For purposes of subparagraph (A) of paragraph (1) of this subsection (b), "witness" does not include a person who is a victim or who was arrested as a result of the encounter.

Only recordings or portions of recordings responsive to the request shall be available for inspection or reproduction. (D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply unless either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to

(F) A person subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

(i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and

(ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code.

In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph (5) of subsection (a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F).

A restricted driving permit issued under this subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph (2) of subsection (c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection (c) of this Section.
The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code.

A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Driver License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

county's vehicular standing, parking, or compliance regulations established by ordinance under Section 11-208.3 of this Code;

(7) the person failing to satisfy any fine or penalty resulting from a final order issued by the Illinois State Toll Highway Authority relating directly or indirectly to 5 or more toll violations, toll evasions, or both;

(8) the person being convicted of a violation of Section 4-102 of this Code, if the person presents a certified copy of a court order that includes a finding that the person did not exercise actual physical control of the vehicle at the time of the violation; or

(9) the person being convicted of criminal trespass to vehicles under Section 21-2 of the Criminal Code of 2012, if the person presents a certified copy of a court order that includes a finding that the person did not exercise actual physical control of the vehicle at the time of the violation.

(b) As soon as practicable and no later than July 1, 2021, the Secretary shall rescind the suspension, cancellation, or prohibition of renewal of a person's driver's license that has been suspended, canceled, or whose renewal has been prohibited before the effective date of this amendatory Act of the 101st General Assembly due to the person having failed to pay any fine or penalty for traffic violations, automated traffic law enforcement system violations as defined in Sections 11-208.6, and 11-208.8, 11-208.9, and 11-1201.1, or abandoned vehicle fees.

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)

Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles, automated traffic law violations, and automated speed enforcement system violations.

(a) Any municipality or county may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as described in this subsection, automated traffic law violations as defined in Section 11-208.6, 11-208.9, or 11-1201.1, and automated speed enforcement system violations as defined in Section 11-208.8. The administrative system shall have as its purpose the fair and efficient enforcement of municipal or county regulations through the administrative adjudication of automated speed enforcement system or automated traffic law violations and violations of municipal or county ordinances regulating the standing and

parking of vehicles, the condition and use of vehicle equipment, and the display of municipal or county wheel tax licenses within the municipality's or county's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of $500 or requiring the completion of a traffic education program, or both, that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal or county regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal or county wheel tax license.

(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

(1) A traffic compliance administrator authorized to adopt, distribute, and process parking, compliance, and automated speed enforcement system or automated traffic law violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances and automated speed enforcement system or automated traffic law violations, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

(2) A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice that shall specify or include the date, time, and place of violation of a parking, standing, compliance, automated speed enforcement system, or automated traffic law regulation; the particular regulation violated; any requirement to complete a traffic education program; the fine and any penalty that may be assessed for late payment or failure to complete a required traffic education program, or both, when so provided by ordinance; the vehicle make or a photograph of the vehicle; the state registration number of the vehicle; and the identification number of the person issuing the notice. With regard to automated speed enforcement system or automated traffic law violations, vehicle make shall be specified on the automated speed enforcement system or automated traffic law violation notice if the notice does not include a photograph of the vehicle and the make is available and readily discernible. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if

New matter indicated by italics - deletions by strikeout
the state registration number or vehicle make specified is incorrect. The violation notice shall state that the completion of any required traffic education program, the payment of any indicated fine, and the payment of any applicable penalty for late payment or failure to complete a required traffic education program, or both, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of a parking, standing, or compliance violation notice by: (i) affixing the original or a facsimile of the notice to an unlawfully parked or standing vehicle; (ii) handing the notice to the operator of a vehicle if he or she is present; or (iii) mailing the notice to the address of the registered owner or lessee of the cited vehicle as recorded with the Secretary of State or the lessor of the motor vehicle within 30 days after the Secretary of State or the lessor of the motor vehicle notifies the municipality or county of the identity of the owner or lessee of the vehicle, but not later than 90 days after the date of the violation, except that in the case of a lessee of a motor vehicle, service of a parking, standing, or compliance violation notice may occur no later than 210 days after the violation; and service of an automated speed enforcement system or automated traffic law violation notice by mail to the address of the registered owner or lessee of the cited vehicle as recorded with the Secretary of State or the lessor of the motor vehicle within 30 days after the Secretary of State or the lessor of the motor vehicle notifies the municipality or county of the identity of the owner or lessee of the vehicle, but not later than 90 days after the violation, except that in the case of a lessee of a motor vehicle, service of an automated traffic law violation notice may occur no later than 210 days after the violation. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or, in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. In the case of an automated traffic law violation,
the ordinance shall require a determination by a technician employed or contracted by the municipality or county that, based on inspection of recorded images, the motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance. If the technician determines that the vehicle entered the intersection as part of a funeral procession or in order to yield the right-of-way to an emergency vehicle, a citation shall not be issued. In municipalities with a population of less than 1,000,000 inhabitants and counties with a population of less than 3,000,000 inhabitants, the automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation. In municipalities with a population of 1,000,000 or more inhabitants and counties with a population of 3,000,000 or more inhabitants, the automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation or by an additional fully trained technician who is not employed by the contractor who employs the technician who made the initial determination. In the case of an automated speed enforcement system violation, the ordinance shall require a determination by a technician employed by the municipality, based upon an inspection of recorded images, video or other documentation, including documentation of the speed limit and automated speed enforcement signage, and documentation of the inspection, calibration, and certification of the speed equipment, that the vehicle was being operated in violation of Article VI of Chapter 11 of this Code or a similar local ordinance. If the technician determines that the vehicle speed was not determined by a calibrated, certified speed equipment device based upon the speed equipment documentation, or if the vehicle was an emergency vehicle, a citation may not be issued. The automated speed enforcement ordinance shall require that all determinations by a technician that a violation occurred be reviewed and approved

by a law enforcement officer or retired law enforcement officer of the municipality issuing the violation or by an additional fully trained reviewing technician who is not employed by the contractor who employs the technician who made the initial determination. Routine and independent calibration of the speeds produced by automated speed enforcement systems and equipment shall be conducted annually by a qualified technician. Speeds produced by an automated speed enforcement system shall be compared with speeds produced by lidar or other independent equipment. Radar or lidar equipment shall undergo an internal validation test no less frequently than once each week. Qualified technicians shall test loop-based equipment no less frequently than once a year. Radar equipment shall be checked for accuracy by a qualified technician when the unit is serviced, when unusual or suspect readings persist, or when deemed necessary by a reviewing technician. Radar equipment shall be checked with the internal frequency generator and the internal circuit test whenever the radar is turned on. Technicians must be alert for any unusual or suspect readings, and if unusual or suspect readings of a radar unit persist, that unit shall immediately be removed from service and not returned to service until it has been checked by a qualified technician and determined to be functioning properly. Documentation of the annual calibration results, including the equipment tested, test date, technician performing the test, and test results, shall be maintained and available for use in the determination of an automated speed enforcement system violation and issuance of a citation. The technician performing the calibration and testing of the automated speed enforcement equipment shall be trained and certified in the use of equipment for speed enforcement purposes. Training on the speed enforcement equipment may be conducted by law enforcement, civilian, or manufacturer's personnel and if applicable may be equivalent to the equipment use and operations training included in the Speed Measuring Device Operator Program developed by the National Highway Traffic Safety Administration (NHTSA). The vendor or technician who performs the work shall keep accurate records on each piece of equipment the technician calibrates and tests. As used in this paragraph, "fully trained reviewing technician" means a person who has received at least 40 hours of

supervised training in subjects which shall include image
inspection and interpretation, the elements necessary to prove a
violation, license plate identification, and traffic safety and
management. In all municipalities and counties, the automated
speed enforcement system or automated traffic law ordinance shall
require that no additional fee shall be charged to the alleged
violator for exercising his or her right to an administrative hearing,
and persons shall be given at least 25 days following an
administrative hearing to pay any civil penalty imposed by a
finding that Section 11-208.6, 11-208.8, 11-208.9, or 11-1201.1 or
a similar local ordinance has been violated. The original or a
facsimile of the violation notice or, in the case of a notice produced
by a computerized device, a printed record generated by the device
showing the facts entered on the notice, shall be retained by the
traffic compliance administrator, and shall be a record kept in the
ordinary course of business. A parking, standing, compliance,
automated speed enforcement system, or automated traffic law
violation notice issued, signed, and served in accordance with this
Section, a copy of the notice, or the computer-generated record shall be prima facie correct and shall be prima
facie evidence of the correctness of the facts shown on the notice.
The notice, copy, or computer-generated record shall be admissible in any subsequent administrative or
legal proceedings.

(4) An opportunity for a hearing for the registered owner of
the vehicle cited in the parking, standing, compliance, automated
speed enforcement system, or automated traffic law violation
notice in which the owner may contest the merits of the alleged
violation, and during which formal or technical rules of evidence
shall not apply; provided, however, that under Section 11-1306 of
this Code the lessee of a vehicle cited in the violation notice
likewise shall be provided an opportunity for a hearing of the same
kind afforded the registered owner. The hearings shall be recorded,
and the person conducting the hearing on behalf of the traffic
compliance administrator shall be empowered to administer oaths
and to secure by subpoena both the attendance and testimony of
witnesses and the production of relevant books and papers. Persons
appearing at a hearing under this Section may be represented by
counsel at their expense. The ordinance may also provide for

internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 or subsection (p) of Section 11-208.6 or 11-208.9, or subsection (p) of Section 11-208.8 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include, but not be limited to, the information specified herein:

(i) A second notice of parking, standing, or compliance violation if the first notice of the violation was issued by affixing the original or a facsimile of the notice to the unlawfully parked vehicle or by handing the notice to the operator. This notice shall specify or include the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make or a photograph of the vehicle, the state registration number of the vehicle, any requirement to complete a traffic education program, the fine and any penalty that may be assessed for late payment or failure to complete a traffic education program, or both, when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure to complete a required traffic education program, to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of

violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any incomplete traffic education program or any unpaid fine or penalty, or both, will constitute a debt due and owing the municipality or county.

(ii) A notice of final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability. This notice shall be sent following a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the incomplete traffic education program or the unpaid fine or penalty, or both, is a debt due and owing the municipality or county. The notice shall contain warnings that failure to complete any required traffic education program or to pay any fine or penalty due and owing the municipality or county, or both, within the time specified may result in the municipality's or county's filing of a petition in the Circuit Court to have the incomplete traffic education program or unpaid fine or penalty, or both, rendered a judgment as provided by this Section, or, where applicable, may result in suspension of the person's driver's license for failure to complete a traffic education program or to pay fines or penalties, or both, for 5 or more automated traffic law violations under Section 11-208.6 or 11-208.9 or automated speed enforcement system violations under Section 11-208.8.

(6) A notice of impending driver's license suspension. This notice shall be sent to the person liable for failure to complete a required traffic education program or to pay fines or penalties, or both, on 5 or more unpaid automated speed enforcement system or automated traffic law violations. The notice shall state that failure to complete a required traffic education program or to pay the fine or penalty owing, or both, within 45 days of the notice's date will result in the municipality or county notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under

New matter indicated by italics - deletions by strikeout
Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self-addressed self-addressed, stamped envelope to the municipality or county along with a request for the photostatic copy. The notice of impending driver's license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to complete the required traffic education program or to pay the fine or penalty, or both, after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. A petition to set aside a determination of liability may also be filed by a person required to complete a traffic education program. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already completed the required traffic education program or paid the fine or penalty, or both, for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make, only if specified in the
violation notice, is incorrect. After the determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality or county may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines or failure to complete required traffic education programs, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250, except as provided in subsection (c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality or county establishing vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the incomplete traffic education programs

New matter indicated by italics - deletions by strikeout
or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without the completion of the required traffic education program or payment of the outstanding fines and penalties on parking, standing, compliance, automated speed enforcement system, or automated traffic law violations, or both, for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

(d) Judicial review of final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, incomplete traffic education program, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality or county and, as such, may be collected in accordance with applicable law. Completion of any required traffic education program and payment in full of any fine or penalty resulting from a standing, parking, compliance, automated speed enforcement system, or automated traffic law violation shall constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, the municipality or county may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality or county from consolidating multiple final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations against a person in a proceeding. Upon commencement of

New matter indicated by italics - deletions by strikeout
the action, the municipality or county shall file a certified copy or record of the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal or county ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations does not exceed $2500. If the court is satisfied that the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation was entered in accordance with the requirements of this Section and the applicable municipal or county ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality or county and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

(g) The fee for participating in a traffic education program under this Section shall not exceed $25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

(625 ILCS 5/11-208.6)
Sec. 11-208.6. Automated traffic law enforcement system.
(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with a red light signal to produce recorded images of motor

New matter indicated by italics - deletions by strikeout
vehicles entering an intersection against a red signal indication in violation of Section 11-306 of this Code or a similar provision of a local ordinance.

An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

(1) 2 or more photographs;
(2) 2 or more microphotographs;
(3) 2 or more electronic images; or
(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle.

