(4) to prevent the lapse of a life insurance contract if the trust does not receive contributions or hold other readily marketable assets to pay the life insurance contract premiums; or

(5) to exercise any policy options, rights, or privileges available under any contract of life insurance in the trust, including any right to borrow the cash value or reserve of the policy, acquire a paid-up policy, or convert to a different policy.

(b) The trustee is not liable to the beneficiaries of the trust, the beneficiaries of the contract of insurance, or to any other party for loss arising from the absence of these duties regarding insurance contracts under this Section.

(c) This Section applies to an irrevocable trust created after the effective date of this Code or to a revocable trust that becomes irrevocable after the effective date of this Code. The trustee of a trust described under this Section established before the effective date of this Code shall notify the settlor in writing that, unless the settlor provides written notice to the contrary to the trustee within 90 days of the trustee's notice, this Section applies to the trust. This Section does not apply if, within 90 days of the trustee's notice, the settlor notifies the trustee in writing that this Section does not apply. If the settlor is deceased, then the trustee shall give notice to all of the legally competent current beneficiaries, and this Section applies to the trust unless the majority of the beneficiaries notify the trustee to the contrary in writing within 90 days of the trustee's notice.

Section 914. Investments in affiliated investments; transactions with affiliates.

(a) As used in this Section:

(1) "Affiliate" means any corporation or other entity that directly or indirectly is controlled by a financial institution acting in a fiduciary capacity, or is related to the financial institution by shareholding or other means of common ownership and control.

(2) "Affiliated investment" means an investment for which the fiduciary or an affiliate of the fiduciary acts as advisor, administrator, distributor, placement agent, underwriter, broker, or in any other capacity for which the fiduciary or an affiliate of the fiduciary receives or has received compensation from the investment.

(3) "Fiduciary capacity" includes an agent with investment discretion to determine what securities or other assets to purchase or sell on behalf of a fiduciary account.

New matter indicated by italics - deletions by strikeout
(b) A financial institution acting in any fiduciary capacity may purchase any affiliated investment, including, but not limited to, insurance, equity derivatives, or securities underwritten or otherwise distributed by the financial institution or by an affiliate, through or directly from the financial institution or an affiliate or from a syndicate or selling group that includes the financial institution or an affiliate, if the purchase is otherwise prudent under the applicable fiduciary investment standard.

(c) The compensation paid to a financial institution acting in any fiduciary capacity or an affiliate of the financial institution for any affiliated investment under this Section must be reasonable and may not be prohibited by the instrument governing the fiduciary relationship. The compensation for the affiliated investment may be in addition to the compensation that the financial institution is otherwise entitled to receive from the fiduciary account.

(d) A financial institution shall disclose, at least annually:

1. any purchase of an affiliated investment authorized by this Section, including all compensation paid or to be paid by the fiduciary account or to be received by an affiliate arising from the affiliated investment;
2. the capacities in which the financial institution or an affiliate acts for the issuer of the securities or the provider of the products or services; and
3. that the financial institution or an affiliate may have an interest in the affiliated investment.

(e) The disclosure shall be given, in writing or electronically by any document prepared for an affiliated investment under federal or state securities laws or in a written summary that includes all compensation received or to be received by the financial institution or any affiliate and an explanation of the manner in which the compensation is calculated (either as a percentage of the assets invested or by some other formula or method), to each principal in an agency relationship and to all persons entitled to receive account statements of any other fiduciary account.

(f) This Section applies to the purchase of securities made at the time of the initial offering of the securities or at any time thereafter.

(g) A financial institution that has complied with the terms of this Section has full authority to administer an affiliated investment, including the authority to vote proxies on the affiliated investment.

Article 10. Liability of Trustees and Rights of Persons Dealing with Trustee.

New matter indicated by italics - deletions by strikeout
Section 1001. Remedies for breach of trust.
(a) A violation by a trustee of a duty the trustee owes to a beneficiary is a breach of trust.
(b) To remedy a breach of trust that has occurred or may occur, the court may:
   (1) compel the trustee to perform the trustee's duties;
   (2) enjoin the trustee from committing a breach of trust;
   (3) compel the trustee to redress a breach of trust by paying money, restoring property, or other means;
   (4) order a trustee to account;
   (5) appoint a special fiduciary to take possession of the trust property and administer the trust;
   (6) suspend the trustee;
   (7) remove the trustee as provided in Section 706;
   (8) reduce or deny compensation to the trustee; or
   (9) subject to Section 1012, void an act of the trustee, impose a lien or a constructive trust on trust property, or trace trust property wrongfully disposed of and recover the property or its proceeds.
(c) Nothing in this Section limits the equitable powers of the court to order other appropriate relief.

Section 1002. Damages for breach of trust.
(a) A trustee who commits a breach of trust is liable to the beneficiaries affected for the greater of:
   (1) the amount required to restore the value of the trust property and trust distributions to what they would have been had the breach not occurred; or
   (2) the value of any benefit received by the trustee by reason of the breach.
(b) Except as otherwise provided in this subsection, if more than one trustee is liable to the beneficiaries for a breach of trust, a trustee is entitled to contribution from the other trustee or trustees liable for the breach. A trustee is not entitled to contribution if the trustee was substantially more at fault than another trustee or if the trustee committed the breach of trust in bad faith or with reckless indifference to the purposes of the trust or the interests of the beneficiaries. A trustee who received a benefit from the breach of trust is not entitled to contribution from another trustee to the extent of the benefit received.
Section 1003. No damages in absence of breach. Except as provided in Section 802, absent a breach of trust, a trustee is not liable to a beneficiary for a loss or depreciation in the value of trust property or for any benefit received by the trustee by reason of the administration of the trust.

Section 1004. Attorney's fees and costs. In a judicial proceeding involving the administration of a trust, the court, as equity may require, may award costs and expenses, including reasonable attorney's fees, to any party, to be paid by another party or from the trust that is the subject of the controversy.

Section 1005. Limitation on action against trustee.
(a) A beneficiary may not commence a proceeding against a trustee for breach of trust for any matter disclosed in writing by a trust accounting, or otherwise as provided in Sections 813.1, 813.2, and Section 1102, after the date on which the disclosure becomes binding upon the beneficiary as provided below:

(1) With respect to a trust that becomes irrevocable after the effective date of this Code and to trustees accepting appointment after the effective date of this Code, a matter disclosed in writing by a trust accounting or otherwise pursuant to Section 813.1 and Section 1102 is binding on each person who receives the information and each person represented as provided in Article 3 by a person who receives the information, and all of the person's respective successors, representatives, heirs, and assigns, unless an action against the trustee is instituted within 2 years after the date the information is furnished. A trust accounting or other communication adequately discloses the existence of a potential claim for breach of trust if it provides sufficient information so that the person entitled to receive the information knows of the potential claim or should have inquired into its existence.

(2) With respect to a trust that became irrevocable before the effective date of this Code or a trustee that accepted appointment before the effective date of this Code, a current account is binding on each beneficiary receiving the account and on the beneficiary's heirs and assigns unless an action against the trustee is instituted by the beneficiary or the beneficiary's heirs and assigns within 3 years after the date the current account is furnished, and a final accounting is binding on each beneficiary receiving the final accounting and all persons claiming by or
through the beneficiary, unless an action against the trustee is instituted by the beneficiary or person claiming by or through him or her within 3 years after the date the final account is furnished. If the account is provided to the representative of the estate of the beneficiary or to a spouse, parent, adult child, or guardian of the person of the beneficiary, the account is binding on the beneficiary unless an action is instituted against the trustee by the representative of the estate of the beneficiary or by the spouse, parent, adult child, or guardian of the person to whom the account is furnished within 3 years after the date it is furnished.

(3) Notwithstanding paragraphs (1) and (2), with respect to trust estates that terminated and were distributed 10 years or less before January 1, 1988, the final account furnished to the beneficiaries entitled to distribution of the trust estate is binding on the beneficiaries receiving the final account, and all persons claiming by or through them, unless an action against the trustee is instituted by the beneficiary or person claiming by or through him or her within 5 years after January 1, 1988 or within 10 years after the date the final account was furnished, whichever is longer.

(4) Notwithstanding paragraphs (1), (2) and (3), with respect to trust estates that terminated and were distributed more than 10 years before January 1, 1988, the final account furnished to the beneficiaries entitled to distribution of the trust estate is binding on the beneficiaries receiving the final account, and all persons claiming by or through them, unless an action against the trustee is instituted by the beneficiary or person claiming by or through him or her within 2 years after January 1, 1988.

(b) Unless barred earlier under subsection (a), a judicial proceeding by a beneficiary against a trustee for breach of trust must be commenced within 5 years after the first to occur of:

(1) the removal, resignation, or death of the trustee;
(2) the termination of the beneficiary's interest in the trust;
or
(3) the termination of the trust.

(c) Notwithstanding any other provision of this Section, a beneficiary may bring any action against the trustee for fraudulent concealment within the time limit set forth in Section 13-215 of the Code of Civil Procedure.

New matter indicated by italics - deletions by strikeout
Section 1006. Reliance on trust instrument. A trustee who acts in reasonable reliance on the express language of the trust instrument is not liable to a beneficiary for a breach of trust to the extent the breach resulted from the reliance.

Section 1007. Event affecting administration or distribution. If the happening of an event, including, but not limited to, marriage, divorce, performance of educational requirements, or death, affects the administration or distribution of a trust, a trustee who has exercised reasonable care to ascertain the happening of the event is not liable for a loss resulting from the trustee's lack of knowledge.

Section 1008. Exculpation of trustee.
(a) A term of a trust relieving a trustee of liability for breach of trust is unenforceable to the extent that it:

1. relieves the trustee of liability for breach of trust committed in bad faith or with reckless indifference to the purposes of the trust or the interests of the beneficiaries; or
2. was inserted as the result of an abuse by the trustee of a fiduciary or confidential relationship to the settlor.

(b) An exculpatory term drafted or caused to be drafted by the trustee is invalid as an abuse of a fiduciary or confidential relationship unless the trustee proves that the exculpatory term is fair under the circumstances and that its existence and contents were adequately communicated to the settlor. These conditions are satisfied if the settlor was represented by independent counsel.

Section 1009. Beneficiary's consent, release, or ratification.
(a) A trustee is not liable to a beneficiary, or to anyone claiming by or through the beneficiary, for breach of trust if the beneficiary consented to the conduct constituting the breach, released the trustee from liability for the breach, or ratified the transaction constituting the breach, unless:

1. the consent, release, or ratification of the beneficiary was induced by improper conduct of the trustee; or
2. at the time of the consent, release, or ratification, the beneficiary did not know of the beneficiary's rights or of the material facts relating to the breach.

(b) If the beneficiary's consent, release, or ratification involves a self-dealing transaction, the consent, release, or ratification is binding only if the transaction was fair and reasonable. The condition that a self-dealing transaction must be fair and reasonable is satisfied if the beneficiary was
represented by independent counsel. No consideration is required for the consent, release, or ratification to be valid.

Section 1010. Limitation on personal liability of trustee.

(a) Except as otherwise provided in the contract, a trustee is not personally liable on a contract properly entered into in the trustee's fiduciary capacity in the course of administering the trust if the trustee in the contract disclosed the fiduciary capacity.

(b) A trustee is personally liable for torts committed in the course of administering a trust, or for obligations arising from ownership or control of trust property, including liability for violation of environmental law, only if the trustee is personally at fault.

(c) A claim based on a contract entered into by a trustee in the trustee's fiduciary capacity, on an obligation arising from ownership or control of trust property, or on a tort committed in the course of administering a trust, may be asserted in a judicial proceeding against the trustee in the trustee's fiduciary capacity, whether or not the trustee is personally liable for the claim.

Section 1011. Interest as general partner.

(a) Except as otherwise provided in subsection (c) or unless personal liability is imposed in the contract, a trustee who holds an interest as a general partner in a general or limited partnership is not personally liable on a contract entered into by the partnership after the trust's acquisition of the interest if the fiduciary capacity was disclosed in the contract or in a statement previously filed pursuant to the Uniform Partnership Act (1997) or Uniform Limited Partnership Act (2001) or any other similar state law.

(b) Except as otherwise provided in subsection (c), a trustee who holds an interest as a general partner is not personally liable for torts committed by the partnership or for obligations arising from ownership or control of the interest unless the trustee is personally at fault.

(c) The immunity provided by this Section does not apply if an interest in the partnership is held by the trustee in a capacity other than that of trustee or is held by the trustee's spouse or one or more of the trustee's descendants, siblings, or parents, or the spouse of any of them.

(d) If the trustee of a revocable trust holds an interest as a general partner, the settlor is personally liable for contracts and other obligations of the partnership as if the settlor were a general partner.

Section 1012. Protection of person dealing with trustee.

New matter indicated by italics - deletions by strikeout
(a) A person other than a beneficiary or a beneficiary's representative under Article 3 acting in a representative capacity who in good faith assists a trustee, or who in good faith and for value deals with a trustee, without knowledge that the trustee is exceeding or improperly exercising the trustee's powers is protected from liability as if the trustee properly exercised the power.

(b) A person other than a beneficiary or a beneficiary's representative under Article 3 acting in a representative capacity who in good faith deals with a trustee is not required to inquire into the extent of the trustee's powers or the propriety of their exercise.

(c) A person, including a beneficiary, who in good faith delivers assets to a trustee need not ensure their proper application.

(d) A person other than a beneficiary who in good faith assists a former trustee, or who in good faith and for value deals with a former trustee, without knowledge that the trusteeship has terminated is protected from liability as if the former trustee were still a trustee.

(e) Comparable protective provisions of other laws relating to commercial transactions or transfer of securities by fiduciaries prevail over the protection provided by this Section.

Section 1013. Certification of trust.

(a) Instead of furnishing a copy of the trust instrument to a person other than a beneficiary, the trustee may furnish to the person a certification of trust containing the following information:

(1) a statement that the trust exists and the date the trust instrument was executed;
(2) the identity of the settlor;
(3) the identity and address of the currently acting trustee;
(4) the powers of the trustee;
(5) the revocability or irrevocability of the trust, whether the trust is amendable or unamendable, and the identity of any person holding a power to revoke the trust;
(6) the authority of co-trustees to sign or otherwise authenticate and whether all or less than all are required in order to exercise powers of the trustee;
(7) the trust's taxpayer identification number; and
(8) the manner of taking title to trust property.

(b) A certification of trust must be signed or otherwise authenticated by one or more of the trustees. A third party may require that the certification of trust be acknowledged.

New matter indicated by italics - deletions by strikeout
(c) A certification of trust must state that the trust has not been revoked, modified, or amended in any manner that would cause the representations contained in the certification of trust to be incorrect.

(d) A certification of trust need not contain the dispositive terms of a trust.

(e) A recipient of a certification of trust may require the trustee to furnish copies of those excerpts from the original trust instrument and later amendments that designate the trustee and confer upon the trustee the power to act in the pending transaction.

(f) A person who acts in reliance upon a certification of trust without actual knowledge that the representations contained therein are incorrect is not liable to any person for so acting and may assume without inquiry the existence of the facts contained in the certification. Knowledge of the trust instrument may not be inferred solely from the fact that a copy of all or part of the trust instrument is held by the person relying upon the certification.

(g) A person who in good faith enters into a transaction in reliance upon a certification of trust may enforce the transaction against the trust property as if the representations contained in the certification were correct.

(h) A person making a demand for the trust instrument in addition to a certification of trust or excerpts is liable for damages if the court determines that the person did not act in good faith in demanding the trust instrument. A person required to examine a complete copy of the trust instrument for purposes of complying with applicable federal, state, or local law, a person acting in a fiduciary capacity with respect to a trust, and the Attorney General's Charitable Trust Bureau are deemed to be acting in good faith when demanding a copy of the trust instrument. This Section does not modify or limit any obligation a trustee may have to furnish a copy of a trust instrument to the Attorney General under the Charitable Trust Act or the Solicitation for Charity Act.

(i) This Section does not limit the right of a person to obtain a copy of the trust instrument in a judicial proceeding concerning the trust.

(j) A certification of trust may be substantially as follows, but nothing in this subsection invalidates or bars the use of a certification of trust in any other or different form:

Section 1014. Reliance on Secretary of Financial and Professional Regulation. No trustee or other person is liable under this Code for any act done or omitted in good faith in conformity with any rule, interpretation, or opinion issued by the Secretary of Financial and Professional Regulation, notwithstanding that after the act or omission has occurred, the rule, opinion, or interpretation upon which reliance is placed is amended, rescinded, or determined by judicial or other authority to be invalid for any reason.

Article 11. Total Return Trusts.

Section 1101. Total return trust defined; trustee duty to inform.

(a) In this Article, "total return trust" means a trust converted in accordance with this Article that the trustee shall manage and invest seeking a total return without regard to whether the return is from income or appreciation of principal.

(b) Notwithstanding any other provision of this Article, a trustee has no duty to inform beneficiaries about the availability of this Article and has no duty to review the trust to determine whether any action should be taken under this Article unless requested to do so in writing by a qualified beneficiary.

Section 1102. Conversion by trustee. A trustee may convert a trust to a total return trust as described in this Article if all of the following apply:

(1) The trust describes the amount that may or must be distributed to a beneficiary by referring to the trust's income, and the trustee determines that conversion to a total return trust will enable the trustee to better carry out the purposes of the trust and the conversion is in the best interests of the beneficiaries;

(2) the trustee sends a written notice of the trustee's decision to convert the trust to a total return trust, specifying a prospective effective date for the conversion and including a copy of this Article, to all of the qualified beneficiaries; and

(3) no qualified beneficiary objects to the conversion to a total return trust in a writing delivered to the trustee within 60 days after the notice is sent.

Section 1103. Conversion by agreement. Conversion to a total return trust may be made by agreement between a trustee and all qualified beneficiaries. The agreement may include any actions a court could
properly order under Section 1108; however, any distribution percentage
determined by the agreement may not be less than 3% nor greater than 5%.

Section 1104. Conversion or reconversion by court.

(a) The trustee may for any reason elect to petition the court to
order conversion to a total return trust, including without limitation the
reason that conversion under Section 1102 is unavailable because a
beneficiary timely objects to the conversion to a total return trust.

(b) A beneficiary may request the trustee to convert to a total return
trust or adjust the distribution percentage. If the trustee declines or fails to
act within 6 months after receiving a written request to do so, the
beneficiary may petition the court to order the conversion or adjustment.

(c) The trustee may petition the court prospectively to reconvert
from a total return trust or adjust the distribution percentage if the trustee
determines that the reconversion or adjustment will enable the trustee to
better carry out the purposes of the trust. A beneficiary may request the
trustee to petition the court prospectively to reconvert from a total return
trust or adjust the distribution percentage. If the trustee declines or fails to
act within 6 months after receiving a written request to do so, the
beneficiary may petition the court to order the reconversion or adjustment.

(d) In a judicial proceeding under this Section, the trustee may, but
need not, present the trustee's opinions and reasons (1) for supporting or
opposing conversion to (or reconversion from or adjustment of the
distribution percentage of) a total return trust, including whether the
trustee believes conversion (or reconversion or adjustment of the
distribution percentage) would enable the trustee to better carry out the
purposes of the trust, and (2) about any other matters relevant to the
proposed conversion (or reconversion or adjustment of the distribution
percentage). A trustee's actions in accordance with this Section shall not be
deemed improper or inconsistent with the trustee's duty of impartiality
unless the court finds from all the evidence that the trustee acted in bad
faith.

(e) The court shall order conversion to (or reconversion
prospectively from or adjustment of the distribution percentage of) a total
return trust if the court determines that the conversion (or reconversion or
adjustment of the distribution percentage) will enable the trustee to better
carry out the purposes of the trust and the conversion (or reconversion or
adjustment of the distribution percentage) is in the best interests of the
beneficiaries.

New matter indicated by italics - deletions by strikeout
(f) The court may order any of the following actions in a proceeding brought by a trustee or a beneficiary under this Section:
   (1) select a distribution percentage other than 4%;
   (2) average the valuation of the trust's net assets over a period other than 3 years;
   (3) reconvert prospectively from or adjust the distribution percentage of a total return trust;
   (4) direct the distribution of net income (determined as if the trust were not a total return trust) in excess of the distribution amount as to any or all trust assets if the distribution is necessary to preserve a tax benefit; or
   (5) change or direct any administrative procedure as the court determines necessary or helpful for the proper functioning of the total return trust.

(g) Nothing in this Section limits the equitable powers of the court to grant other relief.

Section 1105. Post conversion. While a trust is a total return trust, all of the following apply to the trust:
   (1) the trustee shall make income distributions in accordance with the trust instrument subject to this Article;
   (2) the term "income" in the trust instrument means an annual amount (the "distribution amount") equal to a percentage (the "distribution percentage") of the net fair market value of the trust's assets, whether the assets are considered income or principal under the Principal and Income Act, averaged over the lesser of:
      (A) the 3 preceding years; or
      (B) the period during which the trust has been in existence;
   (3) the distribution percentage for any trust converted to a total return trust by a trustee in accordance with Section 1102 shall be 4%;
   (4) the trustee shall pay to a beneficiary (in the case of an underpayment) and shall recover from a beneficiary (in the case of an overpayment) an amount equal to the difference between the amount properly payable and the amount actually paid, plus interest compounded annually at a rate per annum equal to the distribution percentage in the year or years while the underpayment or overpayment exists; and

New matter indicated by italics - deletions by strikeout
(5) a change in the method of determining a reasonable current return by converting to a total return trust in accordance with this Article and substituting the distribution amount for net trust accounting income is a proper change in the definition of trust income notwithstanding any contrary provision of the Principal and Income Act, and the distribution amount shall be deemed a reasonable current return that fairly apportions the total return of a total return trust.

Section 1106. Administration.

(a) As used in this Section, "excluded asset" means an asset for which there is no readily available market value and that the trustee determines in accordance with subsection (d) shall be excluded from the net fair market value of the trust's assets for purposes of determining the distribution amount under paragraph (2) of Section 1105.

(b) The trustee, in the trustee's discretion, may determine any of the following matters in administering a total return trust as the trustee from time to time determines necessary or helpful for the proper functioning of the trust:

1. the effective date of a conversion to a total return trust;
2. the manner of prorating the distribution amount for a short year in which a beneficiary's interest commences or ceases;
3. whether distributions are made in cash or in kind;
4. the manner of adjusting valuations and calculations of the distribution amount to account for other payments from or contributions to the trust;
5. whether to value the trust's assets annually or more frequently;
6. what valuation dates and how many valuation dates to use;
7. valuation decisions about any asset for which there is no readily available market value, including:
   (A) how frequently to value such an asset; and
   (B) whether and how often to engage a professional appraiser to value such an asset;
8. which trust assets are excluded assets; and
9. any other administrative matters as the trustee determines necessary or helpful for the proper functioning of the total return trust.

New matter indicated by italics - deletions by strikeout
(c) The trustee shall distribute any net income received from excluded assets as provided in the trust instrument.

(d) Unless the trustee determines there are compelling reasons to the contrary considering all relevant factors including the best interests of the beneficiaries, the trustee shall treat each asset for which there is no readily available market value as an excluded asset. Examples of assets for which there is a readily available market value include: cash and cash equivalents; stocks, bonds, and other securities and instruments for which there is an established market on a stock exchange, in an over-the-counter market, or otherwise; and any other property that can reasonably be expected to be sold within one week of the decision to sell without extraordinary efforts by the seller. Examples of assets for which there is no readily available market value include: stocks, bonds, and other securities and instruments for which there is no established market on a stock exchange, in an over-the-counter market, or otherwise; real property; tangible personal property; and artwork and other collectibles.

(e) If tangible personal property or real property is possessed or occupied by a beneficiary, the trustee shall not limit or restrict any right of the beneficiary to use the property in accordance with the trust instrument regardless of whether the trustee treats the property as an excluded asset.

Section 1107. Allocations.

(a) Expenses, taxes, and other charges that would be deducted from income if the trust were not a total return trust shall not be deducted from the distribution amount.

(b) Unless otherwise provided by the trust instrument, the trustee shall fund the distribution amount each year from the following sources for that year in the order listed:

1. first from net income (as the term would be determined if the trust were not a total return trust);
2. then from other ordinary income as determined for federal income tax purposes;
3. then from net realized short-term capital gains as determined for federal income tax purposes;
4. then from net realized long-term capital gains as determined for federal income tax purposes;
5. then from trust principal comprised of assets for which there is a readily available market value; and
6. then from other trust principal.

Section 1108. Restrictions. Conversion to a total return trust does not affect any provision in the trust instrument:

1. Directing or authorizing the trustee to distribute principal;
2. Directing or authorizing the trustee to distribute a fixed annuity or a fixed fraction of the value of trust assets;
3. Authorizing a beneficiary to withdraw a portion or all of the principal; or
4. In any manner that would diminish an amount permanently set aside for charitable purposes under the trust instrument unless both income and principal are so set aside.

Section 1109. Tax limitations.

(a) If a particular trustee is a beneficiary of the trust and conversion or failure to convert would enhance or diminish the beneficial interest of the trustee, or if possession or exercise of the conversion power by a particular trustee would alone cause any individual to be treated as owner of a part of the trust for income tax purposes or cause a part of the trust to be included in the gross estate of any individual for estate tax purposes, then the particular trustee may not participate as a trustee in the exercise of the conversion power except that the particular trustee may petition the court under subsection (a) of Section 1104 to order conversion in accordance with this Article.

(b) If the particular trustee has one or more co-trustees to whom subsection (a) does not apply, the co-trustee or co-trustees may convert the trust to a total return trust in accordance with this Article.

Section 1110. Releases. A trustee may irrevocably release the power granted by this Article if the trustee reasonably believes the release is in the best interests of the trust and its beneficiaries. The release may be personal to the releasing trustee or may apply generally to some or all subsequent trustees, and the release may be for any specified period, including a period measured by the life of an individual.

Section 1111. Remedies. A trustee who reasonably and in good faith takes any action under this Article is not liable to any interested person. If a trustee reasonably and in good faith takes any action under this Article and an interested person opposes the action, the person's exclusive remedy is to obtain an order of the court directing the trustee to convert the trust to a total return trust, to reconvert from a total return trust, to change the distribution percentage, or to order any administrative procedures the court determines necessary or helpful for the proper functioning of the...
trust. An action by a trustee under this Article is presumed taken or omitted reasonably and in good faith unless it is determined by the court to have been an abuse of discretion.

Section 1112. Application. This Article is available to trusts in existence on or after August 22, 2002. This Article shall be construed as pertaining to the administration of a trust and shall be available to any trust that is administered in Illinois or that is governed by Illinois law with respect to the meaning and effect of its terms unless one of the following apply:

(1) The trust is a trust described in Section 642(c)(5), 664(d), 2702(a)(3), or 2702(b) of the Internal Revenue Code.

(2) The trust instrument expressly prohibits use of this Article by specific reference to this Article or a prior corresponding law. A provision in the trust instrument in the form: "Neither the provisions of Article 11 of the Illinois Trust Code nor any corresponding provision of future law may be used in the administration of this trust" or a similar provision demonstrating that intent is sufficient to preclude the use of this Article.

Section 1113. Application to express trusts.

(a) In this Section:

(1) "Unitrust" means a trust the terms of which require distribution of a unitrust amount, without regard to whether the trust has been converted to a total return trust in accordance with this Article or whether the trust is established by express terms of the trust.

(2) "Unitrust amount" means an amount equal to a percentage of a trust's assets that may or must be distributed to one or more beneficiaries annually in accordance with the terms of the trust. The unitrust amount may be determined by reference to the net fair market value of the trust's assets as of a particular date or as an average determined on a multiple-year basis.

(b) A unitrust changes the definition of income by substituting the unitrust amount for net trust accounting income as the method of determining current return and shall be given effect notwithstanding any contrary provision of the Principal and Income Act. By way of example and not limitation, a unitrust amount determined by a percentage of not less than 3% nor greater than 5% is conclusively presumed a reasonable current return that fairly apportions the total return of a unitrust.

New matter indicated by italics - deletions by strikeout
(c) Subsection (b) of Section 1107 applies to a unitrust except to the extent its trust instrument expressly provides otherwise.

(d) This Section does not apply to a charitable remainder unitrust as defined by Section 664(d) of the Internal Revenue Code.

reasonably relies on the validity of a distribution of part or all of the
property of a trust to another trust, or a modification of a trust, under this
Article, law of this State other than this Article or the law of another
jurisdiction is not liable to any person for any action or failure to act as a
result of the reliance.

person and without court approval.
(c) Except as otherwise provided in subsection (f), an authorized

(2) specify the proposed effective date for exercise of the power;

(3) include a copy of the first-trust instrument; and

(4) include a copy of all second-trust instruments.

(f) The decanting power may be exercised before expiration of the notice period under subsection (a) if all persons entitled to receive notice waive the period in a signed record.

(g) The receipt of notice, waiver of the notice period, or expiration of the notice period does not affect the right of a person to file an application under Section 1209 with the court asserting that:

(1) an attempted exercise of the decanting power is ineffective because it did not comply with this Article or was an abuse of discretion or breach of fiduciary duty; or

(2) Section 1222 applies to the exercise of the decanting power.

(h) An exercise of the decanting power is not ineffective because of the failure to give notice to one or more persons under subsection (c) if the authorized fiduciary acted with reasonable care to comply with subsection (c).

(i) If the first trust contains a charitable interest and the Attorney General objects to the proposed exercise of the decanting power in writing delivered to the authorized fiduciary before the end of the notice period, the authorized fiduciary may proceed with the proposed exercise of the decanting power only with either court approval or the later written consent of the Attorney General.

Section 1208. (Reserved).

(a) On application of an authorized fiduciary, a person entitled to notice under Section 1207(c), a beneficiary, or, with respect to a charitable interest, the Attorney General or any other person that has standing to enforce the charitable interest, the court may:

New matter indicated by italics - deletions by strikeout

   (A) after applying Section 1222, the proposed or attempted exercise does not or did not comply with this Article; or
   (B) the proposed or attempted exercise would be or was an abuse of the fiduciary's discretion or a breach of fiduciary duty;
(5) determine the extent to which Section 1222 applies to a prior exercise of the decanting power;
(6) provide instructions to the trustee regarding the application of Section 1222 to a prior exercise of the decanting power; or
(7) order other appropriate relief to carry out the purposes of this Article.

(b) On application of an authorized fiduciary, the court may approve:
   (1) an increase in the fiduciary's compensation under Section 1216; or
   (2) a modification under Section 1218 of a provision granting a person the right to remove or replace the fiduciary.

Section 1210. Formalities. An exercise of the decanting power must be made in a record signed by an authorized fiduciary. Section 1211. Decanting power under expanded distributive discretion.
(a) In this Section:
   (1) "Noncontingent" right means a right that is not subject to the exercise of discretion or the occurrence of a specified event that is not certain to occur. The term does not include a right held by a beneficiary if any person has discretion to distribute property subject to the right of any person other than the beneficiary or the beneficiary's estate.
   (2) "Successor beneficiary" means a beneficiary that on the date the beneficiary's qualification is determined is not a qualified beneficiary. The term does not include a person that is a

beneficiary only because the person holds a nongeneral power of appointment.

(3) "Vested interest" means:

(A) a right to a mandatory distribution that is a noncontingent right as of the date of the exercise of the decanting power;

(B) a current and noncontingent right, annually or more frequently, to a mandatory distribution of income, a specified dollar amount, or a percentage of value of some or all of the trust property;

(C) a current and noncontingent right, annually or more frequently, to withdraw income, a specified dollar amount, or a percentage of value of some or all of the trust property;

(D) a presently exercisable general power of appointment; or

(E) a right to receive an ascertainable part of the trust property on the trust's termination that is not subject to the exercise of discretion or to the occurrence of a specified event that is not certain to occur.

(b) Subject to subsection (c) and Section 1214, an authorized fiduciary that has expanded distributive discretion to distribute the principal of a first trust to one or more current beneficiaries may exercise the decanting power over the principal of the first trust.

(c) Subject to Section 1213, in an exercise of the decanting power under this Section, a second trust may not:

(1) include as a current beneficiary a person that is not a current beneficiary of the first trust, except as otherwise provided in subsection (d);

(2) include as a presumptive remainder beneficiary or successor beneficiary a person that is not a current beneficiary, presumptive remainder beneficiary, or successor beneficiary of the first trust, except as otherwise provided in subsection (d); or

(3) reduce or eliminate a vested interest.

(d) Subject to subsection (c)(3) and Section 1214, in an exercise of the decanting power under this Section, a second trust may be a trust created or administered under the law of any jurisdiction and may:

(1) retain a power of appointment granted in the first trust;

New matter indicated by italics - deletions by strikeout
(2) omit a power of appointment granted in the first trust, other than a presently exercisable general power of appointment;

(3) create or modify a power of appointment if the powerholder is a current beneficiary of the first trust and the authorized fiduciary has expanded distributive discretion to distribute principal to the beneficiary; and

(4) create or modify a power of appointment if the powerholder is a presumptive remainder beneficiary or successor beneficiary of the first trust, but the exercise of the power may take effect only after the powerholder becomes, or would have become if then living, a current beneficiary.

(e) A power of appointment described in subsection (d)(1) through (4) of subsection (d) may be general or nongeneral. The class of permissible appointees in favor of which the power may be exercised may be broader than or different from the beneficiaries of the first trust.

(f) If an authorized fiduciary has expanded distributive discretion to distribute part but not all of the principal of a first trust, the fiduciary may exercise the decanting power under this Section over that part of the principal over which the authorized fiduciary has expanded distributive discretion.

Section 1212. Decanting power under limited distributive discretion.

(a) In this Section, "limited distributive discretion" means a discretion ary power of distribution that is limited to an ascertainable standard or a reasonably definite standard.

(b) An authorized fiduciary that has limited distributive discretion over the principal of the first trust for the benefit of one or more current beneficiaries may exercise the decanting power over the principal of the first trust.

(c) Under this Section and subject to Section 1214, a second trust may be created or administered under the law of any jurisdiction. Under this Section, the second trusts, in the aggregate, must grant each beneficiary of the first trust beneficial interests that are substantially similar to the beneficial interests of the beneficiary in the first trust.

(d) A power to make a distribution under a second trust for the benefit of a beneficiary who is an individual is substantially similar to a power under the first trust to make a distribution directly to the beneficiary. A distribution is for the benefit of a beneficiary if:

New matter indicated by italics - deletions by strikeout
(1) the distribution is applied for the benefit of the beneficiary;
(2) the beneficiary is incapacitated or in the opinion of the trustee is unable to manage property or business affairs, and the distribution is made as permitted under this Code; or
(3) the distribution is made as permitted under the terms of the first-trust instrument and the second-trust instrument for the benefit of the beneficiary.

(e) If an authorized fiduciary has limited distributive discretion over part but not all of the principal of a first trust, the fiduciary may exercise the decanting power under this Section over that part of the principal over which the authorized fiduciary has limited distributive discretion.

Section 1213. Trust for beneficiary with disability.
(a) In this Section:
   (1) "Beneficiary with a disability" means a beneficiary of the first trust who the special-needs fiduciary believes may qualify for governmental benefits based on disability, whether or not the beneficiary currently receives those benefits or is an individual who has been adjudicated incompetent.
   (2) "Best interests" of a beneficiary with a disability include, without limitation, consideration of the financial impact to the family of the beneficiary who has a disability.
   (3) "Governmental benefits" means financial aid or services from a state, federal, or other public agency.
   (4) "Special-needs fiduciary" means, with respect to a trust that has a beneficiary with a disability:
      (A) a trustee or other fiduciary, other than a settlor, that has discretion to distribute part or all of the principal of a first trust to one or more current beneficiaries;
      (B) if no trustee or fiduciary has discretion under subparagraph (A), a trustee or other fiduciary, other than a settlor, that has discretion to distribute part or all of the income of the first trust to one or more current beneficiaries; or
      (C) if no trustee or fiduciary has discretion under subparagraphs (A) and (B), a trustee or other fiduciary, other than a settlor, that is required to distribute part or all

of the income or principal of the first trust to one or more current beneficiaries.

(5) “Special-needs trust” means a trust the trustee believes would not be considered a resource for purposes of determining whether the beneficiary with a disability is eligible for governmental benefits.

(b) A special-needs fiduciary may exercise the decanting power under Section 1211 over the principal of a first trust as if the fiduciary had authority to distribute principal to a beneficiary with a disability subject to expanded distributive discretion if:

(1) a second trust is a special-needs trust that benefits the beneficiary with a disability; and

(2) the special-needs fiduciary determines that exercise of the decanting power will further the purposes of the first trust or the best interests of the beneficiary with a disability.

(c) In an exercise of the decanting power under this Section, the following rules apply:

(1) If the first trust was created by the beneficiary with a disability, or to the extent the first trust was funded by the beneficiary with a disability, then notwithstanding paragraph (2) of subsection (c) of Section 1211, the interest in the second trust of a beneficiary with a disability may:
   
   (A) be a pooled trust as defined by Medicaid law for the benefit of the beneficiary with a disability under 42 U.S.C. 1396p(d)(4)(C), as amended; or
   
   (B) contain payback provisions complying with reimbursement requirements of Medicaid law under 42 U.S.C. 1396p(d)(4)(A), as amended.

(2) Paragraph (3) of subsection (c) of Section 1211 does not apply to the interests of the beneficiary with a disability.

(3) Except as affected by any change to the interests of the beneficiary with a disability, the second trusts, in the aggregate, must grant each other beneficiary of the first trust beneficial interests in the second trusts that are substantially similar to the beneficiary's beneficial interests in the first trust.

Section 1214. Protection of charitable interests.

(a) In this Section:

(1) "Determinable charitable interest" means a charitable interest that is a right to a mandatory distribution currently, New matter indicated by italics - deletions by strikeout
periodically, on the occurrence of a specified event, or after the passage of a specified time and that is unconditional or that will in all events be held for charitable purposes.

(2) "Unconditional" means not subject to the occurrence of a specified event that is not certain to occur, other than a requirement in a trust instrument that a charitable organization be in existence or qualify under a particular provision of the Internal Revenue Code on the date of the distribution if the charitable organization meets the requirement on the date of determination.

(b) If a first trust contains a determinable charitable interest, the Attorney General has the rights of a qualified beneficiary and may represent and bind the charitable interest.

(c) If a first trust contains a charitable interest, the second trusts in the aggregate may not:

(1) diminish the charitable interest;
(2) diminish the interest of an identified charitable organization that holds the charitable interest;
(3) alter any charitable purpose stated in the first-trust instrument; or
(4) alter any condition or restriction related to the charitable interest.

(d) If there are 2 or more second trusts, the second trusts shall be treated as one trust for purposes of determining whether the exercise of the decanting power diminishes the charitable interest or diminishes the interest of an identified charitable organization for purposes of subsection (c).

(e) If a first trust contains a determinable charitable interest, the second trusts that include charitable interests pursuant to subsection (c) must be administered under the law of this State unless:

(1) the Attorney General, after receiving notice under Section 1207, fails to object in a signed record delivered to the authorized fiduciary within the notice period;
(2) the Attorney General consents in a signed record to the second trusts being administered under the law of another jurisdiction; or
(3) the court approves the exercise of the decanting power.

(f) This Article does not limit the powers and duties of the Attorney General under Illinois law.

Section 1215. Trust limitation on decanting.

New matter indicated by italics - deletions by strikeout
(a) An authorized fiduciary may not exercise the decanting power to the extent the first-trust instrument expressly prohibits exercise of:
   (1) the decanting power; or
   (2) a power granted by state law to the fiduciary to distribute part or all of the principal of the trust to another trust or to modify the trust.

(b) Exercise of the decanting power is subject to any restriction in the first-trust instrument that expressly applies to exercise of:
   (1) the decanting power; or
   (2) a power granted by state law to a fiduciary to distribute part or all of the principal of the trust to another trust or to modify the trust.

(c) A general prohibition of the amendment or revocation of a first trust, a spendthrift clause, or a clause restraining the voluntary or involuntary transfer of a beneficiary's interest does not preclude exercise of the decanting power.

(d) Subject to subsections (a) and (b), an authorized fiduciary may exercise the decanting power under this Article even if the first-trust instrument permits the authorized fiduciary or another person to modify the first-trust instrument or to distribute part or all of the principal of the first trust to another trust.

(e) If a first-trust instrument contains an express prohibition described in subsection (a) or an express restriction described in subsection (b), that provision must be included in the second-trust instrument.

Section 1216. Change in compensation.
(a) If a first-trust instrument specifies an authorized fiduciary's compensation, the fiduciary may not exercise the decanting power to increase the fiduciary's compensation beyond the specified compensation unless:
   (1) all qualified beneficiaries of the second trust consent to the increase in a signed record; or
   (2) the increase is approved by the court.

(b) If a first-trust instrument does not specify an authorized fiduciary's compensation, the fiduciary may not exercise the decanting power to increase the fiduciary's compensation above the compensation permitted by Section 708 unless:
   (1) all qualified beneficiaries of the second trust consent to the increase in a signed record; or

New matter indicated by italics - deletions by strikeout
(2) the increase is approved by the court.
(c) A change in an authorized fiduciary's compensation that is incidental to other changes made by the exercise of the decanting power is not an increase in the fiduciary's compensation for purposes of subsections (a) and (b).

Section 1217. Relief from liability and indemnification.
(a) Except as otherwise provided in this Section, a second-trust instrument may not relieve an authorized fiduciary from liability for breach of trust to a greater extent than the first-trust instrument.
(b) A second-trust instrument may provide for indemnification of an authorized fiduciary of the first trust or another person acting in a fiduciary capacity under the first trust for any liability or claim that would have been payable from the first trust if the decanting power had not been exercised.
(c) A second-trust instrument may not reduce fiduciary liability in the aggregate.
(d) Subject to subsection (c), a second-trust instrument may divide and reallocate fiduciary powers among fiduciaries, including one or more trustees, distribution advisors, investment advisors, trust protectors, or other persons, and relieve a fiduciary from liability for an act or failure to act of another fiduciary as permitted by law of this State other than this Article.

Section 1218. Removal or replacement of authorized fiduciary. An authorized fiduciary may not exercise the decanting power to modify a provision in the first-trust instrument granting another person power to remove or replace the fiduciary unless:
(1) the person holding the power consents to the modification in a signed record and the modification applies only to the person;
(2) the person holding the power and the qualified beneficiaries of the second trust consent to the modification in a signed record and the modification grants a substantially similar power to another person; or
(3) the court approves the modification and the modification grants a substantially similar power to another person.

