Sec. 10-22.6. Suspension or expulsion of pupils; school searches.

(a) To expel pupils guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a pupil, the written expulsion decision shall detail the specific reasons why removing the pupil from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardian of a pupil along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension.
and the suspension length. Upon request of the parents or guardian, the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review, the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension. A pupil who is suspended in excess of 20 school days may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

(b-10) Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

(b-15) Out-of-school suspensions of 3 days or less may be used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

New matter indicated by italics - deletions by strikeout
(b-20) Unless otherwise required by this Code, out-of-school suspensions of longer than 3 days, expulsions, and disciplinary removals to alternative schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), "threat to the safety of other students, staff, or members of the school community" and "substantially disrupt, impede, or interfere with the operation of the school" shall be determined on a case-by-case basis by school officials. For purposes of this subsection (b-20), the determination of whether "appropriate and available behavioral and disciplinary interventions have been exhausted" shall be made by school officials. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

(b-25) Students who are suspended out-of-school for longer than 4 school days shall be provided appropriate and available support services during the period of their suspension. For purposes of this subsection (b-25), "appropriate and available support services" shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be provided or whether it was determined that there are no such appropriate and available services.

A school district may refer students who are expelled to appropriate and available support services.

A school district shall create a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting.

(b-30) A school district shall create a policy by which suspended pupils, including those pupils suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a
pupil's parent or guardian to notify school officials that a pupil suspended from the school bus does not have alternate transportation to school.

(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to teachers, administrators, school board members, school resource officers, and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be

eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code.

(d-5) The board may suspend or by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend a student for a period not to exceed 10 school days or may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

New matter indicated by italics - deletions by strikeout
(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program.

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.

(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

(k) The expulsion of children enrolled in programs funded under Section 1C-2 of this Code is subject to the requirements under paragraph (7) of subsection (a) of Section 2-3.71 of this Code.

(l) Beginning with the 2018-2019 school year, an in-school suspension program provided by a school district for any students in kindergarten through grade 12 may focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel. A school district may employ a school social worker or a licensed mental health professional to oversee an in-school suspension program in kindergarten through grade 12.

The tests must be designed to be racially neutral to ensure that no person taking the tests is discriminated against on the basis of race, color, national origin, or other factors unrelated to the person's ability to perform as a licensed employee. The score required to pass the tests shall be fixed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The tests shall be administered not fewer than 3 times a year at such time and place as may be designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

Sec. 22-80. Student athletes; concussions and head injuries.

New matter indicated by italics - deletions by strikeout
(a) The General Assembly recognizes all of the following:

(1) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The Centers for Disease Control and Prevention estimates that as many as 3,900,000 sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed.

(2) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority of concussions occur without loss of consciousness.

(3) Continuing to play with a concussion or symptoms of a head injury leaves a young athlete especially vulnerable to greater injury and even death. The General Assembly recognizes that, despite having generally recognized return-to-play standards for concussions and head injuries, some affected youth athletes are prematurely returned to play, resulting in actual or potential physical injury or death to youth athletes in this State.

(4) Student athletes who have sustained a concussion may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the student is fully recovered. To that end, all schools are encouraged to establish a return-to-learn protocol that is based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines and conduct baseline testing for student athletes.

(b) In this Section:

"Athletic trainer" means an athletic trainer licensed under the Illinois Athletic Trainers Practice Act who is working under the supervision of a physician.

(c) This Section applies to any interscholastic athletic activity, including practice and competition, sponsored or sanctioned by a school, the Illinois Elementary School Association, or the Illinois High School Association. This Section applies beginning with the 2016-2017 school year.

(d) The governing body of each public or charter school and the appropriate administrative officer of a private school with students enrolled who participate in an interscholastic athletic activity shall appoint or approve a concussion oversight team. Each concussion oversight team shall establish a return-to-play protocol, based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, for a student's return to interscholastic athletics practice or competition following a force or impact believed to have caused a concussion. Each concussion oversight team shall also establish a return-to-learn protocol, based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, for a student's return to the classroom after that student is believed to have experienced a concussion, whether or not the concussion took place while the student was participating in an interscholastic athletic activity.

Each concussion oversight team must include to the extent practicable at least one physician. If a school employs an athletic trainer, the athletic trainer must be a member of the school concussion oversight team to the extent practicable. If a school employs a nurse, the nurse must be a member of the school concussion oversight team to the extent practicable. At a minimum, a school shall appoint a person who is responsible for implementing and complying with the return-to-play and return-to-learn protocols adopted by the concussion oversight team. A school may appoint other licensed healthcare professionals to serve on the concussion oversight team.

(e) A student may not participate in an interscholastic athletic activity for a school year until the student and the student's parent or guardian or another person with legal authority to make medical decisions for the student have signed a form for that school year that acknowledges receiving and reading written information that explains concussion prevention, symptoms, treatment, and oversight and that includes guidelines for safely resuming participation in an athletic activity.
following a concussion. The form must be approved by the Illinois High School Association.

(f) A student must be removed from an interscholastic athletics practice or competition immediately if one of the following persons believes the student might have sustained a concussion during the practice or competition:

(7) any other person deemed appropriate under the school's return-to-play protocol.

(g) A student removed from an interscholastic athletics practice or competition under this Section may not be permitted to practice or compete again following the force or impact believed to have caused the concussion until:

(1) the student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, by a treating physician (chosen by the student or the student's parent or guardian or another person with legal authority to make medical decisions for the student), an athletic trainer, an advanced practice registered nurse, or a physician assistant;
(2) the student has successfully completed each requirement of the return-to-play protocol established under this Section necessary for the student to return to play;
(3) the student has successfully completed each requirement of the return-to-learn protocol established under this Section necessary for the student to return to learn;
(4) the treating physician, the athletic trainer, or the physician assistant has provided a written statement indicating that, in the physician's professional judgment, it is safe for the student to return to play and return to learn or the treating advanced practice registered nurse has provided a written statement indicating that it is safe for the student to return to play and return to learn; and

(iii) consents to the disclosure to appropriate persons, consistent with the federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191), of the treating physician's, athletic trainer's, physician assistant's, or advanced practice registered nurse's written statement under subdivision (4) of this subsection (g) and, if any, the return-to-play and return-to-learn recommendations of the treating physician, the athletic trainer, the physician assistant, or the advanced practice registered nurse, as the case may be.

(6) A physician, licensed healthcare professional, or non-licensed healthcare professional who is not in compliance with the training requirements under this subsection (h) may not serve on a concussion oversight team in any capacity.

(7) A person required under this subsection (h) to take a training course in the subject of concussions must complete the training prior to serving on a concussion oversight team in any capacity.

(i) The governing body of each public or charter school and the appropriate administrative officer of a private school with students enrolled who participate in an interscholastic athletic activity shall develop a school-specific emergency action plan for interscholastic athletic activities to address the serious injuries and acute medical conditions in which the condition of the student may deteriorate rapidly. Such evidence shall consist of a physical examination by a physician licensed in Illinois or any other state to practice medicine and surgery in all its branches, a licensed advanced practice registered nurse, or a licensed physician assistant not more than 90 days preceding time of presentation to the board, and the cost of such examination shall rest with the employee. (105 ILCS 5/24-12) (from Ch. 122, par. 24-12)
Sec. 24-12. Removal or dismissal of teachers in contractual continued service.

(a) This subsection (a) applies only to honorable dismissals and recalls in which the notice of dismissal is provided on or before the end of the 2010-2011 school term. If a teacher in contractual continued service is removed or dismissed as a result of a decision of the board to decrease the number of teachers employed by the board or to discontinue some particular type of teaching service, written notice shall be mailed to the teacher and also given the teacher either by certified mail, return receipt requested or personal delivery with receipt at least 60 days before the end of the school term, together with a statement of honorable dismissal and the reason therefor, and in all such cases the board shall first remove or dismiss all teachers who have not entered upon contractual continued

service before removing or dismissing any teacher who has entered upon contractual continued service and who is legally qualified to hold a position currently held by a teacher who has not entered upon contractual continued service.

As between teachers who have entered upon contractual continued service, the teacher or teachers with the shorter length of continuing service with the district shall be dismissed first unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement or contract between the board and a professional faculty members' organization and except that this provision shall not impair the operation of any affirmative action program in the district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board. Any teacher dismissed as a result of such decrease or discontinuance shall be paid all earned compensation on or before the third business day following the last day of pupil attendance in the regular school term.

If the board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available shall be tendered to the teachers so removed or dismissed so far as they are legally qualified to hold such positions; provided, however, that if the number of honorable dismissal notices based on economic necessity exceeds 15% of the number of full-time equivalent positions filled by certified employees (excluding principals and administrative personnel) during the preceding school year, then if the board has any vacancies for the following school term or within 2 calendar years from the beginning of the following school term, the positions so becoming available shall be tendered to the teachers who were so notified and removed or dismissed whenever they are legally qualified to hold such positions. Each board shall, in consultation with any exclusive employee representatives, each year establish a list, categorized by positions, showing the length of continuing service of each teacher who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list shall be made in accordance with the alternative method. Copies of the list shall be distributed to the exclusive employee representative on or before February 1 of each year. Whenever the number of honorable dismissal notices based upon economic necessity exceeds 5, or 150% of the average number of teachers honorably dismissed in the preceding 3 years, whichever is more, then the board also

shall hold a public hearing on the question of the dismissals. Following the hearing and board review, the action to approve any such reduction shall require a majority vote of the board members.

(b) This subsection (b) applies only to honorable dismissals and recalls in which the notice of dismissal is provided during the 2011-2012 school term or a subsequent school term. If any teacher, whether or not in contractual continued service, is removed or dismissed as a result of a decision of a school board to decrease the number of teachers employed by the board, a decision of a school board to discontinue some particular type of teaching service, or a reduction in the number of programs or positions in a special education joint agreement, then written notice must be mailed to the teacher and also given to the teacher either by certified mail, return receipt requested, or personal delivery with receipt at least 45 days before the end of the school term, together with a statement of honorable dismissal and the reason therefor, and in all such cases the sequence of dismissal shall occur in accordance with this subsection (b); except that this subsection (b) shall not impair the operation of any affirmative action program in the school district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board.

Each teacher must be categorized into one or more positions for which the teacher is qualified to hold, based upon legal qualifications and any other qualifications established in a district or joint agreement job description, on or before the May 10 prior to the school year during which the sequence of dismissal is determined. Within each position and subject to agreements made by the joint committee on honorable dismissals that are authorized by subsection (c) of this Section, the school district or joint agreement must establish 4 groupings of teachers qualified to hold the position as follows:

(1) Grouping one shall consist of each teacher who is not in contractual continued service and who (i) has not received a performance evaluation rating, (ii) is employed for one school term or less to replace a teacher on leave, or (iii) is employed on a part-time basis. "Part-time basis" for the purposes of this subsection (b) means a teacher who is employed to teach less than a full-day, teacher workload or less than 5 days of the normal student attendance week, unless otherwise provided for in a collective bargaining agreement between the district and the exclusive representative of the district's teachers. For the purposes of this Section, a teacher (A) who is employed as a full-time teacher but
who actually teaches or is otherwise present and participating in the district's educational program for less than a school term or (B) who, in the immediately previous school term, was employed on a full-time basis and actually taught or was otherwise present and participated in the district's educational program for 120 days or more is not considered employed on a part-time basis.

(2) Grouping 2 shall consist of each teacher with a Needs Improvement or Unsatisfactory performance evaluation rating on either of the teacher's last 2 performance evaluation ratings.

(3) Grouping 3 shall consist of each teacher with a performance evaluation rating of at least Satisfactory or Proficient on both of the teacher's last 2 performance evaluation ratings, if 2 ratings are available, or on the teacher's last performance evaluation rating, if only one rating is available, unless the teacher qualifies for placement into grouping 4.

(4) Grouping 4 shall consist of each teacher whose last 2 performance evaluation ratings are Excellent and each teacher with 2 Excellent performance evaluation ratings out of the teacher's last 3 performance evaluation ratings with a third rating of Satisfactory or Proficient.

Among teachers qualified to hold a position, teachers must be dismissed in the order of their groupings, with teachers in grouping one dismissed first and teachers in grouping 4 dismissed last.

Within grouping one, the sequence of dismissal must be at the discretion of the school district or joint agreement. Within grouping 2, the sequence of dismissal must be based upon average performance evaluation ratings, with the teacher or teachers with the lowest average performance evaluation rating dismissed first. A teacher's average performance evaluation rating must be calculated using the average of the teacher's last 2 performance evaluation ratings, if 2 ratings are available, or the teacher's last performance evaluation rating, if only one rating is available, using the following numerical values: 4 for Excellent; 3 for Proficient or Satisfactory; 2 for Needs Improvement; and 1 for Unsatisfactory. As between or among teachers in grouping 2 with the same average performance evaluation rating and within each of groupings 3 and 4, the teacher or teachers with the shorter length of continuing service with the school district or joint agreement must be dismissed first unless an alternative method of determining the sequence of dismissal is established.
in a collective bargaining agreement or contract between the board and a professional faculty members' organization.

Each board, including the governing board of a joint agreement, shall, in consultation with any exclusive employee representatives, each year establish a sequence of honorable dismissal list categorized by positions and the groupings defined in this subsection (b). Copies of the list showing each teacher by name and categorized by positions and the groupings defined in this subsection (b) must be distributed to the exclusive bargaining representative at least 75 days before the end of the school term, provided that the school district or joint agreement may, with notice to any exclusive employee representatives, move teachers from grouping one into another grouping during the period of time from 75 days until 45 days before the end of the school term. Each year, each board shall also establish, in consultation with any exclusive employee representatives, a list showing the length of continuing service of each teacher who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list must be made in accordance with the alternative method. Copies of the list must be distributed to the exclusive employee representative at least 75 days before the end of the school term.

Any teacher dismissed as a result of such decrease or discontinuance must be paid all earned compensation on or before the third business day following the last day of pupil attendance in the regular school term.

If the board or joint agreement has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available must be tendered to the teachers so removed or dismissed who were in groupings 3 or 4 of the sequence of dismissal and are qualified to hold the positions, based upon legal qualifications and any other qualifications established in a district or joint agreement job description, on or before the May 10 prior to the date of the positions becoming available, provided that if the number of honorable dismissal notices based on economic necessity exceeds 15% of the number of full-time equivalent positions filled by certified employees (excluding principals and administrative personnel) during the preceding school year, then the recall period is for the following school term or within 2 calendar years from the beginning of the following school term. If the board or joint agreement has any vacancies within the
period from the beginning of the following school term through February 1 of the following school term (unless a date later than February 1, but no later than 6 months from the beginning of the following school term, is established in a collective bargaining agreement), the positions thereby becoming available must be tendered to the teachers so removed or dismissed who were in grouping 2 of the sequence of dismissal due to one "needs improvement" rating on either of the teacher's last 2 performance evaluation ratings, provided that, if 2 ratings are available, the other performance evaluation rating used for grouping purposes is "satisfactory", "proficient", or "excellent", and are qualified to hold the positions, based upon legal qualifications and any other qualifications established in a district or joint agreement job description, on or before the May 10 prior to the date of the positions becoming available. On and after July 1, 2014 (the effective date of Public Act 98-648) this amendatory Act of the 98th General Assembly, the preceding sentence shall apply to teachers removed or dismissed by honorable dismissal, even if notice of honorable dismissal occurred during the 2013-2014 school year. Among teachers eligible for recall pursuant to the preceding sentence, the order of recall must be in inverse order of dismissal, unless an alternative order of recall is established in a collective bargaining agreement or contract between the board and a professional faculty members' organization. Whenever the number of honorable dismissal notices based upon economic necessity exceeds 5 notices or 150% of the average number of teachers honorably dismissed in the preceding 3 years, whichever is more, then the school board or governing board of a joint agreement, as applicable, shall also hold a public hearing on the question of the dismissals. Following the hearing and board review, the action to approve any such reduction shall require a majority vote of the board members.

For purposes of this subsection (b), subject to agreement on an alternative definition reached by the joint committee described in subsection (c) of this Section, a teacher's performance evaluation rating means the overall performance evaluation rating resulting from an annual or biennial performance evaluation conducted pursuant to Article 24A of this Code by the school district or joint agreement determining the sequence of dismissal, not including any performance evaluation conducted during or at the end of a remediation period. No more than one evaluation rating each school term shall be one of the evaluation ratings used for the purpose of determining the sequence of dismissal. Except as otherwise provided in this subsection for any performance evaluations

New matter indicated by italics - deletions by strikeout
conducted during or at the end of a remediation period, if multiple performance evaluations are conducted in a school term, only the rating from the last evaluation conducted prior to establishing the sequence of honorable dismissal list in such school term shall be the one evaluation rating from that school term used for the purpose of determining the sequence of dismissal. Averaging ratings from multiple evaluations is not permitted unless otherwise agreed to in a collective bargaining agreement or contract between the board and a professional faculty members' organization. The preceding 3 sentences are not a legislative declaration that existing law does or does not already require that only one performance evaluation each school term shall be used for the purpose of determining the sequence of dismissal. For performance evaluation ratings determined prior to September 1, 2012, any school district or joint agreement with a performance evaluation rating system that does not use either of the rating category systems specified in subsection (d) of Section 24A-5 of this Code for all teachers must establish a basis for assigning each teacher a rating that complies with subsection (d) of Section 24A-5 of this Code for all of the performance evaluation ratings that are to be used to determine the sequence of dismissal. A teacher's grouping and ranking on a sequence of honorable dismissal shall be deemed a part of the teacher's performance evaluation, and that information shall be disclosed to the exclusive bargaining representative as part of a sequence of honorable dismissal list, notwithstanding any laws prohibiting disclosure of such information. A performance evaluation rating may be used to determine the sequence of dismissal, notwithstanding the pendency of any grievance resolution or arbitration procedures relating to the performance evaluation. If a teacher has received at least one performance evaluation rating conducted by the school district or joint agreement determining the sequence of dismissal and a subsequent performance evaluation is not conducted in any school year in which such evaluation is required to be conducted under Section 24A-5 of this Code, the teacher's performance evaluation rating for that school year for purposes of determining the sequence of dismissal is deemed Proficient. If a performance evaluation rating is nullified as the result of an arbitration, administrative agency, or court determination, then the school district or joint agreement is deemed to have conducted a performance evaluation for that school year, but the performance evaluation rating may not be used in determining the sequence of dismissal.

Nothing in this subsection (b) shall be construed as limiting the right of a school board or governing board of a joint agreement to dismiss a teacher not in contractual continued service in accordance with Section 24-11 of this Code.

Any provisions regarding the sequence of honorable dismissals and recall of honorably dismissed teachers in a collective bargaining agreement entered into on or before January 1, 2011 and in effect on June 13, 2011 (the effective date of Public Act 97-8) this amendatory Act of the 97th General Assembly that may conflict with Public Act 97-8 this amendatory Act of the 97th General Assembly shall remain in effect through the expiration of such agreement or June 30, 2013, whichever is earlier.

(c) Each school district and special education joint agreement must use a joint committee composed of equal representation selected by the school board and its teachers or, if applicable, the exclusive bargaining representative of its teachers, to address the matters described in paragraphs (1) through (5) of this subsection (c) pertaining to honorable dismissals under subsection (b) of this Section.

(1) The joint committee must consider and may agree to criteria for excluding from grouping 2 and placing into grouping 3 a teacher whose last 2 performance evaluations include a Needs Improvement and either a Proficient or Excellent.

(2) The joint committee must consider and may agree to an alternative definition for grouping 4, which definition must take into account prior performance evaluation ratings and may take into account other factors that relate to the school district's or program's educational objectives. An alternative definition for grouping 4 may not permit the inclusion of a teacher in the grouping with a Needs Improvement or Unsatisfactory performance evaluation rating on either of the teacher's last 2 performance evaluation ratings.

(3) The joint committee may agree to including within the definition of a performance evaluation rating a performance evaluation rating administered by a school district or joint agreement other than the school district or joint agreement determining the sequence of dismissal.

(4) For each school district or joint agreement that administers performance evaluation ratings that are inconsistent with either of the rating category systems specified in subsection

New matter indicated by italics - deletions by strikeout
(d) of Section 24A-5 of this Code, the school district or joint agreement must consult with the joint committee on the basis for assigning a rating that complies with subsection (d) of Section 24A-5 of this Code to each performance evaluation rating that will be used in a sequence of dismissal.

(5) Upon request by a joint committee member submitted to the employing board by no later than 10 days after the distribution of the sequence of honorable dismissal list, a representative of the employing board shall, within 5 days after the request, provide to members of the joint committee a list showing the most recent and prior performance evaluation ratings of each teacher identified only by length of continuing service in the district or joint agreement and not by name. If, after review of this list, a member of the joint committee has a good faith belief that a disproportionate number of teachers with greater length of continuing service with the district or joint agreement have received a recent performance evaluation rating lower than the prior rating, the member may request that the joint committee review the list to assess whether such a trend may exist. Following the joint committee's review, but by no later than the end of the applicable school term, the joint committee or any member or members of the joint committee may submit a report of the review to the employing board and exclusive bargaining representative, if any. Nothing in this paragraph (5) shall impact the order of honorable dismissal or a school district's or joint agreement's authority to carry out a dismissal in accordance with subsection (b) of this Section.

Agreement by the joint committee as to a matter requires the majority vote of all committee members, and if the joint committee does not reach agreement on a matter, then the otherwise applicable requirements of subsection (b) of this Section shall apply. Except as explicitly set forth in this subsection (c), a joint committee has no authority to agree to any further modifications to the requirements for honorable dismissals set forth in subsection (b) of this Section. The joint committee must be established, and the first meeting of the joint committee each school year must occur on or before December 1.

The joint committee must reach agreement on a matter on or before February 1 of a school year in order for the agreement of the joint committee to apply to the sequence of dismissal determined during that school year. Subject to the February 1 deadline for agreements, the

agreement of a joint committee on a matter shall apply to the sequence of
dismissal until the agreement is amended or terminated by the joint
committee.

The provisions of the Open Meetings Act shall not apply to
meetings of a joint committee created under this subsection (c).

(d) Notwithstanding anything to the contrary in this subsection (d),
the requirements and dismissal procedures of Section 24-16.5 of this Code
shall apply to any dismissal sought under Section 24-16.5 of this Code.

(1) If a dismissal of a teacher in contractual continued
service is sought for any reason or cause other than an honorable
dismissal under subsections (a) or (b) of this Section or a dismissal
sought under Section 24-16.5 of this Code, including those under
Section 10-22.4, the board must first approve a motion containing
specific charges by a majority vote of all its members. Written
notice of such charges, including a bill of particulars and the
teacher's right to request a hearing, must be mailed to the teacher
and also given to the teacher either by certified mail, return receipt
requested, or personal delivery with receipt within 5 days of the
adoption of the motion. Any written notice sent on or after July 1,
2012 shall inform the teacher of the right to request a hearing
before a mutually selected hearing officer, with the cost of the
hearing officer split equally between the teacher and the board, or a
hearing before a board-selected hearing officer, with the cost of the
hearing officer paid by the board.

Before setting a hearing on charges stemming from causes
that are considered remediable, a board must give the teacher
reasonable warning in writing, stating specifically the causes that,
if not removed, may result in charges; however, no such written
warning is required if the causes have been the subject of a
remediation plan pursuant to Article 24A of this Code.

If, in the opinion of the board, the interests of the school
require it, the board may suspend the teacher without pay, pending
the hearing, but if the board's dismissal or removal is not sustained,
the teacher shall not suffer the loss of any salary or benefits by
reason of the suspension.

(2) No hearing upon the charges is required unless the
teacher within 17 days after receiving notice requests in writing of
the board that a hearing be scheduled before a mutually selected
hearing officer or a hearing officer selected by the board. The

secretary of the school board shall forward a copy of the notice to the State Board of Education.

(3) Within 5 business days after receiving a notice of hearing in which either notice to the teacher was sent before July 1, 2012 or, if the notice was sent on or after July 1, 2012, the teacher has requested a hearing before a mutually selected hearing officer, the State Board of Education shall provide a list of 5 prospective, impartial hearing officers from the master list of qualified, impartial hearing officers maintained by the State Board of Education. Each person on the master list must (i) be accredited by a national arbitration organization and have had a minimum of 5 years of experience directly related to labor and employment relations matters between employers and employees or their exclusive bargaining representatives and (ii) beginning September 1, 2012, have participated in training provided or approved by the State Board of Education for teacher dismissal hearing officers so that he or she is familiar with issues generally involved in evaluative and non-evaluative dismissals.

If notice to the teacher was sent before July 1, 2012 or, if the notice was sent on or after July 1, 2012, the teacher has requested a hearing before a mutually selected hearing officer, the board and the teacher or their legal representatives within 3 business days shall alternately strike one name from the list provided by the State Board of Education until only one name remains. Unless waived by the teacher, the teacher shall have the right to proceed first with the striking. Within 3 business days of receipt of the list provided by the State Board of Education, the board and the teacher or their legal representatives shall each have the right to reject all prospective hearing officers named on the list and notify the State Board of Education of such rejection. Within 3 business days after receiving this notification, the State Board of Education shall appoint a qualified person from the master list who did not appear on the list sent to the parties to serve as the hearing officer, unless the parties notify it that they have chosen to alternatively select a hearing officer under paragraph (4) of this subsection (d).

If the teacher has requested a hearing before a hearing officer selected by the board, the board shall select one name from the master list of qualified impartial hearing officers maintained by
the State Board of Education within 3 business days after receipt and shall notify the State Board of Education of its selection.

A hearing officer mutually selected by the parties, selected by the board, or selected through an alternative selection process under paragraph (4) of this subsection (d) (A) must not be a resident of the school district, (B) must be available to commence the hearing within 75 days and conclude the hearing within 120 days after being selected as the hearing officer, and (C) must issue a decision as to whether the teacher must be dismissed and give a copy of that decision to both the teacher and the board within 30 days from the conclusion of the hearing or closure of the record, whichever is later.

(4) In the alternative to selecting a hearing officer from the list received from the State Board of Education or accepting the appointment of a hearing officer by the State Board of Education or if the State Board of Education cannot provide a list or appoint a hearing officer that meets the foregoing requirements, the board and the teacher or their legal representatives may mutually agree to select an impartial hearing officer who is not on the master list either by direct appointment by the parties or by using procedures for the appointment of an arbitrator established by the Federal Mediation and Conciliation Service or the American Arbitration Association. The parties shall notify the State Board of Education of their intent to select a hearing officer using an alternative procedure within 3 business days of receipt of a list of prospective hearing officers provided by the State Board of Education, notice of appointment of a hearing officer by the State Board of Education, or receipt of notice from the State Board of Education that it cannot provide a list that meets the foregoing requirements, whichever is later.

(5) If the notice of dismissal was sent to the teacher before July 1, 2012, the fees and costs for the hearing officer must be paid by the State Board of Education. If the notice of dismissal was sent to the teacher on or after July 1, 2012, the hearing officer's fees and costs must be paid as follows in this paragraph (5). The fees and permissible costs for the hearing officer must be determined by the State Board of Education. If the board and the teacher or their legal representatives mutually agree to select an impartial hearing officer who is not on a list received from the State Board of Education,
they may agree to supplement the fees determined by the State Board to the hearing officer, at a rate consistent with the hearing officer's published professional fees. If the hearing officer is mutually selected by the parties, then the board and the teacher or their legal representatives shall each pay 50% of the fees and costs and any supplemental allowance to which they agree. If the hearing officer is selected by the board, then the board shall pay 100% of the hearing officer's fees and costs. The fees and costs must be paid to the hearing officer within 14 days after the board and the teacher or their legal representatives receive the hearing officer's decision set forth in paragraph (7) of this subsection (d).

(6) The teacher is required to answer the bill of particulars and aver affirmative matters in his or her defense, and the time for initially doing so and the time for updating such answer and defenses after pre-hearing discovery must be set by the hearing officer. The State Board of Education shall promulgate rules so that each party has a fair opportunity to present its case and to ensure that the dismissal process proceeds in a fair and expeditious manner. These rules shall address, without limitation, discovery and hearing scheduling conferences; the teacher's initial answer and affirmative defenses to the bill of particulars and the updating of that information after pre-hearing discovery; provision for written interrogatories and requests for production of documents; the requirement that each party initially disclose to the other party and then update the disclosure no later than 10 calendar days prior to the commencement of the hearing, the names and addresses of persons who may be called as witnesses at the hearing, a summary of the facts or opinions each witness will testify to, and all other documents and materials, including information maintained electronically, relevant to its own as well as the other party's case (the hearing officer may exclude witnesses and exhibits not identified and shared, except those offered in rebuttal for which the party could not reasonably have anticipated prior to the hearing); pre-hearing discovery and preparation, including provision for written interrogatories and requests for production of documents, provided that discovery depositions are prohibited; the conduct of the hearing; the right of each party to be represented by counsel, the offer of evidence and witnesses and the cross-examination of witnesses; the authority of the hearing officer to issue subpoenas

New matter indicated by italics - deletions by strikeout
and subpoenas duces tecum, provided that the hearing officer may limit the number of witnesses to be subpoenaed on behalf of each party to no more than 7; the length of post-hearing briefs; and the form, length, and content of hearing officers' decisions. The hearing officer shall hold a hearing and render a final decision for dismissal pursuant to Article 24A of this Code or shall report to the school board findings of fact and a recommendation as to whether or not the teacher must be dismissed for conduct. The hearing officer shall commence the hearing within 75 days and conclude the hearing within 120 days after being selected as the hearing officer, provided that the hearing officer may modify these timelines upon the showing of good cause or mutual agreement of the parties. Good cause for the purpose of this subsection (d) shall mean the illness or otherwise unavoidable emergency of the teacher, district representative, their legal representatives, the hearing officer, or an essential witness as indicated in each party's pre-hearing submission. In a dismissal hearing pursuant to Article 24A of this Code, the hearing officer shall consider and give weight to all of the teacher's evaluations written pursuant to Article 24A that are relevant to the issues in the hearing.

Each party shall have no more than 3 days to present its case, unless extended by the hearing officer to enable a party to present adequate evidence and testimony, including due to the other party's cross-examination of the party's witnesses, for good cause or by mutual agreement of the parties. The State Board of Education shall define in rules the meaning of "day" for such purposes. All testimony at the hearing shall be taken under oath administered by the hearing officer. The hearing officer shall cause a record of the proceedings to be kept and shall employ a competent reporter to take stenographic or stenotype notes of all the testimony. The costs of the reporter's attendance and services at the hearing shall be paid by the party or parties who are responsible for paying the fees and costs of the hearing officer. Either party desiring a transcript of the hearing shall pay for the cost thereof. Any post-hearing briefs must be submitted by the parties by no later than 21 days after a party's receipt of the transcript of the hearing, unless extended by the hearing officer for good cause or by mutual agreement of the parties.

(7) The hearing officer shall, within 30 days from the conclusion of the hearing or closure of the record, whichever is later, make a decision as to whether or not the teacher shall be dismissed pursuant to Article 24A of this Code or report to the school board findings of fact and a recommendation as to whether or not the teacher shall be dismissed for cause and shall give a copy of the decision or findings of fact and recommendation to both the teacher and the school board. If a hearing officer fails without good cause, specifically provided in writing to both parties and the State Board of Education, to render a decision or findings of fact and recommendation within 30 days after the hearing is concluded or the record is closed, whichever is later, the parties may mutually agree to select a hearing officer pursuant to the alternative procedure, as provided in this Section, to reheat the charges heard by the hearing officer who failed to render a decision or findings of fact and recommendation or to review the record and render a decision. If any hearing officer fails without good cause, specifically provided in writing to both parties and the State Board of Education, to render a decision or findings of fact and recommendation within 30 days after the hearing is concluded or the record is closed, whichever is later, the hearing officer shall be removed from the master list of hearing officers maintained by the State Board of Education for not more than 24 months. The parties and the State Board of Education may also take such other actions as it deems appropriate, including recovering, reducing, or withholding any fees paid or to be paid to the hearing officer. If any hearing officer repeats such failure, he or she must be permanently removed from the master list maintained by the State Board of Education and may not be selected by parties through the alternative selection process under this paragraph (7) or paragraph (4) of this subsection (d). The board shall not lose jurisdiction to discharge a teacher if the hearing officer fails to render a decision or findings of fact and recommendation within the time specified in this Section. If the decision of the hearing officer for dismissal pursuant to Article 24A of this Code or of the school board for dismissal for cause is in favor of the teacher, then the hearing officer or school board shall order reinstatement to the same or substantially equivalent position and shall determine the amount

for which the school board is liable, including, but not limited to, loss of income and benefits.

(8) The school board, within 45 days after receipt of the hearing officer's findings of fact and recommendation as to whether (i) the conduct at issue occurred, (ii) the conduct that did occur was remediable, and (iii) the proposed dismissal should be sustained, shall issue a written order as to whether the teacher must be retained or dismissed for cause from its employ. The school board's written order shall incorporate the hearing officer's findings of fact, except that the school board may modify or supplement the findings of fact if, in its opinion, the findings of fact are against the manifest weight of the evidence.

If the school board dismisses the teacher notwithstanding the hearing officer's findings of fact and recommendation, the school board shall make a conclusion in its written order, giving its reasons therefor, and such conclusion and reasons must be included in its written order. The failure of the school board to strictly adhere to the timelines contained in this Section shall not render it without jurisdiction to dismiss the teacher. The school board shall not lose jurisdiction to discharge the teacher for cause if the hearing officer fails to render a recommendation within the time specified in this Section. The decision of the school board is final, unless reviewed as provided in paragraph (9) of this subsection (d).

If the school board retains the teacher, the school board shall enter a written order stating the amount of back pay and lost benefits, less mitigation, to be paid to the teacher, within 45 days after its retention order. Should the teacher object to the amount of the back pay and lost benefits or amount mitigated, the teacher shall give written objections to the amount within 21 days. If the parties fail to reach resolution within 7 days, the dispute shall be referred to the hearing officer, who shall consider the school board's written order and teacher's written objection and determine the amount to which the school board is liable. The costs of the hearing officer's review and determination must be paid by the board.

(9) The decision of the hearing officer pursuant to Article 24A of this Code or of the school board's decision to dismiss for cause is final unless reviewed as provided in Section 24-16 of this Code Act. If the school board's decision to dismiss for cause is

New matter indicated by italics - deletions by strikeout
contrary to the hearing officer's recommendation, the court on review shall give consideration to the school board's decision and its supplemental findings of fact, if applicable, and the hearing officer's findings of fact and recommendation in making its decision. In the event such review is instituted, the school board shall be responsible for preparing and filing the record of proceedings, and such costs associated therewith must be divided equally between the parties.

(10) If a decision of the hearing officer for dismissal pursuant to Article 24A of this Code or of the school board for dismissal for cause is adjudicated upon review or appeal in favor of the teacher, then the trial court shall order reinstatement and shall remand the matter to the school board with direction for entry of an order setting the amount of back pay, lost benefits, and costs, less mitigation. The teacher may challenge the school board's order setting the amount of back pay, lost benefits, and costs, less mitigation, through an expedited arbitration procedure, with the costs of the arbitrator borne by the school board.

Any teacher who is reinstated by any hearing or adjudication brought under this Section shall be assigned by the board to a position substantially similar to the one which that teacher held prior to that teacher's suspension or dismissal.

(11) Subject to any later effective date referenced in this Section for a specific aspect of the dismissal process, the changes made by Public Act 97-8 shall apply to dismissals instituted on or after September 1, 2011. Any dismissal instituted prior to September 1, 2011 must be carried out in accordance with the requirements of this Section prior to amendment by Public Act 97-8.

(e) Nothing contained in Public Act 98-648 this amendatory Act of the 98th General Assembly repeals, supersedes, invalidates, or nullifies final decisions in lawsuits pending on July 1, 2014 (the effective date of Public Act 98-648) this amendatory Act of the 98th General Assembly in Illinois courts involving the interpretation of Public Act 97-8.

"Valid cause" for absence shall be illness, observance of a religious holiday, death in the immediate family, family emergency, and shall include such other situations beyond the control of the student as determined by the board of education in each district, or such other circumstances which cause reasonable concern to the parent for the mental, emotional, or physical health or safety of the student.

"Chronic or habitual truant" shall be defined as a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for 5% or more of the previous 180 regular attendance days.

"Truant minor" is defined as a chronic truant to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs and other school and community resources have been provided and have failed to result in the cessation of chronic truancy, or have been offered and refused.

A "dropout" is defined as any child enrolled in grades 9 through 12 whose name has been removed from the district enrollment roster for any reason other than the student's death, extended illness, removal for medical non-compliance, expulsion, aging out, graduation, or completion of a program of studies and who has not transferred to another public or private school and is not known to be home-schooled by his or her parents or guardians or continuing school in another country.

(105 ILCS 5/26-12) (from Ch. 122, par. 26-12)

Sec. 26-12. Punitive action.

(a) No punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against truant minors for such truancy unless appropriate and available supportive services and other school resources have been provided to the student. Notwithstanding the provisions of Section 10-22.6 of this Code, a truant minor may not be expelled for nonattendance unless he or she has accrued 15 consecutive days of absences without valid cause and the student cannot be located by the school district or the school district has located
the student but cannot, after exhausting all available supportive services, compel the student to return to school.

(b) A school district may not refer a truant, chronic truant, or truant minor to any other local public entity, as defined under Section 1-206 of the Local Governmental and Governmental Employees Tort Immunity Act, for that local public entity to issue the child a fine or a fee as punishment for his or her truancy.

(c) A school district may refer any person having custody or control of a truant, chronic truant, or truant minor to any other local public entity, as defined under Section 1-206 of the Local Governmental and Governmental Employees Tort Immunity Act, for that local public entity to issue the person a fine or fee for the child's truancy only if the school district's truant officer, regional office of education, or intermediate service center has been notified of the truant behavior and the school district, regional office of education, or intermediate service center has offered all appropriate and available supportive services and other school resources to the child. Before a school district may refer a person having custody or control of a child to a municipality, as defined under Section 1-1-2 of the Illinois Municipal Code, the school district must provide the following appropriate and available services:

(1) For any child who is a homeless child, as defined under Section 1-5 of the Education for Homeless Children Act, a meeting between the child, the person having custody or control of the child, relevant school personnel, and a homeless liaison to discuss any barriers to the child's attendance due to the child's transitional living situation and to construct a plan that removes these barriers.

(2) For any child with a documented disability, a meeting between the child, the person having custody or control of the child, and relevant school personnel to review the child's current needs and address the appropriateness of the child's placement and services. For any child subject to Article 14 of this Code, this meeting shall be an individualized education program meeting and shall include relevant members of the individualized education program team. For any child with a disability under Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. 794), this meeting shall be a Section 504 plan review and include relevant members of the Section 504 plan team.

(3) For any child currently being evaluated by a school district for a disability or for whom the school has a basis of
knowledge that the child is a child with a disability under 20 U.S.C. 1415(k)(5), the completion of the evaluation and determination of the child's eligibility for special education services.

(d) Before a school district may refer a person having custody or control of a child to a local public entity under this Section, the school district must document any appropriate and available supportive services offered to the child. In the event a meeting under this Section does not occur, a school district must have documentation that it made reasonable efforts to convene the meeting at a mutually convenient time and date for the school district and the person having custody or control of the child and, but for the conduct of that person, the meeting would have occurred.

(105 ILCS 5/27-8.1) (from Ch. 122, par. 27-8.1)

Sec. 27-8.1. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo

eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second, sixth, and ninth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second, sixth, or ninth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after January 1, 2008 (the effective date of Public Act 95-671) and any student enrolling for the first time in a public, private, or parochial school on or after January 1, 2008 (the effective date of Public Act 95-671) shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from

attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include an age-appropriate developmental screening, an age-appropriate social and emotional screening, and the collection of data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. With respect to the developmental screening and the social and emotional screening, the Department of Public Health must, no later than January 1, 2019, develop rules and appropriate revisions to the Child Health Examination form in conjunction with a statewide organization representing school boards; a statewide organization representing pediatricians; statewide organizations representing individuals holding Illinois educator licenses with school support personnel endorsements, including school social workers, school psychologists, and school nurses; a statewide organization representing children's mental health experts; a statewide organization representing school principals; the Director of Healthcare and Family Services or his or her designee, the State Superintendent of Education or his or her designee; and representatives of other appropriate State agencies and, at a minimum, must recommend the use of validated screening tools appropriate to the child's age or grade, and, with regard to the social and emotional screening, require recording only whether or not the screening was completed. The rules shall take into consideration the screening recommendations of the American Academy of Pediatrics and must be consistent with the State Board of Education's social and emotional learning standards. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice registered nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(2.5) With respect to the developmental screening and the social and emotional screening portion of the health examination, each child may present proof of having been screened in accordance with this Section and the rules adopted under this Section before October 15th of the school year. With regard to the social and emotional screening only, the examining health care provider shall only record whether or not the screening was completed. If the child fails to present proof of the developmental screening or the social and emotional screening portions of the health examination by October 15th of the school year, qualified school support personnel may, with a parent's or guardian's consent, offer

the developmental screening or the social and emotional screening to the child. Each public, private, and parochial school must give notice of the developmental screening and social and emotional screening requirements to the parents and guardians of students in compliance with the rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent’s or guardian’s failure to obtain a developmental screening or a social and emotional screening for the child. Once a developmental screening or a social and emotional screening is completed and proof has been presented to the school, the school may, with a parent’s or guardian’s consent, make available appropriate school personnel to work with the parent or guardian, the child, and the provider who signed the screening form to obtain any appropriate evaluations and services as indicated on the form and in other information and documentation provided by the parents, guardians, or provider.

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to asthma or obesity. The duty to summarize on the report form does not apply to social and emotional screenings. The confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice registered nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations, eye examinations, and the developmental screening and the social and emotional screening portions of the health examination. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to

another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 or 18-8.15 to the school district for such year may be withheld by the State Board of Education until the

number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must

New matter indicated by italics - deletions by strikeout
submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice registered nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form.

Exempting a child from the health, dental, or eye examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

(8.5) The school board of a school district shall include informational materials regarding influenza and influenza vaccinations and meningococcal disease and meningococcal vaccinations developed, provided, or approved by the Department of Public Health under Section 2310-700 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois when the board provides information on immunizations, infectious diseases, medications, or other school health issues to the parents or guardians of students.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

Notwithstanding any other provision of this Article or this Code, a school board that maintains any of grades 9 through 12 is authorized to adopt a policy under which a student who is enrolled in any of those grades may satisfy one or more high school course or graduation requirements, including, but not limited to, any requirements under Sections 27-6 and 27-22, by successfully completing a registered apprenticeship program under rules adopted by the State Board of Education under Section 2-3.175 of this Code, or by substituting for and successfully completing in place of the high school course or graduation requirement a related vocational or technical education course. A vocational or technical education course shall not qualify as a related vocational or technical education course within the meaning of this Section unless it contains at least 50% of the content of the required course or graduation requirement for which it is substituted, as determined by the State Board of Education in accordance with standards that it shall adopt and uniformly apply for purposes of this Section. No vocational or technical education course may be substituted for a required course or graduation requirement under any policy adopted by a school board as authorized in this Section unless the pupil's parent or guardian first requests the substitution and approves it in writing on forms that the school district makes available for purposes of this Section.

Sec. 27A-5. Charter school; legal entity; requirements.

(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be

New matter indicated by italics - deletions by strikeout
organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) For purposes of this subsection (d), "non-curricular health and safety requirement" means any health and safety requirement created by statute or rule to provide, maintain, preserve, or safeguard safe or healthful conditions for students and school personnel or to eliminate, reduce, or prevent threats to the health and safety of students and school personnel. "Non-curricular health and safety requirement" does not include any course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed...
primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be updated annually no later than September 1. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies; however, a charter school is not exempt from the following:

(14) Section 26-18 of this Code; and
(15) Section 22-30 of this Code.

The change made by Public Act 96-104 to this subsection (g) is declaratory of existing law.

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on April 16, 2003 (the effective date of Public Act 93-3) and concludes at the end of the 2004-2005 school year. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school contracts with a school district shall be provided by the district at cost. Any services for which a charter school contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.

(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

(k) If the charter school is approved by the Commission, then the Commission charter school is its own local education agency.

Sec. 7. The Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, the Board of Trustees of Chicago State University, the Board of Trustees of Eastern Illinois University, the Board of Trustees of Governors State University, the Board of Trustees of Illinois State University, the Board of Trustees of Northeastern Illinois University, the Board of Trustees of Northern Illinois University, the Board of Trustees of Western Illinois University, the Illinois Community College Board and the campuses under their governance or supervision shall not hereafter undertake the establishment of any new unit of instruction, research, or public service without the approval of the Board. The term "new unit of instruction, research, or public service" includes the establishment of a college, school, division, institute, department, or other unit in any field of instruction, research, or public service not theretofore included in the program of the institution, and includes the establishment of any new branch or campus. The term does not include reasonable and moderate extensions of existing curricula, research, or public service programs which have a direct relationship to existing programs; and the Board may, under its rulemaking power, define the character of such reasonable and moderate extensions.

Such governing boards shall submit to the Board all proposals for a new unit of instruction, research, or public service. The Higher Education Student Assistance Act is amended by changing Sections 35, 55, 60, and 65.100 as follows:

(110 ILCS 947/35)

Sec. 35. Monetary award program.

(a) The Commission shall, each year, receive and consider applications for grant assistance under this Section. Subject to a separate appropriation for such purposes, an applicant is eligible for a grant under this Section when the Commission finds that the applicant:

(1) is a resident of this State and a citizen or permanent resident of the United States; and

(2) in the absence of grant assistance, will be deterred by financial considerations from completing an educational program at the qualified institution of his or her choice.

(b) The Commission shall award renewals only upon the student's application and upon the Commission's finding that the applicant:

(1) has remained a student in good standing;

(2) remains a resident of this State; and

(3) is in a financial situation that continues to warrant assistance.

(c) All grants shall be applicable only to tuition and necessary fee costs. The Commission shall determine the grant amount for each student, which shall not exceed the smallest of the following amounts:

(1) subject to appropriation, $5,468 for fiscal year 2009, $5,968 for fiscal year 2010, and $6,468 for fiscal year 2011 and each fiscal year thereafter, or such lesser amount as the Commission finds to be available, during an academic year;

(2) the amount which equals 2 semesters or 3 quarters tuition and other necessary fees required generally by the institution of all full-time undergraduate students; or

(3) such amount as the Commission finds to be appropriate in view of the applicant's financial resources.

Subject to appropriation, the maximum grant amount for students not subject to subdivision (1) of this subsection (c) must be increased by the same percentage as any increase made by law to the maximum grant amount under subdivision (1) of this subsection (c).
"Tuition and other necessary fees" as used in this Section include the customary charge for instruction and use of facilities in general, and the additional fixed fees charged for specified purposes, which are required generally of nongrant recipients for each academic period for which the grant applicant actually enrolls, but do not include fees payable only once or breakage fees and other contingent deposits which are refundable in whole or in part. The Commission may prescribe, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(d) No applicant, including those presently receiving scholarship assistance under this Act, is eligible for monetary award program consideration under this Act after receiving a baccalaureate degree or the equivalent of 135 semester credit hours of award payments.