(b-5) A municipality or county that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(c) Except as provided under Section 11-208.8 of this Code, a county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to provide recorded images of a motor vehicle for the purpose of recording its speed. Except as provided under Section 11-208.8 of this Code, the regulation of the use of automated traffic law enforcement systems to record vehicle speeds is an exclusive power and function of the State. This subsection (c) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(c-5) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where the motor vehicle comes to a complete stop and does not enter the intersection, as defined by Section 1-132 of this Code, during the cycle of the red signal indication unless one or more pedestrians or bicyclists are present, even if the motor vehicle stops at a point past a stop line or crosswalk where a driver is required to stop, as

New matter indicated by italics - deletions by strikeout
specified in subsection (c) of Section 11-306 of this Code or a similar provision of a local ordinance.

(c-6) A county, or a municipality with less than 2,000,000 inhabitants, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where a motorcyclist enters an intersection against a red signal indication when the red signal fails to change to a green signal within a reasonable period of time not less than 120 seconds because of a signal malfunction or because the signal has failed to detect the arrival of the motorcycle due to the motorcycle's size or weight.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automatic traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

The notice shall include:

(1) the name and address of the registered owner of the vehicle;
(2) the registration number of the motor vehicle involved in the violation;
(3) the violation charged;
(4) the location where the violation occurred;
(5) the date and time of the violation;
(6) a copy of the recorded images;
(7) the amount of the civil penalty imposed and the requirements of any traffic education program imposed and the date by which the civil penalty should be paid and the traffic education program should be completed;
(8) a statement that recorded images are evidence of a violation of a red light signal;
(9) a warning that failure to pay the civil penalty, to complete a required traffic education program, or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle;
(10) a statement that the person may elect to proceed by:

New matter indicated by italics - deletions by strikeout
(A) paying the fine, completing a required traffic education program, or both; or
(B) challenging the charge in court, by mail, or by administrative hearing; and
(11) a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(e) **Blank**.

If a person charged with a traffic violation, as a result of an automated traffic law enforcement system, does not pay the fine or complete a required traffic education program, or both, or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to complete a required traffic education program or to pay any fine or penalty due and owing, or both, as a result of a combination of 5 violations of the automated traffic law enforcement system or the automated speed enforcement system under Section 11-208.8 of this Code.

(f) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(g) Recorded images made by an automatic traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(h) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;

(2) that the driver of the vehicle passed through the intersection when the light was red either (i) in order to yield the right-of-way to an emergency vehicle or (ii) as part of a funeral procession; and

(3) any other evidence or issues provided by municipal or county ordinance.

New matter indicated by italics - deletions by strikeout
(i) To demonstrate that the motor vehicle or the registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(j) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding $100 or the completion of a traffic education program, or both, plus an additional penalty of not more than $100 for failure to pay the original penalty or to complete a required traffic education program, or both, in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle.

(j-3) A registered owner who is a holder of a valid commercial driver's license is not required to complete a traffic education program.

(j-5) For purposes of the required traffic education program only, a registered owner may submit an affidavit to the court or hearing officer swearing that at the time of the alleged violation, the vehicle was in the custody and control of another person. The affidavit must identify the person in custody and control of the vehicle, including the person's name and current address. The person in custody and control of the vehicle at the time of the violation is required to complete the required traffic education program. If the person in custody and control of the vehicle at the time of the violation completes the required traffic education program, the registered owner of the vehicle is not required to complete a traffic education program.

(k) An intersection equipped with an automated traffic law enforcement system must be posted with a sign visible to approaching traffic indicating that the intersection is being monitored by an automated traffic law enforcement system.

(k-3) A municipality or county that has one or more intersections equipped with an automated traffic law enforcement system must provide notice to drivers by posting the locations of automated traffic law systems on the municipality or county website.

(k-5) An intersection equipped with an automated traffic law enforcement system must have a yellow change interval that conforms with the Illinois Manual on Uniform Traffic Control Devices (IMUTCD) published by the Illinois Department of Transportation.

(k-7) A municipality or county operating an automated traffic law enforcement system shall conduct a statistical analysis to assess the safety impact of each automated traffic law enforcement system at an intersection following installation of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection (k-7) shall be made available to the public and shall be published on the website of the municipality or county. If the statistical analysis for the 36 month period following installation of the system indicates that there has been an increase in the rate of accidents at the approach to the intersection monitored by the system, the municipality or county shall undertake additional studies to determine the cause and severity of the accidents, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the accidents at that intersection.

(l) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(m) This Section applies only to the counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will and to municipalities located within those counties.

(n) The fee for participating in a traffic education program under this Section shall not exceed $25.

Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

(o) (Blank). A municipality or county shall make a certified report to the Secretary of State pursuant to Section 6-306.5 of this Code whenever a registered owner of a vehicle has failed to pay any fine or penalty due and owing as a result of a combination of 5 offenses for automated traffic law or speed enforcement system violations.

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The driver's license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section.

Upon the provision of information by the lessor pursuant to this subsection, the county or municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

Sec. 11-208.8. Automated speed enforcement systems in safety zones.

(a) As used in this Section:

"Automated speed enforcement system" means a photographic device, radar device, laser device, or other electrical or mechanical device or devices installed or utilized in a safety zone and designed to record the speed of a vehicle and obtain a clear photograph or other recorded image of the vehicle and the vehicle's registration plate or digital registration plate while the driver is violating Article VI of Chapter 11 of this Code or a similar provision of a local ordinance.

An automated speed enforcement system is a system, located in a safety zone which is under the jurisdiction of a municipality, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

New matter indicated by italics - deletions by strikeout
"Owner" means the person or entity to whom the vehicle is registered.

"Recorded image" means images recorded by an automated speed enforcement system on:

1. 2 or more photographs;
2. 2 or more microphotographs;
3. 2 or more electronic images; or
4. a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle.

"Safety zone" means an area that is within one-eighth of a mile from the nearest property line of any public or private elementary or secondary school, or from the nearest property line of any facility, area, or land owned by a school district that is used for educational purposes approved by the Illinois State Board of Education, not including school district headquarters or administrative buildings. A safety zone also includes an area that is within one-eighth of a mile from the nearest property line of any facility, area, or land owned by a park district used for recreational purposes. However, if any portion of a roadway is within either one-eighth mile radius, the safety zone also shall include the roadway extended to the furthest portion of the next furthest intersection. The term "safety zone" does not include any portion of the roadway known as Lake Shore Drive or any controlled access highway with 8 or more lanes of traffic.

(a-5) The automated speed enforcement system shall be operational and violations shall be recorded only at the following times:

(i) if the safety zone is based upon the property line of any facility, area, or land owned by a school district, only on school days and no earlier than 6 a.m. and no later than 8:30 p.m. if the school day is during the period of Monday through Thursday, or 9 p.m. if the school day is a Friday; and

(ii) if the safety zone is based upon the property line of any facility, area, or land owned by a park district, no earlier than one hour prior to the time that the facility, area, or land is open to the public or other patrons, and no later than one hour after the facility, area, or land is closed to the public or other patrons.

(b) A municipality that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must

New matter indicated by italics - deletions by strikeout
make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(c) Notwithstanding any penalties for any other violations of this Code, the owner of a motor vehicle used in a traffic violation recorded by an automated speed enforcement system shall be subject to the following penalties:

(1) if the recorded speed is no less than 6 miles per hour and no more than 10 miles per hour over the legal speed limit, a civil penalty not exceeding $50, plus an additional penalty of not more than $50 for failure to pay the original penalty in a timely manner; or

(2) if the recorded speed is more than 10 miles per hour over the legal speed limit, a civil penalty not exceeding $100, plus an additional penalty of not more than $100 for failure to pay the original penalty in a timely manner.

A penalty may not be imposed under this Section if the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a speeding violation occurring within one-eighth of a mile and 15 minutes of the violation that was recorded by the system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle. A law enforcement officer is not required to be present or to witness the violation. No penalty may be imposed under this Section if the recorded speed of a vehicle is 5 miles per hour or less over the legal speed limit. The municipality may send, in the same manner that notices are sent under this Section, a speed violation warning notice where the violation involves a speed of 5 miles per hour or less above the legal speed limit.

(d) The net proceeds that a municipality receives from civil penalties imposed under an automated speed enforcement system, after deducting all non-personnel and personnel costs associated with the operation and maintenance of such system, shall be expended or obligated by the municipality for the following purposes:

(i) public safety initiatives to ensure safe passage around schools, and to provide police protection and surveillance around schools and parks, including but not limited to: (1) personnel costs; and (2) non-personnel costs such as construction and maintenance of public safety infrastructure and equipment;

New matter indicated by italics - deletions by strikeout
(ii) initiatives to improve pedestrian and traffic safety;
(iii) construction and maintenance of infrastructure within
the municipality, including but not limited to roads and bridges;
and
(iv) after school programs.

(e) For each violation of a provision of this Code or a local
ordinance recorded by an automated speed enforcement system, the
municipality having jurisdiction shall issue a written notice of the
violation to the registered owner of the vehicle as the alleged violator. The
notice shall be delivered to the registered owner of the vehicle, by mail,
within 30 days after the Secretary of State notifies the municipality of the
identity of the owner of the vehicle, but in no event later than 90 days after
the violation.

(f) The notice required under subsection (e) of this Section shall
include:

(1) the name and address of the registered owner of the
vehicle;
(2) the registration number of the motor vehicle involved in
the violation;
(3) the violation charged;
(4) the date, time, and location where the violation
occurred;
(5) a copy of the recorded image or images;
(6) the amount of the civil penalty imposed and the date by
which the civil penalty should be paid;
(7) a statement that recorded images are evidence of a
violation of a speed restriction;
(8) a warning that failure to pay the civil penalty or to
contest liability in a timely manner is an admission of liability and
may result in a suspension of the driving privileges of the
registered owner of the vehicle;
(9) a statement that the person may elect to proceed by:
   (A) paying the fine; or
   (B) challenging the charge in court, by mail, or by
      administrative hearing; and
(10) a website address, accessible through the Internet,
where the person may view the recorded images of the violation.

(g) (Blank). If a person charged with a traffic violation, as a result
of an automated speed enforcement system, does not pay the fine or

successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to pay any fine or penalty due and owing, or both, as a result of a combination of 5 violations of the automated speed enforcement system or the automated traffic law under Section 11-208.6 of this Code.

(h) Based on inspection of recorded images produced by an automated speed enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(i) Recorded images made by an automated speed enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(j) The court or hearing officer may consider in defense of a violation:

1. that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control or in the possession of the owner at the time of the violation;
2. that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a speeding violation occurring within one-eighth of a mile and 15 minutes of the violation that was recorded by the system; and
3. any other evidence or issues provided by municipal ordinance.

(k) To demonstrate that the motor vehicle or the registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(l) A roadway equipped with an automated speed enforcement system shall be posted with a sign conforming to the national Manual on Uniform Traffic Control Devices that is visible to approaching traffic stating that vehicle speeds are being photo-enforced and indicating the

New matter indicated by italics - deletions by strikeout
speed limit. The municipality shall install such additional signage as it determines is necessary to give reasonable notice to drivers as to where automated speed enforcement systems are installed.

(m) A roadway where a new automated speed enforcement system is installed shall be posted with signs providing 30 days notice of the use of a new automated speed enforcement system prior to the issuance of any citations through the automated speed enforcement system.

(n) The compensation paid for an automated speed enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(o) (Blank). A municipality shall make a certified report to the Secretary of State pursuant to Section 6-306.5 of this Code whenever a registered owner of a vehicle has failed to pay any fine or penalty due and owing as a result of a combination of 5 offenses for automated speed or traffic law enforcement system violations.

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The drivers license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section.

Upon the provision of information by the lessor pursuant to this subsection, the municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

(q) A municipality using an automated speed enforcement system must provide notice to drivers by publishing the locations of all safety zones where system equipment is installed on the website of the municipality.

(r) A municipality operating an automated speed enforcement system shall conduct a statistical analysis to assess the safety impact of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid

comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection shall be made available to the public and shall be published on the website of the municipality.

(s) This Section applies only to municipalities with a population of 1,000,000 or more inhabitants.

Sec. 11-208.9. Automated traffic law enforcement system; approaching, overtaking, and passing a school bus.

(a) As used in this Section, "automated traffic law enforcement system" means a device with one or more motor vehicle sensors working in conjunction with the visual signals on a school bus, as specified in Sections 12-803 and 12-805 of this Code, to produce recorded images of motor vehicles that fail to stop before meeting or overtaking, from either direction, any school bus stopped at any location for the purpose of receiving or discharging pupils in violation of Section 11-1414 of this Code or a similar provision of a local ordinance.

An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

(1) 2 or more photographs;
(2) 2 or more microphotographs;
(3) 2 or more electronic images; or
(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle.

