Section 10. The General Obligation Bond Act is amended by changing Sections 2, 2.5, 3, 4, 5, 6, 7.6, 9, 11, 12, 15, and 19 as follows:

(30 ILCS 330/2) (from Ch. 127, par. 652)

Sec. 2. Authorization for Bonds. The State of Illinois is authorized to issue, sell and provide for the retirement of General Obligation Bonds of the State of Illinois for the categories and specific purposes expressed in Sections 2 through 8 of this Act, in the total amount of $78,256,839,969.

The bonds authorized in this Section 2 and in Section 16 of this Act are herein called "Bonds".

Of the total amount of Bonds authorized in this Act, up to $2,200,000,000 in aggregate original principal amount may be issued and sold in accordance with the Baccalaureate Savings Act in the form of General Obligation College Savings Bonds.
Of the total amount of Bonds authorized in this Act, up to $300,000,000 in aggregate original principal amount may be issued and sold in accordance with the Retirement Savings Act in the form of General Obligation Retirement Savings Bonds.

Of the total amount of Bonds authorized in this Act, the additional $10,000,000,000 authorized by Public Act 93-2, the $3,466,000,000 authorized by Public Act 96-43, and the $4,096,348,300 authorized by Public Act 96-1497 shall be used solely as provided in Section 7.2.

Of the total amount of Bonds authorized in this Act, the additional $6,000,000,000 authorized by Public Act 100-23 this amendatory Act of the 100th General Assembly shall be used solely as provided in Section 7.6 and shall be issued by December 31, 2017.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the long-term capital needs of the State. This Act will permit the issuance of a multi-purpose General Obligation Bond with uniform terms and features. This will not only lower the cost of registration but also reduce the overall cost of issuing debt by improving the marketability of Illinois General Obligation Bonds.

Sec. 2.5. Limitation on issuance of Bonds.

(a) Except as provided in subsection (b), no Bonds may be issued if, after the issuance, in the next State fiscal year after the issuance of the Bonds, the amount of debt service (including principal, whether payable at maturity or pursuant to mandatory sinking fund installments, and interest) on all then-outstanding Bonds, other than (i) Bonds authorized by Public Act 100-23, (ii) Bonds issued by Public Act 96-43, (iii) Bonds authorized by Public Act 96-1497, and (iv) Bonds authorized by Public Act 100-587 this amendatory Act of the 100th General Assembly, would exceed 7% of the aggregate appropriations from the general funds, the State Construction Account Fund, (which consist of the General Revenue Fund, the Common School Fund, the General Revenue Common School Special Account Fund, and the Education Assistance Fund) and the Road Fund for the fiscal year immediately prior to the fiscal year of the issuance. For the

(b) If the Comptroller and Treasurer each consent in writing, Bonds may be issued even if the issuance does not comply with subsection (a). In addition, $2,000,000,000 in Bonds for the purposes set forth in Sections 3, 4, 5, 6, and 7, and $2,000,000,000 in Refunding Bonds under Section 16, may be issued during State fiscal year 2017 without complying with subsection (a). (a) Except as otherwise provided in this subsection, subsection (h), and subsection (i), Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not
exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds, other than Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology, (i) except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, 2011, 2017, 2018, or 2019 must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years. Notwithstanding any provision of this Act to the contrary, Income Tax Proceed Bonds issued under Section 7.6 shall be payable 12 years from the date of sale and shall be issued with payment of principal or mandatory redemption.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarshaled (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarshelable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarsheling of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree

New matter indicated by italics - deletions by strikeout
to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed

by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years. Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

The written report submitted to the Comptroller shall (i) be published on the Comptroller's Internet website and (ii) be used by the Governor's Office of Management and Budget for the purposes of scoring such a request for quotation. All Bonds authorized under this Act shall be issued pursuant to a master trust indenture ("Master Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, such Master Indenture to be in substantially the form approved in the Bond Sale Order authorizing the issuance and sale of the initial series of Bonds issued under this Act. Such initial series of Bonds may, and each subsequent series of Bonds shall, also be issued pursuant to a supplemental trust indenture ("Supplemental Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, each such Supplemental Indenture to be in substantially the form approved in the Bond Sale Order relating to such series. The Master Indenture and any Supplemental Indenture shall be entered into with a bank or trust company in the State of Illinois having trust powers and possessing capital and surplus of not less

than $100,000,000. Such indentures shall set forth the terms and conditions of the Bonds and provide for payment of and security for the Bonds, including the establishment and maintenance of debt service and reserve funds, and for other protections for holders of the Bonds. The term "reserve funds" as used in this Act shall include funds and accounts established under indentures to provide for the payment of principal of and premium and interest on Bonds, to provide for the purchase, retirement or defeasance of Bonds, to provide for fees of trustees, registrars, paying agents and other fiduciaries and to provide for payment of costs of and debt service payable in respect of credit or liquidity enhancement arrangements, interest rate swaps or guarantees or financial futures contracts and indexing and remarketing agents' services.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarshaled (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Bonds of such series to be remarketable from time to time at a price equal to their principal amount (or compound accreted value in the case of original issue discount Bonds), and may provide for appointment of indexing agents and a bank, trust company, investment bank or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities or different call or amortization provisions will apply during such times as Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of Section 6 of this Act.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree

to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) certifies that he reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate which the Bonds would bear in the absence of such arrangements. Any bonds, notes or other evidences of indebtedness issued pursuant to any such arrangements for the purpose of retiring and discharging outstanding Bonds shall constitute refunding Bonds under Section 15 of this Act. The State may participate in and enter into arrangements with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk; provided that such arrangements shall be made with or executed through banks having capital and surplus of not less than $100,000,000 or insurance companies holding the highest policyholder rating accorded insurers by A.M. Best & Co. or any comparable rating service or government bond dealers reporting to, trading with, and recognized as primary dealers by a Federal Reserve Bank and having capital and surplus of not less than $100,000,000, or other persons whose debt securities are rated in the highest long-term categories by both Moody's Investors' Services, Inc. and Standard & Poor's Corporation. Agreements incorporating any of the foregoing arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State in substantially the form approved in the Bond Sale Order relating to such Bonds.

(c) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the validity of any previously issued Bonds; and further provided that refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, 2011, 2017, 2018, or 2019 shall not be subject to the requirements in the preceding 2 sentences.

If any Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget may, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services, and shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of the change; provided, however, that all other conditions of the sale shall continue as originally advertised. Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 9 of this Act. The Governor or the Director of the Governor's Office of Management and Budget is hereby authorized and directed to execute and deliver contracts of sale with underwriters and to execute and deliver such certificates, indentures, agreements and documents, including any supplements or amendments thereto, and to take such actions and do such things as shall be necessary or desirable to carry out the purposes of this Act. Any action authorized or permitted to be taken by the Director of the Governor's Office of Management and Budget pursuant to this Act is hereby authorized to be taken by any person specifically designated by the Governor to take such action in a certificate signed by the Governor and filed with the Secretary of State.

PUBLIC ACT 101-0031
(Senate Bill No. 0690)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Article 5. Leveling the Playing Field for Illinois Retail Act

Section 5-1. Short title. This Article may be cited as the Leveling the Playing Field for Illinois Retail Act. References in this Article to "this Act" means this Article.

Section 5-5. Findings. The General Assembly finds that certified service providers and certified automated systems simplify use and occupation tax compliance for out-of-state sellers, which fosters higher levels of accurate tax collection and remittance and generates administrative savings and new marginal tax revenue for both State and local taxing jurisdictions. By making the services of certified service providers and certified automated systems available to remote retailers without charge as provided in this Act, the State will substantially eliminate the burden on those remote retailers to collect and remit both State and local taxing jurisdiction use and occupation taxes. While providing a means for remote retailers to collect and remit tax on an even basis with Illinois retailers, this Act also protects existing local tax revenue

streams by retaining origin sourcing for all transactions by retailers maintaining a physical presence in Illinois.

Section 5-10. Definitions. As used in this Act:
"Certified service provider" means an agent certified by the Department to perform the remote retailer's use and occupation tax functions, as outlined in the contract between the State and the certified service provider.
"Certified automated system" means an automated software system that is certified by the State as meeting all performance and tax calculation standards required by Department rules.
"Department" means the Department of Revenue.
"Remote retailer" means a retailer as defined in Section 1 of the Retailers' Occupation Tax Act that has an obligation to collect State and local retailers' occupation tax under subsection (b) of Section 2 of the Retailers' Occupation Tax Act.
"Retailers' occupation tax" means the tax levied under the Retailers' Occupation Tax Act and all applicable local retailers' occupation taxes collected by the Department in conjunction with the State retailers' occupation tax.

Section 5-15. Certification of certified service providers. The Department shall, no later than December 31, 2019, establish standards for the certification of certified service providers and certified automated systems and may act jointly with other states to accomplish these ends.

The Department may take other actions reasonably required to implement the provisions of this Act, including the adoption of rules and emergency rules and the procurement of goods and services, which also may be coordinated jointly with other states.

Section 5-20. Provision of databases. The Department shall, no later than July 1, 2020:

(1) provide and maintain an electronic, downloadable database of defined product categories that identifies the taxability of each category;
(2) provide and maintain an electronic, downloadable database of all retailers' occupation tax rates for the jurisdictions in this State that levy a retailers' occupation tax; and
(3) provide and maintain an electronic, downloadable database that assigns delivery addresses in this State to the applicable taxing jurisdictions.

Section 5-25. Certification. The Department shall, no later than July 1, 2020:

(1) provide uniform minimum standards that companies wishing to be designated as a certified service provider in this State must meet; those minimum standards must include an expedited certification process for companies that have been certified in at least 5 other states;

(2) provide uniform minimum standards that certified automated systems must meet; those minimum standards may include an expedited certification process for automated systems that have been certified in at least 5 other states;

(3) establish a certification process to review the systems of companies wishing to be designated as a certified service provider in this State or of companies wishing to use a certified automated process; this certification process shall provide that companies that meet all required standards and whose systems have been tested and approved by the Department for properly determining the taxability of items to be sold, the correct tax rate to apply to a transaction, and the appropriate jurisdictions to which the tax shall be remitted, shall be certified;

(4) enter into a contractual relationship with each company that qualifies as a certified service provider or that will be using a certified automated system; those contracts shall, at a minimum, provide:

(A) the responsibilities of the certified service provider and the remote retailers that contract with the certified service provider or the user of a certified automated system related to liability for proper collection and remittance of use and occupation taxes;

(B) the responsibilities of the certified service provider and the remote retailers that contract with the certified service provider or the user of a certified service provider related to record keeping and auditing;

(C) for the protection and confidentiality of tax information; and

(D) compensation equal to 1.75% of the tax dollars collected and remitted to the State by a certified service provider on a timely basis on behalf of remote retailers; remote retailers using a certified service provider may not

claim the vendor's discount allowed under the Retailers' Occupation Tax Act or the Service Occupation Tax Act.

The provisions of this Section shall supersede the provisions of the Illinois Procurement Code.

Section 5-30. Relief from liability. Beginning January 1, 2020, remote retailers using certified service providers or certified automated systems and their certified service providers or certified automated systems providers are relieved from liability to the State for having charged and collected the incorrect amount of use or occupation tax resulting from a certified service provider or certified automated system relying, at the time of the sale, on: (1) erroneous data provided by the State in database files on tax rates, boundaries, or taxing jurisdictions; or (2) erroneous data provided by the State concerning the taxability of products and services.

The Department shall, to the best of its ability, assign addresses to the proper local taxing jurisdiction using a 9-digit zip code identifier. On an annual basis, the Department shall make available to local taxing jurisdictions the taxing jurisdiction boundaries determined by the Department for their verification. If a jurisdiction fails to verify their taxing jurisdiction boundaries to the Department in any given year, the Department shall assign retailers' occupation tax revenue from remote retail sales based on its best information. In that case, tax revenues from remote retail sales remitted to a taxing jurisdiction based on erroneous local tax boundary information will be assigned to the correct taxing jurisdiction on a prospective basis upon notice of the boundary error from a local taxing jurisdiction. No certified service provider or remote retailer using a certified automated system shall be subject to a class action brought on behalf of customers and arising from, or in any way related to, an overpayment of retailers' occupation tax collected by the certified service provider if, at the time of the sale, they relied on information provided by the Department, regardless of whether that claim is characterized as a tax refund claim. Nothing in this Section affects a customer's right to seek a refund from the remote retailer as provided in this Act.

Section 5-97. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 10-5. Definitions.

"Booking intermediary" means any person or entity that facilitates the processing and fulfillment of reservation transactions between an operator and a person or entity desiring parking in a parking lot or garage of that operator.

"Charge or fee paid for parking" means the gross amount of consideration for the use or privilege of parking a motor vehicle in or upon any parking lot or garage in the State, collected by an operator and valued in money, whether received in money or otherwise, including cash, credits, property, and services, determined without any deduction for costs or expenses, but not including charges that are added to the charge or fee on account of the tax imposed by this Act or on account of any other tax imposed on the charge or fee. "Charge or fee paid for parking" excludes separately stated charges not for the use or privilege or parking and excludes amounts retained by or paid to a booking intermediary for services provided by the booking intermediary. If any separately stated charge is not optional, it shall be presumed that it is part of the charge for the use or privilege or parking.

"Department" means the Department of Revenue.

"Operator" means any person who engages in the business of operating a parking area or garage, or who, directly or through an agreement or arrangement with another party, collects the consideration for parking or storage of motor vehicles, recreational vehicles, or other self-propelled vehicles, at that parking place. This includes, but is not limited to, any facilitator or aggregator that collects from the purchaser the charge or fee paid for parking. "Operator" does not include a bank, credit card company, payment processor, booking intermediary, or person whose involvement is limited to performing functions that are similar to those performed by a bank, credit card company, payment processor, or booking intermediary.

"Parking area or garage" means any real estate, building, structure, premises, enclosure or other place, whether enclosed or not, except a public way, within the State, where motor vehicles, recreational vehicles, or other self-propelled vehicles, are stored, housed or parked for hire, charge, fee or other valuable consideration in a condition ready for use, or where rent or compensation is paid to the owner, manager, operator or lessee of the premises for the housing, storing, sheltering, keeping or maintaining motor vehicles, recreational vehicles, or other self-propelled vehicles. "Parking area or garage" includes any parking area or garage,
whether the vehicle is parked by the owner of the vehicle or by the
operator or an attendant.

"Person" means any natural individual, firm, trust, estate,
partnership, association, joint stock company, joint venture, corporation,
limited liability company, or a receiver, trustee, guardian, or other
representative appointed by order of any court.

"Purchase price" means the consideration paid for the purchase of a
parking space in a parking area or garage, valued in money, whether
received in money or otherwise, including cash, gift cards, credits, and
property, and shall be determined without any deduction on account of the
cost of materials used, labor or service costs, or any other expense
whatsoever.

"Purchase price" includes any and all charges that the recipient
pays related to or incidental to obtaining the use or privilege of using a
parking space in a parking area or garage, including but not limited to any
and all related markups, service fees, convenience fees, facilitation fees,
cancellation fees, overtime fees, or other such charges, regardless of
terminology. However, "purchase price" shall not include consideration
paid for:

(1) optional, separately stated charges not for the use or
privilege of using a parking space in the parking area or garage;
(2) any charge for a dishonored check;
(3) any finance or credit charge, penalty or charge for
delayed payment, or discount for prompt payment;
(4) any purchase by a purchaser if the operator is prohibited
by federal or State Constitution, treaty, convention, statute or court
decision from collecting the tax from such purchaser;
(5) the isolated or occasional sale of parking spaces subject
to tax under this Act by a person who does not hold himself out as
being engaged (or who does not habitually engage) in selling of
parking spaces; and
(6) any amounts added to a purchaser's bills because of
charges made pursuant to the tax imposed by this Act. If credit is
extended, then the amount thereof shall be included only as and
when payments are made.

"Purchaser" means any person who acquires a parking space in a
parking area or garage for use for valuable consideration.
"Use" means the exercise by any person of any right or power over, or the enjoyment of, a parking space in a parking area or garage subject to tax under this Act.

Section 10-10. Imposition of tax; calculation of tax.

(a) Beginning on January 1, 2020, a tax is imposed on the privilege of using in this State a parking space in a parking area or garage for the use of parking one or more motor vehicles, recreational vehicles, or other self-propelled vehicles, at the rate of:

(1) 6% of the purchase price for a parking space paid for on an hourly, daily, or weekly basis; and

(2) 9% of the purchase price for a parking space paid for on a monthly or annual basis.

(b) The tax shall be collected from the purchaser by the operator.

(c) An operator that has paid or remitted the tax imposed by this Act to another operator in connection with the same parking transaction, or the use of the same parking space, that is subject to tax under this Act, shall be entitled to a credit for such tax paid or remitted against the amount of tax owed under this Act, provided that the other operator is registered under this Act. The operator claiming the credit shall have the burden of proving it is entitled to claim a credit.

(d) If any operator erroneously collects tax or collects more from the purchaser than the purchaser's liability for the transaction, the purchaser shall have a legal right to claim a refund of such amount from the operator. However, if such amount is not refunded to the purchaser for any reason, the operator is liable to pay such amount to the Department.

(e) The tax imposed by this Section is not imposed with respect to any transaction in interstate commerce, to the extent that the transaction may not, under the Constitution and statutes of the United States, be made the subject of taxation by this State.

Section 10-15. Filing of returns and deposit of proceeds. On or before the last day of each calendar month, every operator engaged in the business of providing to purchasers parking areas and garages in this State during the preceding calendar month shall file a return with the Department, stating:

(1) the name of the operator;

(2) the address of its principal place of business and the address of the principal place of business from which it provides parking areas and garages in this State;

New matter indicated by italics - deletions by strikeout
(3) the total amount of receipts received by the operator during the preceding calendar month or quarter, as the case may be, from sales of parking spaces to purchasers in parking areas or garages during the preceding calendar month or quarter;
   (4) deductions allowed by law;
   (5) the total amount of receipts received by the operator during the preceding calendar month or quarter upon which the tax was computed;
   (6) the amount of tax due; and
   (7) such other reasonable information as the Department may require.

If an operator ceases to engage in the kind of business that makes it responsible for filing returns under this Act, then that operator shall file a final return under this Act with the Department on or before the last day of the month after discontinuing such business.

All returns required to be filed and payments required to be made under this Act shall be by electronic means. Taxpayers who demonstrate hardship in filing or paying electronically may petition the Department to waive the electronic filing or payment requirement, or both. The Department may require a separate return for the tax under this Act or combine the return for the tax under this Act with the return for other taxes.

If the same person has more than one business registered with the Department under separate registrations under this Act, that person shall not file each return that is due as a single return covering all such registered businesses but shall file separate returns for each such registered business.

If the operator is a corporation, the return filed on behalf of that corporation shall be signed by the president, vice-president, secretary, or treasurer, or by a properly accredited agent of such corporation.

The operator filing the return under this Act shall, at the time of filing the return, pay to the Department the amount of tax imposed by this Act less a discount of 1.75%, not to exceed $1,000 per month, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, as shown on an original return, the Department may authorize the taxpayer to credit such excess payment against liability

New matter indicated by italics - deletions by strikeout
subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

Section 10-20. Exemptions. The tax imposed by this Act shall not apply to:

(1) parking in a parking area or garage operated by the federal government or its instrumentalities that has been issued an active tax exemption number by the Department under Section 1g of the Retailers' Occupation Tax Act; for this exemption to apply, the parking area or garage must be operated by the federal government or its instrumentalities; the exemption under this paragraph (1) does not apply if the parking area or garage is operated by a third party, whether under a lease or other contractual arrangement, or any other manner whatsoever;

(2) residential off-street parking for home or apartment tenants or condominium occupants, if the arrangement for such parking is provided in the home or apartment lease or in a separate writing between the landlord and tenant, or in a condominium agreement between the condominium association and the owner, occupant, or guest of a unit, whether the parking charge is payable to the landlord, condominium association, or to the operator of the parking spaces;

(3) parking by hospital employees in a parking space that is owned and operated by the hospital for which they work; and

(4) parking in a parking area or garage where 3 or fewer motor vehicles are stored, housed, or parked for hire, charge, fee or other valuable consideration, if the operator of the parking area or garage does not act as the operator of more than a total of 3 parking spaces located in the State; if any operator of parking areas or garages, including any facilitator or aggregator, acts as an operator of more than 3 parking spaces in total that are located in the State, then this exemption shall not apply to any of those spaces.

Section 10-25. Collection of tax.
(a) Beginning with bills issued or charges collected for a purchase of a parking space in a parking area or garage on and after January 1, 2020,
the tax imposed by this Act shall be collected from the purchaser by the
operator at the rate stated in Section 10-10 and shall be remitted to the
Department as provided in this Act. All charges for parking spaces in a
parking area or garage are presumed subject to tax collection. Operators
shall collect the tax from purchasers by adding the tax to the amount of the
purchase price received from the purchaser. The tax imposed by the Act
shall when collected be stated as a distinct item separate and apart from
the purchase price of the service subject to tax under this Act. However,
where it is not possible to state the tax separately the Department may by
rule exempt such purchases from this requirement so long as purchasers
are notified by language on the invoice or notified by a sign that the tax is
included in the purchase price.

(b) Any person purchasing a parking space in a parking area or
garage subject to tax under this Act as to which there has been no charge
made to him of the tax imposed by Section 10-10, shall make payment of
the tax imposed by Section 10-10 of this Act in the form and manner
provided by the Department, such payment to be made to the Department
in the manner and form required by the Department not later than the 20th
day of the month following the month of purchase of the parking space.

Section 10-30. Registration of operators.

(a) A person who engages in business as an operator of a parking
area or garage in this State shall register with the Department. Application
for a certificate of registration shall be made to the Department, by
electronic means, in the form and manner prescribed by the Department
and shall contain any reasonable information the Department may require.
Upon receipt of the application for a certificate of registration in proper
form and manner, the Department shall issue to the applicant a certificate
of registration. Operators who demonstrate that they do not have access to
the Internet or demonstrate hardship in applying electronically may
petition the Department to waive the electronic application requirements.

(b) The Department may refuse to issue or reissue a certificate of
registration to any applicant for the reasons set forth in Section 2505-380
of the Department of Revenue Law of the Civil Administrative Code of
Illinois.

(c) Any person aggrieved by any decision of the Department under
this Section may, within 20 days after notice of such decision, protest and
request a hearing, whereupon the Department shall give notice to such
person of the time and place fixed for such hearing and shall hold a
hearing in conformity with the provisions of this Act and then issue its

New matter indicated by italics - deletions by strikeout
final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

Section 10-35. Revocation of certificate of registration.

(a) The Department may, after notice and a hearing as provided in this Act, revoke the certificate of registration of any operator who violates any of the provisions of this Act or any rule adopted pursuant to this Act. Before revocation of a certificate of registration, the Department shall, within 90 days after non-compliance and at least 7 days prior to the date of the hearing, give the operator so accused notice in writing of the charge against him or her, and on the date designated shall conduct a hearing upon this matter. The lapse of such 90-day period shall not preclude the Department from conducting revocation proceedings at a later date if necessary. Any hearing held under this Section shall be conducted by the Director or by any officer or employee of the Department designated in writing by the Director.

(b) The Department may revoke a certificate of registration for the reasons set forth in Section 2505-380 of the Department of Revenue Law of the Civil Administrative Code of Illinois.

(c) Upon the hearing of any such proceeding, the Director or any officer or employee of the Department designated in writing by the Director may administer oaths, and the Department may procure by its subpoena the attendance of witnesses and, by its subpoena duces tecum, the production of relevant books and papers. Any circuit court, upon application either of the operator or of the Department, may, by order duly entered, require the attendance of witnesses and the production of relevant books and papers before the Department in any hearing relating to the revocation of certificates of registration. Upon refusal or neglect to obey the order of the court, the court may compel obedience thereof by proceedings for contempt.

(d) The Department may, by application to any circuit court, obtain an injunction requiring any person who engages in business as an operator under this Act to obtain a certificate of registration. Upon refusal or neglect to obey the order of the court, the court may compel obedience by proceedings for contempt.

Section 10-55. Deposit of proceeds from parking excise tax. The moneys received by the Department from the tax imposed by this Act shall be deposited into the Capital Projects Fund.

Article 15. Amendatory Provisions

Section 15-5. The Illinois Administrative Procedure Act is amended by changing Section 5-45 as follows:

(5 ILCS 100/5-45) (from Ch. 127, par. 1005-45)

Sec. 5-45. Emergency rulemaking.

(a) "Emergency" means the existence of any situation that any agency finds reasonably constitutes a threat to the public interest, safety, or welfare.

(b) If any agency finds that an emergency exists that requires adoption of a rule upon fewer days than is required by Section 5-40 and states in writing its reasons for that finding, the agency may adopt an emergency rule without prior notice or hearing upon filing a notice of emergency rulemaking with the Secretary of State under Section 5-70. The notice shall include the text of the emergency rule and shall be published in the Illinois Register. (b) In no event shall a credit under this Section reduce the taxpayer's liability to less than zero. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The tax credit shall be applied to the earliest year for which there is a tax liability. If there are credits for more than one year that are available to offset a liability, the earlier credit shall be applied first.

(c) No credit shall be allowed with respect to any certification for any taxable year ending after the revocation of the certification by the Department of Commerce and Economic Opportunity. Upon receiving notification by the Department of Commerce and Economic Opportunity of the revocation of certification, the Department shall notify the taxpayer that no credit is allowed for any taxable year ending after the revocation date, as stated in such notification. If any credit has been allowed with respect to a certification for a taxable year ending after the revocation date, any refund paid to the taxpayer for that taxable year shall, to the extent of that credit allowed, be an erroneous refund within the meaning of Section 912 of this Act.

Section 15-30. The Use Tax Act is amended by changing Sections 2 and 3-5 as follows:

(35 ILCS 105/2) (from Ch. 120, par. 439.2)
Sec. 2. Definitions.
"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, except that it does not include the sale of such property in any form as tangible personal property in the regular course of business to the extent that such property is not first subjected to a use for which it was purchased, and does not include the use of such property by its owner for demonstration purposes: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the

New matter indicated by italics - deletions by strikeout
extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. "Use" does not mean the demonstration use or interim use of tangible personal property by a retailer before he sells that tangible personal property. For watercraft or aircraft, if the period of demonstration use or interim use by the retailer exceeds 18 months, the retailer shall pay on the retailers' original cost price the tax imposed by this Act, and no credit for that tax is permitted if the watercraft or aircraft is subsequently sold by the retailer. "Use" does not mean the physical incorporation of tangible personal property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, into other tangible personal property (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

"Watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

"Purchase at retail" means the acquisition of the ownership of or title to tangible personal property through a sale at retail.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of tangible personal property for a valuable consideration.

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced by-product of manufacturing. "Sale at retail" includes any such transfer made for resale unless made in compliance with Section 2c of the Retailers' Occupation Tax Act, as incorporated by reference into Section 12 of this Act. Transactions whereby the possession
of the property is transferred but the seller retains the title as security for payment of the selling price are sales.

"Sale at retail" shall also be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property other than as hereinafter provided, and services, but, prior to January 1, 2020, not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold; beginning January 1, 2020, "selling price" includes the portion of the value of or credit given for traded-in motor vehicles of the First Division as defined in Section 1-146 of the Illinois Vehicle Code of like kind and character as that which is being sold that exceeds $10,000. "Selling price" shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's tax liability under the "Retailers' Occupation Tax Act", or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act, or, except as otherwise

provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after January 1, 2015 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by this Act or to pay the tax imposed by the Retailers' Occupation Tax Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local

New matter indicated by italics - deletions by strikeout
retailers' occupation taxes, if applicable) in which the retailer would have reported and paid such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after January 1, 2015 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.
The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a retailer hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is a retailer with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. This paragraph does not apply to nor subject to taxation occasional dinners, social or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not a retailer under this Act with respect to such transactions.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are retailers hereunder when engaged in such business.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail or a sale through a bulk vending machine does not make such person a retailer hereunder. However, any person who is engaged in a business which is not subject to the tax imposed by the "Retailers' Occupation Tax Act" because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is a retailer to the extent of the value of the tangible personal property so transferred. If, in such transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purposes of this Act, is the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property.

"Retailer maintaining a place of business in this State", or any like term, means and includes any of the following retailers:

(1) A retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State. However, the ownership of
property that is located at the premises of a printer with which the retailer has contracted for printing and that consists of the final printed product, property that becomes a part of the final printed product, or copy from which the printed product is produced shall not result in the retailer being deemed to have or maintain an office, distribution house, sales house, warehouse, or other place of business within this State.

(1.1) (Blank). A retailer having a contract with a person located in this State under which the person, for a commission or other consideration based upon the sale of tangible personal property by the retailer, directly or indirectly refers potential customers to the retailer by providing to the potential customers a promotional code or other mechanism that allows the retailer to track purchases referred by such persons. Examples of mechanisms that allow the retailer to track purchases referred by such persons include but are not limited to the use of a link on the person's Internet website, promotional codes distributed through the person's hand-delivered or mailed material, and promotional codes distributed by the person through radio or other broadcast media. The provisions of this paragraph (1.1) shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers who are referred to the retailer by all persons in this State under such contracts exceed $10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December. A retailer meeting the requirements of this paragraph (1.1) shall be presumed to be maintaining a place of business in this State but may rebut this presumption by submitting proof that the referrals or other activities pursued within this State by such persons were not sufficient to meet the nexus standards of the United States Constitution during the preceding 4 quarterly periods.

(1.2) (Blank). Beginning July 1, 2011, a retailer having a contract with a person located in this State under which:

(A) the retailer sells the same or substantially similar line of products as the person located in this State and does so using an identical or substantially similar name, trade name, or trademark as the person located in this State; and

(B) the retailer provides a commission or other consideration to the person located in this State based upon the sale of tangible personal property by the retailer.

The provisions of this paragraph (1.2) shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers in this State under all such contracts exceed $10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December.

(2) (Blank). A retailer soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll-free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting to consumers located in this State:

(3) (Blank). A retailer, pursuant to a contract with a broadcaster or publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located in this State and only secondarily to bordering jurisdictions:

(4) (Blank). A retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities:

(5) (Blank). A retailer that is owned or controlled by the same interests that own or control any retailer engaging in business in the same or similar line of business in this State:

(6) (Blank). A retailer having a franchisee or licensee operating under its trade name if the franchisee or licensee is required to collect the tax under this Section:

(7) (Blank). A retailer, pursuant to a contract with a cable television operator located in this State, soliciting orders for tangible personal property by means of advertising which is transmitted or distributed over a cable television system in this State:

(8) (Blank). A retailer engaging in activities in Illinois, which activities in the state in which the retail business engaging in such activities is located would constitute maintaining a place of business in that state:

(A) the cumulative gross receipts from sales of tangible personal property to purchasers in Illinois are $100,000 or more; or

(B) the retailer enters into 200 or more separate transactions for the sale of tangible personal property to purchasers in Illinois.

The retailer shall determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either subparagraph (A) or (B) of this paragraph (9) for the preceding 12-month period. If the retailer meets the criteria of either subparagraph (A) or (B) for a 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and file returns for one year. At the end of that one-year period, the retailer shall determine whether the retailer met the criteria of either subparagraph (A) or (B) during the preceding 12-month period. If the retailer met the criteria in either subparagraph (A) or (B) for the preceding 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and file returns for the subsequent year. If at the end of a one-year period a retailer that was required to collect and remit the tax imposed under this Act determines that he or she did not meet the criteria in either subparagraph (A) or (B) during the preceding 12-month period, the retailer shall subsequently determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either subparagraph (A) or (B) for the preceding 12-month period.

A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes. If the equipment is leased in a manner that does not qualify for this exemption or is used in any other non-exempt manner, the lessor shall be liable for the tax imposed under this Act or the Service Use Tax Act, as the case may be, based on the fair market value of the property at the time the non-qualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Service Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department.

The Department of Commerce and Economic Opportunity shall grant a certificate of exemption under this item (32) to qualified data centers as defined by Section 605-1025 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Section 15-45. The Retailers' Occupation Tax Act is amended by changing Sections 1, 2, 2-5, 2-12, and 2a as follows:

(35 ILCS 120/1) (from Ch. 120, par. 440)

Sec. 1. Definitions. "Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use or consumption, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced byproduct of manufacturing. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price shall be deemed to be sales.

"Sale at retail" shall be construed to include any transfer of the ownership of or title to tangible personal property to a purchaser, for use or consumption by any other person to whom such purchaser may transfer the tangible personal property without a valuable consideration, and to include any transfer, whether made for or without a valuable consideration, for resale in any form as tangible personal property unless made in compliance with Section 2c of this Act.

Sales of tangible personal property, which property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, goes into and forms a part of tangible personal property subsequently the subject of a "Sale at retail", are not sales at retail as defined in this Act: Provided that the property purchased is deemed to be

New matter indicated by italics - deletions by strikeout
purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing.

"Sale at retail" shall be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is engaged in the business of selling tangible personal property at retail with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. The provisions of this paragraph shall not apply to nor subject to taxation occasional dinners, socials or similar activities of a person organized and operated exclusively
for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not engaged in the business of selling tangible personal property at retail with respect to such transactions.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of or title to tangible personal property for a valuable consideration.

"Reseller of motor fuel" means any person engaged in the business of selling or delivering or transferring title of motor fuel to another person other than for use or consumption. No person shall act as a reseller of motor fuel within this State without first being registered as a reseller pursuant to Section 2c or a retailer pursuant to Section 2a.

"Selling price" or the "amount of sale" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property, other than as hereinafter provided, and services, but, prior to January 1, 2020, not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold; beginning January 1, 2020, "selling price" includes the portion of the value of or credit given for traded-in motor vehicles of the First Division as defined in Section 1-146 of the Illinois Vehicle Code of like kind and character as that which is being sold that exceeds $10,000. "Selling price", and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include charges that are added to prices by sellers on account of the seller's tax liability under this Act, or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by the Use Tax Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are

added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the sellers' duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after January 1, 2015 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by the Use Tax Act or to pay the tax imposed by this Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the
The right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after January 1, 2015 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Gross receipts" from the sales of tangible personal property at retail means the total selling price or the amount of such sales, as hereinbefore defined. In the case of charge and time sales, the amount...
thereof shall be included only as and when payments are received by the seller. Receipts or other consideration derived by a seller from the sale, transfer or assignment of accounts receivable to a wholly owned subsidiary will not be deemed payments prior to the time the purchaser makes payment on such accounts.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail, or a sale through a bulk vending machine, does not constitute engaging in a business of selling such tangible personal property at retail within the meaning of this Act; provided that any person who is engaged in a business which is not subject to the tax imposed by this Act because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate or a construction contract to engineer, install, and maintain an integrated system of products, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate or was not engineered and installed, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is engaged in the business of selling tangible personal property at retail to the extent of the value of the tangible personal property so transferred. If, in such a transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purpose of this Act, shall be the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property. Construction contracts for the improvement of real estate consisting of engineering, installation, and maintenance of voice, data, video, security, and all telecommunication systems do not constitute engaging in a business of selling tangible personal property at retail within the meaning of this Act if they are sold at one specified contract price.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a person engaged in the business of selling tangible personal property at retail hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are engaged in the business of selling such property at retail and shall be liable for and shall pay the tax imposed by this Act on the basis of the retail value of the property transferred upon redemption of such stamps.

The remote retailer shall determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either paragraph (1) or (2) of this subsection for the preceding 12-month period. If the retailer meets the criteria of either paragraph (1) or (2) for a 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and all retailers' occupation tax imposed by local taxing jurisdictions in Illinois, provided such local taxes are administered by the Department, and to file all applicable returns for one year. At the end of that one-year period, the retailer shall determine whether the retailer met the criteria of either paragraph (1) or (2) for the preceding 12-month period. If the retailer met the criteria in either paragraph (1) or (2) for the preceding 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit all applicable State and local retailers' occupation taxes and file returns for the subsequent year. If, at the end of a one-year period, a retailer that was required to collect and remit the tax imposed under this Act determines that he or she did not meet the criteria in either paragraph (1) or (2) during the preceding 12-month period, then the retailer shall subsequently determine on a

(43) Merchandise that is subject to the Rental Purchase Agreement Occupation and Use Tax. The purchaser must certify that the item is purchased to be rented subject to a rental purchase agreement, as defined in the Rental Purchase Agreement Act, and provide proof of registration under the Rental Purchase Agreement Occupation and Use Tax Act. (44) Qualified tangible personal property used in the construction or operation of a data center that has been granted a certificate of exemption by the Department of Commerce and Economic Opportunity, whether that tangible personal property is purchased by the owner, operator, or tenant of the data center or by a contractor or subcontractor of the owner, operator, or tenant. Data centers that would have qualified for a certificate of exemption prior to January 1, 2020 had this amendatory Act of the 101st General Assembly been in effect, may apply for and obtain an exemption for subsequent purchases of computer equipment or enabling software purchased or leased to upgrade, supplement, or replace computer equipment or enabling software purchased or leased in the original investment that would have qualified.

The Department of Commerce and Economic Opportunity shall grant a certificate of exemption under this item (44) to qualified data centers as defined by Section 605-1025 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

For the purposes of this item (44):

Sec. 2-12. Location where retailer is deemed to be engaged in the business of selling. The purpose of this Section is to specify where a retailer is deemed to be engaged in the business of selling tangible personal property for the purposes of this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, and for the

purpose of collecting any other local retailers' occupation tax administered by the Department. This Section applies only with respect to the particular selling activities described in the following paragraphs. The provisions of this Section are not intended to, and shall not be interpreted to, affect where a retailer is deemed to be engaged in the business of selling with respect to any activity that is not specifically described in the following paragraphs.

(1) If a purchaser who is present at the retailer's place of business, having no prior commitment to the retailer, agrees to purchase and makes payment for tangible personal property at the retailer's place of business, then the transaction shall be deemed an over-the-counter sale occurring at the retailer's same place of business where the purchaser was present and made payment for that tangible personal property if the retailer regularly stocks the purchased tangible personal property or similar tangible personal property in the quantity, or similar quantity, for sale at the retailer's same place of business and then either (i) the purchaser takes possession of the tangible personal property at the same place of business or (ii) the retailer delivers or arranges for the tangible personal property to be delivered to the purchaser.

(2) If a purchaser, having no prior commitment to the retailer, agrees to purchase tangible personal property and makes payment over the phone, in writing, or via the Internet and takes possession of the tangible personal property at the retailer's place of business, then the sale shall be deemed to have occurred at the retailer's place of business where the purchaser takes possession of the property if the retailer regularly stocks the item or similar items in the quantity, or similar quantities, purchased by the purchaser.

(3) A retailer is deemed to be engaged in the business of selling food, beverages, or other tangible personal property through a vending machine at the location where the vending machine is located at the time the sale is made if (i) the vending machine is a device operated by coin, currency, credit card, token, coupon or similar device; (2) the food, beverage or other tangible personal property is contained within the vending machine and dispensed from the vending machine; and (3) the purchaser takes possession of the purchased food, beverage or other tangible personal property immediately.

(4) Minerals. A producer of coal or other mineral mined in Illinois is deemed to be engaged in the business of selling at the place where the coal or other mineral mined in Illinois is extracted from the earth. With respect to minerals (i) the term "extracted from the earth" means the location at which the coal or other mineral is extracted from the mouth of the mine, and (ii) a "mineral" includes not only coal, but also oil, sand, stone taken from a quarry, gravel and any other thing commonly regarded as a mineral and extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(5) A retailer selling tangible personal property to a nominal lessee or bailee pursuant to a lease with a dollar or other nominal option to purchase is engaged in the business of selling at the location where the property is first delivered to the lessee or bailee for its intended use.

(6) Beginning on July 1, 2020, for the purposes of determining the correct local retailers' occupation tax rate, retail sales made by a remote retailer that meet or exceed the thresholds established in paragraph (1) or (2) of subsection (b) of Section 2 of this Act shall be deemed to be made at the Illinois location to which the tangible personal property is shipped or delivered or at which possession is taken by the purchaser.

(35 ILCS 120/2a) (from Ch. 120, par. 441a)

Sec. 2a. It is unlawful for any person to engage in the business of selling tangible personal property at retail in this State without a certificate of registration from the Department. Application for a certificate of registration shall be made to the Department upon forms furnished by it. Each such application shall be signed and verified and shall state: (1) the name and social security number of the applicant; (2) the address of his principal place of business; (3) the address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State and the addresses of all other places of business, if any (enumerating such addresses, if any, in a separate list attached to and made a part of the application), from which he engages in the business of selling tangible personal property at retail in this State; (4)

the name and address of the person or persons who will be responsible for filing returns and payment of taxes due under this Act; (5) in the case of a publicly traded corporation, the name and title of the Chief Financial Officer, Chief Operating Officer, and any other officer or employee with responsibility for preparing tax returns under this Act, and, in the case of all other corporations, the name, title, and social security number of each corporate officer; (6) in the case of a limited liability company, the name, social security number, and FEIN number of each manager and member; and (7) such other information as the Department may reasonably require.

