ethics Commission, the Commission shall (i) dismiss the complaint, (ii) issue a recommendation of discipline to the respondent and the respondent's ultimate jurisdictional authority, (iii) impose an administrative fine upon the respondent, (iv) issue injunctive relief as described in Section 50-10, or (v) impose a combination of items (ii) through (iv).

(i) The proceedings on any complaint filed with the Commission shall be conducted pursuant to rules promulgated by the Commission.

(j) The Commission may designate hearing officers to conduct proceedings as determined by rule of the Commission.

(k) In all proceedings before the Commission, the standard of proof is by a preponderance of the evidence.

(l) Within 30 days after the issuance of a final administrative decision that concludes that a violation occurred, the Legislative Ethics Commission shall make public the entire record of proceedings before the Commission, the decision, any recommendation, any discipline imposed, and the response from the agency head or ultimate jurisdictional authority to the Legislative Ethics Commission.

(8) to file a complaint with the Legislative Ethics Commission for any violation of the complainant's rights under this Section by the Legislative Inspector General.

(c) The complainant shall have the sole discretion in determining whether or not to exercise the rights set forth in this Section. All rights under this Section shall be waived if the complainant fails to cooperate with the Legislative Inspector General's investigation of the complaint.

1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Cancer Clinical Trial Participation Program Act.

Section 5. Findings. The General Assembly finds that:

(1) The ability to translate medical findings from research to practice relies largely on robust subject participation and a diverse subject participation pool in clinical trials.

(2) Diverse subject participation in cancer clinical trials depends significantly on whether an individual is able to afford ancillary costs, including transportation and lodging, during the course of participation in a cancer clinical trial.

(3) A national study conducted in 2015 found that individuals from households with an annual income of less than $50,000 were 30% less likely to participate in cancer clinical trials.

(4) Direct and indirect costs, including transportation, lodging, and child-care expenses, prevent eligible individuals from participating in cancer clinical trials according to the National Cancer Institute.

(5) The disparities in subject participation in cancer clinical trials threaten the basic ethical underpinning of clinical research, which requires the benefits of the research to be made available equitably among all eligible individuals.

(6) While the United States Food and Drug Administration recently confirmed to Congress and provided guidance on its website that reimbursement of direct subject-incurred expenses is not an undue inducement, many organizations, research sponsors, philanthropic individuals, charitable organizations, governmental

entities, and other persons still operate under the misconception that such reimbursement is an undue inducement.

(7) It is the intent of the General Assembly to enact legislation to further define and establish a clear difference between items considered to be an undue inducement for a subject to participate in a cancer clinical trial and the reimbursement of expenses for participating in a cancer clinical trial.

(8) Further clarification of the United States Food and Drug Administration's confirmation and guidance is appropriate and important to improve subject participation in cancer clinical trials, which is the primary intent of this legislation.

Section 10. Definitions. In this Act:
"Cancer clinical trial" means a research study that subjects an individual to a new cancer treatment, including a medication, chemotherapy, adult stem cell therapy, or other treatment.
"Cancer clinical trial sponsor" means a person, physician, professor, or researcher who initiates a cancer clinical trial; a government entity or agency that initiates a cancer clinical trial; or an industry, including, but not limited to, a pharmaceutical, biotechnology, or medical device company, that initiates a cancer clinical trial.
"Independent third-party organization" means an entity or organization, whether public or private, that is not a sponsor or host of a cancer clinical trial, or in any way directly affiliated with a sponsor or host of a cancer clinical trial, and has experience in patient advocacy and direct patient reimbursement of cancer clinical trial participation costs.
"Inducement" means providing a person something of value, including money, as part of participation in a clinical trial.
"Program" means the cancer clinical trial participation program established under this Act.
"Subject" means an individual who participates in the program.
"Undue inducement" means the value of something received by a potential clinical trial research subject, which value is so large that it causes the research subject to take risks that are not in his or her best interests.

Section 15. Establishment. An independent third-party organization may develop and implement the cancer clinical trial participation program to provide reimbursement to subjects for ancillary costs associated with participation in a cancer clinical trial, including costs for:

(1) travel;

Section 20. Requirements; notice.

(a) The program:

(1) must collaborate with physicians, health care providers, and cancer clinical trial sponsors to notify a prospective subject about the program when:

(A) the prospective subject consents to a cancer clinical trial; or

(B) funding is available to provide the program for the cancer clinical trial in which the prospective subject participates;

(2) must reimburse subjects based on financial need, which may include reimbursement to subjects whose income is at or below 700% of the federal poverty level;

(3) must provide reimbursement for ancillary costs, including costs described under Section 15, to eliminate the financial barriers to enrollment in a cancer clinical trial;

(4) may provide reimbursement for reasonable ancillary costs, including costs described under Section 15, to one family member, friend, or other person who attends a cancer clinical trial to support a subject; and

(5) must comply with applicable federal and State laws.

(b) The independent third-party organization administering the program shall provide written notice to prospective subjects of the requirements described under subsection (a).

Section 25. Reimbursement requirements; notice.

(a) A reimbursement under the program at a trial site that conducts cancer clinical trials must:

(1) be reviewed and approved by the institutional review board associated with the cancer clinical trial for which the reimbursement is provided; and

(2) comply with applicable federal and State laws.

(b) The independent third-party organization operating the program is not required to obtain approval from an institutional review board on the financial eligibility of a subject who is medically eligible for a cancer clinical trial.
(c) The independent third-party organization operating the program shall provide written notice to a subject on:
   (1) the nature and availability of the ancillary financial support under the program; and
   (2) the program's general guidelines on financial eligibility.

Section 30. Reimbursement status as undue inducement. Reimbursement to a subject of ancillary costs under the program:
   (1) does not constitute an undue inducement to participate in a cancer clinical trial;
   (2) is not considered coercion or the exertion of undue influence to participate in a cancer clinical trial; and
   (3) is meant to accomplish parity in access to cancer clinical trials and remove barriers to participation in cancer clinical trials for financially burdened subjects.

Section 35. Funding. The independent third-party organization that administers the program may accept gifts, grants, and donations from any public or private source to implement this Act.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly November 14, 2019.
Approved December 20, 2019.
Effective December 20, 2019.

Section 10. The Illinois Public Labor Relations Act is amended by changing Sections 6 and 10 and by adding Section 6.5 as follows:

(5 ILCS 315/6) (from Ch. 48, par. 1606)

Sec. 6. Right to organize and bargain collectively; exclusive representation; and fair share arrangements.

(a) Employees of the State and any political subdivision of the State, excluding employees of the General Assembly of the State of

Illinois and employees excluded from the definition of "public employee" under subsection (n) of Section 3 of this Act, have, and are protected in the exercise of, the right of self-organization, and may form, join or assist any labor organization, to bargain collectively through representatives of their own choosing on questions of wages, hours and other conditions of employment, not excluded by Section 4 of this Act, and to engage in other concerted activities not otherwise prohibited by law for the purposes of collective bargaining or other mutual aid or protection, free from interference, restraint or coercion. Employees also have, and are protected in the exercise of, the right to refrain from participating in any such concerted activities. Employees may be required, pursuant to the terms of a lawful fair share agreement, to pay a fee which shall be their proportionate share of the costs of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and other conditions of employment as defined in Section 3(g).

(b) Nothing in this Act prevents an employee from presenting a grievance to the employer and having the grievance heard and settled without the intervention of an employee organization; provided that the exclusive bargaining representative is afforded the opportunity to be present at such conference and that any settlement made shall not be inconsistent with the terms of any agreement in effect between the employer and the exclusive bargaining representative.

(c) A labor organization designated by the Board as the representative of the majority of public employees in an appropriate unit in accordance with the procedures herein or recognized by a public employer as the representative of the majority of public employees in an appropriate unit is the exclusive representative for the employees of such unit for the purpose of collective bargaining with respect to rates of pay, wages, hours and other conditions of employment not excluded by Section 4 of this Act. Unless otherwise mutually agreed, a public employer is required at least once each month and upon request, to furnish the exclusive bargaining representative with a complete list of the names and addresses of the public employees in the bargaining unit, provided that a public employer shall not be required to furnish such a list more than once per payroll period. The exclusive bargaining representative shall use the list exclusively for bargaining representation purposes and shall not disclose any information contained in the list for any other purpose. Nothing in this Section, however, shall prohibit a bargaining representative from disseminating a list of its union members.

New matter indicated by italics - deletions by strikeout
At the time the public employer provides such list, it shall also provide to the exclusive representative, in an Excel file or other mutually agreed upon editable digital file format, the employee's job title, worksite location, work telephone numbers, identification number if available, and any home and personal cellular telephone numbers on file with the employer, date of hire, work email address, and any personal email address on file with the employer. In addition, unless otherwise mutually agreed, within 10 calendar days from the date of hire of a bargaining unit employee, the public employer shall provide to the exclusive representative, in an electronic file or other mutually agreed upon format, the following information about the new employee: the employee's name, job title, worksite location, home address, work telephone numbers, and any home and personal cellular telephone numbers on file with the employer, date of hire, work email address, and any personal email address on file with the employer.

(c-5) No employer shall disclose the following information of any employee: (1) the employee's home address (including ZIP code and county); (2) the employee's date of birth; (3) the employee's home and personal phone number; (4) the employee's personal email address; (5) any information personally identifying employee membership or membership status in a labor organization or other voluntary association affiliated with a labor organization or a labor federation (including whether employees are members of such organization, the identity of such organization, whether or not employees pay or authorize the payment of any dues or moneys to such organization, and the amounts of such dues or moneys); and (6) emails or other communications between a labor organization and its members.

As soon as practicable after receiving a request for any information prohibited from disclosure under this subsection (c-5), excluding a request from the exclusive bargaining representative of the employee, the employer must provide a written copy of the request, or a written summary of any oral request, to the exclusive bargaining representative of the employee or, if no such representative exists, to the employee. The employer must also provide a copy of any response it has made within 5 business days of sending the response to any request.

If an employer discloses information in violation of this subsection (c-5), an aggrieved employee of the employer or his or her exclusive bargaining representative may file an unfair labor practice charge with the Illinois Labor Relations Board pursuant to Section 10 of this Act or
commence an action in the circuit court to enforce the provisions of this Act, including actions to compel compliance, if an employer willfully and wantonly discloses information in violation of this subsection. The circuit court for the county in which the complainant resides, in which the complainant is employed, or in which the employer is located shall have jurisdiction in this matter.

This subsection does not apply to disclosures (i) required under the Freedom of Information Act, (ii) for purposes of conducting public operations or business, or (iii) to the exclusive representative.

(c-10) Employers shall provide to exclusive representatives, including their agents and employees, reasonable access to employees in the bargaining units they represent. This access shall at all times be conducted in a manner so as not to impede normal operations.

(1) Access includes the following:

(A) the right to meet with one or more employees on the employer's premises during the work day to investigate and discuss grievances and workplace-related complaints without charge to pay or leave time of employees or agents of the exclusive representative;

(B) the right to conduct worksite meetings during lunch and other non-work breaks, and before and after the workday, on the employer's premises to discuss collective bargaining negotiations, the administration of collective bargaining agreements, other matters related to the duties of the exclusive representative, and internal matters involving the governance or business of the exclusive representative, without charge to pay or leave time of employees or agents of the exclusive representative;

(C) the right to meet with newly hired employees, without charge to pay or leave time of the employees or agents of the exclusive representative, on the employer's premises or at a location mutually agreed upon by the employer and exclusive representative for up to one hour either within the first two weeks of employment in the bargaining unit or at a later date and time if mutually agreed upon by the employer and the exclusive representative; and

(D) the right to use the facility mailboxes and bulletin boards of the employer to communicate with

New matter indicated by italics - deletions by strikeout
bargaining unit employees regarding collective bargaining negotiations, the administration of the collective bargaining agreements, the investigation of grievances, other workplace-related complaints and issues, and internal matters involving the governance or business of the exclusive representative.

(2) Nothing in this Section shall prohibit an employer and exclusive representative from agreeing in a collective bargaining agreement to provide the exclusive representative greater access to bargaining unit employees, including through the use of the employer's email system.

(d) Labor organizations recognized by a public employer as the exclusive representative or so designated in accordance with the provisions of this Act are responsible for representing the interests of all public employees in the unit. Nothing herein shall be construed to limit an exclusive representative's right to exercise its discretion to refuse to process grievances of employees that are unmeritorious.

(e) When a collective bargaining agreement is entered into with an exclusive representative, it may include in the agreement a provision requiring employees covered by the agreement who are not members of the organization to pay their proportionate share of the costs of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and conditions of employment, as defined in Section 3 (g), but not to exceed the amount of dues uniformly required of members. The organization shall certify to the employer the amount constituting each nonmember employee's proportionate share which shall not exceed dues uniformly required of members. In such case, the proportionate share payment in this Section shall be deducted by the employer from the earnings of the nonmember employees and paid to the employee organization.

(f) Employers shall make Only the exclusive representative may negotiate provisions in a collective bargaining agreement providing for the payroll deductions of labor organization dues, fair share payment, initiation fees, and assessments, and other payments for a labor organization that is the exclusive representative. Such deductions shall only be made in accordance with the terms of an employee's written authorization, and continued until revoked in writing in the same manner or until the termination date of an applicable collective bargaining agreement. Such

New matter indicated by italics - deletions by strikeout
Payments shall be paid to the exclusive representative. Written authorization may be evidenced by electronic communications, and such writing or communication may be evidenced by the electronic signature of the employee as provided under Section 5-120 of the Electronic Commerce Security Act.

There is no impediment to an employee’s right to resign union membership at any time. However, notwithstanding any other provision of law to the contrary regarding authorization and deduction of dues or other payments to a labor organization, the exclusive representative and a public employee may agree to reasonable limits on the right of the employee to revoke such authorization, including a period of irrevocability that exceeds one year. An authorization that is irrevocable for one year, which may be automatically renewed for successive annual periods in accordance with the terms of the authorization, and that contains at least an annual 10-day period of time during which the employee may revoke the authorization, shall be deemed reasonable.

This Section shall apply to all claims that allege that a labor organization or a public employer has improperly deducted or collected dues from an employee without regard to whether the claims or the facts upon which they are based occurred before, on, or after the effective date of this amendatory Act of the 101st General Assembly and shall apply retroactively to the maximum extent permitted by law.

(f-5) Where a collective bargaining agreement is terminated, or continues in effect beyond its scheduled expiration date pending the negotiation of a successor agreement or the resolution of an impasse under Section 14, the employer shall continue to honor and abide by any dues deduction or fair share clause contained therein until a new agreement is reached including dues deduction or a fair share clause. For the benefit of any successor exclusive representative certified under this Act, this provision shall be applicable, provided the successor exclusive representative:

(i) certifies to the employer the amount constituting each non-member's proportionate share under subsection (e); or

(ii) presents the employer with employee written authorizations for the deduction of dues, assessments, and fees under this subsection.

Failure to so honor and abide by dues deduction or fair share clauses for the benefit of any exclusive representative, including a
successor, shall be a violation of the duty to bargain and an unfair labor practice.

(f-10) Upon receiving written notice of authorization, the public employer must commence dues deductions as soon as practicable, but in no case later than 30 days after receiving notice from the labor organization. Employee deductions shall be transmitted to the labor organization no later than 30 days after they are deducted unless a shorter period is mutually agreed to.

(f-15) Deductions shall remain in effect until:

1. the public employer receives notice that a public employee has revoked their authorization in writing in accordance with the terms of the authorization; or
2. the individual employee is no longer employed by the public employer in a bargaining unit position represented by the same exclusive representative, provided that if the employee is, within a period of one year, employed by the same public employer in a position represented by the same labor organization, the right to dues deduction shall be automatically reinstated.

Nothing in this subsection prevents an employee from continuing to authorize payroll deductions when no longer represented by the exclusive representative that would receive such deduction.

Should the individual employee who has signed a dues deduction authorization card either be removed from a public employer's payroll or otherwise placed on any type of involuntary or voluntary leave of absence, whether paid or unpaid, the public employee's dues deduction shall be continued upon that public employee's return to the payroll in a bargaining unit position represented by the same exclusive representative or restoration to active duty from such a leave of absence.

(f-20) Unless otherwise mutually agreed by the public employer and the exclusive representative, employee requests to authorize, revoke, cancel, or change authorizations for payroll deductions for labor organizations shall be directed to the labor organization rather than to the public employer. The labor organization shall be responsible for initially processing and notifying the public employer of proper requests or providing proper requests to the employer. If the requests are not provided to the public employer, the employer shall rely on information provided by the labor organization regarding whether deductions for a labor organization were properly authorized, revoked, canceled, or changed, and the labor organization shall indemnify the public employer for any

New matter indicated by italics - deletions by strikeout
damages and reasonable costs incurred for any claims made by employees for deductions made in good faith reliance on that information.