Section 1219. Tax-related limitations.
(a) In this Section:
(1) "Grantor trust" means a trust as to which a settlor of a first trust is considered the owner under Sections 671 through 677

of the Internal Revenue Code or Section 679 of the Internal Revenue Code.

(2) "Nongrantor trust" means a trust that is not a grantor trust.

(3) "Qualified benefits property" means property subject to the minimum distribution requirements of Section 401(a)(9) of the Internal Revenue Code, and any applicable regulations, or to any similar requirements that refer to Section 401(a)(9) of the Internal Revenue Code or the regulations.

(b) An exercise of the decanting power is subject to the following limitations:

(1) If a first trust contains property that qualified, or would have qualified but for provisions of this Article other than this Section, for a marital deduction for purposes of the gift or estate tax under the Internal Revenue Code or a state gift, estate, or inheritance tax, the second-trust instrument must not include or omit any term that, if included in or omitted from the trust instrument for the trust to which the property was transferred, would have prevented the transfer from qualifying for the deduction, or would have reduced the amount of the deduction, under the same provisions of the Internal Revenue Code or state law under which the transfer qualified.

(2) If the first trust contains property that qualified, or would have qualified but for provisions of this Article other than this Section, for a charitable deduction for purposes of the income, gift, or estate tax under the Internal Revenue Code or a state income, gift, estate, or inheritance tax, the second-trust instrument must not include or omit any term that, if included in or omitted from the trust instrument for the trust to which the property was transferred, would have prevented the transfer from qualifying for the deduction, or would have reduced the amount of the deduction, under the same provisions of the Internal Revenue Code or state law under which the transfer qualified.

(3) If the first trust contains property that qualified, or would have qualified but for provisions of this Article other than this Section, for the exclusion from the gift tax described in Section 2503(b) of the Internal Revenue Code, the second-trust instrument must not include or omit a term that, if included in or omitted from the trust instrument for the trust to which the property

was transferred, would have prevented the transfer from qualifying under the same provision of Section 2503 of the Internal Revenue Code. If the first trust contains property that qualified, or would have qualified but for provisions of this Article other than this Section, for the exclusion from the gift tax described in Section 2503(b) of the Internal Revenue Code, by application of Section 2503(c) of the Internal Revenue Code, the second-trust instrument must not include or omit a term that, if included or omitted from the trust instrument for the trust to which the property was transferred, would have prevented the transfer from qualifying under Section 2503(c) of the Internal Revenue Code.

(4) If the property of the first trust includes shares of stock in an S corporation, as defined in Section 1361 of the Internal Revenue Code and the first trust is, or but for provisions of this Article other than this Section would be, a permitted shareholder under any provision of Section 1361 of the Internal Revenue Code, an authorized fiduciary may exercise the power with respect to part or all of the S-corporation stock only if any second trust receiving the stock is a permitted shareholder under Section 1361(c)(2) of the Internal Revenue Code. If the property of the first trust includes shares of stock in an S corporation and the first trust is, or but for provisions of this Article other than this Section, would be, a qualified subchapter-S trust within the meaning of Section 1361(d) of the Internal Revenue Code, the second-trust instrument must not include or omit a term that prevents the second trust from qualifying as a qualified subchapter-S trust.

(5) If the first trust contains property that qualified, or would have qualified but for provisions of this Article other than this Section, for a zero inclusion ratio for purposes of the generation-skipping transfer tax under Section 2642(c) of the Internal Revenue Code the second-trust instrument must not include or omit a term that, if included in or omitted from the first-trust instrument, would have prevented the transfer to the first trust from qualifying for a zero inclusion ratio under Section 2642(a) of the Internal Revenue Code.

(6) If the first trust is directly or indirectly the beneficiary of qualified benefits property, the second-trust instrument may not include or omit any term that, if included in or omitted from the first-trust instrument, would have increased the minimum

distributions required with respect to the qualified benefits property under Section 401(a)(9) of the Internal Revenue Code and any applicable regulations, or any similar requirements that refer to Section 401(a)(9) of the Internal Revenue Code or the regulations. If an attempted exercise of the decanting power violates the preceding sentence, the trustee is deemed to have held the qualified benefits property and any reinvested distributions of the property as a separate share from the date of the exercise of the power and Section 1222 applies to the separate share.

(7) If the first trust qualifies as a grantor trust because of the application of Section 672(f)(2)(A) of the Internal Revenue Code the second trust may not include or omit a term that, if included in or omitted from the first-trust instrument, would have prevented the first trust from qualifying under Section 672(f)(2)(A) of the Internal Revenue Code.

(8) In this paragraph (8), "tax benefit" means a federal or state tax deduction, exemption, exclusion, or other benefit not otherwise listed in this Section, except for a benefit arising from being a grantor trust. Subject to paragraph (9) of this subsection (b), a second-trust instrument may not include or omit a term that, if included in or omitted from the first-trust instrument, would have prevented qualification for a tax benefit if:

(A) the first-trust instrument expressly indicates an intent to qualify for the benefit or the first-trust instrument clearly is designed to enable the first trust to qualify for the benefit; and

(B) the transfer of property held by the first trust or the first trust qualified, or but for provisions of this Article other than this Section, would have qualified for the tax benefit.

(9) Subject to paragraph (4) of this subsection (b):

(A) except as otherwise provided in paragraph (7) of this subsection (b), the second trust may be a nongrantor trust, even if the first trust is a grantor trust; and

(B) except as otherwise provided in paragraph (10) of this subsection (b), the second trust may be a grantor trust, even if the first trust is a nongrantor trust.

New matter indicated by italics - deletions by strikeout
(10) An authorized fiduciary may not exercise the decanting power if a settlor objects in a signed record delivered to the fiduciary within the notice period and:

(A) the first trust and second trusts are both grantor trusts, in whole or in part, the first trust grants the settlor or another person the power to cause the second trust to cease to be a grantor trust, and the second trust does not grant an equivalent power to the settlor or other person; or

(B) the first trust is a nongrantor trust and the second trust is a grantor trust, in whole or in part, with respect to the settlor, unless:

(i) the settlor has the power at all times to cause the second trust to cease to be a grantor trust; or

(ii) the first-trust instrument contains a provision granting the settlor or another person a power that would cause the first trust to cease to be a grantor trust and the second-trust instrument contains the same provision.

Section 1220. Duration of second trust.

possession and control of the title insurance company, its assets, and assets held by it for any person for the purpose of examination, reorganization, or liquidation through receivership.

If, in addition to making a finding as provided in this subsection (b), the Secretary is of the opinion and finds that an emergency that may result in serious losses to any person exists, the Secretary may, in his or her discretion, without having given the notice provided for in this subsection, and whether or not proceedings under subsection (a) of this Section have been instituted or are then pending, take possession and control of the title insurance company and its assets for the purpose of examination, reorganization, or liquidation through receivership.

(c) The Secretary may take possession and control of a title insurance company, its assets, and assets held by it for any person by posting upon the premises of each office located in the State of Illinois at which it transacts its business as a title insurance company a notice reciting that the Secretary is assuming possession pursuant to this Act and the time when the possession shall be deemed to commence.

All persons who may have claims against the assets of the title insurance company, as distinguished from the assets of insureds and escrow depositors held by the title insurance company, and the receiver to whom those persons have presented their claims may present the claims to the clerk of the court, and the allowance or disallowance of the claims by the court in connection with the proceedings shall be deemed an adjudication in a court of competent jurisdiction. (j) The receiver for a title insurance company has the power and authority and is charged with the duties and responsibilities as follows:

(1) To take possession of and, for the purpose of the receivership, title to the books, records, and assets of every description of the title insurance company.

(2) To proceed to collect all debts, dues, and claims belonging to the title insurance company.

(3) To sell and compound all bad and doubtful debts on such terms as the court shall direct.

(4) To sell the real and personal property of the title insurance company, as distinguished from the real and personal property of the insureds or escrow depositors, on such terms as the court shall direct.

(5) To file with the Secretary a copy of each report that he or she makes to the court, together with such other reports and records as the Secretary may require.

(6) To sue and defend in his or her own name and with respect to the affairs, assets, claims, debts, and choses in action of the title insurance company.

(7) To surrender to the insureds and escrow depositors of the title insurance company, when requested in writing directed to the receiver by them, the escrowed funds (on a pro rata basis), and escrowed documents in the receiver's possession upon satisfactory proof of ownership and determination by the receiver of available escrow funds.

(8) To redeem or take down collateral hypothecated by the title insurance company to secure its notes and other evidence of indebtedness whenever the court deems it to be in the best interest of the creditors of the title insurance company and directs the receiver so to do.

(k) Whenever the receiver finds it necessary in his or her opinion to use and employ money of the title insurance company in order to protect fully and benefit the title insurance company by the purchase or redemption of property, real or personal, in which the title insurance company may have any rights by reason of any bond, mortgage, assignment, or other claim thereto, the receiver may certify the facts together with the receiver's opinions as to the value of the property involved and the value of the equity the title insurance company may have in the property to the court, together with a request for the right and authority to use and employ so much of the money of the title insurance company as may be necessary to purchase the property, or to redeem the property from a sale if there was a sale, and if the request is granted, the receiver may use so much of the money of the title insurance company as the court may have authorized to purchase the property at the sale.

The receiver shall deposit daily all moneys collected by him or her in any State or national bank approved by the court. The deposits shall be made in the name of the Secretary, in trust for the receiver, and be subject to withdrawal upon the receiver's order or upon the order of those persons the Secretary may designate. The moneys may be deposited without interest, unless otherwise agreed. The receiver shall do the things and take the steps from time to time under the direction and approval of the court that may reasonably appear to be necessary to conserve the title insurance company's assets and secure the best interests of the creditors, insureds, and escrow depositors of the title insurance company. The receiver shall record any judgment of dissolution entered in a dissolution proceeding and thereupon turn over to the Secretary a certified copy of the judgment.

The receiver may cause all assets of the insureds and escrow depositors of the title insurance company to be registered in the name of the receiver or in the name of the receiver's nominee.

For its services in administering the escrows held by the title insurance company during the period of winding up the affairs of the title insurance company, the receiver is entitled to be reimbursed for all costs and expenses incurred by the receiver and shall also be entitled to receive out of the assets of the individual escrows being administered by the receiver during the period of winding up the affairs of the title insurance company and prior to the appointment of a successor escrowee the usual and customary fees charged by an escrowee for escrows or reasonable fees approved by the court.

The receiver, during its administration of the escrows of the title insurance company during the winding up of the affairs of the title insurance company, shall have all of the powers that are vested in trustees under the terms and provisions of the Illinois Trust Code Trusts and Trustees Act.

Upon the appointment of a successor escrowee, the receiver shall deliver to the successor escrowee all of the assets belonging to each individual escrow to which the successor escrowee succeeds, and the receiver shall thereupon be relieved of any further duties or obligations with respect thereto.

(l) The receiver shall, upon approval by the court, pay all claims against the assets of the title insurance company allowed by the court pursuant to subsection (i) of this Section, as well as claims against the assets of insureds and escrow depositors of the title insurance company in accordance with the following priority:

(1) All necessary and reasonable expenses of the Secretary's possession and control and of its receivership shall be paid from the assets of the title insurance company.

(2) All usual and customary fees charged for services in administering escrows shall be paid from the assets of the individual escrows being administered. If the assets of the individual escrows being administered are insufficient, the fees shall be paid from the assets of the title insurance company.

(3) Secured claims, including claims for taxes and debts due the federal or any state or local government, that are secured by liens perfected prior to the date of filing of the complaint for

dissolution, shall be paid from the assets of the title insurance company.

(4) Claims by policyholders, beneficiaries, insureds, and escrow depositors of the title insurance company shall be paid from the assets of the insureds and escrow depositors. If there are insufficient assets of the insureds and escrow depositors, claims shall be paid from the assets of the title insurance company.

(5) Any other claims due the federal government shall be paid from the assets of the title insurance company.

(6) Claims for wages or salaries, excluding vacation, severance, and sick leave pay earned by employees for services rendered within 90 days prior to the date of filing of the complaint for dissolution, shall be paid from the assets of the title insurance company.

(7) All other claims of general creditors not falling within any priority under this subsection (I) including claims for taxes and debts due any state or local government which are not secured claims and claims for attorney's fees incurred by the title insurance company in contesting the dissolution shall be paid from the assets of the title insurance company.

(8) Proprietary claims asserted by an owner, member, or stockholder of the title insurance company in receivership shall be paid from the assets of the title insurance company.

The receiver shall pay all claims of equal priority according to the schedule set out in this subsection, and shall not pay claims of lower priority until all higher priority claims are satisfied. If insufficient assets are available to meet all claims of equal priority, those assets shall be distributed pro rata among those claims. All unclaimed assets of the title insurance company shall be deposited with the receiver to be paid out by him or her when such claims are submitted and allowed by the court.

(m) At the termination of the receiver's administration, the receiver shall petition the court for the entry of a judgment of dissolution. After a hearing upon the notice as the court may prescribe, the court may enter a judgment of dissolution whereupon the title insurance company's corporate existence shall be terminated and the receivership concluded.

(n) The receiver shall serve at the pleasure of the Secretary and upon the death, inability to act, resignation, or removal by the Secretary of a receiver, the Secretary may appoint a successor, and upon the
appointment, all rights and duties of the predecessor shall at once devolve upon the appointee.

(o) Whenever the Secretary shall have taken possession and control of a title insurance company or a title insurance agent and its assets for the purpose of examination, reorganization, or liquidation through receivership, or whenever the Secretary shall have appointed a receiver for a title insurance company or title insurance agent and filed a complaint for the dissolution or winding up of its affairs, and the title insurance company or title insurance agent denies the grounds for such actions, it may at any time within 10 days apply to the Circuit Court of Cook or Sangamon County to enjoin further proceedings in the premises; and the Court shall cite the Secretary to show cause why further proceedings should not be enjoined, and if the Court shall find that grounds do not exist, the Court shall make an order enjoining the Secretary or any receiver acting under his direction from all further proceedings on account of the alleged grounds.

Section 1606. The Illinois Funeral or Burial Funds Act is amended by changing Sections 4a and 5 as follows:

(225 ILCS 45/4a)

Sec. 4a. Investment of funds.

(a) A trustee has a duty to invest and manage the trust assets pursuant to the Illinois Prudent Investor Law Rule under Article 9 of the Illinois Trust Code.

(b) The trust shall be a single-purpose trust fund. In the event of the seller's bankruptcy, insolvency or assignment for the benefit of creditors, or an adverse judgment, the trust funds shall not be available to any creditor as assets of the seller or to pay any expenses of any bankruptcy or similar proceeding, but shall be distributed to the purchasers or managed for their benefit by the trustee holding the funds. Except in an action by the Comptroller to revoke a license issued pursuant to this Act and for creation of a receivership as provided in this Act, the trust shall not be subject to judgment, execution, garnishment, attachment, or other seizure by process in bankruptcy or otherwise, nor to sale, pledge, mortgage, or other alienation, and shall not be assignable except as approved by the Comptroller. The changes made by Public Act 91-7 are intended to clarify existing law regarding the inability of licensees to pledge the trust.

(c) Because it is not known at the time of deposit or at the time that income is earned on the trust account to whom the principal and the

accumulated earnings will be distributed for the purpose of determining the Illinois income tax due on these trust funds, the principal and any accrued earnings or losses related to each individual account shall be held in suspense until the final determination is made as to whom the account shall be paid. The beneficiary's estate shall not be responsible for any funeral and burial purchases listed in a pre-need contract if the pre-need contract is entered into on a guaranteed price basis.

If a pre-need contract is not a guaranteed price contract, then to the extent the proceeds of a non-guaranteed price pre-need contract cover the funeral and burial expenses for the beneficiary, no claim may be made against the estate of the beneficiary. A claim may be made against the beneficiary's estate if the charges for the funeral services and merchandise at the time of use exceed the amount of the amount in trust plus the percentage of the sale proceeds initially retained by the seller or the face value of the life insurance policy or tax-deferred annuity.

Section 1607. The Mental Health and Developmental Disabilities Code is amended by changing Sections 3-605, 5-105, and 3-819 as follows:

(405 ILCS 5/3-605) (from Ch. 91 1/2, par. 3-605)

Sec. 3-605. (a) In counties with a population of 3,000,000 or more, upon receipt of a petition and certificate prepared pursuant to this Article, the county sheriff of the county in which a respondent is found shall take a respondent into custody and transport him to a mental health facility, or may make arrangements with another public or private entity including a licensed ambulance service to transport the respondent to the mental health facility. In the event it is determined by such facility that the respondent is in need of commitment or treatment at another mental health facility, the county sheriff shall transport the respondent to the appropriate mental health facility, or the county sheriff may make arrangements with another public or private entity including a licensed ambulance service to transport the respondent to the mental health facility.

New matter indicated by italics - deletions by strikeout
(b) The county sheriff may delegate his duties under subsection (a) to another law enforcement body within that county if that law enforcement body agrees.

(b-5) In counties with a population under 3,000,000, upon receipt of a petition and certificate prepared pursuant to this Article, the Department shall make arrangements to appropriately transport the respondent to a mental health facility. In the event it is determined by the facility that the respondent is in need of commitment or treatment at another mental health facility, the Department shall make arrangements to appropriately transport the respondent to another mental health facility. The making of such arrangements and agreements with public or private entities is independent of the Department's role as a provider of mental health services and does not indicate that the respondent is admitted to any Department facility. In making such arrangements and agreements with other public or private entities, the Department shall include provisions to ensure (i) the provision of trained personnel and the use of an appropriate vehicle for the safe transport of the respondent and (ii) that the respondent's insurance carrier as well as other programs, both public and private, that provide payment for such transportation services are fully utilized to the maximum extent possible.

The Department may not make arrangements with an existing hospital or grant-in-aid or fee-for-service community provider for transportation services under this Section unless the hospital or provider has voluntarily submitted a proposal for its transportation services. This requirement does not eliminate or reduce any responsibility on the part of a hospital or community provider to ensure transportation that may arise independently through other State or federal law or regulation.

(c) The transporting authority acting in good faith and without negligence in connection with the transportation of respondents shall incur no liability, civil or criminal, by reason of such transportation.

(d) The respondent and the estate of that respondent are liable for the payment of transportation costs for transporting the respondent to a mental health facility. If the respondent is a beneficiary of a trust described in Section 1213.15-1 of the Illinois Trust Code Trusts and Trustees Act, the trust shall not be considered a part of the respondent's estate and shall not be subject to payment for transportation costs for transporting the respondent to a mental health facility under this Section except to the extent permitted under Section 1213.15-1 of the Illinois Trust Code Trusts and Trustees Act. If the respondent is unable to pay or if the estate of the
respondent is insufficient, the responsible relatives are severally liable for the payment of those sums or for the balance due in case less than the amount owing has been paid. If the respondent is covered by insurance, the insurance carrier shall be liable for payment to the extent authorized by the respondent's insurance policy.

Sec. 3-819. (a) In counties with a population of 3,000,000 or more, when a recipient is hospitalized upon court order, the order may authorize a relative or friend of the recipient to transport the recipient to the facility if such person is able to do so safely and humanely. When the Department indicates that it has transportation to the facility available, the order may authorize the Department to transport the recipient there. The court may order the sheriff of the county in which such proceedings are held to transport the recipient to the facility. When a recipient is hospitalized upon court order, and the recipient has been transported to a mental health facility, other than a state-operated mental health facility, and it is determined by the facility that the recipient is in need of commitment or treatment at another mental health facility, the court shall determine whether a relative or friend of the recipient or the Department is authorized to transport the recipient between facilities, or whether the county sheriff is responsible for transporting the recipient between facilities. The sheriff may make arrangements with another public or private entity including a licensed ambulance service to transport the recipient to the facility. The transporting entity acting in good faith and without negligence in connection with the transportation of recipients shall incur no liability, civil or criminal, by reason of such transportation.

(a-5) In counties with a population under 3,000,000, when a recipient is hospitalized upon court order, the order may authorize a relative or friend of the recipient to transport the recipient to the facility if the person is able to do so safely and humanely. The court may order the Department to transport the recipient to the facility. When a recipient is hospitalized upon court order, and the recipient has been transported to a mental health facility other than a State-operated mental health facility, and it is determined by the facility that the recipient is in need of commitment or treatment at another mental health facility, the court shall determine whether a relative or friend of the recipient is authorized to transport the recipient between facilities, or whether the Department is responsible for transporting the recipient between facilities. If the court

determines that the Department is responsible for the transportation, the
Department shall make arrangements either directly or through agreements
with another public or private entity, including a licensed ambulance
service, to appropriately transport the recipient to the facility. The making
of such arrangements and agreements with public or private entities is
independent of the Department's role as a provider of mental health
services and does not indicate that the recipient is admitted to any
Department facility. In making such arrangements and agreements with
other public or private entities, the Department shall include provisions to
ensure (i) the provision of trained personnel and the use of an appropriate
vehicle for the safe transport of the recipient and (ii) that the recipient's
insurance carrier as well as other programs, both public and private, that
provide payment for such transportation services are fully utilized to the
maximum extent possible.

The Department may not make arrangements with an existing
hospital or grant-in-aid or fee-for-service community provider for
transportation services under this Section unless the hospital or provider
has voluntarily submitted a proposal for its transportation services. This
requirement does not eliminate or reduce any responsibility on the part of a
hospital or community provider to ensure transportation that may arise
independently through other State or federal law or regulation.

A transporting entity acting in good faith and without negligence in
connection with the transportation of a recipient incurs no liability, civil or
criminal, by reason of that transportation.

(b) The transporting entity may bill the recipient, the estate of the
recipient, legally responsible relatives, or insurance carrier for the cost of
providing transportation of the recipient to a mental health facility. The
recipient and the estate of the recipient are liable for the payment of
transportation costs for transporting the recipient to a mental health
facility. If the recipient is a beneficiary of a trust described in Section 1213
+5.1 of the Illinois Trust Code Trusts and Trustees Act, the trust shall not
be considered a part of the recipient's estate and shall not be subject to
payment for transportation costs for transporting the recipient to a mental
health facility under this section, except to the extent permitted under
Section 1213 +5.1 of the Illinois Trust Code Trusts and Trustees Act. If the
recipient is unable to pay or if the estate of the recipient is insufficient, the
responsible relatives are severally liable for the payment of those sums or
for the balance due in case less than the amount owing has been paid. If

the recipient is covered by insurance, the insurance carrier shall be liable for payment to the extent authorized by the recipient's insurance policy.

(c) Upon the delivery of a recipient to a facility, in accordance with the procedure set forth in this Article, the facility director of the facility shall sign a receipt acknowledging custody of the recipient and for any personal property belonging to him, which receipt shall be filed with the clerk of the court entering the hospitalization order.

(405 ILCS 5/5-105) (from Ch. 91 1/2, par. 5-105)

Sec. 5-105. Each recipient of services provided directly or funded by the Department and the estate of that recipient is liable for the payment of sums representing charges for services to the recipient at a rate to be determined by the Department in accordance with this Act. If a recipient is a beneficiary of a trust described in Section 1213 15.1 of the Illinois Trust Code Trusts and Trustees Act, the trust shall not be considered a part of the recipient's estate and shall not be subject to payment for services to the recipient under this Section except to the extent permitted under Section 1213 15.1 of the Illinois Trust Code Trusts and Trustees Act. If the recipient is unable to pay or if the estate of the recipient is insufficient, the responsible relatives are severally liable for the payment of those sums or for the balance due in case less than the amount prescribed under this Act has been paid. If the recipient is under the age of 18, the recipient and responsible relative shall be liable for medical costs on a case-by-case basis for services for the diagnosis and treatment of conditions other than that child's disabling condition. The liability shall be the lesser of the cost of medical care or the amount of responsible relative liability established by the Department under Section 5-116. Any person 18 through 21 years of age who is receiving services under the Education for All Handicapped Children Act of 1975 (Public Law 94-142) or that person's responsible relative shall only be liable for medical costs on a case-by-case basis for services for the diagnosis and treatment of conditions other than the person's disabling condition. The liability shall be the lesser of the cost of medical care or the amount of responsible relative liability established by the Department under Section 5-116. In the case of any person who has received residential services from the Department, whether directly from the Department or through a public or private agency or entity funded by the Department, the liability shall be the same regardless of the source of services. The maximum services charges for each recipient assessed against responsible relatives collectively may not exceed financial liability.

determined from income in accordance with Section 5-116. Where the recipient is placed in a nursing home or other facility outside the Department, the Department may pay the actual cost of services in that facility and may collect reimbursement for the entire amount paid from the recipient or an amount not to exceed those amounts determined under Section 5-116 from responsible relatives according to their proportionate ability to contribute to those charges. The liability of each responsible relative for payment of services charges ceases when payments on the basis of financial ability have been made for a total of 12 years for any recipient, and any portion of that 12 year period during which a responsible relative has been determined by the Department to be financially unable to pay any services charges must be included in fixing the total period of liability. No child is liable under this Act for services to a parent. No spouse is liable under this Act for the services to the other spouse who willfully failed to contribute to the spouse's support for a period of 5 years immediately preceding his or her admission. Any spouse claiming exemption because of willful failure to support during any such 5 year period must furnish the Department with clear and convincing evidence substantiating the claim. No parent is liable under this Act for the services charges incurred by a child after the child reaches the age of majority. Nothing in this Section shall preclude the Department from applying federal benefits that are specifically provided for the care and treatment of a person with a disability toward the cost of care provided by a State facility or private agency.

Section 1608. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 513.5 as follows:

(750 ILCS 5/513.5)

Sec. 513.5. Support for a non-minor child with a disability.

(a) The court may award sums of money out of the property and income of either or both parties or the estate of a deceased parent, as equity may require, for the support of a child of the parties who has attained majority when the child is mentally or physically disabled and not otherwise emancipated. The sums awarded may be paid to one of the parents, to a trust created by the parties for the benefit of the non-minor child with a disability, or irrevocably to a special needs trust, established by the parties and for the sole benefit of the non-minor child with a disability, pursuant to subdivisions (d)(4)(A) or (d)(4)(C) of 42 U.S.C. 1396p, Section 1213 of the Illinois Trust Code. Act, and applicable provisions of the Social Security Administration Program Operating Manual System. An application for support for a non-minor disabled child may be made before or after the child has attained majority. Unless an application for educational expenses is made for a mentally or physically disabled child under Section 513, the disability that is the basis for the application for support must have arisen while the child was eligible for support under Section 505 or 513 of this Act.

(b) In making awards under this Section, or pursuant to a petition or motion to decrease, modify, or terminate any such award, the court shall consider all relevant factors that appear reasonable and necessary, including:

1. the present and future financial resources of both parties to meet their needs, including, but not limited to, savings for retirement;
2. the standard of living the child would have enjoyed had the marriage not been dissolved. The court may consider factors that are just and equitable;
3. the financial resources of the child; and
4. any financial or other resource provided to or for the child including, but not limited to, any Supplemental Security Income, any home-based support provided pursuant to the Home-Based Support Services Law for Mentally Disabled Adults, and any other State, federal, or local benefit available to the non-minor disabled child.

(c) As used in this Section:
A "disabled" individual means an individual who has a physical or mental impairment that substantially limits a major life activity, has a record of such an impairment, or is regarded as having such an impairment.
"Disability" means a mental or physical impairment that substantially limits a major life activity.

Section 1609. The Probate Act of 1975 is amended by changing Sections 2-7 and 28-8 as follows:
(755 ILCS 5/2-7) (from Ch. 110 1/2, par. 2-7)
Sec. 2-7. Disclaimer.
(a) Right to Disclaim Interest in Property. A person to whom any property or interest therein passes, by whatever means, may disclaim the property or interest in whole or in part by delivering or filing a written
disclaimer as hereinafter provided. A disclaimer may be of a fractional
share or undivided interest, a specifically identifiable asset, portion or
amount, any limited interest or estate or any property or interest derived
through right of survivorship. A powerholder, as that term is defined in
Section 103 of the Illinois Trust Code 102 of the Uniform Powers of
Appointment Act, with respect to property shall be deemed to be a holder
of an interest in such property.

The representative of a decedent or ward may disclaim on behalf of
the decedent or ward with leave of court. The court may approve the
disclaimer by a representative of a decedent if it finds that the disclaimer
benefits the estate as a whole and those interested in the estate generally
even if the disclaimer alters the distribution of the property, part or interest
disclaimed. The court may approve the disclaimer by a representative of a
ward if it finds that it benefits those interested in the estate generally and is
not materially detrimental to the interests of the ward. A disclaimer by a
representative of a decedent or ward may be made without leave of court if
a will or other instrument signed by the decedent or ward designating the
representative specifically authorizes the representative to disclaim
without court approval.

The right to disclaim granted by this Section exists irrespective of
any limitation on the interest of the disclaimant in the nature of a
spendthrift provision or similar restriction.

(b) Form of Disclaimer. The disclaimer shall (1) describe the
property or part or interest disclaimed, (2) be signed by the disclaimant or
his representative and (3) declare the disclaimer and the extent thereof.

(c) Delivery of Disclaimer. The disclaimer shall be delivered to the
transferor or donor or his representative, or to the trustee or other person
who has legal title to the property, part or interest disclaimed, or, if none of
the foregoing is readily determinable, shall be either delivered to a person
having possession of the property, part or interest or who is entitled thereto
by reason of the disclaimer, or filed or recorded as hereinafter provided. In
the case of an interest passing by reason of the death of any person, an
executed counterpart of the disclaimer may be filed with the clerk of the
circuit court in the county in which the estate of the decedent is
administered, or, if administration has not been commenced, in which it
could be commenced. If an interest in real property is disclaimed, an
executed counterpart of the disclaimer may be recorded in the office of the
recorder in the county in which the real estate lies, or, if the title to the real
estate is registered under "An Act concerning land titles", approved May 1,

New matter indicated by italics - deletions by strikeout
1897, as amended, may be filed in the office of the registrar of titles of such county.

(d) Effect of Disclaimer. Unless expressly provided otherwise in an instrument transferring the property or creating the interest disclaimed, the property, part or interest disclaimed shall descend or be distributed (1) if a present interest (a) in the case of a transfer by reason of the death of any person, as if the disclaimant had predeceased the decedent; (b) in the case of a transfer by revocable instrument or contract, as if the disclaimant had predeceased the date the maker no longer has the power to transfer to himself or another the entire legal and equitable ownership of the property or interest; or (c) in the case of any other inter vivos transfer, as if the disclaimant had predeceased the event that determines that the taker of the property or interest has become finally ascertained and his interest has become indefeasibly fixed both in quality and quantity; and in each case the disclaimer shall relate back to such date for all purposes.

A disclaimer of property or an interest in property shall not preclude any disclaimant from receiving the same property in another capacity or from receiving other interests in the property to which the disclaimer relates.

A disclaimer made pursuant to this Section shall be irrevocable and shall be binding upon the disclaimant and all persons claiming by, through or under the disclaimant.

(e) Waiver and Bar. The right to disclaim property or a part thereof or an interest therein shall be barred by (1) a judicial sale of the property, part or interest before the disclaimer is effected; (2) an assignment, conveyance, encumbrance, pledge, sale or other transfer of the property, part or interest, or a contract therefor, by the disclaimant or his representative; (3) a written waiver of the right to disclaim; or (4) an acceptance of the property, part or interest by the disclaimant or his representative. Any person may presume, in the absence of actual knowledge to the contrary, that a disclaimer delivered or filed as provided
in this Section is a valid disclaimer that is not barred by the preceding provisions of this paragraph.

A written waiver of the right to disclaim may be made by any person or his representative and an executed counterpart of a waiver of the right to disclaim may be recorded or filed, all in the same manner as provided in this Section with respect to a disclaimer.

In every case, acceptance must be affirmatively proved in order to constitute a bar to a disclaimer. An acceptance of property or an interest in property shall include the taking of possession, the acceptance of delivery or the receipt of benefits of the property or interest; except that (1) in the case of an interest in joint tenancy with right of survivorship such acceptance shall extend only to the fractional share of such property or interest determined by dividing the number one by the number of joint tenants, and (2) in the case of a ward, such acceptance shall extend only to property actually received by or on behalf of the ward or his representative during his minority or incapacity. The mere lapse of time or creation of an interest, in joint tenancy with right of survivorship or otherwise, with or without knowledge of the interest on the part of the disclaimant, shall not constitute acceptance for purposes of this Section.

This Section does not abridge the right of any person to assign, convey, release, renounce or disclaim any property or interest therein arising under any other statute or that arose under prior law.

Any interest in real or personal property that exists on or after the effective date of this Section may be disclaimed after that date in the manner provided herein, but no interest that has arisen prior to that date in any person other than the disclaimant shall be destroyed or diminished by any action of the disclaimant taken pursuant to this Section.

Section 1610. The Illinois Power of Attorney Act is amended by changing Section 3-4 as follows:

(755 ILCS 45/3-4) (from Ch. 110 1/2, par. 803-4)

Sec. 3-4. Explanation of powers granted in the statutory short form power of attorney for property. This Section defines each category of powers listed in the statutory short form power of attorney for property and the effect of granting powers to an agent, and is incorporated by reference into the statutory short form. Incorporation by reference does not require physical attachment of a copy of this Section 3-4 to the statutory short form power of attorney for property. When the title of any of the following categories is retained (not struck out) in a statutory property power form, the effect will be to grant the agent all of the principal's rights, powers and discretions with respect to the types of property and transactions covered by the retained category, subject to any limitations on the granted powers that appear on the face of the form. The agent will have authority to exercise each granted power for and in the name of the principal with respect to all of the principal's interests in every type of property or transaction covered by the granted power at the time of exercise, whether the principal's interests are direct or indirect, whole or fractional, legal, equitable or contractual, as a joint tenant or tenant in common or held in any other form; but the agent will not have power under any of the statutory categories (a) through (o) to make gifts of the principal's property, to exercise powers to appoint to others or to change any beneficiary whom the principal has designated to take the principal's interests at death under any will, trust, joint tenancy, beneficiary form or contractual arrangement. The agent will be under no duty to exercise granted powers or to assume control of or responsibility for the principal's property or affairs; but when granted powers are exercised, the agent will be required to act in good faith for the benefit of the principal using due care, competence, and diligence in accordance with the terms of the statutory property power and will be liable for negligent exercise. The agent may act in person or through others reasonably employed by the agent for that purpose and will have authority to sign and deliver all instruments, negotiate and enter into all agreements and do all other acts reasonably necessary to implement the exercise of the powers granted to the agent.

Section 1611. The Common Trust Fund Act is amended by changing Section 3 as follows:

(760 ILCS 45/3) (from Ch. 17, par. 2103)

Sec. 3. Establishment of common trust fund. Any bank or trust company may, at and during such time as it is qualified to act as a fiduciary in this State, establish, maintain, and administer one or more common trust funds for the purpose of furnishing investments to itself as a fiduciary, or to itself and another or others as co-fiduciaries. An investment in a common trust fund does not constitute an investment in the various securities composing the common trust fund, but is an investment in the fund as an entity. A bank or trust company, in its capacity as a fiduciary or co-fiduciary, whether that fiduciary capacity arose before or is created after this Act takes effect, may invest funds that it holds for investment in that capacity in interests in one or more common trust funds, subject to the following limitations:

(1) In the case of a fiduciary other than an administrator, the investment may be made in a common trust fund if such an investment is not expressly prohibited by the instrument, judgment, or order creating the fiduciary relationship, or by an amendment thereof, and if, under the instrument, judgment, or order creating the fiduciary relationship, or an amendment thereof, the funds so held for investment might properly be invested in an investment with the overall investment characteristics of the common trust fund, considered as an entity, and if, in the case of co-fiduciaries, the bank or trust company procures the consent of its co-fiduciary or co-fiduciaries to the investment in those interests. If the instrument creating the fiduciary relationship gives to the bank or trust company the exclusive right to select investments, the consent of the co-fiduciary shall not be required. Any person acting as co-fiduciary with any such bank or trust company is hereby authorized to consent to the investment in those interests.

(2) In the case of an administrator, the investment may be made upon approval by the court.

(3) A bank or trust company in establishing, maintaining and administering one or more common trust funds for the purpose

of furnishing investments to itself as fiduciary shall have a duty to invest and manage such common trust fund assets as follows:

(A) The bank or trust company has a duty to invest and manage common trust fund assets as a prudent investor would considering the purposes, terms, distribution requirements, and other circumstances of the common trust fund. This standard requires the exercise of reasonable care, skill, and caution and is to be applied to investments not in isolation, but in the context of the common trust fund portfolio as a whole and as a part of an overall investment strategy that should incorporate risk and return objectives reasonably suitable to the common trust fund.

(B) No specific investment or course of action is, taken alone, prudent or imprudent. The bank or trust company may invest in every kind of property and type of investment, subject to this Section. The bank or trust company's investment decisions and actions are to be judged in terms of the bank or trust company's reasonable business judgment regarding the anticipated effect on the common trust fund portfolio as a whole under the facts and circumstances prevailing at the time of the decision or action. The standard set forth in this paragraph (3) is a test of conduct and not of resulting performance.

(C) The circumstances that the bank or trust company may consider in making investment decisions include, without limitation, the general economic conditions, the possible effect of inflation, the role each investment or course of action plays within the overall portfolio, and the expected total return.

(D) The bank or trust company may invest and reinvest common trust fund assets in interests in any open-end or closed-end management type investment company or investment trust (hereafter referred to as a "mutual fund") registered under the Investment Company Act of 1940 or may retain, sell, or exchange those interests, provided that the portfolio of the mutual fund, as an entity, is appropriate under the provisions of this Act. The bank or trust company is not prohibited from investing, reinvesting, retaining, or exchanging as common fund assets any interests in any

New matter indicated by italics - deletions by strikeout
mutual fund for which the bank or trust company or an affiliate acts as advisor or manager solely on the basis that the bank or trust company (or its affiliate) provides services to the mutual fund and receives reasonable remuneration for those services. A bank or trust company or its affiliate is not required to reduce or waive its compensation for services provided in connection with the administration, investment, and management of the common trust fund or a participant in the common trust fund because the bank or trust company invests, reinvests, or retains common trust fund assets in a mutual fund, if the total compensation paid by a participant to the bank or trust company and its affiliates, directly or indirectly, including any common trust fund fees, mutual fund fees, advisory fees, and management fees, is reasonable. However, a bank or trust company may receive fees equal to the amount of those fees that would be paid to any other party under Securities and Exchange Commission Rule 12b-1.

(4) A bank or trust company may not delegate the investment functions of a common trust fund established or operating under Section 584 of the Internal Revenue Code pursuant to Section 807 5.1 of the Illinois Trust Code Trusts and Trustees Act except as authorized by the Bureau of the Comptroller of the Currency of the U. S. Department of the Treasury. A bank or trust company may hire one or more agents to give the trustee advice with respect to investments of a common trust fund and pay reasonable and appropriate compensation to the agent provided that the final investment decisions and the exclusive management of the common trust fund remain with the bank or trust company.

(5) On or after the effective date of this amendatory Act of 1991, this Section applies to all existing and future common trust funds, but only as to actions or inactions occurring after that effective date.

religious worship under any of the provisions of this Act or under any law of this State incorporating or for the incorporation of religious corporations or societies, may receive land by gift, legacy or purchase and make, erect, and build thereon such houses, buildings, or other improvements as may be necessary for the convenience, comfort and welfare of such church, congregation, society or corporation, and may lay out and maintain thereon a cemetery or cemeteries, or a burying ground or grounds and may maintain and build thereon schools, orphan asylums, or such other improvements or buildings as may be necessary for the educational, eleemosynary, cemetery and religious purposes of such congregation, church, society or corporation; but no such property shall be used except in the manner expressed in the gift, grant or legacy. However, this limitation on the disposition of real property does not apply to the extent that a restriction imposed by a donor on the use of an institutional fund may be released by the governing board of an institution under the Uniform Prudent Management of Institutional Funds Act. Or if no use or trust is so expressed, no such property shall be used except for the benefit of the congregation, corporation, church or society, for which it was intended, or for such religious, educational or eleemosynary purpose as may be approved by such congregation, church, society or corporation or the ecclesiastical body having jurisdiction or patronage of or charge over such congregation, corporation, church or society.

Any corporation, heretofore or hereafter formed for religious purposes under any of the provisions of this Act or under any other law of this State incorporating or for the incorporation of religious corporations or societies, which now or hereafter owns, operates, maintains or controls a cemetery or cemeteries, or a burial ground or grounds, is hereby authorized and empowered to accept by gift, grant, contribution, payment, or legacy, or pursuant to contract, any sum of money, funds, securities or property of any kind, or the income or avails thereof, and to hold the same in trust in perpetuity for the care of such cemetery or cemeteries, burial ground or grounds, or for the care of any lot, grave or crypt therein; or for the special care of any lot, grave or crypt or of any family mausoleum or memorial, marker, or monument in such cemetery or cemeteries, burial ground or grounds. No gift, grant, legacy, payment or other contribution shall be invalid by reason of any indefiniteness or uncertainty as to the beneficiary designated in the instrument creating the gift, grant, legacy, payment or other contribution. If any gift, grant, legacy, payment or other contribution consists of non-income producing property, such corporation

is authorized and empowered to sell such property and to invest the funds obtained in accordance with the provisions of the Uniform Prudent Management of Institutional Funds Act, or the provisions of the next succeeding paragraph.

The trust funds authorized by this Section shall be held intact and, unless otherwise restricted by the terms of the gift, grant, legacy, contribution, payment, contract or other payment shall be invested, from time to time reinvested, and kept invested by such corporation in such investments as are authorized by the Uniform Prudent Management of Institutional Funds Act; and according to such standards as are prescribed; for trustees under that Act and the Illinois Trust Code "Trusts and Trustees Act", approved September 10, 1973, as amended, and the net income only from such investments shall be allocated and used for the purposes set forth in the paragraph immediately preceding; but the trust funds authorized by this Section may be commingled and may also be commingled with any other trust funds received by such corporation for the care of the cemetery or cemeteries, or burial ground or grounds, or for the care or special care of any lot, grave, crypt, private mausoleum, memorial, marker, or monument whether received by gift, grant, legacy, contribution, payment, contract or other conveyance heretofore or hereafter made to such corporation.

The trust funds authorized by this Section, and the income therefrom, shall be exempt from taxation and exempt from the operation of the laws against perpetuities and accumulations.

Section 1613. The Illinois Pre-Need Cemetery Sales Act is amended by changing Section 16 as follows:

(a) A trustee shall make no disbursements from the trust fund except as provided in this Act.