(d-5) In this subsection (d-5), "renewing applicant" means a student attending an institution of higher learning who received a Monetary Award Program grant during the prior academic year. Beginning with the processing of applications for the 2020-2021 academic year, the Commission shall annually publish a priority deadline date for renewing applicants. Subject to appropriation, a renewing applicant who files by the published priority deadline date shall receive a grant if he or she continues to meet the eligibility requirements under this Section. A renewing applicant's failure to apply by the priority deadline date established under this subsection (d-5) shall not disqualify him or her from receiving a grant if sufficient funding is available to provide awards after that date.

(e) The Commission, in determining the number of grants to be offered, shall take into consideration past experience with the rate of grant funds unclaimed by recipients. The Commission shall notify applicants that grant assistance is contingent upon the availability of appropriated funds.

(e-5) The General Assembly finds and declares that it is an important purpose of the Monetary Award Program to facilitate access to college both for students who pursue postsecondary education immediately following high school and for those who pursue postsecondary education later in life, particularly Illinoisans who are dislocated workers with financial need and who are seeking to improve their economic position through education. For the 2015-2016 and 2016-2017 academic years, the Commission shall give additional and specific consideration to the needs of dislocated workers with the intent of allowing applicants who are dislocated workers an opportunity to secure financial assistance even if
applying later than the general pool of applicants. The Commission's consideration shall include, in determining the number of grants to be offered, an estimate of the resources needed to serve dislocated workers who apply after the Commission initially suspends award announcements for the upcoming regular academic year, but prior to the beginning of that academic year. For the purposes of this subsection (e-5), a dislocated worker is defined as in the federal Workforce Innovation and Opportunity Act.

(f) (Blank).

(g) The Commission shall determine the eligibility of and make grants to applicants enrolled at qualified for-profit institutions in accordance with the criteria set forth in this Section. The eligibility of applicants enrolled at such for-profit institutions shall be limited as follows:

1. Beginning with the academic year 1997, only to eligible first-time freshmen and first-time transfer students who have attained an associate degree.
2. Beginning with the academic year 1998, only to eligible freshmen students, transfer students who have attained an associate degree, and students who receive a grant under paragraph (1) for the academic year 1997 and whose grants are being renewed for the academic year 1998.
3. Beginning with the academic year 1999, to all eligible students.

(h) The Commission may adopt rules to implement this Section.

Sec. 55. Police officer or fire officer survivor grant. Grants shall be provided for any spouse, natural child, legally adopted child, or child in the legal custody of police officers and fire officers who are killed or who become a person with a permanent disability with 90% to 100% disability in the line of duty while employed by, or in the voluntary service of, this State or any local public entity in this State. Sec. 65.100. AIM HIGH Grant Pilot Program.
(a) The General Assembly makes all of the following findings:
   (1) Both access and affordability are important aspects of the Illinois Public Agenda for College and Career Success report.
   (2) This State is in the top quartile with respect to the percentage of family income needed to pay for college.
   (3) Research suggests that as loan amounts increase, rather than an increase in grant amounts, the probability of college attendance decreases.
   (4) There is further research indicating that socioeconomic status may affect the willingness of students to use loans to attend college.
   (5) Strategic use of tuition discounting can decrease the amount of loans that students must use to pay for tuition.
   (6) A modest, individually tailored tuition discount can make the difference in a student choosing to attend college and enhance college access for low-income and middle-income families.
   (7) Even if the federally calculated financial need for college attendance is met, the federally determined Expected Family Contribution can still be a daunting amount.
   (8) This State is the second largest exporter of students in the country.
   (9) When talented Illinois students attend universities in this State, the State and those universities benefit.
   (10) State universities in other states have adopted pricing and incentives that allow many Illinois residents to pay less to attend an out-of-state university than to remain in this State for college.
   (11) Supporting Illinois student attendance at Illinois public universities can assist in State efforts to maintain and educate a highly trained workforce.
   (12) Modest tuition discounts that are individually targeted and tailored can result in enhanced revenue for public universities.
   (13) By increasing a public university's capacity to strategically use tuition discounting, the public university will be capable of creating enhanced tuition revenue by increasing enrollment yields.
(b) In this Section:

New matter indicated by italics - deletions by strikeout
"Eligible applicant" means a student from any high school in this State, whether or not recognized by the State Board of Education, who is engaged in a program of study that in due course will be completed by the end of the school year and who meets all of the qualifications and requirements under this Section.

"Tuition and other necessary fees" includes the customary charge for instruction and use of facilities in general and the additional fixed fees charged for specified purposes that are required generally of non-grant recipients for each academic period for which the grant applicant actually enrolls, but does not include fees payable only once or breakage fees and other contingent deposits that are refundable in whole or in part. The Commission may adopt, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(c) Beginning with the 2019-2020 academic year, each public university may establish a merit-based scholarship pilot program known as the AIM HIGH Grant Pilot Program. Each year, the Commission shall receive and consider applications from public universities under this Section. Subject to appropriation and any tuition waiver limitation established by the Board of Higher Education, a public university campus may award a grant to a student under this Section if it finds that the applicant meets all of the following criteria:

1. He or she is a resident of this State and a citizen or eligible noncitizen of the United States.
2. He or she files a Free Application for Federal Student Aid and demonstrates financial need with a household income no greater than 6 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2).
3. He or she meets the minimum cumulative grade point average or ACT or SAT college admissions test score, as determined by the public university campus.
4. He or she is enrolled in a public university as an undergraduate student on a full-time basis.
5. He or she has not yet received a baccalaureate degree or the equivalent of 135 semester credit hours.
6. He or she is not incarcerated.
7. He or she is not in default on any student loan or does not owe a refund or repayment on any State or federal grant or scholarship.

(8) Any other reasonable criteria, as determined by the public university campus.

d) Each public university campus shall determine grant renewal criteria consistent with the requirements under this Section.

e) Each participating public university campus shall post on its Internet website criteria and eligibility requirements for receiving awards that use funds under this Section that include includes a range in the sizes of these individual awards. The criteria and amounts must also be reported to the Commission and the Board of Higher Education, who shall post the information on their respective Internet websites.

(f) After enactment of an appropriation for this Program, the Commission shall determine an allocation of funds to each public university in an amount proportionate to the number of undergraduate students who are residents of this State and citizens or eligible noncitizens of the United States and who were enrolled at each public university campus in the previous academic year. All applications must be made to the Commission on or before a date determined by the Commission and on forms that the Commission shall provide to each public university campus. The form of the application and the information required shall be determined by the Commission and shall include, without limitation, the total public university campus funds used to match funds received from the Commission in the previous academic year under this Section, if any, the total enrollment of undergraduate students who are residents of this State from the previous academic year, and any supporting documents as the Commission deems necessary. Each public university campus shall match the amount of funds received by the Commission with financial aid for eligible students.

A public university campus is not required to claim its entire allocation. The Commission shall make available to all public universities, on a date determined by the Commission, any unclaimed funds and the funds must be made available to those public university campuses in the proportion determined under this subsection (f), excluding from the calculation those public university campuses not claiming their full allocations.

Each public university campus may determine the award amounts for eligible students on an individual or broad basis, but, subject to renewal eligibility, each renewed award may not be less than the amount awarded to the eligible student in his or her first year attending the public university campus. Notwithstanding this limitation, a renewal grant may

be reduced due to changes in the student's cost of attendance, including, but not limited to, if a student reduces the number of credit hours in which he or she is enrolled, but remains a full-time student, or switches to a course of study with a lower tuition rate.

An eligible applicant awarded grant assistance under this Section is eligible to receive other financial aid. Total grant aid to the student from all sources may not exceed the total cost of attendance at the public university campus.

(g) All money allocated to a public university campus under this Section may be used only for financial aid purposes for students attending the public university campus during the academic year, not including summer terms. Any funds received by a public university campus under this Section that are not granted to students in the academic year for which the funds are received must be refunded to the Commission before any new funds are received by the public university campus for the next academic year.

(h) Each public university campus that establishes a Program under this Section must annually report to the Commission, on or before a date determined by the Commission, the number of undergraduate students enrolled at that campus who are residents of this State.

(i) Each public university campus must report to the Commission the total non-loan financial aid amount given by the public university campus to undergraduate students in fiscal year 2018. To be eligible to receive funds under the Program, a public university campus may not decrease the total amount of non-loan financial aid for undergraduate students to an amount lower than the total non-loan financial aid amount given by the public university campus to undergraduate students in fiscal year 2018, not including any funds received from the Commission under this Section or any funds used to match grant awards under this Section.

(j) On or before a date determined by the Commission, each public university campus that participates in the Program under this Section shall annually submit a report to the Commission with all of the following information:

(1) The Program's impact on tuition revenue and enrollment goals and increase in access and affordability at the public university campus.

(2) Total funds received by the public university campus under the Program.

(7) The total number of students receiving grants from the public university campus under the Program and those students' grade level, race, gender, income level, family size, Monetary Award Program eligibility, Pell Grant eligibility, and zip code of residence and the amount of each grant award. This information shall include unit record data on those students regarding variables associated with the parameters of the public university's Program, including, but not limited to, a student's ACT or SAT college admissions test score, high school or university cumulative grade point average, or program of study.

On or before October 1, 2020 and annually on or before October 1 thereafter, the Commission shall submit a report with the findings under this subsection (j) and any other information regarding the AIM HIGH Grant Pilot Program to (i) the Governor, (ii) the Speaker of the House of Representatives, (iii) the Minority Leader of the House of Representatives, (iv) the President of the Senate, and (v) the Minority Leader of the Senate. The reports to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct. The Commission's report may not disaggregate data to a level that may disclose personally identifying information of individual students.

The sharing and reporting of student data under this subsection (j) must be in accordance with the requirements under the federal Family Educational Rights and Privacy Act of 1974 and the Illinois School Student Records Act. All parties must preserve the confidentiality of the information as required by law. The names of the grant recipients under this Section are not subject to disclosure under the Freedom of Information Act.

Public university campuses that fail to submit a report under this subsection (j) or that fail to adhere to any other requirements under this Section may not be eligible for distribution of funds under the Program for...
the next academic year, but may be eligible for distribution of funds for each academic year thereafter.

(k) The Commission shall adopt rules to implement this Section.

(205 ILCS 5/18) (from Ch. 17, par. 325)
Sec. 18. Change in control.

(a) Before any person, whether acting directly or indirectly or through or in concert with one or more persons, may cause (i) a change to occur in the ownership of outstanding stock of any State bank, whether by sale and purchase, gift, bequest or inheritance, or any other means, including the acquisition of stock of the State bank by any bank holding company, which will result in control or a change in the control of the bank, or (ii) a change to occur in the control of a holding company having control of the outstanding stock of a State bank whether by sale and purchase, gift, bequest or inheritance, or any other means, including the acquisition of stock of such holding company by any other bank holding company, which will result in control or a change in control of the bank or holding company, or (iii) a transfer of substantially all the assets or liabilities of the State bank, the Secretary shall be of the opinion and find:

(1) that the general character of proposed management or of the person desiring to purchase substantially all the assets or to assume substantially all the liabilities of the State bank, after the change in control, is such as to assure reasonable promise of successful, safe and sound operation;

(1.1) that depositors’ interests will not be jeopardized by the purchase or assumption and that adequate provision has been made for all liabilities as required for a voluntary liquidation under Section 68 of this Act;

(2) that the future earnings prospects of the person desiring to purchase substantially all assets or to assume substantially all the liabilities of the State bank, after the proposed change in control, are favorable;

(2.5) that the future prospects of the institution will not jeopardize the financial stability of the bank or prejudice the interests of the depositors of the bank;

New matter indicated by italics - deletions by strikeout
(3) that any prior involvement by the persons proposing to obtain control, to purchase substantially all the assets, or to assume substantially all the liabilities of the State bank or by the proposed management personnel with any other financial institution, whether as stockholder, director, officer or customer, was conducted in a safe and sound manner; and

(4) that if the acquisition is being made by a bank holding company, the acquisition is authorized under the Illinois Bank Holding Company Act of 1957.

(b) Any person desiring to purchase control of an existing State bank, to purchase substantially all the assets, or to assume substantially all the liabilities of the State bank shall, prior to that purchase, submit to the Secretary:

(1) a statement of financial worth;
(2) satisfactory evidence that any prior involvement by the persons and the proposed management personnel with any other financial institution, whether as stockholder, director, officer or customer, was conducted in a safe and sound manner; and
(3) such other relevant information as the Secretary may request to substantiate the findings under subsection (a) of this Section.

A person who has submitted information to the Secretary pursuant to this subsection (b) is under a continuing obligation until the Secretary takes action on the application to immediately supplement that information if there are any material changes in the information previously furnished or if there are any material changes in any circumstances that may affect the Secretary's opinion and findings. In addition, a person submitting information under this subsection shall notify the Secretary of the date when the change in control is finally effected.

The Secretary may impose such terms and conditions on the approval of the change in control application as he deems necessary or appropriate.

If an applicant, whose application for a change in control has been approved pursuant to subsection (a) of this Section, fails to effect the change in control within 180 days after the date of the Secretary's approval, the Secretary shall revoke that approval unless a request has been submitted, in writing, to the Secretary for an extension and the request has been approved.
(b-1) Any person, whether acting directly or indirectly or through or in concert with one or more persons, who obtains ownership of stock of an existing State bank or stock of a holding company that controls the State bank by gift, bequest, or inheritance such that ownership of the stock would constitute control of the State bank or holding company may obtain title and ownership of the stock, but may not exercise management or control of the business and affairs of the bank or vote his or her shares so as to exercise management or control unless and until the Secretary approves an application for the change of control as provided in subsection (b) of this Section.

(b-3) The provisions of this Section do not apply to an established holding company acquiring control of a State bank if the transaction is subject to approval under Section 3 of the federal Bank Holding Company Act, the Federal Deposit Insurance Act, or the federal Home Owners' Loan Act.

(c) Whenever a State bank makes a loan or loans, secured, or to be secured, by 25% or more of the outstanding stock of a State bank, the president or other chief executive officer of the lending bank shall promptly report such fact to the Secretary upon obtaining knowledge of such loan or loans, except that no report need be made in those cases where the borrower has been the owner of record of the stock for a period of one year or more, or the stock is that of a newly organized bank prior to its opening.

(d) The reports required by subsection subsections (b) of this Section 18, other than those relating to a transfer of assets or assumption of liabilities, shall contain the following information to the extent that it is known by the person making the report: (1) the number of shares involved; (2) the names of the sellers (or transferors); (3) the names of the purchasers (or transferees); (4) the names of the beneficial owners if the shares are registered in another name; (5) the purchase price, if applicable; (6) the total number of shares owned by the sellers (or transferors), the purchasers (or transferees) and the beneficial owners both immediately before and after the transaction; and, (7) in the case of a loan, the name of the borrower, the amount of the loan, the name of the bank issuing the stock securing the loan and the number of shares securing the loan. In addition to the foregoing, such reports shall contain such other information which is requested by the Secretary to inform the Secretary of the effect of the transaction upon control of the bank whose stock is involved.

In addition to the foregoing, these reports shall contain any other information that is requested by the Secretary to inform the Secretary of the effect of the transaction upon the bank from which assets are purchased or liabilities are transferred.

(e) Whenever such a change as described in subsection (a) of this Section 18 occurs, each State bank shall report promptly to the Secretary any changes or replacement of its chief executive officer or of any director occurring in the next 12 month period, including in its report a statement of the past and current business and professional affiliations of the new chief executive officer or directors.

(f) (Blank).

(g)(1) Except as otherwise expressly provided in this subsection (g), the Secretary shall not approve an application for a change in control if upon consummation of the change in control the persons applying for the change in control, including any affiliates of the persons applying, would control 30% or more of the total amount of deposits which are located in this State at insured depository institutions. For purposes of this subsection (g), the words "insured depository institution" shall mean State banks, national banks, and insured savings associations. For purposes of this subsection (g), the word "deposits" shall have the meaning ascribed to that word in Section 3(l) 3(l) of the Federal Deposit Insurance Act. For purposes of this subsection (g), the total amount of deposits which are considered to be located in this State at insured depository institutions shall equal the sum of all deposits held at the main banking premises and branches in the State of Illinois of State banks, national banks, or insured savings associations. For purposes of this subsection (g), the word "affiliates" shall have the meaning ascribed to that word in Section 35.2 of this Act.

(2) Notwithstanding the provisions of paragraph (1) of this subsection, the Secretary may approve an application for a change in control for a bank that is in default or in danger of default. Except in those instances in which an application for a change in control is for a bank that is in default or in danger of default, the Secretary may not approve a change in control which does not meet the requirements of paragraph (1) of this subsection. The Secretary may not waive the provisions of paragraph (1) of this subsection, whether pursuant to Section 3(d) of the federal Bank Holding Company Act of 1956 or Section 44(d) of the Federal Deposit Insurance Act, except as expressly provided in this paragraph (2) of this subsection.

(h) As used in this Section:

"Control" means the power, directly or indirectly, to direct the management or policies of the bank or to vote 25% or more of the outstanding stock of the bank. If there is any question as to whether a change in control application should be filed, the question shall be resolved in favor of filing the application with the Secretary.

"Substantially all" the assets or liabilities of a State bank means that portion of the assets or liabilities of a State bank such that their purchase or transfer will materially impair the ability of the State bank to continue successful, safe, and sound operations or to continue as a going concern or would cause the bank to lose its federal deposit insurance.

"Purchase" includes a transfer by gift, bequest, inheritance, or any other means.

As used in this Section, a person is acting in concert if that person is acting in concert under federal laws or regulations.

The credit union recovering under this indemnification provision shall also be entitled to reasonable attorney's fees and the expenses of recovery.

The law enforcement authority shall include a brief explanation of the imminent threat to the member in its written request to the credit union. The written request shall reflect that it has been authorized by a supervisory or managerial official of the law enforcement authority. A copy of the report must be promptly delivered to the Secretary.

A credit union or group of credit unions may obtain an extension of the due date upon application to and receipt of written approval from the Secretary.

(B) supporting documentation is maintained for the technique used to develop the credit union loss rates, including the period of time used to accumulate historical loss data and the factors considered in establishing the time frames; and

(C) the external auditor conducting the credit union's financial statement audit has analyzed the methodology employed by the credit union and concludes that the financial statements, including the allowance for loan losses, are fairly stated in all material respects in accordance with U.S. Generally Accepted Accounting Principles, as promulgated by the Financial Accounting Standards Board.

(5) A majority of the members of the supervisory committee shall constitute a quorum.

Sec. 7-204. Reorganization defined; Commission approval therefore.

(a) For purposes of this Section, "reorganization" means any transaction which, regardless of the means by which it is accomplished, results in a change in the ownership of a majority of the voting capital stock of an Illinois public utility; or the ownership or control of any entity which owns or controls a majority of the voting capital stock of a public utility; or by which 2 public utilities merge, or by which a public utility acquires substantially all of the assets of another public utility; provided, however, that "reorganization" as used in this Section shall not include a mortgage or pledge transaction entered into to secure a bona fide borrowing by the party granting the mortgage or making the pledge.

In addition to the foregoing, "reorganization" shall include for purposes of this Section any transaction which, regardless of the means by which it is accomplished, will have the effect of terminating the affiliated interest status of any entity as defined in paragraphs (a), (b), (c) or (d) of subsection (2) of Section 7-101 of this Act where such entity had transactions with the public utility, in the 12 calendar months immediately preceding the date of termination of such affiliated interest status subject to subsection (3) of Section 7-101 of this Act with a value greater than 15% of the public utility's revenues for that same 12-month period. If the proposed transaction would have the effect of terminating the affiliated interest status of more than one Illinois public utility, the utility with the greatest revenues for the 12-month period shall be used to determine whether such proposed transaction is a reorganization for the purposes of this Section. The Commission shall have jurisdiction over any reorganization as defined herein.

(b) No reorganization shall take place without prior Commission approval. The Commission shall not approve any proposed reorganization if the Commission finds, after notice and hearing, that the reorganization will adversely affect the utility's ability to perform its duties under this Act. The Commission shall not approve any proposed reorganization unless the Commission finds, after notice and hearing, that:

(1) the proposed reorganization will not diminish the utility's ability to provide adequate, reliable, efficient, safe and least-cost public utility service;

New matter indicated by italics - deletions by strikeout
(2) the proposed reorganization will not result in the unjustified subsidization of non-utility activities by the utility or its customers;

(3) costs and facilities are fairly and reasonably allocated between utility and non-utility activities in such a manner that the Commission may identify those costs and facilities which are properly included by the utility for ratemaking purposes;

(4) the proposed reorganization will not significantly impair the utility's ability to raise necessary capital on reasonable terms or to maintain a reasonable capital structure;

(5) the utility will remain subject to all applicable laws, regulations, rules, decisions and policies governing the regulation of Illinois public utilities;

(6) the proposed reorganization is not likely to have a significant adverse effect on competition in those markets over which the Commission has jurisdiction;

(7) the proposed reorganization is not likely to result in any adverse rate impacts on retail customers.

(c) The Commission shall not approve a reorganization without ruling on: (i) the allocation of any savings resulting from the proposed reorganization; and (ii) whether the companies should be allowed to recover any costs incurred in accomplishing the proposed reorganization and, if so, the amount of costs eligible for recovery and how the costs will be allocated.

(d) The Commission shall issue its Order approving or denying the proposed reorganization within 11 months after the application is filed. The Commission may extend the deadline for a period equivalent to the length of any delay which the Commission finds to have been caused by the Applicant's failure to provide data or information requested by the Commission or that the Commission ordered the Applicant to provide to the parties. The Commission may also extend the deadline by an additional period not to exceed 3 months to consider amendments to the Applicant's filing, or to consider reasonably unforeseeable changes in circumstances subsequent to the Applicant's initial filing.

(e) Subsections (c) and (d) and subparagraphs (6) and (7) of subsection (b) of this Section shall apply only to merger applications submitted to the Commission subsequent to April 23, 1997. No other Commission approvals shall be required for mergers that are subject to this Section.

(f) In approving any proposed reorganization pursuant to this Section the Commission may impose such terms, conditions or requirements as, in its judgment, are necessary to protect the interests of the public utility and its customers.

Sec. 8-103B. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenditures for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (c) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" have the meanings set forth in the Illinois Power Agency Act.

(a-5) This Section applies to electric utilities serving more than 500,000 retail customers in the State for those multi-year plans commencing after December 31, 2017.

(b) For purposes of this Section, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which percent is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 88,000,000 MWhs. For the purposes of this subsection (b) and subsection (b-5), the 88,000,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and

programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-5):

(1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;
(2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;
(3) 4.5% deemed cumulative persisting annual savings for the year ending December 31, 2020;
(4) 4.0% deemed cumulative persisting annual savings for the year ending December 31, 2021;
(5) 3.5% deemed cumulative persisting annual savings for the year ending December 31, 2022;
(6) 3.1% deemed cumulative persisting annual savings for the year ending December 31, 2023;
(7) 2.8% deemed cumulative persisting annual savings for the year ending December 31, 2024;
(8) 2.5% deemed cumulative persisting annual savings for the year ending December 31, 2025;
(9) 2.3% deemed cumulative persisting annual savings for the year ending December 31, 2026;
(10) 2.1% deemed cumulative persisting annual savings for the year ending December 31, 2027;
(11) 1.8% deemed cumulative persisting annual savings for the year ending December 31, 2028;
(12) 1.7% deemed cumulative persisting annual savings for the year ending December 31, 2029; and
(13) 1.5% deemed cumulative persisting annual savings for the year ending December 31, 2030.

For purposes of this Section, "cumulative persisting annual savings" means the total electric energy savings in a given year from measures installed in that year or in previous years, but no earlier than January 1, 2012, that are still operational and providing savings in that year because the measures have not yet reached the end of their useful lives.

(b-5) Beginning in 2018, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall achieve

the following cumulative persisting annual savings goals, as modified by subsection (f) of this Section and as compared to the deemed baseline of 88,000,000 MWhs of electric power and energy sales set forth in subsection (b), as reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section as averaged across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(1) 7.8% cumulative persisting annual savings for the year ending December 31, 2018;
(2) 9.1% cumulative persisting annual savings for the year ending December 31, 2019;
(3) 10.4% cumulative persisting annual savings for the year ending December 31, 2020;
(4) 11.8% cumulative persisting annual savings for the year ending December 31, 2021;
(5) 13.1% cumulative persisting annual savings for the year ending December 31, 2022;
(6) 14.4% cumulative persisting annual savings for the year ending December 31, 2023;
(7) 15.7% cumulative persisting annual savings for the year ending December 31, 2024;
(8) 17% cumulative persisting annual savings for the year ending December 31, 2025;
(9) 17.9% cumulative persisting annual savings for the year ending December 31, 2026;
(10) 18.8% cumulative persisting annual savings for the year ending December 31, 2027;
(11) 19.7% cumulative persisting annual savings for the year ending December 31, 2028;
(12) 20.6% cumulative persisting annual savings for the year ending December 31, 2029; and
(13) 21.5% cumulative persisting annual savings for the year ending December 31, 2030.

(b-10) For purposes of this Section, electric utilities subject to this Section that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency
measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 36,900,000 MWhs. For the purposes of this subsection (b-10) and subsection (b-15), the 36,900,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-15):

(1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;
(2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;
(3) 4.5% deemed cumulative persisting annual savings for the year ending December 31, 2020;

(12) 1.7% deemed cumulative persisting annual savings for the year ending December 31, 2029; and
(13) 1.5% deemed cumulative persisting annual savings for the year ending December 31, 2030.

(b-15) Beginning in 2018, electric utilities subject to this Section that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall achieve the following cumulative persisting annual savings goals, as modified by subsection (b-20) and subsection (f) of this Section and as compared to the deemed baseline as reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section as averaged across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(13) 16% cumulative persisting annual savings for the year ending December 31, 2030.

The difference between the cumulative persisting annual savings goal for the applicable calendar year and the cumulative persisting annual savings goal for the immediately preceding calendar year is 0.8% for the period of January 1, 2018 through December 31, 2025 and 0.6% for the period of January 1, 2026 through December 31, 2030.

(b-20) Each electric utility subject to this Section may include cost-effective voltage optimization measures in its plans submitted under subsections (f) and (g) of this Section, and the costs incurred by a utility to implement the measures under a Commission-approved plan shall be recovered under the provisions of Article IX or Section 16-108.5 of this Act. For purposes of this Section, the measure life of voltage optimization measures shall be 15 years. The measure life period is independent of the depreciation rate of the voltage optimization assets deployed.

Within 270 days after June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly, an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall file a plan with the Commission that identifies the cost-effective voltage optimization investment the electric utility plans to undertake through December 31, 2024. The Commission, after notice and hearing, shall approve or approve with modification the plan within 120 days after the plan's filing and, in the order approving or approving with modification the plan, the Commission shall adjust the applicable cumulative persisting annual savings goals set forth in subsection (b-15) to reflect any amount of cost-effective energy savings approved by the Commission that is greater than or less than the following cumulative persisting annual savings values attributable to voltage optimization for the applicable year:

1. 0.0% of cumulative persisting annual savings for the year ending December 31, 2018;
2. 0.17% of cumulative persisting annual savings for the year ending December 31, 2019;
3. 0.17% of cumulative persisting annual savings for the year ending December 31, 2020;
4. 0.33% of cumulative persisting annual savings for the year ending December 31, 2021;
5. 0.5% of cumulative persisting annual savings for the year ending December 31, 2022;

(6) 0.67% of cumulative persisting annual savings for the year ending December 31, 2023;
(7) 0.83% of cumulative persisting annual savings for the year ending December 31, 2024; and
(8) 1.0% of cumulative persisting annual savings for the year ending December 31, 2025.

(b-25) In the event an electric utility jointly offers an energy efficiency measure or program with a gas utility under plans approved under this Section and Section 8-104 of this Act, the electric utility may continue offering the program, including the gas energy efficiency measures, in the event the gas utility discontinues funding the program. In that event, the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis for the premises. However, the electric utility shall prioritize programs for low-income residential customers to the extent practicable. An electric utility may recover the costs of offering the gas energy efficiency measures under this subsection (b-25).

For those energy efficiency measures or programs that save both electricity and other fuels but are not jointly offered with a gas utility under plans approved under this Section and Section 8-104 or not offered with an affiliated gas utility under paragraph (6) of subsection (f) of Section 8-104 of this Act, the electric utility may count savings of fuels other than electricity toward the achievement of its annual savings goal, and the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis at the premises.

In no event shall more than 10% of each year's applicable annual incremental goal as defined in paragraph (7) of subsection (g) of this Section be met through savings of fuels other than electricity.

(c) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency plans with the Commission and may, as part of that implementation, outsource various aspects of program development and implementation. A minimum of 10%, for electric utilities that serve more than 3,000,000 retail customers in the State, and a minimum of 7%, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, of the utility's entire portfolio funding level for a given year shall be used to procure cost-effective energy efficiency measures from units of local government, municipal corporations, school districts, public housing,

New matter indicated by italics - deletions by strikeout
and community college districts, provided that a minimum percentage of available funds shall be used to procure energy efficiency from public housing, which percentage shall be equal to public housing's share of public building energy consumption.

The utilities shall also implement energy efficiency measures targeted at low-income households, which, for purposes of this Section, shall be defined as households at or below 80% of area median income, and expenditures to implement the measures shall be no less than $25,000,000 per year for electric utilities that serve more than 3,000,000 retail customers in the State and no less than $8,350,000 per year for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State.

Each electric utility shall assess opportunities to implement cost-effective energy efficiency measures and programs through a public housing authority or authorities located in its service territory. If such opportunities are identified, the utility shall propose such measures and programs to address the opportunities. Expenditures to address such opportunities shall be credited toward the minimum procurement and expenditure requirements set forth in this subsection (c).

Implementation of energy efficiency measures and programs targeted at low-income households should be contracted, when it is practicable, to independent third parties that have demonstrated capabilities to serve such households, with a preference for not-for-profit entities and government agencies that have existing relationships with or experience serving low-income communities in the State.

Each electric utility shall develop and implement reporting procedures that address and assist in determining the amount of energy savings that can be applied to the low-income procurement and expenditure requirements set forth in this subsection (c).

The electric utilities shall also convene a low-income energy efficiency advisory committee to assist in the design and evaluation of the low-income energy efficiency programs. The committee shall be comprised of the electric utilities subject to the requirements of this Section, the gas utilities subject to the requirements of Section 8-104 of this Act, the utilities' low-income energy efficiency implementation contractors, and representatives of community-based organizations.

(d) Notwithstanding any other provision of law to the contrary, a utility providing approved energy efficiency measures and, if applicable, demand-response measures in the State shall be permitted to recover all

New matter indicated by italics - deletions by strikeout
reasonable and prudently incurred costs of those measures from all retail customers, except as provided in subsection (l) of this Section, as follows, provided that nothing in this subsection (d) permits the double recovery of such costs from customers:

(1) The utility may recover its costs through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, the utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(2) A utility may recover its costs through an energy efficiency formula rate approved by the Commission under a filing under subsections (f) and (g) of this Section, which shall specify the cost components that form the basis of the rate charged to customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. The energy efficiency formula rate shall be implemented through a tariff filed with the Commission under subsections (f) and (g) of this Section that is consistent with the provisions of this paragraph (2) and that shall be applicable to all delivery services customers. The Commission shall conduct an investigation of the tariff in a manner consistent with the provisions of this paragraph (2), subsections (f) and (g) of this Section, and the provisions of Article IX of this Act to the extent they do not conflict with this paragraph (2). The energy efficiency formula rate approved by the Commission shall remain in effect at the discretion of the utility and shall do the following:

(A) Provide for the recovery of the utility's actual costs incurred under this Section that are prudently incurred

New matter indicated by italics - deletions by strikeout
and reasonable in amount consistent with Commission practice and law. The sole fact that a cost differs from that incurred in a prior calendar year or that an investment is different from that made in a prior calendar year shall not imply the imprudence or unreasonableness of that cost or investment.

(B) Reflect the utility's actual year-end capital structure for the applicable calendar year, excluding goodwill, subject to a determination of prudence and reasonableness consistent with Commission practice and law. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, a participating electric utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(C) Include a cost of equity, which shall be calculated as the sum of the following:

(i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and

(ii) 580 basis points.

At such time as the Board of Governors of the Federal Reserve System ceases to include the monthly average yields of 30-year U.S. Treasury bonds in its weekly H.15 Statistical Release or successor publication, the monthly average yields of the U.S. Treasury bonds then having the longest duration published by the Board of Governors in its weekly H.15 Statistical Release or successor publication shall instead be used for purposes of this paragraph (2).

(D) Permit and set forth protocols, subject to a determination of prudence and reasonableness consistent with Commission practice and law, for the following:

New matter indicated by italics - deletions by strikeout
(i) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act; incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable under the energy efficiency formula rate;

(ii) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act;

(iii) recovery of existing regulatory assets over the periods previously authorized by the Commission;

(iv) as described in subsection (e), amortization of costs incurred under this Section; and

(v) projected, weather normalized billing determinants for the applicable rate year.

(E) Provide for an annual reconciliation, as described in paragraph (3) of this subsection (d), less any deferred taxes related to the reconciliation, with interest at an annual rate of return equal to the utility's weighted average cost of capital, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return, of the energy efficiency revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under this paragraph (2), with what the revenue requirement would have been had the actual cost

New matter indicated by italics - deletions by strikeout
information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, the projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense, that shall populate the energy efficiency formula rate and set the initial rates under the formula.

The Commission shall review the proposed tariff in conjunction with its review of a proposed multi-year plan, as specified in paragraph (5) of subsection (g) of this Section. The review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect beginning with the January monthly billing period following the Commission's approval.

The tariff's rate design and cost allocation across customer classes shall be consistent with the utility's automatic adjustment clause tariff in effect on June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly; however, the Commission may revise the tariff's rate design and cost allocation in subsequent proceedings under paragraph (3) of this subsection (d).

If the energy efficiency formula rate is terminated, the then current rates shall remain in effect until such time as the energy efficiency costs are incorporated into new rates that are set under this subsection (d) or Article IX of this Act, subject to retroactive rate adjustment, with interest, to reconcile rates charged with actual costs.

(3) The provisions of this paragraph (3) shall only apply to an electric utility that has elected to file an energy efficiency formula rate under paragraph (2) of this subsection (d). Subsequent to the Commission's issuance of an order approving the utility's energy efficiency formula rate structure and protocols, and initial rates under paragraph (2) of this subsection (d), the utility shall file,
on or before June 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the energy efficiency formula rate for the applicable rate year and the corresponding new charges, as well as the information described in paragraph (9) of subsection (g) of this Section. Each such filing shall conform to the following requirements and include the following information:

(A) The inputs to the energy efficiency formula rate for the applicable rate year shall be based on the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The filing shall also include a reconciliation of the energy efficiency revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, the charges for the applicable rate year. Such over-collection or under-collection shall be adjusted to remove any deferred taxes related to the reconciliation, for purposes of calculating interest at an annual rate of return equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the charge or credit, if any, resulting from the calculation

required by subparagraph (E) of paragraph (2) of this subsection (d).

Notwithstanding any other provision of law to the contrary, the intent of the reconciliation is to ultimately reconcile both the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under paragraph (2) of this subsection (d), with what the revenue requirement determined using a year-end rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar year been available at the filing date.

For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209, modified as necessary to be consistent with 83 Ill. Admin. Code Part 415 as of May 1, 2011. Nothing in this Section is intended to allow costs that are not otherwise recoverable to be recoverable by virtue of inclusion in FERC Form 1.

(B) The new charges shall take effect beginning on the first billing day of the following January billing period and remain in effect through the last billing day of the next December billing period regardless of whether the Commission enters upon a hearing under this paragraph (3).

(C) The filing shall include relevant and necessary data and documentation for the applicable rate year. Normalization adjustments shall not be required.

Within 45 days after the utility files its annual update of cost inputs to the energy efficiency formula rate, the Commission shall with reasonable notice, initiate a proceeding concerning whether the projected costs to be incurred by the utility and recovered during the applicable rate year, and that are reflected in the inputs to the energy efficiency formula rate, are consistent with the utility's approved multi-year plan under subsections (f) and (g) of this Section and whether the costs incurred by the utility during the prior rate year were prudent and reasonable. The Commission shall also have the authority to investigate the information and data

New matter indicated by italics - deletions by strikeout
described in paragraph (9) of subsection (g) of this Section, including the proposed adjustment to the utility's return on equity component of its weighted average cost of capital. During the course of the proceeding, each objection shall be stated with particularity and evidence provided in support thereof, after which the utility shall have the opportunity to rebut the evidence. Discovery shall be allowed consistent with the Commission's Rules of Practice, which Rules of Practice shall be enforced by the Commission or the assigned administrative law judge. The Commission shall apply the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, during the proceeding as it would apply in a proceeding to review a filing for a general increase in rates under Article IX of this Act. The Commission shall not, however, have the authority in a proceeding under this paragraph (3) to consider or order any changes to the structure or protocols of the energy efficiency formula rate approved under paragraph (2) of this subsection (d). In a proceeding under this paragraph (3), the Commission shall enter its order no later than the earlier of 195 days after the utility's filing of its annual update of cost inputs to the energy efficiency formula rate or December 15. The utility's proposed return on equity calculation, as described in paragraphs (7) through (9) of subsection (g) of this Section, shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section. The Commission's determinations of the prudence and reasonableness of the costs incurred, and determination of such return on equity calculation, for the applicable calendar year shall be final upon entry of the Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule, or regulation; however, nothing in this paragraph (3) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order under the provisions of this Act.

(e) Beginning on June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly, a utility subject to the requirements of this Section may elect to defer, as a regulatory asset,

up to the full amount of its expenditures incurred under this Section for each annual period, including, but not limited to, any expenditures incurred above the funding level set by subsection (f) of this Section for a given year. The total expenditures deferred as a regulatory asset in a given year shall be amortized and recovered over a period that is equal to the weighted average of the energy efficiency measure lives implemented for that year that are reflected in the regulatory asset. The unamortized balance shall be recognized as of December 31 for a given year. The utility shall also earn a return on the total of the unamortized balances of all of the energy efficiency regulatory assets, less any deferred taxes related to those unamortized balances, at an annual rate equal to the utility's weighted average cost of capital that includes, based on a year-end capital structure, the utility's actual cost of debt for the applicable calendar year and a cost of equity, which shall be calculated as the sum of the (i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and (ii) 580 basis points, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Capital investment costs shall be depreciated and recovered over their useful lives consistent with generally accepted accounting principles. The weighted average cost of capital shall be applied to the capital investment cost balance, less any accumulated depreciation and accumulated deferred income taxes, as of December 31 for a given year.

When an electric utility creates a regulatory asset under the provisions of this Section, the costs are recovered over a period during which customers also receive a benefit which is in the public interest. Accordingly, it is the intent of the General Assembly that an electric utility that elects to create a regulatory asset under the provisions of this Section shall recover all of the associated costs as set forth in this Section. After the Commission has approved the prudence and reasonableness of the costs that comprise the regulatory asset, the electric utility shall be permitted to recover all such costs, and the value and recoverability through rates of the associated regulatory asset shall not be limited, altered, impaired, or reduced.

(f) Beginning in 2017, each electric utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards for the next applicable multi-year period beginning January 1 of

the year following the filing, according to the schedule set forth in paragraphs (1) through (3) of this subsection (f). If a utility does not file such a plan on or before the applicable filing deadline for the plan, it shall face a penalty of $100,000 per day until the plan is filed.

(1) No later than 30 days after June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly or May 1, 2017, whichever is later, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2018 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (1) through (4) of subsection (b-5) of this Section or in paragraphs (1) through (4) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, for a utility that serves less than 3,000,000 retail customers, if each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(2) No later than March 1, 2021, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2022 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (5) through (8) of subsection (b-5) of this Section or in paragraphs (5) through (8) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, for a utility that serves less than 3,000,000 retail customers, if each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

this Section or, each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(3) No later than March 1, 2025, each electric utility shall file a 5-year energy efficiency plan commencing on January 1, 2026 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (9) through (13) of subsection (b-5) of this Section or in paragraphs (9) through (13) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 5-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 5-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 5-year plan period. The Commission shall
review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

Each utility's plan shall set forth the utility's proposals to meet the energy efficiency standards identified in subsection (b-5) or (b-15), as applicable and as such standards may have been modified under this subsection (f), taking into account the unique circumstances of the utility's service territory. For those plans commencing on January 1, 2018, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan no later than August 31, 2017, or 105 days after June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly, whichever is later. For those plans commencing after December 31, 2021, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 6 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund.

(g) In submitting proposed plans and funding levels under subsection (f) of this Section to meet the savings goals identified in subsection (b-5) or (b-15) of this Section, as applicable, the utility shall:

1. Demonstrate that its proposed energy efficiency measures will achieve the applicable requirements that are identified in subsection (b-5) or (b-15) of this Section, as modified by subsection (f) of this Section.

2. Present specific proposals to implement new building and appliance standards that have been placed into effect.

3. Demonstrate that its overall portfolio of measures, not including low-income programs described in subsection (c) of this Section, is cost-effective using the total resource cost test or complies with paragraphs (1) through (3) of subsection (f) of this Section and represents a diverse cross-section of opportunities for customers of all rate classes, other than those customers described in

in subsection (l) of this Section, to participate in the programs. Individual measures need not be cost effective.

(4) Present a third-party energy efficiency implementation program subject to the following requirements:

(A) beginning with the year commencing January 1, 2019, electric utilities that serve more than 3,000,000 retail customers in the State shall fund third-party energy efficiency programs in an amount that is no less than $25,000,000 per year, and electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall fund third-party energy efficiency programs in an amount that is no less than $8,350,000 per year;

(B) during 2018, the utility shall conduct a solicitation process for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more of the years commencing January 1, 2019, January 1, 2020, and January 1, 2021; for those multi-year plans commencing on January 1, 2022 and January 1, 2026, the utility shall conduct a solicitation process during 2021 and 2025, respectively, for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more years of the respective multi-year plan period; for each solicitation process, the utility shall identify the sector, technology, or geographical area for which it is seeking requests for proposals;

(C) the utility shall propose the bidder qualifications, performance measurement process, and contract structure, which must include a performance payment mechanism and general terms and conditions; the proposed qualifications, process, and structure shall be subject to Commission approval; and

(D) the utility shall retain an independent third party to score the proposals received through the solicitation process described in this paragraph (4), rank them according to their cost per lifetime kilowatt-hours saved, and assemble the portfolio of third-party programs.

New matter indicated by italics - deletions by strikeout
The electric utility shall recover all costs associated with Commission-approved, third-party administered programs regardless of the success of those programs.

(4.5) Implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section 16-107 of this Act, provided those customers have not been declared competitive. This requirement continues until December 31, 2026.

(5) Include a proposed or revised cost-recovery tariff mechanism, as provided for under subsection (d) of this Section, to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(6) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures, as well as a full review of the multi-year plan results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(7) For electric utilities that serve more than 3,000,000 retail customers in the State:

(A) Through December 31, 2025, provide for an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section:

   (i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 75% of such goal. If the utility achieved more than 75% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 8 basis points.
points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at least 125% of such goal. If the utility achieved more than 100% of the applicable annual incremental goal but less than 125% of such goal, then the return on equity component shall be increased by 8 basis points for each percent by which the utility achieved above the goal. If the applicable annual incremental goal was reduced under paragraphs (1) or (2) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in this item (ii):

(aa) the calculation for determining achievement that is at least 125% of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value; and

(bb) the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(B) For the period January 1, 2026 through December 31, 2030, provide for an adjustment to the return

on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section:

(i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 66% of such goal. If the utility achieved more than 66% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 6 basis points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at least 134% of such goal. If the utility achieved more than 100% of the applicable annual incremental goal but less than 134% of such goal, then the return on equity component shall be increased by 6 basis points for each percent by which the utility achieved above the goal. If the applicable annual incremental goal was reduced under paragraph (3) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in this item (ii):

(aa) the calculation for determining achievement that is at least 134% of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value; and

(bb) the calculation for determining achievement that is less than 134% but more than 100% of the applicable annual incremental goal shall use the reduced...
applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 134% achievement. The 6 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 134% achievement.

(7.5) For purposes of this Section, the term "applicable annual incremental goal" means the difference between the cumulative persisting annual savings goal for the calendar year that is the subject of the independent evaluator's determination and the cumulative persisting annual savings goal for the immediately preceding calendar year, as such goals are defined in subsections (b-5) and (b-15) of this Section and as these goals may have been modified as provided for under subsection (b-20) and paragraphs (1) through (3) of subsection (f) of this Section. Under subsections (b), (b-5), (b-10), and (b-15) of this Section, a utility must first replace energy savings from measures that have reached the end of their measure lives and would otherwise have to be replaced to meet the applicable savings goals identified in subsection (b-5) or (b-15) of this Section before any progress towards achievement of its applicable annual incremental goal may be counted. Notwithstanding anything else set forth in this Section, the difference between the actual annual incremental savings achieved in any given year, including the replacement of energy savings from measures that have expired, and the applicable annual incremental goal shall not affect adjustments to the return on equity for subsequent calendar years under this subsection (g).

(8) For electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State:

(A) Through December 31, 2025, the applicable annual incremental goal shall be compared to the annual incremental savings as determined by the independent evaluator.

(i) The return on equity component shall be reduced by 8 basis points for each percent by which

New matter indicated by italics - deletions by strikeout
the utility did not achieve 84.4% of the applicable annual incremental goal.

(ii) The return on equity component shall be increased by 8 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.

(iii) The return on equity component shall not be increased or decreased if the annual incremental savings as determined by the independent evaluator is greater than 84.4% of the applicable annual incremental goal and less than 100% of the applicable annual incremental goal.

(iv) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (A).

(B) For the period of January 1, 2026 through December 31, 2030, the applicable annual incremental goal shall be compared to the annual incremental savings as determined by the independent evaluator.

(i) The return on equity component shall be reduced by 6 basis points for each percent by which the utility did not achieve 100% of the applicable annual incremental goal.

(ii) The return on equity component shall be increased by 6 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.

(iii) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (B).

(C) If the applicable annual incremental goal was reduced under paragraphs (1), (2) or (3) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in subparagraphs (A) and (B) of this paragraph (8):

(i) The calculation for determining achievement that is at least 125% or 134%, as
applicable, of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value.

(ii) For the period through December 31, 2025, the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(iii) For the period of January 1, 2026 through December 31, 2030, the calculation for determining achievement that is less than 134% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 6 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 134% achievement.