(f-25) Upon receipt by the exclusive representative of an appropriate written authorization from an employee, written notice of authorization shall be provided to the employer and any authorized deductions shall be made in accordance with law. The labor organization shall indemnify the public employer for any damages and reasonable costs incurred for any claims made by employees for deductions made in good faith reliance on its notification.

(f-30) The failure of an employer to comply with the provisions of this Section shall be a violation of the duty to bargain and an unfair labor practice. Relief for the violation shall be reimbursement by the public employer of dues that should have been deducted or paid based on a valid authorization given by the employee or employees. In addition, the provisions of a collective bargaining agreement that contain the obligations set forth in this Section may be enforced in accordance with Sections 8 and 16.

(f-35) The Illinois Labor Relations Board shall have exclusive jurisdiction over claims under Illinois law that allege that a labor organization has unlawfully collected dues from a public employee in violation of this Act. The Board shall by rule require that in cases in which a public employee alleges that a labor organization has unlawfully collected dues, the public employer shall continue to deduct the employee's dues from the employee's pay, but shall transmit the dues to the Board for deposit in an escrow account maintained by the Board. If the exclusive representative maintains an escrow account for the purpose of holding dues to which an employee has objected, the employer shall transmit the entire amount of dues to the exclusive representative, and the exclusive representative shall hold in escrow the dues that the employer would otherwise have been required to transmit to the Board for escrow; provided that the escrow account maintained by the exclusive representative complies with rules adopted by the Board or that the collective bargaining agreement requiring the payment of the dues contains an indemnification provision for the purpose of indemnifying the employer with respect to the employer's transmission of dues to the exclusive representative.

(f-40) If any clause, sentence, paragraph, or subparagraph of this Section shall be adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, that judgment shall not affect,
impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, or subparagraph of this Section directly involved in the controversy in which that judgment shall have been rendered.

If any clause, sentence, paragraph, or part of a signed authorization for payroll deductions shall be adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, that judgment shall not affect, impair, or invalidate the remainder of the signed authorization, but shall be confined in its operation to the clause, sentence, paragraph, or part of the signed authorization directly involved in the controversy in which that judgment shall have been rendered.

(g) Agreements containing a fair share agreement must safeguard the right of nonassociation of employees based upon bona fide religious tenets or teachings of a church or religious body of which such employees are members. Such employees may be required to pay an amount equal to their fair share, determined under a lawful fair share agreement, to a nonreligious charitable organization mutually agreed upon by the employees affected and the exclusive bargaining representative to which such employees would otherwise pay such service fee. If the affected employees and the bargaining representative are unable to reach an agreement on the matter, the Board may establish an approved list of charitable organizations to which such payments may be made.

Sec. 6.5. Defense to liability.

(a) The General Assembly declares that public employees who paid agency or fair share fees as a condition of public employment in accordance with State laws and United States Supreme Court precedent prior to June 27, 2018 had no legitimate expectation of receiving that money back under any then available cause of action. Public employers and labor organizations who relied on State law and Supreme Court precedent in deducting and accepting those fees were not liable to refund them. Agency or fair share fees were paid for collective bargaining representation that employee organizations were obligated by State law to provide to employees. Additionally, it should be presumed that employees who signed written membership or dues authorization agreements prior to this time knew and freely accepted the contractual obligations set forth in those agreements. Application of this Section to claims pending on the effective date of this amendatory Act of the 101st General Assembly will

This Section is therefore necessary to provide certainty to public employers and labor organizations that relied on State law and to avoid disruption of public employee labor relations after the United States Supreme Court's decision in Janus v. AFSCME Council 31, 138 S. Ct. 2448 (2018).

(b) No public employer or labor organization, or any of its employees or agents, shall be liable for, and they shall have a complete defense to, any claims or actions under the laws of this State for requiring, deducting, receiving, or retaining dues, agency fees, or fair share fees from public employees, and current or former public employees shall not have standing to pursue these claims or actions if the dues or fees were permitted under the laws of this State then in force and paid, through payroll deduction or otherwise, prior to June 27, 2018.

(c) This Section shall apply to claims and actions pending on the effective date of this amendatory Act of the 101st General Assembly, as well to claims and actions on or after that date.

Sec. 10. Unfair labor practices.
(a) It shall be an unfair labor practice for an employer or its agents:

(1) to interfere with, restrain or coerce public employees in the exercise of the rights guaranteed in this Act or to dominate or interfere with the formation, existence or administration of any labor organization or contribute financial or other support to it; provided, an employer shall not be prohibited from permitting employees to confer with him during working hours without loss of time or pay;

(2) to discriminate in regard to hire or tenure of employment or any term or condition of employment in order to encourage or discourage membership in or other support for any labor organization. Nothing in this Act or any other law precludes a public employer from making an agreement with a labor organization to require as a condition of employment the payment of a fair share under paragraph (e) of Section 6;

(6) to expend or cause the expenditure of public funds to any external agent, individual, firm, agency, partnership or association in any attempt to influence the outcome of representation elections held pursuant to Section 9 of this Act; provided, that nothing in this subsection shall be construed to limit an employer's right to internally communicate with its employees as provided in subsection (c) of this Section, to be represented on any matter pertaining to unit determinations, unfair labor practice charges or pre-election conferences in any formal or informal proceeding before the Board, or to seek or obtain advice from legal counsel. Nothing in this paragraph shall be construed to prohibit an employer from expending or causing the expenditure of public funds on, or seeking or obtaining services or advice from, any organization, group, or association established by and including public or educational employers, whether covered by this Act, the Illinois Educational Labor Relations Act or the public employment labor relations law of any other state or the federal government, provided that such services or advice are generally available to the membership of the organization, group or association, and are not offered solely in an attempt to influence the outcome of a particular representation election; or

(7) to refuse to reduce a collective bargaining agreement to writing or to refuse to sign such agreement; or

(8) to interfere with, restrain, coerce, deter, or discourage public employees or applicants to be public employees from: (i) becoming or remaining members of a labor organization; (ii) authorizing representation by a labor organization; or (iii) authorizing dues or fee deductions to a labor organization, nor shall the employer intentionally permit outside third parties to use its email or other communication systems to engage in that conduct. An employer's good faith implementation of a policy to

block the use of its email or other communication systems for such purposes shall be a defense to an unfair labor practice; or

(9) to disclose to any person or entity information set forth in subsection (c-5) of Section 6 of this Act that the employer knows or should know will be used to interfere with, restrain, coerce, deter, or discourage any public employee from: (i) becoming or remaining members of a labor organization, (ii) authorizing representation by a labor organization, or (iii) authorizing dues or fee deductions to a labor organization.

(b) It shall be an unfair labor practice for a labor organization or its agents:

(1) to restrain or coerce public employees in the exercise of the rights guaranteed in this Act, provided, (i) that this paragraph shall not impair the right of a labor organization to prescribe its own rules with respect to the acquisition or retention of membership therein or the determination of fair share payments and (ii) that a labor organization or its agents shall commit an unfair labor practice under this paragraph in duty of fair representation cases only by intentional misconduct in representing employees under this Act;

(2) to restrain or coerce a public employer in the selection of his representatives for the purposes of collective bargaining or the settlement of grievances; or

(3) to cause, or attempt to cause, an employer to discriminate against an employee in violation of subsection (a)(2);

(4) to refuse to bargain collectively in good faith with a public employer, if it has been designated in accordance with the provisions of this Act as the exclusive representative of public employees in an appropriate unit;

(5) to violate any of the rules and regulations established by the boards with jurisdiction over them relating to the conduct of representation elections or the conduct affecting the representation elections;

(6) to discriminate against any employee because he has signed or filed an affidavit, petition or charge or provided any information or testimony under this Act;

(7) to picket or cause to be picketed, or threaten to picket or cause to be picketed, any public employer where an object thereof is forcing or requiring an employer to recognize or bargain with a
labor organization of the representative of its employees, or forcing or requiring the employees of an employer to accept or select such labor organization as their collective bargaining representative, unless such labor organization is currently certified as the representative of such employees:

(A) where the employer has lawfully recognized in accordance with this Act any labor organization and a question concerning representation may not appropriately be raised under Section 9 of this Act;

(B) where within the preceding 12 months a valid election under Section 9 of this Act has been conducted; or

(C) where such picketing has been conducted without a petition under Section 9 being filed within a reasonable period of time not to exceed 30 days from the commencement of such picketing; provided that when such a petition has been filed the Board shall forthwith, without regard to the provisions of subsection (a) of Section 9 or the absence of a showing of a substantial interest on the part of the labor organization, direct an election in such unit as the Board finds to be appropriate and shall certify the results thereof; provided further, that nothing in this subparagraph shall be construed to prohibit any picketing or other publicity for the purpose of truthfully advising the public that an employer does not employ members of, or have a contract with, a labor organization unless an effect of such picketing is to induce any individual employed by any other person in the course of his employment, not to pick up, deliver, or transport any goods or not to perform any services; or

(8) to refuse to reduce a collective bargaining agreement to writing or to refuse to sign such agreement.

(c) The expressing of any views, argument, or opinion or the dissemination thereof, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this Act, if such expression contains no threat of reprisal or force or promise of benefit.

(d) The employer shall not discourage public employees or applicants to be public employees from becoming or remaining union members or authorizing dues deductions, and shall not otherwise interfere
with the relationship between employees and their exclusive bargaining representative. The employer shall refer all inquiries about union membership to the exclusive bargaining representative, except that the employer may communicate with employees regarding payroll processes and procedures. The employer will establish email policies in an effort to prohibit the use of its email system by outside sources.

Within 60 days after the expiration of each calendar year, the Comptroller shall compile, from records maintained and available in his office, a list of all persons including those employed in the Office of the Comptroller, who have been employed by the State during the past calendar year and paid from funds in the hands of the State Treasurer.

The list shall be arranged according to counties and shall state in alphabetical order the name of each employee, the address in the county in which he votes, except as specified below, the position, and the total salary paid to him or her during the past calendar year, rounded to the nearest hundred dollar. For persons employed by the Department of Corrections,
Department of Children and Family Services, Department of Juvenile Justice, Office of the State's Attorneys Appellate Prosecutor, and the Department of State Police, as well as their spouses, no address shall be listed. Section 30. The Illinois Educational Labor Relations Act is amended by changing Sections 3 and 14 and by adding Sections 11.1 and 11.2 as follows:

(115 ILCS 5/3) (from Ch. 48, par. 1703)

Sec. 3. Employee rights; exclusive representative rights.

(a) It shall be lawful for educational employees to organize, form, join, or assist in employee organizations or engage in lawful concerted activities for the purpose of collective bargaining or other mutual aid and protection or bargain collectively through representatives of their own free choice and, except as provided in Section 11, such employees shall also have the right to refrain from any or all such activities.

(b) Representatives selected by educational employees in a unit appropriate for collective bargaining purposes shall be the exclusive representative of all the employees in such unit to bargain on wages, hours, terms and conditions of employment. However, any individual employee or a group of employees may at any time present grievances to their employer and have them adjusted without the intervention of the bargaining representative as long as the adjustment is not inconsistent with the terms of a collective bargaining agreement then in effect, provided that the bargaining representative has been given an opportunity to be present at such adjustment.

(c) Employers shall provide to exclusive representatives, including their agents and employees, reasonable access to and information about employees in the bargaining units they represent. This access shall at all times be conducted in a manner so as not to impede normal operations.

(1) Access includes the following:

New matter indicated by italics - deletions by strikeout
(A) the right to meet with one or more employees on the employer's premises during the work day to investigate and discuss grievances and workplace-related complaints without charge to pay or leave time of employees or agents of the exclusive representative;

(B) the right to conduct worksite meetings during lunch and other non-work breaks, and before and after the workday, on the employer's premises to discuss collective bargaining negotiations, the administration of collective bargaining agreements, other matters related to the duties of the exclusive representative, and internal matters involving the governance or business of the exclusive representative, without charge to pay or leave time of employees or agents of the exclusive representative;

(C) the right to meet with newly hired employees, without charge to pay or leave time of the employees or agents of the exclusive representative, on the employer's premises or at a location mutually agreed to by the employer and exclusive representative for up to one hour either within the first two weeks of employment in the bargaining unit or at a later date and time if mutually agreed upon by the employer and the exclusive representative; and

(D) the right to use the facility mailboxes and bulletin boards of the employer to communicate with bargaining unit employees regarding collective bargaining negotiations, the administration of the collective bargaining agreements, the investigation of grievances, other workplace-related complaints and issues, and internal matters involving the governance or business of the exclusive representative.

Nothing in this Section shall prohibit an employer and exclusive representative from agreeing in a collective bargaining agreement to provide the exclusive representative greater access to bargaining unit employees, including through the use of the employer's email system.

(2) Information about employees includes, but is not limited to, the following:

New matter indicated by italics - deletions by strikeout
(A) within 10 calendar days from the beginning of every school term and every 30 calendar days thereafter in the school term, in an Excel file or other editable digital file format agreed to by the exclusive representative, the employee's name, job title, worksite location, home address, work telephone numbers, identification number if available, and any home and personal cellular telephone numbers on file with the employer, date of hire, work email address, and any personal email address on file with the employer; and

(B) unless otherwise mutually agreed upon, within 10 calendar days from the date of hire of a bargaining unit employee, in an electronic file or other format agreed to by the exclusive representative, the employee's name, job title, worksite location, home address, work telephone numbers, and any home and personal cellular telephone numbers on file with the employer, date of hire, work email address, and any personal email address on file with the employer.

(d) No employer shall disclose the following information of any employee: (1) the employee's home address (including ZIP code and county); (2) the employee's date of birth; (3) the employee's home and personal phone number; (4) the employee's personal email address; (5) any information personally identifying employee membership or membership status in a labor organization or other voluntary association affiliated with a labor organization or a labor federation (including whether employees are members of such organization, the identity of such organization, whether or not employees pay or authorize the payment of any dues of moneys to such organization, and the amounts of such dues or moneys); and (6) emails or other communications between a labor organization and its members.

As soon as practicable after receiving a request for any information prohibited from disclosure under this subsection (d), excluding a request from the exclusive bargaining representative of the employee, the employer must provide a written copy of the request, or a written summary of any oral request, to the exclusive bargaining representative of the employee or, if no such representative exists, to the employee. The employer must also provide a copy of any response it has made within 5 business days of sending the response to any request.
If an employer discloses information in violation of this subsection (d), an aggrieved employee of the employer or his or her exclusive bargaining representative may file an unfair labor practice charge with the Illinois Educational Labor Relations Board pursuant to Section 14 of this Act or commence an action in the circuit court to enforce the provisions of this Act, including actions to compel compliance, if an employer willfully and wantonly discloses information in violation of this subsection. The circuit court for the county in which the complainant resides, in which the complainant is employed, or in which the employer is located shall have jurisdiction in this matter.

This subsection does not apply to disclosures (i) required under the Freedom of Information Act, (ii) for purposes of conducting public operations or business, or (iii) to the exclusive representative. (Source: P.A. 83-1014.)

(115 ILCS 5/11.1 new)

Sec. 11.1. Dues collection.

(a) Employers shall make payroll deductions of employee organization dues, initiation fees, assessments, and other payments for an employee organization that is the exclusive representative. Such deductions shall be made in accordance with the terms of an employee's written authorization and shall be paid to the exclusive representative. Written authorization may be evidenced by electronic communications, and such writing or communication may be evidenced by the electronic signature of the employee as provided under Section 5-120 of the Electronic Commerce Security Act.

There is no impediment to an employee's right to resign union membership at any time. However, notwithstanding any other provision of law to the contrary regarding authorization and deduction of dues or other payments to a labor organization, the exclusive representative and an educational employee may agree to reasonable limits on the right of the employee to revoke such authorization, including a period of irrevocability that exceeds one year. An authorization that is irrevocable for one year, which may be automatically renewed for successive annual periods in accordance with the terms of the authorization, and that contains at least an annual 10-day period of time during which the educational employee may revoke the authorization, shall be deemed reasonable. This Section shall apply to all claims that allege that an educational employer or employee organization has improperly deducted or collected dues from an employee without regard to whether the claims

New matter indicated by italics - deletions by strikeout
or the facts upon which they are based occurred before, on, or after the effective date of this amendatory Act of the 101st General Assembly and shall apply retroactively to the maximum extent permitted by law.