The application shall contain an acceptance of responsibility signed by the person or persons who will be responsible for filing returns and payment of the taxes due under this Act. If the applicant will sell tangible personal property at retail through vending machines, his application to register shall indicate the number of vending machines to be so operated. If requested by the Department at any time, that person shall verify the total number of vending machines he or she uses in his or her business of selling tangible personal property at retail.

The Department shall provide by rule for an expedited business registration process for remote retailers required to register and file under subsection (b) of Section 2 who use a certified service provider to file their returns under this Act. Such expedited registration process shall allow the Department to register a taxpayer based upon the same registration information required by the Streamlined Sales Tax Governing Board for states participating in the Streamlined Sales Tax Project.

The Department may deny a certificate of registration to any applicant if a person who is named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer of the applicant on the application for the certificate of registration is or has been named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer on the application for the certificate of registration of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department. For purposes of this paragraph only, in determining whether a person is in default for moneys due, the Department shall include only amounts established as a final liability within the 20 years prior to the date of the Department's notice of denial of a certificate of registration.

The Department may require an applicant for a certificate of registration hereunder to, at the time of filing such application, furnish a bond from a surety company authorized to do business in the State of
Illinois, or an irrevocable bank letter of credit or a bond signed by 2 personal sureties who have filed, with the Department, sworn statements disclosing net assets equal to at least 3 times the amount of the bond to be required of such applicant, or a bond secured by an assignment of a bank account or certificate of deposit, stocks or bonds, conditioned upon the applicant paying to the State of Illinois all moneys becoming due under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. In making a determination as to whether to require a bond or other security, the Department shall take into consideration whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department; and whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer whose certificate of registration has been revoked within the previous 5 years under this Act or any other tax or fee Act administered by the Department. If a bond or other security is required, the Department shall fix the amount of the bond or other security, taking into consideration the amount of money expected to become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance, or resolution. The amount of security required by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount which may become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution, but the amount of the security required by the Department shall not exceed three times the amount of the

applicant's average monthly tax liability, or $50,000.00, whichever amount is lower.

No certificate of registration under this Act shall be issued by the Department until the applicant provides the Department with satisfactory security, if required, as herein provided for.

Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, if required, the Department shall issue to such applicant a certificate of registration which shall permit the person to whom it is issued to engage in the business of selling tangible personal property at retail in this State. The certificate of registration shall be conspicuously displayed at the place of business which the person so registered states in his application to be the principal place of business from which he engages in the business of selling tangible personal property at retail in this State.

No certificate of registration issued prior to July 1, 2017 to a taxpayer who files returns required by this Act on a monthly basis or renewed prior to July 1, 2017 by a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of 5 years from the date of its issuance or last renewal. No certificate of registration issued on or after July 1, 2017 to a taxpayer who files returns required by this Act on a monthly basis or renewed on or after July 1, 2017 by a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of one year from the date of its issuance or last renewal. The expiration date of a sub-certificate of registration shall be that of the certificate of registration to which the sub-certificate relates. Prior to July 1, 2017, a certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional 5 years from the date of its expiration unless otherwise notified by the Department as provided by this paragraph. On and after July 1, 2017, a certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional one year from the date of its expiration unless otherwise notified by the Department as provided by this paragraph.

Where a taxpayer to whom a certificate of registration is issued under this Act is in default to the State of Illinois for delinquent returns or for moneys due under this Act or any other State tax law or municipal or county ordinance administered or enforced by the Department, the Department shall, not less than 60 days before the expiration date of such
certificate of registration, give notice to the taxpayer to whom the certificate was issued of the account period of the delinquent returns, the amount of tax, penalty and interest due and owing from the taxpayer, and that the certificate of registration shall not be automatically renewed upon its expiration date unless the taxpayer, on or before the date of expiration, has filed and paid the delinquent returns or paid the defaulted amount in full. A taxpayer to whom such a notice is issued shall be deemed an applicant for renewal. The Department shall promulgate regulations establishing procedures for taxpayers who file returns on a monthly basis but desire and qualify to change to a quarterly or yearly filing basis and will no longer be subject to renewal under this Section, and for taxpayers who file returns on a yearly or quarterly basis but who desire or are required to change to a monthly filing basis and will be subject to renewal under this Section.

The Department may in its discretion approve renewal by an applicant who is in default if, at the time of application for renewal, the applicant files all of the delinquent returns or pays to the Department such percentage of the defaulted amount as may be determined by the Department and agrees in writing to waive all limitations upon the Department for collection of the remaining defaulted amount to the Department over a period not to exceed 5 years from the date of renewal of the certificate; however, no renewal application submitted by an applicant who is in default shall be approved if the immediately preceding renewal by the applicant was conditioned upon the installment payment agreement described in this Section. The payment agreement herein provided for shall be in addition to and not in lieu of the security that may be required by this Section of a taxpayer who is no longer considered a prior continuous compliance taxpayer. The execution of the payment agreement as provided in this Act shall not toll the accrual of interest at the statutory rate.

The Department may suspend a certificate of registration if the Department finds that the person to whom the certificate of registration has been issued knowingly sold contraband cigarettes.

A certificate of registration issued under this Act more than 5 years before January 1, 1990 (the effective date of Public Act 86-383) shall expire and be subject to the renewal provisions of this Section on the next anniversary of the date of issuance of such certificate which occurs more than 6 months after January 1, 1990 (the effective date of Public Act 86-383). A certificate of registration issued less than 5 years before January 1, 1990 (the effective date of Public Act 86-383) shall expire and be subject to

to the renewal provisions of this Section on the 5th anniversary of the issuance of the certificate.

If the person so registered states that he operates other places of business from which he engages in the business of selling tangible personal property at retail in this State, the Department shall furnish him with a sub-certificate of registration for each such place of business, and the applicant shall display the appropriate sub-certificate of registration at each such place of business. All sub-certificates of registration shall bear the same registration number as that appearing upon the certificate of registration to which such sub-certificates relate.

If the applicant will sell tangible personal property at retail through vending machines, the Department shall furnish him with a sub-certificate of registration for each such vending machine, and the applicant shall display the appropriate sub-certificate of registration on each such vending machine by attaching the sub-certificate of registration to a conspicuous part of such vending machine. If a person who is registered to sell tangible personal property at retail through vending machines adds an additional vending machine or additional vending machines to the number of vending machines he or she uses in his or her business of selling tangible personal property at retail, he or she shall notify the Department, on a form prescribed by the Department, to request an additional sub-certificate or additional sub-certificates of registration, as applicable. With each such request, the applicant shall report the number of sub-certificates of registration he or she is requesting as well as the total number of vending machines from which he or she makes retail sales.

Where the same person engages in 2 or more businesses of selling tangible personal property at retail in this State, which businesses are substantially different in character or engaged in under different trade names or engaged in under other substantially dissimilar circumstances (so that it is more practicable, from an accounting, auditing or bookkeeping standpoint, for such businesses to be separately registered), the Department may require or permit such person (subject to the same requirements concerning the furnishing of security as those that are provided for hereinafore in this Section as to each application for a certificate of registration) to apply for and obtain a separate certificate of registration for each such business or for any of such businesses, under a single certificate of registration supplemented by related sub-certificates of registration.

Any person who is registered under the Retailers' Occupation Tax Act as of March 8, 1963, and who, during the 3-year period immediately prior to March 8, 1963, or during a continuous 3-year period part of which passed immediately before and the remainder of which passes immediately after March 8, 1963, has been so registered continuously and who is determined by the Department not to have been either delinquent or deficient in the payment of tax liability during that period under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, shall be considered to be a Prior Continuous Compliance taxpayer. Also any taxpayer who has, as verified by the Department, faithfully and continuously complied with the condition of his bond or other security under the provisions of this Act for a period of 3 consecutive years shall be considered to be a Prior Continuous Compliance taxpayer.

Every Prior Continuous Compliance taxpayer shall be exempt from all requirements under this Act concerning the furnishing of a bond or other security as a condition precedent to his being authorized to engage in the business of selling tangible personal property at retail in this State. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax that is not paid to be due) to be delinquent or deficient in the paying of any tax under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, at which time that taxpayer shall become subject to all the financial responsibility requirements of this Act and, as a condition of being allowed to continue to engage in the business of selling tangible personal property at retail, may be required to post bond or other acceptable security with the Department covering liability which such taxpayer may thereafter incur. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with this Department guaranteeing the payment of such admitted or established liability.
No certificate of registration shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

With respect to security other than bonds (upon which the Department may sue in the event of a forfeiture), if the taxpayer fails to pay, when due, any amount whose payment such security guarantees, the Department shall, after such liability is admitted by the taxpayer or established by the Department through the issuance of a final assessment that has become final under the law, convert the security which that taxpayer has furnished into money for the State, after first giving the taxpayer at least 10 days' written notice, by registered or certified mail, to pay the liability or forfeit such security to the Department. If the security consists of stocks or bonds or other securities which are listed on a public exchange, the Department shall sell such securities through such public exchange. If the security consists of an irrevocable bank letter of credit, the Department shall convert the security in the manner provided for in the Uniform Commercial Code. If the security consists of a bank certificate of deposit, the Department shall convert the security into money by demanding and collecting the amount of such bank certificate of deposit from the bank which issued such certificate. If the security consists of a type of stocks or other securities which are not listed on a public exchange, the Department shall sell such security to the highest and best bidder after giving at least 10 days' notice of the date, time and place of the intended sale by publication in the "State Official Newspaper". If the Department realizes more than the amount of such liability from the security, plus the expenses incurred by the Department in converting the security into money, the Department shall pay such excess to the taxpayer who
furnished such security, and the balance shall be paid into the State Treasury.

The Department shall discharge any surety and shall release and return any security deposited, assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) such taxpayer becomes a Prior Continuous Compliance taxpayer; or

(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability, as determined by the Department, under this Act and under every other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration issued under this Act permits the registrant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed; if the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

amount paid into the Common School Fund for that month, equals
$33,300,000, except that in the month of August of 2004, this amount

Section 20-15. Illinois Works Preapprenticeship Program; Illinois Works Bid Credit Program.

(a) The Illinois Works Preapprenticeship Program is established and shall be administered by the Department. The goal of the Illinois Works Preapprenticeship Program is to create a network of community-based organizations throughout the State that will recruit, prescreen, and provide preapprenticeship skills training to create a qualified, diverse pipeline of workers who are prepared for careers in the construction and building trades. Upon completion of the Illinois Works Preapprenticeship Program, the candidates will be skilled and work-ready.

(b) There is created the Illinois Works Fund, a special fund in the State treasury. The Illinois Works Fund shall be administered by the Department. The Illinois Works Fund shall be used to provide funding for community-based organizations throughout the State. In addition to any other transfers that may be provided for by law, on and after July 1, 2019 and until June 30, 2020, at the direction of the Director of the Governor's
Office of Management and Budget, the State Comptroller shall direct and the State Treasurer shall transfer amounts not exceeding a total of $25,000,000 from the Rebuild Illinois Projects Fund to the Illinois Works Fund.

(c) Each community-based organization that receives funding from the Illinois Works Fund shall provide an annual report to the Illinois Works Review Panel by April 1 of each calendar year. The annual report shall include the following information:

(1) a description of the community-based organization's recruitment, screening, and training efforts;

(2) the number of individuals who apply to, participate in, and complete the community-based organization's program, broken down by race, gender, age, and veteran status; and

(3) the number of the individuals referenced in item (2) of this subsection who are initially accepted and placed into apprenticeship programs in the construction and building trades.

(d) The Department shall create and administer the Illinois Works Bid Credit Program that shall provide economic incentives, through bid credits, to encourage contractors and subcontractors to provide contracting and employment opportunities to historically underrepresented populations in the construction industry.

The Illinois Works Bid Credit Program shall allow contractors and subcontractors to earn bid credits for use toward future bids for public works projects in order to increase the chances that the contractor and the subcontractors will be selected.

Contractors or subcontractors may be eligible for bid credits for employing apprentices who have completed the Illinois Works Preapprenticeship Program. Contractors or subcontractors shall earn bid credits at a rate established by the Department and published on the Department's website, including any appropriate caps.

The Illinois Works Credit Bank is hereby created and shall be administered by the Department. The Illinois Works Credit Bank shall track the bid credits.

A contractor or subcontractor who has been awarded bid credits under any other State program for employing apprentices who have completed the Illinois Works Preapprenticeship Program is not eligible to receive bid credits under the Illinois Works Bid Credit Program relating to the same contract.

The Department shall report to the Illinois Works Review Panel the following: (i) the number of bid credits awarded by the Department; (ii) the number of bid credits submitted by the contractor or subcontractor to the agency administering the public works contract; and (iii) the number of bid credits accepted by the agency for such contract. Any agency that awards bid credits pursuant to the Illinois Works Credit Bank Program shall report to the Department the number of bid credits it accepted for the public works contract.

Upon a finding that a contractor or subcontractor has reported falsified records to the Department in order to fraudulently obtain bid credits, the Department shall permanently bar the contractor or subcontractor from participating in the Illinois Works Bid Credit Program and may suspend the contractor or subcontractor from bidding on or participating in any public works project. False or fraudulent claims for payment relating to false bid credits may be subject to damages and penalties under applicable law.

(e) The Department shall adopt any rules deemed necessary to implement this Section.

(a) The Illinois Works Apprenticeship Initiative is established and shall be administered by the Department.

(1) Subject to the exceptions set forth in subsection (b) of this Section, apprentices shall be utilized on all public works projects in accordance with this subsection (a).

(2) For public works projects, the goal of the Illinois Works Apprenticeship Initiative is that apprentices will perform either 10% of the total labor hours actually worked in each prevailing wage classification or 10% of the estimated labor hours in each prevailing wage classification, whichever is less.

(b) Before or during the term of a contract subject to this Section, the Department may reduce or waive the goals set forth in paragraph (2) of subsection (a). Prior to the Department granting a request for a reduction or waiver, the Department shall hold a public hearing and shall consult with the Business Enterprise Council under the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and the Chief Procurement Officer of the agency administering the public works contract. The Department may grant a reduction or waiver upon a determination that:

New matter indicated by italics - deletions by strikeout
(1) the contractor or subcontractor has demonstrated that insufficient apprentices are available;
(2) the reasonable and necessary requirements of the contract do not allow the goal to be met;
(3) there is a disproportionately high ratio of material costs to labor hours that makes meeting the goal infeasible; or
(4) apprentice labor hour goals conflict with existing requirements, including federal requirements, in connection with the public work.

(c) Contractors and subcontractors must submit a certification to the Department and the agency that is administering the contract demonstrating that the contractor or subcontractor has either:
(1) met the apprentice labor hour goals set forth in paragraph (2) of subsection (a); or
(2) received a reduction or waiver pursuant to subsection (b).

It shall be deemed to be a material breach of the contract and entitle the State to declare a default, terminate the contract, and exercise those remedies provided for in the contract, at law, or in equity if the contractor or subcontractor fails to submit the certification required in this subsection or submits false or misleading information.

(d) No later than one year after the effective date of this Act, and by April 1 of every calendar year thereafter, the Department of Labor shall submit a report to the Illinois Works Review Panel regarding the use of apprentices under the Illinois Works Apprenticeship Initiative for public works projects. To the extent it is available, the report shall include the following information:
(1) the total number of labor hours on each project and the percentage of labor hours actually worked by apprentices on each public works project;
(2) the number of apprentices used in each public works project, broken down by trade; and
(3) the number and percentage of minorities, women, and veterans utilized as apprentices on each public works project.

(e) The Department shall adopt any rules deemed necessary to implement the Illinois Works Apprenticeship Initiative.

(f) The Illinois Works Apprenticeship Initiative shall not interfere with any contracts or program in existence on the effective date of this Act.

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of this Act to the contrary, the Director of the Illinois Power Agency may create alternative bidding procedures to be used in procuring professional services under Section 1-56, subsections (a) and (c) of Section 1-75 and subsection (d) of Section 1-78 of the Illinois Power Agency Act and Section 16-111.5(c) of the Public Utilities Act and to procure renewable energy resources under Section 1-56 of the Illinois Power Agency Act. Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has terminated, withdrawal of bids shall be permitted as provided in subsection (f).

The contract shall be awarded within 60 calendar days after the auction by written notice to the lowest responsible bidder, or all bids shall be rejected except as otherwise provided in this Code. (a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 5:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15)
terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

"Dormant license" has the meaning ascribed to it in subsection (a-3).

"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with
respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(c) Pursuant to the terms of this subsection, the Department shall endeavor to expeditiously terminate the existing contracts in support of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly in connection with the selection of the private manager. As part of its obligation to terminate these contracts and select the private manager, the Department shall establish a mutually agreeable timetable to transfer the functions of existing contractors to the private manager so that existing Lottery operations are not materially diminished or impaired during the transition. To that end, the Department shall do the following:

(2) upon the expiration of any initial term or renewal term of the current Lottery contracts, the Department shall not renew such contract for a term extending beyond the mutually agreed timetable for transfer of functions; or

During the course of the advisor's engagement by the Department, and for a period of one year thereafter, the advisor shall not enter into any business or financial relationship with any offeror or any vendor identified to assist an offeror in performing its obligations under the management agreement. Any advisor retained by the Department shall be disqualified from being an offeror. (n) The private manager shall be subject to a complete investigation in the third, seventh, and tenth years of the agreement (if the agreement is for a 10-year term) by the Department in cooperation with the Auditor General to determine whether the private manager has complied with this Section and the management agreement. The private manager shall bear the cost of an investigation or reinvestigation of the private manager under this subsection.

The selection process shall at a minimum take into account the criteria set forth in items (1) through (4) of subsection (e) of this Section and may include provisions consistent with subsections (f), (g), (h), and (i) of this Section. The Chief Procurement Officer shall also implement and administer the adopted selection process upon the termination of a private management agreement. The Department, after the Chief Procurement Officer certifies that the procurement process has been followed in accordance with the rules adopted under this subsection (o), shall select a final offeror as the private manager and sign the management agreement with the private manager.

Beginning in fiscal year 2019, the amount deposited shall be increased or decreased each year by the amount the estimated payment differs from the amount determined from each
year-end financial audit. Only remaining net deficits from prior fiscal years may reduce the requirement to deposit these funds, as determined by the annual financial audit.

(30 ILCS 105/6z-45)
Sec. 6z-45. The School Infrastructure Fund.
(a) The School Infrastructure Fund is created as a special fund in the State Treasury.

In addition to any other deposits authorized by law, beginning January 1, 2000, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and State Comptroller shall transfer the sum of $5,000,000 from the General Revenue Fund to the School Infrastructure Fund, except that, notwithstanding any other provision of law, and in addition to any other transfers that may be provided for by law, before June 30, 2012, the Comptroller and the Treasurer shall transfer $45,000,000 from the General Revenue Fund into the School Infrastructure Fund, and, for fiscal year 2013 only, the Treasurer and the Comptroller shall transfer $1,250,000 from the General Revenue Fund to the School Infrastructure Fund on the first day of each month; provided, however, that no such transfers shall be made from July 1, 2001 through June 30, 2003.

(a-5) Money in the School Infrastructure Fund may be used to pay the expenses of the State Board of Education, the Governor's Office of Management and Budget, and the Capital Development Board in administering programs under the School Construction Law, the total expenses not to exceed $1,315,000 in any fiscal year.

(b) Subject to the transfer provisions set forth below, money in the School Infrastructure Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of school improvements under subsection (e) of Section 5 of the General Obligation Bond Act, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable, and for no other purpose.

New matter indicated by italics - deletions by strikeout
In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of bonds issued for construction of school improvements under the School Construction Law, the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period.

On or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the School Infrastructure Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund shall not be included in the calculation of the amounts to be transferred under this subsection.

(b-5) The money deposited into the School Infrastructure Fund from transfers pursuant to subsections (c-30) and (c-35) of Section 13 of the *Illinois Riverboat* Gambling Act shall be applied, without further direction, as provided in subsection (b-3) of Section 5-35 of the School Construction Law.

(c) The surplus, if any, in the School Infrastructure Fund after payments made pursuant to subsections (a-5), (b), and (b-5) of this Section shall, subject to appropriation, be used as follows:

measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

New matter indicated by italics - deletions by strikeout
(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code,

equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base
employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2018, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2018.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to

the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the

amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:
   (A) is tangible, whether new or used, including buildings and structural components of buildings;
   (B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);
   (C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;
   (D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and
   (E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(g) (Blank).

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois
Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and

(D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

New matter indicated by italics - deletions by strikeout
(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to

Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

New matter indicated by italics - deletions by strikeout
Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit. For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, and ending prior to January 1, 2022, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to
December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

It is the intent of the General Assembly that the research and development credit under this subsection (k) shall apply continuously for all tax years ending on or after December 31, 2004 and ending prior to January 1, 2022, including, but not limited to, the period beginning on January 1, 2016 and ending on the effective date of this amendatory Act of the 100th General Assembly. All actions taken in reliance on the continuation of the credit under this subsection (k) by any taxpayer are hereby validated.

(l) Environmental Remediation Tax Credit.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of

regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted.

New matter indicated by italics - deletions by strikeout
The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed (i) $500 for tax years ending prior to December 31, 2017, and (ii) $750 for tax years ending on or after December 31, 2017. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. Notwithstanding any other provision of law, for taxable years beginning on or after January 1, 2017, no taxpayer may claim a credit under this subsection (m) if the taxpayer's adjusted gross income for the taxable year exceeds (i) $500,000, in the case of spouses filing a joint federal tax return or (ii) $250,000, in the case of all other taxpayers. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:
"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of $250 for tuition, book fees, and
lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1)

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

The amount of the surcharge is equal to the amount of federal income tax liability for the taxable year attributable to those sales and exchanges. The surcharge imposed does not apply if:

Sec. 304. Business income of persons other than residents.

(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal

property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

(A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:

(i) The individual's service is performed entirely within this State;

(ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or

(iii) Some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

(iv) Compensation paid to nonresident professional athletes.

(a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing
services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.

(b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

1. The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

2. The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

3. Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

A. Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes

conducting training and rehabilitation activities, when such activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled
list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional.
upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

   (i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

   (ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

   (i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), are in this State to the extent the item is utilized in this State.

during the year the gross receipts are included in gross income.

(ii) Place of utilization.
   
   (I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

   (II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

   (III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

   (iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.
(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(B-5) For taxable years ending on or after December 31, 2008, except as provided in subsections (ii) through (vii), receipts from the sale of telecommunications service or mobile telecommunications service are in this State if the customer's service address is in this State.

(i) For purposes of this subparagraph (B-5), the following terms have the following meanings:

"Communications Channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

"Conference bridging service" means an "ancillary service" that links two or more participants of an audio or video conference call and may include the provision of a telephone number. "Conference bridging service" does not

include the "telecommunications services" used to reach the conference bridge.

"Post-paid telecommunication service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card, or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes telecommunications service, except a prepaid wireless calling service, that would be a prepaid calling service except it is not exclusively a telecommunication service.
"Prepaid telecommunication service" means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Prepaid Mobile telecommunication service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other non-telecommunication services, including but not limited to ancillary services, which must be paid for in advance that is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Private communication service" means a telecommunication service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels.

"Service address" means:

(a) The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid;

(b) If the location in line (a) is not known, service address means the origination point of the signal of the telecommunications services first identified by either the seller's telecommunications system or in information received by the seller from its service provider where the system used to transport such signals is not that of the seller; and

(c) If the locations in line (a) and line (b) are not known, the service address means the location of the customer's place of primary use.

New matter indicated by italics - deletions by strikeout
"Telecommunications service" means the electronic transmission, conveyance, or routing of voice, data, audio, video, or any other information or signals to a point, or between or among points. The term "telecommunications service" includes such transmission, conveyance, or routing in which computer processing applications are used to act on the form, code or protocol of the content for purposes of transmission, conveyance or routing without regard to whether such service is referred to as voice over Internet protocol services or is classified by the Federal Communications Commission as enhanced or value added. "Telecommunications service" does not include:

(a) Data processing and information services that allow data to be generated, acquired, stored, processed, or retrieved and delivered by an electronic transmission to a purchaser when such purchaser's primary purpose for the underlying transaction is the processed data or information;
(b) Installation or maintenance of wiring or equipment on a customer's premises;
(c) Tangible personal property;
(d) Advertising, including but not limited to directory advertising;
(e) Billing and collection services provided to third parties;
(f) Internet access service;
(g) Radio and television audio and video programming services, regardless of the medium, including the furnishing of transmission, conveyance and routing of such services by the programming service provider. (h) "Ancillary services"; or
(i) Digital products "delivered electronically", including but not limited to
software, music, video, reading materials or ring tones.

"Voice mail service" means an "ancillary service" that enables the customer to store, send or receive recorded messages. "Voice mail service" does not include any "vertical services" that the customer may be required to have in order to utilize the "voice mail service".

(ii) Receipts from the sale of telecommunications service sold on an individual call-by-call basis are in this State if either of the following applies:

(a) The call both originates and terminates in this State.

(b) The call either originates or terminates in this State and the service address is located in this State.

(iii) Receipts from the sale of postpaid telecommunications service at retail are in this State if the origination point of the telecommunication signal, as first identified by the service provider's telecommunication system or as identified by information received by the seller from its service provider if the system used to transport telecommunication signals is not the seller's, is located in this State.

(iv) Receipts from the sale of prepaid telecommunications service or prepaid mobile telecommunications service at retail are in this State if the purchaser obtains the prepaid card or similar means of conveyance at a location in this State. Receipts from recharging a prepaid telecommunications service or mobile telecommunications service is in this State if the purchaser's billing information indicates a location in this State.
(v) Receipts from the sale of private communication services are in this State as follows:

(a) 100% of receipts from charges imposed at each channel termination point in this State.
(b) 100% of receipts from charges for the total channel mileage between each channel termination point in this State.
(c) 50% of the total receipts from charges for service segments when those segments are between 2 customer channel termination points, 1 of which is located in this State and the other is located outside of this State, which segments are separately charged.
(d) The receipts from charges for service segments with a channel termination point located in this State and in two or more other states, and which segments are not separately billed, are in this State based on a percentage determined by dividing the number of customer channel termination points in this State by the total number of customer channel termination points.

(vi) Receipts from charges for ancillary services for telecommunications service sold to customers at retail are in this State if the customer's primary place of use of telecommunications services associated with those ancillary services is in this State. If the seller of those ancillary services cannot determine where the associated telecommunications are located, then the ancillary services shall be based on the location of the purchaser.

(vii) Receipts to access a carrier's network or from the sale of telecommunication services or ancillary services for resale are in this State as follows:

(a) 100% of the receipts from access fees attributable to intrastate telecommunications service that both originates and terminates in this State.
(b) 50% of the receipts from access fees attributable to interstate telecommunications service if the interstate call either originates or terminates in this State.

New matter indicated by italics - deletions by strikeout
(c) 100% of the receipts from interstate end user access line charges, if the customer's service address is in this State. As used in this subdivision, "interstate end user access line charges" includes, but is not limited to, the surcharge approved by the federal communications commission and levied pursuant to 47 CFR 69.

(d) Gross receipts from sales of telecommunication services or from ancillary services for telecommunications services sold to other telecommunication service providers for resale shall be sourced to this State using the apportionment concepts used for non-resale receipts of telecommunications services if the information is readily available to make that determination. If the information is not readily available, then the taxpayer may use any other reasonable and consistent method.

(B-7) For taxable years ending on or after December 31, 2008, receipts from the sale of broadcasting services are in this State if the broadcasting services are received in this State. For purposes of this paragraph (B-7), the following terms have the following meanings:

"Advertising revenue" means consideration received by the taxpayer in exchange for broadcasting services or allowing the broadcasting of commercials or announcements in connection with the broadcasting of film or radio programming, from sponsorships of the programming, or from product placements in the programming.

"Audience factor" means the ratio that the audience or subscribers located in this State of a station, a network, or a cable system bears to the total audience or total subscribers for that station, network, or cable system. The audience factor for film or radio programming shall be determined by reference to the books and records of the taxpayer or by reference to published rating statistics provided the method used by the taxpayer is consistently
used from year to year for this purpose and fairly represents the taxpayer's activity in this State.

"Broadcast" or "broadcasting" or "broadcasting services" means the transmission or provision of film or radio programming, whether through the public airwaves, by cable, by direct or indirect satellite transmission, or by any other means of communication, either through a station, a network, or a cable system.

"Film" or "film programming" means the broadcast on television of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of video tape, disc, or any other type of format or medium. Each episode of a series of films produced for television shall constitute separate "film" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

"Radio" or "radio programming" means the broadcast on radio of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of an audio tape, disc, or any other format or medium. Each episode in a series of radio programming produced for radio broadcast shall constitute a separate "radio programming" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

(i) In the case of advertising revenue from broadcasting, the customer is the advertiser and the service is received in this State if the commercial domicile of the advertiser is in this State.

(ii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration received from the recipient of the broadcast, the portion of the service that is received in this State is measured by the portion of the recipients of the

broadcast located in this State. Accordingly, the fee or other remuneration for such service that is included in the Illinois numerator of the sales factor is the total of those fees or other remuneration received from recipients in Illinois. For purposes of this paragraph, a taxpayer may determine the location of the recipients of its broadcast using the address of the recipient shown in its contracts with the recipient or using the billing address of the recipient in the taxpayer's records.

(iii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration from the person providing the programming, the portion of the broadcast service that is received by such station, network, or cable system in this State is measured by the portion of recipients of the broadcast located in this State. Accordingly, the amount of revenue related to such an arrangement that is included in the Illinois numerator of the sales factor is the total fee or other total remuneration from the person providing the programming related to that broadcast multiplied by the Illinois audience factor for that broadcast.

(iv) In the case where film or radio programming is provided by a taxpayer that is a network or station to a customer for broadcast in exchange for a fee or other remuneration from that customer the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(v) In the case where film or radio programming is provided by a taxpayer that is not a network or station to another person for

broadcasting in exchange for a fee or other remuneration from that person, the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(B-8) Gross receipts from winnings under the Illinois Lottery Law from the assignment of a prize under Section 13.1 of the Illinois Lottery Law are received in this State. This paragraph (B-8) applies only to taxable years ending on or after December 31, 2013.

(B-9) For taxable years ending on or after December 31, 2019, gross receipts from winnings from pari-mutuel wagering conducted at a wagering facility licensed under the Illinois Horse Racing Act of 1975 or from winnings from gambling games conducted on a riverboat or in a casino or organization gaming facility licensed under the Illinois Gambling Act are in this State.

(C) For taxable years ending before December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), and (B-8) are in this State if:

(i) The income-producing activity is performed in this State; or
(ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), (B-5), and (B-7), are in this State if any of the following criteria are met:

(i) Sales from the sale or lease of real property are in this State if the property is located in this State.
(ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or

New matter indicated by italics - deletions by strikeout
rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

(iii) In the case of interest, net gains (but not less than zero) and other items of income from intangible personal property, the sale is in this State if:

(a) in the case of a taxpayer who is a dealer in the item of intangible personal property within the meaning of Section 475 of the Internal Revenue Code, the income or gain is received from a customer in this State. For purposes of this subparagraph, a customer is in this State if the customer is an individual, trust or estate who is a resident of this State and, for all other customers, if the customer's commercial domicile is in this State. Unless the dealer has actual knowledge of the residence or commercial domicile of a customer during a taxable year, the customer shall be deemed to be a customer in this State if the billing address of the customer, as shown in the records of the dealer, is in this State; or

(b) in all other cases, if the income-producing activity of the taxpayer is performed in this State or, if the income-producing activity of the taxpayer is performed both within and without this State, if a greater proportion of the income-producing activity of the taxpayer is performed within this State than in any other state, based on performance costs.

(iv) Sales of services are in this State if the services are received in this State. For the purposes of this section, gross receipts from the performance of services provided to a corporation, partnership, or trust may only be attributed to a state where that corporation, partnership, or trust has a fixed place of business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does

New matter indicated by italics - deletions by strikeout
not have a fixed place of business, the services shall be
deemed to be received at the location of the office of the
customer from which the services were ordered in the
regular course of the customer's trade or business. If the
ordering office cannot be determined, the services shall be
deemed to be received at the office of the customer to
which the services are billed. If the taxpayer is not taxable
in the state in which the services are received, the sale must
be excluded from both the numerator and the denominator
of the sales factor. The Department shall adopt rules
prescribing where specific types of service are received,
including, but not limited to, publishing, and utility service.
(D) For taxable years ending on or after December 31,
1995, the following items of income shall not be included in the
numerator or denominator of the sales factor: dividends; amounts
included under Section 78 of the Internal Revenue Code; and
Subpart F income as defined in Section 952 of the Internal
Revenue Code. No inference shall be drawn from the enactment of
this paragraph (D) in construing this Section for taxable years
ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years
ending on or after December 31, 1999, provided that a taxpayer
may elect to apply the provisions of these paragraphs to prior tax
years. Such election shall be made in the form and manner
prescribed by the Department, shall be irrevocable, and shall apply
to all tax years; provided that, if a taxpayer's Illinois income tax
liability for any tax year, as assessed under Section 903 prior to
January 1, 1999, was computed in a manner contrary to the
provisions of paragraphs (B-1) or (B-2), no refund shall be payable
to the taxpayer for that tax year to the extent such refund is the
result of applying the provisions of paragraph (B-1) or (B-2)
retroactively. In the case of a unitary business group, such election
shall apply to all members of such group for every tax year such
group is in existence, but shall not apply to any taxpayer for any
period during which that taxpayer is not a member of such group.
(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph
(2), business income of an insurance company for a taxable year
shall be apportioned to this State by multiplying such income by a
fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk everywhere, plus (iv) premiums written for reinsurance accepted in respect of property or risk everywhere. For purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year. The election made by a company under this paragraph for its first taxable year ending on or after December 31, 2011, shall be binding for that company for that taxable year and for all subsequent taxable years, and may be altered only with the written permission of the Department, which shall not be unreasonably withheld.

(c) Financial organizations.

New matter indicated by italics - deletions by strikeout
(1) In general. For taxable years ending before December 31, 2008, business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the adjusted income of an international banking facility as determined in paragraph (2):

(A) Fees, commissions or other compensation for financial services rendered within this State;

(B) Gross profits from trading in stocks, bonds or other securities managed within this State;

(C) Dividends, and interest from Illinois customers, which are received within this State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State. In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of

New matter indicated by italics - deletions by strikeout
the international banking facility by a fraction, not greater than one, which is determined as follows:

(i) The numerator shall be:

The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b.

New matter indicated by italics - deletions by strikeout
and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31, 2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the financial organization's trade or business. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the property is located in this State during the rental period. (iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition, service charges, merchant discount income, and other receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.

(vi) Receipts from the performance of services, including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the services are received in this State within the meaning of subparagraph (a)(3)(C-5)(iv) of this Section.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) Receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B) of this paragraph, the receipts factor shall include the amounts described in such subparagraphs.

(A) The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(B) The receipts factor shall include the amount by which interest, dividends, gains and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(2) The numerator of the receipts factor includes interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is determined by multiplying all such income from such assets and activities by a fraction, the numerator of which is the gross income from such assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State.
and the denominator of which is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the gross income from such funds and such securities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described in subparagraphs (A) or (B) of this paragraph), attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the gross income from such trading assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(D) Properly assigned, for purposes of this paragraph (2) of this subsection, means the investment or trading asset or

activity is assigned to the fixed place of business with which it has a preponderance of substantive contacts. An investment or trading asset or activity assigned by the taxpayer to a fixed place of business without the State shall be presumed to have been properly assigned if:

(i) the taxpayer has assigned, in the regular course of its business, such asset or activity on its records to a fixed place of business consistent with federal or state regulatory requirements;

(ii) such assignment on its records is based upon substantive contacts of the asset or activity to such fixed place of business; and

(iii) the taxpayer uses such records reflecting assignment of such assets or activities for the filing of all state and local tax returns for which an assignment of such assets or activities to a fixed place of business is required.

(E) The presumption of proper assignment of an investment or trading asset or activity provided in subparagraph (D) of paragraph (2) of this subsection may be rebutted upon a showing by the Department, supported by a preponderance of the evidence, that the preponderance of substantive contacts regarding such asset or activity did not occur at the fixed place of business to which it was assigned on the taxpayer's records. If the fixed place of business that has a preponderance of substantive contacts cannot be determined for an investment or trading asset or activity to which the presumption in subparagraph

(D) of paragraph (2) of this subsection does not apply or with respect to which that presumption has been rebutted, that asset or activity is properly assigned to the state in which the taxpayer's commercial domicile is located. For purposes of this subparagraph (E), it shall be presumed, subject to rebuttal, that taxpayer's commercial domicile is in the state of the United States or the District of Columbia to which the greatest number of employees are regularly connected with the management of the investment or trading income or out of which they are working, irrespective of where the services of such employees are performed, as of the last day of the taxable year.

(c-1) Federally regulated exchanges. For taxable years ending on or after December 31, 2012, business income of a federally regulated exchange shall, at the option of the federally regulated exchange, be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For purposes of this subsection, the business income within this State of a federally regulated exchange is the sum of the following:

(1) Receipts attributable to transactions executed on a physical trading floor if that physical trading floor is located in this State.

(2) Receipts attributable to all other matching, execution, or clearing transactions, including without limitation receipts from the provision of matching, execution, or clearing services to another entity, multiplied by (i) for taxable years ending on or after December 31, 2012 but before December 31, 2013, 63.77%; and (ii) for taxable years ending on or after December 31, 2013, 27.54%.

(3) All other receipts not governed by subparagraphs (1) or (2) of this subsection (c-1), to the extent the receipts would be
characterized as "sales in this State" under item (3) of subsection (a) of this Section.
"Federally regulated exchange" means (i) a "registered entity" within the meaning of 7 U.S.C. Section 1a(40)(A), (B), or (C), (ii) an "exchange" or "clearing agency" within the meaning of 15 U.S.C. Section 78c (a)(1) or (23), (iii) any such entities regulated under any successor regulatory structure to the foregoing, and (iv) all taxpayers who are members of the same unitary business group as a federally regulated exchange, determined without regard to the prohibition in Section 1501(a)(27) of this Act against including in a unitary business group taxpayers who are ordinarily required to apportion business income under different subsections of this Section; provided that this subparagraph (iv) shall apply only if 50% or more of the business receipts of the unitary business group determined by application of this subparagraph (iv) for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by an entity described in subparagraph (i), (ii), or (iii) of this paragraph.

In no event shall the Illinois apportionment percentage computed in accordance with this subsection (c-1) for any taxpayer for any tax year be less than the Illinois apportionment percentage computed under this subsection (c-1) for that taxpayer for the first full tax year ending on or after December 31, 2013 for which this subsection (c-1) applied to the taxpayer.

(d) Transportation services. For taxable years ending before December 31, 2008, business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's
(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(3) For taxable years ending on or after December 31, 2008, business income derived from providing transportation services other than airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be (i) all receipts from any movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline) that both originates and terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) that originates in one state or jurisdiction and terminates in another state or jurisdiction, that is determined by the ratio that the miles traveled in this State bears to total miles everywhere and (b) the denominator of which shall be all revenue derived from the movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline). Where a taxpayer is engaged in the transportation of both passengers and freight, the fraction above referred to shall first be determined separately for passenger miles and freight miles. Then an average of the passenger miles fraction and the freight miles fraction shall be weighted to reflect the taxpayer's:

(A) relative railway operating income from total passenger and total freight service, as reported to the Surface Transportation Board, in the case of transportation by railroad; and

New matter indicated by italics - deletions by strikeout
(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(4) For taxable years ending on or after December 31, 2008, business income derived from furnishing airline transportation services shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for a consideration. If a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's relative gross receipts from passenger and freight airline transportation.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection (a)(27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not, for taxable years ending before December 31, 2008, fairly represent the extent of a person's business activity in this State, or, for taxable years ending on or after December 31, 2008, fairly represent the market for the person's goods, services, or other sources of business income, the person may petition for, or the Director may, without a petition, permit or require, in respect of all or any part of the person's business activity, if reasonable:

(1) Separate accounting;
(2) The exclusion of any one or more factors;
(3) The inclusion of one or more additional factors which will fairly represent the person's business activities or market in this State; or
(4) The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.

(g) Cross reference. For allocation of business income by residents, see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business income to this State under subsection (a) shall be equal to:

1. For tax years ending on or after December 31, 1998 and before December 31, 1999, 16 2/3% of the property factor plus 16 2/3% of the payroll factor plus 66 2/3% of the sales factor;
2. For tax years ending on or after December 31, 1999 and before December 31, 2000, 8 1/3% of the property factor plus 8 1/3% of the payroll factor plus 83 1/3% of the sales factor;
3. For tax years ending on or after December 31, 2000, the sales factor.

If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

(230 ILCS 5/9) (from Ch. 8, par. 37-9)

Sec. 9. The Board shall have all powers necessary and proper to fully and effectively execute the provisions of this Act, including, but not limited to, the following:

(a) The Board is vested with jurisdiction and supervision over all race meetings in this State, over all licensees doing business in this State, over all occupation licensees, and over all persons on the facilities of any
licensee. Such jurisdiction shall include the power to issue licenses to the Illinois Department of Agriculture authorizing the pari-mutuel system of wagering on harness and Quarter Horse races held (1) at the Illinois State Fair in Sangamon County, and (2) at the DuQuoin State Fair in Perry County. The jurisdiction of the Board shall also include the power to issue licenses to county fairs which are eligible to receive funds pursuant to the Agricultural Fair Act, as now or hereafter amended, or their agents, authorizing the pari-mutuel system of wagering on horse races conducted at the county fairs receiving such licenses. Such licenses shall be governed by subsection (n) of this Section.