(b) A trustee has a duty to invest and manage the trust assets pursuant to the Illinois Prudent Investor Law Rule under Article 9 of the Illinois Trust Code "Trusts and Trustees Act. Whenever the seller changes trustees pursuant to this Act, the trustee must provide written notice of the change in trustees to the Comptroller no less than 28 days prior to the effective date of such a change in trustee. The trustee has an ongoing duty to provide the Comptroller with a current and true copy of the trust agreement under which the trust funds are held pursuant to this Act.

New matter indicated by italics - deletions by strikeout
(c) The trustee may rely upon certifications and affidavits made to it under the provisions of this Act, and shall not be liable to any person for such reliance.

(d) A trustee shall be allowed to withdraw from the trust funds maintained pursuant to this Act a reasonable fee pursuant to the *Illinois Trust Code*.

(e) The trust shall be a single-purpose trust fund. In the event of the seller's bankruptcy, insolvency or assignment for the benefit of creditors, or an adverse judgment, the trust funds shall not be available to any creditor as assets of the seller or to pay any expenses of any bankruptcy or similar proceeding, but shall be distributed to the purchasers or managed for their benefit by the trustee holding the funds. Except in an action by the Comptroller to revoke a license issued pursuant to this Act and for creation of a receivership as provided in this Act, the trust shall not be subject to judgment, execution, garnishment, attachment, or other seizure by process in bankruptcy or otherwise, nor to sale, pledge, mortgage, or other alienation, and shall not be assignable except as approved by the Comptroller. The changes made by this amendatory Act of the 91st General Assembly are intended to clarify existing law regarding the inability of licensees to pledge the trust.

(f) Because it is not known at the time of deposit or at the time that income is earned on the trust account to whom the principal and the accumulated earnings will be distributed, for purposes of determining the Illinois Income Tax due on these trust funds, the principal and any accrued earnings or losses relating to each individual account shall be held in suspense until the final determination is made as to whom the account shall be paid.

(g) A trustee shall at least annually furnish to each purchaser a statement identifying: (1) the receipts, disbursements, and inventory of the trust, including an explanation of any fees or expenses charged by the trustee under paragraph (d) of this Section or otherwise, (2) an explanation of the purchaser's right to a refund, if any, under this Act, and (3) the primary regulator of the trust as a corporate fiduciary under state or federal law.

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 16-150.1 and 16-203 as follows:

(40 ILCS 5/16-150.1)

New matter indicated by italics - deletions by strikeout
Sec. 16-150.1. Return to teaching in subject shortage area.

(a) As used in this Section, "eligible employment" means employment beginning on or after July 1, 2003 and ending no later than June 30, 2019, in a subject shortage area at a qualified school, in a position requiring certification under the law governing the certification of teachers.

As used in this Section, "qualified school" means a public elementary or secondary school that meets all of the following requirements:

(1) At the time of hiring a retired teacher under this Section, the school is experiencing a shortage of teachers in the subject shortage area for which the teacher is hired.

(2) The school district to which the school belongs has complied with the requirements of subsection (e), and the regional superintendent has certified that compliance to the System.

(3) If the school district to which the school belongs provides group health benefits for its teachers generally, substantially similar health benefits are made available for teachers participating in the program under this Section, without any limitations based on pre-existing conditions.

(b) An annuitant receiving a retirement annuity under this Article (other than a disability retirement annuity) may engage in eligible employment at a qualified school without impairing his or her retirement status or retirement annuity, subject to the following conditions:

(1) the eligible employment does not begin within the school year during which service was terminated;

(2) the annuitant has not received any early retirement incentive under Section 16-133.3, 16-133.4, or 16-133.5;

(3) if the annuitant retired before age 60 and with less than 34 years of service, the eligible employment does not begin within the year following the effective date of the retirement annuity;

(4) if the annuitant retired at age 60 or above or with 34 or more years of service, the eligible employment does not begin within the 90 days following the effective date of the retirement annuity; and

(5) before the eligible employment begins, the employer notifies the System in writing of the annuitant's desire to participate in the program established under this Section.

New matter indicated by italics - deletions by strikeout
(c) An annuitant engaged in eligible employment in accordance with subsection (b) shall be deemed a participant in the program established under this Section for so long as he or she remains employed in eligible employment.

(d) A participant in the program established under this Section continues to be a retirement annuitant, rather than an active teacher, for all of the purposes of this Code, but shall be deemed an active teacher for other purposes, such as inclusion in a collective bargaining unit, eligibility for group health benefits, and compliance with the laws governing the employment, regulation, certification, treatment, and conduct of teachers.

With respect to an annuitant's eligible employment under this Section, neither employee nor employer contributions shall be made to the System and no additional service credit shall be earned. Eligible employment does not affect the annuitant's final average salary or the amount of the retirement annuity.

(e) Before hiring a teacher under this Section, the school district to which the school belongs must do the following:

(1) If the school district to which the school belongs has honorably dismissed, within the calendar year preceding the beginning of the school term for which it seeks to employ a retired teacher under the program established in this Section, any teachers who are legally qualified to hold positions in the subject shortage area and have not yet begun to receive their retirement annuities under this Article, the vacant positions must first be tendered to those teachers.

(2) For a period of at least 90 days during the 6 months preceding the beginning of either the fall or spring term for which it seeks to employ a retired teacher under the program established in this Section, the school district must, on an ongoing basis, both (i) advertise its vacancies in the subject shortage area in a newspaper of general circulation in the area in which the school is located and in employment bulletins published by college and university placement offices located near the school; and (ii) search for teachers legally qualified to fill those vacancies through the Illinois Education Job Bank.

The school district must submit documentation of its compliance with this subsection to the regional superintendent. Upon receiving satisfactory documentation from the school district, the regional

superintendent shall certify the district's compliance with this subsection to the System.

(f) This Section applies without regard to whether the annuitant was in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

(40 ILCS 5/16-203)

Sec. 16-203. Application and expiration of new benefit increases.
(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 95-910, Public Act 100-23, Public Act 100-587, Public Act 100-743, Public Act 100-769, or this amendatory Act of the 101st General Assembly or by this amendatory Act of the 100th General Assembly.
(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.
(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

New matter indicated by italics - deletions by strikeout
(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

New matter indicated by italics - deletions by strikeout
(1) Over 200,000 people in the State of Illinois have epilepsy.

(2) Epilepsy is the fourth most common neurological disorder in the United States, after migraines, strokes, and Alzheimer's disease.

(3) The prevalence of epilepsy is greater than autism spectrum disorder, cerebral palsy, multiple sclerosis, and Parkinson's disease combined.

(4) One-third of people with epilepsy live with uncontrollable seizures.

(5) Fifty thousand people die from epilepsy-related causes in the United States every year.

(6) Federal law affords people with epilepsy specific rights and protections. These laws include Section 504 of the Rehabilitation Act of 1973, the Individuals with Disabilities Education Improvement Act of 2004, the Americans with Disabilities Act of 1990, and the ADA Amendments Act of 2008.

Section 10. Definitions. In this Act:

"Delegated care aide" means a school employee or paraprofessional who has agreed to receive training in epilepsy and assist a student in implementing his or her seizure action plan and who has entered into an agreement with a parent or guardian of that student.

"School" means any primary or secondary public, charter, or nonpublic school located in this State.

"School employee" means a person who is employed by a school district or school as a nurse, principal, administrator, guidance counselor, or teacher, a person who is employed by a local health department and assigned to a school, or a person who contracts with a school or school district to perform services in connection with a student's seizure action plan. This definition may not be interpreted to require a school district, charter school, or nonpublic school to hire additional personnel for the sole purpose of the personnel to serve as a delegated care aide.

"Seizure action plan" means a document that specifies the services needed by a student with epilepsy at school and at school-sponsored activities and delegates to a delegated care aide the authority to provide and supervise these services.

Section 15. Seizure action plan.

(a) For a student with epilepsy, a seizure action plan shall serve as the basis of the student's federal Section 504 plan and must be signed by
the student's parent or guardian if the student seeks assistance with epilepsy-related care in a school setting. If the student has been managing his or her epilepsy care in a school setting before the effective date of this Act, the student's parent or guardian may sign and submit a seizure action plan with the student's school. It is the responsibility of the student's parent or guardian to share the health care provider's instructions on the student's epilepsy management during the school day, including a copy of any prescriptions and the methods of administering those prescriptions.

(b) The services and accommodations specified in a seizure action plan must be reasonable, reflect the current best practice guidelines of seizure-management care, and include appropriate safeguards to ensure the proper disposal of used equipment and medication.

(c) A seizure action plan must be submitted to the student's school (i) at the beginning of the school year, (ii) upon enrollment, as soon practicable following the student's diagnosis, or (iii) when a student's care needs change during the school year. A student's parent or guardian is responsible for informing the school, in a timely manner, of any changes to the student's seizure action plan and emergency contact information.

Section 20. Delegated care aides.

(a) A delegated care aide shall perform the activities and tasks necessary to assist a student with epilepsy in accordance with the student's seizure action plan.

(b) The principal of a school shall facilitate the school's compliance with the provisions of a student's seizure action plan.

Section 25. Training for school employees and delegated care aides.

(a) During an inservice training workshop under Section 3-11 of the School Code, all school employees shall receive training in the basics of seizure recognition and first aid and appropriate emergency protocols. The training must be fully consistent with the best practice guidelines issued by the Centers for Disease Control and Prevention.

(b) In a school in which at least one student with epilepsy is enrolled, a delegated care aide must be trained to perform the tasks necessary to assist the student in accordance with his or her seizure action plan.

(c) The training of a delegated care aide must be provided by a licensed health care provider with an expertise in epilepsy or an epilepsy educator who has successfully completed the relevant curricula offered by the Centers for Disease Control and Prevention.

(d) If applicable, a seizure action plan must be provided to any school employee who transports a student with epilepsy to a school-sponsored activity.

Section 30. Self-management. In accordance with his or her seizure action plan, a student must be permitted to possess on his or her person, at all times, the supplies, equipment, and medication necessary to treat epilepsy.

Section 35. Restricting access to school prohibited. A school district may not restrict the assignment of a student with epilepsy to a particular school on the basis that the school does not have a full-time school nurse, and a school may not deny a student access to the school or any school-related activity on the basis that the student has epilepsy.

Section 40. Protection against retaliation. A school employee may not be subject to any penalty, sanction, reprimand, discharge, demotion, denial of a promotion, withdrawal of benefits, or other disciplinary action for choosing not to volunteer to serve as a delegated care aide.

Section 45. Immunity.

(a) A school or a school employee who is in compliance with Section 25 of this Act is not liable for civil or other damages as a result of conduct, other than willful or wanton misconduct, related to the care of a student with epilepsy.

(b) A school employee may not be subject to any disciplinary proceeding resulting from an action taken in compliance with this Act, unless the action constitutes willful or wanton misconduct.

Section 90. The School Code is amended by changing Section 27A-5 as follows:

(105 ILCS 5/27A-5)

Sec. 27A-5. Charter school; legal entity; requirements.

(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation
of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) For purposes of this subsection (d), "non-curricular health and safety requirement" means any health and safety requirement created by statute or rule to provide, maintain, preserve, or safeguard safe or healthful conditions for students and school personnel or to eliminate, reduce, or prevent threats to the health and safety of students and school personnel. "Non-curricular health and safety requirement" does not include any course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be

updated annually no later than September 1. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies; however, a charter school is not exempt from the following:

1. Sections 10-21.9 and 34-18.5 of this Code regarding criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database of applicants for employment;
2. Sections 10-20.14, 10-22.6, 24-24, 34-19, and 34-84a of this Code regarding discipline of students;

(15) Section 22-30 of this Code; and:
(16) The Seizure Smart School Act.

The change made by Public Act 96-104 to this subsection (g) is declaratory of existing law.

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. However, a charter school that is established on or after April 16, 2003 (the effective date of Public Act 93-3) and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on April 16, 2003 (the effective date of Public Act 93-3) and concludes at the end of the 2004-2005 school year. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for

Any services for which a charter school contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.

(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

(k) If the charter school is approved by the Commission, then the Commission charter school is its own local education agency.

Section 5. The Illinois Horse Racing Act of 1975 is amended by changing Sections 26 and 27 as follows:

(230 ILCS 5/26) (from Ch. 8, par. 37-26)
Sec. 26. Wagering.
(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any un cashed supplements contributed by such licensee for the purpose of guaranteeing minimum

distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.
An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after August 15, 2014 (the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after August 15, 2014 (the effective date of Public Act 98-968), on horse races conducted at race tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning August 15, 2015 (one year after the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate

simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, through December 31, 2020, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance

deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to June 7, 2013 (the effective date of Public Act 98-18) taken in reliance on the changes made to this subsection (g) by Public Act 98-18 are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all

organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an inter-track wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an inter-track wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an inter-track wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any inter-track wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the

privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each inter-track wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the takeout percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall

be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Effective January 1, 2017, notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license.

(7.1) Notwithstanding any other provision of this Act to the contrary, if no standardbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during that calendar year shall be paid as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with other moneys paid into that Fund. The moneys deposited pursuant to this subparagraph (B) shall be allocated as provided by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board.

(7.2) Notwithstanding any other provision of this Act to the contrary, if no thoroughbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from

simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 a.m. and 6:30 p.m. during that calendar year shall be deposited as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be deposited into its standardbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund. Moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be paid to Illinois conceived and foaled thoroughbred breeders' programs and to thoroughbred purses for races conducted at any county fairgrounds for Illinois conceived and foaled horses at the discretion of the Department of Agriculture, with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board. The moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to thoroughbred purses under this Act, and shall not be commingled with other moneys deposited into that Fund.

(8) Notwithstanding any provision in this Act to the contrary, an organization licensee from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River and its affiliated non-host licensees shall not be entitled to share in any retention generated on racing, inter-track wagering, or simulcast wagering at any other Illinois wagering facility.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2
organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

(12) The Board shall have authority to compel all host tracks to receive the simulcast of any or all races conducted at the Springfield or DuQuoin State fairgrounds and include all such races as part of their simulcast programs.

(13) Notwithstanding any other provision of this Act, in the event that the total Illinois pari-mutuel handle on Illinois horse races at all wagering facilities in any calendar year is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at all such wagering facilities for calendar year 1994, then each wagering facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph

(13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may receive inter-track wagering location licenses.

An eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 9 inter-track wagering locations, an eligible race track located in Stickney Township in Cook County may establish up to 16 inter-track wagering locations, and an eligible race track located in Palatine Township in Cook County may establish up to 18 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued,
the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 160 miles of that race track where the particular organization licensee is licensed to conduct racing. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission

statements shall be filed with the Board. The distance of 500 feet
shall be measured to the nearest part of any building used for
worship services, education programs, residential purposes, or
conducting inter-track wagering by an inter-track wagering location
licensee, and not to property boundaries. However, inter-track
wagering or simulcast wagering may be conducted at a site within
500 feet of a church, school or residences of 50 or more registered
voters if such church, school or residences have been erected or
established, or such voters have been registered, after the Board
issues the original inter-track wagering location license at the site
in question. Inter-track wagering location licensees may conduct
inter-track wagering and simulcast wagering only in areas that are
zoned for commercial or manufacturing purposes or in areas for
which a special use has been approved by the local zoning
authority. However, no license to conduct inter-track wagering and
simulcast wagering shall be granted by the Board with respect to
any inter-track wagering location within the jurisdiction of any
local zoning authority which has, by ordinance or by resolution,
prohibited the establishment of an inter-track wagering location
within its jurisdiction. However, inter-track wagering and
simulcast wagering may be conducted at a site if such ordinance or
resolution is enacted after the Board licenses the original inter-
track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track
wagering location licensee may retain, subject to the payment of
the privilege taxes and the purses, an amount not to exceed 17% of
all money wagered. Each program of racing conducted by each
inter-track wagering licensee or inter-track wagering location
licensee shall be considered a separate racing day for the purpose
of determining the daily handle and computing the privilege tax or
pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of
this Act, inter-track wagering location licensees shall pay 1% of the
pari-mutuel handle at each location to the municipality in which
such location is situated and 1% of the pari-mutuel handle at each
location to the county in which such location is situated. In the
event that an inter-track wagering location licensee is situated in an
unincorporated area of a county, such licensee shall pay 2% of the

pari-mutuel handle from such location to such county. *Inter-track wagering location licensees must pay the handle percentage required under this paragraph to the municipality and county no later than the 20th of the month following the month such handle was generated.*

(10.2) Notwithstanding any other provision of this Act, with respect to inter-track wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes, and the costs and expenses in connection with the gathering, transmission, and dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an inter-track wagering licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the Illinois organization licensee that provides the race or races, and an inter-track wagering licensee that

Sec. 27. (a) In addition to the organization license fee provided by
this Act, until January 1, 2000, a graduated privilege tax is hereby imposed
for conducting the pari-mutuel system of wagering permitted under this
Act. Until January 1, 2000, except as provided in subsection (g) of Section
27 of this Act, all of the breakage of each racing day held by any licensee
in the State shall be paid to the State. Until January 1, 2000, such daily
graduated privilege tax shall be paid by the licensee from the amount
permitted to be retained under this Act. Until January 1, 2000, each day's
graduated privilege tax, breakage, and Horse Racing Tax Allocation funds
shall be remitted to the Department of Revenue within 48 hours after the
close of the racing day upon which it is assessed or within such other time
as the Board prescribes. The privilege tax hereby imposed, until January 1,
2000, shall be a flat tax at the rate of 2% of the daily pari-mutuel handle
except as provided in Section 27.1.

In addition, every organization licensee, except as provided in
Section 27.1 of this Act, which conducts multiple wagering shall pay, until
January 1, 2000, as a privilege tax on multiple wagers an amount equal to

other multiple wager which involves a single betting interest on 3 or more
horses. The licensee shall remit the amount of such taxes to the
Department of Revenue within 48 hours after the close of the racing day
on which it is assessed or within such other time as the Board prescribes.

This subsection (a) shall be inoperative and of no force and effect

imposed on advance deposit wagering. Until August 25, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering by Public Act 96-972 shall be deposited into the Quarter Horse Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board for grants to thoroughbred organization licensees for payment of purses for quarter horse races conducted by the organization licensee. Beginning on August 26, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering shall be deposited into the Standardbred Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board, for grants to the standardbred organization licensees for payment of purses for standardbred horse races conducted by the organization licensee. Thoroughbred organization licensees may petition the Board to conduct quarter horse racing and receive purse grants from the Quarter Horse Purse Fund. The Board shall have complete discretion in distributing the Quarter Horse Purse Fund to the petitioning organization licensees. Beginning on July 26, 2010 (the effective date of Public Act 96-1287), a pari-mutuel tax at the rate of 0.75% of the daily pari-mutuel handle is imposed at a pari-mutuel facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. The pari-mutuel tax imposed by this subsection (a-5) shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes.

(b) On or before December 31, 1999, in the event that any organization licensee conducts 2 separate programs of races on any day, each such program shall be considered a separate racing day for purposes of determining the daily handle and computing the privilege tax on such daily handle as provided in subsection (a) of this Section.

(c) Licensees shall at all times keep accurate books and records of all monies wagered on each day of a race meeting and of the taxes paid to the Department of Revenue under the provisions of this Section. The Board or its duly authorized representative or representatives shall at all reasonable times have access to such records for the purpose of examining and checking the same and ascertaining whether the proper amount of taxes is being paid as provided. The Board shall require verified reports and a statement of the total of all monies wagered daily at each wagering facility upon which the taxes are assessed and may prescribe forms upon which such reports and statement shall be made.

(d) Any licensee failing or refusing to pay the amount of any tax due under this Section shall be guilty of a business offense and upon conviction shall be fined not more than $5,000 in addition to the amount found due as tax under this Section. (e) No other license fee, privilege tax, excise tax, or racing fee, except as provided in this Act, shall be assessed or collected from any such licensee by the State.

(f) No other license fee, privilege tax, excise tax or racing fee shall be assessed or collected from any such licensee by units of local government except as provided in paragraph 10.1 of subsection (h) and subsection (f) of Section 26 of this Act. However, any municipality that has a Board licensed horse race meeting at a race track wholly within its corporate boundaries or a township that has a Board licensed horse race meeting at a race track wholly within the unincorporated area of the township may charge a local amusement tax not to exceed 10¢ per admission to such horse race meeting by the enactment of an ordinance. (g) Notwithstanding any provision in this Act to the contrary, if in any calendar year the total taxes and fees required to be collected from licensees and distributed under this Act to all State and local governmental authorities exceeds the amount of such taxes and fees distributed to each State and local governmental authority to which each State and local governmental authority was entitled under this Act for calendar year 1994, then the first $11 million of that excess amount shall be allocated at the earliest possible date for distribution as purse money for the succeeding calendar year. Upon reaching the 1994 level, and until the excess amount

of taxes and fees exceeds $11 million, the Board shall direct all licensees to cease paying the subject taxes and fees and the Board shall direct all licensees to allocate any such excess amount for purses as follows:

(i) the excess amount shall be initially divided between thoroughbred and standardbred purses based on the thoroughbred's and standardbred's respective percentages of total Illinois live wagering in calendar year 1994;

(ii) each thoroughbred and standardbred organization licensee issued an organization licensee in that succeeding allocation year shall be allocated an amount equal to the product of its percentage of total Illinois live thoroughbred or standardbred wagering in calendar year 1994 (the total to be determined based on the sum of 1994 on-track wagering for all organization licensees issued organization licenses in both the allocation year and the preceding year) multiplied by the total amount allocated for standardbred or thoroughbred purses, provided that the first $1,500,000 of the amount allocated to standardbred purses under item (i) shall be allocated to the Department of Agriculture to be expended with the assistance and advice of the Illinois Standardbred Breeders Funds Advisory Board for the purposes listed in subsection (g) of Section 31 of this Act, before the amount allocated to standardbred purses under item (i) is allocated to standardbred organization licensees in the succeeding allocation year.

To the extent the excess amount of taxes and fees to be collected and distributed to State and local governmental authorities exceeds $11 million, that excess amount shall be collected and distributed to State and local authorities as provided for under this Act.

(a) A member who has at least 18 months of creditable service and who becomes physically or mentally incapacitated to perform the duties of his position shall receive a temporary disability benefit, provided that:

(1) the agency responsible for determining the liability of the State (i) has formally denied all employer-paid temporary total disability benefits under the Workers' Compensation Act or the Workers' Occupational Diseases Act and an appeal of that denial is pending before the Illinois Workers' Compensation Commission, or (ii) has granted and then terminated for any reason an employer-paid temporary total disability benefit and the member has filed a petition for an emergency hearing under Section 19(b) or Section 19(b-1) of the Workers' Compensation Act or Section 19(b) or Section 19(b-1) of the Workers' Occupational Diseases Act; and

(2) application is made not later than (i) 12 months after the date that the disability results in loss of pay, and (ii) 12 months after the date the agency responsible for determining the liability of the State under the Workers' Compensation Act or Workers' Occupational Diseases Act has formally denied or terminated the employer-paid temporary total disability benefit; and (iii) in the case of termination of an employer-paid temporary total disability benefit, 12 months after the effective date of this amendatory Act of 1995, whichever occurs last; and

(3) proper proof is received from one or more licensed health care professionals physicians designated by the Board certifying that the member is mentally or physically incapacitated.

(b) In the case of a denial of benefits, the temporary disability benefit shall begin to accrue on the 31st day of absence from work on account of disability, but the benefit shall not become actually payable to the member until the expiration of 31 days from the day upon which the member last received or had a right to receive any compensation.

In the case of termination of an employer-paid temporary total disability benefit, the temporary disability benefit under this Section shall be calculated from the day following the date of termination of the employer-paid benefit or the 31st day of absence from work on account of disability, whichever is later, but shall not become payable to the member until (i) the member's right to an employer-paid temporary total disability benefit is denied as a result of the emergency hearing held under Section 19(b) or Section 19(b-1) of the Workers' Compensation Act or Section 19(b) or Section 19(b-1) of the Workers' Occupational Diseases Act or (ii)
the expiration of 30 days from the date of termination of the employer-paid benefit, whichever occurs first. If a terminated employer-paid temporary total disability benefit is resumed or replaced with another employer-paid disability benefit and the resumed or replacement benefit is later terminated and the member again files a petition for an emergency hearing under Section 19(b) or Section 19(b-1) of the Workers' Compensation Act or Section 19(b) or Section 19(b-1) of the Workers' Occupational Diseases Act, the member may again become eligible to receive a temporary disability benefit under this Section. The waiting period before the temporary disability benefit under this Section becomes payable applies each time that the benefit is reinstated.

The benefit shall continue to accrue until the first of the following events occurs:

1. the disability ceases;
2. the member engages in gainful employment;
3. the end of the month in which the member attains age 65, in the case of benefits commencing prior to attainment of age 60;
4. the end of the month following the fifth anniversary of the effective date of the benefit in the case of benefits commencing on or after attainment of age 60;
5. the end of the month in which the death of the member occurs;
6. the end of the month in which the aggregate period for which temporary disability payments have been made becomes equal to 1/2 of the member's total period of creditable service, not including the time for which he has received a temporary disability benefit or nonoccupational disability benefit; for purposes of this item (6) only, in the case of a member to whom Section 14-108.2a or 14-108.2b applies and who, at the time disability commences, is performing services for the Illinois Department of Public Health or the Department of State Police relating to the transferred functions referred to in that Section and has less than 10 years of creditable service under this Article, the member's "total period of creditable service" shall be augmented by an amount equal to (i) one half of the member's period of creditable service in the Fund established under Article 8 (excluding any creditable service over 20 years), minus (ii) the amount of the member's creditable service under this Article;

(7) a payment is made on the member's claim pursuant to a
determination made by the agency responsible for determining the
liability of the State under the Workers' Compensation Act or the
Workers' Occupational Diseases Act;
(8) a final determination is made on the member's claim by
the Illinois Workers' Compensation Commission.
(c) The temporary disability benefit shall be 50% of the member's
final average compensation at the date of disability.

If a covered employee is eligible under the Social Security Act for
a disability benefit before attaining the Social Security full retirement age
65, or a retirement benefit on or after attaining the Social Security full
retirement age 65, then the amount of the member's temporary disability
benefit shall be reduced by the amount of primary benefit the member is
eligible to receive under the Social Security Act, whether or not such
eligibility came about as the result of service as a covered employee under
this Article. The Board may make such reduction pending a determination
of eligibility if it appears that the employee may be so eligible, and shall
make an appropriate adjustment if necessary after such determination has
been made. The amount of temporary disability benefit payable under this
Article shall not be reduced by reason of any increase in benefits payable
under the Social Security Act which occurs after the reduction required by
this paragraph has been applied. As used in this subsection, "Social
Security full retirement age" means the age at which an individual is
eligible to receive full Social Security retirement benefits.

(d) The temporary disability benefit provided under this Section is
intended as a temporary payment of occupational or nonoccupational
disability benefit, whichever is appropriate, in cases in which the
occupational or nonoccupational character of the disability has not been
finally determined.

When an employer-paid disability benefit is paid or resumed, the
Board shall calculate the benefit that is payable under Section 14-123 and
shall deduct from the benefit payable under Section 14-123 the amounts
already paid under this Section; those amounts shall then be treated as if
they had been paid under Section 14-123.

When a final determination of the character of the disability has
been made by the Illinois Workers' Compensation Commission, or by
settlement between the parties to the disputed claim, the Board shall
calculate the benefit that is payable under Section 14-123 or 14-124,
whichever is applicable, and shall deduct from such benefit the amounts

already paid under this Section; such amounts shall then be treated as if they had been paid under such Section 14-123 or 14-124.

(e) Any excess benefits paid under this Section shall be subject to recovery by the System from benefits payable under the Workers' Compensation Act or the Workers' Occupational Diseases Act or from third parties as provided in Section 14-129, or from any other benefits payable either to the member or on his behalf under this Article. A member who accepts benefits under this Section acknowledges and authorizes these recovery rights of the System.

(f) Service credits under the State Universities Retirement System and the Teachers' Retirement System of the State of Illinois shall be considered for the purposes of determining temporary disability benefit eligibility under this Section, and for determining the total period of time for which such benefits are payable.

(g) The Board shall prescribe rules and regulations governing the filing of claims for temporary disability benefits, and the investigation, control and supervision of such claims.

(h) References in this Section to employer-paid benefits include benefits paid for by the State, either directly or through a program of insurance or self-insurance, whether paid through the member's own department or through some other department or entity; but the term does not include benefits paid by the System under this Article.

(3) the disability resulted from a cause other than an injury or illness sustained in connection with the member's performance of duty as a State employee;

(4) the member has been granted a leave of absence for disability at the time of commencement of disability. Renewal of a disability leave of absence shall not be required for the continued payment of benefits; and

New matter indicated by italics - deletions by strikeout
(5) the member has used all accumulated sick leave available at the beginning of the leave of absence for disability.

The benefit shall begin to accrue on the latest of (i) the 31st day of absence from work on account of disability (including any periods of such absence for which sick pay was received); or (ii) the day following the day on which the member last receives or has a right to receive any compensation as an employee, including any sick pay; or (iii) if application by the member is delayed more than 90 days after the member's name is removed from the payroll, the date application is received by the system. The benefit shall continue to accrue until the first of the following to occur:

(a) the date on which disability ceases;
(b) the end of the month in which the member attains age 65 in the case of benefits commencing prior to attainment of age 60;
(c) the end of the month following the fifth anniversary of the effective date of the benefit, or of the temporary disability benefit if one was received, in the case of benefits commencing on or after attainment of age 60;
(d) the end of the month in which the aggregate period for which non-occupational disability and temporary disability benefit payments have been made becomes equal to 1/2 of the member's total period of creditable service, not including the time during which he has received a temporary disability benefit or nonoccupational disability benefit; for purposes of this item (d) only, in the case of a member to whom Section 14-108.2a or 14-108.2b applies and who, at the time disability commences, is performing services for the Illinois Department of Public Health or the Department of State Police relating to the transferred functions referred to in that Section and has less than 10 years of creditable service under this Article, the member's "total period of creditable service" shall be augmented by an amount equal to (i) one half of the member's period of creditable service in the Fund established under Article 8 (excluding any creditable service over 20 years), minus (ii) the amount of the member's creditable service under this Article;
(e) the date on which the member engages in gainful employment;

New matter indicated by italics - deletions by strikeout
(f) the end of the month in which the death of the member occurs.

If disability has ceased and the member again becomes disabled within 60 days from date of resumption of State employment, and if the disability is due to the same cause for which he received nonoccupational disability benefit immediately preceding such reentry into service, the 30 days waiting period prescribed for the receipt of benefits is waived as to such new period of disability.

A member shall be considered disabled only when the board has received:

(a) a written certificate by one or more licensed *health care professionals* and *practicing physicians* designated by the board, certifying that the member is disabled and unable properly to perform the duties of his position at the time of disability; and

(b) the employee certifies that he is not and has not been engaged in gainful employment.

The board shall prescribe rules and regulations governing the filing of claims for nonoccupational disability benefits, and the investigation, control and supervision of such claims.

Service credits under the State Universities Retirement System and the Teachers' Retirement System of the State of Illinois shall be considered for the purposes of nonoccupational disability benefit eligibility under this Article and for the total period of time for which such benefits are payable.

The Board may make such reduction if it appears that the employee may be so eligible pending determination of eligibility and make an appropriate adjustment if necessary after such determination. The amount of any nonoccupational disability benefit payable under this Article shall not be reduced by reason of any increase under the Federal Social Security Act which occurs after the offset required by this Section is first applied to that benefit.

Service credit shall also be granted him during any such periods of disability for all purposes of this Article except for measuring the duration of nonoccupational and temporary disability benefits. Section 5. The Illinois Insurance Code is amended by changing Sections 534.3, 537.6, 537.7, 538.3, 538.4, and 545 and by adding Section 538.9 as follows:

(215 ILCS 5/534.3) (from Ch. 73, par. 1065.84-3)
Sec. 534.3. Covered claim; unearned premium defined.

(a) "Covered claim" means an unpaid claim for a loss arising out of and within the coverage of an insurance policy to which this Article applies and which is in force at the time of the occurrence giving rise to the unpaid claim, including claims presented during any extended discovery period which was purchased from the company before the entry of a liquidation order or which is purchased or obtained from the liquidator after the entry of a liquidation order, made by a person insured

under such policy or by a person suffering injury or damage for which a person insured under such policy is legally liable, and for unearned premium, if:

(i) The company issuing the policy becomes an insolvent company as defined in Section 534.4 after the effective date of this Article; and

(ii) The claimant or insured is a resident of this State at the time of the insured occurrence, or the property from which a first party claim for damage to property arises is permanently located in this State or, in the case of an unearned premium claim, the policyholder is a resident of this State at the time the policy was issued; provided, that for entities other than an individual, the residence of a claimant, insured, or policyholder is the state in which its principal place of business is located at the time of the insured event.

(b) "Covered claim" does not include:

(i) any amount in excess of the applicable limits of liability provided by an insurance policy to which this Article applies; nor

(ii) any claim for punitive or exemplary damages or fines and penalties paid to government authorities; nor

(iii) any first party claim by an insured who is an affiliate of the insolvent company; nor

(iv) any first party or third party claim by or against an insured whose net worth on December 31 of the year next preceding the date the insurer becomes an insolvent insurer exceeds $25,000,000; provided that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its affiliates as calculated on a consolidated basis. However, this exclusion shall not apply to third party claims against the insured where the insured has applied for or consented to the appointment of a receiver, trustee, or liquidator for all or a substantial part of its assets, filed a voluntary petition in bankruptcy, filed a petition or an answer seeking a reorganization or arrangement with creditors or to take advantage of any insolvency law, or if an order, judgment, or decree is entered by a court of competent jurisdiction, on the application of a creditor, adjudicating the insured bankrupt or insolvent or approving a petition seeking reorganization of the insured or of all or substantial part of its assets; nor
(v) any claim for any amount due any reinsurer, insurer, insurance pool, or underwriting association as subrogated recoveries, reinsurance recoverables, contribution, indemnification or otherwise. No such claim held by a reinsurer, insurer, insurance pool, or underwriting association may be asserted in any legal action against a person insured under a policy issued by an insolvent company other than to the extent such claim exceeds the Fund obligation limitations set forth in Section 537.2 of this Code.

(c) "Unearned Premium" means the premium for the unexpired period of a policy which has been terminated prior to the expiration of the period for which premium has been paid and does not mean premium which is returnable to the insured for any other reason.

(215 ILCS 5/537.6) (from Ch. 73, par. 1065.87-6)

Sec. 537.6. Allocation of claims; assessments. The Fund shall allocate covered claims paid and expenses incurred between the accounts established by Section 535 separately, and assess member companies separately for each account amounts necessary to pay the obligations of the Fund under Section 537.2 subsequent to the entry of an Order of Liquidation against an insolvent company, the expenses of handling covered claims subsequent to such Order of Liquidation and other expenses authorized by this Article. The assessments of each member company shall be in the proportion that the net direct written premiums of the member company for the calendar year immediately preceding the year in which the assessment is levied on the kinds of insurance in the account bears to the net direct written premiums of all member companies for such preceding calendar year on the kinds of insurance in the account. Each member company shall be notified of the assessment not later than 30 days before it is due. Before January 1, 2002, no member company may be assessed in any year on any account an amount greater than 1% of that member company's net direct written premiums on the kinds of insurance in the account for the calendar year preceding the assessment. Beginning January 1, 2002, the amount a member company may be assessed in any year on any account shall be a maximum of 2% of that member company's net direct written premium on the kinds of insurance in the account for the calendar year preceding the assessment. This 2% maximum shall apply regardless of the date of any insolvency that gives rise to the need for the assessment. If the maximum assessment, together with the other assets of the Fund in any account, does not provide, in any one year, in any account,

an amount sufficient to make all necessary payments from that account, the funds available shall be paid in the manner determined by the Fund and approved by the Director and the unpaid portion shall be paid as soon thereafter as funds become available. If requested by a member company, the Director may exempt or defer the assessment of any member company, if the assessment would cause the member company's financial impairment.

In addition to the other assessment authority provided in this Section, the board of directors shall also have the assessment authority to pay off a loan as provided in Section 538.3. If a loan is projected to be outstanding for 3 years or more, then the board of directors shall have the authority to increase the assessment to 3% of the net direct written premiums for the previous year until the loan has been paid in full.

(b) The Fund shall not be bound by a settlement, release, compromise, waiver, or final judgment executed or entered within 12 months prior to an order of liquidation and shall have the right to assert all defenses available to the Fund including, but not limited to, defenses applicable to determining and enforcing its statutory rights and obligations to any claim. The Fund shall be bound by a settlement, release, compromise, waiver, or final judgment executed or entered more than 12 months prior to an order of liquidation, but only however, if the claim is a covered claim and the settlement, release, compromise, waiver, or final judgment was not a result of fraud, collusion, default, or failure to defend. In addition, with respect to covered claims arising from a judgment under a decision, verdict, or finding based on the default of the insolvent insurer or its failure to defend, upon application by the Fund, either on its own behalf or on behalf of an insured, the court shall set aside the judgment, order, decision, verdict, or finding, and the Fund shall be permitted to defend against the claim on the merits. (215 ILCS 5/538.9 new)

Sec. 538.9. Action regarding insolvent company records.

(a) In this Section, "claims information" includes files, records, and electronic data.

(b) The Fund may bring an action against any third-party administrator, agent, attorney, or other representative of the insolvent insurer to obtain custody and control of all claims information related to an insolvent company that are appropriate or necessary for the Fund or a similar association in other states to carry out its duties under this Article. In such an action, the Fund shall have the absolute right through emergency equitable relief to obtain custody and control of such claims information in possession of such third-party administrator, agent,
attorney or other representative of the insolvent insurer, regardless of
where that claims information may be physically located. In bringing an
action under this Section, the Fund shall not be subject to any defense,
lien (possessorly or otherwise), or other legal or equitable ground
whatsoever for refusal to surrender such claims information that might be
asserted against the liquidator of the insolvent insurers. To the extent that
litigation is required for the Fund to obtain custody and control of the
claims information requested and it results in the relinquishment of claims
information to the Fund after refusal to provide that information in
response to a written demand, the court shall award the Fund its costs,
expenses, and reasonable attorney's fees incurred in bringing the action.
This Section shall have the same effect on the rights and remedies that the
custodian of such claims information may have against the insolvent
insurers, so long as these rights and remedies do not conflict with the
rights of the Fund to custody and control of the claims information under
this Article.

(215 ILCS 5/545) (from Ch. 73, par. 1065.95)
Sec. 545. Effect of paid claims.
(a) Every insured or claimant seeking the protection of this Article
shall cooperate with the Fund to the same extent as such person would
have been required to cooperate with the insolvent company. The Fund
shall have all the rights, duties and obligations under the policy to the
extent of the covered claim payment, provided the Fund shall have no
cause of action against the insured of the insolvent company for any sums
it has paid out except such causes of action as the insolvent company
would have had if such sums had been paid by the insolvent company and
except as provided in subsection paragraph (d) of this Section. Any person
recovering under this Article and any insured whose liabilities are
satisfied under this Article shall be deemed to have assigned the person's
or insured's rights under the policy to the Fund to the extent of his or her
recovery or satisfaction obtained from the Fund's payments.

(b) The Fund and any similar organization in another state shall be
recognized as claimants in the liquidation of an insolvent company for any
amounts paid by them on covered claims obligations as determined under
this Article or similar laws in other states and shall receive dividends at the
priority set forth in paragraph (d) of subsection (1) of Section 205 of this
Code; provided that if, at the time that the liquidator issues a cut-off notice
to the Fund in anticipation of closing the estate, a reserve has been
established by the Fund, or any similar organization in another state, for

New matter indicated by italics - deletions by strikeout
the amount of their future administrative expenses and loss development associated with unpaid reported pending claims, these reserves will be deemed to have been paid as of the date of the notice and payment shall be made accordingly. The liquidator of an insolvent company shall be bound by determinations of covered claim eligibility under the Act and by settlements of claims made by the Fund or a similar organization in another state on the receipt of certification of such payments, to the extent those determinations or settlements satisfy obligations of the Fund, but the receiver shall not be bound in any way by those determinations or settlements to the extent that there remains a claim in the estate for amounts in excess of the payments by the Fund. In submitting their claim for covered claim payments the Fund and any similar organization in another state shall not be subject to the requirements of Sections 208 and 209 of this Code and shall not be affected by the failure of the person receiving a covered claim payment to file a proof of claim.

(c) The expenses of the Fund and of any similar organization in any other state, other than expenses incurred in the performance of duties under Section 547 or similar duties under the statute governing a similar organization in another state, shall be accorded priority over all claims against the estate, except as provided for in paragraph (a) of subsection (1) of Section 205 of this Code. The liquidator shall make prompt reimbursement to the Fund and any similar organization for such expense payments.

(d) The Fund has the right to recover from the following persons the amount of any covered claims (as determined without regard to the exemption in paragraph (iv) of subsection (b) of Section 534.3) and allocated claims expenses which the Fund paid or incurred on behalf of such person in satisfaction, in whole or in part, of liability obligations of such person to any other person:

(i) any insured whose net worth on December 31 of the year next preceding the date the company becomes an insolvent company exceeds $25,000,000; provided that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its affiliates as calculated on a consolidated basis.

(ii) any insured who is an affiliate of the insolvent company.