(c) A municipality or county that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance

must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automated traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

(e) The notice required under subsection (d) shall include:

1. the name and address of the registered owner of the vehicle;
2. the registration number of the motor vehicle involved in the violation;
3. the violation charged;
4. the location where the violation occurred;
5. the date and time of the violation;
6. a copy of the recorded images;
7. the amount of the civil penalty imposed and the date by which the civil penalty should be paid;
8. a statement that recorded images are evidence of a violation of overtaking or passing a school bus stopped for the purpose of receiving or discharging pupils;
9. a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle;
10. a statement that the person may elect to proceed by:
   A. paying the fine; or
   B. challenging the charge in court, by mail, or by administrative hearing; and
11. a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(f) **Blank.** If a person charged with a traffic violation, as a result of an automated traffic law enforcement system under this Section, does not pay the fine or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the

registered owner of the vehicle under Section 6-306.5 of this Code for failing to pay any fine or penalty due and owing as a result of a combination of 5 violations of the automated traffic law enforcement system or the automated speed enforcement system under Section 11-208.8 of this Code.

(g) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(h) Recorded images made by an automated traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(i) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;

(2) that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a violation of Section 11-1414 of this Code within one-eighth of a mile and 15 minutes of the violation that was recorded by the system;

(3) that the visual signals required by Sections 12-803 and 12-805 of this Code were damaged, not activated, not present in violation of Sections 12-803 and 12-805, or inoperable; and

(4) any other evidence or issues provided by municipal or county ordinance.

(j) To demonstrate that the motor vehicle or the registration plates or digital registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(k) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor
vehicle owner is subject to a civil penalty not exceeding $150 for a first time violation or $500 for a second or subsequent violation, plus an additional penalty of not more than $100 for failure to pay the original penalty in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle, but may be recorded by the municipality or county for the purpose of determining if a person is subject to the higher fine for a second or subsequent offense.

(l) A school bus equipped with an automated traffic law enforcement system must be posted with a sign indicating that the school bus is being monitored by an automated traffic law enforcement system.

(m) A municipality or county that has one or more school buses equipped with an automated traffic law enforcement system must provide notice to drivers by posting a list of school districts using school buses equipped with an automated traffic law enforcement system on the municipality or county website. School districts that have one or more school buses equipped with an automated traffic law enforcement system must provide notice to drivers by posting that information on their websites.

(n) A municipality or county operating an automated traffic law enforcement system shall conduct a statistical analysis to assess the safety impact in each school district using school buses equipped with an automated traffic law enforcement system following installation of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection shall be made available to the public and shall be published on the website of the municipality or county. If the statistical analysis for the 36-month period following installation of the system indicates that there has been an increase in the rate of accidents at the approach to school buses monitored by the system, the municipality or county shall undertake additional
studies to determine the cause and severity of the accidents, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the accidents involving school buses equipped with an automated traffic law enforcement system.

(o) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The driver's license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section.

Upon the provision of information by the lessor pursuant to this subsection, the county or municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

(q) (Blank). A municipality or county shall make a certified report to the Secretary of State pursuant to Section 6-306.5 of this Code whenever a registered owner of a vehicle has failed to pay any fine or penalty due and owing as a result of a combination of 5 offenses for automated traffic law or speed enforcement system violations.

(r) After a municipality or county enacts an ordinance providing for automated traffic law enforcement systems under this Section, each school district within that municipality or county's jurisdiction may implement an automated traffic law enforcement system under this Section. The elected school board for that district must approve the implementation of an automated traffic law enforcement system. The school district shall be responsible for entering into a contract, approved by the elected school board of that district, with vendors for the installation, maintenance, and operation of the automated traffic law enforcement system. The school district must enter into an intergovernmental agreement, approved by the elected school board of that district, with the municipality or county with jurisdiction over that school district for the administration of the

automated traffic law enforcement system. The proceeds from a school district's automated traffic law enforcement system's fines shall be divided equally between the school district and the municipality or county administering the automated traffic law enforcement system.

Sec. 11-1201.1. Automated Railroad Crossing Enforcement System.

(a) For the purposes of this Section, an automated railroad grade crossing enforcement system is a system in a municipality or county operated by a governmental agency that produces a recorded image of a motor vehicle's violation of a provision of this Code or local ordinance and is designed to obtain a clear recorded image of the vehicle and vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

As used in this Section, "recorded images" means images recorded by an automated railroad grade crossing enforcement system on:

(1) 2 or more photographs;
(2) 2 or more microphotographs;
(3) 2 or more electronic images; or
(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate or digital registration plate number of the motor vehicle.

(b) The Illinois Commerce Commission may, in cooperation with a local law enforcement agency, establish in any county or municipality an automated railroad grade crossing enforcement system at any railroad grade crossing equipped with a crossing gate designated by local authorities. Local authorities desiring the establishment of an automated railroad crossing enforcement system must initiate the process by enacting a local ordinance requesting the creation of such a system. After the ordinance has been enacted, and before any additional steps toward the establishment of the system are undertaken, the local authorities and the Commission must agree to a plan for obtaining, from any combination of federal, State, and local funding sources, the moneys required for the purchase and installation of any necessary equipment.

The notice shall include:

1. the name and address of the registered owner of the vehicle;
2. the registration number of the motor vehicle involved in the violation;
3. the violation charged;
4. the location where the violation occurred;
5. the date and time of the violation;
6. a copy of the recorded images;
7. the amount of the civil penalty imposed and the date by which the civil penalty should be paid;
8. a statement that recorded images are evidence of a violation of a railroad grade crossing;
9. a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle; and
10. a statement that the person may elect to proceed by:
   A. paying the fine; or
   B. challenging the charge in court, by mail, or by administrative hearing.

(d) Blank. If a person charged with a traffic violation as a result of an automated railroad grade crossing enforcement system, does not pay or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to pay any fine or penalty due and owing as a result of 5 violations of the automated railroad grade crossing enforcement system:

Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(e-2) The court or hearing officer may consider the following in the defense of a violation:

1. that the motor vehicle or registration plates or digital registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;
2. that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation for the same offense;

(Section 10-216. The Criminal Code of 2012 is amended by changing Sections 7-5, 7-5.5, 7-9, 9-1, and 33-3 and by adding Sections 7-15, 7-16, and 33-9 as follows:

(720 ILCS 5/7-5) (from Ch. 38, par. 7-5)

Sec. 7-5. Peace officer's use of force in making arrest. (a) A peace officer, or any person whom he has summoned or directed to assist him, need not retreat or desist from efforts to make a lawful arrest because of resistance or threatened resistance to the arrest. He is justified in the use of any force which he reasonably believes, based on the totality of the circumstances, to be necessary to effect the arrest and of any force which he reasonably believes, based on the totality of the circumstances, to be necessary to defend himself or another from bodily harm while making the arrest. However, he is justified in using force likely to cause death or great bodily harm only when he reasonably believes, based on the totality of the circumstances, that such force is necessary to prevent death or great bodily harm to himself or such other person, or when he reasonably believes, based on the totality of the circumstances, both that:

(1) Such force is necessary to prevent the arrest from being defeated by resistance or escape; the officer reasonably believes

New matter indicated by italics - deletions by strikeout
that the person to be arrested cannot be apprehended at a later
date, and the officer reasonably believes that the person to be
arrested is likely to cause great bodily harm to another; and

(2) The person to be arrested just has committed or
attempted a forcible felony which involves the infliction or
threatened infliction of great bodily harm or is attempting to escape
by use of a deadly weapon, or otherwise indicates that he will
endanger human life or inflict great bodily harm unless arrested
without delay.

As used in this subsection, "retreat" does not mean tactical
repositioning or other de-escalation tactics.

(a-5) Where feasible, a peace officer shall, prior to the use of
force, make reasonable efforts to identify himself or herself as a peace
officer and to warn that deadly force may be used, unless the officer has
reasonable grounds to believe that the person is aware of those facts.

(a-10) A peace officer shall not use deadly force against a person
based on the danger that the person poses to himself or herself if an
reasonable officer would believe the person does not pose an imminent
threat of death or serious bodily injury to the peace officer or to another
person.

(a-15) A peace officer shall not use deadly force against a person
who is suspected of committing a property offense, unless that offense is
terrorism or unless deadly force is otherwise authorized by law.

(b) A peace officer making an arrest pursuant to an invalid warrant
is justified in the use of any force which he would be justified in using if
the warrant were valid, unless he knows that the warrant is invalid.

(c) The authority to use physical force conferred on peace officers
by this Article is a serious responsibility that shall be exercised judiciously
and with respect for human rights and dignity and for the sanctity of every
human life.

(d) Peace officers shall use deadly force only when reasonably
necessary in defense of human life. In determining whether deadly force is
reasonably necessary, officers shall evaluate each situation in light of the
particular circumstances of each case and shall use other available
resources and techniques, if reasonably safe and feasible to a reasonable
officer.

(e) The decision by a peace officer to use force shall be evaluated
carefully and thoroughly, in a manner that reflects the gravity of that
authority and the serious consequences of the use of force by peace

New matter indicated by italics - deletions by strikeout
officers, in order to ensure that officers use force consistent with law and agency policies.

(f) The decision by a peace officer to use force shall be evaluated from the perspective of a reasonable officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time of the decision, rather than with the benefit of hindsight, and that the totality of the circumstances shall account for occasions when officers may be forced to make quick judgments about using force.

(g) Law enforcement agencies are encouraged to adopt and develop policies designed to protect individuals with physical, mental health, developmental, or intellectual disabilities, who are significantly more likely to experience greater levels of physical force during police interactions, as these disabilities may affect the ability of a person to understand or comply with commands from peace officers.

(h) As used in this Section:

(1) "Deadly force" means any use of force that creates a substantial risk of causing death or serious bodily injury, including, but not limited to, the discharge of a firearm.

(2) A threat of death or serious bodily injury is "imminent" when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the peace officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed.

(3) "Totality of the circumstances" means all facts known to the peace officer at the time, or that would be known to a reasonable officer in the same situation, including the conduct of the officer and the subject leading up to the use of deadly force.

(b) A peace officer, or any person acting on behalf of a peace officer, shall not use a chokehold or restraint above the shoulders with risk of asphyxiation, or any lesser contact with the throat or neck area of another, in order to prevent the destruction of evidence by ingestion.

"Chokehold" does not include any holding involving contact with the neck that is not intended to reduce the intake of air.

(d) As used in this Section, "restraint above the shoulders with risk of positional asphyxiation" means a use of a technique used to restrain a person above the shoulders, including the neck or head, in a position which interferes with the person's ability to breathe after the person no longer poses a threat to the officer or any other person.

(e) A peace officer, or any person acting on behalf of a peace officer, shall not:

(i) use force as punishment or retaliation;

(ii) discharge kinetic impact projectiles and all other non-or less-lethal projectiles in a manner that targets the head, pelvis, or back;

(iii) discharge firearms or kinetic impact projectiles indiscriminately into a crowd; or

(iv) use chemical agents or irritants, including pepper spray and tear gas, prior to issuing an order to disperse in a sufficient manner to ensure the order is heard and repeated if necessary, followed by sufficient time and space to allow compliance with the order.

Sec. 7-15. Duty to render aid. It is the policy of the State of Illinois that all law enforcement officers must, as soon as reasonably practical, determine if a person is injured, whether as a result of a use of force or otherwise, and render medical aid and assistance consistent with training and request emergency medical assistance if necessary. "Render medical aid and assistance" includes, but is not limited to, (i) performing emergency life-saving procedures such as cardiopulmonary resuscitation or the administration of an automated external defibrillator; and (ii) the carrying, or the making of arrangements for the carrying, of such person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that treatment is necessary, or if such carrying is requested by the injured person.

(b) A peace officer, or any person acting on behalf of a peace officer, who intervenes as required by this Section shall report the intervention to the person designated/identified by the law enforcement entity in a manner prescribed by the agency. The report required by this Section must include the date, time, and place of the occurrence; the identity, if known, and description of the participants; and a description of the intervention actions taken and whether they were successful. In no event shall the report be submitted more than 5 days after the incident.

(20) the murdered individual was known by the defendant to be a teacher or other person employed in any school and the teacher or other employee is upon the grounds of a school or grounds adjacent to a school, or is in any part of a building used for school purposes; or

(21) the murder was committed by the defendant in connection with or as a result of the offense of terrorism as defined in Section 29D-14.9 of this Code; or

(22) the murdered individual was a member of a congregation engaged in prayer or other religious activities at a church, synagogue, mosque, or other building, structure, or place used for religious worship.

(b-5) Aggravating Factor; Natural Life Imprisonment. A defendant who has been found guilty of first degree murder and who at the time of the commission of the offense had attained the age of 18 years or more may be sentenced to natural life imprisonment if (i) the murdered individual was a physician, physician assistant, psychologist, nurse, or advanced practice registered nurse, (ii) the defendant knew or should have known that the murdered individual was a physician, physician assistant, psychologist, nurse, or advanced practice registered nurse, and (iii) the murdered individual was killed in the course of acting in his or her capacity as a physician, physician assistant, psychologist, nurse, or advanced practice registered nurse, or to prevent him or her from acting in that capacity, or in retaliation for his or her acting in that capacity.

(c) Consideration of factors in Aggravation and Mitigation.