(9) The utility shall submit the energy savings data to the independent evaluator no later than 30 days after the close of the plan year. The independent evaluator shall determine the cumulative persisting annual savings for a given plan year no later than 120 days after the close of the plan year. The utility shall submit an informational filing to the Commission no later than 160 days after the close of the plan year that attaches the independent evaluator's final report identifying the cumulative persisting annual savings for the year and calculates, under paragraph (7) or (8) of this subsection (g), as applicable, any resulting change to the utility's return on equity component of the weighted average cost of capital applicable to the next plan year beginning with the January

monthly billing period and extending through the December monthly billing period. However, if the utility recovers the costs incurred under this Section under paragraphs (2) and (3) of subsection (d) of this Section, then the utility shall not be required to submit such informational filing, and shall instead submit the information that would otherwise be included in the informational filing as part of its filing under paragraph (3) of such subsection (d) that is due on or before June 1 of each year.

For those utilities that must submit the informational filing, the Commission may, on its own motion or by petition, initiate an investigation of such filing, provided, however, that the utility's proposed return on equity calculation shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section.

The adjustments to the return on equity component described in paragraphs (7) and (8) of this subsection (g) shall be applied as described in such paragraphs through a separate tariff mechanism, which shall be filed by the utility under subsections (f) and (g) of this Section.

(h) No more than 6% of energy efficiency and demand-response program revenue may be allocated for research, development, or pilot deployment of new equipment or measures.

(i) When practicable, electric utilities shall incorporate advanced metering infrastructure data into the planning, implementation, and evaluation of energy efficiency measures and programs, subject to the data privacy and confidentiality protections of applicable law.

(j) The independent evaluator shall follow the guidelines and use the savings set forth in Commission-approved energy efficiency policy manuals and technical reference manuals, as each may be updated from time to time. Until such time as measure life values for energy efficiency measures implemented for low-income households under subsection (c) of this Section are incorporated into such Commission-approved manuals, the low-income measures shall have the same measure life values that are established for same measures implemented in households that are not low-income households.

(k) Notwithstanding any provision of law to the contrary, an electric utility subject to the requirements of this Section may file a tariff

New matter indicated by italics - deletions by strikeout
cancelling an automatic adjustment clause tariff in effect under this Section or Section 8-103, which shall take effect no later than one business day after the date such tariff is filed. Thereafter, the utility shall be authorized to defer and recover its expenditures incurred under this Section through a new tariff authorized under subsection (d) of this Section or in the utility's next rate case under Article IX or Section 16-108.5 of this Act, with interest at an annual rate equal to the utility's weighted average cost of capital as approved by the Commission in such case. If the utility elects to file a new tariff under subsection (d) of this Section, the utility may file the tariff within 10 days after June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly, and the cost inputs to such tariff shall be based on the projected costs to be incurred by the utility during the calendar year in which the new tariff is filed and that were not recovered under the tariff that was cancelled as provided for in this subsection. Such costs shall include those incurred or to be incurred by the utility under its multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The Commission shall, after notice and hearing, approve, or approve with modification, such tariff and cost inputs no later than 75 days after the utility filed the tariff, provided that such approval, or approval with modification, shall be consistent with the provisions of this Section to the extent they do not conflict with this subsection (k). The tariff approved by the Commission shall take effect no later than 5 days after the Commission enters its order approving the tariff.

No later than 60 days after the effective date of the tariff cancelling the utility's automatic adjustment clause tariff, the utility shall file a reconciliation that reconciles the moneys collected under its automatic adjustment clause tariff with the costs incurred during the period beginning June 1, 2016 and ending on the date that the electric utility's automatic adjustment clause tariff was cancelled. In the event the reconciliation reflects an under-collection, the utility shall recover the costs as specified in this subsection (k). If the reconciliation reflects an over-collection, the utility shall apply the amount of such over-collection as a one-time credit to retail customers' bills.

(l) For the calendar years covered by a multi-year plan commencing after December 31, 2017, subsections (a) through (j) of this Section do not apply to any retail customers of an electric utility that
serves more than 3,000,000 retail customers in the State and whose total highest 30 minute demand was more than 10,000 kilowatts, or any retail customers of an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State and whose total highest 15 minute demand was more than 10,000 kilowatts. For purposes of this subsection (l), "retail customer" has the meaning set forth in Section 16-102 of this Act. A determination of whether this subsection is applicable to a customer shall be made for each multi-year plan beginning after December 31, 2017. The criteria for determining whether this subsection (l) is applicable to a retail customer shall be based on the 12 consecutive billing periods prior to the start of the first year of each such multi-year plan.

(m) Notwithstanding the requirements of this Section, as part of a proceeding to approve a multi-year plan under subsections (f) and (g) of this Section, the Commission shall reduce the amount of energy efficiency measures implemented for any single year, and whose costs are recovered under subsection (d) of this Section, by an amount necessary to limit the estimated average net increase due to the cost of the measures to no more than

(1) 3.5% for each of the 4 years beginning January 1, 2018,
(2) 3.75% for each of the 4 years beginning January 1, 2022, and
(3) 4% for each of the 5 years beginning January 1, 2026,

of the average amount paid per kilowatthour by residential eligible retail customers during calendar year 2015. To determine the total amount that may be spent by an electric utility in any single year, the applicable percentage of the average amount paid per kilowatthour shall be multiplied by the total amount of energy delivered by such electric utility in the calendar year 2015, adjusted to reflect the proportion of the utility's load attributable to customers who are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section. For purposes of this subsection (m), the amount paid per kilowatthour includes, without limitation, estimated amounts paid for supply, transmission, distribution, surcharges, and add-on taxes. For purposes of this Section, "eligible retail customers" shall have the meaning set forth in Section 16-111.5 of this Act. Once the Commission has approved a plan under subsections (f) and (g) of this Section, no subsequent rate impact determinations shall be made.

(c) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission to a mental health facility as provided in the Mental Health and Developmental Disabilities Code operates as an automatic suspension. The suspension may end only upon a finding by a court that the licensee is no longer subject to involuntary admission or judicial admission, the issuance of an order so finding and discharging the patient, and the recommendation of the Board to the Secretary that the licensee be allowed to resume practice.

(d) In enforcing this Section, the Department, upon a showing of a possible violation, may compel any person licensed to practice under this
Act or who has applied for licensure or certification pursuant to this Act to submit to a mental or physical examination, or both, as required by and at the expense of the Department. If the Department finds an individual unable to practice because of the reasons set forth in this Section, the Department may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department, as a condition, term, or restriction for continued, restored, or renewed licensure to practice or, in lieu of care, counseling, or treatment, the Department may file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual.

Any person whose license was granted, continued, restored, renewed, disciplined, or supervised subject to such terms, conditions, or restrictions and who fails to comply with such terms, conditions, or restrictions shall be referred to the Secretary for a determination as to whether the person shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the subject person's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Disciplinary Board, shall adopt rules which set forth standards to be used in determining:

(a) when a person will be deemed sufficiently rehabilitated to warrant the public trust;
(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;
(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and
(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Disciplinary Board or the Licensing Board, upon a showing of a possible violation, may compel, in the case of the Disciplinary Board, any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or, in the case of the Licensing Board, any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or
Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual
submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals, approved or designated by the Disciplinary Board, as a condition for issued, continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Illinois State Medical Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

(B) The Department shall revoke the license or permit issued under this Act to practice medicine or a chiropractic physician who has been

convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or permit is revoked under this subsection B shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Department shall not revoke, suspend, place on probation, reprimand, refuse to issue or renew, or take any other disciplinary or non-disciplinary action against the license or permit issued under this Act to practice medicine to a physician:

(1) based solely upon the recommendation of the physician to an eligible patient regarding, or prescription for, or treatment with, an investigational drug, biological product, or device; or

(2) for experimental treatment for Lyme disease or other tick-borne diseases, including, but not limited to, the prescription of or treatment with long-term antibiotics.

(D) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. Failure of an individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of his or her license until the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. An individual whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by
applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Section 555. The Illinois Horse Racing Act of 1975 is amended by changing Sections 26 and 26.7 as follows:

(230 ILCS 5/26) (from Ch. 8, par. 37-26)
Sec. 26. Wagering.

(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount

New matter indicated by italics - deletions by strikeout
not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or
country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after August 15, 2014 (the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after August 15, 2014 (the effective date of Public Act 98-968), on horse races conducted at race
tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning August 15, 2015 (one year after the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited

to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, through December 31, 2020, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to June 7, 2013 (the effective date of Public Act 98-18) taken in reliance on the changes made to this subsection (g) by Public Act 98-18 are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the

exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an intertrack wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an inter-track wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an intertrack wagering licensee other than the host track may receive

supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any inter-track wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each inter-track wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the takeout percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

New matter indicated by italics - deletions by strikeout
(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Effective January 1, 2017, notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

(12) The Board shall have authority to compel all host tracks to receive the simulcast of any or all races conducted at the Springfield or DuQuoin State fairgrounds and include all such races as part of their simulcast programs.

(13) Notwithstanding any other provision of this Act, in the event that the total Illinois pari-mutuel handle on Illinois horse races at all wagering facilities in any calendar year is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at all such wagering facilities for calendar year 1994, then each wagering facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-

mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an
average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may receive inter-track wagering location licenses.

An eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 9 inter-track wagering locations, an eligible race track located in Stickney Township in Cook County may establish up to 16 inter-track wagering locations, and an eligible race track located in Palatine Township in Cook County may establish up to 18 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 160 miles of that race track where the particular organization licensee is licensed to conduct racing. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be...
conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to inter-track wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be paid to purses shall be paid to purses for thoroughbred races.

remainder of the monies retained under either Section 26 or
Section 26.2 of this Act by the inter-track wagering licensee on
inter-track wagering shall be allocated with 50% to be split
between the 2 participating licensees and 50% to purses, except
that an inter-track wagering licensee that derives its license from a
track located in a county with a population in excess of 230,000
and that borders the Mississippi River shall not divide any
remaining retention with the Illinois organization licensee that
provides the race or races, and an inter-track wagering licensee that
accepts wagers on races conducted by an organization licensee that
conducts a race meet in a county with a population in excess of
230,000 and that borders the Mississippi River shall not divide any
remaining retention with that organization licensee.

(B) From the sums permitted to be retained pursuant to this
Act each inter-track wagering location licensee shall pay (i) the
privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-
utuel handle on inter-track wagering at such location on races as
purses, except that an inter-track wagering location licensee that
derives its license from a track located in a county with a
population in excess of 230,000 and that borders the Mississippi
River shall retain all purse moneys for its own purse account
consistent with distribution set forth in this subsection (h), and
inter-track wagering location licensees that accept wagers on races
conducted by an organization licensee located in a county with a
population in excess of 230,000 and that borders the Mississippi
River shall distribute all purse moneys to purses at the operating
host track; (iii) until January 1, 2000, except as provided in

handle wagered on inter-track wagering and simulcast wagering at
each inter-track wagering location licensee facility to the Horse
Racing Tax Allocation Fund, provided that, to the extent the total
amount collected and distributed to the Horse Racing Tax
Allocation Fund under this subsection (h) during any calendar year
exceeds the amount collected and distributed to the Horse Racing
Tax Allocation Fund during calendar year 1994, that excess
amount shall be redistributed (I) to all inter-track wagering location
licensees, based on each licensee's pro rata share of the
total handle from inter-track wagering and simulcast wagering for
all inter-track wagering location licensees during the calendar year.

in which this provision is applicable; then (II) the amounts redistributed to each inter-track wagering location licensee as described in subpart (I) shall be further redistributed as provided in subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 provided first, that the shares of those amounts, which are to be redistributed to the host track or to purses at the host track under subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 shall be redistributed based on each host track's pro rata share of the total inter-track wagering and simulcast wagering handle at all host tracks during the calendar year in question, and second, that any amounts redistributed as described in part (I) to an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall be further redistributed, effective January 1, 2017, as provided in paragraph (7) of subsection (g) of this Section 26, with the portion of that further redistribution allocated to purses at that organization licensee to be divided between standardbred purses and thoroughbred purses based on the amounts otherwise allocated to purses at that organization licensee during the calendar year in question; and (iv) 8% of the pari-mutuel handle on inter-track wagering wagered at such location to satisfy all costs and expenses of conducting its wagering. The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee. Notwithstanding the provisions of clauses (ii) and (iv) of this paragraph, in the case of the additional inter-track wagering location licenses authorized under paragraph (1) of this subsection (h) by Public Act 87-110, those licensees shall pay the following

Moneys remaining in the Fund after December 31, 1999 shall be paid into the General Revenue Fund. Until January 1, 2000, all monies paid into the Horse Racing Tax Allocation Fund pursuant to this paragraph (11) by inter-track wagering location licensees located in park districts of 500,000 population or less, or in a municipality that is not included within any park district but is included within a conservation district and is the county seat of a county that (i) is contiguous to the state of Indiana and (ii) has a 1990 population of 88,257 according to the United States Bureau of the Census, and operating on May 1, 1994 shall be allocated by appropriation as follows:

upon the State Commission's determination, upon notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation. Except in the case of an action taken pursuant to a violation of Section 6-3, 6-5, or 6-9, any action by the State Commission to suspend or revoke a licensee's license may be limited to the license for the specific premises where the violation occurred. An action for a violation of this Act shall be commenced by the State Commission within 2 years after the date the State Commission becomes aware of the violation.

In lieu of suspending or revoking a license, the commission may impose a fine, upon the State Commission's determination and notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation.

For the purpose of this paragraph (1), when determining multiple violations for the sale of alcohol to a person under the age of 21, a second or subsequent violation for the sale of alcohol to a person under the age of 21 shall only be considered if it was committed within 5 years after the date when a prior violation for the sale of alcohol to a person under the age of 21 was committed.

The fine imposed under this paragraph may not exceed $500 for each violation. Each day that the activity, which gave rise to the original fine, continues is a separate violation. The maximum fine that may be levied against any licensee, for the period of the license, shall not exceed $20,000. The maximum penalty that may be imposed on a licensee for selling a bottle of alcoholic liquor with a foreign object in it or serving from a bottle of alcoholic liquor with a foreign object in it shall be the destruction of that bottle of alcoholic liquor for the first 10 bottles so sold or served from by the licensee. For the eleventh bottle of alcoholic liquor and for each third bottle thereafter sold or served from by the licensee with a foreign object in it, the maximum penalty that may be imposed on the licensee is the destruction of the bottle of alcoholic liquor and a fine of up to $50.

Any notice issued by the State Commission to a licensee for a violation of this Act or any notice with respect to settlement or offer in compromise shall include the field report, photographs, and any other supporting documentation necessary to reasonably

(5) To inspect, or cause to be inspected, any premises in this State where alcoholic liquors are manufactured, distributed, warehoused, or sold. Nothing in this Act authorizes an agent of the Commission to inspect private areas within the premises without reasonable suspicion or a warrant during an inspection. “Private areas” include, but are not limited to, safes, personal property, and closed desks.

(5.1) Upon receipt of a complaint or upon having knowledge that any person is engaged in business as a manufacturer, importing distributor, distributor, or retailer without a license or valid license, to notify the local liquor authority, file a complaint with the State's Attorney's Office of the county where the incident occurred, or initiate an investigation with the appropriate law enforcement officials.

(5.2) To issue a cease and desist notice to persons shipping alcoholic liquor into this State from a point outside of this State if the shipment is in violation of this Act.

(5.3) To receive complaints from licensees, local officials, law enforcement agencies, organizations, and persons stating that any licensee has been or is violating any provision of this Act or the rules and regulations issued pursuant to this Act. Such

complaints shall be in writing, signed and sworn to by the person making the complaint, and shall state with specificity the facts in relation to the alleged violation. If the Commission has reasonable grounds to believe that the complaint substantially alleges a violation of this Act or rules and regulations adopted pursuant to this Act, it shall conduct an investigation. If, after conducting an investigation, the Commission is satisfied that the alleged violation did occur, it shall proceed with disciplinary action against the licensee as provided in this Act.

(6) To hear and determine appeals from orders of a local commission in accordance with the provisions of this Act, as hereinafter set forth. Hearings under this subsection shall be held in Springfield or Chicago, at whichever location is the more convenient for the majority of persons who are parties to the hearing.

(7) The commission shall establish uniform systems of accounts to be kept by all retail licensees having more than 4 employees, and for this purpose the commission may classify all retail licensees having more than 4 employees and establish a uniform system of accounts for each class and prescribe the manner in which such accounts shall be kept. The commission may also prescribe the forms of accounts to be kept by all retail licensees having more than 4 employees, including but not limited to accounts of earnings and expenses and any distribution, payment, or other distribution of earnings or assets, and any other forms, records and memoranda which in the judgment of the commission may be necessary or appropriate to carry out any of the provisions of this Act, including but not limited to such forms, records and memoranda as will readily and accurately disclose at all times the beneficial ownership of such retail licensed business. The accounts, forms, records and memoranda shall be available at all reasonable times for inspection by authorized representatives of the State Commission or by any local liquor control commissioner or his or her authorized representative. The commission, may, from time to time, alter, amend or repeal, in whole or in part, any uniform system of accounts, or the form and manner of keeping accounts.

Any circuit court may by order duly entered, require the attendance of witnesses and the production of relevant books subpoenaed by the State Commission and the court may compel obedience to its order by proceedings for contempt.

(9) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him or her to the legislature of this State, such amendments to this Act, if any, as it may think desirable and as will serve to further the general broad purposes contained in Section 1-2 hereof.

As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.

(B) The amount of licensing fees received.

(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.

(D) The number of alcohol compliance operations conducted.

(E) The number of winery shipper's licenses issued.

(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this Act to the Illinois...
(A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or Public Act 95-634 or a bona fide investigation by duly sworn law enforcement officers, the Commission may not require an application for a self-distribution exemption to include any matter not specified in this Act.
enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this paragraph subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this paragraph subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18)(A) A class 1 brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons of the exemption holder's beer per year to retail licensees and to brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, or both beer and cider to non-licensees at their breweries.

(B) In the application, which shall be sworn under penalty of perjury, the class 1 brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days prior to action by the State
Commission. The State Commission shall approve the application for a self-distribution exemption if the class 1 brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufactures more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of beer; (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees or to brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, or both beer and cider to non-licensees at their breweries; and (5) has relinquished any brew pub license held by the licensee, including any ownership interest it held in the licensed brew pub.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The State Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 90-739 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of Public Act 90-739;

(a) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1993, the Illinois Department shall reimburse ambulance service providers at rates calculated in accordance with this Section. It is the intent of the General Assembly to provide adequate reimbursement for ambulance services so as to ensure adequate access to services for recipients of aid under this Article and to provide appropriate incentives to ambulance service providers to provide services in an efficient and cost-effective manner. Thus, it is the intent of the General Assembly that the Illinois Department implement a reimbursement system for ambulance services that, to the extent practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, is consistent with the payment principles of Medicare. To ensure uniformity between the payment principles of Medicare and Medicaid, the Illinois Department shall follow, to the extent necessary and practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, the statutes, laws, regulations, policies, procedures, principles, definitions, guidelines, and manuals used to determine the amounts paid to ambulance service providers under Title XVIII of the Social Security Act (Medicare).

(b) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1996, the Illinois Department shall reimburse ambulance service providers based upon the actual distance traveled if a natural disaster, weather conditions, road repairs, or traffic congestion necessitates the use of a route other than the most direct route.

(c) For purposes of this Section, "ambulance services" includes medical transportation services provided by means of an ambulance, med-icar, service car, or taxi.

(c-1) For purposes of this Section, "ground ambulance service" means medical transportation services that are described as ground ambulance services by the Centers for Medicare and Medicaid Services and provided in a vehicle that is licensed as an ambulance by the Illinois Department of Public Health pursuant to the Emergency Medical Services (EMS) Systems Act.

Medical Services (EMS) Systems Act that operates licensed ambulances for the purpose of providing emergency ambulance services, or non-emergency ambulance services, or both. For purposes of this Section, this includes both ambulance providers and ambulance suppliers as described by the Centers for Medicare and Medicaid Services.

(c-3) For purposes of this Section, "medi-car" means transportation services provided to a patient who is confined to a wheelchair and requires the use of a hydraulic or electric lift or ramp and wheelchair lockdown when the patient's condition does not require medical observation, medical supervision, medical equipment, the administration of medications, or the administration of oxygen.

(c-4) For purposes of this Section, "service car" means transportation services provided to a patient by a passenger vehicle where that patient does not require the specialized modes described in subsection (c-1) or (c-3).

(d) This Section does not prohibit separate billing by ambulance service providers for oxygen furnished while providing advanced life support services.

(e) Beginning with services rendered on or after July 1, 2008, all providers of non-emergency medi-car and service car transportation must certify that the driver and employee attendant, as applicable, have completed a safety program approved by the Department to protect both the patient and the driver, prior to transporting a patient. The provider must maintain this certification in its records. The provider shall produce such documentation upon demand by the Department or its representative. Failure to produce documentation of such training shall result in recovery of any payments made by the Department for services rendered by a non-certified driver or employee attendant. Medi-car and service car providers must maintain legible documentation in their records of the driver and, as applicable, employee attendant that actually transported the patient. Providers must recertify all drivers and employee attendants every 3 years.

Notwithstanding the requirements above, any public transportation provider of medi-car and service car transportation that receives federal funding under 49 U.S.C. 5307 and 5311 need not certify its drivers and employee attendants under this Section, since safety training is already federally mandated.

(f) With respect to any policy or program administered by the Department or its agent regarding approval of non-emergency medical transportation by ground ambulance service providers, including, but not
limited to, the Non-Emergency Transportation Services Prior Approval Program (NETSPAP), the Department shall establish by rule a process by which ground ambulance service providers of non-emergency medical transportation may appeal any decision by the Department or its agent for which no denial was received prior to the time of transport that either (i) denies a request for approval for payment of non-emergency transportation by means of ground ambulance service or (ii) grants a request for approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than the ground ambulance service provider would have received as compensation for the level of service requested. The rule shall be filed by December 15, 2012 and shall provide that, for any decision rendered by the Department or its agent on or after the date the rule takes effect, the ground ambulance service provider shall have 60 days from the date the decision is received to file an appeal. The rule established by the Department shall be, insofar as is practical, consistent with the Illinois Administrative Procedure Act. The Director's decision on an appeal under this Section shall be a final administrative decision subject to review under the Administrative Review Law.

(f-5) Beginning 90 days after July 20, 2012 (the effective date of Public Act 97-842), (i) no denial of a request for approval for payment of non-emergency transportation by means of ground ambulance service, and (ii) no approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than would have been received at the level of service submitted by the ground ambulance service provider, may be issued by the Department or its agent unless the Department has submitted the criteria for determining the appropriateness of the transport for first notice publication in the Illinois Register pursuant to Section 5-40 of the Illinois Administrative Procedure Act.

(g) Whenever a patient covered by a medical assistance program under this Code or by another medical program administered by the Department, including a patient covered under the State's Medicaid managed care program, is being transported from a facility and requires non-emergency transportation including ground ambulance, medi-car, or service car transportation, a Physician Certification Statement as described in this Section shall be required for each patient. Facilities shall develop

procedures for a licensed medical professional to provide a written and signed Physician Certification Statement. The Physician Certification Statement shall specify the level of transportation services needed and complete a medical certification establishing the criteria for approval of non-emergency ambulance transportation, as published by the Department of Healthcare and Family Services, that is met by the patient. This certification shall be completed prior to ordering the transportation service and prior to patient discharge. The Physician Certification Statement is not required prior to transport if a delay in transport can be expected to negatively affect the patient outcome.

The medical certification specifying the level and type of non-emergency transportation needed shall be in the form of the Physician Certification Statement on a standardized form prescribed by the Department of Healthcare and Family Services. Within 75 days after July 27, 2018 (the effective date of Public Act 100-646) this amendatory Act of the 100th General Assembly, the Department of Healthcare and Family Services shall develop a standardized form of the Physician Certification Statement specifying the level and type of transportation services needed in consultation with the Department of Public Health, Medicaid managed care organizations, a statewide association representing ambulance providers, a statewide association representing hospitals, 3 statewide associations representing nursing homes, and other stakeholders. The Physician Certification Statement shall include, but is not limited to, the criteria necessary to demonstrate medical necessity for the level of transport needed as required by (i) the Department of Healthcare and Family Services and (ii) the federal Centers for Medicare and Medicaid Services as outlined in the Centers for Medicare and Medicaid Services' Medicare Benefit Policy Manual, Pub. 100-02, Chap. 10, Sec. 10.2.1, et seq. The use of the Physician Certification Statement shall satisfy the obligations of hospitals under Section 6.22 of the Hospital Licensing Act and nursing homes under Section 2-217 of the Nursing Home Care Act. Implementation and acceptance of the Physician Certification Statement shall take place no later than 90 days after the issuance of the Physician Certification Statement by the Department of Healthcare and Family Services.

Pursuant to subsection (E) of Section 12-4.25 of this Code, the Department is entitled to recover overpayments paid to a provider or vendor, including, but not limited to, from the discharging physician, the discharging facility, and the ground ambulance service provider, in

instances where a non-emergency ground ambulance service is rendered as the result of improper or false certification.

Beginning October 1, 2018, the Department of Healthcare and Family Services shall collect data from Medicaid managed care organizations and transportation brokers, including the Department's NETSPAP broker, regarding denials and appeals related to the missing or incomplete Physician Certification Statement forms and overall compliance with this subsection. The Department of Healthcare and Family Services shall publish quarterly results on its website within 15 days following the end of each quarter.

(h) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

(i) On and after July 1, 2018, the Department shall increase the base rate of reimbursement for both base charges and mileage charges for ground ambulance service providers for medical transportation services provided by means of a ground ambulance to a level not lower than 112% of the base rate in effect as of June 30, 2018.

access and uncompensated care, as defined by the Illinois Department on June 30, 1992.

(2) For the purpose of calculating the inpatient payment rate for each hospital eligible to receive quarterly adjustment payments for targeted access and critical care, as defined by the Illinois Department on June 30, 1992, the adjustment payment for the period July 1, 1992 through September 30, 1992, shall be 25% of the annual adjustment payments calculated for each eligible hospital, as of June 30, 1992. The Illinois Department shall determine by rule the adjustment payments for targeted access and critical care beginning October 1, 1992.

(3) For the purpose of calculating the inpatient payment rate for each hospital eligible to receive quarterly adjustment payments for uncompensated care, as defined by the Illinois Department on June 30, 1992, the adjustment payment for the period August 1, 1992 through September 30, 1992, shall be one-sixth of the total uncompensated care adjustment payments calculated for each eligible hospital for the uncompensated care rate year, as defined by the Illinois Department, ending on July 31, 1992. The Illinois Department shall determine by rule the adjustment payments for uncompensated care beginning October 1, 1992.

(b) Inpatient payments. For inpatient services provided on or after October 1, 1993, in addition to rates paid for hospital inpatient services pursuant to the Illinois Health Finance Reform Act, as now or hereafter amended, or the Illinois Department's prospective reimbursement methodology, or any other methodology used by the Illinois Department for inpatient services, the Illinois Department shall make adjustment payments, in an amount calculated pursuant to the methodology described in paragraph (c) of this Section, to hospitals that the Illinois Department determines satisfy any one of the following requirements:

(1) Hospitals that are described in Section 1923 of the federal Social Security Act, as now or hereafter amended, except that for rate year 2015 and after a hospital described in Section 1923(b)(1)(B) of the federal Social Security Act and qualified for the payments described in subsection (c) of this Section for rate year 2014 provided the hospital continues to meet the description in Section 1923(b)(1)(B) in the current determination year; or

(4) Illinois hospitals that:
   (A) have a Medicaid inpatient utilization rate that is at least equal to the mean Medicaid inpatient utilization rate for all hospitals in Illinois receiving Medicaid payments from the Department; and
   (B) also have a Medicaid obstetrical inpatient utilization rate that is at least one standard deviation above the mean Medicaid obstetrical inpatient utilization rate for all hospitals in Illinois receiving Medicaid payments from the Department for obstetrical services; or

(5) Any children's hospital, which means a hospital devoted exclusively to caring for children. A hospital which includes a facility devoted exclusively to caring for children shall be considered a children's hospital to the degree that the hospital's Medicaid care is provided to children if either (i) the facility devoted exclusively to caring for children is separately licensed as a hospital by a municipality prior to February 28, 2013; (ii) the hospital has been designated by the State as a Level III perinatal care facility, has a Medicaid Inpatient Utilization rate greater than 55% for the rate year 2003 disproportionate share determination, and has more than 10,000 qualified children days as defined by the Department in rulemaking; (iii) the hospital has been designated as a Perinatal Level III center by the State as of December 1, 2017, is a Pediatric Critical Care Center designated by the State as of December 1, 2017 and has a 2017 Medicaid inpatient utilization rate equal to or greater than 45%; or (iv) the hospital has been designated as a Perinatal Level II center by the State as of

(c) Inpatient adjustment payments. The adjustment payments required by paragraph (b) shall be calculated based upon the hospital's Medicaid inpatient utilization rate as follows:

(1) hospitals with a Medicaid inpatient utilization rate below the mean shall receive a per day adjustment payment equal to $25;

(2) hospitals with a Medicaid inpatient utilization rate that is equal to or greater than the mean Medicaid inpatient utilization rate but less than one standard deviation above the mean Medicaid inpatient utilization rate shall receive a per day adjustment payment equal to the sum of $25 plus $1 for each one percent that the hospital's Medicaid inpatient utilization rate exceeds the mean Medicaid inpatient utilization rate;

(3) hospitals with a Medicaid inpatient utilization rate that is equal to or greater than one standard deviation above the mean Medicaid inpatient utilization rate but less than 1.5 standard deviations above the mean Medicaid inpatient utilization rate shall receive a per day adjustment payment equal to the sum of $40 plus $7 for each one percent that the hospital's Medicaid inpatient utilization rate exceeds one standard deviation above the mean Medicaid inpatient utilization rate; and

adjustment payments shall not be classified as adjustment payments to disproportionate share hospitals.

(e) The inpatient adjustment payments described in paragraphs (c) and (d) shall be increased on October 1, 1993 and annually thereafter by a percentage equal to the lesser of (i) the increase in the DRI hospital cost index for the most recent 12 month period for which data are available, or (ii) the percentage increase in the statewide average hospital payment rate over the previous year's statewide average hospital payment rate. The sum of the inpatient adjustment payments under paragraphs (c) and (d) to a hospital, other than a county hospital (as defined in subsection (c) of Section 15-1 of this Code) or a hospital organized under the University of Illinois Hospital Act, however, shall not exceed $275 per day; that limit shall be increased on October 1, 1993 and annually thereafter by a percentage equal to the lesser of (i) the increase in the DRI hospital cost index for the most recent 12-month period for which data are available or (ii) the percentage increase in the statewide average hospital payment rate over the previous year's statewide average hospital payment rate.

(f) Children's hospital inpatient adjustment payments. For children's hospitals, as defined in clause (5) of paragraph (b), the adjustment payments required pursuant to paragraphs (c) and (d) shall be multiplied by 2.0.

(h) For the purposes of this Section the following terms shall be defined as follows:

(1) "Medicaid inpatient utilization rate" means a fraction, the numerator of which is the number of a hospital's inpatient days provided in a given 12-month period to patients who, for such days, were eligible for Medicaid under Title XIX of the federal Social Security Act, and the denominator of which is the total number of the hospital's inpatient days in that same period.

(2) "Mean Medicaid inpatient utilization rate" means the total number of Medicaid inpatient days provided by all Illinois Medicaid-participating hospitals divided by the total number of inpatient days provided by those same hospitals.

(3) "Medicaid obstetrical inpatient utilization rate" means the ratio of Medicaid obstetrical inpatient days to total Medicaid
inpatient days for all Illinois hospitals receiving Medicaid payments from the Illinois Department.

(i) Inpatient adjustment payment limit. In order to meet the limits of Public Law 102-234 and Public Law 103-66, the Illinois Department shall by rule adjust disproportionate share adjustment payments.

(j) University of Illinois Hospital inpatient adjustment payments. For hospitals organized under the University of Illinois Hospital Act, there shall be an adjustment payment as determined by rules adopted by the Illinois Department.

(k) The Illinois Department may by rule establish criteria for and develop methodologies for adjustment payments to hospitals participating under this Article.

(l) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

(m) The Department shall establish a cost-based reimbursement methodology for determining payments to hospitals for approved graduate medical education (GME) programs for dates of service on and after July 1, 2018.

(5) As used in this subsection, "managed care days" means costs associated with services rendered to enrollees of Medicaid managed care entities. "Medicaid managed care entities" means any entity which contracts with the Department to provide services paid for on a capitated basis. "Medicaid managed care entities" includes a managed care organization and a managed care community network.

(6) All payments under this Section are contingent upon federal approval of changes to the Illinois Title XIX State Plan, if that approval is required.

(7) The Department may adopt rules necessary to implement Public Act 100-581 this amendatory Act of the 100th General Assembly through the use of emergency rulemaking in accordance with subsection (aa) of Section 5-45 of the Illinois Administrative Procedure Act. Sec. 5-30.8. Managed care organization rate transparency.

(a) For the establishment of managed care organization (MCO) capitation base rate payments from the State, including, but not limited to: (i) hospital fee schedule reforms and updates, (ii) rates related to a single State-mandated preferred drug list, (iii) rate updates related to the State's preferred drug list, (iv) inclusion of coverage for children with special

needs, (v) inclusion of coverage for children within the child welfare system, (vi) annual MCO capitation rates, and (vii) any retroactive provider fee schedule adjustments or other changes required by legislation or other actions, the Department of Healthcare and Family Services shall implement a capitation base rate setting process beginning on July 27, 2018 (the effective date of Public Act 100-646) this amendatory Act of the 100th General Assembly which shall include all of the following elements of transparency:

1. The Department shall include participating MCOs and a statewide trade association representing a majority of participating MCOs in meetings to discuss the impact to base capitation rates as a result of any new or updated hospital fee schedules or other provider fee schedules. Additionally, the Department shall share any data or reports used to develop MCO capitation rates with participating MCOs. This data shall be comprehensive enough for MCO actuaries to recreate and verify the accuracy of the capitation base rate build-up.

2. The Department shall not limit the number of experts that each MCO is allowed to bring to the draft capitation base rate meeting or the final capitation base rate review meeting. Draft and final capitation base rate review meetings shall be held in at least 2 locations.

3. The Department and its contracted actuary shall meet with all participating MCOs simultaneously and together along with consulting actuaries contracted with statewide trade association representing a majority of Medicaid health plans at the request of the plans. Participating MCOs shall additionally, at their request, be granted individual capitation rate development meetings with the Department.

4. Any quality incentive or other incentive withholding of any portion of the actuarially certified capitation rates must be budget-neutral. The entirety of any aggregate withheld amounts must be returned to the MCOs in proportion to their performance on the relevant performance metric. No amounts shall be returned to the Department if all performance measures are not achieved to the extent allowable by federal law and regulations.

5. Upon request, the Department shall provide written responses to questions regarding MCO capitation base rates, the capitation base development methodology, and MCO capitation
rate data, and all other requests regarding capitation rates from MCOs. Upon request, the Department shall also provide to the MCOs materials used in incorporating provider fee schedules into base capitation rates.

(b) For the development of capitation base rates for new capitation rate years:

(1) The Department shall take into account emerging experience in the development of the annual MCO capitation base rates, including, but not limited to, current-year cost and utilization trends observed by MCOs in an actuarially sound manner and in accordance with federal law and regulations.

(2) No later than January 1 of each year, the Department shall release an agreed upon annual calendar that outlines dates for capitation rate setting meetings for that year. The calendar shall include at least the following meetings and deadlines:

(A) An initial meeting for the Department to review MCO data and draft rate assumptions to be used in the development of capitation base rates for the following year.

(B) A draft rate meeting after the Department provides the MCOs with the draft capitation base rates to discuss, review, and seek feedback regarding the draft capitation base rates.

(3) Prior to the submission of final capitation rates to the federal Centers for Medicare and Medicaid Services, the Department shall provide the MCOs with a final actuarial report including the final capitation base rates for the following year and subsequently conduct a final capitation base review meeting. Final capitation rates shall be marked final.

(c) For the development of capitation base rates reflecting policy changes:

(1) Unless contrary to federal law and regulation, the Department must provide notice to MCOs of any significant operational policy change no later than 60 days prior to the effective date of an operational policy change in order to give MCOs time to prepare for and implement the operational policy change and to ensure that the quality and delivery of enrollee health care is not disrupted. "Operational policy change" means a change to operational requirements such as reporting formats, encounter submission definitional changes, or required provider
interfaces made at the sole discretion of the Department and not required by legislation with a retroactive effective date. Nothing in this Section shall be construed as a requirement to delay or prohibit implementation of policy changes that impact enrollee benefits as determined in the sole discretion of the Department.

(2) No later than 60 days after the effective date of the policy change or program implementation, the Department shall meet with the MCOs regarding the initial data collection needed to establish capitation base rates for the policy change. Additionally, the Department shall share with the participating MCOs what other data is needed to estimate the change and the processes for collection of that data that shall be utilized to develop capitation base rates.

(3) No later than 60 days after the effective date of the policy change or program implementation, the Department shall meet with MCOs to review data and the Department's written draft assumptions to be used in development of capitation base rates for the policy change, and shall provide opportunities for questions to be asked and answered.

(4) No later than 60 days after the effective date of the policy change or program implementation, the Department shall provide the MCOs with draft capitation base rates and shall also conduct a draft capitation base rate meeting with MCOs to discuss, review, and seek feedback regarding the draft capitation base rates.

(d) For the development of capitation base rates for retroactive policy or fee schedule changes:

(1) The Department shall meet with the MCOs regarding the initial data collection needed to establish capitation base rates for the policy change. Additionally, the Department shall share with the participating MCOs what other data is needed to estimate the change and the processes for collection of the data that shall be utilized to develop capitation base rates.

(2) The Department shall meet with MCOs to review data and the Department's written draft assumptions to be used in development of capitation base rates for the policy change. The Department shall provide opportunities for questions to be asked and answered.

(3) The Department shall provide the MCOs with draft capitation rates and shall also conduct a draft rate meeting with
MCOs to discuss, review, and seek feedback regarding the draft capitation base rates.

(4) The Department shall inform MCOs no less than quarterly of upcoming benefit and policy changes to the Medicaid program.

(e) Meetings of the group established to discuss Medicaid capitation rates under this Section shall be closed to the public and shall not be subject to the Open Meetings Act. Records and information produced by the group established to discuss Medicaid capitation rates under this Section shall be confidential and not subject to the Freedom of Information Act.

Disenrollment of a Medicaid enrollee from a managed care organization under contract with the Department shall be in accordance with the requirements of 42 CFR 438.56 whenever a contract is terminated between a Medicaid managed care health plan and a primary care provider that results in a disruption to the Medicaid enrollee's provider-beneficiary relationship.

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low-income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
(2) families transitioning from TANF to work;
(3) families at risk of becoming recipients of TANF;
(4) families with special needs as defined by rule;
(5) working families with very low incomes as defined by rule;
(6) families that are not recipients of TANF and that need child care assistance to participate in education and training activities; and
(7) families with children under the age of 5 who have an open intact family services case with the Department of Children

and Family Services. Any family that receives child care assistance in accordance with this paragraph shall remain eligible for child care assistance 6 months after the child's intact family services case is closed, regardless of whether the child's parents or other relatives as defined by rule are working or participating in Department approved employment or education or training programs. The Department of Human Services, in consultation with the Department of Children and Family Services, shall adopt rules to protect the privacy of families who are the subject of an open intact family services case when such families enroll in child care services. Additional rules shall be adopted to offer children who have an open intact family services case the opportunity to receive an Early Intervention screening and other services that their families may be eligible for as provided by the Department of Human Services.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

A family's eligibility for child care services shall be redetermined no sooner than 12 months following the initial determination or most recent redetermination. During the 12-month periods, the family shall remain eligible for child care services regardless of (i) a change in family income, unless family income exceeds 85% of State median income, or (ii) a temporary change in the ongoing status of the parents or other relatives, as defined by rule, as working or attending a job training or educational program.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size. Notwithstanding any other provision of law or administrative rule to

the contrary, beginning in fiscal year 2019, the specified threshold for working families with very low incomes as defined by rule must be no less than 185% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal, and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
(2) a licensed child care home or home exempt from licensing;
(3) a licensed group child care home;
(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of January 1, 2006 (the effective date of Public Act 94-320) this amendatory Act of the

94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including, but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

(d) The Illinois Department shall establish, by rule, a co-payment scale that provides for cost sharing by families that receive child care services, including parents whose only income is from assistance under this Code. The co-payment shall be based on family income and family size and may be based on other factors as appropriate. Co-payments may be waived for families whose incomes are at or below the federal poverty level.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

1. findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;

2. recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;

(3) recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and
(4) recommendations for changes in child care program policies that affect the affordability of child care.
(e) (Blank).
(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:
   (1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;
   (2) arranging with other agencies and community volunteer groups for non-reimbursed child care;
   (3) (blank); or
   (4) adopting such other arrangements as the Department determines appropriate.
(f-1) Within 30 days after June 4, 2018 (the effective date of Public Act 100-587) this amendatory Act of the 100th General Assembly, the Department of Human Services shall establish rates for child care providers that are no less than the rates in effect on January 1, 2018 increased by 4.26%.
(f-5) (Blank).
(g) Families eligible for assistance under this Section shall be given the following options:
   (1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or
   (2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

Sec. 12-4.51. Workforce training and healthy families demonstration project.

(a) Subject to the availability of funds provided for this purpose by the federal government, local philanthropic or charitable sources, or other private sources, there is created a 5-year demonstration project within the Department of Human Services to provide an intensive workforce training program for entry-level workers and a multi-generational healthy family initiative. No general revenue funds may be used to fund the demonstration project created under this Section. The demonstration project shall be implemented no later than 6 months after January 1, 2019 (the effective date of Public Act 100-806) this amendatory Act of the 100th General Assembly and shall terminate 5 years after the initial date of implementation. The demonstration project shall be operated and maintained by a non-profit, community-based entity that shall provide the majority of the wages earned by participants enrolled in the workforce training program as well as support services to families, including new and expectant parents, enrolled in the multi-generational healthy family initiative. The total number of participants in the 5-year demonstration project at any one time shall not exceed 500. Participants enrolled in the workforce training program or the multi-generational healthy family initiative shall qualify to have whatever financial assistance they receive from their participation excluded from consideration for purposes of determining eligibility for or the amount of assistance under this Code as provided in subsection (d) of Section 1-7. The selected entity must immediately notify the Department of Human Services or the Department of Healthcare and Family Services whenever a participant enrolled in the workforce training program or the multi-generational healthy family initiative leaves the demonstration project and ceases to participate in any of the programs under the demonstration making the participant ineligible to receive an exemption as provided in subsection (d) of Section 1-7.

(b) The entity selected to operate and maintain the demonstration project shall be a non-profit, community-based entity in good standing with the State that is located in a county with a population of less than 3,000,000. The selected entity must comply with all applicable State and federal requirements and must develop and implement a research component to determine the effectiveness of the demonstration project in promoting and instilling self-sufficiency through its intensive workforce training program and multi-generational healthy family initiative. The
State shall not fund the research component outlined in the Section or any program under the demonstration project.

(c) Beginning one year after the initial implementation date of the demonstration project, and each year thereafter for the duration of the demonstration, the selected entity shall submit a report to the Department of Human Services, the Department of Healthcare and Family Services, and the General Assembly that details the progress and effectiveness of the demonstration project and the demonstration's impact on instilling the value of self-sufficiency in participants. The 4th annual report shall also provide policy recommendations on best practices for and continued research on facilitating bridges to self-sufficiency. The 4th annual report may also include a recommendation on making the demonstration project permanent upon completion of the demonstration project period.

The reports to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct.

New matter indicated by italics - deletions by strikeout
(2) The Department shall establish service specific statewide-standardized amounts to be used in the reimbursement system.

(A) The initial statewide standardized amounts, with the labor portion adjusted by the Calendar Year 2013 Medicare Outpatient Prospective Payment System wage index with reclassifications, shall be published by the Department on its website no later than 10 calendar days prior to their effective date.

(B) The Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F. The EAPG standardized amounts are determined separately for each critical access hospital such that simulated EAPG payments using outpatient base period paid claim data plus payments under Section 5A-12.4 of this Code net of the associated tax costs are equal to the estimated costs of outpatient base period claims data with a rate year cost inflation factor applied.

(3) In addition to the statewide-standardized amounts, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid hospital outpatient providers or services, including outpatient high volume or safety-net hospitals. Beginning July 1, 2018, the outpatient high volume adjustor shall be increased to increase annual expenditures associated with this adjustor by $79,200,000, based on the State Fiscal Year 2015 base year data and this adjustor shall apply to public hospitals, except for large public hospitals, as defined under 89 Ill. Adm. Code 148.25(a).

This add-on payment shall at least apply to claim lines that: (i) are assigned with one of the following EAPGs: 490, 1001 to 1020, and coded with one of the following revenue codes: 0274 to 0276, 0278; or (ii) are assigned with one of the following EAPGs: 430 to 441, 443, 444, 460 to 465, 495, 496, 1090. The add-on payment shall be calculated as follows: the claim line's covered charges multiplied...

(5) Beginning July 1, 2018, the statewide-standardized amounts for outpatient services shall be increased so that base claims projected reimbursement is increased by an amount equal to the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%. Beginning July 1, 2020, the statewide-standardized amounts for outpatient services shall be increased so that base claims projected reimbursement is increased by an amount equal to the funds allocated in paragraph (2) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%. Beginning July 1, 2022, the statewide-standardized amounts for outpatient services shall be increased so that base claims projected reimbursement is increased by an amount equal to the funds allocated in paragraph (3) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%. Beginning July 1, 2023, the statewide-standardized amounts for outpatient services shall be increased so that base claims projected reimbursement is increased by an amount equal to the funds allocated in paragraph (4) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%.

(c) In consultation with the hospital community, the Department is authorized to replace 89 Ill. Admin. Code 152.150 as published in 38 Ill. Reg. 4980 through 4986 within 12 months of June 16, 2014 (the effective date of Public Act 98-651) this amendatory Act of the 98th General Assembly. If the Department does not replace these rules within 12 months of June 16, 2014 (the effective date of Public Act 98-651) this amendatory Act of the 98th General Assembly, the rules in effect for 152.150 as published in 38 Ill. Reg. 4980 through 4986 shall remain in effect until modified by rule by the Department. Nothing in this subsection shall be construed to mandate that the Department file a replacement rule.

(d) Transition period. There shall be a transition period to the reimbursement systems authorized under this Section that shall begin on
the effective date of these systems and continue until June 30, 2018, unless extended by rule by the Department. To help provide an orderly and predictable transition to the new reimbursement systems and to preserve and enhance access to the hospital services during this transition, the Department shall allocate a transitional hospital access pool of at least $290,000,000 annually so that transitional hospital access payments are made to hospitals.

(1) After the transition period, the Department may begin incorporating the transitional hospital access pool into the base rate structure; however, the transitional hospital access payments in effect on June 30, 2018 shall continue to be paid, if continued under Section 5A-16.