Upon application, the Board shall issue a license to the Illinois Department of Agriculture to conduct harness and Quarter Horse races at the Illinois State Fair and at the DuQuoin State Fairgrounds during the scheduled dates of each fair. The Board shall not require and the Department of Agriculture shall be exempt from the requirements of Sections 15.3, 18 and 19, paragraphs (a)(2), (b), (c), (d), (e), (e-5), (e-10), (f), (g), and (h) of Section 20, and Sections 21, 24 and 25. The Board and the Department of Agriculture may extend any or all of these exemptions to any contractor or agent engaged by the Department of Agriculture to conduct its race meetings when the Board determines that this would best serve the public interest and the interest of horse racing.

Notwithstanding any provision of law to the contrary, it shall be lawful for any licensee to operate pari-mutuel wagering or contract with the Department of Agriculture to operate pari-mutuel wagering at the DuQuoin State Fairgrounds or for the Department to enter into contracts with a licensee, employ its owners, employees or agents and employ such other occupation licensees as the Department deems necessary in connection with race meetings and wagerings.

(b) The Board is vested with the full power to promulgate reasonable rules and regulations for the purpose of administering the provisions of this Act and to prescribe reasonable rules, regulations and conditions under which all horse race meetings or wagering in the State shall be conducted. Such reasonable rules and regulations are to provide for the prevention of practices detrimental to the public interest and to promote the best interests of horse racing and to impose penalties for violations thereof.

(c) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities and other places of
business of any licensee to determine whether there has been compliance with the provisions of this Act and its rules and regulations.

(d) The Board, and any person or persons to whom it delegates this power, is vested with the authority to investigate alleged violations of the provisions of this Act, its reasonable rules and regulations, orders and final decisions; the Board shall take appropriate disciplinary action against any licensee or occupation licensee for violation thereof or institute appropriate legal action for the enforcement thereof.

(e) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any race meeting or the facilities of any licensee, or any part thereof, any occupation licensee or any other individual whose conduct or reputation is such that his presence on those facilities may, in the opinion of the Board, call into question the honesty and integrity of horse racing or wagering or interfere with the orderly conduct of horse racing or wagering; provided, however, that no person shall be excluded or ejected from the facilities of any licensee solely on the grounds of race, color, creed, national origin, ancestry, or sex. The power to eject or exclude an occupation licensee or other individual may be exercised for just cause by the licensee or the Board, subject to subsequent hearing by the Board as to the propriety of said exclusion.

(f) The Board is vested with the power to acquire, establish, maintain and operate (or provide by contract to maintain and operate) testing laboratories and related facilities, for the purpose of conducting saliva, blood, urine and other tests on the horses run or to be run in any horse race meeting, including races run at county fairs, and to purchase all equipment and supplies deemed necessary or desirable in connection with any such testing laboratories and related facilities and all such tests.

(g) The Board may require that the records, including financial or other statements of any licensee or any person affiliated with the licensee who is involved directly or indirectly in the activities of any licensee as regulated under this Act to the extent that those financial or other statements relate to such activities be kept in such manner as prescribed by the Board, and that Board employees shall have access to those records during reasonable business hours. Within 120 days of the end of its fiscal year, each licensee shall transmit to the Board an audit of the financial transactions and condition of the licensee's total operations. All audits shall be conducted by certified public accountants. Each certified public accountant must be registered in the State of Illinois under the Illinois Public Accounting Act. The compensation for each certified public

(d) The Board may suspend or revoke any occupation license:
   (1) for violation of any of the provisions of this Act; or
   (2) for violation of any of the rules or regulations of the Board; or

   (4) for any other just cause.
(e) Each applicant shall submit his or her fingerprints to the Department of State Police in the form and manner prescribed by the Department of State Police. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Department of State Police and Federal Bureau of Investigation criminal history records databases. The Department of State Police shall furnish, pursuant to positive identification, records of conviction to the Board. Each applicant for licensure shall submit with his occupation license application, on forms provided by the Board, 2 sets of his fingerprints. All such applicants shall appear in person at the location designated by the Board for the purpose of submitting such sets of fingerprints; however, with the prior approval of a State steward, an applicant may have such sets of fingerprints taken by an official law enforcement agency and submitted to the Board.
(f) The Board may, in its discretion, issue an occupation license without submission of fingerprints if an applicant has been duly licensed in another recognized racing jurisdiction after submitting fingerprints that were subjected to a Federal Bureau of Investigation criminal history background check in that jurisdiction.

This fee shall be exclusive of any other fee or fees charged in connection with an application for and, if applicable, the issuance of, an organization gaming license. If the costs of the investigation exceed the amount of the fee charged, the Board shall immediately notify the applicant of the additional
amount owed, payment of which must be submitted to the Board within 7 days after such notification. All information, records, interviews, reports, statements, memoranda, or other data supplied to or used by the Board in the course of its review or investigation of an applicant for a license or renewal under this Act shall be privileged, strictly confidential, and shall be used only for the purpose of evaluating an applicant for a license or a renewal. All applications for the issuance of an organization license shall be filed with the Board before August 1 of the year prior to the year for which application is made and shall be acted upon by the Board at a meeting to be held on such date as shall be fixed by the Board during the last 15 days of September of such prior year. At such meeting, the Board shall announce the award of the racing meets, live racing schedule, and designation of host track to the applicants and its approval or disapproval of each application. No announcement shall be considered binding until a formal order is executed by the Board, which shall be executed no later than October 15 of that prior year. Absent the agreement of the affected organization licensees, the Board shall not grant overlapping race meetings to 2 or more tracks that are within 100 miles of each other to conduct the thoroughbred racing.

(e-1) The Board shall award standardbred racing dates to organization licensees with an organization gaming license pursuant to the following schedule:

(1) For the first calendar year of operation of gambling games by an organization gaming licensee under this amendatory Act of the 101st General Assembly, when a single entity requests standardbred racing dates, the Board shall award no fewer than 100 days of racing. If more than one entity requests standardbred racing dates, the Board shall award no fewer than 160 days of racing between the applicants.

(3) For the third calendar year of operation of gambling games by an organization gaming licensee under this amendatory Act of the 101st General Assembly, and each calendar year thereafter, when a single entity requests standardbred racing dates, the Board shall award no fewer than 120 days of racing. The 120-day requirement may be reduced to no fewer than 100 days if no dates are requested for the first 3 months of a calendar year. If more than one entity requests standardbred racing dates, the Board shall award no fewer than 200 days of racing between the applicants.

An organization licensee shall apply for racing dates pursuant to this subsection (e-1). In awarding racing dates under this subsection (e-1), the Board shall have the discretion to allocate those standardbred racing dates among these organization licensees.

(e-2) The Board shall award thoroughbred racing days to Cook County organization licensees pursuant to the following schedule:

(1) During the first year in which only one organization licensee is awarded an organization gaming license, the Board shall award no fewer than 110 days of racing.

During the second year in which only one organization licensee is awarded an organization gaming license, the Board shall award no fewer than 115 racing days.

During the third year and every year thereafter, in which only one organization licensee is awarded an organization gaming license, the Board shall award no fewer than 120 racing days.

(2) During the first year in which 2 organization licensees are awarded an organization gaming license, the Board shall award no fewer than 139 total racing days.

During the second year in which 2 organization licensees are awarded an organization gaming license, the Board shall award no fewer than 160 total racing days.

During the third year and every year thereafter in which 2 organization licensees are awarded an organization gaming license, the Board shall award no fewer than 174 total racing days.

A Cook County organization licensee shall apply for racing dates pursuant to this subsection (e-2). In awarding racing dates under this subsection (e-2), the Board shall have the discretion to allocate those
thoroughbred racing dates among these Cook County organization licensees.

(e-3) In awarding racing dates for calendar year 2020 and thereafter in connection with a racetrack in Madison County, the Board shall award racing dates and such organization licensee shall run at least 700 thoroughbred races at the racetrack in Madison County each year.

Notwithstanding Section 7.7 of the Illinois Gambling Act or any provision of this Act other than subsection (e-4.5), for each calendar year for which an organization gaming licensee located in Madison County requests racing dates resulting in less than 700 live thoroughbred races at its racetrack facility, the organization gaming licensee may not conduct gaming pursuant to an organization gaming license issued under the Illinois Gambling Act for the calendar year of such requested live races.

(e-4) Notwithstanding the provisions of Section 7.7 of the Illinois Gambling Act or any provision of this Act other than subsections (e-3) and (e-4.5), for each calendar year for which an organization gaming licensee requests thoroughbred racing dates which results in a number of live races under its organization license that is less than the total number of live races which it conducted in 2017 at its racetrack facility, the organization gaming licensee may not conduct gaming pursuant to its organization gaming license for the calendar year of such requested live races.

(e-4.1) Notwithstanding the provisions of Section 7.7 of the Illinois Gambling Act or any provision of this Act other than subsections (e-3) and (e-4.5), for each calendar year for which an organization licensee requests racing dates for standardbred racing which results in a number of live races that is less than the total number of live races required in subsection (e-1), the organization gaming licensee may not conduct gaming pursuant to its organization gaming license for the calendar year of such requested live races.

(e-4.5) The Board shall award the minimum live racing guarantees contained in subsections (e-1), (e-2), and (e-3) to ensure that each organization licensee shall individually run a sufficient number of races per year to qualify for an organization gaming license under this Act. The General Assembly finds that the minimum live racing guarantees contained in subsections (e-1), (e-2), and (e-3) are in the best interest of the sport of horse racing, and that such guarantees may only be reduced in the calendar year in which they will be conducted in the limited circumstances described in this subsection. The Board may decrease the

New matter indicated by italics - deletions by strikeout
number of racing days without affecting an organization licensee's ability to conduct gaming pursuant to an organization gaming license issued under the Illinois Gambling Act only if the Board determines, after notice and hearing, that:

(i) a decrease is necessary to maintain a sufficient number of betting interests per race to ensure the integrity of racing;

(ii) there are unsafe track conditions due to weather or acts of God;

(iii) there is an agreement between an organization licensee and the breed association that is applicable to the involved live racing guarantee, such association representing either the largest number of thoroughbred owners and trainers or the largest number of standardbred owners, trainers and drivers who race horses at the involved organization licensee's racing meeting, so long as the agreement does not compromise the integrity of the sport of horse racing; or

(iv) the horse population or purse levels are insufficient to provide the number of racing opportunities otherwise required in this Act.

In decreasing the number of racing dates in accordance with this subsection, the Board shall hold a hearing and shall provide the public and all interested parties notice and an opportunity to be heard. The Board shall accept testimony from all interested parties, including any association representing owners, trainers, jockeys, or drivers who will be affected by the decrease in racing dates. The Board shall provide a written explanation of the reasons for the decrease and the Board's findings. The written explanation shall include a listing and content of all communication between any party and any Illinois Racing Board member or staff that does not take place at a public meeting of the Board.

(e-5) In reviewing an application for the purpose of granting an organization license consistent with the best interests of the public and the sport of horse racing, the Board shall consider:

(1) the character, reputation, experience, and financial integrity of the applicant and of any other separate person that either:

(i) controls the applicant, directly or indirectly, or
(ii) is controlled, directly or indirectly, by that applicant or by a person who controls, directly or indirectly, that applicant;

(2) the applicant's facilities or proposed facilities for conducting horse racing;
(3) the total revenue without regard to Section 32.1 to be derived by the State and horsemen from the applicant's conducting a race meeting;
(4) the applicant's good faith affirmative action plan to recruit, train, and upgrade minorities in all employment classifications;
(5) the applicant's financial ability to purchase and maintain adequate liability and casualty insurance;
(6) the applicant's proposed and prior year's promotional and marketing activities and expenditures of the applicant associated with those activities;
(7) an agreement, if any, among organization licensees as provided in subsection (b) of Section 21 of this Act; and
(8) the extent to which the applicant exceeds or meets other standards for the issuance of an organization license that the Board shall adopt by rule.

In granting organization licenses and allocating dates for horse race meetings, the Board shall have discretion to determine an overall schedule, including required simulcasts of Illinois races by host tracks that will, in its judgment, be conducive to the best interests of the public and the sport of horse racing.

(e-10) The Illinois Administrative Procedure Act shall apply to administrative procedures of the Board under this Act for the granting of an organization license, except that (1) notwithstanding the provisions of subsection (b) of Section 10-40 of the Illinois Administrative Procedure Act regarding cross-examination, the Board may prescribe rules limiting the right of an applicant or participant in any proceeding to award an organization license to conduct cross-examination of witnesses at that proceeding where that cross-examination would unduly obstruct the timely award of an organization license under subsection (e) of Section 20 of this Act; (2) the provisions of Section 10-45 of the Illinois Administrative Procedure Act regarding proposals for decision are excluded under this Act; (3) notwithstanding the provisions of subsection (a) of Section 10-60 of the Illinois Administrative Procedure Act regarding ex parte communications, the Board may prescribe rules allowing ex parte communications with applicants or participants in a proceeding to award an organization license where conducting those communications would be

in the best interest of racing, provided all those communications are made part of the record of that proceeding pursuant to subsection (c) of Section 10-60 of the Illinois Administrative Procedure Act; (4) the provisions of Section 14a of this Act and the rules of the Board promulgated under that Section shall apply instead of the provisions of Article 10 of the Illinois Administrative Procedure Act regarding administrative law judges; and (5) the provisions of subsection (d) of Section 10-65 of the Illinois Administrative Procedure Act that prevent summary suspension of a license pending revocation or other action shall not apply.

(f) The Board may allot racing dates to an organization licensee for more than one calendar year but for no more than 3 successive calendar years in advance, provided that the Board shall review such allotment for more than one calendar year prior to each year for which such allotment has been made. The granting of an organization license to a person constitutes a privilege to conduct a horse race meeting under the provisions of this Act, and no person granted an organization license shall be deemed to have a vested interest, property right, or future expectation to receive an organization license in any subsequent year as a result of the granting of an organization license. Organization licenses shall be subject to revocation if the organization licensee has violated any provision of this Act or the rules and regulations promulgated under this Act or has been convicted of a crime or has failed to disclose or has stated falsely any information called for in the application for an organization license. Any organization license revocation proceeding shall be in accordance with Section 16 regarding suspension and revocation of occupation licenses.

(f-5) If, (i) an applicant does not file an acceptance of the racing dates awarded by the Board as required under part (1) of subsection (h) of this Section 20, or (ii) an organization licensee has its license suspended or revoked under this Act, the Board, upon conducting an emergency hearing as provided for in this Act, may reaward on an emergency basis pursuant to rules established by the Board, racing dates not accepted or the racing dates associated with any suspension or revocation period to one or more organization licensees, new applicants, or any combination thereof, upon terms and conditions that the Board determines are in the best interest of racing, provided, the organization licensees or new applicants receiving the awarded racing dates file an acceptance of those reawarded racing dates as required under paragraph (1) of subsection (h) of this Section 20 and comply with the other provisions of this Act. The Illinois Administrative Procedure Act shall not apply to the administrative

(g) (Blank).

(h) The Board shall send the applicant a copy of its formally executed order by certified mail addressed to the applicant at the address stated in his application, which notice shall be mailed within 5 days of the date the formal order is executed.

Each applicant notified shall, within 10 days after receipt of the final executed order of the Board awarding racing dates:

(1) file with the Board an acceptance of such award in the form prescribed by the Board;
(2) pay to the Board an additional amount equal to $110 for each racing date awarded; and
(3) file with the Board the bonds required in Sections 21 and 25 at least 20 days prior to the first day of each race meeting.

Upon compliance with the provisions of paragraphs (1), (2), and (3) of this subsection (h), the applicant shall be issued an organization license.

If any applicant fails to comply with this Section or fails to pay the organization license fees herein provided, no organization license shall be issued to such applicant.

(b) The Board may exercise discretion in granting racing dates to qualified applicants different from those requested by the applicants in their applications. However, if all eligible applicants for organization licenses whose tracks are located within 100 miles of each other execute and submit to the Board a written agreement among such applicants as to the award of racing dates, including where applicable racing programs, for up to 3 consecutive years, then subject to annual review of each applicant's compliance with Board rules and regulations, provisions of this Act and conditions contained in annual dates orders issued by the Board, the Board may grant such dates and programs to such applicants as so agreed by them if the Board determines that the grant of these racing dates is in the best interests of racing. The Board shall treat any such agreement as the agreement signatories' joint and several application for racing dates during the term of the agreement.

(c) Where 2 or more applicants propose to conduct horse race meetings within 35 miles of each other, as certified to the Board under Section 19 (a) (1) of this Act, on conflicting dates, the Board may determine and grant the number of racing days to be awarded to the several applicants in accordance with the provisions of subsection (e-5) of Section 20 of this Act.

(d) (Blank).

(e) Prior to the issuance of an organization license, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $200,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon the payment by the organization licensee of all taxes due under Section 27, other monies due and payable under this Act, all purses due and payable, and that the organization licensee will upon presentation of the winning ticket or tickets distribute all sums due to the patrons of pari-mutuel pools. Beginning on the date when any organization licensee begins conducting gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, the amount of the bond required under this subsection (e) shall be $500,000.

(f) Each organization license shall specify the person to whom it is issued, the dates upon which horse racing is permitted, and the location, place, track, or enclosure where the horse race meeting is to be held.

(g) Any person who owns one or more race tracks within the State may seek, in its own name, a separate organization license for each race track.

(h) All racing conducted under such organization license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such organization license issued by the Board shall contain a recital to that effect.

(i) Each such organization licensee may provide that at least one race per day may be devoted to the racing of quarter horses, appaloosas, arabians, or paints.

(j) In acting on applications for organization licenses, the Board shall give weight to an organization license which has implemented a good faith affirmative action effort to recruit, train and upgrade minorities in all classifications within the organization license.

Sec. 24. (a) No license shall be issued to or held by an organization licensee unless all of its officers, directors, and holders of ownership interests of at least 5% are first approved by the Board. The Board shall not give approval of an organization license application to any person who has been convicted of or is under an indictment for a crime of moral turpitude or has violated any provision of the racing law of this State or any rules of the Board.

(b) An organization licensee must notify the Board within 10 days of any change in the holders of a direct or indirect interest in the ownership of the organization licensee. The Board may, after hearing, revoke the organization license of any person who registers on its books or knowingly permits a direct or indirect interest in the ownership of that person without notifying the Board of the name of the holder in interest within this period.

(c) In addition to the provisions of subsection (a) of this Section, no person shall be granted an organization license if any public official of the State or member of his or her family holds any ownership or financial interest, directly or indirectly, in the person.

Sec. 25. Admission charge; bond; fine.

(a) There shall be paid to the Board at such time or times as it shall prescribe, the sum of fifteen cents (15¢) for each person entering the grounds or enclosure of each organization licensee and inter-track wagering licensee upon a ticket of admission except as provided in subsection (g) of Section 27 of this Act. If tickets are issued for more than one day then the sum of fifteen cents (15¢) shall be paid for each person using such ticket on each day that the same shall be used. Provided, however, that no charge shall be made on tickets of admission issued to and in the name of directors, officers, agents or employees of the organization licensee, or inter-track wagering licensee, or to owners, trainers, jockeys, drivers and their employees or to any person or persons entering the grounds or enclosure for the transaction of business in connection with such race meeting. The organization licensee or inter-track wagering licensee may, if it desires, collect such amount from each ticket holder in addition to the amount or amounts charged for such ticket of admission. Beginning on the date when any organization licensee begins conducting gaming pursuant to an organization gaming license issued under the Illinois Gambling Act, the admission charge imposed by this subsection (a) shall be 40 cents for each person entering the grounds or enclosure of each organization licensee and inter-track wagering licensee upon a ticket of admission, and if such tickets are issued for more than one day, 40 cents shall be paid for each person using such ticket on each day that the same shall be used.

(b) Accurate records and books shall at all times be kept and maintained by the organization licensees and inter-track wagering licensees showing the admission tickets issued and used on each racing day and the attendance thereat of each horse racing meeting. The Board or its duly authorized representative or representatives shall at all reasonable times have access to the admission records of any organization licensee and inter-track wagering licensee for the purpose of examining and

checking the same and ascertaining whether or not the proper amount has been or is being paid the State of Illinois as herein provided. The Board shall also require, before issuing any license, that the licensee shall execute and deliver to it a bond, payable to the State of Illinois, in such sum as it shall determine, not, however, in excess of fifty thousand dollars ($50,000), with a surety or sureties to be approved by it, conditioned for the payment of all sums due and payable or collected by it under this Section upon admission fees received for any particular racing meetings. The Board may also from time to time require sworn statements of the number or numbers of such admissions and may prescribe blanks upon which such reports shall be made. Any organization licensee or inter-track wagering licensee failing or refusing to pay the amount found to be due as herein provided, shall be deemed guilty of a business offense and upon conviction shall be punished by a fine of not more than five thousand dollars ($5,000) in addition to the amount due from such organization licensee or inter-track wagering licensee as herein provided. All fines paid into court by an organization licensee or inter-track wagering licensee found guilty of violating this Section shall be transmitted and paid over by the clerk of the court to the Board. Sec. 26. Wagering.

(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) Except for those gaming activities for which a license is obtained and authorized under the Illinois Lottery Law, the Charitable
Games Act, the Raffles and Poker Runs Act, or the Illinois Gambling Act, no other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) (Blank). Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) The Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee, except that the balance of the sum of all outstanding pari-mutuel tickets generated from simulcast wagering and inter-track wagering by an organization licensee located in a county with a population in excess of 230,000 and borders the Mississippi River or any licensee that derives its license from that organization licensee shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on...
live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after August 15, 2014 (the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after August 15, 2014 (the effective date of Public Act 98-968), on horse races conducted at race tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning August 15, 2015 (one year after the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organization licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience.

to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, through December 31, 2020, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to June 7, 2013 (the effective date of Public Act 98-18) taken in reliance on the changes made to this subsection (g) by Public Act 98-18 are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to

regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an inter-track wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes.

The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an inter-track wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an inter-track wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any inter-track wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each inter-track wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the takeout percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in

other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Effective January 1, 2017, notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license.

(7.1) Notwithstanding any other provision of this Act to the contrary, if no standardbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with other moneys paid into that Fund. The moneys deposited pursuant to this subparagraph (B) shall be allocated as provided by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board.

(7.2) Notwithstanding any other provision of this Act to the contrary, if no thoroughbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 a.m. and 6:30 p.m. during that calendar year shall be deposited as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be deposited into its standardbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund. Moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be paid to Illinois conceived and foaled thoroughbred breeders' programs and to thoroughbred purses for races conducted at any county fairgrounds for Illinois conceived and foaled horses at the discretion of the Department of Agriculture,
with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board. The moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to thoroughbred purses under this Act, and shall not be commingled with other moneys deposited into that Fund.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. An organization licensee and its related wagering facilities shall no longer be able to receive payments under this paragraph (13) beginning in the year subsequent to the first year in which the organization licensee begins to receive funds from gaming pursuant to an organization gaming license issued under the Illinois Gambling Act.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track awarded standardbred racing dates; or (iv) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may receive inter-track wagering location licenses. An eligible race track located in a county that has a population of

more than 230,000 and that is bounded by the Mississippi River may establish up to 9 inter-track wagering locations, an eligible race track located in Stickney Township in Cook County may establish up to 16 inter-track wagering locations, and an eligible race track located in Palatine Township in Cook County may establish up to 18 inter-track wagering locations. An eligible racetrack conducting standardbred racing may have up to 16 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued,

the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 4 ½ miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 160 miles of that race track where the particular organization licensee is licensed to conduct racing. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church, an existing elementary or secondary public school, or an existing elementary or secondary private school registered with or recognized by the State Board of Education school, nor within 500 feet of the

residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each

location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to inter-track wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes, and the costs and expenses in connection with the gathering, transmission, and dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an inter-track wagering licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the Illinois organization licensee that provides the race or races, and an inter-track wagering licensee that accepts wagers on races conducted by an organization licensee that

conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with that organization licensee.

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on inter-track wagering at such location on races as purses, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account consistent with distribution set forth in this subsection (h), and inter-track wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year exceeds the amount collected and distributed to the Horse Racing Tax Allocation Fund during calendar year 1994, that excess amount shall be redistributed (I) to all inter-track wagering location licensees, based on each licensee's pro rata share of the total handle from inter-track wagering and simulcast wagering for all inter-track wagering location licensees during the calendar year in which this provision is applicable; then (II) the amounts redistributed to each inter-track wagering location licensee as described in subpart (I) shall be further redistributed as provided in subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 provided first, that the shares of those amounts, which are to be redistributed to the host track or to purses at the host track under subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 shall be redistributed based on each host track's pro rata share of the total inter-track wagering and simulcast wagering handle at all host tracks during the calendar year in question, and second, that

any amounts redistributed as described in part (I) to an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall be further redistributed, effective January 1, 2017, as provided in paragraph (7) of subsection (g) of this Section 26, with the portion of that further redistribution allocated to purses at that organization licensee to be divided between standardbred purses and thoroughbred purses based on the amounts otherwise allocated to purses at that organization licensee during the calendar year in question; and (iv) 8% of the pari-mutuel handle on inter-track wagering wagered at such location to satisfy all costs and expenses of conducting its wagering. The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee. Notwithstanding the provisions of clauses (ii) and (iv) of this paragraph, in the case of the additional inter-track wagering location licenses authorized under paragraph (1) of this subsection (h) by Public Act 87-110, those licensees shall pay the following amounts as purses: during the first 12 months the licensee is in operation, 5.25% of the pari-mutuel handle wagered at the location on races; during the second 12 months, 5.25%; during the third 12 months, 5.75%; during the fourth 12 months, 6.25%; and during the fifth 12 months and thereafter, 6.75%. For additional inter-track location licensees authorized under Public Act 89-16, the licensee shall be allowed to retain to satisfy all costs and expenses: 7.75% of the pari-mutuel handle wagered at the location during its first 12 months of operation, 7.25% during its second 12 months of operation, and 6.75% thereafter.

(D) Except as provided in paragraph (11) of this subsection (h), with respect to purse allocation from inter-track wagering, the monies so retained shall be divided as follows:

(i) If the inter-track wagering licensee, except an inter-track wagering licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, is not conducting its own race meeting during the same dates, then the entire purse allocation shall be to purses at the track where the races wagered on are being conducted.

(ii) If the inter-track wagering licensee, except an inter-track wagering licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, is also conducting its own race meeting during the same dates, then the purse allocation shall be as follows: 50% to purses at the track where the races wagered on are being conducted; 50% to purses at the track where the inter-track wagering licensee is accepting such wagers.

(iii) If the inter-track wagering is being conducted by an inter-track wagering location licensee, except an inter-track wagering location licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, the entire purse allocation for Illinois races shall be to purses at the track where the race meeting being wagered on is being held.

(12) The Board shall have all powers necessary and proper to fully supervise and control the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees, including, but not limited to the following:

(A) The Board is vested with power to promulgate reasonable rules and regulations for the purpose of

Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of said wagering and to impose penalties for violations thereof.

(B) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities of any licensee to determine whether there has been compliance with the provisions of this Act and the rules and regulations relating to the conduct of such wagering.

(C) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any licensee's facilities, any person whose conduct or reputation is such that his presence on such premises may, in the opinion of the Board, call into the question the honesty and integrity of, or interfere with the orderly conduct of such wagering; provided, however, that no person shall be excluded or ejected from such premises solely on the grounds of race, color, creed, national origin, ancestry, or sex.

(D) (Blank).

(E) The Board is vested with the power to appoint delegates to execute any of the powers granted to it under this Section for the purpose of administering this wagering and any rules and regulations promulgated in accordance with this Act.

Such agreement shall specify the races of the Department of Agriculture's licensed race meeting upon which the licensees will conduct wagering. In the event that a licensee conducts inter-track pari-mutuel wagering on races from the Illinois State Fair or DuQuoin State Fair which are in addition to the licensee's previously approved racing program, those races shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege or pari-mutuel tax on that daily handle as provided in Sections 27 and 27.1. Such agreements shall be approved by the Board before such wagering may be conducted. In determining whether to grant approval, the Board shall give due consideration to the best interests of the public and of horse racing. (230 ILCS 5/27) (from Ch. 8, par. 37-27)
Sec. 27. (a) In addition to the organization license fee provided by this Act, until January 1, 2000, a graduated privilege tax is hereby imposed for conducting the pari-mutuel system of wagering permitted under this Act. Until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, all of the breakage of each racing day held by any licensee in the State shall be paid to the State. Until January 1, 2000, each day's graduated privilege tax, breakage, and Horse Racing Tax Allocation funds shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes. The privilege tax hereby imposed, until January 1,

In addition, every organization licensee, except as provided in Section 27.1 of this Act, which conducts multiple wagering shall pay, until January 1, 2000, as a privilege tax on multiple wagers an amount equal to 1.25% of all moneys wagered each day on such multiple wagers, plus an additional amount equal to 3.5% of the amount wagered each day on any other multiple wager which involves a single betting interest on 3 or more horses. This subsection (a) shall be inoperative and of no force and effect on and after January 1, 2000.

(a-5) Beginning on January 1, 2000, a flat pari-mutuel tax at the rate of 1.5% of the daily pari-mutuel handle is imposed at all pari-mutuel wagering facilities and on advance deposit wagering from a location other than a wagering facility, except as otherwise provided for in this subsection (a-5). (d) Before a license is issued or re-issued, the licensee shall post a bond in the sum of $500,000 to the State of Illinois. The bond shall be used to guarantee that the licensee faithfully makes the payments, keeps the books and records and makes reports, and conducts games of chance in conformity with this Act and the rules adopted by the Board. The bond shall not be canceled by a surety on less than 30 days' notice in writing to the Board. If a bond is canceled and the licensee fails to file a new bond with the Board in the required amount on or before the effective date of cancellation, the licensee's license shall be revoked. The total and aggregate liability of the surety on the bond is limited to the amount specified in the bond.

Board *as the Board prescribes*, which shall, pursuant to rule, cause the fees to be distributed to the county or municipality.

(g) Notwithstanding any provision in this Act to the contrary, if in any calendar year the total taxes and fees *from wagering on live racing and from inter-track wagering* required to be collected from licensees and distributed under this Act to all State and local governmental authorities exceeds the amount of such taxes and fees distributed to each State and local governmental authority to which each State and local governmental authority was entitled under this Act for calendar year 1994, then the first $11 million of that excess amount shall be allocated at the earliest possible date for distribution as purse money for the succeeding calendar year. Upon reaching the 1994 level, and until the excess amount of taxes and fees exceeds $11 million, the Board shall direct all licensees to cease paying the subject taxes and fees and the Board shall direct all licensees to allocate any such excess amount for purses as follows:

(i) the excess amount shall be initially divided between thoroughbred and standardbred purses based on the thoroughbred's and standardbred's respective percentages of total Illinois live wagering in calendar year 1994;

(ii) each thoroughbred and standardbred organization licensee issued an organization licensee in that succeeding allocation year shall be allocated an amount equal to the product of its percentage of total Illinois live thoroughbred or standardbred wagering in calendar year 1994 (the total to be determined based on the sum of 1994 on-track wagering for all organization licensees issued organization licenses in both the allocation year and the preceding year) multiplied by the total amount allocated for standardbred or thoroughbred purses, provided that the first $1,500,000 of the amount allocated to standardbred purses under item (i) shall be allocated to the Department of Agriculture to be expended with the assistance and advice of the Illinois Standardbred Breeders Funds Advisory Board for the purposes listed in subsection (g) of Section 31 of this Act, before the amount allocated to standardbred purses under item (i) is allocated to standardbred organization licensees in the succeeding allocation year.

To the extent the excess amount of taxes and fees to be collected and distributed to State and local governmental authorities exceeds $11
million, that excess amount shall be collected and distributed to State and local authorities as provided for under this Act.

Moneys in the Fund shall be distributed as directed and certified by the Board in accordance with the provisions of subsection (b).

(b) The moneys deposited into the Fund, plus any accrued interest on those moneys, shall be distributed within 10 days after those moneys are deposited into the Fund as follows:

(A) 11% shall be distributed to any person (or its successors or assigns) who had operating control of a racetrack that conducted live racing in 2002 at a racetrack in a county with at least 230,000 inhabitants that borders the Mississippi River and is a licensee in the current year; and

Sec. 56. Gaming pursuant to an organization gaming license.

(a) A person, firm, corporation, partnership, or limited liability company having operating control of a racetrack may apply to the Gaming Board for an organization gaming license. An organization gaming license shall authorize its holder to conduct gaming on the grounds of the racetrack of which the organization gaming licensee has operating control. Only one organization gaming license may be awarded for any racetrack. A holder of an organization gaming license shall be subject to the Illinois Gambling Act and rules of the Illinois Gaming Board concerning gaming pursuant to an organization gaming license issued under the Illinois Gambling Act. If the person, firm, corporation, or limited liability company having operating control of a racetrack is found by the Illinois Gaming Board to be unsuitable for an organization gaming license under the Illinois Gambling Act and rules of the Gaming Board, that person, firm, corporation, or limited liability company shall not be granted an organization gaming license. Each license shall specify the number of gaming positions that its holder may operate.

An organization gaming licensee may not permit patrons under 21 years of age to be present in its organization gaming facility, but the

(b) For purposes of this subsection, "adjusted gross receipts" means an organization gaming licensee's gross receipts less winnings paid to wagerers and shall also include any amounts that would otherwise be deducted pursuant to subsection (a-9) of Section 13 of the Illinois Gambling Act. The adjusted gross receipts by an organization gaming licensee from gaming pursuant to an organization gaming license issued under the Illinois Gambling Act remaining after the payment of taxes under Section 13 of the Illinois Gambling Act shall be distributed as follows:

(1) Amounts shall be paid to the purse account at the track at which the organization licensee is conducting racing equal to the following:

- 12.75% of annual adjusted gross receipts up to and including $93,000,000;
- 20% of annual adjusted gross receipts in excess of $93,000,000 but not exceeding $100,000,000;
- 26.5% of annual adjusted gross receipts in excess of $100,000,000 but not exceeding $125,000,000; and
- 20.5% of annual adjusted gross receipts in excess of $125,000,000.

If 2 different breeds race at the same racetrack in the same calendar year, the purse moneys allocated under this subsection (b) shall be divided pro rata based on live racing days awarded by the Board to that race track for each breed. However, the ratio may not exceed 60% for either breed, except if one breed is awarded fewer than 20 live racing days, in which case the purse moneys allocated shall be divided pro rata based on live racing days.

Any installment payments shall include an annual market interest rate as determined by the Board. All payments by licensees under this subsection (e-15) shall be deposited into the Rebuild Illinois Projects Fund.

(e-20) In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of
receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license, except for an owners license issued under subsection (e-5) of this Section, shall entitle the licensee to own up to 2 riverboats.

An owners licensee of a casino or riverboat that is located in the City of Chicago pursuant to paragraph (1) of subsection (e-5) of this Section shall limit the number of gaming positions to 4,000 for such owner. An owners licensee authorized under subsection (e) or paragraph (2), (3), (4), or (5) of subsection (e-5) of this Section shall limit the number of gaming positions to 2,000 for any such owners license. An owners licensee authorized under paragraph (6) of subsection (e-5) of this Section shall limit the number of gaming positions gambling participants to 1,200 for any such owner. The initial fee for each gaming position obtained on or after the effective date of this amendatory Act of the 101st General Assembly shall be a minimum of $17,500 for licensees not located in Cook County and a minimum of $30,000 for licensees located in Cook County, in addition to the reconciliation payment, as set forth in subsection (e-15) of this Section owners license. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(h-5) An owners licensee who conducted gambling operations prior to January 1, 2012 and obtains positions pursuant to this amendatory Act of the 101st General Assembly shall make a reconciliation payment 3 years after any additional gaming positions begin operating in an amount equal to 75% of the owners licensee's average gross receipts for the most lucrative 12-month period of operations minus an amount equal to the initial fee that the owners licensee paid per additional gaming position. For purposes of this subsection (h-5), "average gross receipts" means (i) the increase in adjusted gross receipts for the most lucrative 12-month period of operations over the adjusted gross receipts for 2019, multiplied by (ii) the percentage derived by dividing the number of additional gaming positions that an owners licensee had obtained by the total number of gaming positions operated by the owners licensee. If this calculation results in a negative amount, then the owners licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 2 years, subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board. These reconciliation payments shall be deposited into the Rebuild Illinois Projects Fund.

Sec. 11. Conduct of gambling. Gambling may be conducted by licensed owners or licensed managers on behalf of the State aboard riverboats. Gambling may be conducted by organization gaming licensees at organization gaming facilities. Gambling authorized under this Section is subject to the following standards:

(1) A licensee may conduct riverboat gambling authorized under this Act regardless of whether it conducts excursion cruises. A licensee may permit the continuous ingress and egress of patrons passengers on a riverboat not used for excursion cruises for the purpose of gambling. Excursion cruises shall not exceed 4 hours for a round trip. However, the Board may grant express approval for an extended cruise on a case-by-case basis.

(1.5) An owners licensee may conduct gambling operations authorized under this Act 24 hours a day.

(2) (Blank).

(3) Minimum and maximum wagers on games shall be set by the licensee.

(4) Agents of the Board and the Department of State Police may board and inspect any riverboat, enter and inspect any portion of a casino, or enter and inspect any portion of an organization gaming facility at any time for the purpose of determining whether this Act is being complied with. Every riverboat, if under way and being hailed by a law enforcement officer or agent of the Board, must stop immediately and lay to.

(5) Employees of the Board shall have the right to be present on the riverboat or in the casino or on adjacent facilities under the control of the licensee and at the organization gaming facility under the control of the organization gaming licensee.

(6) Gambling equipment and supplies customarily used in conducting riverboat gambling must be purchased or leased only

from suppliers licensed for such purpose under this Act. The Board may approve the transfer, sale, or lease of gambling equipment and supplies by a licensed owner from or to an affiliate of the licensed owner as long as the gambling equipment and supplies were initially acquired from a supplier licensed in Illinois.

(7) Persons licensed under this Act shall permit no form of wagering on gambling games except as permitted by this Act.

(8) Wagers may be received only from a person present on a licensed riverboat, in a casino, or at an organization gaming facility. No person present on a licensed riverboat, in a casino, or at an organization gaming facility shall place or attempt to place a wager on behalf of another person who is not present on the riverboat, in a casino, or at the organization gaming facility.

(9) Wagering, including gaming authorized under Section 7.7, shall not be conducted with money or other negotiable currency.

(10) A person under age 21 shall not be permitted on an area of a riverboat or casino where gambling is being conducted or at an organization gaming facility where gambling is being conducted, except for a person at least 18 years of age who is an employee of the riverboat or casino gambling operation. No employee under age 21 shall perform any function involved in gambling by the patrons. No person under age 21 shall be permitted to make a wager under this Act, and any winnings that are a result of a wager by a person under age 21, whether or not paid by a licensee, shall be treated as winnings for the privilege tax purposes, confiscated, and forfeited to the State and deposited into the Education Assistance Fund.

(11) Gambling excursion cruises are permitted only when the waterway for which the riverboat is licensed is navigable, as determined by the Board in consultation with the U.S. Army Corps of Engineers. This paragraph (11) does not limit the ability of a licensee to conduct gambling authorized under this Act when gambling excursion cruises are not permitted.

(12) All tickets, tokens, chips, or electronic cards used to make wagers must be purchased (i) from a licensed owner or manager, in the case of a riverboat, either aboard a riverboat or at an onshore facility which has been approved by the Board and which is located where the riverboat docks, (ii) in the case of a

casino, from a licensed owner at the casino, or (iii) from an organization gaming licensee at the organization gaming facility. The tickets, tokens, chips, or electronic cards may be purchased by means of an agreement under which the owner or manager extends credit to the patron. Such tickets, tokens, chips, or electronic cards may be used while aboard the riverboat, in the casino, or at the organization gaming facility only for the purpose of making wagers on gambling games.

(13) Notwithstanding any other Section of this Act, in addition to the other licenses authorized under this Act, the Board may issue special event licenses allowing persons who are not otherwise licensed to conduct riverboat gambling to conduct such gambling on a specified date or series of dates. Riverboat gambling under such a license may take place on a riverboat not normally used for riverboat gambling. The Board shall establish standards, fees and fines for, and limitations otherwise applicable under this Act. All such fees shall be deposited into the State Gaming Fund. All such fines shall be deposited into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois.

(14) In addition to the above, gambling must be conducted in accordance with all rules adopted by the Board.

(3) the owners licensee is not an entity in which employees participate in an employee stock ownership plan.

As used in this subsection (a-5), "modified annual adjusted gross receipts" means:

(A) for calendar year 2020, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2018;
(B) for calendar year 2021, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2019; and
(C) for calendar years 2022 through 2029, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 3 years preceding the
current year and the annual adjusted gross receipts for the immediately preceding year.

