and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the

liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit

memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under...
this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling

price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents,
whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be

deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture,
for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9

of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act.

Subject to successful execution and delivery of a public private agreement between the public agency and private entity and completion of the civic build, beginning on July 1, 2023, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, the Department shall deposit the following specified deposits in the aggregate from collections under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, as required under Section 8.25g of the State Finance Act for distribution consistent with the Public-Private Partnership for Civic and Transit Infrastructure Project Act. Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.
Section 25-110. The Service Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department
for each of the first two months of each calendar quarter, on or before the
twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from
which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him
during the preceding calendar month, including receipts from
charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department
may require.

If a taxpayer fails to sign a return within 30 days after the proper
notice and demand for signature by the Department, the return shall be
considered valid and any amount shown to be due on the return shall be
deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average
monthly tax liability of $150,000 or more shall make all payments
required by rules of the Department by electronic funds transfer.
Beginning October 1, 1994, a taxpayer who has an average monthly tax
liability of $100,000 or more shall make all payments required by rules of
the Department by electronic funds transfer. Beginning October 1, 1995, a
taxpayer who has an average monthly tax liability of $50,000 or more shall
make all payments required by rules of the Department by electronic funds
transfer. Beginning October 1, 2000, a taxpayer who has an annual tax
liability of $200,000 or more shall make all payments required by rules of
the Department by electronic funds transfer. The term "annual tax liability"
shall be the sum of the taxpayer's liabilities under this Act, and under all
other State and local occupation and use tax laws administered by the
Department, for the immediately preceding calendar year. The term
"average monthly tax liability" means the sum of the taxpayer's liabilities
under this Act, and under all other State and local occupation and use tax
laws administered by the Department, for the immediately preceding
calendar year divided by 12. Beginning on October 1, 2002, a taxpayer
who has a tax liability in the amount set forth in subsection (b) of Section
2505-210 of the Department of Revenue Law shall make all payments
required by rules of the Department by electronic funds transfer.
Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such
property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue
realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than

the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant

to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Section 25-115. The Service Occupation Tax Act is amended by changing Section 9 as follows:

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax

laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his
returns to be filed on an annual basis, with the return for a given year being
due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance,
shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the
time within which a retailer may file his return, in the case of any retailer
who ceases to engage in a kind of business which makes him responsible
for filing returns under this Act, such retailer shall file a final return under
this Act with the Department not more than one month after discontinuing
such business.

Where the same person has more than one business registered with
the Department under separate registrations under this Act, such person
may not file each return that is due as a single return covering all such
registered businesses, but shall file separate returns for each such
registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and
trailers that are required to be registered with an agency of this State,
except as otherwise provided in this Section, every retailer selling this kind
of tangible personal property shall file, with the Department, upon a form
to be prescribed and supplied by the Department, a separate return for each
such item of tangible personal property which the retailer sells, except that
if, in the same transaction, (i) a retailer of aircraft, watercraft, motor
vehicles or trailers transfers more than one aircraft, watercraft, motor
vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or
trailer retailer for the purpose of resale or (ii) a retailer of aircraft,
watercraft, motor vehicles, or trailers transfers more than one aircraft,
watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying
rolling stock as provided in Section 2-5 of this Act, then that seller may
report the transfer of all aircraft, watercraft, motor vehicles or trailers
involved in that transaction to the Department on the same uniform
invoice-transaction reporting return form. For purposes of this Section,
"watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in
Section 3-2 of the Boat Registration and Safety Act, a personal watercraft,
or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and
trailers that are required to be registered with an agency of this State, every
person who is engaged in the business of leasing or renting such items and
who, in connection with such business, sells any such item to a retailer for
the purpose of resale is, notwithstanding any other provision of this

Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from

the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the

information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the
time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the

time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to September 1, 1985 (the effective date of Public Act 84-221), each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part

of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene
products, and soft drinks that had been taxed at a rate of 1% prior to December 31, 2008 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, or facilities licensed by the Department of Public Health under the Specialized Mental Health Rehabilitation Act of 2013, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, whichever is later, the Illinois Department may by rule adjust these socio-development component rates, and may use different adjustment methodologies for those facilities participating, and those not participating, in the Illinois Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, but in no case may such rates be diminished below those in effect on August 1, 2008.

These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

rehabilitative services which is authorized by federal regulations, including
reimbursement for services provided by qualified therapists or qualified
assistants, and which is in accordance with accepted professional
practices. Reimbursement also may be made for utilization of other

The Department shall develop enhanced payments to offset the
additional costs incurred by a facility serving exceptional need residents
and shall allocate at least $4,000,000 of the funds collected from the
assessment established by Section 5B-2 of this Code for such payments.
For the purpose of this Section, "exceptional needs" means, but need not

exceptional care residents, or the socio-development component rate
established by Public Act 96-1530 of the 96th General Assembly and

be due and payable until after the Department notifies the long-term care
providers, in writing, that the payment methodologies to long-term care
providers required under this Section have been approved by the Centers
for Medicare and Medicaid Services of the U.S. Department of Health and
Human Services and the waivers under 42 CFR 433.68 for the assessment

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect for services delivered on or after August 1, 2019 shall be increased by 3.5% over the rates in effect on June 30, 2019. Sec. 14-7.02. Children attending private schools, public out-of-state schools, public school residential facilities or private special education facilities. The General Assembly recognizes that non-public schools or special education facilities provide an important service in the educational system in Illinois.

If because of his or her disability the special education program of a district is unable to meet the needs of a child and the child attends a non-public school or special education facility, a public out-of-state school or a special education facility owned and operated by a county government unit that provides special educational services required by the child and is in compliance with the appropriate rules and regulations of the State Superintendent of Education, the school district in which the child is a resident shall pay the actual cost of tuition for special education and related services provided during the regular school term and during the summer school term if the child's educational needs so require, excluding room, board and transportation costs charged the child by that non-public school or special education facility, public out-of-state school or county special education facility, or $4,500 per year, whichever is less, and shall provide him any necessary transportation. "Nonpublic special education facility" shall include a residential facility, within or without the State of Illinois.

Illinois, which provides special education and related services to meet the
needs of the child by utilizing private schools or public schools, whether
located on the site or off the site of the residential facility.

The State Board of Education shall promulgate rules and
regulations for determining when placement in a private special education
facility is appropriate. Such rules and regulations shall take into account
the various types of services needed by a child and the availability of such
services to the particular child in the public school. In developing these
rules and regulations the State Board of Education shall consult with the
Advisory Council on Education of Children with Disabilities and hold
public hearings to secure recommendations from parents, school
personnel, and others concerned about this matter.

The State Board of Education shall also promulgate rules and
regulations for transportation to and from a residential school.
Transportation to and from home to a residential school more than once
each school term shall be subject to prior approval by the State
Superintendent in accordance with the rules and regulations of the State
Board.

A school district making tuition payments pursuant to this Section
is eligible for reimbursement from the State for the amount of such
payments actually made in excess of the district per capita tuition charge
for students not receiving special education services. Such reimbursement
shall be approved in accordance with Section 14-12.01 and each district
shall file its claims, computed in accordance with rules prescribed by the
State Board of Education, on forms prescribed by the State Superintendent
of Education. Data used as a basis of reimbursement claims shall be for the
preceding regular school term and summer school term. Each school
district shall transmit its claims to the State Board of Education on or
before August 15. The State Board of Education, before approving any
such claims, shall determine their accuracy and whether they are based
upon services and facilities provided under approved programs. Upon
approval the State Board shall cause vouchers to be prepared showing the
amount due for payment of reimbursement claims to school districts, for
transmittal to the State Comptroller on the 30th day of September,
December, and March, respectively, and the final voucher, no later than
June 20. If the money appropriated by the General Assembly for such
purpose for any year is insufficient, it shall be apportioned on the basis of
the claims approved.

No child shall be placed in a special education program pursuant to this Section if the tuition cost for special education and related services increases more than 10 percent over the tuition cost for the previous school year or exceeds $4,500 per year unless such costs have been approved by the Illinois Purchased Care Review Board. The Illinois Purchased Care Review Board shall consist of the following persons, or their designees: the Directors of Children and Family Services, Public Health, Public Aid, and the Governor's Office of Management and Budget; the Secretary of Human Services; the State Superintendent of Education; and such other persons as the Governor may designate. The Review Board shall also consist of one non-voting member who is an administrator of a private, nonpublic, special education school. The Review Board shall establish rules and regulations for its determination of allowable costs and payments made by local school districts for special education, room and board, and other related services provided by non-public schools or special education facilities and shall establish uniform standards and criteria which it shall follow. The Review Board shall approve the usual and customary rate or rates of a special education program that (i) is offered by an out-of-state, non-public provider of integrated autism specific educational and autism specific residential services, (ii) offers 2 or more levels of residential care, including at least one locked facility, and (iii) serves 12 or fewer Illinois students.

In determining rates based on allowable costs, the Review Board shall consider any wage increases awarded by the General Assembly to front line personnel defined as direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff working in service settings in community-based settings within the State and adjust customary rates or rates of a special education program to be equitable to the wage increase awarded to similar staff positions in a community residential setting. Any wage increase awarded by the General Assembly to front line personnel defined as direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff working in community-based settings within the State, including the $0.75 per hour increase contained in Public Act 100-23 and the $0.50 per hour increase included in Public Act 100-23, shall also be a basis for any facility covered by this Section to appeal its rate before the Review Board under the process defined in Title 89, Part 900, Section 340 of the Illinois Administrative Code. Illinois Administrative Code Title 89,
Part 900, Section 342 shall be updated to recognize wage increases awarded to community-based settings to be a basis for appeal. *However, any wage increase that is captured upon appeal from a previous year shall not be counted by the Review Board as revenue for the purpose of calculating a facility's future rate.*

*Any definition used by the Review Board in administrative rule or policy to define "related organizations" shall include any and all exceptions contained in federal law or regulation as it pertains to the federal definition of "related organizations".*

The Review Board shall establish uniform definitions and criteria for accounting separately by special education, room and board and other related services costs. The Board shall also establish guidelines for the coordination of services and financial assistance provided by all State agencies to assure that no otherwise qualified child with a disability receiving services under Article 14 shall be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity provided by any State agency.

The Review Board shall review the costs for special education and related services provided by non-public schools or special education facilities and shall approve or disapprove such facilities in accordance with the rules and regulations established by it with respect to allowable costs.

The State Board of Education shall provide administrative and staff support for the Review Board as deemed reasonable by the State Superintendent of Education. This support shall not include travel expenses or other compensation for any Review Board member other than the State Superintendent of Education.

The Review Board shall seek the advice of the Advisory Council on Education of Children with Disabilities on the rules and regulations to be promulgated by it relative to providing special education services.

If a child has been placed in a program in which the actual per pupil costs of tuition for special education and related services based on program enrollment, excluding room, board and transportation costs, exceed $4,500 and such costs have been approved by the Review Board, the district shall pay such total costs which exceed $4,500. A district making such tuition payments in excess of $4,500 pursuant to this Section shall be responsible for an amount in excess of $4,500 equal to the district per capita tuition charge and shall be eligible for reimbursement from the State for the amount of such payments actually made in excess of the...
districts per capita tuition charge for students not receiving special education services.

If a child has been placed in an approved individual program and the tuition costs including room and board costs have been approved by the Review Board, then such room and board costs shall be paid by the appropriate State agency subject to the provisions of Section 14-8.01 of this Act. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education on a current basis. In no event, however, shall the State's liability for funding of these tuition costs begin until after the legal obligations of third party payors have been subtracted from such costs. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved. Each district shall submit estimated claims to the State Superintendent of Education. Upon approval of such claims, the State Superintendent of Education shall direct the State Comptroller to make payments on a monthly basis. The frequency for submitting estimated claims and the method of determining payment shall be prescribed in rules and regulations adopted by the State Board of Education. Such current state reimbursement shall be reduced by an amount equal to the proceeds which the child or child's parents are eligible to receive under any public or private insurance or assistance program. Nothing in this Section shall be construed as relieving an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

If it otherwise qualifies, a school district is eligible for the transportation reimbursement under Section 14-13.01 and for the reimbursement of tuition payments under this Section whether the non-public school or special education facility, public out-of-state school or county special education facility, attended by a child who resides in that district and requires special educational services, is within or outside of the State of Illinois. However, a district is not eligible to claim transportation reimbursement under this Section unless the district certifies to the State Superintendent of Education that the district is unable to provide special educational services required by the child for the current school year.

Nothing in this Section authorizes the reimbursement of a school district for the amount paid for tuition of a child attending a non-public school or special education facility, public out-of-state school or county

special education facility unless the school district certifies to the State Superintendent of Education that the special education program of that district is unable to meet the needs of that child because of his disability and the State Superintendent of Education finds that the school district is in substantial compliance with Section 14-4.01. However, if a child is unilaterally placed by a State agency or any court in a non-public school or special education facility, public out-of-state school, or county special education facility, a school district shall not be required to certify to the State Superintendent of Education, for the purpose of tuition reimbursement, that the special education program of that district is unable to meet the needs of a child because of his or her disability.

Any educational or related services provided, pursuant to this Section in a non-public school or special education facility or a special education facility owned and operated by a county government unit shall be at no cost to the parent or guardian of the child. However, current law and practices relative to contributions by parents or guardians for costs other than educational or related services are not affected by this amendatory Act of 1978.

Reimbursement for children attending public school residential facilities shall be made in accordance with the provisions of this Section.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02b, 14-13.01, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a

timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

referred by the Department of Public Health as having been screened and found to need diagnostic evaluation or treatment, or both diagnostic evaluation and treatment, for prostate or testicular cancer. For the purposes of this paragraph 16, uninsured persons are those who do not have creditable coverage, as defined under the Health Insurance Portability and Accountability Act, or have otherwise exhausted any insurance benefits they may have had, for prostate or testicular cancer diagnostic evaluation or treatment, or both diagnostic evaluation and treatment. To be eligible, a person must furnish a Social Security number. A person's assets are exempt from consideration in determining eligibility under this paragraph 16. Such persons shall be eligible for medical assistance under this paragraph 16 for so long as they need treatment for the cancer. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Persons who require only routine monitoring services are not considered to need treatment. "Medical assistance" under this paragraph 16 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. Notwithstanding any other provision of law, the Department (i) does not have a claim against the estate of a deceased recipient of services under this paragraph 16 and (ii) does not have a lien against any homestead property or other legal or equitable real property interest owned by a recipient of services under this paragraph 16.

Beginning January 1, 2014, persons aged 19 or older, but younger than 65, who are not otherwise eligible for medical assistance under this Section 5-2, who qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(i)(VIII) and applicable federal regulations, and who have income at or below 133% of the federal poverty level plus 5% for the applicable family size as determined pursuant to 42 U.S.C. 1396a(e)(14) and applicable federal regulations. Persons eligible for medical assistance under this paragraph 18 shall receive coverage for the Health Benefits Service Package as that term is defined in subsection (m) of Section 5-1.1 of this Code. If Illinois' federal medical assistance percentage (FMAP) is reduced below 90% for persons eligible for medical assistance under this paragraph 18, eligibility under this paragraph 18 shall cease no later than the end of the third month following the month in which the reduction in FMAP takes effect.

19. Beginning January 1, 2014, as required under 42 U.S.C. 1396a(a)(10)(A)(i)(IX), persons older than age 18 and younger than age 26 who are not otherwise eligible for medical assistance under paragraphs (1) through (17) of this Section who (i) were in foster care under the responsibility of the State on the date of attaining age 18 or on the date of attaining age 21 when a court has continued wardship for good cause as provided in Section 2-31 of the Juvenile Court Act of 1987 and (ii) received medical assistance under the Illinois Title XIX State Plan or waiver of such plan while in foster care.

The Department may extend medical assistance

The Department may adopt any rules necessary to implement the provisions of this paragraph.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than $2,000, and the amount of assets of a married couple to be disregarded shall not be less than $3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law 111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

(305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)

(Section scheduled to be repealed on July 1, 2020)

Sec. 5A-2. Assessment.

(a)(1) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, or as long as continued under Section 5A-16, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of $218.38 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, or as provided in Section 5A-16, in addition to any federally required State
share as authorized under paragraph (1), the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For State fiscal years 2009 through 2018, or as provided in Section 5A-16, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $197.19 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days; however, for State fiscal year 2020, the amount of $197.19 shall be increased by a uniform percentage to generate an additional $6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph. For State fiscal years 2019 and 2020, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data,
that assessment amount shall be used for State fiscal years 2019 and 2020; however, for State fiscal year 2021, the assessment amount shall be increased by the proportion that it represents of the total annual assessment that is generated from all hospitals in order to generate $6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

Subject to Sections 5A-3 and 5A-10, for State fiscal years 2021 through 2024, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $197.19 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided however, that the amount of $197.19 used to calculate the assessment under this paragraph shall, by rule, be adjusted by a uniform percentage to generate the same total annual assessment that was generated in State fiscal year 2020 from all hospitals subject to the annual assessment under this paragraph plus $6,250,000. For State fiscal years 2021 and 2022, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2017 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2019, without regard to any subsequent adjustments or changes to such data. For State fiscal years 2023 and 2024, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2019 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2021, without regard to any subsequent adjustments or changes to such data.

(b) (Blank).

(b-5)(1) Subject to Sections 5A-3 and 5A-10, for the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and for State fiscal years 2013 through 2018, or as provided in Section 5A-16, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .008766 multiplied by the hospital's outpatient gross revenue, provided, however, that the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by

by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, in addition to any federally required State share as authorized under paragraph (1), the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, or as provided in Section 5A-16, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01358 multiplied by the hospital's outpatient gross revenue; however, for the portion of State fiscal year 2021, the amount of .01358 shall be increased by a uniform percentage to generate an additional $6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph. For State fiscal years 2019 and 2020, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in

Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020; however, for State fiscal year 2021, the assessment amount shall be increased by the proportion that it represents of the total annual assessment that is generated from all hospitals in order to generate $6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

Subject to Sections 5A-3 and 5A-10, for State fiscal years 2021 through 2024, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01358 multiplied by the hospital's outpatient gross revenue, provided however, that the amount of .01358 used to calculate the assessment under this paragraph shall, by rule, be adjusted by a uniform percentage to generate the same total annual assessment that was generated in State fiscal year 2020 from all hospitals subject to the annual assessment under this paragraph plus $6,250,000. For State fiscal years 2021 and 2022, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2017 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2019, without regard to any subsequent adjustments or changes to such data. For State fiscal years 2023 and 2024, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2019 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2021, without regard to any subsequent adjustments or changes to such data.

(b-6)(1) As used in this Section, "ACA Assessment Adjustment" means:

(A) For the period of July 1, 2016 through December 31, 2016, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-
12.2 to managed care organizations for hospital services due and payable in the month of April 2016 multiplied by 6.

(B) For the period of January 1, 2017 through June 30, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2016 multiplied by 6, except that the amount calculated under this subparagraph (B) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning July 1, 2016 through December 31, 2016 and the estimated payments due and payable in the month of April 2016 multiplied by 6 as described in subparagraph (A).

(C) For the period of July 1, 2017 through December 31, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2017 multiplied by 6, except that the amount calculated under this subparagraph (C) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning January 1, 2017 through June 30, 2017 and the estimated payments due and payable in the month of October 2016 multiplied by 6 as described in subparagraph (B).

(D) For the period of January 1, 2018 through June 30, 2018, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2017 multiplied by 6, except that:

(i) the amount calculated under this subparagraph (D) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period of July 1, 2017 through December 31, 2017 and the estimated payments due and payable in the month of April 2017 multiplied by 6 as described in subparagraph (C); and

(ii) the amount calculated under this subparagraph 
(D) shall be adjusted to include the product of .19125 
multiplied by the sum of the fee-for-service payments, if 
any, estimated to be paid to hospitals under subsection (b) 
of Section 5A-12.5.

(2) The Department shall complete and apply a final reconciliation 
of the ACA Assessment Adjustment prior to June 30, 2018 to account for:

(A) any differences between the actual payments issued or 
scheduled to be issued prior to June 30, 2018 as authorized in 
Section 5A-12.5 for the period of January 1, 2018 through June 30, 
2018 and the estimated payments due and payable in the month of 
October 2017 multiplied by 6 as described in subparagraph (D); 
and

(B) any difference between the estimated fee-for-service 
payments under subsection (b) of Section 5A-12.5 and the amount 
of such payments that are actually scheduled to be paid. 
The Department shall notify hospitals of any additional amounts 
owed or reduction credits to be applied to the June 2018 ACA Assessment

(3) Notwithstanding any other provision of this Section, if for any 
reason the scheduled payments under subsection (b) of Section 5A-12.5 
are not issued in full by the final day of the period authorized under 
subsection (b) of Section 5A-12.5, funds collected from each hospital 
pursuant to subparagraph (D) of paragraph (1) and pursuant to paragraph 
(2), attributable to the scheduled payments authorized under subsection (b) 
of Section 5A-12.5 that are not issued in full by the final day of the period 
attributable to each payment authorized under subsection (b) of Section 
5A-12.5, shall be refunded.

(4) The increases authorized under paragraph (2) of subsection (a) 
and paragraph (2) of subsection (b-5) shall be limited to the federally 
required State share of the total payments authorized under Section 5A-
12.5 if the sum of such payments yields an annualized amount equal to or 
less than $450,000,000, or if the adjustments authorized under subsection 
(t) of Section 5A-12.2 are found not to be actuarially sound; however, this 
limitation shall not apply to the fee-for-service payments described in 
subsection (b) of Section 5A-12.5.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.66b, 10-19, 10-20.56, 13B-45, 13B-50.5, 29-6.3, and 34-18 and by adding Section 10-19.05 as follows:

(105 ILCS 5/2-3.66b)
Sec. 2-3.66b. IHOPE Program.
(a) There is established the Illinois Hope and Opportunity Pathways through Education (IHOPE) Program. The State Board of Education shall implement and administer the IHOPE Program. The goal of the IHOPE Program is to develop a comprehensive system in this State to re-enroll significant numbers of high school dropouts in programs that will enable them to earn their high school diploma.

(b) The IHOPE Program shall award grants, subject to appropriation for this purpose, to educational service regions and a school district organized under Article 34 of this Code from appropriated funds to assist in establishing instructional programs and other services designed to re-enroll high school dropouts. From any funds appropriated for the IHOPE Program, the State Board of Education may use up to 5% for administrative costs, including the performance of a program evaluation and the hiring of staff to implement and administer the program.

The IHOPE Program shall provide incentive grant funds for regional offices of education and a school district organized under Article 34 of this Code to develop partnerships with school districts, public community colleges, and community groups to build comprehensive plans to re-enroll high school dropouts in their regions or districts.

Programs funded through the IHOPE Program shall allow high school dropouts, up to and including age 21 notwithstanding Section 26-2 of this Code, to re-enroll in an educational program in conformance with rules adopted by the State Board of Education. Programs may include without limitation comprehensive year-round programming, evening school, summer school, community college courses, adult education,

New matter indicated by italics - deletions by strikeout
vocational training, work experience, programs to enhance self-concept, and parenting courses. Any student in the IHOPE Program who wishes to earn a high school diploma must meet the prerequisites to receiving a high school diploma specified in Section 27-22 of this Code and any other graduation requirements of the student's district of residence. Any student who successfully completes the requirements for his or her graduation shall receive a diploma identifying the student as graduating from his or her district of residence.