The court shall consider, or shall instruct the jury to consider any aggravating and any mitigating factors which are relevant to the imposition

of the death penalty. Aggravating factors may include but need not be limited to those factors set forth in subsection (b). Mitigating factors may include but need not be limited to the following:

1. the defendant has no significant history of prior criminal activity;
2. the murder was committed while the defendant was under the influence of extreme mental or emotional disturbance, although not such as to constitute a defense to prosecution;
3. the murdered individual was a participant in the defendant's homicidal conduct or consented to the homicidal act;
4. the defendant acted under the compulsion of threat or menace of the imminent infliction of death or great bodily harm;
5. the defendant was not personally present during commission of the act or acts causing death;
6. the defendant's background includes a history of extreme emotional or physical abuse;
7. the defendant suffers from a reduced mental capacity.

Provided, however, that an action that does not otherwise mitigate first degree murder cannot qualify as a mitigating factor for first degree murder because of the discovery, knowledge, or disclosure of the victim's sexual orientation as defined in Section 1-103 of the Illinois Human Rights Act.

(d) Separate sentencing hearing.
Where requested by the State, the court shall conduct a separate sentencing proceeding to determine the existence of factors set forth in subsection (b) and to consider any aggravating or mitigating factors as indicated in subsection (c). The proceeding shall be conducted:

1. before the jury that determined the defendant's guilt; or
2. before a jury impanelled for the purpose of the proceeding if:
   A. the defendant was convicted upon a plea of guilty; or
   B. the defendant was convicted after a trial before the court sitting without a jury; or
   C. the court for good cause shown discharges the jury that determined the defendant's guilt; or
3. before the court alone if the defendant waives a jury for the separate proceeding.

(e) Evidence and Argument.

New matter indicated by italics - deletions by strikeout
During the proceeding any information relevant to any of the factors set forth in subsection (b) may be presented by either the State or the defendant under the rules governing the admission of evidence at criminal trials. Any information relevant to any additional aggravating factors or any mitigating factors indicated in subsection (c) may be presented by the State or defendant regardless of its admissibility under the rules governing the admission of evidence at criminal trials. The State and the defendant shall be given fair opportunity to rebut any information received at the hearing.

(f) Proof.

The burden of proof of establishing the existence of any of the factors set forth in subsection (b) is on the State and shall not be satisfied unless established beyond a reasonable doubt.

(g) Procedure - Jury.

If at the separate sentencing proceeding the jury finds that none of the factors set forth in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections. If there is a unanimous finding by the jury that one or more of the factors set forth in subsection (b) exist, the jury shall consider aggravating and mitigating factors as instructed by the court and shall determine whether the sentence of death shall be imposed. If the jury determines unanimously, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence, the court shall sentence the defendant to death. If the court does not concur with the jury determination that death is the appropriate sentence, the court shall set forth reasons in writing including what facts or circumstances the court relied upon, along with any relevant documents, that compelled the court to non-concur with the sentence. This document and any attachments shall be part of the record for appellate review. The court shall be bound by the jury's sentencing determination.

If after weighing the factors in aggravation and mitigation, one or more jurors determines that death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h) Procedure - No Jury.

In a proceeding before the court alone, if the court finds that none of the factors found in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

If the Court determines that one or more of the factors set forth in subsection (b) exists, the Court shall consider any aggravating and mitigating factors as indicated in subsection (c). If the Court determines, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence, the Court shall sentence the defendant to death.

If the court finds that death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h-5) Decertification as a capital case.

In a case in which the defendant has been found guilty of first degree murder by a judge or jury, or a case on remand for resentencing, and the State seeks the death penalty as an appropriate sentence, on the court's own motion or the written motion of the defendant, the court may decertify the case as a death penalty case if the court finds that the only evidence supporting the defendant's conviction is the uncorroborated testimony of an informant witness, as defined in Section 115-21 of the Code of Criminal Procedure of 1963, concerning the confession or admission of the defendant or that the sole evidence against the defendant is a single eyewitness or single accomplice without any other corroborating evidence. If the court decertifies the case as a capital case under either of the grounds set forth above, the court shall issue a written finding. The State may pursue its right to appeal the decertification pursuant to Supreme Court Rule 604(a)(1). If the court does not decertify the case as a capital case, the matter shall proceed to the eligibility phase of the sentencing hearing.

(i) Appellate Procedure.

The conviction and sentence of death shall be subject to automatic review by the Supreme Court. Such review shall be in accordance with rules promulgated by the Supreme Court. The Illinois Supreme Court may overturn the death sentence, and order the imposition of imprisonment under Chapter V of the Unified Code of Corrections if the court finds that the death sentence is fundamentally unjust as applied to the particular case. If the Illinois Supreme Court finds that the death sentence is fundamentally unjust as applied to the particular case, independent of any procedural grounds for relief, the Illinois Supreme Court shall issue a written opinion explaining this finding.

(j) Disposition of reversed death sentence.

In the event that the death penalty in this Act is held to be unconstitutional by the Supreme Court of the United States or of the State
of Illinois, any person convicted of first degree murder shall be sentenced by the court to a term of imprisonment under Chapter V of the Unified Code of Corrections.

In the event that any death sentence pursuant to the sentencing provisions of this Section is declared unconstitutional by the Supreme Court of the United States or of the State of Illinois, the court having jurisdiction over a person previously sentenced to death shall cause the defendant to be brought before the court, and the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(k) Guidelines for seeking the death penalty.

The Attorney General and State's Attorneys Association shall consult on voluntary guidelines for procedures governing whether or not to seek the death penalty. The guidelines do not have the force of law and are only advisory in nature.

Sec. 103-5. Speedy trial.)
(a) Every person in custody in this State for an alleged offense shall be tried by the court having jurisdiction within 120 days from the date he or she was taken into custody unless delay is occasioned by the defendant, by an examination for fitness ordered pursuant to Section 104-13 of this Act, by a fitness hearing, by an adjudication of unfitness to stand trial, by a continuance allowed pursuant to Section 114-4 of this Act after a court's determination of the defendant's physical incapacity for trial, or by an interlocutory appeal. Delay shall be considered to be agreed to by the defendant unless he or she objects to the delay by making a written demand for trial or an oral demand for trial on the record. The provisions of this subsection (a) do not apply to a person on pretrial release bail or recognizance for an offense but who is in custody for a violation of his or her parole, aftercare release, or mandatory supervised release for another offense.

The 120-day term must be one continuous period of incarceration. In computing the 120-day term, separate periods of incarceration may not be combined. If a defendant is taken into custody a second (or subsequent) time for the same offense, the term will begin again at day zero.

(b) Every person on pretrial release bail or recognizance shall be tried by the court having jurisdiction within 160 days from the date defendant demands trial unless delay is occasioned by the defendant, by an examination for fitness ordered pursuant to Section 104-13 of this Act, by a fitness hearing, by an adjudication of unfitness to stand trial, by a continuance allowed pursuant to Section 114-4 of this Act after a court's determination of the defendant's physical incapacity for trial, or by an interlocutory appeal. Any demand for trial made under this subsection (b) shall be in writing; and in the case of a defendant not in custody, the demand for trial shall include the date of any prior demand made under this provision while the defendant was in custody.

(c) If the court determines that the State has exercised without success due diligence to obtain evidence material to the case and that there are reasonable grounds to believe that such evidence may be obtained at a later day the court may continue the cause on application of the State for not more than an additional 60 days. If the court determines that the State has exercised without success due diligence to obtain results of DNA testing that is material to the case and that there are reasonable grounds to believe that such results may be obtained at a later day, the court may continue the cause on application of the State for not more than an additional 120 days.

Such person shall be tried upon all of the remaining charges thus pending within 160 days from the date on which judgment relative to the first charge thus prosecuted is rendered pursuant to the Unified Code of Corrections or, if such trial upon such first charge is terminated without judgment and there is no subsequent trial of, or adjudication of guilt after waiver of trial of, such first charge within a reasonable time, the person shall be tried upon all of the remaining charges thus pending within 160 days from the date on which such trial is terminated; if either such period of 160 days expires without the commencement of trial of, or adjudication
of guilt after waiver of trial of, any of such remaining charges thus pending, such charge or charges shall be dismissed and barred for want of prosecution unless delay is occasioned by the defendant, by an examination for fitness ordered pursuant to Section 104-13 of this Act, by a fitness hearing, by an adjudication of unfitness for trial, by a continuance allowed pursuant to Section 114-4 of this Act after a court's determination of the defendant's physical incapacity for trial, or by an interlocutory appeal; provided, however, that if the court determines that the State has exercised without success due diligence to obtain evidence material to the case and that there are reasonable grounds to believe that such evidence may be obtained at a later day the court may continue the cause on application of the State for not more than an additional 60 days.

(f) Delay occasioned by the defendant shall temporarily suspend for the time of the delay the period within which a person shall be tried as prescribed by subsections (a), (b), or (e) of this Section and on the day of expiration of the delay the said period shall continue at the point at which it was suspended. (b) If the defendant's disability is mental, the court may order him placed for treatment in the custody of the Department of Human Services, or the court may order him placed in the custody of any other appropriate public or private mental health facility or treatment program which has agreed to provide treatment to the defendant. If the court orders the defendant placed in the custody of the Department of Human Services, the Department shall evaluate the defendant to determine to which secure facility the defendant shall be transported and, within 20 days of the transmittal by the clerk of the circuit court of the placement court order, notify the sheriff of the designated facility. If, within 20 days of the transmittal by the clerk of the circuit court of the placement court order, the Department fails to notify the sheriff of the identity of the facility to which the defendant shall be transported, the sheriff shall notify the Department of its intent to transfer the defendant to the nearest secure mental health facility operated by the Department and inquire as to the status of the placement evaluation and availability for admission to such facility operated by the Department by contacting a designated person within the Department. The Department shall respond to the sheriff within 2 business days of the notice and inquiry by the sheriff seeking the transfer and the Department shall provide the sheriff with the status of the evaluation, information on bed and placement availability, and an estimated date of admission for the defendant and any changes to that estimated date of admission. If the Department notifies the sheriff during the 2 business day period of a facility operated by the Department with placement availability, the sheriff shall promptly transport the defendant to that facility. The placement may be ordered either on an inpatient or an outpatient basis.

For a defendant charged with a felony, the period of time shall be one year. For a defendant charged with a misdemeanor, the period of time shall be no longer than the sentence if convicted of the most serious offense. If the report indicates that there is a substantial probability that the defendant will attain fitness within the time period, the treatment supervisor shall also file a treatment plan which shall include:

(2) A description of treatment goals with respect to rendering the defendant fit, a specification of the proposed treatment modalities, and an estimated timetable for attainment of the goals;

ARTICLE 110. PRETRIAL RELEASE  
BAIL  
(725 ILCS 5/110-1) (from Ch. 38, par. 110-1)  
Sec. 110-1. Definitions. (a) (Blank). "Security" is that which is required to be pledged to insure the payment of bail.  
(b) "Sureties" encompasses the monetary and nonmonetary requirements set by the court as conditions for release either before or after conviction. "Surety" is one who executes a bail bond and binds himself to pay the bail if the person in custody fails to comply with all conditions of the bail bond.  
(c) The phrase "for which a sentence of imprisonment, without conditional and revocable release, shall be imposed by law as a consequence of conviction" means an offense for which a sentence of imprisonment, without probation, periodic imprisonment or conditional discharge, is required by law upon conviction.  
(d) (Blank). "Real and present threat to the physical safety of any person or persons", as used in this Article, includes a threat to the community, person, persons or class of persons.  
(e) Willful flight means planning or attempting to intentionally evade prosecution by concealing oneself. Simple past non-appearance in court alone is not evidence of future intent to evade prosecution. (Source: P.A. 85-892.)  

(725 ILCS 5/110-1.5 new)  
Sec. 110-1.5. Abolition of monetary bail. On and after January 1, 2023, the requirement of posting monetary bail is abolished, except as provided in the Uniform Criminal Extradition Act, the Driver License Compact, or the Nonresident Violator Compact which are compacts that have been entered into between this State and its sister states.  
(725 ILCS 5/110-2) (from Ch. 38, par. 110-2)  
Sec. 110-2. Release on own recognizance.  
(a) It is presumed that a defendant is entitled to release on personal recognizance on the condition that the defendant attend all required court proceedings and the defendant does not commit any criminal offense, and complies with all terms of pretrial release,
including, but not limited to, orders of protection under both Section 112A-4 of this Code and Section 214 of the Illinois Domestic Violence Act of 1986, all civil no contact orders, and all stalking no contact orders.

(b) Additional conditions of release, including those highlighted above, shall be set only when it is determined that they are necessary to assure the defendant’s appearance in court, assure the defendant does not commit any criminal offense, and complies with all conditions of pretrial release.

(c) Detention only shall be imposed when it is determined that the defendant poses a specific, real and present threat to a person, or has a high likelihood of willful flight. If the court deems that the defendant is to be released on personal recognizance, the court may require that a written admonishment be signed by the defendant. When from all the circumstances the court is of the opinion that the defendant will appear as required either before or after conviction and the defendant will not pose a danger to any person or the community and that the defendant will comply with all conditions of bond, which shall include the defendant’s current address with a written admonishment to the defendant requiring that he or she must comply with the provisions of Section 110-12 of this Code regarding any change in his or her address. The defendant may be released on his or her own recognizance upon signature. The defendant’s address shall at all times remain a matter of public record with the clerk of the court. A failure to appear as required by such recognizance shall constitute an offense subject to the penalty provided in Section 32-10 of the Criminal Code of 2012 for violation of the conditions of pretrial release bond, and any obligated sum fixed in the recognizance shall be forfeited and collected in accordance with subsection (g) of Section 110-7 of this Code.