(b) Upon receiving written notice of the authorization, the educational employer must commence dues deductions as soon as practicable, but in no case later than 30 days after receiving notice from the employee organization. Employee deductions shall be transmitted to the employee organization no later than 10 days after they are deducted unless a shorter period is mutually agreed to.

(c) Deductions shall remain in effect until:

1. the educational employer receives notice that an educational employee has revoked his or her authorization in writing in accordance with the terms of the authorization; or
2. the individual educational employee is no longer employed by the educational employer in a bargaining unit position represented by the same exclusive representative; provided that if such employee is, within a period of one year, employed by the same educational employer in a position represented by the same employee organization, the right to dues deduction shall be automatically reinstated.

Nothing in this subsection prevents an employee from continuing to authorize payroll deductions when no longer represented by the exclusive representative that would receive those deductions.

Should the individual educational employee who has signed a dues deduction authorization card either be removed from an educational employer's payroll or otherwise placed on any type of involuntary or voluntary leave of absence, whether paid or unpaid, the employee's dues deduction shall be continued upon that employee's return to the payroll in a bargaining unit position represented by the same exclusive representative or restoration to active duty from such a leave of absence.

(d) Unless otherwise mutually agreed by the educational employer and the exclusive representative, employee requests to authorize, revoke, cancel, or change authorizations for payroll deductions for employee organizations shall be directed to the employee organization rather than to the educational employer. The employee organization shall be responsible for initially processing and notifying the educational employer of proper requests or providing proper requests to the employer. If the requests are not provided to the educational employer, the employer shall rely on information provided by the employee organization regarding

New matter indicated by italics - deletions by strikeout
whether deductions for an employee organization were properly authorized, revoked, canceled, or changed, and the employee organization shall indemnify the educational employer for any damages and reasonable costs incurred for any claims made by educational employees for deductions made in good faith reliance on that information.

(e) Upon receipt by the exclusive representative of an appropriate written authorization from an individual educational employee, written notice of authorization shall be provided to the educational employer and any authorized deductions shall be made in accordance with law. The employee organization shall indemnify the educational employer for any damages and reasonable costs incurred for any claims made by an educational employee for deductions made in good faith reliance on its notification.

(f) The failure of an educational employer to comply with the provisions of this Section shall be a violation of the duty to bargain and an unfair labor practice. Relief for the violation shall be reimbursement by the educational employer of dues that should have been deducted or paid based on a valid authorization given by the educational employee or employees. In addition, the provisions of a collective bargaining agreement that contain the obligations set forth in this Section may be enforced in accordance with Section 10.

(g) The Illinois Educational Labor Relations Board shall have exclusive jurisdiction over claims under Illinois law that allege an educational employer or employee organization has unlawfully deducted or collected dues from an educational employee in violation of this Act. The Board shall by rule require that in cases in which an educational employee alleges that an employee organization has unlawfully collected dues, the educational employer shall continue to deduct the employee's dues from the employee's pay, but shall transmit the dues to the Board for deposit in an escrow account maintained by the Board. If the exclusive representative maintains an escrow account for the purpose of holding dues to which an employee has objected, the employer shall transmit the entire amount of dues to the exclusive representative, and the exclusive representative shall hold in escrow the dues that the employer would otherwise have been required to transmit to the Board for escrow; provided that the escrow account maintained by the exclusive representative complies with rules adopted by the Board or that the collective bargaining agreement requiring the payment of the dues contains an indemnification provision for the purpose of indemnifying the

New matter indicated by italics - deletions by strikeout
employer with respect to the employer's transmission of dues to the exclusive representative.

(h) If a collective bargaining agreement that includes a dues deduction clause expires or continues in effect beyond its scheduled expiration date pending the negotiation of a successor agreement, then the employer shall continue to honor and abide by the dues deduction clause until a new agreement that includes a dues deduction clause is reached. Failure to honor and abide by the dues deduction clause for the benefit of any exclusive representative as set forth in this subsection (h) shall be a violation of the duty to bargain and an unfair labor practice. For the benefit of any successor exclusive representative certified under this Act, this provision shall be applicable, provided the successor exclusive representative presents the employer with employee written authorizations or certifications from the exclusive representative for the deduction of dues, assessments, and fees under this subsection (h).

(i)(1) If any clause, sentence, paragraph, or subdivision of this Section shall be adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, that judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, or subdivision of this Section directly involved in the controversy in which such judgment shall have been rendered.

(2) If any clause, sentence, paragraph, or part of a signed authorization for payroll deductions shall be adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, that judgment shall not affect, impair, or invalidate the remainder of the signed authorization, but shall be confined in its operation to the clause, sentence, paragraph, or part of the signed authorization directly involved in the controversy in which such judgment shall have been rendered.

(e) The entry of an order or judgment by any circuit court establishing that any person holding a license or certificate under this Act is a person in need of mental treatment operates as a suspension of that license. (g) In enforcing this Section, the Board or the Department, upon a showing of a possible violation, may compel any licensee or applicant for licensure under this Act to submit to a mental or physical examination or both, as required by and at the expense of the Department. The examining physician, or multidisciplinary team involved in providing physical and mental examinations led by a physician consisting of one or a combination of licensed physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff, shall be those specifically designated by the Department. The Board or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this mental or physical examination of the licensee or applicant. No information, report, or other documents in any way related to the examination shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee or applicant and the examining physician or any member of the multidisciplinary team. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to a mental or physical examination when directed shall result in the automatic suspension of his or her license until such time as the individual submits to the examination. If the Board or Department finds a pharmacist, registered certified pharmacy technician, or registered pharmacy technician unable to practice because of the reasons set forth in this Section, the Board or Department shall require such pharmacist, registered certified pharmacy technician, or registered pharmacy technician to submit to care, counseling, or treatment by physicians or other appropriate health care providers approved or designated by the Department as a condition for continued, restored reinstated, or renewed licensure to practice. Any pharmacist, registered certified pharmacy technician, or registered pharmacy technician whose license was granted, continued, restored reinstated, renewed, disciplined, or supervised, subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions or to complete a required program of care, counseling, or treatment, as determined by the chief pharmacy coordinator, shall be referred to the Secretary for a determination as to whether the licensee shall have his or her license suspended immediately, pending a hearing by the Board. Any person who reports a violation of this Section to the Department is protected under subsection (b) of Section 15 of the Whistleblower Act.

(i) Members of the Board shall have no liability in any action based upon any disciplinary proceedings or other activity performed in good faith as a member of the Board be indemnified by the State for any actions occurring within the scope of services on the Board, done in good faith, and not willful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were willful and wanton.

If the Attorney General declines representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were willful and wanton.

The member must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine, within 7 days after receiving such notice, whether he or she will undertake to represent the member.

The citation must clearly state that if the cited person wishes to dispute the citation, he or she may request in writing, within 30 days after the citation is served, a hearing before the Department. If the cited person does not request a hearing within 30 days after the citation is served, then the citation shall become a final, non-disciplinary order and any fine imposed is due and payable. If the cited person requests a hearing within 30 days after the citation is served, the Department shall afford the cited person a hearing conducted in the same manner as a hearing provided in this Act for any violation of this Act and shall determine whether the cited person committed the violation as charged and whether the fine as levied is warranted. PUBLIC ACT 101-0622

(AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 9-275 and 15-170 as follows:

(35 ILCS 200/9-275)
Sec. 9-275. Erroneous homestead exemptions.
(a) For purposes of this Section:
"Erroneous homestead exemption" means a homestead exemption that was granted for real property in a taxable year if the property was not eligible for that exemption in that taxable year. If the taxpayer receives an

New matter indicated by italics - deletions by strikeout
erroneous homestead exemption under a single Section of this Code for the same property in multiple years, that exemption is considered a single erroneous homestead exemption for purposes of this Section. However, if the taxpayer receives erroneous homestead exemptions under multiple Sections of this Code for the same property, or if the taxpayer receives erroneous homestead exemptions under the same Section of this Code for multiple properties, then each of those exemptions is considered a separate erroneous homestead exemption for purposes of this Section.

"Erroneous exemption principal amount" means the total difference between the property taxes actually billed to a property index number and the amount of property taxes that would have been billed but for the erroneous exemption or exemptions.

"Taxpayer" means the property owner or leasehold owner that erroneously received a homestead exemption upon property.

(b) Notwithstanding any other provision of law, in counties with 3,000,000 or more inhabitants, the chief county assessment officer shall include the following information with each assessment notice sent in a general assessment year: (1) a list of each homestead exemption available under Article 15 of this Code and a description of the eligibility criteria for that exemption, including the number of assessment years of automatic renewal remaining on a current senior citizens homestead exemption if such an exemption has been applied to the property; (2) a list of each homestead exemption applied to the property in the current assessment year; (3) information regarding penalties and interest that may be incurred under this Section if the taxpayer received an erroneous homestead exemption in a previous taxable year; and (4) notice of the 60-day grace period available under this subsection. If, within 60 days after receiving his or her assessment notice, the taxpayer notifies the chief county assessment officer that he or she received an erroneous homestead exemption in a previous taxable year, and if the taxpayer pays the erroneous exemption principal amount, plus interest as provided in subsection (f), then the taxpayer shall not be liable for the penalties provided in subsection (f) with respect to that exemption.

New matter indicated by italics - deletions by strikeout
(c) In counties with 3,000,000 or more inhabitants, when the chief county assessment officer determines that one or more erroneous homestead exemptions was applied to the property, the erroneous exemption principal amount, together with all applicable interest and penalties as provided in subsections (f) and (j), shall constitute a lien in the name of the People of Cook County on the property receiving the erroneous homestead exemption. Upon becoming aware of the existence of one or more erroneous homestead exemptions, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, a notice of discovery as set forth in subsection (c-5). The chief county assessment officer in a county with 3,000,000 or more inhabitants may cause a lien to be recorded against property that (1) is located in the county and (2) received one or more erroneous homestead exemptions if, upon determination of the chief county assessment officer, the taxpayer received: (A) one or 2 erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 3 collection years immediately prior to the current collection year in which the notice of discovery is served; or (B) 3 or more erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 6 collection years immediately prior to the current collection year in which the notice of discovery is served. Prior to recording the lien against the property, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, return receipt requested, on the person to whom the most recent tax bill was mailed and the owner of record, a notice of intent to record a lien against the property. The chief county assessment officer shall cause the notice of intent to record a lien to be served within 3 years from the date on which the notice of discovery was served.

(c-5) The notice of discovery described in subsection (c) shall: (1) identify, by property index number, the property for which the chief county assessment officer has knowledge indicating the existence of an erroneous homestead exemption; (2) set forth the taxpayer's liability for principal, interest, penalties, and administrative costs including, but not limited to, recording fees described in subsection (f); (3) inform the taxpayer that he or she will be served with a notice of intent to record a lien within 3 years from the date of service of the notice of discovery; (4) inform the taxpayer that he or she may pay the outstanding amount, plus interest, penalties, and

New matter indicated by italics - deletions by strikeout
administrative costs at any time prior to being served with the notice of intent to record a lien or within 30 days after the notice of intent to record a lien is served; and (5) inform the taxpayer that, if the taxpayer provided notice to the chief county assessment officer as provided in subsection (d-1) of Section 15-175 of this Code, upon submission by the taxpayer of evidence of timely notice and receipt thereof by the chief county assessment officer, the chief county assessment officer will withdraw the notice of discovery and reissue a notice of discovery in compliance with this Section in which the taxpayer is not liable for interest and penalties for the current tax year in which the notice was received.

For the purposes of this subsection (c-5):
"Collection year" means the year in which the first and second installment of the current tax year is billed.
"Current tax year" means the year prior to the collection year.

(d) The notice of intent to record a lien described in subsection (c) shall: (1) identify, by property index number, the property against which the lien is being sought; (2) identify each specific homestead exemption that was erroneously granted and the year or years in which each exemption was granted; (3) set forth the erroneous exemption principal amount due and the interest amount and any penalty and administrative costs due; (4) inform the taxpayer that he or she may request a hearing within 30 days after service and may appeal the hearing officer's ruling to the circuit court; (5) inform the taxpayer that he or she may pay the erroneous exemption principal amount, plus interest and penalties, within 30 days after service; and (6) inform the taxpayer that, if the lien is recorded against the property, the amount of the lien will be adjusted to include the applicable recording fee and that fees for recording a release of the lien shall be incurred by the taxpayer. A lien shall not be filed pursuant to this Section if the taxpayer pays the erroneous exemption principal amount, plus penalties and interest, within 30 days of service of the notice of intent to record a lien.

(e) The notice of intent to record a lien shall also include a form that the taxpayer may return to the chief county assessment officer to request a hearing. The taxpayer may request a hearing by returning the form within 30 days after service. The hearing shall be held within 90 days after the taxpayer is served. The chief county assessment officer shall promulgate rules of service and procedure for the hearing. The chief county assessment officer must generally follow rules of evidence and practices that prevail in the county circuit courts, but, because of the nature

New matter indicated by italics - deletions by strikeout
of these proceedings, the chief county assessment officer is not bound by those rules in all particulars. The chief county assessment officer shall appoint a hearing officer to oversee the hearing. The taxpayer shall be allowed to present evidence to the hearing officer at the hearing. After taking into consideration all the relevant testimony and evidence, the hearing officer shall make an administrative decision on whether the taxpayer was erroneously granted a homestead exemption for the taxable year in question. The taxpayer may appeal the hearing officer's ruling to the circuit court of the county where the property is located as a final administrative decision under the Administrative Review Law.

(f) A lien against the property imposed under this Section shall be filed with the county recorder of deeds, but may not be filed sooner than 60 days after the notice of intent to record a lien was delivered to the taxpayer if the taxpayer does not request a hearing, or until the conclusion of the hearing and all appeals if the taxpayer does request a hearing. If a lien is filed pursuant to this Section and the taxpayer received one or 2 erroneous homestead exemptions during any of the 3 collection years immediately prior to the current collection year in which the notice of discovery is served, then the erroneous exemption principal amount, plus 10% interest per annum or portion thereof from the date the erroneous exemption principal amount would have become due if properly included in the tax bill, shall be charged against the property by the chief county assessment officer. However, if a lien is filed pursuant to this Section and the taxpayer received 3 or more erroneous homestead exemptions during any of the 6 collection years immediately prior to the current collection year in which the notice of discovery is served, the erroneous exemption principal amount, plus a penalty of 50% of the total amount of the erroneous exemption principal amount for that property and 10% interest per annum or portion thereof from the date the erroneous exemption principal amount would have become due if properly included in the tax bill, shall be charged against the property by the chief county assessment officer. If a lien is filed pursuant to this Section, the taxpayer shall not be liable for interest that accrues between the date the notice of discovery is served and the date the lien is filed. Before recording the lien with the county recorder of deeds, the chief county assessment officer shall adjust the amount of the lien to add administrative costs, including but not limited to the applicable recording fee, to the total lien amount.

(g) If a person received an erroneous homestead exemption under Section 15-170 and: (1) the person was the spouse, child, grandchild,
brother, sister, niece, or nephew of the previous taxpayer; and (2) the person received the property by bequest or inheritance; then the person is not liable for the penalties imposed under this Section for any year or years during which the chief county assessment officer did not require an annual application for the exemption or, in a county with 3,000,000 or more inhabitants, an application for renewal of a multi-year exemption pursuant to subsection (i) of Section 15-170, as the case may be. However, that person is responsible for any interest owed under subsection (f).

(h) If the erroneous homestead exemption was granted as a result of a clerical error or omission on the part of the chief county assessment officer, and if the taxpayer has paid the tax bills as received for the year in which the error occurred, then the interest and penalties authorized by this Section with respect to that homestead exemption shall not be chargeable to the taxpayer. However, nothing in this Section shall prevent the collection of the erroneous exemption principal amount due and owing.

(i) A lien under this Section is not valid as to (1) any bona fide purchaser for value without notice of the erroneous homestead exemption whose rights in and to the underlying parcel arose after the erroneous homestead exemption was granted but before the filing of the notice of lien; or (2) any mortgagee, judgment creditor, or other lienor whose rights in and to the underlying parcel arose before the filing of the notice of lien. A title insurance policy for the property that is issued by a title company licensed to do business in the State showing that the property is free and clear of any liens imposed under this Section shall be prima facie evidence that the taxpayer is without notice of the erroneous homestead exemption. Nothing in this Section shall be deemed to impair the rights of subsequent creditors and subsequent purchasers under Section 30 of the Conveyances Act.