(c) In order to be eligible for funding under the IHOPE Program, an interested regional office of education or a school district organized under Article 34 of this Code shall develop an IHOPE Plan to be approved by the State Board of Education. The State Board of Education shall develop rules for the IHOPE Program that shall set forth the requirements for the development of the IHOPE Plan. Each Plan shall involve school districts, public community colleges, and key community programs that work with high school dropouts located in an educational service region or the City of Chicago before the Plan is sent to the State Board for approval. No funds may be distributed to a regional office of education or a school district organized under Article 34 of this Code until the State Board has approved the Plan.

(d) A regional office of education or a school district organized under Article 34 of this Code may operate its own program funded by the IHOPE Program or enter into a contract with other not-for-profit entities, including school districts, public community colleges, and not-for-profit community-based organizations, to operate a program.

A regional office of education or a school district organized under Article 34 of this Code that receives an IHOPE grant from the State Board of Education may provide funds under a sub-grant, as specified in the IHOPE Plan, to other not-for-profit entities to provide services according to the IHOPE Plan that was developed. These other entities may include school districts, public community colleges, or not-for-profit community-based organizations or a cooperative partnership among these entities.

(e) In order to distribute funding based upon the need to ensure delivery of programs that will have the greatest impact, IHOPE Program funding must be distributed based upon the proportion of dropouts in the educational service region or school district, in the case of a school district organized under Article 34 of this Code, to the total number of dropouts in this State. This formula shall employ the dropout data provided by school districts to the State Board of Education.
A regional office of education or a school district organized under Article 34 of this Code may claim State aid under Section 18-8.05 or 18-8.15 of this Code for students enrolled in a program funded by the IHOPE Program, provided that the State Board of Education has approved the IHOPE Plan and that these students are receiving services that are meeting the requirements of Section 27-22 of this Code for receipt of a high school diploma and are otherwise eligible to be claimed for general State aid under Section 18-8.05 of this Code or evidence-based funding under Section 18-8.15 of this Code, including provisions related to the minimum number of days of pupil attendance pursuant to Section 10-19 of this Code and the minimum number of daily hours of school work required under Section 10-19.05 and any exceptions thereto as defined by the State Board of Education in rules.

(f) IHOPE categories of programming may include the following:

(1) Full-time programs that are comprehensive, year-round programs.

(2) Part-time programs combining work and study scheduled at various times that are flexible to the needs of students.

(3) Online programs and courses in which students take courses and complete on-site, supervised tests that measure the student's mastery of a specific course needed for graduation. Students may take courses online and earn credit or students may prepare to take supervised tests for specific courses for credit leading to receipt of a high school diploma.

(4) Dual enrollment in which students attend high school classes in combination with community college classes or students attend community college classes while simultaneously earning high school credit and eventually a high school diploma.

(g) In order to have successful comprehensive programs re-enrolling and graduating low-skilled high school dropouts, programs funded through the IHOPE Program shall include all of the following components:

(1) Small programs (70 to 100 students) at a separate school site with a distinct identity. Programs may be larger with specific need and justification, keeping in mind that it is crucial to keep programs small to be effective.

(2) Specific performance-based goals and outcomes and measures of enrollment, attendance, skills, credits, graduation, and the transition to college, training, and employment.
(3) Strong, experienced leadership and teaching staff who are provided with ongoing professional development.

(4) Voluntary enrollment.

(5) High standards for student learning, integrating work experience, and education, including during the school year and after school, and summer school programs that link internships, work, and learning.

(6) Comprehensive programs providing extensive support services.

(7) Small teams of students supported by full-time paid mentors who work to retain and help those students graduate.

(8) A comprehensive technology learning center with Internet access and broad-based curriculum focusing on academic and career subject areas.

(9) Learning opportunities that incorporate action into study.

(h) Programs funded through the IHOPE Program must report data to the State Board of Education as requested. This information shall include, but is not limited to, student enrollment figures, attendance information, course completion data, graduation information, and post-graduation information, as available.

(i) Rules must be developed by the State Board of Education to set forth the fund distribution process to regional offices of education and a school district organized under Article 34 of this Code, the planning and the conditions upon which an IHOPE Plan would be approved by State Board, and other rules to develop the IHOPE Program.

Sec. 10-19. Length of school term - experimental programs. Each school board shall annually prepare a calendar for the school term, specifying the opening and closing dates and providing a minimum term of at least 185 days to insure 176 days of actual pupil attendance, computable under Section 10-19.05 18-8.05 or 18-8.15, except that for the 1980-1981 school year only 175 days of actual pupil attendance shall be required because of the closing of schools pursuant to Section 24-2 on January 29, 1981 upon the appointment by the President of that day as a day of thanksgiving for the freedom of the Americans who had been held hostage in Iran. Any days allowed by law for teachers' institutes but not used as such or used as parental institutes as provided in Section 10-22.18d shall

increase the minimum term by the school days not so used. Except as provided in Section 10-19.1, the board may not extend the school term beyond such closing date unless that extension of term is necessary to provide the minimum number of computable days. In case of such necessary extension school employees shall be paid for such additional time on the basis of their regular contracts. A school board may specify a closing date earlier than that set on the annual calendar when the schools of the district have provided the minimum number of computable days under this Section. Nothing in this Section prevents the board from employing superintendents of schools, principals and other nonteaching personnel for a period of 12 months, or in the case of superintendents for a period in accordance with Section 10-23.8, or prevents the board from employing other personnel before or after the regular school term with payment of salary proportionate to that received for comparable work during the school term.

A school board may make such changes in its calendar for the school term as may be required by any changes in the legal school holidays prescribed in Section 24-2. A school board may make changes in its calendar for the school term as may be necessary to reflect the utilization of teachers' institute days as parental institute days as provided in Section 10-22.18d.

The calendar for the school term and any changes must be submitted to and approved by the regional superintendent of schools before the calendar or changes may take effect.

With the prior approval of the State Board of Education and subject to review by the State Board of Education every 3 years, any school board may, by resolution of its board and in agreement with affected exclusive collective bargaining agents, establish experimental educational programs, including but not limited to programs for e-learning days as authorized under Section 10-20.56 of this Code, self-directed learning, or outside of formal class periods, which programs when so approved shall be considered to comply with the requirements of this Section as respects numbers of days of actual pupil attendance and with the other requirements of this Act as respects courses of instruction.

(105 ILCS 5/10-19.05 new)

Sec. 10-19.05. Daily pupil attendance calculation.

(a) Except as otherwise provided in this Section, for a pupil of legal school age and in kindergarten or any of grades 1 through 12, a day
of attendance shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of (i) teachers or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18. Days of attendance by pupils through verified participation in an e-learning program adopted by a school board and verified by the regional office of education or intermediate service center for the school district under Section 10-20.56 of this Code shall be considered as full days of attendance under this Section.

(b) A pupil regularly enrolled in a public school for only a part of the school day may be counted on the basis of one-sixth of a school day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent of schools and approval by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 10 days per school year, provided that a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code, or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (2) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher

conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (3) when days in addition to those provided in items (1) and (2) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as a half day of attendance; however, these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils and pupils in full-day kindergartens, and a session of 2 or more hours may be counted as a half day of attendance by pupils in kindergartens that provide only half days of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as a half day of attendance; however, for such children whose educational needs require a session of 4 or more clock hours, a session of at least 4 clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten that provides for only a half day of attendance by each pupil shall not have more than one half day of attendance counted in any one day. However, kindergartens may count 2 and a half days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless
the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens that provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in the case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under rules of the State Board of Education.

(i) On the days when the State's final accountability assessment is administered under subsection (c) of Section 2-3.64a-5 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted toward the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of a one-fifth day of attendance for every clock hour of instruction attended in the remote educational program, provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student is not classified as participating in the remote educational program on a year-round schedule.

(k) Pupil participation in any of the following activities shall be counted toward the calculation of clock hours of school work per day:

1. Instruction in a college course in which a student is dually enrolled for both high school credit and college credit.

2. Participation in a Supervised Career Development Experience, as defined in Section 10 of the Postsecondary and Workforce Readiness Act, in which student participation and learning outcomes are supervised by an educator licensed under Article 21B.

PUBLIC ACT 101-0013

Article 1. REPRODUCTIVE HEALTH ACT

Section 1-1. Short title. This Act may be cited as the Reproductive Health Act.

Section 1-5. Scope. This Act sets forth the fundamental rights of individuals to make autonomous decisions about one's own reproductive health, including the fundamental right to use or refuse reproductive health care. This includes the fundamental right of an individual to use or refuse contraception or sterilization, and to make autonomous decisions about how to exercise that right; and the fundamental right of an individual who becomes pregnant to continue the pregnancy and give birth to a child, or to have an abortion, and to make autonomous decisions about how to exercise that right. This Act restricts the ability of the State to deny, interfere with, or discriminate against these fundamental rights.

The purposes of this Act are:

(1) To establish laws and policies that protect individual decision-making in the area of reproductive health and that support access to the full scope of quality reproductive health care for all in our State; and

(2) To permit regulation of reproductive health care, including contraception, abortion, and maternity care, only to the
extent that such regulation is narrowly tailored to protect a compelling State interest, which for the purposes of this Act means: consistent with accepted standards of clinical practice, evidence based, and narrowly tailored for the limited purpose of protecting the health of people seeking such care and in the manner that least restricts a person's autonomous decision-making.

(2) prosecute, punish, or otherwise deprive any individual of the individual's rights for any act or failure to act during the individual's own pregnancy, if the predominant basis for such prosecution, punishment, or deprivation of rights is the potential, actual, or perceived impact on the pregnancy or its outcomes or on the pregnant individual's own health.

(d) All reports received by the Department pursuant to this Section shall be treated as confidential and exempt from the Freedom of Information Act. Access to such reports shall be limited to authorized Department staff who shall use the reports for statistical purposes only. Such reports must be destroyed within 2 years after date of receipt.

(20 ILCS 505/5) (from Ch. 23, par. 5005)

Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

New matter indicated by italics - deletions by strikeout
(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

   (i) who are in a foster home, or

   (ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

   (iii) who are female children who are pregnant, pregnant and parenting or parenting, or

   (iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) (Blank). Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions:

New matter indicated by italics - deletions by strikeout
(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including but not limited to:

(1) adoption;
(2) foster care;

(4) protective services;
(5) (blank);
(6) homemaker service;
(7) return of runaway children;
(8) (blank);
(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and
(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in screening techniques to identify substance use disorders, as defined in the Substance Use Disorder Act, approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred for an assessment at an organization appropriately licensed by the Department of Human Services for substance use disorder treatment.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a youth in care and that no licensed private facility has an adequate and appropriate program or none agrees to accept the youth in care, the Department shall create an appropriate individualized, program-oriented plan for such youth in care. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:
   (1) case management;
   (2) homemakers;
   (3) counseling;
   (4) parent education;
   (5) day care; and
   (6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:
   (1) comprehensive family-based services;
   (2) assessments;
   (3) respite care; and
   (4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption were youth in

care or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 for children who were youth in care for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing

so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set, except that reunification services may be offered as provided in paragraph (F) of subsection (2) of Section 2-28 of that Act. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the

Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may refer the child or family to services available from other

New matter indicated by italics - deletions by strikeout
agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.
A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide an adoptive home or long-term placement;
7. the age of the child;
8. placement of siblings.

The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
2. the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and

resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified

New matter indicated by italics - deletions by strikeout
Code of Corrections, unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under

New matter indicated by italics - deletions by strikeout
this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and foster families with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for

whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department
shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(55 ILCS 5/3-3013) (from Ch. 34, par. 3-3013)

Sec. 3-3013. Preliminary investigations; blood and urine analysis; summoning jury; reports. Every coroner, whenever, as soon as he knows or is informed that the dead body of any person is found, or lying within his county, whose death is suspected of being:

(a) A sudden or violent death, whether apparently suicidal, homicidal or accidental, including but not limited to deaths apparently caused or contributed to by thermal, traumatic, chemical, electrical or radiational injury, or a complication of any of them, or by drowning or suffocation, or as a result of domestic violence as defined in the Illinois Domestic Violence Act of 1986;

(b) A maternal or fetal death due to abortion, or any death due to a sex crime or a crime against nature;

(c) A death where the circumstances are suspicious, obscure, mysterious or otherwise unexplained or where, in the written opinion of the attending physician, the cause of death is not determined;

(d) A death where addiction to alcohol or to any drug may have been a contributory cause; or

(e) A death where the decedent was not attended by a licensed physician;

shall go to the place where the dead body is, and take charge of the same and shall make a preliminary investigation into the circumstances of the death. In the case of death without attendance by a licensed physician the body may be moved with the coroner's consent from the place of death to a mortuary in the same county. Coroners in their discretion shall notify such physician as is designated in accordance with Section 3-3014 to attempt to ascertain the cause of death, either by autopsy or otherwise.

In cases of accidental death involving a motor vehicle in which the decedent was (1) the operator or a suspected operator of a motor vehicle, or (2) a pedestrian 16 years of age or older, the coroner shall require that a blood specimen of at least 30 cc., and if medically possible a urine specimen of at least 30 cc. or as much as possible up to 30 cc., be withdrawn from the body of the decedent in a timely fashion after the accident causing his death, by such physician as has been designated in
accordance with Section 3-3014, or by the coroner or deputy coroner or a
qualified person designated by such physician, coroner, or deputy coroner.
If the county does not maintain laboratory facilities for making such
analysis, the blood and urine so drawn shall be sent to the Department of
State Police or any other accredited or State-certified laboratory for
analysis of the alcohol, carbon monoxide, and dangerous or narcotic drug
content of such blood and urine specimens. Each specimen submitted shall
be accompanied by pertinent information concerning the decedent upon a
form prescribed by such laboratory. Any person drawing blood and urine
and any person making any examination of the blood and urine under the
terms of this Division shall be immune from all liability, civil or criminal,
that might otherwise be incurred or imposed.

In all other cases coming within the jurisdiction of the coroner and
referred to in subparagraphs (a) through (e) above, blood, and whenever
possible, urine samples shall be analyzed for the presence of alcohol and
other drugs. When the coroner suspects that drugs may have been involved
in the death, either directly or indirectly, a toxicological examination shall
be performed which may include analyses of blood, urine, bile, gastric
contents and other tissues. When the coroner suspects a death is due to
toxic substances, other than drugs, the coroner shall consult with the
toxicologist prior to collection of samples. Information submitted to the
toxicologist shall include information as to height, weight, age, sex and
race of the decedent as well as medical history, medications used by and
the manner of death of decedent.

When the coroner or medical examiner finds that the cause of
death is due to homicidal means, the coroner or medical examiner shall
cause blood and buccal specimens (tissue may be submitted if no
uncontaminated blood or buccal specimen can be obtained), whenever
possible, to be withdrawn from the body of the decedent in a timely
fashion. For proper preservation of the specimens, collected blood and
buccal specimens shall be dried and tissue specimens shall be frozen if
available equipment exists. As soon as possible, but no later than 30 days
after the collection of the specimens, the coroner or medical examiner
shall release those specimens to the police agency responsible for
investigating the death. As soon as possible, but no later than 30 days after
the receipt from the coroner or medical examiner, the police agency shall
submit the specimens using the agency case number to a National DNA
Index System (NDIS) participating laboratory within this State, such as the

The requirements of this paragraph are in addition to any other findings, specimens, or information that the coroner or medical examiner is required to provide during the conduct of a criminal investigation.

In all counties, in cases of apparent suicide, homicide, or accidental death or in other cases, within the discretion of the coroner, the coroner may summon 8 persons of lawful age from those persons drawn for petit jurors in the county. The summons shall command these persons to present themselves personally at such a place and time as the coroner shall determine, and may be in any form which the coroner shall determine and may incorporate any reasonable form of request for acknowledgement which the coroner deems practical and provides a reliable proof of service. The summons may be served by first class mail. From the 8 persons so summoned, the coroner shall select 6 to serve as the jury for the inquest. Inquests may be continued from time to time, as the coroner may deem necessary. The 6 jurors selected in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the original jurors shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. A juror serving pursuant to this paragraph shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county. The coroner shall furnish to each juror without fee at the time of his discharge a certificate of the number of days in attendance at an inquest, and, upon being presented with such certificate, the county treasurer shall pay to the juror the sum provided for his services.

In counties which have a jury commission, in cases of apparent suicide or homicide or of accidental death, the coroner may conduct an inquest. The jury commission shall provide at least 8 jurors to the coroner, from whom the coroner shall select any 6 to serve as the jury for the inquest. Inquests may be continued from time to time as the coroner may deem necessary. The 6 jurors originally chosen in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the 6 jurors originally chosen shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. At the coroner's discretion,

additional jurors to fill such vacancies shall be supplied by the jury commission. A juror serving pursuant to this paragraph in such county shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county.

In every case in which a fire is determined to be a contributing factor in a death, the coroner shall report the death to the Office of the State Fire Marshal. The coroner shall provide a copy of the death certificate (i) within 30 days after filing the permanent death certificate and (ii) in a manner that is agreed upon by the coroner and the State Fire Marshal.

In every case in which a drug overdose is determined to be the cause or a contributing factor in the death, the coroner or medical examiner shall report the death to the Department of Public Health. The Department of Public Health shall adopt rules regarding specific information that must be reported in the event of such a death. If possible, the coroner shall report the cause of the overdose. As used in this Section, "overdose" has the same meaning as it does in Section 414 of the Illinois Controlled Substances Act. The Department of Public Health shall issue a semiannual report to the General Assembly summarizing the reports received. The Department shall also provide on its website a monthly report of overdose death figures organized by location, age, and any other factors, the Department deems appropriate.

In addition, in every case in which domestic violence is determined to be a contributing factor in a death, the coroner shall report the death to the Department of State Police.

If the coroner has reason to believe that an investigation is needed to determine whether the death was caused by maltreatment or negligent care of the ward of the State or youth in care as defined in Section 4d of the Children and Family Services Act, the coroner may conduct a preliminary investigation of the circumstances of such death as in cases of death under circumstances set forth in paragraphs (a) through (e) of this Section.

(4) Except as otherwise provided in this subsection (a), a policy subject to this subsection (a) shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided. The provisions of this paragraph do not apply to coverage of voluntary male sterilization procedures to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to the federal Internal Revenue Code, 26 U.S.C. 223.

(5) Except as otherwise authorized under this subsection (a), a policy shall not impose any restrictions or delays on the coverage required under this subsection (a).

(6) If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage outlined in this subsection (a), then this subsection (a) is inoperative with respect to all coverage outlined in this subsection (a) other than that authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of the coverage set forth in this subsection (a).

Coverage required under this Section may not impose any deductible, coinsurance, waiting period, or other cost-sharing or limitation that is greater than that required for any outpatient service or outpatient prescription drug or device otherwise covered by the policy.

Nothing in this subsection (b) shall be construed to require an insurance company to cover services related to permanent sterilization that requires a surgical procedure.

As used in this subsection (b), "outpatient contraceptive service" means consultations, examinations, procedures, and medical services, provided on an outpatient basis and related to the use of contraceptive methods (including natural family planning) to prevent an unintended pregnancy.

(c) (Blank). Nothing in this Section shall be construed to require an insurance company to cover services related to an abortion as the term "abortion" is defined in the Illinois Abortion Law of 1975.

(d) If a plan or issuer utilizes a network of providers, nothing in this Section shall be construed to require coverage or to prohibit the plan or issuer from imposing cost-sharing for items or services described in this Section that are provided or delivered by an out-of-network provider, unless the plan or issuer does not have in its network a provider who is able to or is willing to provide the applicable items or services.

(d) This Section does not, pursuant to 42 U.S.C. 18054(a)(6), apply to a multistate plan that does not provide coverage for abortion.

Except for actions involving the ground numbered (26), all proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years next after receipt by the Department of a complaint alleging the commission of or notice of the conviction order for any of the acts described herein. Except for the grounds numbered (8), (9), (26), and (29), no action shall be commenced more than 10 years after the date of the incident or act alleged to have violated this Section. For actions involving the ground numbered (26), a pattern of practice or other behavior includes all incidents alleged to be part of the pattern of practice or other behavior that occurred, or a report pursuant to Section 23 of this Act received, within the 10-year period preceding the filing of the complaint. In the event of the settlement of any claim or cause of action in favor of the claimant or the reduction to final judgment of any civil action in favor of the plaintiff, such claim, cause of action or civil action being grounded on the allegation that a person licensed under this Act was negligent in providing care, the Department shall have an additional period of 2 years from the date of notification to the Department under Section 23 of this Act of such settlement or final judgment in which to investigate and commence formal disciplinary proceedings under Section 36 of this Act, except as otherwise provided by law. The time during which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of disciplinary action by the Department.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the

requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Disciplinary Board, shall adopt rules which set forth standards to be used in determining:

(a) when a person will be deemed sufficiently rehabilitated to warrant the public trust;

(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and

(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Disciplinary Board or the Licensing Board, upon a showing of a possible violation, may compel, in the case of the Disciplinary Board, any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or, in the case of the Licensing Board, any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional

New matter indicated by italics - deletions by strikeout
supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals, approved or designated by the Disciplinary Board, as a condition for issued, continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief
Medical Coordinator or Deputy Medical Coordinators, shall be referred to
the Secretary for a determination as to whether the licensee shall have their
license suspended immediately, pending a hearing by the Disciplinary
Board. In instances in which the Secretary immediately suspends a license
under this Section, a hearing upon such person's license must be convened
by the Disciplinary Board within 15 days after such suspension and
completed without appreciable delay. The Disciplinary Board shall have
the authority to review the subject physician's record of treatment and
counseling regarding the impairment, to the extent permitted by applicable
federal statutes and regulations safeguarding the confidentiality of medical
records.

An individual licensed under this Act, affected under this Section,
shall be afforded an opportunity to demonstrate to the Disciplinary Board
that they can resume practice in compliance with acceptable and prevailing
standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines
in disciplinary cases, not to exceed $10,000 for each violation of this Act.
Fines may be imposed in conjunction with other forms of disciplinary
action, but shall not be the exclusive disposition of any disciplinary action
arising out of conduct resulting in death or injury to a patient. Any funds
collected from such fines shall be deposited in the Illinois State Medical
Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days
after the effective date of the order imposing the fine or in accordance with
the terms set forth in the order imposing the fine.

(B) The Department shall revoke the license or permit issued under
this Act to practice medicine or a chiropractic physician who has been
convicted a second time of committing any felony under the Illinois
Controlled Substances Act or the Methamphetamine Control and
Community Protection Act, or who has been convicted a second time of
committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois
Public Aid Code. A person whose license or permit is revoked under this

(a-5) If an advanced practice registered nurse engages in clinical practice outside of a hospital, hospital affiliate, or ambulatory surgical treatment center in which he or she is privileged to practice, the advanced practice registered nurse must have a written collaborative agreement, except as set forth in Section 65-43.

(b) A written collaborative agreement shall describe the relationship of the advanced practice registered nurse with the collaborating physician and shall describe the categories of care, treatment, or procedures to be provided by the advanced practice registered nurse. A collaborative agreement with a podiatric physician must be in accordance with subsection (c-5) or (c-15) of this Section. A collaborative agreement with a dentist must be in accordance with subsection (c-10) of this Section. A collaborative agreement with a podiatric physician must be in accordance with subsection (c-5) of this Section. Methods of communication shall be available for consultation with the collaborating physician in person or by telecommunications or electronic communications as set forth in the written agreement.

(b-5) Absent an employment relationship, a written collaborative agreement may not (1) restrict the categories of patients of an advanced practice registered nurse within the scope of the advanced practice registered nurses training and experience, (2) limit third party payors or government health programs, such as the medical assistance program or Medicare with which the advanced practice registered nurse contracts, or (3) limit the geographic area or practice location of the advanced practice registered nurse in this State.