(d) If, after the procedures set out in Section 110-6.1, the court decides to detain the defendant, the Court must make a written finding as to why less restrictive conditions would not assure safety to the community and assure the defendant’s appearance in court. At each subsequent appearance of the defendant before the Court, the judge must find that continued detention or the current set of conditions imposed are necessary to avoid the specific, real and present threat to any person or of willful flight from prosecution to continue detention of the defendant. The court is not required to be presented with new information or a change in circumstance to consider reconsidering pretrial detention on current conditions.

(e) This Section shall be liberally construed to effectuate the purpose of relying upon contempt of court proceedings or criminal sanctions instead of financial loss to assure the appearance of the defendant, and that the defendant will not pose a danger to any person or the community and that the defendant will not pose comply with all conditions of bond. Monetary bail should be set only when it is determined that no other conditions of release will reasonably assure the defendant's appearance in court, that the defendant does not present a danger to any person or the community and that the defendant will comply with all conditions of pretrial release bond.

Sec. 110-3. Options for warrant alternatives Issuance of warrant.

(a) Upon failure to comply with any condition of pretrial release bail bond or recognizance the court having jurisdiction at the time of such failure may, on its own motion or upon motion from the State, issue an order to show cause as to why he or she shall not be subject to revocation of pretrial release, or for sanctions, as provided in Section 110-6. Nothing in this Section prohibits the court from issuing a warrant under subsection (c) upon failure to comply with any condition of pretrial release or recognizance.

(b) The order issued by the court shall state the facts alleged to constitute the hearing to show cause or otherwise why the person is subject to revocation of pretrial release. A certified copy of the order shall be served upon the person at least 48 hours in advance of the scheduled hearing.

(c) If the person does not appear at the hearing to show cause or absconds, the court may, in addition to any other action provided by law, issue a warrant for the arrest of the person at liberty on pretrial release bail or his own recognizance. The contents of such a warrant shall be the same as required for an arrest warrant issued upon complaint and may modify any previously imposed conditions placed upon the person, rather than revoking pretrial release or issuing a warrant for the person in accordance with the requirements in subsections (d) and (e) of Section 110-5. When a defendant is at liberty on pretrial release bail or his own recognizance on a felony charge and fails to appear in court as directed, the court shall issue a warrant for the arrest of such person after his or

her failure to appear at the show for cause hearing as provided in this Section. Such warrant shall be noted with a directive to peace officers to arrest the person and hold such person without pretrial release bail and to deliver such person before the court for further proceedings.

(d) If the order as described in Subsection B is issued, a failure to appear shall not be recorded until the Defendant fails to appear at the hearing to show cause. For the purpose of any risk assessment or future evaluation of risk of willful flight or risk of failure to appear, a non-appearance in court cured by an appearance at the hearing to show cause shall not be considered as evidence of future likelihood appearance in court. A defendant who is arrested or surrenders within 30 days of the issuance of such warrant shall not be bailable in the case in question unless he shows by the preponderance of the evidence that his failure to appear was not intentional.

(a) All persons charged with an offense shall be eligible for pretrial release before conviction. Pretrial release may only be denied when a person is charged with an offense listed in Section 110-6.1 or when the defendant has a high likelihood of willful flight, and after the court has held a hearing under Section 110-6.1. All persons shall be bailable before conviction, except the following offenses where the proof is evident or the presumption great that the defendant is guilty of the offense: capital offenses; offenses for which a sentence of life imprisonment may be imposed as a consequence of conviction; felony offenses for which a sentence of imprisonment, without conditional and revocable release, shall be imposed by law as a consequence of conviction, where the court after a hearing, determines that the release of the defendant would pose a real and present threat to the physical safety of any person or persons; stalking or aggravated stalking, where the court, after a hearing, determines that the release of the defendant would pose a real and present threat to the physical safety of the alleged victim of the offense and denial of bail is necessary to prevent fulfillment of the threat upon which the charge is based; or unlawful use of weapons in violation of item (4) of subsection (a) of Section 24-1 of the Criminal Code of 1961 or the Criminal Code of 2012 when that offense occurred in a school or in any conveyance owned, leased, or contracted by a school to transport students to or from school or a school-related activity, or on any public way within.
1,000 feet of real property comprising any school, where the court, after a hearing, determines that the release of the defendant would pose a real and present threat to the physical safety of any person and denial of bail is necessary to prevent fulfillment of that threat; or making a terrorist threat in violation of Section 29D-20 of the Criminal Code of 1961 or the Criminal Code of 2012 or an attempt to commit the offense of making a terrorist threat, where the court, after a hearing, determines that the release of the defendant would pose a real and present threat to the physical safety of any person and denial of bail is necessary to prevent fulfillment of that threat.

(b) A person seeking pretrial release on bail who is charged with a capital offense or an offense for which a sentence of life imprisonment may be imposed shall not be eligible for release pretrial bailable until a hearing is held wherein such person has the burden of demonstrating that the proof of his guilt is not evident and the presumption is not great.

(c) Where it is alleged that pretrial bail should be denied to a person upon the grounds that the person presents a real and present threat to the physical safety of any person or persons, the burden of proof of such allegations shall be upon the State.

(d) When it is alleged that pretrial bail should be denied to a person charged with stalking or aggravated stalking upon the grounds set forth in Section 110-6.3 of this Code, the burden of proof of those allegations shall be upon the State.

Information used by the court in its findings or stated in or offered in connection with this Section may be by way of proffer based upon reliable information offered by the State or defendant. All evidence shall be admissible if it is relevant and reliable regardless of whether it would be admissible under the rules of evidence applicable at criminal trials. (5) In lieu of revocation, the court may release the defendant pre-trial, with or without modification of conditions of pretrial release.
(6) If the case that caused the revocation is dismissed, the defendant is found not guilty in the case causing the revocation, or the defendant completes a lawfully imposed sentence on the case causing the revocation, the court shall, without unnecessary delay, hold a hearing on conditions of release pursuant to section 110-5 and release the defendant with or without modification of conditions of pretrial release.

(3) violates any other condition of release set by the court, the court shall follow the procedures set forth in Section 110-3 to ensure the defendant's appearance in court to address the violation.

(d) When a defendant appears in court for a notice to show cause hearing, or after being arrested on a warrant issued because of a failure to appear at a notice to show cause hearing, or after being arrested for an offense other than a felony or class A misdemeanor, the state may file a verified petition requesting a hearing for sanctions.

The court may reconsider conditions of release for any other person whose inability to post monetary bail is the sole reason for continued incarceration, including a person in custody for a Category A offense or a Category A offense and a Category B offense. The court may deny the rehearing permitted under this subsection (a-5) if the person has failed to appear as required before the court and is incarcerated based on a warrant for failure to appear on the same original criminal offense.

(b) Violation of the conditions of Section 110-10 of this Code or any special conditions of bail as ordered by the court shall constitute grounds for the court to increase the amount of bail, or otherwise alter the conditions of bail, or, where the alleged offense committed on bail is a forcible felony in Illinois or a Class 2 or greater offense under the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act, revoke bail pursuant to the appropriate provisions of subsection (e) of this Section.

(f) Where the alleged violation consists of the violation of one or more felony statutes of any jurisdiction which would be a forcible felony in Illinois or a Class 2 or greater offense under the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and the defendant is on bail for the alleged commission of a felony, or where the defendant is on bail for a felony domestic battery (enhanced pursuant to subsection (b) of Section 12-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012); aggravated domestic battery; aggravated battery; unlawful restraint; aggravated unlawful restraint or domestic battery in violation of item (1) of subsection (a) of Section 12-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012 against a family or household member as defined in Section 112A-3 of this Code and the violation is an offense of domestic battery against the same victim the court shall, on the motion of the State or its own motion, revoke bail in accordance with the following provisions:

(1) The court shall hold the defendant without bail pending the hearing on the alleged breach; however, if the defendant is not admitted to bail the hearing shall be commenced within 10 days from the date the defendant is taken into custody or the defendant may not be held any longer without bail, unless delay is occasioned by the defendant. Where defendant occasions the delay with 5 or fewer days remaining in the 10 day period, the court may grant a period of up to 5 additional days to the State for good cause shown. The State, however, shall retain the right to proceed to hearing on the alleged violation at any time, upon reasonable notice to the defendant and the court.

(2) At a hearing on the alleged violation the State has the burden of going forward and proving the violation by clear and convincing evidence. The evidence shall be presented in open court.

The rules of evidence applicable in criminal trials in this State shall not govern the admissibility of evidence at such hearing. Information used by the court in its findings or stated in or offered in connection with hearings for increase or revocation of bail may be by way of proffer based upon reliable information offered by the State or defendant. All evidence shall be admissible if it is relevant and reliable regardless of whether it would be admissible under the rules of evidence applicable at criminal trials. A motion by the defendant to suppress evidence or to suppress a confession shall not be entertained at such a hearing. Evidence that proof may have been obtained as a result of an unlawful search and seizure or through improper interrogation is not relevant to this hearing:

(3) Upon a finding by the court that the State has established by clear and convincing evidence that the defendant has committed a forcible felony or a Class 2 or greater offense under the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act while admitted to bail, or where the defendant is on bail for a felony domestic battery (enhanced pursuant to subsection (b) of Section 12-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012), aggravated domestic battery, aggravated battery, unlawful restraint, aggravated unlawful restraint or domestic battery in violation of item (1) of subsection (a) of Section 12-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012 against a family or household member as defined in Section 112A-3 of this Code and the violation is an offense of domestic battery, against the same victim, the court shall revoke the bail of the defendant and hold the defendant for trial without bail. Neither the finding of the court nor any transcript or other record of the hearing shall be admissible in the State's case in chief, but shall be admissible for impeachment, or as provided in Section 115-10.1 of this Code or in a perjury proceeding.

(4) If the bail of any defendant is revoked pursuant to paragraph (f) (3) of this Section, the defendant may demand and shall be entitled to be brought to trial on the offense with respect to
which he was formerly released on bail within 90 days after the
date on which his bail was revoked. If the defendant is not brought
to trial within the 90 day period required by the preceding sentence,
he shall not be held longer without bail. In computing the 90 day
period, the court shall omit any period of delay resulting from a
continuance granted at the request of the defendant.

(5) If the defendant either is arrested on a warrant issued
pursuant to this Code or is arrested for an unrelated offense and it
is subsequently discovered that the defendant is a subject of
another warrant or warrants issued pursuant to this Code, the
defendant shall be transferred promptly to the court which issued
such warrant. If, however, the defendant appears initially before a
court other than the court which issued such warrant, the non-
issuing court shall not alter the amount of bail set on such warrant
unless the court sets forth on the record of proceedings the
conclusions of law and facts which are the basis for such altering
of another court's bond. The non-issuing court shall not alter
another courts bail set on a warrant unless the interests of justice
and public safety are served by such action.

(g) The State may appeal any order where the court has increased
or reduced the amount of bail or altered the conditions of the bail bond or
granted bail where it has previously been revoked.

(2) the defendant poses a real and present threat to the physical safety of a specific, identifiable any person or persons, by conduct which may include, but is not limited to, a forcible felony, the obstruction of justice, intimidation, injury, or abuse as defined by paragraph (1) of Section 103 of the Illinois Domestic Violence Act of 1986 physical harm, an offense under the Illinois Controlled Substances Act which is a Class X felony, or an offense under the Methamphetamine Control and Community Protection Act which is a Class X felony, and

(3) the court finds that no condition or combination of conditions set forth in subsection (b) of Section 110-10 of this Article can mitigate the real and present threat to the safety of any person or persons or the defendant's willful flight.

(f) (c) Conduct of the hearings.

(1) Prior to the hearing the State shall tender to the defendant copies of defendant's criminal history available, any written or recorded statements, and the substance of any oral statements made by any person, if relied upon by the State in its petition, and any police reports in the State's Attorney's possession at the time of the hearing that are required to be disclosed to the defense under Illinois Supreme Court rules. The hearing on the defendant's culpability and dangerousness shall be conducted in accordance with the following provisions:

(2) The State or defendant may present evidence at the hearing. Information used by the court in its findings or stated in or offered at such hearing may be by way of proffer based upon reliable information offered by the State or by defendant.

(3) The defendant has the right to be represented by counsel, and if he or she is indigent, to have counsel appointed for him or her. The defendant shall have the opportunity to testify, to present witnesses on his or her own behalf, and to cross-examine any witnesses that if any are called by the State.

(4) If the defense seeks to call the complaining witness as a witness in its favor, it shall petition the court for permission. The defendant has the right to present witnesses in his favor. When the ends of justice so require, the court may exercise its discretion and compel the appearance of a complaining witness.