(2) After the transition period, if the Department reduces payments from the transitional hospital access pool, it shall increase base rates, develop new adjustors, adjust current adjustors, develop new hospital access payments based on updated information, or any combination thereof by an amount equal to the decreases proposed in the transitional hospital access pool payments, ensuring that the entire transitional hospital access pool amount shall continue to be used for hospital payments.

(d-5) Hospital transformation program. The Department, in conjunction with the Hospital Transformation Review Committee created under subsection (d-5), shall develop a hospital transformation program to provide financial assistance to hospitals in transforming their services and care models to better align with the needs of the communities they serve. The payments authorized in this Section shall be subject to approval by the federal government.

(1) Phase 1. In State fiscal years 2019 through 2020, the Department shall allocate funds from the transitional access hospital pool to create a hospital transformation pool of at least $262,906,870 annually and make hospital transformation payments to hospitals. Subject to Section 5A-16, in State fiscal years 2019 and 2020, an Illinois hospital that received either a transitional hospital access payment under subsection (d) or a supplemental payment under subsection (f) of this Section in State fiscal year 2018, shall receive a hospital transformation payment as follows:

(A) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 45%, the hospital transformation payment shall be equal to 100% of

New matter indicated by italics - deletions by strikeout
the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(B) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 25% but less than 45%, the hospital transformation payment shall be equal to 75% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(C) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is less than 25%, the hospital transformation payment shall be equal to 50% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(2) Phase 2. During State fiscal years 2021 and 2022, the Department shall allocate funds from the transitional access hospital pool to create a hospital transformation pool annually and make hospital transformation payments to hospitals participating in the transformation program. Any hospital may seek transformation funding in Phase 2. Any hospital that seeks transformation funding in Phase 2 to update or repurpose the hospital's physical structure to transition to a new delivery model, must submit to the Department in writing a transformation plan, based on the Department's guidelines, that describes the desired delivery model with projections of patient volumes by service lines and projected revenues, expenses, and net income that correspond to the new delivery model. In Phase 2, subject to the approval of rules, the Department may use the hospital transformation pool to increase base rates, develop new adjustors, adjust current adjustors, or develop new access payments in order to support and incentivize hospitals to pursue such transformation. In developing such methodologies, the Department shall ensure that the entire hospital transformation pool continues to be expended to ensure access to hospital services or to support organizations that had received hospital transformation payments under this Section.

(A) Any hospital participating in the hospital transformation program shall provide an opportunity for public input by local community groups, hospital workers,
and healthcare professionals and assist in facilitating discussions about any transformations or changes to the hospital.

(B) As provided in paragraph (9) of Section 3 of the Illinois Health Facilities Planning Act, any hospital participating in the transformation program may be excluded from the requirements of the Illinois Health Facilities Planning Act for those projects related to the hospital's transformation. To be eligible, the hospital must submit to the Health Facilities and Services Review Board certification from the Department, approved by the Hospital Transformation Review Committee, that the project is a part of the hospital's transformation.

(C) As provided in subsection (a-20) of Section 32.5 of the Emergency Medical Services (EMS) Systems Act, a hospital that received hospital transformation payments under this Section may convert to a freestanding emergency center. To be eligible for such a conversion, the hospital must submit to the Department of Public Health certification from the Department, approved by the Hospital Transformation Review Committee, that the project is a part of the hospital's transformation.

(3) Within 6 months after March 12, 2018 (the effective date of Public Act 100-581) this amendatory Act of the 100th General Assembly, the Department, in conjunction with the Hospital Transformation Review Committee, shall develop and adopt, by rule, the goals, objectives, policies, standards, payment models, or criteria to be applied in Phase 2 of the program to allocate the hospital transformation funds. The goals, objectives, and policies to be considered may include, but are not limited to, achieving unmet needs of a community that a hospital serves such as behavioral health services, outpatient services, or drug rehabilitation services; attaining certain quality or patient safety benchmarks for health care services; or improving the coordination, effectiveness, and efficiency of care delivery. Notwithstanding any other provision of law, any rule adopted in accordance with this subsection (d-5) may be submitted to the Joint Committee on Administrative Rules for approval only if the rule...
(4) Hospital Transformation Review Committee. There is created the Hospital Transformation Review Committee. The Committee shall consist of 14 members. No later than 30 days after March 12, 2018 (the effective date of Public Act 100-581) this amendatory Act of the 100th General Assembly, the 4 legislative leaders shall each appoint 3 members; the Governor shall appoint the Director of Healthcare and Family Services, or his or her designee, as a member; and the Director of Healthcare and Family Services shall appoint one member. Any vacancy shall be filled by the applicable appointing authority within 15 calendar days. The members of the Committee shall select a Chair and a Vice-Chair from among its members, provided that the Chair and Vice-Chair cannot be appointed by the same appointing authority and must be from different political parties. The Chair shall have the authority to establish a meeting schedule and convene meetings of the Committee, and the Vice-Chair shall have the authority to convene meetings in the absence of the Chair. The Committee may establish its own rules with respect to meeting schedule, notice of meetings, and the disclosure of documents; however, the Committee shall not have the power to subpoena individuals or documents and any rules must be approved by 9 of the 14 members. The Committee shall perform the functions described in this Section and advise and consult with the Director in the administration of this Section. In addition to reviewing and approving the policies, procedures, and rules for the hospital transformation program, the Committee shall consider and make recommendations related to qualifying criteria and payment methodologies related to safety-net hospitals and children's hospitals. Members of the Committee appointed by the legislative leaders shall be subject to the jurisdiction of the Legislative Ethics Commission, not the Executive Ethics Commission, and all requests under the Freedom of Information Act shall be directed to the applicable Freedom of Information officer for the General Assembly. The Department shall provide operational support to the Committee as necessary.

(e) Beginning 36 months after initial implementation, the Department shall update the reimbursement components in subsections (a) and (b), including standardized amounts and weighting factors, and at least

triennially and no more frequently than annually thereafter. The Department shall publish these updates on its website no later than 30 calendar days prior to their effective date.

(f) Continuation of supplemental payments. Any supplemental payments authorized under Illinois Administrative Code 148 effective January 1, 2014 and that continue during the period of July 1, 2014 through December 31, 2014 shall remain in effect as long as the assessment imposed by Section 5A-2 that is in effect on December 31, 2017 remains in effect.

(g) Notwithstanding subsections (a) through (f) of this Section and notwithstanding the changes authorized under Section 5-5b.1, any updates to the system shall not result in any diminishment of the overall effective rates of reimbursement as of the implementation date of the new system (July 1, 2014). These updates shall not preclude variations in any individual component of the system or hospital rate variations. Nothing in this Section shall prohibit the Department from increasing the rates of reimbursement or developing payments to ensure access to hospital services. Nothing in this Section shall be construed to guarantee a minimum amount of spending in the aggregate or per hospital as spending may be impacted by factors including but not limited to the number of individuals in the medical assistance program and the severity of illness of the individuals.

(h) The Department shall have the authority to modify by rulemaking any changes to the rates or methodologies in this Section as required by the federal government to obtain federal financial participation for expenditures made under this Section.

(i) Except for subsections (g) and (h) of this Section, the Department shall, pursuant to subsection (c) of Section 5-40 of the Illinois Administrative Procedure Act, provide for presentation at the June 2014 hearing of the Joint Committee on Administrative Rules (JCAR) additional written notice to JCAR of the following rules in order to commence the second notice period for the following rules: rules published in the Illinois Register, rule dated February 21, 2014 at 38 Ill. Reg. 4559 (Medical Payment), 4628 (Specialized Health Care Delivery Systems), 4640 (Hospital Services), 4932 (Diagnostic Related Grouping (DRG) Prospective Payment System (PPS)), and 4977 (Hospital Reimbursement Changes), and published in the Illinois Register dated March 21, 2014 at 38 Ill. Reg. 6499 (Specialized Health Care Delivery Systems) and 6505 (Hospital Services).

(j) Out-of-state hospitals. Beginning July 1, 2018, for purposes of determining for State fiscal years 2019 and 2020 the hospitals eligible for the payments authorized under subsections (a) and (b) of this Section, the Department shall include out-of-state hospitals that are designated a Level I pediatric trauma center or a Level I trauma center by the Department of Public Health as of December 1, 2017.

(k) The Department shall notify each hospital and managed care organization, in writing, of the impact of the updates under this Section at least 30 calendar days prior to their effective date.

Section 570. The Early Mental Health and Addictions Treatment Act is amended by changing Section 10 as follows:

(305 ILCS 65/10)

Sec. 10. Medicaid pilot program for opioid and other drug addictions.

(a) Legislative findings. The General Assembly finds as follows:

(1) Illinois continues to face a serious and ongoing opioid epidemic.

(2) Opioid-related overdose deaths rose 76% between 2013 and 2016.

(3) Opioid and other drug addictions are life-long diseases that require a disease management approach and not just episodic treatment.

(4) There is an urgent need to create a treatment approach that proactively engages and encourages individuals with opioid and other drug addictions into treatment to help prevent chronic use and a worsening addiction and to significantly curb the rate of overdose deaths.

(b) With the goal of early initial engagement of individuals who have an opioid or other drug addiction in addiction treatment and for keeping individuals engaged in treatment following detoxification, a residential treatment stay, or hospitalization to prevent chronic recurrent drug use, the Department of Healthcare and Family Services, in partnership with the Department of Human Services’ Division of Alcoholism and Substance Abuse and with meaningful input from stakeholders, shall develop an Assertive Engagement and Community-Based Clinical Treatment Pilot Program for early treatment of an opioid or other drug addiction. The pilot program

New matter indicated by italics - deletions by strikeout
shall be implemented across a broad spectrum of geographic regions across the State.

(c) Assertive engagement and community-based clinical treatment services. All services included in the pilot program established under this Section shall be evidence-based or evidence-informed as applicable and the services shall be flexibly provided in-office, in-home, and in-community with an emphasis on in-home and in-community services. The model shall take into consideration area workforce, community uniqueness, and cultural diversity. The model shall, at a minimum, allow for and include each of the following:

1. Assertive community outreach, engagement, and continuing care strategies to encourage participation and retention in addiction treatment services for both initial engagement into addiction treatment services, and for post-hospitalization, post-detoxification, and post-residential treatment.

2. Case management for purposes of linking individuals to treatment, ongoing monitoring, problem solving, and assisting individuals in organizing their treatment and goals. Case management shall be covered for individuals not yet engaged in treatment for purposes of reaching such individuals early on in their addiction and for individuals in treatment.

3. Clinical treatment that is delivered in an individual's natural environment, including in-home or in-community treatment, to better equip the individual with coping mechanisms that may trigger re-use.

4. Coverage of provider transportation costs in delivering in-home and in-community services in both rural and urban settings. For rural communities, the model shall take into account the wider geographic areas providers are required to travel for in-home and in-community pilot services for purposes of reimbursement.

5. Recovery support services.

6. For individuals who receive services through the pilot program but disengage for a short duration (a period of no longer than 9 months), allow seamless treatment re-engagement in the pilot program.

7. Supported education and employment.

8. Working with the individual's family, school, and other community support systems.

New matter indicated by italics - deletions by strikeout
(9) Service flexibility to enable recovery and positive health outcomes.

(d) Federal waiver or State Plan amendment; implementation timeline. The Department shall follow the timeline for application for federal approval and implementation outlined in subsection (c) of Section 5. The pilot program contemplated in this Section shall be implemented only to the extent that federal financial participation is available.

(e) Pay-for-performance payment model. The Department of Healthcare and Family Services, in partnership with the Department of Human Services' Division of Substance Use Prevention and Recovery Alcoholism and Substance Abuse and with meaningful input from stakeholders, shall develop a pay-for-performance payment model aimed at achieving high-quality treatment and overall health and quality of life outcomes, rather than a fee-for-service payment model. The payment model shall allow for service flexibility to achieve such outcomes, shall cover actual provider costs of delivering the pilot program services to enable sustainability, and shall include all provider costs associated with the data collection for purposes of the analytics and outcomes reporting required in subsection (g). The Department shall ensure that the payment model works as intended by this Section within managed care.

(f) Rulemaking. The Department of Healthcare and Family Services, in partnership with the Department of Human Services' Division of Substance Use Prevention and Recovery Alcoholism and Substance Abuse and with meaningful input from stakeholders, shall develop rules for purposes of implementation of the pilot program within 6 months after federal approval of the pilot program. If the Department determines federal approval is not required for implementation, the Department shall develop rules with meaningful stakeholder input no later than December 31, 2019.

(g) Pilot program analytics and outcomes reports. The Department of Healthcare and Family Services shall engage a third party partner with expertise in program evaluation, analysis, and research at the end of 5 years of implementation to review the outcomes of the pilot program in treating addiction and preventing periods of symptom exacerbation and recurrence. For purposes of evaluating the outcomes of the pilot program, the Department shall require providers of the pilot program services to track all of the following annual data:

(1) Length of engagement and retention in pilot program services.

New matter indicated by italics - deletions by strikeout
(2) Recurrence of drug use.
(3) Symptom management (the ability or inability to control drug use).
(4) Days of hospitalizations related to substance use or residential treatment stays.
(5) Periods of homelessness and periods of housing stability.
(6) Periods of criminal justice involvement.
(7) Educational and employment attainment during following pilot program services.
(8) Enrollee satisfaction with his or her quality of life and level of social connectedness, pre-pilot and post-pilot services.

(h) The Department of Healthcare and Family Services shall deliver a final report to the General Assembly on the outcomes of the pilot program within one year after 4 years of full implementation, and after 7 years of full implementation, compared to typical treatment available to other youth with significant mental health conditions, as well as the cost savings associated with the pilot program taking into account all public systems used when an individual with a significant mental health condition does not have access to the right treatment and supports in the early stages of his or her illness.

The reports to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct.

Post-pilot program discharge outcomes shall be collected for all service recipients who exit the pilot program for up to 3 years after exit. This includes youth who exit the program with planned or unplanned discharges. The post-exit data collected shall include the annual data listed in paragraphs (1) through (8) of subsection (g). Data collection shall be done in a manner that does not violate individual privacy laws. Outcomes for enrollees in the pilot and post-exit outcomes shall be included in the final report to the General Assembly under this subsection (h) within one year of 4 full years of implementation, and in an additional report within one year of 7 full years of implementation in order to provide more information about post-exit outcomes on a greater number of youth who enroll in pilot program services in the final years of the pilot program.

Section 580. The Quincy Veterans’ Home Rehabilitation and Rebuilding Act is amended by changing Sections 30 and 50 as follows:

(330 ILCS 21/30)

Sec. 30. Procedures for selection.
(a) The State construction agency must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.

New matter indicated by italics - deletions by strikeout
(b) The State construction agency shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the agency has set forth. Each request for proposal shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the State construction agency. The State construction agency must maintain a record of the evaluation scoring to be disclosed in the event of a protest regarding the solicitation.

The State construction agency shall include the following criteria in every Phase I evaluation of design-build entities: (1) experience of personnel; (2) successful experience with similar project types; (3) financial capability; (4) timeliness of past performance; (5) experience with similarly sized projects; (6) successful reference checks of the firm; (7) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (8) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and with Section 2-105 of the Illinois Human Rights Act. The State construction agency may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review.

The State construction agency may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including, but not limited to, long-term leasehold, mutual performance, or development contracts with the State construction agency, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No proposal shall be considered that does not include an entity's plan to comply with the requirements established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, for both the design and construction areas of performance, and with Section 2-105 of the Illinois Human Rights Act.

Upon completion of the qualifications evaluation, the State construction agency shall create a shortlist of the most highly qualified design-build entities. The State construction agency, in its discretion, is not required to shortlist the maximum number of entities as identified for
Phase II evaluation, so long as no less than 2 design-build entities nor more than 6 design-build entities are selected to submit Phase II proposals.

The State construction agency shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. The State construction agency must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the State agency.

(c) The State construction agency shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposal shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the State construction agency. The State construction agency must maintain a record of the evaluation scoring to be disclosed in the event of a protest regarding the solicitation.

The State construction agency shall include the following criteria in every Phase II technical evaluation of design-build entities: (1) compliance with objectives of the project; (2) compliance of proposed services to the request for proposal requirements; (3) quality of products or materials proposed; (4) quality of design parameters; (5) design concepts; (6) innovation in meeting the scope and performance criteria; and (7) constructability of the proposed project. The State construction agency may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The State construction agency shall include the following criteria in every Phase II cost evaluation: the total project cost, the construction costs, and the time of completion. The State construction agency may include any additional relevant technical evaluation factors it deems necessary for proper selection. The total project cost criteria *weighting* factor shall be 25%.

The State construction agency shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards.

Upon completion of the technical submissions and cost submissions evaluation, the State construction agency may award the design-build contract to the highest overall ranked entity.
Sec. 50. Illinois Administrative Procedure Act. The Illinois Administrative Procedure Act applies to all administrative rules and procedures of the State construction agency under this Act except that nothing herein shall be construed to render any prequalification or other responsibility criteria as a "license" or "licensing" under that Act.

ARTICLE VII-A. DIVERSION FROM FACILITY-BASED CARE PROGRAM

(405 ILCS 80/Art. VII-A heading)

ARTICLE VII-A. DIVERSION FROM FACILITY-BASED CARE PROGRAM

Sec. 595. The Comprehensive Lead Education, Reduction, and Window Replacement Program Act is amended by changing Section 5 as follows:

Sec. 5. Findings; intent; establishment of program.
(a) The General Assembly finds all of the following:
(1) Lead-based paint poisoning is a potentially devastating, but preventable disease. It is one of the top environmental threats to children's health in the United States.
(2) The number of lead-poisoned children in Illinois is among the highest in the nation, especially in older, more affordable properties.

(3) Lead poisoning causes irreversible damage to the development of a child's nervous system. Even at low and moderate levels, lead poisoning causes learning disabilities, problems with speech, shortened attention span, hyperactivity, and behavioral problems. Recent research links low levels of lead exposure to lower IQ scores and to juvenile delinquency.

(4) Older housing is the number one risk factor for childhood lead poisoning. Properties built before 1950 are statistically much more likely to contain lead-based paint hazards than buildings constructed more recently.

(5) While the use of lead-based paint in residential properties was banned in 1978, the State of Illinois ranks seventh nationally in the number of housing units built before 1978 and has the highest risk for lead hazards.

(6) There are nearly 1.4 million households with lead-based paint hazards in Illinois.

(7) Most children are lead poisoned in their own homes through exposure to lead dust from deteriorated lead paint surfaces, like windows, and when lead paint deteriorates or is disturbed through home renovation and repainting.

(8) Children at the highest risk for lead poisoning live in low-income communities and in older housing throughout the State of Illinois.

(9) The control of lead hazards significantly reduces lead-poisoning rates.

(10) Windows are considered a higher lead exposure risk more often than other components in a housing unit. Windows are a major contributor of lead dust in the home, due to both weathering conditions and friction effects on paint.

(11) The Comprehensive Lead Education Elimination, Reduction, and Window Replacement (CLEAR-WIN) Program was established under Public Act 95-492 as a pilot program to reduce potential lead hazards by replacing windows in low-income, pre-1978 homes. It also provided for on-the-job training for community members in 2 pilot communities in Chicago and Peoria County.
(12) The CLEAR-WIN Program provided for installation of 8,000 windows in 466 housing units between 2010 and 2014. Evaluations of the pilot program determined window replacement was effective in lowering lead hazards and produced energy, environmental, health, and market benefits. Return on investment was almost $2 for every dollar spent.

(13) There is an insufficient pool of licensed lead abatement workers and contractors to address the problem in some areas of the State.

(14) Through grants from the U.S. Department of Housing and Urban Development and State dollars, some communities in Illinois have begun to reduce lead poisoning of children. While this is an ongoing effort, it only addresses a small number of the low-income children statewide in communities with high levels of lead paint in the housing stock.

(b) It is the intent of the General Assembly to:

(1) address the problem of lead poisoning of children by eliminating lead hazards in homes;

(2) provide training within communities to encourage the use of lead paint safe work practices;

(3) create job opportunities for community members in the lead abatement industry;

(4) support the efforts of small business and property owners committed to maintaining lead-safe housing; and

(5) assist in the maintenance of affordable lead-safe housing stock.

(c) The General Assembly hereby establishes the Comprehensive Lead Education, Reduction, and Window Replacement Program to assist residential property owners through a Lead Direct Assistance Program to reduce lead hazards in residential properties.

(d) The Department of Public Health is authorized to:

(1) adopt rules necessary to implement this Act;

(2) adopt by reference the Illinois Administrative Procedure Act for administration of this Act;

(3) assess administrative fines and penalties, as established by the Department by rule, for persons violating rules adopted by the Department under this Act;

New matter indicated by italics - deletions by strikeout
(4) make referrals for prosecution to the Attorney General or the State's Attorney for the county in which a violation occurs, for a violation of this Act or the rules adopted under this Act; and

(5) establish agreements under the Intergovernmental Cooperation Act with the Department of Commerce and Economic Opportunity, the Illinois Housing Development Authority, or any other public agency as required, to implement this Act.

Section 610. The Food Handling Regulation Enforcement Act is amended by changing Sections 3.3 and 4 as follows:

(410 ILCS 625/3.3)
Sec. 3.3. Farmers' markets.
(a) The General Assembly finds as follows:

(1) Farmers' markets, as defined in subsection (b) of this Section, provide not only a valuable marketplace for farmers and food artisans to sell their products directly to consumers, but also a place for consumers to access fresh fruits, vegetables, and other agricultural products.

(2) Farmers' markets serve as a stimulator for local economies and for thousands of new businesses every year, allowing farmers to sell directly to consumers and capture the full retail value of their products. They have become important community institutions and have figured in the revitalization of downtown districts and rural communities.

(3) Since 1999, the number of farmers' markets has tripled and new ones are being established every year. There is a lack of consistent regulation from one county to the next, resulting in confusion and discrepancies between counties regarding how products may be sold. There continue to be inconsistencies, confusion, and lack of awareness by consumers, farmers, markets, and local health authorities of required guidelines affecting farmers' markets from county to county.

New matter indicated by italics - deletions by strikeout
(6) Recognizing that farmers' markets serve as small business incubators and that farmers' profit margins frequently are narrow, even in direct-to-consumer retail, protecting farmers from costs of regulation that are disproportionate to their profits will help ensure the continued viability of these local farms and small businesses.

(b) For the purposes of this Section:
"Department" means the Department of Public Health.
"Director" means the Director of Public Health.
"Farmers' market" means a common facility or area where the primary purpose is for farmers to gather to sell a variety of fresh fruits and vegetables and other locally produced farm and food products directly to consumers.

(c) (Blank).

(d) This Section does not intend and shall not be construed to limit the power of counties, municipalities, and other local government units to regulate farmers' markets for the protection of the public health, safety, morals, and welfare, including, but not limited to, licensing requirements and time, place, and manner restrictions, except as specified in this Act. This Section provides for a statewide scheme for the orderly and consistent interpretation of the Department's administrative rules pertaining to the safety of food and food products sold at farmers' markets.

(h) (Blank).

(j) (Blank).

(k) (Blank).

(l) (Blank).

(m) The following provisions shall apply concerning statewide farmers' market food safety guidelines:

(1) The Director, in accordance with this Section, shall adopt administrative rules (as provided by the Illinois Administrative Procedure Act) for foods found at farmers' markets.
(2) The rules and regulations described in this Section shall be consistently enforced by local health authorities throughout the State.

(2.5) Notwithstanding any other provision of law except as provided in this Section, local public health departments and all other units of local government are prohibited from creating sanitation guidelines, rules, or regulations for farmers' markets that are more stringent than those farmers' market sanitation regulations contained in the administrative rules adopted by the Department for the purposes of implementing this Section and Sections 3.4, 3.5, and 4 of this Act. Except as provided for in Sections 3.4 and 4 of this Act, this Section does not intend and shall not be construed to limit the power of local health departments and other government units from requiring licensing and permits for the sale of commercial food products, processed food products, prepared foods, and potentially hazardous foods at farmers' markets or conducting related inspections and enforcement activities, so long as those permits and licenses do not include unreasonable fees or sanitation provisions and rules that are more stringent than those laid out in the administrative rules adopted by the Department for the purposes of implementing this Section and Sections 3.4, 3.5, and 4 of this Act.

(3) In the case of alleged noncompliance with the provisions described in this Section, local health departments shall issue written notices to vendors and market managers of any noncompliance issues.

(4) Produce and food products coming within the scope of the provisions of this Section shall include, but not be limited to, raw agricultural products, including fresh fruits and vegetables; popcorn, grains, seeds, beans, and nuts that are whole, unprocessed, unpackaged, and unsprouted; fresh herb sprigs and dried herbs in bunches; baked goods sold at farmers' markets; cut fruits and vegetables; milk and cheese products; ice cream; syrups; wild and cultivated mushrooms; apple cider and other fruit and vegetable juices; herb vinegar; garlic-in-oil; flavored oils; pickles, relishes, salsas, and other canned or jarred items; shell eggs; meat and poultry; fish; ready-to-eat foods; commercially produced prepackaged food products; and any

additional items specified in the administrative rules adopted by the Department to implement Section 3.3 of this Act.

(n) Local health department regulatory guidelines may be applied to foods not often found at farmers' markets, all other food products not regulated by the Department of Agriculture and the Department of Public Health, as well as live animals to be sold at farmers' markets.

(o) (Blank).

(p) The Department of Public Health and the Department of Agriculture shall adopt administrative rules necessary to implement, interpret, and make specific the provisions of this Section, including, but not limited to, rules concerning labels, sanitation, and food product safety according to the realms of their jurisdiction.

(q) The Department shall create a food sampling training and license program as specified in Section 3.4 of this Act.

(r) In addition to any rules adopted pursuant to subsection (p) of this Section, the following provisions shall be applied uniformly throughout the State, including to home rule units, except as otherwise provided in this Act:

(1) Farmers market vendors shall provide effective means to maintain potentially hazardous food, as defined in Section 4 of this Act, at 41 degrees Fahrenheit or below. As an alternative to mechanical refrigeration, an effectively insulated, hard-sided, cleanable container with sufficient ice or other cooling means that is intended for the storage of potentially hazardous food shall be used. Local health departments shall not limit vendors' choice of refrigeration or cooling equipment and shall not charge a fee for use of such equipment. Local health departments shall not be precluded from requiring an effective alternative form of cooling if a vendor is unable to maintain food at the appropriate temperature.

(2) Handwashing stations may be shared by farmers' market vendors if handwashing stations are accessible to vendors.

Section 625. The Mercury Switch Removal Act is amended by changing Section 15 as follows:

(415 ILCS 97/15)
(Section scheduled to be repealed on January 1, 2022)
Sec. 15. Mercury switch collection programs.
(a) Within 60 days of April 24, 2006 (the effective date of this Act), manufacturers of vehicles in Illinois that contain mercury switches must begin to implement a mercury switch collection program that facilitates the removal of mercury switches from end-of-life vehicles before the vehicles are flattened, crushed, shredded, or otherwise processed for recycling and to collect and properly manage mercury switches in accordance with the Environmental Protection Act and regulations adopted thereunder. In order to ensure that the mercury switches are removed and collected in a safe and consistent manner, manufacturers must, to the extent practicable, use the currently available end-of-life vehicle recycling infrastructure. The collection program must be designed to achieve capture rates of not less than (i) 35% for the period of July 1, 2006, through June 30, 2007; (ii) 50% for the period of July 1, 2007, through June 30, 2008; and (iii) 70% for the period of July 1, 2008, through June 30, 2009 and for each subsequent period of July 1 through June 30. At a minimum, the collection program must:

(1) Develop and provide educational materials that include guidance as to which vehicles may contain mercury switches and procedures for locating and removing mercury switches. The materials may include, but are not limited to, brochures, fact sheets, and videos.

(2) Conduct outreach activities to encourage vehicle recyclers and vehicle crushers to participate in the mercury switch collection program. The activities may include, but are not limited to, direct mailings, workshops, and site visits.

New matter indicated by italics - deletions by strikeout
(3) Provide storage containers to participating vehicle recyclers and vehicle crushers for mercury switches removed under the program.

(4) Provide a collection and transportation system to periodically collect and replace filled storage containers from vehicle recyclers, vehicle crushers, and scrap metal recyclers, either upon notification that a storage container is full or on a schedule predetermined by the manufacturers.

(5) Establish an entity that will serve as a point of contact for the collection program and that will establish, implement, and oversee the collection program on behalf of the manufacturers.

(6) Track participation in the collection program and the progress of mercury switch removals and collections.

(b) Within 90 days of April 24, 2006 (the effective date of this Act), manufacturers of vehicles in Illinois that contain mercury switches must submit to the Agency an implementation plan that describes how the collection program under subsection (a) of this Section will be carried out for the duration of the program and how the program will achieve the capture rates set forth in subsection (a) of this Section. At a minimum, the implementation plan must:

(A) Identify the educational materials that will assist vehicle recyclers, vehicle crushers, and scrap metal processors in identifying, removing, and properly managing mercury switches removed from end-of-life vehicles.

(B) Describe the outreach program that will be undertaken to encourage vehicle recyclers and vehicle crushers to participate in the mercury switch collection program.

(C) Describe how the manufacturers will ensure that mercury switches removed from end-of-life vehicles are managed in accordance with the Illinois Environmental Protection Act and regulations adopted thereunder.

(D) Describe how the manufacturers will collect and document the information required in the quarterly reports submitted pursuant to subsection (e) of this Section.

(E) Describe how the collection program will be financed and implemented.

(F) Identify the manufacturer's address to which the Agency should send the notice required under subsection (f) of this Section.

New matter indicated by italics - deletions by strikeout
The Agency shall review the collection program plans it receives for completeness and shall notify the manufacturer in writing if a plan is incomplete. Within 30 days after receiving a notification of incompleteness from the Agency the manufacturer shall submit to the Agency a plan that contains all of the required information.

(c) The Agency must provide assistance to manufacturers in their implementation of the collection program required under this Section. The assistance shall include providing manufacturers with information about businesses likely to be engaged in vehicle recycling or vehicle crushing, conducting site visits to promote participation in the collection program, and assisting with the scheduling, locating, and staffing of workshops conducted to encourage vehicle recyclers and vehicle crushers to participate in the collection program.

(d) Manufacturers subject to the collection program requirements of this Section shall provide, to the extent practicable, the opportunity for trade associations of vehicle recyclers, vehicle crushers, and scrap metal recyclers to be involved in the delivery and dissemination of educational materials regarding the identification, removal, collection, and proper management of mercury switches in end-of-life vehicles.

(e) (Blank).

(f) If the reports required under this Act indicate that the capture rates set forth in subsection (a) of this Section for the period of July 1, 2007, through June 30, 2008, or for any subsequent period have not been met the Agency shall provide notice that the capture rate was not met; provided, however, that the Agency is not required to provide notice if it determines that the capture rate was not met due to a force majeure. The Agency shall provide the notice by posting a statement on its website and by sending a written notice via certified mail to the manufacturers subject to the collection program requirement of this Section at the addresses provided in the manufacturers' collection plans. Once the Agency provides notice pursuant to this subsection (f) it is not required to provide notice in subsequent periods in which the capture rate is not met.

(g) Beginning 30 days after the Agency first provides notice pursuant to subsection (f) of this Section, the following shall apply:

(1) Vehicle recyclers must remove all mercury switches from each end-of-life vehicle before delivering the vehicle to an on-site or off-site vehicle crusher or to a scrap metal recycler, provided that a vehicle recycler is not required to remove a mercury switch that is inaccessible due to significant damage to the
vehicle in the area surrounding the mercury switch that occurred before the vehicle recycler's receipt of the vehicle in which case the damage must be noted in the records the vehicle recycler is required to maintain under subsection (c) of Section 10 of this Act.

(2) No vehicle recycler, vehicle crusher, or scrap metal recycler shall flatten, crush, or otherwise process an end-of-life vehicle for recycling unless all mercury switches have been removed from the vehicle, provided that a mercury switch that is inaccessible due to significant damage to the vehicle in the area surrounding the mercury switch that occurred before the vehicle recycler's, vehicle crusher's, or scrap metal recycler's receipt of the vehicle is not required to be removed. The damage must be noted in the records the vehicle recycler or vehicle crusher is required to maintain under subsection (c) of Section 10 of this Act.

(3) Notwithstanding paragraphs (1) through (2) of this subsection (g), a scrap metal recycler may agree to accept an end-of-life vehicle that contains one or more mercury switches and that has not been flattened, crushed, shredded, or otherwise processed for recycling provided the scrap metal recycler removes all mercury switches from the vehicle before the vehicle is flattened, crushed, shredded, or otherwise processed for recycling. Scrap metal recyclers are not required to remove a mercury switch that is inaccessible due to significant damage to the vehicle in the area surrounding the mercury switch that occurred before the scrap metal recycler's receipt of the vehicle. The damage must be noted in the records the scrap metal recycler is required to maintain under subsection (c) of Section 10 of this Act.

(4) Manufacturers subject to the collection program requirements of this Section must provide to vehicle recyclers, vehicle crushers, and scrap metal recyclers the following compensation for all mercury switches removed from end-of-life vehicles on or after the date of the notice: $2.00 for each mercury switch removed by the vehicle recycler, vehicle crusher, or the scrap metal recycler, the costs of the containers in which the mercury switches are collected, and the costs of packaging and transporting the mercury switches off-site. Payment of this compensation must be provided in a prompt manner.

(h) In meeting the requirements of this Section, manufacturers may work individually or as part of a group of 2 or more manufacturers.

(625 ILCS 5/3-117.1) (from Ch. 95 1/2, par. 3-117.1)

Sec. 3-117.1. When junking certificates or salvage certificates must be obtained.

(a) Except as provided in Chapter 4 and Section 3-117.3 of this Code, a person who possesses a junk vehicle shall within 15 days cause the certificate of title, salvage certificate, certificate of purchase, or a similarly acceptable out-of-state document of ownership to be surrendered to the Secretary of State along with an application for a junking certificate, except as provided in Section 3-117.2, whereupon the Secretary of State shall issue to such a person a junking certificate, which shall authorize the holder thereof to possess, transport, or, by an endorsement, transfer ownership in such junked vehicle, and a certificate of title shall not again be issued for such vehicle. The owner of a junk vehicle is not required to surrender the certificate of title under this subsection if (i) there is no lienholder on the certificate of title or (ii) the owner of the junk vehicle has a valid lien release from the lienholder releasing all interest in the vehicle and the owner applying for the junk certificate matches the current record on the certificate of title file for the vehicle.

A licensee who possesses a junk vehicle and a Certificate of Title, Salvage Certificate, Certificate of Purchase, or a similarly acceptable out-of-state document of ownership for such junk vehicle, may transport the junk vehicle to another licensee prior to applying for or obtaining a junking certificate, by executing a uniform invoice. The licensee transferor
shall furnish a copy of the uniform invoice to the licensee transferee at the time of transfer. In any case, the licensee transferor shall apply for a junking certificate in conformance with Section 3-117.1 of this Chapter. The following information shall be contained on a uniform invoice:

   (1) The business name, address and dealer license number of the person disposing of the vehicle, junk vehicle or vehicle cowl;

   (2) The name and address of the person acquiring the vehicle, junk vehicle or vehicle cowl, and if that person is a dealer, the Illinois or out-of-state dealer license number of that dealer;

   (3) The date of the disposition of the vehicle, junk vehicle or vehicle cowl;

   (4) The year, make, model, color and description of each vehicle, junk vehicle or vehicle cowl disposed of by such person;

   (5) The manufacturer's vehicle identification number, Secretary of State identification number or Illinois Department of State Police number, for each vehicle, junk vehicle or vehicle cowl part disposed of by such person;

   (6) The printed name and legible signature of the person or agent disposing of the vehicle, junk vehicle or vehicle cowl; and

   (7) The printed name and legible signature of the person accepting delivery of the vehicle, junk vehicle or vehicle cowl.

The Secretary of State may certify a junking manifest in a form prescribed by the Secretary of State that reflects those vehicles for which junking certificates have been applied or issued. A junking manifest may be issued to any person and it shall constitute evidence of ownership for the vehicle listed upon it. A junking manifest may be transferred only to a person licensed under Section 5-301 of this Code as a scrap processor. A junking manifest will allow the transportation of those vehicles to a scrap processor prior to receiving the junk certificate from the Secretary of State.

(b) An application for a salvage certificate shall be submitted to the Secretary of State in any of the following situations:

   (1) When an insurance company makes a payment of damages on a total loss claim for a vehicle, the insurance company shall be deemed to be the owner of such vehicle and the vehicle shall be considered to be salvage except that ownership of (i) a vehicle that has incurred only hail damage that does not affect the operational safety of the vehicle or (ii) any vehicle 9 model years of age or older may, by agreement between the registered owner.

and the insurance company, be retained by the registered owner of such vehicle. The insurance company shall promptly deliver or mail within 20 days the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the insurance company. Notwithstanding the foregoing, an insurer making payment of damages on a total loss claim for the theft of a vehicle shall not be required to apply for a salvage certificate unless the vehicle is recovered and has incurred damage that initially would have caused the vehicle to be declared a total loss by the insurer.

(1.1) When a vehicle of a self-insured company is to be sold in the State of Illinois and has sustained damaged by collision, fire, theft, rust corrosion, or other means so that the self-insured company determines the vehicle to be a total loss, or if the cost of repairing the damage, including labor, would be greater than 70% of its fair market value without that damage, the vehicle shall be considered salvage. The self-insured company shall promptly deliver the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the self-insured company. A self-insured company making payment of damages on a total loss claim for the theft of a vehicle may exchange the salvage certificate for a certificate of title if the vehicle is recovered without damage. In such a situation, the self-insured shall fill out and sign a form prescribed by the Secretary of State which contains an affirmation under penalty of perjury that the vehicle was recovered without damage and the Secretary of State may, by rule, require photographs to be submitted.

(2) When a vehicle the ownership of which has been transferred to any person through a certificate of purchase from acquisition of the vehicle at an auction, other dispositions as set forth in Sections 4-208 and 4-209 of this Code, or a lien arising under Section 18a-501 of this Code shall be deemed salvage or junk at the option of the purchaser. The person acquiring such vehicle in such manner shall promptly deliver or mail, within 20 days after the acquisition of the vehicle, the certificate of purchase, the proper application and fee, and, if the vehicle is an abandoned mobile home under the Abandoned Mobile Home Act, a certification from a local law enforcement agency that the vehicle

was purchased or acquired at a public sale under the Abandoned Mobile Home Act to the Secretary of State and a salvage certificate or junking certificate shall be issued in the name of that person. The salvage certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 33 1/3% of such fair market value, the lienholder shall, before sale, transfer or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 33 1/3% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 33 1/3% of its fair market value. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision, fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without such damage.

New matter indicated by italics - deletions by strikeout
If the owner of a fleet vehicle desires to sell, transfer, or assign his interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 33 1/3% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 33 1/3% of its fair market value, the owner shall so state in a written affirmation on a form prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without that damage. The salvage certificate issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 33 1/3% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(6) When any licensed rebuilder, repairer, new or used vehicle dealer, or remittance agent has submitted an application for title to a vehicle (other than an application for title to a rebuilt vehicle) that he or she knows or reasonably should have known to have sustained damages in excess of 33 1/3% of the vehicle's fair market value without that damage; provided, however, that any application for a salvage certificate for a vehicle recovered from

theft and acquired from an insurance company shall be made as required by paragraph (1) of this subsection (b).

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(d) Except as provided under subsection (a), any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph (5) of subsection (b) of this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

(e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

Sec. 15-301. Permits for excess size and weight.

(a) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may, in their discretion, upon application and good cause being shown therefor, issue a special permit authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this Code Act or otherwise not in conformity with this Code Act upon any highway under the jurisdiction of the party granting such permit and for the maintenance of which the party is responsible. Applications and permits other than those in written or printed form may only be accepted from and issued to the company or individual making the movement. Except for an application to move directly across a highway, it shall be the duty of the applicant to establish in the application that the load to be moved by such vehicle or combination cannot reasonably be dismantled or disassembled, the reasonableness of which shall be determined by the Secretary of the Department. For the purpose of over length movements, more than one object may be carried side by side as long as the height, width, and weight laws are not exceeded and the cause for the over length is not due to multiple objects. For the purpose of over height movements, more than one object may be carried as long as the cause for the over height is not due to multiple objects and the length, width, and weight laws are not exceeded. For the purpose of an over width movement, more than one object may be carried as long as the cause for the over width is not due to multiple objects and length, height, and weight laws are not exceeded.

Except for transporting fluid milk products, no State or local agency shall authorize the issuance of excess size or weight permits for vehicles and loads that are divisible and that can be carried, when divided, within the existing size or weight maximums specified in this Chapter. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of an excess size or weight permit is at issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) state if the applicant is an authorized carrier under the Illinois Motor Carrier of Property Law, if so, his certificate, registration, or permit number issued by the Illinois Commerce Commission; (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved; (4) state the routing requested, including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration, or permit and does not have such certificate, registration, or permit.

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit issued along with the fee and the stipulated dimensions, weights, conditions, and restrictions authorized and this record shall be presumed

correct in any case of questions or dispute. The Department shall install an automatic device for recording applications received and permits issued by telephone. In making application by telephone, the Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility, and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to subsection (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing, may issue a special permit for limited continuous operation, authorizing the applicant to move loads of agricultural commodities on a 2-axle single vehicle registered by the Secretary of State with axle loads not to exceed 35%, on a 3-axle or 4-axle vehicle registered by the Secretary of State with axle loads not to exceed 20%, and on a 5-axle vehicle registered by the Secretary of State not to exceed 10% above those provided in Section 15-111. The total gross weight of the vehicle, however, may not exceed the maximum gross weight of the registration class of the vehicle allowed under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:

(1) cultivated plants or agricultural produce grown, including, but not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;
(2) livestock, including, but not limited to, hogs, equine, sheep, and poultry;
(3) ensilage; and
(4) fruits and vegetables.

Permits may be issued for a period not to exceed 40 days and moves may be made a distance not to exceed 50 miles from a field, an on-farm grain storage facility, a warehouse as defined in the Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All
implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.

(e-1) A special permit shall be issued by the Department under this Section and shall be required from September 1 through December 31 for a vehicle that exceeds the maximum axle weight and gross weight limits under Section 15-111 of this Code or exceeds the vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits under Section 15-111 of this Code and does not exceed the vehicle's registered gross weight by 10%. All other restrictions that apply to permits issued under this Section shall apply during the declared time period and no fee shall be charged for the issuance of those permits. Permits issued by the Department under this subsection (e-1) are only valid on federal and State highways under the jurisdiction of the Department, except interstate highways. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements; and set a divisible load weight limit not to exceed 10% above a vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits specified in Section 15-111. Permits issued under this subsection (e-1) shall apply to all registered vehicles eligible to obtain permits under this Section, including vehicles used in private or for-hire movement of divisible load agricultural commodities during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off-route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein, shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a

fraudulent permit violation as provided in subsection (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while en route to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

- Single axle: 2000 pounds
- Tandem axle: 3000 pounds
- Gross: 5000 pounds

(g) The Department is authorized to adopt, amend, and make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

1. All operators shall be 18 years of age or over and properly licensed to operate the vehicle.
2. Vehicles escorting oversized loads more than 12 feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under the Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight, or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off-route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit, the permit shall be void, and the person, firm, or corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to the person, firm, or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Code.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm, or corporation convicted of such violation shall be guilty of a petty offense and shall be fined, for the first offense, not less than $50 nor more than $200 and, for the second offense by the same person, firm, or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm, or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department may, in its discretion, not issue permits to the person, firm, or corporation convicted of a third offense during a period of one year after the date of conviction or supervision for such third offense. If any violation is the cause or contributing cause in a

motor vehicle accident causing damage to property, injury, or death to a person, the Department may, in its discretion, not issue a permit to the person, firm, or corporation for a period of one year after the date of conviction or supervision for the offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

(m) Penalties for violations of this Section shall be in addition to any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to operate a tow truck that exceeds the weight limits provided for in subsection (a) of Section 15-111, provided:

(1) no rear single axle of the tow truck exceeds 26,000 pounds;
(2) no rear tandem axle of the tow truck exceeds 50,000 pounds;
(2.1) no triple rear axle on a manufactured recovery unit exceeds 60,000 pounds;
(3) neither the disabled vehicle nor the disabled combination of vehicles exceed the weight restrictions imposed by this Chapter 15, or the weight limits imposed under a permit issued by the Department prior to hookup;
(4) the tow truck prior to hookup does not exceed the weight restrictions imposed by this Chapter 15;

New matter indicated by italics - deletions by strikeout
(5) during the tow operation the tow truck does not violate any weight restriction sign;
(6) the tow truck is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;
(7) the tow truck is specifically designed and licensed as a tow truck;
(8) the tow truck has a gross vehicle weight rating of sufficient capacity to safely handle the load;
(9) the tow truck is equipped with air brakes;
(10) the tow truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;
(11) the tow commences at the initial point of wreck or disablement and terminates at a point where the repairs are actually to occur;
(12) the permit issued to the tow truck is carried in the tow truck and exhibited on demand by a police officer; and
(13) the movement shall be valid only on State routes approved by the Department.
(o) (Blank).
(p) In determining whether a load may be reasonably dismantled or disassembled for the purpose of subsection (a), the Department shall consider whether there is a significant negative impact on the condition of the pavement and structures along the proposed route, whether the load or vehicle as proposed causes a safety hazard to the traveling public, whether dismantling or disassembling the load promotes or stifles economic development, and whether the proposed route travels less than 5 miles. A load is not required to be dismantled or disassembled for the purposes of subsection (a) if the Secretary of the Department determines there will be no significant negative impact to pavement or structures along the proposed route, the proposed load or vehicle causes no safety hazard to the traveling public, dismantling or disassembling the load does not promote economic development, and the proposed route travels less than 5 miles. The Department may promulgate rules for the purpose of establishing the divisibility of a load pursuant to subsection (a). Any load determined by the Secretary to be nondivisible shall otherwise comply with the existing size or weight maximums specified in this Chapter.
Sec. 18c-1304. Orders of Employee Boards. Employee Board orders shall be served, in writing, on all parties to the proceeding in which the order is entered. Such orders shall contain, in addition to the decision of the Board, a statement of findings, conclusions, or other reasons therefor. Employee Board decisions and orders shall have the same force and effect, and may be made, issued, and evidenced in the same manner, as if the decision had been made and the order issued by the Commission itself. The filing of a timely motion for reconsideration shall, unless otherwise provided by the Commission, stay the effect of an Employee Board order pending reconsideration.

Sec. 18c-4502. Collective ratemaking.