Outside of a hospital or ambulatory surgical treatment center, the certified registered nurse anesthetist may provide only those services that the collaborating podiatric physician is authorized to provide pursuant to the Podiatric Medical Practice Act of 1987 and rules adopted thereunder. A certified registered nurse anesthetist may select, order, and administer medication, including controlled substances, and apply appropriate medical devices for delivery of anesthesia services under the anesthesia plan agreed with by the anesthesiologist or the operating physician or operating podiatric physician.

(c-10) A certified registered nurse anesthetist who provides anesthesia services in a dental office shall enter into a written collaborative agreement with an anesthesiologist or the physician licensed to practice medicine in all its branches or the operating dentist performing the procedure. The agreement shall describe the working relationship of the certified registered nurse anesthetist and dentist and shall authorize the categories of care, treatment, or procedures to be performed by the certified registered nurse anesthetist. In a collaborating dentist's office, the certified registered nurse anesthetist may only provide those services that the operating dentist with the appropriate permit is authorized to provide pursuant to the Illinois Dental Practice Act and rules adopted thereunder. The written collaborative agreement shall describe the categories of care, treatment, or procedures to be provided by the physician assistant. The services to be provided by the physician assistant shall be services that the collaborating physician is authorized to and generally provides to his or her patients in the normal course of his or her clinical medical practice. The written collaborative agreement need not describe the exact steps that a physician assistant must take with respect to each specific condition, disease, or symptom but must specify which authorized procedures require the presence of the collaborating physician as the procedures are being performed. The relationship under a written collaborative agreement shall not be construed to require the personal presence of a physician at the place where services are rendered. Methods of communication shall be available for consultation with the collaborating physician in person or by telecommunications or electronic communications as set forth in the written collaborative agreement. The collaborating physician must have a valid, current Illinois controlled substance license and federal registration with the Drug Enforcement Agency to delegate the authority to prescribe controlled substances.

(1) To prescribe Schedule II, III, IV, or V controlled substances under this Section, a physician assistant must obtain a mid-level practitioner controlled substances license. Medication orders issued by a physician assistant shall be reviewed periodically by the collaborating physician.

(2) The collaborating physician shall file with the Department notice of delegation of prescriptive authority to a physician assistant and termination of delegation, specifying the authority delegated or terminated. Either the person solemnizing the marriage, or, if no individual acting alone solemnized the marriage, both parties to the marriage, shall complete the marriage certificate form and forward it to the county clerk within 10 days after such marriage is solemnized. A mayor or president of a city, village, or incorporated town shall not receive any compensation in return for the solemnization of a marriage.

Instead, any religious denomination or Indian Nation or Tribe or Native Group, or any minister, clergy, or officiant acting as a representative of a religious denomination or Indian Nation or Tribe or Native Group, is free to choose which marriages it will solemnize. Notwithstanding any other law to the contrary, a refusal by a religious denomination or Indian Nation or Tribe or Native Group, or any minister, clergy, or officiant acting as a representative of a religious denomination or Indian Nation or Tribe or Native Group to solemnize any marriage under this Act shall not create or be the basis for any civil, administrative, or criminal penalty, claim, or cause of action.

(c) Any marriage that meets the requirements of this Section shall be presumed valid.

importer, whether such solicitation or offer is consummated within or without the State of Illinois.

The broker shall, upon the acceptance by a retailer of the broker's solicitation of an order or offer to sell or supply or deliver or have delivered alcoholic liquors, promptly forward to the Illinois Liquor Control Commission a notification of said transaction in such form as the Commission may by regulations prescribe.

(ii) A broker's license shall be required of a person within this State, other than a retail licensee, who, for a fee or commission, promotes, solicits, or accepts orders for alcoholic liquor, for use or consumption and not for resale, to be shipped from this State and delivered to residents outside of this State by an express company, common carrier, or contract carrier. right to sell such brands at wholesale by duly filing such registration statement, thereby authorizing the non-resident dealer to proceed to sell such brands at wholesale, and (iii) the non-resident dealer shall comply with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers. No person licensed as a non-resident dealer shall be granted a distributor's or importing distributor's license.

A brew pub licensee shall not under any circumstance sell or offer for sale beer manufactured by the brew pub licensee to retail licensees.

A person who holds a class 2 brewer license may simultaneously hold a brew pub license if the class 2 brewer (i) does not, under any circumstance, sell or offer for sale beer manufactured by the class 2 brewer to retail licensees; (ii) does not hold more than 3 brew pub licenses in this State; (iii) does not manufacture more than a combined 3,720,000 gallons of beer per year, including the beer manufactured at the brew pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor.

more than 3,720,000 gallons of beer per year and continue to qualify for and hold that brew pub license if that brewer, class 2 brewer, or non-resident dealer does not simultaneously hold a class 1 brewer license and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or that produces any other alcoholic liquor.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed. A caterer retailer license shall allow the holder, a distributor, or an importing distributor to transfer any inventory to and from the holder's retail premises and shall allow the holder to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to an off-site event.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a holder of a caterer retailer license or a caterer retailer licensee from accepting a credit or refund for unused, salable beer, in the event an act of God is the sole reason an off-site event is cancelled and if: (i) the holder of a caterer retailer license has not transferred alcoholic liquor from its caterer retailer premises to an off-site location; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the off-site premises and not for any unused, salable beer that the distributor or importing distributor delivered to the caterer retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the caterer retailer's premises. A caterer retailer license shall allow the holder to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event or engage a distributor or importing distributor to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the caterer retailer licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the caterer retailer licensee prior to the distributor or importing distributor transferring inventory to the caterer retailer premises.

For purposes of this subsection (o), an "act of God" means an unforeseeable event, such as a rain or snow storm, hail, a flood, or a similar event, that is the sole cause of the cancellation of an off-site, outdoor event.

An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

A special use permit license shall allow the holder to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of the special use event or engage a distributor or importing distributor to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the special use permit licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the retail licensee prior to the distributor or importing distributor transferring inventory to the retail premises.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a special use permit licensee or a special use permit licensee from accepting a credit or refund for unused, salable beer at the conclusion of the event specified in the license if: (i) the holder of the special use permit license has not transferred alcoholic liquor from its retail licensed premises to the premises specified in the special use permit license; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer.

An applicant for a winery shipper's license must also complete an application form that provides any other information the Commission deems necessary. The application form shall include all addresses from which the applicant for a winery shipper's license intends to ship wine, including the name and address of any third party, except for a common carrier, authorized to ship wine on behalf of the manufacturer. The application form shall include an acknowledgement consenting to the jurisdiction of the Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any related laws, rules, and regulations, including authorizing the Department of Revenue and the Commission to conduct audits for the purpose of ensuring compliance with Public Act 95-634, and an acknowledgement that the wine manufacturer is in compliance with Section 6-2 of this Act. Any third party, except for a common carrier, authorized to ship wine on behalf of a first-class or second-class wine manufacturer's licensee, a first-class or second-class wine-maker's licensee, a limited wine manufacturer's licensee, or a person who is licensed to make wine under the laws of another state shall also be disclosed by the winery shipper's licensee, and a copy of the written appointment of the third-party wine provider, except for a common carrier, to the wine manufacturer shall be filed with the State Commission as a supplement to the winery shipper's license application or any renewal thereof. The winery shipper's license holder shall affirm under penalty of perjury, as part of the winery shipper's license application or renewal, that he or she only ships wine, either directly or indirectly through a third-party provider, from the licensee's own production.

Except for a common carrier, a third-party provider shipping wine on behalf of a winery shipper's license holder is the agent of the winery shipper's license holder and, as such, a winery shipper's license holder is responsible for the acts and omissions of the third-party provider acting on behalf of the license holder. A third-party provider, except for a common carrier, that engages in shipping wine into Illinois on behalf of a winery shipper's license holder shall consent to the jurisdiction of the State Commission and the State. Any third-party, except for a common carrier, holding such an appointment shall, by February 1 of each calendar year and upon request by the State Commission or the Department of Revenue, file with the State Commission a statement detailing each shipment made to an Illinois resident. The statement shall include the name and address of the third-party provider filing the statement, the time period covered by the statement, and the following information:

1. the name, address, and license number of the winery shipper on whose behalf the shipment was made;
2. the quantity of the products delivered; and
3. the date and address of the shipment.

If the Department of Revenue or the State Commission requests a statement under this paragraph, the third-party provider must provide that statement no later than 30 days after the request is made. Any books, records, supporting papers, and documents containing information and data relating to a statement under this paragraph shall be kept and preserved for a period of 3 years, unless their destruction sooner is authorized, in writing, by the Director of Revenue, and shall be open and available to inspection by the Director of Revenue or the State Commission or any duly authorized officer, agent, or employee of the State Commission or the Department of Revenue, at all times during business hours of the day. Any person who violates any provision of this paragraph or any rule of the State Commission for the administration and enforcement of the provisions of this paragraph is guilty of a Class C misdemeanor. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

The State Commission shall adopt rules as soon as practicable to implement the requirements of Public Act 99-904 and shall adopt rules prohibiting any such third-party appointment of a third-party provider, except for a common carrier, that has been deemed by the State Commission to have violated the provisions of this Act with regard to any winery shipper licensee.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

Sec. 6-5.5. Consignment sales prohibited; retailer returns.

(a) In this Section, "retailer" means a retailer, special event retailer, special use permit licensee, caterer retailer, or brew pub.

(b) It is unlawful for a manufacturer with self-distribution privileges, importing distributor, or distributor to sell, offer for sale, or contract to sell to any retailer, or for any such retailer to purchase, offer to purchase, or contract to purchase any products:

(1) on consignment or conditional sale, pursuant to which the retailer has no obligation to pay for the product until sold;
(2) with the privilege of return unless expressly authorized in this Act;
(3) on any basis other than a bona fide sale; or
(4) if any part of the sale involves, directly or indirectly, the acquisition by the retailer of other products from a manufacturer with self-distribution privileges, importing distributor, or distributor, or an agreement to acquire other products from the manufacturer with self-distribution privileges, importing distributor, or distributor.

(c) Transactions involving the bona fide return of products for ordinary and usual commercial reasons arising after the product has been sold are not prohibited.

New matter indicated by italics - deletions by strikeout
(d) Unless there is a bona fide business reason for replacement of an alcoholic liquor product when delivered, the alcoholic liquor product may not be replaced free of charge to a retailer. Replacement of an alcoholic liquor product damaged while in a retailer's possession constitutes the providing of something of value and is a violation of Sections 6-4, 6-5, and 6-6 of this Act. A manufacturer with self-distribution privileges, importing distributor, or distributor is not required to accept the return of products for the reasons stated in items (1) through (7) of subsection (f).

(1) A manufacturer with self-distribution privileges, importing distributor, or distributor may not accept the return of alcoholic liquor products as breakage if the product was damaged after delivery and while in the possession of the retailer. The manufacturer with self-distribution privileges, importing distributor, or distributor may replace damaged cartons, packaging, or carrying containers of alcoholic liquor at any time.

(2) Alcoholic liquor products or other compensation shall not be furnished to a retailer for product breakage that occurs as a result of handling by the retailer or its agents, employees, or customers.

(3) If an alcoholic liquor product has been damaged prior to or at the time of actual delivery, the product may only be exchanged for an equal quantity of identical product or returned for credit. If an identical product is unavailable, a similar type of product, including a similarly priced product, may be exchanged.

(4) If an alcoholic liquor product has been damaged prior to or at the time of actual delivery, the product may be exchanged no later than 15 days after delivery under the following conditions:

(A) If the pre-delivery damage is visible at the time of delivery, the retailer must identify the damaged product immediately.

(B) If the damage is latent and not visible at the time of delivery, the retailer must notify the manufacturer with self-distribution privileges, importing distributor, or distributor of the pre-delivery damage within 15 days after delivery, or the date of invoice, whichever is later.

(e) It is unlawful to sell, offer to sell, or contract to sell alcoholic liquor products with the privilege of return for any reason, other than those considered to be ordinary and usual commercial reasons, arising

after the product has been sold. A manufacturer with self-distribution
privileges, importing distributor, or distributor is under no obligation to
accept a return or make an exchange for any product. A manufacturer
with self-distribution privileges, importing distributor, or distributor that
elects to make an authorized exchange of a product or return of a product
for cash or credit does so at its sole discretion and must maintain proper
books and records of the transaction in accordance with 11 Ill. Adm. Code
100.130.

(f) Ordinary and usual commercial reasons for the return of
alcoholic liquor products are limited to the following:

1. Defective products. Products that are unmarketable
because of product deterioration, leaking containers, damaged
labels, or missing or mutilated tamper evident closures may be
exchanged for an equal quantity of identical or similar products,
including similarly priced products, or credit against outstanding
indebtedness.

2. Error in products delivered. Any discrepancy between
products ordered and products delivered may be corrected, within
15 days after the date of delivery or date of invoice, whichever is
later, by exchange of the products delivered for those that were
ordered or by a return for credit against outstanding indebtedness.

3. Products that may no longer be lawfully sold. Products
that may no longer be lawfully sold may be returned for credit
against outstanding indebtedness. This includes situations in
which, due to a change in regulation or administrative procedure
over which a retailer has no control, a particular size or brand is
no longer permitted to be sold.

4. Termination of business. Products on hand at the time a
retailer terminates operations may be returned for cash or credit
against outstanding indebtedness. This does not include a
temporary seasonal shutdown.

5. Change in products. A retailer’s inventory of a product
that has been changed in formula, proof, label, or container may
be exchanged for equal quantities of the new version of that
product.

6. Discontinued products. If a manufacturer, non-resident
dealer, foreign importer, or importing distributor discontinues the
production or importation of a product, a retailer may return its
inventory of that product for cash or credit against outstanding indebtedness.

(7) Seasonal dealers. Manufacturers with self-distribution privileges, importing distributors, or distributors may accept the return of product from retailers who are only open a portion of the year if the products are likely to spoil during the off-season. These returns shall be for cash or credit against outstanding indebtedness.

(g) Without limitation, the following are not considered ordinary and commercial reasons to justify a return of an alcoholic liquor product:

1. Overstocked and slow-moving alcoholic liquor products. The return or exchange of a product because it is overstocked or slow moving does not constitute a return for ordinary and usual commercial reasons.

2. Seasonal alcoholic liquor products. The return for cash or credit or exchange of wine or spirits for which there is only a limited or seasonal demand, such as holiday decanters and certain distinctive bottles, does not constitute a return for ordinary and usual commercial reasons. Nothing in this item (2) prohibits the exchange of seasonal beer products for similarly priced beer products.

(h) Nothing in this Section prohibits a manufacturer with self-distribution privileges, importing distributor, or distributor from accepting the return of beer from a retailer if the beer is near or beyond its freshness date, code date, pull date, or other similar date marking the deterioration or freshness of the beer if:

1. the brewer has policies and procedures in place that specify the date the retailer must pull the product;
2. the brewer's freshness return or exchange policies and procedures are readily verifiable and consistently followed by the brewer; and
3. the container has identifying markings that correspond with this date.

Returns under this subsection may be accepted in return for credit against indebtedness or equal amounts of the same or similar beer, including a similarly priced product.

For purposes of this Section, beer is near code on any date on or before the freshness or code date not to exceed 30 days prior to the freshness or code date. If near-code beer is returned, a manufacturer with

self-distribution privileges, importing distributor, or distributor may sell near-code beer to another retailer who may reasonably sell the beer on or before the expiration of the freshness or code date. No beer shall be returned as near-code prior to 30 days of the freshness or code date.

It is a violation of this Section for a retailer to hold beer for the purpose of returning beer as out of code.

Except as otherwise provided in this Act no manufacturer or distributor or importing distributor shall, directly or indirectly, sell, supply, furnish, give or pay for, or loan or lease, any furnishing, fixture or equipment on the premises of a place of business of another licensee authorized under this Act to sell alcoholic liquor at retail, either for consumption on or off the premises, nor shall he or she, directly or indirectly, pay for any such license, or advance, furnish, lend or give money for payment of such license, or purchase or become the owner of any note, mortgage, or other evidence of indebtedness of such licensee or any form of security therefor, nor shall such manufacturer, or distributor, or importing distributor, directly or indirectly, be interested in the ownership, conduct or operation of the business of any licensee authorized to sell alcoholic liquor at retail, nor shall any manufacturer, or distributor, or importing distributor be interested directly or indirectly or as owner or part owner of said premises or as lessee or lessor thereof, in any premises upon which alcoholic liquor is sold at retail.

No manufacturer or distributor or importing distributor shall, directly or indirectly or through a subsidiary or affiliate, or by any officer, director or firm of such manufacturer, distributor or importing distributor, furnish, give, lend or rent, install, repair or maintain, to or for any retail licensee in this State, any signs or inside advertising materials except as provided in this Section and Section 6-5. to, "cold beer", "on tap", "carry out", and "packaged liquor".

(ii) Temporary outside signs shall include, but not be
limited to, banners, flags, pennants, streamers, and other items of a
temporary and non-permanent nature, and shall cost not more than
$1,000 per manufacturer. Each temporary outside sign must

markings, trademark, or other symbol commonly associated with
and generally used in identifying the product. Temporary outside
signs may also include, for example, the product, price, packaging,
date or dates of a promotion and an announcement of a retail
licensee's specific sponsored event, if the temporary outside sign is
intended to promote a product, and provided that the
announcement of the retail licensee's event and the product
promotion are held simultaneously. However, temporary outside
signs may not include names, slogans, markings, or logos that
relate to the retailer. Nothing in this subpart (ii) shall prohibit a
distributor or importing distributor from bearing the cost of
creating or printing a temporary outside sign for the retail licensee's
specific sponsored event or from bearing the cost of creating or
printing a temporary sign for a retail licensee containing, for
example, community goodwill expressions, regional sporting event

purpose of the temporary outside sign is to highlight, promote, or
advertise the product. In addition, temporary outside signs
provided by the manufacturer to the distributor or importing
distributor may also include, for example, subject to the limitations
of this Section, preprinted community goodwill expressions,
sporting event announcements, seasonal messages, and
manufacturer promotional announcements. However, a distributor
or importing distributor shall not bear the cost of such
manufacturer preprinted signs.

A permanent inside sign must include the manufacturer's name, brand name, trade name, slogans, markings, trademark, or other symbol commonly associated with and generally used in identifying the product. However, permanent inside signs may not include names, slogans, markings, or logos that relate to the retailer. For the purpose of this subpart (iii), all permanent inside signs may be displayed in an adjacent courtyard or patio commonly referred to as a "beer garden" that is a part of the retailer's licensed premises.

(iv) Temporary inside signs shall include, but are not limited to, lighted chalk boards, acrylic table tent beverage or hors d'oeuvre list holders, banners, flags, pennants, streamers, and inside advertising materials such as posters, placards, bowling sheets, table tents, inserts for acrylic table tent beverage or hors d'oeuvre list holders, sports schedules, or similar printed or illustrated materials and product displays, such as display racks, bins, barrels, or similar items, the primary function of which is to temporarily hold and display alcoholic beverages; however, such items, for example, as coasters, trays, napkins, glassware and cups shall not be deemed to be inside signs or advertising materials and may only be sold to retailers at fair market value, which shall be no less than the cost of the item to the manufacturer, distributor, or importing distributor. All temporary inside signs and inside advertising materials in place and in use at any one time shall cost in the aggregate not more than $1,000 per manufacturer. Nothing in this subpart (iv) prohibits a distributor or importing distributor from paying the cost of printing or creating any temporary inside banner or inserts for acrylic table tent beverage or hors d'oeuvre list holders for a retail licensee, provided that the primary purpose for the banner or insert is to highlight, promote, or advertise the product. Sec. 8-5. As soon as practicable after any return is filed, the Department shall examine such return and shall correct such return according to its best judgment and information, which return so corrected by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown therein. Instead of requiring the licensee to file an amended return, the Department may simply notify the licensee of the correction or corrections it has made. Proof of such correction by the Department, or of the determination of the amount of tax due as provided in Sections 8-4 and 8-10, may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. If the licensee dies or becomes a person under legal disability at any time before the Department issues its notice of tax liability, such notice shall be issued to the administrator, executor or other legal representative, as such, of the deceased or licensee who is under legal disability.

The textbooks authorized to be purchased under this Section are limited without exception to textbooks that have been preapproved and designated by the State Board of Education for use in any public school and that are secular, non-religious, and non-sectarian. The State Board of Education shall annually publish a list of the textbooks authorized to be purchased under this Section. Each public school district and State-recognized, non-public school shall, subject to appropriations for that purpose, receive a per pupil grant for the purchase of secular textbooks. The per pupil grant amount must be calculated by the State Board of Education utilizing the total appropriation made for these purposes divided by the most current student enrollment data available.

(d) The State Board of Education may adopt rules as necessary for the implementation of this Section and to ensure the religious neutrality of the textbook block grant program, as well as provide for the monitoring of all textbooks authorized in this Section to be purchased directly by State-recognized, nonpublic schools serving students in grades kindergarten through 12.

Sec. 2-3.170. Property tax relief pool grants.
(a) As used in this Section,
"EAV" means equalized assessed valuation as defined under Section 18-8.15 of this Code.
"Property tax multiplier" equals one minus the square of the school district's Local Capacity Percentage, as defined in Section 18-8.15 of this Code.
"Local capacity percentage multiplier" means one minus the square of the school district's Local Capacity Percentage, as defined in Section 18-8.15.
"State Board" means the State Board of Education.
"Unit equivalent tax rate" means the Adjusted Operating Tax Rate, as defined in Section 18-8.15 of this Code, multiplied by a factor of 1 for

unit school districts, 13/9 for elementary school districts, and 13/4 for high school districts.

(b) Subject to appropriation, the State Board shall provide grants to eligible school districts that provide tax relief to the school district's residents, which may be no greater than 1% of EAV for a unit district, 0.69% of EAV for an elementary school district, or 0.31% of EAV for a high school district, as provided in this Section.

(b-5) Each year, the State Board shall set a threshold above which any school district in this State may apply for property tax relief under this Section: School districts may apply for property tax this relief under this Section concurrently to setting their levy for the fiscal year. The intended relief may not be greater than 1% of the EAV for a unit district, 0.69% of the EAV for an elementary school district, or 0.31% of the EAV for a high school district, multiplied by the school district's local capacity percentage multiplier. The State Board shall process applications for relief, providing a grant to those districts with the highest operating tax rate, as determined by those districts with the highest percentage of the simple average operating tax rate of districts of the same type, either elementary, high school, or unit, the highest unit equivalent tax rate first, in an amount equal to the intended relief multiplied by the property tax multiplier. The State Board shall provide grants to school districts in order of priority until the property tax relief pool is exhausted. If more school districts apply for relief under this subsection than there are funds available, the State Board must distribute the grants and prorate any remaining funds to the final school district that qualifies for grant relief. The abatement amount for that district must be equal to the grant amount divided by the property tax multiplier.

If a school district receives the State Board's approval of a grant under this Section by March 1 of the fiscal year, the school district shall present a duly authorized and approved abatement resolution by March 30 of the fiscal year to the county clerk of each county in which the school files its levy, authorizing the county clerk to lower the school district's levy by the amount designated in its application to the State Board. When the preceding requisites are satisfied, the county clerk shall reduce the amount collected for the school district by the amount indicated in the school district's abatement resolution for that fiscal year.