(j) When a lien is filed against the property pursuant to this Section, the chief county assessment officer shall mail a copy of the lien to the person to whom the most recent tax bill was mailed and to the owner of record, and the outstanding liability created by such a lien is due and payable within 30 days after the mailing of the lien by the chief county assessment officer. This liability is deemed delinquent and shall bear interest beginning on the day after the due date at a rate of 1.5% per month or portion thereof. Payment shall be made to the county treasurer. Upon receipt of the full amount due, as determined by the chief county assessment officer, the county treasurer shall distribute the amount paid as provided in subsection (k). Upon presentment by the taxpayer to the chief

New matter indicated by italics - deletions by strikeout
county assessment officer of proof of payment of the total liability, the
chief county assessment officer shall provide in reasonable form a release
of the lien. The release of the lien provided shall clearly inform the
taxpayer that it is the responsibility of the taxpayer to record the lien
release form with the county recorder of deeds and to pay any applicable
recording fees.

(k) The county treasurer shall pay collected erroneous exemption
principal amounts, pro rata, to the taxing districts, or their legal successors,
that levied upon the subject property in the taxable year or years for which
the erroneous homestead exemptions were granted, except as set forth in
this Section. The county treasurer shall deposit collected penalties and
interest into a special fund established by the county treasurer to offset the
costs of administration of the provisions of this Section by the chief county
assessment officer's office, as appropriated by the county board. If the
costs of administration of this Section exceed the amount of interest and
penalties collected in the special fund, the chief county assessor shall be
reimbursed by each taxing district or their legal successors for those costs.
Such costs shall be paid out of the funds collected by the county treasurer
on behalf of each taxing district pursuant to this Section.

(l) The chief county assessment officer in a county with 3,000,000
or more inhabitants shall establish an amnesty period for all taxpayers
owing any tax due to an erroneous homestead exemption granted in a tax
year prior to the 2013 tax year. The amnesty period shall begin on the
effective date of this amendatory Act of the 98th General Assembly and
shall run through December 31, 2013. If, during the amnesty period, the
taxpayer pays the entire arrearage of taxes due for tax years prior to 2013,
the county clerk shall abate and not seek to collect any interest or penalties
that may be applicable and shall not seek civil or criminal prosecution for
any taxpayer for tax years prior to 2013. Failure to pay all such taxes due
during the amnesty period established under this Section shall invalidate
the amnesty period for that taxpayer.

The chief county assessment officer in a county with 3,000,000 or
more inhabitants shall (i) mail notice of the amnesty period with the tax
bills for the second installment of taxes for the 2012 assessment year and
(ii) as soon as possible after the effective date of this amendatory Act of
the 98th General Assembly, publish notice of the amnesty period in a
newspaper of general circulation in the county. Notices shall include
information on the amnesty period, its purpose, and the method by which
to make payment.

Taxpayers who are a party to any criminal investigation or to any civil or criminal litigation that is pending in any circuit court or appellate court, or in the Supreme Court of this State, for nonpayment, delinquency, or fraud in relation to any property tax imposed by any taxing district located in the State on the effective date of this amendatory Act of the 98th General Assembly may not take advantage of the amnesty period.

A taxpayer who has claimed 3 or more homestead exemptions in error shall not be eligible for the amnesty period established under this subsection.

(m) Notwithstanding any other provision of law, for taxable years 2019 through 2024, in counties with 3,000,000 or more inhabitants, the chief county assessment officer shall, if he or she learns that a taxpayer who has been granted a senior citizens homestead exemption has died during the period to which the exemption applies, send a notice to the address on record for the owner of record of the property notifying the owner that the exemption will be terminated unless, within 90 days after the notice is sent, the chief county assessment officer is provided with a basis to continue the exemption. The notice shall be sent by first-class mail, in an envelope that bears on its front, in boldface red lettering that is at least one inch in size, the words "Notice of Exemption Termination"; however, if the taxpayer elects to receive the notice by email and provides an email address, then the notice shall be sent by email.

Sec. 15-170. Senior citizens homestead exemption.

(a) An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants

and $2,000 in all other counties. For taxable years 2004 through 2005, the
maximum reduction shall be $3,000 in all counties. For taxable years 2006
and 2007, the maximum reduction shall be $3,500. For taxable years 2008
through 2011, the maximum reduction is $4,000 in all counties. For
taxable year 2012, the maximum reduction is $5,000 in counties with
3,000,000 or more inhabitants and $4,000 in all other counties. For taxable
years 2013 through 2016, the maximum reduction is $5,000 in all
counties. For taxable years 2017 and thereafter, the maximum reduction is
$8,000 in counties with 3,000,000 or more inhabitants and $5,000 in all
other counties.

(b) For land improved with an apartment building owned and
operated as a cooperative, the maximum reduction from the value of the
property, as equalized by the Department, shall be multiplied by the
number of apartments or units occupied by a person 65 years of age or
older who is liable, by contract with the owner or owners of record, for
paying property taxes on the property and is an owner of record of a legal
or equitable interest in the cooperative apartment building, other than a
leasehold interest. For land improved with a life care facility, the
maximum reduction from the value of the property, as equalized by the
Department, shall be multiplied by the number of apartments or units
occupied by persons 65 years of age or older, irrespective of any legal,
equitable, or leasehold interest in the facility, who are liable, under a
contract with the owner or owners of record of the facility, for paying
property taxes on the property. In a cooperative or a life care facility where
a homestead exemption has been granted, the cooperative association or
the management firm of the cooperative or facility shall credit the savings

The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

(f) The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. If a reapplication is required, then the chief county assessment officer shall mail the application to the taxpayer at least 60 days prior to the last day of the application period for the county.

For taxable years 2019 through 2024, in counties with 3,000,000 or more inhabitants, a taxpayer who has been granted an exemption under this Section need not reapply. However, if the property ceases to be qualified for the exemption under this Section in any year for which a reapplication is not required under this Section, then the owner of record of the property shall notify the chief county assessment officer that the property is no longer qualified. In addition, for taxable years 2019 through 2024, the chief county assessment officer of a county with 3,000,000 or more inhabitants shall enter into an intergovernmental agreement with the county clerk of that county and the Department of Public Health, as well as any other appropriate governmental agency, to obtain information that documents the death of a taxpayer who has been granted an exemption under this Section. 3,000,000 or more inhabitants, the assessor and the county recorder of deeds shall establish policies and practices for the regular exchange of information for the purpose of alerting the assessor whenever the transfer of ownership of any property receiving an exemption under this Section has occurred. When such a transfer occurs, the assessor shall mail a notice to the new owner of the property (i) informing the new owner that the exemption will remain in place through the year of the transfer, after which it will be canceled, and (ii) providing information pertaining to the rules for reapplying for the exemption if the owner qualifies. In counties with 3,000,000 or more inhabitants, the chief county assessment official shall conduct audits of all exemptions granted under this Section no later than December 31, 2022 and no later than December 31, 2024. The audit shall be designed to ascertain whether any senior homestead exemptions have been granted erroneously. If it is determined that a senior homestead exemption has been erroneously applied to a property, the chief county assessment officer shall make use of the appropriate provisions of Section 9-275 in relation to the property that received the erroneous homestead exemption.

(j) In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

A restricted driving permit issued under this paragraph (1.5) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is subsequently convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. (4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. (6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit.

For purposes of paragraphs 5, 9, 10, 12, 14, 19, 25, 26, and 27 of this subsection, license means any driver's license, any traffic ticket issued when the person's driver's license is deposited in lieu of bail, a suspension notice issued by the Secretary of State, a duplicate or corrected driver's license, a probationary driver's license or a temporary driver's license.

(b) If any conviction forming the basis of a suspension or revocation authorized under this Section is appealed, the Secretary of State may rescind or withhold the entry of the order of suspension or revocation, as the case may be, provided that a certified copy of a stay order of a court is filed with the Secretary of State. If the conviction is affirmed on appeal, the date of the conviction shall relate back to the time the original judgment of conviction was entered and the 6 month limitation prescribed shall not apply.

(c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. The notice to be deposited in the United States mail, postage prepaid, to the last known address of the person.

2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph (a) of this Section, a person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the suspension, unless 5 offenses were committed, at least 2 of which occurred while operating a commercial vehicle in connection with the driver's regular occupation. All other driving privileges shall be suspended by the Secretary of State. Any driver

prior to operating a vehicle for occupational purposes only must submit
the affidavit on forms to be provided by the Secretary of State setting forth
the facts of the person's occupation. The affidavit shall also state the
number of offenses committed while operating a vehicle in connection
with the driver's regular occupation. The affidavit shall be accompanied by
the driver's license. Upon receipt of a properly completed affidavit, the
Secretary of State shall issue the driver a permit to operate a vehicle in
connection with the driver's regular occupation only. Unless the permit is
issued by the Secretary of State prior to the date of suspension, the
privilege to drive any motor vehicle shall be suspended as set forth in the
notice that was mailed under this Section. If an affidavit is received
subsequent to the effective date of this suspension, a permit may be issued
for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver
required to possess a CDL for the purpose of operating a commercial
motor vehicle.

Any person who falsely states any fact in the affidavit required
herein shall be guilty of perjury under Section 6-302 and upon conviction
thereof shall have all driving privileges revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code,
the Secretary of State shall either rescind or continue an order of
revocation or shall substitute an order of suspension; or, good cause
appearing therefor, rescind, continue, change, or extend the order of
suspension. If the Secretary of State does not rescind the order, the
Secretary may upon application, to relieve undue hardship (as defined by
the rules of the Secretary of State), issue a restricted driving permit
granting the privilege of driving a motor vehicle between the petitioner's
residence and petitioner's place of employment or within the scope of the
petitioner's employment related duties, or to allow the petitioner to
transport himself or herself, or a family member of the petitioner's
household to a medical facility, to receive necessary medical care, to allow
the petitioner to transport himself or herself to and from alcohol or drug
remedial or rehabilitative activity recommended by a licensed service
provider, or to allow the petitioner to transport himself or herself or a
family member of the petitioner's household to classes, as a student, at an
accredited educational institution, or to allow the petitioner to transport
children, elderly persons, or persons with disabilities who do not hold
driving privileges and are living in the petitioner's household to and from
daycare. The petitioner must demonstrate that no alternative means of

transportation is reasonably available and that the petitioner will not endanger the public safety or welfare.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:
   (i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or
   (ii) a statutory summary suspension or revocation under Section 11-501.1; or
   (iii) a suspension under Section 6-203.1;
arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B-5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(F) A person subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

(i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and

(ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code.

In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph (5) of subsection (a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F).

A restricted driving permit issued under this subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph (2) of subsection (c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection (c) of this Section. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code.

A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.
(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code.

Sec. 6-306.5. Failure to pay fine or penalty for standing, parking, compliance, automated speed enforcement system, or automated traffic law violations; suspension of driving privileges.

(a) Upon receipt of a certified report, as prescribed by subsection (c) of this Section, from any municipality or county stating that the owner of a registered vehicle: (1) has failed to pay any fine or penalty due and owing as a result of 10 or more violations of a municipality's or county's vehicular standing, parking, or compliance regulations established by ordinance pursuant to Section 11-208.3 of this Code, (2) has failed to pay any fine or penalty due and owing as a result of 5 offenses for automated speed enforcement system violations or automated traffic violations as defined in Sections 11-208.6, 11-208.8, 11-208.9, or 11-1201.1, or combination thereof, or (3) is more than 14 days in default of a payment plan pursuant to which a suspension had been terminated under subsection (c) of this Section, the Secretary of State shall suspend the driving privileges of such person in accordance with the procedures set forth in this Section. The Secretary shall also suspend the driving privileges of an owner of a registered vehicle upon receipt of a certified report, as prescribed by subsection (f) of this Section, from any municipality or county stating that such person has failed to satisfy any fines or penalties imposed by final judgments for 5 or more automated speed enforcement system or automated traffic law violations, or combination thereof, or 10 or more violations of local standing, parking, or compliance regulations after exhaustion of judicial review procedures.

(b) Following receipt of the certified report of the municipality or county as specified in this Section, the Secretary of State shall notify the person whose name appears on the certified report that the person's driver's license will be suspended at the end of a specified period of time unless the Secretary of State is presented with a notice from the municipality or county certifying that the fine or penalty due and owing the municipality or county has been paid or that inclusion of that person's name on the certified report was in error. The Secretary's notice shall state in substance the information contained in the municipality's or county's certified report to the Secretary, and shall be effective as specified by subsection (c) of Section 6-211 of this Code.

(c) The report of the appropriate municipal or county official notifying the Secretary of State of unpaid fines or penalties pursuant to this Section shall be certified and shall contain the following:

New matter indicated by italics - deletions by strikeout
(1) The name, last known address as recorded with the Secretary of State, as provided by the lessor of the cited vehicle at the time of lease, or as recorded in a United States Post Office approved database if any notice sent under Section 11-208.3 of this Code is returned as undeliverable, and drivers license number of the person who failed to pay the fine or penalty or who has defaulted in a payment plan and the registration number of any vehicle known to be registered to such person in this State.

(2) The name of the municipality or county making the report pursuant to this Section.

(3) A statement that the municipality or county sent a notice of impending drivers license suspension as prescribed by ordinance enacted pursuant to Section 11-208.3 of this Code or a notice of default in a payment plan, to the person named in the report at the address recorded with the Secretary of State or at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice sent under Section 11-208.3 of this Code is returned as undeliverable, at the last known address recorded in a United States Post Office approved database; the date on which such notice was sent; and the address to which such notice was sent. In a municipality or county with a population of 1,000,000 or more, the report shall also include a statement that the alleged violator's State vehicle registration number and vehicle make, if specified on the automated speed enforcement system violation or automated traffic law violation notice, are correct as they appear on the citations.

(4) A unique identifying reference number for each request of suspension sent whenever a person has failed to pay the fine or penalty or has defaulted on a payment plan.

(d) Any municipality or county making a certified report to the Secretary of State pursuant to this Section shall notify the Secretary of State, in a form prescribed by the Secretary, whenever a person named in the certified report has paid the previously reported fine or penalty, whenever a person named in the certified report has entered into a payment plan pursuant to which the municipality or county has agreed to terminate the suspension, or whenever the municipality or county determines that the original report was in error. A certified copy of such notification shall also be given upon request and at no additional charge to the person named therein. Upon receipt of the municipality's or county's notification or
presentation of a certified copy of such notification, the Secretary of State shall terminate the suspension.

(e) Any municipality or county making a certified report to the Secretary of State pursuant to this Section shall also by ordinance establish procedures for persons to challenge the accuracy of the certified report. The ordinance shall also state the grounds for such a challenge, which may be limited to (1) the person not having been the owner or lessee of the vehicle or vehicles receiving 10 or more standing, parking, or compliance violation notices or a combination of 5 or more automated speed enforcement system or automated traffic law violations on the date or dates such notices were issued; and (2) the person having already paid the fine or penalty for the 10 or more standing, parking, or compliance violations or combination of 5 or more automated speed enforcement system or automated traffic law violations indicated on the certified report.

(f) Any municipality or county, other than a municipality or county establishing vehicular standing, parking, and compliance regulations pursuant to Section 11-208.3, automated speed enforcement system regulations under Section 11-208.8, or automated traffic law regulations under Section 11-208.6, 11-208.9, or 11-1201.1, may also cause a suspension of a person's drivers license pursuant to this Section. Such municipality or county may invoke this sanction by making a certified report to the Secretary of State upon a person's failure to satisfy any fine or penalty imposed by final judgment for 10 or more violations of local standing, parking, or compliance regulations or a combination of 5 or more automated speed enforcement system or automated traffic law violations after exhaustion of judicial review procedures, but only if:

(1) the municipality or county complies with the provisions of this Section in all respects except in regard to enacting an ordinance pursuant to Section 11-208.3;

(2) the municipality or county has sent a notice of impending drivers license suspension as prescribed by an ordinance enacted pursuant to subsection (g) of this Section; and

Section 11-208.8, or automated traffic law regulations under Section 11-208.6, 11-208.9, or 11-1201.1, may provide by ordinance for the sending of a notice of impending drivers license suspension to the person who has failed to satisfy any fine or penalty imposed by final judgment for 10 or more violations of local standing, parking, or compliance regulations or a combination of 5 or more automated speed enforcement system or automated traffic law violations after exhaustion of judicial review procedures. An ordinance so providing shall specify that the notice sent to the person liable for any fine or penalty shall state that failure to pay the fine or penalty owing within 45 days of the notice's date will result in the municipality or county notifying the Secretary of State that the person's drivers license is eligible for suspension pursuant to this Section. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice sent under Section 11-208.3 of this Code is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(h) An administrative hearing to contest an impending suspension or a suspension made pursuant to this Section may be had upon filing a written request with the Secretary of State. The filing fee for this hearing shall be $20, to be paid at the time the request is made. A municipality or county which files a certified report with the Secretary of State pursuant to this Section shall reimburse the Secretary for all reasonable costs incurred by the Secretary as a result of the filing of the report, including but not limited to the costs of providing the notice required pursuant to subsection (b) and the costs incurred by the Secretary in any hearing conducted with respect to the report pursuant to this subsection and any appeal from such a hearing.