New matter indicated by italics - deletions by strikeout
The court shall state on the record reasons for granting a defense request to compel the presence of a complaining witness. In making a determination under this section, the court shall state on the record the reason for granting a defense request to compel the presence of a complaining witness, and only grant the request if the court finds by clear and convincing evidence that the defendant will be materially prejudiced if the complaining witness does not appear. Cross-examination of a complaining witness at the pretrial detention hearing for the purpose of impeaching the witness’ credibility is insufficient reason to compel the presence of the witness. In deciding whether to compel the appearance of a complaining witness, the court shall be considerate of the emotional and physical well-being of the witness. The pre-trial detention hearing is not to be used for purposes of discovery, and the post arraignment rules of discovery do not apply. The State shall tender to the defendant, prior to the hearing, copies of defendant’s criminal history, if any, if available, and any written or recorded statements and the substance of any oral statements made by any person, if relied upon by the State in its petition.

(5) The rules concerning the admissibility of evidence in criminal trials do not apply to the presentation and consideration of information at the hearing. At the trial concerning the offense for which the hearing was conducted neither the finding of the court nor any transcript or other record of the hearing shall be admissible in the State's case in chief, but shall be admissible for impeachment, or as provided in Section 115-10.1 of this Code, or in a perjury proceeding.

(6) A motion by the defendant may not move to suppress evidence or to suppress a confession, however, evidence shall not be entertained. Evidence that proof of the charged crime may have been obtained as the result of an unlawful search or and seizure, or both, or through improper interrogation, is not relevant in assessing the weight of the evidence against the defendant to this state of the prosecution.

(7) Decisions regarding release, conditions of release and detention prior trial should be individualized, and no single factor or standard should be used exclusively to make a condition or detention decision.

(2) The facts relied upon by the court to support a finding that the defendant poses a real and present threat to the physical safety of any person or persons shall be supported by clear and convincing evidence presented by the State.

(g) Factors to be considered in making a determination of dangerousness. The court may, in determining whether the defendant poses a specific, imminent real and present threat of serious harm to an identifiable safety of any person or persons, consider but shall not be limited to evidence or testimony concerning:

(1) The nature and circumstances of any offense charged, including whether the offense is a crime of violence, involving a weapon, or a sex offense.

(2) The history and characteristics of the defendant including:

(A) Any evidence of the defendant's prior criminal history indicative of violent, abusive or assaultive behavior, or lack of such behavior. Such evidence may include testimony or documents received in juvenile proceedings, criminal, quasi-criminal, civil commitment, domestic relations or other proceedings.

(B) Any evidence of the defendant's psychological, psychiatric or other similar social history which tends to indicate a violent, abusive, or assaultive nature, or lack of any such history.

(3) The identity of any person or persons to whose safety the defendant is believed to pose a threat, and the nature of the threat;

(4) Any statements made by, or attributed to the defendant, together with the circumstances surrounding them;

(5) The age and physical condition of any person assaulted by the defendant;

(6) The age and physical condition of any victim or complaining witness;

(7) Whether the defendant is known to possess or have access to any weapon or weapons;

(8) Whether, at the time of the current offense or any other offense or arrest, the defendant was on probation, parole, aftercare release, mandatory supervised release or other release

from custody pending trial, sentencing, appeal or completion of sentence for an offense under federal or state law;

(9) Any other factors, including those listed in Section 110-5 of this Article deemed by the court to have a reasonable bearing upon the defendant's propensity or reputation for violent, abusive or assaultive behavior, or lack of such behavior.

(h) Detention order. The court shall, in any order for detention:

(1) briefly summarize the evidence of the defendant's guilt or innocence, culpability and the court's its reasons for concluding that the defendant should be denied pretrial release held without bail;

(2) direct that the defendant be committed to the custody of the sheriff for confinement in the county jail pending trial;

(3) direct that the defendant be given a reasonable opportunity for private consultation with counsel, and for communication with others of his or her choice by visitation, mail and telephone; and

(4) direct that the sheriff deliver the defendant as required for appearances in connection with court proceedings.

(i) Detention. If the court enters an order for the detention of the defendant pursuant to subsection (e) of this Section, the defendant shall be brought to trial on the offense for which he is detained within 90 days after the date on which the order for detention was entered. If the defendant is not brought to trial within the 90 day period required by the preceding sentence, he shall not be denied pretrial release held longer without bail. In computing the 90 day period, the court shall omit any period of delay resulting from a continuance granted at the request of the defendant.

(j) Rights of the defendant. Any person shall be entitled to appeal any order entered under this Section denying pretrial release bail to the defendant.

(k) Appeal. The State may appeal any order entered under this Section denying any motion for denial of pretrial release bail.

(l) Presumption of innocence. Nothing in this Section shall be construed as modifying or limiting in any way the defendant's presumption of innocence in further criminal proceedings.

(m) Victim notice.

(1) Crime Victims shall be given notice by the State's Attorney's office of this hearing as required in paragraph (1) of subsection (b) of Section 4.5 of the Rights of Crime Victims and

(a) The court may order that a person who has been found guilty of an offense and who is waiting imposition or execution of sentence be held without release bond unless the court finds by clear and convincing evidence that the person is not likely to flee or pose a danger to any other person or the community if released under Sections 110-5 and 110-10 of this Act.

(b) The court may order that person who has been found guilty of an offense and sentenced to a term of imprisonment be held without release bond unless the court finds by clear and convincing evidence that:

(1) the person is not likely to flee or pose a danger to the safety of any other person or the community if released on bond pending appeal; and

(2) that the appeal is not for purpose of delay and raises a substantial question of law or fact likely to result in reversal or an order for a new trial.

Sec. 110-6.4. Statewide risk-assessment tool. The Supreme Court may establish a statewide risk-assessment tool to be used in proceedings to assist the court in establishing conditions of pretrial release bail for a defendant by assessing the defendant's likelihood of appearing at future court proceedings or determining if the defendant poses a real and present threat to the physical safety of any person or persons. The Supreme Court shall consider establishing a risk-assessment tool that does not discriminate on the basis of race, gender, educational level, socio-economic status, or neighborhood. If a risk-assessment tool is utilized within a circuit that does not require a personal interview to be completed, the Chief Judge of the circuit or the director of the pretrial services agency may exempt the requirement under Section 9 and subsection (a) of Section 7 of the Pretrial Services Act.

For the purpose of this Section, "risk-assessment tool" means an empirically validated, evidence-based screening instrument that

Sec. 110-10. Conditions of pretrial release bail bond.

violation occurred in a school or in any conveyance owned, leased, or contracted by a school to transport students to or from school or a school-related activity, or on any public way within 1,000 feet of real property comprising any school.

Psychological evaluations ordered pursuant to this Section shall be completed promptly and made available to the State, the defendant, and the court. As a further condition of pretrial release bail under these circumstances, the court shall order the defendant to refrain from entering upon the property of the school, including any conveyance owned, leased, or contracted by a school to transport students to or from school or a school-related activity, or on any public way within 1,000 feet of real property comprising any school. Upon receipt of the psychological evaluation, either the State or the defendant may request a change in the conditions of pretrial release bail, pursuant to Section 110-6 of this Code. The court may change the conditions of pretrial release bail to include a requirement that the defendant follow the recommendations of the psychological evaluation, including undergoing psychiatric treatment. The conclusions of the psychological evaluation and any statements elicited from the defendant during its administration are not admissible as evidence of guilt during the course of any trial on the charged offense, unless the defendant places his or her mental competency in issue.

(b) The court may impose other conditions, such as the following, if the court finds that such conditions are reasonably necessary to assure the defendant's appearance in court, protect the public from the defendant, or prevent the defendant's unlawful interference with the orderly administration of justice:

The fee shall be collected by the clerk of the circuit court, except as provided in an administrative order of the Chief Judge of the circuit court. enforced through civil or criminal contempt procedures, as appropriate, by any court with jurisdiction, regardless where the act or acts which violated the protective order were committed, to the extent consistent with the venue provisions of this Article. Nothing in this Article shall preclude any Illinois court from enforcing any valid protective order issued in another state. Illinois courts may enforce protective orders through both criminal prosecution and contempt proceedings, unless the action which is second in time is barred by collateral estoppel or the constitutional prohibition against double jeopardy.

(1) In a contempt proceeding where the petition for a rule to show cause sets forth facts evidencing an immediate danger that the respondent will flee the jurisdiction, conceal a child, or inflict physical abuse on the petitioner or minor children or on dependent adults in petitioner's care, the court may order the attachment of the respondent without prior service of the rule to show cause or the petition for a rule to show cause. (g) Penalties.

(1) Except as provided in paragraph (3) of this subsection (g), where the court finds the commission of a crime or contempt of court under subsections (a) or (b) of this Section, the penalty shall be the penalty that generally applies in such criminal or contempt proceedings, and may include one or more of the following: incarceration, payment of restitution, a fine, payment of attorneys' fees and costs, or community service.

(2) The court shall hear and take into account evidence of any factors in aggravation or mitigation before deciding an appropriate penalty under paragraph (1) of this subsection (g).

(3) To the extent permitted by law, the court is encouraged to:

(i) increase the penalty for the knowing violation of any protective order over any penalty previously imposed by any court for respondent's violation of any protective order or penal statute involving petitioner as victim and respondent as defendant;

(ii) impose a minimum penalty of 24 hours imprisonment for respondent's first violation of any protective order; and

(iii) impose a minimum penalty of 48 hours imprisonment for respondent's second or subsequent violation of a protective order unless the court explicitly finds that an increased penalty or that period of imprisonment would be manifestly unjust.

(4) In addition to any other penalties imposed for a violation of a protective order, a criminal court may consider evidence of any violations of a protective order:

(i) to increase, revoke, or modify the conditions of pretrial release or bail bond on an underlying criminal charge pursuant to Section 110-6 of this Code;

Sec. 114-1. Motion to dismiss charge.
(a) Upon the written motion of the defendant made prior to trial before or after a plea has been entered the court may dismiss the indictment, information or complaint upon any of the following grounds:

(1) The defendant has not been placed on trial in compliance with Section 103-5 of this Code.

(2) The prosecution of the offense is barred by Sections 3-3 through 3-8 of the Criminal Code of 2012.

(3) The defendant has received immunity from prosecution for the offense charged.

(4) The indictment was returned by a Grand Jury which was improperly selected and which results in substantial injustice to the defendant.

(5) The indictment was returned by a Grand Jury which acted contrary to Article 112 of this Code and which results in substantial injustice to the defendant.

(6) The court in which the charge has been filed does not have jurisdiction.

(7) The county is an improper place of trial.

(8) The charge does not state an offense.

(9) The indictment is based solely upon the testimony of an incompetent witness.

(10) The defendant is misnamed in the charge and the misnomer results in substantial injustice to the defendant.

(11) The requirements of Section 109-3.1 have not been complied with.

(b) The court shall require any motion to dismiss to be filed within a reasonable time after the defendant has been arraigned. Any motion not filed within such time or an extension thereof shall not be considered by
the court and the grounds therefor, except as to subsections (a)(6) and (a)(8) of this Section, are waived.

(c) If the motion presents only an issue of law the court shall determine it without the necessity of further pleadings. If the motion alleges facts not of record in the case the State shall file an answer admitting or denying each of the factual allegations of the motion.

(d) When an issue of fact is presented by a motion to dismiss and the answer of the State the court shall conduct a hearing and determine the issues.

(d-5) When a defendant seeks dismissal of the charge upon the ground set forth in subsection (a)(7) of this Section, the defendant shall make a prima facie showing that the county is an improper place of trial. Upon such showing, the State shall have the burden of proving, by a preponderance of the evidence, that the county is the proper place of trial.

(d-6) When a defendant seeks dismissal of the charge upon the grounds set forth in subsection (a)(2) of this Section, the prosecution shall have the burden of proving, by a preponderance of the evidence, that the prosecution of the offense is not barred by Sections 3-3 through 3-8 of the Criminal Code of 2012.

(e) Dismissal of the charge upon the grounds set forth in subsections (a)(4) through (a)(11) of this Section shall not prevent the return of a new indictment or the filing of a new charge, and upon such dismissal the court may order that the defendant be held in custody or, if the defendant had been previously released on pretrial release bail, that the pretrial release bail be continued for a specified time pending the return of a new indictment or the filing of a new charge.

(f) If the court determines that the motion to dismiss based upon the grounds set forth in subsections (a)(6) and (a)(7) is well founded it may, instead of dismissal, order the cause transferred to a court of competent jurisdiction or to a proper place of trial.

(725 ILCS 5/115-4.1) (from Ch. 38, par. 115-4.1)
Sec. 115-4.1. Absence of defendant.