(c) (Blank). Each year, the State Board shall publish an estimated threshold unit equivalent tax rate. School districts whose adjusted operating tax rate, as defined in this Section, is greater than the estimated

New matter indicated by italics - deletions by strikeout
threshold unit equivalent tax rate are eligible for relief under this Section. This estimated tax rate shall be based on the most recent available data provided by school districts pursuant to Section 18-8.15 of this Code. The State Board shall estimate this property tax rate based on the amount appropriated to the grant program and the assumption that a set of school districts, based on criteria established by the State Board, will apply for grants under this Section. The criteria shall be based on reasonable assumptions about when school districts will apply for the grant.

(d) School districts seeking grants under this Section shall apply to the State Board each year. All applications to the State Board for grants shall include the amount of the tax relief intended by the school district.

(e) Each year, based on the most recent available data provided by school districts pursuant to Section 18-8.15 of this Code, the State Board shall calculate the order of priority for grant eligibility under subsection (b-5) the unit equivalent tax rate, based on the applications received by the State Board, above which the appropriations are sufficient to provide relief and publish a list of the school districts eligible for relief. The State Board shall first provide grants in the manner provided under subsection (b-5) to those districts with the highest unit equivalent tax rates.

(f) The State Board shall publish a final list of eligible grant recipients and provide payment of the grants by March 1 of each year.

(g) If notice of eligibility payment from the State Board is received by a school district by March 1, then by March 30, the school district shall file an abatement of its property tax levy in an amount equal to the grant received under this Section divided by the property tax multiplier. Payment of all grant amounts shall be made by June 1 each fiscal year. The State Superintendent of Education shall establish the timeline in such cases in which notice cannot be made by March 1.

(h) The total property tax relief allowable to a school district under this Section shall be calculated based on the total amount of reduction in the school district's aggregate extension. The total grant shall be equal to the reduction, multiplied by the property tax multiplier. The reduction shall be equal limited to the lesser of (i) 1% of a district's EAV for a unit school district, 0.69% for an elementary school district, or 0.31% for a high school district, multiplied by the school district's local capacity percentage multiplier or (ii) the amount that the unit equivalent tax rate is greater than the threshold unit equivalent tax rate determined by the State Board, multiplied by the school district's EAV. If clause (ii) of this subsection (h) is the lesser value and the difference between the school
district's unit equivalent tax rate and the threshold unit equivalent tax rate is less than 1%, then the difference is multiplied by 1 for a unit school district, by 0.69 for an elementary school district, or by 0.31 for a high school district.

(i) If the State Board does not expend all appropriations allocated pursuant to this Section, then any remaining funds shall be allocated pursuant to Section 18-8.15 of this Code.

(j) The State Board shall prioritize payments under Section 18-8.15 of this Code over payments under this Section, if necessary.

(k) Any grants received by a school district shall be included in future calculations of that school district's Base Funding Minimum under Section 18-8.15 of this Code. Beginning with Fiscal Year 2020, if a school district receives a grant under this Section, the school district must present to the county clerk a duly authorized and approved abatement resolution by March 30 for the year in which the school district receives the grant and the successive fiscal year following the receipt of the grant, authorizing the county clerk to lower the school district's levy by the amount designated in its original application to the State Board. After receiving a resolution, the county clerk must reduce the amount collected for the school district by the amount indicated in the school district's abatement resolution for that fiscal year. If a school district does not abate in this amount for the successive fiscal year, the grant amount may not be included in the school district's Base Funding Minimum under Section 18-8.15 in the fiscal year following the tax year in which the abatement is not authorized and in any future fiscal year thereafter, and the county clerk must notify the State Board of the increase no later 30 days after it occurs.

(l) In the tax year following receipt of a Property Tax Pool Relief Grant, the aggregate levy of any school district receiving a grant under this Section, for purposes of the Property Tax Extension Limitation Law, shall include the tax relief the school district provided in the previous taxable year under this Section.

The amount of tuition for such children shall be determined by the actual cost of maintaining such classes, using the per capita cost formula set forth in Section 14-7.01, such program and cost to be pre-approved by the State Superintendent of Education.

If a school district makes a claim for reimbursement under Section 18-3 or 18-4 of this Code Act it shall not include in any claim filed under this Section a claim for such children. Payments authorized by law, including State or federal grants for education of children included in this Section, shall be deducted in determining the tuition amount.

Nothing in this Code Act shall be construed so as to prohibit reimbursement for the tuition of children placed in for profit facilities. Private facilities shall provide adequate space at the facility for special education classes provided by a school district or joint agreement for children with disabilities who are residents of the facility at no cost to the school district or joint agreement upon request of the school district or joint agreement. If such a private facility provides space at no cost to the district or joint agreement for special education classes provided to children with disabilities who are residents of the facility, the district or joint agreement shall not include any costs for the use of those facilities in its claim for reimbursement.

Reimbursement for tuition may include the cost of providing summer school programs for children with severe and profound disabilities served under this Section. Claims for that reimbursement shall be filed by November 1 and shall be paid on or before December 15 from appropriations made for the purposes of this Section.

However, notwithstanding any other provisions of this Section or this Code, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 31 of the next fiscal year. Payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year.

Reimbursement shall be made based upon approved group programs or individual students. The State Superintendent of Education shall direct the Comptroller to pay a specified amount to the district by the 30th day of September, December, March, June, or August, respectively. However, notwithstanding any other provisions of this Section or the
School Code, beginning with fiscal year 1994 and each fiscal year thereafter, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year. Payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year.

If a school district's current reimbursement payment for the 1977-78 school year only is less than the prior year's reimbursement payment owed, the district shall be paid the amount of the difference between the payments in addition to the current reimbursement payment, and the amount so paid shall be subtracted from the amount of prior year's reimbursement payment owed to the district.

Regional superintendents may operate special education classes for children from orphanages, foster family homes, children's homes, or State residential housing units located within the educational services region upon consent of the school board otherwise so obligated. In electing to assume the powers and duties of a school district in providing and maintaining such a special education program, the regional superintendent may enter into joint agreements with other districts and may contract with public or private schools or the orphanage, foster family home, children's home, or State residential housing unit for provision of the special education program. The district of residence of the student with a disability as defined in Section 14-1.11a is responsible for the actual costs of the student's special education program and is eligible for reimbursement under this Section when placement is made by a State agency or the courts.

When a dispute arises over the determination of the district of residence under this Section, the district or districts may appeal the decision in writing to the State Superintendent of Education, who, upon review of materials submitted and any other items or information he or she may request for submission, shall issue a written decision on the matter. The decision of the State Superintendent of Education shall be final.

In the event a district does not make a tuition payment to another district that is providing the special education program and services, the State Board of Education shall immediately withhold 125% of the then remaining annual tuition cost from the State aid or categorical aid payment due to the school district that is determined to be the resident school district. All funds withheld by the State Board of Education shall immediately be forwarded to the school district where the student is being served.

Final claims for those students for the regular school term must be received at the State Board of Education by July 15 following the end of the regular school year. During fiscal year 1994 both the 1992-1993 school year and the 1993-1994 school year shall be paid in order to change the cycle of payment from a reimbursement basis to a current year funding basis of payment. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 31 of the next fiscal year. Sec. 18-8.15. Evidence-based funding for student success for the 2017-2018 and subsequent school years.

New matter indicated by italics - deletions by strikeout
(a) General provisions.

(1) The purpose of this Section is to ensure that, by June 30, 2027 and beyond, this State has a kindergarten through grade 12 public education system with the capacity to ensure the educational development of all persons to the limits of their capacities in accordance with Section 1 of Article X of the Constitution of the State of Illinois. To accomplish that objective, this Section creates a method of funding public education that is evidence-based; is sufficient to ensure every student receives a meaningful opportunity to learn irrespective of race, ethnicity, sexual orientation, gender, or community-income level; and is sustainable and predictable. When fully funded under this Section, every school shall have the resources, based on what the evidence indicates is needed, to:

(A) provide all students with a high quality education that offers the academic, enrichment, social and emotional support, technical, and career-focused programs that will allow them to become competitive workers, responsible parents, productive citizens of this State, and active members of our national democracy;

(B) ensure all students receive the education they need to graduate from high school with the skills required to pursue post-secondary education and training for a rewarding career;

(C) reduce, with a goal of eliminating, the achievement gap between at-risk and non-at-risk students by raising the performance of at-risk students and not by reducing standards; and

(D) ensure this State satisfies its obligation to assume the primary responsibility to fund public education and simultaneously relieve the disproportionate burden placed on local property taxes to fund schools.

(2) The evidence-based funding formula under this Section shall be applied to all Organizational Units in this State. The evidence-based funding formula outlined in this Act is based on the formula outlined in Senate Bill 1 of the 100th General Assembly, as passed by both legislative chambers. As further defined and described in this Section, there are 4 major components of the evidence-based funding model:

New matter indicated by italics - deletions by strikeout
(A) First, the model calculates a unique adequacy target for each Organizational Unit in this State that considers the costs to implement research-based activities, the unit's student demographics, and regional wage difference.

(B) Second, the model calculates each Organizational Unit's local capacity, or the amount each Organizational Unit is assumed to contribute towards its adequacy target from local resources.

(C) Third, the model calculates how much funding the State currently contributes to the Organizational Unit, and adds that to the unit's local capacity to determine the unit's overall current adequacy of funding.

(D) Finally, the model's distribution method allocates new State funding to those Organizational Units that are least well-funded, considering both local capacity and State funding, in relation to their adequacy target.

(3) An Organizational Unit receiving any funding under this Section may apply those funds to any fund so received for which that Organizational Unit is authorized to make expenditures by law.

(4) As used in this Section, the following terms shall have the meanings ascribed in this paragraph (4):

"Adequacy Target" is defined in paragraph (1) of subsection (b) of this Section.

"Adjusted EAV" is defined in paragraph (4) of subsection (d) of this Section.

"Adjusted Local Capacity Target" is defined in paragraph (3) of subsection (c) of this Section.

"Adjusted Operating Tax Rate" means a tax rate for all Organizational Units, for which the State Superintendent shall calculate and subtract for the Operating Tax Rate a transportation rate based on total expenses for transportation services under this Code, as reported on the most recent Annual Financial Report in Pupil Transportation Services, function 2550 in both the Education and Transportation funds and functions 4110 and 4120 in the Transportation fund, less any corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation

reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code divided by the Adjusted EAV. If an Organizational Unit's corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code exceed the total transportation expenses, as defined in this paragraph, no transportation rate shall be subtracted from the Operating Tax Rate.

"Allocation Rate" is defined in paragraph (3) of subsection (g) of this Section.

"Alternative School" means a public school that is created and operated by a regional superintendent of schools and approved by the State Board.

"Applicable Tax Rate" is defined in paragraph (1) of subsection (d) of this Section.

"Assessment" means any of those benchmark, progress monitoring, formative, diagnostic, and other assessments, in addition to the State accountability assessment, that assist teachers' needs in understanding the skills and meeting the needs of the students they serve.

"Assistant principal" means a school administrator duly endorsed to be employed as an assistant principal in this State.

"At-risk student" means a student who is at risk of not meeting the Illinois Learning Standards or not graduating from elementary or high school and who demonstrates a need for vocational support or social services beyond that provided by the regular school program. All students included in an Organizational Unit's Low-Income Count, as well as all English learner and disabled students attending the Organizational Unit, shall be considered at-risk students under this Section.

"Average Student Enrollment" or "ASE" for fiscal year 2018 means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1 in the immediately preceding school year, or the average number of

students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1, for each of the immediately preceding 3 school years. For fiscal year 2019 and each subsequent fiscal year, "Average Student Enrollment" or "ASE" means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1, for each of the immediately preceding 3 school years. For the purposes of this definition, "enrolled in the Organizational Unit" means the number of students reported to the State Board who are enrolled in schools within the Organizational Unit that the student attends or would attend if not placed or transferred to another school or program to receive needed services. For the purposes of calculating "ASE", all students, grades K through 12, excluding those attending kindergarten for a half day, shall be counted as 1.0. All students attending kindergarten for a half day shall be counted as 0.5, unless in 2017 by June 15 or by March 1 in subsequent years, the school district reports to the State Board of Education the intent to implement full-day kindergarten district-wide for all students, then all students attending kindergarten shall be counted as 1.0. Special education pre-kindergarten students shall be counted as 0.5 each. If the State Board does not collect or has not collected both an October 1 and March 1 enrollment count by grade or a December 1 collection of special education pre-kindergarten students as of the effective date of this amendatory Act of the 100th General Assembly, it shall establish such collection for all future years. For any year where a count by grade level was collected only once, that count shall be used as the single count available for computing a 3-year average ASE. School

districts shall submit the data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation. For fiscal year 2018 only, the ASE calculation shall include only enrollment taken on October 1.

"Base Funding Guarantee" is defined in paragraph (10) of subsection (g) of this Section.

"Base Funding Minimum" is defined in subsection (e) of this Section.

"Base Tax Year" means the property tax levy year used to calculate the Budget Year allocation of primary State aid.

"Base Tax Year's Extension" means the product of the equalized assessed valuation utilized by the county clerk in the Base Tax Year multiplied by the limiting rate as calculated by the county clerk and defined in PTELL.

"Bilingual Education Allocation" means the amount of an Organizational Unit's final Adequacy Target attributable to bilingual education divided by the Organizational Unit's final Adequacy Target, the product of which shall be multiplied by the amount of new funding received pursuant to this Section. An Organizational Unit's final Adequacy Target attributable to bilingual education shall include all additional investments in English learner students' adequacy elements.

For calculating the salaries included within the Essential Elements for positions not included within EIS Data, the following salaries shall be used in the first year of implementation of Evidence-Based Funding:

(i) school site staff, $30,000; and

(ii) non-instructional assistant, instructional assistant, library aide, library media tech, or supervisory aide: $25,000.

(c) Local capacity calculation.

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity Ratio.

(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The
calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;
(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by 9/13;
(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by 4/13; and
(iv) for an Organizational Unit with a different grade configuration than those specified in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the Laboratory School. The weighted mean for the Local Capacity Percentage shall be determined by multiplying

New matter indicated by italics - deletions by strikeout
each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois Pension Code in a given year, or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of the Illinois Pension Code absent the employer normal cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item (ii) shall be certified to the State Board of Education by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT,
and Base Funding Minimum, with the resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV for purposes of the Local Capacity calculation.

(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the Equalized Assessed Valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of each Organizational Unit situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (II) $5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under

Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this subparagraph (A) that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area which is attributable to an increase above the total initial EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment

Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the EAV of the Organizational Unit, the total initial EAV or the current EAV, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or its EAV in the immediately preceding year if the EAV in the immediately preceding year has declined by 10% or more compared to the 3-year average. In the event of Organizational Unit reorganization, consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the first year, the average of a 2-year EAV or its EAV in the immediately preceding year if the EAV declines by 10% or more compared to the 2-year average for the second year, and a 3-year average EAV or its EAV in the immediately preceding year if the adjusted EAV declines by

10% or more compared to the 3-year average for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more compared to the 2-year average.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the PTELL EAV shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for the 12-month calendar year preceding the Base Tax Year, plus the equalized assessed valuation of new property, annexed property, and recovered tax increment value and minus the equalized assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and "recovered tax increment value" shall have the meanings set forth in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding Minimum of an Organizational Unit or a Specially Funded Unit shall be the amount of State funds distributed to the Organizational Unit or Specially Funded Unit during the 2016-2017 school year prior to any adjustments and specified appropriation amounts described in this paragraph (1) from the following Sections, as calculated by the State Superintendent: Section 18-8.05 of this

Code (now repealed); Section 5 of Article 224 of Public Act 99-524 (equity grants); Section 14-7.02b of this Code (funding for children requiring special education services); Section 14-13.01 of this Code (special education facilities and staffing), except for reimbursement of the cost of transportation pursuant to Section 14-13.01; Section 14C-12 of this Code (English learners); and Section 18-4.3 of this Code (summer school), based on an appropriation level of $13,121,600. For a school district organized under Article 34 of this Code, the Base Funding Minimum also includes (i) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to funding programs authorized by the Sections of this Code listed in the preceding sentence; and (ii) the difference between (I) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to the funding programs authorized by Section 14-7.02 (non-public special education reimbursement), subsection (b) of Section 14-13.01 (special education transportation), Section 29-5 (transportation), Section 2-3.80 (agricultural education), Section 2-3.66 (truants' alternative education), Section 2-3.62 (educational service centers), and Section 14-7.03 (special education - orphanage) of this Code and Section 15 of the Childhood Hunger Relief Act (free breakfast program) and (II) the school district's actual expenditures for its non-public special education, special education transportation, transportation programs, agricultural education, truants' alternative education, services that would otherwise be performed by a regional office of education, special education orphanage expenditures, and free breakfast, as most recently calculated and reported pursuant to subsection (f) of Section 1D-1 of this Code. The Base Funding Minimum for Glenwood Academy shall be $625,500.

(2) For the 2018-2019 and subsequent school years, the Base Funding Minimum of Organizational Units and Specially Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place

New matter indicated by italics - deletions by strikeout
such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of this subsection (f).

(2) An Organizational Unit's Preliminary Resources are equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g), based on the Organizational Unit's Final Percent of Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3

New matter indicated by italics - deletions by strikeout
Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate determined pursuant to paragraph (4) of this subsection (g). For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier 4 receives an allocation of New State Funds equal to the product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Unit's Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of

New matter indicated by italics - deletions by strikeout
Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 is determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.

(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the following equation: Tier 4 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, than all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.
(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct funding following the implementation of this amendatory Act of the 100th General Assembly from any of the funding sources included within the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be re-apportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief Pool Funds is $50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to $350,000,000. In addition to any New State Funds, no more than $50,000,000 New Property Tax Relief Pool Funds may be counted towards the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, than funding for tiers shall be reduced in the following manner:

(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in

New matter indicated by italics - deletions by strikeout
Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and new State Funds and the reduction Tier 4 and Tier 3.

(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 allocation rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, if New State Funds exceed $300,000,000, then any amount in excess of $300,000,000 shall be dedicated for purposes of Section 2-3.170 of this Code up to a maximum of $50,000,000.

(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units receiving Tier 1 and Tier 2 funding, as determined under paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the

New matter indicated by italics - deletions by strikeout
aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.

(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.

(h) State Superintendent administration of funding and district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit and Net State Contribution Target for each Organizational Unit under this Section. The State Superintendent shall also certify the actual amounts of the New State Funds payable for each eligible Organizational Unit based on the equitable distribution calculation to the unit's treasurer, as soon as possible after such amounts are calculated, including any applicable adjusted charge-off increase. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable FTE calculated for each Essential Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an additional $285.50 per student computer technology and equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum,
Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. The State Board shall publish a yearly distribution schedule at its meeting in June. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit annual spending plans by the end of September of each year to the State Board as part of the annual budget process, which shall describe how each Organizational Unit will utilize the Base Minimum Funding and Evidence-Based funding it receives from this State under this Section with specific identification of the intended utilization of Low-Income, English learner, and special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve State education goals, as defined by the State Board. The State Superintendent may, from time to time, identify additional requisites for Organizational Units to satisfy when compiling the annual spending plans required under this subsection (h). The format and scope of annual spending plans shall be developed by the State Superintendent and the State Board of Education in conjunction with the Professional Review Panel.

School districts that serve students under Article 14C of this Code shall continue to submit information as required under Section 14C-12 of this Code.

(10) No later than January 1, 2018, the State Superintendent shall develop a 5-year strategic plan for all Organizational Units to help in planning for adequacy funding under this Section. The State Superintendent shall submit the plan to the Governor and the General Assembly, as provided in Section 3.1 of the General Assembly Organization Act. The plan shall include recommendations for:

(A) a framework for collaborative, professional, innovative, and 21st century learning environments using the Evidence-Based Funding model;

(B) ways to prepare and support this State's educators for successful instructional careers;

(C) application and enhancement of the current financial accountability measures, the approved State plan to comply with the federal Every Student Succeeds Act, and the Illinois Balanced Accountability Measures in relation to student growth and elements of the Evidence-Based Funding model; and

(D) implementation of an effective school adequacy funding system based on projected and recommended funding levels from the General Assembly.

(11) On an annual basis, the State Superintendent must recalibrate all of the following per pupil elements of the Adequacy Target and applied to the formulas, based on the study of average expenses and as reported in the most recent annual financial report:

(A) Gifted under subparagraph (M) of paragraph (2) of subsection (b).
(B) Instructional materials under subparagraph (O) of paragraph (2) of subsection (b).

The State Superintendent or his or her designee must serve as a voting member and chairperson of the Panel. The State Superintendent must appoint a vice chairperson from the membership of the Panel. The Panel must advance recommendations based on a three-fifths majority vote of panel members present and voting. (g) Restitution. Restitution is mandatory under this Section. In addition to any other amount of loss identified, the court shall order restitution including the greater of (1) the gross income or value to the defendant of the victim's labor or services or (2) the value of the victim's

labor as guaranteed under the Minimum Wage Law and overtime provisions of the Fair Labor Standards Act (FLSA) or the Minimum Wage Law, whichever is greater.

(g-5) Fine distribution. If the court imposes a fine under subsection (b), (c), or (d) of this Section, it shall be collected and distributed to the Specialized Services for Survivors of Human Trafficking Fund in accordance with Section 5-9-1.21 of the Unified Code of Corrections.

(h) Trafficking victim services. Subject to the availability of funds, the Department of Human Services may provide or fund emergency services and assistance to individuals who are victims of one or more offenses defined in this Section.

(i) Certification. The Attorney General, a State's Attorney, or any law enforcement official shall certify in writing to the United States Department of Justice or other federal agency, such as the United States Department of Homeland Security, that an investigation or prosecution under this Section has begun and the individual who is a likely victim of a crime described in this Section is willing to cooperate or is cooperating with the investigation to enable the individual, if eligible under federal law, to qualify for an appropriate special immigrant visa and to access available federal benefits. Cooperation with law enforcement shall not be required of victims of a crime described in this Section who are under 18 years of age. This certification shall be made available to the victim and his or her designated legal representative.

(j) A person who commits involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons under subsection (b), (c), or (d) of this Section is subject to the property forfeiture provisions set forth in Article 124B of the Code of Criminal Procedure of 1963.

period begins to run under subsection (d) or within 25 years of the date the plaintiff discovers or through the use of reasonable diligence should discover both (i) that the sex trade, involuntary servitude, or human trafficking act occurred, and (ii) that the defendant caused, was responsible for, or profited from the sex trade, involuntary servitude, or human trafficking act. The fact that the plaintiff discovers or through the use of reasonable diligence should discover that the sex trade, involuntary servitude, or human trafficking act occurred is not, by itself, sufficient to start the discovery period under this subsection (b).

(c) If the injury is caused by 2 or more acts that are part of a continuing series of sex trade, involuntary servitude, or human trafficking acts by the same defendant, then the discovery period under subsection (b) shall be computed from the date the person abused discovers or through the use of reasonable diligence should discover (i) that the last sex trade, involuntary servitude, or human trafficking act in the continuing series occurred, and (ii) that the defendant caused, was responsible for, or profited from the series of sex trade, involuntary servitude, or human trafficking acts. The fact that the plaintiff discovers or through the use of reasonable diligence should discover that the last sex trade, involuntary servitude, or human trafficking act in the continuing series occurred is not, by itself, sufficient to start the discovery period under subsection (b).

(d) The limitation periods in subsection (b) do not begin to run before the plaintiff attains the age of 18 years; and, if at the time the plaintiff attains the age of 18 years he or she is under other legal disability, the limitation periods under subsection (b) do not begin to run until the removal of the disability.

(e) The limitation periods in subsection (b) do not run during a time period when the plaintiff is subject to threats, intimidation, manipulation, or fraud perpetrated by the defendant or by any person acting in the interest of the defendant.