The Fund may also, at its sole discretion and without assumption of any ongoing duty to do so, pay any workers compensation claims or any

other third-party claims covered by a policy of an insolvent company on behalf of a high net worth insured as defined in paragraph (iv) of subsection (b) of Section 534.3. AN ACT concerning minors.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Child Care Act of 1969 is amended by changing Sections 2.17 and 4 as follows:

(225 ILCS 10/2.17) (from Ch. 23, par. 2212.17)

Sec. 2.17. "Foster family home" means a facility for child care in residences of families who receive no more than 6 children unrelated to them, unless all the children are of common parentage, or residences of relatives who receive no more than 6 related children placed by the Department, unless the children are of common parentage, for the purpose of providing family care and training for the children on a full-time basis, except the Director of Children and Family Services, pursuant to Department regulations, may waive the numerical limitation of foster children who may be cared for in a foster family home for any of the following reasons to allow: (1) a parenting youth in foster care to remain with the child of the parenting youth; (2) siblings to remain together; (3) a child with an established meaningful relationship with the family to remain with the family; or (4) a family with special training or skills to provide care to a child who has a severe disability. The family's or relative's own children, under 18 years of age, shall be included in determining the maximum number of children served. For purposes of this Section, a "relative" includes any person, 21 years of age or over, other than the parent, who (i) is currently related to the child in any of the following ways by blood or adoption: grandparent, sibling, great-grandparent, uncle, aunt, nephew, niece, first cousin, great-uncle, or great-aunt; or (ii) is the spouse of such a relative; or (iii) is a child's step-father, step-mother, or adult step-brother or step-sister; or (iv) is a fictive kin; "relative" also includes a person related in any of the foregoing ways to a sibling of a child, even though the person is not related to the child, when the child and its sibling are placed together with that person. For purposes of placement of children pursuant to Section 7 of the Children and Family Services Act and for purposes of licensing requirements set forth in Section 4 of this Act, for children under the custody or guardianship of the Department pursuant to the Juvenile Court

Act of 1987, after a parent signs a consent, surrender, or waiver or after a parent's rights are otherwise terminated, and while the child remains in the custody or guardianship of the Department, the child is considered to be related to those to whom the child was related under this Section prior to the signing of the consent, surrender, or waiver or the order of termination of parental rights. The term "foster family home" includes homes receiving children from any State-operated institution for child care; or from any agency established by a municipality or other political subdivision of the State of Illinois authorized to provide care for children outside their own homes. The term "foster family home" does not include an "adoption-only home" as defined in Section 2.23 of this Act. The types of foster family homes are defined as follows:

(a) "Boarding home" means a foster family home which receives payment for regular full-time care of a child or children.

(b) "Free home" means a foster family home other than an adoptive home which does not receive payments for the care of a child or children.

(c) "Adoptive home" means a foster family home which receives a child or children for the purpose of adopting the child or children, but does not include an adoption-only home.

(d) "Work-wage home" means a foster family home which receives a child or children who pay part or all of their board by rendering some services to the family not prohibited by the Child Labor Law or by standards or regulations of the Department prescribed under this Act. The child or children may receive a wage in connection with the services rendered the foster family.

(e) "Agency-supervised home" means a foster family home under the direct and regular supervision of a licensed child welfare agency, of the Department of Children and Family Services, of a circuit court, or of any other State agency which has authority to place children in child care facilities, and which receives no more than 8 children, unless of common parentage, who are placed and are regularly supervised by one of the specified agencies.

(f) "Independent home" means a foster family home, other than an adoptive home, which receives no more than 4 children, unless of common parentage, directly from parents, or other legally responsible persons, by independent arrangement and which is not subject to direct and regular supervision of a specified agency except as such supervision pertains to licensing by the Department.

Sec. 4. License requirement; application; notice.

(a) Any person, group of persons or corporation who or which receives children or arranges for care or placement of one or more children unrelated to the operator must apply for a license to operate one of the types of facilities defined in Sections 2.05 through 2.19 and in Section 2.22 of this Act. Any relative, as defined in Section 2.17 of this Act, who receives a child or children for placement by the Department on a full-time basis may apply for a license to operate a foster family home as defined in Section 2.17 of this Act.

(a-5) Any agency, person, group of persons, association, organization, corporation, institution, center, or group providing adoption services must be licensed by the Department as a child welfare agency as defined in Section 2.08 of this Act. "Providing adoption services" as used in this Act, includes facilitating or engaging in adoption services.

(b) Application for a license to operate a child care facility must be made to the Department in the manner and on forms prescribed by it. An application to operate a foster family home shall include, at a minimum: a completed written form; written authorization by the applicant and all adult members of the applicant's household to conduct a criminal background investigation; medical evidence in the form of a medical report, on forms prescribed by the Department, that the applicant and all members of the household are free from communicable diseases or physical and mental conditions that affect their ability to provide care for the child or children; the names and addresses of at least 3 persons not related to the applicant who can attest to the applicant's moral character; the name and address of at least one relative who can attest to the applicant's capability to care for the child or children; and fingerprints submitted by the applicant and all adult members of the applicant's household.

(b-5) Prior to submitting an application for a foster family home license, a quality of care concerns applicant as defined in Section 2.22a of this Act must submit a preliminary application to the Department in the manner and on forms prescribed by it. The Department shall explain to the quality of care concerns applicant the grounds for requiring a preliminary application. The preliminary application shall include a list of (i) all children placed in the home by the Department who were removed by the
Department for reasons other than returning to a parent and the circumstances under which they were removed and (ii) all children placed by the Department who were subsequently adopted by or placed in the private guardianship of the quality of care concerns applicant who are currently under 18 and who no longer reside in the home and the reasons why they no longer reside in the home. The preliminary application shall also include, if the quality of care concerns applicant chooses to submit, (1) a response to the quality of care concerns, including any reason the concerns are invalid, have been addressed or ameliorated, or no longer apply and (2) affirmative documentation demonstrating that the quality of care concerns applicant's home does not pose a risk to children and that the family will be able to meet the physical and emotional needs of children. The Department shall verify the information in the preliminary application and review (i) information regarding any prior licensing complaints, (ii) information regarding any prior child abuse or neglect investigations, and (iii) information regarding any involuntary foster home holds placed on the home by the Department. Foster home applicants with quality of care concerns are presumed unsuitable for future licensure.

Notwithstanding the provisions of this subsection (b-5), the Department may make an exception and issue a foster family license to a quality of care concerns applicant if the Department is satisfied that the foster family home does not pose a risk to children and that the foster family will be able to meet the physical and emotional needs of children. In making this determination, the Department must obtain and carefully review all relevant documents and shall obtain consultation from its Clinical Division as appropriate and as prescribed by Department rule and procedure. The Department has the authority to deny a preliminary application based on the record of quality of care concerns of the foster family home. In the alternative, the Department may (i) approve the preliminary application, (ii) approve the preliminary application subject to obtaining additional information or assessments, or (iii) approve the preliminary application for purposes of placing a particular child or children only in the foster family home. If the Department approves a preliminary application, the foster family shall submit an application for licensure as described in subsection (b) of this Section. The Department shall notify the quality of care concerns applicant of its decision and the basis for its decision in writing.

(c) The Department shall notify the public when a child care institution, maternity center, or group home licensed by the Department

undergoes a change in (i) the range of care or services offered at the facility, (ii) the age or type of children served, or (iii) the area within the facility used by children. The Department shall notify the public of the change in a newspaper of general circulation in the county or municipality in which the applicant's facility is or is proposed to be located.

(d) If, upon examination of the facility and investigation of persons responsible for care of children and, in the case of a foster home, taking into account information obtained for purposes of evaluating a preliminary application, if applicable, the Department is satisfied that the facility and responsible persons reasonably meet standards prescribed for the type of facility for which application is made, it shall issue a license in proper form, designating on that license the type of child care facility and, except for a child welfare agency, the number of children to be served at any one time.

(e) The Department shall not issue or renew the license of any child welfare agency providing adoption services, unless the agency (i) is officially recognized by the United States Internal Revenue Service as a tax-exempt organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law) and (ii) is in compliance with all of the standards necessary to maintain its status as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law). The Department shall grant a grace period of 24 months from the effective date of this amendatory Act of the 94th General Assembly for existing child welfare agencies providing adoption services to obtain 501(c)(3) status. The Department shall permit an existing child welfare agency that converts from its current structure in order to be recognized as a 501(c)(3) organization as required by this Section to either retain its current license or transfer its current license to a newly formed entity, if the creation of a new entity is required in order to comply with this Section, provided that the child welfare agency demonstrates that it continues to meet all other licensing requirements and that the principal officers and directors and programs of the converted child welfare agency or newly organized child welfare agency are substantially the same as the original. The Department shall have the sole discretion to grant a one year extension to any agency unable to obtain 501(c)(3) status within the timeframe specified in this subsection (e), provided that such agency has filed an application for 501(c)(3) status with the Internal Revenue Service within the 2-year timeframe specified in this subsection (e).

Section 10. The Juvenile Court Act of 1987 is amended by changing Section 2-28 as follows:

Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him into court and require him or his agency, to make a full and accurate report of his or its doings in behalf of the minor. The custodian or guardian, within 10 days after such citation, or earlier if the court determines it to be necessary to protect the health, safety, or welfare of the minor, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(1.5) The public agency that is the custodian or guardian of the minor shall file a written report with the court no later than 15 days after a minor in the agency's care remains:

(1) in a shelter placement beyond 30 days;
(2) in a psychiatric hospital past the time when the minor is clinically ready for discharge or beyond medical necessity for the minor's health; or
(3) in a detention center or Department of Juvenile Justice facility solely because the public agency cannot find an appropriate placement for the minor.

The report shall explain the steps the agency is taking to ensure the minor is placed appropriately, how the minor's needs are being met in the minor's shelter placement, and if a future placement has been identified by the Department, why the anticipated placement is appropriate for the needs of the minor and the anticipated placement date.

(1.6) Within 35 days after placing a child in its care in a qualified residential treatment program, as defined by the federal Social Security Act, the Department of Children and Family Services shall file a written report with the court and send copies of the report to all parties. Within 20 days of the filing of the report, the court shall hold a hearing to consider the Department's report and determine whether placement of the child in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and if the placement is consistent with the short-term and long-term goals for the child, as specified in the permanency plan for the child. The court shall approve or disapprove the placement. If applicable, the requirements of Sections 2-27.1 and 2-27.2 must also be met. The Department's written report and the court's written determination shall be included in and made part of the case plan for the child. If the child remains placed in a qualified residential treatment program, the Department shall submit evidence at each status and permanency hearing:

(1) demonstrating that on-going assessment of the strengths and needs of the child continues to support the determination that the child's needs cannot be met through placement in a foster family home, that the placement provides the most effective and appropriate level of care for the child in the least restrictive, appropriate environment, and that the placement is consistent with the short-term and long-term permanency goal for the child, as specified in the permanency plan for the child;

(2) documenting the specific treatment or service needs that should be met for the child in the placement and the length of time the child is expected to need the treatment or services; and

(3) the efforts made by the agency to prepare the child to return home or to be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12
months from the date temporary custody was taken, regardless of whether an adjudication or dispositional hearing has been completed within that time frame, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court's determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the agency's service plan, the agency shall also include a report setting forth (i) any special physical, psychological, educational, medical, emotional, or other needs of the minor or his or her family that are relevant to a permanency or placement determination and (ii) for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living. If not contained in the agency's service plan, the agency's report shall specify if a minor is placed in a licensed child care facility under a corrective plan by the Department due to concerns impacting the minor's safety and well-being. The report shall explain the steps the Department is taking to ensure the safety and well-being of the minor and that the minor's needs are met in the facility. The agency's written report must detail what progress or lack of progress the parent has made in correcting the conditions requiring
the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, and if not, what permanency goal is recommended to be in the best interests of the child, and why the other permanency goals are not appropriate. The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15 will be in substitute care pending independence. In selecting this permanency goal, the Department of Children and Family Services may provide services to enable reunification and to strengthen the minor's connections with family, fictive kin, and other responsible adults, provided the

New matter indicated by italics - deletions by strikeout
services are in the minor's best interest. The services shall be documented in the service plan.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is a danger to self or others, provided that goals (A) through (D) have been ruled out.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, except as provided in paragraph (F) of this subsection (2), but shall provide services consistent with the goal selected.

(H) Notwithstanding any other provision in this Section, the court may select the goal of continuing foster care as a permanency goal if:

1. The Department of Children and Family Services has custody and guardianship of the minor;
2. The court has ruled out all other permanency goals based on the child's best interest;
3. The court has found compelling reasons, based on written documentation reviewed by the court, to place the minor in continuing foster care. Compelling reasons include:
   a. the child does not wish to be adopted or to be placed in the guardianship of his or her relative or foster care placement;
   b. the child exhibits an extreme level of need such that the removal of the child from his or her placement would be detrimental to the child; or
   c. the child who is the subject of the permanency hearing has existing close and strong bonds with a sibling, and achievement of another permanency goal would substantially interfere with the subject child's sibling relationship, taking into consideration the nature and extent of the relationship, and whether ongoing contact is in the subject child's best interest, including long-term
emotional interest, as compared with the legal and emotional benefit of permanence;
(4) The child has lived with the relative or foster parent for at least one year; and
(5) The relative or foster parent currently caring for the child is willing and capable of providing the child with a stable and permanent environment.

The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

(1) Age of the child.
(2) Options available for permanence, including both out-of-state and in-state placement options.
(3) Current placement of the child and the intent of the family regarding adoption.
(4) Emotional, physical, and mental status or condition of the child.
(5) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.
(6) Availability of services currently needed and whether the services exist.
(7) Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

The court shall make findings as to whether, in violation of Section 8.2 of the Abused and Neglected Child Reporting Act, any portion of the service plan compels a child or parent to engage in any activity or refrain from any activity that is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect. The services contained in the service plan shall include

New matter indicated by italics - deletions by strikeout
services reasonably related to remedy the conditions that gave rise to removal of the child from the home of his or her parents, guardian, or legal custodian or that the court has found must be remedied prior to returning the child home. Any tasks the court requires of the parents, guardian, or legal custodian or child prior to returning the child home, must be reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect.

If the permanency goal is to return home, the court shall make findings that identify any problems that are causing continued placement of the children away from the home and identify what outcomes would be considered a resolution to these problems. The court shall explain to the parents that these findings are based on the information that the court has at that time and may be revised, should additional evidence be presented to the court.

The court shall review the Sibling Contact Support Plan developed or modified under subsection (f) of Section 7.4 of the Children and Family Services Act, if applicable. If the Department has not convened a meeting to develop or modify a Sibling Contact Support Plan, or if the court finds that the existing Plan is not in the child's best interest, the court may enter an order requiring the Department to develop, modify or implement a Sibling Contact Support Plan, or order mediation.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor's legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Except as authorized by subsection (2.5) of this Section and as otherwise specifically authorized by law, the court is not empowered under this Section to order specific placements, specific services, or specific service providers to be included in the service plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6 months.

New matter indicated by italics - deletions by strikeout
Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(2.5) If, after reviewing the evidence, including evidence from the Department, the court determines that the minor's current or planned placement is not necessary or appropriate to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting its determination and enter specific findings based on the evidence. If the court finds that the minor's current or planned placement is not necessary or appropriate, the court may enter an order directing the Department to implement a recommendation by the minor's treating clinician or a clinician contracted by the Department to evaluate the minor or a recommendation made by the Department. If the Department places a minor in a placement under an order entered under this subsection (2.5), the Department has the authority to remove the minor from that placement when a change in circumstances necessitates the removal to protect the minor's health, safety, and best interest. If the Department determines removal is necessary, the Department shall notify the parties of the planned placement change in writing no later than 10 days prior to the implementation of its determination unless remaining in the placement poses an imminent risk of harm to the minor, in which case the Department shall notify the parties of the placement change in writing immediately following the implementation of its decision. The Department shall notify others of the decision to change the minor's placement as required by Department rule.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsection (2) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short term placement, and the following determinations:

(i) (Blank).

(ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were
reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor's current or planned placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best interest and special needs of the minor and, if the minor is placed out-of-state, whether the out-of-state placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

When parental rights have been terminated for a minimum of 3 years and the child who is the subject of the permanency hearing is 13 years old or older and is not currently placed in a placement likely to achieve permanency, the Department of Children and Family Services shall make reasonable efforts to locate parents whose rights have been terminated, except when the Court determines that those efforts would be futile or inconsistent with the subject child's best interests. The Department of Children

and Family Services shall assess the appropriateness of the parent whose rights have been terminated, and shall, as appropriate, foster and support connections between the parent whose rights have been terminated and the youth. The Department of Children and Family Services shall document its determinations and efforts to foster connections in the child's case plan.

Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in determining whether the minor can be cared for at home without
endangering his or her health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision thereof shall co-operate with the agent of the court in providing any information sought in the investigation.

(b) The information derived from the investigation and any conclusions or recommendations derived from the information shall be provided to the parent, guardian, or legal custodian seeking restoration of custody prior to the hearing on fitness and the movant shall have an opportunity at the hearing to refute the information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

(House Bill No. 2722)

AN ACT concerning finance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Public Construction Bond Act is amended by changing Sections 1 and 2 as follows:
(30 ILCS 550/1) (from Ch. 29, par. 15)
Sec. 1. Except as otherwise provided by this Act, all officials, boards, commissions, or agents of this State, or of any political subdivision thereof, in making contracts for public work of any kind costing over $50,000 to be performed for the State, or of any political subdivision thereof, shall require every contractor for the work to furnish, supply and deliver a bond to the State, or to the political subdivision thereof entering into the contract, as the case may be, with good and sufficient sureties. The surety on the bond shall be a company that is licensed by the Department of Insurance authorizing it to execute surety bonds and the company shall have a financial strength rating of at least A- as rated by A.M. Best Company, Inc., Moody's Investors Service, Standard & Poor's Corporation, or a similar rating agency. The amount of the bond shall be fixed by the officials, boards, commissions, commissioners or agents, and the bond, among other conditions, shall be conditioned for the completion of the contract, for the payment of material, apparatus, fixtures, and machinery used in the work and for all labor performed in the work, whether by subcontractor or otherwise.
If the contract is for emergency repairs as provided in the Illinois Procurement Code, proof of payment for all labor, materials, apparatus, fixtures, and machinery may be furnished in lieu of the bond required by this Section.
Each such bond is deemed to contain the following provisions whether such provisions are inserted in such bond or not:

New matter indicated by italics - deletions by strikeout
"The principal and sureties on this bond agree that all the undertakings, covenants, terms, conditions and agreements of the contract or contracts entered into between the principal and the State or any political subdivision thereof will be performed and fulfilled and to pay all persons, firms and corporations having contracts with the principal or with subcontractors, all just claims due them under the provisions of such contracts for labor performed or materials furnished in the performance of the contract on account of which this bond is given, when such claims are not satisfied out of the contract price of the contract on account of which this bond is given, after final settlement between the officer, board, commission or agent of the State or of any political subdivision thereof and the principal has been made."

Each bond securing contracts between the Capital Development Board or any board of a public institution of higher education and a contractor shall contain the following provisions, whether the provisions are inserted in the bond or not:

"Upon the default of the principal with respect to undertakings, covenants, terms, conditions, and agreements, the termination of the contractor's right to proceed with the work, and written notice of that default and termination by the State or any political subdivision to the surety ("Notice"), the surety shall promptly remedy the default by taking one of the following actions:

1. The surety shall complete the work pursuant to a written takeover agreement, using a completing contractor jointly selected by the surety and the State or any political subdivision; or
2. The surety shall pay a sum of money to the obligee, up to the penal sum of the bond, that represents the reasonable cost to complete the work that exceeds the unpaid balance of the contract sum.

The surety shall respond to the Notice within 15 working days of receipt indicating the course of action that it intends to take or advising that it requires more time to investigate the default and select a course of action. If the surety requires more than 15 working days to investigate the default and select a course of action or if the surety elects to complete the work with a completing contractor that is not prepared to commence performance within 15 working days after receipt of Notice, and if the State or any political subdivision determines it is in the best interest of the State to maintain the progress of the work, the State or any political subdivision may continue to work until the completing contractor is

prepared to commence performance. Unless otherwise agreed to by the procuring agency, in no case may the surety take longer than 30 working days to advise the State or political subdivision on the course of action it intends to take. The surety shall be liable for reasonable costs incurred by the State or any political subdivision to maintain the progress to the extent the costs exceed the unpaid balance of the contract sum, subject to the penal sum of the bond.

The surety bond required by this Section may be acquired from the company, agent or broker of the contractor's choice. The bond and sureties shall be subject to the right of reasonable approval or disapproval, including suspension, by the State or political subdivision thereof concerned. In the case of State construction contracts, a contractor shall not be required to post a cash bond or letter of credit in addition to or as a substitute for the surety bond required by this Section.

When other than motor fuel tax funds, federal-aid funds, or other funds received from the State are used, a political subdivision may allow the contractor to provide a non-diminishing irrevocable bank letter of credit, in lieu of the bond required by this Section, on contracts under $100,000 to comply with the requirements of this Section. Any such bank letter of credit shall contain all provisions required for bonds by this Section.

For the purposes of this Section, the terms "material", "labor", "apparatus", "fixtures", and "machinery" include those rented items that are on the construction site and those rented tools that are used or consumed on the construction site in the performance of the contract on account of which the bond is given.

Sec. 2. Every person furnishing material, apparatus, fixtures, machinery, or performing labor, either as an individual or as a subcontractor, hereinafter referred to as Claimant, for any contractor, with the State, or a political subdivision thereof where bond or letter of credit shall be executed as provided in this Act, shall have the right to sue on such bond or letter of credit in the name of the State, or the political subdivision thereof entering into such contract, as the case may be, for his use and benefit, and in such suit the plaintiff shall file a copy of such bond or letter of credit, certified by the party or parties in whose charge such bond or letter of credit shall be, which copy shall, unless execution thereof be denied under oath, be prima facie evidence of the execution and delivery.
of the original; provided, however, that this Act shall not be taken to in
any way make the State, or the political subdivision thereof entering into
such contract, as the case may be, liable to such sub-contractor,
materialman or laborer to any greater extent than it was liable under the
law as it stood before the adoption of this Act.

Provided, however, that any Claimant having a claim for labor, and
material, apparatus, fixtures, and machinery furnished to the State shall
have no such right of action unless it shall have filed a verified notice of
said claim with the officer, board, bureau or department awarding the
contract, within 180 days after the date of the last item of work or the
furnishing of the last item of materials, apparatus, fixtures, and
machinery, and shall have furnished a copy of such verified notice to the
contractor within 10 days of the filing of the notice with the agency
awarding the contract.

When any Claimant has a claim for labor, and material, apparatus,
fixtures, and machinery furnished to a political subdivision, the Claimant
shall have no right of action unless it shall have filed a verified notice of
that claim with the Clerk or Secretary of the political subdivision within
180 days after the date of the last item of work or furnishing of the last
item of materials, apparatus, fixtures, and machinery, and shall have filed
a copy of that verified notice upon the contractor in a like manner as
provided herein within 10 days after the filing of the notice with the Clerk
or Secretary.

The Claimant may file said verified notice by using personal
service or by depositing the verified notice in the United States Mail,
postage prepaid, certified or restricted delivery return receipt requested
limited to addressee only. The verified notice shall be deemed filed on the
date personal service occurs or the date when the verified notice is mailed
in the form and manner provided in this Section.

The claim shall be verified and shall contain (1) the name and
address of the claimant; the business address of the Claimant within this
State and if the Claimant shall be a foreign corporation having no place of
business within the State, the notice shall state the principal place of
business of said corporation and in the case of a partnership, the notice
shall state the names and residences of each of the partners; (2) the name
of the contractor for the government; (3) the name of the person, firm or
corporation by whom the Claimant was employed or to whom he or it
furnished materials, apparatus, fixtures, or machinery; (4) a brief
description of the public improvement; (5) a description of the Claimant's

New matter indicated by italics - deletions by strikeout
contract as it pertains to the public improvement, describing the work done by the Claimant and stating the total amount due and unpaid as of the date of verified notice.

No defect in the notice herein provided for shall deprive the Claimant of his right of action under this article unless it shall affirmatively appear that such defect has prejudiced the rights of an interested party asserting the same.

Provided, further, that no action shall be brought later than one year after the date of the furnishing of the last item of work, or materials, apparatus, fixtures, or machinery by the Claimant. Such action shall be brought only in the circuit court of this State in the judicial circuit in which the contract is to be performed.

The remedy provided in this Section is in addition to and independent of any other rights and remedies provided at law or in equity. A waiver of rights under the Mechanics Lien Act shall not constitute a waiver of rights under this Section unless specifically stated in the waiver.

For the purposes of this Section, the terms "material", "labor", "apparatus", "fixtures", and "machinery" include those rented items that are on the construction site and those rented tools that are used or consumed on the construction site in the performance of the contract on account of which the bond is given.

Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

(b-5) If a criminal history records check or check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database is performed by a regional superintendent for an applicant seeking employment as a substitute teacher with a school district, the regional superintendent may disclose to the State Board of Education whether the applicant has been issued a certificate under subsection (b) based on those checks. If the State Board receives information on an applicant under this subsection, then it must indicate in the Educator Licensure Information System for a 90-day period that the applicant has been issued or has not been issued a certificate.

(c) No school board shall knowingly employ a person who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code. Further, no school board shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e-5) The superintendent of the employing school board shall, in writing, notify the State Superintendent of Education and the applicable regional superintendent of schools of any certificate holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a

Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. Authorization for and payment of the costs of the check must be furnished by the student teacher to the school district where the student teaching is to be completed. Upon receipt of this authorization and payment, the school district shall submit the student teacher's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department of State Police. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check. The Department shall charge the school district a fee for conducting the check, which fee must not exceed the cost of the inquiry and must be deposited into the State Police Services Fund. (House Bill No. 3038)

AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Sexual Assault Survivors Emergency Treatment Act is amended by changing Section 2 as follows:

(410 ILCS 70/2) (from Ch. 111 1/2, par. 87-2)

Sec. 2. Hospital and approved pediatric health care facility requirements for sexual assault plans.

(a) Every hospital required to be licensed by the Department pursuant to the Hospital Licensing Act, or operated under the University of Illinois Hospital Act that provides general medical and surgical hospital services shall provide either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, in accordance with rules adopted by the Department.

In addition, every such hospital, regardless of whether or not a request is made for reimbursement, shall submit to the Department a plan to provide either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older. The Department shall approve such plan for either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, if it finds that the implementation of the proposed plan would provide (i) transfer services or (ii) medical forensic services for sexual assault survivors in accordance with the requirements of this Act and provide sufficient protections from the risk of pregnancy to sexual assault survivors. Notwithstanding anything to the contrary in this paragraph, the Department may approve a sexual assault transfer plan for the provision of medical forensic services until January 1, 2022 if:

(1) a treatment hospital with approved pediatric transfer has agreed, as part of an areawide treatment plan, to accept sexual assault survivors 13 years of age or older from the

proposed transfer hospital, if the treatment hospital with approved pediatric transfer is geographically closer to the transfer hospital than a treatment hospital or another treatment hospital with approved pediatric transfer and such transfer is not unduly burdensome on the sexual assault survivor; and

(2) a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors under 13 years of age from the proposed transfer hospital and transfer to the treatment hospital would not unduly burden the sexual assault survivor.

The Department may not approve a sexual assault transfer plan unless a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors from the proposed transfer hospital and a transfer to the treatment hospital would not unduly burden the sexual assault survivor.

In counties with a population of less than 1,000,000, the Department may not approve a sexual assault transfer plan for a hospital located within a 20-mile radius of a 4-year public university, not including community colleges, unless there is a treatment hospital with a sexual assault treatment plan approved by the Department within a 20-mile radius of the 4-year public university.

A transfer must be in accordance with federal and State laws and local ordinances.

A treatment hospital with approved pediatric transfer must submit an areawide treatment plan under Section 3 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to pediatric sexual assault survivors transferred from the treatment hospital with approved pediatric transfer. The areawide treatment plan may also include an approved pediatric health care facility.

A transfer hospital must submit an areawide treatment plan under Section 3 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to all sexual assault survivors transferred from the transfer hospital. The areawide treatment plan may also include an approved pediatric health care facility. Notwithstanding anything to the contrary in this paragraph, until January 1, 2022, the areawide treatment plan may include a written agreement with a treatment hospital with approved pediatric transfer that is geographically closer than other hospitals

providing medical forensic services to sexual assault survivors 13 years of age or older stating that the treatment hospital with approved pediatric transfer will provide medical services to sexual assault survivors 13 years of age or older who are transferred from the transfer hospital. If the areawide treatment plan includes a written agreement with a treatment hospital with approved pediatric transfer, it must also include a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to sexual assault survivors under 13 years of age who are transferred from the transfer hospital.

Beginning January 1, 2019, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a of this Act, receive a minimum of 2 hours of sexual assault training by July 1, 2020 or until the treatment hospital or treatment hospital with approved pediatric transfer certifies to the Department, in a form and manner prescribed by the Department, that it employs or contracts with a qualified medical provider in accordance with subsection (a-7) of Section 5, whichever occurs first.

After July 1, 2020 or once a treatment hospital or a treatment hospital with approved pediatric transfer certifies compliance with subsection (a-7) of Section 5, whichever occurs first, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a of this Act, receive a minimum of 2 hours of continuing education on responding to sexual assault survivors every 2 years. Protocols for training shall be included in the hospital's sexual assault treatment plan.

Sexual assault training provided under this subsection may be provided in person or online and shall include, but not be limited to:

(1) information provided on the provision of medical forensic services;
(2) information on the use of the Illinois Sexual Assault Evidence Collection Kit;

New matter indicated by italics - deletions by strikeout
(3) information on sexual assault epidemiology, neurobiology of trauma, drug-facilitated sexual assault, child sexual abuse, and Illinois sexual assault-related laws; and
(4) information on the hospital's sexual assault-related policies and procedures.
The online training made available by the Office of the Attorney General under subsection (b) of Section 10 may be used to comply with this subsection.

(b) An approved pediatric health care facility may provide medical forensic services, in accordance with rules adopted by the Department, to all pediatric sexual assault survivors who present for medical forensic services in relation to injuries or trauma resulting from a sexual assault. These services shall be provided by a qualified medical provider.

A pediatric health care facility must participate in or submit an areawide treatment plan under Section 3 of this Act that includes a treatment hospital. If a pediatric health care facility does not provide certain medical or surgical services that are provided by hospitals, the areawide sexual assault treatment plan must include a procedure for ensuring a sexual assault survivor in need of such medical or surgical services receives the services at the treatment hospital. The areawide treatment plan may also include a treatment hospital with approved pediatric transfer.

The Department shall review a proposed sexual assault treatment plan submitted by a pediatric health care facility within 60 days after receipt of the plan. If the Department finds that the proposed plan meets the minimum requirements set forth in Section 5 of this Act and that implementation of the proposed plan would provide medical forensic services for pediatric sexual assault survivors, then the Department shall approve the plan. If the Department does not approve a plan, then the Department shall notify the pediatric health care facility that the proposed plan has not been approved. The pediatric health care facility shall have 30 days to submit a revised plan. The Department shall review the revised plan within 30 days after receipt of the plan and notify the pediatric health care facility whether the revised plan is approved or rejected. A pediatric health care facility may not provide medical forensic services to pediatric sexual assault survivors who present with a complaint of sexual assault within a minimum of the last 7 days or who have disclosed past sexual assault by a specific individual and were in the care of that individual

within a minimum of the last 7 days until the Department has approved a treatment plan.

If an approved pediatric health care facility is not open 24 hours a day, 7 days a week, it shall post signage at each public entrance to its facility that:

1. is at least 14 inches by 14 inches in size;
2. directs those seeking services as follows: "If closed, call 911 for services or go to the closest hospital emergency department, (insert name) located at (insert address).";
3. lists the approved pediatric health care facility's hours of operation;
4. lists the street address of the building;
5. has a black background with white bold capital lettering in a clear and easy to read font that is at least 72-point type, and with "call 911" in at least 125-point type;
6. is posted clearly and conspicuously on or adjacent to the door at each entrance and, if building materials allow, is posted internally for viewing through glass; if posted externally, the sign shall be made of weather-resistant and theft-resistant materials, non-removable, and adhered permanently to the building; and
7. has lighting that is part of the sign itself or is lit with a dedicated light that fully illuminates the sign.

A copy of the proposed sign must be submitted to the Department and approved as part of the approved pediatric health care facility's sexual assault treatment plan.

(c) Each treatment hospital, treatment hospital with approved pediatric transfer, and approved pediatric health care facility must enter into a memorandum of understanding with a rape crisis center for medical advocacy services, if these services are available to the treatment hospital, treatment hospital with approved pediatric transfer, or approved pediatric health care facility. With the consent of the sexual assault survivor, a rape crisis counselor shall remain in the exam room during the collection for forensic evidence.

(d) Every treatment hospital, treatment hospital with approved pediatric transfer, and approved pediatric health care facility's sexual assault treatment plan shall include procedures for complying with mandatory reporting requirements pursuant to (1) the Abused and Neglected Child Reporting Act; (2) the Abused and Neglected Long Term
Care Facility Residents Reporting Act; (3) the Adult Protective Services Act; and (iv) the Criminal Identification Act.

(e) Each treatment hospital, treatment hospital with approved pediatric transfer, and approved pediatric health care facility shall submit to the Department every 6 months, in a manner prescribed by the Department, the following information:

(1) The total number of patients who presented with a complaint of sexual assault.

(2) The total number of Illinois Sexual Assault Evidence Collection Kits:

   (A) offered to (i) all sexual assault survivors and (ii) pediatric sexual assault survivors pursuant to paragraph (1.5) of subsection (a-5) of Section 5;

   (B) completed for (i) all sexual assault survivors and (ii) pediatric sexual assault survivors; and

   (C) declined by (i) all sexual assault survivors and (ii) pediatric sexual assault survivors.

This information shall be made available on the Department's website.

(20 ILCS 1705/7.1) (from Ch. 91 1/2, par. 100-7.1)

Sec. 7.1. Individual Care Grants.

(a) For the purposes of this Section 7.1, "Department" means the Department of Healthcare and Family Services.

(b) To assist families in seeking intensive community-based services or residential placement for children with mental illness, for whom no appropriate care is available in State-operated facilities, the Department shall supplement the amount a family is able to pay, as determined by the Department and the amount available from other sources, provided the Department's share shall not exceed a uniform maximum rate to be determined from time to time by the Department. The Department may exercise the authority under this Section as is necessary to implement the provisions of Section 5-5.23 of the Illinois Public Aid Code and to administer Individual Care Grants. The Department shall work collaboratively with stakeholders and family representatives in the implementation of this Section.

(c) A child shall continue to be eligible for an Individual Care Grant if (1): the child is placed in the temporary custody of the Department of Children and Family Services under Article II of the Juvenile Care Act of 1987 because the child was left at a psychiatric hospital beyond medical necessity and an application for the Family Support Program was pending with the Department or an active application was being reviewed by the Department when the petition under the Juvenile Court Act of 1987 was

(d) If the Department determines that the child meets all the eligibility criteria for Family Support Services and approves the application, the Department shall notify the parents and the Department of Children and Family Services. The court hearing the child's case under the Juvenile Court Act of 1987 shall conduct a hearing within 14 days after all parties have been notified and determine whether to vacate the custody or guardianship of the Department of Children and Family Services and return the child to the custody of his or her parents with Family Support Services in place or whether the child shall continue in the custody or guardianship of the Department of Children and Family Services and decline the Family Support Program. The court shall conduct the hearing under Section 2-4b or Section 5-711 of the Juvenile Court Act of 1987. If the court vacates the custody or guardianship of the Department of Children and Family Services and returns the child to the custody of the parent, guardian, or other adult respondent with Family Support Services, the Department shall become fiscally responsible for providing services to the child. If the court determines that the child shall continue in the custody of the Department of Children and Family Services, the Department of Children and Family Services shall remain fiscally responsible for providing services to the child, the Family Support Services shall be declined, and the child shall no longer be eligible for Family Support Services as long as the child remains in the custody or guardianship of the Department of Children and Family Services.

(e) The Department shall provide an expedited review process for applications for minors in the custody or guardianship of the Department of Children and Family Services who continue to remain eligible for Individual Care Grants. Section 10. The Juvenile Court Act of 1987 is amended by changing Sections 2-31 and 2-33 and by adding Section 5-711 as follows:

(705 ILCS 405/2-31) (from Ch. 37, par. 802-31)
Sec. 2-31. Duration of wardship and discharge of proceedings.

(1) All proceedings under Article II of this Act in respect of any minor for whom a petition was filed after the effective date of this amendatory Act of 1991 automatically terminate upon his or her attaining the age of 21 years, except that a court may continue the wardship of a minor until age 21 for good cause when there is satisfactory evidence presented to the court and the court makes written factual findings that the health, safety, and best interest of the minor and the public require the continuation of the wardship. A court shall find that it is in the minor's best interest to continue wardship if the Department of Children and Family Services has not made reasonable efforts to ensure that the minor has documents necessary for adult living as provided in Section 35.10 of the Children and Family Services Act.

(2) Whenever the court determines, and makes written factual findings, that health, safety, and the best interests of the minor and the public no longer require the wardship of the court, the court shall order the wardship terminated and all proceedings under this Act respecting that minor finally closed and discharged. The court may at the same time continue or terminate any custodianship or guardianship theretofore ordered but the termination must be made in compliance with Section 2-28. When terminating wardship under this Section, if the minor is over 18, or if wardship is terminated in conjunction with an order partially or completely emancipating the minor in accordance with the Emancipation of Minors Act, the court shall also consider the following factors, in addition to the health, safety, and best interest of the minor and the public: (A) the minor's wishes regarding case closure; (B) the manner in which the minor will maintain independence without services from the Department; (C) the minor's engagement in services including placement offered by the Department; (D) if the minor is not engaged the Department's efforts to engage the minor; (E) the nature of communication between the minor and the Department; (F) the minor's involvement in other State systems or services; (G) the minor's connections with family and other community support; and (H) any other

factor the court deems relevant also make specific findings of fact as to the minor's wishes regarding case closure and the manner in which the minor will maintain independence. The minor's lack of cooperation with services provided by the Department of Children and Family Services shall not by itself be considered sufficient evidence that the minor is prepared to live independently and that it is in the best interest of the minor to terminate wardship. It shall not be in the minor's best interest to terminate wardship of a minor over the age of 18 who is in the guardianship of the Department of Children and Family Services if the Department has not made reasonable efforts to ensure that the minor has documents necessary for adult living as provided in Section 35.10 of the Children and Family Services Act.

(3) The wardship of the minor and any custodianship or guardianship respecting the minor for whom a petition was filed after the effective date of this amendatory Act of 1991 automatically terminates when he attains the age of 19 years except as set forth in subsection (1) of this Section. The clerk of the court shall at that time record all proceedings under this Act as finally closed and discharged for that reason. The provisions of this subsection (3) become inoperative on and after the effective date of this amendatory Act of the 101st General Assembly.

(4) Notwithstanding any provision of law to the contrary, the changes made by this amendatory Act of the 101st General Assembly apply to all cases that are pending on or after the effective date of this amendatory Act of the 101st General Assembly.

Sec. 2-33. Supplemental petition to reinstate wardship.
(1) Any time prior to a minor's 18th birthday, pursuant to a supplemental petition filed under this Section, the court may reinstate wardship and open a previously closed case when:

(a) wardship and guardianship under the Juvenile Court Act of 1987 was vacated in conjunction with the appointment of a private guardian under the Probate Act of 1975;

(b) the minor is not presently a ward of the court under Article II of this Act nor is there a petition for adjudication of wardship pending on behalf of the minor; and

(b) The court shall conduct a hearing within 14 days upon notification to all parties that an application for the Family Support Program services has been approved and services are available. At the hearing, the court shall determine whether to vacate guardianship of the Department of Children and Family Services and return the minor to the custody of the parent or guardian with Family Support Program services or whether the minor shall continue in the guardianship of the Department of Children and Family Services and decline the Family Support Program services. In making its determination, the court shall consider the minor's best interest, the involvement of the parent or guardian in proceedings under this Act, the involvement of the parent or guardian in the minor's treatment, the relationship between the minor and the parent or guardian, and any other factor the court deems relevant. If the court vacates the guardianship of the Department of Children and Family Services and returns the minor to the custody of the parent or guardian with Family Support Services, the Department of Healthcare and Family Services shall become financially responsible for providing services to the minor. If the court determines that the minor shall continue in the custody of the Department of Children and Family Services, the Department of Children and Family Services shall remain financially responsible for providing services to the minor, the Family Support Services shall be declined, and the minor shall no longer be eligible for Family Support Services.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set, except that reunification services may be offered as provided in paragraph (F) of subsection (2) of Section 2-28 of that Act. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.
The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the

custody of or committed to the Department by any court, except (i) a
minor less than 15 years of age committed to the Department under
Section 5-710 of the Juvenile Court Act of 1987, ii) a minor for whom an
independent basis of abuse, neglect, or dependency exists, which must be
defined by departmental rule, or (iii) a minor for whom the court has
granted a supplemental petition to reinstate wardship pursuant to
subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An
independent basis exists when the allegations or adjudication of abuse,
neglect, or dependency do not arise from the same facts, incident, or
circumstances which give rise to a charge or adjudication of delinquency.
The Department shall assign a caseworker to attend any hearing involving
a youth in the care and custody of the Department who is placed on
aftercare release, including hearings involving sanctions for violation of
aftercare release conditions and aftercare release revocation hearings.

As soon as is possible after August 7, 2009 (the effective date of
Public Act 96-134), the Department shall develop and implement a special
program of family preservation services to support intact, foster, and
adoptive families who are experiencing extreme hardships due to the
difficulty and stress of caring for a child who has been diagnosed with a
pervasive developmental disorder if the Department determines that those
services are necessary to ensure the health and safety of the child. The
Department may offer services to any family whether or not a report has
been filed under the Abused and Neglected Child Reporting Act. The
Department may refer the child or family to services available from other
agencies in the community if the conditions in the child's or family's home
are reasonably likely to subject the child or family to future reports of
suspected child abuse or neglect. Acceptance of these services shall be
voluntary. The Department shall develop and implement a public
information campaign to alert health and social service providers and the
general public about these special family preservation services. The nature
and scope of the services offered and the number of families served under
the special program implemented under this paragraph shall be determined
by the level of funding that the Department annually allocates for this
purpose. The term "pervasive developmental disorder" under this
paragraph means a neurological condition, including but not limited to,
Asperger's Syndrome and autism, as defined in the most recent edition of
the Diagnostic and Statistical Manual of Mental Disorders of the American
Psychiatric Association.

The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;

New matter indicated by italics - deletions by strikeout
(5) the foster parents' willingness to work with the family to reunite;
(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
(7) the age of the child;
(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority,
responsible for the child and the Department shall ensure that any child taken into custody is placed in a licensed child care facility when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for

any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. welfare services from the Department. Youth in care who are placed by private child welfare agencies, and foster families with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping

complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the

foster or prospective adoptive parent in advance of a placement. The foster
or prospective adoptive parent may review the supporting documents in
the child's file in the presence of casework staff. In the case of an
emergency placement, casework staff shall at least provide known
information verbally, if necessary, and must subsequently provide the
information in writing as required by this subsection.