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)

Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles,
automated traffic law violations, and automated speed enforcement system violations.

(a) Any municipality or county may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as described in this subsection, automated traffic law violations as defined in Section 11-208.6, 11-208.9, or 11-1201.1, and automated speed enforcement system violations as defined in Section 11-208.8. The administrative system shall have as its purpose the fair and efficient enforcement of municipal or county regulations through the administrative adjudication of automated speed enforcement system or automated traffic law violations and violations of municipal or county ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal or county wheel tax licenses within the municipality's or county's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of $500 or requiring the completion of a traffic education program, or both, that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal or county regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal or county wheel tax license.

(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

(1) A traffic compliance administrator authorized to adopt, distribute and process parking, compliance, and automated speed enforcement system or automated traffic law violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances and automated speed enforcement system or automated traffic law violations, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

(2) A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice that shall specify the date, time, and place of violation of a parking, standing, compliance, automated speed enforcement system, or automated traffic law regulation; the particular regulation violated; any requirement to complete a traffic education program; the fine

New matter indicated by italics - deletions by strikeout
and any penalty that may be assessed for late payment or failure to complete a required traffic education program, or both, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to automated speed enforcement system or automated traffic law violations, vehicle make shall be specified on the automated speed enforcement system or automated traffic law violation notice if the make is available and readily discernible. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make specified is incorrect. The violation notice shall state that the completion of any required traffic education program, the payment of any indicated fine, and the payment of any applicable penalty for late payment or failure to complete a required traffic education program, or both, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present and service of an automated speed enforcement system or automated traffic law violation notice by mail to the address of the registered owner or lessee of the cited vehicle as recorded with the Secretary of State or the lessor of the motor vehicle within 30 days after the Secretary of State or the lessor of the motor vehicle notifies the municipality or county of the identity of the owner or lessee of the vehicle, but not later than 90 days after the violation, except that in the case of a lessee of a motor vehicle, service of an automated traffic law violation notice may occur no later than 210 days after the violation. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator.

attesting to the correctness of all notices produced by the device while it was under his or her control. In the case of an automated traffic law violation, the ordinance shall require a determination by a technician employed or contracted by the municipality or county that, based on inspection of recorded images, the motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance. If the technician determines that the vehicle entered the intersection as part of a funeral procession or in order to yield the right-of-way to an emergency vehicle, a citation shall not be issued. In municipalities with a population of less than 1,000,000 inhabitants and counties with a population of less than 3,000,000 inhabitants, the automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation. In municipalities with a population of 1,000,000 or more inhabitants and counties with a population of 3,000,000 or more inhabitants, the automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation or by an additional fully-trained reviewing technician who is not employed by the contractor who employs the technician who made the initial determination. In the case of an automated speed enforcement system violation, the ordinance shall require a determination by a technician employed by the municipality, based upon an inspection of recorded images, video or other documentation, including documentation of the speed limit and automated speed enforcement signage, and documentation of the inspection, calibration, and certification of the speed equipment, that the vehicle was being operated in violation of Article VI of Chapter 11 of this Code or a similar local ordinance. If the technician determines that the vehicle speed was not determined by a calibrated, certified speed equipment device based upon the speed equipment documentation, or if the vehicle was an emergency

vehicle, a citation may not be issued. The automated speed enforcement ordinance shall require that all determinations by a technician that a violation occurred be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality issuing the violation or by an additional fully trained reviewing technician who is not employed by the contractor who employs the technician who made the initial determination. Routine and independent calibration of the speeds produced by automated speed enforcement systems and equipment shall be conducted annually by a qualified technician. Speeds produced by an automated speed enforcement system shall be compared with speeds produced by lidar or other independent equipment. Radar or lidar equipment shall undergo an internal validation test no less frequently than once each week. Qualified technicians shall test loop based equipment no less frequently than once a year. Radar equipment shall be checked for accuracy by a qualified technician when the unit is serviced, when unusual or suspect readings persist, or when deemed necessary by a reviewing technician. Radar equipment shall be checked with the internal frequency generator and the internal circuit test whenever the radar is turned on. Technicians must be alert for any unusual or suspect readings, and if unusual or suspect readings of a radar unit persist, that unit shall immediately be removed from service and not returned to service until it has been checked by a qualified technician and determined to be functioning properly. Documentation of the annual calibration results, including the equipment tested, test date, technician performing the test, and test results, shall be maintained and available for use in the determination of an automated speed enforcement system violation and issuance of a citation. The technician performing the calibration and testing of the automated speed enforcement equipment shall be trained and certified in the use of equipment for speed enforcement purposes. Training on the speed enforcement equipment may be conducted by law enforcement, civilian, or manufacturer's personnel and if applicable may be equivalent to the equipment use and operations training included in the Speed Measuring Device Operator Program developed by the National Highway Traffic Safety Administration (NHTSA). The vendor or technician who performs the work shall keep accurate records on each piece of equipment the technician

As used in this paragraph, "fully-trained reviewing technician" means a person who has received at least 40 hours of supervised training in subjects which shall include image inspection and interpretation, the elements necessary to prove a violation, license plate identification, and traffic safety and management. In all municipalities and counties, the automated speed enforcement system or automated traffic law ordinance shall require that no additional fee shall be charged to the alleged violator for exercising his or her right to an administrative hearing, and persons shall be given at least 25 days following an administrative hearing to pay any civil penalty imposed by a finding that Section 11-208.6, 11-208.8, 11-208.9, or 11-1201.1 or a similar local ordinance has been violated. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice issued, signed and served in accordance with this Section, a copy of the notice, or the computer generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer generated record shall be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. Persons appearing at a hearing under this Section may be represented by

counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 or subsection (p) of Section 11-208.6 or 11-208.9, or subsection (p) of Section 11-208.8 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

   (i) A second notice of parking, standing, or compliance violation. This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make and state registration number, any requirement to complete a traffic education program, the fine and any penalty that may be assessed for late payment or failure to complete a traffic education program, or both, when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure to complete a required traffic education program, to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any
incomplete traffic education program or any unpaid fine or penalty, or both, will constitute a debt due and owing the municipality or county.

(ii) A notice of final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability. This notice shall be sent following a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the incomplete traffic education program or the unpaid fine or penalty, or both, is a debt due and owing the municipality or county. The notice shall contain warnings that failure to complete any required traffic education program or to pay any fine or penalty due and owing the municipality or county, or both, within the time specified may result in the municipality's or county's filing of a petition in the Circuit Court to have the incomplete traffic education program or unpaid fine or penalty, or both, rendered a judgment as provided by this Section, or, where applicable, may result in suspension of the person's driver's license for failure to complete a traffic education program or to pay fines or penalties, or both, for 10 or more parking violations under Section 6-306.5, or a combination of 5 or more automated speed enforcement system violations under Section 11-208.6 or 11-208.9 or automated traffic law violations under Section 11-208.8.

(6) A notice of impending drivers license suspension. This notice shall be sent to the person liable for failure to complete a required traffic education program or to pay any fine or penalty that remains due and owing, or both, on 10 or more parking violations or combination of 5 or more unpaid automated speed enforcement system or automated traffic law violations. The notice shall state that failure to complete a required traffic education program or to pay the fine or penalty owing, or both, within 45 days of the notice's date will result in the municipality or county notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The

notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality or county along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to complete the required traffic education program or to pay the fine or penalty, or both, after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. A petition to set aside a determination of liability may also be filed by a person required to complete a traffic education program. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already completed the required traffic education program or paid the fine or penalty, or both, for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number, or vehicle make if specified, is incorrect. After the determination of parking, standing, compliance, automated

speed enforcement system, or automated traffic law violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality or county may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines or failure to complete required traffic education programs, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250, except as provided in subsection (c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality or county establishing vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the incomplete traffic education programs or unpaid final determinations of parking, standing, compliance,
(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without the completion of the required traffic education program or payment of the outstanding fines and penalties on parking, standing, compliance, automated speed enforcement system, or automated traffic law violations, or both, for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

(d) Judicial review of final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, incomplete traffic education program, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality or county and, as such, may be collected in accordance with applicable law. Completion of any required traffic education program and payment in full of any fine or penalty resulting from a standing, parking, compliance, automated speed enforcement system, or automated traffic law violation shall constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, the municipality or county may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality or county from consolidating multiple final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations against a person in a proceeding. Upon commencement of the action, the municipality or county shall file a certified copy or record

of the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal or county ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations does not exceed $2500. If the court is satisfied that the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation was entered in accordance with the requirements of this Section and the applicable municipal or county ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality or county and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

    (g) The fee for participating in a traffic education program under this Section shall not exceed $25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

Section 5-25. Notice of intent to contract; award of contracts. A municipality or county that chooses to contract with a third party pursuant to this Act shall follow all rules set forth in the Illinois Municipal Code or the Counties Code, as applicable, concerning those contracts.

Section 5-30. Posting results. Annually, the third party shall provide the municipality or county with a final summary of the review for publication. It is the responsibility of the third party to ensure that this summary includes no personal or identifying information of taxpayers and that all such taxpayer information is kept confidential. If the summary

includes any discussion of tax revenue, it shall include only aggregate amounts by tax type, and shall in no way include information about an individual return or an individual taxpayer, even with identifying information redacted. In addition, due to the preliminary nature of such a summary based only on unaudited financial information, no claim of specific tax savings or revenue generation may be made in the summary.

Section 5-35. Third party registration.

(a) Beginning on January 1, 2021, no person shall engage in business as a third party pursuant to this Act in this State without first having registered with the Department. Application for registration or renewal of registration shall be made to the Department, by electronic means, in a form and at the time prescribed by the Department. Each applicant for registration or renewal of registration under this Section shall furnish to the Department, in an electronic format established by the Department, the following information:

(1) the name and address of the applicant;

(3) valid and updated contact information;
(4) attestation of good standing to do business in Illinois;

(6) an annual certification of process letter that:
   (A) is signed by an attorney or certified public accountant licensed and authorized to practice in the State of Illinois;

      (ii) the third party uses multi-factor authentication;

(7) such other additional information as the Department may require by rule.

The annual registration fee payable to the Department for each third party shall be $15,000. The fee shall be deposited into the Tax Compliance and Administration Fund and shall be used for the cost of administering the certified audit pilot project under Article 10.

Each applicant shall pay the fee to the Department at the time of submitting its application or renewal to the Department. The Department may require an applicant under this Section to electronically file and pay the fee.

(b) The following are ineligible to register as a third party under this Act:

(1) a person who has been convicted of a felony related to financial crimes under any federal or State law, if the Department, after investigation and a hearing if requested by the applicant, determines that the person has not been sufficiently rehabilitated to warrant the public trust, including an individual or any employee, officer, manager, member, partner, or director of an entity that has been convicted as provided in this paragraph (1);

(2) a person, if any employee, contractual employee, officer, manager, or director thereof, or any person or persons owning in the aggregate more than 5% thereof, is employed by or appointed or elected to the corporate authorities of any municipality or county in this State;

owning in the aggregate more than 5% thereof, is not or would not be eligible to receive a certificate of registration under this Act or a license under the Illinois Public Accounting Act for any reason;

(4) a person who is a family member of any person who is employed by or appointed or elected to the corporate authorities of any municipality or county in the State;

(5) a person who is a qualified practitioner, as defined by Section 10-15 of this Act;

(6) a third party owned, in whole or in part, by any entity that competes directly or indirectly with any taxpayer whose financial information they are seeking or receiving; and

(7) a third party owning in whole or in part, directly or indirectly, any entity that competes, directly or indirectly, with any taxpayer whose financial information they are seeking or receiving.

(c) The Department shall begin accepting applications no later than January 1, 2021. Upon receipt of an application and registration fee in proper form from a person who is eligible to register as a third party under this Act, the Department shall issue, within 60 days after receipt of an application, a certificate of registration to such applicant in such form as prescribed by the Department. That certificate of registration shall permit the applicant to whom it is issued to engage in business as a third party under this Act. All certificates of registration issued by the Department under this Section shall be valid for a period not to exceed one year after issuance unless sooner revoked or suspended as provided in this Act. No certificate of registration issued under this Section is transferable or assignable. A person who obtains a certificate of registration as a third party who ceases to do business as specified in the certificate of registration, or who never commenced business, or whose certificate of registration is suspended or revoked, shall immediately surrender the certificate of registration to the Department.

(d) Any person aggrieved by any decision of the Department under this Section may, within 60 days after notice of the decision, protest and request a hearing. Upon receiving a request for a hearing, the Department shall give written notice to the person requesting the hearing of the time and place fixed for the hearing and shall hold a hearing and then issue its final administrative decision in the matter to that person within 60 days after the date of the hearing. In the absence of a protest and request for a hearing within 60 days, the Department's decision shall become final without any further determination being made or notice given.
(e) All final decisions by the Department under this Section are subject to judicial review under the provisions of the Administrative Review Law.

Section 5-37. Insurance policy requirement. A third party is required to file and maintain in force an insurance policy issued by an insurance company authorized to transact fidelity and surety business in the State of Illinois. The insurance policy shall be for coverage of potential legal claims, including, by not limited to, penalties set forth under Section 5-60, embezzlement, dishonesty, fraud, omissions or errors, or other financial wrongdoing in the course of providing services. The policy shall be in the form prescribed by the Department in the sum of $500,000. The policy shall be continuous in form and run concurrently with the original and each renewal certification period unless terminated by the insurance company. An insurance company may terminate a policy and avoid further liability by filing a 60-day notice of termination with the Department and at the same time sending the same notice to the licensee. A license shall be canceled on the termination date of the policy unless a new policy is filed with the Department and becomes effective at the termination date of the prior policy. If a policy has been canceled under this Section, the third party must file a new application and will be considered a new applicant if it obtains a new policy.

Section 5-40. Revocation or suspension of certification.

(a) A contracting municipality or county shall refuse to provide any information, including financial information, to any third party who violates this Act or rules adopted pursuant to this Act or the Retailers' Occupation Tax Act or rules adopted pursuant to the Retailers' Occupation Tax Act.

(b) The Department may, after notice and a hearing, revoke or suspend the certificate of registration of any third party for a violation of any provision of this Act, for noncompliance with any provision contained in this Act, or because the Department determines that the third party is ineligible for a certificate of registration for any one or more of the reasons provided for in Section 5-35 of this Act. The decision whether to suspend or revoke and, if a suspension is in order, the duration of the suspension shall be made by taking into account factors that include but are not limited to, the registrant's previous history of compliance with the Act as of its creation, the number, seriousness, and duration of the violations, and the registrant's cooperation in discontinuing and correcting violations.

Section 5-50. Audit referrals; restrictions.

New matter indicated by italics - deletions by strikeout
(a) Upon entering into a contract with a municipality or county, a third party shall be prohibited from communicating directly or indirectly in any manner with a taxpayer known or believed to be operating within that municipality or county about any matters directly or indirectly related to, or covered by, the contract.

(b) If, based on a review of the financial information provided by the Department to a municipality or a county, or provided by a municipality or county to a registered third party, a municipality, county, or third party discovers that local retailers' or service occupation tax may have been underpaid, then it may refer the matter to the Department for a limited-scope audit in accordance with Article 10 of this Act.

(c) With respect to taxes administered by the Department, units of local government and third parties are not authorized to (i) access, review, or compel the production of taxpayers' actual tax returns or (ii) access, review, or compel the production of taxpayers' books and records.

(d) With respect to taxes administered by the Department, units of local government and third parties are prohibited from (i) engaging in an audit of any taxpayer, (ii) assessing tax against any taxpayer, (iii) engaging in collection actions against any taxpayer for the tax, or (iv) engaging in any other action related to such taxes that is assigned by law to the Department.

(e) A local government shall not share any financial information received with another local government or another third party. Further, a local government may not share the findings of a third party with another local government or another third party.

Section 5-60. Penalties.

(a) Any third party who violates any provision of this Act shall be subject to the penalties set forth in Section 11 of the Retailers' Occupation Tax Act.