(a-5.5) In addition to the privilege tax imposed under subsection (a-5), a privilege tax is imposed on the owners licensee under paragraph (1) of subsection (e-5) of Section 7 at the rate of one-third of the owners licensee's adjusted gross receipts.

For the imposition of the privilege tax in this subsection (a-5.5), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.

(a-6) From the effective date of this amendatory Act of the 101st General Assembly until June 30, 2023, an owners licensee that conducted gambling operations prior to January 1, 2011 shall receive a dollar-for-dollar credit against the tax imposed under this Section for any renovation or construction costs paid by the owners licensee, but in no event shall the credit exceed $2,000,000.

Additionally, from the effective date of this amendatory Act of the 101st General Assembly until December 31, 2022, an owners licensee that (i) is located within 15 miles of the Missouri border, and (ii) has at least 3 riverboats, casinos, or their equivalent within a 45-mile radius, may be authorized to relocate to a new location with the approval of both the unit of local government designated as the home dock and the Board, so long as the new location is within the same unit of local government and no more than 3 miles away from its original location. Such owners licensee shall receive a credit against the tax imposed under this Section equal to 8% of the total project costs, as approved by the Board, for any renovation or construction costs paid by the owners licensee for the construction of the new facility, provided that the new facility is operational by July 1, 2022. In determining whether or not to approve a relocation, the Board must consider the extent to which the relocation will diminish the gaming revenues received by other Illinois gaming facilities.

(a-7) Beginning in the initial adjustment year and through the final adjustment year, if the total obligation imposed pursuant to either subsection (a-5) or (a-6) will result in an owners licensee receiving less after-tax adjusted gross receipts than it received in calendar year 2018, then the total amount of privilege taxes that the owners licensee is required to pay for that calendar year shall be reduced to the extent necessary so that the after-tax adjusted gross receipts in that calendar year equals the after-tax adjusted gross receipts in calendar year 2018,
but the privilege tax reduction shall not exceed the annual adjustment cap. If pursuant to this subsection (a-7), the total obligation imposed pursuant to either subsection (a-5) or (a-6) shall be reduced, then the owners licensee shall not receive a refund from the State at the end of the subject calendar year but instead shall be able to apply that amount as a credit against any payments it owes to the State in the following calendar year to satisfy its total obligation under either subsection (a-5) or (a-6). The credit for the final adjustment year shall occur in the calendar year following the final adjustment year.

If an owners licensee that conducted gambling operations prior to January 1, 2019 expands its riverboat or casino, including, but not limited to, with respect to its gaming floor, additional non-gaming amenities such as restaurants, bars, and hotels and other additional facilities, and incurs construction and other costs related to such expansion from the effective date of this amendatory Act of the 101st General Assembly until the 5th anniversary of the effective date of this amendatory Act of the 101st General Assembly, then for each $15,000,000 spent for any such construction or other costs related to expansion paid by the owners licensee, the final adjustment year shall be extended by one year and the annual adjustment cap shall increase by 0.2% of adjusted gross receipts during each calendar year until and including the final adjustment year. No further modifications to the final adjustment year or annual adjustment cap shall be made after $75,000,000 is incurred in construction or other costs related to expansion so that the final adjustment year shall not extend beyond the 9th calendar year after the initial adjustment year, not including the initial adjustment year, and the annual adjustment cap shall not exceed 4% of adjusted gross receipts in a particular calendar year. Construction and other costs related to expansion shall include all project related costs, including, but not limited to, all hard and soft costs, financing costs, on or off-site ground, road or utility work, cost of gaming equipment and all other personal property, initial fees assessed for each incremental gaming position, and the cost of incremental land acquired for such expansion. Soft costs shall include, but not be limited to, legal fees, architect, engineering and design costs, other consultant costs, insurance cost, permitting costs, and pre-opening costs related to the expansion, including, but not limited to, any of the following: marketing, real estate taxes, personnel, training, travel and out-of-pocket expenses, supply, inventory, and other costs, and any other project related soft costs.
To be eligible for the tax credits in subsection (a-6), all construction contracts shall include a requirement that the contractor enter into a project labor agreement with the building and construction trades council with geographic jurisdiction of the location of the proposed gaming facility.

Notwithstanding any other provision of this subsection (a-7), this subsection (a-7) does not apply to an owners licensee unless such owners licensee spends at least $15,000,000 on construction and other costs related to its expansion, excluding the initial fees assessed for each incremental gaming position.

This subsection (a-7) does not apply to owners licensees authorized pursuant to subsection (e-5) of Section 7 of this Act.

For purposes of this subsection (a-7):
"Building and construction trades council" means any organization representing multiple construction entities that are monitoring or attentive to compliance with public or workers' safety laws, wage and hour requirements, or other statutory requirements or that are making or maintaining collective bargaining agreements.

"Initial adjustment year" means the year commencing on January 1 of the calendar year immediately following the earlier of the following:
(1) the commencement of gambling operations, either in a temporary or permanent facility, with respect to the owners license authorized under paragraph (1) of subsection (e-5) of Section 7 of this Act; or
(2) 24 months after the effective date of this amendatory Act of the 101st General Assembly, provided the initial adjustment year shall not commence earlier than 12 months after the effective date of this amendatory Act of the 101st General Assembly.

"Final adjustment year" means the 2nd calendar year after the initial adjustment year, not including the initial adjustment year, and as may be extended further as described in this subsection (a-7).

"Annual adjustment cap" means 3% of adjusted gross receipts in a particular calendar year, and as may be increased further as otherwise described in this subsection (a-7).

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-9) Beginning on January 1, 2020, the calculation of gross receipts or adjusted gross receipts, for the purposes of this Section, for a
riverboat, a casino, or an organization gaming facility shall not include the dollar amount of non-cashable vouchers, coupons, and electronic promotions redeemed by wagerers upon the riverboat, in the casino, or in the organization gaming facility up to and including an amount not to exceed 20% of a riverboat's, a casino's, or an organization gaming facility's adjusted gross receipts.

The Illinois Gaming Board shall submit to the General Assembly a comprehensive report no later than March 31, 2023 detailing, at a minimum, the effect of removing non-cashable vouchers, coupons, and electronic promotions from this calculation on net gaming revenues to the State in calendar years 2020 through 2022, the increase or reduction in wagerers as a result of removing non-cashable vouchers, coupons, and electronic promotions from this calculation, the effect of the tax rates in subsection (a-5) on net gaming revenues to this State, and proposed modifications to the calculation.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner or the organization gaming licensee to the Board not later than 5:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount exceeds the amount of net privilege tax paid by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that

a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

For a riverboat in Alton, $31,000,000.
For a riverboat in East Peoria, $43,000,000.
For the Empress riverboat in Joliet, $86,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

Sec. 15. Minimum requirements for licensing and registration.

Every video gaming terminal offered for play shall first be tested and approved pursuant to the rules of the Board, and each video gaming terminal offered in this State for play shall conform to an approved model. For the examination of video gaming machines and associated equipment as required by this Section, the Board shall utilize the services of one or more independent outside testing laboratories that have been accredited in accordance with ISO/IEC 17025 by an accreditation body that is a signatory to the International Laboratory Accreditation Cooperation Mutual Recognition Agreement signifying they are qualified to perform such examinations. Notwithstanding any law to the contrary, the Board shall consider the licensing of independent outside testing laboratory applicants in accordance with procedures established by the Board by rule. The Board shall not withhold its approval of an independent outside testing laboratory license applicant that has been accredited as required by this Section and is licensed in gaming jurisdictions comparable to Illinois. Upon the finalization of required rules, the Board shall license independent testing laboratories and accept the test reports of any licensed testing laboratory of the video gaming machine's or associated equipment manufacturer's choice, notwithstanding the existence of contracts between the Board and any

independent testing laboratory. Every video gaming terminal offered in this State for play must meet minimum standards set by an independent outside testing laboratory approved by the Board. Each approved model shall, at a minimum, meet the following criteria:

1. It must conform to all requirements of federal law and regulations, including FCC Class A Emissions Standards.

2. It must theoretically pay out a mathematically demonstrable percentage during the expected lifetime of the machine of all amounts played, which must not be less than 80%. The Board shall establish a maximum payout percentage for approved models by rule. Video gaming terminals that may be affected by skill must meet this standard when using a method of play that will provide the greatest return to the player over a period of continuous play.

3. It must use a random selection process to determine the outcome of each play of a game. The random selection process must meet 99% confidence limits using a standard chi-squared test for (randomness) goodness of fit.

4. It must display an accurate representation of the game outcome.

5. It must not automatically alter pay tables or any function of the video gaming terminal based on internal computation of hold percentage or have any means of manipulation that affects the random selection process or probabilities of winning a game.

6. It must not be adversely affected by static discharge or other electromagnetic interference.

7. It must be capable of detecting and displaying the following conditions during idle states or on demand: power reset; door open; and door just closed.

8. It must have the capacity to display complete play history (outcome, intermediate play steps, credits available, bets placed, credits paid, and credits cashed out) for the most recent game played and 10 games prior thereto.

9. The theoretical payback percentage of a video gaming terminal must not be capable of being changed without making a hardware or software change in the video gaming terminal, either on site or via the central communications system.

(10) Video gaming terminals must be designed so that replacement of parts or modules required for normal maintenance does not necessitate replacement of the electromechanical meters.

(11) It must have nonresettable meters housed in a locked area of the terminal that keep a permanent record of all cash inserted into the machine, all winnings made by the terminal printer, credits played in for video gaming terminals, and credits won by video gaming players. The video gaming terminal must provide the means for on-demand display of stored information as determined by the Board.

(12) Electronically stored meter information required by this Section must be preserved for a minimum of 180 days after a power loss to the service.

(13) It must have one or more mechanisms that accept cash in the form of bills. The mechanisms shall be designed to prevent obtaining credits without paying by stringing, slamming, drilling, or other means. If such attempts at physical tampering are made, the video gaming terminal shall suspend itself from operating until reset.

(14) It shall have accounting software that keeps an electronic record which includes, but is not limited to, the following: total cash inserted into the video gaming terminal; the value of winning tickets claimed by players; the total credits played; the total credits awarded by a video gaming terminal; and pay back percentage credited to players of each video game.

(15) It shall be linked by a central communications system to provide auditing program information as approved by the Board. The central communications system shall use a standard industry protocol, as defined by the Gaming Standards Association, and shall have the functionality to enable the Board or its designee to activate or deactivate individual gaming devices from the central communications system. In no event may the communications system approved by the Board limit participation to only one manufacturer of video gaming terminals by either the cost in implementing the necessary program modifications to communicate or the inability to communicate with the central communications system.

(16) The Board, in its discretion, may require video gaming terminals to display Amber Alert messages if the Board makes a

finding that it would be economically and technically feasible and pose no risk to the integrity and security of the central communications system and video gaming terminals.

Licensed terminal handlers shall have access to video gaming terminals, including, but not limited to, logic door access, without the physical presence or supervision of the Board or its agent to perform, in coordination with and with project approval from the central communication system provider:

(i) the clearing of the random access memory and reprogramming of the video gaming terminal;

(ii) the installation of new video gaming terminal software and software upgrades that have been approved by the Board;

(iii) the placement, connection to the central communication system, and go-live operation of video gaming terminals at a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment;

(iv) the repair and maintenance of a video gaming terminal located at a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, including, but not limited to, the replacement of the video gaming terminal with a new video gaming terminal;

(v) the temporary movement, disconnection, replacement, and reconnection of video gaming terminals to allow for physical improvements and repairs at a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, such as replacement of flooring, interior repairs, and other similar activities; and

(vi) such other functions as the Board may otherwise authorize.

The Board shall, at a licensed terminal operator's expense, cause all keys and other required devices to be provided to a terminal operator necessary to allow the licensed terminal handler access to the logic door to the terminal operator's video gaming terminals.

The Board may adopt rules to establish additional criteria to preserve the integrity and security of video gaming in this State. The central communications system vendor may be licensed as a video gaming

terminal manufacturer or a video gaming terminal distributor, or both, but in no event shall the central communications system vendor be licensed as a video gaming terminal operator.

The Board shall not permit the development of information or the use by any licensee of gaming device or individual game performance data. Nothing in this Act shall inhibit or prohibit the Board from the use of gaming device or individual game performance data in its regulatory duties. The Board shall adopt rules to ensure that all licensees are treated and all licensees act in a non-discriminatory manner and develop processes and penalties to enforce those rules.

The ticket shall indicate the total amount of credits and the cash award, the time of day in a 24-hour format showing hours and minutes, the date, the terminal serial number, the sequential number of the ticket, and an encrypted validation number from which the validity of the prize may be determined. The player shall turn in this ticket to the appropriate person at the licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment to receive the cash award.

Sec. 25. Restriction of licensees.

(a) Manufacturer. A person may not be licensed as a manufacturer of a video gaming terminal in Illinois unless the person has a valid manufacturer's license issued under this Act. A manufacturer may only sell video gaming terminals for use in Illinois to persons having a valid distributor's license.

(b) Distributor. A person may not sell, distribute, or lease or market a video gaming terminal in Illinois unless the person has a valid distributor's license issued under this Act. A distributor may only sell video gaming terminals for use in Illinois to persons having a valid distributor's or terminal operator's license.

(c) Terminal operator. A person may not own, maintain, or place a video gaming terminal unless he has a valid terminal operator's license issued under this Act. A terminal operator may only place video gaming terminals for use in Illinois in licensed establishments, licensed truck stop establishments, licensed large truck stop establishments, licensed fraternal establishments, and licensed veterans establishments. No terminal operator may give anything of value, including but not limited to a loan or financing arrangement, to a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment as any incentive or inducement to locate video terminals in that establishment. Of the after-tax profits from a video gaming terminal, 50% shall be paid to the terminal operator and 50% shall be paid to the licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, notwithstanding any agreement to the contrary. A video terminal operator that violates one or more requirements of this subsection is guilty of a Class 4 felony and is subject to termination of his or her license by the Board.

licensed pursuant to this Act, shall have possession or control of a video gaming terminal, or access to the inner workings of a video gaming terminal, unless that person possesses a valid terminal handler's license issued under this Act.

(e) Licensed establishment. No video gaming terminal may be placed in any licensed establishment, licensed veterans establishment, licensed truck stop establishment, licensed large truck stop establishment, or licensed fraternal establishment unless the owner or agent of the owner of the licensed establishment, licensed veterans establishment, licensed truck stop establishment, licensed large truck stop establishment, or licensed fraternal establishment has entered into a written use agreement with the terminal operator for placement of the terminals. A copy of the use agreement shall be on file in the terminal operator's place of business and available for inspection by individuals authorized by the Board. A licensed establishment, licensed truck stop establishment, licensed veterans establishment, or licensed fraternal establishment may operate up to 6 video gaming terminals on its premises at any time. A licensed large truck stop establishment may operate up to 10 video gaming terminals on its premises at any time.

(f) (Blank).

(g) Financial interest restrictions. As used in this Act, "substantial interest" in a partnership, a corporation, an organization, an association, a business, or a limited liability company means:

(A) When, with respect to a sole proprietorship, an individual or his or her spouse owns, operates, manages, or conducts, directly or indirectly, the organization, association, or business, or any part thereof; or

(B) When, with respect to a partnership, the individual or his or her spouse shares in any of the profits, or potential profits, of the partnership activities; or

(C) When, with respect to a corporation, an individual or his or her spouse is an officer or director, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of any class of stock of the corporation; or

(D) When, with respect to an organization not covered in (A), (B) or (C) above, an individual or his or her spouse is an officer or manages the business affairs, or the individual or his or her spouse is the owner of or otherwise controls 10% or more of the assets of the organization; or

New matter indicated by italics - deletions by strikeout
(E) When an individual or his or her spouse furnishes 5% or more of the capital, whether in cash, goods, or services, for the operation of any business, association, or organization during any calendar year; or

(F) When, with respect to a limited liability company, an individual or his or her spouse is a member, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of the membership interest of the limited liability company.

For purposes of this subsection (g), "individual" includes all individuals or their spouses whose combined interest would qualify as a substantial interest under this subsection (g) and whose activities with respect to an organization, association, or business are so closely aligned or coordinated as to constitute the activities of a single entity.

(h) Location restriction. A licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that is (i) located within 1,000 feet of a facility operated by an organization licensee licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Illinois Riverboat Gambling Act or (ii) located within 100 feet of a school or a place of worship under the Religious Corporation Act, is ineligible to operate a video gaming terminal. The location restrictions in this subsection (h) do not apply if (A) a facility operated by an organization licensee, a school, or a place of worship moves to or is established within the restricted area after a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment becomes licensed under this Act or (B) a school or place of worship moves to or is established within the restricted area after a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment obtains its original liquor license. For the purpose of this subsection, "school" means an elementary or secondary public school, or an elementary or secondary private school registered with or recognized by the State Board of Education.

Notwithstanding the provisions of this subsection (h), the Board may waive the requirement that a licensed establishment, licensed truck stop establishment, licensed large truck stop establishment, licensed fraternal establishment, or licensed veterans establishment not be located within 1,000 feet from a facility operated by an organization licensee.
licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Illinois Riverboat Gambling Act. The Board shall not grant such waiver if there is any common ownership or control, shared business activity, or contractual arrangement of any type between the establishment and the organization licensee or owners licensee of a riverboat. The Board shall adopt rules to implement the provisions of this paragraph.

(h-5) Restrictions on licenses in malls. The Board shall not grant an application to become a licensed video gaming location if the Board determines that granting the application would more likely than not cause a terminal operator, individually or in combination with other terminal operators, licensed video gaming location, or other person or entity, to operate the video gaming terminals in 2 or more licensed video gaming locations as a single video gaming operation.

(1) In making determinations under this subsection (h-5), factors to be considered by the Board shall include, but not be limited to, the following:

(A) the physical aspects of the location;

(B) the ownership, control, or management of the location;

(C) any arrangements, understandings, or agreements, written or otherwise, among or involving any persons or entities that involve the conducting of any video gaming business or the sharing of costs or revenues; and

(D) the manner in which any terminal operator or other related entity markets, advertises, or otherwise describes any location or locations to any other person or entity or to the public.

(2) The Board shall presume, subject to rebuttal, that the granting of an application to become a licensed video gaming location within a mall will cause a terminal operator, individually or in combination with other persons or entities, to operate the video gaming terminals in 2 or more licensed video gaming locations as a single video gaming operation if the Board determines that granting the license would create a local concentration of licensed video gaming locations.

For the purposes of this subsection (h-5):
"Mall" means a building, or adjoining or connected buildings, containing 4 or more separate locations.

New matter indicated by italics - deletions by strikeout
"Video gaming operation" means the conducting of video gaming and all related activities.

"Location" means a space within a mall containing a separate business, a place for a separate business, or a place subject to a separate leasing arrangement by the mall owner.

"Licensed video gaming location" means a licensed establishment, licensed fraternal establishment, licensed veterans establishment, licensed truck stop establishment, or licensed large truck stop.

"Local concentration of licensed video gaming locations" means that the combined number of licensed video gaming locations within a mall exceed half of the separate locations within the mall.

(i) Undue economic concentration. In addition to considering all other requirements under this Act, in deciding whether to approve the operation of video gaming terminals by a terminal operator in a location, the Board shall consider the impact of any economic concentration of such operation of video gaming terminals. The Board shall not allow a terminal operator to operate video gaming terminals if the Board determines such operation will result in undue economic concentration. For purposes of this Section, "undue economic concentration" means that a terminal operator would have such actual or potential influence over video gaming terminals in Illinois as to:

(1) substantially impede or suppress competition among terminal operators;
(2) adversely impact the economic stability of the video gaming industry in Illinois; or
(3) negatively impact the purposes of the Video Gaming Act.

The Board shall adopt rules concerning undue economic concentration with respect to the operation of video gaming terminals in Illinois. The rules shall include, but not be limited to, (i) limitations on the number of video gaming terminals operated by any terminal operator within a defined geographic radius and (ii) guidelines on the discontinuation of operation of any such video gaming terminals the Board determines will cause undue economic concentration.

(j) The provisions of the Illinois Antitrust Act are fully and equally applicable to the activities of any licensee under this Act.

Section 15-10. The Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be

New matter indicated by italics - deletions by strikeout
registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
6. The signature of the taxpayer; and
7. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a

return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 27.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the

New matter indicated by italics - deletions by strikeout
taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers’ Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and

regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form

to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of

New matter indicated by italics - deletions by strikeout
tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois
certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return.

upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act.

Department shall pay each month into the Road Fund the amount estimated to represent 64% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning on July 1, 2025, subject to the payment of amounts into the State and Local Sales Tax Reform Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 80% of the net revenue realized from the taxes imposed on motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Act, and "gasohol" has the meaning given to that term in Section 3-40 of this Act.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 15-15. The Service Use Tax Act is amended by changing Section 9 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;

New matter indicated by italics - deletions by strikeout
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

New matter indicated by italics - deletions by strikeout
Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other

New matter indicated by italics - deletions by strikeout
Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene

products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers’ Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers’ Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers’ Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build

Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount

Section 15-20. The Service Occupation Tax Act is amended by changing Section 9 as follows:

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and

regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the

certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer...
who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all

returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this

Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar years.
quarters, he shall file a return with the Department each month by the 20th
day of the month next following the month during which such tax liability
is incurred and shall make payments to the Department on or before the
7th, 15th, 22nd and last day of the month during which such liability is
incurred. On and after October 1, 2000, if the taxpayer's average monthly
tax liability to the Department under this Act, the Use Tax Act, the Service
Occupation Tax Act, and the Service Use Tax Act, excluding any liability
for prepaid sales tax to be remitted in accordance with Section 2d of this
Act, was $20,000 or more during the preceding 4 complete calendar
quarters, he shall file a return with the Department each month by the 20th
day of the month next following the month during which such tax liability
is incurred and shall make payment to the Department on or before the 7th,
15th, 22nd and last day of the month during which such liability is
incurred. If the month during which such tax liability is incurred began
prior to January 1, 1985, each payment shall be in an amount equal to 1/4
of the taxpayer's actual liability for the month or an amount set by the
Department not to exceed 1/4 of the average monthly liability of the
taxpayer to the Department for the preceding 4 complete calendar quarters
(excluding the month of highest liability and the month of lowest liability
in such 4 quarter period). If the month during which such tax liability is
incurred begins on or after January 1, 1985 and prior to January 1, 1987,
each payment shall be in an amount equal to 22.5% of the taxpayer's actual
liability for the month or 27.5% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax
liability is incurred begins on or after January 1, 1987 and prior to January
1, 1988, each payment shall be in an amount equal to 22.5% of the
taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax
liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989,
each payment shall be in an amount equal to 22.5% of the taxpayer's actual
liability for the month or 25% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax
liability is incurred begins on or after January 1, 1989, and prior to January
1, 1996, each payment shall be in an amount equal to 22.5% of the
taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax
liability is incurred begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same
calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the

final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the

quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to September 1, 1985 (the effective date of Public Act 84-221), each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department
Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 80% of the net revenue realized from the taxes imposed on motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Act, and "gasohol" has the meaning given to that term in Section 3-40 of the Use Tax Act.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for

each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the

permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Section 15-30. The Motor Fuel Tax Law is amended by changing Sections 2 and 8 and by adding Section 8b as follows:

(35 ILCS 505/2) (from Ch. 120, par. 418)

Sec. 2. A tax is imposed on the privilege of operating motor vehicles upon the public highways and recreational-type watercraft upon the waters of this State.

(a) Prior to August 1, 1989, the tax is imposed at the rate of 13 cents per gallon on all motor fuel used in motor vehicles operating on the public highways and recreational type watercraft operating upon the waters of this State. Beginning on August 1, 1989 and until January 1, 1990, the rate of the tax imposed in this paragraph shall be 16 cents per gallon. Beginning January 1, 1990 and until July 1, 2019, the rate of tax imposed

New matter indicated by italics - deletions by strikeout
in this paragraph, including the tax on compressed natural gas, shall be 19 cents per gallon. Beginning July 1, 2019, the rate of tax imposed in this paragraph shall be 38 cents per gallon and increased on July 1 of each subsequent year by an amount equal to the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for the 12 months ending in March of each year.

(b) The tax on the privilege of operating motor vehicles which use diesel fuel, liquefied natural gas, or propane shall be the rate according to paragraph (a) plus an additional 2 1/2 cents per gallon. Beginning July 1, 2019, the rate of tax imposed in this paragraph shall be 7.5 cents per gallon. "Diesel fuel" is defined as any product intended for use or offered for sale as a fuel for engines in which the fuel is injected into the combustion chamber and ignited by pressure without electric spark.

(c) A tax is imposed upon the privilege of engaging in the business of selling motor fuel as a retailer or reseller on all motor fuel used in motor vehicles operating on the public highways and recreational type watercraft operating upon the waters of this State: (1) at the rate of 3 cents per gallon on motor fuel owned or possessed by such retailer or reseller at 12:01 a.m. on August 1, 1989; and (2) at the rate of 3 cents per gallon on motor fuel owned or possessed by such retailer or reseller at 12:01 A.M. on January 1, 1990.

Retailers and resellers who are subject to this additional tax shall be required to inventory such motor fuel and pay this additional tax in a manner prescribed by the Department of Revenue.

The tax imposed in this paragraph (c) shall be in addition to all other taxes imposed by the State of Illinois or any unit of local government in this State.

(d) Except as provided in Section 2a, the collection of a tax based on gallonage of gasoline used for the propulsion of any aircraft is prohibited on and after October 1, 1979.

(e) The collection of a tax, based on gallonage of all products commonly or commercially known or sold as 1-K kerosene, regardless of its classification or uses, is prohibited (i) on and after July 1, 1992 until December 31, 1999, except when the 1-K kerosene is either: (1) delivered into bulk storage facilities of a bulk user, or (2) delivered directly into the fuel supply tanks of motor vehicles and (ii) on and after January 1, 2000. Beginning on January 1, 2000, the collection of a tax, based on gallonage of all products commonly or commercially known or sold as 1-K kerosene,
regardless of its classification or uses, is prohibited except when the 1-K kerosene is delivered directly into a storage tank that is located at a facility that has withdrawal facilities that are readily accessible to and are capable of dispensing 1-K kerosene into the fuel supply tanks of motor vehicles. For purposes of this subsection (e), a facility is considered to have withdrawal facilities that are not "readily accessible to and capable of dispensing 1-K kerosene into the fuel supply tanks of motor vehicles" only if the 1-K kerosene is delivered from: (i) a dispenser hose that is short enough so that it will not reach the fuel supply tank of a motor vehicle or (ii) a dispenser that is enclosed by a fence or other physical barrier so that a vehicle cannot pull alongside the dispenser to permit fueling.

Any person who sells or uses 1-K kerosene for use in motor vehicles upon which the tax imposed by this Law has not been paid shall be liable for any tax due on the sales or use of 1-K kerosene.

(35 ILCS 505/8) (from Ch. 120, par. 424)
Sec. 8. Except as provided in subsection (a-1) of this Section, Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury; the remainder of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be deposited into the Road Fund;

(a-1) Beginning on July 1, 2019, an amount equal to the amount of tax collected under subsection (a) of Section 2 as a result of the increase in the tax rate under this amendatory Act of the 101st General Assembly shall be transferred each month into the Transportation Renewal Fund.

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $3,500,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $12,000,000 each fiscal year shall be used for the construction or reconstruction of rail
highway grade separation structures; $2,250,000 in fiscal years 2004 through 2009 and $3,000,000 in fiscal year 2010 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing and grade crossing surface including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission may order up to $2,000,000 per year in Grade Crossing Protection Fund moneys for the improvement of grade crossing surfaces and up to $300,000 per year for the maintenance and renewal of 4-quadrant gate vehicle detection systems located at non-high speed rail grade crossings. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the

New matter indicated by italics - deletions by strikeout
succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (a-1), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13, refunds for overpayment of decal fees paid under Section 13a.4 of this Act, and refunds provided for under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period of July 1, 2004 through June 30, 2012, and $30,000,000 on June 1, 2013, or as soon thereafter as may be practical, and $15,000,000 on July 1 and October 1, or as soon thereafter as may be practical, during the period of July 1, 2013 through June 30, 2015, for the administration of the Vehicle Emissions Inspection Law of 2005, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

(e) after allocations for the purposes set forth in subsections (a), (a-1), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund,

and

(B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,

(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,

(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,

(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such

New matter indicated by italics - deletions by strikeout
municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year prior to 2011, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. Beginning July 1, 2011 and each July 1 thereafter, an allocation shall be made for any road district if it levied a tax for road and bridge purposes. In counties other than DuPage County, if the

New matter indicated by italics - deletions by strikeout
amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than 0.08% of the value thereof, based upon the assessment for the year immediately prior to the year in which the tax was levied and as equalized by the Department of Revenue, then the amount of the allocation for that road district shall be a percentage of the maximum allocation equal to the percentage obtained by dividing the rate extended by the district by 0.08%. In DuPage County, if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than the lesser of (i) 0.08% of the value of the taxable property in the road district, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue, or (ii) a rate that will yield an amount equal to $12,000 per mile of road under the jurisdiction of the road district, then the amount of the allocation for the road district shall be a percentage of the maximum allocation equal to the percentage obtained by dividing the rate extended by the district by the lesser of (i) 0.08% or (ii) the rate that will yield an amount equal to $12,000 per mile of road under the jurisdiction of the road district.

Prior to 2011, if any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. Beginning in 2011 and thereafter, if any road district has levied a special tax for road purposes under Sections 6-601, 6-602, and 6-603 of the Illinois Highway Code, and the tax was levied in an amount that would require extension at a rate of not less than 0.08% of the value of the taxable property of that road district, as equalized or assessed by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, that levy shall be deemed a proper compliance with this Section and shall qualify such road district for a full, rather than proportionate, allotment under this Section. If the levy for the special tax is less than 0.08% of the value of the taxable property, or, in DuPage County if the levy for the special tax is less than the lesser of (i) 0.08% or (ii)
$12,000 per mile of road under the jurisdiction of the road district, and if the levy for the special tax is more than any other levy for road and bridge purposes, then the levy for the special tax qualifies the road district for a proportionate, rather than full, allotment under this Section. If the levy for the special tax is equal to or less than any other levy for road and bridge purposes, then any allotment under this Section shall be determined by the other levy for road and bridge purposes.

Prior to 2011, if a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment or, beginning in 2011, their entitlement to a full allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment or, beginning in 2011, its entitlement to a full allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall
determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles, automated traffic law violations, and automated speed enforcement system violations.

New matter indicated by italics - deletions by strikeout
(a) Any municipality or county may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as described in this subsection, automated traffic law violations as defined in Section 11-208.6, 11-208.9, or 11-1201.1, and automated speed enforcement system violations as defined in Section 11-208.8. The administrative system shall have as its purpose the fair and efficient enforcement of municipal or county regulations through the administrative adjudication of automated speed enforcement system or automated traffic law violations and violations of municipal or county ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal or county wheel tax licenses within the municipality's or county's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of $500 or requiring the completion of a traffic education program, or both, that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal or county regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal or county wheel tax license.

(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

   (1) A traffic compliance administrator authorized to adopt, distribute and process parking, compliance, and automated speed enforcement system or automated traffic law violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances and automated speed enforcement system or automated traffic law violations, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

   (2) A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice that shall specify or include the date, time, and place of violation of a parking, standing, compliance, automated speed enforcement system, or automated traffic law regulation; the particular regulation violated; any requirement to complete a traffic education program; the fine and any penalty that may be assessed for late payment or failure to complete a required traffic education program.
program, or both, when so provided by ordinance; the vehicle make or a photograph of the vehicle; the and state registration number of the vehicle; and the identification number of the person issuing the notice. With regard to automated speed enforcement system or automated traffic law violations, vehicle make shall be specified on the automated speed enforcement system or automated traffic law violation notice if the notice does not include a photograph of the vehicle and the make is available and readily discernible. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make specified is incorrect. The violation notice shall state that the completion of any required traffic education program, the payment of any indicated fine, and the payment of any applicable penalty for late payment or failure to complete a required traffic education program, or both, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of a the parking, standing, or compliance violation notice by: (i) affixing the original or a facsimile of the notice to an unlawfully parked or standing vehicle; or (ii) by handing the notice to the operator of a vehicle if he or she is present; or (iii) mailing the notice to the address of the registered owner or lessee of the cited vehicle as recorded with the Secretary of State or the lessor of the motor vehicle within 30 days after the Secretary of State or the lessor of the motor vehicle notifies the municipality or county of the identity of the owner or lessee of the vehicle, but not later than 90 days after date of the violation, except that in the case of a lessee of a motor vehicle, service of a parking, standing, or compliance violation notice may occur no later than 210 days after the violation; and service of an automated speed enforcement system or automated traffic law violation notice by mail to the address of the registered owner or lessee of the cited vehicle as recorded with the Secretary of State or the lessor of the motor vehicle within 30 days after the Secretary of State or the lessor of the motor vehicle notifies the municipality or county of the identity of the owner or lessee of the vehicle, but not later than

90 days after the violation, except that in the case of a lessee of a motor vehicle, service of an automated traffic law violation notice may occur no later than 210 days after the violation. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. In the case of an automated traffic law violation, the ordinance shall require a determination by a technician employed or contracted by the municipality or county that, based on inspection of recorded images, the motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance. If the technician determines that the vehicle entered the intersection as part of a funeral procession or in order to yield the right-of-way to an emergency vehicle, a citation shall not be issued. In municipalities with a population of less than 1,000,000 inhabitants and counties with a population of less than 3,000,000 inhabitants, the automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation. In municipalities with a population of 1,000,000 or more inhabitants and counties with a population of 3,000,000 or more inhabitants, the automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation or by an additional fully-trained reviewing technician who is not employed by the contractor who employs the technician who made the initial determination. In the case of an automated speed enforcement system violation, the ordinance shall require a determination by a technician employed by the municipality, based upon an inspection of recorded images, video or other

documentation, including documentation of the speed limit and automated speed enforcement signage, and documentation of the inspection, calibration, and certification of the speed equipment, that the vehicle was being operated in violation of Article VI of Chapter 11 of this Code or a similar local ordinance. If the technician determines that the vehicle speed was not determined by a calibrated, certified speed equipment device based upon the speed equipment documentation, or if the vehicle was an emergency vehicle, a citation may not be issued. The automated speed enforcement ordinance shall require that all determinations by a technician that a violation occurred be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality issuing the violation or by an additional fully trained reviewing technician who is not employed by the contractor who employs the technician who made the initial determination. Routine and independent calibration of the speeds produced by automated speed enforcement systems and equipment shall be conducted annually by a qualified technician. Speeds produced by an automated speed enforcement system shall be compared with speeds produced by lidar or other independent equipment. Radar or lidar equipment shall undergo an internal validation test no less frequently than once each week. Qualified technicians shall test loop based equipment no less frequently than once a year. Radar equipment shall be checked for accuracy by a qualified technician when the unit is serviced, when unusual or suspect readings persist, or when deemed necessary by a reviewing technician. Radar equipment shall be checked with the internal frequency generator and the internal circuit test whenever the radar is turned on. Technicians must be alert for any unusual or suspect readings, and if unusual or suspect readings of a radar unit persist, that unit shall immediately be removed from service and not returned to service until it has been checked by a qualified technician and determined to be functioning properly. Documentation of the annual calibration results, including the equipment tested, test date, technician performing the test, and test results, shall be maintained and available for use in the determination of an automated speed enforcement system violation and issuance of a citation. The technician performing the calibration and testing of the automated speed enforcement equipment shall be trained and certified in the

use of equipment for speed enforcement purposes. Training on the speed enforcement equipment may be conducted by law enforcement, civilian, or manufacturer's personnel and if applicable may be equivalent to the equipment use and operations training included in the Speed Measuring Device Operator Program developed by the National Highway Traffic Safety Administration (NHTSA). The vendor or technician who performs the work shall keep accurate records on each piece of equipment the technician calibrates and tests. As used in this paragraph, "fully-trained reviewing technician" means a person who has received at least 40 hours of supervised training in subjects which shall include image inspection and interpretation, the elements necessary to prove a violation, license plate identification, and traffic safety and management. In all municipalities and counties, the automated speed enforcement system or automated traffic law ordinance shall require that no additional fee shall be charged to the alleged violator for exercising his or her right to an administrative hearing, and persons shall be given at least 25 days following an administrative hearing to pay any civil penalty imposed by a finding that Section 11-208.6, 11-208.8, 11-208.9, or 11-1201.1 or a similar local ordinance has been violated. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice issued, signed and served in accordance with this Section, a copy of the notice, or the computer generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer generated record shall be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of
this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. Persons appearing at a hearing under this Section may be represented by counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 or subsection (p) of Section 11-208.6 or 11-208.9, or subsection (p) of Section 11-208.8 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

(i) A second notice of parking, standing, or compliance violation if the first notice of the violation was issued by affixing the original or a facsimile of the notice to the unlawfully parked vehicle or by handing the notice to the operator. This notice shall specify or include the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make or a photograph of the vehicle, the and state registration number of the vehicle, any requirement to complete a traffic education program, the fine and any penalty that may be assessed for late payment or failure to complete a traffic education program, or both, when so provided by ordinance, the availability of a hearing

in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure to complete a required traffic education program, to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any incomplete traffic education program or any unpaid fine or penalty, or both, will constitute a debt due and owing the municipality or county.

(ii) A notice of final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability. This notice shall be sent following a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the incomplete traffic education program or the unpaid fine or penalty, or both, is a debt due and owing the municipality or county. The notice shall contain warnings that failure to complete any required traffic education program or to pay any fine or penalty due and owing the municipality or county, or both, within the time specified may result in the municipality's or county's filing of a petition in the Circuit Court to have the incomplete traffic education program or unpaid fine or penalty, or both, rendered a judgment as provided by this Section, or may result in suspension of the person's drivers license for failure to complete a traffic education program or to pay fines or penalties, or both, for 10 or more parking violations under Section 6-306.5, or a combination of 5 or more automated traffic law violations under Section 11-208.6 or 11-208.9 or automated speed enforcement system violations under Section 11-208.8.

This notice shall be sent to the person liable for failure to complete a required traffic education program or to pay any fine or penalty that remains due and owing, or both, on 10 or more parking violations or combination of 5 or more unpaid automated speed enforcement system or automated traffic law violations. The notice shall state that failure to complete a required traffic education program or to pay the fine or penalty owing, or both, within 45 days of the notice's date will result in the municipality or county notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality or county along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to complete the required traffic education program or to pay the fine or penalty, or both, after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. A petition to set aside a determination of liability may also be filed by a person required to complete a traffic education program. The petition shall be filed with and ruled upon by the traffic compliance administrator in the

manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already completed the required traffic education program or paid the fine or penalty, or both, for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number; or vehicle make, only if specified in the violation notice, is incorrect. After the determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality or county may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines or failure to complete required traffic education programs, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250, except as provided in subsection (c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality or county establishing vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without the completion of the required traffic education program or payment of the outstanding fines and penalties on parking, standing, compliance, automated speed enforcement system, or automated traffic law violations, or both, for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

d) Judicial review of final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

e) Any fine, penalty, incomplete traffic education program, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality or county and, as such, may be collected in accordance with applicable law. (f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, the municipality or county may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality or county from consolidating multiple final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations against a person in a proceeding. Upon commencement of the action, the municipality or county shall file a certified copy or record of the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal or county ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations does not exceed $2500. If the court is satisfied that the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation was entered in accordance with the requirements of this Section and the applicable municipal or county ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality or county and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

ARTICLE 25. COUNTY MOTOR FUEL TAX

Section 25-5. The Counties Code is amended by changing Section 5-1035.1 as follows:

(55 ILCS 5/5-1035.1) (from Ch. 34, par. 5-1035.1)
Sec. 5-1035.1. County Motor Fuel Tax Law.

(a) The county board of the counties of DuPage, Kane, Lake, Will, and McHenry may, by an ordinance or resolution adopted by an affirmative vote of a majority of the members elected or appointed to the county board, impose a tax upon all persons engaged in the county in the business of selling motor fuel, as now or hereafter defined in the Motor Fuel Tax Law, at retail for the operation of motor vehicles upon public highways or for the operation of recreational watercraft upon waterways. Kane County may exempt diesel fuel from the tax imposed pursuant to this Section. The initial tax rate may not be less than be imposed, in half-cent increments, at a rate not exceeding 4 cents per gallon of motor fuel sold at retail within the county for the purpose of use or consumption and not for the purpose of resale and may not exceed 8 cents per gallon of motor fuel sold at retail within the county for the purpose of use or consumption and not for the purpose of resale. The proceeds from the tax shall be used by the county solely for the purpose of operating, constructing and improving public highways and waterways, and acquiring real property and right-of-ways for public highways and waterways within the county imposing the tax.