The information described in this subsection shall be provided in
writing. In the case of emergency placements when time does not allow
prior review, preparation, and collection of written information, the
Department shall provide such information as it becomes available. Within
10 business days after placement, the Department shall obtain from the
prospective adoptive parent or parents or other caretaker a signed
verification of receipt of the information provided. Within 10 business
days after placement, the Department shall provide to the child's guardian
ad litem a copy of the information provided to the prospective adoptive
parent or parents or other caretaker. The information provided to the
prospective adoptive parent or parents or other caretaker shall be reviewed
and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed
as foster family homes pursuant to the Child Care Act of 1969 shall be
eligible to receive foster care payments from the Department. Relative
caregivers who, as of July 1, 1995, were approved pursuant to approved
relative placement rules previously promulgated by the Department at 89
Ill. Adm. Code 335 and had submitted an application for licensure as a
foster family home may continue to receive foster care payments only until
the Department determines that they may be licensed as a foster family
home or that their application for licensure is denied or until September
30, 1995, whichever occurs first.

(v) The Department shall access criminal history record
information as defined in the Illinois Uniform Conviction Information Act
and information maintained in the adjudicatory and dispositional record
system as defined in Section 2605-355 of the Department of State Police
Law (20 ILCS 2605/2605-355) if the Department determines the
information is necessary to perform its duties under the Abused and
Neglected Child Reporting Act, the Child Care Act of 1969, and the
Children and Family Services Act. The Department shall provide for
interactive computerized communication and processing equipment that
permits direct on-line communication with the Department of State
Police's central criminal history data repository. The Department shall

comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state.

who are projected to be returned to Illinois; the necessary geographic
distribution of these facilities in Illinois; and a proposed timetable for
development of such facilities.

(x) The Department shall conduct annual credit history checks to
determine the financial history of children placed under its guardianship
pursuant to the Juvenile Court Act of 1987. The Department shall conduct
such credit checks starting when a youth in care turns 12 years old and
each year thereafter for the duration of the guardianship as terminated
pursuant to the Juvenile Court Act of 1987. The Department shall
determine if financial exploitation of the child's personal information has
occurred. If financial exploitation appears to have taken place or is
presently ongoing, the Department shall notify the proper law enforcement
agency, the proper State's Attorney, or the Attorney General.

(y) Beginning on July 22, 2010 (the effective date of Public Act
96-1189), a child with a disability who receives residential and educational
services from the Department shall be eligible to receive transition
services in accordance with Article 14 of the School Code from the age of
14.5 through age 21, inclusive, notwithstanding the child's residential
services arrangement. For purposes of this subsection, "child with a
disability" means a child with a disability as defined by the federal
Individuals with Disabilities Education Improvement Act of 2004.

(z) The Department shall access criminal history record
information as defined as "background information" in this subsection and
criminal history record information as defined in the Illinois Uniform
Conviction Information Act for each Department employee or Department
applicant. Each Department employee or Department applicant shall
submit his or her fingerprints to the Department of State Police in the form
and manner prescribed by the Department of State Police. These
fingerprints shall be checked against the fingerprint records now and
hereafter filed in the Department of State Police and the Federal Bureau of
Investigation criminal history records databases. The Department of State
Police shall charge a fee for conducting the criminal history record check,
which shall be deposited into the State Police Services Fund and shall not
exceed the actual cost of the record check. The Department of State Police
shall furnish, pursuant to positive identification, all Illinois conviction
information to the Department of Children and Family Services.

For purposes of this subsection:
"Background information" means all of the following:

(ii) Information obtained by the Department of Children and Family Services after performing a check of the Department of State Police's Sex Offender Database, as authorized by Section 120 of the Sex Offender Community Notification Law, concerning a Department employee or Department applicant.

(iii) Information obtained by the Department of Children and Family Services after performing a check of the Child Abuse and Neglect Tracking System (CANTS) operated and maintained by the Department.

(b) any minor under 18 years of age or a minor 18 years of age or older for whom the court has made a finding of probable cause to believe that the minor is abused, neglected, or dependent under subsection (1) of Section 2-10 prior to the minor's 18th birthday whose environment is injurious to his or her welfare; or

(c) any newborn infant whose blood, urine, or meconium contains any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, as now or hereafter amended, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of such substances, the presence of which in the newborn infant is the result of medical treatment administered to the mother or the newborn infant; or

(d) any minor under the age of 14 years whose parent or other person responsible for the minor's welfare leaves the minor without supervision for an unreasonable period of time without regard for the mental or physical health, safety, or welfare of that minor; or

(e) any minor who has been provided with interim crisis intervention services under Section 3-5 of this Act and whose parent, guardian, or custodian refuses to permit the minor to return home unless the minor is an immediate physical danger to himself, herself, or others living in the home.

Whether the minor was left without regard for the mental or physical health, safety, or welfare of that minor or the period of time was unreasonable shall be determined by considering the following factors, including but not limited to:

(13) the age and physical and mental capabilities of the person or persons who provided supervision for the minor;
(14) whether the minor was left under the supervision of another person;
(15) any other factor that would endanger the health and safety of that particular minor.

(2) Those who are abused include any minor under 18 years of age or a minor 18 years of age or older for whom the court has made a finding of probable cause to believe that the minor is abused, neglected, or dependent under subsection (1) of Section 2-10 prior to the minor's 18th birthday whose parent or immediate family member, or any person responsible for the minor's welfare, or any person who is in the same family or household as the minor, or any individual residing in the same home as the minor, or a paramour of the minor's parent:

(iii) commits or allows to be committed any sex offense against such minor, as such sex offenses are defined in the Criminal Code of 1961 or the Criminal Code of 2012, or in the Wrongs to Children Act, and extending those definitions of sex offenses to include minors under 18 years of age;

(iv) commits or allows to be committed an act or acts of torture upon such minor;

(v) inflicts excessive corporal punishment;

(vi) commits or allows to be committed the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons as defined in Section 10-9 of the Criminal Code of 1961 or the Criminal Code of 2012, upon such minor; or

(vii) allows, encourages or requires a minor to commit any act of prostitution, as defined in the Criminal Code of 1961 or the Criminal Code of 2012, and extending those definitions to include minors under 18 years of age.

A minor shall not be considered abused for the sole reason that the minor has been relinquished in accordance with the Abandoned Newborn Infant Protection Act.

(3) This Section does not apply to a minor who would be included herein solely for the purpose of qualifying for financial assistance for himself, his parents, guardian or custodian.
(4) The changes made by this amendatory Act of the 101st General Assembly apply to a case that is pending on or after the effective date of this amendatory Act of the 101st General Assembly.

Sec. 2-4. Dependent minor.
(1) Those who are dependent include any minor under 18 years of age or a minor 18 years of age or older for whom the court has made a finding of probable cause to believe that the minor is abused, neglected, or dependent under subsection (1) of Section 2-10 prior to the minor's 18th birthday:
    (a) who is without a parent, guardian or legal custodian;
    (b) who is without proper care because of the physical or mental disability of his parent, guardian or custodian;
    (c) who is without proper medical or other remedial care recognized under State law or other care necessary for his or her well being through no fault, neglect or lack of concern by his parents, guardian or custodian, provided that no order may be made terminating parental rights, nor may a minor be removed from the custody of his or her parents for longer than 6 months, pursuant to an adjudication as a dependent minor under this subdivision (c), unless it is found to be in his or her best interest by the court or the case automatically closes as provided under Section 2-31 of this Act; or
    (d) who has a parent, guardian or legal custodian who with good cause wishes to be relieved of all residual parental rights and responsibilities, guardianship or custody, and who desires the appointment of a guardian of the person with power to consent to the adoption of the minor under Section 2-29.
(2) This Section does not apply to a minor who would be included herein solely for the purpose of qualifying for financial assistance for himself, his parent or parents, guardian or custodian or to a minor solely because his or her parent or parents or guardian has left the minor for any period of time in the care of an adult relative, who the parent or parents or guardian know is both a mentally capable adult relative and physically capable adult relative, as defined by this Act.

(3) The changes made by this amendatory Act of the 101st General Assembly apply to a case that is pending on or after the effective date of this amendatory Act of the 101st General Assembly.

Sec. 2-23. Kinds of dispositional orders.

(1) The following kinds of orders of disposition may be made in respect of wards of the court:

(a) A minor under 18 years of age found to be neglected or abused under Section 2-3 or dependent under Section 2-4 may be (1) continued in the custody of his or her parents, guardian or legal custodian; (2) placed in accordance with Section 2-27; (3) restored to the custody of the parent, parents, guardian, or legal custodian, provided the court shall order the parent, parents, guardian, or legal custodian to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan or risk the loss of custody of the child and the possible termination of their parental rights; or (4) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act.

However, in any case in which a minor is found by the court to be neglected or abused under Section 2-3 of this Act, custody of the minor shall not be restored to any parent, guardian or legal custodian whose acts or omissions or both have been identified, pursuant to subsection (1) of Section 2-21, as forming the basis for the court's finding of abuse or neglect, until such time as a hearing is held on the issue of the best interests of the minor and the fitness of such parent, guardian or legal custodian to care for the minor without endangering the minor's health or safety, and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(b) A minor under 18 years of age found to be dependent under Section 2-4 may be (1) placed in accordance with Section 2-27 or (2) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act.

However, in any case in which a minor is found by the court to be dependent under Section 2-4 of this Act, custody of the minor shall not be restored to any parent, guardian or legal custodian whose acts or omissions or both have been identified, pursuant to subsection (1) of Section 2-21, as forming the basis for the court's finding of dependency, until such time as a hearing is held on the issue of the fitness of such parent, guardian or legal custodian is fit to care for the minor.

custodian to care for the minor without endangering the minor's health or safety, and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(b-1) A minor between the ages of 18 and 21 may be placed pursuant to Section 2-27 of this Act if (1) the court has granted a supplemental petition to reinstate wardship of the minor pursuant to subsection (2) of Section 2-33, (2) the court has adjudicated the minor a ward of the court, permitted the minor to return home under an order of protection, and subsequently made a finding that it is in the minor's best interest to vacate the order of protection and commit the minor to the Department of Children and Family Services for care and service, or (3) the court returned the minor to the custody of the respondent under Section 2-4b of this Act without terminating the proceedings under Section 2-31 of this Act, and subsequently made a finding that it is in the minor's best interest to commit the minor to the Department of Children and Family Services for care and services.

(c) When the court awards guardianship to the Department of Children and Family Services, the court shall order the parents to cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

(2) Any order of disposition may provide for protective supervision under Section 2-24 and may include an order of protection under Section 2-25.

Unless the order of disposition expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification, not inconsistent with Section 2-28, until final closing and discharge of the proceedings under Section 2-31.

(3) The court also shall enter any other orders necessary to fulfill the service plan, including, but not limited to, (i) orders requiring parties to cooperate with services, (ii) restraining orders controlling the conduct of any party likely to frustrate the achievement of the goal, and (iii) visiting orders. When the child is placed separately from a sibling, the court shall review the Sibling Contact Support Plan developed under subsection (f) of Section 7.4 of the Children and Family Services Act, if applicable. If the Department has not convened a meeting to develop a Sibling Contact Support Plan, or if the court finds that the existing Plan is not in the child's

New matter indicated by italics - deletions by strikeout
best interest, the court may enter an order requiring the Department to
develop and implement a Sibling Contact Support Plan under subsection
(f) of Section 7.4 of the Children and Family Services Act or order
mediation. Unless otherwise specifically authorized by law, the court is
not empowered under this subsection (3) to order specific placements,
specific services, or specific service providers to be included in the plan.
If, after receiving evidence, the court determines that the services
contained in the plan are not reasonably calculated to facilitate
achievement of the permanency goal, the court shall put in writing the
factual basis supporting the determination and enter specific findings
based on the evidence. The court also shall enter an order for the
Department to develop and implement a new service plan or to implement
changes to the current service plan consistent with the court's findings. The
new service plan shall be filed with the court and served on all parties
within 45 days after the date of the order. The court shall continue the
matter until the new service plan is filed. Except as authorized by
subsection (3.5) of this Section or authorized by law, the court is not
empowered under this Section to order specific placements, specific
services, or specific service providers to be included in the service plan.

(3.5) If, after reviewing the evidence, including evidence from the
Department, the court determines that the minor's current or planned
placement is not necessary or appropriate to facilitate achievement of the
permanency goal, the court shall put in writing the factual basis supporting
its determination and enter specific findings based on the evidence. If the
court finds that the minor's current or planned placement is not necessary
or appropriate, the court may enter an order directing the Department to
implement a recommendation by the minor's treating clinician or a
clinician contracted by the Department to evaluate the minor or a
recommendation made by the Department. If the Department places a
minor in a placement under an order entered under this subsection (3.5),
the Department has the authority to remove the minor from that placement
when a change in circumstances necessitates the removal to protect the
minor's health, safety, and best interest. If the Department determines
removal is necessary, the Department shall notify the parties of the
planned placement change in writing no later than 10 days prior to the
implementation of its determination unless remaining in the placement
poses an imminent risk of harm to the minor, in which case the
Department shall notify the parties of the placement change in writing
immediately following the implementation of its decision. The Department

shall notify others of the decision to change the minor's placement as required by Department rule.

(4) In addition to any other order of disposition, the court may order any minor adjudicated neglected with respect to his or her own injurious behavior to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentence hearing" referred to therein shall be the dispositional hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may pay some or all of such restitution on the minor's behalf.

(5) Any order for disposition where the minor is committed or placed in accordance with Section 2-27 shall provide for the parents or guardian of the estate of such minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. Such payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the order of disposition requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code.

(7) The court may terminate the parental rights of a parent at the initial dispositional hearing if all of the conditions in subsection (5) of Section 2-21 are met.

(705 ILCS 405/2-27) (from Ch. 37, par. 802-27)

Sec. 2-27. Placement; legal custody or guardianship.

(1) If the court determines and puts in writing the factual basis supporting the determination of whether the parents, guardian, or legal custodian of a minor adjudged a ward of the court are unfit or are unable, for some reason other than financial circumstances alone, to care for, protect, train or discipline the minor or are unwilling to do so, and that the health, safety, and best interest of the minor will be jeopardized if the minor remains in the custody of his or her parents, guardian or custodian, the court may at this hearing and at any later point:

(a) place the minor in the custody of a suitable relative or other person as legal custodian or guardian;

(a-5) with the approval of the Department of Children and Family Services, place the minor in the subsidized guardianship of
a suitable relative or other person as legal guardian; "subsidized guardianship" means a private guardianship arrangement for children for whom the permanency goals of return home and adoption have been ruled out and who meet the qualifications for subsidized guardianship as defined by the Department of Children and Family Services in administrative rules;

(b) place the minor under the guardianship of a probation officer;

c) commit the minor to an agency for care or placement, except an institution under the authority of the Department of Corrections or of the Department of Children and Family Services;

d) on and after the effective date of this amendatory Act of the 98th General Assembly and before January 1, 2017, commit the minor to the Department of Children and Family Services for care and service; however, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except (i) a minor less than 16 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act, (ii) a minor under the age of 18 for whom an independent basis of abuse, neglect, or dependency exists, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of this Act. On and after January 1, 2017, commit the minor to the Department of Children and Family Services for care and service; however, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except (i) a minor less than 15 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act, (ii) a minor under the age of 18 for whom an independent basis of abuse, neglect, or dependency exists, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of this Act. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which

New matter indicated by italics - deletions by strikeout
give rise to a charge or adjudication of delinquency. The Department shall be given due notice of the pendency of the action and the Guardianship Administrator of the Department of Children and Family Services shall be appointed guardian of the person of the minor. Whenever the Department seeks to discharge a minor from its care and service, the Guardianship Administrator shall petition the court for an order terminating guardianship. The Guardianship Administrator may designate one or more other officers of the Department, appointed as Department officers by administrative order of the Department Director, authorized to affix the signature of the Guardianship Administrator to documents affecting the guardian-ward relationship of children for whom he or she has been appointed guardian at such times as he or she is unable to perform the duties of his or her office. The signature authorization shall include but not be limited to matters of consent of marriage, enlistment in the armed forces, legal proceedings, adoption, major medical and surgical treatment and application for driver's license. Signature authorizations made pursuant to the provisions of this paragraph shall be filed with the Secretary of State and the Secretary of State shall provide upon payment of the customary fee, certified copies of the authorization to any court or individual who requests a copy.

(1.5) In making a determination under this Section, the court shall also consider whether, based on health, safety, and the best interests of the minor,

(a) appropriate services aimed at family preservation and family reunification have been unsuccessful in rectifying the conditions that have led to a finding of unfitness or inability to care for, protect, train, or discipline the minor, or

(b) no family preservation or family reunification services would be appropriate,

and if the petition or amended petition contained an allegation that the parent is an unfit person as defined in subdivision (D) of Section 1 of the Adoption Act, and the order of adjudication recites that parental unfitness was established by clear and convincing evidence, the court shall, when appropriate and in the best interest of the minor, enter an order terminating parental rights and appointing a guardian with power to consent to adoption in accordance with Section 2-29.
When making a placement, the court, wherever possible, shall require the Department of Children and Family Services to select a person holding the same religious belief as that of the minor or a private agency controlled by persons of like religious faith of the minor and shall require the Department to otherwise comply with Section 7 of the Children and Family Services Act in placing the child. In addition, whenever alternative plans for placement are available, the court shall ascertain and consider, to the extent appropriate in the particular case, the views and preferences of the minor.

(2) When a minor is placed with a suitable relative or other person pursuant to item (a) of subsection (1), the court shall appoint him or her the legal custodian or guardian of the person of the minor. When a minor is committed to any agency, the court shall appoint the proper officer or representative thereof as legal custodian or guardian of the person of the minor. Legal custodians and guardians of the person of the minor have the respective rights and duties set forth in subsection (9) of Section 1-3 except as otherwise provided by order of court; but no guardian of the person may consent to adoption of the minor unless that authority is conferred upon him or her in accordance with Section 2-29. An agency whose representative is appointed guardian of the person or legal custodian of the minor may place the minor in any child care facility, but the facility must be licensed under the Child Care Act of 1969 or have been approved by the Department of Children and Family Services as meeting the standards established for such licensing. No agency may place a minor adjudicated under Sections 2-3 or 2-4 in a child care facility unless the placement is in compliance with the rules and regulations for placement under this Section promulgated by the Department of Children and Family Services under Section 5 of the Children and Family Services Act. Like authority and restrictions shall be conferred by the court upon any probation officer who has been appointed guardian of the person of a minor.

(3) No placement by any probation officer or agency whose representative is appointed guardian of the person or legal custodian of a minor may be made in any out of State child care facility unless it complies with the Interstate Compact on the Placement of Children. Placement with a parent, however, is not subject to that Interstate Compact.

(4) The clerk of the court shall issue to the legal custodian or guardian of the person a certified copy of the order of court, as proof of his
authority. No other process is necessary as authority for the keeping of the
minor.

(5) Custody or guardianship granted under this Section continues
until the court otherwise directs, but not after the minor reaches the age of
19 years except as set forth in Section 2-31, or if the minor was previously
committed to the Department of Children and Family Services for care and
service and the court has granted a supplemental petition to reinstate
wardship pursuant to subsection (2) of Section 2-33.

Sec. 5-710. Kinds of sentencing orders.

(1) The following kinds of sentencing orders may be made in
respect of wards of the court:

(a) Except as provided in Sections 5-805, 5-810, and 5-815,
a minor who is found guilty under Section 5-620 may be:

(i) put on probation or conditional discharge and
released to his or her parents, guardian or legal custodian,
provided, however, that any such minor who is not
committed to the Department of Juvenile Justice under this
subsection and who is found to be a delinquent for an
offense which is first degree murder, a Class X felony, or a
forcible felony shall be placed on probation;

(ii) placed in accordance with Section 5-740, with
or without also being put on probation or conditional
discharge;

(iii) required to undergo a substance abuse
assessment conducted by a licensed provider and participate
in the indicated clinical level of care;

(iv) on and after the effective date of this
amendatory Act of the 98th General Assembly and before
January 1, 2017, placed in the guardianship of the
Department of Children and Family Services, but only if
the delinquent minor is under 16 years of age or, pursuant
to Article II of this Act, a minor under the age of 18
for whom an independent basis of abuse, neglect, or
dependency exists. On and after January 1, 2017, placed in
the guardianship of the Department of Children and Family
Services, but only if the delinquent minor is under 15 years

of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older. However, the 30-day limitation may be extended by further order of the court for a minor under age 15 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts. The limitation that the minor shall only be placed in a juvenile detention home does not apply as follows:

Persons 18 years of age and older who have a petition of delinquency filed against them may be confined in an adult detention facility. In making a determination whether to confine a person 18 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

(A) the age of the person;

(B) any previous delinquent or criminal history of the person;

New matter indicated by italics - deletions by strikeout
(C) any previous abuse or neglect history of
the person;
(D) any mental health history of the person;
and
(E) any educational history of the person;
(vi) ordered partially or completely emancipated in
accordance with the provisions of the Emancipation of
Minors Act;
(vii) subject to having his or her driver's license or
driving privileges suspended for such time as determined
by the court but only until he or she attains 18 years of age;
(viii) put on probation or conditional discharge and
placed in detention under Section 3-6039 of the Counties
Code for a period not to exceed the period of incarceration
permitted by law for adults found guilty of the same offense
or offenses for which the minor was adjudicated delinquent,
and in any event no longer than upon attainment of age 21;
this subdivision (viii) notwithstanding any contrary
provision of the law;
(ix) ordered to undergo a medical or other procedure
to have a tattoo symbolizing allegiance to a street gang
removed from his or her body; or
(x) placed in electronic monitoring or home
detention under Part 7A of this Article.
(b) A minor found to be guilty may be committed to the
Department of Juvenile Justice under Section 5-750 if the minor is
at least 13 years and under 20 years of age, provided that the
commitment to the Department of Juvenile Justice shall be made
only if the minor was found guilty of a felony offense or first
degree murder. The court shall include in the sentencing order any
pre-custody credits the minor is entitled to under Section 5-4.5-100
of the Unified Code of Corrections. The time during which a minor
is in custody before being released upon the request of a parent,
guardian or legal custodian shall also be considered as time spent
in custody.
(c) When a minor is found to be guilty for an offense which
is a violation of the Illinois Controlled Substances Act, the
Cannabis Control Act, or the Methamphetamine Control and
Community Protection Act and made a ward of the court, the court

may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance use disorder treatment program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for protective supervision under Section 5-725 and may include an order of protection under Section 5-730.

(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing" referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.

(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code. Notwithstanding any other provision of this Act, in instances in which educational services are to be provided to a minor in a residential facility where the minor has been placed by the court, costs incurred in the provision of those educational services must be allocated based on the requirements of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act. The court shall include in the sentencing order a limitation on the period of confinement not to exceed the maximum period of imprisonment the court could impose under Article V of the Unified Code of Corrections.

(7.5) In no event shall a guilty minor be committed to the Department of Juvenile Justice or placed in detention when the act for which the minor was adjudicated delinquent would not be illegal if committed by an adult.

(7.6) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense which is a Class 4 felony under Section 19-4 (criminal trespass to a residence), 21-1 (criminal damage to property), 21-1.01 (criminal damage to government supported property), 21-1.3 (criminal defacement of property), 26-1 (disorderly conduct), or 31-4 (obstructing justice) of the Criminal Code of 2012.

(7.75) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense that is a Class 3 or Class 4 felony violation of the Illinois Controlled Substances Act unless the commitment occurs upon a third or subsequent judicial finding of a violation of probation for substantial noncompliance with court-ordered treatment or programming.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 or paragraph (4) of subsection (a) of Section 21-1 of the Criminal Code of 2012 shall be ordered to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The order may be in addition to any other order authorized by this Section.

(9) In addition to any other sentencing order, the court shall order any minor found to be guilty for an act which would constitute, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated criminal sexual abuse, or criminal sexual abuse if committed by an adult to undergo medical testing to determine whether the defendant has any sexually transmissible disease including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agency of acquired immunodeficiency syndrome (AIDS). Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except as otherwise provided by law, the results of the test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961 or the Criminal Code of 2012, a violation of any Section of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012, or a violation of any statute that involved the wrongful use of a firearm. If the court determines the question in the affirmative, and the court does not commit the minor to the Department of Juvenile Justice, the court shall order the

minor to perform community service for not less than 30 hours nor more than 120 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 and similar damage to property located in the municipality or county in which the violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. This order shall be in addition to any other order authorized by this Section except for an order to place the minor in the custody of the Department of Juvenile Justice. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(11) If the court determines that the offense was committed in furtherance of the criminal activities of an organized gang, as provided in subsection (10), and that the offense involved the operation or use of a motor vehicle or the use of a driver's license or permit, the court shall notify the Secretary of State of that determination and of the period for which the minor shall be denied driving privileges. If, at the time of the determination, the minor does not hold a driver's license or permit, the court shall provide that the minor shall not be issued a driver's license or permit until his or her 18th birthday. If the minor holds a driver's license or permit at the time of the determination, the court shall provide that the minor's driver's license or permit shall be revoked until his or her 21st birthday, or until a later date or occurrence determined by the court. If the minor holds a driver's license at the time of the determination, the court may direct the Secretary of State to issue the minor a judicial driving permit, also known as a JDP. The JDP shall be subject to the same terms as a JDP issued under Section 6-206.1 of the Illinois Vehicle Code, except that the court may direct that the JDP be effective immediately.

(12) If a minor is found to be guilty of a violation of subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may, in its discretion, and upon recommendation by the State's Attorney, order that minor and his or her parents or legal guardian to attend a smoker's education or youth diversion program as defined in that Act if that program is available in the jurisdiction where the offender resides. Attendance at a smoker's education or youth diversion program shall be time-credited against any community service time imposed for any first

In addition to any other penalty that the court may impose for a violation of subsection (a-7) of Section 1 of that Act, the court, upon request by the State's Attorney, may in its discretion require the offender to remit a fee for his or her attendance at a smoker's education or youth diversion program.

For purposes of this Section, "smoker's education program" or "youth diversion program" includes, but is not limited to, a seminar designed to educate a person on the physical and psychological effects of smoking tobacco products and the health consequences of smoking tobacco products that can be conducted with a locality's youth diversion program.

In addition to any other penalty that the court may impose under this subsection (12):

(a) If a minor violates subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may impose a sentence of 15 hours of community service or a fine of $25 for a first violation.

(b) A second violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a fine of $50 and 25 hours of community service.

(b) This Act is not intended to make any substantive change in the law. It reconciles conflicts that have arisen from multiple amendments and enactments and makes technical corrections and revisions in the law.

This Act revises and, where appropriate, renumbers certain Sections that have been added or amended by more than one Public Act. In certain cases in which a repealed Act or Section has been replaced with a successor law, this Act may incorporate amendments to the repealed Act or Section into the successor law. This Act also corrects errors, revises cross-references, and deletes obsolete text.

(c) In this Act, the reference at the end of each amended Section indicates the sources in the Session Laws of Illinois that were used in the preparation of the text of that Section. The text of the Section included in this Act is intended to include the different versions of the Section found in the Public Acts included in the list of sources, but may not include other versions of the Section to be found in Public Acts not included in the list of sources. The list of sources is not a part of the text of the Section.

(d) Public Acts 100-534 through 100-1177 were considered in the preparation of the combining revisories included in this Act. Many of those combining revisories contain no striking or underscoring because no additional changes are being made in the material that is being combined.

licensure or regulation, provided that the agency: (i) requires that any person or entity providing such an email address update that email address if it is changed; and (ii) annually verifies that email address.

(3) At any time either before or after its issuance of a hearing notice as described in Section 10-25, an agency may request, but not require, an unrepresented party that is not subject to paragraph (2) of this subsection (a) to consent to accept service by email of the documents described in Sections 10-25 and 10-50 by designating an email address at which they will accept service.

(4) Any person or entity who submits an email address under this Section shall also be given the option to designate no more than two secondary email addresses at which the person or entity consents to accept service, provided that, if any secondary email address is designated, an agency must serve the documents to both the designated primary and secondary email addresses.

(b) Notwithstanding any party's consent to accept service by email, no document described in Section Sections 10-25 or 10-50 may be served by email to the extent the document contains:

Section 15. The Freedom of Information Act is amended by changing Sections 3 and 7.5 as follows:

(5 ILCS 140/3) (from Ch. 116, par. 203)

New matter indicated by italics - deletions by strikeout
Sec. 3. (a) Each public body shall make available to any person for inspection or copying all public records, except as otherwise provided in Sections 7 and 8.5 of this Act. Notwithstanding any other law, a public body may not grant to any person or entity, whether by contract, license, or otherwise, the exclusive right to access and disseminate any public record as defined in this Act.

(b) Subject to the fee provisions of Section 6 of this Act, each public body shall promptly provide, to any person who submits a request, a copy of any public record required to be disclosed by subsection (a) of this Section and shall certify such copy if so requested.

(c) Requests for inspection or copies shall be made in writing and directed to the public body. Written requests may be submitted to a public body via personal delivery, mail, telefax, or other means available to the public body. A public body may honor oral requests for inspection or copying. A public body may not require that a request be submitted on a standard form or require the requester to specify the purpose for a request, except to determine whether the records are requested for a commercial purpose or whether to grant a request for a fee waiver. All requests for inspection and copying received by a public body shall immediately be forwarded to its Freedom of Information officer or designee.

(d) Each public body shall, promptly, either comply with or deny a request for public records within 5 business days after its receipt of the request, unless the time for response is properly extended under subsection (e) of this Section. Denial shall be in writing as provided in Section 9 of this Act. Failure to comply with a written request, extend the time for response, or deny a request within 5 business days after its receipt shall be considered a denial of the request. A public body that fails to respond to a request within the requisite periods in this Section but thereafter provides the requester with copies of the requested public records may not impose a fee for such copies. A public body that fails to respond to a request received may not treat the request as unduly burdensome under subsection (g).

(e) The time for response under this Section may be extended by the public body for not more than 5 business days from the original due date for any of the following reasons:

   (i) the requested records are stored in whole or in part at other locations than the office having charge of the requested records;

New matter indicated by italics - deletions by strikeout
(ii) the request requires the collection of a substantial number of specified records;

(iii) the request is couched in categorical terms and requires an extensive search for the records responsive to it;

(iv) the requested records have not been located in the course of routine search and additional efforts are being made to locate them;

(v) the requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure under Section 7 of this Act or should be revealed only with appropriate deletions;

(vi) the request for records cannot be complied with by the public body within the time limits prescribed by subsection (d) paragraph (c) of this Section without unduly burdening or interfering with the operations of the public body;

(vii) there is a need for consultation, which shall be conducted with all practicable speed, with another public body or among two or more components of a public body having a substantial interest in the determination or in the subject matter of the request.

The person making a request and the public body may agree in writing to extend the time for compliance for a period to be determined by the parties. If the requester and the public body agree to extend the period for compliance, a failure by the public body to comply with any previous deadlines shall not be treated as a denial of the request for the records.

(f) When additional time is required for any of the above reasons, the public body shall, within 5 business days after receipt of the request, notify the person making the request of the reasons for the extension and the date by which the response will be forthcoming. Failure to respond within the time permitted for extension shall be considered a denial of the request. A public body that fails to respond to a request within the time permitted for extension but thereafter provides the requester with copies of the requested public records may not impose a fee for those copies. A public body that requests an extension and subsequently fails to respond to the request may not treat the request as unduly burdensome under subsection (g).

(g) Requests calling for all records falling within a category shall be complied with unless compliance with the request would be unduly burdensome.
burdensome for the complying public body and there is no way to narrow the request and the burden on the public body outweighs the public interest in the information. Before invoking this exemption, the public body shall extend to the person making the request an opportunity to confer with it in an attempt to reduce the request to manageable proportions. If any public body responds to a categorical request by stating that compliance would unduly burden its operation and the conditions described above are met, it shall do so in writing, specifying the reasons why it would be unduly burdensome and the extent to which compliance will so burden the operations of the public body. Such a response shall be treated as a denial of the request for information.

Repeated requests from the same person for the same records that are unchanged or identical to records previously provided or properly denied under this Act shall be deemed unduly burdensome under this provision.

(h) Each public body may promulgate rules and regulations in conformity with the provisions of this Section pertaining to the availability of records and procedures to be followed, including:

(i) the times and places where such records will be made available, and

(ii) the persons from whom such records may be obtained.

(i) The time periods for compliance or denial of a request to inspect or copy records set out in this Section shall not apply to requests for records made for a commercial purpose, requests by a recurrent requester, or voluminous requests. Such requests shall be subject to the provisions of Sections 3.1, 3.2, and 3.6 of this Act, as applicable.

Sec. 7-108. Reprimand, suspension, and revocation of commission.
(a) The Secretary of State may revoke the commission of any notary public who, during the current term of appointment:

(1) submits an application for commission and appointment as a notary public which contains substantial and material misstatement or omission of fact; or

(2) is convicted of any felony, misdemeanors, including those defined in Part C, Articles 16, 17, 18, 19, and 21, and Part E, Articles 31, 32, and 33 of the Criminal Code of 2012, or official misconduct under this Act.

(b) Whenever the Secretary of State believes that a violation of this Article has occurred, he or she may investigate any such violation. The Secretary may also investigate possible violations of this Article upon a signed written complaint on a form designated by the Secretary.

New matter indicated by italics - deletions by strikeout
(c) A notary's failure to cooperate or respond to an investigation by the Secretary of State is a failure by the notary to fully and faithfully discharge the responsibilities and duties of a notary and shall result in suspension or revocation of the notary's commission.

(d) All written complaints which on their face appear to establish facts which, if proven true, would constitute an act of misrepresentation or fraud in notarization or on the part of the notary shall be investigated by the Secretary of State to determine whether cause exists to reprimand, suspend, or revoke the commission of the notary.

(e) The Secretary of State may deliver a written official warning and reprimand to a notary, or may revoke or suspend a notary's commission, for any of the following:

1. a notary's official misconduct, as defined under Section 7-104;
2. any ground for which an application for appointment as a notary may be denied for failure to complete application requirements as provided under Section 2-102;
3. any prohibited act provided under Section 6-104; or
4. a violation of any provision of the general statutes.

(f) After investigation and upon a determination by the Secretary of State that one or more prohibited acts have been performed in the notarization of a document, the Secretary shall, after considering the extent of the prohibited act and the degree of culpability of the notary, order one or more of the following courses of action:

2. order suspension of the commission of the notary for a period of time designated by the Secretary;

public in this State for a period of at least 5 years from the date of the final revocation.

(i) A notary may voluntarily resign from appointment by notifying the Secretary of State in writing of his or her intention to do so, and by physically returning his or her stamp to the Secretary. A voluntary resignation shall not stop or preclude any investigation into a notary's conduct, or prevent further suspension or revocation by the Secretary, who may pursue any such investigation to a conclusion and issue any finding.

(j) Upon a determination by a sworn law enforcement officer that the allegations raised by the complaint are founded, and the notary has received notice of suspension or revocation from the Secretary of State, the notary is entitled to an administrative hearing.

(k) The Secretary of State shall adopt administrative hearing rules applicable to this Section that are consistent with the Illinois Administrative Procedure Act.

(10 ILCS 5/17-22) (from Ch. 46, par. 17-22)

Sec. 17-22. The judges of election shall make the tally sheet and certificate of results in triplicate. If, however, the number of established political parties, as defined in Section 10-2, exceeds 2, one additional copy shall be made for each established political party in excess of 2. One list of voters, or other proper return with such certificate written thereon, and accompanying tally sheet footed up so as to show the correct number of votes cast for each person voted for, shall be carefully enveloped and sealed up by the judges of election, 2 of whom (one from each of the 2 major political parties) shall immediately deliver same to the county clerk, or his deputy, at the office of the county clerk, or to an officially designated receiving station established by the county clerk where a duly authorized representative of the county clerk shall receive said envelopes for immediate transmission to the office of county clerk, who shall safely keep them. The other certificates of results and accompanying tally sheet shall be carefully enveloped and sealed up and duly directed, respectively, to the chair of the county central committee of each then existing established political party, and by another of the judges of election deposited immediately in the nearest United States letter deposit. However, if any county chair notifies the county clerk not later than 10 days before the election of his desire to receive the envelope addressed to
him at the point and at the time same are delivered to the county clerk, his
deputy or receiving station designee the envelopes shall be delivered to
such county chair or his designee immediately upon receipt thereof by the
county clerk, his deputy or his receiving station designee. The person or
persons so designated by a county chair shall sign an official receipt
acknowledging receipt of said envelopes. The poll book and tally list filed
with the county clerk shall be kept one year, and certified copies thereof
shall be evidence in all courts, proceedings and election contests. Before
the returns are sealed up, as aforesaid, the judges shall compare the tally
papers, footings and certificates and see that they are correct and
duplicates of each other, and certify to the correctness of the same.

At the consolidated election, the judges of election shall make a
tally sheet and certificate of results for each political subdivision for which
candidates or public questions are on the ballot at such election, and shall
sign, seal in a marked envelope and deliver them to the county clerk with
the other certificates of results herein required. Such tally sheets and
certificates of results may be duplicates of the tally sheet and certificate of
results otherwise required by this Section, showing all votes for all
candidates and public questions voted for or upon in the precinct, or may
be on separate forms prepared by the election authority and showing only
those votes cast for candidates and public questions of each such political
subdivision.

Within 2 days of delivery of complete returns of the consolidated
election, the county clerk shall transmit an original, sealed tally sheet and
certificate of results from each precinct in his jurisdiction in which
candidates or public questions of a political subdivision were on the ballot
to the local election official of such political subdivision. Each local
election official, within 24 hours of receipt of all of the tally sheets and

such sealed tally sheets and certificates of results to the canvassing board
for that political subdivision.

(10 ILCS 5/24A-10) (from Ch. 46, par. 24A-10)

Sec. 24A-10. (1) In an election jurisdiction which has adopted an electronic voting system, the election official in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

(a) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on paper ballots, including any paper ballots required to be voted other than on the electronic voting system. Ballots deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in this Code "The Election Code," as amended, for the counting and handling of paper ballots. Immediately after the closing of the polls, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. Such slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock each ballot box; provided, that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in such manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign such seal. Thereupon two of the judges of election, of different political parties, shall forthwith and by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic tabulating equipment, the first ballot box shall be opened at the central counting location.
station by the two precinct transport judges. Upon opening a ballot box, such team shall first count the number of ballots in the box. If 2 or more are folded together so as to appear to have been cast by the same person, all of the ballots so folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to such excess.

Such excess ballots shall be marked "Excess-Not Counted" and signed by the two precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote; or

(b) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in this Code as amended; for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic voting system shall be processed as follows:

Immediately after the closing of the polls, the precinct judges of election then shall open the ballot box and canvass the votes polled to determine that the number of ballots therein agree with the number of voters voting as shown by the applications for ballot or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code. The judges of election shall then examine all ballot cards and ballot card envelopes which are in the ballot box to determine whether the ballot cards and ballot card envelopes bear the initials of a precinct judge of election. If any ballot card or ballot card envelope is not initialed, it shall be marked on the back "Defective," initialed as to such label by all judges immediately under such word "Defective," and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope."

When an electronic voting system is used which utilizes a ballot card, before separating the ballot cards from their respective covering envelopes, the judges of election shall examine the ballot card envelopes for write-in votes. When the voter has voted a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot card to determine whether such write-in results in an overvote for any office. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card except for the office which is overvoted, by using the ballot label booklet of the precinct and one of the marking devices of the precinct so as to transfer all votes of the voter except for the office overvoted, to an official ballot card of that kind used in the precinct at that election. The original ballot card and envelope upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballot cards and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots and their envelopes shall be placed in the "Duplicate Ballots" envelope. Envelopes bearing write-in votes marked in the place designated therefor and bearing the initials of a precinct judge of election and not resulting in an overvote and otherwise complying with the election laws as to marking shall be counted, tallied, and their votes recorded on a tally sheet provided by the election official in charge of the election. The ballot cards and ballot card envelopes shall be separated and all except any defective or overvoted shall be placed separately in the box for return of the ballots. The judges of election shall examine the ballots and ballot cards to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot or ballot card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card by using the ballot label booklet of the precinct and one of the marking devices of the precinct. The original ballot or ballot card and envelope shall be clearly labeled "Damaged Ballot" and the ballot or ballot card so produced "Duplicate Damaged Ballot," and each shall bear the same number which

shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot or ballot cards, and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots or ballot cards and their envelopes shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election thereupon immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box so as to cover any slot therein and to identify the box of the precinct; and if such box is sealed with filament tape as provided herein rather than locked, such tape shall be wrapped around the box as provided herein, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Thereupon, 2 of the judges of election, of different major political parties, forthwith shall by the most direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at such other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the two major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election

official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end thereof of each signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all seals are intact, and thereupon shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots or ballot cards and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges; or

delivered by the 2 precinct judges. At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of such teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chair of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chair of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot; and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of this the Election Code. The tally judges shall then examine all ballot sheets which are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to such label by all tally judges immediately under such word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". An overvote for one office shall invalidate only the vote or count of that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(2) Regardless of which procedure described in subsection (1) of this Section is used, the judges of election designated to transport the ballots, properly signed and sealed as provided herein, shall ensure that the ballots are delivered to the central counting station no later than 12 hours after the polls close. At the central counting station a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (1) of this Section until the judges transporting the same make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the same shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event such ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

"Nonqualified withdrawal" means a distribution from an account other than a distribution that (i) is used for the qualified expenses of the designated beneficiary; (ii) results from the beneficiary's death or disability; (iii) is a rollover to another account in the College Savings Pool; or (iv) is a rollover to an ABLE account, as defined in Section 16.6 of this Act, or any distribution that, within 60 days after such distribution, is transferred to an ABLE account of the designated beneficiary or a member of the family of the designated beneficiary to the extent that the distribution, when added to all other contributions made to the ABLE account for the taxable year, does not exceed the limitation under Section 529A(b)(2)(B)(i) of the Internal Revenue Code.

least half the full-time academic workload for the course of study the student is pursuing as determined under the standards of the institution at which the student is enrolled.

(b) Establishment of the Pool. The State Treasurer may establish and administer a College Savings Pool as a qualified tuition program under Section 529 of the Internal Revenue Code. The Pool may consist of one or more college savings programs. The State Treasurer, in administering the College Savings Pool, may receive, hold, and invest moneys paid into the Pool and perform such other actions as are necessary to ensure that the Pool operates as a qualified tuition program in accordance with Section 529 of the Internal Revenue Code.

(c) Administration of the College Savings Pool. The State Treasurer may engage one or more financial institutions to handle the overall administration, investment management, recordkeeping, and marketing of the programs in the College Savings Pool. The contributions deposited in the Pool, and any earnings thereon, shall not constitute property of the State or be commingled with State funds and the State shall have no claim to or against, or interest in, such funds.