(1) Application for approval. Any carrier party to an agreement between or among 2 or more carriers relating to rates, fares, classifications, divisions, allowances, or charges (including charges between carriers and compensation paid or received for the use of facilities and equipment), or rules and regulations pertaining thereto, or procedures for the joint consideration, initiation, or establishment thereof, whether such conference, bureau, committee, or other organization be a "for-profit" or "not-for-profit" corporate entity or whether or not such conference, bureau, committee or other organization is or will be controlled by other businesses may, under such rules and regulations as the Commission may prescribe, apply to the Commission for approval of the agreement, and the Commission shall by order approve any such agreement, if approval thereof is not prohibited by subsection (3), (4), or (5) of this Section, if it finds that, by reason of furtherance of the State transportation policy declared in Section 18c-1103 of this Chapter, the relief provided in subsection (8) should apply with respect to the making and carrying out of such agreement; otherwise the application shall be denied. The approval of the Commission shall be granted only upon such terms and conditions as the Commission may prescribe as necessary to enable it to grant its approval in accordance with the standard above set forth in this paragraph.

(2) Accounts, reporting, and internal procedures. Each conference, bureau, committee, or other organization established or continued pursuant

to any agreement approved by the Commission under the provisions of this Section shall maintain such accounts, records, files and memoranda and shall submit to the Commission such reports, as may be prescribed by the Commission, and all such accounts, records, files, and memoranda shall be subject to inspection by the Commission or its duly authorized representatives. Any conference, bureau committee, or other organization described in subsection (1) of this Section shall cause to be published notice of the final disposition of any action taken by such entity together with a concise statement of the reasons therefore. The Commission shall withhold approval of any agreement under this Section unless the agreement specifies a reasonable period of time within which proposals by parties to the agreement will be finally acted upon by the conference, bureau, committee, or other organization.

(3) Matters which may be the subject of agreements approved by the Commission. The Commission shall not approve under this Section any agreement between or among carriers of different classes unless it finds that such agreement is of the character described in subsection (1) of this Section and is limited to matters relating to transportation under joint rates or over through routes. For purposes of this paragraph carriers by railroad and express companies are carriers of one class; carriers by motor vehicle are carriers of one class and carriers by water are carriers of one class.

(4) Non-applicability of Section to transfers. The Commission shall not approve under this Section any agreement which it finds is an agreement with respect to a pooling, division, or other matter or transaction, to which Section 18c-4302 of this Chapter is applicable.

(5) Independent action. The Commission shall not approve under this Section any agreement which establishes a procedure for the determination of any matter through joint consideration unless it finds that under the agreement there is accorded to each party the free and unrestrained right to take independent action either before or after any determination arrived at through such procedures. The Commission shall not find that each party has a free and unrestrained right to take independent action if the conference, bureau, committee, or other organization is granted by the agreement any right to engage in proceedings before the Commission or before any court regarding any action taken by a party to an agreement authorized by this Section, or by any other party providing or seeking authority to provide transportation services.

(6) Investigation of activities. The Commission is authorized, upon complaint or upon its own initiative without complaint, to investigate and determine whether any agreement previously approved by it under this Section or terms and conditions upon which such approval was granted, is not or are not in conformity with the standard, set forth in subsection (1), or whether any such terms and conditions are not necessary for purposes of conformity with such standard, and, after such investigation, the Commission shall by order terminate or modify its approval of such agreement if it finds such action necessary to insure conformity with such standard, and shall modify the terms and conditions upon which such approval was granted to the extent it finds necessary to insure conformity with such standard or to the extent to which it finds such terms and conditions not necessary to insure such conformity. The effective date of any order terminating or modifying approval, or modifying terms and conditions, shall be postponed for such period as the Commission determines to be reasonably necessary to avoid undue hardship.

(7) Hearings and orders. No order shall be entered under this Section except after interested parties have been afforded reasonable opportunity for hearing.

(8) Exemption from State antitrust laws. Parties to any agreement approved by the Commission under this Section and other persons are, if the approval of such agreement is not prohibited by subsection (3), (4), or (5), hereby relieved from the operation of the antitrust laws with respect to the making of such agreement, and with respect to the carrying out of such agreement in conformity with its provisions and in conformity with the terms and conditions prescribed by the Commission.

(9) Other laws not affected. Any action of the Commission under this Section in approving an agreement, or in denying an application for such approval, or in terminating or modifying its approval of an agreement, or in prescribing the terms and conditions upon which its approval is to be granted, or in modifying such terms and conditions, shall be construed as having effect solely with reference to the applicability of the relief provisions of paragraph subsection (8) of this Section.

Sec. 18c-7401. Safety Requirements for Track, Facilities, and Equipment.

(1) General Requirements. Each rail carrier shall, consistent with rules, orders, and regulations of the Federal Railroad Administration,
construct, maintain, and operate all of its equipment, track, and other property in this State in such a manner as to pose no undue risk to its employees or the person or property of any member of the public.

(2) Adoption of Federal Standards. The track safety standards and accident/incident standards promulgated by the Federal Railroad Administration shall be safety standards of the Commission. The Commission may, in addition, adopt by reference in its regulations other federal railroad safety standards, whether contained in federal statutes or in regulations adopted pursuant to such statutes.

(3) Railroad Crossings. No public road, highway, or street shall hereafter be constructed across the track of any rail carrier at grade, nor shall the track of any rail carrier be constructed across a public road, highway or street at grade, without having first secured the permission of the Commission; provided, that this Section shall not apply to the replacement of lawfully existing roads, highways, and tracks. No public pedestrian bridge or subway shall be constructed across the track of any rail carrier without having first secured the permission of the Commission. The Commission shall have the right to refuse its permission or to grant it upon such terms and conditions as it may prescribe. The Commission shall have power to determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use, and protection of each such crossing.

The Commission shall also have power, after a hearing, to require major alteration of or to abolish any crossing, heretofore or hereafter established, when in its opinion, the public safety requires such alteration or abolition, and, except in cities, villages, and incorporated towns of 1,000,000 or more inhabitants, to vacate and close that part of the highway on such crossing altered or abolished and cause barricades to be erected across such highway in such manner as to prevent the use of such crossing as a highway, when, in the opinion of the Commission, the public convenience served by the crossing in question is not such as to justify the further retention thereof; or to require a separation of grades, at railroad-highway grade crossings; or to require a separation of grades at any proposed crossing where a proposed public highway may cross the tracks of any rail carrier or carriers; and to prescribe, after a hearing of the parties, the terms upon which such separations shall be made and the proportion in which the expense of the alteration or abolition of such crossings or the separation of such grades, having regard to the benefits, if any, accruing to the rail carrier or any party in interest, shall be divided.
between the rail carrier or carriers affected, or between such carrier or carriers and the State, county, municipality or other public authority in interest. However, a public hearing by the Commission to abolish a crossing shall not be required when the public highway authority in interest vacates the highway. In such instance the rail carrier, following notification to the Commission and the highway authority, shall remove any grade crossing warning devices and the grade crossing surface.

The Commission shall also have power by its order to require the reconstruction, minor alteration, minor relocation, or improvement of any crossing (including the necessary highway approaches thereto) of any railroad across any highway or public road, pedestrian bridge, or pedestrian subway, whether such crossing be at grade or by overhead structure or by subway, whenever the Commission finds after a hearing or without a hearing as otherwise provided in this paragraph that such reconstruction, alteration, relocation, or improvement is necessary to preserve or promote the safety or convenience of the public or of the employees or passengers of such rail carrier or carriers. By its original order or supplemental orders in such case, the Commission may direct such reconstruction, alteration, relocation, or improvement to be made in such manner and upon such terms and conditions as may be reasonable and necessary and may apportion the cost of such reconstruction, alteration, relocation, or improvement and the subsequent maintenance thereof, having regard to the benefits, if any, accruing to the railroad or any party in interest, between the rail carrier or carriers and public utilities affected, or between such carrier or carriers and public utilities and the State, county, municipality or other public authority in interest. The cost to be so apportioned shall include the cost of changes or alterations in the equipment of public utilities affected as well as the cost of the relocation, diversion or establishment of any public highway, made necessary by such reconstruction, alteration, relocation, or improvement of said crossing. A hearing shall not be required in those instances when the Commission enters an order confirming a written stipulation in which the Commission, the public highway authority or other public authority in interest, the rail carrier or carriers affected, and in instances involving the use of the Grade Crossing Protection Fund, the Illinois Department of Transportation, agree on the reconstruction, alteration, relocation, or improvement and the subsequent maintenance thereof and the division of costs of such changes of any grade crossing (including the necessary highway approaches

Every rail carrier operating in the State of Illinois shall construct and maintain every highway crossing over its tracks within the State so that the roadway at the intersection shall be as flush with the rails as superelevated curves will allow, and, unless otherwise ordered by the Commission, shall construct and maintain the approaches thereto at a grade of not more than 5% within the right of way for a distance of not less than 6 feet on each side of the centerline of such tracks; provided, that the grades at the approaches may be maintained in excess of 5% only when authorized by the Commission.

Every rail carrier operating within this State shall remove from its right of way at all railroad-highway grade crossings within the State, such brush, shrubbery, and trees as is reasonably practical for a distance of not less than 500 feet in either direction from each grade crossing. The Commission shall have power, upon its own motion, or upon complaint, and after having made proper investigation, to require the installation of adequate and appropriate luminous reflective warning signs, luminous flashing signals, crossing gates illuminated at night, or other protective devices in order to promote and safeguard the health and safety of the public. Luminous flashing signal or crossing gate devices installed at grade crossings, which have been approved by the Commission, shall be deemed adequate and appropriate. The Commission shall have authority to determine the number, type, and location of such signs, signals, gates, or other protective devices which, however, shall conform as near as may be with generally recognized national standards, and the Commission shall have authority to prescribe the division of the cost of the installation and subsequent maintenance of such signs, signals, gates, or other protective devices between the rail carrier or carriers, the public highway authority or other public authority in interest, and in instances involving the use of the Grade Crossing Protection Fund, the Illinois Department of Transportation. Except where train crews provide flagging of the crossing to road users, yield signs shall be installed at all highway intersections with every grade crossing in this State that is not equipped with automatic warning devices, such as luminous flashing signals or crossing gate devices. A stop sign may be used in lieu of the yield sign when an engineering study conducted in cooperation with the highway authority and the Illinois Department of Transportation has determined that a stop sign is warranted. If the Commission has ordered the installation of

luminous flashing signal or crossing gate devices at a grade crossing not equipped with active warning devices, the Commission shall order the installation of temporary stop signs at the highway intersection with the grade crossing unless an engineering study has determined that a stop sign is not appropriate. If a stop sign is not appropriate, the Commission may order the installation of other appropriate supplemental signing as determined by an engineering study. The temporary signs shall remain in place until the luminous flashing signal or crossing gate devices have been installed. The rail carrier is responsible for the installation and subsequent maintenance of any required signs. The permanent signs shall be in place by July 1, 2011.

No railroad may change or modify the warning device system at a railroad-highway grade crossing, including warning systems interconnected with highway traffic control signals, without having first received the approval of the Commission. The Commission shall have the further power, upon application, upon its own motion, or upon complaint and after having made proper investigation, to require the interconnection of grade crossing warning devices with traffic control signals at highway intersections located at or near railroad crossings within the distances described by the State Manual on Uniform Traffic Control Devices adopted pursuant to Section 11-301 of this Code. In addition, State and local authorities may not install, remove, modernize, or otherwise modify traffic control signals at a highway intersection that is interconnected or proposed to be interconnected with grade crossing warning devices when the change affects the number, type, or location of traffic control devices on the track approach leg or legs of the intersection or the timing of the railroad preemption sequence of operation until the Commission has approved the installation, removal, modernization, or modification. Commission approval shall be limited to consideration of issues directly affecting the public safety at the railroad-highway grade crossing. The electrical circuit devices, alternate warning devices, and preemption sequences shall conform as nearly as possible, considering the particular characteristics of the crossing and intersection area, to the State manual adopted by the Illinois Department of Transportation pursuant to Section 11-301 of this Code and such federal standards as are made applicable by subsection (2) of this Section. In order to carry out this authority, the Commission shall have the authority to determine the number, type, and location of traffic control devices on the track approach leg or legs of the intersection and the timing of the railroad preemption sequence of operation.
operation. The Commission shall prescribe the division of costs for installation and maintenance of all devices required by this paragraph between the railroad or railroads and the highway authority in interest and in instances involving the use of the Grade Crossing Protection Fund or a State highway, the Illinois Department of Transportation.

Any person who unlawfully or maliciously removes, throws down, damages or defaces any sign, signal, gate, or other protective device, located at or near any public grade crossing, shall be guilty of a petty offense and fined not less than $50 nor more than $200 for each offense. In addition to fines levied under the provisions of this Section a person adjudged guilty hereunder may also be directed to make restitution for the costs of repair or replacement, or both, necessitated by his misconduct.

It is the public policy of the State of Illinois to enhance public safety by establishing safe grade crossings. In order to implement this policy, the Illinois Commerce Commission is directed to conduct public hearings and to adopt specific criteria by July 1, 1994, that shall be adhered to by the Illinois Commerce Commission in determining if a grade crossing should be opened or abolished. The following factors shall be considered by the Illinois Commerce Commission in developing the specific criteria for opening and abolishing grade crossings:

(a) timetable speed of passenger trains;
(b) distance to an alternate crossing;
(c) accident history for the last 5 years;
(d) number of vehicular traffic and posted speed limits;
(e) number of freight trains and their timetable speeds;
(f) the type of warning device present at the grade crossing;
(g) alignments of the roadway and railroad, and the angle of intersection of those alignments;
(h) use of the grade crossing by trucks carrying hazardous materials, vehicles carrying passengers for hire, and school buses; and
(i) use of the grade crossing by emergency vehicles.

The Illinois Commerce Commission, upon petition to open or abolish a grade crossing, shall enter an order opening or abolishing the crossing if it meets the specific criteria adopted by the Commission.

Except as otherwise provided in this subsection (3), in no instance shall a grade crossing be permanently closed without public hearing first being held and notice of such hearing being published in an area newspaper of local general circulation.
(4) Freight Trains; Radio Communications. The Commission shall after hearing and order require that every main line railroad freight train operating on main tracks outside of yard limits within this State shall be equipped with a radio communication system. The Commission after notice and hearing may grant exemptions from the requirements of this Section as to secondary and branch lines.

(5) Railroad Bridges and Trestles; Walkway and Handrail. In cases in which the Commission finds the same to be practical and necessary for safety of railroad employees, bridges and trestles, over and upon which railroad trains are operated, shall include as a part thereof, a safe and suitable walkway and handrail on one side only of such bridge or trestle, and such handrail shall be located at the outer edge of the walkway and shall provide a clearance of not less than 8 feet, 6 inches, from the center line of the nearest track, measured at right angles thereto.

(6) Packages Containing Articles for First Aid to Injured on Trains.
   (a) All rail carriers shall provide a first aid kit that contains, at a minimum, those articles prescribed by the Commission, on each train or engine, for first aid to persons who may be injured in the course of the operation of such trains.
   (b) A vehicle, excluding a taxi cab used in an emergency situation, operated by a contract carrier transporting railroad employees in the course of their employment shall be equipped with a readily available first aid kit that contains, as a minimum, the same articles that are required on each train or engine.

(7) Abandoned Bridges, Crossings, and Other Rail Plant. The Commission shall have authority, after notice and hearing, to order:
   (a) the removal of any abandoned railroad tracks from roads, streets or other thoroughfares in this State; and
   (b) the removal of abandoned overhead railroad structures crossing highways, waterways, or railroads.

The Commission may equitably apportion the cost of such actions between the rail carrier or carriers, public utilities, and the State, county, municipality, township, road district, or other public authority in interest.

(8) Railroad-Highway Bridge Clearance. A vertical clearance of not less than 23 feet above the top of rail shall be provided for all new or reconstructed highway bridges constructed over a railroad track. The Commission may permit a lesser clearance if it determines that the 23-foot
23-foot clearance standard cannot be justified based on engineering, operational, and economic conditions.

(9) Right of Access To Railroad Property.

(a) A community antenna television company franchised by a municipality or county pursuant to the Illinois Municipal Code or the Counties Code, respectively, shall not enter upon any real estate or rights-of-way in the possession or control of a railroad subject to the jurisdiction of the Illinois Commerce Commission unless the community antenna television company first complies with the applicable provisions of subparagraph (f) of Section 11-42-11.1 of the Illinois Municipal Code or subparagraph (f) of Section 5-1096 of the Counties Code.

(b) Notwithstanding any provision of law to the contrary, this subsection (9) applies to all entries of railroad rights-of-way involving a railroad subject to the jurisdiction of the Illinois Commerce Commission by a community antenna television company and shall govern in the event of any conflict with any other provision of law.

(c) This subsection (9) applies to any entry upon any real estate or right-of-way in the possession or control of a railroad subject to the jurisdiction of the Illinois Commerce Commission for the purpose of or in connection with the construction, or installation of a community antenna television company's system or facilities commenced or renewed on or after August 22, 2017 (the effective date of Public Act 100-251) this amendatory Act of the 100th General Assembly.

(d) Nothing in Public Act 100-251 this amendatory Act of the 100th General Assembly shall be construed to prevent a railroad from negotiating other terms and conditions or the resolution of any dispute in relation to an entry upon or right of access as set forth in this subsection (9).

(e) For purposes of this subsection (9):

"Broadband service", "cable operator", and "holder" have the meanings given to those terms under Section 21-201 of the Public Utilities Act.

"Community antenna television company" includes, in the case of real estate or rights-of-way in possession of or in control of a railroad, a holder, cable operator, or broadband service provider.
(f) Beginning on August 22, 2017 (the effective date of Public Act 100-251) this amendatory Act of the 100th General Assembly, the Transportation Division of the Illinois Commerce Commission shall include in its annual Crossing Safety Improvement Program report a brief description of the number of cases decided by the Illinois Commerce Commission and the number of cases that remain pending before the Illinois Commerce Commission under this subsection (9) for the period covered by the report.

Sec. 5-410. Non-secure custody or detention.

(1) Any minor arrested or taken into custody pursuant to this Act who requires care away from his or her home but who does not require physical restriction shall be given temporary care in a foster family home or other shelter facility designated by the court.

(2) (a) Any minor 10 years of age or older arrested pursuant to this Act where there is probable cause to believe that the minor is a delinquent minor and that (i) secured custody is a matter of immediate and urgent necessity for the protection of the minor or of the person or property of another, (ii) the minor is likely to flee the jurisdiction of the court, or (iii) the minor was taken into custody under a warrant, may be kept or detained in an authorized detention facility. No minor under 12 years of age shall be detained in a county jail or a municipal lockup for more than 6 hours.

(a-5) For a minor arrested or taken into custody for vehicular hijacking or aggravated vehicular hijacking, a previous finding of delinquency for vehicular hijacking or aggravated vehicular hijacking shall be given greater weight in determining whether secured custody of a minor
is a matter of immediate and urgent necessity for the protection of the
minor or of the person or property of another.

(b) The written authorization of the probation officer or detention
officer (or other public officer designated by the court in a county having
3,000,000 or more inhabitants) constitutes authority for the superintendent
of any juvenile detention home to detain and keep a minor for up to 40
hours, excluding Saturdays, Sundays, and court-designated holidays. These
records shall be available to the same persons and pursuant to the same
conditions as are law enforcement records as provided in Section 5-905.

(b-4) The consultation required by paragraph subsection (b-5)
shall not be applicable if the probation officer or detention officer (or other
public officer designated by the court in a county having 3,000,000 or
more inhabitants) utilizes a scorable detention screening instrument, which
has been developed with input by the State's Attorney, to determine
whether a minor should be detained, however, paragraph subsection (b-5)
shall still be applicable where no such screening instrument is used or
where the probation officer, detention officer (or other public officer
designated by the court in a county having 3,000,000 or more inhabitants)
deviates from the screening instrument.

(b-5) Subject to the provisions of paragraph subsection (b-4), if a

minor shall be detained in a county jail or municipal lockup for more than
12 hours, unless the offense is a crime of violence in which case the minor
may be detained up to 24 hours. For the purpose of this paragraph, "crime
of violence" has the meaning ascribed to it in Section 1-10 of the
Alcoholism and Other Drug Abuse and Dependency Act.

(i) The period of detention is deemed to have begun once the minor has been placed in a locked room or cell or handcuffed to a stationary object in a building housing a county jail or municipal lockup. Time spent transporting a minor is not considered to be time in detention or secure custody.

(ii) Any minor so confined shall be under periodic supervision and shall not be permitted to come into or remain in contact with adults in custody in the building.

(iii) Upon placement in secure custody in a jail or lockup, the minor shall be informed of the purpose of the detention, the time it is expected to last and the fact that it cannot exceed the time specified under this Act.

(iv) A log shall be kept which shows the offense which is the basis for the detention, the reasons and circumstances for the decision to detain, and the length of time the minor was in detention.

(v) Violation of the time limit on detention in a county jail or municipal lockup shall not, in and of itself, render inadmissible evidence obtained as a result of the violation of this time limit. Minors under 18 years of age shall be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with adults confined pursuant to criminal law. Persons 18 years of age and older who have a petition of delinquency filed against them may be confined in an adult detention facility. In making a determination whether to confine a person 18 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

   (A) the age of the person;
   (B) any previous delinquent or criminal history of the person;
   (C) any previous abuse or neglect history of the person; and
   (D) any mental health or educational history of the person, or both.

(d) (i) If a minor 12 years of age or older is confined in a county jail in a county with a population below 3,000,000 inhabitants, then the minor's confinement shall be implemented in such a manner that there will be no contact by sight, sound, or otherwise between the minor and adult prisoners. confined adults and may not at any time be kept in the same cell, room, or yard with confined adults. This paragraph (d)(i) shall only apply to confinement pending an adjudicatory hearing and shall not exceed 40 hours, excluding Saturdays, Sundays, and court-designated holidays. To accept or hold minors during this time period, county jails shall comply with all monitoring standards adopted by the Department of Corrections and training standards approved by the Illinois Law Enforcement Training Standards Board.

(ii) To accept or hold minors, 12 years of age or older, after the time period prescribed in paragraph (d)(i) of this subsection (2) of this Section but not exceeding 7 days including Saturdays, Sundays, and holidays pending an adjudicatory hearing, county jails shall comply with all temporary detention standards adopted by the Department of Corrections and training standards approved by the Illinois Law Enforcement Training Standards Board.

(iii) To accept or hold minors 12 years of age or older, after the time period prescribed in paragraphs (d)(i) and (d)(ii) of this subsection (2) of this Section, county jails shall comply with all county juvenile detention standards adopted by the Department of Juvenile Justice.

(e) When a minor who is at least 15 years of age is prosecuted under the criminal laws of this State, the court may enter an order directing that the juvenile be confined in the county jail. However, any juvenile confined in the county jail under this provision shall be separated from adults who are confined in the county jail in such a manner that there will be no contact by sight, sound or otherwise between the juvenile and adult prisoners.

(f) For purposes of appearing in a physical lineup, the minor may be taken to a county jail or municipal lockup under the direct and constant supervision of a juvenile police officer. During such time as is necessary to conduct a lineup, and while supervised by a juvenile police officer, the sight and sound separation provisions shall not apply.

(g) For purposes of processing a minor, the minor may be taken to a county jail or municipal lockup under the direct and constant supervision of a law enforcement officer or correctional officer. During such time as is necessary to process the minor, and while supervised by a law enforcement officer or correctional officer, the sight and sound separation provisions shall not apply.

inhabitants) determines that the minor may be a delinquent minor as described in subsection (3) of Section 5-105, and should be retained in custody but does not require physical restriction, the minor may be placed in non-secure custody for up to 40 hours pending a detention hearing.

(4) Any minor taken into temporary custody, not requiring secure detention, may, however, be detained in the home of his or her parent or guardian subject to such conditions as the court may impose.

(5) The changes made to this Section by Public Act 98-61 apply to a minor who has been arrested or taken into custody on or after January 1, 2014 (the effective date of Public Act 98-61).

apply to the court to reduce the assessment imposed under this Section by any amount actually paid by the defendant for his or her participation in the program. The court shall not reduce the penalty under this subsection unless the defendant establishes to the satisfaction of the court that he or she has successfully completed the intervention or treatment program. If the defendant's participation is for any reason terminated before his or her successful completion of the intervention or treatment program, collection of the entire assessment imposed under this Section shall be enforced. Nothing in this Section shall be deemed to affect or suspend any other fines, restitution costs, forfeitures, or assessments imposed under this or any other Act.

(g) The court shall not impose more than one assessment per complaint, indictment, or information. If the person is convicted of more than one offense in a complaint, indictment, or information, the assessment shall be based on the highest class offense for which the person is convicted.

(h) In counties with a population under 3,000,000, all moneys collected under this Section shall be forwarded by the clerk of the circuit court to the State Treasurer for deposit in the Drug Treatment Fund. The Department of Human Services may make grants to persons licensed under Section 15-10 of the Substance Use Disorder Act or to municipalities or counties from funds appropriated to the Department from the Drug Treatment Fund for the treatment of pregnant women who are addicted to alcohol, cannabis or controlled substances and for the needed care of minor, unemancipated children of women undergoing residential drug treatment. If the Department of Human Services grants funds to a municipality or a county that the Department determines is not experiencing a problem with pregnant women addicted to alcohol, cannabis or controlled substances and for the needed care of minor, unemancipated children of women undergoing residential drug treatment, or intervention, the funds shall be used for the treatment of any person addicted to alcohol, cannabis, or controlled substances. The Department may adopt such rules as it deems appropriate for the administration of such grants.

(i) In counties with a population of 3,000,000 or more, all moneys collected under this Section shall be forwarded to the County Treasurer for deposit into the County Health Fund. The County Treasurer shall, no later than the 15th day of each month, forward to the State Treasurer 30 percent of all moneys collected under this Act and received into the County Health Fund since the prior remittance to the State Treasurer. Funds retained by
the County shall be used for community-based treatment of pregnant women who are addicted to alcohol, cannabis, or controlled substances or for the needed care of minor, unemancipated children of these women. Funds forwarded to the State Treasurer shall be deposited into the State Drug Treatment Fund maintained by the State Treasurer from which the Department of Human Services may make grants to persons licensed under Section 15-10 of the Alcoholism and Other Drug Abuse and Dependency Act or to municipalities or counties from funds appropriated to the Department from the Drug Treatment Fund, provided that the moneys collected from each county be returned proportionately to the counties through grants to licensees located within the county from which the assessment was received and moneys in the State Drug Treatment Fund shall not supplant other local, State or federal funds. If the Department of Human Services grants funds to a municipality or county that the Department determines is not experiencing a problem with pregnant women addicted to alcohol, cannabis or controlled substances, or with care for minor, unemancipated children or women undergoing residential drug treatment, the funds shall be used for the treatment of any person addicted to alcohol, cannabis or controlled substances. The Department may adopt such rules as it deems appropriate for the administration of such grants.

(725 ILCS 5/112A-4.5)
Sec. 112A-4.5. Who may file petition.
(a) A petition for a domestic violence order of protection may be filed:

(1) by a named victim who has been abused by a family or household member;

(2) by any person or by the State's Attorney on behalf of a named victim who is a minor child or an adult who has been abused by a family or household member and who, because of age, health, disability, or inaccessibility, cannot file the petition; or

(3) by a State's Attorney on behalf of any minor child or dependent adult in the care of the named victim, if the named victim does not file a petition or request the State's Attorney file the petition; or

(4) any of the following persons if the person is abused by a family or household member of a child:
   (i) a foster parent of that child if the child has been placed in the foster parent's home by the Department of Children and Family Services or by another state's public child welfare agency;
   (ii) a legally appointed guardian or legally appointed custodian of that child;
   (iii) an adoptive parent of that child;
   (iv) a prospective adoptive parent of that child if the child has been placed in the prospective adoptive parent's home pursuant to the Adoption Act or pursuant to another state's law.

For purposes of this paragraph (a) (4), individuals who would have been considered "family or household members" of the child under paragraph (3) of subsection (b) of Section 112A-3 before a termination of the parental rights with respect to the child continue to meet the definition of "family or household members" of the child.

(b) A petition for a civil no contact order may be filed:
   (1) by any person who is a named victim of non-consensual sexual conduct or non-consensual sexual penetration, including a single incident of non-consensual sexual conduct or non-consensual sexual penetration;
   (2) by a person or by the State's Attorney on behalf of a named victim who is a minor child or an adult who is a victim of non-consensual sexual conduct or non-consensual sexual penetration but, because of age, disability, health, or inaccessibility, cannot file the petition; or
   (3) by a State's Attorney on behalf of any minor child who is a family or household member of the named victim, if the named victim does not file a petition or request the State's Attorney file the petition.

(c) A petition for a stalking no contact order may be filed:
   (1) by any person who is a named victim of stalking;
   (2) by a person or by the State's Attorney on behalf of a named victim who is a minor child or an adult who is a victim of stalking but, because of age, disability, health, or inaccessibility, cannot file the petition; or

(3) by a State's Attorney on behalf of any minor child who is a family or household member of the named victim, if the named victim does not file a petition or request the State's Attorney file the petition.

(d) The State's Attorney shall file a petition on behalf of any person who may file a petition under subsections (a), (b), or (c) of this Section if the person requests the State's Attorney to file a petition on the person's behalf, unless the State's Attorney has a good faith basis to delay filing the petition. The State's Attorney shall inform the person that the State's Attorney will not be filing the petition at that time and that the person may file a petition or may retain an attorney to file the petition. The State's Attorney may file the petition at a later date.

(d-5) (1) A person eligible to file a petition under subsection (a), (b), or (c) of this Section may retain an attorney to represent the petitioner on the petitioner's request for a protective order. The attorney's representation is limited to matters related to the petition and relief authorized under this Article.

(2) Advocates shall be allowed to accompany the petitioner and confer with the victim, unless otherwise directed by the court. Advocates are not engaged in the unauthorized practice of law when providing assistance to the petitioner.

(e) Any petition properly filed under this Article may seek protection for any additional persons protected by this Article.

(Source: P.A. 100-199, eff. 1-1-18; 100-597, eff. 6-29-18; 100-639, eff. 1-1-19; revised 8-20-18.)

(b) The court may order any of the remedies listed in this subsection (b). The remedies listed in this subsection (b) shall be in addition to other civil or criminal remedies available to petitioner.

(1) Prohibition of abuse. Prohibit respondent's harassment, interference with personal liberty, intimidation of a dependent, physical abuse, or willful deprivation, as defined in this Article, if such abuse has occurred or otherwise appears likely to occur if not prohibited.

(2) Grant of exclusive possession of residence. Prohibit respondent from entering or remaining in any residence, household, or premises of the petitioner, including one owned or
leased by respondent, if petitioner has a right to occupancy thereof. The grant of exclusive possession of the residence, household, or premises shall not affect title to real property, nor shall the court be limited by the standard set forth in subsection (c-2) of Section 501 of the Illinois Marriage and Dissolution of Marriage Act.

(A) Right to occupancy. A party has a right to occupancy of a residence or household if it is solely or jointly owned or leased by that party, that party's spouse, a person with a legal duty to support that party or a minor child in that party's care, or by any person or entity other than the opposing party that authorizes that party's occupancy (e.g., a domestic violence shelter). Standards set forth in subparagraph (B) shall not preclude equitable relief.

(B) Presumption of hardships. If petitioner and respondent each has the right to occupancy of a residence or household, the court shall balance (i) the hardships to respondent and any minor child or dependent adult in respondent's care resulting from entry of this remedy with (ii) the hardships to petitioner and any minor child or dependent adult in petitioner's care resulting from continued exposure to the risk of abuse (should petitioner remain at the residence or household) or from loss of possession of the residence or household (should petitioner leave to avoid the risk of abuse). When determining the balance of hardships, the court shall also take into account the accessibility of the residence or household. Hardships need not be balanced if respondent does not have a right to occupancy.

The balance of hardships is presumed to favor possession by petitioner unless the presumption is rebutted by a preponderance of the evidence, showing that the hardships to respondent substantially outweigh the hardships to petitioner and any minor child or dependent adult in petitioner's care. The court, on the request of petitioner or on its own motion, may order respondent to provide suitable, accessible, alternate housing for petitioner instead of excluding respondent from a mutual residence or household.

(3) Stay away order and additional prohibitions. Order respondent to stay away from petitioner or any other person protected by the domestic violence order of protection, or prohibit respondent from entering or remaining present at petitioner's school, place of employment, or other specified places at times when petitioner is present, or both, if reasonable, given the balance of hardships. Hardships need not be balanced for the court to enter a stay away order or prohibit entry if respondent has no right to enter the premises.

   (A) If a domestic violence order of protection grants petitioner exclusive possession of the residence, prohibits respondent from entering the residence, or orders respondent to stay away from petitioner or other protected persons, then the court may allow respondent access to the residence to remove items of clothing and personal adornment used exclusively by respondent, medications, and other items as the court directs. The right to access shall be exercised on only one occasion as the court directs and in the presence of an agreed-upon adult third party or law enforcement officer.

   (B) When the petitioner and the respondent attend the same public, private, or non-public elementary, middle, or high school, the court when issuing a domestic violence order of protection and providing relief shall consider the severity of the act, any continuing physical danger or emotional distress to the petitioner, the educational rights guaranteed to the petitioner and respondent under federal and State law, the availability of a transfer of the respondent to another school, a change of placement or a change of program of the respondent, the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school, and any other relevant facts of the case. The court may order that the respondent not attend the public, private, or non-public elementary, middle, or high school attended by the petitioner, order that the respondent accept a change of placement or change of program, as determined by the school district or private or non-public school, or place restrictions on the respondent's movements within the

New matter indicated by italics - deletions by strikeout
The respondent bears the burden of proving by a preponderance of the evidence that a transfer, change of placement, or change of program of the respondent is not available. The respondent also bears the burden of production with respect to the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. A transfer, change of placement, or change of program is not unavailable to the respondent solely on the ground that the respondent does not agree with the school district's or private or non-public school's transfer, change of placement, or change of program or solely on the ground that the respondent fails or refuses to consent or otherwise does not take an action required to effectuate a transfer, change of placement, or change of program. When a court orders a respondent to stay away from the public, private, or non-public school attended by the petitioner and the respondent requests a transfer to another attendance center within the respondent's school district or private or non-public school, the school district or private or non-public school shall have sole discretion to determine the attendance center to which the respondent is transferred. If the court order results in a transfer of the minor respondent to another attendance center, a change in the respondent's placement, or a change of the respondent's program, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the transfer or change.

(C) The court may order the parents, guardian, or legal custodian of a minor respondent to take certain actions or to refrain from taking certain actions to ensure that the respondent complies with the order. If the court orders a transfer of the respondent to another school, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the change of school by the respondent.

(4) Counseling. Require or recommend the respondent to undergo counseling for a specified duration with a social worker, psychologist, clinical psychologist, psychiatrist, family service

agency, alcohol or substance abuse program, mental health center
guidance counselor, agency providing services to elders, program
designed for domestic violence abusers, or any other guidance
service the court deems appropriate. The court may order the
respondent in any intimate partner relationship to report to an
Illinois Department of Human Services protocol approved partner
abuse intervention program for an assessment and to follow all
recommended treatment.

(5) Physical care and possession of the minor child. In order
to protect the minor child from abuse, neglect, or unwarranted
separation from the person who has been the minor child's primary
caretaker, or to otherwise protect the well-being of the minor child,
the court may do either or both of the following: (i) grant petitioner
physical care or possession of the minor child, or both, or (ii) order
respondent to return a minor child to, or not remove a minor child
from, the physical care of a parent or person in loco parentis.

If the respondent is charged with abuse (as defined in
Section 112A-3 of this Code) of a minor child, there shall be a
rebuttable presumption that awarding physical care to respondent
would not be in the minor child's best interest.

(6) Temporary allocation of parental responsibilities and
significant decision-making responsibilities. Award temporary
significant decision-making responsibility to petitioner in
accordance with this Section, the Illinois Marriage and Dissolution
of Marriage Act, the Illinois Parentage Act of 2015, and this State's
Uniform Child-Custody Jurisdiction and Enforcement Act.

If the respondent is charged with abuse (as defined in
Section 112A-3 of this Code) of a minor child, there shall be a
rebuttable presumption that awarding temporary significant
decision-making responsibility to respondent would not be in the
child's best interest.

(7) Parenting time. Determine the parenting time, if any, of
respondent in any case in which the court awards physical care or
temporary significant decision-making responsibility of a minor
child to petitioner. The court shall restrict or deny respondent's
parenting time with a minor child if the court finds that respondent
has done or is likely to do any of the following:

(i) abuse or endanger the minor child during
parenting time;

New matter indicated by italics - deletions by strikeout
(ii) use the parenting time as an opportunity to abuse or harass petitioner or petitioner's family or household members;

(iii) improperly conceal or detain the minor child; or

(iv) otherwise act in a manner that is not in the best interests of the minor child.

The court shall not be limited by the standards set forth in Section 603.10 of the Illinois Marriage and Dissolution of Marriage Act. If the court grants parenting time, the order shall specify dates and times for the parenting time to take place or other specific parameters or conditions that are appropriate. No order for parenting time shall refer merely to the term "reasonable parenting time". Petitioner may deny respondent access to the minor child if, when respondent arrives for parenting time, respondent is under the influence of drugs or alcohol and constitutes a threat to the safety and well-being of petitioner or petitioner's minor children or is behaving in a violent or abusive manner. If necessary to protect any member of petitioner's family or household from future abuse, respondent shall be prohibited from coming to petitioner's residence to meet the minor child for parenting time, and the petitioner and respondent shall submit to the court their recommendations for reasonable alternative arrangements for parenting time. A person may be approved to supervise parenting time only after filing an affidavit accepting that responsibility and acknowledging accountability to the court.

(8) Removal or concealment of minor child. Prohibit respondent from removing a minor child from the State or concealing the child within the State.

(9) Order to appear. Order the respondent to appear in court, alone or with a minor child, to prevent abuse, neglect, removal or concealment of the child, to return the child to the custody or care of the petitioner, or to permit any court-ordered interview or examination of the child or the respondent.

(10) Possession of personal property. Grant petitioner exclusive possession of personal property and, if respondent has possession or control, direct respondent to promptly make it available to petitioner, if:

(i) petitioner, but not respondent, owns the property; or

New matter indicated by italics - deletions by strikeout
(ii) the petitioner and respondent own the property jointly; sharing it would risk abuse of petitioner by respondent or is impracticable; and the balance of hardships favors temporary possession by petitioner.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may award petitioner temporary possession thereof under the standards of subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

No order under this provision shall affect title to property.

(11) Protection of property. Forbid the respondent from taking, transferring, encumbering, concealing, damaging, or otherwise disposing of any real or personal property, except as explicitly authorized by the court, if:

(i) petitioner, but not respondent, owns the property; or

(ii) the petitioner and respondent own the property jointly, and the balance of hardships favors granting this remedy.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may grant petitioner relief under subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

The court may further prohibit respondent from improperly using the financial or other resources of an aged member of the family or household for the profit or advantage of respondent or of any other person.

(11.5) Protection of animals. Grant the petitioner the exclusive care, custody, or control of any animal owned, possessed, leased, kept, or held by either the petitioner or the respondent or a minor child residing in the residence or household of either the petitioner or the respondent and order the respondent to stay away from the animal and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the animal.

(12) Order for payment of support. Order respondent to pay temporary support for the petitioner or any child in the petitioner's
care or over whom the petitioner has been allocated parental responsibility, when the respondent has a legal obligation to support that person, in accordance with the Illinois Marriage and Dissolution of Marriage Act, which shall govern, among other matters, the amount of support, payment through the clerk and withholding of income to secure payment. An order for child support may be granted to a petitioner with lawful physical care of a child, or an order or agreement for physical care of a child, prior to entry of an order allocating significant decision-making responsibility. Such a support order shall expire upon entry of a valid order allocating parental responsibility differently and vacating petitioner's significant decision-making responsibility unless otherwise provided in the order.

(13) Order for payment of losses. Order respondent to pay petitioner for losses suffered as a direct result of the abuse. Such losses shall include, but not be limited to, medical expenses, lost earnings or other support, repair or replacement of property damaged or taken, reasonable attorney's fees, court costs, and moving or other travel expenses, including additional reasonable expenses for temporary shelter and restaurant meals.

(i) Losses affecting family needs. If a party is entitled to seek maintenance, child support, or property distribution from the other party under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended, the court may order respondent to reimburse petitioner's actual losses, to the extent that such reimbursement would be "appropriate temporary relief", as authorized by subsection (a)(3) of Section 501 of that Act.

(ii) Recovery of expenses. In the case of an improper concealment or removal of a minor child, the court may order respondent to pay the reasonable expenses incurred or to be incurred in the search for and recovery of the minor child, including, but not limited to, legal fees, court costs, private investigator fees, and travel costs.

(14) Prohibition of entry. Prohibit the respondent from entering or remaining in the residence or household while the respondent is under the influence of alcohol or drugs and constitutes a threat to the safety and well-being of the petitioner or the petitioner's children.

(14.5) Prohibition of firearm possession.

(A) A person who is subject to an existing domestic violence order of protection issued under this Code may not lawfully possess weapons under Section 8.2 of the Firearm Owners Identification Card Act.

(B) Any firearms in the possession of the respondent, except as provided in subparagraph (C) of this paragraph (14.5), shall be ordered by the court to be turned over to a person with a valid Firearm Owner's Identification Card for safekeeping. The court shall issue an order that the respondent's Firearm Owner's Identification Card be turned over to the local law enforcement agency, which in turn shall immediately mail the card to the Department of State Police Firearm Owner's Identification Card Office for safekeeping. The period of safekeeping shall be for the duration of the domestic violence order of protection. The firearm or firearms and Firearm Owner's Identification Card, if unexpired, shall at the respondent's request be returned to the respondent at expiration of the domestic violence order of protection.

(C) If the respondent is a peace officer as defined in Section 2-13 of the Criminal Code of 2012, the court shall order that any firearms used by the respondent in the performance of his or her duties as a peace officer be surrendered to the chief law enforcement executive of the agency in which the respondent is employed, who shall retain the firearms for safekeeping for the duration of the domestic violence order of protection.

(D) Upon expiration of the period of safekeeping, if the firearms or Firearm Owner's Identification Card cannot be returned to respondent because respondent cannot be located, fails to respond to requests to retrieve the firearms, or is not lawfully eligible to possess a firearm, upon petition from the local law enforcement agency, the court may order the local law enforcement agency to destroy the firearms, use the firearms for training purposes, or for any other application as deemed appropriate by the local law enforcement agency; or that the firearms be turned over to a
third party who is lawfully eligible to possess firearms, and who does not reside with respondent.

(15) Prohibition of access to records. If a domestic violence order of protection prohibits respondent from having contact with the minor child, or if petitioner's address is omitted under subsection (b) of Section 112A-5 of this Code, or if necessary to prevent abuse or wrongful removal or concealment of a minor child, the order shall deny respondent access to, and prohibit respondent from inspecting, obtaining, or attempting to inspect or obtain, school or any other records of the minor child who is in the care of petitioner.

(16) Order for payment of shelter services. Order respondent to reimburse a shelter providing temporary housing and counseling services to the petitioner for the cost of the services, as certified by the shelter and deemed reasonable by the court.

(17) Order for injunctive relief. Enter injunctive relief necessary or appropriate to prevent further abuse of a family or household member or to effectuate one of the granted remedies, if supported by the balance of hardships. If the harm to be prevented by the injunction is abuse or any other harm that one of the remedies listed in paragraphs (1) through (16) of this subsection is designed to prevent, no further evidence is necessary to establish that the harm is an irreparable injury.

(18) Telephone services.

(A) Unless a condition described in subparagraph (B) of this paragraph exists, the court may, upon request by the petitioner, order a wireless telephone service provider to transfer to the petitioner the right to continue to use a telephone number or numbers indicated by the petitioner and the financial responsibility associated with the number or numbers, as set forth in subparagraph (C) of this paragraph. In this paragraph (18), the term "wireless telephone service provider" means a provider of commercial mobile service as defined in 47 U.S.C. 332. The petitioner may request the transfer of each telephone number that the petitioner, or a minor child in his or her custody, uses. The clerk of the court shall serve the order on the wireless telephone service provider's agent for service

of process provided to the Illinois Commerce Commission. The order shall contain all of the following:

(i) The name and billing telephone number of the account holder including the name of the wireless telephone service provider that serves the account.

(ii) Each telephone number that will be transferred.

(iii) A statement that the provider transfers to the petitioner all financial responsibility for and right to the use of any telephone number transferred under this paragraph.

(B) A wireless telephone service provider shall terminate the respondent's use of, and shall transfer to the petitioner use of, the telephone number or numbers indicated in subparagraph (A) of this paragraph unless it notifies the petitioner, within 72 hours after it receives the order, that one of the following applies:

(i) The account holder named in the order has terminated the account.

(ii) A difference in network technology would prevent or impair the functionality of a device on a network if the transfer occurs.

(iii) The transfer would cause a geographic or other limitation on network or service provision to the petitioner.

(iv) Another technological or operational issue would prevent or impair the use of the telephone number if the transfer occurs.

(C) The petitioner assumes all financial responsibility for and right to the use of any telephone number transferred under this paragraph. In this paragraph, "financial responsibility" includes monthly service costs and costs associated with any mobile device associated with the number.

(D) A wireless telephone service provider may apply to the petitioner its routine and customary requirements for establishing an account or transferring a number, including requiring the petitioner to provide proof
of identification, financial information, and customer preferences.

(E) Except for willful or wanton misconduct, a wireless telephone service provider is immune from civil liability for its actions taken in compliance with a court order issued under this paragraph.

(F) All wireless service providers that provide services to residential customers shall provide to the Illinois Commerce Commission the name and address of an agent for service of orders entered under this paragraph (18). Any change in status of the registered agent must be reported to the Illinois Commerce Commission within 30 days of such change.

(G) The Illinois Commerce Commission shall maintain the list of registered agents for service for each wireless telephone service provider on the Commission's website. The Commission may consult with wireless telephone service providers and the Circuit Court Clerks on the manner in which this information is provided and displayed.

(c) Relevant factors; findings.

(1) In determining whether to grant a specific remedy, other than payment of support, the court shall consider relevant factors, including, but not limited to, the following:

   (i) the nature, frequency, severity, pattern, and consequences of the respondent's past abuse of the petitioner or any family or household member, including the concealment of his or her location in order to evade service of process or notice, and the likelihood of danger of future abuse to petitioner or any member of petitioner's or respondent's family or household; and

   (ii) the danger that any minor child will be abused or neglected or improperly relocated from the jurisdiction, improperly concealed within the State, or improperly separated from the child's primary caretaker.

(2) In comparing relative hardships resulting to the parties from loss of possession of the family home, the court shall consider relevant factors, including, but not limited to, the following:

New matter indicated by italics - deletions by strikeout
(i) availability, accessibility, cost, safety, adequacy, location, and other characteristics of alternate housing for each party and any minor child or dependent adult in the party's care;

(ii) the effect on the party's employment; and

(iii) the effect on the relationship of the party, and any minor child or dependent adult in the party's care, to family, school, church, and community.