(a-5) By June 1, 2020, and by June 1 of each year thereafter, the Department of Revenue shall determine an annual rate increase to take effect on July 1 of that calendar year and continue through June 30 of the next calendar year. Not later than June 1 of each year, the Department of Revenue shall publish on its website the rate that will take effect on July 1 of that calendar year. The rate shall be equal to the product of the rate in effect multiplied by the transportation fee index factor determined under Section 2e of the Motor Fuel Tax Law. The rate shall be rounded to the nearest one-tenth of a one cent. Each new rate may not exceed the rate in effect on June 30 of the previous year plus one cent.

(b) A tax imposed pursuant to this Section, and all civil penalties that may be assessed as an incident thereof, shall be administered, collected and enforced by the Illinois Department of Revenue in the same manner as the tax imposed under the Retailers’ Occupation Tax Act, as now or hereafter amended, insofar as may be practicable; except that in the event of a conflict with the provisions of this Section, this Section shall control. The Department of Revenue shall have full power: to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

(c) Whenever the Department determines that a refund shall be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Option Motor Fuel Tax Fund.

(d) The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes and penalties collected hereunder, which shall be deposited into the County Option Motor Fuel Tax Fund, a special fund in the State Treasury which is hereby created. On or before the 25th day of each calendar month, the Department shall prepare and certify to the State Comptroller the disbursement of stated sums of money to named counties for which taxpayers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected hereunder from retailers within the county during the second preceding calendar month by the Department, but not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; less 2% of the balance, which sum shall be retained by the State Treasurer to cover the costs incurred by the Department in administering and enforcing the provisions of this Section. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the Comptroller the amount so retained by the State Treasurer, which shall be transferred into the Tax Compliance and Administration Fund.

(e) A county may direct, by ordinance, that all or a portion of the taxes and penalties collected under the County Option Motor Fuel Tax
shall be deposited into the Transportation Development Partnership Trust Fund.

(f) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(g) An ordinance or resolution imposing a tax hereunder or effecting a change in the rate thereof shall be effective on the first day of the second calendar month next following the month in which the ordinance or resolution is adopted and a certified copy thereof is filed with the Department of Revenue, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county as of the effective date of the ordinance or resolution. Upon a change in rate of a tax levied hereunder, or upon the discontinuance of the tax, the county board of the county shall, on or not later than 5 days after the effective date of the ordinance or resolution discontinuing the tax or effecting a change in rate, transmit to the Department of Revenue a certified copy of the ordinance or resolution effecting the change or discontinuance.

Section 5. The State Comptroller Act is amended by changing Sections 16, 20, and 23.7 as follows:

(15 ILCS 405/16) (from Ch. 15, par. 216)

Sec. 16. Reports from State agencies. The comptroller shall prescribe the form and require the filing of quarterly fiscal reports by each State agency. Within 30 days after the end of each quarter, or at such earlier time as the comptroller by rule requires, each State agency shall file with the comptroller the report of activity for funds held outside of the State Treasury. The report shall include its receipts and collections during the preceding quarter, including receipts and collections of taxes and fees, bond proceeds, funds and fund authorizations from sources other than appropriation by the General Assembly, gifts, grants and donations, and income from revenue producing activities or property of or under the control of the agency. The report shall specify the nature, source and fair market value of any assets received, any increase or decrease in its security holdings (other than those held by the State Treasurer), and such other related information as the comptroller, by rule, requires. The report shall, consistent with the uniform State accounting system, account for all disbursements and encumbrances, transfers, and releases of encumbrances upon assets held by the State agency, except any assets held in trust for another State agency or person, and any additional accounting as may be determined by the comptroller to be necessary for his maintenance of accurate encumbrance accounts for State agencies. The report shall include a separate accounting for each revenue bond issue administered by the particular agency, and shall indicate any changes in authorized or outstanding indebtedness of the agency or of the State through the agency. This Section does not require the duplication of reports concerning security holdings and investment income of the State Treasurer which are issued by the Treasurer pursuant to law.

In addition to the quarterly reports required by this Section, each agency shall on an annual basis file a report giving that agency's best estimate of the cost of each tax expenditure related to each of the revenue sources administered by the agency. This annual report shall include the agency's best estimate of the cost of each tax expenditure including: (a) a citation of the legal authority for the tax expenditure, the year it was enacted, the fiscal year in which it first took effect, and any subsequent amendments; (b) to the extent that it can be determined, the total cost of the tax expenditure for the preceding fiscal year together with an estimate of the projected cost for the next succeeding fiscal year along with a

description of the methodology used to determine or estimate the cost of the tax expenditure; and (c) an assessment of the impact of the tax expenditure on the incidence of the tax in terms of the relative shares of revenue received under the provisions of the tax expenditure and the revenue that would have been received had the tax expenditure not been in effect. For purposes of this Act, the term "tax expenditure" means any tax incentive authorized by law that by exemption, exclusion, deduction, allowance, credit, preferential tax rate, abatement, or other device reduces the amount of tax revenues that would otherwise accrue to the State.

If the agency does not have a chief legal counsel or
a chief fiscal officer, the chief executive officer of the agency shall designate in writing a senior executive as the individual responsible for signature or approval.

(2) No document identified in paragraph (1) may be filed with the Comptroller, nor may any authorization for payment pursuant to such documents be filed with the Comptroller, if the required signatures or approvals are lacking.

(3) Any person who, with knowledge the signatures or approvals required in paragraph (1) are lacking, either files or directs another to file documents or payment authorizations in violation of paragraph (2) shall be subject to discipline up to and including discharge.

accordance with the rules of the Comptroller, which may provide for summary reporting. The Department of Revenue is exempt from the provisions of this subsection with regard to debts the confidentiality of which the Department of Revenue is required by law to maintain.

(c) The rules of the Comptroller authorized by this Section may specify varying procedures and forms of reporting dependent upon the nature and amount of the account receivable or uncollectible claim, the age of the debt, the probability of collection and such other factors that will increase the net benefit to the State of the collection effort.

(d) The Comptroller shall report annually by March 14, to the Governor and the General Assembly, the amount of all delinquent debt owed to each State agency as of December 31 of the previous calendar year. The report required under this subsection (d) shall be made available on the Comptroller's website.

Section 20. The Counties Code is amended by adding Section 3-2014 as follows:

(55 ILCS 5/3-2014 new)
Sec. 3-2014. Local government and school district registry. Within 60 days following the creation or dissolution of a unit of local government or school district, each county clerk shall provide to the Comptroller information for the registry required under Section 23.7 of the State Comptroller Act in a manner prescribed by the Comptroller.

Section 25. The Illinois Pre-Need Cemetery Sales Act is amended by changing Section 22 as follows:

(815 ILCS 390/22) (from Ch. 21, par. 222)
Sec. 22. Cemetery Consumer Protection Fund.
(a) Every seller engaging in pre-need sales shall pay to the Comptroller $5 for each said contract entered into, to be paid into a special income earning fund hereby created in the State Treasury, known as the Cemetery Consumer Protection Fund. The above said fees shall be remitted to the Comptroller semi-annually within 30 days after the end of June and December for all contracts that have been entered in such 6 month period.

(b) All monies paid into the fund together with all accumulated undistributed income thereon shall be held as a special fund in the State Treasury. The fund shall be used solely for the purpose of providing restitution to consumers who have suffered pecuniary loss arising out of pre-need sales, to help pay expenses of cemeteries or mausoleums in court-

ordered receivership, or to satisfy Receiver's fees ordered by the Circuit Court prior to June 30, 2004.

(c) Restitution or reimbursement for pre-need merchandise or services shall not exceed the reasonable average regional cost of the contracted merchandise at current prices. The fund shall be applied only to restitution or completion of the project or delivery of the merchandise or services, where such has been ordered by the Circuit Court in a lawsuit brought under this Act by the Attorney General of the State of Illinois on behalf of the Comptroller and in which it has been determined by the Court that the obligation is non-collectible from the judgment debtor. Restitution shall not exceed the amount of the sales price paid plus interest at the statutory rate. The fund shall not be used for the payment of any attorney or other fees.

(d) Whenever restitution is paid by the fund, the fund shall be subrogated to the amount of such restitution, and the Comptroller shall request the Attorney General to engage in all reasonable post judgment collection steps to collect said restitution from the judgment debtor and reimburse the fund.

(e) (Blank). The fund shall not be applied toward any restitution for losses in any lawsuit initiated by the Attorney General or Comptroller or with respect to any claim made on pre-need sales which occurred prior to the effective date of this Act.

(f) The fund may not be allocated for any purpose other than that specified in this Act.

(g) Notwithstanding any other provision of this Section, the payment of restitution from the fund shall be a matter of grace and not of right and no purchaser shall have any vested rights in the fund as a beneficiary or otherwise. Prior to seeking restitution from the fund, a purchaser or beneficiary seeking payment of restitution shall apply for restitution on a form provided by the Comptroller. The form shall include any information the Comptroller may reasonably require in order for the Court to determine that restitution or reimbursement for completion of the project or delivery of merchandise or service is appropriate.

(h) Annually, the status of the fund shall be reviewed by the Comptroller, and if she or he determines that the fund together with all accumulated income earned thereon, equals or exceeds $10,000,000 and that the total number of outstanding claims filed against the fund is less than 10% of the fund's current balance, then payments to the fund
pursuant to subsection (a) of this Section shall be suspended until such time as the fund's balance drops below $10,000,000 or the total number of outstanding claims filed against the fund is more than 10% of the fund's current balance, but on such suspension, the fund shall not be considered inactive.

(20 ILCS 1605/7.12)
(Section scheduled to be repealed on July 1, 2019)

(1) the consumer market in Illinois has changed since the creation of the Illinois State Lottery in 1974;

(3) the current practices of selling lottery tickets does not appeal to the new form of market participants who prefer to make purchases on the Internet at their own convenience.

It is the intent of the General Assembly to create an Internet program for the sale of lottery tickets to capture this new form of market participant.

(b) The Department shall create a program that allows an individual 18 years of age or older to purchase lottery tickets or shares on the Internet without using a Lottery retailer with on-line status, as those terms are defined by rule. The Department shall restrict the sale of lottery tickets on the Internet to transactions initiated and received or otherwise made exclusively within the State of Illinois. The Department shall adopt rules necessary for the administration of this program. These rules shall include, among other things, requirements for marketing of the Lottery to infrequent players, as well as limitations on the purchases that may be made through any one individual's lottery account. The provisions of this Act and the rules adopted under this Act shall apply to the sale of lottery tickets or shares under this program.

Before beginning the program, the Department of the Lottery must submit a request to the United States Department of Justice for review of the State's plan to implement a program for the sale of lottery tickets on the Internet and its propriety under federal law. The Department shall implement the Internet program only if the Department of Justice does not object to the implementation of the program within a reasonable period of time after its review.

The Department is obligated to implement the program set forth in this Section and Sections 7.15 and 7.16. The Department may offer Lotto, Lucky Day Lotto, Mega Millions, Powerball, Pick 3, Pick 4, and other draw games that are offered at retail locations through the Internet program. The private manager shall obtain the Director's approval before providing any draw games. Any draw game tickets that are approved for sale by lottery licensees are automatically approved for sale through the Internet program. The Department shall maintain responsible gaming controls in its policies. only at such time, and to such extent, that the Department of Justice does not object to the implementation of the program within a reasonable period of time after its review. While the Illinois Lottery may only offer Lotto, Mega Millions, and Powerball games through the program, the Department shall request review from the federal Department of Justice for the Illinois Lottery to sell lottery tickets on the

Internet on behalf of the State of Illinois that are not limited to just these games.

The Department shall authorize the private manager to implement and administer the program pursuant to the management agreement entered into under Section 9.1 and in a manner consistent with the provisions of this Section. If a private manager has not been selected pursuant to Section 9.1 at the time the Department is obligated to implement the program, then the Department shall not proceed with the program until after the selection of the private manager, at which time the Department shall authorize the private manager to implement and administer the program pursuant to the management agreement entered into under Section 9.1 and in a manner consistent with the provisions of this Section.

Nothing in this Section shall be construed as prohibiting the Department from implementing and operating a website portal whereby individuals who are 18 years of age or older with an Illinois mailing address may apply to purchase lottery tickets via subscription. Nothing in this Section shall also be construed as prohibiting the *Lottery draw game tickets authorized for sale through the Internet program under this Section from also continuing to be sold at retail locations* sale of Lotto, Mega Millions, and Powerball games by a lottery licensee pursuant to the Department's rules.

   (2) "Indigent person" means any person who meets one or more of the following criteria:
      (i) He or she is receiving assistance under one or more of the following public benefits programs: Supplemental Security Income (SSI), Aid to the Aged, Blind and Disabled (AABD), Temporary Assistance for Needy Families (TANF), Food Stamps, General Assistance, Transitional Assistance, or State Children and Family Assistance.
      (ii) His or her available income is 125% or less of the current poverty level as established by the United States Department of Health and Human Services, unless the applicant's assets that are not exempt under Part 9 or 10 of Article XII of this Code are of a nature and value that the court determines that the applicant is able to pay the fees, costs, and charges.

New matter indicated by italics - deletions by strikeout
(iii) He or she is, in the discretion of the court, unable to proceed in an action without payment of fees, costs, and charges and whose payment of those fees, costs, and charges would result in substantial hardship to the person or his or her family.

(iv) He or she is an indigent person pursuant to Section 5-105.5 of this Code.

(b) On the application of any person, before, or after the commencement of an action, a court, on finding that the applicant is an indigent person, shall grant the applicant leave to sue or defend the action without payment of the fees, costs, and charges of the action.

(c) An application for leave to sue or defend an action as an indigent person shall be in writing and supported by the affidavit of the applicant or, if the applicant is a minor or an incompetent adult, by the affidavit of another person having knowledge of the facts. The contents of the affidavit shall be established by Supreme Court Rule. The court shall provide, through the office of the clerk of the court, simplified forms consistent with the requirements of this Section and applicable Supreme Court Rules to any person seeking to sue or defend an action who indicates an inability to pay the fees, costs, and charges of the action. The application and supporting affidavit may be incorporated into one simplified form. The clerk of the court shall post in a conspicuous place in the courthouse a notice no smaller than 8.5 x 11 inches, using no smaller than 30-point typeface printed in English and in Spanish, advising the public that they may ask the court for permission to sue or defend a civil action without payment of fees, costs, and charges. If the court finds that the applicant is an indigent person, the court shall enter an order permitting the applicant to sue or defend without payment of fees, costs, or charges. If the application is denied, the court shall enter an order to that effect stating the specific reasons for the denial. The clerk of the court shall promptly mail or deliver a copy of the order to the applicant.

New matter indicated by italics - deletions by strikeout
(e) The clerk of the court shall not refuse to accept and file any complaint, appearance, or other paper presented by the applicant if accompanied by an application to sue or defend in forma pauperis, and those papers shall be considered filed on the date the application is presented. If the application is denied, the order shall state a date certain by which the necessary fees, costs, and charges must be paid. The court, for good cause shown, may allow an applicant whose application is denied to defer payment of fees, costs, and charges, make installment payments, or make payment upon reasonable terms and conditions stated in the order. The court may dismiss the claims or defenses of any party failing to pay the fees, costs, or charges within the time and in the manner ordered by the court. A determination concerning an application to sue or defend in forma pauperis shall not be construed as a ruling on the merits.

(f) The court may order an indigent person to pay all or a portion of the fees, costs, or charges waived pursuant to this Section out of moneys recovered by the indigent person pursuant to a judgment or settlement resulting from the civil action. However, nothing in this Section shall be construed to limit the authority of a court to order another party to the action to pay the fees, costs, or charges of the action.

(g) A court, in its discretion, may appoint counsel to represent an indigent person, and that counsel shall perform his or her duties without fees, charges, or reward.

(i) the court shall waive 75% of all fees, costs, and charges if the available income of the applicant is greater than 125% but does not exceed 150% of the poverty level, unless the assets of the applicant that are not exempt under Part 9 or 10 of Article XII of this Code are such that the applicant is able, without undue hardship, to pay a greater portion of the fees, costs, and charges;

(3) income received from the applicant's pension, Social Security benefits, unemployment benefits, and other sources;

(c-5) The court shall provide, through the office of the clerk of the court, the application for waiver of court fees, costs, and charges to any person seeking to sue or defend an action who indicates an inability to pay the fees, costs, and charges of the action. For good cause shown, the court may allow an applicant who receives a partial fees, costs, and charges waiver to defer payment of fees, costs, and charges, make installment payments, or make payment upon reasonable terms and

conditions stated in the order. The court may dismiss the claims or strike the defenses of any party failing to pay the fees, costs, and charges within the time and in the manner ordered by the court. A judicial ruling on an application for waiver of court assessments does not constitute a decision of a substantial issue in the case under Section 2-1001 of this Code.

(f) The order granting a full or partial fees, costs, and charges waiver shall expire after one year. Upon expiration of the waiver, or a reasonable period of time before expiration, the party whose fees, costs, and charges were waived may file another application for waiver and the court shall consider the application in accordance with the applicable Supreme Court Rule.

(f-5) If, before or at the time of final disposition of the case, the court obtains information, including information from the court file, suggesting that a person whose fees, costs, and charges were initially waived was not entitled to a full or partial waiver at the time of application, the court may require the person to appear at a court hearing by giving the applicant no less than 10 days' written notice of the hearing and the specific reasons why the initial waiver might be reconsidered. The court may require the applicant to provide reasonably available evidence, including financial information, to support his or her eligibility for the waiver, but the court shall not require submission of information that is unrelated to the criteria for eligibility and application requirements set forth in subdivision (b)(1) or (b)(2) of this Section. If the court finds that the person was not initially entitled to any waiver, the person shall pay all fees, costs, and charges relating to the civil action, including any previously waived fees, costs, and charges. The order may state terms of payment in accordance with subsection (e). The court shall not conduct a hearing under this subsection more often than once every 6 months.

(f-10) If, before or at the time of final disposition of the case, the court obtains information, including information from the court file, suggesting that a person who received a full or partial waiver has experienced a change in financial condition so that he or she is no longer eligible for that waiver, the court may require the person to appear at a court hearing by giving the applicant no less than 10 days' written notice of the hearing and the specific reasons why the waiver might be reconsidered. The court may require the person to provide reasonably available evidence, including financial information, to support his or her continued eligibility for the waiver, but shall not require submission of information that is unrelated to the criteria for eligibility and application requirements set forth in subdivision (b)(1) or (b)(2) of this Section.
forth in subdivisions (b)(1) and (b)(2) of this Section. If the court enters an order finding that the person is no longer entitled to a waiver, or is entitled to a partial waiver different than that which the person had previously received, the person shall pay the requisite fees, costs, and charges from the date of the order going forward. The order may state terms of payment in accordance with subsection (e) of this Section. The court shall not conduct a hearing under this subsection more often than once every 6 months.

(g) A court, in its discretion, may appoint counsel to represent an indigent person, and that counsel shall perform his or her duties without fees, charges, or reward.

(h) Nothing in this Section shall be construed to affect the right of a party to sue or defend an action in forma pauperis without the payment of fees, costs, charges, or the right of a party to court-appointed counsel, as authorized by any other provision of law or by the rules of the Illinois Supreme Court. Nothing in this Section shall be construed to limit the authority of a court to order another party to the action to pay the fees, costs, and charges of the action.

(h-5) If a party is represented by a civil legal services provider or an attorney in a court-sponsored pro bono program as defined in Section 5-105.5 of this Code, the attorney representing that party shall file a certification with the court in accordance with Supreme Court Rule 298 and that party shall be allowed to sue or defend without payment of fees, costs, and charges without filing an application under this Section.

(h-10) *(Blank).* If an attorney files an appearance on behalf of a person whose fees, costs, and charges were initially waived under this Section, the attorney must pay all fees, costs, and charges relating to the civil action, including any previously waived fees, costs, and charges, unless the attorney is either a civil legal services provider, representing his or her client as part of a court-sponsored pro bono program as defined in Section 5-105.1 of this Code, or appearing under a limited scope appearance in accordance with Supreme Court Rule 13(c)(6).

PUBLIC ACT 101-0037
(House Bill No. 2577)

AN ACT concerning liquor.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Liquor Control Act of 1934 is amended by changing Sections 3-4, 3-12, 8-2, 10-1, and 10-7.1 as follows:

(235 ILCS 5/3-4) (from Ch. 43, par. 100)

Sec. 3-4. Authority to conduct investigations. The State Commission shall obtain, pursuant to the provisions of the "Personnel Code" enacted by the 69th General Assembly, such inspectors, clerks, and other employees as may be necessary to carry out the provisions of this Act, or to perform the duties and exercise the powers conferred by law upon the State Commission. The inspectors obtained by the State Commission shall not be peace officers and shall not exercise any powers of a peace officer.

The State Commission shall have the power to appoint investigators to conduct investigations, searches, seizures, arrests, and other duties required to enforce the provisions of this Act, on behalf of the State Commission, and to ensure the health, safety, and welfare of the People of the State of Illinois. The Commission's investigators are peace officers and have all the powers possessed by police officers in cities and by sheriffs. State Commission investigators may exercise these powers throughout the State whenever enforcing the provisions of this Act, subject to the rules and orders of the State Commission. No State Commission investigator may have peace officer status or may exercise police powers unless: (1) he or she successfully completes the basic police training course mandated and approved by the Illinois Law Enforcement Training Standards Board; or (2) the Illinois Law Enforcement Training Standards Board;
Board waives the training requirement by reason of the investigator's prior law enforcement experience, training, or both.

The Executive Director must authorize to each investigator of the State Commission and to any other employee of the Department exercising the powers of a peace officer a distinct badge that, on its face: (1) clearly states that the badge is authorized by the State Commission; and (2) contains a unique identifying number. No other badge shall be authorized by the State Commission. Nothing in this Section prohibits the Executive Director from issuing shields or other distinctive identification to employees performing security or regulatory duties who are not peace officers if the Executive Director determines that a shield or distinctive identification is needed by the employee to carry out his or her responsibilities.

   (1) To receive applications and to issue licenses to manufacturers, foreign importers, importing distributors, distributors, non-resident dealers, on premise consumption retailers, off premise sale retailers, special event retailer licensees, special use permit licenses, auction liquor licenses, brew pubs, caterer retailers, non-beverage users, railroads, including owners and lessees of sleeping, dining and cafe cars, airplanes, boats, brokers, and wine maker's premises licensees in accordance with the provisions of this Act, and to suspend or revoke such licenses upon the State Commission's determination, upon notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation. Except in the case of an action taken pursuant to a violation of Section 6-3, 6-5, or 6-9, any action by the State Commission to suspend or revoke a licensee's license may be limited to the license for the specific premises where the violation occurred. An action for a violation of this Act shall be commenced by the State Commission within 2 years after the date the State Commission becomes aware of the violation.

   In lieu of suspending or revoking a license, the commission may impose a fine, upon the State Commission's determination and

notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation.

For the purpose of this paragraph (1), when determining multiple violations for the sale of alcohol to a person under the age of 21, a second or subsequent violation for the sale of alcohol to a person under the age of 21 shall only be considered if it was committed within 5 years after the date when a prior violation for the sale of alcohol to a person under the age of 21 was committed.

The fine imposed under this paragraph may not exceed $500 for each violation. Each day that the activity, which gave rise to the original fine, continues is a separate violation. The maximum fine that may be levied against any licensee, for the period of the license, shall not exceed $20,000. The maximum penalty that may be imposed on a licensee for selling a bottle of alcoholic liquor with a foreign object in it or serving from a bottle of alcoholic liquor with a foreign object in it shall be the destruction of that bottle of alcoholic liquor for the first 10 bottles so sold or served from by the licensee. For the eleventh bottle of alcoholic liquor and for each third bottle thereafter sold or served from by the licensee with a foreign object in it, the maximum penalty that may be imposed on the licensee is the destruction of the bottle of alcoholic liquor and a fine of up to $50.

Any notice issued by the State Commission to a licensee for a violation of this Act or any notice with respect to settlement or offer in compromise shall include the field report, photographs, and any other supporting documentation necessary to reasonably inform the licensee of the nature and extent of the violation or the conduct alleged to have occurred. The failure to include such required documentation shall result in the dismissal of the action.

(2) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary to carry on its functions and duties to the end that the health, safety and welfare of the People of the State of Illinois shall be protected and temperance in the consumption of alcoholic liquors shall be fostered and promoted and to distribute copies of such rules and regulations to all licensees affected thereby.

"Private areas" include, but are not limited to, safes, personal property, and closed desks.

(5.1) Upon receipt of a complaint or upon having knowledge that any person is engaged in business as a manufacturer, importing distributor, distributor, or retailer without a license or valid license, to conduct an investigation. complaints shall be in writing, signed and sworn to by the person making the complaint, and shall state with specificity the facts in relation to the alleged violation. If the State Commission has reasonable grounds to believe that the complaint substantially alleges a violation of this Act or rules and regulations adopted pursuant to this Act, it shall conduct an investigation. If, after conducting an investigation, the State Commission is satisfied that the alleged violation did occur, it shall proceed with disciplinary action against the licensee as provided in this Act.

(5.4) To make arrests and issue notices of civil violations where necessary for the enforcement of this Act.

(5.5) To investigate any and all unlicensed activity.

(5.6) To impose civil penalties or fines to any person who, without holding a valid license, engages in conduct that requires a license pursuant to this Act, in an amount not to exceed $20,000 for each offense as determined by the State Commission. A civil penalty shall be assessed by the State Commission after a hearing is held in accordance with the provisions set forth in this Act regarding the provision of a hearing for the revocation or suspension of a license.

(6) To hear and determine appeals from orders of a local commission in accordance with the provisions of this Act, as hereinafter set forth. Hearings under this subsection shall be held in Springfield or Chicago, at whichever location is the more convenient for the majority of persons who are parties to the hearing.

As part of its report, the State Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.

(B) The amount of licensing fees received.

(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.

(D) The number of alcohol compliance operations conducted.

(E) The number of winery shipper's licenses issued.

(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the State Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The State Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17)(A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The State Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.
(D) A self-distribution exemption holder shall annually certify to the State Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or Public Act 95-634 or a bona fide investigation by duly sworn law enforcement officials, the State Commission, or its agents, the State Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The State Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this paragraph subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this paragraph subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18)(A) A class 1 brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons of the exemption holder's beer per year to retail licensees and to
brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, or both beer and cider to non-licensees at their breweries.

(B) In the application, which shall be sworn under penalty of perjury, the class 1 brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days prior to action by the State Commission. The State Commission shall approve the application for a self-distribution exemption if the class 1 brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufactures more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of beer; (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees or to brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, or both beer and cider to non-licensees at their breweries; and (5) has relinquished any brew pub license held by the licensee, including any ownership interest it held in the licensed brew pub.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The State Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.
(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 90-739 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of Public Act 90-739;

(ii) the amount of licensing fees received as a result of Public Act 90-739;

(iii) the number of reported violations, the number of cease and desist notices issued by the Commission, the number of notices of violations issued to the Department of Revenue, and the number of notices and complaints of violations to law enforcement officials.

Sec. 8-2. Payments; reports. It is the duty of each manufacturer with respect to alcoholic liquor produced or imported by such manufacturer, or purchased tax-free by such manufacturer from another manufacturer or importing distributor, and of each importing distributor as
to alcoholic liquor purchased by such importing distributor from foreign importers or from anyone from any point in the United States outside of this State or purchased tax-free from another manufacturer or importing distributor, to pay the tax imposed by Section 8-1 to the Department of Revenue on or before the 15th day of the calendar month following the calendar month in which such alcoholic liquor is sold or used by such manufacturer or by such importing distributor other than in an authorized tax-free manner or to pay that tax electronically as provided in this Section.

Each manufacturer and each importing distributor shall make payment under one of the following methods: (1) on or before the 15th day of each calendar month, file in person or by United States first-class mail, postage pre-paid, with the Department of Revenue, on forms prescribed and furnished by the Department, a report in writing in such form as may be required by the Department in order to compute, and assure the accuracy of, the tax due on all taxable sales and uses of alcoholic liquor occurring during the preceding month. Payment of the tax in the amount disclosed by the report shall accompany the report or, (2) on or before the 15th day of each calendar month, electronically file with the Department of Revenue, on forms prescribed and furnished by the Department, an electronic report in such form as may be required by the Department in order to compute, and assure the accuracy of, the tax due on all taxable sales and uses of alcoholic liquor occurring during the preceding month. An electronic payment of the tax in the amount disclosed by the report shall accompany the report. A manufacturer or distributor who files an electronic report and electronically pays the tax imposed pursuant to Section 8-1 to the Department of Revenue on or before the 15th day of the calendar month following the calendar month in which such alcoholic liquor is sold or used by that manufacturer or importing distributor other than in an authorized tax-free manner shall pay to the Department the amount of the tax imposed pursuant to Section 8-1, less a discount which is allowed to reimburse the manufacturer or importing distributor for the expenses incurred in keeping and maintaining records, preparing and filing the electronic returns, remitting the tax, and supplying data to the Department upon request.

The discount shall be in an amount as follows:

(1) For original returns due on or after January 1, 2003 through September 30, 2003, the discount shall be 1.75% or $1,250 per return, whichever is less;

New matter indicated by italics - deletions by strikeout
(2) For original returns due on or after October 1, 2003 through September 30, 2004, the discount shall be 2% or $3,000 per return, whichever is less; and

(3) For original returns due on or after October 1, 2004, the discount shall be 2% or $2,000 per return, whichever is less.

The Department may, if it deems it necessary in order to insure the payment of the tax imposed by this Article, require returns to be made more frequently than and covering periods of less than a month. Such return shall contain such further information as the Department may reasonably require.

It shall be presumed that all alcoholic liquors acquired or made by any importing distributor or manufacturer have been sold or used by him in this State and are the basis for the tax imposed by this Article unless proven, to the satisfaction of the Department, that such alcoholic liquors are (1) still in the possession of such importing distributor or manufacturer, or (2) prior to the termination of possession have been lost by theft or through unintentional destruction, or (3) that such alcoholic liquors are otherwise exempt from taxation under this Act.

If any payment provided for in this Section exceeds the manufacturer's or importing distributor's liabilities under this Act, as shown on an original report, the manufacturer or importing distributor may credit such excess payment against liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules adopted by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the manufacturer or importing distributor, the manufacturer's or importing distributor's discount shall be reduced by an amount equal to the difference between the discount as applied to the credit taken and that actually due, and the manufacturer or importing distributor shall be liable for penalties and interest on such difference.

The Department may require any foreign importer to file monthly information returns, by the 15th day of the month following the month which any such return covers, if the Department determines this to be necessary to the proper performance of the Department's functions and duties under this Act. Such return shall contain such information as the Department may reasonably require.

Every manufacturer and importing distributor, except for a manufacturer or importing distributor that in the preceding year had less than $50,000 of tax liability under this Article, shall also file, with the
Department, a bond in an amount not less than $1,000 and not to exceed $100,000 on a form to be approved by, and with a surety or sureties satisfactory to, the Department. Such bond shall be conditioned upon the manufacturer or importing distributor paying to the Department all monies becoming due from such manufacturer or importing distributor under this Article. The Department shall fix the penalty of such bond in each case, taking into consideration the amount of alcoholic liquor expected to be sold and used by such manufacturer or importing distributor, and the penalty fixed by the Department shall be sufficient, in the Department's opinion, to protect the State of Illinois against failure to pay any amount due under this Article, but the amount of the penalty fixed by the Department shall not exceed twice the amount of tax liability of a monthly return, nor shall the amount of such penalty be less than $1,000. The Department shall notify the State Commission of the Department's approval or disapproval of any such manufacturer's or importing distributor's bond, or of the termination or cancellation of any such bond, or of the Department's direction to a manufacturer or importing distributor that he must file additional bond in order to comply with this Section. The Commission shall not issue a license to any applicant for a manufacturer's or importing distributor's license unless the Commission has received a notification from the Department showing that such applicant has filed a satisfactory bond with the Department hereunder and that such bond has been approved by the Department. Failure by any licensed manufacturer or importing distributor to keep a satisfactory bond in effect with the Department or to furnish additional bond to the Department, when required hereunder by the Department to do so, shall be grounds for the revocation or suspension of such manufacturer's or importing distributor's license by the Commission. If a manufacturer or importing distributor fails to pay any amount due under this Article, his bond with the Department shall be deemed forfeited, and the Department may institute a suit in its own name on such bond.

After notice and opportunity for a hearing the State Commission may revoke or suspend the license of any manufacturer or importing distributor who fails to comply with the provisions of this Section. Notice of such hearing and the time and place thereof shall be in writing and shall contain a statement of the charges against the licensee. Such notice may be given by United States registered or certified mail with return receipt requested, addressed to the person concerned at his last known address and shall be given not less than 7 days prior to the date fixed for the hearing.
An order revoking or suspending a license under the provisions of this Section may be reviewed in the manner provided in Section 7-10 of this Act. No new license shall be granted to a person whose license has been revoked for a violation of this Section or, in case of suspension, shall such suspension be terminated until he has paid to the Department all taxes and penalties which he owes the State under the provisions of this Act.

Every manufacturer or importing distributor who has, as verified by the Department, continuously complied with the conditions of the bond under this Act for a period of 2 years shall be considered to be a prior continuous compliance taxpayer. In determining the consecutive period of time for qualification as a prior continuous compliance taxpayer, any consecutive period of time of qualifying compliance immediately prior to the effective date of this amendatory Act of 1987 shall be credited to any manufacturer or importing distributor.

A manufacturer or importing distributor that is a prior continuous compliance taxpayer under this Section and becomes a successor as the result of an acquisition, merger, or consolidation of a manufacturer or importing distributor shall be deemed to be a prior continuous compliance taxpayer with respect to the acquired, merged, or consolidated entity.

Every prior continuous compliance taxpayer shall be exempt from the bond requirements of this Act until the Department has determined the taxpayer to be delinquent in the filing of any return or deficient in the payment of any tax under this Act. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

The Department shall discharge any surety and shall release and return any bond or security deposit assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after: (1) such taxpayer becomes a prior continuous compliance taxpayer; or (2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act.

PUBLIC ACT 101-0038
(House Bill No. 0001)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Task Force on Infant and Maternal Mortality Among African Americans Act.

Section 5. Findings. Based upon an April 11, 2018 New York Times article on "Why America's Black Mothers and Babies Are in a Life-or-Death Crisis", the General Assembly finds the following:

(1) From 1915 through the 1990s, amid vast improvements in hygiene, nutrition, living conditions and health care, the number of babies of all races who died in the first year of life dropped by over 90% — a decrease unparalleled by reductions in other causes

New matter indicated by italics - deletions by strikeout
of death. But that national decline in infant mortality has since slowed. In 1960, the United States was ranked 12th among developed countries in infant mortality. Since then, with its rate largely driven by the deaths of black babies, the United States has fallen behind and now ranks 32nd out of the 35 wealthiest nations. Low birth weight is a key factor in infant death, and a new report released in March by the Robert Wood Johnson Foundation and the University of Wisconsin suggests that the number of low-birthweight babies born in the United States — also driven by the data for black babies — has inched up for the first time in a decade.

(2) Black infants in America are now more than twice as likely to die as white infants — 11.3 per 1,000 black babies, compared with 4.9 per 1,000 white babies, according to the most recent government data — a racial disparity that is actually wider than in 1850, 15 years before the end of slavery, when most black women were considered chattel. In one year, that racial gap adds up to more than 4,000 lost black babies. Education and income offer little protection. In fact, a black woman with an advanced degree is more likely to lose her baby than a white woman with less than an eighth-grade education.

(3) This tragedy of black infant mortality is intimately intertwined with another tragedy: a crisis of death and near death in black mothers themselves. The United States is one of only 13 countries in the world where the rate of maternal mortality — the death of a woman related to pregnancy or childbirth up to a year after the end of pregnancy — is now worse than it was 25 years ago. Each year, an estimated 700 to 900 maternal deaths occur in the United States. In addition, the Centers for Disease Control and Prevention reports more than 50,000 potentially preventable near-deaths per year — a number that rose nearly 200% from 1993 to 2014, the last year for which statistics are available. Black women are 3 to 4 times as likely to die from pregnancy-related causes as their white counterparts, according to the Centers for Disease Control and Prevention — a disproportionate rate that is higher than that of Mexico, where nearly half the population lives in poverty — and as with infants, the high numbers for black women drive the national numbers.

(4) In her 2014 testimony before the United Nations Committee on the Elimination of Racial Discrimination, Monica New matter indicated by italics - deletions by strikeout
Simpson, the Executive Director of SisterSong, the country's largest organization dedicated to reproductive justice for women of color, testified that the United States, by failing to address the crisis in black maternal mortality, was violating an international human rights treaty. Following this testimony, the committee called on the United States to "eliminate racial disparities in the field of sexual and reproductive health and standardize the data-collection system on maternal and infant deaths in all states to effectively identify and address the causes of disparities in maternal and infant-mortality rates". No such measures have been forthcoming. Only about half the states and a few cities maintain maternal-mortality review boards to analyze individual cases of pregnancy-related deaths. There has not been an official federal count of deaths related to pregnancy in more than 10 years. An effort to standardize the national count has been financed in part by contributions from Merck for Mothers, a program of the pharmaceutical company, to the CDC Foundation.

(5) The crisis of maternal death and near-death also persists for black women across class lines.

(6) The reasons for the black-white divide in both infant and maternal mortality have been debated by researchers and doctors for more than 2 decades. But recently there has been growing acceptance of what has largely been, for the medical establishment, a shocking idea: for black women in America, an inescapable atmosphere of societal and systemic racism can create a kind of toxic physiological stress, resulting in conditions — including hypertension and pre-eclampsia — that lead directly to higher rates of infant and maternal death. And that societal racism is further expressed in a pervasive, longstanding racial bias in health care — including the dismissal of legitimate concerns and symptoms — that can help explain poor birth outcomes even in the case of black women with the most advantages.

(7) Science has refuted the theory that high rates of infant death in American black women has a genetic component. A 1997 study published by 2 Chicago neonatologists, Richard David and James Collins, in The New England Journal of Medicine found that babies born to new immigrants from impoverished West African nations weighed more than their black American-born counterparts and were similar in size to white babies, and were

New matter indicated by italics - deletions by strikeout
more likely to be born full term, which lowers the risk of death. In 2002, the same researchers further found that the daughters of African and Caribbean immigrants who grew up in the United States went on to have babies who were smaller than their mothers had been at birth, while the grandchildren of white European women actually weighed more than their mothers had at birth. It took just one generation for the American black-white disparity to manifest.

(8) Though it seemed radical 25 years ago, few in the field now dispute that the black-white disparity in the deaths of babies is related not to the genetics of race but to the lived experience of race in this country. In 2007, Richard David and James Collins published an even more thorough examination of race and infant mortality in the American Journal of Public Health, again dispelling the notion of some sort of gene that would predispose black women to preterm birth or low birth weight. Based upon his years of research and study on the subject, David, a professor of pediatrics at the University of Illinois-Chicago, stated that for "black women...something about growing up in America seems to be bad for your baby's birth weight".

(9) People of color, particularly black people, are treated differently the moment they enter the health care system. In 2002, the groundbreaking report "Unequal Treatment: Confronting Racial and Ethnic Disparities in Health Care", published by a division of the National Academy of Sciences, took an exhaustive plunge into 100 previous studies, careful to decouple class from race, by comparing subjects with similar income and insurance coverage. The researchers found that people of color were less likely to be given appropriate medications for heart disease, or to undergo coronary bypass surgery, and received kidney dialysis and transplants less frequently than white people, which resulted in higher death rates. Black people were 3.6 times as likely as white people to have their legs and feet amputated as a result of diabetes, even when all other factors were equal. One study analyzed in the report found that cesarean sections were 40% more likely among black women compared with white women.

(10) In 2016, a study by researchers at the University of Virginia examined why African-American patients receive inadequate treatment for pain not only compared with white

New matter indicated by italics - deletions by strikeout
patients but also relative to World Health Organization guidelines. The study found that white medical students and residents often believed incorrect and sometimes "fantastical" biological fallacies about racial differences in patients. For example, many thought, falsely, that blacks have less-sensitive nerve endings than whites, that black people's blood coagulates more quickly and that black skin is thicker than white. For these assumptions, researchers blamed not individual prejudice but deeply ingrained unconscious stereotypes about people of color, as well as physicians' difficulty in empathizing with patients whose experiences differ from their own. In specific research regarding childbirth, the Listening to Mothers Survey III found that one in five black and Hispanic women reported poor treatment from hospital staff because of race, ethnicity, cultural background or language, compared with 8% of white mothers.

(11) Researchers have worked to connect the dots between racial bias and unequal treatment in the health care system and maternal and infant mortality; however, based upon the preceding findings, it is clear that more must be done, and the General Assembly finds that a Task Force is necessary to work to establish best practices to decrease infant and maternal mortality among African Americans in Illinois.

(a) There is hereby created the Task Force on Infant and Maternal Mortality Among African Americans to work to establish best practices to decrease infant and maternal mortality among African Americans in Illinois.

(b) The Task Force shall consist of the following members:

(1) the Director of Public Health, or his or her designee;
(2) the Director of Healthcare and Family Services, or his or her designee;
(3) the Secretary of Human Services, or his or her designee;
(4) two medical providers who focus on infant and community health appointed by the Director of Public Health;
(5) two obstetrics and gynecology (OB-GYN) specialists appointed by the Director of Public Health;
(6) two doulas appointed by the Director of Public Health.