(a) When a defendant after arrest and an initial court appearance for a non-capital felony or a misdemeanor, fails to appear for trial, at the request of the State and after the State has affirmatively proven through substantial evidence that the defendant is willfully avoiding trial, the court may commence trial in the absence of the defendant. Absence of a defendant as specified in this Section shall not be a bar to indictment of a

defendant, return of information against a defendant, or arraignment of a defendant for the charge for which pretrial release bail has been granted. If a defendant fails to appear at arraignment, the court may enter a plea of "not guilty" on his behalf. If a defendant absents himself before trial on a capital felony, trial may proceed as specified in this Section provided that the State certifies that it will not seek a death sentence following conviction. Trial in the defendant's absence shall be by jury unless the defendant had previously waived trial by jury. The absent defendant must be represented by retained or appointed counsel. The court, at the conclusion of all of the proceedings, may order the clerk of the circuit court to pay counsel such sum as the court deems reasonable, from any bond monies which were posted by the defendant with the clerk, after the clerk has first deducted all court costs. If trial had previously commenced in the presence of the defendant and the defendant willfully absents himself for two successive court days, the court shall proceed to trial. All procedural rights guaranteed by the United States Constitution, Constitution of the State of Illinois, statutes of the State of Illinois, and rules of court shall apply to the proceedings the same as if the defendant were present in court and had not either had his or her pretrial release revoked forfeited his bail bond or escaped from custody. The court may set the case for a trial which may be conducted under this Section despite the failure of the defendant to appear at the hearing at which the trial date is set. When such trial date is set the clerk shall send to the defendant, by certified mail at his last known address indicated on his bond slip, notice of the new date which has been set for trial. Such notification shall be required when the defendant was not personally present in open court at the time when the case was set for trial.

(b) The absence of a defendant from a trial conducted pursuant to this Section does not operate as a bar to concluding the trial, to a judgment of conviction resulting therefrom, or to a final disposition of the trial in favor of the defendant.

(c) Upon a verdict of not guilty, the court shall enter judgment for the defendant. Upon a verdict of guilty, the court shall set a date for the hearing of post-trial motions and shall hear such motion in the absence of the defendant. If post-trial motions are denied, the court shall proceed to conduct a sentencing hearing and to impose a sentence upon the defendant.

(d) A defendant who is absent for part of the proceedings of trial, post-trial motions, or sentencing, does not thereby forfeit his right to be present at all remaining proceedings.

New matter indicated by italics - deletions by strikeout
(e) When a defendant who in his absence has been either convicted or sentenced or both convicted and sentenced appears before the court, he must be granted a new trial or new sentencing hearing if the defendant can establish that his failure to appear in court was both without his fault and due to circumstances beyond his control. A hearing with notice to the State's Attorney on the defendant's request for a new trial or a new sentencing hearing must be held before any such request may be granted. At any such hearing both the defendant and the State may present evidence.

(f) If the court grants only the defendant's request for a new sentencing hearing, then a new sentencing hearing shall be held in accordance with the provisions of the Unified Code of Corrections. At any such hearing, both the defendant and the State may offer evidence of the defendant's conduct during his period of absence from the court. The court may impose any sentence authorized by the Unified Code of Corrections and is not in any way limited or restricted by any sentence previously imposed.

(g) A defendant whose motion under paragraph (e) for a new trial or new sentencing hearing has been denied may file a notice of appeal therefrom. Such notice may also include a request for review of the judgment and sentence not vacated by the trial court.

Such communication shall be permitted within a reasonable time after arrival at the first place of custody.

(a-5) Persons who are in police custody have the right to communicate free of charge with an attorney of their choice and members of their family as soon as possible upon being taken into police custody, but no later than three hours after arrival at the first place of custody. Persons in police custody must be given:

(1) access to use a telephone via a land line or cellular phone to make three phone calls; and

(2) persons who are in police custody have the right to make three phone calls within three hours after being taken into custody, at no charge.

(a-15) In addition to the information listed in subsection (a-10), if the place of custody is located in a jurisdiction where the court has appointed the public defender or other attorney to represent persons who are in police custody, the telephone number to the public defender or appointed attorney's office must also be displayed. The telephone call to
the public defender or other attorney must not be monitored, eavesdropped upon, or recorded.

(b) (Blank). In the event the accused is transferred to a new place of custody, his right to communicate with an attorney and a member of his family is renewed.

(c) In the event a person who is in police custody is transferred to a new place of custody, his or her right to make telephone calls under this Section within three hours after arrival is renewed.

(d) In this Section "custody" means the restriction of a person's freedom of movement by a law enforcement officer's exercise of his or her lawful authority.

(e) The three hours requirement shall not apply while the person in police custody is asleep, unconscious, or otherwise incapacitated.

(f) Nothing in this Section shall interfere with a person's rights or override procedures required in the Bill of Rights of the Illinois and US Constitutions, including but not limited to Fourth Amendment search and seizure rights, Fifth Amendment due process rights and rights to be free from self-incrimination and Sixth Amendment right to counsel.

(c-5) The following procedures shall be followed to afford victims the rights guaranteed by Article I, Section 8.1 of the Illinois Constitution:

(1) Written notice. A victim may complete a written notice of intent to assert rights on a form prepared by the Office of the Attorney General and provided to the victim by the State's

New matter indicated by italics - deletions by strikeout
Attorney. The victim may at any time provide a revised written notice to the State's Attorney. The State's Attorney shall file the written notice with the court. At the beginning of any court proceeding in which the right of a victim may be at issue, the court and prosecutor shall review the written notice to determine whether the victim has asserted the right that may be at issue.

(2) Victim's retained attorney. A victim's attorney shall file an entry of appearance limited to assertion of the victim's rights. Upon the filing of the entry of appearance and service on the State's Attorney and the defendant, the attorney is to receive copies of all notices, motions and court orders filed thereafter in the case.

(3) Standing. The victim has standing to assert the rights enumerated in subsection (a) of Article I, Section 8.1 of the Illinois Constitution and the statutory rights under Section 4 of this Act in any court exercising jurisdiction over the criminal case. The prosecuting attorney, a victim, or the victim's retained attorney may assert the victim's rights. The defendant in the criminal case has no standing to assert a right of the victim in any court proceeding, including on appeal.

(4) Assertion of and enforcement of rights.

(A) The prosecuting attorney shall assert a victim's right or request enforcement of a right by filing a motion or by orally asserting the right or requesting enforcement in open court in the criminal case outside the presence of the jury. The prosecuting attorney shall consult with the victim and the victim's attorney regarding the assertion or enforcement of a right. If the prosecuting attorney decides not to assert or enforce a victim's right, the prosecuting attorney shall notify the victim or the victim's attorney in sufficient time to allow the victim or the victim's attorney to assert the right or to seek enforcement of a right.

(B) If the prosecuting attorney elected not to assert a victim's right or to seek enforcement of a right, the victim or the victim's attorney may assert the victim's right or request enforcement of a right by filing a motion or by orally asserting the right or requesting enforcement in open court in the criminal case outside the presence of the jury.

(C) If the prosecuting attorney asserts a victim's right or seeks enforcement of a right, and the court denies
the assertion of the right or denies the request for
enforcement of a right, the victim or victim's attorney may
file a motion to assert the victim's right or to request
enforcement of the right within 10 days of the court's
ruling. The motion need not demonstrate the grounds for a
motion for reconsideration. The court shall rule on the
merits of the motion.

(D) The court shall take up and decide any motion
or request asserting or seeking enforcement of a victim's
right without delay, unless a specific time period is
specified by law or court rule. The reasons for any decision
denying the motion or request shall be clearly stated on the
record.

(5) Violation of rights and remedies.

(A) If the court determines that a victim's right has
been violated, the court shall determine the appropriate
remedy for the violation of the victim's right by hearing
from the victim and the parties, considering all factors
relevant to the issue, and then awarding appropriate relief to
the victim.

(A-5) Consideration of an issue of a substantive
nature or an issue that implicates the constitutional or
statutory right of a victim at a court proceeding labeled as a
status hearing shall constitute a per se violation of a
victim's right.

(B) The appropriate remedy shall include only
actions necessary to provide the victim the right to which
the victim was entitled and may include reopening
previously held proceedings; however, in no event shall the
court vacate a conviction. Any remedy shall be tailored to
provide the victim an appropriate remedy without violating
any constitutional right of the defendant. In no event shall
the appropriate remedy be a new trial, damages, or costs.

(6) Right to be heard. Whenever a victim has the right to be
heard, the court shall allow the victim to exercise the right in any
reasonable manner the victim chooses.

(7) Right to attend trial. A party must file a written motion
to exclude a victim from trial at least 60 days prior to the date set
for trial. The motion must state with specificity the reason

exclusion is necessary to protect a constitutional right of the party, and must contain an offer of proof. The court shall rule on the motion within 30 days. If the motion is granted, the court shall set forth on the record the facts that support its finding that the victim's testimony will be materially affected if the victim hears other testimony at trial.

(8) Right to have advocate and support person present at court proceedings.

(A) A party who intends to call an advocate as a witness at trial must seek permission of the court before the subpoena is issued. The party must file a written motion at least 90 days before trial that sets forth specifically the issues on which the advocate's testimony is sought and an offer of proof regarding (i) the content of the anticipated testimony of the advocate; and (ii) the relevance, admissibility, and materiality of the anticipated testimony. The court shall consider the motion and make findings within 30 days of the filing of the motion. If the court finds by a preponderance of the evidence that: (i) the anticipated testimony is not protected by an absolute privilege; and (ii) the anticipated testimony contains relevant, admissible, and material evidence that is not available through other witnesses or evidence, the court shall issue a subpoena requiring the advocate to appear to testify at an in camera hearing. The prosecuting attorney and the victim shall have 15 days to seek appellate review before the advocate is required to testify at an ex parte in camera proceeding.

The prosecuting attorney, the victim, and the advocate's attorney shall be allowed to be present at the ex parte in camera proceeding. If, after conducting the ex parte in camera hearing, the court determines that due process requires any testimony regarding confidential or privileged information or communications, the court shall provide to the prosecuting attorney, the victim, and the advocate's attorney a written memorandum on the substance of the advocate's testimony. The prosecuting attorney, the victim, and the advocate's attorney shall have 15 days to seek appellate review before a subpoena may be issued for the advocate to testify at trial. attorney at the ex parte in camera proceeding does not make the substance of the advocate's testimony that the court has ruled inadmissible subject to discovery.

(B) If a victim has asserted the right to have a support person present at the court proceedings, the victim shall provide the name of the person the victim has chosen to be the victim's support person to the prosecuting attorney, within 60 days of trial. The prosecuting attorney shall provide the name to the defendant. If the defendant intends to call the support person as a witness at trial, the defendant must seek permission of the court before a subpoena is issued. The defendant must file a written motion at least 45 days prior to trial that sets forth specifically the issues on which the support person will testify and an offer of proof regarding: (i) the content of the anticipated testimony of the support person; and (ii) the relevance, admissibility, and materiality of the anticipated testimony.

If the prosecuting attorney intends to call the support person as a witness during the State's case-in-chief, the prosecuting attorney shall inform the court of this intent in the response to the defendant's written motion. The victim may choose a different person to be the victim's support person. The court may allow the defendant to inquire about matters outside the scope of the direct examination during cross-examination. If the court allows the defendant to do so, the support person shall be allowed to remain in the courtroom after the support person has testified. A defendant who fails to question the support person about matters outside the scope of direct examination during the State's case-in-chief waives the right to challenge the presence of the support person on appeal. The court shall allow the support person to testify if called as a witness in the defendant's case-in-chief or the State's rebuttal.

If the court does not allow the defendant to inquire about matters outside the scope of the direct examination, the support person shall be allowed to remain in the courtroom after the support person has been called by the
defendant or the defendant has rested. The court shall allow the support person to testify in the State's rebuttal.

If the prosecuting attorney does not intend to call the support person in the State's case-in-chief, the court shall verify with the support person whether the support person, if called as a witness, would testify as set forth in the offer of proof. If the court finds that the support person would testify as set forth in the offer of proof, the court shall rule on the relevance, materiality, and admissibility of the anticipated testimony. If the court rules the anticipated testimony is admissible, the court shall issue the subpoena. The support person may remain in the courtroom after the support person testifies and shall be allowed to testify in rebuttal.

If the court excludes the victim's support person during the State's case-in-chief, the victim shall be allowed to choose another support person to be present in court.

If the victim fails to designate a support person within 60 days of trial and the defendant has subpoenaed the support person to testify at trial, the court may exclude the support person from the trial until the support person testifies. If the court excludes the support person the victim may choose another person as a support person.

(9) Right to notice and hearing before disclosure of confidential or privileged information or records. A defendant who seeks to subpoena records of or concerning the victim that are confidential or privileged by law must seek permission of the court before the subpoena is issued. The defendant must file a written motion and an offer of proof regarding the relevance, admissibility and materiality of the records. If the court finds by a preponderance of the evidence that: (A) the records are not protected by an absolute privilege and (B) the records contain relevant, admissible, and material evidence that is not available through other witnesses or evidence, the court shall issue a subpoena requiring a sealed copy of the records be delivered to the court to be reviewed in camera. If, after conducting an in camera review of the records, the court determines that due process requires disclosure of any portion of the records, the court shall provide copies of what it intends to disclose to the prosecuting attorney and the victim. The

prosecuting attorney and the victim shall have 30 days to seek appellate review before the records are disclosed to the defendant. The disclosure of copies of any portion of the records to the prosecuting attorney does not make the records subject to discovery.

(10) Right to notice of court proceedings. If the victim is not present at a court proceeding in which a right of the victim is at issue, the court shall ask the prosecuting attorney whether the victim was notified of the time, place, and purpose of the court proceeding and that the victim had a right to be heard at the court proceeding. If the court determines that timely notice was not given or that the victim was not adequately informed of the nature of the court proceeding, the court shall not rule on any substantive issues, accept a plea, or impose a sentence and shall continue the hearing for the time necessary to notify the victim of the time, place and nature of the court proceeding. The time between court proceedings shall not be attributable to the State under Section 103-5 of the Code of Criminal Procedure of 1963.