(3) Subject to the exceptions set forth in paragraph (4) of this subsection (c), the court shall make its findings in an official record or in writing, and shall at a minimum set forth the following:

(i) That the court has considered the applicable relevant factors described in paragraphs (1) and (2) of this subsection (c).

(ii) Whether the conduct or actions of respondent, unless prohibited, will likely cause irreparable harm or continued abuse.

(iii) Whether it is necessary to grant the requested relief in order to protect petitioner or other alleged abused persons.

(4) (Blank).

(5) Never married parties. No rights or responsibilities for a minor child born outside of marriage attach to a putative father until a father and child relationship has been established under the Illinois Parentage Act of 1984, the Illinois Parentage Act of 2015, the Illinois Public Aid Code, Section 12 of the Vital Records Act, the Juvenile Court Act of 1987, the Probate Act of 1975, the Uniform Interstate Family Support Act, the Expedited Child Support Act of 1990, any judicial, administrative, or other act of another state or territory, any other statute of this State, or by any foreign nation establishing the father and child relationship, any other proceeding substantially in conformity with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, or when both parties appeared in open court or at an administrative hearing acknowledging under oath or admitting by affirmation the existence of a father and child relationship. Absent such an adjudication, no putative father shall be granted temporary allocation of parental responsibilities, including parenting time.
with the minor child, or physical care and possession of the minor child, nor shall an order of payment for support of the minor child be entered.

(d) Balance of hardships; findings. If the court finds that the balance of hardships does not support the granting of a remedy governed by paragraph (2), (3), (10), (11), or (16) of subsection (b) of this Section, which may require such balancing, the court’s findings shall so indicate and shall include a finding as to whether granting the remedy will result in hardship to respondent that would substantially outweigh the hardship to petitioner from denial of the remedy. The findings shall be an official record or in writing.

(e) Denial of remedies. Denial of any remedy shall not be based, in whole or in part, on evidence that:

(1) respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by Article 7 of the Criminal Code of 2012;
(2) respondent was voluntarily intoxicated;
(3) petitioner acted in self-defense or defense of another, provided that, if petitioner utilized force, such force was justifiable under Article 7 of the Criminal Code of 2012;
(4) petitioner did not act in self-defense or defense of another;
(5) petitioner left the residence or household to avoid further abuse by respondent;
(6) petitioner did not leave the residence or household to avoid further abuse by respondent; or
(7) conduct by any family or household member excused the abuse by respondent, unless that same conduct would have excused such abuse if the parties had not been family or household members.

(c) The court shall ensure that the rights of the victim are afforded.

(c-5) The following procedures shall be followed to afford victims the rights guaranteed by Article I, Section 8.1 of the Illinois Constitution:

(1) Written notice. A victim may complete a written notice of intent to assert rights on a form prepared by the Office of the Attorney General and provided to the victim by the State's Attorney. The victim may at any time provide a revised written notice to the State's Attorney. The State's Attorney shall file the written notice with the court. At the beginning of any court proceeding in which the right of a victim may be at issue, the court and prosecutor shall review the written notice to determine whether the victim has asserted the right that may be at issue.

(2) Victim's retained attorney. A victim's attorney shall file an entry of appearance limited to assertion of the victim's rights. Upon the filing of the entry of appearance and service on the State's Attorney and the defendant, the attorney is to receive copies of all notices, motions and court orders filed thereafter in the case.

(3) Standing. The victim has standing to assert the rights enumerated in subsection (a) of Article I, Section 8.1 of the Illinois Constitution and the statutory rights under Section 4 of this Act in any court exercising jurisdiction over the criminal case. The prosecuting attorney, a victim, or the victim's retained attorney may assert the victim's rights. The defendant in the criminal case has no standing to assert a right of the victim in any court proceeding, including on appeal.

(4) Assertion of and enforcement of rights.

(A) The prosecuting attorney shall assert a victim's right or request enforcement of a right by filing a motion or by orally asserting the right or requesting enforcement in open court in the criminal case outside the presence of the jury. The prosecuting attorney shall consult with the victim
and the victim's attorney regarding the assertion or enforcement of a right. If the prosecuting attorney decides not to assert or enforce a victim's right, the prosecuting attorney shall notify the victim or the victim's attorney in sufficient time to allow the victim or the victim's attorney to assert the right or to seek enforcement of a right.

(B) If the prosecuting attorney elects not to assert a victim's right or to seek enforcement of a right, the victim or the victim's attorney may assert the victim's right or request enforcement of a right by filing a motion or by orally asserting the right or requesting enforcement in open court in the criminal case outside the presence of the jury.

(C) If the prosecuting attorney asserts a victim's right or seeks enforcement of a right, and the court denies the assertion of the right or denies the request for enforcement of a right, the victim or victim's attorney may file a motion to assert the victim's right or to request enforcement of the right within 10 days of the court's ruling. The motion need not demonstrate the grounds for a motion for reconsideration. The court shall rule on the merits of the motion.

(D) The court shall take up and decide any motion or request asserting or seeking enforcement of a victim's right without delay, unless a specific time period is specified by law or court rule. The reasons for any decision denying the motion or request shall be clearly stated on the record.

(5) Violation of rights and remedies.

(A) If the court determines that a victim's right has been violated, the court shall determine the appropriate remedy for the violation of the victim's right by hearing from the victim and the parties, considering all factors relevant to the issue, and then awarding appropriate relief to the victim.

(A-5) Consideration of an issue of a substantive nature or an issue that implicates the constitutional or statutory right of a victim at a court proceeding labeled as a status hearing shall constitute a per se violation of a victim's right.

New matter indicated by italics - deletions by strikeout
(B) The appropriate remedy shall include only actions necessary to provide the victim the right to which the victim was entitled and may include reopening previously held proceedings; however, in no event shall the court vacate a conviction. Any remedy shall be tailored to provide the victim an appropriate remedy without violating any constitutional right of the defendant. In no event shall the appropriate remedy be a new trial, damages, or costs.

(6) Right to be heard. Whenever a victim has the right to be heard, the court shall allow the victim to exercise the right in any reasonable manner the victim chooses.

(7) Right to attend trial. A party must file a written motion to exclude a victim from trial at least 60 days prior to the date set for trial. The motion must state with specificity the reason exclusion is necessary to protect a constitutional right of the party, and must contain an offer of proof. The court shall rule on the motion within 30 days. If the motion is granted, the court shall set forth on the record the facts that support its finding that the victim's testimony will be materially affected if the victim hears other testimony at trial.

(8) Right to have advocate and support person present at court proceedings.

(A) A party who intends to call an advocate as a witness at trial must seek permission of the court before the subpoena is issued. The party must file a written motion at least 90 days before trial that sets forth specifically the issues on which the advocate's testimony is sought and an offer of proof regarding (i) the content of the anticipated testimony of the advocate; and (ii) the relevance, admissibility, and materiality of the anticipated testimony. The court shall consider the motion and make findings within 30 days of the filing of the motion. If the court finds by a preponderance of the evidence that: (i) the anticipated testimony is not protected by an absolute privilege; and (ii) the anticipated testimony contains relevant, admissible, and material evidence that is not available through other witnesses or evidence, the court shall issue a subpoena requiring the advocate to appear to testify at an in camera hearing. The prosecuting attorney and the victim shall have

New matter indicated by italics - deletions by strikeout
15 days to seek appellate review before the advocate is required to testify at an ex parte in camera proceeding.

The prosecuting attorney, the victim, and the advocate's attorney shall be allowed to be present at the ex parte in camera proceeding. If, after conducting the ex parte in camera hearing, the court determines that due process requires any testimony regarding confidential or privileged information or communications, the court shall provide to the prosecuting attorney, the victim, and the advocate's attorney a written memorandum on the substance of the advocate's testimony. The prosecuting attorney, the victim, and the advocate's attorney shall have 15 days to seek appellate review before a subpoena may be issued for the advocate to testify at trial. The presence of the prosecuting attorney at the ex parte in camera proceeding does not make the substance of the advocate's testimony that the court has ruled inadmissible subject to discovery.

(B) If a victim has asserted the right to have a support person present at the court proceedings, the victim shall provide the name of the person the victim has chosen to be the victim's support person to the prosecuting attorney, within 60 days of trial. The prosecuting attorney shall provide the name to the defendant. If the defendant intends to call the support person as a witness at trial, the defendant must seek permission of the court before a subpoena is issued. The defendant must file a written motion at least 45 days prior to trial that sets forth specifically the issues on which the support person will testify and an offer of proof regarding: (i) the content of the anticipated testimony of the support person; and (ii) the relevance, admissibility, and materiality of the anticipated testimony.

If the prosecuting attorney intends to call the support person as a witness during the State's case-in-chief, the prosecuting attorney shall inform the court of this intent in the response to the defendant's written motion. The victim may choose a different person to be the victim's support person. The court may allow the defendant to inquire about matters outside the scope of the direct

New matter indicated by italics - deletions by strikeout
examination during cross-examination. If the court allows the defendant to do so, the support person shall be allowed to remain in the courtroom after the support person has testified. A defendant who fails to question the support person about matters outside the scope of direct examination during the State's case-in-chief waives the right to challenge the presence of the support person on appeal. The court shall allow the support person to testify if called as a witness in the defendant's case-in-chief or the State's rebuttal.

If the court does not allow the defendant to inquire about matters outside the scope of the direct examination, the support person shall be allowed to remain in the courtroom after the support person has been called by the defendant or the defendant has rested. The court shall allow the support person to testify in the State's rebuttal.

If the prosecuting attorney does not intend to call the support person in the State's case-in-chief, the court shall verify with the support person whether the support person, if called as a witness, would testify as set forth in the offer of proof. If the court finds that the support person would testify as set forth in the offer of proof, the court shall rule on the relevance, materiality, and admissibility of the anticipated testimony. If the court rules the anticipated testimony is admissible, the court shall issue the subpoena. The support person may remain in the courtroom after the support person testifies and shall be allowed to testify in rebuttal.

If the court excludes the victim's support person during the State's case-in-chief, the victim shall be allowed to choose another support person to be present in court.

If the victim fails to designate a support person within 60 days of trial and the defendant has subpoenaed the support person to testify at trial, the court may exclude the support person from the trial until the support person testifies. If the court excludes the support person the victim may choose another person as a support person.

(9) Right to notice and hearing before disclosure of confidential or privileged information or records. A defendant who

New matter indicated by italics - deletions by strikeout
seeks to subpoena records of or concerning the victim that are confidential or privileged by law must seek permission of the court before the subpoena is issued. The defendant must file a written motion and an offer of proof regarding the relevance, admissibility and materiality of the records. If the court finds by a preponderance of the evidence that: (A) the records are not protected by an absolute privilege and (B) the records contain relevant, admissible, and material evidence that is not available through other witnesses or evidence, the court shall issue a subpoena requiring a sealed copy of the records be delivered to the court to be reviewed in camera. If, after conducting an in camera review of the records, the court determines that due process requires disclosure of any portion of the records, the court shall provide copies of what it intends to disclose to the prosecuting attorney and the victim. The prosecuting attorney and the victim shall have 30 days to seek appellate review before the records are disclosed to the defendant. The disclosure of copies of any portion of the records to the prosecuting attorney does not make the records subject to discovery.

(10) Right to notice of court proceedings. If the victim is not present at a court proceeding in which a right of the victim is at issue, the court shall ask the prosecuting attorney whether the victim was notified of the time, place, and purpose of the court proceeding and that the victim had a right to be heard at the court proceeding. If the court determines that timely notice was not given or that the victim was not adequately informed of the nature of the court proceeding, the court shall not rule on any substantive issues, accept a plea, or impose a sentence and shall continue the hearing for the time necessary to notify the victim of the time, place and nature of the court proceeding. The time between court proceedings shall not be attributable to the State under Section 103-5 of the Code of Criminal Procedure of 1963.

(11) Right to timely disposition of the case. A victim has the right to timely disposition of the case so as to minimize the stress, cost, and inconvenience resulting from the victim's involvement in the case. Before ruling on a motion to continue trial or other court proceeding, the court shall inquire into the circumstances for the request for the delay and, if the victim has provided written notice of the assertion of the right to a timely

New matter indicated by italics - deletions by strikeout
disposition, and whether the victim objects to the delay. If the victim objects, the prosecutor shall inform the court of the victim's objections. If the prosecutor has not conferred with the victim about the continuance, the prosecutor shall inform the court of the attempts to confer. If the court finds the attempts of the prosecutor to confer with the victim were inadequate to protect the victim's right to be heard, the court shall give the prosecutor at least 3 but not more than 5 business days to confer with the victim. In ruling on a motion to continue, the court shall consider the reasons for the requested continuance, the number and length of continuances that have been granted, the victim's objections and procedures to avoid further delays. If a continuance is granted over the victim's objection, the court shall specify on the record the reasons for the continuance and the procedures that have been or will be taken to avoid further delays.

(12) Right to Restitution.

(A) If the victim has asserted the right to restitution and the amount of restitution is known at the time of sentencing, the court shall enter the judgment of restitution at the time of sentencing.

(B) If the victim has asserted the right to restitution and the amount of restitution is not known at the time of sentencing, the prosecutor shall, within 5 days after sentencing, notify the victim what information and documentation related to restitution is needed and that the information and documentation must be provided to the prosecutor within 45 days after sentencing. Failure to timely provide information and documentation related to restitution shall be deemed a waiver of the right to restitution. The prosecutor shall file and serve within 60 days after sentencing a proposed judgment for restitution and a notice that includes information concerning the identity of any victims or other persons seeking restitution, whether any victim or other person expressly declines restitution, the nature and amount of any damages together with any supporting documentation, a restitution amount recommendation, and the names of any co-defendants and their case numbers. Within 30 days after receipt of the proposed judgment for restitution, the defendant shall file
any objection to the proposed judgment, a statement of grounds for the objection, and a financial statement. If the defendant does not file an objection, the court may enter the judgment for restitution without further proceedings. If the defendant files an objection and either party requests a hearing, the court shall schedule a hearing.

(13) Access to presentence reports.

(A) The victim may request a copy of the presentence report prepared under the Unified Code of Corrections from the State's Attorney. The State's Attorney shall redact the following information before providing a copy of the report:
   (i) the defendant's mental history and condition;
   (ii) any evaluation prepared under subsection (b) or (b-5) of Section 5-3-2; and
   (iii) the name, address, phone number, and other personal information about any other victim.

(B) The State's Attorney or the defendant may request the court redact other information in the report that may endanger the safety of any person.

(C) The State's Attorney may orally disclose to the victim any of the information that has been redacted if there is a reasonable likelihood that the information will be stated in court at the sentencing.

(D) The State's Attorney must advise the victim that the victim must maintain the confidentiality of the report and other information. Any dissemination of the report or information that was not stated at a court proceeding constitutes indirect criminal contempt of court.

(14) Appellate relief. If the trial court denies the relief requested, the victim, the victim's attorney, or the prosecuting attorney may file an appeal within 30 days of the trial court's ruling. The trial or appellate court may stay the court proceedings if the court finds that a stay would not violate a constitutional right of the defendant. If the appellate court denies the relief sought, the reasons for the denial shall be clearly stated in a written opinion. In any appeal in a criminal case, the State may assert as error the...
court's denial of any crime victim's right in the proceeding to which the appeal relates.

(15) Limitation on appellate relief. In no case shall an appellate court provide a new trial to remedy the violation of a victim's right.

(16) The right to be reasonably protected from the accused throughout the criminal justice process and the right to have the safety of the victim and the victim's family considered in denying or fixing the amount of bail, determining whether to release the defendant, and setting conditions of release after arrest and conviction. A victim of domestic violence, a sexual offense, or stalking may request the entry of a protective order under Article 112A of the Code of Criminal Procedure of 1963.

(d)(1) The Prisoner Review Board shall inform a victim or any other concerned citizen, upon written request, of the prisoner's release on parole, mandatory supervised release, electronic detention, work release, international transfer or exchange, or by the custodian, other than the Department of Juvenile Justice, of the discharge of any individual who was adjudicated a delinquent for a crime from State custody and by the sheriff of the appropriate county of any such person's final discharge from county custody. The Prisoner Review Board, upon written request, shall provide to a victim or any other concerned citizen a recent photograph of any person convicted of a felony, upon his or her release from custody. The Prisoner Review Board, upon written request, shall inform a victim or any other concerned citizen when feasible at least 7 days prior to the prisoner's release on furlough of the times and dates of such furlough. Upon written request by the victim or any other concerned citizen, the State's Attorney shall notify the person once of the times and dates of release of a prisoner sentenced to periodic imprisonment. Notification shall be based on the most recent information as to victim's or other concerned citizen's residence or other location available to the notifying authority.

(2) When the defendant has been committed to the Department of Human Services pursuant to Section 5-2-4 or any other provision of the Unified Code of Corrections, the victim may request to be notified by the releasing authority of the approval by the court of an on-grounds pass, a supervised off-grounds pass, an unsupervised off-grounds pass, or conditional release; the release on an off-grounds pass; the return from an off-grounds pass; transfer to another facility; conditional release; escape;

The Department of Human Services shall establish and maintain a statewide telephone number to be used by victims to make notification requests under these provisions and shall publicize this telephone number on its website and to the State's Attorney of each county.

(3) In the event of an escape from State custody, the Department of Corrections or the Department of Juvenile Justice immediately shall notify the Prisoner Review Board of the escape and the Prisoner Review Board shall notify the victim. The notification shall be based upon the most recent information as to the victim's residence or other location available to the Board. When no such information is available, the Board shall make all reasonable efforts to obtain the information and make the notification. When the escapee is apprehended, the Department of Corrections or the Department of Juvenile Justice immediately shall notify the Prisoner Review Board and the Board shall notify the victim.

(4) The victim of the crime for which the prisoner has been sentenced shall receive reasonable written notice not less than 30 days prior to the parole hearing or target aftercare release date and may submit, in writing, on film, videotape, or other electronic means or in the form of a recording prior to the parole hearing or target aftercare release date or in person at the parole hearing or aftercare release protest hearing or if a victim of a violent crime, by calling the toll-free number established in subsection (f) of this Section, information for consideration by the Prisoner Review Board or Department of Juvenile Justice. The provisions of this paragraph (4) are subject to the Open Parole Hearings Act.

(5) If a statement is presented under Section 6, the Prisoner Review Board or Department of Juvenile Justice shall inform the victim of any order of discharge pursuant to Section 3-2.5-85 or 3-3-8 of the Unified Code of Corrections.

(6) At the written or oral request of the victim of the crime for which the prisoner was sentenced or the State's Attorney of the county where the person seeking parole or aftercare release was prosecuted, the Prisoner Review Board or Department of Juvenile Justice shall notify the victim and the State's Attorney of the county where the person seeking parole or aftercare release was prosecuted of the death of the prisoner if

the prisoner died while on parole or aftercare release or mandatory supervised release.

(7) When a defendant who has been committed to the Department of Corrections, the Department of Juvenile Justice, or the Department of Human Services is released or discharged and subsequently committed to the Department of Human Services as a sexually violent person and the victim had requested to be notified by the releasing authority of the defendant's discharge, conditional release, death, or escape from State custody, the releasing authority shall provide to the Department of Human Services such information that would allow the Department of Human Services to contact the victim.

(8) When a defendant has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act and has been sentenced to the Department of Corrections or the Department of Juvenile Justice, the Prisoner Review Board or the Department of Juvenile Justice shall notify the victim of the sex offense of the prisoner's eligibility for release on parole, aftercare release, mandatory supervised release, electronic detention, work release, international transfer or exchange, or by the custodian of the discharge of any individual who was adjudicated a delinquent for a sex offense from State custody and by the sheriff of the appropriate county of any such person's final discharge from county custody. The court shall allow a victim to make an oral statement if the victim is present in the courtroom and requests to make an oral statement. An oral statement includes the victim or a representative of the victim reading the written statement. The court may allow persons impacted by the crime who are not victims under subsection (a) of Section 3 of this Act to present an oral or written statement. A victim and any person making an oral statement shall not be put under oath or subject to cross-examination. The court shall consider any statement presented along with all other appropriate factors in determining the sentence of the defendant or disposition of such juvenile.

(a-1) In any case where a defendant has been convicted of a violation of any statute, ordinance, or regulation relating to the operation or use of motor vehicles, the use of streets and highways by pedestrians or the operation of any other wheeled or tracked vehicle, except parking violations, if the violation resulted in great bodily harm or death, the person who suffered great bodily harm, the injured person's representative, or the representative of a deceased person shall be entitled to notice of the sentencing hearing. "Representative" includes the spouse, guardian, grandparent, or other immediate family or household member of an injured or deceased person. The injured person or his or her representative and a representative of the deceased person shall have the right to address the court regarding the impact that the defendant's criminal conduct has had upon them. If more than one representative of an injured or deceased person is present in the courtroom at the time of sentencing, the court has discretion to permit one or more of the representatives to present an oral impact statement. A victim and any person making an oral statement shall not be put under oath or subject to cross-examination. Health and Developmental Disabilities Code to determine if the defendant is: (1) in need of mental health services on an inpatient basis; (2) in need of mental health services on an outpatient basis; or (3) not in need of mental health services, unless the defendant was under 18 years of age at the time the offense was committed. The court shall allow a victim to make an oral impact statement if the victim is present in the courtroom and requests to make an oral statement. An oral statement includes the victim or a representative of the victim reading the written impact statement. The court may allow persons impacted by the crime who are not victims under subsection (a) of Section 3 of this Act, to present an oral or written statement. Sec. 5-2-4. Proceedings after acquittal by reason of insanity.

New matter indicated by italics - deletions by strikeout
(a) After a finding or verdict of not guilty by reason of insanity under Sections 104-25, 115-3, or 115-4 of the Code of Criminal Procedure of 1963, the defendant shall be ordered to the Department of Human Services for an evaluation as to whether he is in need of mental health services. The order shall specify whether the evaluation shall be conducted on an inpatient or outpatient basis. If the evaluation is to be conducted on an inpatient basis, the defendant shall be placed in a secure setting. With the court order for evaluation shall be sent a copy of the arrest report, criminal charges, arrest record, jail record, any report prepared under Section 115-6 of the Code of Criminal Procedure of 1963, and any statement prepared under Section 6 of the Rights of Crime Victims and Witnesses Act. The clerk of the circuit court shall transmit this information to the Department within 5 days. If the court orders that the evaluation be done on an inpatient basis, the Department shall evaluate the defendant to determine to which secure facility the defendant shall be transported and, within 20 days of the transmittal by the clerk of the circuit court of the placement court order, notify the sheriff of the designated facility. Upon receipt of that notice, the sheriff shall promptly transport the defendant to the designated facility. During the period of time required to determine the appropriate placement, the defendant shall remain in jail. If, within 20 days of the transmittal by the clerk of the circuit court of the placement court order, the Department fails to notify the sheriff of the identity of the facility to which the defendant shall be transported, the sheriff shall contact a designated person within the Department to inquire about when a placement will become available at the designated facility and bed availability at other facilities. If, within 20 days of the transmittal by the clerk of the circuit court of the placement court order, the Department fails to notify the sheriff of the identity of the facility to which the defendant shall be transported, the sheriff shall notify the Department of its intent to transfer the defendant to the nearest secure mental health facility operated by the Department and inquire as to the status of the placement evaluation and availability for admission to the facility operated by the Department by contacting a designated person within the Department. The Department shall respond to the sheriff within 2 business days of the notice and inquiry by the sheriff seeking the transfer and the Department shall provide the sheriff with the status of the placement evaluation, information on bed and placement availability, and an estimated date of admission for the defendant and any changes to that estimated date of admission. If the Department notifies the sheriff during

the 2 business day period of a facility operated by the Department with placement availability, the sheriff shall promptly transport the defendant to that facility. Individualized placement evaluations by the Department of Human Services determine the most appropriate setting for forensic treatment based upon a number of factors including mental health diagnosis, proximity to surviving victims, security need, age, gender, and proximity to family.

The Department shall provide the Court with a report of its evaluation within 30 days of the date of this order. The Court shall hold a hearing as provided under the Mental Health and Developmental Disabilities Code to determine if the individual is: (a) in need of mental health services on an inpatient basis; (b) in need of mental health services on an outpatient basis; (c) a person not in need of mental health services. The court shall afford the victim the opportunity to make a written or oral statement as guaranteed by Article I, Section 8.1 of the Illinois Constitution and Section 6 of the Rights of Crime Victims and Witnesses Act. The court shall allow a victim to make an oral statement if the victim is present in the courtroom and requests to make an oral statement. An oral statement includes the victim or a representative of the victim reading the written statement. The court may allow persons impacted by the crime who are not victims under subsection (a) of Section 3 of the Rights of Crime Victims and Witnesses Act to present an oral or written statement. A victim and any person making an oral statement shall not be put under oath or subject to cross-examination. The court shall consider any statement presented along with all other appropriate factors in determining the sentence of the defendant or disposition of the juvenile. All statements shall become part of the record of the court.

If the defendant is found to be in need of mental health services on an inpatient care basis, the Court shall order the defendant to the Department of Human Services. The defendant shall be placed in a secure setting. Such defendants placed in a secure setting shall not be permitted outside the facility's housing unit unless escorted or accompanied by personnel of the Department of Human Services or with the prior approval of the Court for unsupervised on-grounds privileges as provided herein. Any defendant placed in a secure setting pursuant to this Section, transported to court hearings or other necessary appointments off facility grounds by personnel of the Department of Human Services, shall be placed in security devices or otherwise secured during the period of transportation to assure secure transport of the defendant and the safety of

Department of Human Services personnel and others. These security measures shall not constitute restraint as defined in the Mental Health and Developmental Disabilities Code. If the defendant is found to be in need of mental health services, but not on an inpatient care basis, the Court shall conditionally release the defendant, under such conditions as set forth in this Section as will reasonably assure the defendant's satisfactory progress and participation in treatment or rehabilitation and the safety of the defendant, the victim, the victim's family members, and others. If the Court finds the person not in need of mental health services, then the Court shall order the defendant discharged from custody.

The Court shall consider such terms and conditions which may include, but need not be limited to, outpatient care, alcoholic and drug rehabilitation programs, community adjustment programs, individual, group, family, and chemotherapy, random testing to ensure the defendant's timely and continuous taking of any medicines prescribed to control or manage his or her conduct or mental state, and periodic checks with the legal authorities and/or the Department of Human Services. The Court may order as a condition of conditional release that the defendant not contact the victim of the offense that resulted
in the finding or verdict of not guilty by reason of insanity or any
other person. The Court may order the Department of Human
Services to provide care to any person conditionally released under
this Section. The Department may contract with any public or
private agency in order to discharge any responsibilities imposed
under this Section. The Department shall monitor the provision of
services to persons conditionally released under this Section and
provide periodic reports to the Court concerning the services and
the condition of the defendant. Whenever a person is conditionally

county in which the hearing is held shall designate in writing the
name, telephone number, and address of a person employed by him
or her who shall be notified in the event that either the reporting
agency or the Department decides that the conditional release of
the defendant should be revoked or modified pursuant to
subsection (i) of this Section. Such conditional release shall be for
a period of five years. However, the defendant, the person or
facility rendering the treatment, therapy, program or outpatient
care, the Department, or the State's Attorney may petition the Court
for an extension of the conditional release period for an additional
5 years. Upon receipt of such a petition, the Court shall hold a
hearing consistent with the provisions of paragraph (a), this
paragraph (a-1), and paragraph (f) of this Section, shall determine
whether the defendant should continue to be subject to the terms of
conditional release, and shall enter an order either extending the
defendant's period of conditional release for an additional 5-year
period or discharging the defendant. Additional 5-year periods of
conditional release may be ordered following a hearing as provided
in this Section. However, in no event shall the defendant's period
of conditional release continue beyond the maximum period of
commitment ordered by the Court pursuant to paragraph (b) of this
Section. These provisions for extension of conditional release shall
only apply to defendants conditionally released on or after August
8, 2003. However, the extension provisions of Public Act 83-1449
apply only to defendants charged with a forcible felony.

(E) "Facility director" means the chief officer of a mental
health or developmental disabilities facility or his or her designee
or the supervisor of a program of treatment or habilitation or his or
her designee. "Designee" may include a physician, clinical
psychologist, social worker, nurse, or clinical professional counselor.

(b) If the Court finds the defendant in need of mental health services on an inpatient basis, the admission, detention, care, treatment or habilitation, treatment plans, review proceedings, including review of treatment and treatment plans, and discharge of the defendant after such order shall be under the Mental Health and Developmental Disabilities Code, except that the initial order for admission of a defendant acquitted of a felony by reason of insanity shall be for an indefinite period of time. Such period of commitment shall not exceed the maximum length of time that the defendant would have been required to serve, less credit for good behavior as provided in Section 5-4-1 of the Unified Code of Corrections, before becoming eligible for release had he been convicted of and received the maximum sentence for the most serious crime for which he has been acquitted by reason of insanity. The Court shall determine the maximum period of commitment by an appropriate order. During this period of time, the defendant shall not be permitted to be in the community in any manner, including, but not limited to, off-grounds privileges, with or without escort by personnel of the Department of Human Services, unsupervised on-grounds privileges, discharge or conditional or temporary release, except by a plan as provided in this Section. In no event shall a defendant's continued unauthorized absence be a basis for discharge. Not more than 30 days after admission and every 90 days thereafter so long as the initial order remains in effect, the facility director shall file a treatment plan report in writing with the court and forward a copy of the treatment plan report to the clerk of the court, the State's Attorney, and the defendant's attorney, if the defendant is represented by counsel, or to a person authorized by the defendant under the Mental Health and Developmental Disabilities Confidentiality Act to be sent a copy of the report. The report shall include an opinion as to whether the defendant is currently in need of mental health services on an inpatient basis or in need of mental health services on an outpatient basis. The report shall also summarize the basis for those findings and provide a current summary of the following items from the treatment plan: (1) an assessment of the defendant's treatment needs, (2) a description of the services recommended for treatment, (3) the goals of each type of element of service, (4) an anticipated timetable for the accomplishment of the goals, and (5) a designation of the qualified professional responsible for the implementation of the plan. The report may also include unsupervised on-
grounds privileges, off-grounds privileges (with or without escort by personnel of the Department of Human Services), home visits and participation in work programs, but only where such privileges have been approved by specific court order, which order may include such conditions on the defendant as the Court may deem appropriate and necessary to reasonably assure the defendant's satisfactory progress in treatment and the safety of the defendant and others.

(c) Every defendant acquitted of a felony by reason of insanity and subsequently found to be in need of mental health services shall be represented by counsel in all proceedings under this Section and under the Mental Health and Developmental Disabilities Code.

(1) The Court shall appoint as counsel the public defender or an attorney licensed by this State.

(2) Upon filing with the Court of a verified statement of legal services rendered by the private attorney appointed pursuant to paragraph (1) of this subsection, the Court shall determine a reasonable fee for such services. If the defendant is unable to pay the fee, the Court shall enter an order upon the State to pay the entire fee or such amount as the defendant is unable to pay from funds appropriated by the General Assembly for that purpose.

(d) When the facility director determines that:

(1) the defendant is no longer in need of mental health services on an inpatient basis; and

(2) the defendant may be conditionally released because he or she is still in need of mental health services or that the defendant may be discharged as not in need of any mental health services; or

(3) (blank);

the facility director shall give written notice to the Court, State's Attorney and defense attorney. Such notice shall set forth in detail the basis for the recommendation of the facility director, and specify clearly the recommendations, if any, of the facility director, concerning conditional release. Any recommendation for conditional release shall include an evaluation of the defendant's need for psychotropic medication, what provisions should be made, if any, to ensure that the defendant will continue to receive psychotropic medication following discharge, and what provisions should be made to assure the safety of the defendant and others in the event the defendant is no longer receiving psychotropic medication. Within 30 days of the notification by the facility director, the Court shall set a hearing and make a finding as to whether the defendant is:

A crime victim shall be allowed to present an oral and written statement. The court shall allow a victim to make an oral statement if the victim is present in the courtroom and requests to make an oral statement. An oral statement includes the victim or a representative of the victim reading the written statement. A victim and any person making an oral statement shall not be put under oath or subject to cross-examination. All statements shall become part of the record of the court.

Upon finding by the Court, the Court shall enter its findings and such appropriate order as provided in subsections (a) and (a-1) of this Section.

(e) A defendant admitted pursuant to this Section, or any person on his behalf, may file a petition for treatment plan review or discharge or conditional release under the standards of this Section in the Court which rendered the verdict. Upon receipt of a petition for treatment plan review or discharge or conditional release, the Court shall set a hearing to be held within 120 days. Thereafter, no new petition may be filed for 180 days without leave of the Court.

(f) The Court shall direct that notice of the time and place of the hearing be served upon the defendant, the facility director, the State's Attorney, and the defendant's attorney. If requested by either the State or the defense or if the Court feels it is appropriate, an impartial examination of the defendant by a psychiatrist or clinical psychologist as defined in Section 1-103 of the Mental Health and Developmental Disabilities Code who is not in the employ of the Department of Human Services shall be ordered, and the report considered at the time of the hearing.

(g) The findings of the Court shall be established by clear and convincing evidence. The burden of proof and the burden of going forth with the evidence rest with the defendant or any person on the defendant's behalf when a hearing is held to review a petition filed by or on behalf of the defendant. The evidence shall be presented in open Court with the right of confrontation and cross-examination. Such evidence may include, but is not limited to:

(1) whether the defendant appreciates the harm caused by the defendant to others and the community by his or her prior conduct that resulted in the finding of not guilty by reason of insanity;

(2) Whether the person appreciates the criminality of conduct similar to the conduct for which he or she was originally charged in this matter;

(3) the current state of the defendant's illness;

(4) what, if any, medications the defendant is taking to control his or her mental illness;

(5) what, if any, adverse physical side effects the medication has on the defendant;

(6) the length of time it would take for the defendant's mental health to deteriorate if the defendant stopped taking prescribed medication;

(7) the defendant's history or potential for alcohol and drug abuse;

(8) the defendant's past criminal history;

(9) any specialized physical or medical needs of the defendant;

(10) any family participation or involvement expected upon release and what is the willingness and ability of the family to participate or be involved;

(11) the defendant's potential to be a danger to himself, herself, or others;

(11.5) a written or oral statement made by the victim; and

(12) any other factor or factors the Court deems appropriate.

(h) Before the court orders that the defendant be discharged or conditionally released, it shall order the facility director to establish a discharge plan that includes a plan for the defendant's shelter, support, and medication. If appropriate, the court shall order that the facility director establish a program to train the defendant in self-medication under standards established by the Department of Human Services. If the Court finds, consistent with the provisions of this Section, that the defendant is no longer in need of mental health services it shall order the facility director to discharge the defendant. If the Court finds, consistent with the provisions of this Section, that the defendant is in need of mental health services, and no longer in need of inpatient care, it shall order the facility

director to release the defendant under such conditions as the Court deems appropriate and as provided by this Section. Such conditional release shall be imposed for a period of 5 years as provided in paragraph (D) of subsection (a-1) and shall be subject to later modification by the Court as provided by this Section. If the Court finds consistent with the provisions in this Section that the defendant is in need of mental health services on an inpatient basis, it shall order the facility director not to discharge or release the defendant in accordance with paragraph (b) of this Section.

(i) If within the period of the defendant's conditional release the State's Attorney determines that the defendant has not fulfilled the conditions of his or her release, the State's Attorney may petition the Court to revoke or modify the conditional release of the defendant. Upon the filing of such petition the defendant may be remanded to the custody of the Department, or to any other mental health facility designated by the Department, pending the resolution of the petition. Nothing in this Section shall prevent the emergency admission of a defendant pursuant to Article VI of Chapter III of the Mental Health and Developmental Disabilities Code or the voluntary admission of the defendant pursuant to Article IV of Chapter III of the Mental Health and Developmental Disabilities Code. If the Court determines, after hearing evidence, that the defendant has not fulfilled the conditions of release, the Court shall order a hearing to be held consistent with the provisions of paragraph (f) and (g) of this Section. At such hearing, if the Court finds that the defendant is in need of mental health services on an inpatient basis, it shall enter an order remanding him or her to the Department of Human Services or other facility. If the defendant is remanded to the Department of Human Services, he or she shall be placed in a secure setting unless the Court determines that there are compelling reasons that such placement is not necessary. If the Court finds that the defendant continues to be in need of mental health services but not on an inpatient basis, it may modify the conditions of the original release in order to reasonably assure the defendant's satisfactory progress in treatment and his or her safety and the safety of others in accordance with the standards established in paragraph (D) of subsection (a-1). Nothing in this Section shall limit a Court's contempt powers or any other powers of a Court.

(j) An order of admission under this Section does not affect the remedy of habeas corpus.

(k) In the event of a conflict between this Section and the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Code or the Mental Health and Develop
Developmental Disabilities Confidentiality Act, the provisions of this Section shall govern.

(l) Public Act 90-593 shall apply to all persons who have been found not guilty by reason of insanity and who are presently committed to the Department of Mental Health and Developmental Disabilities (now the Department of Human Services).

(m) The Clerk of the Court shall transmit a certified copy of the order of discharge or conditional release to the Department of Human Services, to the sheriff of the county from which the defendant was admitted, to the Illinois Department of State Police, to the proper law enforcement agency for the municipality where the offense took place, and to the sheriff of the county into which the defendant is conditionally discharged. The Illinois Department of State Police shall maintain a centralized record of discharged or conditionally released defendants while they are under court supervision for access and use of appropriate law enforcement agencies.

(n) The provisions in this Section which allows a crime victim to make a written and oral statement do not apply if the defendant was under 18 years of age at the time the offense was committed.

(o) If any provision of this Section or its application to any person or circumstance is held invalid, the invalidity of that provision does not affect any other provision or application of this Section that can be given effect without the invalid provision or application.

Sec. 5-2-6. Sentencing and treatment of defendant found guilty but mentally ill.

(a) After a plea or verdict of guilty but mentally ill under Section Sections 115-2, 115-3, or 115-4 of the Code of Criminal Procedure of 1963, the court shall order a presentence investigation and report pursuant to Sections 5-3-1 and 5-3-2 of this Act, and shall set a date for a sentencing hearing. The court may impose any sentence upon the defendant which could be imposed pursuant to law upon a defendant who had been convicted of the same offense without a finding of mental illness.

(b) If the court imposes a sentence of imprisonment upon a defendant who has been found guilty but mentally ill, the defendant shall be committed to the Department of Corrections, which shall cause periodic inquiry and examination to be made concerning the nature, extent,
continuance, and treatment of the defendant's mental illness. The Department of Corrections shall provide such psychiatric, psychological, or other counseling and treatment for the defendant as it determines necessary.

(c) The Department of Corrections may transfer the defendant's custody to the Department of Human Services in accordance with the provisions of Section 3-8-5 of this Act.

(d) (1) The Department of Human Services shall return to the Department of Corrections any person committed to it pursuant to this Section whose sentence has not expired and whom the Department of Human Services deems no longer requires hospitalization for mental treatment, an intellectual disability, or a substance use disorder as defined in Section 1-10 of the Substance Use Disorder Act.

(2) The Department of Corrections shall notify the Secretary of Human Services of the expiration of the sentence of any person transferred to the Department of Human Services under this Section. If the Department of Human Services determines that any such person requires further hospitalization, it shall file an appropriate petition for involuntary commitment pursuant to the Mental Health and Developmental Disabilities Code.

(e) (1) All persons found guilty but mentally ill, whether by plea or by verdict, who are placed on probation or sentenced to a term of periodic imprisonment or a period of conditional discharge shall be required to submit to a course of mental treatment prescribed by the sentencing court.

(2) The course of treatment prescribed by the court shall reasonably assure the defendant's satisfactory progress in treatment or habilitation and for the safety of the defendant and others. The court shall consider terms, conditions and supervision which may include, but need not be limited to, notification and discharge of the person to the custody of his family, community adjustment programs, periodic checks with legal authorities and outpatient care and utilization of local mental health or developmental disabilities facilities.

(3) Failure to continue treatment, except by agreement with the treating person or agency and the court, shall be a basis for the institution of probation revocation proceedings.

(4) The period of probation shall be in accordance with Article 4.5 of Chapter V of this Code and shall not be shortened without receipt and consideration of such psychiatric or psychological report or reports as the court may require.
Sec. 5-4-1. Sentencing hearing.

(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. The court may in its sentencing order recommend a defendant for placement in a Department of Corrections substance abuse treatment program as provided in paragraph (a) of subsection (1) of Section 3-2-2 conditioned upon the defendant being accepted in a program by the Department of Corrections.

At the hearing the court shall:

1. Consider the evidence, if any, received upon the trial;
2. Consider any presentence reports;
3. Consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
4. Consider evidence and information offered by the parties in aggravation and mitigation;
4.5 Consider substance abuse treatment, eligibility screening, and an assessment, if any, of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois courts;
5. Hear arguments as to sentencing alternatives;
6. Afford the defendant the opportunity to make a statement in his own behalf;
7. Afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, the opportunity to present an oral or written
statement, as guaranteed by Article I, Section 8.1 of the Illinois Constitution and provided in Section 6 of the Rights of Crime Victims and Witnesses Act. The court shall allow a victim to make an oral statement if the victim is present in the courtroom and requests to make an oral or written statement. An oral or written statement includes the victim or a representative of the victim reading the written statement. The court may allow persons impacted by the crime who are not victims under subsection (a) of Section 3 of the Rights of Crime Victims and Witnesses Act to present an oral or written statement. A victim and any person making an oral statement shall not be put under oath or subject to cross-examination. All statements offered under this paragraph (7) shall become part of the record of the court. In this paragraph (7), "victim of a violent crime" means a person who is a victim of a violent crime for which the defendant has been convicted after a bench or jury trial or a person who is the victim of a violent crime with which the defendant was charged and the defendant has been convicted under a plea agreement of a crime that is not a violent crime as defined in subsection (c) of 3 of the Rights of Crime Victims and Witnesses Act;  

(7.5) afford a qualified person affected by: (i) a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act or a violation of Section 55 or Section 65 of the Methamphetamine Control and Community Protection Act; or (ii) a Class 4 felony violation of Section 11-14, 11-14.3 except as described in subdivisions (a)(2)(A) and (a)(2)(B), 11-15, 11-17, 11-18, 11-18.1, or 11-19 of the Criminal Code of 1961 or the Criminal Code of 2012, committed by the defendant the opportunity to make a statement concerning the impact on the qualified person and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation shall first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Sworn testimony offered by the qualified person is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7.5) shall become part of the record of the court. In this paragraph (7.5), "qualified person" means any person who: (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; or (ii) is

familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. "Qualified person" includes any peace officer or any member of any duly organized State, county, or municipal peace officer unit assigned to the territorial jurisdiction where the offense took place when the offense took place;

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements;

(9) in cases involving a felony sex offense as defined under the Sex Offender Management Board Act, consider the results of the sex offender evaluation conducted pursuant to Section 5-3-2 of this Act; and

(10) make a finding of whether a motor vehicle was used in the commission of the offense for which the defendant is being sentenced.

(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(b-1) In imposing a sentence of imprisonment or periodic imprisonment for a Class 3 or Class 4 felony for which a sentence of probation or conditional discharge is an available sentence, if the defendant has no prior sentence of probation or conditional discharge and no prior conviction for a violent crime, the defendant shall not be sentenced to imprisonment before review and consideration of a presentence report and determination and explanation of why the particular evidence, information, factor in aggravation, factual finding, or other reasons support a sentencing determination that one or more of the factors under subsection (a) of Section 5-6-1 of this Code apply and that probation or conditional discharge is not an appropriate sentence.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a
similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for sentence credit found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(4) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her sentence credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional earned sentence credit. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day sentence credit for each day of participation in vocational, industry,
substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, and when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of sentence credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

New matter indicated by italics - deletions by strikeout
"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is not entitled to sentence credit. Therefore, this defendant will serve 100% of his or her sentence."

When the sentencing order recommends placement in a substance abuse program for any offense that results in incarceration in a Department of Corrections facility and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no earned sentence credit under clause (3) of subsection (a) of Section 3-6-3 until he or she participates in and completes a substance abuse treatment program or receives a waiver from the Director of Corrections pursuant to clause (4.5) of subsection (a) of Section 3-6-3."

(c-4) Before the sentencing hearing and as part of the presentence investigation under Section 5-3-1, the court shall inquire of the defendant whether the defendant is currently serving in or is a veteran of the Armed Forces of the United States. If the defendant is currently serving in the Armed Forces of the United States or is a veteran of the Armed Forces of the United States and has been diagnosed as having a mental illness by a qualified psychiatrist or clinical psychologist or physician, the court may:

(1) order that the officer preparing the presentence report consult with the United States Department of Veterans Affairs, Illinois Department of Veterans' Affairs, or another agency or person with suitable knowledge or experience for the purpose of providing the court with information regarding treatment options available to the defendant, including federal, State, and local programming; and

New matter indicated by italics - deletions by strikeout
(2) consider the treatment recommendations of any diagnosing or treating mental health professionals together with the treatment options available to the defendant in imposing sentence.

For the purposes of this subsection (c-4), "qualified psychiatrist" means a reputable physician licensed in Illinois to practice medicine in all its branches, who has specialized in the diagnosis and treatment of mental and nervous disorders for a period of not less than 5 years.

(c-6) In imposing a sentence, the trial judge shall specify, on the record, the particular evidence and other reasons which led to his or her determination that a motor vehicle was used in the commission of the offense.

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

(1) the sentence imposed;
(2) any statement by the court of the basis for imposing the sentence;
(3) any presentence reports;
(3.5) any sex offender evaluations;

of the criminal act of the defendant, the court shall order restitution as provided in this Section. In all other cases, except cases in which restitution is required under this Section, the court must at the sentence hearing determine whether restitution is an appropriate sentence to be imposed on each defendant convicted of an offense. If the court determines that an order directing the offender to make restitution is appropriate, the offender may be sentenced to make restitution. The court may consider restitution an appropriate sentence to be imposed on each defendant convicted of an offense in addition to a sentence of imprisonment. The sentence of the defendant to a term of imprisonment is not a mitigating factor that prevents the court from ordering the defendant to pay restitution. If the offender is sentenced to make restitution the Court shall determine the restitution as hereinafter set forth:

(a) At the sentence hearing, the court shall determine whether the property may be restored in kind to the possession of the owner or the person entitled to possession thereof; or whether the defendant is possessed of sufficient skill to repair and restore property damaged; or whether the defendant should be required to make restitution in cash, for out-of-pocket expenses, damages, losses, or injuries found to have been proximately caused by the conduct of the defendant or another for whom the defendant is legally accountable under the provisions of Article 5 of the Criminal Code of 1961 or the Criminal Code of 2012.