For the purposes of this paragraph (6), "doula" means a
professional trained in childbirth who provides emotional, physical, and educational support to a mother who is expecting, is experiencing labor, or has recently given birth;

(7) two nurses appointed by the Director of Public Health;

(8) two certified nurse midwives appointed by the Director of Public Health;

(9) four community experts on maternal and infant health appointed by the Director of Public Health;

(10) one representative from hospital leadership appointed by the Director of Public Health;

(11) one representative from a health insurance company appointed by the Director of Public Health;

(12) one African American woman of childbearing age who has experienced a traumatic pregnancy, which may or may not have included the loss of a child, appointed by the Director of Public Health;

(13) one physician representing the Illinois Academy of Family Physicians; and

(14) one physician representing the Illinois Chapter of the American Academy of Pediatrics.

c) The Task Force shall elect a chairperson from among its membership and any other officer it deems appropriate. The Department of Public Health shall provide technical support and assistance to the Task Force and shall be responsible for administering its operations and ensuring that the requirements of this Act are met.

d) The members of the Task Force shall receive no compensation for their services as members of the Task Force.

Section 15. Meetings; duties.

(a) The Task Force shall meet at least once per quarter beginning as soon as practicable after the effective date of this Act.

(1) review research that substantiates the connections between a mother's health before, during, and between pregnancies, as well as that of her child across the life course;

(2) review comprehensive, nationwide data collection on maternal deaths and complications, including data disaggregated by race, geography, and socioeconomic status;

(3) review the data sets that include information on social and environmental risk factors for women and infants of color;

New matter indicated by italics - deletions by strikeout
(4) review better assessments and analysis on the impact of overt and covert racism on toxic stress and pregnancy-related outcomes for women and infants of color;

(5) review research to identify best practices and effective interventions for improving the quality and safety of maternity care;

(6) review research to identify best practices and effective interventions, as well as health outcomes before and during pregnancy, in order to address pre-disease pathways of adverse maternal and infant health;

(7) review research to identify effective interventions for addressing social determinants of health disparities in maternal and infant health outcomes; and

(8) produce an annual report detailing the Task Force’s findings based upon its review of research conducted under this Section, including specific recommendations, if any, and any other information the Task Force may deem proper in furtherance of its duties under this Act.

Section 20. Report. Beginning December 1, 2020, and for each year thereafter, the Task Force shall submit a report of its findings and recommendations to the General Assembly. The report to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct.

Section 99. Effective date. This Act takes effect upon becoming law.

Sec. 107-2. Arrest by Peace Officer.
(1) A peace officer may arrest a person when:
   (a) He has a warrant commanding that such person be arrested; or
   (b) He has reasonable grounds to believe that a warrant for the person's arrest has been issued in this State or in another jurisdiction; or
   (c) He has reasonable grounds to believe that the person is committing or has committed an offense.

(2) Whenever a peace officer arrests a person, the officer shall question the arrestee as to whether he or she has any children under the age of 18 living with him or her who may be neglected as a result of the arrest or otherwise. The peace officer shall assist the arrestee in the placement of the children with a relative or other responsible person designated by the arrestee. If the peace officer has reasonable cause to believe that a child may be a neglected child as defined in the Abused and Neglected Child Reporting Act, he shall report it immediately to the Department of Children and Family Services as provided in that Act.

(3) A peace officer who executes a warrant of arrest in good faith beyond the geographical limitation of the warrant shall not be liable for false arrest.

(4) Whenever a peace officer is aware of a warrant of arrest issued by a circuit court of this State for a person and the peace officer has contact with the person because the person is requesting or receiving emergency medical assistance or medical forensic services for sexual assault at a medical facility, if the warrant of arrest is not for a forcible felony as defined in Section 2-8 of the Criminal Code of 2012, a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act, or an alleged violation of parole or mandatory supervised release, the peace officer shall contact the prosecuting authority of the jurisdiction issuing the warrant, or if that prosecutor is not available, the prosecuting authority for the jurisdiction that covers the medical facility to request waiver of the prompt execution of the warrant. The prosecuting authority may secure a court order waiving the immediate execution of the warrant and provide a copy to the peace officer. As used in this subsection (4), "sexual assault" means an act of sexual conduct or sexual penetration defined in Section 11-0.1 of the Criminal Code of 2012, including without limitation, acts prohibited under Sections 11-1.20 through 11-1.60 of the Criminal Code of 2012.

New matter indicated by italics - deletions by strikeout
(4.5) Whenever a peace officer has a warrant of arrest for a person, subject to the same limitations described in subsection (4), and the peace officer has contact with the person because the person reported that he or she was sexually assaulted within the past 7 days, in addition to informing the person of his or her right to seek free medical attention and evidence collection and providing the written notice required by Section 25 of the Sexual Assault Incident Procedure Act, the officer shall also notify the person that if he or she chooses to go to a medical facility to seek any of those services, then the officer shall inform the prosecuting authority to request waiver of the prompt execution of the warrant.

An employer may elect to provide and pay compensation as provided for in this Act as a member of a group workers' compensation pool under Article V 3/4 of the Illinois Insurance Code. If an employer becomes a member of a group workers' compensation pool, the employer shall not be relieved of any obligations imposed by this Act.

If the sworn application and financial statement of any such employer does not satisfy the Commission of the financial ability of the employer who has filed it, the Commission shall require such employer to,

(2) Furnish security, indemnity or a bond guaranteeing the payment by the employer of the compensation provided for in this Act, provided that any such employer whose application and financial statement shall not have satisfied the commission of his or her financial ability and who shall have secured his liability in part by excess liability insurance shall be required to furnish to the Commission security, indemnity or bond guaranteeing his or her payment up to the effective limits of the excess coverage, or

(3) Insure his entire liability to pay such compensation in some insurance carrier authorized, licensed, or permitted to do such insurance business in this State. Every policy of an insurance carrier, insuring the payment of compensation under this Act shall cover all the employees and the entire compensation liability of the insured: Provided, however, that any employer may insure his or her compensation liability with 2 or more insurance carriers or may insure a part and qualify under subsection 1, 2, or 4 for the remainder of his or her liability to pay such compensation, subject to the following two provisions:

Firstly, the entire compensation liability of the employer to employees working at or from one location shall be insured in one such insurance carrier or shall be self-insured, and

Secondly, the employer shall submit evidence satisfactorily to the Commission that his or her entire liability for the compensation provided for in this Act will be secured. Any provisions in any policy, or in any endorsement attached thereto, attempting to limit or modify in any way, the liability of the insurance carriers issuing the

same except as otherwise provided herein shall be wholly void.

Nothing herein contained shall apply to policies of excess liability carriage secured by employers who have been approved by the Commission as self-insurers, or

(4) Make some other provision, satisfactory to the Commission, for the securing of the payment of compensation provided for in this Act, and

(5) Upon becoming subject to this Act and thereafter as often as the Commission may in writing demand, file with the Commission in form prescribed by it evidence of his or her compliance with the provision of this Section.

(a-1) Regardless of its state of domicile or its principal place of business, an employer shall make payments to its insurance carrier or group self-insurance fund, where applicable, based upon the premium rates of the situs where the work or project is located in Illinois if:

(A) the employer is engaged primarily in the building and construction industry; and

(B) subdivision (a)(3) of this Section applies to the employer or the employer is a member of a group self-insurance plan as defined in subsection (1) of Section 4a.

The Illinois Workers' Compensation Commission shall impose a penalty upon an employer for violation of this subsection (a-1) if:

(i) the employer is given an opportunity at a hearing to present evidence of its compliance with this subsection (a-1); and

(ii) after the hearing, the Commission finds that the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois.

The penalty shall not exceed $1,000 for each day of work for which the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois, but the total penalty shall not exceed $50,000 for each project or each contract under which the work was performed.

Any penalty under this subsection (a-1) must be imposed not later than one year after the expiration of the applicable limitation period specified in subsection (d) of Section 6 of this Act. Penalties imposed under this subsection (a-1) shall be deposited into the Illinois Workers' Compensation Commission Operations Fund, a special fund that is created in the State treasury. Subject to appropriation, moneys in the Fund shall be
used solely for the operations of the Illinois Workers' Compensation
Commission, the salaries and benefits of the Self-Insurers Advisory Board
employees, the operating costs of the Self-Insurers Advisory Board, and by
the Department of Insurance for the purposes authorized in subsection (c)
of Section 25.5 of this Act.

(a-2) Every Employee Leasing Company (ELC), as defined in
Section 15 of the Employee Leasing Company Act, shall at a minimum
provide the following information to the Commission or any entity
designated by the Commission regarding each workers' compensation
insurance policy issued to the ELC:

1. Any client company of the ELC listed as an additional
   named insured.

2. Any informational schedule attached to the master
   policy that identifies any individual client company's name, FEIN,
   and job location.

3. Any certificate of insurance coverage document issued
   to a client company specifying its rights and obligations under the
   master policy that establishes both the identity and status of the
   client, as well as the dates of inception and termination of
   coverage, if applicable.

(b) The sworn application and financial statement, or security,
    indemnity or bond, or amount of insurance, or other provisions, filed,
    furnished, carried, or made by the employer, as the case may be, shall be
    subject to the approval of the Commission.

    Deposits under escrow agreements shall be cash, negotiable United
    States government bonds or negotiable general obligation bonds of the
    State of Illinois. Such cash or bonds shall be deposited in escrow with any
    State or National Bank or Trust Company having trust authority in the
    State of Illinois.

    Upon the approval of the sworn application and financial
    statement, security, indemnity or bond or amount of insurance, filed,
    furnished or carried, as the case may be, the Commission shall send to the
    employer written notice of its approval thereof. The certificate of
    compliance by the employer with the provisions of subparagraphs (2) and
    (3) of paragraph (a) of this Section shall be delivered by the insurance
    carrier to the Illinois Workers' Compensation Commission within five
days after the effective date of the policy so certified. The insurance so
certified shall cover all compensation liability occurring during the time
that the insurance is in effect and no further certificate need be filed in

New matter indicated by italics - deletions by strikeout
case such insurance is renewed, extended or otherwise continued by such
carrier. The insurance so certified shall not be cancelled or in the event
that such insurance is not renewed, extended or otherwise continued, such
insurance shall not be terminated until at least 10 days after receipt by the
Illinois Workers' Compensation Commission of notice of the cancellation
or termination of said insurance; provided, however, that if the employer
has secured insurance from another insurance carrier, or has otherwise
secured the payment of compensation in accordance with this Section, and
such insurance or other security becomes effective prior to the expiration
of the 10 days, cancellation or termination may, at the option of the
insurance carrier indicated in such notice, be effective as of the effective
date of such other insurance or security.

(c) Whenever the Commission shall find that any corporation,
company, association, aggregation of individuals, reciprocal or
interinsurers exchange, or other insurer effecting workers' compensation
insurance in this State shall be insolvent, financially unsound, or unable to
fully meet all payments and liabilities assumed or to be assumed for
compensation insurance in this State, or shall practice a policy of delay or
unfairness toward employees in the adjustment, settlement, or payment of
benefits due such employees, the Commission may after reasonable notice
and hearing order and direct that such corporation, company, association,
aggregation of individuals, reciprocal or interinsurers exchange, or insurer,
shall from and after a date fixed in such order discontinue the writing of
any such workers' compensation insurance in this State. Subject to such
modification of the order as the Commission may later make on review of
the order, as herein provided, it shall thereupon be unlawful for any such
corporation, company, association, aggregation of individuals, reciprocal
or interinsurers exchange, or insurer to effect any workers' compensation
insurance in this State. A copy of the order shall be served upon the
Director of Insurance by registered mail. Whenever the Commission finds
that any service or adjustment company used or employed by a self-
insured employer or by an insurance carrier to process, adjust, investigate,
compromise or otherwise handle claims under this Act, has practiced or is
practicing a policy of delay or unfairness toward employees in the
adjustment, settlement or payment of benefits due such employees, the
Commission may after reasonable notice and hearing order and direct that
such service or adjustment company shall from and after a date fixed in
such order be prohibited from processing, adjusting, investigating,
compromising or otherwise handling claims under this Act.

New matter indicated by italics - deletions by strikeout
Whenever the Commission finds that any self-insured employer has practiced or is practicing delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may, after reasonable notice and hearing, order and direct that after a date fixed in the order such self-insured employer shall be disqualified to operate as a self-insurer and shall be required to insure his entire liability to pay compensation in some insurance carrier authorized, licensed and permitted to do such insurance business in this State, as provided in subparagraph 3 of paragraph (a) of this Section.

All orders made by the Commission under this Section shall be subject to review by the courts, said review to be taken in the same manner and within the same time as provided by Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which said review is taken a bond in an amount to be fixed and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking said review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law. The penalty hereinafter provided for in this paragraph shall not attach and shall not begin to run until the final determination of the order of the Commission.

(d) Whenever a Commissioner, with due process and after a hearing, determines an employer has knowingly failed to provide coverage as required by paragraph (a) of this Section, the failure shall be deemed an immediate serious danger to public health, safety, and welfare sufficient to justify service by the Commission of a work-stop order on such employer, requiring the cessation of all business operations of such employer at the place of employment or job site. If a business is declared to be extra hazardous, as defined in Section 3, a Commissioner may issue an emergency work-stop order on such an employer ex parte, prior to holding a hearing, requiring the cessation of all business operations of such employer at the place of employment or job site while awaiting the ruling of the Commission. Whenever a Commissioner issues an emergency work-stop order, the Commission shall issue a notice of emergency work-stop hearing to be posted at the employer's places of employment and job sites.

Whenever a panel of 3 Commissioners comprised of one member of the employing class, one member of the employee class, and one member not identified with either the employing or employee class, with due
process and after a hearing, determines an employer has knowingly failed
to provide coverage as required by paragraph (a) of this Section, the failure
shall be deemed an immediate serious danger to public health, safety, and
welfare sufficient to justify service by the Commission of a work-stop
order on such employer, requiring the cessation of all business operations
of such employer at the place of employment or job site. Any law
enforcement agency in the State shall, at the request of the Commission,
render any assistance necessary to carry out the provisions of this Section,
including, but not limited to, preventing any employee of such employer
from remaining at a place of employment or job site after a work-stop
order has taken effect. Any work-stop order shall be lifted upon proof of
insurance as required by this Act. Any orders under this Section are
appealable under Section 19(f) to the Circuit Court.

Any individual employer, corporate officer or director of a
corporate employer, partner of an employer partnership, or member of an
employer limited liability company who knowingly fails to provide
coverage as required by paragraph (a) of this Section is guilty of a Class 4
felony. This provision shall not apply to any corporate officer or director
of any publicly-owned corporation. Each day's violation constitutes a
separate offense. The State's Attorney of the county in which the violation
occurred, or the Attorney General, shall bring such actions in the name of
the People of the State of Illinois, or may, in addition to other remedies
provided in this Section, bring an action for an injunction to restrain the
violation or to enjoin the operation of any such employer.

Any individual employer, corporate officer or director of a
corporate employer, partner of an employer partnership, or member of an
employer limited liability company who negligently fails to provide
coverage as required by paragraph (a) of this Section is guilty of a Class A
misdemeanor. This provision shall not apply to any corporate officer or
director of any publicly-owned corporation. Each day's violation
constitutes a separate offense. The State's Attorney of the county in which
the violation occurred, or the Attorney General, shall bring such actions in
the name of the People of the State of Illinois.

The criminal penalties in this subsection (d) shall not apply where
there exists a good faith dispute as to the existence of an employment
relationship. Evidence of good faith shall include, but not be limited to,
compliance with the definition of employee as used by the Internal
Revenue Service.

New matter indicated by italics - deletions by strikeout
All investigative actions must be acted upon within 90 days of the issuance of the complaint. Employers who are subject to and who knowingly fail to comply with this Section shall not be entitled to the benefits of this Act during the period of noncompliance, but shall be liable in an action under any other applicable law of this State. In the action, such employer shall not avail himself or herself of the defenses of assumption of risk or negligence or that the injury was due to a co-employee. In the action, proof of the injury shall constitute prima facie evidence of negligence on the part of such employer and the burden shall be on such employer to show freedom of negligence resulting in the injury. The employer shall not join any other defendant in any such civil action. Nothing in this amendatory Act of the 94th General Assembly shall affect the employee's rights under subdivision (a)3 of Section 1 of this Act. Any employer or carrier who makes payments under subdivision (a)3 of Section 1 of this Act shall have a right of reimbursement from the proceeds of any recovery under this Section.

An employee of an uninsured employer, or the employee's dependents in case death ensued, may, instead of proceeding against the employer in a civil action in court, file an application for adjustment of claim with the Commission in accordance with the provisions of this Act and the Commission shall hear and determine the application for adjustment of claim in the manner in which other claims are heard and determined before the Commission.

All proceedings under this subsection (d) shall be reported on an annual basis to the Workers' Compensation Advisory Board.

An investigator with the Illinois Workers' Compensation Commission Insurance Compliance Division may issue a citation to any employer that is not in compliance with its obligation to have workers' compensation insurance under this Act. The amount of the fine shall be based on the period of time the employer was in non-compliance, but shall be no less than $500, and shall not exceed $10,000. An employer that has been issued a citation shall pay the fine to the Commission and provide to the Commission proof that it obtained the required workers' compensation insurance within 10 days after the citation was issued. This Section does not affect any other obligations this Act imposes on employers.

Upon a finding by the Commission, after reasonable notice and hearing, of the knowing and willful failure or refusal of an employer to comply with any of the provisions of paragraph (a) of this Section, the
failure or refusal of an employer, service or adjustment company, or an insurance carrier to comply with any order of the Illinois Workers' Compensation Commission pursuant to paragraph (c) of this Section disqualifying him or her to operate as a self insurer and requiring him or her to insure his or her liability, or the knowing and willful failure of an employer to comply with a citation issued by an investigator with the Illinois Workers' Compensation Commission Insurance Compliance Division, the Commission may assess a civil penalty of up to $500 per day for each day of such failure or refusal after the effective date of this amendatory Act of 1989. The minimum penalty under this Section shall be the sum of $10,000. Each day of such failure or refusal shall constitute a separate offense. The Commission may assess the civil penalty personally and individually against the corporate officers and directors of a corporate employer, the partners of an employer partnership, and the members of an employer limited liability company, after a finding of a knowing and willful refusal or failure of each such named corporate officer, director, partner, or member to comply with this Section. The liability for the assessed penalty shall be against the named employer first, and if the named employer fails or refuses to pay the penalty to the Commission within 30 days after the final order of the Commission, then the named corporate officers, directors, partners, or members who have been found to have knowingly and willfully refused or failed to comply with this Section shall be liable for the unpaid penalty or any unpaid portion of the penalty. Upon investigation by the insurance non-compliance unit of the Commission, the Attorney General shall have the authority to prosecute all proceedings to enforce the civil and administrative provisions of this Section before the Commission. The Commission shall promulgate procedural rules for enforcing this Section.

If an employer is found to be in non-compliance with any provisions of paragraph (a) of this Section more than once, all minimum penalties will double. Therefore, upon the failure or refusal of an employer, service or adjustment company, or insurance carrier to comply with any order of the Commission pursuant to paragraph (c) of this Section disqualifying him or her to operate as a self-insurer and requiring him or her to insure his or her liability, or the knowing and willful failure of an employer to comply with a citation issued by an investigator with the Illinois Workers' Compensation Commission Insurance Compliance Division, the Commission may assess a civil penalty of up to $1,000 per day for each day of such failure or refusal after the effective date of this

amendatory Act of the 101st General Assembly. The minimum penalty under this Section shall be the sum of $20,000. In addition, employers with 2 or more violations of any provisions of paragraph (a) of this Section may not self-insure for one year or until all penalties are paid.

Upon the failure or refusal of any employer, service or adjustment company or insurance carrier to comply with the provisions of this Section and with the orders of the Commission under this Section, or the order of the court on review after final adjudication, the Commission may bring a civil action to recover the amount of the penalty in Cook County or in Sangamon County in which litigation the Commission shall be represented by the Attorney General. The Commission shall send notice of its finding of non-compliance and assessment of the civil penalty to the Attorney General. It shall be the duty of the Attorney General within 30 days after receipt of the notice, to institute prosecutions and promptly prosecute all reported violations of this Section.

Any individual employer, corporate officer or director of a corporate employer, partner of an employer partnership, or member of an employer limited liability company who, with the intent to avoid payment of compensation under this Act to an injured employee or the employee's dependents, knowingly transfers, sells, encumbers, assigns, or in any manner disposes of, conceals, secretes, or destroys any property belonging to the employer, officer, director, partner, or member is guilty of a Class 4 felony.

Penalties and fines collected pursuant to this paragraph (d) shall be deposited upon receipt into a special fund which shall be designated the Injured Workers' Benefit Fund, of which the State Treasurer is ex-officio custodian, such special fund to be held and disbursed in accordance with this paragraph (d) for the purposes hereinafter stated in this paragraph (d), upon the final order of the Commission. The Injured Workers' Benefit Fund shall be deposited the same as are State funds and any interest accruing thereon shall be added thereto every 6 months. The Injured Workers' Benefit Fund is subject to audit the same as State funds and accounts and is protected by the general bond given by the State Treasurer. The Injured Workers' Benefit Fund is considered always appropriated for the purposes of disbursements as provided in this paragraph, and shall be paid out and disbursed as herein provided and shall not at any time be appropriated or diverted to any other use or purpose. Moneys in the Injured Workers' Benefit Fund shall be used only for payment of workers' compensation benefits for injured employees when the employer has failed

to provide coverage as determined under this paragraph (d) and has failed to pay the benefits due to the injured employee. The Commission shall have the right to obtain reimbursement from the employer for compensation obligations paid by the Injured Workers' Benefit Fund. Any such amounts obtained shall be deposited by the Commission into the Injured Workers' Benefit Fund. If an injured employee or his or her personal representative receives payment from the Injured Workers' Benefit Fund, the State of Illinois has the same rights under paragraph (b) of Section 5 that the employer who failed to pay the benefits due to the injured employee would have had if the employer had paid those benefits, and any moneys recovered by the State as a result of the State's exercise of its rights under paragraph (b) of Section 5 shall be deposited into the Injured Workers' Benefit Fund. The custodian of the Injured Workers' Benefit Fund shall be joined with the employer as a party respondent in the application for adjustment of claim. After July 1, 2006, the Commission shall make disbursements from the Fund once each year to each eligible claimant. An eligible claimant is an injured worker who has within the previous fiscal year obtained a final award for benefits from the Commission against the employer and the Injured Workers' Benefit Fund and has notified the Commission within 90 days of receipt of such award. Within a reasonable time after the end of each fiscal year, the Commission shall make a disbursement to each eligible claimant. At the time of disbursement, if there are insufficient moneys in the Fund to pay all claims, each eligible claimant shall receive a pro-rata share, as determined by the Commission, of the available moneys in the Fund for that year. Payment from the Injured Workers' Benefit Fund to an eligible claimant pursuant to this provision shall discharge the obligations of the Injured Workers' Benefit Fund regarding the award entered by the Commission.

(e) This Act shall not affect or disturb the continuance of any existing insurance, mutual aid, benefit, or relief association or department, whether maintained in whole or in part by the employer or whether maintained by the employees, the payment of benefits of such association or department being guaranteed by the employer or by some person, firm or corporation for him or her: Provided, the employer contributes to such association or department an amount not less than the full compensation herein provided, exclusive of the cost of the maintenance of such association or department and without any expense to the employee. This Act shall not prevent the organization and maintaining under the insurance laws of this State of any benefit or insurance company for the purpose of

insuring against the compensation provided for in this Act, the expense of which is maintained by the employer. This Act shall not prevent the organization or maintaining under the insurance laws of this State of any voluntary mutual aid, benefit or relief association among employees for the payment of additional accident or sick benefits.

(f) No existing insurance, mutual aid, benefit or relief association or department shall, by reason of anything herein contained, be authorized to discontinue its operation without first discharging its obligations to any and all persons carrying insurance in the same or entitled to relief or benefits therein.

(g) Any contract, oral, written or implied, of employment providing for relief benefit, or insurance or any other device whereby the employee is required to pay any premium or premiums for insurance against the compensation provided for in this Act shall be null and void. Any employer withholding from the wages of any employee any amount for the purpose of paying any such premium shall be guilty of a Class B misdemeanor.

In the event the employer does not pay the compensation for which he or she is liable, then an insurance company, association or insurer which may have insured such employer against such liability shall become primarily liable to pay to the employee, his or her personal representative or beneficiary the compensation required by the provisions of this Act to be paid by such employer. The insurance carrier may be made a party to the proceedings in which the employer is a party and an award may be entered jointly against the employer and the insurance carrier.

(h) It shall be unlawful for any employer, insurance company or service or adjustment company to interfere with, restrain or coerce an employee in any manner whatsoever in the exercise of the rights or remedies granted to him or her by this Act or to discriminate, attempt to discriminate, or threaten to discriminate against an employee in any way because of his or her exercise of the rights or remedies granted to him or her by this Act.

It shall be unlawful for any employer, individually or through any insurance company or service or adjustment company, to discharge or to threaten to discharge, or to refuse to rehire or recall to active service in a suitable capacity an employee because of the exercise of his or her rights or remedies granted to him or her by this Act.

(i) If an employer elects to obtain a life insurance policy on his employees, he may also elect to apply such benefits in satisfaction of all or

a portion of the death benefits payable under this Act, in which case, the employer's compensation premium shall be reduced accordingly.

(j) Within 45 days of receipt of an initial application or application to renew self-insurance privileges the Self-Insurers Advisory Board shall review and submit for approval by the Chairman of the Commission recommendations of disposition of all initial applications to self-insure and all applications to renew self-insurance privileges filed by private self-insurers pursuant to the provisions of this Section and Section 4a-9 of this Act. Each private self-insurer shall submit with its initial and renewal applications the application fee required by Section 4a-4 of this Act.

The Chairman of the Commission shall promptly act upon all initial applications and applications for renewal in full accordance with the recommendations of the Board or, should the Chairman disagree with any recommendation of disposition of the Self-Insurer's Advisory Board, he shall within 30 days of receipt of such recommendation provide to the Board in writing the reasons supporting his decision. The Chairman shall also promptly notify the employer of his decision within 15 days of receipt of the recommendation of the Board.

If an employer is denied a renewal of self-insurance privileges pursuant to application it shall retain said privilege for 120 days after receipt of a notice of cancellation of the privilege from the Chairman of the Commission.

All orders made by the Chairman under this Section shall be subject to review by the courts, such review to be taken in the same manner and within the same time as provided by subsection (f) of Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which such review is taken a bond in an amount to be fixed and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking such review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law.

The funds in the Self-Insurers Security Fund shall not be subject to appropriation and shall be made available for the purposes of compensating employees who are eligible to receive benefits from their employers pursuant to the provisions of the Workers' Compensation Act or Workers' Occupational Diseases Act, when, pursuant to this Section, the Board has determined that a private self-insurer has become an insolvent self-insurer and is unable to pay compensation benefits due to financial insolvency. Moneys in the Fund may be used to compensate any type of injury or occupational disease which is compensable under either Act, and all claims for related administrative fees, operating costs of the Board, attorney's fees, and other costs reasonably incurred by the Board. AN ACT concerning children.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The Abused and Neglected Child Reporting Act is amended by changing Sections 7.4, 7.8, and 11.1 and by adding Section 4.4c as follows:

(325 ILCS 5/4.4c new)

Sec. 4.4c. Duty to notify the Directors of Public Health and Healthcare and Family Services. Whenever the Department receives, by means of its statewide toll-free telephone number established under Section 7.6 for the purpose of reporting suspected child abuse or neglect or by any other means or from any mandated reporter under Section 4, a report of suspected abuse or neglect of a child and the child is alleged to have been abused or neglected while receiving care in a hospital, including a freestanding psychiatric hospital licensed by the Department of Public Health, the Department shall notify the Director of Public Health and the Director of Healthcare and Family Services of the report.

(325 ILCS 5/7.4) (from Ch. 23, par. 2057.4)

Sec. 7.4. (a) The Department shall be capable of receiving reports of suspected child abuse or neglect 24 hours a day, 7 days a week. Whenever the Department receives a report alleging that a child is a truant as defined in Section 26-2a of the School Code, as now or hereafter amended, the Department shall notify the superintendent of the school district in which the child resides and the appropriate superintendent of the educational service region. The notification to the appropriate officials by the Department shall not be considered an allegation of abuse or neglect under this Act.

(a-5) The Department of Children and Family Services may implement a "differential response program" in accordance with criteria, standards, and procedures prescribed by rule. The program may provide that, upon receiving a report, the Department shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child abuse or neglect.

For purposes of this subsection (a-5), "family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. "Family assessment" does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

For purposes of this subsection (a-5), "investigation" means fact-gathering related to the current safety of a child and the risk of subsequent maltreatment.

New matter indicated by italics - deletions by strikeout
abuse or neglect that determines whether a report of suspected child abuse or neglect should be indicated or unfounded and whether child protective services are needed.

Under the "differential response program" implemented under this subsection (a-5), the Department:

(1) Shall conduct an investigation on reports involving substantial child abuse or neglect.

(2) Shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child abuse or neglect or a serious threat to the child's safety exists.

(3) May conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the Department may consider issues, including, but not limited to, child safety, parental cooperation, and the need for an immediate response.

(4) Shall promulgate criteria, standards, and procedures that shall be applied in making this determination, taking into consideration the Child Endangerment Risk Assessment Protocol of the Department.

(5) May conduct a family assessment on a report that was initially screened and assigned for an investigation.

In determining that a complete investigation is not required, the Department must document the reason for terminating the investigation and notify the local law enforcement agency or the Department of State Police if the local law enforcement agency or Department of State Police is conducting a joint investigation.

Once it is determined that a "family assessment" will be implemented, the case shall not be reported to the central register of abuse and neglect reports.

During a family assessment, the Department shall collect any available and relevant information to determine child safety, risk of subsequent abuse or neglect, and family strengths.

Information collected includes, but is not limited to, when relevant: information with regard to the person reporting the alleged abuse or neglect, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being abused or neglected; the alleged offender; the child's caretaker; and other collateral sources having relevant
information related to the alleged abuse or neglect. Information relevant to
the assessment must be asked for, and may include:

(A) The child's sex and age, prior reports of abuse or
neglect, information relating to developmental functioning,
credibility of the child's statement, and whether the information
provided under this paragraph (A) is consistent with other
information collected during the course of the assessment or
investigation.

(B) The alleged offender's age, a record check for prior
reports of abuse or neglect, and criminal charges and convictions.
The alleged offender may submit supporting documentation
relevant to the assessment.

(C) Collateral source information regarding the alleged
abuse or neglect and care of the child. Collateral information
includes, when relevant: (i) a medical examination of the child; (ii)
prior medical records relating to the alleged maltreatment or care
of the child maintained by any facility, clinic, or health care
professional, and an interview with the treating professionals; and
(iii) interviews with the child's caretakers, including the child's
parent, guardian, foster parent, child care provider, teachers,
counselors, family members, relatives, and other persons who may
have knowledge regarding the alleged maltreatment and the care of
the child.

(D) Information on the existence of domestic abuse and
violence in the home of the child, and substance abuse.

Nothing in this subsection (a-5) precludes the Department from
collecting other relevant information necessary to conduct the assessment
or investigation. Nothing in this subsection (a-5) shall be construed to
allow the name or identity of a reporter to be disclosed in violation of the
protections afforded under Section 7.19 of this Act.

After conducting the family assessment, the Department shall
determine whether services are needed to address the safety of the child
and other family members and the risk of subsequent abuse or neglect.

Upon completion of the family assessment, if the Department
concludes that no services shall be offered, then the case shall be closed. If
the Department concludes that services shall be offered, the Department
shall develop a family preservation plan and offer or refer services to the
family.

New matter indicated by italics - deletions by strikeout
At any time during a family assessment, if the Department believes there is any reason to stop the assessment and conduct an investigation based on the information discovered, the Department shall do so.

The procedures available to the Department in conducting investigations under this Act shall be followed as appropriate during a family assessment.

If the Department implements a differential response program authorized under this subsection (a-5), the Department shall arrange for an independent evaluation of the program for at least the first 3 years of implementation to determine whether it is meeting the goals in accordance with Section 2 of this Act.

The Department may adopt administrative rules necessary for the execution of this Section, in accordance with Section 4 of the Children and Family Services Act.

The Department shall submit a report to the General Assembly by January 15, 2018 on the implementation progress and recommendations for additional needed legislative changes.

(b)(1) The following procedures shall be followed in the investigation of all reports of suspected abuse or neglect of a child, except as provided in subsection (c) of this Section.

(2) If, during a family assessment authorized by subsection (a-5) or an investigation, it appears that the immediate safety or well-being of a child is endangered, that the family may flee or the child disappear, or that the facts otherwise so warrant, the Child Protective Service Unit shall commence an investigation immediately, regardless of the time of day or night. All other investigations shall be commenced within 24 hours of receipt of the report. Upon receipt of a report, the Child Protective Service Unit shall conduct a family assessment authorized by subsection (a-5) or begin an initial investigation and make an initial determination whether the report is a good faith indication of alleged child abuse or neglect.

(3) Based on an initial investigation, if the Unit determines the report is a good faith indication of alleged child abuse or neglect, then a formal investigation shall commence and, pursuant to Section 7.12 of this Act, may or may not result in an indicated report. The formal investigation shall include: direct contact with the subject or subjects of the report as soon as possible after the report is received; an evaluation of the environment of the child named in the report and any other children in the same environment; a determination of the risk to such children if they continue to remain in the existing environments, as well as a determination

New matter indicated by italics - deletions by strikeout
of the nature, extent and cause of any condition enumerated in such report; the name, age and condition of other children in the environment; and an evaluation as to whether there would be an immediate and urgent necessity to remove the child from the environment if appropriate family preservation services were provided. After seeing to the safety of the child or children, the Department shall forthwith notify the subjects of the report in writing, of the existence of the report and their rights existing under this Act in regard to amendment or expungement. To fulfill the requirements of this Section, the Child Protective Service Unit shall have the capability of providing or arranging for comprehensive emergency services to children and families at all times of the day or night.

(4) If (i) at the conclusion of the Unit's initial investigation of a report, the Unit determines the report to be a good faith indication of alleged child abuse or neglect that warrants a formal investigation by the Unit, the Department, any law enforcement agency or any other responsible agency and (ii) the person who is alleged to have caused the abuse or neglect is employed or otherwise engaged in an activity resulting in frequent contact with children and the alleged abuse or neglect are in the course of such employment or activity, then the Department shall, except in investigations where the Director determines that such notification would be detrimental to the Department's investigation, inform the appropriate supervisor or administrator of that employment or activity that the Unit has commenced a formal investigation pursuant to this Act, which may or may not result in an indicated report. The Department shall also notify the person being investigated, unless the Director determines that such notification would be detrimental to the Department's investigation.

(c) In an investigation of a report of suspected abuse or neglect of a child by a school employee at a school or on school grounds, the Department shall make reasonable efforts to follow the following procedures:

(1) Investigations involving teachers shall not, to the extent possible, be conducted when the teacher is scheduled to conduct classes. Investigations involving other school employees shall be conducted so as to minimize disruption of the school day. The school employee accused of child abuse or neglect may have his superior, his association or union representative and his attorney present at any interview or meeting at which the teacher or administrator is present. The accused school employee shall be informed by a representative of the Department, at any interview or
meeting, of the accused school employee's due process rights and of the steps in the investigation process. These due process rights shall also include the right of the school employee to present countervailing evidence regarding the accusations. In an investigation in which the alleged perpetrator of abuse or neglect is a school employee, including, but not limited to, a school teacher or administrator, and the recommendation is to determine the report to be indicated, in addition to other procedures as set forth and defined in Department rules and procedures, the employee's due process rights shall also include: (i) the right to a copy of the investigation summary; (ii) the right to review the specific allegations which gave rise to the investigation; and (iii) the right to an administrator's teleconference which shall be convened to provide the school employee with the opportunity to present documentary evidence or other information that supports his or her position and to provide information before a final finding is entered.

(2) If a report of neglect or abuse of a child by a teacher or administrator does not involve allegations of sexual abuse or extreme physical abuse, the Child Protective Service Unit shall make reasonable efforts to conduct the initial investigation in coordination with the employee's supervisor.

If the Unit determines that the report is a good faith indication of potential child abuse or neglect, it shall then commence a formal investigation under paragraph (3) of subsection (b) of this Section.

(3) If a report of neglect or abuse of a child by a teacher or administrator involves an allegation of sexual abuse or extreme physical abuse, the Child Protective Unit shall commence an investigation under paragraph (2) of subsection (b) of this Section.

(c-5) In any instance in which a report is made or caused to made by a school district employee involving the conduct of a person employed by the school district, at the time the report was made, as required under Section 4 of this Act, the Child Protective Service Unit shall send a copy of its final finding report to the general superintendent of that school district.

(c-10) The Department may recommend that a school district remove a school employee who is the subject of an investigation from his or her employment position pending the outcome of the investigation;

New matter indicated by italics - deletions by strikeout
however, all employment decisions regarding school personnel shall be the sole responsibility of the school district or employer. The Department may not require a school district to remove a school employee from his or her employment position or limit the school employee's duties pending the outcome of an investigation.

(d) If the Department has contact with an employer, or with a religious institution or religious official having supervisory or hierarchical authority over a member of the clergy accused of the abuse of a child, in the course of its investigation, the Department shall notify the employer or the religious institution or religious official, in writing, when a report is unfounded so that any record of the investigation can be expunged from the employee's or member of the clergy's personnel or other records. The Department shall also notify the employee or the member of the clergy, in writing, that notification has been sent to the employer or to the appropriate religious institution or religious official informing the employer or religious institution or religious official that the Department's investigation has resulted in an unfounded report.

(d-1) Whenever a report alleges that a child was abused or neglected while receiving care in a hospital, including a freestanding psychiatric hospital licensed by the Department of Public Health, the Department shall send a copy of its final finding to the Director of Public Health and the Director of Healthcare and Family Services.

(e) Upon request by the Department, the Department of State Police and law enforcement agencies are authorized to provide criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) to properly designated employees of the Department of Children and Family Services if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The request shall be in the form and manner required by the Department of State Police. Any information obtained by the Department of Children and Family Services under this Section is confidential and may not be transmitted outside the Department of Children and Family Services other than to a court of competent jurisdiction or unless otherwise authorized by law. Any employee of the Department of Children and Family Services who transmits confidential information in violation of this Section or

PUBLIC ACT 101-0044
(House Bill No. 0840)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section
8-508.1 as follows:

(220 ILCS 5/8-508.1) (from Ch. 111 2/3, par. 8-508.1)
Sec. 8-508.1. (a) As used in this Section:

(1) "Decommissioning" means the series of activities
undertaken at the time a nuclear power plant is permanently retired
from service to ensure that the final entombment, decontamination,
dismantlement, removal and disposal of the plant, including the
plant site, and of any radioactive components and materials
associated with the plant, is accomplished in compliance with all
applicable Illinois and federal laws, and to ensure that such final
disposition does not pose any threat to the public health and safety.

(2) "Decommissioning costs" means all reasonable costs
and expenses incurred in connection with the entombment,
decontamination, dismantlement, removal and disposal of the
structures, systems and components of a nuclear power plant at the
time of decommissioning, including all expenses to be incurred in

New matter indicated by italics - deletions by strikeout
connection with the preparation for decommissioning, such as engineering and other planning expenses, and to be incurred after the actual decommissioning occurs, such as physical security and radiation monitoring expenses, less proceeds of insurance, salvage or resale of machinery, construction equipment or apparatus the cost of which was charged as a decommissioning expense.

(3) "Decommissioning trust" or "trust" means a fiduciary account in a bank or other financial institution established to hold the decommissioning funds provided pursuant to subsection (b)(2) of this Section for the eventual purpose of paying decommissioning costs, which shall be separate from all other accounts and assets of the public utility establishing the trust.

(4) "Nuclear power plant" or "plant" means a nuclear fission thermal power plant. Each unit of a multi-unit site shall be considered a separate plant.

(b) By 90 days after the effective date of this amendatory Act of 1988, or by the date that the unit satisfies the criteria used by the Internal Revenue Service for determining when depreciation commences for federal income tax purposes on a new generating unit, whichever is later, every public utility that owns or operates, in whole or in part, a nuclear power plant shall:

(1) establish 2 decommissioning trusts, which shall be a "tax qualified" decommissioning trust and a "non-tax qualified" decommissioning trust and shall hold the decommissioning funds established by the public utility for all nuclear power plants pursuant to subsection (b)(2) of this Section;

(2) establish 2 decommissioning funds for each such plant, each of which shall be held for a plant as a separate account in a decommissioning trust; and

(3) designate an independent trustee, subject to the approval of the Commission, to administer each of the decommissioning trusts.

(c) The 2 decommissioning trusts shall be known as the "tax qualified" decommissioning trust and the "non-tax qualified" decommissioning trust respectively. Each trust shall be established and maintained as follows:

(1) The "tax qualified" trust shall be established and maintained in accordance with Section 468A of the Internal Revenue Code of 1986 or any successor thereto and shall be

New matter indicated by italics - deletions by strikeout
funded by the public utility for each such power plant through annual payments by the public utility that shall not exceed the maximum amount allowable as a deduction for federal income tax purposes for the year for which the payments were made, in accordance with Section 468A of the Internal Revenue Code of 1986 or any successor thereto.