(b) Any third party who violates Section 5-20 is subject to a civil penalty of not more than $10,000 for each taxpayer with respect to whom financial information is improperly disclosed, profited from, or disposed of in violation of that Section. The Attorney General may impose a civil penalty not to exceed $50,000 for each instance of improper disposal of materials containing financial information. The Attorney General may impose a civil penalty after notice to the person accused of violating Section 5-20 and an opportunity for that person to be heard in the matter. The Attorney General may file a civil action in the circuit court to recover any penalty imposed for a violation of Section 5-20. In addition to the

New matter indicated by italics - deletions by strikeout
authority to impose a civil penalty under this Section, the Attorney General
may bring an action in the circuit court to remedy a violation of this
Section, seeking any appropriate relief.

(c) Neither the State nor any municipality or county shall be held
liable for the mishandling of information by a third party, including
information from the Department or any other financial information of
taxpayers.

(d) Any taxpayer aggrieved by a violation of this Act shall have a
right of action in a State circuit court or as a supplemental claim in federal
district court against a third party. A taxpayer may recover for each
violation:

1) against a third party that, by gross negligence, violates a
provision of this Act, liquidated damages of $5,000 or actual
damages, whichever is greater;

2) against a third party that intentionally or recklessly
violates a provision of this Act, liquidated damages of $10,000 or
actual damages, whichever is greater;

3) reasonable attorney's fees and costs, including expert
witness fees and other litigation expenses; and

4) other relief, including an injunction, as the State or
federal court may deem appropriate.

Article 10. Local Government Revenue Recapture Certified Audit Pilot
Program.
Section 10-5. Findings. The General Assembly finds that:

1) Voluntary compliance is the cornerstone of an effective
tax system.

2) Despite attempts by the General Assembly, State taxes
are not simple.

3) Even the most diligent taxpayers, through mistake or
inadvertence, may not pay all taxes due.

4) The Department lacks the resources to audit the
compliance of all taxpayers.

5) Illinois certified public accountants provide valuable
advice and assistance to Illinois taxpayers on State tax issues.

6) A pilot program establishing a partnership between
taxpayers, Illinois certified public accountants, and the Department
will provide guidance to taxpayers and enhance voluntary
compliance.
(7) A pilot project to establish a certified audit program to address underpayment of local occupation and use taxes would address concerns raised by units of local government.

Section 10-10. Purpose. The purpose of this Article is to create a certified audit program under a 5-year pilot project that begins on January 1, 2021 and that is limited in scope to specifically address concerns related to the proper reporting and payment of local occupation and use taxes that are collected and distributed to municipalities and counties by the Department.

Section 10-15. Definitions. As used in this Article:

"Audit" means an agreed-upon procedures engagement in accordance with Statements on Standards for the Attestation Engagements (AICPA Professional Standards, AT-C Section 315 (Compliance Attest)).

"Certification program" means an instructional curriculum, examination, and process for certification, recertification, and revocation of certification of certified public accountants that is administered by the Department with the assistance of the Illinois CPA Society and that is officially approved by the Department to ensure that a certified public accountant possesses the necessary skills and abilities to successfully perform an attestation engagement for a limited-scope tax compliance review in a certified audit project under this Act.

"Department" means the Department of Revenue.

"Family member" means the following, whether by whole blood, half-blood, or adoption:

(1) a parent or step-parent;
(2) a child or step-child;
(3) a grandparent or step-grandparent;
(4) an aunt, uncle, great-aunt, or great-uncle;
(5) a sibling;
(6) a spouse or domestic partner; and
(7) the spouse or domestic partner of any person referenced in items (1) through (5).

"Misallocation" means tax paid by the taxpayer and allocated to one unit of local government that should have been allocated to a different unit of local government. "Misallocation" does not include amounts overpaid by the taxpayer and therefore not owed to any unit of local government, nor amounts underpaid by the taxpayer and therefore not previously allocated to any unit of local government.

New matter indicated by italics - deletions by strikeout
"Participating taxpayer" means any person subject to the revenue laws administered by the Department who is the subject of a tax compliance referral by a municipality, county, or third party, who enters into an engagement with a qualified practitioner for a limited-scope tax compliance review under this Act, and who is approved by the Department under the local government revenue recapture certified audit pilot project.

"Qualified practitioner" means a certified public accountant who is licensed or registered to perform accountancy activities in Illinois under Section 8.05 of the Illinois Public Accounting Act and who has met all requirements for the local government revenue recapture certified audit training course, achieved the required score on the certification test as approved by the Department, and been certified by the Department. "Qualified practitioner" does not include a third party, as defined by Section 5-5 of this Act, or any employee, contractual employee, officer, manager, or director thereof, any person or persons owning in the aggregate more than 5% of such third party, or a person who is a family member of any person who is employed by or is an appointed or elected member of any corporate authorities, as defined in the Illinois Municipal Code.

Section 10-20. Local government revenue recapture certified audit project.

(a) The Department shall initiate a certified audit pilot project to further enhance tax compliance reviews performed by qualified practitioners and to encourage taxpayers to hire qualified practitioners at their own expense to review and report on certain aspects of their sales tax and use tax compliance in cases where the Department has notified the taxpayer that it has received a tax compliance referral from a municipality, county, or third party under this Act. The nature of the certified audit work performed by qualified practitioners shall be agreed-upon procedures of a Compliance Attestation in which the Department is the specified user of the resulting report. Qualified practitioners are prohibited from using information obtained from audit manuals, training materials, or any other materials provided by the Department under this Act for any purpose other than to perform the tax compliance reviews under the certified audit pilot program under this Act.

The tax compliance reviews shall be limited in scope and may include only: (i) whether the taxpayer is reporting receipts in the proper jurisdiction; (ii) whether asset purchases by the taxpayer were taxed properly; (iii) an evaluation of sales reported as exempt from tax; (iv)
whether the proper tax rate was charged; (v) whether the tax was properly reported as retailers' occupation tax or use tax; and (vi) any other factor that impacts the Department's allocation of sales and use tax revenues to the jurisdiction in which the taxpayer reports sales or use tax.

(b) As an incentive for taxpayers to incur the costs of a certified audit, the Department shall abate penalties due on any tax liabilities revealed by a certified audit, except that this authority to abate penalties shall not apply to any liability for taxes that were collected by the participating taxpayer but not remitted to the Department, nor shall the Department have the authority to abate fraud penalties.

(c) The certified audit pilot project shall apply only to taxpayers who have been notified that an audit referral has been received by the Department under this Act and only to occupation and use taxes administered and collected by the Department.

(d) The certified audit pilot project shall begin with audit referrals received on and after January 1, 2021. Upon obtaining proper certification, qualified practitioners may initiate certified audits beginning January 1, 2021.

Section 10-25. Practitioner responsibilities. Any practitioner responsible for planning, directing, or conducting a certified audit or reporting on a participating taxpayer's tax compliance shall be a qualified practitioner. For purposes of this Section, a qualified practitioner is responsible for:

(1) planning a certified audit when performing work that involves determining the objectives, scope, and methodology of the certified audit, when establishing criteria to evaluate matters subject to the review as part of the certified audit, when gathering information used in planning the certified audit, or when coordinating the certified audit with the Department;

(2) directing a certified audit when the work involves supervising the efforts or reviewing the work of others to determine whether it is properly accomplished and complete;

(3) conducting a certified audit when performing tests and procedures or field audit work necessary to accomplish the audit objectives in accordance with applicable professional standards;

(4) reporting on a participating taxpayer's tax compliance in a certified audit when determining report contents and substance or reviewing reports for technical content and substance prior to issuance; and

(5) answering questions by Department review staff, answering questions raised by the Informal Conference Board, and testifying in any administrative or court proceeding regarding the audit or report.

Section 10-30. Local government revenue recapture audit referral.
(a) A third party shall not refer a taxpayer to the Department for audit consideration unless the third party is registered with the Department pursuant to Section 5-35.
(b) If, based on a review of the financial information provided by the Department to a municipality or county, or provided by a municipality or county to a registered third party, the municipality or county discovers that a taxpayer may have underpaid local retailers' or service occupation taxes, then it may refer the matter to the Department for audit consideration. The tax compliance referral may be made only by the municipality, county, or third party and shall be made in the form and manner required by the Department, including any requirement that the referral be submitted electronically. The tax compliance referral shall, at a minimum, include proof of registration as a third party, a copy of a contract between the third party and the county or municipality, the taxpayer's name, Department account identification number, mailing address, and business location, and the specific reason for the tax compliance referral, including as much detail as possible.
(c) The Department shall complete its evaluation of all audit referrals under this Act within 60 days after receipt of the referral and shall handle all audit referrals as follows:

(1) the Department shall evaluate the referral to determine whether it is sufficient to warrant further action based on the information provided in the referral, any other information the Department possesses, and audit selection procedures of the Department;

(2) if the Department determines that the referral is not actionable, then the Department shall notify the local government that it has evaluated the referral and has determined that no action is deemed necessary and provide the local government with an explanation for that decision;

(3) if the Department determines that the referral is actionable, then it shall determine whether the taxpayer is currently under audit or scheduled for audit;

New matter indicated by italics - deletions by strikeout
(A) if the taxpayer is not currently under audit or scheduled for audit, the Department shall determine whether it will schedule the taxpayer for audit; and

(B) if the taxpayer is not under audit by the Department or scheduled for audit by the Department and the Department decides to schedule the taxpayer for audit, then the Department shall notify the taxpayer that the Department has received an actionable audit referral on the taxpayer and issue a notice to the taxpayer as provided under subsection (d) of this Section.

(d) The notice to the taxpayer required by subparagraph (B) of paragraph (3) of subsection (c) shall include, but not be limited to, the following:

(1) that the taxpayer must either: (A) engage a qualified practitioner, at the taxpayer's expense, to complete a certified audit, limited in scope to the taxpayer's Retailers' Occupation Tax, Use Tax, Service Occupation Tax, or Service Use Tax liability, and the taxpayer's liability for any local retailers' or service occupation tax administered by the Department; or (B) be subject to audit by the Department;

(2) that, as an incentive, for taxpayers who agree to the limited-scope certified audit, the Department shall abate penalties as provided in Section 10-20; and

(3) A statement that reads: "[INSERT THE NAME OF THE ELECTED CHIEF EXECUTIVE OF THE CORPORATE AUTHORITY] has contracted with [INSERT THIRD PARTY] to review your Retailers' Occupation Tax, Use Tax, Service Occupation Tax, Service Use Tax, and any local retailers' or service occupation taxes reported to the Illinois Department of Revenue ("Department"). [INSERT THE NAME OF THE ELECTED CHIEF EXECUTIVE OF THE CORPORATE AUTHORITY] and [INSERT THE THIRD PARTY] have selected and referred your business to the Department for a certified audit of your Retailers' Occupation Tax, Use Tax, Service Occupation Tax, Service Use Tax, and any local retailers' or service occupation taxes reported to the Department pursuant to the Local Government Revenue Recapture Act. The purpose of the audit is to verify that your business reported and submitted the proper Retailers' Occupation Tax, Use Tax, Service Occupation Tax, Service Use Tax, and any local retailers' or service occupation taxes reported to the Department.

Service Use Tax, and any local retailers' or service occupation taxes administered by the Department. The Department is required to disclose your confidential financial information to [INSERT THE NAME OF THE ELECTED CHIEF EXECUTIVE OF THE CORPORATE AUTHORITY] and [INSERT THE THIRD PARTY]. Additional information can be accessed from the Department's website and publications for a basic overview of your rights as a Taxpayer. If you have questions regarding your business's referral to the Department for audit, please contact [CORPORATE AUTHORITY'S] mayor, village president, or any other person serving as [CORPORATE AUTHORITY'S] chief executive officer or chief financial officer. [INSERT THIRD PARTY] is prohibited from discussing this matter with you directly or indirectly in any manner regardless of who initiates the contact. If [INSERT THIRD PARTY] contacts you, please contact the Department."

(e) Within 90 days after notice by the Department, the taxpayer must respond by stating in writing whether it will or will not arrange for the performance of a certified audit under this Act. If the taxpayer states that it will arrange for the performance of a certified audit, then it must do so within 60 days after responding to the Department or within 90 days after notice by the Department, whichever comes first. If the taxpayer states that it will not arrange for the performance of a certified audit or if the taxpayer does not arrange for the performance of a certified audit within 180 days after notice by the Department, then the Department may schedule the taxpayer for audit by the Department.

(f) The certified audit must not be a contingent-fee engagement and must be completed in accordance with this Article 10.

Section 10-35. Notification by qualified practitioner.

(a) A qualified practitioner hired by a taxpayer who elects to perform a certified audit under Section 10-30 shall notify the Department of an engagement to perform a certified audit and shall provide the Department with the information the Department deems necessary to identify the taxpayer, to confirm that the taxpayer is not already under audit by the Department, and to establish the basic nature of the taxpayer's business and the taxpayer’s potential exposure to Illinois occupation and use tax laws. The information provided in the notification shall be submitted in the form and manner required by the Department and shall include the taxpayer's name, federal employer identification number or

New matter indicated by italics - deletions by strikeout
social security number, Department account identification number, mailing address, and business location, and the specific occupation and use taxes and period proposed to be covered by the engagement for the certified audit. In addition, the notice shall include the name, address, identification number, contact person, and telephone number of the engaged firm. An engagement for a qualified practitioner to perform a certified audit under this Act shall not be authorized by the Department unless the taxpayer received notice from the Department under subparagraph (b) of paragraph (3) of subsection (c) of Section 10-30.

(b) If the taxpayer has received notice of an audit referral from the Department and has not been issued a written notice of intent to conduct an audit, the taxpayer shall be a participating taxpayer and the Department shall so advise the qualified practitioner in writing within 10 days after receipt of the engagement notice. However, the Department may exclude a taxpayer from a certified audit or may limit the taxes or periods subject to the certified audit on the basis that: (i) the Department has previously conducted an audit; (ii) the Department is in the process of conducting an investigation or other examination of the taxpayer's records; (iii) the taxpayer has already been referred to the Department pursuant to Section 10-30 and the Department determined an audit referral is not actionable; (iv) the Department or a qualified practitioner has previously conducted an audit under Section 10-30 of this Act; or (v) for just cause.

(c) Within 30 days after receipt of the notice of qualification from the Department under subsection (b), the qualified practitioner shall contact the Department and submit, for review and agreement by the Department, a proposed audit plan and procedures. The Department may extend the time for submission of the plan and procedures for reasonable cause. The qualified practitioner shall initiate action to advise the Department that amendment or modification of the plan and procedures is necessary if the qualified practitioner's inspection reveals that the taxpayer's circumstances or exposure to the revenue laws is substantially different from those described in the engagement notice.

Section 10-40. Audit performance and review.

(a) Upon the Department's designation of the agreed-upon procedures to be followed by a practitioner in a certified audit, the qualified practitioner shall perform the engagement and shall timely submit a completed report to the Department in the form and manner required by the Department and professional standards. The report shall

New matter indicated by italics - deletions by strikeout
affirm completion of the agreed-upon procedures and shall provide any required disclosures.

(b) The Department shall review the report of the certified audit and shall accept it when it is determined to be complete by the qualified practitioner. Once the report is accepted by the Department, the Department shall issue a notice of proposed assessment reflecting the determination of any additional liability reflected in the report and shall provide the taxpayer with all the normal payment, protest, and appeal rights with respect to the liability, including the right to a review by the Informal Conference Board. In cases in which the report indicates an overpayment has been made, the taxpayer shall submit a properly executed claim for credit or refund to the Department. Otherwise, the certified audit report is a final and conclusive determination with respect to the tax and period covered. No additional assessment may be made by the Department for the specific taxes and period referenced in the report, except upon a showing of fraud or material misrepresentation. This determination shall not prevent the Department from collecting liabilities not covered by the report or from conducting an audit or investigation and making an assessment for additional tax, penalty, or interest for any tax or period not covered by the report.

(c) A notice of proposed assessment issued by the Department under this Act is subject to the statute of limitations for assessments under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, and any local retailers' or service occupation tax, as appropriate, and local taxes collected on assessments issued shall be allocated to units of local government for the full period of the statute of limitations in accordance with those Acts and any applicable local retailers' or service occupation tax Act. The Department shall provide notice in writing to the municipality or county and the third party, if applicable, of any audit findings, determinations, or collections once finalized.

Claims for credit or refund filed by taxpayers under this Act are subject to the statute of limitations under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Occupation Tax Act, the Service Use Tax Act, and any local retailers' or service occupation tax Act, as appropriate, and any credit or refund of local taxes allowed to the taxpayer shall be de-allocated from units of local government for the full period of the statute of limitations in accordance with those Acts and any applicable local retailers' or service occupation tax Act.