(b) In fixing the amount of restitution to be paid in cash, the court shall allow credit for property returned in kind, for property damages ordered to be repaired by the defendant, and for property ordered to be restored by the defendant; and after granting the credit, the court shall assess the actual out-of-pocket expenses, losses, damages, and injuries suffered by the victim named in the charge and any other victims who may also have suffered out-of-pocket expenses, losses, damages, and injuries proximately caused by the same criminal conduct of the defendant, and insurance carriers who have indemnified the named victim or other victims for the out-of-pocket expenses, losses, damages, or injuries, provided that in no event shall restitution be ordered to be paid on account of pain and suffering. When a victim's out-of-pocket expenses have been paid pursuant to the Crime Victims Compensation Act, the court shall order restitution be paid to the compensation program. If a defendant is placed on supervision for,
or convicted of, domestic battery, the defendant shall be required to pay restitution to any domestic violence shelter in which the victim and any other family or household members lived because of the domestic battery. The amount of the restitution shall equal the actual expenses of the domestic violence shelter in providing housing and any other services for the victim and any other family or household members living at the shelter. If a defendant fails to pay restitution in the manner or within the time period specified by the court, the court may enter an order directing the sheriff to seize any real or personal property of a defendant to the extent necessary to satisfy the order of restitution and dispose of the property by public sale. All proceeds from such sale in excess of the amount of restitution plus court costs and the costs of the sheriff in conducting the sale shall be paid to the defendant. The defendant convicted of domestic battery, if a person under 18 years of age was present and witnessed the domestic battery of the victim, is liable to pay restitution for the cost of any counseling required for the child at the discretion of the court.

(c) In cases where more than one defendant is accountable for the same criminal conduct that results in out-of-pocket expenses, losses, damages, or injuries, each defendant shall be ordered to pay restitution in the amount of the total actual out-of-pocket expenses, losses, damages, or injuries to the victim proximately caused by the conduct of all of the defendants who are legally accountable for the offense.

(1) In no event shall the victim be entitled to recover restitution in excess of the actual out-of-pocket expenses, losses, damages, or injuries, proximately caused by the conduct of all of the defendants.

(2) As between the defendants, the court may apportion the restitution that is payable in proportion to each co-defendant's culpability in the commission of the offense.

(3) In the absence of a specific order apportioning the restitution, each defendant shall bear his pro rata share of the restitution.

(4) As between the defendants, each defendant shall be entitled to a pro rata reduction in the total restitution required to be paid to the victim for amounts of restitution

actually paid by co-defendants, and defendants who shall have paid more than their pro rata share shall be entitled to refunds to be computed by the court as additional amounts are paid by co-defendants.

(d) In instances where a defendant has more than one criminal charge pending against him in a single case, or more than one case, and the defendant stands convicted of one or more charges, a plea agreement negotiated by the State's Attorney and the defendants may require the defendant to make restitution to victims of charges that have been dismissed or which it is contemplated will be dismissed under the terms of the plea agreement, and under the agreement, the court may impose a sentence of restitution on the charge or charges of which the defendant has been convicted that would require the defendant to make restitution to victims of other offenses as provided in the plea agreement.

(e) The court may require the defendant to apply the balance of the cash bond, after payment of court costs, and any fine that may be imposed to the payment of restitution.

(f) Taking into consideration the ability of the defendant to pay, including any real or personal property or any other assets of the defendant, the court shall determine whether restitution shall be paid in a single payment or in installments, and shall fix a period of time not in excess of 5 years, except for violations of Sections 16-1.3 and 17-56 of the Criminal Code of 1961 or the Criminal Code of 2012, or the period of time specified in subsection (f-1), not including periods of incarceration, within which payment of restitution is to be paid in full. Complete restitution shall be paid in as short a time period as possible. However, if the court deems it necessary and in the best interest of the victim, the court may extend beyond 5 years the period of time within which the payment of restitution is to be paid. If the defendant is ordered to pay restitution and the court orders that restitution is to be paid over a period greater than 6 months, the court shall order that the defendant make monthly payments; the court may waive this requirement of monthly payments only if there is a specific finding of good cause for waiver.

long-term physical health care costs, the court may, upon conviction of any misdemeanor or felony, order a defendant to pay restitution to a victim in accordance with the provisions of this subsection (f-1) if the victim has suffered physical injury as a result of the offense that is reasonably probable to require or has required long-term physical health care for more than 3 months. As used in this subsection (f-1), "long-term physical health care" includes mental health care.

(2) The victim's estimate of long-term physical health care costs may be made as part of a victim impact statement under Section 6 of the Rights of Crime Victims and Witnesses Act or made separately. The court shall enter the long-term physical health care restitution order at the time of sentencing. An order of restitution made under this subsection (f-1) shall fix a monthly amount to be paid by the defendant for as long as long-term physical health care of the victim is required as a result of the offense. The order may exceed the length of any sentence imposed upon the defendant for the criminal activity. The court shall include as a special finding in the judgment of conviction its determination of the monthly cost of long-term physical health care.

(3) After a sentencing order has been entered, the court may from time to time, on the petition of either the defendant or the victim, or upon its own motion, enter an order for restitution for long-term physical care or modify the existing order for restitution for long-term physical care as to the amount of monthly payments. Any modification of the order shall be based only upon a substantial change of circumstances relating to the cost of long-term physical health care or the financial condition of either the defendant or the victim. The petition shall be filed as part of the original criminal docket.

(g) In addition to the sentences provided for in Sections 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-19.2, 11-20.1, 11-20.1B, 11-20.3, 12-13, 12-14, 12-14.1, 12-15, and 12-16, and subdivision (a)(4) of Section 11-14.4, of the Criminal Code of 1961 or the Criminal Code of 2012, the court may order any person who is convicted of violating any of those Sections or who was charged with any of those offenses and which charge was reduced to another charge as a result of a plea agreement under subsection

(d) of this Section to meet all or any portion of the financial obligations of treatment, including but not limited to medical, psychiatric, or rehabilitative treatment or psychological counseling, prescribed for the victim or victims of the offense.

The payments shall be made by the defendant to the clerk of the circuit court and transmitted by the clerk to the appropriate person or agency as directed by the court. Except as otherwise provided in subsection (f-1), the order may require such payments to be made for a period not to exceed 5 years after sentencing, not including periods of incarceration.

(h) The judge may enter an order of withholding to collect the amount of restitution owed in accordance with Part 8 of Article XII of the Code of Civil Procedure.

(i) A sentence of restitution may be modified or revoked by the court if the offender commits another offense, or the offender fails to make restitution as ordered by the court, but no sentence to make restitution shall be revoked unless the court shall find that the offender has had the financial ability to make restitution, and he has wilfully refused to do so. When the offender's ability to pay restitution was established at the time an order of restitution was entered or modified, or when the offender's ability to pay was based on the offender's willingness to make restitution as part of a plea agreement made at the time the order of restitution was entered or modified, there is a rebuttable presumption that the facts and circumstances considered by the court at the hearing at which the order of restitution was entered or modified regarding the offender's ability or willingness to pay restitution have not materially changed. If the court shall find that the defendant has failed to make restitution and that the failure is not wilful, the court may impose an additional period of time within which to make restitution. The length of the additional period shall not be more than 2 years. The court shall retain all of the incidents of the original sentence, including the authority to modify or enlarge the conditions, and to revoke or further modify the sentence if the conditions of payment are violated during the additional period.

(j) The procedure upon the filing of a Petition to Revoke a sentence to make restitution shall be the same as the procedures set forth in Section 5-6-4 of this Code governing violation,
modification, or revocation of Probation, of Conditional Discharge, or of Supervision.

(k) Nothing contained in this Section shall preclude the right of any party to proceed in a civil action to recover for any damages incurred due to the criminal misconduct of the defendant.

(l) Restitution ordered under this Section shall not be subject to disbursement by the circuit clerk under the Criminal and Traffic Assessment Act.

(m) A restitution order under this Section is a judgment lien in favor of the victim that:

(1) Attaches to the property of the person subject to the order;

(2) May be perfected in the same manner as provided in Part 3 of Article 9 of the Uniform Commercial Code;

(3) May be enforced to satisfy any payment that is delinquent under the restitution order by the person in whose favor the order is issued or the person's assignee; and

(4) Expires in the same manner as a judgment lien created in a civil proceeding.

When a restitution order is issued under this Section, the issuing court shall send a certified copy of the order to the clerk of the circuit court in the county where the charge was filed. Upon receiving the order, the clerk shall enter and index the order in the circuit court judgment docket.

(n) An order of restitution under this Section does not bar a civil action for:

(1) Damages that the court did not require the person to pay to the victim under the restitution order but arise from an injury or property damages that is the basis of restitution ordered by the court; and

(2) Other damages suffered by the victim.

The restitution order is not discharged by the completion of the sentence imposed for the offense.

A restitution order under this Section is not discharged by the liquidation of a person's estate by a receiver. A restitution order under this Section may be enforced in the same manner as judgment liens are enforced under Article XII of the Code of Civil Procedure.

Unless the court orders otherwise, the particular times and conditions of release shall be determined by the Department of Corrections, the sheriff, or the Superintendent of the house of corrections, who is administering the program.

(b) A sentence of periodic imprisonment may be imposed to permit the defendant to:

The term of the sentence shall be calculated upon the basis of the duration of its term rather than upon the basis of the actual days spent in confinement. No sentence of periodic imprisonment shall be subject to the good time credit provisions of Section 3-6-3 of this Code.

(e) When the court imposes a sentence of periodic imprisonment, it shall state:

(1) the term of such sentence;

testing, or both, and all costs incidental to approved electronic monitoring, of all offenders with a sentence of periodic imprisonment. The concurrence of the Chief Judge shall be in the form of an administrative order. The fees shall be collected by the clerk of the circuit court, except as provided in an administrative order of the Chief Judge of the circuit court. The clerk of the circuit court shall pay all moneys collected from these fees to the county treasurer who shall use the moneys collected to defray the costs of drug testing, alcohol testing, and electronic monitoring. The county treasurer shall deposit the fees collected in the county working cash fund under Section 6-27001 or Section 6-29002 of the Counties Code, as the case may be.

(h) All fees and costs imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under the Criminal and Traffic Assessment Act.

The Chief Judge of the circuit court of the county may by administrative order establish a program for electronic monitoring of offenders, in which a vendor supplies and monitors the operation of the electronic monitoring device, and collects the fees on behalf of the county. The program shall include provisions for indigent offenders and the collection of unpaid fees. The program shall not unduly burden the offender and shall be subject to review by the Chief Judge.

The Chief Judge of the circuit court may suspend any additional charges or fees for late payment, interest, or damage to any device.

(c-3) Court administrators may allow domestic abuse advocates, rape crisis advocates, and victim advocates to assist petitioners in the preparation of name changes under subsection (c-1).

Section 730. The Parental Rights for the Blind Act is amended by changing Section 20 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 20. Prohibitions; burden of proof.

(a) A person's blindness shall not serve as a basis for denial or restriction of parenting time or the allocation of parental responsibilities if the parenting time or the allocation of parental responsibilities is determined to be otherwise in the best interests of the child.

(b) A person's blindness shall not serve as a basis for denial of participation in public or private adoption when the adoption is determined to be otherwise in the best interests of the child.

(c) A person's blindness shall not serve as a basis for denial of foster care or guardianship when the appointment is determined to be otherwise in the best interests of the child.

(d) The Department of Children and Family Services shall develop and implement procedures that ensure and provide equal access to child welfare services, programs, and activities in a nondiscriminatory manner. Services, programs, and activities include, but are not limited to, investigations, assessments, provision of in-home services, out-of-home placements, case planning and service planning, visitation, guardianship, adoption, foster care, and reunification services. Such services, programs, and activities may also extend to proceedings under the Juvenile Court Act of 1987 and proceedings to terminate parental rights. The Department of Children and Family Services shall provide training to child welfare investigators and caseworkers on these procedures.

(e) If the court determines that the right of a person with blindness to the allocation of parental responsibilities, parenting time, foster care, guardianship, or adoption should be denied or limited in any manner, the court shall make specific written findings stating the basis for such a determination and why supportive parenting services cannot prevent the denial or limitation.

Section 740. The Illinois Power of Attorney Act is amended by changing Section 4-10 as follows:

(755 ILCS 45/4-10) (from Ch. 110 1/2, par. 804-10)

Sec. 4-10. Statutory short form power of attorney for health care.

(a) The form prescribed in this Section (sometimes also referred to in this Act as the "statutory health care power") may be used to grant an agent powers with respect to the principal's own health care; but the statutory health care power is not intended to be exclusive nor to cover delegation of a parent's power to control the health care of a minor child, and no provision of this Article shall be construed to invalidate or bar use by the principal of any other or different form of power of attorney for health care. Nonstatutory health care powers must be executed by the principal, designate the agent and the agent's powers, and comply with the limitations in Section 4-5 of this Article, but they need not be witnessed or conform in any other respect to the statutory health care power.

No specific format is required for the statutory health care power of attorney other than the notice must precede the form. The statutory health care power may be included in or combined with any other form of power of attorney governing property or other matters.

(b) The Illinois Statutory Short Form Power of Attorney for Health Care shall be substantially as follows:

NOTICE TO THE INDIVIDUAL SIGNING
THE POWER OF ATTORNEY FOR HEALTH CARE

No one can predict when a serious illness or accident might occur. When it does, you may need someone else to speak or make health care decisions for you. If you plan now, you can increase the chances that the medical treatment you get will be the treatment you want.

In Illinois, you can choose someone to be your "health care agent". Your agent is the person you trust to make health care decisions for you if you are unable or do not want to make them yourself. These decisions should be based on your personal values and wishes.

It is important to put your choice of agent in writing. The written form is often called an "advance directive". You may use this form or another form, as long as it meets the legal requirements of Illinois. There are many written and on-line resources to guide you and your loved ones in having a conversation about these issues. You may find it helpful to look at these resources while thinking about and discussing your advance directive.

WHAT ARE THE THINGS I WANT MY HEALTH CARE AGENT TO KNOW?

The selection of your agent should be considered carefully, as your agent will have the ultimate decision-making authority once this document goes into effect, in most instances after you are no longer able to make your own decisions. While the goal is for your agent to make decisions in keeping with your preferences and in the majority of circumstances that is what happens, please know that the law does allow your agent to make decisions to direct or refuse health care interventions or withdraw treatment. Your agent will need to think about conversations you have had, your personality, and how you handled important health care issues in the past. Therefore, it is important to talk with your agent and your family about such things as:

(i) What is most important to you in your life?
(ii) How important is it to you to avoid pain and suffering?
(iii) If you had to choose, is it more important to you to live as long as possible, or to avoid prolonged suffering or disability?
(iv) Would you rather be at home or in a hospital for the last days or weeks of your life?
(v) Do you have religious, spiritual, or cultural beliefs that you want your agent and others to consider?
(vi) Do you wish to make a significant contribution to medical science after your death through organ or whole body donation?
(vii) Do you have an existing advanced directive, such as a living will, that contains your specific wishes about health care that is only delaying your death? If you have another advance directive, make sure to discuss with your agent the directive and the treatment decisions contained within that outline your preferences. Make sure that your agent agrees to honor the wishes expressed in your advance directive.

WHAT KIND OF DECISIONS CAN MY AGENT MAKE?

If there is ever a period of time when your physician determines that you cannot make your own health care decisions, or if you do not want to make your own decisions, some of the decisions your agent could make are to:

(i) talk with physicians and other health care providers about your condition.
(ii) see medical records and approve who else can see them.

New matter indicated by italics - deletions by strikeout
(iii) give permission for medical tests, medicines, surgery, or other treatments.

(iv) choose where you receive care and which physicians and others provide it.

(v) decide to accept, withdraw, or decline treatments designed to keep you alive if you are near death or not likely to recover. You may choose to include guidelines and/or restrictions to your agent's authority.

(vi) agree or decline to donate your organs or your whole body if you have not already made this decision yourself. This could include donation for transplant, research, and/or education. You should let your agent know whether you are registered as a donor in the First Person Consent registry maintained by the Illinois Secretary of State or whether you have agreed to donate your whole body for medical research and/or education.

(vii) decide what to do with your remains after you have died, if you have not already made plans.

(viii) talk with your other loved ones to help come to a decision (but your designated agent will have the final say over your other loved ones).

Your agent is not automatically responsible for your health care expenses.

WHOM SHOULD I CHOOSE TO BE MY HEALTH CARE AGENT?

You can pick a family member, but you do not have to. Your agent will have the responsibility to make medical treatment decisions, even if other people close to you might urge a different decision. The selection of your agent should be done carefully, as he or she will have ultimate decision-making authority for your treatment decisions once you are no longer able to voice your preferences. Choose a family member, friend, or other person who:

(i) is at least 18 years old;
(ii) knows you well;
(iii) you trust to do what is best for you and is willing to carry out your wishes, even if he or she may not agree with your wishes;
(iv) would be comfortable talking with and questioning your physicians and other health care providers;
(v) would not be too upset to carry out your wishes if you became very sick; and

New matter indicated by italics - deletions by strikeout
(vi) can be there for you when you need it and is willing to accept this important role.

WHAT IF MY AGENT IS NOT AVAILABLE OR IS UNWILLING TO MAKE DECISIONS FOR ME?

If the person who is your first choice is unable to carry out this role, then the second agent you chose will make the decisions; if your second agent is not available, then the third agent you chose will make the decisions. The second and third agents are called your successor agents and they function as back-up agents to your first choice agent and may act only one at a time and in the order you list them.

WHAT WILL HAPPEN IF I DO NOT CHOOSE A HEALTH CARE AGENT?

If you become unable to make your own health care decisions and have not named an agent in writing, your physician and other health care providers will ask a family member, friend, or guardian to make decisions for you. In Illinois, a law directs which of these individuals will be consulted. In that law, each of these individuals is called a "surrogate".

There are reasons why you may want to name an agent rather than rely on a surrogate:

(i) The person or people listed by this law may not be who you would want to make decisions for you.
(ii) Some family members or friends might not be able or willing to make decisions as you would want them to.
(iii) Family members and friends may disagree with one another about the best decisions.
(iv) Under some circumstances, a surrogate may not be able to make the same kinds of decisions that an agent can make.

WHAT IF THERE IS NO ONE AVAILABLE WHOM I TRUST TO BE MY AGENT?

In this situation, it is especially important to talk to your physician and other health care providers and create written guidance about what you want or do not want, in case you are ever critically ill and cannot express your own wishes. You can complete a living will. You can also write your wishes down and/or discuss them with your physician or other health care provider and ask him or her to write it down in your chart. You might also want to use written or on-line resources to guide you through this process.

WHAT DO I DO WITH THIS FORM ONCE I COMPLETE IT?

Follow these instructions after you have completed the form:

New matter indicated by italics - deletions by strikeout
(i) Sign the form in front of a witness. See the form for a list of who can and cannot witness it.
(ii) Ask the witness to sign it, too.
(iii) There is no need to have the form notarized.
(iv) Give a copy to your agent and to each of your successor agents.
(v) Give another copy to your physician.
(vi) Take a copy with you when you go to the hospital.
(vii) Show it to your family and friends and others who care for you.

WHAT IF I CHANGE MY MIND?
You may change your mind at any time. If you do, tell someone who is at least 18 years old that you have changed your mind, and/or destroy your document and any copies. If you wish, fill out a new form and make sure everyone you gave the old form to has a copy of the new one, including, but not limited to, your agents and your physicians.

WHAT IF I DO NOT WANT TO USE THIS FORM?
In the event you do not want to use the Illinois statutory form provided here, any document you complete must be executed by you, designate an agent who is over 18 years of age and not prohibited from serving as your agent, and state the agent's powers, but it need not be witnessed or conform in any other respect to the statutory health care power.

If you have questions about the use of any form, you may want to consult your physician, other health care provider, and/or an attorney.

(Please check box if applicable) .... If a guardian of my person is to be appointed, I nominate the agent acting under this power of attorney as guardian.

SUCCESSOR HEALTH CARE AGENT(S) (optional):

If the agent I selected is unable or does not want to make health care decisions for me, then I request the person(s) I name below to be my successor health care agent(s). Only one person at a time can serve as my agent (add another page if you want to add more successor agent names):

MY AGENT CAN MAKE HEALTH CARE DECISIONS FOR ME, INCLUDING:

(i) Deciding to accept, withdraw or decline treatment for any physical or mental condition of mine, including life-and-death decisions.
(ii) Agreeing to admit me to or discharge me from any hospital, home, or other institution, including a mental health facility.
(iii) Having complete access to my medical and mental health records, and sharing them with others as needed, including after I die.
(iv) Carrying out the plans I have already made, or, if I have not done so, making decisions about my body or remains, including organ, tissue or whole body donation, autopsy, cremation, and burial.

The above grant of power is intended to be as broad as possible so that my agent will have the authority to make any decision I could make to obtain or terminate any type of health care, including withdrawal of nutrition and hydration and other life-sustaining measures.

I AUTHORIZE MY AGENT TO (please check any one box):

lack this ability. Starting now, for the purpose of assisting me with my health care plans and decisions, my agent shall have complete access to my medical and mental health records, the authority to share them with others as needed, and the complete ability to communicate with my personal physician(s) and other health care providers, including the ability to require an opinion of my physician as to whether I lack the ability to make decisions for myself. OR

... Make decisions for me starting now and continuing after I am no longer able to make them for myself. While I am still able to make my own decisions, I can still do so if I want to.

The subject of life-sustaining treatment is of particular importance. Life-sustaining treatments may include tube feedings or fluids through a tube, breathing machines, and CPR. In general, in making decisions concerning life-sustaining treatment, your agent is instructed to consider the relief of suffering, the quality as well as the possible extension of your life, and your previously expressed wishes. Your agent will weigh the burdens versus benefits of proposed treatments in making decisions on your behalf.

Additional statements concerning the withholding or removal of life-sustaining treatment are described below. These can serve as a guide for your agent when making decisions for you. Ask your physician or health care provider if you have any questions about these statements.

SELECT ONLY ONE STATEMENT BELOW THAT BEST EXPRESSES YOUR WISHES (optional):

... The quality of my life is more important than the length of my life. If I am unconscious and my attending physician believes, in accordance with reasonable medical standards, that I will not wake up or recover my ability to think, communicate with my family and friends, and experience my surroundings, I do not want treatments to prolong my life or delay my death, but I do want treatment or care to make me comfortable and to relieve me of pain.

... Staying alive is more important to me, no matter how sick I am, how much I am suffering, the cost of the procedures, or how unlikely my chances for recovery are. I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards.

(c) The statutory short form power of attorney for health care (the "statutory health care power") authorizes the agent to make any and all health care decisions on behalf of the principal which the principal could make if present and under no disability, subject to any limitations on the granted powers that appear on the face of the form, to be exercised in such manner as the agent deems consistent with the intent and desires of the principal. The agent will be under no duty to exercise granted powers or to assume control of or responsibility for the principal's health care; but when granted powers are exercised, the agent will be required to use due care to act for the benefit of the principal in accordance with the terms of the statutory health care power and will be liable for negligent exercise. The agent may act in person or through others reasonably employed by the
agent for that purpose but may not delegate authority to make health care decisions. The agent may sign and deliver all instruments, negotiate and enter into all agreements and do all other acts reasonably necessary to implement the exercise of the powers granted to the agent. Without limiting the generality of the foregoing, the statutory health care power shall include the following powers, subject to any limitations appearing on the face of the form:

(1) The agent is authorized to give consent to and authorize or refuse, or to withhold or withdraw consent to, any and all types of medical care, treatment or procedures relating to the physical or mental health of the principal, including any medication program, surgical procedures, life-sustaining treatment or provision of food and fluids for the principal.

(2) The agent is authorized to admit the principal to or discharge the principal from any and all types of hospitals, institutions, homes, residential or nursing facilities, treatment centers and other health care institutions providing personal care or treatment for any type of physical or mental condition. The agent shall have the same right to visit the principal in the hospital or other institution as is granted to a spouse or adult child of the principal, any rule of the institution to the contrary notwithstanding.

(3) The agent is authorized to contract for any and all types of health care services and facilities in the name of and on behalf of the principal and to bind the principal to pay for all such services and facilities, and to have and exercise those powers over the principal's property as are authorized under the statutory property power, to the extent the agent deems necessary to pay health care costs; and the agent shall not be personally liable for any services or care contracted for on behalf of the principal.

(4) At the principal's expense and subject to reasonable rules of the health care provider to prevent disruption of the principal's health care, the agent shall have the same right the principal has to examine and copy and consent to disclosure of all the principal's medical records that the agent deems relevant to the exercise of the agent's powers, whether the records relate to mental health or any other medical condition and whether they are in the possession of or maintained by any physician, psychiatrist, psychologist, therapist, hospital, nursing home or other health care...
provider. The authority under this paragraph (4) applies to any
information governed by the Health Insurance Portability and
Accountability Act of 1996 ("HIPAA") and regulations thereunder.
The agent serves as the principal's personal representative, as that
term is defined under HIPAA and regulations thereunder.

(5) The agent is authorized: to direct that an autopsy be
made pursuant to Section 2 of the Autopsy Act "An Act in relation
to autopsy of dead bodies", approved August 13, 1965, including
all amendments; to make a disposition of any part or all of the
principal's body pursuant to the Illinois Anatomical Gift Act, as
now or hereafter amended; and to direct the disposition of the
principal's remains.

(6) At any time during which there is no executor or
administrator appointed for the principal's estate, the agent is
authorized to continue to pursue an application or appeal for
government benefits if those benefits were applied for during the
life of the principal.

(d) A physician may determine that the principal is unable to make
health care decisions for himself or herself only if the principal lacks
decisional capacity, as that term is defined in Section 10 of the Health
Care Surrogate Act.

(e) If the principal names the agent as a guardian on the statutory
short form, and if a court decides that the appointment of a guardian will
serve the principal's best interests and welfare, the court shall appoint the
agent to serve without bond or security.

(765 ILCS 605/30) (from Ch. 30, par. 330)
Sec. 30. Conversion condominiums; notice; recording.
(a)(1) No real estate may be submitted to the provisions of the Act as a conversion condominium unless (i) a notice of intent to submit the real estate to this Act (notice of intent) has been given to all persons who were tenants of the building located on the real estate on the date the notice is given. Such notice shall be given at least 30 days, and not more than one year prior to the recording of the declaration which submits the real estate to this Act; and (ii) the developer executes and acknowledges a certificate which shall be attached to and made a part of the declaration and which provides that the developer, prior to the execution by him or his agent of any agreement for the sale of a unit, has given a copy of the notice of intent to all persons who were tenants of the building located on the real estate on the date the notice of intent was given.

    (2) If the owner fails to provide a tenant with notice of the intent to convert as defined in this Section, the tenant permanently vacates the premises as a direct result of non-renewal of his or her lease by the owner, and the tenant's unit is converted to a condominium by the filing of a declaration submitting a property to this Act without having provided the required notice, then the owner is liable to the tenant for the following:

        (A) the tenant's actual moving expenses incurred when moving from the subject property, not to exceed $1,500;

        (B) 3 months' rent at the subject property; and

        (C) reasonable attorney's fees and court costs.

(b) Any developer of a conversion condominium must, upon issuing the notice of intent, publish and deliver along with such notice of intent, a schedule of selling prices for all units subject to the condominium instruments and offer to sell such unit to the current tenants, except for units to be vacated for rehabilitation subsequent to such notice of intent. Such offer shall not expire earlier than 30 days after receipt of the offer by the current tenant, unless the tenant notifies the developer in writing of his election not to purchase the condominium unit.

(c) Any tenant who was a tenant as of the date of the notice of intent and whose tenancy expires (other than for cause) prior to the expiration of 120 days from the date on which a copy of the notice of intent was given to the tenant shall have the right to extend his tenancy on the same terms and conditions and for the same rental until the expiration of such 120-day period by the giving of written notice thereof to

New matter indicated by italics - deletions by strikeout
the developer within 30 days of the date upon which a copy of the notice of intent was given to the tenant by the developer.

(d) Each lessee in a conversion condominium shall be informed by the developer at the time the notice of intent is given whether his tenancy will be renewed or terminated upon its expiration. If the tenancy is to be renewed, the tenant shall be informed of all charges, rental or otherwise, in connection with the new tenancy and the length of the term of occupancy proposed in conjunction therewith.

(e) For a period of 120 days following his receipt of the notice of intent, any tenant who was a tenant on the date the notice of intent was given shall be given the right to purchase his unit on substantially the same terms and conditions as set forth in a duly executed contract to purchase the unit, which contract shall conspicuously disclose the existence of, and shall be subject to, the right of first refusal. The tenant may exercise the right of first refusal by giving notice thereof to the developer prior to the expiration of 30 days from the giving of notice by the developer to the tenant of the execution of the contract to purchase the unit. The tenant may exercise such right of first refusal within 30 days from the giving of notice by the developer to the tenant of the execution of the contract to purchase the unit, notwithstanding the expiration of the 120-day period following the tenant's receipt of the notice of intent, if such contract was executed prior to the expiration of the 120-day period. The recording of the deed conveying the unit to the purchaser which contains a statement to the effect that the tenant of the unit either waived or failed to exercise the right of first refusal or option or had no right of first refusal or option with respect to the unit shall extinguish any legal or equitable right or interest to the possession or acquisition of the unit which the tenant may have or claim with respect to the unit arising out of the right of first refusal or option provided for in this Section. The foregoing provision shall not affect any claim which the tenant may have against the landlord for damages arising out of the right of first refusal provided for in this Section.

(f) During the 30-day period after the giving of notice of an executed contract in which the tenant may exercise the right of first refusal, the developer shall grant to such tenant access to any portion of the building to inspect any of its features or systems and access to any reports, warranties, or other documents in the possession of the developer which reasonably pertain to the condition of the building. Such access shall be subject to reasonable limitations, including as to hours. The refusal of the developer to grant such access is a business offense.
punishable by a fine of $500. Each refusal to an individual lessee who is a potential purchaser is a separate violation.

(g) Any notice provided for in this Section shall be deemed given when a written notice is delivered in person or mailed, certified or registered mail, return receipt requested to the party who is being given the notice.

(h) Prior to their initial sale, units offered for sale in a conversion condominium and occupied by a tenant at the time of the offer shall be shown to prospective purchasers only a reasonable number of times and at appropriate hours. Units may only be shown to prospective purchasers during the last 90 days of any expiring tenancy.

(i) Any provision in any lease or other rental agreement, or any termination of occupancy on account of condominium conversion, not authorized herein, or contrary to or waiving the foregoing provisions, shall be deemed to be void as against public policy.

(j) A tenant is entitled to injunctive relief to enforce the provisions of subsections (a) and (c) of this Section.

(k) A non-profit housing organization, suing on behalf of an aggrieved tenant under this Section, may also recover compensation for reasonable attorney's fees and court costs necessary for filing such action.

(l) Nothing in this Section shall affect any provision in any lease or rental agreement in effect before this Act becomes law.

(m) Nothing in this amendatory Act of 1978 shall be construed to imply that there was previously a requirement to record the notice provided for in this Section.

Further, nothing in this Act shall be construed to limit the authority of the Department of Financial and Professional Regulation to examine financial organizations.

PUBLIC ACT 101-0083
(Senate Bill No. 1739)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Health Facilities Planning Act is amended by changing Sections 6, 8.5, 12, and 12.2 and by adding Section 8.7 as follows:

(20 ILCS 3960/6) (from Ch. 111 1/2, par. 1156)
(Section scheduled to be repealed on December 31, 2029)
Sec. 6. Application for permit or exemption; exemption regulations.

New matter indicated by italics - deletions by strikeout
(a) An application for a permit or exemption shall be made to the State Board upon forms provided by the State Board. This application shall contain such information as the State Board deems necessary. The State Board shall not require an applicant to file a Letter of Intent before an application is filed. Such application shall include affirmative evidence on which the State Board or Chairman may make its decision on the approval or denial of the permit or exemption.

(b) The State Board shall establish by regulation the procedures and requirements regarding issuance of exemptions. An exemption shall be approved when information required by the Board by rule is submitted. Projects eligible for an exemption, rather than a permit, include, but are not limited to, change of ownership of a health care facility and discontinuation of a category of service, and discontinuation of a health care facility, other than a health care facility maintained by the State or any agency or department thereof or a nursing home maintained by a county. The Board may accept an application for an exemption for the discontinuation of a category of service at a health care facility only once in a 6-month period following (1) the previous application for exemption at the same health care facility or (2) the final decision of the Board regarding the discontinuation of a category of service at the same health care facility, whichever occurs later. A discontinuation of a category of service shall otherwise require an application for a permit if an application for an exemption has already been accepted within the 6-month period. For a change of ownership among related persons of a health care facility, the State Board shall provide by rule for an expedited process for obtaining an exemption in accordance with Section 8.5 of this Act. For the purposes of this Section, "change of ownership among related persons" means a transaction in which the parties to the transaction are under common control or ownership before and after the transaction is complete.

(c) All applications shall be signed by the applicant and shall be verified by any 2 officers thereof.

(c-5) Any written review or findings of the Board staff set forth in the State Board Staff Report concerning an application for a permit must be made available to the public and the applicant at least 14 calendar days before the meeting of the State Board at which the review or findings are considered. The applicant and members of the public may submit, to the State Board, written responses regarding the facts set forth in the review or findings of the Board staff. Members of the public and the applicant shall
have until 10 days before the meeting of the State Board to submit any written response concerning the Board staff's written review or findings. The Board staff may revise any findings to address corrections of factual errors cited in the public response. At the meeting, the State Board may, in its discretion, permit the submission of other additional written materials.

(d) Upon receipt of an application for a permit, the State Board shall approve and authorize the issuance of a permit if it finds (1) that the applicant is fit, willing, and able to provide a proper standard of health care service for the community with particular regard to the qualification, background and character of the applicant, (2) that economic feasibility is demonstrated in terms of effect on the existing and projected operating budget of the applicant and of the health care facility; in terms of the applicant's ability to establish and operate such facility in accordance with licensure regulations promulgated under pertinent state laws; and in terms of the projected impact on the total health care expenditures in the facility and community, (3) that safeguards are provided that assure that the establishment, construction or modification of the health care facility or acquisition of major medical equipment is consistent with the public interest, and (4) that the proposed project is consistent with the orderly and economic development of such facilities and equipment and is in accord with standards, criteria, or plans of need adopted and approved pursuant to the provisions of Section 12 of this Act.

Sec. 8.5. Certificate of exemption for change of ownership of a health care facility; discontinuation of a health care facility or category of service; public notice and public hearing.

(a) Upon a finding that an application for a change of ownership is complete, the State Board shall publish a legal notice on 3 consecutive days one day in a newspaper of general circulation in the area or community to be affected and afford the public an opportunity to request a hearing. If the application is for a facility located in a Metropolitan Statistical Area, an additional legal notice shall be published in a newspaper of limited circulation, if one exists, in the area in which the facility is located. If the newspaper of limited circulation is published on a daily basis, the additional legal notice shall be published on 3 consecutive days one day. The applicant shall pay the cost incurred by the Board in

publishing the change of ownership notice in newspapers as required under this subsection. The legal notice shall also be posted on the Health Facilities and Services Review Board's web site and sent to the State Representative and State Senator of the district in which the health care facility is located. An application for change of ownership of a hospital shall not be deemed complete without a signed certification that for a period of 2 years after the change of ownership transaction is effective, the hospital will not adopt a charity care policy that is more restrictive than the policy in effect during the year prior to the transaction. An application for a change of ownership need not contain signed transaction documents so long as it includes the following key terms of the transaction: names and background of the parties; structure of the transaction; the person who will be the licensed or certified entity after the transaction; the ownership or membership interests in such licensed or certified entity both prior to and after the transaction; fair market value of assets to be transferred; and the purchase price or other form of consideration to be provided for those assets. The issuance of the certificate of exemption shall be contingent upon the applicant submitting a statement to the Board within 90 days after the closing date of the transaction, or such longer period as provided by the Board, certifying that the change of ownership has been completed in accordance with the key terms contained in the application. If such key terms of the transaction change, a new application shall be required.

Where a change of ownership is among related persons, and there are no other changes being proposed at the health care facility that would otherwise require a permit or exemption under this Act, the applicant shall submit an application consisting of a standard notice in a form set forth by the Board briefly explaining the reasons for the proposed change of ownership. Once such an application is submitted to the Board and reviewed by the Board staff, the Board Chair shall take action on an application for an exemption for a change of ownership among related persons within 45 days after the application has been deemed complete, provided the application meets the applicable standards under this Section. If the Board Chair has a conflict of interest or for other good cause, the Chair may request review by the Board. Notwithstanding any other provision of this Act, for purposes of this Section, a change of ownership among related persons means a transaction where the parties to the transaction are under common control or ownership before and after the transaction is completed.

New matter indicated by italics - deletions by strikeout
Nothing in this Act shall be construed as authorizing the Board to impose any conditions, obligations, or limitations, other than those required by this Section, with respect to the issuance of an exemption for a change of ownership, including, but not limited to, the time period before which a subsequent change of ownership of the health care facility could be sought, or the commitment to continue to offer for a specified time period any services currently offered by the health care facility.

(a-3) (Blank). Upon a finding that an application to close a health care facility is complete, the State Board shall publish a legal notice on 3 consecutive days in a newspaper of general circulation in the area or community to be affected and afford the public an opportunity to request a hearing. If the application is for a facility located in a Metropolitan Statistical Area, an additional legal notice shall be published in a newspaper of limited circulation, if one exists, in the area in which the facility is located. If the newspaper of limited circulation is published on a daily basis, the additional legal notice shall be published on 3 consecutive days. The legal notice shall also be posted on the Health Facilities and Services Review Board's web site and sent to the State Representative and State Senator of the district in which the health care facility is located. In addition, the health care facility shall provide notice of closure to the local media that the health care facility would routinely notify about facility events. No later than 90 days after a discontinuation of a health facility, the applicant must submit a statement to the State Board certifying that the discontinuation is complete.

(b) If a public hearing is requested, it shall be held at least 15 days but no more than 30 days after the date of publication of the legal notice in the community in which the facility is located. The hearing shall be held in the affected area or community in a place of reasonable size and accessibility and a full and complete written transcript of the proceedings.
shall be made. All interested persons attending the hearing shall be given a reasonable opportunity to present their positions in writing or orally. The applicant shall provide a summary or describe the proposed change of ownership of the proposal for distribution at the public hearing.

(c) For the purposes of this Section "newspaper of limited circulation" means a newspaper intended to serve a particular or defined population of a specific geographic area within a Metropolitan Statistical Area such as a municipality, town, village, township, or community area, but does not include publications of professional and trade associations.

(d) The changes made to this Section by this amendatory Act of the 101st General Assembly shall apply to all applications submitted after the effective date of this amendatory Act of the 101st General Assembly.

If the application is for a facility located in a Metropolitan Statistical Area, an additional legal notice shall be published in a newspaper of limited circulation, if one exists, in the area in which the facility is located. If the newspaper of limited circulation is published on a daily basis, the additional legal notice shall be published on 3 consecutive days. The legal notice shall also be posted on the Health Facilities and Services Review Board's website and sent to the State Representative and State Senator of the district in which the health care facility is located. In addition, the health care facility shall provide notice of closure to the local media that the health care facility would routinely notify about facility events.

(b) No later than 30 days after issuance of a permit to close a health care facility or discontinue a category of service, the permit holder shall give written notice of the closure or discontinuation to the State Senator and State Representative serving the legislative district in which the health care facility is located.

(c) If there is a pending lawsuit that challenges an application to discontinue a health care facility that either names the Board as a party or

alleges fraud in the filing of the application, the Board may defer action on the application for up to 6 months after the date of the initial deferral of the application.

(d) The changes made to this Section by this amendatory Act of the 101st General Assembly shall apply to all applications submitted after the effective date of this amendatory Act of the 101st General Assembly.

(2) Adopt procedures for public notice and hearing on all proposed rules, regulations, standards, criteria, and plans required to carry out the provisions of this Act.

The Chairman may approve applications for exemption that meet the criteria set forth in rules or refer them to the full Board. The Chairman may approve any unopposed application that meets all of the review criteria or refer them to the full Board.

(Section scheduled to be repealed on January 1, 2027)
Sec. 4.3. Written collaborative agreements.
(a) A written collaborative agreement is required for all prescribing psychologists practicing under a prescribing psychologist license issued pursuant to Section 4.2 of this Act.
(b) A written delegation of prescriptive authority by a collaborating physician may only include medications for the treatment of mental health disease or illness the collaborating physician generally provides to his or her patients in the normal course of his or her clinical practice with the exception of the following:
   (1) patients who are less than 17 years of age or over 65 years of age;
   (2) patients during pregnancy;
   (3) patients with serious medical conditions, such as heart disease, cancer, stroke, or seizures, and with developmental disabilities and intellectual disabilities; and
   (4) prescriptive authority for benzodiazepine Schedule III controlled substances.
(c) The collaborating physician shall file with the Department notice of delegation of prescriptive authority and termination of the delegation, in accordance with rules of the Department. (d) All of the following shall apply to delegation of prescriptive authority:

name or generic name. No controlled substance to be delivered by injection may be delegated. No Schedule II controlled substance shall be delegated.

(2) A prescribing psychologist shall not prescribe narcotic drugs, as defined in Section 102 of the Illinois Controlled Substances Act.

Any prescribing psychologist who writes a prescription for a controlled substance without having valid and appropriate authority may be fined by the Department not more than $50 per prescription and the Department may take any other disciplinary action provided for in this Act.

All prescriptions written by a prescribing psychologist must contain the name of the prescribing psychologist and his or her signature. The prescribing psychologist shall sign his or her own name.

(e) The written collaborative agreement shall describe the working relationship of the prescribing psychologist with the collaborating physician and shall delegate prescriptive authority as provided in this Act. Collaboration does not require an employment relationship between the collaborating physician and prescribing psychologist. Absent an employment relationship, an agreement may not restrict third-party payment sources accepted by the prescribing psychologist. For the purposes of this Section, "collaboration" means the relationship between a prescribing psychologist and a collaborating physician with respect to the delivery of prescribing services in accordance with (1) the prescribing psychologist's training, education, and experience and (2) collaboration and consultation as documented in a jointly developed written collaborative agreement.

(f) The agreement shall promote the exercise of professional judgment by the prescribing psychologist corresponding to his or her education and experience.

Methods of communication shall be available for consultation with the collaborating physician in person or by telecommunications in accordance with established written guidelines as set forth in the written agreement.

(h) Collaboration and consultation pursuant to all collaboration agreements shall be adequate if a collaborating physician does each of the following:

(i) The written collaborative agreement shall contain provisions detailing notice for termination or change of status involving a written collaborative agreement, except when the notice is given for just cause.

(j) A copy of the signed written collaborative agreement shall be available to the Department upon request to either the prescribing psychologist or the collaborating physician.

(k) Nothing in this Section shall be construed to limit the authority of a prescribing psychologist to perform all duties authorized under this Act.

(l) A prescribing psychologist shall inform each collaborating physician of all collaborative agreements he or she has signed and provide a copy of these to any collaborating physician.

(m) No collaborating physician shall enter into more than 3 collaborative agreements with prescribing psychologists.

(House Bill No. 0355)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 21B-45 as follows:

(105 ILCS 5/21B-45)
Sec. 21B-45. Professional Educator License renewal.
(a) Individuals holding a Professional Educator License are required to complete the licensure renewal requirements as specified in this Section, unless otherwise provided in this Code.

Individuals holding a Professional Educator License shall meet the renewal requirements set forth in this Section, unless otherwise provided in this Code. If an individual holds a license endorsed in more than one area that has different renewal requirements, that individual shall follow the renewal requirements for the position for which he or she spends the majority of his or her time working.

(b) All Professional Educator Licenses not renewed as provided in this Section shall lapse on September 1 of that year. Notwithstanding any

New matter indicated by italics - deletions by strikeout
other provisions of this Section, if a license holder's electronic mail address is available, the State Board of Education shall send him or her notification electronically that his or her license will lapse if not renewed, to be sent no more than 6 months prior to the license lapsing. Lapsed licenses may be immediately reinstated upon (i) payment by the applicant of a $500 penalty to the State Board of Education or (ii) the demonstration of proficiency by completing 9 semester hours of coursework from a regionally accredited institution of higher education in the content area that most aligns with one or more of the educator's endorsement areas. Any and all back fees, including without limitation registration fees owed from the time of expiration of the license until the date of reinstatement, shall be paid and kept in accordance with the provisions in Article 3 of this Code concerning an institute fund and the provisions in Article 21B of this Code concerning fees and requirements for registration. Licenses not registered in accordance with Section 21B-40 of this Code shall lapse after a period of 6 months from the expiration of the last year of registration or on January 1 of the fiscal year following initial issuance of the license. An unregistered license is invalid after September 1 for employment and performance of services in an Illinois public or State-operated school or cooperative and in a charter school. Any license or endorsement may be voluntarily surrendered by the license holder. A voluntarily surrendered license, except a substitute teaching license issued under Section 21B-20 of this Code, shall be treated as a revoked license. An Educator License with Stipulations with only a paraprofessional endorsement does not lapse.

(c) From July 1, 2013 through June 30, 2014, in order to satisfy the requirements for licensure renewal provided for in this Section, each professional educator licensee with an administrative endorsement who is working in a position requiring such endorsement shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, per fiscal year.

(d) Beginning July 1, 2014, in order to satisfy the requirements for licensure renewal provided for in this Section, each professional educator licensee may create a professional development plan each year. The plan shall address one or more of the endorsements that are required of his or her educator position if the licensee is employed and performing services in an Illinois public or State-operated school or cooperative. If the licensee is employed in a charter school, the plan shall address that endorsement or those endorsements most closely related to his or her educator position. Licensees employed and performing services in any other Illinois schools

New matter indicated by italics - deletions by strikeout
may participate in the renewal requirements by adhering to the same process.

Except as otherwise provided in this Section, the licensee's professional development activities shall align with one or more of the following criteria:

(1) activities are of a type that engage participants over a sustained period of time allowing for analysis, discovery, and application as they relate to student learning, social or emotional achievement, or well-being;

(2) professional development aligns to the licensee's performance;

(3) outcomes for the activities must relate to student growth or district improvement;

(4) activities align to State-approved standards; and

(5) higher education coursework.

(e) For each renewal cycle, each professional educator licensee shall engage in professional development activities. Prior to renewal, the licensee shall enter electronically into the Educator Licensure Information System (ELIS) the name, date, and location of the activity, the number of professional development hours, and the provider's name. The following provisions shall apply concerning professional development activities:

(1) Each licensee shall complete a total of 120 hours of professional development per 5-year renewal cycle in order to renew the license, except as otherwise provided in this Section.

(2) Beginning with his or her first full 5-year cycle, any licensee with an administrative endorsement who is not working in a position requiring such endorsement is not required to complete Illinois Administrators' Academy courses, as described in Article 2 of this Code. Such licensees must complete one Illinois Administrators' Academy course within one year after returning to a position that requires the administrative endorsement.

(3) Any licensee with an administrative endorsement who is working in a position requiring such endorsement or an individual with a Teacher Leader endorsement serving in an administrative capacity at least 50% of the day shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, each fiscal year in addition to 100 hours of professional development per 5-year renewal cycle in accordance with this Code.