(d) Availability of the College Savings Pool. The State Treasurer may permit persons, including trustees of trusts and custodians under a Uniform Transfers to Minors Act or Uniform Gifts to Minors Act account, and certain legal entities to be account owners, including as part of a scholarship program, provided that: (1) an individual, trustee or custodian must have a valid social security number or taxpayer identification number, be at least 18 years of age, and have a valid United States street address; and (2) a legal entity must have a valid taxpayer identification number and a valid United States street address. Both in-state and out-of-state persons may be account owners and donors, and both in-state and out-of-state individuals may be designated beneficiaries in the College Savings Pool.

(e) Fees. The State Treasurer shall establish fees to be imposed on accounts to recover the costs of administration, recordkeeping, and investment management. The Treasurer must use his or her best efforts to keep these fees as low as possible and consistent with administration of high quality competitive college savings programs.

(f) Investments in the State. To enhance the safety and liquidity of the College Savings Pool, to ensure the diversification of the investment portfolio of the College Savings Pool, and in an effort to keep investment dollars in the State of Illinois, the State Treasurer may make a percentage
of each account available for investment in participating financial institutions doing business in the State.

(g) Investment policy. The Treasurer shall develop, publish, and implement an investment policy covering the investment of the moneys in each of the programs in the College Savings Pool. The policy shall be published each year as part of the audit of the College Savings Pool by the Auditor General, which shall be distributed to all account owners in such program. The Treasurer shall notify all account owners in such program in writing, and the Treasurer shall publish in a newspaper of general circulation in both Chicago and Springfield, any changes to the previously published investment policy at least 30 calendar days before implementing the policy. Any investment policy adopted by the Treasurer shall be reviewed and updated if necessary within 90 days following the date that the State Treasurer takes office.

(h) Investment restrictions. An account owner may, directly or indirectly, direct the investment of any contributions to the College Savings Pool (or any earnings thereon) only as provided in Section 529(b)(4) of the Internal Revenue Code. Donors and designated beneficiaries, in those capacities, may not, directly or indirectly, direct the investment of any contributions to the Pool (or any earnings thereon).

(i) Distributions. Distributions from an account in the College Savings Pool may be used for the designated beneficiary's qualified expenses. Funds contained in a College Savings Pool account may be rolled over into an eligible ABLE account, as defined in Section 16.6 of this Act, to the extent permitted by Section 529(c)(3)(C) of the Internal Revenue Code. To the extent a nonqualified withdrawal is made from an account, the earnings portion of such distribution may be treated by the Internal Revenue Service as income subject to income tax and a 10% federal penalty tax. Internet

Distributions made from the College Savings Pool may be made directly to the educational institution, directly to a vendor, in the form of a check payable to both the designated beneficiary and the institution or vendor, directly to the designated beneficiary or account owner, or in any other manner that is permissible under Section 529 of the Internal Revenue Code.

(j) Contributions. Contributions to the College Savings Pool shall be as follows:

(1) Contributions to an account in the College Savings Pool may be made only in cash.
(2) The Treasurer shall limit the contributions that may be made to the College Savings Pool on behalf of a designated beneficiary, as required under Section 529 of the Internal Revenue Code, to prevent contributions for the benefit of a designated beneficiary in excess of those necessary to provide for the qualified expenses of the designated beneficiary. The Pool shall not permit any additional contributions to an account as soon as the aggregate accounts for the designated beneficiary in the Pool reach a specified account balance limit applicable to all designated beneficiaries.

(3) The contributions made on behalf of a designated beneficiary who is also a beneficiary under the Illinois Prepaid Tuition Program shall be further restricted to ensure that the contributions in both programs combined do not exceed the limit established for the College Savings Pool.

(k) Illinois Student Assistance Commission. The Treasurer shall provide the Illinois Student Assistance Commission each year at a time designated by the Commission, an electronic report of all account owner accounts in the Treasurer's College Savings Pool, listing total contributions and disbursements from each individual account during the previous calendar year. As soon thereafter as is possible following receipt of the Treasurer's report, the Illinois Student Assistance Commission shall, in turn, provide the Treasurer with an electronic report listing those College Savings Pool account owners who also participate in the State's prepaid tuition program, administered by the Commission. The Commission shall be responsible for filing any combined tax reports regarding State qualified savings programs required by the United States Internal Revenue Service.

The Treasurer shall work with the Illinois Student Assistance Commission to coordinate the marketing of the College Savings Pool and the Illinois Prepaid Tuition Program when considered beneficial by the Treasurer and the Director of the Illinois Student Assistance Commission. The Treasurer shall provide a separate accounting for each designated beneficiary to each account owner.

(l) Prohibition; exemption. No interest in the program, or any portion thereof, may be used as security for a loan. Moneys held in an account invested in the College Savings Pool shall be exempt from all claims of the creditors of the account owner, donor, or designated beneficiary of that account, except for the non-exempt College Savings

Pool transfers to or from the account as defined under subsection (j) of Section 12-1001 of the Code of Civil Procedure.

(m) Taxation. The assets of the College Savings Pool and its income and operation shall be exempt from all taxation by the State of Illinois and any of its subdivisions. The accrued earnings on investments in the Pool once disbursed on behalf of a designated beneficiary shall be similarly exempt from all taxation by the State of Illinois and its subdivisions, so long as they are used for qualified expenses. Contributions to a College Savings Pool account during the taxable year may be deducted from adjusted gross income as provided in Section 203 of the Illinois Income Tax Act. The provisions of this paragraph are exempt from Section 250 of the Illinois Income Tax Act.

(n) Rules. The Treasurer shall adopt rules he or she considers necessary for the efficient administration of the College Savings Pool. The rules shall provide whatever additional parameters and restrictions are necessary to ensure that the College Savings Pool meets all of the requirements for a qualified state tuition program under Section 529 of the Internal Revenue Code.

The rules shall provide for the administration expenses of the Pool to be paid from its earnings and for the investment earnings in excess of the expenses to be credited at least monthly to the account owners in the Pool in a manner which equitably reflects the differing amounts of their respective investments in the Pool and the differing periods of time for which those amounts were in the custody of the Pool.

The rules shall require the maintenance of records that enable the Treasurer's office to produce a report for each account in the Pool at least annually that documents the account balance and investment earnings.

Notice of any proposed amendments to the rules and regulations shall be provided to all account owners prior to adoption. Amendments to rules and regulations shall apply only to contributions made after the adoption of the amendment.

(o) Bond. The State Treasurer shall give bond with at least one surety, payable to and for the benefit of the account owners in the College Savings Pool, in the penal sum of $10,000,000, conditioned upon the faithful discharge of his or her duties in relation to the College Savings Pool.

All such obligations shall be considered as cash and may be delivered over as cash by a State Treasurer to his successor.

The State Treasurer may, with the approval of the Governor, purchase any state bonds with any money in the State Treasury that has been set aside and held for the payment of the principal of and interest on the bonds. (E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. (b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in screening techniques to identify substance use disorders, as defined in the Substance Use Disorder Act, approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred for an assessment at an organization appropriately licensed by the Department of Human Services for substance use disorder treatment.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a youth in care and that no licensed private facility has an adequate and appropriate program or none agrees to accept the youth in care, the Department shall create an appropriate individualized, program-oriented plan for such youth in care. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;
(2) homemakers;
(3) counseling;
(4) parent education;
(5) day care; and
(6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

(1) comprehensive family-based services;
(2) assessments;
(3) respite care; and
(4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt children with physical or mental disabilities, children who are older, or other hard-to-

place children who (i) immediately prior to their adoption were youth in care or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 for children who were youth in care for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive

placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set, except that reunification services may be offered as provided in paragraph (F) of subsection (2) of Section 2-28 of that Act. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of

supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The

Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

(1) the likelihood of prompt reunification;
(2) the past history of the family;
(3) the barriers to reunification being addressed by the family;
(4) the level of cooperation of the family;
(5) the foster parents' willingness to work with the family to reunite;
(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
(7) the age of the child;
(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and

resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designee prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified

New matter indicated by italics - deletions by strikeout
Code of Corrections, unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under
this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and foster families with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for
whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department

shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

1. an order entered by an Illinois court specifically directs the Department to perform such services; and
2. the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

1. available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

New matter indicated by italics - deletions by strikeout
(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family

home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.
(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting when a youth in care turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

(f) (Blank).

(f-5) Notwithstanding anything that may appear in any individual licensing statute or administrative rule, the Department shall allow an applicant to provide his or her individual taxpayer identification number as an alternative to providing a social security number when applying for a license.

(g) Notwithstanding anything that may appear in any individual licensing statute or administrative rule, the Department shall deny any license application or renewal authorized under any licensing Act administered by the Department to any person who has failed to file a return, or to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirement of any such tax Act are satisfied; however, the Department may issue a license or renewal if the person has established a satisfactory repayment record as determined by the Illinois Department of Revenue.
For the purpose of this Section, "satisfactory repayment record" shall be defined by rule.

In addition, a complaint filed with the Department by the Illinois Department of Revenue that includes a certification, signed by its Director or designee, attesting to the amount of the unpaid tax liability or the years for which a return was not filed, or both, is prima facie evidence of the licensee's failure to comply with the tax laws administered by the Illinois Department of Revenue. Upon receipt of that certification, the Department shall, without a hearing, immediately suspend all licenses held by the licensee. Enforcement of the Department's order shall be stayed for 60 days. The Department shall provide notice of the suspension to the licensee by mailing a copy of the Department's order to the licensee's address of record or emailing a copy of the order to the licensee's email address of record. The notice shall advise the licensee that the suspension shall be effective 60 days after the issuance of the Department's order unless the Department receives, from the licensee, a request for a hearing before the Department to dispute the matters contained in the order.

Any suspension imposed under this subsection (g) shall be terminated by the Department upon notification from the Illinois Department of Revenue that the licensee is in compliance with all tax laws administered by the Illinois Department of Revenue.

The Department may promulgate rules for the administration of this subsection (g).

(h) The Department may grant the title "Retired", to be used immediately adjacent to the title of a profession regulated by the Department, to eligible retirees. For individuals licensed under the Medical Practice Act of 1987, the title "Retired" may be used in the profile required by the Patients' Right to Know Act. The use of the title "Retired" shall not constitute representation of current licensure, registration, or certification. Any person without an active license, registration, or certificate in a profession that requires licensure, registration, or certification shall not be permitted to practice that profession.

(i) The Department shall make available on its website general information explaining how the Department utilizes criminal history information in making licensure application decisions, including a list of enumerated offenses that serve as a statutory bar to licensure.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. (F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Substance Use Disorder Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section. A sentence is terminated notwithstanding any outstanding financial legal obligation.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.
(2.5) Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the law enforcement agency issuing the citation shall automatically expunge, on or before January 1 and July 1 of each year, the law enforcement records of a person found to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the law enforcement agency's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for that offense. Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the clerk of the circuit court shall expunge, upon order of the court, or in the absence of a court order on or before January 1 and July 1 of each year, the court records of a person found in the circuit court to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the clerk's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for any of those offenses.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6) of this Section, the court shall not order:

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision or a conviction for the following offenses:

(i) offenses included in Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012 or a similar provision of a local ordinance, except Section 11-14 and a misdemeanor violation of Section 11-30 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(i-5) Those arrests or charges that resulted in orders of supervision for a misdemeanor violation of subsection (a) of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance shall not be eligible for expungement until the petitioner has reached the age of 25 years.
(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Department for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Department, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by removing his or her name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the offender, if known or ascertainable, in lieu of the aggrieved's name. The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory

criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court that finds the petitioner factually innocent of the charge shall enter an expungement order for the conviction for which the petitioner has been determined to be innocent as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Substance Use Disorder Act, or Section 10 of the Steroid Control Act.

(8) If the petitioner has been granted a certificate of innocence under Section 2-702 of the Code of Civil Procedure, the court that grants the certificate of innocence shall also enter an order expunging the conviction for which the petitioner has been determined to be innocent as provided in subsection (h) of Section 2-702 of the Code of Civil Procedure.

(c) Sealing.

New matter indicated by italics - deletions by strikeout
(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults. Subsection (g) of this Section provides for immediate sealing of certain records.

(2) Eligible Records. The following records may be sealed:

(A) All arrests resulting in release without charging;

(B) Arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except as excluded by subsection (a)(3)(B);

(C) Arrests or charges not initiated by arrest resulting in orders of supervision, including orders of supervision for municipal ordinance violations, successfully completed by the petitioner, unless excluded by subsection (a)(3);

(D) Arrests or charges not initiated by arrest resulting in convictions, including convictions on municipal ordinance violations, unless excluded by subsection (a)(3);

(E) Arrests or charges not initiated by arrest resulting in orders of first offender probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, or Section 5-6-3.3 of the Unified Code of Corrections; and

(F) Arrests or charges not initiated by arrest resulting in felony convictions unless otherwise excluded by subsection (a) paragraph (3) of this Section.

(3) When Records Are Eligible to Be Sealed. Records identified as eligible under subsection (c)(2) may be sealed as follows:

(A) Records identified as eligible under subsection (c)(2)(A) and (c)(2)(B) may be sealed at any time.

(B) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as eligible under subsection (c)(2)(C) may be sealed 2 years after the
termination of petitioner's last sentence (as defined in subsection (a)(1)(F)).

(C) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as eligible under subsections (c)(2)(D), (c)(2)(E), and (c)(2)(F) may be sealed 3 years after the termination of the petitioner's last sentence (as defined in subsection (a)(1)(F)). Convictions requiring public registration under the Arsonist Registration Act, the Sex Offender Registration Act, or the Murderer and Violent Offender Against Youth Registration Act may not be sealed until the petitioner is no longer required to register under that relevant Act.

(D) Records identified in subsection (a)(3)(A)(iii) may be sealed after the petitioner has reached the age of 25 years.

(E) Records identified as eligible under subsections (c)(2)(C), (c)(2)(D), (c)(2)(E), or (c)(2)(F) may be sealed upon termination of the petitioner's last sentence if the petitioner earned a high school diploma, associate's degree, career certificate, vocational technical certification, or bachelor's degree, or passed the high school level Test of General Educational Development, during the period of his or her sentence, aftercare release, or mandatory supervised release. This subparagraph shall apply only to a petitioner who has not completed the same educational goal prior to the period of his or her sentence, aftercare release, or mandatory supervised release. If a petition for sealing eligible records filed under this subparagraph is denied by the court, the time periods under subparagraph (B) or (C) shall apply to any subsequent petition for sealing filed by the petitioner.

(4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). The court may, upon conviction for a subsequent felony offense, order the unsealing of prior felony conviction records previously ordered sealed by the court.
(5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. In a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2019.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(3) Drug test. The petitioner must attach to the petition proof that the petitioner has passed a test taken within 30 days
before the filing of the petition showing the absence within his or her body of all illegal substances as defined by the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, and the Cannabis Control Act if he or she is petitioning to:

(A) seal felony records under clause (c)(2)(E);
(B) seal felony records for a violation of the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Cannabis Control Act under clause (c)(2)(F);
(C) seal felony records under subsection (e-5); or
(D) expunge felony records of a qualified probation under clause (b)(1)(iv).

(4) Service of petition. The circuit court clerk shall promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, the arresting agency and the chief legal officer of the unit of local government effecting the arrest.

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to

New matter indicated by italics - deletions by strikeout
expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(C) Notwithstanding any other provision of law, the court shall not deny a petition for sealing under this Section because the petitioner has not satisfied an outstanding legal financial obligation established, imposed, or originated by a court, law enforcement agency, or a municipal, State, county, or other unit of local government, including, but not limited to, any cost, assessment, fine, or fee. An outstanding legal financial obligation does not include any court ordered restitution to a victim under Section 5-5-6 of the Unified Code of Corrections, unless the restitution has been converted to a civil judgment. Nothing in this subparagraph (C) waives, rescinds, or abrogates a legal financial obligation or otherwise eliminates or affects the right of the holder of any financial obligation to pursue collection under applicable federal, State, or local law.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;

or land, at least 50% of whose annual gross income is derived from farming and whose debt to asset ratio shall not be less than 40%, except in those cases where the applicant has previously used the guarantee program there shall be no debt to asset ratio or income restriction. For the purposes of this Section, debt to asset ratio shall mean the current outstanding liabilities of the farmer divided by the current outstanding assets of the farmer. The Authority shall establish the maximum permissible debt to asset ratio based on criteria established by the Authority. Lenders shall apply for the State Guarantees on forms provided by the Authority and certify that the application and any other documents submitted are true and correct. The lender or borrower, or both in combination, shall pay an administrative fee as determined by the Authority. The applicant shall be responsible for paying any fees or charges involved in recording mortgages, releases, financing statements, insurance for secondary market issues and any other similar fees or charges as the Authority may require. The application shall at a minimum contain the farmer's name, address, present credit and financial information, including cash flow statements, financial statements, balance sheets, and any other information pertinent to the application, and the collateral to be used to secure the State Guarantee. In addition, the lender must agree to bring the farmer's debt to a current status at the time the State Guarantee is provided and must also agree to charge a fixed or adjustable interest rate which the Authority determines to be below the market rate of interest generally available to the borrower. If both the lender and applicant agree, the interest rate on the State Guarantee Loan can be converted to a fixed interest rate at any time during the term of the loan. Any State Guarantees provided under this Section (i) shall not exceed $500,000 per farmer, (ii) shall be set up on a payment schedule not to exceed 30 years, and shall be no longer than 30 years in duration, and (iii) shall be subject to an annual review and renewal by the lender and the Authority; provided that only one such State Guarantee shall be outstanding per farmer at any one time. No State Guarantee shall be revoked by the Authority without a 90-day notice, in writing, to all parties. In those cases where the borrower has not previously used the guarantee program, the lender shall not call due any loan during the first 3 years for any reason except for lack of performance or insufficient collateral. The lender can review and withdraw or continue with the State Guarantee on an annual basis after the first 3 years of the loan, provided a 90-day notice, in writing, to all parties has been given.

(b) The Authority shall provide or renew a State Guarantee to a lender if:

(i) A fee equal to 25 basis points on the loan is paid to the Authority on an annual basis by the lender.

(ii) The application provides collateral acceptable to the Authority that is at least equal to the State's portion of the Guarantee to be provided.

(iii) The lender assumes all responsibility and costs for pursuing legal action on collecting any loan that is delinquent or in default.

(iv) The lender is responsible for the first 15% of the outstanding principal of the note for which the State Guarantee has been applied.

(c) There is hereby created outside of the State treasury a special fund to be known as the Illinois Agricultural Loan Guarantee Fund. The State Treasurer shall be custodian of this Fund. Any amounts in the Illinois Agricultural Loan Guarantee Fund not currently needed to meet the obligations of the Fund shall be invested as provided by law or used by the Authority to make direct loans or originate or purchase loan participations under subsections (i) or (r) of Section 801-40. All interest earned from these investments shall be deposited into the Fund until the Fund reaches the maximum amount authorized in this Act; thereafter, interest earned shall be deposited into the General Revenue Fund. After September 1, 1989, annual investment earnings equal to 1.5% of the Fund shall remain in the Fund to be used for the purposes established in Section 830-40 of this Act. All earnings on direct loans or loan participations made by the Authority under subsections (i) or (r) of Section 801-40 with amounts in this Fund shall become funds of the Authority. The Authority is authorized to transfer to the Fund such amounts as are necessary to satisfy claims during the duration of the State Guarantee program to secure State Guarantees issued under this Section, provided that amounts to be paid from the Industrial Project Insurance Fund created under Article 805 of this Act may be paid by the Authority directly to satisfy claims and need not be deposited first into the Illinois Agricultural Loan Guarantee Fund. If for any reason the General Assembly fails to make an appropriation sufficient to meet these obligations, this Act shall constitute an irrevocable and continuing appropriation of an amount necessary to secure guarantees as defaults occur and the irrevocable and continuing authority for, and direction to, the State Treasurer and the
Comptroller to make the necessary transfers to the Illinois Agricultural Loan Guarantee Fund, as directed by the Governor, out of the General Revenue Fund. Within 30 days after November 15, 1985, the Authority may transfer up to $7,000,000 from available appropriations into the Illinois Agricultural Loan Guarantee Fund for the purposes of this Act. Thereafter, the Authority may transfer additional amounts into the Illinois Agricultural Loan Guarantee Fund to secure guarantees for defaults as defaults occur. In the event of default by the farmer, the lender shall be entitled to, and the Authority shall direct payment on, the State Guarantee after 90 days of delinquency. All payments by the Authority to satisfy claims against the State Guarantee shall be made, in whole or in part, from any of the following funds in such order and in such amounts as the Authority shall determine: (1) the Industrial Project Insurance Fund created under Article 805 of this Act (if the Authority exercises its discretion under subsection (j) of Section 805-20); (2) the Illinois Agricultural Loan Guarantee Fund; or (3) the Illinois Farmer and Agribusiness Loan Guarantee Fund. The Illinois Agricultural Loan Guarantee Fund shall guarantee receipt of payment of the 85% of the principal and interest owed on the State Guarantee Loan by the farmer to the guarantee holder, provided that payments by the Authority to satisfy claims against the State Guarantee shall be made in accordance with the preceding sentence. It shall be the responsibility of the lender to proceed with the collecting and disposing of collateral on the State Guarantee under this Section, Section 830-35, Section 830-45, Section 830-50, Section 830-55, or Article 835 within 14 months of the time the State Guarantee is declared delinquent; provided, however, that the lender shall not collect or dispose of collateral on the State Guarantee without the express written prior approval of the Authority. If the lender does not dispose of the collateral within 14 months, the lender shall be liable to repay to the State interest on the State Guarantee equal to the same rate which the lender charges on the State Guarantee; provided, however, that the Authority may extend the 14-month period for a lender in the case of bankruptcy or extenuating circumstances. The Fund from which a payment is made shall be reimbursed for any amounts paid from that Fund under this Section, Section 830-35, Section 830-45, Section 830-50, Section 830-55, or Article 835 upon liquidation of the collateral. The Authority, by resolution of the Board, may borrow sums from the Fund and provide for repayment as soon as may be practical upon receipt of payments of principal and interest by a farmer. Money may be borrowed from the Fund

by the Authority for the sole purpose of paying certain interest costs for farmers associated with selling a loan subject to a State Guarantee in a secondary market as may be deemed reasonable and necessary by the Authority.

(d) Notwithstanding the provisions of this Section 830-30 with respect to the farmers and lenders who may obtain State Guarantees, the Authority may promulgate rules establishing the eligibility of farmers and lenders to participate in the State guarantee program and the terms, standards, and procedures that will apply, when the Authority finds that emergency conditions in Illinois agriculture have created the need for State Guarantees pursuant to terms, standards, and procedures other than those specified in this Section.

Sec. 830-35. State Guarantees for loans to farmers and agribusiness; eligibility.

(a) The Authority is authorized to issue State Guarantees to lenders for loans to eligible farmers and agribusinesses for purposes set forth in this Section. For purposes of this Section, an eligible farmer shall be a resident of Illinois (i) who is principal operator of a farm or land, at least 50% of whose annual gross income is derived from farming, (ii) whose annual total sales of agricultural products, commodities, or livestock exceeds $20,000, and (iii) whose net worth does not exceed $500,000. An eligible agribusiness shall be that as defined in Section 801-10 of this Act. "New crops or livestock not customarily grown or produced in this State" shall not include corn, soybeans, wheat, swine, or beef or dairy cattle. "Vertical integration of grain or livestock produced or raised in this State" shall include any new or existing grain or livestock grown or produced in this State. Lenders shall apply for the State Guarantees on forms provided by the Authority, certify that the application and any other documents submitted are true and correct, and pay an administrative fee as determined by the Authority. The applicant shall be responsible for paying any fees or charges involved in recording
mortgages, releases, financing statements, insurance for secondary market issues and any other similar fees or charges as the Authority may require. The application shall at a minimum contain the farmer's or agribusiness' name, address, present credit and financial information, including cash flow statements, financial statements, balance sheets, and any other information pertinent to the application, and the collateral to be used to secure the State Guarantee. In addition, the lender must agree to charge an interest rate, which may vary, on the loan that the Authority determines to be below the market rate of interest generally available to the borrower. If both the lender and applicant agree, the interest rate on the State Guarantee Loan can be converted to a fixed interest rate at any time during the term of the loan. Any State Guarantees provided under this Section (i) shall not exceed $500,000 per farmer or an amount as determined by the Authority on a case-by-case basis for an agribusiness, (ii) shall not exceed a term of 15 years, and (iii) shall be subject to an annual review and renewal by the lender and the Authority; provided that only one such State Guarantee shall be made per farmer or agribusiness, except that additional State Guarantees may be made for purposes of expansion of projects financed in part by a previously issued State Guarantee. No State Guarantee shall be revoked by the Authority without a 90-day notice, in writing, to all parties. The lender shall not call due any loan for any reason except for lack of performance, insufficient collateral, or maturity. A lender may review and withdraw or continue with a State Guarantee on an annual basis after the first 5 years following closing of the loan application if the loan contract provides for an interest rate that shall not vary. A lender shall not withdraw a State Guarantee if the loan contract provides for an interest rate that may vary, except for reasons set forth herein.

(b) The Authority shall provide or renew a State Guarantee to a lender if:

(i) A fee equal to 25 basis points on the loan is paid to the Authority on an annual basis by the lender.
(ii) The application provides collateral acceptable to the Authority that is at least equal to the State's portion of the Guarantee to be provided.

(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:

(A) failure to satisfy qualification criteria;
(B) identification of a conflict of interest; or
(C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. If the Agency fails to remove an expert or expert consulting firm from a list, an objecting party may seek review by the Commission within 5 days thereafter by filing a petition, and the Commission shall render a ruling on the petition within 10 days. There is no right of appeal of the Commission's ruling.

(4) The Agency shall issue requests for proposals to the qualified experts or expert consulting firms to develop a procurement plan for the affected utilities and to serve as procurement administrator.

(5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award contracts of up to 5 years to those selected.

(6) The Agency shall select an expert or expert consulting firm, with approval of the Commission, to serve as procurement administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a 5-year contract to the expert or expert consulting firm so selected with Commission approval.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois, and for eligible Illinois retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load.

(c) Renewable portfolio standard.

(1)(A) The Agency shall develop a long-term renewable resources procurement plan that shall include procurement programs and competitive procurement events necessary to meet the goals set forth in this subsection (c). The initial long-term renewable resources procurement plan shall be released for comment no later than 160 days after June 1, 2017 (the effective date of Public Act 99-906). The Agency shall review, and may revise on an expedited basis, the long-term renewable resources procurement plan at least every 2 years, which shall be conducted in conjunction with the procurement plan under Section 16-111.5

of the Public Utilities Act to the extent practicable to minimize administrative expense. The long-term renewable resources procurement plans shall be subject to review and approval by the Commission under Section 16-111.5 of the Public Utilities Act.

(B) Subject to subparagraph (F) of this paragraph (1), the long-term renewable resources procurement plan shall include the goals for procurement of renewable energy credits to meet at least the following overall percentages: 13% by the 2017 delivery year; increasing by at least 1.5% each delivery year thereafter to at least 25% by the 2025 delivery year; and continuing at no less than 25% for each delivery year thereafter. In the event of a conflict between these goals and the new wind and new photovoltaic procurement requirements described in items (i) through (iii) of subparagraph (C) of this paragraph (1), the long-term plan shall prioritize compliance with the new wind and new photovoltaic procurement requirements described in items (i) through (iii) of subparagraph (C) of this paragraph (1) over the annual percentage targets described in this subparagraph (B).

For the delivery year beginning June 1, 2017, the procurement plan shall include cost-effective renewable energy resources equal to at least 13% of each utility's load for eligible retail customers and 13% of the applicable portion of each utility's load for retail customers who are not eligible retail customers, which applicable portion shall equal 50% of the utility's load for retail customers who are not eligible retail customers on February 28, 2017.

For the delivery year beginning June 1, 2018, the procurement plan shall include cost-effective renewable energy resources equal to at least 14.5% of each utility's load for eligible retail customers and 14.5% of the applicable portion of each utility's load for retail customers who are not eligible retail customers, which applicable portion shall equal 75% of the utility's load for retail customers who are not eligible retail customers on February 28, 2017.

For the delivery year beginning June 1, 2019, and for each year thereafter, the procurement plans shall include cost-effective renewable energy resources equal to a minimum percentage of each utility's load for all retail customers as follows: 16% by June 1,
For each delivery year, the Agency shall first recognize each utility's obligations for that delivery year under existing contracts. Any renewable energy credits under existing contracts, including renewable energy credits as part of renewable energy resources, shall be used to meet the goals set forth in this subsection (c) for the delivery year.

(C) Of the renewable energy credits procured under this subsection (c), at least 75% shall come from wind and photovoltaic projects. The long-term renewable resources procurement plan described in subparagraph (A) of this paragraph (1) shall include the procurement of renewable energy credits in amounts equal to at least the following:

(i) By the end of the 2020 delivery year:
   At least 2,000,000 renewable energy credits for each delivery year shall come from new wind projects; and
   At least 2,000,000 renewable energy credits for each delivery year shall come from new photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1) from distributed renewable energy generation devices or community renewable generation projects; at least 40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).
(ii) By the end of the 2025 delivery year:
   At least 3,000,000 renewable energy credits for each delivery year shall come from new wind projects; and
   At least 3,000,000 renewable energy credits for each delivery year shall come from new

photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1) from distributed renewable energy devices or community renewable generation projects; at least 40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).

(iii) By the end of the 2030 delivery year:

At least 4,000,000 renewable energy credits for each delivery year shall come from new wind projects; and

At least 4,000,000 renewable energy credits for each delivery year shall come from new photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1) from distributed renewable energy devices or community renewable generation projects; at least 40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).

For purposes of this Section:

"New wind projects" means wind renewable energy facilities that are energized after June 1, 2017 for the delivery year commencing June 1, 2017 or within 3 years after the date the Commission approves contracts for subsequent delivery years.

"New photovoltaic projects" means photovoltaic renewable energy facilities that are

New matter indicated by italics - deletions by strikeout
energized after June 1, 2017. Photovoltaic projects developed under Section 1-56 of this Act shall not apply towards the new photovoltaic project requirements in this subparagraph (C).

(D) Renewable energy credits shall be cost effective. For purposes of this subsection (c), "cost effective" means that the costs of procuring renewable energy resources do not cause the limit stated in subparagraph (E) of this paragraph (1) to be exceeded and, for renewable energy credits procured through a competitive procurement event, do not exceed benchmarks based on market prices for like products in the region. For purposes of this subsection (c), "like products" means contracts for renewable energy credits from the same or substantially similar technology, same or substantially similar vintage (new or existing), the same or substantially similar quantity, and the same or substantially similar contract length and structure. Benchmarks shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval. If price benchmarks for like products in the region are not available, the procurement administrator shall establish price benchmarks based on publicly available data on regional technology costs and expected current and future regional energy prices. The benchmarks in this Section shall not be used to curtail or otherwise reduce contractual obligations entered into by or through the Agency prior to June 1, 2017 (the effective date of Public Act 99-906).

(E) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year commencing prior to June 1, 2017 shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the delivery year ending immediately prior to the procurement, and, for delivery years commencing on and after June 1, 2017, the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) delivered by the electric utility in the delivery year ending immediately prior to the procurement, to all retail customers in its

New matter indicated by italics - deletions by strikeout
service territory. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured under the procurement plan for any single year shall be subject to the limitations of this subparagraph (E). Such procurement shall be reduced for all retail customers based on the amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011. To arrive at a maximum dollar amount of renewable energy resources to be procured for the particular delivery year, the resulting per kilowatthour amount shall be applied to the actual amount of kilowatthours of electricity delivered, or applicable portion of such amount as specified in paragraph (1) of this subsection (c), as applicable, by the electric utility in the delivery year immediately prior to the procurement to all retail customers in its service territory. The calculations required by this subparagraph (E) shall be made only once for each delivery year at the time that the renewable energy resources are procured. Once the determination as to the amount of renewable energy resources to procure is made based on the calculations set forth in this subparagraph (E) and the contracts procuring those amounts are executed, no subsequent rate impact determinations shall be made and no adjustments to those contract amounts shall be allowed. All costs incurred under such contracts shall be fully recoverable by the electric utility as provided in this Section.

(F) If the limitation on the amount of renewable energy resources procured in subparagraph (E) of this paragraph (1) prevents the Agency from meeting all of the goals in this subsection (c), the Agency's long-term plan shall prioritize
The following provisions shall apply to the Agency's procurement of renewable energy credits under this subsection (c):

(i) Notwithstanding whether a long-term renewable resources procurement plan has been approved, the Agency shall conduct an initial forward procurement for renewable energy credits from new utility-scale wind projects within 160 days after June 1, 2017 (the effective date of Public Act 99-906). For the purposes of this initial forward procurement, the Agency shall solicit 15-year contracts for delivery of 1,000,000 renewable energy credits delivered annually from new utility-scale wind projects to begin delivery on June 1, 2019, if available, but not later than June 1, 2021. Payments to suppliers of renewable energy credits shall commence upon delivery. Renewable energy credits procured under this initial procurement shall be included in the Agency's long-term plan and shall apply to all renewable energy goals in this subsection (c).

(ii) Notwithstanding whether a long-term renewable resources procurement plan has been approved, the Agency shall conduct an initial forward procurement for renewable energy credits from new utility-scale solar projects and brownfield site photovoltaic projects within one year after June 1, 2017 (the effective date of Public Act 99-906). For the purposes of this initial forward procurement, the Agency shall solicit 15-year contracts for delivery of 1,000,000 renewable energy credits delivered annually from new utility-scale solar projects and brownfield site photovoltaic projects within one year after June 1, 2017.
photovoltaic projects to begin delivery on June 1, 2019, if available, but not later than June 1, 2021. The Agency may structure this initial procurement in one or more discrete procurement events. Payments to suppliers of renewable energy credits shall commence upon delivery. Renewable energy credits procured under this initial procurement shall be included in the Agency's long-term plan and shall apply to all renewable energy goals in this subsection (c).

(iii) Subsequent forward procurements for utility-scale wind projects shall solicit at least 1,000,000 renewable energy credits delivered annually per procurement event and shall be planned, scheduled, and designed such that the cumulative amount of renewable energy credits delivered from all new wind projects in each delivery year shall not exceed the Agency's projection of the cumulative amount of renewable energy credits that will be delivered from all new photovoltaic projects, including utility-scale and distributed photovoltaic devices, in the same delivery year at the time scheduled for wind contract delivery.

(iv) If, at any time after the time set for delivery of renewable energy credits pursuant to the initial procurements in items (i) and (ii) of this subparagraph (G), the cumulative amount of renewable energy credits projected to be delivered from all new wind projects in a given delivery year exceeds the cumulative amount of renewable energy credits projected to be delivered from all new photovoltaic projects in that delivery year by 200,000 or more renewable energy credits, then the Agency shall within 60 days adjust the procurement programs in the long-term renewable resources procurement plan to ensure that the projected cumulative amount of renewable energy credits to be delivered from all new wind projects does not exceed the projected cumulative amount of renewable energy credits to be delivered from all new photovoltaic projects by 200,000 or more renewable energy credits, provided that nothing in this Section shall preclude the projected cumulative amount of renewable energy credits to be delivered from all new photovoltaic projects from

New matter indicated by italics - deletions by strikeout
exceeding the projected cumulative amount of renewable energy credits to be delivered from all new wind projects in each delivery year and provided further that nothing in this item (iv) shall require the curtailment of an executed contract. The Agency shall update, on a quarterly basis, its projection of the renewable energy credits to be delivered from all projects in each delivery year. Notwithstanding anything to the contrary, the Agency may adjust the timing of procurement events conducted under this subparagraph (G). The long-term renewable resources procurement plan shall set forth the process by which the adjustments may be made.

(v) All procurements under this subparagraph (G) shall comply with the geographic requirements in subparagraph (I) of this paragraph (1) and shall follow the procurement processes and procedures described in this Section and Section 16-111.5 of the Public Utilities Act to the extent practicable, and these processes and procedures may be expedited to accommodate the schedule established by this subparagraph (G).

(H) The procurement of renewable energy resources for a given delivery year shall be reduced as described in this subparagraph (H) if an alternative retail electric supplier meets the requirements described in this subparagraph (H).

(i) Within 45 days after June 1, 2017 (the effective date of Public Act 99-906), an alternative retail electric supplier or its successor shall submit an informational filing to the Illinois Commerce Commission certifying that, as of December 31, 2015, the alternative retail electric supplier owned one or more electric generating facilities that generates renewable energy resources as defined in Section 1-10 of this Act, provided that such facilities are not powered by wind or photovoltaics, and the facilities generate one renewable energy credit for each megawatthour of energy produced from the facility.

The informational filing shall identify each facility that was eligible to satisfy the alternative retail electric supplier's obligations under Section 16-115D of the Public Utilities Act as described in this item (i).
(ii) For a given delivery year, the alternative retail electric supplier may elect to supply its retail customers with renewable energy credits from the facility or facilities described in item (i) of this subparagraph (H) that continue to be owned by the alternative retail electric supplier.

(iii) The alternative retail electric supplier shall notify the Agency and the applicable utility, no later than February 28 of the year preceding the applicable delivery year or 15 days after June 1, 2017 (the effective date of Public Act 99-906), whichever is later, of its election under item (ii) of this subparagraph (H) to supply renewable energy credits to retail customers of the utility. Such election shall identify the amount of renewable energy credits to be supplied by the alternative retail electric supplier to the utility's retail customers and the source of the renewable energy credits identified in the informational filing as described in item (i) of this subparagraph (H), subject to the following limitations:

For the delivery year beginning June 1, 2018, the maximum amount of renewable energy credits to be supplied by an alternative retail electric supplier under this subparagraph (H) shall be 68% multiplied by 25% multiplied by 14.5% multiplied by the amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the delivery year ending May 31, 2016.

For delivery years beginning June 1, 2019 and each year thereafter, the maximum amount of renewable energy credits to be supplied by an alternative retail electric supplier under this subparagraph (H) shall be 68% multiplied by 50% multiplied by 16% multiplied by the amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the delivery year ending May 31, 2016, provided that the 16% value shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025,
and thereafter the 25% value shall apply to each delivery year.

For each delivery year, the total amount of renewable energy credits supplied by all alternative retail electric suppliers under this subparagraph (H) shall not exceed 9% of the Illinois target renewable energy credit quantity. The Illinois target renewable energy credit quantity for the delivery year beginning June 1, 2018 is 14.5% multiplied by the total amount of metered electricity (megawatt-hours) delivered in the delivery year immediately preceding that delivery year, provided that the 14.5% shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025, and thereafter the 25% value shall apply to each delivery year.

If the requirements set forth in items (i) through (iii) of this subparagraph (H) are met, the charges that would otherwise be applicable to the retail customers of the alternative retail electric supplier under paragraph (6) of this subsection (c) for the applicable delivery year shall be reduced by the ratio of the quantity of renewable energy credits supplied by the alternative retail electric supplier compared to that supplier's target renewable energy credit quantity. The supplier's target renewable energy credit quantity for the delivery year beginning June 1, 2018 is 14.5% multiplied by the total amount of metered electricity (megawatt-hours) delivered by the alternative retail supplier in that delivery year, provided that the 14.5% shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025, and thereafter the 25% value shall apply to each delivery year.

On or before April 1 of each year, the Agency shall annually publish a report on its website that identifies the aggregate amount of renewable energy credits supplied by alternative retail electric suppliers under this subparagraph (H).

(I) The Agency shall design its long-term renewable energy procurement plan to maximize the State's interest in the health, safety, and welfare of its residents, including but not limited to minimizing sulfur dioxide, nitrogen oxide, particulate matter and

New matter indicated by italics - deletions by strikeout
other pollution that adversely affects public health in this State, increasing fuel and resource diversity in this State, enhancing the reliability and resiliency of the electricity distribution system in this State, meeting goals to limit carbon dioxide emissions under federal or State law, and contributing to a cleaner and healthier environment for the citizens of this State. In order to further these legislative purposes, renewable energy credits shall be eligible to be counted toward the renewable energy requirements of this subsection (c) if they are generated from facilities located in this State. The Agency may qualify renewable energy credits from facilities located in states adjacent to Illinois if the generator demonstrates and the Agency determines that the operation of such facility or facilities will help promote the State's interest in the health, safety, and welfare of its residents based on the public interest criteria described above. To ensure that the public interest criteria are applied to the procurement and given full effect, the Agency's long-term procurement plan shall describe in detail how each public interest factor shall be considered and weighted for facilities located in states adjacent to Illinois.

(J) In order to promote the competitive development of renewable energy resources in furtherance of the State's interest in the health, safety, and welfare of its residents, renewable energy credits shall not be eligible to be counted toward the renewable energy requirements of this subsection (c) if they are sourced from a generating unit whose costs were being recovered through rates regulated by this State or any other state or states on or after January 1, 2017. Each contract executed to purchase renewable energy credits under this subsection (c) shall provide for the contract's termination if the costs of the generating unit supplying the renewable energy credits subsequently begin to be recovered through rates regulated by this State or any other state or states; and each contract shall further provide that, in that event, the supplier of the credits must return 110% of all payments received under the contract. Amounts returned under the requirements of this subparagraph (J) shall be retained by the utility and all of these amounts shall be used for the procurement of additional renewable energy credits from new wind or new photovoltaic resources as defined in this subsection (c). The long-term plan shall provide that

New matter indicated by italics - deletions by strikeout
these renewable energy credits shall be procured in the next procurement event.

Notwithstanding the limitations of this subparagraph (J), renewable energy credits sourced from generating units that are constructed, purchased, owned, or leased by an electric utility as part of an approved project, program, or pilot under Section 1-56 of this Act shall be eligible to be counted toward the renewable energy requirements of this subsection (c), regardless of how the costs of these units are recovered.

(K) The long-term renewable resources procurement plan developed by the Agency in accordance with subparagraph (A) of this paragraph (1) shall include an Adjustable Block program for the procurement of renewable energy credits from new photovoltaic projects that are distributed renewable energy generation devices or new photovoltaic community renewable generation projects. The Adjustable Block program shall be designed to provide a transparent schedule of prices and quantities to enable the photovoltaic market to scale up and for renewable energy credit prices to adjust at a predictable rate over time. The prices set by the Adjustable Block program can be reflected as a set value or as the product of a formula.