(f) The limitation periods in subsection (b) do not commence running until the expiration of all limitations periods applicable to the criminal prosecution of the plaintiff for any acts which form the basis of a cause of action under the Trafficking Victims Protection Act.

Section 1. Short title. This Act may be cited as the Private Detention Facility Moratorium Act.

Section 5. Legislative findings. The General Assembly hereby finds and declares that the management and operation of any detention facility involves functions that are inherently governmental. Detention requires the exercise of coercive police powers over individuals that should not be delegated to the private sector and is distinguishable from privatization in other areas of government. It is further found that issues of liability, accountability, and cost warrant a prohibition of the ownership, operation, or management of detention facilities by private contractors within the State to the fullest extent permitted under State law.

Section 10. Definitions. In this Act:

"Detention facility" means any building, facility, or structure used to detain individuals, not including State work release centers or juvenile or adult residential treatment facilities.

Section 15. Certain agreements and incentives prohibited. Neither the State, nor any unit of local government, any county sheriff, or any agency, officer, employee, or agent thereof, shall:

(2) pay, reimburse, subsidize, or defray in any way any costs related to the sale, purchase, construction, development, ownership, management, or operation of a detention facility that is or will be owned, managed, or operated, in whole or in part, by a private entity;

(3) receive per diem, per detainee, or any other payment related to the detention of individuals in a detention facility owned, managed, or operated, in whole or in part, by a private entity; or

(4) otherwise give any financial incentive or benefit to any private entity or person in connection with the sale, purchase, construction,
development, ownership, management, or operation of a detention facility that is or will be owned, managed, or operated, in whole or in part, by a private entity.

Section 20. Exemptions. This Act does not prohibit the State, a unit of local government, or any sheriff that owns, manages, or operates a detention facility from contracting with a private entity or person to provide ancillary services in that facility, such as, medical services, food service, educational services, or facility repair and maintenance.

PUBLIC ACT 101-0022
(Senate Bill No. 1852)

AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short Title. This Act may be referred to as the Matt Haller Act.

Section 5. The Environmental Protection Act is amended by adding Section 9.16 as follows:

(415 ILCS 5/9.16 new)

Sec. 9.16. Control of ethylene oxide sterilization sources.

(a) As used in this Section:

"Ethylene oxide sterilization operations" means the process of using ethylene oxide at an ethylene oxide sterilization source to make one or more items free from microorganisms, pathogens, or both microorganisms and pathogens.

"Ethylene oxide sterilization source" means any stationary source with ethylene oxide usage that would subject it to the emissions standards in 40 CFR 63.362. "Ethylene oxide sterilization source" does not include beehive fumigators, research or laboratory facilities, hospitals, doctors' offices, clinics, or other stationary sources for which the primary purpose is to provide medical services to humans or animals.

"Exhaust point" means any point through which ethylene oxide-laden air exits an ethylene oxide sterilization source.

"Stationary source" has the meaning set forth in subsection 1 of Section 39.5.

(b) Beginning 180 days after the effective date of this amendatory Act of the 101st General Assembly, no person shall conduct ethylene oxide sterilization operations, unless the ethylene oxide sterilization source

captures, and demonstrates that it captures, 100% of all ethylene oxide emissions and reduces ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source by at least 99.9% or to 0.2 parts per million.

(1) Within 180 days after the effective date of this amendatory Act of the 101st General Assembly for any existing ethylene oxide sterilization source, or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after the effective date of this amendatory Act of the 101st General Assembly as an ethylene oxide sterilization source under this Section, the owner or operator of the ethylene oxide sterilization source shall conduct an initial emissions test in accordance with all of the requirements set forth in this paragraph (1) to verify that ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source have been reduced by at least 99.9% or to 0.2 parts per million:

(A) At least 30 days prior to the scheduled emissions test date, the owner or operator of the ethylene oxide sterilization source shall submit a notification of the scheduled emissions test date and a copy of the proposed emissions test protocol to the Agency for review and written approval. Emissions test protocols submitted to the Agency shall address the manner in which testing will be conducted, including, but not limited to:

(i) the name of the independent third party company that will be performing sampling and analysis and the company’s experience with similar emissions tests;

(ii) the methodologies to be used;

(iii) the conditions under which emissions tests will be performed, including a discussion of why these conditions will be representative of maximum emissions from each of the 3 cycles of operation (chamber evacuation, back vent, and aeration) and the means by which the operating parameters for the emission unit and any control equipment will be determined;

New matter indicated by italics - deletions by strikeout
(iv) the specific determinations of emissions and operations that are intended to be made, including sampling and monitoring locations; and

(v) any changes to the test method or methods proposed to accommodate the specific circumstances of testing, with justification.

(B) The owner or operator of the ethylene oxide sterilization source shall perform emissions testing in accordance with an Agency-approved test protocol and at representative conditions to verify that ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source have been reduced by at least 99.9% or to 0.2 parts per million. The duration of the test must incorporate all 3 cycles of operation for determination of the emission reduction efficiency.

(C) Upon Agency approval of the test protocol, any source that first becomes subject to regulation after the effective date of this amendatory Act of the 101st General Assembly as an ethylene oxide sterilization source under this Section may undertake ethylene oxide sterilization operations in accordance with the Agency-approved test protocol for the sole purpose of demonstrating compliance with this subsection (b).

(D) The owner or operator of the ethylene oxide sterilization source shall submit to the Agency the results of any and all emissions testing conducted after the effective date of this amendatory Act of the 101st General Assembly, until the Agency accepts testing results under subparagraph (E) of paragraph (1) of this subsection (b), for any existing source or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after the effective date of this amendatory Act of the 101st General Assembly as an ethylene oxide sterilization source under this Section. The results documentation shall include at a minimum:

(i) a summary of results;

(ii) a description of test method or methods, including description of sample points, sampling train, analysis equipment, and test schedule;

New matter indicated by italics - deletions by strikeout
(iii) a detailed description of test conditions, including process information and control equipment information; and
(iv) data and calculations, including copies of all raw data sheets, opacity observation records and records of laboratory analyses, sample calculations, and equipment calibration.

(E) Within 30 days of receipt, the Agency shall accept, accept with conditions, or decline to accept a stack testing protocol and the testing results submitted to demonstrate compliance with paragraph (1) of this subsection (b). If the Agency accepts with conditions or declines to accept the results submitted, the owner or operator of the ethylene oxide sterilization source shall submit revised results of the emissions testing or conduct emissions testing again. If the owner or operator revises the results, the revised results shall be submitted within 15 days after the owner or operator of the ethylene oxide sterilization source receives written notice of the Agency's conditional acceptance or rejection of the emissions testing results. If the owner or operator conducts emissions testing again, such new emissions testing shall conform to the requirements of this subsection (b).

(2) The owner or operator of the ethylene oxide sterilization source shall conduct emissions testing on all exhaust points at the ethylene oxide sterilization source at least once each calendar year to demonstrate compliance with the requirements of this Section and any applicable requirements concerning ethylene oxide that are set forth in either United States Environmental Protection Agency rules or Board rules. Annual emissions tests required under this paragraph (2) shall take place at least 6 months apart. An initial emissions test conducted under paragraph (1) of this subsection (b) satisfies the testing requirement of this paragraph (2) for the calendar year in which the initial emissions test is conducted.

(3) At least 30 days before conducting the annual emissions test required under paragraph (2) of this subsection (b), the owner or operator shall submit a notification of the scheduled emissions test date and a copy of the proposed emissions test protocol to the

New matter indicated by italics - deletions by strikeout
Agency for review and written approval. Emissions test protocols submitted to the Agency under this paragraph (3) must address each item listed in subparagraph (A) of paragraph (1) of this subsection (b). Emissions testing shall be performed in accordance with an Agency-approved test protocol and at representative conditions. In addition, as soon as practicable, but no later than 30 days after the emissions test date, the owner or operator shall submit to the Agency the results of the emissions testing required under paragraph (2) of this subsection (b). Such results must include each item listed in subparagraph (D) of paragraph (1) of this subsection (b).

(4) If the owner or operator of an ethylene oxide sterilization source conducts any emissions testing in addition to tests required by this amendatory Act of the 101st General Assembly, the owner or operator shall submit to the Agency the results of such emissions testing within 30 days after the emissions test date.

(5) The Agency shall accept, accept with conditions, or decline to accept testing results submitted to demonstrate compliance with paragraph (2) of this subsection (b). If the Agency accepts with conditions or declines to accept the results submitted, the owner or operator of the ethylene oxide sterilization source shall submit revised results of the emissions testing or conduct emissions testing again. If the owner or operator revises the results, the revised results shall be submitted within 15 days after the owner or operator of the ethylene oxide sterilization source receives written notice of the Agency's conditional acceptance or rejection of the emissions testing results. If the owner or operator conducts emissions testing again, such new emissions testing shall conform to the requirements of this subsection (b).

(c) If any emissions test conducted more than 180 days after the effective date of this amendatory Act of the 101st General Assembly fails to demonstrate that ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source have been reduced by at least 99.9% or to 0.2 parts per million, the owner or operator of the ethylene oxide sterilization source shall immediately cease ethylene oxide sterilization operations and notify the Agency within 24 hours of becoming aware of the failed emissions test. Within 60 days after the date of the test, the owner or operator of the ethylene oxide sterilization source shall:

New matter indicated by italics - deletions by strikeout
(1) complete an analysis to determine the root cause of the failed emissions test;
(2) take any actions necessary to address that root cause;
(3) submit a report to the Agency describing the findings of the root cause analysis, any work undertaken to address findings of the root cause analysis, and identifying any feasible best management practices to enhance capture and further reduce ethylene oxide levels within the ethylene oxide sterilization source, including a schedule for implementing such practices; and
(4) upon approval by the Agency of the report required by paragraph (3) of this subsection, restart ethylene oxide sterilization operations only to the extent necessary to conduct additional emissions test or tests. The ethylene oxide sterilization source shall conduct such emissions test or tests under the same requirements as the annual test described in paragraphs (2) and (3) of subsection (b). The ethylene oxide sterilization source may restart operations once an emissions test successfully demonstrates that ethylene oxide emissions to the atmosphere from each exhaust point at the ethylene oxide sterilization source have been reduced by at least 99.9% or to 0.2 parts per million, the source has submitted the results of all emissions testing conducted under this subsection to the Agency, and the Agency has approved the results demonstrating compliance.
(d) Beginning 180 days after the effective date of this amendatory Act of the 101st General Assembly for any existing source or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after the effective date of this amendatory Act of the 101st General Assembly as an ethylene oxide sterilization source under this Section, no person shall conduct ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source submits for review and approval by the Agency a plan describing how the owner or operator will continuously collect emissions information at the ethylene oxide sterilization source. This plan must also specify locations at the ethylene oxide sterilization source from which emissions will be collected and identify equipment used for collection and analysis, including the individual system components.

(1) The owner or operator of the ethylene oxide sterilization source must provide a notice of acceptance of any conditions added by the Agency to the plan, or correct any

New matter indicated by italics - deletions by strikeout
deficiencies identified by the Agency in the plan, within 3 business
days after receiving the Agency's conditional acceptance or denial
of the plan.

(2) Upon the Agency's approval of the plan, the owner or
operator of the ethylene oxide sterilization source shall implement
the plan in accordance with its approved terms.

(e) Beginning 180 days after the effective date of this amendatory
Act of the 101st General Assembly for any existing source or prior to any
ethylene oxide sterilization operation for any source that first becomes
subject to regulation after the effective date of this amendatory Act of the
101st General Assembly as an ethylene oxide sterilization source under
this Section, no person shall conduct ethylene oxide sterilization
operations unless the owner or operator of the ethylene oxide sterilization
source submits for review and approval by the Agency an Ambient Air
Monitoring Plan.

(1) The Ambient Air Monitoring Plan shall include, at a
minimum, the following:

(A) Detailed plans to collect and analyze air
samples for ethylene oxide on at least a quarterly basis
near the property boundaries of the ethylene oxide
sterilization source and at community locations with the
highest modeled impact pursuant to the modeling
conducted under subsection (f). Each quarterly sampling
under this subsection shall be conducted over a multiple-
day sampling period.

(B) A schedule for implementation.

(C) The name of the independent third party
company that will be performing sampling and analysis
and the company's experience with similar testing.

(2) The owner or operator of the ethylene oxide
sterilization source must provide a notice of acceptance of any
conditions added by the Agency to the Ambient Air Monitoring
Plan, or correct any deficiencies identified by the Agency in the
Ambient Air Monitoring Plan, within 3 business days after
receiving the Agency's conditional acceptance or denial of the
plan.

(3) Upon the Agency's approval of the plan, the owner or
operator of the ethylene oxide sterilization source shall implement

New matter indicated by italics - deletions by strikeout
the Ambient Air Monitoring Plan in accordance with its approved terms.

(f) Beginning 180 days after the effective date of this amendatory Act of the 101st General Assembly for any existing source or prior to any ethylene oxide sterilization operation for any source that first becomes subject to regulation after the effective date of this amendatory Act of the 101st General Assembly as an ethylene oxide sterilization source under this Section, no person shall conduct ethylene oxide sterilization operations unless the owner or operator of the ethylene oxide sterilization source has performed dispersion modeling and the Agency approves such modeling.

(1) Dispersion modeling must:

   (A) be conducted using accepted United States Environmental Protection Agency methodologies, including 40 CFR Part 51, Appendix W, except that no background ambient levels of ethylene oxide shall be used;

   (B) use emissions and stack parameter data from the emissions test conducted in accordance with paragraph (1) of subsection (b), and use 5 years of hourly meteorological data that is representative of the source's location; and

   (C) use a receptor grid that extends to at least one kilometer around the source and ensure the modeling domain includes the area of maximum impact, with receptor spacing no greater than every 50 meters starting from the building walls of the source extending out to a distance of at least one-half kilometer, then every 100 meters extending out to a distance of at least one kilometer.

(2) The owner or operator of the ethylene oxide sterilization source shall submit revised results of all modeling if the Agency accepts with conditions or declines to accept the results submitted.

(g) A facility permitted to emit ethylene oxide that has been subject to a seal order under Section 34 of this Act is prohibited from using ethylene oxide for sterilization or fumigation purposes, unless (i) the facility can provide a certification to the Agency by the supplier of a product to be sterilized or fumigated that ethylene oxide sterilization or fumigation is the only available method to completely sterilize or fumigate the product and (ii) the Agency has certified that the facility's emission control system uses
technology that produces the greatest reduction in ethylene oxide emissions currently available. The certification shall be made by a company representative with knowledge of the sterilization requirements of the product. The certification requirements of this Section shall apply to any group of products packaged together and sterilized as a single product if sterilization or fumigation is the only available method to completely sterilize or fumigate more than half of the individual products contained in the package.

A facility is not subject to the requirements of this subsection if the supporting findings of the seal order under Section 34 are found to be without merit by a court of competent jurisdiction.

(h) If an entity, or any parent or subsidiary of an entity, that owns or operates a facility permitted by the Agency to emit ethylene oxide acquires by purchase, license, or any other method of acquisition any intellectual property right in a sterilization technology that does not involve the use of ethylene oxide, or by purchase, merger, or any other method of acquisition of any entity that holds an intellectual property right in a sterilization technology that does not involve the use of ethylene oxide, that entity, parent, or subsidiary shall notify the Agency of the acquisition within 30 days of acquiring it. If that entity, parent, or subsidiary has not used the sterilization technology within 3 years of its acquisition, the entity shall notify the Agency within 30 days of the 3-year period elapsing.

An entity, or any parent or subsidiary of an entity, that owns or operates a facility permitted by the Agency to emit ethylene oxide that has any intellectual property right in any sterilization technology that does not involve the use of ethylene oxide shall notify the Agency of any offers that it makes to license or otherwise allow the technology to be used by third parties within 30 days of making the offer.

An entity, or any parent or subsidiary of an entity, that owns or operates a facility permitted by the Agency to emit ethylene oxide shall provide the Agency with a list of all U.S. patent registrations for sterilization technology that the entity, parent, or subsidiary has any property right in. The list shall include the following:

1. The patent number assigned by the United States Patent and Trademark Office for each patent.

2. The date each patent was filed.

3. The names and addresses of all owners or assignees of each patent.

New matter indicated by italics - deletions by strikeout
(4) The names and addresses of all inventors of each patent.

(i) If a CAAPP permit applicant applies to use ethylene oxide as a sterilant or fumigant at a facility not in existence prior to January 1, 2020, the Agency shall issue a CAAPP permit for emission of ethylene oxide only if:

(1) the nearest school or park is at least 10 miles from the permit applicant in counties with populations greater than 50,000;

(2) the nearest school or park is at least 15 miles from the permit applicant in counties with populations less than or equal to 50,000; and

(3) within 7 days after the application for a CAAPP permit, the permit applicant has published its permit request on its website, published notice in a local newspaper of general circulation, and provided notice to:

(A) the State Representative for the representative district in which the facility is located;

(B) the State Senator for the legislative district in which the facility is located;

(C) the members of the county board for the county in which the facility is located; and

(D) the local municipal board members and executives.

(j) The owner or operator of an ethylene oxide sterilization source must apply for and obtain a construction permit from the Agency for any modifications made to the source to comply with the requirements of this amendatory Act of the 101st General Assembly, including, but not limited to, installation of a permanent total enclosure, modification of airflow to create negative pressure within the source, and addition of one or more control devices. Additionally, the owner or operator of the ethylene oxide sterilization source must apply for and obtain from the Agency a modification of the source's operating permit to incorporate such modifications made to the source. Both the construction permit and operating permit must include a limit on ethylene oxide usage at the source.

(k) Nothing in this Section shall be interpreted to excuse the ethylene oxide sterilization source from complying with any applicable local requirements.

New matter indicated by italics - deletions by strikeout
(l) The owner or operator of an ethylene oxide sterilization source must notify the Agency within 5 days after discovering any deviation from any of the requirements in this Section or deviations from any applicable requirements concerning ethylene oxide that are set forth in this Act, United States Environmental Protection Agency rules, or Board rules. As soon as practicable, but no later than 5 business days, after the Agency receives such notification, the Agency must post a notice on its website and notify the members of the General Assembly from the Legislative and Representative Districts in which the source in question is located, the county board members of the county in which the source in question is located, the corporate authorities of the municipality in which the source in question is located, and the Illinois Department of Public Health.

(m) The Agency must conduct at least one unannounced inspection of all ethylene oxide sterilization sources subject to this Section per year. Nothing in this Section shall limit the Agency's authority under other provisions of this Act to conduct inspections of ethylene oxide sterilization sources.

(n) The Agency shall conduct air testing to determine the ambient levels of ethylene oxide throughout the State. The Agency shall, within 180 days after the effective date of this amendatory Act of the 101st General Assembly, submit rules for ambient air testing of ethylene oxide to the Board.

Section 99. Effective date. This Act takes effect upon becoming law.

ARTICLE 7.

SOCIAL EQUITY IN THE CANNABIS INDUSTRY

Section 7-1. Findings.

(a) The General Assembly finds that the medical cannabis industry, established in 2014 through the Compassionate Use of Medical Cannabis Pilot Program Act, has shown that additional efforts are needed to reduce barriers to ownership. Through that program, 55 licenses for dispensing

New matter indicated by italics - deletions by strikeout
organizations and 20 licenses for cultivation centers have been issued. Those licenses are held by only a small number of businesses, the ownership of which does not sufficiently meet the General Assembly's interest in business ownership that reflects the population of the State of Illinois and that demonstrates the need to reduce barriers to entry for individuals and communities most adversely impacted by the enforcement of cannabis-related laws.

(b) In the interest of establishing a legal cannabis industry that is equitable and accessible to those most adversely impacted by the enforcement of drug-related laws in this State, including cannabis-related laws, the General Assembly finds and declares that a social equity program should be established.

(c) The General Assembly also finds and declares that individuals who have been arrested or incarcerated due to drug laws suffer long-lasting negative consequences, including impacts to employment, business ownership, housing, health, and long-term financial well-being.

(d) The General Assembly also finds and declares that family members, especially children, and communities of those who have been arrested or incarcerated due to drug laws, suffer from emotional, psychological, and financial harms as a result of such arrests or incarcerations.

(e) Furthermore, the General Assembly finds and declares that certain communities have disproportionately suffered the harms of enforcement of cannabis-related laws. Those communities face greater difficulties accessing traditional banking systems and capital for establishing businesses.

(f) The General Assembly also finds that individuals who have resided in areas of high poverty suffer negative consequences, including barriers to entry in employment, business ownership, housing, health, and long-term financial well-being.

(g) The General Assembly also finds and declares that promotion of business ownership by individuals who have resided in areas of high poverty and high enforcement of cannabis-related laws furthers an equitable cannabis industry.

(h) Therefore, in the interest of remedying the harms resulting from the disproportionate enforcement of cannabis-related laws, the General Assembly finds and declares that a social equity program should offer, among other things, financial assistance and license application benefits to individuals most directly and adversely impacted by the enforcement of cannabis-related laws.
cannabis-related laws who are interested in starting cannabis business establishments.

(1) to provide low-interest rate loans to Social Equity Applicants to pay for ordinary and necessary expenses to start and operate a cannabis business establishment permitted by this Act;

(2) to provide grants to Qualified Social Equity Applicants to pay for ordinary and necessary expenses to start and operate a cannabis business establishment permitted by this Act;

(3) to compensate the Department of Commerce and Economic Opportunity for any costs related to the provision of low-interest loans and grants to Qualified Social Equity Applicants;

(4) to pay for outreach that may be provided or targeted to attract and support Social Equity Applicants;

(c) As soon as practical after July 1, 2019, the Comptroller shall order and the Treasurer shall transfer $12,000,000 from the Compassionate Use of Medical Cannabis Fund to the Cannabis Business Development Fund.

license, a registration certificate issued under the Military Selective Service Act, or an identification card issued to a member of the Armed Forces. Proof that the licensee or his or her employee or agent was shown and reasonably relied upon such written evidence in any transaction forbidden by this Section is an affirmative defense in any criminal prosecution therefor or to any proceedings for the suspension or revocation of any license based thereon.

(b) A purchaser 21 years of age or older is not subject to arrest, prosecution, denial of any right or privilege, or other punishment, including, but not limited to, any civil penalty or disciplinary action taken by an occupational or professional licensing board, based solely for (i) selling cannabis paraphernalia if employed and licensed as a dispensing agent by a dispensing organization or (ii) being in the presence or vicinity of the use of cannabis as allowed under this Act.

(c) Mere possession of, or application for, an agent identification card or license does not constitute probable cause or reasonable suspicion to believe that a crime has been committed, nor shall it be used as the sole basis to support the search of the person, property, or home of the person possessing or applying for the agent identification card. The possession of, or application for, an agent identification card does not preclude the existence of probable cause if probable cause exists based on other grounds.

(d) No person employed by the State of Illinois shall be subject to criminal or civil penalties for taking any action in good faith in reliance on this Act when acting within the scope of his or her employment. Representation and indemnification shall be provided to State employees as set forth in Section 2 of the State Employee Indemnification Act.

This subsection applies only to conduct protected under this Act.

(b) No landlord may be penalized or denied any benefit under State law for leasing to a person who uses cannabis under this Act.

(b) The legal voters of any precinct within a municipality with a population of over 500,000 may petition their local alderman, using a petition form made available online by the city clerk, to introduce an ordinance establishing the precinct as a restricted zone. Such petition shall specify whether it seeks an ordinance to prohibit, within the precinct: (i) home cultivation; (ii) one or more types of cannabis business establishments; or (iii) home cultivation and one or more types of cannabis business establishments.

Section 60-10. Tax imposed.