New matter indicated by italics - deletions by strikeout
(4) Any licensee holding a current National Board for Professional Teaching Standards (NBPTS) master teacher designation shall complete a total of 60 hours of professional development per 5-year renewal cycle in order to renew the license.

(5) Licensees working in a position that does not require educator licensure or working in a position for less than 50% for any particular year are considered to be exempt and shall be required to pay only the registration fee in order to renew and maintain the validity of the license.

(6) Licensees who are retired and qualify for benefits from a State of Illinois retirement system shall notify the State Board of Education using ELIS, and the license shall be maintained in retired status. For any renewal cycle in which a licensee retires during the renewal cycle, the licensee must complete professional development activities on a prorated basis depending on the number of years during the renewal cycle the educator held an active license. If a licensee retires during a renewal cycle, the licensee must notify the State Board of Education using ELIS that the licensee wishes to maintain the license in retired status and must show proof of completion of professional development activities on a prorated basis for all years of that renewal cycle for which the license was active. An individual with a license in retired status shall not be required to complete professional development activities or pay registration fees until returning to a position that requires educator licensure. Upon returning to work in a position that requires the Professional Educator License, the licensee shall immediately pay a registration fee and complete renewal requirements for that year. A license in retired status cannot lapse. Beginning on January 6, 2017 (the effective date of Public Act 99-920) through December 31, 2017, any licensee who has retired and whose license has lapsed for failure to renew as provided in this Section may reinstate that license and maintain it in retired status upon providing proof to the State Board of Education using ELIS that the licensee is retired and is not working in a position that requires a Professional Educator License.

(7) For any renewal cycle in which professional development hours were required, but not fulfilled, the licensee shall complete any missed hours to total the minimum professional development hours required in this Section prior to September 1 of
that year. Professional development hours used to fulfill the minimum required hours for a renewal cycle may be used for only one renewal cycle. For any fiscal year or renewal cycle in which an Illinois Administrators' Academy course was required but not completed, the licensee shall complete any missed Illinois Administrators' Academy courses prior to September 1 of that year. The licensee may complete all deficient hours and Illinois Administrators' Academy courses while continuing to work in a position that requires that license until September 1 of that year.

(8) Any licensee who has not fulfilled the professional development renewal requirements set forth in this Section at the end of any 5-year renewal cycle is ineligible to register his or her license and may submit an appeal to the State Superintendent of Education for reinstatement of the license.

(9) If professional development opportunities were unavailable to a licensee, proof that opportunities were unavailable and request for an extension of time beyond August 31 to complete the renewal requirements may be submitted from April 1 through June 30 of that year to the State Educator Preparation and Licensure Board. If an extension is approved, the license shall remain valid during the extension period.

(10) Individuals who hold exempt licenses prior to December 27, 2013 (the effective date of Public Act 98-610) shall commence the annual renewal process with the first scheduled registration due after December 27, 2013 (the effective date of Public Act 98-610).

(11) Notwithstanding any other provision of this subsection (e), if a licensee earns more than the required number of professional development hours during a renewal cycle, then the licensee may carry over any hours earned from April 1 through June 30 of the last year of the renewal cycle. Any hours carried over in this manner must be applied to the next renewal cycle. Illinois Administrators' Academy courses or hours earned in those courses may not be carried over.

(f) At the time of renewal, each licensee shall respond to the required questions under penalty of perjury.

(g) The following entities shall be designated as approved to provide professional development activities for the renewal of Professional Educator Licenses:

(7) State agencies, State boards, and State commissions.
(8) Museums as defined in Section 10 of the Museum Disposition of Property Act.

(4) maintain original documentation for completion of activities;
(5) provide license holders with evidence of completion of activities; and
(6) request an Illinois Educator Identification Number (IEIN) for each educator during each professional development activity.

(j) The State Board of Education shall conduct annual audits of a subset of approved providers, except for school districts, which shall be audited by regional offices of education and intermediate service centers. The State Board of Education shall ensure that each approved provider, except for a school district, is audited at least once every 5 years. The State Board of Education may conduct more frequent audits of providers if

evidence suggests the requirements of this Section or administrative rules are not being met. The State Board of Education shall complete random audits of licensees.

(1) (Blank).

(2) Approved providers shall comply with the requirements in subsections (h) and (i) of this Section by annually submitting data to the State Board of Education demonstrating how the professional development activities impacted one or more of the following:

(A) educator and student growth in regards to content knowledge or skills, or both;
(B) educator and student social and emotional growth; or
(C) alignment to district or school improvement plans.

(3) The State Superintendent of Education shall review the annual data collected by the State Board of Education, regional offices of education, and intermediate service centers in audits to determine if the approved provider has met the criteria and should continue to be an approved provider or if further action should be taken as provided in rules.

(k) Registration fees shall be paid for the next renewal cycle between April 1 and June 30 in the last year of each 5-year renewal cycle using ELIS. If all required professional development hours for the renewal cycle have been completed and entered by the licensee, the licensee shall pay the registration fees for the next cycle using a form of credit or debit card.

(l) Any professional educator licensee endorsed for school support personnel who is employed and performing services in Illinois public schools and who holds an active and current professional license issued by the Department of Financial and Professional Regulation or a national certification board, as approved by the State Board of Education, related to the endorsement areas on the Professional Educator License shall be deemed to have satisfied the continuing professional development requirements provided for in this Section. An individual who does not hold a license issued by the Department of Financial and Professional Regulation shall complete

professional development requirements for the renewal of a Professional Educator License provided for in this Section.

(m) Appeals to the State Educator Preparation and Licensure Board must be made within 30 days after receipt of notice from the State Superintendent of Education that a license will not be renewed based upon failure to complete the requirements of this Section. A licensee may appeal that decision to the State Educator Preparation and Licensure Board in a manner prescribed by rule.

(1) Each appeal shall state the reasons why the State Superintendent's decision should be reversed and shall be sent by certified mail, return receipt requested, to the State Board of Education.

(2) The State Educator Preparation and Licensure Board shall review each appeal regarding renewal of a license within 90 days after receiving the appeal in order to determine whether the licensee has met the requirements of this Section. AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 3-6-2 as follows:

(730 ILCS 5/3-6-2) (from Ch. 38, par. 1003-6-2)
Sec. 3-6-2. Institutions and facility administration.
(a) Each institution and facility of the Department shall be administered by a chief administrative officer appointed by the Director. A chief administrative officer shall be responsible for all persons assigned to the institution or facility. The chief administrative officer shall administer the programs of the Department for the custody and treatment of such persons.
(b) The chief administrative officer shall have such assistants as the Department may assign.
(c) The Director or Assistant Director shall have the emergency powers to temporarily transfer individuals without formal procedures to any State, county, municipal or regional correctional or detention institution or facility in the State, subject to the acceptance of such receiving institution or facility, or to designate any reasonably secure place in the State as such an institution or facility and to make transfers thereto. However, transfers made under emergency powers shall be reviewed as soon as practicable under Article 8, and shall be subject to Section 5-905 of the Juvenile Court Act of 1987. This Section shall not apply to transfers to the Department of Human Services which are provided for under Section 3-8-5 or Section 3-10-5.
(d) The Department shall provide educational programs for all committed persons so that all persons have an opportunity to attain the achievement level equivalent to the completion of the twelfth grade in the public school system in this State. Other higher levels of attainment shall be encouraged and professional instruction shall be maintained wherever possible. The Department may establish programs of mandatory education and may establish rules and regulations for the administration of such programs.

programs. A person committed to the Department who, during the period
of his or her incarceration, participates in an educational program provided
by or through the Department and through that program is awarded or
earns the number of hours of credit required for the award of an associate,
baccalaureate, or higher degree from a community college, college, or
university located in Illinois shall reimburse the State, through the
Department, for the costs incurred by the State in providing that person
during his or her incarceration with the education that qualifies him or her
for the award of that degree. The costs for which reimbursement is
required under this subsection shall be determined and computed by the
Department under rules and regulations that it shall establish for that
purpose. However, interest at the rate of 6% per annum shall be charged
on the balance of those costs from time to time remaining unpaid, from the
date of the person's parole, mandatory supervised release, or release
constituting a final termination of his or her commitment to the
Department until paid.

(d-5) A person committed to the Department is entitled to
confidential testing for infection with human immunodeficiency virus
(HIV) and to counseling in connection with such testing, with no copay to
the committed person. A person committed to the Department who has
tested positive for infection with HIV is entitled to medical care while
incarcerated, counseling, and referrals to support services, in connection
with that positive test result. Implementation of this subsection (d-5) is
subject to appropriation.

(e) A person committed to the Department who becomes in need of
medical or surgical treatment but is incapable of giving consent thereto
shall receive such medical or surgical treatment by the chief administrative
officer consenting on the person's behalf. Before the chief administrative
officer consents, he or she shall obtain the advice of one or more
physicians licensed to practice medicine in all its branches in this State. If
such physician or physicians advise:

(1) that immediate medical or surgical treatment is required
relative to a condition threatening to cause death, damage or
impairment to bodily functions, or disfigurement; and

(2) that the person is not capable of giving consent to such
treatment; the chief administrative officer may give consent for
such medical or surgical treatment, and such consent shall be
deemed to be the consent of the person for all purposes, including,
but not limited to, the authority of a physician to give such treatment.

(e-5) If a physician providing medical care to a committed person on behalf of the Department advises the chief administrative officer that the committed person's mental or physical health has deteriorated as a result of the cessation of ingestion of food or liquid to the point where medical or surgical treatment is required to prevent death, damage, or impairment to bodily functions, the chief administrative officer may authorize such medical or surgical treatment.

(f) In the event that the person requires medical care and treatment at a place other than the institution or facility, the person may be removed therefrom under conditions prescribed by the Department. Neither the Department of Corrections nor the Department of Juvenile Justice may require a committed person or person committed to any facility operated by the Department of Juvenile Justice, as set forth in Section 3-2.5-15 of this Code, to pay any co-payment for receiving medical or dental services. The Department shall require the committed person receiving medical or dental services on a non-emergency basis to pay a $5 co-payment to the Department for each visit for medical or dental services. The amount of each co-payment shall be deducted from the committed person's individual account. A committed person who has a chronic illness, as defined by Department rules and regulations, shall be exempt from the $5 co-payment for treatment of the chronic illness. A committed person shall not be subject to a $5 co-payment for follow-up visits ordered by a physician, who is employed by, or contracts with, the Department. A committed person who is indigent is exempt from the $5 co-payment and is entitled to receive medical or dental services on the same basis as a committed person who is financially able to afford the co-payment. For purposes of this Section only, "indigent" means a committed person who has $20 or less in his or her Inmate Trust Fund at the time of such services and for the 30 days prior to such services. Notwithstanding any other provision in this subsection (f) to the contrary, any person committed to any facility operated by the Department of Juvenile Justice, as set forth in Section 3-2.5-15 of this Code, is exempt from the co-payment requirement for the duration of confinement in those facilities:

(f-5) The Department shall comply with the Health Care Violence Prevention Act.

(g) Any person having sole custody of a child at the time of commitment or any woman giving birth to a child after her commitment,
may arrange through the Department of Children and Family Services for suitable placement of the child outside of the Department of Corrections. The Director of the Department of Corrections may determine that there are special reasons why the child should continue in the custody of the mother until the child is 6 years old.

(h) The Department may provide Family Responsibility Services which may consist of, but not be limited to the following:

1. family advocacy counseling;
2. parent self-help group;
3. parenting skills training;
4. parent and child overnight program;
5. parent and child reunification counseling, either separately or together, preceding the inmate's release; and
6. a prerelease reunification staffing involving the family advocate, the inmate and the child's counselor, or both and the inmate.

(i) (Blank).

(j) Any person convicted of a sex offense as defined in the Sex Offender Management Board Act shall be required to receive a sex offender evaluation prior to release into the community from the Department of Corrections. The sex offender evaluation shall be conducted in conformance with the standards and guidelines developed under the Sex Offender Management Board Act and by an evaluator approved by the Board.

(k) Any minor committed to the Department of Juvenile Justice for a sex offense as defined by the Sex Offender Management Board Act shall be required to undergo sex offender treatment by a treatment provider approved by the Board and conducted in conformance with the Sex Offender Management Board Act.

(l) Prior to the release of any inmate committed to a facility of the Department or the Department of Juvenile Justice, the Department must provide the inmate with appropriate information verbally, in writing, by video, or other electronic means, concerning HIV and AIDS. The Department shall develop the informational materials in consultation with the Department of Public Health. At the same time, the Department must also offer the committed person the option of testing for infection with human immunodeficiency virus (HIV), with no copayment for the test. Pre-test information shall be provided to the committed person and informed consent obtained as required in subsection (d) of Section 3 and...
Section 5 of the AIDS Confidentiality Act. The Department may conduct opt-out HIV testing as defined in Section 4 of the AIDS Confidentiality Act. If the Department conducts opt-out HIV testing, the Department shall place signs in English, Spanish and other languages as needed in multiple, highly visible locations in the area where HIV testing is conducted informing inmates that they will be tested for HIV unless they refuse, and refusal or acceptance of testing shall be documented in the inmate's medical record. The Department shall follow procedures established by the Department of Public Health to conduct HIV testing and testing to confirm positive HIV test results. All testing must be conducted by medical personnel, but pre-test and other information may be provided by committed persons who have received appropriate training. The Department, in conjunction with the Department of Public Health, shall develop a plan that complies with the AIDS Confidentiality Act to deliver confidentially all positive or negative HIV test results to inmates or former inmates. Nothing in this Section shall require the Department to offer HIV testing to an inmate who is known to be infected with HIV, or who has been tested for HIV within the previous 180 days and whose documented HIV test result is available to the Department electronically. The testing provided under this subsection (l) shall consist of a test approved by the Illinois Department of Public Health to determine the presence of HIV infection, based upon recommendations of the United States Centers for Disease Control and Prevention. If the test result is positive, a reliable supplemental test based upon recommendations of the United States Centers for Disease Control and Prevention shall be administered.

Prior to the release of an inmate who the Department knows has tested positive for infection with HIV, the Department in a timely manner shall offer the inmate transitional case management, including referrals to other support services.

(m) The chief administrative officer of each institution or facility of the Department shall make a room in the institution or facility available for substance use disorder services to be provided to committed persons on a voluntary basis. The services shall be provided for one hour once a week at a time specified by the chief administrative officer of the institution or facility if the following conditions are met:

(1) the substance use disorder service contacts the chief administrative officer to arrange the meeting;

(g) Re-enactment; findings; purposes.

(1) The General Assembly finds and declares that:

   (iii) On September 22, 1998, the Third District Appellate Court in People v. Dainty, 701 N.E. 2d 118, ruled that Public Act 88-680 violates the single subject clause of the Illinois Constitution (Article IV, Section 8 (d)) and was unconstitutional in its entirety. As of the time this

New matter indicated by italics - deletions by strikeout
amendatory Act of 1999 was prepared, People v. Dainty was still subject to appeal.

(iv) Child pornography is a vital concern to the people of this State and the validity of future prosecutions under the child pornography statute of the Criminal Code of 1961 is in grave doubt.

(2) It is the purpose of this amendatory Act of 1999 to prevent or minimize any problems relating to prosecutions for child pornography that may result from challenges to the constitutional validity of Public Act 88-680 by re-enacting the Section relating to child pornography that was included in Public Act 88-680.

(3) This amendatory Act of 1999 re-enacts Section 11-20.1 of the Criminal Code of 1961, as it has been amended. This re-enactment is intended to remove any question as to the validity or content of that Section; it is not intended to supersede any other Public Act that amends the text of the Section as set forth in this amendatory Act of 1999. The material is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, People v. Dainty was subject to appeal to the Illinois Supreme Court.

(4) The re-enactment by this amendatory Act of 1999 of Section 11-20.1 of the Criminal Code of 1961 relating to child pornography that was amended by Public Act 88-680 is not intended, and shall not be construed, to imply that Public Act 88-680 is invalid or to limit or impair any legal argument concerning whether those provisions were substantially re-enacted by other Public Acts.

Notwithstanding any other provision of this Article, neither the board of education nor any local school council or other school official shall recommend that children with disabilities be placed into regular education classrooms unless those children with disabilities are provided with supplementary services to assist them so that they benefit from the regular classroom instruction and are included on the teacher's regular education class register;

The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(F) A person subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective

(ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code.

In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph (5) of subsection (a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F).

The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code.
A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

AN ACT concerning homeless youth.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Youth Homelessness Prevention Subcommittee Act.

Section 5. Legislative findings. The General Assembly finds that 1 in 10 young people ages 18-25 experience a form of homelessness over a 12-month period. Also 1 in 30 youths ages 13-17 experience a form of homelessness over a 12-month period. Homelessness disproportionately impacts African-American youth and mirrors the racial disparities in school suspensions, incarceration rates, and foster care placement. Youth who have interacted with State systems of care, such as the Department of Children and Family Services, the Department of Juvenile Justice, the Department of Human Services' Division of Mental Health, and the Department of Corrections, and youth who have been hospitalized for mental health problems are disproportionately overrepresented in the population of people experiencing homelessness. The U.S. Department of Education classifies youth living "doubled up" as homeless. "Doubled up" is a term that refers to a situation where individuals are unable to maintain their own housing situation and are forced to stay with a series of friends or extended family members. The individual has no right or authority over the housing. The "homes" of such individuals are often unstable, not permanent, and can be as dangerous as living on the streets. As a result, doubled up housing situations are potentially detrimental to the health and well-being of these homeless youth. A study conducted by the U.S. Bureau of Justice Statistics found that 12% of prisoners were homeless at the time of their arrest. Similarly, a national survey of jail inmates concluded that more than 15% of the jail population had been homeless at some point in the preceding year, a rate 8 to 11 times the national average. Illinois needs a cohesive strategy across our child welfare, mental health, corrections, and human services agencies that is designed to reduce the rates of

homelessness among youth and to lessen the likelihood of youth experiencing chronic homelessness into adulthood.

Section 10. Youth Homelessness Prevention Subcommittee. In 2016 the Governor, by Executive Order, created a Governor's Cabinet on Children and Youth to ensure that all children and youth in Illinois are healthy, safe, well-educated, and successfully launched into self-sufficiency. To better serve youth leaving State systems of care and to bring Illinois in line with the national goal of ending youth homelessness by 2020, the Cabinet on Children and Youth shall create a subcommittee to drive the State's strategic vision for preventing homelessness among youth leaving State systems of care. The subcommittee shall be known as the Youth Homelessness Prevention Subcommittee.

Section 15. Duties. The Youth Homelessness Prevention Subcommittee shall:

(1) Review the discharge planning, service plans, and discharge procedures for youth leaving the custody or guardianship of the Department of Children and Family Services, the Department of Juvenile Justice, the Department of Human Services' Division of Mental Health, and the Department of Corrections to determine whether such discharge planning and procedures ensure housing stability for youth leaving State systems of care.

(2) Collect data on the housing stability of youth for one year after they are released from the custody or guardianship of the Department of Children and Family Services, the Department of Juvenile Justice, the Department of Human Services' Division of Mental Health, or the Department of Corrections.

(3) Based on data collected under paragraph (2) regarding youth experiencing homelessness after leaving State systems of care, create a plan to improve discharge policies and procedures to ensure housing stability for youth leaving State systems of care.

(4) Provide recommendations on community plans for sustainable housing; create education and employment plans for homeless youth; and create strategic collaborations between the Department of Children and Family Services, the Department of Juvenile Justice, the Department of Human Services' Division of Mental Health, and the Department of Corrections with respect to youth leaving State systems of care.

4. The Secretary of the Department of Human Services.

9. Four representatives from agencies serving homeless youth.
10. One representative from a homeless advocacy organization.
11. One representative from a juvenile justice advocacy organization.
12. Four youth who have a lived experience with homelessness.

Section 25. Quorum. A majority of the members of the Subcommittee shall constitute a quorum, and all recommendations of the Subcommittee shall require approval of a majority of the total members of the Subcommittee.

Section 30. Administrative support. The Governor's Office shall provide administrative support to the Youth Homelessness Prevention Subcommittee as needed, including with respect to compliance with State ethics laws, the Open Meetings Act, and the Freedom of Information Act.

Section 35. Meetings. The Youth Homelessness Prevention Subcommittee shall hold at least 6 meetings each year, but otherwise shall meet at the call of the chair.

Section 5. The Public Library District Act of 1991 is amended by changing Section 15-15 as follows:

(75 ILCS 16/15-15)

Sec. 15-15. Territory included within municipality or school district.

(1) located within the boundaries of a municipality or school district that is included, entirely or partially, within the district;

(2) contiguous to the district; and

(3) without local, tax-supported public library service.

An ordinance under this subsection must describe the territory to be annexed. Prior to adopting the ordinance, the board of trustees of the library district shall send notice of the proposed ordinance to the president of the board of trustees of each public library located within one mile of the territory to be annexed. The library district may, in addition, provide notice of a proposed annexation ordinance on a website maintained by the library district. At any meeting of the board of trustees in which an annexation ordinance under this Section is considered, the board shall provide a reasonable opportunity for any interested person to make public comments on the proposed annexation ordinance.

(b) Within 15 days of the passage of the annexation ordinance, the library district shall send notice of the adoption of the ordinance, a copy of the map showing the boundaries of the territory to be annexed, and a copy of the text of the publication notice required in this Section to the president of the board of trustees of each public library with territory within one mile of the territory to be annexed. Within 15 days after the adoption of the ordinance it shall be published as provided in Section 1-30. The board may vacate an annexation ordinance before its publication.

(c) The publication or posting of the ordinance shall include a notice of (i) the specific number of voters required to sign a petition requesting that the question of the adoption of the ordinance to be
submitted to the voters of the district or the territory to be annexed and or both, (ii) the time in which the petition must be filed, and (iii) the date of the prospective referendum. The district secretary shall provide a petition form to any individual requesting one.

(d) Upon the passage of the annexation ordinance under this Section If no petition is filed with the library district within 30 days after publication or posting of the ordinance, the annexation shall take effect. If, however, within the 30 day period, a petition is filed with the Board of Trustees of the library district, signed by voters of the district or the territory to be annexed, or both, equal in number to 10% or more of the total number of registered voters in the district, the territory to be annexed or both, asking that the question of the annexation of the territory be submitted to the voters of the territory, the board of trustees shall may vacate the annexation ordinance or certify the question to the proper election authority, who shall submit the question at the next regular election. Notice of this election shall be given and the election shall be conducted in accordance with the Election Code. The proposition shall be submitted to the voters in substantially the following form:

Shall (description of territory) be annexed to (name of public library district), (location), Illinois?

(e) If a majority of votes cast upon the proposition in the district, and also a majority of votes cast upon the proposition in the territory to be annexed, are in favor of the proposition, the Board of Trustees of the library district may conclude the annexation of the territory.

(f) If, before the effective date of this amendatory Act of the 101st General Assembly this amendatory Act of the 94th General Assembly, a district has annexed territory under this Section and that annexation complies with the requirements set forth in this Section, as changed by this amendatory Act of the 94th General Assembly, then, for all purposes, that annexation is hereby validated, ratified, and declared to be in full force and effect. from: (i) 30 days after publication or posting of the ordinance if no petition was filed with the library district under subsection (d); or (ii) if a petition was filed, on the date that the district concluded the annexation of the territory under subsection (e).

AN ACT concerning public aid.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

(305 ILCS 5/11-5.4)
Sec. 11-5.4. Expedited long-term care eligibility determination and enrollment.

(1) On or before July 1, 2019, a streamlined application and enrollment process shall be put in place which must include, but need not be limited to, the following:
   (A) Minimize the burden on applicants by collecting only the data necessary to determine eligibility for medical services, long-term care services, and spousal impoverishment offset.
   (B) Integrate online data sources to simplify the application process by reducing the amount of information needed to be entered and to expedite eligibility verification.
   (C) Provide online prompts to alert the applicant that information is missing or not complete.
   (D) Provide training and step-by-step written instructions for caseworkers, applicants, and providers.
(2) The State must expedite the eligibility process for applicants meeting specified guidelines, regardless of the age of the application. The guidelines, subject to federal approval, must include, but need not be limited to, the following individually or collectively:
   (A) Full Medicaid benefits in the community for a specified period of time.

New matter indicated by italics - deletions by strikeout
(B) No transfer of assets or resources during the federally prescribed look-back period, as specified in federal law.

(C) Receives Supplemental Security Income payments or was receiving such payments at the time of admission to a nursing facility.

(D) For applicants or recipients with verified income at or below 100% of the federal poverty level when the declared value of their countable resources is no greater than the allowable amounts pursuant to Section 5-2 of this Code for classes of eligible persons for whom a resource limit applies. Such simplified verification policies shall apply to community cases as well as long-term care cases.

(3) Subject to federal approval, the Department of Healthcare and Family Services must implement an ex parte renewal process for Medicaid-eligible individuals residing in long-term care facilities. "Renewal" has the same meaning as "redetermination" in State policies, administrative rule, and federal Medicaid law. The ex parte renewal process must be fully operational on or before January 1, 2019. If an individual has transferred to another long-term care facility, any annual notice concerning redetermination of eligibility must be sent to the long-term care facility where the individual resides as well as to the individual.

(4) The Department of Human Services must use the standards and distribution requirements described in this subsection and in Section 11-6 for notification of missing supporting documents and information during all phases of the application process: initial, renewal, and appeal.

(c) The Department of Human Services must adopt policies and procedures to improve communication between long-term care benefits central office personnel, applicants and their representatives, and facilities in which the applicants reside. Such policies and procedures must at a minimum permit applicants and their representatives and the facility in which the applicants reside to speak directly to an individual trained to take telephone inquiries and provide appropriate responses.

(d) Effective 30 days after the completion of 3 regionally based trainings, nursing facilities shall submit all applications for medical assistance online via the Application for Benefits Eligibility (ABE)
website. This requirement shall extend to scanning and uploading with the online application any required additional forms such as the Long Term Care Facility Notification and the Additional Financial Information for Long Term Care Applicants as well as scanned copies of any supporting documentation. Long-term care facility admission documents must be submitted as required in Section 5-5 of this Code. No local Department of Human Services office shall refuse to accept an electronically filed application. No Department of Human Services office shall request submission of any document in hard copy.

(e) Notwithstanding any other provision of this Code, the Department of Human Services and the Department of Healthcare and Family Services' Office of the Inspector General shall, upon request, allow an applicant additional time to submit information and documents needed as part of a review of available resources or resources transferred during the look-back period. The initial extension shall not exceed 30 days. A second extension of 30 days may be granted upon request. Any request for information issued by the State to an applicant shall include the following: an explanation of the information required and the date by which the information must be submitted; a statement that failure to respond in a timely manner can result in denial of the application; a statement that the applicant or the facility in the name of the applicant may seek an extension; and the name and contact information of a caseworker in case of questions. Any such request for information shall also be sent to the facility. In deciding whether to grant an extension, the Department of Human Services or the Department of Healthcare and Family Services' Office of the Inspector General shall take into account what is in the best interest of the applicant. The time limits for processing an application shall be tolled during the period of any extension granted under this subsection.

(f) The Department of Human Services and the Department of Healthcare and Family Services must jointly compile data on pending applications, denials, appeals, and redeterminations into a monthly report, which shall be posted on each Department's website for the purposes of monitoring long-term care eligibility processing. The report must specify the number of applications and redeterminations pending long-term care eligibility determination and admission and the number of appeals of denials in the following categories:

(A) Length of time applications, redeterminations, and appeals are pending - 0 to 45 days, 46 days to 90 days, 91 days to
180 days, 181 days to 12 months, over 12 months to 18 months, over 18 months to 24 months, and over 24 months.

(B) Percentage of applications and redeterminations pending in the Department of Human Services' Family Community Resource Centers, in the Department of Human Services' long-term care hubs, with the Department of Healthcare and Family Services' Office of Inspector General, and those applications which are being tolled due to requests for extension of time for additional information.

(C) Status of pending applications, denials, appeals, and redeterminations.

(g) Beginning on July 1, 2017, the Auditor General shall report every 3 years to the General Assembly on the performance and compliance of the Department of Healthcare and Family Services, the Department of Human Services, and the Department on Aging in meeting the requirements of this Section and the federal requirements concerning eligibility determinations for Medicaid long-term care services and supports, and shall report any issues or deficiencies and make recommendations. The Auditor General shall, at a minimum, review, consider, and evaluate the following:

(1) compliance with federal regulations on furnishing services as related to Medicaid long-term care services and supports as provided under 42 CFR 435.930;

(2) compliance with federal regulations on the timely determination of eligibility as provided under 42 CFR 435.912;

(3) the accuracy and completeness of the report required under paragraph (9) of subsection (e);

(4) the efficacy and efficiency of the task-based process used for making eligibility determinations in the centralized offices of the Department of Human Services for long-term care services, including the role of the State's integrated eligibility system, as opposed to the traditional caseworker-specific process from which these central offices have converted; and

(5) any issues affecting eligibility determinations related to the Department of Human Services' staff completing Medicaid eligibility determinations instead of the designated single-state Medicaid agency in Illinois, the Department of Healthcare and Family Services.
The Auditor General's report shall include any and all other areas or issues which are identified through an annual review. Paragraphs (1) through (5) of this subsection shall not be construed to limit the scope of the annual review and the Auditor General's authority to thoroughly and completely evaluate any and all processes, policies, and procedures concerning compliance with federal and State law requirements on eligibility determinations for Medicaid long-term care services and supports.

(h) The Department of Healthcare and Family Services shall adopt any rules necessary to administer and enforce any provision of this Section. Rulemaking shall not delay the full implementation of this Section.

Sec. 3. The courts of this State may order the Director or his representative to secure three independent value appraisals to determine the stumpage value of wrongfully cut timber or trees under Section 2 of this Act. Such order must state the reason the value information is needed, the parties involved in the action, the area to be examined and other information needed by the Department to carry out its responsibilities. The court must instruct all parties to the court action to make themselves available to the Department at reasonable times to assist in the location of areas and material to be examined. Unless otherwise ordered by the court, the parties shall bear equally the cost of expenses incurred, including but not limited to those for surveys, consulting services, attorney's fees, and administrative costs, unless otherwise ordered by the court. The court shall determine which party will bear the expense of conducting the appraisals and developing the remediation plan. The court may request that the Director or his or her representative assist in securing independent appraisals and advise the court as to adequacy of costs and measures in the remediation plan. The court shall allow a plaintiff who prevails to recover the cost of expenses incurred.

Sec. 4. Within 90 days after the Department is ordered to establish value appraisals under Section 3, it shall notify the court of its
findings of value and expenses. The court shall then average the appraisals
and award triple the average value and make final determination as to
which party or parties shall pay expenses. The failure of any party to make
full payment within the time limits set by the court or to cooperate with the
Department shall be considered contempt of court.

plans for review, the Department shall provide the appraisals or
valuations, remediation plan, and advice to the court. Otherwise, the
parties shall directly provide the court with any ordered appraisals or

PUBLIC ACT 101-0103
(House Bill No. 3129)

AN ACT concerning public aid.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The Illinois Public Aid Code is amended by changing Sections 4-2, 4-21, 9A-7, and 12-4.11 as follows:

(305 ILCS 5/4-2) (from Ch. 23, par. 4-2)
Sec. 4-2. Amount of aid.

(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Persons with Disabilities Property Tax Relief Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation.

Subject to appropriation, beginning on July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 15%. The Department is authorized to administer this increase but may not otherwise adopt any rule to implement this increase.

(a-5) For the purposes of this subsection, TANF grant amounts shall consist of the following portions:

(1) 75% shall be designated for the child or children of the assistance unit; and

(2) 25% shall be designated for the adult member or members of the assistance unit.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the

New matter indicated by italics - deletions by strikeout
needs and requirements of the child in the foster home or institution in which he has been placed.

(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2 persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) Subject to subsection (f-5), an assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article.

New matter indicated by italics - deletions by strikeout
IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.

Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(f-5) Subsection (f) shall not apply to affect the monthly assistance amount of any family as a result of the birth of a child on or after January 1, 2004. As resources permit after January 1, 2004, the Department may cease applying subsection (f) to limit assistance to families receiving assistance under this Article on January 1, 2004, with respect to children born prior to that date. In any event, subsection (f) shall be completely inoperative on and after July 1, 2007.

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits.

New matter indicated by italics - deletions by strikeout
Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.

(305 ILCS 5/4-21)
Sec. 4-21. Sanctions.

(a) The Illinois Department shall, by rule, establish a system of sanctions for persons who fail to cooperate, without good cause, with employment and training programs or other programs under this Article or Article IXA or who fail to cooperate with child support programs under this Article, Article X, or Title IV of the federal Social Security Act. The sanctions may discontinue all or part of the cash grant provided under this Article. The sanctions may be time limited or continue until the person cooperates in the program. The sanctions may be progressive in that a second, third, or further sanction may be progressively more severe or last longer.

(a-1) The Illinois Department shall, by rule, impose a 30% reduction of the portion of the grant amount designated for the adult member or members of the assistance unit when an adult member is found to be in noncompliance without good cause.

(a-2) No sanction shall reduce the portion of the grant amount that is designated for the child or children of the assistance unit.

(a-3) The full grant amount must be restored on the first day of the month following a determination that the adult member or members of the assistance unit are in compliance with program requirements and are otherwise eligible for assistance.

(b) The Illinois Department shall, by rule, define what constitutes failure to cooperate and what constitutes good cause which would excuse that failure.

(a) The Department shall establish by rule what constitutes good cause for failure to participate in education, training and employment programs, failure to accept suitable employment or terminating employment or reducing earnings.

The Department shall establish, by rule, a pre-sanction process to assist in resolving disputes over proposed sanctions and in determining if good cause exists. Good cause shall include, but not be limited to:

   (1) temporary illness for its duration;
   (2) court required appearance or temporary incarceration;

   (11) lack of any support service even though the necessary service is not specifically provided under the Department program, to the extent the lack of the needed service presents a significant barrier to participation;
   (12) if an individual is engaged in employment or training or both that is consistent with the employment related goals of the program, if such employment and training is later approved by Department staff;
   (13) (blank);
   (14) failure of Department staff to correctly forward the information to other Department staff;
   (15) failure of the participant to cooperate because of attendance at a test or a mandatory class or function at an educational program (including college), when an education or training program is officially approved by the Department;
   (16) failure of the participant due to his or her illiteracy;
   (17) failure of the participant because it is determined that he or she should be in a different activity;
   (18) non-receipt by the participant of a notice advising him or her of a participation requirement. If the non-receipt of mail

(19) (blank);

(20) non-comprehension of English, either written or oral or both;

(21) (blank);

(22) (blank);

(23) child care (or day care for an incapacitated individual living in the same home as a dependent child) is necessary for the participation or employment and such care is not available for a child under age 13;

(25) if an individual or family is experiencing homelessness; an individual or family is experiencing homelessness if the individual or family: (i) lacks a fixed, regular, and adequate nighttime residence, or shares the housing of other persons due to the loss of housing, economic hardship, or a similar reason; (ii) is living in a motel, hotel, trailer park, or camping ground due to the lack of alternative accommodations; (iii) is living in an emergency or transitional shelter; (iv) resides in a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; or (v) is living in a car, park, public space, abandoned building, substandard housing, bus, train station, or similar settings; the individual is homeless. Homeless individuals (including the family) have no current residence and no expectation of acquiring one in the next 30 days. This includes individuals residing in overnight and transitional (temporary) shelters. This does not include individuals who are sharing a residence with friends or relatives on a continuing basis;

(26) circumstances beyond the control of the participant which prevent the participant from completing program requirements; or

(c) (1) The Department shall establish a reconciliation procedure to assist in resolving disputes related to any aspect of participation, including exemptions, good cause, sanctions or proposed sanctions, supportive services, assessments, responsibility and service plans, assignment to activities, suitability of employment, or refusals of offers of employment. Through the reconciliation process the Department shall have a mechanism to identify good cause, ensure that the client is aware of the issue, and enable the client to perform required activities without facing sanction.
(2) A participant may request reconciliation and receive notice in writing of a meeting. At least one face-to-face meeting may be scheduled to resolve misunderstandings or disagreements related to program participation and situations which may lead to a potential sanction. The meeting will address the underlying reason for the dispute and plan a resolution to enable the individual to participate in TANF employment and work activity requirements.
(2.5) If the individual fails to appear at the reconciliation meeting without good cause, the reconciliation is unsuccessful and a sanction shall be imposed.
(3) The reconciliation process shall continue after it is determined that the individual did not have good cause for non-cooperation. Any necessary demonstration of cooperation on the part of the participant will be part of the reconciliation process. Failure to demonstrate cooperation will result in immediate sanction.
(4) For the first instance of non-cooperation, if the client reaches agreement to cooperate, the client shall be allowed 30 days to demonstrate cooperation before any sanction activity may be imposed. In any subsequent instances of non-cooperation, the client shall be provided the opportunity to show good cause or
remedy the situation by immediately complying with the requirement.

(5) The Department shall document in the case record the proceedings of the reconciliation and provide the client in writing with a reconciliation agreement.

(6) If reconciliation resolves the dispute, no sanction shall be imposed. If the client fails to comply with the reconciliation agreement, the Department shall then immediately impose the original sanction. If the dispute cannot be resolved during reconciliation, a sanction shall not be imposed until the reconciliation process is complete.

(305 ILCS 5/12-4.11) (from Ch. 23, par. 12-4.11)

Sec. 12-4.11. Grant amounts. The Department, with due regard for and subject to budgetary limitations, shall establish grant amounts for each of the programs, by regulation. The grant amounts may vary by program, size of assistance unit and geographic area. Grant amounts under the Temporary Assistance for Needy Families (TANF) program may not vary on the basis of a TANF recipient's county of residence.

Aid payments shall not be reduced except: (1) for changes in the cost of items included in the grant amounts, or (2) for changes in the expenses of the recipient, or (3) for changes in the income or resources available to the recipient, or (4) for changes in grants resulting from adoption of a consolidated grant amount.

The maximum benefit levels provided to TANF recipients shall increase as follows: beginning October 1, 2018, the Department of Human Services shall increase TANF grant amounts in effect on September 30, 2018 to at least 30% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for each family size. allowable amount of not less than $1,000 for Department payment of funeral services and not less than $500 for Department payment of burial or cremation services. On January 1, 2006, July 1, 2006, and July 1, 2007, the Department shall increase the minimum reimbursement amount for funeral and burial expenses under this Section by a percentage equal to the percentage increase in the Consumer Price Index for All Urban Consumers, if any, during the 12 months immediately preceding that January 1 or July 1. In establishing the minimum allowable amount, the Department shall take into account the services essential to a dignified, low-cost (i) funeral and (ii) burial or cremation, including reasonable amounts that may be necessary for burial space and cemetery charges, and any applicable taxes or other required governmental fees or charges. If no person has agreed to pay the total cost of the (i) funeral and (ii) burial or cremation charges, the Department shall pay the vendor the actual costs of the (i) funeral and (ii) burial or cremation, or the minimum allowable amount for each service as established by the Department, whichever is less, provided that the Department reduces its payments by the amount available from the following sources: the decedent's assets and available resources and the anticipated amounts of any death benefits available to the decedent's estate, and amounts paid and arranged to be paid by the decedent's legally responsible relatives. A legally responsible relative is expected to pay (i) funeral and (ii) burial or cremation expenses unless financially unable to do so.

Nothing contained in this Section or in any other Section of this Code shall be construed to prohibit the Illinois Department (1) from consolidating existing standards on the basis of any standards which are or were in effect on, or subsequent to July 1, 1969, or (2) from employing any consolidated standards in determining need for public aid and the amount of money payment or grant for individual recipients or recipient families. AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Township Code is amended by changing Section
60-5 as follows:

(60 ILCS 1/60-5)
Sec. 60-5. Filling vacancies in township offices.
(a) Except for the office of township or multi-township assessor, if
a township fails to elect the number of township officers that the township
is entitled to by law, or a person elected to any township office fails to
qualify, or a vacancy in any township office occurs for any other reason
including without limitation the resignation of an officer or the conviction
in any court of the State of Illinois or of the United States of an officer for
an infamous crime, then the township board shall fill the vacancy by
appointment, by warrant under their signatures and seals, and the persons
so appointed shall hold their respective offices for the remainder of the
unexpired terms. All persons so appointed shall have the same powers and
duties and are subject to the same penalties as if they had been elected or
appointed for a full term of office. A vacancy in the office of township or
multi-township assessor shall be filled only as provided in the Property
Tax Code.

For purposes of this subsection (a), a conviction for an offense that
disqualifies an officer from holding that office occurs on the date of (i) the
entry of a plea of guilty in court, (ii) the return of a guilty verdict, or (iii) in
the case of a trial by the court, the entry of a finding of guilt.

(b) If a vacancy on the township board is not filled within 60 days,
then a special township meeting must be called under Section 35-5 to
select a replacement under Section 35-35.

(b-5) If the vacancy being filled under subsection (a) or (b) is for
the township supervisor, a trustee shall be appointed as deputy supervisor
to perform the ministerial functions of that office until the vacancy is filled
under subsections (a) or (b). Once the vacancy is filled under subsections
(a) or (b), the deputy supervisor's appointment is terminated.

(c) Except as otherwise provided in this Section, whenever any township or multi-township office becomes vacant or temporarily vacant due to a physical incapacity of a township officer, the township or multi-township board may temporarily appoint a deputy to perform the ministerial functions of the vacant office until the vacancy has been filled as provided in subsection (a) or (b). If the office is temporarily vacant, the temporarily appointed deputy may perform the ministerial functions of the vacant office until the physically incapacitated township officer submits a written statement to the appropriate board that he or she is physically able to resume perform his or her duties. The statement shall be sworn to before an officer authorized to administer oaths in this State. A temporary deputy shall not be permitted to vote at any meeting of the township board on any matter properly before the board unless the appointed deputy is a trustee of the board at the time of the vote. If the appointed deputy is a trustee appointed as a temporary deputy, his or her trustee compensation shall be suspended until he or she concludes his or her appointment as an appointed deputy upon the permanent appointment to fill the vacancy. The compensation of a temporary deputy shall be determined by the appropriate board. The township board shall not appoint a deputy clerk if the township clerk has appointed a deputy clerk under Section 75-45.

(d) Except for the temporary appointment of a deputy under subsection (c), any person appointed to fill a vacancy under this Section shall be a member of the same political party as the person vacating the office if the person vacating the office was elected as a member of an established political party, under Section 10-2 of the Election Code, that is still in existence at the time of appointment. The appointee shall establish his or her political party affiliation by his or her record of voting in party primary elections or by holding or having held an office in a political party organization before appointment. If the appointee has not voted in a party primary election or is not holding or has not held an office in a political party organization before the appointment, then the appointee shall establish his or her political party affiliation by his or her record of participating in a political party's nomination or election caucus.

The court shall allow a victim to make an oral statement if the victim is present in the courtroom and requests to make an oral or written statement. An oral or written statement includes the victim or a representative of the victim reading the written statement. The court may allow persons impacted by the crime who are not victims under subsection (a) of Section 3 of the Rights of Crime Victims and Witnesses Act to present an oral or written statement. or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(b-1) In imposing a sentence of imprisonment or periodic imprisonment for a Class 3 or Class 4 felony for which a sentence of probation or conditional discharge is an available sentence, if the defendant has no prior sentence of probation or conditional discharge and no prior conviction for a violent crime, the defendant shall not be sentenced to imprisonment before review and consideration of a presentence report and determination and explanation of why the particular evidence, information, factor in aggravation, factual finding, or other reasons support a sentencing determination that one or more of the factors under subsection (a) of Section 5-6-1 of this Code apply and that probation or conditional discharge is not an appropriate sentence.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

New matter indicated by italics - deletions by strikeout
The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(4) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her sentence credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional earned sentence credit. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day sentence credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, and when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this
sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of sentence credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is not entitled to sentence credit. Therefore, this defendant will serve 100% of his or her sentence."

When the sentencing order recommends placement in a substance abuse program for any offense that results in incarceration in a Department of Corrections facility and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no earned sentence credit under clause (3) of subsection (a) of Section 3-6-3 until he or she participates in and completes a substance abuse treatment program or receives a waiver from the Director of Corrections pursuant to clause (4.5) of subsection (a) of Section 3-6-3."

(c-4) Before the sentencing hearing and as part of the presentence investigation under Section 5-3-1, the court shall inquire of the defendant whether the defendant is currently serving in or is a veteran of the Armed Forces of the United States. If the defendant is currently serving in the Armed Forces of the United States or is a veteran of the Armed Forces of the United States and has been diagnosed as having a mental illness by a qualified psychiatrist or clinical psychologist or physician, the court may:

(1) order that the officer preparing the presentence report consult with the United States Department of Veterans Affairs, Illinois Department of Veterans' Affairs, or another agency or person with suitable knowledge or experience for the purpose of providing the court with information regarding treatment options available to the defendant, including federal, State, and local programming; and

For the purposes of this subsection (c-4), "qualified psychiatrist" means a reputable physician licensed in Illinois to practice medicine in all its branches, who has specialized in the diagnosis and treatment of mental and nervous disorders for a period of not less than 5 years.

(c-6) In imposing a sentence, the trial judge shall specify, on the record, the particular evidence and other reasons which led to his or her determination that a motor vehicle was used in the commission of the offense.

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in
conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

(1) the sentence imposed;
(2) any statement by the court of the basis for imposing the sentence;
(3) any presentence reports;
(3.5) any sex offender evaluations;
(3.6) any substance abuse treatment eligibility screening and assessment of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois courts;
(4) the number of days, if any, which the defendant has been in custody and for which he is entitled to credit against the sentence, which information shall be provided to the clerk by the sheriff;
(4.1) any finding of great bodily harm made by the court with respect to an offense enumerated in subsection (c-1);
(5) all statements filed under subsection (d) of this Section;
(6) any medical or mental health records or summaries of the defendant;
(7) the municipality where the arrest of the offender or the commission of the offense has occurred, where such municipality has a population of more than 25,000 persons;
(8) all statements made and evidence offered under paragraph (7) of subsection (a) of this Section; and
(9) all additional matters which the court directs the clerk to transmit.

(f) In cases in which the court finds that a motor vehicle was used in the commission of the offense for which the defendant is being sentenced, the clerk of the court shall, within 5 days thereafter, forward a report of such conviction to the Secretary of State.

(a) Any natural person who is a resident of the State of Illinois may file an application for an identification card, or for the renewal thereof, in a manner prescribed by the Secretary. Each original application shall be completed by the applicant in full and shall set forth the legal name, residence address and zip code, social security number, birth date, sex and a brief description of the applicant. The Illinois Department of Veterans' Affairs shall advise the Secretary as to what other forms of proof of a person's status as a veteran are acceptable.

The Illinois Department of Veterans' Affairs shall confirm the status of the applicant as an honorably discharged veteran before the Secretary may issue the identification card.

For each applicant who is issued an identification card with a veteran designation, the Secretary shall provide the Department of Veterans' Affairs with the applicant's name, address, date of birth, gender, and such other demographic information as agreed to by the Secretary and the Department. The Department may take steps necessary to confirm the applicant is a veteran.