(2) The "non-tax qualified" decommissioning trust shall be funded by the public utility for each such power plant through annual payments by the public utility that shall consist of the difference between the total amounts of decommissioning expenses collected after the effective date of this amendatory Act of 1988 through rates and charges from the public utility's customers as provided by the Commission minus the amounts contributed to the "tax qualified" trust as provided by subsection (c)(1) of this Section and deductible for federal income tax purposes in accordance with Section 468A of the Internal Revenue Code of 1986 or any successor thereto.

(3) The following restrictions shall apply in regard to administration of each decommissioning trust:

(i) Distributions may be made from a nuclear decommissioning trust only to satisfy the liabilities of the public utility for nuclear decommissioning costs relating to the nuclear power plant for which the decommissioning fund was established and to pay administrative costs, income taxes and other incidental expenses of the trust.

(ii) Any assets in a nuclear decommissioning trust that exceed the amount necessary to pay the nuclear decommissioning costs of the nuclear power plant for which the decommissioning fund was established shall be refunded to the public utility that established the fund for the purpose of refunds or credits, as soon as practicable, to the utility's customers.

(iii) In the event a public utility sells or otherwise disposes of its direct ownership interest, or any part thereof, in a nuclear power plant with respect to which a nuclear decommissioning fund has been established, the assets of the fund shall be distributed to the public utility to the extent of the reductions in its liability for future decommissioning after taking into account the liabilities of
the public utility for future decommissioning of such nuclear power plant and the liabilities that have been assumed by another entity. The public utility shall, as soon as practicable, provide refunds or credits to its customers representing the full amount of the reductions in its liability for future decommissioning.

(iv) The trustee shall invest the "tax qualified" trust assets only in secure assets that are prudent investments for assets held in trust and in such a way as to attempt to maximize the after-tax return on funds invested, subject to the limitations specified in Section 468A of the Internal Revenue Code of 1986 or any successor thereto.

(v) The trustee shall invest the "non-tax qualified" trust assets only in secure assets that are prudent investments for assets held in trust and in such a way as to attempt to maximize the after-tax return on funds invested. However the trustee shall not invest any portion of the "non-tax qualified" trust's funds in the securities or assets of any operator of a nuclear power plant.

(vi) The "non-tax qualified" trust shall be subject to the prohibitions against self-dealing applicable to the "tax qualified" trust as specified in Section 468A of the Internal Revenue Code of 1986, or any successor thereto.

(vii) All income earned by the trust's funds shall become a part of the trust's funds and subject to the provisions of this Section.

(viii) The Commission may adopt by rule or regulation such further restrictions as it deems necessary for the sound management of the trust's funds, consistent with the purposes of this Section.

(d) By 90 days after the effective date of this amendatory Act of 1988, the Commission shall determine an appropriate method to segregate, either internally or externally, all decommissioning funds collected prior to the effective date of this amendatory Act of 1988 by the utility from its customers, and shall order any change in past decommissioning funding methods that the Commission finds necessary. In making its determination of the appropriate funding method, the Commission shall give consideration to, but not be limited by, all applicable federal regulations.
The change in funding method shall be phased-in over an appropriate period of time.

(e) The trustee of a trust shall report annually to the Commission, or more frequently if ordered by the Commission. The report shall include:
   (1) the trust's State and federal tax returns;
   (2) a report on the trust's portfolio of investments and the return thereon;
   (3) the date and amount of payments received by the trust from the public utility;
   (4) a copy of all correspondence between the trust and the Internal Revenue Service; and
   (5) any other information the Commission orders the trust to provide.

(f) A nuclear decommissioning trust established pursuant to this Section shall be exempt from taxation in Illinois.

(g) Beginning on or before May 1, 2020, and every 2 years thereafter, the owner or operator of each nuclear power plant in this State shall provide the Commission with a copy of the nuclear decommissioning funding assurance status report submitted to the Nuclear Regulatory Commission and, as applicable, to the Federal Energy Regulatory Commission. Beginning June 1, 2020, and every 2 years thereafter, the Commission shall provide the General Assembly with a copy of the nuclear decommissioning funding assurance status report for shutdown units as submitted by the owner or operator of a nuclear power plant in this State to the Nuclear Regulatory Commission and, as applicable, to the Federal Energy Regulatory Commission.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 10-23.5 as follows:

(105 ILCS 5/10-23.5) (from Ch. 122, par. 10-23.5)
Sec. 10-23.5. Educational support personnel employees.

(a) To employ such educational support personnel employees as it deems advisable and to define their employment duties; provided that residency within any school district shall not be considered in determining the employment or the compensation of any such employee, or whether to retain, promote, assign or transfer such employee. If an educational support personnel employee is removed or dismissed or the hours he or she works are reduced as a result of a decision of the school board (i) to decrease the number of educational support personnel employees employed by the board or (ii) to discontinue some particular type of educational support service, written notice shall be mailed to the employee and also given to the employee either by certified mail, return receipt requested, or personal delivery with receipt, at least 30 days before the employee is removed or dismissed or the hours he or she works are

reduced, together with a statement of honorable dismissal and the reason therefor if applicable. However, if a reduction in hours is due to an unforeseen reduction in the student population, then the written notice must be mailed and given to the employee at least 5 days before the hours are reduced. The employee with the shorter length of continuing service with the district, within the respective category of position, shall be dismissed first unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement or contract between the board and any exclusive bargaining agent and except that this provision shall not impair the operation of any affirmative action program in the district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board. If the board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available within a specific category of position shall be tendered to the employees so removed or dismissed from that category or any other category of position, so far as they are qualified to hold such positions. Each board shall, in consultation with any exclusive employee representative or bargaining agent, each year establish a list, categorized by positions, showing the length of continuing service of each full time educational support personnel employee who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list shall be made in accordance with the alternative method. Copies of the list shall be distributed to the exclusive employee representative or bargaining agent or before February 1 of each year.

If an educational support personnel employee is removed or dismissed as a result of a decision of the board to decrease the number of educational support personnel employed by the board or to discontinue some particular type of educational support service and he or she accepts the tender of a vacancy within one calendar year from the beginning of the following school term, then that employee shall maintain any rights accrued during his or her previous service with the school district.

Where an educational support personnel employee is dismissed by the board as a result of a decrease in the number of employees or the discontinuance of the employee's job, the employee shall be paid all earned compensation on or before the next regular pay date following his or her last day of employment.

The provisions of this amendatory Act of 1986 relating to residency within any school district shall not apply to cities having a population exceeding 500,000 inhabitants.

(b) In the case of a new school district or districts formed in accordance with Article 11E of this Code, a school district or districts that annex all of the territory of one or more entire other school districts in accordance with Article 7 of this Code, or a school district receiving students from a deactivated school facility in accordance with Section 10-22.22b of this Code, the employment of educational support personnel in the new, annexing, or receiving school district immediately following the reorganization shall be governed by this subsection (b). Lists of the educational support personnel employed in the individual districts for the school year immediately prior to the effective date of the new district or districts, annexation, or deactivation shall be combined for the districts forming the new district or districts, for the annexed and annexing districts, or for the deactivating and receiving districts, as the case may be. The combined list shall be categorized by positions, showing the length of continuing service of each full-time educational support personnel employee who is qualified to hold any such position. If there are more full-time educational support personnel employees on the combined list than there are available positions in the new, annexing, or receiving school district, then the employing school board shall first remove or dismiss those educational support personnel employees with the shorter length of continuing service within the respective category of position, following the procedures outlined in subsection (a) of this Section. The employment and position of each educational support personnel employee on the combined list not so removed or dismissed shall be transferred to the new, annexing, or receiving school board, and the new, annexing, or receiving school board is subject to this Code with respect to any educational support personnel employee so transferred as if the educational support personnel employee had been the new, annexing, or receiving board's employee during the time the educational support personnel employee was actually employed by the school board of the district from which the employment and position were transferred.

The changes made by Public Act 95-148 shall not apply to the formation of a new district or districts in accordance with Article 11E of this Code, the annexation of one or more entire districts in accordance with Article 7 of this Code, or the deactivation of a school facility in

PUBLIC ACT 101-0047
(House Bill No. 0938)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 8-11-1.3 as follows:

(65 ILCS 5/8-11-1.3) (from Ch. 24, par. 8-11-1.3)

Sec. 8-11-1.3. Non-Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property which is titled and registered by an agency of this State's Government, at retail in the municipality for expenditure on public infrastructure or for property tax relief or both as defined in Section 8-11-1.2 if approved by referendum as provided in Section 8-11-1.1, of the gross receipts from such sales made in the course of such business. If the tax is approved by referendum on or after July 14, 2010 (the effective date of Public Act 96-1057), the corporate authorities of a non-home rule municipality may, until July 1, 2030 December 31, 2020, use the proceeds of the tax for expenditure on municipal operations, in addition to or in lieu of any expenditure on public infrastructure or for property tax relief. The tax imposed may not be more than 1% and may be imposed only in 1/4% increments. The tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which

New matter indicated by italics - deletions by strikeout
is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit such retailer to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.4 of this Code.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the non-home rule municipal retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

New matter indicated by italics - deletions by strikeout
As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the
purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

The court shall consider spendthrift provisions as a factor in making a decision under this subsection, but a spendthrift provision is not necessarily a material purpose of a trust, and the court is not precluded from modifying or terminating a trust because the trust instrument contains spendthrift provisions. Upon termination, the court shall order the distribution of the trust property as agreed by the parties to the agreement, or if the parties cannot agree, then as the court determines is equitable and consistent with the purposes of the trust.

(c) If a trust contains a charitable interest, the parties to any proposed nonjudicial settlement agreement affecting the trust shall deliver to the Attorney General written notice of the proposed agreement at least
60 days before its effective date. The Bureau is not required to take action, but if it objects in a writing delivered to one or more of the parties before the proposed effective date, the agreement shall not take effect unless the parties obtain court approval.

(f) In the trustee's sole discretion, the trustee may, but is not required to, obtain and rely upon an opinion of counsel on any matter relevant to this Section, including, without limitation:

(1) if required by this Section, that the agreement proposed to be made in accordance with this Section does not conflict with a clear material purpose of the trust;

(2) in the case of a trust termination, that continuance of the trust is not necessary to achieve any clear material purpose of the trust;

(3) that there is no material conflict of interest between a representative and the person represented with respect to the particular question or dispute; and

(4) that the representative and the person represented have substantially similar interests with respect to the particular question or dispute.

(g) This Section shall be construed as pertaining to the administration of a trust and shall be available to any trust that is administered in this State or that is governed by Illinois law with respect to the meaning and effect of its terms, except to the extent the trust instrument expressly prohibits the use of this Section by specific reference to this Section or a prior corresponding law. A provision in the trust instrument in the form: "Neither the provisions of Section 111 of the Illinois Trust Code nor any corresponding provision of future law may be

used in the administration of this trust", or a similar provision demonstrating that intent, is sufficient to preclude the use of this Section.

Section 112. Rules of construction. The rules of construction that apply in this State to the interpretation of wills and the disposition of property by will also apply as appropriate to the interpretation of the trust instrument and the disposition of the trust property. This Code shall be liberally construed and the rule that statutes in derogation of the common law shall be strictly construed does not apply.

   - (B) will carry out a purpose of the trust.

(b) If a trustee of a trust would have an insurable interest in the life of an individual insured as described in this Section, then the insurable interest includes the joint lives of such an individual and his or her spouse.

(c) Nothing in this Section limits or affects any provision of the Viatical Settlements Act of 2009.

Section 114. Gift to a deceased beneficiary under an inter vivos trust.

(a) If a gift of a present or future interest is to a descendant of the settlor who dies before or after the settlor, the descendants of the deceased beneficiary living when the gift is to take effect in possession or enjoyment take per stirpes the gift so bequeathed.

If the gift lapses by reason of the death of the beneficiary before the gift is to take effect in possession or enjoyment, then the gift so given shall be included in and pass as part of the residue of the trust under the trust. If the gift is or becomes part of the residue, the gift so bequeathed shall pass to and be taken by the beneficiaries remaining, if any, of the residue in proportions and upon trusts corresponding to their respective interests in the residue of the trust. Subsections (a) and (b) do not apply to a future interest that is or becomes indefeasibly vested at the settlor's death or at any time thereafter before it takes effect in possession or enjoyment. This Section applies on and after January 1, 2005 for any gifts to a deceased beneficiary under an inter vivos trust if the deceased beneficiary dies after January 1, 2005 and before the gift is to take effect in possession or enjoyment.

(c) A settlor may not represent and bind a beneficiary under this Article with respect to a nonjudicial settlement agreement under Section 111, the termination or modification of a trust under subsection (a) of Section 411, or an exercise of the decanting power under Article 12.

d) If pursuant to this Article a person may be represented by 2 or more representatives, then the representative who has legal capacity, in the following order of priority, shall represent and bind the person:

(1) a representative or guardian ad litem appointed by a court under Section 305;
(2) the holder of a power of appointment under Section 302;
(3) a designated representative under Section 307;
(4) a court-appointed guardian of the estate, or, if none, a court-appointed guardian of the person under subsection (b) of Section 303;
(5) an agent under a power of attorney for property under subsection (c) of Section 303;
(6) a parent of a person under subsection (d) of Section 303;
(7) another person having a substantially similar interest with respect to the particular question or dispute under subsection (a) of Section 304; and
(8) a representative under this Article for a person who has a substantially similar interest to a person who has a representative under subsection (b) of Section 304.

e) A trustee is not liable for giving notice, information, accountings, or reports to a person who is represented by another person under this Article, and nothing in this Article prohibits the trustee from giving notice, information, accountings, or reports to the person represented.

Section 302. Representation by holders of certain powers.

(a) The holder of a testamentary or a presently exercisable power of appointment that is: (1) a general power of appointment; or (2) exercisable

in favor of all persons other than the powerholder, the powerholder's estate, a creditor of the powerholder, or a creditor of the powerholder's estate, may represent and bind all persons, including permissible appointees and takers in default, whose interests may be eliminated by the exercise or nonexercise of the power.

(b) To the extent there is no conflict of interest between a holder and the persons represented with respect to the particular question or dispute, the holder of a testamentary or presently exercisable power of appointment, other than a power described in subsection (a), may represent and bind all persons, including permissible appointees and takers in default, whose interests may be eliminated by the exercise or nonexercise of the power.

Section 303. Representation by others.

(a) If all qualified beneficiaries of a trust either have legal capacity or have representatives under this Article who have legal capacity, an action taken by all qualified beneficiaries, in each case either by the beneficiary or by the beneficiary's representative, shall represent and bind all other beneficiaries who have a successor, contingent, future, or other interest in the trust.

(b) If a person is represented by a court-appointed guardian of the estate or, if none, guardian of the person, then the guardian may represent and bind the person.

(c) If an individual is incapacitated, an agent under a power of attorney for property who has authority to act with respect to the particular question or dispute and who does not have a material conflict of interest with respect to the particular question or dispute may represent and bind the principal. An agent is deemed to have authority under this subsection if the power of attorney grants the agent the power to settle claims and to exercise powers with respect to trusts and estates, even if the powers do not include powers to make a will, to revoke or amend a trust, or to require the trustee to pay income or principal.

(d) If a person is incapacitated, a parent of the person may represent and bind the person if there is no material conflict of interest between the represented person and either of the person's parents with respect to the particular question or dispute. If a disagreement arises between parents who otherwise qualify to represent a child in accordance with this subsection and who are seeking to represent the same child, the parent who is a lineal descendant of the settlor of the trust that is the

subject of the representation is entitled to represent the child; or if none, the parent who is a beneficiary of the trust is entitled to represent the child.

Section 304. Representation by person having substantially identical interest.

(a) To the extent there is no material conflict of interest between the representative and the represented beneficiary with respect to the particular question or dispute, a beneficiary who is incapacitated, unborn, or unascertainable may, for all purposes, be represented by and bound by another beneficiary having a substantially similar interest with respect to the particular question or dispute.

(b) A guardian, agent, or parent who is the representative for a beneficiary under subsection (b), (c), or (d) of Section 303 may, for all purposes, represent and bind any other beneficiary who is incapacitated, unborn, or unascertainable and who has an interest, with respect to the particular question or dispute, that is substantially similar to the interest of the beneficiary represented by the representative, but only to the extent that there is no material conflict of interest between the beneficiary represented by the representative and the other beneficiary with respect to the particular question or dispute.

Section 305. Appointment of representative.

(a) If the court determines that representation of an incapacitated, unborn, or unascertainable beneficiary might otherwise be inadequate, the court may appoint a representative for any nonjudicial matter to receive any notice, information, accounting, or report on behalf of the beneficiary and to represent and bind the beneficiary, or may appoint a guardian ad litem in any judicial proceeding to represent the interests of, bind, and approve any order or agreement on behalf of the beneficiary.

(b) A representative may act on behalf of the individual represented with respect to any matter arising under this Code, regardless of whether a judicial proceeding concerning the trust or estate is pending.

(c) If not precluded by a conflict of interest with respect to the particular question or dispute, a representative or guardian ad litem may be appointed to represent several persons or interests.

(d) In giving any consent or agreement, a representative or guardian ad litem may consider general family benefit accruing to the living members of the family of the person represented.

Section 306. Representation of charity. If a trust contains a charitable interest, the Attorney General may, in accordance with this Section, represent, bind, and act on behalf of the charitable interest with

respect to any particular question or dispute, including without limitation representing the charitable interest in a nonjudicial settlement agreement under Section 111, in an agreement to convert a trust to a total return trust under Article 11, or in a distribution in further trust under Article 12. A charitable organization that is specifically named as beneficiary of a trust or otherwise has a beneficial interest in a trust may act for itself. Notwithstanding any other provision, nothing in this Section shall be construed to limit or affect the Attorney General's authority to file an action or take other steps as he or she deems advisable at any time to enforce or protect the general public interest as to a trust that provides a beneficial interest or expectancy for one or more charitable organizations or charitable purposes whether or not a specific charitable organization is named in the trust. This Section shall be construed as declarative of existing law and not as a new enactment.

Section 307. Designated representative.

(a) If specifically nominated in the trust instrument, one or more individuals with legal capacity may be designated to represent and bind an individual who is a qualified beneficiary. The trust instrument may also authorize any person or persons, other than a trustee of the trust, to designate one or more individuals with legal capacity to represent and bind an individual who is a qualified beneficiary. Any person so nominated or designated is referred to in this Section as a "designated representative".

(b) Notwithstanding subsection (a):

(1) A designated representative may not represent and bind a current beneficiary who is age 30 or older and is not incapacitated.

(2) A designated representative may not represent and bind a qualified beneficiary while the designated representative is serving as a trustee.

(3) Subject to paragraphs (1) and (2) of this subsection (b), a designated representative may not represent and bind a qualified beneficiary if the designated representative is also a qualified beneficiary of the trust, unless:

(A) the designated representative was specifically nominated in the trust instrument; or

(B) the designated representative is the qualified beneficiary's spouse or a grandparent or descendant of a grandparent of the qualified beneficiary or of the qualified beneficiary's spouse.

New matter indicated by italics - deletions by strikeout
(c) Each designated representative is a fiduciary of the trust subject to the standards applicable to a trustee of a trust under applicable law.

(d) In no event may a designated representative be relieved or exonerated from the duty to act, or withhold from acting, in good faith and as the designated representative reasonably believes is in the best interest of the represented qualified beneficiary.

Section 401. Methods of creating trust. A trust may be created by:

(1) transfer of property to another person as trustee during the settlor's lifetime or by will or other disposition taking effect upon the settlor's death;

(2) declaration by the owner of property that the owner holds identifiable property as trustee; or

(3) exercise of a power of appointment in favor of a trustee.

Section 402. Requirements for creation.
(a) A trust is created only if:

(1) the settlor has capacity to create a trust;

(2) the settlor indicates an intention to create the trust;

(3) the trust has a definite beneficiary or is:

(A) a charitable trust;

(B) a trust for the care of an animal, as provided in Section 408; or

(C) a trust for a noncharitable purpose, as provided in Section 409;

(4) the trustee has duties to perform; and

(5) the same person is not the sole trustee and sole beneficiary.

(b) A beneficiary is definite if the beneficiary can be ascertained now or in the future, subject to any applicable rule against perpetuities.

(c) A power in a trustee to select a beneficiary from an indefinite class is valid. If the power is not exercised within a reasonable time, the power fails and the property subject to the power passes to the persons who would have taken the property had the power not been conferred.

Section 403. Trusts created in other jurisdictions. A trust not created by will is validly created if its creation complies with the law of the jurisdiction in which the trust instrument was executed, or the law of the jurisdiction in which, at the time of creation:

(1) the settlor was domiciled, had a place of abode, or was a national;
(2) a trustee was domiciled or had a place of business; or
(3) any trust property was located.

Section 404. Trust purposes. A trust may be created only to the extent its purposes are lawful and not contrary to public policy.

Section 405. Charitable purposes; enforcement.
(a) A charitable trust may be created for any charitable purpose.
(b) If the terms of a charitable trust do not indicate a particular charitable purpose or beneficiary and do not delegate to the trustee or others willing to exercise the authority to select one or more charitable purposes or beneficiaries, then the court may select one or more charitable purposes or beneficiaries. The selection must be consistent with the settlor's intention to the extent it can be ascertained.
(c) The settlor of a charitable trust, among others, may maintain a proceeding to enforce the trust.

Section 406. Creation of trust induced by fraud, duress, or undue influence. If the creation, amendment, or restatement of a trust is procured by fraud, duress, mistake, or undue influence, the trust or any part so procured is void. The remainder of the trust not procured by such means is valid if the remainder is not invalid for other reasons. If the revocation of a trust, or any part of the trust, is procured by fraud, duress, mistake, or undue influence, the revocation is void.

Section 407. Evidence of oral trust. Except as required by a statute other than this Code, a trust need not be evidenced by a trust instrument, but the creation of an oral trust and its terms may be established only by clear and convincing evidence.

Section 408. Trusts for domestic or pet animals.
(a) A trust for the care of one or more designated domestic or pet animals is valid. The trust terminates when no living animal is covered by the trust. A trust instrument shall be liberally construed to bring the transfer within this Section, to presume against a merely precatory or honorary nature of its disposition, and to carry out the general intent of the transferor. Extrinsic evidence is admissible in determining the transferor's intent.
(b) A trust for the care of one or more designated domestic or pet animals is subject to the following provisions:
(1) Except as expressly provided otherwise in the instrument creating the trust, no portion of the principal or income of the trust may be converted to the use of the trustee or to a use

New matter indicated by italics - deletions by strikeout
other than for the trust's purposes or for the benefit of a covered animal.

(2) Upon termination, the trustee shall transfer the unexpended trust property in the following order:
   (A) as directed in the trust instrument;
   (B) to the settlor, if then living;
   (C) if there is no direction in the trust instrument and if the trust was created in a non-residuary clause in the transferor's will, then under the residuary clause in the transferor's will;
   (D) to the transferor's heirs under Section 2-1 of the Probate Act of 1975.

(3) The intended use of the principal or income may be enforced by an individual designated for that purpose in the trust instrument or, if none, by an individual appointed by a court having jurisdiction of the matter and parties, upon petition to it by an individual.

(4) Except as ordered by the court or required by the trust instrument, no filing, report, registration, periodic accounting, separate maintenance of funds, appointment, or fee is required by reason of the existence of the fiduciary relationship of the trustee.

(5) The court may reduce the amount of the property transferred if it determines that the amount substantially exceeds the amount required for the intended use. The amount of the reduction, if any, passes as unexpended trust property under paragraph (2).

(6) If a trustee is not designated or no designated trustee is willing and able to serve, the court shall name a trustee. The court may order the transfer of the property to another trustee if the transfer is necessary to ensure that the intended use is carried out, and if a successor trustee is not designated in the trust instrument or if no designated successor trustee agrees to serve and is able to serve. The court may also make other orders and determinations as are advisable to carry out the intent of the transferor and the purpose of this Section.

(7) The trust is exempt from the operation of the common law rule against perpetuities.

Section 409. Noncharitable trust without ascertainable beneficiary.

New matter indicated by italics - deletions by strikeout
(a) Except as otherwise provided in Section 408 or by another statute, a trust may be created for a noncharitable purpose without a definite or definitely ascertainable beneficiary or for a noncharitable but otherwise valid purpose to be selected by the trustee.

(b) The trust may not be enforced for more than 21 years. If the trust is still in existence after 21 years, the trust shall terminate. The unexpended trust property shall be distributed in the following order:

1. as directed in the trust instrument;
2. to the settlor, if then living;
3. if the trust was created in a non-residuary clause in the settlor's will, then pursuant to the residuary clause in the settlor's will;
4. to the transferor's heirs under Section 2-1 of the Probate Act of 1975.

(c) A trust authorized by this Section may be enforced by a person appointed in the trust instrument or, if no person is so appointed, by a person appointed by the court.

(d) Property of a trust authorized by this Section may be applied only to its intended use, except to the extent the court determines that the value of the trust property exceeds the amount required for the intended use. Property not required for the intended use must be distributed as provided in subsection (b).

Section 410. Modification or termination of trust; proceedings for approval or disapproval.

(a) In addition to the methods of termination prescribed by Sections 411 through 414, a trust terminates to the extent the trust is revoked or expires pursuant to the trust instrument, no purpose of the trust remains to be achieved, or the purposes of the trust have become unlawful, contrary to public policy, or impossible to achieve.

(b) A proceeding to approve or disapprove a proposed modification or termination under Sections 411 through 416, or trust combination or division under Section 417, may be commenced by a trustee or beneficiary or by the Attorney General for a trust with a charitable interest. The settlor of a charitable trust may maintain a proceeding to modify the trust under Section 413.

Section 411. Modification or termination of noncharitable irrevocable trust by consent.
(a) A noncharitable irrevocable trust may be terminated upon consent of all of the beneficiaries if the court concludes that continuance of the trust is not necessary to achieve any material purpose of the trust.

(b) A noncharitable irrevocable trust may be modified upon consent of all of the beneficiaries if the court concludes that modification is not inconsistent with any material purpose of the trust.

(c) The court shall consider spendthrift provisions as a factor in making a decision under this Section, but the court is not precluded from modifying or terminating a trust because the trust contains spendthrift provisions.

(d) Upon termination of a trust under subsection (a), the trustee shall distribute the trust property as agreed by the beneficiaries.

(e) If not all of the beneficiaries consent to a proposed modification or termination of the trust under subsection (a) or (b), the modification or termination may be approved by the court if the court is satisfied that:

(1) if all of the beneficiaries had consented, the trust could have been modified or terminated under this Section; and

(2) a beneficiary who does not consent is treated equitably and consistent with the purposes of the trust.

Section 412. Modification or termination because of unanticipated circumstances or inability to administer trust effectively.

(a) The court may modify the administrative or dispositive terms of a trust or terminate the trust if, because of circumstances not anticipated by the settlor, modification or termination will further the purposes of the trust. To the extent practicable, the modification must be made in accordance with the settlor's probable intention.

(b) The court may modify the administrative terms of a trust if continuation of the trust on its existing terms would be impracticable or wasteful or impair the trust's administration.

(c) Upon termination of a trust under this Section, the court shall order the distribution of the trust property as agreed by the beneficiaries, or if the beneficiaries cannot agree, then as the court determines is equitable and consistent with the purposes of the trust.

(d) Notwithstanding any other provision in this Section, if the trust contains a charitable interest, the modification cannot diminish the charitable interest or alter the charitable purpose, except as would be permitted under Section 413, and upon termination of a trust under this Section, any charitable distribution shall be made in a manner consistent with the settlor's charitable purpose as determined by the court.

Section 413. Cy pres.
(a) Except as otherwise provided in subsection (b), if a particular charitable purpose becomes unlawful, impracticable, impossible to achieve, or wasteful:

(1) the trust does not fail, in whole or in part;
(2) the trust property does not revert to the settlor or the settlor's successors in interest; and
(3) the court may apply cy pres to modify or terminate the trust by directing that the trust property be applied or distributed, in whole or in part, in a manner consistent with the settlor's charitable purposes.

(b) A provision in the terms of a charitable trust that would result in distribution of the trust property to a noncharitable beneficiary prevails over the power of the court under subsection (a) to apply cy pres to modify or terminate the trust only if, when the provision takes effect:

(1) the trust property is to revert to the settlor and the settlor is still living; or
(2) fewer than 21 years have elapsed since the date of the trust's creation.

Section 414. Modification or termination of uneconomic trust.
(a) After notice to the qualified beneficiaries, the trustee of a trust consisting of trust property having a total value less than $100,000 may terminate the trust if the trustee concludes that the costs of continuing the trust will substantially impair accomplishment of the purpose of the trust.

(b) The court may modify or terminate a trust or remove the trustee and appoint a different trustee if it determines that the value of the trust property is insufficient to justify the cost of administration.

(c) Upon termination of a trust under this Section, the trustee shall distribute the trust property to the current beneficiaries in the proportions to which they are entitled to mandatory current distributions, or if their interests are indefinite, to the current beneficiaries per stirpes if they have a common ancestor, or if not, then in equal shares. The trustee shall give notice to the current beneficiaries at least 30 days before the effective date of the termination.

(d) This Section does not apply to an easement for conservation or preservation.

(e) If a particular trustee is a current beneficiary of the trust or is legally obligated to a current beneficiary, then that particular trustee may not participate as a trustee in the exercise of this termination power;

New matter indicated by italics - deletions by strikeout
however, if the trust has one or more co-trustees who are not so disqualified from participating, the co-trustee or co-trustees may exercise this power.

(f) This Section does not apply to the extent that it would cause a trust otherwise qualifying for a federal or state tax benefit or other benefit not to qualify, nor does it apply to trusts for domestic or pet animals.

Section 415. Reformation to correct mistakes. The court may reform the terms of a trust, even if unambiguous, to conform the terms to the settlor's intention if it is proved by clear and convincing evidence what the settlor's intention was and that the terms of the trust were affected by a mistake of fact or law, whether in expression or inducement.

Section 416. Modification to achieve settlor's tax objectives. To achieve the settlor's tax objectives, the court may modify the terms of a trust in a manner that is not contrary to the settlor's probable intention. The court may provide that the modification has retroactive effect.

Section 417. Combination and division of trusts.
(a) Subject to subsections (b), (c), and (d), after notice to the qualified beneficiaries, a trustee may:

(1) consolidate 2 or more trusts having substantially similar terms into a single trust;

(2) sever any trust estate on a fractional basis into 2 or more separate trusts; and

(3) segregate by allocation to a separate account or trust a specific amount or specific property.

(b) No consolidation, severance, or segregation may be made if the result impairs the rights of any beneficiary or adversely affects achievement of the material purposes of the subject trust or trusts.

(c) A severance or consolidation may be made for any reason including to reflect a partial disclaimer, to reflect differences in perpetuities periods, to reflect or result in differences in federal or state tax attributes, to satisfy any federal tax requirement or election, or to reduce potential generation-skipping transfer tax liability, and shall be made in a manner consistent with the rules governing disclaimers, federal tax attributes, requirements or elections, or any applicable federal or state tax rules or regulations.

(d) A separate account or trust created by severance or segregation:

(1) shall be treated as a separate trust for all purposes on and after the effective date of the severance or segregation; and

New matter indicated by italics - deletions by strikeout
(2) shall be held on terms and conditions that are substantially equivalent to the terms of the trust from which it was severed or segregated so that the aggregate interests of each beneficiary in the several trusts are substantially equivalent to the beneficiary's interests in the trust before severance, except that any terms of the trust before severance that would affect the perpetuities period or qualification of the trust for any federal or state tax deduction, exclusion, election, exemption, or other special federal or state tax status must remain identical in each of the separate trusts created.

(e) Income earned on a severed or segregated amount or property after severance or segregation occurs shall pass to the designated taker of the amount or property.

(f) In managing, investing, administering, and distributing the trust property of any separate account or trust and in making applicable federal or state tax elections, the trustee may consider the differences in federal or state tax attributes and all other factors the trustee believes pertinent and may make disproportionate distributions from the separate accounts or trusts.

Article 5. Creditor's Claims; Spendthrift and Discretionary Trusts.

Section 501. Rights of beneficiary's creditor or assignee. Except as provided in Section 504, to the extent a beneficiary's interest is not subject to a spendthrift provision, the court may authorize a creditor or assignee of the beneficiary to reach the beneficiary's interest by attachment of present or future distributions to or for the benefit of the beneficiary or other means. The court may limit the award to such relief as is appropriate under the circumstances.

Section 502. Spendthrift provision.

(a) A spendthrift provision is valid only if it prohibits both voluntary and involuntary transfer of a beneficiary's interest.

(b) A term of a trust providing that the interest of a beneficiary is held subject to a "spendthrift trust", or words of similar import, is sufficient to restrain both voluntary and involuntary transfer of the beneficiary's interest.

(c) A beneficiary may not transfer an interest in a trust in violation of a valid spendthrift provision and, except as otherwise provided in this Article, a creditor or assignee of the beneficiary may not reach the interest or a distribution by the trustee before its receipt by the beneficiary.

New matter indicated by italics - deletions by strikeout
(d) A valid spendthrift provision does not prevent the appointment of interests through the exercise of a power of appointment.

Section 503. Exceptions to spendthrift provision.
(a) In this Section, "child" includes any person for whom an order or judgment for child support has been entered in this or another state.
(b) A spendthrift provision is unenforceable against:
   (1) a beneficiary's child, spouse, or former spouse who has a judgment or court order against the beneficiary for child support obligations owed by the beneficiary as provided in the Income Withholding for Support Act, the Non-Support Punishment Act, the Illinois Parentage Act of 2015, the Illinois Marriage and Dissolution of Marriage Act, and similar provisions of other Acts that provide for the support of a child;
   (2) a judgment creditor who has provided services for the protection of a beneficiary's interest in the trust; and
   (3) a claim of this State or the United States to the extent a statute of this State or federal law so provides.
(c) Except as otherwise provided in this subsection and in Section 504, a claimant against which a spendthrift provision cannot be enforced may obtain from a court an order attaching present or future distributions to or for the benefit of the beneficiary. The court may limit the award to such relief as is appropriate under the circumstances. Notwithstanding this subsection, the remedies provided in this subsection apply to a claim for unpaid child support obligations by a beneficiary's child, spouse, former spouse, judgment creditor, or claim described in subsection (b) only as a last resort upon an initial showing that traditional methods of enforcing the claim are insufficient.

Section 504. Discretionary distributions; effect of standard.
(a) As used in this Section, "discretionary distribution" means a distribution that is subject to the trustee's discretion regardless of whether the discretion is expressed in the form of a standard of distribution and regardless of whether the trustee has abused the discretion.
(b) Regardless of whether a trust contains a spendthrift provision, and regardless of whether the beneficiary is acting as trustee, if a trustee may make discretionary distributions to or for the benefit of a beneficiary, a creditor of the beneficiary, including a creditor described in subsection (b) of Section 503, may not:
   (1) compel a distribution that is subject to the trustee's discretion; or
(2) obtain from a court an order attaching present or future distributions to or for the benefit of the beneficiary, except as provided in Section 2-1403 of the Code of Civil Procedure.

(c) If the trustee's discretion to make distributions for the trustee's own benefit is limited by an ascertainable standard, a creditor may not reach or compel distribution of the beneficial interest except to the extent the interest would be subject to the creditor's claim were the beneficiary not acting as trustee.

(d) This Section does not limit the right of a beneficiary to maintain a judicial proceeding against a trustee for an abuse of discretion or failure to comply with a standard for distribution.

Section 505. Creditor's claim against settlor.

(a) Whether or not the terms of a trust contain a spendthrift provision, the following rules apply:

(1) During the lifetime of the settlor, the property of a revocable trust is subject to claims of the settlor's creditors to the extent the property would not otherwise be exempt by law if owned directly by the settlor.

(2) With respect to an irrevocable trust, a creditor or assignee of the settlor may reach the maximum amount that can be distributed to or for the settlor's benefit. If a trust has more than one settlor, the amount the creditor or assignee of a particular settlor may reach may not exceed the settlor's interest in the portion of the trust attributable to that settlor's contribution.

(3) Notwithstanding paragraph (2), the assets of an irrevocable trust may not be subject to the claims of an existing or subsequent creditor or assignee of the settlor, in whole or in part, solely because of the existence of a discretionary power granted to the trustee by the terms of the trust, or any other provision of law, to pay directly to the taxing authorities or to reimburse the settlor for any tax on trust income or principal that is payable by the settlor under the law imposing the tax.

(4) Paragraph (2) does not apply to the assets of an irrevocable trust established for the benefit of a person with a disability that meets the requirements of 42 U.S.C. 1396p(d)(4) or similar federal law governing the transfer to such a trust.

(5) After the death of a settlor, and subject to the settlor's right to direct the source from which liabilities will be paid, the property of a trust that was revocable at the settlor's death is subject
to claims of the settlor's creditors, costs of administration of the settlor's estate, the expenses of the settlor's funeral and disposal of remains, and statutory allowances to a surviving spouse and children to the extent the settlor's probate estate is inadequate to satisfy those claims, costs, expenses, and allowances. Distributees of the trust take property distributed after payment of such claims; subject to the following conditions:

(A) sums recovered by the personal representative of the settlor's estate must be administered as part of the decedent's probate estate, and the liability created by this subsection does not apply to any assets to the extent that the assets are otherwise exempt under the laws of this State or under federal law;

(B) with respect to claims, expenses, and taxes in connection with the settlement of the settlor's estate, any claim of a creditor that would be barred against the personal representative of a settlor's estate or the estate of the settlor is barred against the trust property of a trust that was revocable at the settlor's death, the trustee of the revocable trust, and the beneficiaries of the trust; and

(C) Sections 18-10 and 18-13 of the Probate Act of 1975, detailing the classification and priority of payment of claims, expenses, and taxes from the probate estate of a decedent, or comparable provisions of the law of the deceased settlor's domicile at death if not Illinois, apply to a revocable trust to the extent the assets of the settlor's probate estate are inadequate and the personal representative or creditor or taxing authority of the settlor's estate has perfected its right to collect from the settlor's revocable trust.

(6) After the death of a settlor, a trustee of a trust that was revocable at the settlor's death is released from liability under this Section for any assets distributed to the trust's beneficiaries in accordance with the governing trust instrument if:

(A) the trustee made the distribution 6 months or later after the settlor's death; and

(B) the trustee did not receive a written notice from the decedent's personal representative asserting that the decedent's probate estate is or may be insufficient to pay

New matter indicated by italics - deletions by strikeout
allowed claims or, if the trustee received such a notice, the notice was withdrawn by the personal representative or revoked by the court before the distribution.

(b) For purposes of this Section:

(1) during the period the power may be exercised, the holder of a power of withdrawal is treated in the same manner as the settlor of a revocable trust to the extent of the property subject to the power; and

(2) upon the lapse, release, or waiver of the power, the holder is treated as the settlor of the trust only to the extent the value of the property affected by the lapse, release, or waiver exceeds the greater of the amount specified in Section 2041(b)(2) or 2514(e) of the Internal Revenue Code.

Section 506. Overdue distribution.

(a) In this Section, "mandatory distribution" means a distribution of income or principal that the trustee is required to make to a beneficiary under the trust instrument, including a distribution upon termination of the trust. The term does not include a distribution subject to the exercise of the trustee's discretion even if (1) the discretion is expressed in the form of a standard of distribution, or (2) the terms of the trust authorizing a distribution couple language of discretion with language of direction.

(b) Whether or not a trust contains a spendthrift provision, a creditor or assignee of a beneficiary may reach a mandatory distribution of income or principal, including a distribution upon termination of the trust, if the trustee has not made the distribution to the beneficiary within a reasonable time after the designated distribution date.

Section 507. Personal obligations of trustee. Trust property is not subject to personal obligations of the trustee, even if the trustee becomes insolvent or bankrupt.

Section 508. Lapse of power to withdraw. A beneficiary of a trust may not be considered to be a settlor or to have made a transfer to the trust merely because of a lapse, release, or waiver of his or her power of withdrawal to the extent that the value of the affected property does not exceed the greatest of the amounts specified in Sections 2041(b)(2), 2514(e), and 2503(b) of the Internal Revenue Code.

Section 509. Trust for beneficiary with a disability.

(a) As used in this Section:

New matter indicated by italics - deletions by strikeout
(1) "Discretionary trust" means a trust in which the trustee has discretionary power to determine distributions to be made under the trust.

(2) "Resources" includes, but is not limited to, any interest in real or personal property, judgment, settlement, annuity, maintenance, support for minor children, and support for non-minor children.