(a) Beginning September 1, 2019, a tax is imposed upon the privilege of cultivating cannabis at the rate of 7% of the gross receipts from the first sale of cannabis by a cultivator. The sale of any product that contains any amount of cannabis or any derivative thereof is subject to the tax under this Section on the full selling price of the product. The Department may determine the selling price of the cannabis when the seller and purchaser are affiliated persons, when the sale and purchase of cannabis is not an arm's length transaction, or when cannabis is transferred

New matter indicated by italics - deletions by strikeout
by a craft grower to the craft grower's dispensing organization or infuser or processing organization and a value is not established for the cannabis. The value determined by the Department shall be commensurate with the actual price received for products of like quality, character, and use in the area. If there are no sales of cannabis of like quality, character, and use in the same area, then the Department shall establish a reasonable value based on sales of products of like quality, character, and use in other areas of the State, taking into consideration any other relevant factors.

(b) The Cannabis Cultivation Privilege Tax imposed under this Article is solely the responsibility of the cultivator who makes the first sale and is not the responsibility of a subsequent purchaser, a dispensing organization, or an infuser. Persons subject to the tax imposed under this Article may, however, reimburse themselves for their tax liability hereunder by separately stating reimbursement for their tax liability as an additional charge.

(c) The tax imposed under this Article shall be in addition to all other occupation, privilege, or excise taxes imposed by the State of Illinois or by any unit of local government.

Section 60-15. Registration of cultivators. Every cultivator and craft grower subject to the tax under this Article shall apply to the Department of Revenue for a certificate of registration under this Article. All applications for registration under this Article shall be made by electronic means in the form and manner required by the Department. For that purpose, the provisions of Section 2a of the Retailers' Occupation Tax Act are incorporated into this Article to the extent not inconsistent with this Article. In addition, no certificate of registration shall be issued under this Article unless the applicant is licensed under this Act.

Section 60-20. Return and payment of cannabis cultivation privilege tax. Each person who is required to pay the tax imposed by this Article shall make a return to the Department on or before the 20th day of each month for the preceding calendar month stating the following:

1. the taxpayer's name;

3. the total amount of receipts received by the taxpayer during the preceding calendar month from sales of cannabis subject

New matter indicated by italics - deletions by strikeout
to tax under this Article by the taxpayer during the preceding calendar month;

(4) the total amount received by the taxpayer during the preceding calendar month on charge and time sales of cannabis subject to tax imposed under this Article by the taxpayer before the month for which the return is filed;

(5) deductions allowed by law;

(6) gross receipts that were received by the taxpayer during the preceding calendar month and upon the basis of which the tax is imposed;

(7) the amount of tax due;

(8) the signature of the taxpayer; and

(9) any other information as the Department may reasonably require.

All returns required to be filed and payments required to be made under this Article shall be by electronic means. Taxpayers who demonstrate hardship in paying electronically may petition the Department to waive the electronic payment requirement. The Department may require a separate return for the tax under this Article or combine the return for the tax under this Article with the return for the tax under the Compassionate Use of Medical Cannabis Pilot Program Act. If the return for the tax under this Article is combined with the return for tax under the Compassionate Use of Medical Cannabis Pilot Program Act, then the vendor's discount allowed under this Section and any cap on that discount shall apply to the combined return. The taxpayer making the return provided for in this Section shall also pay to the Department, in accordance with this Section, the amount of tax imposed by this Article, less a discount of 1.75%, but not to exceed $1,000 per return period, which is allowed to reimburse the taxpayer for the expenses incurred in keeping records, collecting tax, preparing and filing returns, remitting the tax, and supplying data to the Department upon request. No discount may be claimed by a taxpayer on returns not timely filed and for taxes not timely remitted. No discount may be claimed by a taxpayer for any return that is not filed electronically. No discount may be claimed by a taxpayer for any payment that is not made electronically, unless a waiver has been granted under this Section. Any amount that is required to be shown or reported on any return or other document under this Article shall, if the amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount if the fractional part of a dollar is $0.50 or more and decreased to the nearest whole-dollar amount if the fractional part of a dollar is $0.49 or less.
amount if the fractional part of a dollar is less than $0.50. If a total amount of less than $1 is payable, refundable, or creditable, the amount shall be disregarded if it is less than $0.50 and shall be increased to $1 if it is $0.50 or more. Notwithstanding any other provision of this Article concerning the time within which a taxpayer may file a return, any such taxpayer who ceases to engage in the kind of business that makes the person responsible for filing returns under this Article shall file a final return under this Article with the Department within one month after discontinuing such business.

Each taxpayer under this Article shall make estimated payments to the Department on or before the 7th, 15th, 22nd, and last day of the month during which tax liability to the Department is incurred. The payments shall be in an amount not less than the lower of either 22.5% of the taxpayer's actual tax liability for the month or 25% of the taxpayer's actual tax liability for the same calendar month of the preceding year. The amount of the quarter-monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of the quarter-monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Article, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by the credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, in accordance with reasonable rules to be prescribed by the Department. If no such request is made, the taxpayer may credit the excess payment against tax liability subsequently to be remitted to the Department under this Act, in accordance with reasonable rules prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's discount shall be reduced, if necessary, to reflect the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on the difference.

New matter indicated by italics - deletions by strikeout
If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department is received by the taxpayer, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Section 60-25. Infuser information returns. If it is deemed necessary for the administration of this Article, the Department may adopt rules that require infusers to file information returns regarding the sale of cannabis by infusers to dispensaries. The Department may require infusers to file all information returns by electronic means.

Section 60-30. Deposit of proceeds. All moneys received by the Department under this Article shall be deposited into the Cannabis Regulation Fund.

Section 60-35. Department administration and enforcement. The Department shall have full power to administer and enforce this Article, to collect all taxes, penalties, and interest due hereunder, to dispose of taxes, penalties and interest so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of, and compliance with, this Article, the Department and persons who are subject to this Article shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 2-40, 2a, 2b, 2i, 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and all of the provisions of the Uniform Penalty and Interest Act, which are not inconsistent with this Article, as fully as if those provisions were set forth herein. For purposes of this Section, references in the Retailers' Occupation Tax Act to a "sale of tangible personal property at retail" mean the "sale of cannabis by a cultivator".

Section 60-40. Invoices. Every sales invoice for cannabis issued by a cultivator to a cannabis business establishment shall contain the cultivator's certificate of registration number assigned under this Article, date, invoice number, purchaser's name and address, selling price, amount of cannabis, concentrate, or cannabis-infused product, and any other reasonable information as the Department may provide by rule is necessary for the administration of this Article. Cultivators shall retain the invoices for inspection by the Department.

Section 60-45. Rules. The Department may adopt rules related to the enforcement of this Article.

Section 65-10. Tax imposed.
(a) Beginning January 1, 2020, a tax is imposed upon purchasers for the privilege of using cannabis at the following rates:
(1) Any cannabis, other than a cannabis-infused product, with an adjusted delta-9-tetrahydrocannabinol level at or below 35% shall be taxed at a rate of 10% of the purchase price;
(2) Any cannabis, other than a cannabis-infused product, with an adjusted delta-9-tetrahydrocannabinol level above 35% shall be taxed at a rate of 25% of the purchase price; and
(3) A cannabis-infused product shall be taxed at a rate of 20% of the purchase price.
(b) The purchase of any product that contains any amount of cannabis or any derivative thereof is subject to the tax under subsection (a) of this Section on the full purchase price of the product.
(c) The tax imposed under this Section is not imposed on cannabis that is subject to tax under the Compassionate Use of Medical Cannabis Pilot Program Act. The tax imposed by this Section is not imposed with respect to any transaction in interstate commerce, to the extent the transaction may not, under the Constitution and statutes of the United States, be made the subject of taxation by this State.
(d) The tax imposed under this Article shall be in addition to all other occupation, privilege, or excise taxes imposed by the State of Illinois or by any municipal corporation or political subdivision thereof.
(e) The tax imposed under this Article shall not be imposed on any purchase by a purchaser if the cannabis retailer is prohibited by federal or
State Constitution, treaty, convention, statute, or court decision from collecting the tax from the purchaser.

Section 65-11. Bundling of taxable and nontaxable items; prohibition; taxation. If a cannabis retailer sells cannabis, concentrate, or cannabis-infused products in combination or bundled with items that are not subject to tax under this Act for one price in violation of the prohibition on this activity under Section 15-70, then the tax under this Act is imposed on the purchase price of the entire bundled product.

(a) The tax imposed by this Article shall be collected from the purchaser by the cannabis retailer at the rate stated in Section 65-10 with respect to cannabis sold by the cannabis retailer to the purchaser, and shall be remitted to the Department as provided in Section 65-30. All sales to a purchaser who is not a cardholder under the Compassionate Use of Medical Cannabis Pilot Program Act are presumed subject to tax collection. Cannabis retailers shall collect the tax from purchasers by adding the tax to the amount of the purchase price received from the purchaser for selling cannabis to the purchaser. The tax imposed by this Article shall, when collected, be stated as a distinct item separate and apart from the purchase price of the cannabis.

(b) If a cannabis retailer collects Cannabis Purchaser Excise Tax measured by a purchase price that is not subject to Cannabis Purchaser Excise Tax, or if a cannabis retailer, in collecting Cannabis Purchaser Excise Tax measured by a purchase price that is subject to tax under this Act, collects more from the purchaser than the required amount of the Cannabis Purchaser Excise Tax on the transaction, the purchaser shall have a legal right to claim a refund of that amount from the cannabis retailer. If, however, that amount is not refunded to the purchaser for any reason, the cannabis retailer is liable to pay that amount to the Department.

(c) Any person purchasing cannabis subject to tax under this Article as to which there has been no charge made to him or her of the tax imposed by Section 65-10 shall make payment of the tax imposed by Section 65-10 in the form and manner provided by the Department not later than the 20th day of the month following the month of purchase of the cannabis.

Section 65-20. Registration of cannabis retailers. Every cannabis retailer required to collect the tax under this Article shall apply to the Department for a certificate of registration under this Article. All applications for registration under this Article shall be made by electronic

means in the form and manner required by the Department. For that purpose, the provisions of Section 2a of the Retailers' Occupation Tax Act are incorporated into this Article to the extent not inconsistent with this Article. In addition, no certificate of registration shall be issued under this Article unless the applicant is licensed under this Act.

Section 65-25. Tax collected as debt owed to State. Any cannabis retailer required to collect the tax imposed by this Article shall be liable to the Department for the tax, whether or not the tax has been collected by the cannabis retailer, and any such tax shall constitute a debt owed by the cannabis retailer to this State. To the extent that a cannabis retailer required to collect the tax imposed by this Act has actually collected that tax, the tax is held in trust for the benefit of the Department.

Section 65-30. Return and payment of tax by cannabis retailer. Each cannabis retailer that is required or authorized to collect the tax imposed by this Article shall make a return to the Department, by electronic means, on or before the 20th day of each month for the preceding calendar month stating the following:

(1) the cannabis retailer's name;
(2) the address of the cannabis retailer's principal place of business and the address of the principal place of business (if that is a different address) from which the cannabis retailer engaged in the business of selling cannabis subject to tax under this Article;
(3) the total purchase price received by the cannabis retailer for cannabis subject to tax under this Article;
(4) the amount of tax due at each rate;
(5) the signature of the cannabis retailer; and
(6) any other information as the Department may reasonably require.

All returns required to be filed and payments required to be made under this Article shall be by electronic means. Cannabis retailers who demonstrate hardship in paying electronically may petition the Department to waive the electronic payment requirement.

Any amount that is required to be shown or reported on any return or other document under this Article shall, if the amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount if the fractional part of a dollar is $0.50 or more and decreased to the nearest whole-dollar amount if the fractional part of a dollar is less than $0.50. If a total amount of less than $1 is payable, refundable, or creditable, the
amount shall be disregarded if it is less than $0.50 and shall be increased to $1 if it is $0.50 or more.

The cannabis retailer making the return provided for in this Section shall also pay to the Department, in accordance with this Section, the amount of tax imposed by this Article, less a discount of 1.75%, but not to exceed $1,000 per return period, which is allowed to reimburse the cannabis retailer for the expenses incurred in keeping records, collecting tax, preparing and filing returns, remitting the tax, and supplying data to the Department upon request. No discount may be claimed by a cannabis retailer on returns not timely filed and for taxes not timely remitted. No discount may be claimed by a taxpayer for any return that is not filed electronically. No discount may be claimed by a taxpayer for any payment that is not made electronically, unless a waiver has been granted under this Section.

Notwithstanding any other provision of this Article concerning the time within which a cannabis retailer may file a return, any such cannabis retailer who ceases to engage in the kind of business that makes the person responsible for filing returns under this Article shall file a final return under this Article with the Department within one month after discontinuing the business.

Each cannabis retailer shall make estimated payments to the Department on or before the 7th, 15th, 22nd, and last day of the month during which tax liability to the Department is incurred. The payments shall be in an amount not less than the lower of either 22.5% of the cannabis retailer's actual tax liability for the month or 25% of the cannabis retailer's actual tax liability for the same calendar month of the preceding year. The amount of the quarter-monthly payments shall be credited against the final tax liability of the cannabis retailer's return for that month. If any such quarter-monthly payment is not paid at the time or in the amount required by this Section, then the cannabis retailer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of the quarter-monthly payment actually and timely paid, except insofar as the cannabis retailer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Article, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The

New matter indicated by italics - deletions by strikeout
credit evidenced by the credit memorandum may be assigned by the
taxpayer to a similar taxpayer under this Article, in accordance with
reasonable rules to be prescribed by the Department. If no such request is
made, the taxpayer may credit the excess payment against tax liability
subsequently to be remitted to the Department under this Article, in
accordance with reasonable rules prescribed by the Department. If the
Department subsequently determines that all or any part of the credit taken
was not actually due to the taxpayer, the taxpayer's discount shall be
reduced, if necessary, to reflect the difference between the credit taken and
that actually due, and that taxpayer shall be liable for penalties and interest
on the difference. If a cannabis retailer fails to sign a return within 30 days
after the proper notice and demand for signature by the Department is
received by the cannabis retailer, the return shall be considered valid and
any amount shown to be due on the return shall be deemed assessed.

Section 65-35. Deposit of proceeds. All moneys received by the
Department under this Article shall be paid into the Cannabis Regulation
Fund.

Section 65-36. Recordkeeping; books and records.
(a) Every retailer of cannabis, whether or not the retailer has
obtained a certificate of registration under Section 65-20, shall keep
complete and accurate records of cannabis held, purchased, sold, or
otherwise disposed of, and shall preserve and keep all invoices, bills of
lading, sales records, and copies of bills of sale, returns, and other
pertinent papers and documents relating to the purchase, sale, or
disposition of cannabis. Such records need not be maintained on the
licensed premises but must be maintained in the State of Illinois. However,
all original invoices or copies thereof covering purchases of cannabis must
be retained on the licensed premises for a period of 90 days after such
purchase, unless the Department has granted a waiver in response to a
written request in cases where records are kept at a central business
location within the State of Illinois. The Department shall adopt rules
regarding the eligibility for a waiver, revocation of a waiver, and
requirements and standards for maintenance and accessibility of records
located at a central location under a waiver provided under this Section.
(b) Books, records, papers, and documents that are required by this
Article to be kept shall, at all times during the usual business hours of the

Section 65-42. Seizure and forfeiture. After seizing any cannabis as provided in Section 65-41, the Department must hold a hearing and determine whether the retailer was properly registered to sell the cannabis at the time of its seizure by the Department. The Department shall give not less than 20 days' notice of the time and place of the hearing to the owner of the cannabis, if the owner is known, and also to the person in whose possession the cannabis was found, if that person is known and if the person in possession is not the owner of the cannabis. The court must then issue process against the owner of the property if the owner is known; otherwise, process must be issued against the person in whose possession the property is found, if that person is known. In case of inability to serve process upon the owner or the person in possession of the property at the time of its seizure, notice of the proceedings before the court must be given in the same manner as required by the law governing cases of attachment. Upon the return of the process duly served or upon the posting or publishing of notice made, as appropriate, the court or jury, if a jury is demanded, shall proceed to determine whether the property so seized was held or possessed in violation of this Article or a rule of the Department for the administration and enforcement of this Article. In addition, the court may tax and assess the costs of the proceedings.

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by 730 ILCS 5/5-1-3) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(G-5) "Minor Cannabis Offense" means a violation of Section 4 or 5 of the Cannabis Control Act concerning not more than 30 grams of any substance containing cannabis, provided the violation did not include a penalty enhancement under Section 7 of the Cannabis Control Act and is not associated with an arrest, conviction or other disposition for a violent crime as defined in subsection (c) of Section 3 of the Rights of Crime Victims and Witnesses Act.

Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act. For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Substance Use Disorder Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section. A sentence is terminated notwithstanding any outstanding financial legal obligation.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(2.5) Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the law enforcement agency issuing the citation shall automatically expunge, on or before January 1 and July 1 of each year, the law enforcement records of a person found to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the law enforcement agency's possession or control and which contains the final satisfactory disposition which pertain to the person issued a
citation for that offense. The law enforcement agency shall provide by rule the process for access, review, and to confirm the automatic expungement by the law enforcement agency issuing the citation. Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the clerk of the circuit court shall expunge, upon order of the court, or in the absence of a court order on or before January 1 and July 1 of each year, the court records of a person found in the circuit court to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the clerk's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for any of those offenses.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, unless the arrest or charge is for a misdemeanor violation of subsection (a) of Section 11-503 or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision or a conviction for the following offenses:

(iv) Class A misdemeanors or felony offenses under the Humane Care for Animals Act; or

(v) any offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act.

(b) Expungement.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.
(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court that finds the petitioner factually innocent of the charge shall enter an expungement order for the conviction for which the petitioner has been determined to be innocent as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act.

(8) If the petitioner has been granted a certificate of innocence under Section 2-702 of the Code of Civil Procedure, the court that grants the certificate of innocence shall also enter an order expunging the conviction for which the petitioner has been determined to be innocent as provided in subsection (h) of Section 2-702 of the Code of Civil Procedure.

(A) Records identified as eligible under subsection (c)(2)(A) and (c)(2)(B) may be sealed at any time.

(B) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as eligible under subsection (c)(2)(C) may be sealed 2 years after the termination of petitioner's last sentence (as defined in subsection (a)(1)(F)).

Convictions requiring public registration under the Arsonist Registration Act, the Sex Offender Registration Act, or the Murderer and Violent Offender Against Youth Registration Act may

(D) Records identified in subsection (a)(3)(A)(iii) may be sealed after the petitioner has reached the age of 25 years.

(E) Records identified as eligible under subsections (c)(2)(C), (c)(2)(D), (c)(2)(E), or (c)(2)(F) may be sealed upon termination of the petitioner's last sentence if the petitioner earned a high school diploma, associate's degree, career certificate, vocational technical certification, or bachelor's degree, or passed the high school level Test of General Educational Development, during the period of his or her sentence, aftercare release, or mandatory supervised release. This subparagraph shall apply only to a petitioner who has not completed the same educational goal prior to the period of his or her sentence, aftercare release, or mandatory supervised release. If a petition for sealing eligible records filed under this subparagraph is denied by the court, the time periods under subparagraph (B) or (C) shall apply to any subsequent petition for sealing filed by the petitioner.

(4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). The court may, upon conviction for a subsequent felony offense, order the unsealing of prior felony conviction records previously ordered sealed by the court.

(5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests
occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. In a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2019.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(3) Drug test. The petitioner must attach to the petition proof that the petitioner has passed a test taken within 30 days before the filing of the petition showing the absence within his or her body of all illegal substances as defined by the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, and the Cannabis Control Act if he or she is petitioning to:

(A) seal felony records under clause (c)(2)(E);
(B) seal felony records for a violation of the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Cannabis Control Act under clause (c)(2)(F);
(C) seal felony records under subsection (e-5); or

(D) expunge felony records of a qualified probation under clause (b)(1)(iv).

(4) Service of petition. The circuit court clerk shall promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, the arresting agency and the chief legal officer of the unit of local government effecting the arrest.

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(C) Notwithstanding any other provision of law, the court shall not deny a petition for sealing under this Section because the petitioner has not satisfied an outstanding legal financial obligation established, imposed, or originated by a court, law enforcement agency, or a municipal, State, county, or other unit of local government, including, but not limited to, any cost, assessment, fine, or fee. An outstanding legal financial obligation does not include any

court ordered restitution to a victim under Section 5-5-6 of the Unified Code of Corrections, unless the restitution has been converted to a civil judgment. Nothing in this subparagraph (C) waives, rescinds, or abrogates a legal financial obligation or otherwise eliminates or affects the right of the holder of any financial obligation to pursue collection under applicable federal, State, or local law.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;
(B) the reasons for retention of the conviction records by the State;
(C) the petitioner's age, criminal record history, and employment history;
(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and
(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order; and

(B) Upon entry of an order to expunge records pursuant to (b)(2)(B)(i) or (b)(2)(C), or both:

vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(v) in response to an inquiry for these records from anyone not authorized by law to access the records, the court, the Department, or the agency receiving the inquiry shall reply as it does in response to inquiries when no records ever existed.

(C) Upon entry of an order to seal records under subsection (c), the arresting agency, any other agency as ordered by the court, the Department, and the court shall seal the records (as defined in subsection (a)(1)(K)). In response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Department shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Department to expunge or seal records. In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(E) Upon motion, the court may order that a sealed judgment or other court record necessary to demonstrate the amount of any legal financial obligation due and owing be

made available for the limited purpose of collecting any legal financial obligations owed by the petitioner that were established, imposed, or originated in the criminal proceeding for which those records have been sealed. The records made available under this subparagraph (E) shall not be entered into the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act and shall be immediately re-impounded upon the collection of the outstanding financial obligations.

(F) Notwithstanding any other provision of this Section, a circuit court clerk may access a sealed record for the limited purpose of collecting payment for any legal financial obligations that were established, imposed, or originated in the criminal proceedings for which those records have been sealed.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund. If the record brought under an expungement petition was previously sealed under this Section, the fee for the expungement petition for that same record shall be waived.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

(15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

All records sealed by the Department may be disseminated by the Department only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. At the request of the Illinois Department of Corrections, records of the Illinois Department of Employment Security shall be utilized as appropriate to assist in the study. The study shall not disclose any data in a manner that would allow the identification of any particular individual or employing unit. The study shall be made available to the General Assembly no later than September 1, 2010.