The Adjustable Block program shall include for each category of eligible projects: a schedule of standard block purchase prices to be offered; a series of steps, with associated nameplate capacity and purchase prices that adjust from step to step; and automatic opening of the next step as soon as the nameplate capacity and available purchase prices for an open step are fully committed or reserved. Only projects energized on or after June 1, 2017 shall be eligible for the Adjustable Block program. For each block group the Agency shall determine the number of blocks, the amount of generation capacity in each block, and the purchase price for each block, provided that the purchase price provided and the total amount of generation in all blocks for all block groups shall be sufficient to meet the goals in this subsection (c). The Agency may periodically review its prior decisions establishing the number of blocks, the amount of generation capacity in each block, and the purchase price for each block, and may propose, on an expedited basis, changes to these previously set values, including but not limited to redistributing these amounts and the available

New matter indicated by italics - deletions by strikeout
funds as necessary and appropriate, subject to Commission approval as part of the periodic plan revision process described in Section 16-111.5 of the Public Utilities Act. The Agency may define different block sizes, purchase prices, or other distinct terms and conditions for projects located in different utility service territories if the Agency deems it necessary to meet the goals in this subsection (c).

The Adjustable Block program shall include at least the following block groups in at least the following amounts, which may be adjusted upon review by the Agency and approval by the Commission as described in this subparagraph (K):

(i) At least 25% from distributed renewable energy generation devices with a nameplate capacity of no more than 10 kilowatts.

(ii) At least 25% from distributed renewable energy generation devices with a nameplate capacity of more than 10 kilowatts and no more than 2,000 kilowatts. The Agency may create sub-categories within this category to account for the differences between projects for small commercial customers, large commercial customers, and public or non-profit customers.

(iii) At least 25% from photovoltaic community renewable generation projects.

(iv) The remaining 25% shall be allocated as specified by the Agency in the long-term renewable resources procurement plan.

The Adjustable Block program shall be designed to ensure that renewable energy credits are procured from photovoltaic distributed renewable energy generation devices and new photovoltaic community renewable energy generation projects in diverse locations and are not concentrated in a few geographic areas.

(L) The procurement of photovoltaic renewable energy credits under items (i) through (iv) of subparagraph (K) of this paragraph (1) shall be subject to the following contract and payment terms:

(i) The Agency shall procure contracts of at least 15 years in length.
(ii) For those renewable energy credits that qualify and are procured under item (i) of subparagraph (K) of this paragraph (1), the renewable energy credit purchase price shall be paid in full by the contracting utilities at the time that the facility producing the renewable energy credits is interconnected at the distribution system level of the utility and energized. The electric utility shall receive and retire all renewable energy credits generated by the project for the first 15 years of operation.

(iii) For those renewable energy credits that qualify and are procured under item (ii) and (iii) of subparagraph (K) of this paragraph (1) and any additional categories of distributed generation included in the long-term renewable resources procurement plan and approved by the Commission, 20 percent of the renewable energy credit purchase price shall be paid by the contracting utilities at the time that the facility producing the renewable energy credits is interconnected at the distribution system level of the utility and energized. The remaining portion shall be paid ratably over the subsequent 4-year period. The electric utility shall receive and retire all renewable energy credits generated by the project for the first 15 years of operation.

(iv) Each contract shall include provisions to ensure the delivery of the renewable energy credits for the full term of the contract.

(v) The utility shall be the counterparty to the contracts executed under this subparagraph (L) that are approved by the Commission under the process described in Section 16-111.5 of the Public Utilities Act. No contract shall be executed for an amount that is less than one renewable energy credit per year.

(vi) If, at any time, approved applications for the Adjustable Block program exceed funds collected by the electric utility or would cause the Agency to exceed the limitation described in subparagraph (E) of this paragraph (1) on the amount of renewable energy resources that may be procured, then the Agency shall consider future uncommitted funds to be reserved for these contracts on a first-come, first-served basis, with the delivery of
renewable energy credits required beginning at the time that
the reserved funds become available.

(vii) Nothing in this Section shall require the utility
to advance any payment or pay any amounts that exceed the
actual amount of revenues collected by the utility under
paragraph (6) of this subsection (c) and subsection (k) of
Section 16-108 of the Public Utilities Act, and contracts
executed under this Section shall expressly incorporate this
limitation.

(M) The Agency shall be authorized to retain one or more
experts or expert consulting firms to develop, administer,
implement, operate, and evaluate the Adjustable Block program
described in subparagraph (K) of this paragraph (1), and the
Agency shall retain the consultant or consultants in the same
manner, to the extent practicable, as the Agency retains others to
administer provisions of this Act, including, but not limited to, the
procurement administrator. The selection of experts and expert
consulting firms and the procurement process described in this
subparagraph (M) are exempt from the requirements of Section 20-
10 of the Illinois Procurement Code, under Section 20-10 of that
Code. The Agency shall strive to minimize administrative expenses
in the implementation of the Adjustable Block program.

The Agency and its consultant or consultants shall monitor
block activity, share program activity with stakeholders and
conduct regularly scheduled meetings to discuss program activity
and market conditions. If necessary, the Agency may make
prospective administrative adjustments to the Adjustable Block
program design, such as redistributing available funds or making
adjustments to purchase prices as necessary to achieve the goals of
this subsection (c). Program modifications to any price, capacity
block, or other program element that do not deviate from the
Commission's approved value by more than 25% shall take effect
immediately and are not subject to Commission review and
approval. Program modifications to any price, capacity block, or
other program element that deviate more than 25% from the
Commission's approved value must be approved by the
Commission as a long-term plan amendment under Section 16-
111.5 of the Public Utilities Act. The Agency shall consider
stakeholder feedback when making adjustments to the Adjustable

New matter indicated by italics - deletions by strikeout
Block design and shall notify stakeholders in advance of any planned changes.

(N) The long-term renewable resources procurement plan required by this subsection (c) shall include a community renewable generation program. The Agency shall establish the terms, conditions, and program requirements for community renewable generation projects with a goal to expand renewable energy generating facility access to a broader group of energy consumers, to ensure robust participation opportunities for residential and small commercial customers and those who cannot install renewable energy on their own properties. Any plan approved by the Commission shall allow subscriptions to community renewable generation projects to be portable and transferable. For purposes of this subparagraph (N), "portable" means that subscriptions may be retained by the subscriber even if the subscriber relocates or changes its address within the same utility service territory; and "transferable" means that a subscriber may assign or sell subscriptions to another person within the same utility service territory.

Electric utilities shall provide a monetary credit to a subscriber's subsequent bill for service for the proportional output of a community renewable generation project attributable to that subscriber as specified in Section 16-107.5 of the Public Utilities Act.

The Agency shall purchase renewable energy credits from subscribed shares of photovoltaic community renewable generation projects through the Adjustable Block program described in subparagraph (K) of this paragraph (1) or through the Illinois Solar for All Program described in Section 1-56 of this Act. The electric utility shall purchase any unsubscribed energy from community renewable generation projects that are Qualifying Facilities ("QF") under the electric utility's tariff for purchasing the output from QFs under Public Utilities Regulatory Policies Act of 1978.

The owners of and any subscribers to a community renewable generation project shall not be considered public utilities or alternative retail electricity suppliers under the Public Utilities Act solely as a result of their interest in or subscription to a community renewable generation project and shall not be required
to become an alternative retail electric supplier by participating in a community renewable generation project with a public utility.

(O) For the delivery year beginning June 1, 2018, the long-term renewable resources procurement plan required by this subsection (c) shall provide for the Agency to procure contracts to continue offering the Illinois Solar for All Program described in subsection (b) of Section 1-56 of this Act, and the contracts approved by the Commission shall be executed by the utilities that are subject to this subsection (c). The long-term renewable resources procurement plan shall allocate 5% of the funds available under the plan for the applicable delivery year, or $10,000,000 per delivery year, whichever is greater, to fund the programs, and the plan shall determine the amount of funding to be apportioned to the programs identified in subsection (b) of Section 1-56 of this Act; provided that for the delivery years beginning June 1, 2017, June 1, 2021, and June 1, 2025, the long-term renewable resources procurement plan shall allocate 10% of the funds available under the plan for the applicable delivery year, or $20,000,000 per delivery year, whichever is greater, and $10,000,000 of such funds in such year shall be used by an electric utility that serves more than 3,000,000 retail customers in the State to implement a Commission-approved plan under Section 16-108.12 of the Public Utilities Act. In making the determinations required under this subparagraph (O), the Commission shall consider the experience and performance under the programs and any evaluation reports. The Commission shall also provide for an independent evaluation of those programs on a periodic basis that are funded under this subparagraph (O).

(2) (Blank).

(3) (Blank).

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the 2010 delivery year and ending June 1, 2017, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant
to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31. Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31.

(6) The electric utility shall be entitled to recover all of its costs associated with the procurement of renewable energy credits under plans approved under this Section and Section 16-111.5 of the Public Utilities Act. These costs shall include associated reasonable expenses for implementing the procurement programs, including, but not limited to, the costs of administering and evaluating the Adjustable Block program, through an automatic adjustment clause tariff in accordance with subsection (k) of Section 16-108 of the Public Utilities Act.

(7) Renewable energy credits procured from new photovoltaic projects or new distributed renewable energy generation devices under this Section after June 1, 2017 (the effective date of Public Act 99-906) must be procured from devices installed by a qualified person in compliance with the requirements of Section 16-128A of the Public Utilities Act and any rules or regulations adopted thereunder.

In meeting the renewable energy requirements of this subsection (c), to the extent feasible and consistent with State and federal law, the renewable energy credit procurements, Adjustable Block solar program, and community renewable generation program shall provide employment opportunities for all segments of the population and workforce, including minority-owned and female-owned business enterprises, and shall not, consistent with State and federal law, discriminate based on race or socioeconomic status.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity generated using clean coal. Each utility shall enter into one or more sourcing agreements with the initial clean coal facility, as provided in paragraph (3) of this subsection (d), covering electricity generated by the initial clean coal facility representing at least 5% of each utility's total supply to serve the load of eligible retail customers in 2015 and each year thereafter, as described in paragraph (3) of this subsection (d), subject to the limits specified in paragraph (2) of this subsection (d). It is the goal of the State that by January 1, 2025, 25% of the electricity used in the State shall be generated by cost-effective clean coal facilities. For purposes of this subsection (d), "cost-effective" means that the expenditures pursuant to such sourcing agreements do not cause the limit stated in paragraph (2) of this subsection (d) to be exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements covering electricity generated by clean coal facilities, other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending

New matter indicated by italics - deletions by strikeout
immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2010, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i)
2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute.

No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings as to whether that limitation unduly constrains the amount of electricity generated by cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least 500 MW when commercial operation commences, that has a final Clean Air Act permit on June 1, 2009 (the effective date of Public Act 95-1027), and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

(i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the
Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

(ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any, substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States Government, firm transmission rights, if any, by-products produced by the facility, energy or capacity derived from the facility and not covered by a sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited against the revenue requirement for this initial clean coal facility;

(B) power purchase provisions, which shall:

(i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;

(ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;

(iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric

suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and

(iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;

(C) contract for differences provisions, which shall:

(i) require the utility party to such sourcing agreement to contract with the initial clean coal facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the utility's service territory in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount paid by the utility in any year will be limited by paragraph (2) of this subsection (d);

(ii) provide that the utility's payment obligation in respect of the quantity of electricity determined pursuant to the preceding clause (i) shall be limited to an amount equal to (1) the difference between the contract price determined pursuant to subparagraph (A) of paragraph (3) of this subsection (d) and the day-ahead price for electricity delivered to the regional transmission organization market of the utility that is party to such sourcing agreement

(or any successor delivery point at which such utility's supply obligations are financially settled on an hourly basis) (the "reference price") on the day preceding the day on which the electricity is delivered to the initial clean coal facility busbar, multiplied by (2) the quantity of electricity determined pursuant to the preceding clause (i); and

(iii) not require the utility to take physical delivery of the electricity produced by the facility;

(D) general provisions, which shall:

(i) specify a term of no more than 30 years, commencing on the commercial operation date of the facility;

(ii) provide that utilities shall maintain adequate records documenting purchases under the sourcing agreements entered into to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act;

(iii) provide that all costs associated with the initial clean coal facility will be periodically reported to the Federal Energy Regulatory Commission and to purchasers in accordance with applicable laws governing cost-based wholesale power contracts;

(iv) permit the Illinois Power Agency to assume ownership of the initial clean coal facility, without monetary consideration and otherwise on reasonable terms acceptable to the Agency, if the Agency so requests no less than 3 years prior to the end of the stated contract term;

(v) require the owner of the initial clean coal facility to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon emissions from the facility that have been captured and sequestered and report

New matter indicated by italics - deletions by strikeout
any quantities of carbon released from the site or sites at which carbon emissions were sequestered in prior years, based on continuous monitoring of such sites. If, in any year after the first year of commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce

New matter indicated by italics - deletions by strikeout
the allowable return on equity for the facility if the facility willfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);

(vii) require Commission review: (1) to determine the justness, reasonableness, and prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of

New matter indicated by italics - deletions by strikeout
the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

(xii) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and

(xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

(4) Effective date of sourcing agreements with the initial clean coal facility. Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

(i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively "facility cost report"), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

(ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such report shall include, but not be limited to,
a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs associated with electricity generated by other types of generation facilities, an analysis of the rate impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility's busbar by 2016. To assist in the preparation of its report, the Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms detailing the

New matter indicated by italics - deletions by strikeout
estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

(i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and related facilities. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems.

(ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include capitalized financing costs during construction, taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from vendors of major equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and

New matter indicated by italics - deletions by strikeout
other fixed and variable operations and maintenance costs. The delivered fuel cost estimate will be provided by a recognized third party expert or experts in the fuel and transportation industries. The balance of the operating and maintenance cost quote, excluding delivered fuel costs, will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost quote, potential vendors under long-term service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the operating and maintenance cost quote is expressed.

(D) The facility cost report shall also include an analysis of the initial clean coal facility's ability to deliver power and energy into the applicable regional transmission organization markets and an analysis of the expected capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the owner or owners of the initial clean coal facility to prepare the core plant construction cost quote, including the front end engineering and design study, and the operating and maintenance cost quote will be reimbursed through Coal Development Bonds.

(5) Re-powering and retrofitting coal-fired power plants previously owned by Illinois utilities to qualify as clean coal facilities. During the 2009 procurement planning process and thereafter, the Agency and the Commission shall consider sourcing agreements covering electricity generated by power plants that were previously owned by Illinois utilities and that have been or will be converted into clean coal facilities, as defined by Section 1-10 of this Act. Pursuant to such procurement planning process, the owners of such facilities may propose to the Agency sourcing agreements with utilities and alternative retail electric suppliers required to comply with subsection (d) of this Section and item (5)
of subsection (d) of Section 16-115 of the Public Utilities Act, covering electricity generated by such facilities. In the case of sourcing agreements that are power purchase agreements, the contract price for electricity sales shall be established on a cost of service basis. In the case of sourcing agreements that are contracts for differences, the contract price from which the reference price is subtracted shall be established on a cost of service basis. The Agency and the Commission may approve any such utility sourcing agreements that do not exceed cost-based benchmarks developed by the procurement administrator, in consultation with the Commission staff, Agency staff and the procurement monitor, subject to Commission review and approval. The Commission shall have authority to inspect all books and records associated with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(d-5) Zero emission standard.

(1) Beginning with the delivery year commencing on June 1, 2017, the Agency shall, for electric utilities that serve at least 100,000 retail customers in this State, procure contracts with zero emission facilities that are reasonably capable of generating cost-effective zero emission credits in an amount approximately equal to 16% of the actual amount of electricity delivered by each electric utility to retail customers in the State during calendar year 2014. For an electric utility serving fewer than 100,000 retail customers in this State that requested, under Section 16-111.5 of the Public Utilities Act, that the Agency procure power and energy for all or a portion of the utility's Illinois load for the delivery year commencing June 1, 2016, the Agency shall procure contracts with zero emission facilities that are reasonably capable of generating cost-effective zero emission credits in an amount approximately equal to 16% of the portion of power and energy to be procured by the Agency for the utility. The duration of the contracts procured under this subsection (d-5) shall be for a term of 10 years ending May 31, 2027. The quantity of zero emission credits to be procured under the contracts shall be all of the zero emission credits

New matter indicated by italics - deletions by strikeout
generated by the zero emission facility in each delivery year; however, if the zero emission facility is owned by more than one entity, then the quantity of zero emission credits to be procured under the contracts shall be the amount of zero emission credits that are generated from the portion of the zero emission facility that is owned by the winning supplier.

The 16% value identified in this paragraph (1) is the average of the percentage targets in subparagraph (B) of paragraph (1) of subsection (c) of this Section 1-75 of this Act for the 5 delivery years beginning June 1, 2017.

The procurement process shall be subject to the following provisions:

(A) Those zero emission facilities that intend to participate in the procurement shall submit to the Agency the following eligibility information for each zero emission facility on or before the date established by the Agency:

(i) the in-service date and remaining useful life of the zero emission facility;

(ii) the amount of power generated annually for each of the years 2005 through 2015, and the projected zero emission credits to be generated over the remaining useful life of the zero emission facility, which shall be used to determine the capability of each facility;

(iii) the annual zero emission facility cost projections, expressed on a per megawatthour basis, over the next 6 delivery years, which shall include the following: operation and maintenance expenses; fully allocated overhead costs, which shall be allocated using the methodology developed by the Institute for Nuclear Power Operations; fuel expenditures; non-fuel capital expenditures; spent fuel expenditures; a return on working capital; the cost of operational and market risks that could be avoided by ceasing operation; and any other costs necessary for continued operations, provided that "necessary" means, for purposes of this item (iii), that the costs could reasonably be avoided only by ceasing operations of the zero emission facility; and

New matter indicated by italics - deletions by strikeout
(iv) a commitment to continue operating, for the duration of the contract or contracts executed under the procurement held under this subsection (d-5), the zero emission facility that produces the zero emission credits to be procured in the procurement.

The information described in item (iii) of this subparagraph (A) may be submitted on a confidential basis and shall be treated and maintained by the Agency, the procurement administrator, and the Commission as confidential and proprietary and exempt from disclosure under subparagraphs (a) and (g) of paragraph (1) of Section 7 of the Freedom of Information Act. The Office of Attorney General shall have access to, and maintain the confidentiality of, such information pursuant to Section 6.5 of the Attorney General Act.

(B) The price for each zero emission credit procured under this subsection (d-5) for each delivery year shall be in an amount that equals the Social Cost of Carbon, expressed on a price per megawatthour basis. However, to ensure that the procurement remains affordable to retail customers in this State if electricity prices increase, the price in an applicable delivery year shall be reduced below the Social Cost of Carbon by the amount ("Price Adjustment") by which the market price index for the applicable delivery year exceeds the baseline market price index for the consecutive 12-month period ending May 31, 2016. If the Price Adjustment is greater than or equal to the Social Cost of Carbon in an applicable delivery year, then no payments shall be due in that delivery year. The components of this calculation are defined as follows:

(i) Social Cost of Carbon: The Social Cost of Carbon is $16.50 per megawatthour, which is based on the U.S. Interagency Working Group on Social Cost of Carbon's price in the August 2016 Technical Update using a 3% discount rate, adjusted for inflation for each year of the program. Beginning with the delivery year commencing June 1, 2023, the price per megawatthour shall increase...
by $1 per megawatthour, and continue to increase by an additional $1 per megawatthour each delivery year thereafter.

(ii) Baseline market price index: The baseline market price index for the consecutive 12-month period ending May 31, 2016 is $31.40 per megawatthour, which is based on the sum of (aa) the average day-ahead energy price across all hours of such 12-month period at the PJM Interconnection LLC Northern Illinois Hub, (bb) 50% multiplied by the Base Residual Auction, or its successor, capacity price for the rest of the RTO zone group determined by PJM Interconnection LLC, divided by 24 hours per day, and (cc) 50% multiplied by the Planning Resource Auction, or its successor, capacity price for Zone 4 determined by the Midcontinent Independent System Operator, Inc., divided by 24 hours per day.

(iii) Market price index: The market price index for a delivery year shall be the sum of projected energy prices and projected capacity prices determined as follows:

(aa) Projected energy prices: the projected energy prices for the applicable delivery year shall be calculated once for the year using the forward market price for the PJM Interconnection, LLC Northern Illinois Hub. The forward market price shall be calculated as follows: the energy forward prices for each month of the applicable delivery year averaged for each trade date during the calendar year immediately preceding that delivery year to produce a single energy forward price for the delivery year. The forward market price calculation shall use data published by the Intercontinental Exchange, or its successor.

(bb) Projected capacity prices:

New matter indicated by italics - deletions by strikeout
(I) For the delivery years commencing June 1, 2017, June 1, 2018, and June 1, 2019, the projected capacity price shall be equal to the sum of (1) 50% multiplied by the Base Residual Auction, or its successor, price for the rest of the RTO zone group as determined by PJM Interconnection LLC, divided by 24 hours per day and, (2) 50% multiplied by the resource auction price determined in the resource auction administered by the Midcontinent Independent System Operator, Inc., in which the largest percentage of load cleared for Local Resource Zone 4, divided by 24 hours per day, and where such price is determined by the Midcontinent Independent System Operator, Inc.

(II) For the delivery year commencing June 1, 2020, and each year thereafter, the projected capacity price shall be equal to the sum of (1) 50% multiplied by the Base Residual Auction, or its successor, price for the ComEd zone as determined by PJM Interconnection LLC, divided by 24 hours per day, and (2) 50% multiplied by the resource auction price determined in the resource auction administered by the Midcontinent Independent System Operator, Inc., in which the largest percentage of load cleared for Local Resource Zone 4, divided by 24 hours per day, and where such price is determined by the Midcontinent Independent System Operator, Inc.

For purposes of this subsection (d-5):

"Rest of the RTO" and "ComEd Zone" shall have the meaning ascribed to them by PJM Interconnection, LLC.

"RTO" means regional transmission organization.

(C) No later than 45 days after June 1, 2017 (the effective date of Public Act 99-906), the Agency shall publish its proposed zero emission standard procurement plan. The plan shall be consistent with the provisions of this paragraph (1) and shall provide that winning bids shall be selected based on public interest criteria that include, but are not limited to, minimizing carbon dioxide emissions that result from electricity consumed in Illinois and minimizing sulfur dioxide, nitrogen oxide, and particulate matter emissions that adversely affect the citizens of this State. In particular, the selection of winning bids shall take into account the incremental environmental benefits resulting from the procurement, such as any existing environmental benefits that are preserved by the procurements held under Public Act 99-906 and would cease to exist if the procurements were not held, including the preservation of zero emission facilities. The plan shall also describe in detail how each public interest factor shall be considered and weighted in the bid selection process to ensure that the public interest criteria are applied to the procurement and given full effect.

For purposes of developing the plan, the Agency shall consider any reports issued by a State agency, board, or commission under House Resolution 1146 of the 98th General Assembly and paragraph (4) of subsection (d) of this Section 1-75 of this Act, as well as publicly available analyses and studies performed by or for regional transmission organizations that serve the State and their independent market monitors.

Upon publishing of the zero emission standard procurement plan, copies of the plan shall be posted and made publicly available on the Agency's website. All interested parties shall have 10 days following the date of

New matter indicated by italics - deletions by strikeout
posting to provide comment to the Agency on the plan. All comments shall be posted to the Agency's website. Following the end of the comment period, but no more than 60 days later than June 1, 2017 (the effective date of Public Act 99-906), the Agency shall revise the plan as necessary based on the comments received and file its zero emission standard procurement plan with the Commission.

If the Commission determines that the plan will result in the procurement of cost-effective zero emission credits, then the Commission shall, after notice and hearing, but no later than 45 days after the Agency filed the plan, approve the plan or approve with modification. For purposes of this subsection (d-5), "cost effective" means the projected costs of procuring zero emission credits from zero emission facilities do not cause the limit stated in paragraph (2) of this subsection to be exceeded.

(C-5) As part of the Commission's review and acceptance or rejection of the procurement results, the Commission shall, in its public notice of successful bidders:

(i) identify how the winning bids satisfy the public interest criteria described in subparagraph (C) of this paragraph (1) of minimizing carbon dioxide emissions that result from electricity consumed in Illinois and minimizing sulfur dioxide, nitrogen oxide, and particulate matter emissions that adversely affect the citizens of this State;

(ii) specifically address how the selection of winning bids takes into account the incremental environmental benefits resulting from the procurement, including any existing environmental benefits that are preserved by the procurements held under Public Act 99-906 and would have ceased to exist if the procurements had not been held, such as the preservation of zero emission facilities;

(iii) quantify the environmental benefit of preserving the resources identified in item (ii) of this subparagraph (C-5), including the following:

New matter indicated by italics - deletions by strikeout
(aa) the value of avoided greenhouse gas emissions measured as the product of the zero emission facilities' output over the contract term multiplied by the U.S. Environmental Protection Agency eGrid subregion carbon dioxide emission rate and the U.S. Interagency Working Group on Social Cost of Carbon's price in the August 2016 Technical Update using a 3% discount rate, adjusted for inflation for each delivery year; and

(bb) the costs of replacement with other zero carbon dioxide resources, including wind and photovoltaic, based upon the simple average of the following:

(I) the price, or if there is more than one price, the average of the prices, paid for renewable energy credits from new utility-scale wind projects in the procurement events specified in item (i) of subparagraph (G) of paragraph (1) of subsection (c) of this Section 1-75 of this Act; and

(II) the price, or if there is more than one price, the average of the prices, paid for renewable energy credits from new utility-scale solar projects and brownfield site photovoltaic projects in the procurement events specified in item (ii) of subparagraph (G) of paragraph (1) of subsection (c) of this Section 1-75 of this Act and, after January 1, 2015, renewable energy credits from photovoltaic distributed generation projects in procurement events held under subsection (c) of this Section 1-75 of this Act.
Each utility shall enter into binding contractual arrangements with the winning suppliers.

The procurement described in this subsection (d-5), including, but not limited to, the execution of all contracts procured, shall be completed no later than May 10, 2017. Based on the effective date of Public Act 99-906, the Agency and Commission may, as appropriate, modify the various dates and timelines under this subparagraph and subparagraphs (C) and (D) of this paragraph (1). The procurement and plan approval processes required by this subsection (d-5) shall be conducted in conjunction with the procurement and plan approval processes required by subsection (c) of this Section and Section 16-111.5 of the Public Utilities Act, to the extent practicable. Notwithstanding whether a procurement event is conducted under Section 16-111.5 of the Public Utilities Act, the Agency shall immediately initiate a procurement process on June 1, 2017 (the effective date of Public Act 99-906).

(D) Following the procurement event described in this paragraph (1) and consistent with subparagraph (B) of this paragraph (1), the Agency shall calculate the payments to be made under each contract for the next delivery year based on the market price index for that delivery year. The Agency shall publish the payment calculations no later than May 25, 2017 and every May 25 thereafter.

(E) Notwithstanding the requirements of this subsection (d-5), the contracts executed under this subsection (d-5) shall provide that the zero emission facility may, as applicable, suspend or terminate performance under the contracts in the following instances:

   (i) A zero emission facility shall be excused from its performance under the contract for any cause beyond the control of the resource, including, but not restricted to, acts of God, flood, drought, earthquake, storm, fire, lightning, epidemic, war, riot, civil disturbance or disobedience, labor dispute, labor or material shortage, sabotage, acts of public enemy, explosions, orders, regulations or restrictions imposed by governmental, military, or

New matter indicated by italics - deletions by strikeout
lawfully established civilian authorities, which, in any of the foregoing cases, by exercise of commercially reasonable efforts the zero emission facility could not reasonably have been expected to avoid, and which, by the exercise of commercially reasonable efforts, it has been unable to overcome. In such event, the zero emission facility shall be excused from performance for the duration of the event, including, but not limited to, delivery of zero emission credits, and no payment shall be due to the zero emission facility during the duration of the event.

(ii) A zero emission facility shall be permitted to terminate the contract if legislation is enacted into law by the General Assembly that imposes or authorizes a new tax, special assessment, or fee on the generation of electricity, the ownership or leasehold of a generating unit, or the privilege or occupation of such generation, ownership, or leasehold of generation units by a zero emission facility. However, the provisions of this item (ii) do not apply to any generally applicable tax, special assessment or fee, or requirements imposed by federal law.

(iii) A zero emission facility shall be permitted to terminate the contract in the event that the resource requires capital expenditures in excess of $40,000,000 that were neither known nor reasonably foreseeable at the time it executed the contract and that a prudent owner or operator of such resource would not undertake.

(iv) A zero emission facility shall be permitted to terminate the contract in the event the Nuclear Regulatory Commission terminates the resource's license.

(F) If the zero emission facility elects to terminate a contract under this subparagraph (E) of this paragraph (1), then the Commission shall reopen the docket in which the Commission approved the zero emission standard
procurement plan under subparagraph (C) of this paragraph (1) and, after notice and hearing, enter an order acknowledging the contract termination election if such termination is consistent with the provisions of this subsection (d-5).

(2) For purposes of this subsection (d-5), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d-5), the total amount paid for electric service includes, without limitation, amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (d-5), the contracts executed under this subsection (d-5) shall provide that the total of zero emission credits procured under a procurement plan shall be subject to the limitations of this paragraph (2). For each delivery year, the contractual volume receiving payments in such year shall be reduced for all retail customers based on the amount necessary to limit the net increase that delivery year to the total amount paid for electric service to no more than 1.65% of the amount paid per kilowatthour by eligible retail customers during the year ending May 31, 2009. The result of this computation shall apply to and reduce the procurement for all retail customers, and all those customers shall pay the same single, uniform cents per kilowatthour charge under subsection (k) of Section 16-108 of the Public Utilities Act. To arrive at a maximum dollar amount of zero emission credits to be paid for the particular delivery year, the resulting per kilowatthour amount shall be applied to the actual amount of kilowatthours of electricity delivered by the electric utility in the delivery year immediately prior to the procurement, to all retail customers in its service territory. Unpaid contractual volume for any delivery year shall be paid in any subsequent delivery year in which such payments can be made without exceeding the amount specified in this paragraph (2). The calculations required by this paragraph (2) shall be made only once for each procurement plan year. Once the determination as to the amount of zero emission credits to be paid is made based on the calculations set forth in this paragraph (2), no subsequent rate impact determinations shall be made and no adjustments to

New matter indicated by italics - deletions by strikeout
those contract amounts shall be allowed. All costs incurred under those contracts and in implementing this subsection (d-5) shall be recovered by the electric utility as provided in this Section.

No later than June 30, 2019, the Commission shall review the limitation on the amount of zero emission credits procured under this subsection (d-5) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective zero emission credits.

(3) Six years after the execution of a contract under this subsection (d-5), the Agency shall determine whether the actual zero emission credit payments received by the supplier over the 6-year period exceed the Average ZEC Payment. In addition, at the end of the term of a contract executed under this subsection (d-5), or at the time, if any, a zero emission facility's contract is terminated under subparagraph (E) of paragraph (1) of this subsection (d-5), then the Agency shall determine whether the actual zero emission credit payments received by the supplier over the term of the contract exceed the Average ZEC Payment, after taking into account any amounts previously credited back to the utility under this paragraph (3). If the Agency determines that the actual zero emission credit payments received by the supplier over the relevant period exceed the Average ZEC Payment, then the supplier shall credit the difference back to the utility. The amount of the credit shall be remitted to the applicable electric utility no later than 120 days after the Agency's determination, which the utility shall reflect as a credit on its retail customer bills as soon as practicable; however, the credit remitted to the utility shall not exceed the total amount of payments received by the facility under its contract.

For purposes of this Section, the Average ZEC Payment shall be calculated by multiplying the quantity of zero emission credits delivered under the contract times the average contract price. The average contract price shall be determined by subtracting the amount calculated under subparagraph (B) of this paragraph (3) from the amount calculated under subparagraph (A) of this paragraph (3), as follows:

(A) The average of the Social Cost of Carbon, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5), during the term of the contract.
(B) The average of the market price indices, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5), during the term of the contract, minus the baseline market price index, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5).

If the subtraction yields a negative number, then the Average ZEC Payment shall be zero.

(4) Cost-effective zero emission credits procured from zero emission facilities shall satisfy the applicable definitions set forth in Section 1-10 of this Act.

(5) The electric utility shall retire all zero emission credits used to comply with the requirements of this subsection (d-5).

(6) Electric utilities shall be entitled to recover all of the costs associated with the procurement of zero emission credits through an automatic adjustment clause tariff in accordance with subsection (k) and (m) of Section 16-108 of the Public Utilities Act, and the contracts executed under this subsection (d-5) shall provide that the utilities' payment obligations under such contracts shall be reduced if an adjustment is required under subsection (m) of Section 16-108 of the Public Utilities Act.

(7) This subsection (d-5) shall become inoperative on January 1, 2028.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

(i) A renewable energy credit, carbon emission credit, or zero emission credit can only be used once to comply with a single portfolio or other standard as set forth in subsection (c), subsection (d), or subsection (d-5) of this Section, respectively. A renewable energy credit, carbon emission credit, or zero emission credit cannot be used to satisfy the requirements of more than one standard. If more than one type of credit is

issued for the same megawatt hour of energy, only one credit can be used to satisfy the requirements of a single standard. After such use, the credit must be retired together with any other credits issued for the same megawatt hour of energy.

Sec. 13. Investigation of applications for permits. The State Board shall make or cause to be made such investigations as it deems necessary in connection with an application for a permit, or in connection with a determination of whether or not construction or modification that has been commenced is in accord with the permit issued by the State Board, or whether construction or modification has been commenced without a permit having been obtained. sources, and whether data requested is routinely collected by health facilities and is available without retrospective record review. Data and information requests shall not impose undue paperwork burdens on health care facilities and personnel. Health facilities not complying with this requirement shall be reported to licensing, accrediting, certifying, or payment agencies as being in violation of State law. Health care facilities and other parties at interest shall have reasonable access, under rules established by the State Board, to all planning information submitted in accord with this Act pertaining to their area.

These questionnaires shall be conducted on an annual basis and compiled by the State Board. For health care facilities licensed under the Nursing Home Care Act or the Specialized Mental Health Rehabilitation Act of 2013, these reports shall include, but not be limited to, the identification of specialty services provided by the facility to patients, residents, and the community at large. Annual reports for facilities licensed under the ID/DD Community Care Act and facilities licensed under the MC/DD Act shall be different from the annual reports required of other health care facilities and shall be specific to those facilities licensed under the ID/DD Community Care Act or the MC/DD Act. The Health Facilities and Services Review Board shall consult with associations representing facilities licensed under the ID/DD Community Care Act and associations representing facilities licensed under the MC/DD Act when developing the information requested in these annual reports. For health care facilities that contain long term care beds, the reports shall also include the number of staffed long term care beds, physical capacity for long term care beds at the facility, and long term care beds available for immediate occupancy. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Notwithstanding any provision of this Act to the contrary, Income Tax Proceed Bonds issued under Section 7.6 shall be payable 12 years from the date of sale and shall be issued with payment of principal or mandatory redemption.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established.

pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such arrangements.

policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years.

Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

The written report, at a minimum, shall:

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. Third parties may lease State-owned dark fiber networks for any period of time deemed to be in the best interest of the State, but not exceeding 20 years. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds $249,999. The Procurement Policy Board may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board prior to entering into the extension or renewal. If the Procurement Policy Board does not object within 30 calendar days or

takes affirmative action to recommend the extension or renewal, the chief
procurement officer may enter into the extension or renewal of a contract.
This subsection does not apply to any emergency procurement, any
procurement under Article 40, or any procurement exempted by Section 1-
10(b) of this Code. If any State agency contract is paid for in whole or in
part with federal-aid funds, grants, or loans and the provisions of this
subsection would result in the loss of those federal-aid funds, grants, or
loans, then the contract is exempt from the provisions of this subsection in
order to remain eligible for those federal-aid funds, grants, or loans, and
the State agency shall file notice of this exemption with the Procurement
Policy Board prior to entering into the proposed extension or renewal.
Nothing in this subsection permits a chief procurement officer to enter into
an extension or renewal in violation of subsection (a). By August 1 each
year, the Procurement Policy Board shall file a report with the General
Assembly identifying for the previous fiscal year (i) the proposed
extensions or renewals that were filed with the Board and whether the
Board objected and (ii) the contracts exempt from this subsection.

(d) Notwithstanding the provisions of subsection (a) of this
Section, the Department of Innovation and Technology may enter into
leases for dark fiber networks for any period of time deemed to be in the
best interests of the State but not exceeding 20 years inclusive. The
Department of Innovation and Technology may lease dark fiber networks
from third parties only for the primary purpose of providing services to (i)
to the offices of Governor, Lieutenant Governor, Attorney General,
Secretary of State, Comptroller, or Treasurer and State agencies, as
defined under Section 5-15 of the Civil Administrative Code of Illinois or
(ii) for anchor institutions, as defined in Section 7 of the Illinois Century
Network Act. Dark fiber network lease contracts shall be subject to all
other provisions of this Code and any applicable rules or requirements,
including, but not limited to, publication of lease solicitations, use of
standard State contracting terms and conditions, and approval of vendor
certifications and financial disclosures.

(e) As used in this Section, "dark fiber network" means a network
of fiber optic cables laid but currently unused by a third party that the third
party is leasing for use as network infrastructure.

Sec. 20-160. Business entities; certification; registration with the State Board of Elections.

(a) For purposes of this Section, the terms "business entity", "contract", "State contract", "contract with a State agency", "State agency", "affiliated entity", and "affiliated person" have the meanings ascribed to those terms in Section 50-37.

(b) Every bid and offer submitted to and every contract executed by the State on or after January 1, 2009 (the effective date of Public Act 95-971) and every submission to a vendor portal shall contain (1) a certification by the bidder, offeror, vendor, or contractor that either (i) the bidder, offeror, vendor, or contractor is not required to register as a business entity with the State Board of Elections pursuant to this Section or (ii) the bidder, offeror, vendor, or contractor has registered as a business entity with the State Board of Elections and acknowledges a continuing duty to update the registration and (2) a statement that the contract is voidable under Section 50-60 for the bidder's, offeror's, vendor's, or contractor's failure to comply with this Section.

(c) Each business entity (i) whose aggregate bids and proposals on State contracts annually total more than $50,000, (ii) whose aggregate bids and proposals on State contracts combined with the business entity's aggregate annual total value of State contracts exceed $50,000, or (iii) whose contracts with State agencies, in the aggregate, annually total more than $50,000 shall register with the State Board of Elections in accordance with Section 9-35 of the Election Code. A business entity required to register under this subsection due to item (i) or (ii) has a continuing duty to ensure that the registration is accurate during the period beginning on the date of registration and ending on the day after the date the contract is awarded; any change in information must be reported to the State Board of Elections 5 business days following such change or no later than a day before the contract is awarded, whichever date is earlier. A business entity required to register under this subsection due to item (iii) has a continuing duty to ensure that the registration is accurate in accordance with subsection (e).

(d) Any business entity, not required under subsection (c) to register, whose aggregate bids and proposals on State contracts annually total more than $50,000, or whose aggregate bids and proposals on State contracts combined with the business entity's aggregate annual total value of State contracts exceed $50,000, shall register with the State Board of Elections in accordance with Section 9-35 of the Election Code prior to
submitting to a State agency the bid or proposal whose value causes the business entity to fall within the monetary description of this subsection. A business entity required to register under this subsection has a continuing duty to ensure that the registration is accurate during the period beginning on the date of registration and ending on the day after the date the contract is awarded. Any change in information must be reported to the State Board of Elections within 5 business days following such change or no later than a day before the contract is awarded, whichever date is earlier.

(e) A business entity whose contracts with State agencies, in the aggregate, annually total more than $50,000 must maintain its registration under this Section and has a continuing duty to ensure that the registration is accurate for the duration of the term of office of the incumbent officeholder awarding the contracts or for a period of 2 years following the expiration or termination of the contracts, whichever is longer. A business entity, required to register under this subsection, has a continuing duty to report any changes on a quarterly basis to the State Board of Elections within 14 calendar days following the last day of January, April, July, and October of each year. Any update pursuant to this paragraph that is received beyond that date is presumed late and the civil penalty authorized by subsection (e) of Section 9-35 of the Election Code (10 ILCS 5/9-35) may be assessed.

Also, if a business entity required to register under this subsection has a pending bid or offer, any change in information shall be reported to the State Board of Elections within 7 calendar days following such change or no later than a day before the contract is awarded, whichever date is earlier.

(f) A business entity's continuing duty under this Section to ensure the accuracy of its registration includes the requirement that the business entity notify the State Board of Elections of any change in information, including, but not limited to, changes of affiliated entities or affiliated persons.

(g) For any bid or offer for a contract with a State agency by a business entity required to register under this Section, the chief procurement officer shall verify that the business entity is required to register under this Section and is in compliance with the registration requirements on the date the bid or offer is due. A chief procurement officer shall not accept a bid or offer if the business entity is not in compliance with the registration requirements as of the date bids or offers are due. Upon discovery of noncompliance with this Section, if the bidder
or offeror made a good faith effort to comply with registration efforts prior to the date the bid or offer is due, a chief procurement officer may provide the bidder or offeror 5 business days to achieve compliance. A chief procurement officer may extend the time to prove compliance by as long as necessary in the event that there is a failure within the State Board of Elections' registration system.

(h) A registration, and any changes to a registration, must include the business entity's verification of accuracy and subjects the business entity to the penalties of the laws of this State for perjury.

In addition to any penalty under Section 9-35 of the Election Code, intentional, willful, or material failure to disclose information required for registration shall render the contract, bid, offer, or other procurement relationship voidable by the chief procurement officer if he or she deems it to be in the best interest of the State of Illinois.

(i) This Section applies regardless of the method of source selection used in awarding the contract.

Each sub-participant shall be required to execute a sub-participant certification that will be attached to the corresponding qualified purchaser designation. Sub-participants shall meet, at a minimum, the requirements of paragraphs (2), (3), (10), and (11) of subsection (f).

(i) The Program, as codified under this Section, shall continue until terminated or suspended as follows:

1. 2. In the event a qualified purchaser or sub-participant breaches or fails to meet any of the terms or conditions of the Program, that qualified purchaser or sub-participant may be terminated from the Program: (A) by the State Comptroller, after consulting with the Department. The termination shall be effective immediately upon the State Comptroller giving written notice to the Department and the qualified purchaser or sub-participant; or (B) by the Department, after consulting with the State Comptroller. The termination shall be effective immediately upon the
Department giving written notice to the State Comptroller and the qualified purchaser or sub-participant.