(b) A discretionary trust for the benefit of an individual who has a disability that substantially impairs the individual's ability to provide for his or her own care or custody and constitutes a substantial disability, is not liable to pay or reimburse this State or any public agency for financial aid or services to the individual except to the extent the trust was created by the individual or trust property has been distributed directly to or is otherwise under the control of the individual, except that this exception does not apply to a trust created with the property of the individual with a disability or property within his or her control if the trust complies with Medicaid reimbursement requirements of federal law. Notwithstanding any other provisions to the contrary, a trust created with the property of the individual with a disability or property within his or her control is liable, after the reimbursement of Medicaid expenditures, to this State for reimbursement of any other service charges outstanding at the death of the individual with a disability. Property, goods, and services purchased or owned by a trust for and used or consumed by a beneficiary with a disability shall not be considered trust property distributed to or under the control of the beneficiary.

(c) Except as otherwise prohibited by law, the court or a person with a disability may irrevocably assign resources of that person to either or both of: (i) an ABLE account, as defined under Section 16.6 of the State Treasurer Act; or (ii) a discretionary trust that complies with the Medicaid reimbursement requirements of federal law. Section 602. Revocation or amendment of revocable trust.

(a) The settlor may revoke a trust only if the trust instrument expressly provides that the trust is revocable or that the settlor has an
unrestricted power of amendment. The settlor may amend a trust only if the trust expressly provides that the trust is revocable or amendable by the settlor.

(b) If a revocable trust has more than one settlor:

(1) to the extent the trust consists of community property, the trust may be revoked by either spouse acting alone but may be amended only by joint action of both spouses;

(2) to the extent the trust consists of property other than community property, each settlor may revoke or amend the trust only with regard to the portion of the trust property attributable to that settlor's contribution; and

(3) upon the revocation or amendment of the trust by fewer than all of the settlors, the trustee shall promptly notify the other settlors of the revocation or amendment.

(c) The settlor may revoke or amend a revocable trust instrument:

(1) by substantially complying with a method provided in the trust instrument; or

(2) if the trust instrument does not provide a method or the method provided in the terms is not expressly made exclusive, by a later instrument in writing other than a will, signed by the settlor and specifically referring to the trust.

(d) Upon revocation of a revocable trust, the trustee shall deliver the trust property to the settlor or as the settlor directs.

(e) A settlor's powers with respect to revocation, amendment, or distribution of trust property may not be exercised by an agent under a power of attorney unless expressly authorized by the power and not prohibited by the trust instrument.

(b) To the extent a trust is revocable by a settlor, and the settlor personally has capacity to revoke the trust, rights of the beneficiaries are subject to the control of, and the duties of the trustee are owed exclusively to, the settlor.

(c) While a trust is revocable by a settlor but the settlor does not personally have the capacity to revoke the trust, the duties of the trustee are owed only to the settlor and current beneficiaries. If the settlor is a beneficiary, the settlor's interests as a beneficiary take priority over the interests of all other beneficiaries.

(d) Except as provided in subsection (e), only the settlor, a representative of the settlor under Article 3 during the settlor's lifetime if the settlor is incapacitated, and the representative of the settlor's estate after the settlor's death have standing to contest, challenge, or bring any proceeding in any court regarding any action of the trustee of a revocable trust taken or not taken while the trust is revocable.

(e) An individual who is or was a current beneficiary during the settlor's lifetime, a representative of such an individual under Article 3 or the representative of such individual's estate after the individual's death, has standing to contest, challenge, or bring any proceeding in any court regarding any action of the trustee of a revocable trust while the trust is revocable but the settlor does not personally have capacity to revoke the trust, but only to the extent the action of the trustee affects the interest of the individual as a current beneficiary of the trust during the lifetime of the settlor while the settlor does not personally have the capacity to revoke the trust.

(f) The holder of a non-lapsing power of withdrawal, during the period the power may be exercised, has the rights of a settlor of a revocable trust to the extent of the property subject to the power.

(2)(A) in the case of a trust to which a legacy is provided by the settlor's will that is admitted to probate, the time to contest the validity of the settlor's will as provided in the Probate Act of 1975; or

(B) in the case of a trust other than a trust described in subdivision (A), 6 months after the trustee sent the person a copy of the trust instrument and a notice informing the person of the trust's existence, of the trustee's name and address, and of the 6-month period allowed for commencing a proceeding.

(b) Nine months after the death of the settlor of a trust that was revocable at the settlor's death, the trustee may proceed to distribute the trust property in accordance with the trust instrument. The trustee is not subject to liability for doing so unless:

(1) the trustee knows of a pending judicial proceeding contesting the validity of the trust; or

(2) a potential contestant has notified the trustee of a possible judicial proceeding to contest the trust and a judicial proceeding is commenced within 60 days after the contestant sent the notification.

(3) "Trust" means a trust created by a nontestamentary instrument executed after January 1, 1982.

(4) Notwithstanding the definition of "revocable" in Section 103, a provision is revocable by the settlor if the settlor has the power at the time of the entry of the judgment or judicial

termination of marriage of the settlor to revoke, modify, or amend the provision, either alone or in conjunction with any other person or persons.

(b) Unless the trust instrument or the judgment of judicial termination of marriage expressly provides otherwise, judicial termination of marriage of the settlor of a trust revokes every provision that is revocable by the settlor pertaining to the settlor's former spouse in a trust instrument or amendment executed by the settlor before the entry of the judgment of judicial termination of marriage of the settlor and any such trust shall be administered and construed as if the settlor's former spouse had died upon entry of the judgment of judicial termination of marriage.

(c) A trustee who has no actual knowledge of a judgment of judicial termination of marriage of the settlor is not liable for any action taken or omitted in good faith on the assumption that the settlor is married. The preceding sentence is intended to affect only the liability of the trustee and shall not affect the disposition of beneficial interests in any trust.

(d) Notwithstanding Section 102, this Section may be made applicable by specific reference in the trust instrument to this Section in any (1) land trust; (2) voting trust; (3) security instrument such as a trust deed or mortgage; (4) liquidation trust; (5) escrow; (6) instrument under which a nominee, custodian for property or paying or receiving agent is appointed; or (7) trust created by a deposit arrangement in a bank or savings institution, commonly known as "Totten Trust".

(1) by substantially complying with a method of acceptance provided in the trust instrument; or

(2) if the trust instrument does not provide a method or the method provided in the trust instrument is not expressly made exclusive, by accepting delivery of the trust property, exercising powers or performing duties as trustee, or otherwise indicating acceptance of the trusteeship.

(b) A person designated as trustee who has not yet accepted the trusteeship may decline the trusteeship. A designated trustee who does not
accept the trusteeship within 120 days after receiving notice of the designation is deemed to have declined the trusteeship.

(c) A person designated as trustee, without accepting the trusteeship, may, but need not:

(1) act to preserve the trust property if, within 120 days after receiving notice of the designation, the person sends a declination of the trusteeship to the settlor or, if the settlor is deceased or incapacitated, to the qualified beneficiaries; and

(2) inspect or investigate trust property to determine potential liability under environmental or other law or for any other purpose.

(b) The court may specify the amount of a bond, its liabilities, and whether sureties are necessary. The court may modify or terminate a bond at any time.

(c) A corporate fiduciary, as defined in Section 1-5.505 of the Corporate Fiduciary Act, qualified to do trust business in this State need not give bond, even if required by the terms of the trust.

Section 703. Co-trustees.

(a) Co-trustees who are unable to reach a unanimous decision may act by majority decision after prior written notice to, or written waiver of notice by, each other co-trustee.

(b) If a vacancy occurs in a co-trusteeship, subsection (b) of Section 704 applies.

(c) A co-trustee must participate in the performance of a trustee's function unless the co-trustee is unavailable to perform the function because of absence, illness, disqualification under other law, or other temporary incapacity or the co-trustee has properly delegated the performance of the function to another trustee.

(d) If a co-trustee is unavailable to perform duties because of absence, illness, disqualification under other law, or other temporary incapacity, and prompt action is necessary to achieve the purposes of the
trust or to avoid injury to the trust property, the remaining co-trustee or a majority of the remaining co-trustees may act for the trust.

(e) A trustee may delegate to a co-trustee for any period of time any or all of the trustee's rights, powers, and duties. Unless a delegation was irrevocable, a trustee may revoke a delegation previously made.

(f) Except as otherwise provided in subsection (g), a trustee who is not qualified to participate in an action or who does not join in an action of another trustee is not liable for the action.

(g) Each trustee who is not an excluded fiduciary under Section 808 shall exercise reasonable care to:

(1) prevent a co-trustee from committing a serious breach of trust; and
(2) compel a co-trustee to redress a serious breach of trust.

(1) a person designated as trustee declines the trusteeship;
(2) a person designated as trustee cannot be identified or does not exist;
(3) a trustee resigns;
(4) a trustee is disqualified or removed;
(5) a trustee dies;
(6) a guardian is appointed for an individual serving as trustee; or
(7) an individual serving as trustee becomes incapacitated.

(b) If one or more co-trustees remain in office, a vacancy in a trusteeship need not be filled and the remaining co-trustees or trustee may act for the trust. A vacancy in a trusteeship must be filled if the trust has no remaining trustee, or if the existing vacancy impairs the administration of the trust as determined by the remaining trustees.

(c) A vacancy in a trusteeship of a trust that is required to be filled must be filled in the following order of priority:

(1) by a person designated in accordance with the trust instrument to act as successor trustee;
(2) by a person appointed by a majority of the beneficiaries who are distributees or permissible distributees of trust income; or

New matter indicated by italics - deletions by strikeout
(3) by a person appointed by the court.
(d) If a trust contains a charitable interest, then the appointment of a successor trustee provided under paragraph (2) of subsection (c) shall not take effect until 30 days after written notice is delivered to the Attorney General's Charitable Trust Bureau. The Attorney General may waive this notice requirement.

Section 705. Resignation of trustee.
(a) A trustee may resign:
   (1) upon notice to the settlor, if living, to the beneficiaries who are distributees or permissible distributees of trust income, and all co-trustees; or

Section 706. Removal of trustee.

(b) The court may remove a trustee if:
   (1) the trustee has committed a serious breach of trust;
   (2) lack of cooperation among co-trustees substantially impairs the administration of the trust;
   (3) because of unfitness, unwillingness, or persistent failure of the trustee to administer the trust effectively, the court determines that removal of the trustee best serves the purposes of the trust and the interests of the beneficiaries; or
   (4) there has been a substantial change of circumstances or removal is requested by all of the qualified beneficiaries, the court finds that removal of the trustee best serves the interests of all of the beneficiaries and is not inconsistent with any material purpose of the trust, and a suitable co-trustee or successor trustee is available.

(c) Pending a final decision on a request to remove a trustee, or in lieu of or in addition to removing a trustee, the court may order such
appropriate relief under subsection (b) of Section 1001 as may be necessary to protect the trust property or the interests of the beneficiaries.

Section 707. Delivery of property by former trustee.
(a) Unless a co-trustee remains in office or the court otherwise orders, and until the trust property is delivered to a successor trustee or other person entitled to it, a trustee who has resigned or been removed has the duties of a trustee and the powers necessary to protect the trust property.
(b) A trustee who has resigned or been removed shall proceed expeditiously to deliver the trust property within the trustee's possession to the co-trustee, successor trustee, or other person entitled to it.

Section 708. Compensation of trustee.
(a) If the trust instrument does not specify the trustee's compensation, a trustee is entitled to compensation that is reasonable under the circumstances.
(b) If the trust instrument specifies the trustee's compensation, the trustee is entitled to be compensated as specified, but the court may allow more or less compensation if:
   (1) the duties of the trustee are substantially different from those contemplated when the trust was created; or
   (2) the compensation specified by the trust instrument would be unreasonably low or high.

Section 709. Reimbursement of expenses.
(a) A trustee is entitled to be reimbursed out of the trust property, with interest as appropriate, for:
   (1) expenses that were properly incurred in the administration and protection of the trust; and
   (2) to the extent necessary to prevent unjust enrichment of the trust, expenses that were not properly incurred in the administration of the trust.
(b) An advance by the trustee of money for the protection of the trust gives rise to a right to reimbursement with reasonable interest.

Article 8. Duties and Powers of Trustee.
Section 801. Duty to administer trust. Upon acceptance of a trusteeship, the trustee shall administer the trust in good faith, in accordance with its purposes and the terms of the trust, and in accordance with this Code.

1. the transaction was authorized by the trust instrument or applicable law;
2. the transaction was approved by the court or by nonjudicial settlement agreement in accordance with Section 111;
3. the beneficiary did not commence a judicial proceeding within the time allowed by Section 1005;
4. the beneficiary consented to the trustee's conduct, ratified the transaction, or released the trustee in compliance with Section 1009; or
5. the transaction involves a contract entered into or claim acquired by the trustee before the person became or contemplated becoming trustee.

1. the trustee's spouse;
2. the trustee's descendants, siblings, parents, or their spouses; or
3. a corporation or other person or enterprise in which the trustee, or a person that owns a significant interest in the trustee, has an interest that might affect the trustee's best judgment, except as otherwise authorized by law.

(c) A transaction between a trustee and a beneficiary that does not concern trust property, that occurs during the existence of the trust and from which the trustee obtains an advantage, is voidable by the beneficiary unless the trustee establishes that the transaction was fair to the beneficiary.

(d) A transaction not concerning trust property in which the trustee engages in the trustee's individual capacity involves a conflict between

personal and fiduciary interests if the transaction concerns an opportunity properly belonging to the trust.

(e) An investment by a trustee in securities of an investment company or investment trust to which the trustee, or its affiliate, provides services in a capacity other than as trustee is not presumed to be affected by a conflict between personal and fiduciary interests if the investment otherwise complies with the prudent investor rule. In addition to its compensation for acting as trustee, the trustee may be compensated by the investment company or investment trust for providing those services out of fees charged to the trust so long as the total compensation paid by the trust as trustee's fees and mutual fund or other investment fees is reasonable.

(f) In voting shares of stock or in exercising powers of control over similar interests in other forms of enterprise, the trustee shall act in the best interests of the beneficiaries.

(g) This Section does not preclude the following transactions, if fair to the beneficiaries:

(1) an agreement between a trustee and a beneficiary relating to the appointment or compensation of the trustee;
(2) payment of reasonable compensation to the trustee;
(3) a transaction between a trust and another trust, decedent's estate, or guardianship of which the trustee is a fiduciary or in which a beneficiary has an interest;
(4) the entry of an agreement for a bank or other deposit account, safe deposit box, custodian, agency, or depository arrangement for all or any part of the trust property, including an agreement for services provided by a bank operated by or affiliated with the trustee, and the payment of reasonable compensation for those services, including compensation to the bank operated by or affiliated with the trustee, except that nothing in this paragraph shall be construed as removing any depository arrangements from the requirements of the prudent investor rule; or
(5) an advance by the trustee of money for the protection of the trust.

(h) The court may appoint a special fiduciary to make a decision with respect to any proposed transaction that might violate this Section if entered into by the trustee.

Section 803. Impartiality. If a trust has 2 or more beneficiaries, the trustee shall act impartially in investing, managing, and distributing the trust property giving due regard to the beneficiaries respective interests.

(1) selecting an agent;

(2) establishing the scope and terms of the delegation, consistent with the purposes of the trust and the trust instrument; and

(3) periodically reviewing the agent's actions in order to monitor the agent's performance and compliance with the terms of the delegation.

(c) In performing a delegated function, an agent owes a duty to the trust to exercise reasonable care to comply with the terms of the delegation.

(a) In this Section:

(1) "Distribution trust advisor" means any one or more persons given authority by the trust instrument to direct, consent to,
veto, or otherwise exercise all or any portion of the distribution powers and discretions of the trust, including, but not limited to, authority to make discretionary distribution of income or principal.

(2) "Excluded fiduciary" means any fiduciary that by the trust instrument is directed to act in accordance with the exercise of specified powers by a directing party, in which case the specified powers are deemed granted not to the fiduciary but to the directing party and the fiduciary is deemed excluded from exercising the specified powers. If a trust instrument provides that a fiduciary as to one or more specified matters is to act, omit action, or make decisions only with the consent of a directing party, then the fiduciary is an excluded fiduciary with respect to the matters. Notwithstanding any provision of this Section, a person does not fail to qualify as an excluded fiduciary solely by reason of having effectuated, participated in, or consented to a transaction, including, but not limited to, any transaction described in Section 111 or 411 or Article 12 invoking this Section with respect to any new or existing trust.

(3) "Fiduciary" means any person expressly given one or more fiduciary duties by the trust instrument, including, but not limited to, a trustee.

(6) "Trust protector" means any one or more persons given any one or more of the powers specified in subsection (d), regardless of whether the power is designated with the title of trust protector by the trust instrument.

(b) An investment trust advisor may be designated in the trust instrument of a trust. The powers of an investment trust advisor may be exercised or not exercised in the sole and absolute discretion of the investment trust advisor, and are binding on all other persons, including, but not limited to, each beneficiary, fiduciary, excluded fiduciary, and any other party having an interest in the trust. The trust instrument may use the

title "investment trust advisor" or any similar name or description demonstrating the intent to provide for the office and function of an investment trust advisor. Unless the terms of the trust provide otherwise, the investment trust advisor has the authority to:

(1) direct the trustee with respect to the retention, purchase, transfer, assignment, sale, or encumbrance of trust property and the investment and reinvestment of principal and income of the trust;

(2) direct the trustee with respect to all management, control, and voting powers related directly or indirectly to trust assets, including, but not limited to, voting proxies for securities held in trust;

(3) select and determine reasonable compensation of one or more advisors, managers, consultants, or counselors, including the trustee, and to delegate to them any of the powers of the investment trust advisor in accordance with Section 807; and

(4) determine the frequency and methodology for valuing any asset for which there is no readily available market value.

(c) A distribution trust advisor may be designated in the trust instrument of a trust. The powers of a distribution trust advisor may be exercised or not exercised in the sole and absolute discretion of the distribution trust advisor, and are binding on all other persons, including, but not limited to, each beneficiary, fiduciary, excluded fiduciary, and any other party having an interest in the trust. The trust instrument may use the title "distribution trust advisor" or any similar name or description demonstrating the intent to provide for the office and function of a distribution trust advisor. The trust instrument may use the title "trust protector" or any similar name or description demonstrating the intent to provide for the office and function of a trust protector. The powers granted to a trust protector by the trust
instrument may include but are not limited to authority to do any one or more of the following:

(1) modify or amend the trust instrument to achieve favorable tax status or respond to changes in the Internal Revenue Code, federal laws, state law, or the rulings and regulations under such laws;

(2) increase, decrease, or modify the interests of any beneficiary or beneficiaries of the trust;

(3) modify the terms of any power of appointment granted by the trust; however, such modification or amendment may not grant a beneficial interest to any individual, class of individuals, or other parties not specifically provided for under the trust instrument;

(4) remove, appoint, or remove and appoint, a trustee, investment trust advisor, distribution trust advisor, another directing party, investment committee member, or distribution committee member, including designation of a plan of succession for future holders of any such office;

The Attorney General may waive this notice requirement.

applicable law unless the trust instrument provides otherwise, but the trust instrument may not, however, relieve or exonerate a directing party from the duty to act or withhold acting as the directing party in good faith reasonably believes is in the best interests of the trust.

(f) The excluded fiduciary shall act in accordance with the trust instrument and comply with the directing party's exercise of the powers granted to the directing party by the trust instrument. Unless otherwise provided in the trust instrument, an excluded fiduciary has no duty to monitor, review, inquire, investigate, recommend, evaluate, or warn with respect to a directing party's exercise or failure to exercise any power granted to the directing party by the trust instrument, including, but not limited to, any power related to the acquisition, disposition, retention, management, or valuation of any asset or investment. Except as otherwise provided in this Section or the trust instrument, an excluded fiduciary is not liable, either individually or as a fiduciary, for any action, inaction, consent, or failure to consent by a directing party, including, but not limited to, any of the following:

(1) if a trust instrument provides that an excluded fiduciary is to follow the direction of a directing party, and such excluded fiduciary acts in accordance with such a direction, then except in cases of willful misconduct on the part of the excluded fiduciary in complying with the direction of the directing party, the excluded fiduciary is not liable for any loss resulting directly or indirectly from following any such direction, including but not limited to compliance regarding the valuation of assets for which there is no readily available market value;

(2) if a trust instrument provides that an excluded fiduciary is to act or omit to act only with the consent of a directing party, then except in cases of willful misconduct on the part of the excluded fiduciary, the excluded fiduciary is not liable for any loss resulting directly or indirectly from any act taken or omitted as a result of such directing party's failure to provide such consent after having been asked to do so by the excluded fiduciary; or

(3) if a trust instrument provides that, or for any other reason, an excluded fiduciary is required to assume the role or responsibilities of a directing party, or if the excluded fiduciary appoints a directing party or successor to a directing party other than in a nonjudicial settlement agreement under Section 111 or in a second trust under Article 12, then the excluded fiduciary shall

also assume the same fiduciary and other duties and standards that applied to such directing party.

(g) By accepting an appointment to serve as a directing party of a trust that is subject to the laws of this State, the directing party submits to the jurisdiction of the courts of this State even if investment advisory agreements or other related agreements provide otherwise, and the directing party may be made a party to any action or proceeding if issues relate to a decision or action of the directing party.

(h) Each directing party shall keep the excluded fiduciary and any other directing party reasonably informed regarding the administration of the trust with respect to any specific duty or function being performed by the directing party to the extent that the duty or function would normally be performed by the excluded fiduciary or to the extent that providing such information to the excluded fiduciary or other directing party is reasonably necessary for the excluded fiduciary or other directing party to perform its duties, and the directing party shall provide such information as reasonably requested by the excluded fiduciary or other directing party. Neither the performance nor the failure to perform of a directing party's duty to inform as provided in this subsection affects whatsoever the limitation on the liability of the excluded fiduciary as provided in this Section.

(i) Other required notices.

(1) A directing party shall:

(A) within 90 days after becoming a directing party, notify each qualified beneficiary of the acceptance and of the directing party's name, address, and telephone number, except that the notice requirement of this subdivision (A) does not apply with respect to a succession of a business entity by merger or consolidation with another business entity or by transfer between holding company affiliates if there is no change in the contact information for the directing party, in which case the successor entity has discretion to determine what timing and manner of notice is appropriate;

(B) notify each qualified beneficiary in advance of any change in the rate of or the method of determining the directing party's compensation; and

(C) notify each qualified beneficiary of the directing party's resignation.
(2) In the event of the incapacity, death, disqualification, or removal of any directing party, a directing party who continues acting as directing party following such an event shall notify each qualified beneficiary of the incapacity, death, disqualification, or removal of any other directing party within 90 days after the event.

(j) An excluded fiduciary may, but is not required to, obtain and rely upon an opinion of counsel on any matter relevant to this Section.

(k) On and after January 1, 2013, this Section applies to:

(1) all existing and future trusts that appoint or provide for a directing party, including, but not limited to, a party granted power or authority effectively comparable in substance to that of a directing party as provided in this Section; or

(2) any existing or future trust that:

(A) is modified in accordance with applicable law or the terms of the trust to appoint or provide for a directing party; or

(B) is modified to appoint or provide for a directing party, including, but not limited to, a party granted power or authority effectively comparable in substance to that of a directing party, in accordance with: (i) a court order; (ii) a nonjudicial settlement agreement made in accordance with Section 111; or (iii) an exercise of decanting power under Article 12, regardless of whether the order, agreement, or second-trust instrument specifies that this Section governs the responsibilities, actions, and liabilities of a person designated as a directing party or excluded fiduciary.

Section 809. Control and protection of trust property. A trustee shall take reasonable steps to take control of and protect the trust property. If a corporation is acting as co-trustee with one or more individuals, the corporate trustee shall have custody of the trust estate unless all the trustees otherwise agree.

Section 810. Recordkeeping and identification of trust property.

(a) A trustee shall keep adequate records of the administration of the trust.

(b) A trustee shall keep trust property separate from the trustee's own property.

(c) Except as otherwise provided in subsection (d), a trustee not subject to federal or state banking regulation shall cause the trust property to be designated so that the interest of the trust, to the extent feasible,

appears in records maintained by a party other than a trustee or beneficiary
to whom the trustee has delivered the property.

(d) If the trustee maintains records clearly indicating the respective
interests, a trustee may invest as a whole the property of 2 or more
separate trusts.

Section 811. Enforcement and defense of claims. A trustee shall
take reasonable steps to enforce claims of the trust and to defend claims
against the trust. It may be reasonable for a trustee not to enforce a claim,
not to defend an action, to settle an action, or to suffer a default, depending
upon the likelihood of recovery and the cost of suit and enforcement.

Section 812. Powers and duties of successor; liability for acts of
predecessor; approval of accounts.

(a) A successor trustee shall have all the rights, powers, and duties
that are granted to or imposed on the predecessor trustee.

(b) A successor trustee is under no duty to inquire into the acts or
doings of a predecessor trustee, and is not liable for any act or failure to act
of a predecessor trustee.

(c) With the approval of a majority in interest of the beneficiaries
then entitled to receive or eligible to have the benefit of the income from
the trust, a successor trustee may accept the account rendered by, and the
property received from, the predecessor trustee as a full and complete
discharge of the predecessor trustee without incurring any liability.

Section 813.1. Duty to inform and account; trusts irrevocable and
trustees accepting appointment after effective date of Code.

(a) This Section is prospective only and does not apply to any trust
that was irrevocable before the effective date of this Code, or to a trustee
who accepts a trusteeship before the effective date of this Code. Subject to
Section 105, this Section supplants any common law duty of a trustee to
inform and account to trust beneficiaries. This Section does not apply to
trusts that became irrevocable before the effective date of this Code.

(b) General principles.

(1) The trustee shall notify each qualified beneficiary:

(A) of the trust's existence;

(B) of the beneficiary's right to request a complete
copy of the trust instrument; and

(C) whether the beneficiary has a right to receive or
request trust accounting.

The notice required by this paragraph (1) must be given: (i)
within 90 days of the trust becoming irrevocable or if no trustee is

then acting within 90 days of the trustee's acceptance of the trusteeship; (ii) within 90 days of the trustee acquiring knowledge that a qualified beneficiary has a representative under Article 3 who did not previously receive notice; (iii) within 90 days of the trustee acquiring knowledge that a qualified beneficiary who previously had a representative under Article 3 no longer has a representative under Article 3; and (iv) within 90 days of the trustee acquiring knowledge that there is a new qualified beneficiary.

(2) A trustee shall send at least annually a trust accounting to all current beneficiaries.

(3) A trustee shall send at least annually a trust accounting to all presumptive remainder beneficiaries.

(4) Upon termination of a trust, a trustee shall send a trust accounting to all beneficiaries entitled to receive a distribution of the residue of the trust.

(5) Notwithstanding any other provision, a trustee in its discretion may provide notice, information, trust accountings, or reports to any beneficiary of the trust regardless of whether the communication is otherwise required to be provided.

(6) Upon the reasonable request of a qualified beneficiary, the trustee shall promptly furnish to the qualified beneficiary a complete copy of the trust instrument.

(7) Notwithstanding any other provision, a trustee is deemed to have fully and completely discharged the trustee's duties under this Section to inform and account to all beneficiaries, at common law or otherwise, if the trustee provides the notice required under paragraph (1) to each qualified beneficiary and if the trustee provides at least annually and on termination of the trust a trust accounting required by paragraph (2), (3), or (4) to each beneficiary entitled to a trust accounting.

(8) For each asset or class of assets described in a trust accounting for which there is no readily available market value, the trustee, in the trustee's discretion, may determine whether to estimate the value or use a nominal carrying value for such an asset, how to estimate the value of such an asset, and whether and how often to engage a professional appraiser to value such an asset.

(c) Upon a vacancy in a trusteeship, unless a co-trustee remains in office, the trust accounting required by subsection (b) must be sent to the beneficiaries.
beneficiaries entitled to the accounting by the former trustee. A personal representative, guardian of the estate, or guardian of the person may send the trust accounting to the beneficiaries entitled to the accounting on behalf of a deceased or incapacitated trustee.

(d) Other required notices.

(1) A trustee shall:

   (A) within 90 days after accepting a trusteeship, notify each qualified beneficiary of the acceptance and of the trustee's name, address, and telephone number, except that the notice requirement of this subdivision (A) does not apply with respect to a succession of a corporate trustee by merger or consolidation with another corporate fiduciary or by transfer between holding company affiliates if there is no change in the contact information for the trustee, in which case the successor trustee has discretion to determine what timing and manner of notice is appropriate;

   (B) notify each qualified beneficiary in advance of any change in the rate of or the method of determining the trustee's compensation; and

   (C) notify each qualified beneficiary of the trustee's resignation.

(2) In the event of the incapacity, death, disqualification, or removal of any trustee, a trustee who continues acting as trustee following such an event shall notify each qualified beneficiary of the incapacity, death, disqualification, or removal of any other trustee within 90 days after the event.

(3) A trustee shall notify each qualified beneficiary of any change in the address, telephone number, or other contact information for the trustee no later than 90 days after the change goes into effect.

(e) Each request for information under this Section must be with respect to a single trust that is sufficiently identified to enable the trustee to locate the trust's records. A trustee may charge a reasonable fee for providing information under this Section to:

   (1) a beneficiary who is not a qualified beneficiary;

   (2) a qualified beneficiary for providing information that was previously provided to the qualified beneficiary or a representative under Article 3 for the qualified beneficiary; or

New matter indicated by italics - deletions by strikeout
(3) a representative under Article 3 for a qualified beneficiary for information that was previously provided to the qualified beneficiary or a representative under Article 3 for the qualified beneficiary.

(f) If a trustee is bound by any confidentiality restrictions regarding a trust asset, then, before receiving the information, a beneficiary eligible under this Section to receive any information about that asset must agree to be bound by the same confidentiality restrictions. The trustee has no duty or obligation to disclose to any beneficiary any information that is otherwise prohibited to be disclosed by applicable law.

(g) A qualified beneficiary may waive the right to receive information otherwise required to be furnished under this Section, such as a trust accounting, by an instrument in writing delivered to the trustee. A qualified beneficiary may at any time, by an instrument in writing delivered to the trustee, withdraw a waiver previously given with respect to future trust accountings.

(h) Receipt of information, notices, or a trust accounting by a beneficiary is presumed if the trustee has procedures in place requiring the mailing or delivery of information, notices, or trust accountings to the beneficiary. This presumption applies to the mailing or delivery of information, notices, or trust accountings by electronic means or the provision of access to an account by electronic means for so long as the beneficiary has agreed to receive electronic delivery or access.

(i) A trustee may request approval of the trustee's current or final trust accounting in a judicial proceeding at the trustee's election, with all reasonable and necessary costs of the proceeding payable by the trust and allocated between income and principal in accordance with the Principal and Income Act.

(j) Notwithstanding any other provision, this Section is not intended to and does not impose on any trustee a duty to inform any beneficiary in advance of transactions relating to the trust property.

Section 813.2. Duty to inform and account; trusts irrevocable and trustees accepting appointment before the effective date of Code.

(a) This Section applies to all trusts that were irrevocable before the effective date of this Code and to a trustee who accepts a trusteeship before the effective date of this Code.

(b) Every trustee at least annually shall furnish to the beneficiaries then entitled to receive or receiving the income from the trust estate, or, if none, then to those beneficiaries eligible to have the benefit of the income.

from the trust estate, a current account showing the receipts, disbursements, and inventory of the trust estate.

(c) Every trustee shall on termination of the trust furnish to the beneficiaries then entitled to distribution of the trust estate a final account for the period from the date of the last current account to the date of distribution showing the inventory of the trust estate, the receipts, disbursements, and distributions and shall make available to the beneficiaries copies of prior accounts not previously furnished.

(d) If a beneficiary is incapacitated, the account shall be provided to the representative of the estate of the beneficiary. If no representative for the estate of a beneficiary under legal disability has been appointed, the account shall be provided to a spouse, parent, adult child, or guardian of the person of the beneficiary.

(e) For each asset or class of assets described in the account for which there is no readily available market value, the trustee, in the trustee's discretion, may determine whether to estimate the value or use a nominal carrying value for such an asset, how to estimate the value of such an asset, and whether and how often to engage a professional appraiser to value such an asset.

Section 814. Discretionary powers; tax savings.

(a) Notwithstanding the breadth of discretion granted to a trustee or other fiduciary in the trust instrument, including the use of such terms as "absolute", "sole", or "uncontrolled", such fiduciary shall exercise a discretionary power in good faith and in accordance with the terms and purposes of the trust instrument.

(b) Subject to subsection (e), and unless the trust instrument expressly indicates that a rule in this subsection does not apply:

(1) a person other than a settlor who is a beneficiary and a trustee or other fiduciary of a trust that confers on that fiduciary a power to make discretionary distributions to or for that fiduciary's personal benefit may exercise the power only in accordance with an ascertainable standard; and

(2) a trustee or other fiduciary may not exercise a power to make discretionary distributions to satisfy a legal obligation of support that such fiduciary personally owes another person.

(c) Subject to subsections (d) and (e), if a beneficiary of a trust, in an individual, trustee, or other capacity, removes a fiduciary and appoints a successor fiduciary who would be related or subordinate to that beneficiary within the meaning of Section 672(c) of the Internal Revenue Code if the

(1) the fiduciary's discretionary power to make distributions to or for the benefit of that beneficiary is limited to an ascertainable standard;

(2) the fiduciary's discretionary power may not be exercised to satisfy any of that beneficiary's legal obligations for support or other purposes; and

(3) the fiduciary's discretionary power may not be exercised to grant to that beneficiary a general power of appointment.

(d) Subsection (c) does not apply if:

(1) the appointment of the trustee or other fiduciary by the beneficiary may be made only in conjunction with another person having a substantial interest in the property subject to the power that is adverse to the interest of the beneficiary within the meaning of Section 2041(b)(1)(C)(ii) of the Internal Revenue Code; or

(2) the appointment is in conformity with a procedure governing appointments approved by the court before the effective date of this Code.

(e) Subsections (b) and (c) do not apply to:

(1) a person other than a settlor who is a beneficiary and trustee or other fiduciary of a trust that confers on such fiduciary a power exercisable only in conjunction with another person having a substantial interest in the property subject to the power that is adverse to the interest of that fiduciary within the meaning of Section 2041(b)(1)(C)(ii) of the Internal Revenue Code;

(2) a power held by the settlor's spouse who is the trustee or other fiduciary of a trust for which a marital deduction, as defined in Section 2056(b)(5) or 2523(e) of the Internal Revenue Code, was previously allowed;

(3) any trust during any period that the trust may be revoked or amended by its settlor;

(4) a trust if contributions to the trust qualify for the annual exclusion under Section 2503(c) of the Internal Revenue Code; or

(5) any portion of a trust over which the trustee or other fiduciary is expressly granted in the trust instrument a presently exercisable or testamentary general power of appointment.

(f) A power whose exercise is limited or prohibited by subsections (b) and (c) may be exercised by a majority of the remaining trustees or other fiduciaries whose exercise of the power is not so limited or prohibited. If the power of all trustees or other fiduciaries is so limited or prohibited, the court may appoint a special fiduciary with authority to exercise the power.

Section 815. General powers of trustee.
(a) A trustee, without authorization by the court, may exercise:
   (1) powers conferred by the trust instrument; or
   (2) except as limited by the trust instrument:
       (A) all powers over the trust property that an unmarried owner with legal capacity has over individually owned property;
       (B) any other powers appropriate to achieve the proper investment, management, and distribution of the trust property; and
       (C) any other powers conferred by this Code.
(b) The exercise of a power is subject to the fiduciary duties prescribed by this Code.

Section 816. Specific powers of trustee. Without limiting the authority conferred by Section 815, a trustee may:

Section 817. Distribution upon termination. Upon the occurrence of an event terminating a trust in whole or in part, or upon the exercise by a beneficiary of a right to withdraw trust principal, the trustee shall proceed expeditiously to make the distribution to the beneficiary. The trustee has the right to require from the beneficiary a written approval of the trustee's accountings provided to the beneficiary and, at the trustee's election, a refunding agreement from the beneficiary for liabilities that would otherwise be payable from trust property to the extent of the beneficiary's share of the distribution. An accounting approved under this Section is binding on the beneficiary providing the approval and on the beneficiary's successors, heirs, representatives, and assigns. A trustee may elect to withhold a reasonable amount of a distribution or require a reasonable reserve for the payment of debts, expenses, and taxes payable from the trust pending the receipt of a written approval of the trustee's accountings provided to the beneficiary and refunding agreement from a beneficiary or a judicial settlement of accounts.

Section 818. (Reserved).

Title to the real estate so purchased shall be taken in the name of the trustee. If the interest of the beneficiary in the real estate taken or sold was a legal

interest, the court shall direct the trustee to convey to the beneficiary a legal estate upon the same conditions and limitations of title, but the conveyance by the trustee shall preserve any right of entry for condition broken, possibility of reverter created by the instrument of title or any reversion or other vested interest that arose by operation of law at the time the instrument took effect. The court shall not direct the conveyance by the trustee unless there is a person or class of persons in being who would have a vested interest in the real estate taken or sold under the instrument of title to the real estate and who would be entitled to possession of the real estate if it had not been taken or sold.

Section 821. Lands or estates subject to future interest or power of appointment; waste; appointment of trustee. Article 9. Illinois Prudent Investor Law; Life Insurance; Affiliated Investments.

Section 900. Article title. This Article may be referred to as the Illinois Prudent Investor Law.

Section 901. Prudent investor rule.
(a) Except as otherwise provided in subsection (b), a trustee administering a trust has a duty to invest and manage the trust assets to comply with the prudent investor rule set forth in this Article.

(b) The prudent investor rule, a default rule, may be expanded, restricted, eliminated, or otherwise altered by express terms of the trust. A trustee is not liable to a beneficiary for the trustee's reasonable and good faith reliance on those express provisions.

Section 902. Standard of care; portfolio strategy; risk and return objectives.
(a) A trustee has a duty to invest and manage trust assets as a prudent investor would, considering the purposes, terms, distribution requirements, and other circumstances of the trust. This standard requires the exercise of reasonable care, skill, and caution and applies not in isolation, but in the context of the trust portfolio as a whole and as a part of an overall investment strategy that incorporates risk and return objectives reasonably suitable to the trust.

(b) A trustee has a duty to pursue an investment strategy that considers both the reasonable production of income and safety of capital, consistent with the trustee's duty of impartiality and the purposes of the trust. Whether investments are underproductive or overproductive of income shall be judged by the portfolio as a whole and not as to any particular asset.

(c) The circumstances that a trustee may consider in making investment decisions include, without limitation:
(1) the general economic conditions;
(2) the possible effect of inflation or deflation;
(3) the expected tax consequences of investment decisions or strategies;
(4) the role each investment or course of action plays within the overall portfolio;
(5) the expected total return including both income yield and appreciation of capital;
(6) the duty to incur only reasonable and appropriate costs;
(7) environmental and social considerations;

(8) governance policies of the entities in which the trustee may invest;
(9) needs for liquidity, regularity of income, and preservation or appreciation of capital; and
(10) an asset's special relationship or value, if any, to the purpose of the trust or to one or more of the beneficiaries.

(d) In addition to the circumstances listed in subsection (c), a trustee may, but need not, consider related trusts and the assets of beneficiaries known to the trustee when making investment decisions.

Section 903. Diversification. A trustee has a duty to diversify the investments of the trust unless, under the circumstances, the trustee reasonably believes it is in the interests of the beneficiaries and furthers the purposes of the trust not to diversify.

Section 904. Duties at inception of trusteeship. A trustee has a duty, within a reasonable time after the acceptance of a trusteeship, to review trust assets and to make and implement decisions concerning the retention and disposition of original preexisting investments, in order to conform to this Article. A trustee's decision to retain or dispose of an asset may properly be influenced by the asset's special relationship or value to the purposes of the trust or to some or all of the beneficiaries, consistent with the trustee's duty of impartiality.

Section 905. Court action. Nothing in this Article abrogates or restricts the power of an appropriate court in proper cases to: (i) direct or permit the trustee to deviate from the terms of the trust; or (ii) to direct or permit the trustee to take, or to restrain the trustee from taking, any action regarding the making or retention of investments.

Section 906. (Reserved).

Section 907. (Reserved).

Section 908. Reviewing compliance. No specific investment course of action is, taken alone, prudent or imprudent. The trustee may invest in every kind of property and type of investment, subject to this Article. A trustee's investment decisions and actions are to be judged in terms of the trustee's reasonable business judgment regarding the anticipated effect on the trust portfolio as a whole under the facts and circumstances prevailing at the time of the decision or action. This Article is a test of conduct and not of resulting performance.

Section 909. Delegation of investment and management functions. Notwithstanding any other provision of this Code, before delegating any investment functions to an agent in accordance with subsection (b) of
Section 807, a trustee shall conduct an inquiry into the experience, performance history, professional licensing or registration, if any, and financial stability of the investment agent.

Section 910. Language invoking standard of Article. The following terms or comparable language in the investment powers and related provisions of a trust instrument, unless otherwise limited or modified by that instrument, shall be construed as authorizing any investment or strategy permitted under this Article: "investments permissible by law for investment of trust funds", "legal investments", "authorized investments", "using the judgment and care under the circumstances then prevailing that persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital", "prudent man rule", "prudent trustee rule", "prudent person rule", and "prudent investor rule".

Section 911. (See Section 900 for short title.)

Section 912. Application to existing trusts. The Sections of this Article that precede this Section apply to all existing and future trusts, but only as to actions or inactions occurring on or after January 1, 1992.