New matter indicated by italics - deletions by strikeout
With respect to misallocations discovered under this Act, the Department shall increase or decrease the amount allocated to a unit of local government by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

(d) Under no circumstances may a person, including a municipality or county or third party, other than the person audited and his or her attorney, have any right to participate in an appeal or other proceeding regarding the audit, participate in settlement negotiations, challenge the validity of any settlement between the Department and any person, or review any materials, other than financial information as otherwise provided in this Act, that are subject to the confidentiality provisions of the underlying tax Act. In addition, the Department's determination of whether to audit a taxpayer or the result of the audit creates no justiciable cause of action, and any adjudication related to this program is limited to the taxpayer's rights in an administrative hearing held by the Department, an administrative hearing held by the Illinois Independent Tax Tribunal, or related to payments made under protest as provided in Section 2a.1 of the State Officers and Employees Money Disposition Act, as appropriate.

Section 10-45. Rules. To implement the certified audit project, the Department shall have authority to adopt rules, including, but not limited to:

(1) rules concerning the availability of the certification program required for participation in the project;
(2) rules concerning the requirements and basis for establishing just cause for approval or rejection of participation by taxpayers;
(3) rules setting forth procedures for assessment, collection, and payment of liabilities or refund of overpayments and provisions for taxpayers to obtain informal and formal review of certified audit results;
(4) rules concerning the nature, frequency, and basis for the Department's review of certified audits conducted by qualified practitioners, including the requirements for documentation, work-paper retention and access, and reporting; and
(5) rules setting forth requirements for conducting certified audits and for review of agreed-upon procedures.

Nothing in this Act prevents the Director of Revenue from publishing or making available to the public the names and addresses of persons filing returns under this Act, or reasonable statistics concerning the operation of the tax by grouping the contents of returns so the information in any individual return is not disclosed.

Nothing in this Act prevents the Director of Revenue from divulging to the United States Government or the government of any other state, or any officer or agency thereof, for exclusively official purposes, information received by the Department in administering this Act, provided that such other governmental agency agrees to divulge requested tax information to the Department.

The Department's furnishing of information derived from a taxpayer's return or from an investigation conducted under this Act to the surety on a taxpayer's bond that has been furnished to the Department under this Act, either to provide notice to such surety of its potential liability under the bond or, in order to support the Department's demand for payment from such surety under the bond, is an official purpose within the meaning of this Section.

The furnishing upon request of information obtained by the Department from returns filed under this Act or investigations conducted under this Act to the Illinois Liquor Control Commission for official use is deemed to be an official purpose within the meaning of this Section.

The furnishing upon request of the Auditor General, or his authorized agents, for official use, of returns filed and information related
thereto under this Act is deemed to be an official purpose within the meaning of this Section.

ASIAN AMERICAN AND PACIFIC ISLANDER HERITAGE MONTH
(House Joint Resolution No. 74)

WHEREAS, It is right and appropriate to celebrate a diversity of cultures and heritages; this celebration serves as a reminder that despite our differing backgrounds, everyone in Illinois is bound by a common hope for a better and more inclusive future for our children; and
WHEREAS, Asian Americans and Pacific Islanders are among the fastest growing ethnic groups in Illinois; Asian Americans and Pacific Islanders make up more than 5% of the population of the State; the community grew by over 40% between 2000 and 2010; and
WHEREAS, The Asian American and Pacific Islander community has a long and integral history in the United States; in recognition and celebration of that history, the United States Congress established Asian/Pacific American Heritage Week in 1978; that week was extended to the full month of May in 1990; and
WHEREAS, May is an appropriate month for the observation of Asian American Pacific Islander Heritage, since May 7, 1843 marked the arrival date of the first Japanese immigrant to the United States; May 10, 1869 is the date that America was united coast to coast by the Transcontinental Railroad with the placement of the "Golden Spike"; the railroad was made possible by the herculean efforts of the mostly Chinese immigrant workers; May 6, 1882 marks the passage of the Chinese Exclusion Act, which shaped the course of Asian immigration for almost a century to come; and
WHEREAS, The Asian American community played a heroic role in the Second World War; the 442nd Infantry regiment, comprised mostly of Japanese Americans, fought for the United States while their families at home were facing harsh discrimination and internment; the 442nd became one of
the most decorated units for its size, earning almost 10,000 Purple Hearts; and

WHEREAS, Despite the contributions of Asian Americans and immigrants, the Asian American community has faced challenges and discrimination in the United States; many of the Chinese laborers were treated extremely poorly during the construction of the Transcontinental Railroad, and none of the Chinese Americans were allowed in the famous picture of the "Golden Spike"; Asian immigrants faced xenophobia and outright violence throughout periods of the 19th and 20th centuries; and

WHEREAS, Despite this inequity, brilliant leaders from different Asian American communities have contributed to the history of our country; Dalip Singh Saund was the first Asian American elected to Congress; Fred T. Korematsu was a champion of civil liberties and of the Japanese Americans interned during the Second World War; Larry Duluay Itliong was a hero for the labor movement; Grace Lee Boggs and Patsy Mink were both a transformative force for Title IX; whether as soldiers, laborers, business owners, advocates, or community leaders, those in the Asian American and Pacific Islander community continue to rise to the challenges they face and serve as a force for good in the State of Illinois and the United States; and

WHEREAS, Illinoisans and Americans of all walks of life are encouraged to learn about the deep history of Asian and Pacific Islander Americans and their contributions to our State and country; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we declare May of 2019 as Asian American and Pacific Islander Heritage Month in the State of Illinois in honor of the people in these communities in the State and the nation; and be it further

though they make up only 14.1 percent of the population; and

WHEREAS, In 2017 in Illinois, Black males made up 33 percent of
all diagnoses among all racial/ethnic groups, and Black females made up 12
percent of all diagnoses among racial/ethnic groups; and

WHEREAS, The Illinois Department of Public Health supports the
Getting to Zero strategy to address racial disparities and end HIV

messaging program to increase access to affordable, culturally appropriate
testing and care services; and

WHEREAS, The Illinois Department of Public Health Center for
Minority Health Services and HIV/AIDS Section along with its community
partners are hosting community events throughout the State to recognize this
day and its importance to Blacks and all concerned citizens; and

WHEREAS, It is fitting that we join with these local, national, and
international groups to express our strong support for National Black

HOME BIRTH MATERNITY CARE CRISIS
STUDY COMMITTEE
(Senate Joint Resolution No. 14)

WHEREAS, The Constitution of the State of Illinois provides for "the
health, safety and welfare of the people" and the "opportunity for the fullest
development of the individual"; and
WHEREAS, It has been demonstrated that due to deeply held
religious, philosophical, or personal reasons, some families will always
choose to give birth to their children at home; and
WHEREAS, There were 61,041 out-of-hospital births in the United
States in 2015 with a 52% increase in out-of-hospital births and a 45%
increase in home births since 2007; and
WHEREAS, 65% of U.S. home births in 2015 were attended by
non-nurse midwives; and
WHEREAS, In Illinois, home births increased by 50% between 2007
and 2014; and
WHEREAS, All well-designed studies show that for low-risk women,
planned home birth, attended by a trained maternity care provider, is as safe
as hospital birth; and
WHEREAS, Over 50 trained Illinois home birth providers, including
the last remaining Illinois home birth physician, have ceased providing home
birth services since 1996; and
WHEREAS, There now remain fewer than 10 legally recognized
home birth practices (nurse-midwives) in Illinois, and these are located in
only six of 102 Illinois counties (Lake, Cook, DuPage, Will, Peoria, and
McLean); and
WHEREAS, Due to the scarcity of legal home birth providers,
approximately 50% of the babies born at home in Illinois are born either with
no skilled assistance at all (unassisted home birth), or they are born into the
hands of underground community midwives; and
WHEREAS, Some of these underground midwives are nationally
certified and credentialed, while others are not; and
WHEREAS, Underground community midwives have no legal access
to life-saving oxygen and anti-hemorrhage medications; and

WHEREAS, Underground community midwives have no means of legally completing newborn congenital heart disease screenings, hearing screenings and metabolic screening tests, and no means of legally filing accurate birth certificate information; and

WHEREAS, An underground system of care may cause parents and midwives to delay seeking hospital care in the event of an emergency; parents are afraid of Child Protective Services involvement; midwives are afraid of arrest; and

WHEREAS, Underground healthcare is never safe; and

WHEREAS, The above-mentioned increase in Illinois home births, the shortage of licensed home birth providers, and the dangers associated with families resorting to underground healthcare, in effect, add up to a "Home Birth Maternity Care Crisis" in Illinois; and

WHEREAS, Illinois is surrounded on three sides by states (Wisconsin, Indiana, Missouri) that set educational standards for their community midwives, license and regulate them, allow them to have access to life-saving oxygen and medications, allow them to perform life-saving newborn screenings, and allow them to openly transport to a hospital in an emergency; and

WHEREAS, 33 of the 50 United States also protect their citizens in this way through licensure and regulation of community midwives; and

WHEREAS, Licensure in these states is based upon the requirement that the community midwife earn a Certified Professional Midwife (CPM) credential - the only healthcare credential requiring documented out-of-hospital training and experience; and

WHEREAS, States that license Certified Professional Midwives tend to have lower perinatal mortality rates; and

WHEREAS, More and more states are taking advantage of the cost-savings associated with home birth midwifery care to reduce state Medicaid expenditures; and

WHEREAS, The State of Illinois used to license community midwives under the Medical Practice Act from 1877 to 1963 and ceased renewing licenses in 1972; and

WHEREAS, Home birth mothers and families have been seeking a legislative solution to the Home Birth Maternity Care Crisis for nearly 40 years (since 1979); and

WHEREAS, All Illinois mothers and their newborns deserve access to safe maternity care regardless of place of birth; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF
REPRESENTATIVES CONCURRING HERELIN, that we find it unacceptable that home birth mothers and babies in Illinois are without adequate maternity care providers; and be it further
    RESOLVED, That it is in the State's best interest to assure its citizens access to all safe maternity care options; and be it further
    RESOLVED, That Illinois families, in order to best meet personal needs and desires, are entitled to the freedom to choose among all safe, nationally-recognized maternity care options, including home birth; and be it further
    RESOLVED, That the Home Birth Maternity Care Crisis Study Committee is hereby created; and be it further
    RESOLVED, That the Home Birth Maternity Care Crisis Study Committee be bipartisan; and be it further

ILLINOIS ARTICULATION INITIATIVE EFFICIENCY COURSE TRANSFER
(Senate Joint Resolution No. 22)

WHEREAS, In 1993, the Illinois Board of Higher Education, the Illinois Community College Board, and the Transfer Coordinators of Illinois Colleges and Universities brought together faculty from public and independent, associate and baccalaureate degree-granting institutions across the State to develop the Illinois Articulation Initiative (IAI); and
WHEREAS, The goal of IAI is to facilitate the transfer of courses from one participating college or university to another in order to complete
a baccalaureate degree; the three key concepts providing the underlying foundation for IAI are: (1) that "associate and baccalaureate degree-granting institutions are equal partners" in educating college freshmen and sophomores, (2) that "faculties should take primary responsibility for developing and maintaining program and course articulation", and (3) that "institutions are expected to work together to assure that lower-division baccalaureate programs are comparable in scope, quality, and academic rigor"; and

WHEREAS, Today's college students can get the degree they desire, close to home, and with the assurance of a successful career right here in Illinois; and

WHEREAS, Cutting-edge academic programs, such as iTransfer.org and MyCreditsTransfer, are available to serve recent high school graduates and those who are balancing their education with working, parenting, and service to our country; and

WHEREAS, While Illinois is a leading state for college completion rates for adult learners and transfer students from community colleges, Illinois needs to increase the number of high-quality postsecondary credentials to meet the demands of the economy and an increasingly global society; and

WHEREAS, With the rising costs of higher education for Illinois students and families, the State needs to ensure that the General Education Core Curriculum courses Illinois residents enroll in at higher education institutions and as a part of dual credit in high school in Illinois will transfer with full credit for the student and be accepted at an Illinois public or private institution as they pursue a baccalaureate degree; and

WHEREAS, Illinois can do this by improving transitions all along the education pipeline; for postsecondary education, this means strengthening articulation through stable funding and the expansion of transfer tools, such as Transferology and the IAI through development of an objective measure of transfer and acceptance of credits; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that the Board of Higher Education and the Illinois Community College Board jointly identify any shortcomings in attaining the goals of Public Act 99-636 that the General Education Core Curriculum courses transfer between institutions with full credit towards a baccalaureate degree; and be it further

RESOLVED, That we direct each four-year institution within the IAI to review the transfer credits of all incoming transfer students at its institution to find any instances where courses are not deemed transferable with full
RESOLVED, That we direct each public institution that participates in the Illinois Articulation Initiative to work with the Illinois Board of Higher Education and the Illinois Community College Board to assure their compliance with the law that their General Education Core curricula: (1) are aligned with the IAI course codes, (2) accept, with full credit, toward a baccalaureate degree any courses students have taken in the General Education Core Curriculum Package for other public institutions in Illinois, (3) do not require transferring students to retake general education as prerequisites core curriculum courses that were part of the IAI curriculum packages, or take additional general education courses beyond the package, and (4) the course numbering systems at each institution adequately reflect the corresponding course codes used by the Illinois Articulation Initiative; and be it further

RESOLVED, That we direct the Illinois Board of Higher Education and the Illinois Community College Board to work with the Illinois State Board of Education and each institution to educate and inform high school counselors across the State on the workings of the IAI and the General Education Core Curriculum and its course transferability processes and procedures; and be it further

RESOLVED, That we direct the Illinois Board of Higher Education and the Illinois Community College Board to develop a report on the results of this review of the Illinois Articulation Initiative and recommend to the Governor and the General Assembly any actions necessary to achieve the stated goals of this resolution by January 9, 2020.

WHEREAS, The State has a vested interest in maximizing the number of students who complete credit-bearing certificate programs and two-year or four-year degree programs and enter into high-skill, high-wage occupations; and

WHEREAS, 46% of Illinois high school graduates who enroll in community college are placed into developmental coursework in at least one subject; and
WHEREAS, Inconsistent and inadequate approaches to placement have resulted in too many students being placed into developmental education who could succeed in college-level coursework; and
WHEREAS, The traditional developmental education model costs students time, money, and financial aid; and
WHEREAS, Developmental education does not count as college credit and can be a barrier to retention, persistence, transfer, and certificate or degree completion, particularly for Black, Latino, first generation, and low-income students; and
WHEREAS, There are instructional models of developmental education that have demonstrated improvement in college-level course completion compared to traditional models, including but not limited to corequisite remediation, accelerated coursework, emporium models, and Preparatory Mathematics for General Education (PMGE); and
WHEREAS, Colleges and universities have invested significant time, resources, and money into these different developmental education models; and
WHEREAS, The legislature has made significant investments to improve college preparedness; and
WHEREAS, The Illinois Council of Community College Presidents, the Illinois Chief Academic Officers, the Illinois Chief Student Services Officers, and the Illinois Math Association of Community Colleges have already agreed upon a common, multiple measures framework for placement that is currently being implemented; and
WHEREAS, To ensure all models of developmental education are maximizing students' likelihood of success, the State must inventory and evaluate all developmental education instructional models offered in the State; and
WHEREAS, The Illinois Community College Board and Illinois Board of Higher Education are well positioned to improve placement practices and fully scale developmental education reforms across all State public institutions; therefore, be it
RESOLVED, BY THE SENATE OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that the Illinois Community College Board and the Illinois Board of Higher Education shall establish a joint advisory council to provide a benchmarking report to the General Assembly on or before April 1, 2020, that shall include:

(3) An inventory and analysis of developmental education placement practices and policies (including cut off scores) employed at all public colleges and universities in the State; and be it further

RESOLVED, That on or before July 1, 2020, the advisory council must deliver to the Illinois Community College Board, the Illinois Board of Higher Education, and the General Assembly, a detailed plan for scaling developmental education reforms, such that institutions improve developmental education placement measures and such that, within a timeframe to be set by the advisory council, all students who are placed in developmental education are enrolled in a developmental education model that is proven to maximize their likelihood of completing a college-level course within their first two academic semesters; and be it further

RESOLVED, That for the purposes of this resolution, "improved placement measures" is defined as measures that give greater opportunities to enroll directly into college-level classes, reducing the overall percent of students placed into developmental education, preferably through decreased reliance on high-stakes tests and increased use of high school GPA as a determining measure; and be it further

RESOLVED, The implementation plan should include specific benchmarks and an estimate of funding required to meet established benchmarks that institutions must meet to stay on track to full-scale implementation on the timeframe set by the advisory council; and be it further