(3) A qualified purchaser or sub-participant may terminate its participation in the Program, solely with respect to its own participation in the Program, in the event of any change to this Act from the form that existed on the date that the qualified purchaser or the sub-participant, as applicable, submitted the necessary documentation for admission into the Program if the change materially and adversely affects the qualified purchaser's or the sub-participant's ability to purchase and receive payment on receivables on the terms described in this Section.

If the Program, a qualified purchaser, or a sub-participant is terminated or suspended under paragraphs (1) or (2) of this subsection (i), the Program, qualified purchaser, or sub-participant may be reinstated only by written agreement of the State Comptroller and the Department. No termination or suspension under paragraphs (1), (2), or (3) of this subsection (i) shall alter or affect the qualified purchaser's or sub-participant's obligations with respect to assigned receivables purchased by or through the qualified purchaser prior to the termination.

(30 ILCS 708/45)
(Section scheduled to be repealed on July 16, 2020)
Sec. 45. Applicability.

(a) The requirements established under this Act apply to State grant-making agencies that make State and federal pass-through awards to non-federal entities. These requirements apply to all costs related to State and federal pass-through awards. The requirements established under this Act do not apply to private awards.

(a-5) Nothing in this Act shall prohibit the use of State funds for purposes of federal match or maintenance of effort.

(b) The terms and conditions of State, federal, and pass-through awards apply to subawards and subrecipients unless a particular Section of this Act or the terms and conditions of the State or federal award specifically indicate otherwise. Non-federal entities shall comply with requirements of this Act regardless of whether the non-federal entity is a

recipient or subrecipient of a State or federal pass-through award. Pass-through entities shall comply with the requirements set forth under the rules adopted under subsection (a) of Section 20 of this Act, but not to any requirements in this Act directed towards State or federal awarding agencies, unless the requirements of the State or federal awards indicate otherwise.

When a non-federal entity is awarded a cost-reimbursement contract, only 2 CFR 200.330 through 200.332 are incorporated by reference into the contract. However, when the Cost Accounting Standards are applicable to the contract, they take precedence over the requirements of this Act unless they are in conflict with Subpart F of 2 CFR 200. In addition, costs that are made unallowable under 10 U.S.C. 2324(e) and 41 U.S.C. 4304(a), as described in the Federal Acquisition Regulations, subpart 31.2 and subpart 31.603, are always unallowable. For requirements other than those covered in Subpart D of 2 CFR 200.330 through 200.332, the terms of the contract and the Federal Acquisition Regulations apply.

With the exception of Subpart F of 2 CFR 200, which is required by the Single Audit Act, in any circumstances where the provisions of federal statutes or regulations differ from the provisions of this Act, the provision of the federal statutes or regulations govern. This includes, for agreements with Indian tribes, the provisions of the Indian Self-Determination and Education and Assistance Act, as amended, 25 U.S.C. 450-458ddd-2.

(c) State grant-making agencies may apply subparts A through E of 2 CFR 200 to for-profit entities, foreign public entities, or foreign organizations, except where the awarding agency determines that the application of these subparts would be inconsistent with the international obligations of the United States or the statute or regulations of a foreign government.

(d) 2 CFR 200.101 specifies how 2 CFR 200 is applicable to different types of awards. The same applicability applies to this Act.

(e) (Blank). for

(f) For public institutions of higher education, the provisions of this Act apply only to awards funded by State appropriations and federal pass-through awards from a State agency to public institutions of higher education.

(g) Each grant-making agency shall enhance its processes to monitor and address noncompliance with reporting requirements and with program performance standards. Where applicable, the process may
include a corrective action plan. The monitoring process shall include a plan for tracking and documenting performance-based contracting decisions.

Sec. 97 520. Separate accounts for State grant funds. Notwithstanding any provision of law to the contrary, all grants made and any grant agreement entered into, renewed, or extended on or after August 20, 2018 (the effective date of Public Act 100-997) this amendatory Act of the 100th General Assembly, between a State grant-making agency and a nonprofit organization, shall require the nonprofit organization receiving grant funds to maintain those funds in an account which is separate and distinct from any account holding non-grant funds. Except as otherwise provided in an agreement between a State grant-making agency and a nonprofit organization, the grant funds held in a separate account by a nonprofit organization shall not be used for non-grant-related activities, and any unused grant funds shall be returned to the State grant-making agency.

(35 ILCS 5/203) (from Ch. 120, par. 2-203)
Sec. 203. Base income defined.
(a) Individuals.
   (1) In general. In the case of an individual, base income means an amount equal to the taxpayer's adjusted gross income for the taxable year as modified by paragraph (2).
   (2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:
      (A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of adjusted gross income, except stock dividends of qualified public utilities described in Section 305(e) of the Internal Revenue Code;

      (C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July 1, 1991, the retrospective application date of Article 4 of Public Act 87-17. In the case of multi-unit or multi-use structures and farm dwellings, the taxes on the taxpayer's principal residence

shall be that portion of the total taxes for the entire property which is attributable to such principal residence;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

(D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

(D-10) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the individual deducted in computing adjusted gross income and for which the individual claims a credit under subsection (l) of Section 201;

(D-15) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-16) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

New matter indicated by italics - deletions by strikeout
The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-17) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

New matter indicated by italics - deletions by strikeout
(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but

for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a
foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. (a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the
application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act; and

(D-8) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly,
from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-9) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. 2. for taxable years ending on or before December 31, 2005, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

3. for taxable years ending after December 31, 2005:
   (i) for property on which a bonus depreciation deduction of 30% of the adjusted basis was taken, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b)(3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution
from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code, but without regard to the prohibition against offsetting losses from patronage activities against income from nonpatronage activities; except that a cooperative corporation or association may make an election to follow its federal income tax treatment of patronage losses and nonpatronage losses. In the event such election is made, such losses shall be computed and carried over in a manner consistent with subsection (a) of Section 207 of this Act and apportioned by the apportionment factor reported by
the cooperative on its Illinois income tax return filed for the taxable year in which the losses are incurred. The election shall be effective for all taxable years with original returns due on or after the date of the election. In addition, the cooperative may file an amended return or returns, as allowed under this Act, to provide that the election shall be effective for losses incurred or carried forward for taxable years occurring prior to the date of the election. Once made, the election may only be revoked upon approval of the Director. The Department shall adopt rules setting forth requirements for documenting the elections and any resulting Illinois net loss and the standards to be used by the Director in evaluating requests to revoke elections. Public Act 96-932 is declaratory of existing law;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as

New matter indicated by italics - deletions by strikeout
business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a)(2)(G), (c)(2)(I) and (d)(2)(E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a)(2)(F) or (c)(2)(H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in
respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

(35 ILCS 5/220)
Sec. 220. Angel investment credit.

(a) As used in this Section:
"Applicant" means a corporation, partnership, limited liability company, or a natural person that makes an investment in a qualified new business venture. The term "applicant" does not include (i) a corporation, partnership, limited liability company, or a natural person who has a direct or indirect ownership interest of at least 51% in the profits, capital, or value of the qualified new business venture receiving the investment or (ii) a related member.
"Claimant" means an applicant certified by the Department who files a claim for a credit under this Section.

"Department" means the Department of Commerce and Economic Opportunity.

"Investment" means money (or its equivalent) given to a qualified new business venture, at a risk of loss, in consideration for an equity interest of the qualified new business venture. The Department may adopt rules to permit certain forms of contingent equity investments to be considered eligible for a tax credit under this Section.

"Qualified new business venture" means a business that is registered with the Department under this Section.

"Related member" means a person that, with respect to the applicant, is any one of the following:

(1) An individual, if the individual and the members of the individual's family (as defined in Section 318 of the Internal Revenue Code) own directly, indirectly, beneficially, or constructively, in the aggregate, at least 50% of the value of the outstanding profits, capital, stock, or other ownership interest in the qualified new business venture that is the recipient of the applicant's investment.

(2) A partnership, estate, or trust and any partner or beneficiary, if the partnership, estate, or trust and its partners or beneficiaries own directly, indirectly, beneficially, or constructively, in the aggregate, at least 50% of the profits, capital, stock, or other ownership interest in the qualified new business venture that is the recipient of the applicant's investment.

(3) A corporation, and any party related to the corporation in a manner that would require an attribution of stock from the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the applicant and any other related member own, in the aggregate, directly, indirectly, beneficially, or constructively, at least 50% of the value of the outstanding stock of the qualified new business venture that is the recipient of the applicant's investment.

(4) A corporation and any party related to that corporation in a manner that would require an attribution of stock from the corporation to the party or from the party to the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the corporation and all such related parties own, in the aggregate, at

least 50% of the profits, capital, stock, or other ownership interest in the qualified new business venture that is the recipient of the applicant's investment.

(5) A person to or from whom there is attribution of ownership of stock in the qualified new business venture that is the recipient of the applicant's investment in accordance with Section 1563(e) of the Internal Revenue Code, except that for purposes of determining whether a person is a related member under this paragraph, "20%" shall be substituted for "5%" whenever "5%" appears in Section 1563(e) of the Internal Revenue Code.

(b) For taxable years beginning after December 31, 2010, and ending on or before December 31, 2021, subject to the limitations provided in this Section, a claimant may claim, as a credit against the tax imposed under subsections (a) and (b) of Section 201 of this Act, an amount equal to 25% of the claimant's investment made directly in a qualified new business venture. In order for an investment in a qualified new business venture to be eligible for tax credits, the business must have applied for and received certification under subsection (e) for the taxable year in which the investment was made prior to the date on which the investment was made. The credit under this Section may not exceed the taxpayer's Illinois income tax liability for the taxable year. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first. In the case of a partnership or Subchapter S Corporation, the credit is allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

(c) The minimum amount an applicant must invest in any single qualified new business venture in order to be eligible for a credit under this Section is $10,000. The maximum amount of an applicant's total investment made in any single qualified new business venture that may be used as the basis for a credit under this Section is $2,000,000.

(d) The Department shall implement a program to certify an applicant for an angel investment credit. Upon satisfactory review, the Department shall issue a tax credit certificate stating the amount of the tax credit to which the applicant is entitled. The Department shall annually...
certify that: (i) each qualified new business venture that receives an angel investment under this Section has maintained a minimum employment threshold, as defined by rule, in the State (and continues to maintain a minimum employment threshold in the State for a period of no less than 3 years from the issue date of the last tax credit certificate issued by the Department with respect to such business pursuant to this Section); and (ii) the claimant's investment has been made and remains, except in the event of a qualifying liquidity event, in the qualified new business venture for no less than 3 years.

If an investment for which a claimant is allowed a credit under subsection (b) is held by the claimant for less than 3 years, other than as a result of a permitted sale of the investment to person who is not a related member, the claimant shall pay to the Department of Revenue, in the manner prescribed by the Department of Revenue, the aggregate amount of the disqualified credits that the claimant received related to the subject investment.

If the Department determines that a qualified new business venture failed to maintain a minimum employment threshold in the State through the date which is 3 years from the issue date of the last tax credit certificate issued by the Department with respect to the subject business pursuant to this Section, the claimant or claimants shall pay to the Department of Revenue, in the manner prescribed by the Department of Revenue, the aggregate amount of the disqualified credits that claimant or claimants received related to investments in that business.

(e) The Department shall implement a program to register qualified new business ventures for purposes of this Section. A business desiring registration under this Section shall be required to submit a full and complete application to the Department. A submitted application shall be effective only for the taxable year in which it is submitted, and a business desiring registration under this Section shall be required to submit a separate application in and for each taxable year for which the business desires registration. Further, if at any time prior to the acceptance of an application for registration under this Section by the Department one or more events occurs which makes the information provided in that application materially false or incomplete (in whole or in part), the business shall promptly notify the Department of the same. Any failure of a business to promptly provide the foregoing information to the Department may, at the discretion of the Department, result in a revocation of a previously approved application for that business, or disqualification

of the business from future registration under this Section, or both. The Department may register the business only if all of the following conditions are satisfied:

1. it has its principal place of business in this State;
2. at least 51% of the employees employed by the business are employed in this State;
3. the business has the potential for increasing jobs in this State, increasing capital investment in this State, or both, as determined by the Department, and either of the following apply:
   A. it is principally engaged in innovation in any of the following: manufacturing; biotechnology; nanotechnology; communications; agricultural sciences; clean energy creation or storage technology; processing or assembling products, including medical devices, pharmaceuticals, computer software, computer hardware, semiconductors, other innovative technology products, or other products that are produced using manufacturing methods that are enabled by applying proprietary technology; or providing services that are enabled by applying proprietary technology; or

(35 ILCS 31/10)

Sec. 10. Allowable credit.

(a) To the extent authorized by this Act, for taxable years beginning on or after January 1, 2019 and ending on or before December 31, 2023, there shall be allowed a tax credit against the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act in an aggregate amount equal to 25% of qualified expenditures incurred by a qualified taxpayer undertaking a qualified rehabilitation plan of a qualified historic structure, provided that the total amount of such expenditures must (i) equal $5,000 or more or (ii) exceed the adjusted basis of the qualified historic structure on the first day the qualified rehabilitation plan commenced. If the qualified rehabilitation plan spans multiple years, the aggregate credit for the entire project shall be allowed in the last taxable year.

(b) To obtain a tax credit pursuant to this Section, the taxpayer must apply with the Division. The Division shall determine the amount of eligible rehabilitation expenditures within 45 days after receipt of a complete application. The taxpayer must provide to the Division a third-party cost certification conducted by a certified public accountant verifying (i) the qualified and non-qualified rehabilitation expenses and (ii) that the qualified expenditures exceed the adjusted basis of the qualified historic structure on the first day the qualified rehabilitation plan commenced. The accountant shall provide appropriate review and testing of invoices. the next succeeding year or years until the total amount of the credit has been used, except that a credit may not be carried forward for deduction after the tenth taxable year after the taxable year in which the qualified rehabilitation plan was placed in service. Upon completion and review of the project, the Division shall issue a single certificate in the amount of the eligible credits equal to 25% of the qualified expenditures incurred during the eligible taxable years. At the time the certificate is issued, an issuance fee up to the maximum amount of 2% of the amount of the credits issued by the certificate may be collected from the applicant to administer the Act. If collected, this issuance fee shall be directed to the Division Historic Property Administrative Fund or other such fund as appropriate for use of the Division in the administration of the Historic Preservation Tax Credit Program. The taxpayer must attach the certificate or legal documentation of her or his proportional share of the certificate to the tax return on which the credits are to be claimed. The tax credit under this Section may not reduce the taxpayer's liability to less than zero. (d) If the taxpayer is (i) a corporation having an election in effect under Subchapter S of the federal Internal Revenue Code, (ii) a partnership, or (iii) a limited liability company, the credit provided under this Act may be claimed by the shareholders of the corporation, the partners of the partnership, or the members of the limited liability company in the same manner as those shareholders, partners, or members account for their proportionate shares of the income or losses of the corporation, partnership, or limited liability company, or as provided in the bylaws or other executed agreement of the corporation, partnership, or limited liability company. Credits granted to a partnership, a limited liability company taxed as a partnership, or other multiple owners of property shall be passed through to the partners, members, or owners respectively on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting any alternate distribution method.

(e) If a recapture event occurs during the recapture period with respect to a qualified historic structure, then for any taxable year in which the credits are allowed as specified in this Act, the tax under the applicable Section of this Act shall be increased by applying the recapture percentage
set forth below to the tax decrease resulting from the application of credits allowed under this Act to the taxable year in question.

For the purposes of this subsection, the recapture percentage shall be determined as follows:

(1) if the recapture event occurs within the first year after commencement of the recapture period, then the recapture percentage is 100%;
(2) if the recapture event occurs within the second year after commencement of the recapture period, then the recapture percentage is 80%;
(3) if the recapture event occurs within the third year after commencement of the recapture period, then the recapture percentage is 60%;
(4) if the recapture event occurs within the fourth year after commencement of the recapture period, then the recapture percentage is 40%; and
(5) if the recapture event occurs within the fifth year after commencement of the recapture period, then the recapture percentage is 20%.

In the case of any recapture event, the carryforwards under this Act shall be adjusted by reason of such event.

(f) The Division may adopt rules to implement this Section in addition to the rules expressly authorized herein.

(40 ILCS 5/1-162)
Sec. 1-162. Optional benefits for certain Tier 2 members of pension funds under Articles 8, 9, 10, 11, 12, and 17.
(a) As used in this Section:
"Affected pension fund" means a pension fund established under Article 8, 9, 10, 11, 12, or 17 that the governing body of the unit of local government has designated as an affected pension fund by adoption of a resolution or ordinance.
"Resolution or ordinance date" means the date on which the governing body of the unit of local government designates a pension fund under Article 8, 9, 10, 11, 12, or 17 as an affected pension fund by adoption of a resolution or ordinance or July 1, 2018, whichever is later.
(b) Notwithstanding any other provision of this Code to the contrary, the provisions of this Section apply to a person who first becomes a member or a participant in an affected pension fund on or after 6 months after the resolution or ordinance date and who does not make the election under subsection (c).
(c) In lieu of the benefits provided under this Section, a member or participant may irrevocably elect the benefits under Section 1-160 and the benefits otherwise applicable to that member or participant. The election must be made within 30 days after becoming a member or participant. Each affected pension fund shall establish procedures for making this election.
(d) "Final average salary" means the average monthly (or annual) salary obtained by dividing the total salary or earnings calculated under the Article applicable to the member or participant during the last 120 months (or 10 years) of service in which the total salary or earnings calculated under the applicable Article was the highest by the number of months (or years) of service in that period. For the purposes of a person who first becomes a member or participant of an affected pension fund on or after 6 months after the ordinance or resolution date, in this Code, "final average salary" shall be substituted for the following:
(1) In Articles 8, 9, 10, 11, and 12, "highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal".
(2) In Article 17, "average salary".

(e) Beginning 6 months after the resolution or ordinance date, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual earnings, salary, or wages (based on the plan year) of a member or participant to whom this Section applies shall not at any time exceed the federal Social Security Wage Base then in effect.

(f) A member or participant is entitled to a retirement annuity upon written application if he or she has attained the normal retirement age determined by the Social Security Administration for that member or participant's year of birth, but no earlier than 67 years of age, and has at least 10 years of service credit and is otherwise eligible under the requirements of the applicable Article.

(g) The amount of the retirement annuity to which a member or participant is entitled shall be computed by multiplying 1.25% for each year of service credit by his or her final average salary.

(h) Any retirement annuity or supplemental annuity shall be subject to annual increases on the first anniversary of the annuity start date. Each annual increase shall be one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-w for the 12 months ending with the September preceding each November 1 of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-w for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the annuity shall not be increased.

The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the retirement systems and pension funds by November 1 of each year.

The benefit shall be 66 2/3% of the earned annuity without a reduction due to age. A child's annuity of an otherwise eligible child shall be in the amount prescribed under each Article if applicable.

(j) In lieu of any other employee contributions, except for the contribution to the defined contribution plan under subsection (k) of this Section, each employee shall contribute 6.2% of his or her salary to the affected pension fund. However, the employee contribution under this subsection shall not exceed the amount of the normal cost of the benefits under this Section (except for the defined contribution plan under subsection (k) of this Section), expressed as a percentage of payroll and determined on or before November 1 of each year by the board of trustees of the affected pension fund. If the board of trustees of the affected pension fund determines that the 6.2% employee contribution rate exceeds the normal cost of the benefits under this Section (except for the defined contribution plan under subsection (k) of this Section), then on or before December 1 of that year, the board of trustees shall certify the amount of the normal cost of the benefits under this Section (except for the defined contribution plan under subsection (k) of this Section), expressed as a percentage of payroll, to the State Actuary and the Commission on Government Forecasting and Accountability, and the employee contribution under this subsection shall be reduced to that amount beginning January 1 of the following year. Thereafter, if the normal cost of the benefits under this Section (except for the defined contribution plan under subsection (k) of this Section), expressed as a percentage of payroll and determined on or before November 1 of each year by the board of trustees of the affected pension fund, exceeds 6.2% of salary, then on or before December 1 of that year, the board of trustees shall certify the normal cost to the State Actuary and the Commission on Government Forecasting and Accountability, and the employee contributions shall revert back to 6.2% of salary beginning January 1 of the following year.

(k) No later than 5 months after the resolution or ordinance date, an affected pension fund shall prepare and implement a defined contribution plan for members or participants who are subject to this Section. The defined contribution plan developed under this subsection shall be a plan that aggregates employer and employee contributions in individual participant accounts which, after meeting any other requirements, are used

for payouts after retirement in accordance with this subsection and any other applicable laws.

(1) Each member or participant shall contribute a minimum of 4% of his or her salary to the defined contribution plan.

(2) For each participant in the defined contribution plan who has been employed with the same employer for at least one year, employer contributions shall be paid into that participant's accounts at a rate expressed as a percentage of salary. This rate may be set for individual employees, but shall be no higher than 6% of salary and shall be no lower than 2% of salary.

(3) Employer contributions shall vest when those contributions are paid into a member's or participant's account.

(4) The defined contribution plan shall provide a variety of options for investments. These options shall include investments handled by the Illinois State Board of Investment as well as private sector investment options.

(5) The defined contribution plan shall provide a variety of options for payouts to retirees and their survivors.

(6) To the extent authorized under federal law and as authorized by the affected pension fund, the defined contribution plan shall allow former participants in the plan to transfer or roll over employee and employer contributions, and the earnings thereon, into other qualified retirement plans.

(7) Each affected pension fund shall reduce the employee contributions credited to the member's defined contribution plan account by an amount determined by that affected pension fund to cover the cost of offering the benefits under this subsection and any applicable administrative fees.

(8) No person shall begin participating in the defined contribution plan until it has attained qualified plan status and received all necessary approvals from the U.S. Internal Revenue Service.

(l) In the case of a conflict between the provisions of this Section and any other provision of this Code, the provisions of this Section shall control.

Sec. 14-152.1. Application and expiration of new benefit increases.

New matter indicated by italics - deletions by strikeout
(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 96-37, Public Act 100-23, Public Act 100-587, or Public Act 100-611 or this amendatory Act of the 100th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected

(a-1) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For each of State fiscal years 2018, 2019, and 2020, the State shall make an additional contribution to the System equal to 2% of the total payroll of each employee who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applies in State fiscal year 2018 or thereafter shall be implemented in equal annual amounts over
a 5-year period beginning in the State fiscal year in which the actuarial change first applies to the required State contribution.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applied to the State contribution in fiscal year 2014, 2015, 2016, or 2017 shall be implemented:

(i) as already applied in State fiscal years before 2018; and
(ii) in the portion of the 5-year period beginning in the State fiscal year in which the actuarial change first applied that occurs in State fiscal year 2018 or thereafter, by calculating the change in equal annual amounts over that 5-year period and then implementing it at the resulting annual rate in each of the remaining fiscal years in that 5-year period.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of
bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that,

by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(a-2) Beginning in fiscal year 2018, each employer under this Article shall pay to the System a required contribution determined as a percentage of projected payroll and sufficient to produce an annual amount equal to:

(i) for each of fiscal years 2018, 2019, and 2020, the defined benefit normal cost of the defined benefit plan, less the employee contribution, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161; for fiscal year 2021 and each fiscal year thereafter, the defined benefit normal cost of the defined benefit plan, less the employee contribution, plus 2%, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161; plus

(ii) the amount required for that fiscal year to amortize any unfunded actuarial accrued liability associated with the present value of liabilities attributable to the employer's account under Section 15-155.2, determined as a level percentage of payroll over a 30-year rolling amortization period.

In determining the contributions required under item (i) of this subsection, the System shall determine an aggregate rate for all employers, expressed as a percentage of projected payroll.

In determining the contributions required under item (ii) of this subsection, the amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation.

The contributions required under this subsection (a-2) shall be paid by an employer concurrently with that employer's payroll payment period. The State, as the actual employer of an employee, shall make the required contributions under this subsection.

As used in this subsection, "academic year" means the 12-month period beginning September 1.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds shall make the required contributions under this subsection.
funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned

for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) For academic years beginning on or after June 1, 2005 and before July 1, 2018 and for earnings paid to a participant under a contract or collective bargaining agreement entered into, amended, or renewed before June 4, 2018 (the effective date of Public Act 100-587) this amendatory Act of the 100th General Assembly, if the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section or that subsection (g-1) applies, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (g) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual

actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

When assessing payment for any amount due under this subsection (g), the System shall include earnings, to the extent not established by a participant under Section 15-113.11 or 15-113.12, that would have been paid to the participant had the participant not taken (i) periods of voluntary or involuntary furlough occurring on or after July 1, 2015 and on or before June 30, 2017 or (ii) periods of voluntary pay reduction in lieu of furlough occurring on or after July 1, 2015 and on or before June 30, 2017. Determining earnings that would have been paid to a participant had the participant not taken periods of voluntary or involuntary furlough or periods of voluntary pay reduction shall be the responsibility of the employer, and shall be reported in a manner prescribed by the System.

This subsection (g) does not apply to (1) Tier 2 hybrid plan members and (2) Tier 2 defined benefit members who first participate under this Article on or after the implementation date of the Optional Hybrid Plan.

(g-1) For academic years beginning on or after July 1, 2018 and for earnings paid to a participant under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 4, 2018 (the effective date of Public Act 100-587) this amendatory Act of the 100th General Assembly, if the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 3%, then the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 3%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g-1), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes

the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that subsection (g) of this Section applies, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (g). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (g-1) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest shall be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

This subsection (g-1) does not apply to (1) Tier 2 hybrid plan members and (2) Tier 2 defined benefit members who first participate under this Article on or after the implementation date of the Optional Hybrid Plan.

(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic

year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

(1) The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.

(2) The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j-5) For State fiscal years beginning on or after July 1, 2017, if the amount of a participant's earnings for any State fiscal year exceeds the

amount of the salary set by law for the Governor that is in effect on July 1 of that fiscal year, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, an amount determined by the System to be equal to the employer normal cost, as established by the System and expressed as a total percentage of payroll, multiplied by the amount of earnings in excess of the amount of the salary set by law for the Governor. This amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculation used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection may be paid in the form of a lump sum within 90 days after issuance of the bill. If the employer contributions are not paid within 90 days after issuance of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after issuance of the bill. All payments must be received within 3 years after issuance of the bill. If the employer fails to make complete payment, including applicable interest, within 3 years, then the System may, after giving notice to the employer, certify the delinquent amount to the State Comptroller, and the Comptroller shall thereupon deduct the certified delinquent amount from State funds payable to the employer and pay them instead to the System.

This subsection (j-5) does not apply to a participant's earnings to the extent an employer pays the employer normal cost of such earnings.

The changes made to this subsection (j-5) by Public Act 100-624 this amendatory Act of the 100th General Assembly are intended to apply retroactively to July 6, 2017 (the effective date of Public Act 100-23).

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 15-198. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 94th General Assembly. "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 100-23, Public Act 100-587, or Public Act 100-769 or this amendatory Act of the 100th General Assembly.

New matter indicated by italics - deletions by strikeout
(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

(40 ILCS 5/16-158) (from Ch. 108 1/2, par. 16-158)
Sec. 16-158. Contributions by State and other employing units.
(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15 until November 15, 2011, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification under this subsection (a-1) shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by Public Act 94-4.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year, beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must
consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-10) By November 1, 2017, the Board shall recalculate and recertify to the State Actuary, the Governor, and the General Assembly the amount of the State contribution to the System for State fiscal year 2018, taking into account the changes in required State contributions made by Public Act 100-23. The State Actuary shall review the assumptions and valuations underlying the Board's revised certification and issue a preliminary report concerning the proposed recertification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. The Board's final certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-15) On or after June 15, 2019, but no later than June 30, 2019, the Board shall recalculate and recertify to the Governor and the General Assembly the amount of the State contribution to the System for State fiscal year 2019, taking into account the changes in required State contributions made by Public Act 100-587 this amendatory Act of the 100th General Assembly. The recalculation shall be made using assumptions adopted by the Board for the original fiscal year 2019 certification. The monthly voucher for the 12th month of fiscal year 2019 shall be paid by the Comptroller after the recertification required pursuant to this subsection is submitted to the Governor, Comptroller, and General Assembly. The recertification submitted to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

New matter indicated by italics - deletions by strikeout
(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From March 5, 2004 (the effective date of Public Act 93-665) through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For each of State fiscal years 2018, 2019, and 2020, the State shall make an additional contribution to the System equal to 2% of the total payroll of each employee who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161.

year 2018 or thereafter shall be implemented in equal annual amounts over a 5-year period beginning in the State fiscal year in which the actuarial change first applies to the required State contribution.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applied to the State contribution in fiscal year 2014, 2015, 2016, or 2017 shall be implemented:

(i) as already applied in State fiscal years before 2018; and

(ii) in the portion of the 5-year period beginning in the State fiscal year in which the actuarial change first applied that occurs in State fiscal year 2018 or thereafter, by calculating the change in equal annual amounts over that 5-year period and then implementing it at the resulting annual rate in each of the remaining fiscal years in that 5-year period.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before May 27, 1998 (the effective date of Public Act 90-582): 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000.
and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to subsection (a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable. This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under

this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b-4) Beginning in fiscal year 2018, each employer under this Article shall pay to the System a required contribution determined as a percentage of projected payroll and sufficient to produce an annual amount equal to:

(i) for each of fiscal years 2018, 2019, and 2020, the defined benefit normal cost of the defined benefit plan, less the employee contribution, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (b) of Section 1-161; for fiscal year 2021 and each fiscal year thereafter, the defined benefit normal cost of the defined benefit plan, less the employee contribution, plus 2%, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (b) of Section 1-161; plus

(ii) the amount required for that fiscal year to amortize any unfunded actuarial accrued liability associated with the present value of liabilities attributable to the employer's account under Section 16-158.3, determined as a level percentage of payroll over a 30-year rolling amortization period.

In determining contributions required under item (i) of this subsection, the System shall determine an aggregate rate for all employers, expressed as a percentage of projected payroll.

New matter indicated by italics - deletions by strikeout
In determining the contributions required under item (ii) of this subsection, the amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation.

The contributions required under this subsection (b-4) shall be paid by an employer concurrently with that employer's payroll payment period. The State, as the actual employer of an employee, shall make the required contributions under this subsection.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, which, beginning July 1, 2017, shall be at a rate, expressed as a percentage of salary, equal to the total employer's normal cost, expressed as a percentage of payroll, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System. Any contribution for fiscal year 2015 collected as a result of the change made by Public Act 98-674 shall be considered a State contribution under subsection (b-3) of this Section.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this
Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

1. Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

2. Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from Public Act 90-582.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by Public Act 90-582 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) For school years beginning on or after June 1, 2005 and before July 1, 2018 and for salary paid to a teacher under a contract or collective bargaining agreement entered into, amended, or renewed before June 4,
2018 (the effective date of Public Act 100-587) this amendatory Act of the 100th General Assembly, if the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final average salary under this subsection (f), then the changes made to this subsection (f) by Public Act 94-1057 shall apply in calculating whether the increase in his or her salary is in excess of 6%. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code on or after June 1, 2005 shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation. The changes made to this subsection (f) by Public Act 94-1111 apply without regard to whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section or that subsection (f-1) of this Section applies, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually.
from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(f-1) For school years beginning on or after July 1, 2018 and for salary paid to a teacher under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 4, 2018 (the effective date of Public Act 100-587) this amendatory Act of the 100th General Assembly, if the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 3%, then the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 3%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (f-1), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it shall, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that subsection (f) of this Section applies, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (f). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f-1) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest shall be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The

changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection
(g) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

(1) The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.

(2) The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(i-5) For school years beginning on or after July 1, 2017, if the amount of a participant's salary for any school year exceeds the amount of the salary set for the Governor, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, an amount determined by the System to be equal to the employer normal cost, as established by the System and expressed as a total percentage of payroll, multiplied by the amount of salary in excess of the amount of the salary set for the Governor. This amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for

recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(k) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 16-203. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 95-910, Public Act 100-23, Public Act 100-587, Public Act 100-743, or Public Act 100-769 or by this amendatory Act of the 100th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

New matter indicated by italics - deletions by strikeout
(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

(e) (Blank).

(f) The assisting law enforcement agency, medical examiner, or coroner shall seek support from appropriate State and federal agencies, including National Missing and Unidentified Persons System resources to facilitate prompt identification of human remains. The assisting law enforcement agency, medical examiner, or coroner shall provide the Department of State Police all information required for National Crime Information Center entry. Upon notification, the Department of State Police shall create the Unidentified Person record without unnecessary delay.

(g-5) The assisting law enforcement agency, medical examiner, or coroner shall obtain a National Crime Information Center number from the Department of State Police to verify entry and maintain this number within the unidentified human remains case file. A National Crime Information Center Unidentified Person record shall remain on file indefinitely or until action is taken by the originating agency to clear or cancel the record. (j) For historic or prehistoric human skeletal remains determined by an anthropologist to be older than 100 years, jurisdiction shall be transferred to the Department of Natural Resources for further investigation under the Archaeological and Paleontological Resources Protection Act.

Section 330. The Counties Code is amended by changing Sections 5-1006, 5-1006.5, 5-1007, 5-1069.3, and 5-30004 as follows:

(55 ILCS 5/5-1006) (from Ch. 34, par. 5-1006)

Sec. 5-1006. Home Rule County Retailers' Occupation Tax Law. Any county that is a home rule unit may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from such sales made in the course of their business. If imposed, this tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act. The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due

hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 5m, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule county pursuant to this Section unless the county also imposes a tax at the same rate pursuant to Section 5-1007.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety, public facility, mental health, substance abuse, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax.

If a tax is imposed for public facilities purposes, then the name of the project may be included in the proposition at the discretion of the county board as determined in the enabling resolution. For example, the "XXX Nursing Home" or the "YYY Museum".

The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

For the purposes of the paragraph, "public safety purposes" means crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services.

This additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the
State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on tangible personal property taxed at the 1% rate under the Service Occupation Tax Act. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining

a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in
the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, (iii) any amounts that are transferred to the STAR Bonds Revenue Fund, and (iv) 1.5% of the remainder, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the

preceding calendar year. The Department shall prepare and certify to the
Comptroller for disbursement the allocations made in accordance with this
paragraph.

A county may direct, by ordinance, that all or a portion of the taxes
and penalties collected under the Special County Retailers' Occupation
Tax For Public Safety, Public Facilities, Mental Health, Substance Abuse,
or Transportation be deposited into the Transportation Development
Partnership Trust Fund.

(d) For the purpose of determining the local governmental unit
whose tax is applicable, a retail sale by a producer of coal or another
mineral mined in Illinois is a sale at retail at the place where the coal or
other mineral mined in Illinois is extracted from the earth. This paragraph
does not apply to coal or another mineral when it is delivered or shipped
by the seller to the purchaser at a point outside Illinois so that the sale is
exempt under the United States Constitution as a sale in interstate or
foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county
to impose a tax upon the privilege of engaging in any business that under
the Constitution of the United States may not be made the subject of
taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board
may, by ordinance, discontinue or lower the rate of the tax. If the county
board lowers the tax rate or discontinues the tax, a referendum must be
held in accordance with subsection (a) of this Section in order to increase
the rate of the tax or to reimpose the discontinued tax.

proceed to administer and enforce the tax as of the first day of January
next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Law".

The corporate authorities of a home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the municipality on the gross receipts from these sales made in the course of such business. If imposed, the tax shall only be imposed in 1/4% increments. Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund.

The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the municipality, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than $500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. Within 10 days after January 14, 1991, participating municipalities shall notify the Department in writing of their intent to participate. In addition, for the initial distribution, participating municipalities shall certify to the Department the amounts collected by the municipality for each month under its home rule occupation and service occupation tax during the period July 1, 1989 through June 30, 1990. The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. The monthly average for the period of July 1, 1990 through June 30, 1991 will be
determined as follows: the amounts collected by the municipality under its home rule occupation and service occupation tax during the period of July 1, 1990 through September 30, 1990, plus amounts collected by the Department and paid to such municipality through June 30, 1991, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted under this Section without registering separately with the Department under the ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e,
1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

A tax may not be imposed by a municipality under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.7 of this Act.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant, instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Non-Home Rule Municipal Retailers' Occupation Tax Fund, which is hereby created.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt by the Comptroller of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the federal Constitution as a sale in interstate or foreign commerce.

Such refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than $500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. Within 10 days after January 14, 1991, participating municipalities shall notify the Department in writing of their intent to participate. The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. Monthly average for the period of July 1, 1990 through June 30, 1991 will be determined as follows: the amounts collected by the municipality under its home rule occupation and service occupation tax during the period of July 1, 1990 through September 30, 1990, plus amounts collected by the Department and paid to such municipality through June 30, 1991, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. However, a municipality located in a county with a population in excess of 3,000,000 that elected to become a home rule unit at the general primary election in 1994 may adopt an ordinance or resolution imposing the tax under this Section and file a certified copy of the ordinance or resolution with the Department on or before July 1, 1994. Sec. 10-2.1-4. Fire and police departments; appointment of members; certificates of appointments. The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. After January 1, 2019 (the effective date of Public Act 100-1126) this amendatory Act of the 100th General Assembly, a person shall not be appointed as the chief, the acting chief, the department head, or a position, by whatever title, that is responsible for day-to-day operations of a fire department for greater than 180 days unless he or she possesses the following qualifications and certifications:

(1) Office of the State Fire Marshal Basic Operations Firefighter Certification or Office of the State Fire Marshal Firefighter II Certification; Office of the State Fire Marshal Advanced Fire Officer Certification or Office of the State Fire Marshal Fire Officer II Certification; and an associate degree in fire science or a bachelor's degree from an accredited university or college;

(2) a current certification from the International Fire Service Accreditation Congress or Pro Board Fire Service Professional Qualifications System that meets the National Fire Protection Association standard NFPA 1001, Standard for Fire Fighter Professional Qualifications, Level I job performance requirements; a current certification from the International Fire Service Accreditation Congress or Pro Board Fire Service Professional Qualifications System that meets the National Fire Protection Association standard NFPA 1021, Standard for Fire Officer Professional Qualifications, Fire Officer II job performance requirements; and an associate degree in fire science or a bachelor's degree from an accredited university or college;

(3) qualifications that meet the National Fire Protection Association standard NFPA 1001, Standard for Fire Fighter Professional Qualifications, Level I job performance requirements; qualifications that meet the National Fire Protection Association standard NFPA 1021, Standard for Fire Officer Professional Qualifications, Fire Officer II job performance requirements; and an associate degree in fire science or a bachelor's degree from an accredited university or college; or

(4) a minimum of 10 years' experience as a firefighter at the fire department in the jurisdiction making the appointment.

This paragraph applies to fire departments that employ firefighters hired under the provisions of this Division. On and after January 1, 2019 (the effective date of Public Act 100-1126) this amendatory Act of the 100th General Assembly, a home rule municipality may not appoint a fire chief,
an acting chief, a department head, or a position, by whatever title, that is responsible for day-to-day operations of a fire department for greater than 180 days in a manner inconsistent with this paragraph. This paragraph is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners. After being selected from the register of eligibles to fill a vacancy in the affected department, each appointee shall be presented with his or her certificate of appointment on the day on which he or she is sworn in as a classified member of the affected department. Firefighters who were not issued a certificate of appointment when originally

appointed shall be provided with a certificate within 10 days after making a written request to the chairperson of the Board of Fire and Police Commissioners. In any municipal fire department that employs full-time firefighters and is subject to a collective bargaining agreement, a person who has not qualified for regular appointment under the provisions of this Division 2.1 shall not be used as a temporary or permanent substitute for classified members of a municipality's fire department or for regular appointment as a classified member of a municipality's fire department unless mutually agreed to by the employee's certified bargaining agent. Such agreement shall be considered a permissive subject of bargaining. Municipal fire departments covered by the changes made by Public Act 95-490 that are using non-certificated employees as substitutes immediately prior to June 1, 2008 (the effective date of Public Act 95-490) may, by mutual agreement with the certified bargaining agent, continue the existing practice or a modified practice and that agreement shall be considered a permissive subject of bargaining. A home rule unit may not regulate the hiring of temporary or substitute members of the municipality's fire department in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

The term "policemen" as used in this Division does not include auxiliary police officers except as provided for in Section 10-2.1-6.

Any full-time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-home rule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of

that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-home rule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in Public Act 86-990 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure.
To the extent that this Section or any other Section in this Division conflicts with Section 10-2.1-6.3 or 10-2.1-6.4, then Section 10-2.1-6.3 or 10-2.1-6.4 shall control.

This tax shall be imposed only at the rate of one-tenth of one per cent.

This additional tax may not be imposed on tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act. The tax imposed by the Board under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions contained in those Sections other than the State rate of tax), 2-12, 2-15 through 2-70, 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District as an incident to a sale of service. (c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the State Metro-East Park and Recreation District Fund, which shall be an unappropriated trust fund held outside of the State treasury.

The Department, at the time of each monthly disbursement to the District, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the District and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

(e) Nothing in this Section shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) An ordinance imposing a tax under this Section or an ordinance extending the imposition of a tax to an additional county or counties shall be certified by the board and filed with the Department of Revenue either (i) on or before the first day of April, whereupon the Department shall

(g) When certifying the amount of a monthly disbursement to the District under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any misallocation of previous disbursements. Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. Any ordinance or resolution of the Authority imposing a tax under this Section and in effect on August 1, 2007 shall remain in full force and effect and shall be administered by the Department of Revenue under the terms and conditions and rates of tax established by such ordinance or resolution until the Department begins administering and enforcing an increased tax under this Section as authorized by Public Act 95-708. (b) The board of commissioners may impose a County Water Commission Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the territory of the commission at a rate of 1/4% of the gross receipts from the sales made in the course of such business within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax except that tangible personal property taxed at the 1% rate under the Retailers' Occupation Tax Act shall not be subject to tax hereunder), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall
be paid by the State Treasurer out of a county water commission tax fund established under subsection (g) of this Section.

For the purpose of determining whether a tax authorized under this paragraph is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a County Water Commission Service Occupation Tax shall also be imposed upon all persons engaged, in the territory of the commission, in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property within the territory. The tax rate shall be 1/4% of the selling price of tangible personal property so transferred within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under subsection (g) of this Section.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a tax shall also be imposed upon the privilege of using, in the territory of the commission, any item of tangible personal property that is purchased outside the territory at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4% of the selling price of the tangible personal property within the territory, as "selling price" is defined in the Use Tax Act. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21, and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. (c-5) If the applicant is a school district, then the district shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the district is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the district will request. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Following receipt of the waiver or modification request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45-day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.