(35 ILCS 105/9) (from Ch. 120, par. 439.9)
Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers
that are required to be registered with an agency of this State, each retailer
required or authorized to collect the tax imposed by this Act shall pay to
the Department the amount of such tax (except as otherwise provided) at
the time when he is required to file his return for the period during which
such tax was collected, less a discount of 2.1% prior to January 1, 1990,
and 1.75% on and after January 1, 1990, or $5 per calendar year,
whichever is greater, which is allowed to reimburse the retailer for
expenses incurred in collecting the tax, keeping records, preparing and

request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

New matter indicated by italics - deletions by strikeout
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, retailers subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer

who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of

highest liability and the month of lowest liability in such 4 quarter period.
If the month during which such tax liability is incurred begins on or after
January 1, 1985, and prior to January 1, 1987, each payment shall be in an
amount equal to 22.5% of the taxpayer's actual liability for the month or
27.5% of the taxpayer's liability for the same calendar month of the
preceding year. If the month during which such tax liability is incurred
begins on or after January 1, 1987, and prior to January 1, 1988, each
payment shall be in an amount equal to 22.5% of the taxpayer's actual
liability for the month or 26.25% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax
liability is incurred begins on or after January 1, 1988, and prior to January
1, 1989, or begins on or after January 1, 1996, each payment shall be in an
amount equal to 22.5% of the taxpayer's actual liability for the month or
25% of the taxpayer's liability for the same calendar month of the
preceding year. If the month during which such tax liability is incurred
begins on or after January 1, 1989, and prior to January 1, 1996, each
payment shall be in an amount equal to 22.5% of the taxpayer's actual
liability for the month or 25% of the taxpayer's liability for the same
calendar month of the preceding year or 100% of the taxpayer's actual
liability for the quarter monthly reporting period. The amount of such
quarter monthly payments shall be credited against the final tax liability of
the taxpayer's return for that month. Before October 1, 2000, once
applicable, the requirement of the making of quarter monthly payments to
the Department shall continue until such taxpayer's average monthly
liability to the Department during the preceding 4 complete calendar
quarters (excluding the month of highest liability and the month of lowest
liability) is less than $9,000, or until such taxpayer's average monthly
liability to the Department as computed for each calendar quarter of the 4
preceding complete calendar quarter period is less than $10,000. However,
if a taxpayer can show the Department that a substantial change in the
taxpayer's business has occurred which causes the taxpayer to anticipate
that his average monthly tax liability for the reasonably foreseeable future
will fall below the $10,000 threshold stated above, then such taxpayer may
petition the Department for change in such taxpayer's reporting status. On
and after October 1, 2000, once applicable, the requirement of the making
of quarter monthly payments to the Department shall continue until such
taxpayer's average monthly liability to the Department during the
preceding 4 complete calendar quarters (excluding the month of highest
liability and the month of lowest liability) is less than $19,000 or until

such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any
part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the

transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the

amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

New matter indicated by italics - deletions by strikeout
If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also

under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount

estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act,
such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any

fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1,
2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 900-17. The Service Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed

only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be

considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.
The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the
total tax upon the selling price of tangible personal property purchased for
use by him as an incident to a sale of service, and such serviceman shall
remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the
Department may prescribe and furnish a combination or joint return which
will enable servicemen, who are required to file returns hereunder and also
under the Service Occupation Tax Act, to furnish all the return
information required by both Acts on the one form.

Where the serviceman has more than one business registered with
the Department under separate registration hereunder, such serviceman
shall not file each return that is due as a single return covering all such
registered businesses, but shall file separate returns for each such
registered business.

Beginning January 1, 1990, each month the Department shall pay
into the State and Local Tax Reform Fund, a special fund in the State
Treasury, the net revenue realized for the preceding month from the 1%
tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay
into the State and Local Sales Tax Reform Fund 20% of the net revenue
realized for the preceding month from the 6.25% general rate on transfers
of tangible personal property, other than tangible personal property which
is purchased outside Illinois at retail from a retailer and which is titled or
registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay
into the State and Local Sales Tax Reform Fund 100% of the net revenue
realized for the preceding month from the 1.25% rate on the selling price
of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay
into the Capital Projects Fund an amount that is equal to an amount
estimated by the Department to represent 80% of the net revenue realized
for the preceding month from the sale of candy, grooming and hygiene
products, and soft drinks that had been taxed at a rate of 1% prior to
September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into
the Underground Storage Tank Fund from the proceeds collected under
this Act, the Use Tax Act, the Service Occupation Tax Act, and the
Retailers' Occupation Tax Act an amount equal to the average monthly
deficit in the Underground Storage Tank Fund during the prior year, as

certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate

payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Section 900-18. The Service Occupation Tax Act is amended by changing Section 9 as follows:

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer

who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all

returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this paragraph.

Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar

quarters, he shall file a return with the Department each month by the 20th
day of the month next following the month during which such tax liability
is incurred and shall make payments to the Department on or before the
7th, 15th, 22nd and last day of the month during which such liability is
incurred. On and after October 1, 2000, if the taxpayer's average monthly
tax liability to the Department under this Act, the Use Tax Act, the Service
Occupation Tax Act, and the Service Use Tax Act, excluding any liability
for prepaid sales tax to be remitted in accordance with Section 2d of this
Act, was $20,000 or more during the preceding 4 complete calendar
quarters, he shall file a return with the Department each month by the 20th
day of the month next following the month during which such tax liability
is incurred and shall make payment to the Department on or before the 7th,
15th, 22nd and last day of the month during which such liability is
incurred. If the month during which such tax liability is incurred began
prior to January 1, 1985, each payment shall be in an amount equal to 1/4
of the taxpayer's actual liability for the month or an amount set by the
Department not to exceed 1/4 of the average monthly liability of the
taxpayer to the Department for the preceding 4 complete calendar quarters
(excluding the month of highest liability and the month of lowest liability
in such 4 quarter period). If the month during which such tax liability is
incurred begins on or after January 1, 1985 and prior to January 1, 1987,
each payment shall be in an amount equal to 22.5% of the taxpayer's actual
liability for the month or 27.5% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax
liability is incurred begins on or after January 1, 1987 and prior to January
1, 1988, each payment shall be in an amount equal to 22.5% of the
taxpayer's actual liability for the month or 26.25% of the taxpayer's
liability for the same calendar month of the preceding year. If the month
during which such tax liability is incurred begins on or after January 1,
1988, and prior to January 1, 1989, or begins on or after January 1, 1996,
each payment shall be in an amount equal to 22.5% of the taxpayer's actual
liability for the month or 25% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax
liability is incurred begins on or after January 1, 1989, and prior to January
1, 1996, each payment shall be in an amount equal to 22.5% of the
 taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the
taxpayer's actual liability for the quarter monthly reporting period. The
amount of such quarter monthly payments shall be credited against the

final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the

quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to September 1, 1985 (the effective date of Public Act 84-221), each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the
Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.
Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must

be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Section 900-25. The Counties Code is amended by adding Section
5-1006.8 and changing Section 5-1009 as follows:
(55 ILCS 5/5-1006.8 new)
Sec. 5-1006.8. County Cannabis Retailers' Occupation Tax Law.
(a) This Section may be referred to as the County Cannabis
Retailers' Occupation Tax Law. On and after January 1, 2020, the
Corporate authorities of any county may, by ordinance, impose a tax upon
all persons engaged in the business of selling cannabis, other than
cannabis purchased under the Compassionate Use of Medical Cannabis
Pilot Program Act, at retail in the county on the gross receipts from these
sales made in the course of that business. If imposed, the tax shall be
imposed only in 0.25% increments. The tax rate may not exceed: (i) 3.75%
of the gross receipts of sales made in unincorporated areas of the county
and (ii) 0.75% of the gross receipts of sales made in a municipality
located in a non-home rule county; and (iii) 3% of gross sales receipts
made in a municipality located in a home rule county. The tax imposed
under this Section and all civil penalties that may be assessed as an
incident of the tax shall be collected and enforced by the Department of
Revenue. The Department of Revenue shall have full power to administer
and enforce this Section; to collect all taxes and penalties due hereunder;
to dispose of taxes and penalties so collected in the manner hereinafter
provided; and to determine all rights to credit memoranda arising on

New matter indicated by italics - deletions by strikeout
account of the erroneous payment of tax or penalty under this Section. In
the administration of and compliance with this Section, the Department of
Revenue and persons who are subject to this Section shall have the same
rights, remedies, privileges, immunities, powers and duties, and be subject
to the same conditions, restrictions, limitations, penalties, and definitions
of terms, and employ the same modes of procedure, as are described in
Sections 1, 1a, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to
all provisions therein other than the State rate of tax), 2c, 3 (except as to
the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f,
5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6bb, 6c, 6d, 8, 8, 9, 10, 11, 12, and 13 of the
Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and
Interest Act as fully as if those provisions were set forth in this Section.

(b) Persons subject to any tax imposed under the authority granted
in this Section may reimburse themselves for their seller's tax liability
hereunder by separately stating that tax as an additional charge, which
charge may be stated in combination, in a single amount, with any State
tax that sellers are required to collect.

(c) Whenever the Department of Revenue determines that a refund
should be made under this Section to a claimant instead of issuing a credit
memorandum, the Department of Revenue shall notify the State
Comptroller, who shall cause the order to be drawn for the amount
specified and to the person named in the notification from the Department
of Revenue.

(d) The Department of Revenue shall immediately pay over to the
State Treasurer, ex officio, as trustee, all taxes and penalties collected
hereunder for deposit into the Local Cannabis Consumer Excise Tax Trust
Fund.

(e) On or before the 25th day of each calendar month, the
Department of Revenue shall prepare and certify to the Comptroller the
amount of money to be disbursed from the Local Cannabis Consumer
Excise Tax Trust Fund to counties from which retailers have paid taxes or
penalties under this Section during the second preceding calendar month.
The amount to be paid to each county shall be the amount (not including
credit memoranda) collected under this Section from sales made in the
county during the second preceding calendar month, plus an amount the
Department of Revenue determines is necessary to offset any amounts that
were erroneously paid to a different taxing body, and not including an
amount equal to the amount of refunds made during the second preceding
calendar month by the Department on behalf of such county, and not

New matter indicated by italics - deletions by strikeout
including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

(f) An ordinance or resolution imposing or discontinuing a tax under this Section or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following the adoption and filing.

Sec. 5-1009. Limitation on home rule powers. Except as provided in Sections 5-1006, 5-1006.5, 5-1006.8, 5-1007 and 5-1008, on and after September 1, 1990, no home rule county has the authority to impose, pursuant to its home rule authority, a retailer's occupation tax, service occupation tax, use tax, sales tax or other tax on the use, sale or purchase of tangible personal property based on the gross receipts from such sales or the selling or purchase price of said tangible personal property. Notwithstanding the foregoing, this Section does not preempt any home rule imposed tax such as the following: (1) a tax on alcoholic beverages, whether based on gross receipts, volume sold or any other measurement; (2) a tax based on the number of units of cigarettes or tobacco products; (3) a tax, however measured, based on the use of a hotel or motel room or similar facility; (4) a tax, however measured, on the sale or transfer of real property; (5) a tax, however measured, on lease receipts; (6) a tax on food prepared for immediate consumption and on alcoholic beverages sold by a business which provides for on-premise consumption of said food or alcoholic beverages; or (7) other taxes not based on the selling or purchase price or gross receipts from the use, sale or purchase of tangible personal property. This Section does not preempt a home rule county from

imposing a tax, however measured, on the use, for consideration, of a

Section 900-30. The Illinois Municipal Code is amended by
changing Section 8-11-6a and adding Section 8-11-22 as follows:

(65 ILCS 5/8-11-6a) (from Ch. 24, par. 8-11-6a)

Sec. 8-11-6a. Home rule municipalities; preemption of certain
taxes. Except as provided in Sections 8-11-1, 8-11-5, 8-11-6, 8-11-6b, 8-
11-6c, 8-11-22, and 11-74.3-6 on and after September 1, 1990, no home
rule municipality has the authority to impose, pursuant to its home rule
authority, a retailer's occupation tax, service occupation tax, use tax, sales
tax or other tax on the use, sale or purchase of tangible personal property
based on the gross receipts from such sales or the selling or purchase price

Section does not preempt any home rule imposed tax such as the
following: (1) a tax on alcoholic beverages, whether based on gross
receipts, volume sold or any other measurement; (2) a tax based on the
number of units of cigarettes or tobacco products (provided, however, that
a home rule municipality that has not imposed a tax based on the number
of units of cigarettes or tobacco products before July 1, 1993, shall not
impose such a tax after that date); (3) a tax, however measured, based on
the use of a hotel or motel room or similar facility; (4) a tax, however
measured, on the sale or transfer of real property; (5) a tax, however
measured, on lease receipts; (6) a tax on food prepared for immediate
consumption and on alcoholic beverages sold by a business which
provides for on premise consumption of said food or alcoholic beverages;
or (7) other taxes not based on the selling or purchase price or gross

Section does not preempt a home rule municipality with a population of
more than 2,000,000 from imposing a tax, however measured, on the use,
for consideration, of a parking lot, garage, or other parking facility. This
Section is not intended to affect any existing tax on food and beverages
prepared for immediate consumption on the premises where the sale
occurs, or any existing tax on alcoholic beverages, or any existing tax
imposed on the charge for renting a hotel or motel room, which was in
effect January 15, 1988, or any extension of the effective date of such an
existing tax by ordinance of the municipality imposing the tax, which

Section 900-32. The Illinois Banking Act is amended by changing Section 48 as follows:

(205 ILCS 5/48)

Sec. 48. Secretary's powers; duties. The Secretary shall have the powers and authority, and is charged with the duties and responsibilities designated in this Act, and a State bank shall not be subject to any other visitorial power other than as authorized by this Act, except those vested in the courts, or upon prior consultation with the Secretary, a foreign bank regulator with an appropriate supervisory interest in the parent or affiliate of a state bank. In the performance of the Secretary's duties:

(1) The Commissioner shall call for statements from all State banks as provided in Section 47 at least one time during each calendar quarter.

(2) (a) The Commissioner, as often as the Commissioner shall deem necessary or proper, and no less frequently than 18 months following the preceding examination, shall appoint a suitable person or persons to make an examination of the affairs of every State bank, except that for every eligible State bank, as defined by regulation, the Commissioner in lieu of the examination may accept on an alternating basis the examination made by the eligible State bank's appropriate federal banking agency pursuant to Section 111 of the Federal Deposit Insurance Corporation Improvement Act of 1991, provided the appropriate federal banking agency has made such an examination. A person so appointed shall not be a stockholder or officer or employee of any bank which that person may be directed to examine, and shall have powers to make a thorough examination into all the affairs of the bank and in so doing to examine any of the officers or agents or employees thereof on oath and shall make a full and detailed report of the condition of the bank to the Commissioner. In making the examination the examiners shall include an examination of the affairs of all the affiliates of the bank, as defined in subsection (b) of Section 35.2 of this Act, or subsidiaries of the bank as shall be necessary to disclose fully the conditions of the subsidiaries or affiliates, the relations between the bank and the subsidiaries or affiliates and the effect of those relations upon the affairs of the

bank, and in connection therewith shall have power to examine any of the officers, directors, agents, or employees of the subsidiaries or affiliates on oath. After May 31, 1997, the Commissioner may enter into cooperative agreements with state regulatory authorities of other states to provide for examination of State bank branches in those states, and the Commissioner may accept reports of examinations of State bank branches from those state regulatory authorities. These cooperative agreements may set forth the manner in which the other state regulatory authorities may be compensated for examinations prepared for and submitted to the Commissioner.

(b) After May 31, 1997, the Commissioner is authorized to examine, as often as the Commissioner shall deem necessary or proper, branches of out-of-state banks. The Commissioner may establish and may assess fees to be paid to the Commissioner for examinations under this subsection (b). The fees shall be borne by the out-of-state bank, unless the fees are borne by the state regulatory authority that chartered the out-of-state bank, as determined by a cooperative agreement between the Commissioner and the state regulatory authority that chartered the out-of-state bank.

(2.1) Pursuant to paragraph (a) of subsection (6) of this Section, the Secretary shall adopt rules that ensure consistency and due process in the examination process. The Secretary may also establish guidelines that (i) define the scope of the examination process and (ii) clarify examination items to be resolved. The rules, formal guidance, interpretive letters, or opinions furnished to State banks by the Secretary may be relied upon by the State banks.

(2.5) Whenever any State bank, any subsidiary or affiliate of a State bank, or after May 31, 1997, any branch of an out-of-state bank causes to be performed, by contract or otherwise, any bank services for itself, whether on or off its premises:

(a) that performance shall be subject to examination by the Commissioner to the same extent as if services were being performed by the bank or, after May 31, 1997, branch of the out-of-state bank itself on its own premises; and

(b) the bank or, after May 31, 1997, branch of the out-of-state bank shall notify the Commissioner of the existence of a service relationship. The notification shall be submitted with the first statement of condition (as required
by Section 47 of this Act) due after the making of the service contract or the performance of the service, whichever occurs first. The Commissioner shall be notified of each subsequent contract in the same manner.

For purposes of this subsection (2.5), the term "bank services" means services such as sorting and posting of checks and deposits, computation and posting of interest and other credits and charges, preparation and mailing of checks, statements, notices, and similar items, or any other clerical, bookkeeping, accounting, statistical, or similar functions performed for a State bank, including but not limited to electronic data processing related to those bank services.

(3) The expense of administering this Act, including the expense of the examinations of State banks as provided in this Act, shall to the extent of the amounts resulting from the fees provided for in paragraphs (a), (a-2), and (b) of this subsection (3) be assessed against and borne by the State banks:

(a) Each bank shall pay to the Secretary a Call Report Fee which shall be paid in quarterly installments equal to one-fourth of the sum of the annual fixed fee of $800, plus a variable fee based on the assets shown on the quarterly statement of condition delivered to the Secretary in accordance with Section 47 for the preceding quarter according to the following schedule: 16¢ per $1,000 of the first $5,000,000 of total assets, 15¢ per $1,000 of the next $20,000,000 of total assets, 13¢ per $1,000 of the next $75,000,000 of total assets, 9¢ per $1,000 of the next $400,000,000 of total assets, 7¢ per $1,000 of the next $500,000,000 of total assets, and 5¢ per $1,000 of all assets in excess of $1,000,000,000, of the State bank. The Call Report Fee shall be calculated by the Secretary and billed to the banks for remittance at the time of the quarterly statements of condition provided for in Section 47. The Secretary may require payment of the fees provided in this Section by an electronic transfer of funds or an automatic debit of an account of each of the State banks. In case more than one examination of any bank is deemed by the Secretary to be necessary in any examination frequency cycle specified in subsection 2(a) of this Section, and is

performed at his direction, the Secretary may assess a reasonable additional fee to recover the cost of the additional examination. In lieu of the method and amounts set forth in this paragraph (a) for the calculation of the Call Report Fee, the Secretary may specify by rule that the Call Report Fees provided by this Section may be assessed semiannually or some other period and may provide in the rule the formula to be used for calculating and assessing the periodic Call Report Fees to be paid by State banks.

(a-1) If in the opinion of the Commissioner an emergency exists or appears likely, the Commissioner may assign an examiner or examiners to monitor the affairs of a State bank with whatever frequency he deems appropriate, including but not limited to a daily basis. The reasonable and necessary expenses of the Commissioner during the period of the monitoring shall be borne by the subject bank. The Commissioner shall furnish the State bank a statement of time and expenses if requested to do so within 30 days of the conclusion of the monitoring period.

(a-2) On and after January 1, 1990, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) shall be borne by the banks for which the services are provided. An amount, based upon a fee structure prescribed by the Commissioner, shall be paid by the banks or, after May 31, 1997, branches of out-of-state banks receiving the electronic data processing services along with the Call Report Fee assessed under paragraph (a) of this subsection (3).

(a-3) After May 31, 1997, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) at or on behalf of branches of out-of-state banks shall be borne by the out-of-state banks, unless those expenses are borne by the state regulatory authorities that chartered the out-of-state banks, as determined by cooperative agreements between the Commissioner and the state regulatory authorities that chartered the out-of-state banks.

(b) "Fiscal year" for purposes of this Section 48 is defined as a period beginning July 1 of any year and ending June 30 of the next year. The Commissioner shall receive for each fiscal year, commencing with the fiscal year ending June 30, 1987, a contingent fee equal to the lesser of the aggregate of the fees paid by all State banks under paragraph (a) of subsection (3) for that year, or the amount, if any, whereby the aggregate of the administration expenses, as defined in paragraph (c), for that fiscal year exceeds the sum of the aggregate of the fees payable by all State banks for that year under paragraph (a) of subsection (3), plus any amounts transferred into the Bank and Trust Company Fund from the State Pensions Fund for that year, plus all other amounts collected by the Commissioner for that year under any other provision of this Act, plus the aggregate of all fees collected for that year by the Commissioner under the Corporate Fiduciary Act, excluding the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act, and the Foreign Banking Office Act. The aggregate amount of the contingent fee thus arrived at for any fiscal year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations, respectively, in the same proportion that the fee of each under paragraph (a) of subsection (3), respectively, for that year bears to the aggregate for that year of the fees collected under paragraph (a) of subsection (3). The aggregate amount of the contingent fee, and the portion thereof to be assessed upon each State bank and foreign banking corporation, respectively, shall be determined by the Commissioner and shall be paid by each, respectively, within 120 days of the close of the period for which the contingent fee is computed and is payable, and the Commissioner shall give 20 days' advance notice of the amount of the contingent fee payable by the State bank and of the date fixed by the Commissioner for payment of the fee.

(c) The "administration expenses" for any fiscal year shall mean the ordinary and contingent expenses for that year incident to making the examinations provided for by,
and for otherwise administering, this Act, the Corporate Fiduciary Act, excluding the expenses paid from the Corporate Fiduciary Receivership account in the Bank and Trust Company Fund, the Foreign Banking Office Act, the Electronic Fund Transfer Act, and the Illinois Bank Examiners' Education Foundation Act, including all salaries and other compensation paid for personal services rendered for the State by officers or employees of the State, including the Commissioner and the Deputy Commissioners, communication equipment and services, office furnishings, surety bond premiums, and travel expenses of those officers and employees, employees, expenditures or charges for the acquisition, enlargement or improvement of, or for the use of, any office space, building, or structure, or expenditures for the maintenance thereof or for furnishing heat, light, or power with respect thereto, all to the extent that those expenditures are directly incidental to such examinations or administration. The Commissioner shall not be required by paragraphs (c) or (d-1) of this subsection (3) to maintain in any fiscal year's budget appropriated reserves for accrued vacation and accrued sick leave that is required to be paid to employees of the Commissioner upon termination of their service with the Commissioner in an amount that is more than is reasonably anticipated to be necessary for any anticipated turnover in employees, whether due to normal attrition or due to layoffs, terminations, or resignations.

(d) The aggregate of all fees collected by the Secretary under this Act, the Corporate Fiduciary Act, or the Foreign Banking Office Act on and after July 1, 1979, shall be paid promptly after receipt of the same, accompanied by a detailed statement thereof, into the State treasury and shall be set apart in a special fund to be known as the "Bank and Trust Company Fund", except as provided in paragraph (c) of subsection (11) of this Section. All earnings received from investments of funds in the Bank and Trust Company Fund shall be deposited in the Bank and Trust Company Fund and may be used for the same purposes as fees deposited in that Fund. The amount from

time to time deposited into the Bank and Trust Company Fund shall be used: (i) to offset the ordinary administrative expenses of the Secretary as defined in this Section or (ii) as a credit against fees under paragraph (d-1) of this subsection (3). Nothing in this amendatory Act of 1979 shall prevent continuing the practice of paying expenses involving salaries, retirement, social security, and State-paid insurance premiums of State officers by appropriations from the General Revenue Fund. However, the General Revenue Fund shall be reimbursed for those payments made on and after July 1, 1979, by an annual transfer of funds from the Bank and Trust Company Fund. Moneys in the Bank and Trust Company Fund may be transferred to the Professions Indirect Cost Fund, as authorized under Section 2105-300 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

Notwithstanding provisions in the State Finance Act, as now or hereafter amended, or any other law to the contrary, the sum of $18,788,847 shall be transferred from the Bank and Trust Company Fund to the Financial Institutions Settlement of 2008 Fund on the effective date of this amendatory Act of the 95th General Assembly, or as soon thereafter as practical.