WHEREAS, In order to minimize the serious impact of all types of crime, especially violent crime, upon Illinois residents, it is necessary for Illinois to be protected by a crime lab that is operated by the Illinois State Police in a manner that complies with state-of-the-art specifications for the rapid processing of evidence and identification of criminal suspects; and

WHEREAS, In response to this need, the Illinois State Police has established a Division of Forensic Services, commonly referred to as the "State crime lab"; and

WHEREAS, It has been nationally recognized for several years that there is a serious backlog of biological evidence to be processed in the time required for the establishment of admissible forensic evidence after that forensic evidence has been recovered from crime scenes, processed by law enforcement, and transferred to crime laboratories; and

WHEREAS, This backlog in the examination process includes numerous cases where the processing of evidence collected following incidents of violent crimes, including murders, shootings, and criminal sexual assaults, is seriously delayed; and

WHEREAS, It typically takes at least one year for biological evidence to be processed by the Illinois State Police crime lab; and

WHEREAS, This federal law directs the FBI to issue standards and procedures to create a nationwide police protocol for using Rapid DNA instruments to analyze DNA samples of criminal offenders and criminal suspects and to compile the data gathered therein within the Combined DNA Index System or CODIS; and

WHEREAS, The 50 states and their residents will not enjoy the benefits of Rapid DNA technology and the ability to conduct instant CODIS identification of criminal suspects who have already been taken into custody until they take steps to comply with the protocol outlined in the Rapid DNA Act of 2017 and implemented by FBI standards and procedures; and

WHEREAS, The usefulness of the CODIS system as a nationwide database will depend upon the relative compliance of local law enforcement throughout all 50 states; for reasons of both local criminal justice and so that our State can do its part, it is essential that Illinois law enforcement be granted the support tools they need to appropriately deploy the Rapid DNA instrumentation in booking stations and forensic laboratories accredited in DNA analysis across Illinois; therefore, be it

U.S. CITIZENSHIP FOR INTERNATIONALLY ADOPTED CHILDREN WHO ARE NOW ADULTS
(House Joint Resolution No. 24)

WHEREAS, The Child Citizenship Act of 2000 aimed to provide equal treatment under United States law for adopted and biological children by granting citizenship to internationally-born adoptees; however, when the act became law, it did not apply to internationally-born adoptees who were already over the age of 18; and

WHEREAS, As a result, an estimated tens of thousands of adult legal adoptees who were born before February 27, 1982 and raised in the United States remain without citizenship and are therefore potentially subject to deportation; these adoptees' parents did not complete necessary processes to provide their adopted children with citizenship or, in many cases, even a green card; and

WHEREAS, Several deportations of individuals who were legally adopted from foreign countries have already taken place, breaking up families and returning the deported individuals to places where they were born but do not speak the birth county's language, understand the culture, or have any connections; and

WHEREAS, Adoptees who do not have citizenship have come from countries including Argentina, Brazil, Colombia, Costa Rica, Germany, Guatemala, El Salvador, India, Ireland, Haiti, Iran, Japan, Mexico, Panama, Philippines, Russia, Ukraine, and Vietnam; there are an estimated 19,000 Korean American adoptees alone who do not have American citizenship despite having been adopted; and
WHEREAS, Two bills which would have granted citizenship to all adult adoptees were introduced with bipartisan support in the 114th Congress, the Adoptee Citizenship Act of 2015 (S.2275) and the Adoptee Citizenship Act of 2016 (H.R.5454); neither bill was referred out of committee for a Congressional vote; and

WHEREAS, Both bills sought to amend the Immigration and Nationality Act to grant automatic citizenship to all qualifying children adopted by a U.S. citizen parent, regardless of the date on which the adoption was finalized; citizenship would be granted to any individual who was adopted by a U.S. citizen before age 18, was physically present in the United States in the citizen parent's legal custody pursuant to a lawful admission before the individual reached age 18, never previously acquired U.S. citizenship, and was lawfully residing in the United States; the bills also would have given adult adoptees who had already been deported the opportunity to return to the United States; and

WHEREAS, When the biological children of U.S. citizen parents commit a crime, they are not subject to deportation; it is discrimination for the adopted child of U.S. citizen parents to then be subject to deportation; and

WHEREAS, S.2275 and H.R. 5454 stipulated that a visa may not be issued to an adoptee unless the individual was subjected to a criminal background check and the Department of Homeland Security and Department of State coordinated with law enforcement agencies to ensure that appropriate action is taken regarding any resolved criminal activity; in the cases in which criminal activity has been properly resolved, the individuals would be eligible for U.S. citizenship; and

WHEREAS, Legislation is expected to be introduced into the 116th Congress that would grant U.S. citizenship to all adoptees, including those who have been inhumanely deported; and

WHEREAS, Naturalization of adult adoptees who immigrated to the United States under the promise of finding a permanent home is necessary to ensure that they are not forcibly removed from what has become their home country; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE ONE HUNDRED FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we support, as a civil right, automatic citizenship to all qualifying children adopted by a U.S. citizen parent, regardless of the date on which the adoption was finalized, we condemn the deportation of individuals who were adopted into American homes and should have every expectation that their citizenship matches that of their adoptive parents, and we welcome legislation that will provide...
citizenship for all adult adoptees whose adoptive parents did not complete the naturalization process while they were children; and be it further
RESOLVED, That we urge the Congress of the United States and the President of the United States to enact legislation securing the citizenship of all internationally adopted children who are now adults; and be it further RESOLVED, That suitable copies of this resolution be delivered to the President of the United States, the U.S. Senate Majority Leader, the U.S. Senate Minority Leader, the U.S. Speaker of the House, the U.S. House of Representatives Minority Leader, and all members of the Illinois Congressional Delegation.

2019-10
EXECUTIVE ORDER CEMENTING ILLINOIS’ COMPREHENSIVE 2020 CENSUS EFFORT

WHEREAS, once each decade, the U.S. Census Bureau seeks to count every person in the United States. The next census will occur on April 1, 2020 and will be the first census to rely heavily on online responses;

WHEREAS, the Office of the Governor is committed to ensuring that Illinoisans receive their fair share of federal resources and are fairly represented in Congress by encouraging the full participation of all Illinoisans in Census 2020;

WHEREAS, a complete and accurate count of Illinois’ population is essential, because data collected by the Census directly impacts - for 10 years - the number of seats the State will have in the U.S. House of Representatives, the redistricting of the State legislature, and how billions of dollars in federal funds are distributed to the State and local governments;

WHEREAS, Illinois and its local jurisdictions utilize census data to develop an accurate understanding of the social and economic characteristics of geographic areas and population groups to determine those areas and groups’ funding for infrastructure projects, economic development programs, job training, schools, and other vital programs and services;

WHEREAS, an accurate count of Illinois’ population is essential to ensure that the State receives the funding it needs to properly care for its residents and provide critical services and programs. In 2015, Illinois received $19,738,866,367, or approximately $1,535 per capita, in federal assistance for 16 programs. The failure to count every Illinois resident would have devastating effects on Illinois’ ability to meet the needs of its residents. Even a one-percent undercount would result in the State losing $19,557,435 per year for a decade, resulting in a total loss of $195,574,350;

WHEREAS, the primary and perpetual challenge facing the U.S. Census Bureau is the undercount of certain population groups;

WHEREAS, a geographic area is considered “hard to count” if the area’s self-response rate in the 2010 decennial census was 73% or less;

WHEREAS, 16% of Illinois’ population live in “hard to count” communities; these communities include racial and ethnic minorities, foreign-born individuals, renters, people with disabilities, those living close to or below the poverty line, homeless persons, undocumented immigrants,
young mobile persons, LGBTQ persons, people who live in rural areas, and children younger than five years old;

WHEREAS, given the emphasis on the use of online responses to conduct the 2020 Census, “hard to count” communities also include individuals living in homes without a broadband internet subscription;

WHEREAS, 18% of Illinois households have either no or very limited Internet access;

WHEREAS, despite progress made by the Illinois Complete Count Commission led by the Illinois Secretary of State’s office, many Illinois residents and families are still at risk of being uncounted or undercounted in the Census;

WHEREAS, the best interest of Illinois families and communities will only be served by a complete and accurate 2020 Census;

WHEREAS, to ensure a complete and accurate count, the State must start a robust mobilization effort now to educate and engage communities across the state, increase collaboration between all levels of government, and build strong partnerships between private-sector and community leaders;

THEREFORE, I, JB Pritzker, Governor of Illinois, by virtue of the executive authority vested in me by Article V of the Constitution of the State of Illinois, hereby order as follows:

I. The Census Office is Established within the Department of Human Services

a. The Illinois Department of Human Services (DHS) shall establish an office (the Census Office) to support the Illinois Census 2020 by conducting outreach and education, distributing critical funding to ensure an accurate and complete census count throughout Illinois, and providing grant oversight and assistance.

b. The Census Office within DHS shall coordinate the State’s census efforts. In doing so, the Census Office shall work closely with the Office of the Governor and shall have the authority to enlist the assistance of all State agencies and departments within the executive branch to, among other things, identify opportunities for education and promotion of the 2020 Census with Illinois residents. Each agency and department within the executive branch shall designate a point person to work with the Census Office to achieve the purposes of this order. All agencies and departments within the executive branch shall, to the extent not inconsistent with law, cooperate fully with the Census Office and furnish it
with such assistance on as timely a basis as is necessary to accomplish the purposes of this Executive Order.

c. Two census co-coordinators (Census Co-Coordinators) shall be appointed by the Governor to direct the Census Office to ensure it achieves the purposes of this Executive Order.

d. The Census Co-Coordinators will lead the state’s effort to ensure a complete and accurate 2020 Census count for the State of Illinois.

e. In directing the work of the Census Office, the Census Co-Coordinators may consult with experts or other knowledgeable individuals in the public or private sector on any aspect of their mission.

f. The Census Co-Coordinators shall receive input from the Census Advisory Panel to assist them in directing the work of the Census Office and achieving the goals of this Executive Order.

g. DHS shall file reports on a public website on the first of every month until the Census 2020 work is complete, beginning September 1, 2019. These reports shall outline the overall budget for Illinois 2020 Census-related efforts, expenditures, and the distribution of funding to organizations throughout Illinois. The Illinois Senate President, the Speaker of the Illinois House, and the Senate and House Minority Leaders may request that DHS include additional information related to the work of the Census Office in the monthly reports, and DHS shall include such information.

II. The Census Advisory Panel is Established

a. The Census Advisory Panel (the “Panel”) shall consist of 12 members. The Governor shall appoint two members; the President of the Senate or his or her designee shall appoint three members; the Speaker of the House of Representatives or his or her designee shall appoint three members; the Minority leader of the Senate or his or her designee shall appoint two members; and the Minority Leader of the House of Representatives or his or her designee shall appoint two members. The individuals appointed by the
Governor and the legislative leaders shall represent a broad cross-section of the state’s population.

III. The Scope of the Work of the Census Advisory Panel

The Panel shall:

a. Serve as an advisory board to the Census Office within DHS to help ensure a complete and accurate census count in Illinois. The assistance and advice provided by the Panel may include guidance on:
   i. Drafting the Notice of Funding Opportunity (NOFO) for the distribution of Census funds;
   ii. Identifying the broad funding allocation plan and the phases for its distribution;

   vii. Coordinating with the Illinois Complete Count Commission; and
   viii. Crafting messaging and strategies to ensure Illinoisans are reached in linguistically competent and culturally appropriate ways.

b. Focus its efforts on ensuring that those communities historically undercounted in the Census and other “hard to count” communities throughout Illinois receive specialized outreach and assistance.

c. Convene in person or by teleconference to faithfully fulfill the responsibilities as described above.

IV. The Timing of the Work of the Census Office

a. On or before June 30, 2019, the Co-Coordinators shall hold at least one meeting of the Panel.

b. On or before July 31, 2019, DHS shall post a public Notice of Funding Opportunity (“NOFO”), consistent with Illinois Grant Accountability and Transparency Act rules, describing the opportunity for grant funding for outreach efforts. The NOFO shall invite applications seeking Regional Intermediaries to
conduct outreach in distinct geographic regions of Illinois.

c. After the funding of grant recipients and on or before March 31, 2020, the Co-Coordinators, with advice from the Panel, shall identify any areas of further need. Based on identified areas of further need, the Co-Coordinators, shall determine whether to increase existing grant funding to Regional Intermediaries and/or provide grants to new grantees to address identified needs.

2019-13
EXECUTIVE ORDER ESTABLISHING THE GOVERNOR’S TASK FORCE ON FORENSIC SCIENCE

WHEREAS, the mission of the Illinois State Police Division of Forensic Services (“ISP DFS”) is to deliver complete, accurate, and timely crime scene evidence collection and forensic analysis to every law enforcement agency within the state;

WHEREAS, the ISP DFS, provides forensic science analytical services to more than 1,200 state, county, and local criminal justice agencies;

WHEREAS, with nearly 500 forensic services personnel completing over 70,000 forensic assignments every year, the ISP operates one of the largest lab systems in the country;

WHEREAS, there are two other (non-ISP) publicly-funded law enforcement forensic laboratories, the DuPage County Forensic Science Center and the Northeastern Illinois Regional Crime Laboratory, which also provide forensic analysis services to a subset of Illinois criminal justice agencies;

WHEREAS, in a recent report to Congress, the United State Government Accountability Office stated, “the reported number of backlogged requests for crime scene DNA analysis at state and local government labs has increased by 85 percent from 2011 through
WHEREAS, as noted by the Joyful Heart Foundation, the national crime laboratory backlog “represents a lost opportunity to bring healing and justice to a survivor of sexual violence and safety to a community”;
WHEREAS, while the appropriate level of funding is vitally important, the issues facing our crime laboratory system are not simply fiscal, and addressing these issues requires a systematic approach;
WHEREAS at least 10 states have legislatively created forensic science commissions; and
WHEREAS, state forensic science commissions provide a forum for robust discussions among forensic science stakeholders;
WHEREAS, state forensic science commissions focus on critical operation and oversight issues including communication and collaboration among laboratories and stakeholders, allocation of resources, laboratory improvements and the promulgation of accreditation and certification standards;
WHEREAS, a forensic science commission in Illinois would assist the Illinois State Police and the other publicly-funded forensic laboratories to proactively address issues and challenges in their forensic science work; and,
WHEREAS, a forensic science commission in Illinois would play an important and positive role in improving the provision of forensic science analytical services, including enhancing cooperation among forensic science laboratories and stakeholders, which will ultimately improve public confidence in these services;

THEREFORE, I, JB Pritzker, Governor of Illinois, by virtue of the executive authority vested in me by Section 8 of Article V of the Constitution of the State of Illinois, hereby order as follows:

3. Identify obstacles to recruitment, hiring, training, and retention of forensic scientists and crime scene investigators at ISP crime laboratories and other publicly-funded crime laboratories, including efforts to increase diversity;

4. Review the law and procedures to identify measures to improve submissions to the Combined DNA Index System (CODIS) and to reduce all Illinois crime laboratories’ backlogs;

5. Review and recommend improvements in the sharing of information concerning the status of criminal cases and testing of evidence, including the sharing of information between lead investigators and state’s attorneys, and the updating of criminal history record information systems;

6. Review and recommend improvements in current procedures for prioritizing the testing of evidence at ISP crime laboratories and other publicly-funded crime laboratories;

7. Review the structure and work of forensic science commissions in other states and make recommendations concerning the creation and structure of such a commission in Illinois; and

8. Make any other recommendations and proposals which would, in the view of the Forensic Science Task Force, further ensure complete, accurate, and timely evidence collection and forensic analysis, as well as the transparent, efficient and effective
operation of the publicly-funded Illinois crime laboratories.

Each department, agency, board, or authority of the State shall participate, provide records and other information to the Forensic Science Task Force as requested by the Forensic Science Task Force to carry out its duties, provided that the Forensic Science Task Force and the provider of such information shall make appropriate arrangements to ensure that the provision of information complies with all applicable laws.

The Illinois State Police shall provide administrative support to the Forensic Science Task Force, as needed.

IV. MEMBERSHIP OF THE FORENSIC SCIENCE TASK FORCE

The Forensic Science Task Force shall consist of members appointed by the Governor who have experience or expertise related to the criminal justice system and the testing of evidence by publicly-funded crime laboratories. The Forensic Science Task Force shall be chaired by the Director of the State Police. The members of the Forensic Science Task Force shall serve without compensation.

V. REPORT AND SUNSET

The Forensic Science Task Force shall issue a report detailing its findings and providing guidance and recommendations to the Governor by June 1, 2020. The report shall also be submitted to the General Assembly. Upon submission of this report, the Forensic Science Task Force shall be dissolved.