Notwithstanding provisions in the State Finance Act, as now or hereafter amended, or any other law to the contrary, the Governor may, during any fiscal year through January 10, 2011, from time to time direct the State Treasurer and Comptroller to transfer a specified sum not exceeding 10% of the revenues to be deposited into the Bank and Trust Company Fund during that fiscal year from that Fund to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. Notwithstanding provisions in the State Finance Act, as now or hereafter amended, or any other law to the contrary, the total sum transferred during any fiscal year through January 10, 2011, from the Bank and Trust Company Fund to the General Revenue Fund pursuant to this provision shall not exceed during any fiscal year 10% of the revenues

to be deposited into the Bank and Trust Company Fund during that fiscal year. The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(d-1) Adequate funds shall be available in the Bank and Trust Company Fund to permit the timely payment of administration expenses. In each fiscal year the total administration expenses shall be deducted from the total fees collected by the Commissioner and the remainder transferred into the Cash Flow Reserve Account, unless the balance of the Cash Flow Reserve Account prior to the transfer equals or exceeds one-fourth of the total initial appropriations from the Bank and Trust Company Fund for the subsequent year, in which case the remainder shall be credited to State banks and foreign banking corporations and applied against their fees for the subsequent year. The amount credited to each State bank and foreign banking corporation shall be in the same proportion as the Call Report Fees paid by each for the year bear to the total Call Report Fees collected for the year. If, after a transfer to the Cash Flow Reserve Account is made or if no remainder is available for transfer, the balance of the Cash Flow Reserve Account is less than one-fourth of the total initial appropriations for the subsequent year and the amount transferred is less than 5% of the total Call Report Fees for the year, additional amounts needed to make the transfer equal to 5% of the total Call Report Fees for the year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations in the same proportion that the Call Report Fees of each, respectively, for the year bear to the total Call Report Fees collected for the year. The additional amounts assessed shall be transferred into the Cash Flow Reserve Account. For purposes of this paragraph (d-1), the calculation of the fees collected by the Commissioner shall exclude the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act.

(f) In addition to fees authorized elsewhere in this Act, the Commissioner may, in connection with a review, approval, or provision of a service, levy a reasonable charge to recover the cost of the review, approval, or service.

(4) Nothing contained in this Act shall be construed to limit the obligation relative to examinations and reports of any State bank, deposits in which are to any extent insured by the United States or any agency thereof, nor to limit in any way the powers of the Commissioner with reference to examinations and reports of that bank.

(5) The nature and condition of the assets in or investment of any bonus, pension, or profit sharing plan for officers or employees of every State bank or, after May 31, 1997, branch of an out-of-state bank shall be deemed to be included in the affairs of that State bank or branch of an out-of-state bank subject to examination by the Commissioner under the provisions of subsection (2) of this Section, and if the Commissioner shall find from an examination that the condition of or operation of the investments or assets of the plan is unlawful, fraudulent, or unsafe, or that any trustee has abused his trust, the Commissioner shall, if the situation so found by the Commissioner shall not be corrected to his satisfaction within 60 days after the Commissioner has given notice to the board of directors of the State bank or out-of-state bank of his findings, report the facts to the Attorney General who shall thereupon institute proceedings against the State bank or out-of-state bank, the board of directors thereof, or the trustees under such plan as the nature of the case may require.

(6) The Commissioner shall have the power:

(a) To promulgate reasonable rules for the purpose of administering the provisions of this Act.

(a-5) To impose conditions on any approval issued by the Commissioner if he determines that the conditions are necessary or appropriate. These conditions shall be imposed in writing and shall continue in effect for the period prescribed by the Commissioner.
(b) To issue orders against any person, if the Commissioner has reasonable cause to believe that an unsafe or unsound banking practice has occurred, is occurring, or is about to occur, if any person has violated, is violating, or is about to violate any law, rule, or written agreement with the Commissioner, or for the purpose of administering the provisions of this Act and any rule promulgated in accordance with this Act.

(b-1) To enter into agreements with a bank establishing a program to correct the condition of the bank or its practices.

(c) To appoint hearing officers to execute any of the powers granted to the Commissioner under this Section for the purpose of administering this Act and any rule promulgated in accordance with this Act and otherwise to authorize, in writing, an officer or employee of the Office of Banks and Real Estate to exercise his powers under this Act.

(d) To subpoena witnesses, to compel their attendance, to administer an oath, to examine any person under oath, and to require the production of any relevant books, papers, accounts, and documents in the course of and pursuant to any investigation being conducted, or any action being taken, by the Commissioner in respect of any matter relating to the duties imposed upon, or the powers vested in, the Commissioner under the provisions of this Act or any rule promulgated in accordance with this Act.

(e) To conduct hearings.

(7) Whenever, in the opinion of the Secretary, any director, officer, employee, or agent of a State bank or any subsidiary or bank holding company of the bank or, after May 31, 1997, of any branch of an out-of-state bank or any subsidiary or bank holding company of the bank shall have violated any law, rule, or order relating to that bank or any subsidiary or bank holding company of the bank, shall have obstructed or impeded any examination or investigation by the Secretary, shall have engaged in an unsafe or unsound practice in conducting the business of that bank or any subsidiary or bank holding company of the bank, or shall have violated any law or engaged or participated in any unsafe or unsound practice, the Secretary may issue any order or enter into any agreement necessary to correct the condition of the bank or its practices. If, in the opinion of the Secretary, any former director, officer, employee, or agent of a State bank or any subsidiary or bank holding company of the bank, prior to the termination of his or her service with that bank or any subsidiary or bank holding company of the bank, violated any law, rule, or order relating to that State bank or any subsidiary or bank holding company of the bank, obstructed or impeded any examination or investigation by the Secretary, engaged in an unsafe or unsound practice in conducting the business of that bank or any subsidiary or bank holding company of the bank, or violated any law or engaged or participated in any unsafe or unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent would not have assured reasonable promise of safe and sound operation of the State bank, the Secretary may issue an order prohibiting that person from further service with a bank or any subsidiary or bank holding company of the bank as a director, officer, employee, or agent. An order issued pursuant to this subsection shall be served upon the director, officer, employee, or agent. A copy of the order shall be sent to each director of the bank affected by registered mail. A copy of the order shall also be served upon the bank of which he is a director, officer, employee, or agent, whereupon he shall cease to be a director, officer, employee, or agent of that bank. The Secretary may institute a civil action against the director, officer, or agent of the State bank or, after May 31, 1997, of the branch of the out-of-state bank against whom any order provided for by this subsection (7) of this Section 48 has been issued, and against the State bank or, after May 31, 1997, out-of-state bank, to enforce compliance with or to enjoin any violation of the terms of the order. (13) The Secretary may borrow funds from the General Revenue Fund on behalf of the Bank and Trust Company Fund if the Director of Banking certifies to the Governor that there is an economic emergency affecting banking that requires a borrowing to provide additional funds to the Bank and Trust Company Fund. The borrowed funds shall be paid back within 3 years and shall not exceed the total funding appropriated to the Agency in the previous year.

(14) In addition to the fees authorized in this Act, the Secretary may assess reasonable receivership fees against any State bank that does not maintain insurance with the Federal Deposit Insurance Corporation. All fees collected under this subsection (14) shall be paid into the Non-insured Institutions Receivership account in the Bank and Trust Company Fund, as established by the Secretary. Sec. 11-501.2. Chemical and other tests.

(a) Upon the trial of any civil or criminal action or proceeding arising out of an arrest for an offense as defined in Section 11-501 or a similar local ordinance or proceedings pursuant to Section 2-118.1, evidence of the concentration of alcohol, other drug or drugs, or

New matter indicated by italics - deletions by strikeout
intoxicating compound or compounds, or any combination thereof in a person's blood or breath at the time alleged, as determined by analysis of the person's blood, urine, breath, or other bodily substance, shall be admissible. Where such test is made the following provisions shall apply:

1. Chemical analyses of the person's blood, urine, breath, or other bodily substance to be considered valid under the provisions of this Section shall have been performed according to standards promulgated by the Department of State Police by a licensed physician, registered nurse, trained phlebotomist, licensed paramedic, or other individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, to issue permits which shall be subject to termination or revocation at the discretion of that Department and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary to implement this Section.

2. When a person in this State shall submit to a blood test at the request of a law enforcement officer under the provisions of Section 11-501.1, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, trained phlebotomist, or licensed paramedic, or other qualified person approved by the Department of State Police may withdraw blood for the purpose of determining the alcohol, drug, or alcohol and drug content therein. This limitation shall not apply to the taking of breath, other bodily substance, or urine specimens.

When a blood test of a person who has been taken to an adjoining state for medical treatment is requested by an Illinois law enforcement officer, the blood may be withdrawn only by a physician authorized to practice medicine in the adjoining state, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, a trained phlebotomist acting under the direction of the physician, or licensed paramedic. The law enforcement officer requesting the test shall take custody of the blood sample, and the blood sample shall be analyzed by a laboratory certified by the Department of State Police for that purpose.
3. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

4. Upon the request of the person who shall submit to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or such person's attorney.

5. Alcohol concentration shall mean either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

6. Tetrahydrocannabinol concentration means either 5 nanograms or more of delta-9-tetrahydrocannabinol per milliliter of whole blood or 10 nanograms or more of delta-9-tetrahydrocannabinol per milliliter of other bodily substance.

(a-5) Law enforcement officials may use validated roadside chemical tests or standardized field sobriety tests approved by the National Highway Traffic Safety Administration when conducting investigations of a violation of Section 11-501 or similar local ordinance by drivers suspected of driving under the influence of cannabis. The General Assembly finds that (i) validated roadside chemical tests are effective means to determine if a person is under the influence of cannabis and (ii) standardized field sobriety tests approved by the National Highway Traffic Safety Administration are divided attention tasks that are intended to determine if a person is under the influence of cannabis. The purpose of these tests is to determine the effect of the use of cannabis on a person's capacity to think and act with ordinary care and therefore operate a motor vehicle safely. Therefore, the results of these validated roadside chemical tests and standardized field sobriety tests, appropriately administered, shall be admissible in the trial of any civil or criminal action or proceeding arising out of an arrest for a cannabis-related offense as defined in Section 11-501 or a similar local ordinance or proceedings under Section 2-118.1 or 2-118.2. Where a test is made the following provisions shall apply:

1. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to

New matter indicated by italics - deletions by strikeout
the standardized field sobriety test or tests administered at the
direction of a law enforcement officer. The failure or inability to
obtain an additional test by a person does not preclude the
admission of evidence relating to the test or tests taken at the
direction of a law enforcement officer.

2. Upon the request of the person who shall submit to
validated roadside chemical tests or a standardized field sobriety
test or tests at the request of a law enforcement officer, full
information concerning the test or tests shall be made available to
the person or the person's attorney.

3. At the trial of any civil or criminal action or proceeding
arising out of an arrest for an offense as defined in Section 11-501
or a similar local ordinance or proceedings under Section 2-118.1
or 2-118.2 in which the results of these validated roadside
chemical tests or standardized field sobriety tests are admitted, the
person cardholder may present and the trier of fact may consider
evidence that the person card holder lacked the physical capacity to
perform the validated roadside chemical tests or standardized field
sobriety tests.

(b) Upon the trial of any civil or criminal action or proceeding
arising out of acts alleged to have been committed by any person while
driving or in actual physical control of a vehicle while under the influence
of alcohol, the concentration of alcohol in the person's blood or breath at
the time alleged as shown by analysis of the person's blood, urine, breath,
or other bodily substance shall give rise to the following presumptions:

1. If there was at that time an alcohol concentration of 0.05
or less, it shall be presumed that the person was not under the
influence of alcohol.

2. If there was at that time an alcohol concentration in
excess of 0.05 but less than 0.08, such facts shall not give rise to
any presumption that the person was or was not under the influence
of alcohol, but such fact may be considered with other competent
evidence in determining whether the person was under the
influence of alcohol.

3. If there was at that time an alcohol concentration of 0.08
or more, it shall be presumed that the person was under the
influence of alcohol.

4. The foregoing provisions of this Section shall not be
construed as limiting the introduction of any other relevant

New matter indicated by italics - deletions by strikeout
evidence bearing upon the question whether the person was under the influence of alcohol.

(b-5) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds or any combination thereof, the concentration of cannabis in the person's whole blood or other bodily substance at the time alleged as shown by analysis of the person's blood or other bodily substance shall give rise to the following presumptions:

1. If there was a tetrahydrocannabinol concentration of 5 nanograms or more in whole blood or 10 nanograms or more in an other bodily substance as defined in this Section, it shall be presumed that the person was under the influence of cannabis.

2. If there was at that time a tetrahydrocannabinol concentration of less than 5 nanograms in whole blood or less than 10 nanograms in an other bodily substance, such facts shall not give rise to any presumption that the person was or was not under the influence of cannabis, but such fact may be considered with other competent evidence in determining whether the person was under the influence of cannabis.

(c) 1. If a person under arrest refuses to submit to a chemical test under the provisions of Section 11-501.1, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof was driving or in actual physical control of a motor vehicle.

2. Notwithstanding any ability to refuse under this Code to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a motor vehicle driven by or in actual physical control of a person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof has caused the death or personal injury to another, the law enforcement officer shall request, and that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath, other bodily substance, or urine for the purpose of determining the alcohol content thereof or the presence of any other drug or combination of both.

This provision does not affect the applicability of or imposition of driver's license sanctions under Section 11-501.1 of this Code.

3. For purposes of this Section, a personal injury includes any Type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A Type A injury includes severe bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

(d) If a person refuses validated roadside chemical tests or standardized field sobriety tests under Section 11-501.9 of this Code, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts committed while the person was driving or in actual physical control of a vehicle and alleged to have been impaired by the use of cannabis.

(e) Department of State Police compliance with the changes in this amendatory Act of the 99th General Assembly concerning testing of other bodily substances and tetrahydrocannabinol concentration by Department of State Police laboratories is subject to appropriation and until the Department of State Police adopt standards and completion validation. Any laboratories that test for the presence of cannabis or other drugs under this Article, the Snowmobile Registration and Safety Act, or the Boat Registration and Safety Act must comply with ISO/IEC 17025:2005.

Sec. 11-501.9. Suspension of driver's license; failure or refusal of validated roadside chemical tests or standardized field sobriety tests; implied consent.

(a) A person who has been issued a registry identification card under the Compassionate Use of Medical Cannabis Pilot Program Act who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to (i) validated roadside chemical tests or (ii) standardized field sobriety tests approved by the National Highway Traffic Safety Administration, under subsection (a-5) of Section 11-501.2 of this Code, if detained by a law enforcement officer who has a reasonable suspicion that the person is driving or is in actual physical control of a motor vehicle while impaired by the use of cannabis. The law enforcement officer must have an independent, cannabis-related factual basis giving reasonable suspicion that the person is driving or in actual physical control of a motor vehicle.
while impaired by the use of cannabis for conducting *validated roadside chemical tests* or standardized field sobriety tests, which shall be included with the results of the *validated roadside chemical tests* and field sobriety tests in any report made by the law enforcement officer who requests the test. The person's possession of a registry identification card issued under the Compassionate Use of Medical Cannabis Pilot Program Act alone is not a sufficient basis for reasonable suspicion.

For purposes of this Section, a law enforcement officer of this State who is investigating a person for an offense under Section 11-501 of this Code may travel into an adjoining state where the person has been transported for medical care to complete an investigation and to request that the person submit to field sobriety tests under this Section.

(b) A person who is unconscious, or otherwise in a condition rendering the person incapable of refusal, shall be deemed to have withdrawn the consent provided by subsection (a) of this Section.

(c) A person requested to submit to *validated roadside chemical tests* or field sobriety tests, as provided in this Section, shall be warned by the law enforcement officer requesting the field sobriety tests that a refusal to submit to the *validated roadside chemical tests* or field sobriety tests will result in the suspension of the person's privilege to operate a motor vehicle, as provided in subsection (f) of this Section. The person shall also be warned by the law enforcement officer that if the person submits to *validated roadside chemical tests* or field sobriety tests as provided in this Section which disclose the person is impaired by the use of cannabis, a suspension of the person's privilege to operate a motor vehicle, as provided in subsection (f) of this Section, will be imposed.

(d) The results of *validated roadside chemical tests* or field sobriety tests administered under this Section shall be admissible in a civil or criminal action or proceeding arising from an arrest for an offense as defined in Section 11-501 of this Code or a similar provision of a local ordinance. These test results shall be admissible only in actions or proceedings directly related to the incident upon which the test request was made.

(e) If the person refuses *validated roadside chemical tests* or field sobriety tests or submits to *validated roadside chemical tests* or field sobriety tests that disclose the person is impaired by the use of cannabis, the law enforcement officer shall immediately submit a sworn report to the circuit court of venue and the Secretary of State certifying that testing was requested under this Section and that the person refused to submit to

The sworn report must include the law enforcement officer's factual basis for reasonable suspicion that the person was impaired by the use of cannabis.

(f) Upon receipt of the sworn report of a law enforcement officer submitted under subsection (e) of this Section, the Secretary of State shall enter the suspension to the driving record as follows:

(1) for refusal or failure to complete validated roadside chemical tests or field sobriety tests, a 12 month suspension shall be entered; or

(2) for submitting to validated roadside chemical tests or field sobriety tests that disclosed the driver was impaired by the use of cannabis, a 6 month suspension shall be entered.

The Secretary of State shall confirm the suspension by mailing a notice of the effective date of the suspension to the person and the court of venue. However, should the sworn report be defective for insufficient information or be completed in error, the confirmation of the suspension shall not be mailed to the person or entered to the record; instead, the sworn report shall be forwarded to the court of venue with a copy returned to the issuing agency identifying the defect.

(g) The law enforcement officer submitting the sworn report under subsection (e) of this Section shall serve immediate notice of the suspension on the person and the suspension shall be effective as provided in subsection (h) of this Section. If immediate notice of the suspension cannot be given, the arresting officer or arresting agency shall give notice by deposit in the United States mail of the notice in an envelope with postage prepaid and addressed to the person at his or her address as shown on the Uniform Traffic Ticket and the suspension shall begin as provided in subsection (h) of this Section. The officer shall confiscate any Illinois driver's license or permit on the person at the time of arrest. If the person has a valid driver's license or permit, the officer shall issue the person a receipt, in a form prescribed by the Secretary of State, that will allow the person to drive during the period provided for in subsection (h) of this Section. The officer shall immediately forward the driver's license or permit to the circuit court of venue along with the sworn report under subsection (e) of this Section.

Section 900-42. The Code of Civil Procedure is amended by changing Section 2-1401 as follows:

(735 ILCS 5/2-1401) (from Ch. 110, par. 2-1401)
Sec. 2-1401. Relief from judgments.
(a) Relief from final orders and judgments, after 30 days from the entry thereof, may be had upon petition as provided in this Section. Writs of error coram nobis and coram vobis, bills of review and bills in the nature of bills of review are abolished. All relief heretofore obtainable and the grounds for such relief heretofore available, whether by any of the foregoing remedies or otherwise, shall be available in every case, by proceedings hereunder, regardless of the nature of the order or judgment from which relief is sought or of the proceedings in which it was entered. Except as provided in the Illinois Parentage Act of 2015, there shall be no distinction between actions and other proceedings, statutory or otherwise, as to availability of relief, grounds for relief or the relief obtainable.

(b) The petition must be filed in the same proceeding in which the order or judgment was entered but is not a continuation thereof. The petition must be supported by affidavit or other appropriate showing as to matters not of record. A petition to reopen a foreclosure proceeding must include as parties to the petition, but is not limited to, all parties in the original action in addition to the current record title holders of the property, current occupants, and any individual or entity that had a recorded interest in the property before the filing of the petition. All parties to the petition shall be notified as provided by rule.

(b-5) A movant may present a meritorious claim under this Section if the allegations in the petition establish each of the following by a preponderance of the evidence:

1. the movant was convicted of a forcible felony;
2. the movant's participation in the offense was related to him or her previously having been a victim of domestic violence as perpetrated by an intimate partner;
3. no evidence of domestic violence against the movant was presented at the movant's sentencing hearing;
4. the movant was unaware of the mitigating nature of the evidence of the domestic violence at the time of sentencing and could not have learned of its significance sooner through diligence; and
5. the new evidence of domestic violence against the movant is material and noncumulative to other evidence offered at

the sentencing hearing, and is of such a conclusive character that it would likely change the sentence imposed by the original trial court.

Nothing in this subsection (b-5) shall prevent a movant from applying for any other relief under this Section or any other law otherwise available to him or her.

As used in this subsection (b-5):

"Forcible felony" has the meaning ascribed to the term in Section 2-8 of the Criminal Code of 2012.

"Intimate partner" means a spouse or former spouse, persons who have or allegedly have had a child in common, or persons who have or have had a dating or engagement relationship.

(c) Except as provided in Section 20b of the Adoption Act and Section 2-32 of the Juvenile Court Act of 1987 or in a petition based upon Section 116-3 of the Code of Criminal Procedure of 1963, or in a motion to vacate and expunge convictions under the Cannabis Control Act as provided by subsection (i) of Section 5.2 of the Criminal Identification Act, the petition must be filed not later than 2 years after the entry of the order or judgment. Time during which the person seeking relief is under legal disability or duress or the ground for relief is fraudulently concealed shall be excluded in computing the period of 2 years.

(d) The filing of a petition under this Section does not affect the order or judgment, or suspend its operation.

(e) Unless lack of jurisdiction affirmatively appears from the record proper, the vacation or modification of an order or judgment pursuant to the provisions of this Section does not affect the right, title or interest in or to any real or personal property of any person, not a party to the original action, acquired for value after the entry of the order or judgment but before the filing of the petition, nor affect any right of any person not a party to the original action under any certificate of sale issued before the filing of the petition, pursuant to a sale based on the order or judgment. When a petition is filed pursuant to this Section to reopen a foreclosure proceeding, notwithstanding the provisions of Section 15-1701 of this Code, the purchaser or successor purchaser of real property subject to a foreclosure sale who was not a party to the mortgage foreclosure proceedings is entitled to remain in possession of the property until the foreclosure action is defeated or the previously foreclosed defendant

Section 900-45. The Condominium Property Act is amended by adding Section 33 as follows:

Sec. 33. Limitations on the use of smoking cannabis. The condominium instruments of an association may prohibit or limit the smoking of cannabis, as the term "smoking" is defined in the Cannabis Regulation and Tax Act, within a unit owner's unit. The condominium instruments and rules and regulations shall not otherwise restrict the consumption of cannabis by any other method within a unit owner's unit, or the limited common elements, but may restrict any form of consumption on the common elements.

Section 900-50. The Right to Privacy in the Workplace Act is amended by changing Section 5 as follows:

Sec. 5. Discrimination for use of lawful products prohibited.

(a) Except as otherwise specifically provided by law, including Section 10-50 of the Cannabis Regulation and Tax Act, and except as provided in subsections (b) and (c) of this Section, it shall be unlawful for an employer to refuse to hire or to discharge any individual, or otherwise disadvantage any individual, with respect to compensation, terms, conditions or privileges of employment because the individual uses lawful products off the premises of the employer during nonworking and non-call hours. As used in this Section, "lawful products" means products that are legal under state law. For purposes of this Section, an employee is deemed on-call when the employee is scheduled with at least 24 hours' notice by his or her employer to be on standby or otherwise responsible for performing tasks related to his or her employment either at the employer's premises or other previously designated location by his or her employer or supervisor to perform a work-related task.

(b) This Section does not apply to any employer that is a non-profit organization that, as one of its primary purposes or objectives, discourages the use of one or more lawful products by the general public. This Section

does not apply to the use of those lawful products which impairs an employee's ability to perform the employee's assigned duties.

(c) It is not a violation of this Section for an employer to offer, impose or have in effect a health, disability or life insurance policy that makes distinctions between employees for the type of coverage or the price of coverage based upon the employees' use of lawful products provided that:

1. differential premium rates charged employees reflect a differential cost to the employer; and
2. employers provide employees with a statement delineating the differential rates used by insurance carriers.