(11) Right to timely disposition of the case. A victim has the right to timely disposition of the case so as to minimize the stress, cost, and inconvenience resulting from the victim's involvement in the case. Before ruling on a motion to continue trial or other court proceeding, the court shall inquire into the circumstances for the request for the delay and, if the victim has provided written notice of the assertion of the right to a timely disposition, and whether the victim objects to the delay. If the victim objects, the prosecutor shall inform the court of the victim's objections. If the prosecutor has not conferred with the victim about the continuance, the prosecutor shall inform the court of the attempts to confer. If the court finds the attempts of the prosecutor to confer with the victim were inadequate to protect the victim's right to be heard, the court shall give the prosecutor at least 3 but not more than 5 business days to confer with the victim. In ruling on a motion to continue, the court shall consider the reasons for the requested continuance, the number and length of continuances that have been granted, the victim's objections and procedures to avoid further delays. If a continuance is granted over the victim's objection, the court shall specify on the record the reasons for the

continuance and the procedures that have been or will be taken to avoid further delays.

(12) Right to Restitution.

(A) If the victim has asserted the right to restitution and the amount of restitution is known at the time of sentencing, the court shall enter the judgment of restitution at the time of sentencing.

(B) If the victim has asserted the right to restitution and the amount of restitution is not known at the time of sentencing, the prosecutor shall, within 5 days after sentencing, notify the victim what information and documentation related to restitution is needed and that the information and documentation must be provided to the prosecutor within 45 days after sentencing. Failure to timely provide information and documentation related to restitution shall be deemed a waiver of the right to restitution. The prosecutor shall file and serve within 60 days after sentencing a proposed judgment for restitution and a notice that includes information concerning the identity of any victims or other persons seeking restitution, whether any victim or other person expressly declines restitution, the nature and amount of any damages together with any supporting documentation, a restitution amount recommendation, and the names of any co-defendants and their case numbers. Within 30 days after receipt of the proposed judgment for restitution, the defendant shall file any objection to the proposed judgment, a statement of grounds for the objection, and a financial statement. If the defendant does not file an objection, the court may enter the judgment for restitution without further proceedings. If the defendant files an objection and either party requests a hearing, the court shall schedule a hearing.

(13) Access to presentence reports.

(A) The victim may request a copy of the presentence report prepared under the Unified Code of Corrections from the State's Attorney. The State's Attorney shall redact the following information before providing a copy of the report:

New matter indicated by italics - deletions by strikeout
(i) the defendant's mental history and condition;
(ii) any evaluation prepared under subsection (b) or (b-5) of Section 5-3-2; and
(iii) the name, address, phone number, and other personal information about any other victim.

(B) The State's Attorney or the defendant may request the court redact other information in the report that may endanger the safety of any person.

(C) The State's Attorney may orally disclose to the victim any of the information that has been redacted if there is a reasonable likelihood that the information will be stated in court at the sentencing.

(D) The State's Attorney must advise the victim that the victim must maintain the confidentiality of the report and other information. Any dissemination of the report or information that was not stated at a court proceeding constitutes indirect criminal contempt of court.

(14) Appellate relief. If the trial court denies the relief requested, the victim, the victim's attorney, or the prosecuting attorney may file an appeal within 30 days of the trial court's ruling. The trial or appellate court may stay the court proceedings if the court finds that a stay would not violate a constitutional right of the defendant. If the appellate court denies the relief sought, the reasons for the denial shall be clearly stated in a written opinion. In any appeal in a criminal case, the State may assert as error the court's denial of any crime victim's right in the proceeding to which the appeal relates.

(15) Limitation on appellate relief. In no case shall an appellate court provide a new trial to remedy the violation of a victim's right.

(16) The right to be reasonably protected from the accused throughout the criminal justice process and the right to have the safety of the victim and the victim's family considered in denying or fixing the amount of bail, determining whether to release the defendant, and setting conditions of release after arrest and conviction. A victim of domestic violence, a sexual offense, or stalking may request the entry of a protective order under Article 112A of the Code of Criminal Procedure of 1963.

Sec. 11. No person shall be interviewed by a pretrial services agency unless he or she has first been apprised of the identity and purpose of the interviewer, the scope of the interview, the right to secure legal advice, and the right to refuse cooperation. Inquiry of the defendant shall carefully exclude questions concerning the details of the current charge. Statements made by the defendant during the interview, or evidence derived therefrom, are admissible in evidence only when the court is considering the imposition of pretrial or posttrial conditions to bail or recognizance, or when considering the modification of a prior release order.

Sec. 20. In preparing and presenting its written reports under Sections 17 and 19, pretrial services agencies shall in appropriate cases include specific recommendations for the setting, increase, or decrease of pretrial release; the release of the interviewee on his own recognizance in sums certain; and the imposition of pretrial conditions of pretrial release to bail or recognizance designed to minimize the risks of nonappearance, the commission of new offenses while awaiting trial, and other potential interference with the orderly administration of justice. In establishing objective internal criteria of any such recommendation policies, the agency may utilize so-called "point scales" for evaluating the aforementioned risks, but no interviewee shall be considered as ineligible for particular agency recommendations by sole reference to such procedures.

Sec. 22. If so ordered by the court, the pretrial services agency shall prepare and submit for the court's approval and signature a uniform release order on the uniform form established by the Supreme Court in all cases where an interviewee may be released from custody under conditions contained in an agency report. Such conditions shall become part of the conditions of pretrial release. A copy of the uniform release order shall be provided to the defendant and defendant's attorney of record, and the prosecutor.

Sec. 34. Probation and court services departments considered pretrial services agencies. For the purposes of administering the provisions of Public Act 95-773, known as the Cindy Bischof Law, all probation and court services departments are to be considered pretrial services agencies under this Act and under the pretrial release provisions of the Code of Criminal Procedure of 1963.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of sentence credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of sentence credit by bringing charges against the prisoner sought to be deprived of the sentence credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. Sec. 5-4-1. Sentencing hearing.
(a) Except when the death penalty is sought under hearing
procedures otherwise specified, after a determination of guilt, a hearing
shall be held to impose the sentence. However, prior to the imposition of
sentence on an individual being sentenced for an offense based upon a
charge for a violation of Section 11-501 of the Illinois Vehicle Code or a
similar provision of a local ordinance, the individual must undergo a
professional evaluation to determine if an alcohol or other drug abuse
problem exists and the extent of such a problem. Programs conducting
these evaluations shall be licensed by the Department of Human Services.
However, if the individual is not a resident of Illinois, the court may, in its
discretion, accept an evaluation from a program in the state of such
individual's residence. The court shall make a specific finding about
whether the defendant is eligible for participation in a Department impact
incarceration program as provided in Section 5-8-1.1 or 5-8-1.3, and if not,
provide an explanation as to why a sentence to impact incarceration is not
an appropriate sentence. The court may in its sentencing order recommend
a defendant for placement in a Department of Corrections substance abuse
treatment program as provided in paragraph (a) of subsection (1) of
Section 3-2-2 conditioned upon the defendant being accepted in a program by the Department of Corrections. At the hearing the court shall:

1. consider the evidence, if any, received upon the trial;
2. consider any presentence reports;
3. consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;

The court shall allow a victim to make an oral statement if the victim is present in the courtroom and requests to make an oral or written statement. An oral or written statement includes the victim or a representative of the victim reading the written statement. The court may allow persons impacted by the crime who are not victims under subsection (a) of Section 3 of the Rights of Crime Victims and Witnesses Act to present an oral or written statement. A victim and any person making an oral statement shall not be put under oath or subject to cross-examination. All statements offered under this paragraph (7) shall become part of the record of the court. In this paragraph (7), "victim of a violent crime" means a person who is a victim of a violent crime for which the defendant has been convicted after a bench or jury trial or a person who is the victim of a violent crime with which the defendant was charged and the defendant has been convicted under a plea agreement of a crime that is not a violent crime as defined in subsection (c) of 3 of the Rights of Crime Victims and Witnesses Act;

(7.5) afford a qualified person affected by: (i) a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act or a violation of Section 55 or Section 65 of the Methamphetamine Control and Community Protection Act; or (ii) a Class 4 felony violation of Section 11-14, 11-14.3 except as described in subdivisions (a)(2)(A) and (a)(2)(B), 11-15, 11-17, 11-18, 11-18.1, or 11-19 of the Criminal Code of 1961 or the Criminal Code of 2012, committed by the defendant the opportunity to make a statement concerning the impact on the qualified person and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation shall first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Sworn testimony offered by the qualified person is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7.5) shall become part of the record of the court. In this paragraph (7.5), "qualified person" means any person who: (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; or (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. "Qualified person" includes any peace officer or any member of any duly organized State, county, or municipal peace officer unit assigned to the territorial jurisdiction where the offense took place when the offense took place;

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements;

(9) in cases involving a felony sex offense as defined under the Sex Offender Management Board Act, consider the results of the sex offender evaluation conducted pursuant to Section 5-3-2 of this Act; and

(10) make a finding of whether a motor vehicle was used in the commission of the offense for which the defendant is being sentenced.

(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the
sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(b-1) In imposing a sentence of imprisonment or periodic imprisonment for a Class 3 or Class 4 felony for which a sentence of probation or conditional discharge is an available sentence, if the defendant has no prior sentence of probation or conditional discharge and no prior conviction for a violent crime, the defendant shall not be sentenced to imprisonment before review and consideration of a presentence report and determination and explanation of why the particular evidence, information, factor in aggravation, factual finding, or other reasons support a sentencing determination that one or more of the factors under subsection (a) of Section 5-6-1 of this Code apply and that probation or conditional discharge is not an appropriate sentence.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for sentence credit found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect.

on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(4) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her sentence credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional earned sentence credit. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day sentence credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, and when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of sentence credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant will serve 100% of his or her sentence."

When the sentencing order recommends placement in a substance abuse program for any offense that results in incarceration in a Department of Corrections facility and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no earned sentence credit under clause (3) of subsection (a) of Section 3-6-3 until he or she participates in and completes a substance abuse treatment program or receives a waiver from

(c-4) Before the sentencing hearing and as part of the presentence investigation under Section 5-3-1, the court shall inquire of the defendant whether the defendant is currently serving in or is a veteran of the Armed Forces of the United States. If the defendant is currently serving in the Armed Forces of the United States or is a veteran of the Armed Forces of the United States and has been diagnosed as having a mental illness by a qualified psychiatrist or clinical psychologist or physician, the court may:

(1) order that the officer preparing the presentence report consult with the United States Department of Veterans Affairs, Illinois Department of Veterans' Affairs, or another agency or person with suitable knowledge or experience for the purpose of providing the court with information regarding treatment options available to the defendant, including federal, State, and local programming; and

(2) consider the treatment recommendations of any diagnosing or treating mental health professionals together with the treatment options available to the defendant in imposing sentence.

For the purposes of this subsection (c-4), "qualified psychiatrist" means a reputable physician licensed in Illinois to practice medicine in all its branches, who has specialized in the diagnosis and treatment of mental and nervous disorders for a period of not less than 5 years.

(c-6) In imposing a sentence, the trial judge shall specify, on the record, the particular evidence and other reasons which led to his or her determination that a motor vehicle was used in the commission of the offense.

(c-7) In imposing a sentence for a Class 3 or 4 felony, other than a violent crime as defined in Section 3 of the Rights of Crime Victims and Witnesses Act, the court shall determine and indicate in the sentencing order whether the defendant has 4 or more or fewer than 4 months remaining on his or her sentence accounting for time served.

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the

person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

1. the sentence imposed;
2. any statement by the court of the basis for imposing the sentence;
3. any presentence reports;
3.5 any sex offender evaluations;
3.6 any substance abuse treatment eligibility screening and assessment of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois courts;
4. the number of days, if any, which the defendant has been in custody and for which he is entitled to credit against the sentence, which information shall be provided to the clerk by the sheriff;
4.1 any finding of great bodily harm made by the court with respect to an offense enumerated in subsection (c-1);
5. all statements filed under subsection (d) of this Section;
6. any medical or mental health records or summaries of the defendant;
7. the municipality where the arrest of the offender or the commission of the offense has occurred, where such municipality has a population of more than 25,000 persons;
8. all statements made and evidence offered under paragraph (7) of subsection (a) of this Section; and
9. all additional matters which the court directs the clerk to transmit.

(f) In cases in which the court finds that a motor vehicle was used in the commission of the offense for which the defendant is being sentenced, the clerk of the court shall, within 5 days thereafter, forward a report of such conviction to the Secretary of State.

Sec. 5-4.5-95. GENERAL RECIDIVISM PROVISIONS.

(a) HABITUAL CRIMINALS.

(1) Every person who has been twice convicted in any state or federal court of an offense that contains the same elements as an offense now (the date of the offense committed after the 2 prior convictions) classified in Illinois as a Class X felony, criminal sexual assault, aggravated kidnapping, or first degree murder, and who is thereafter convicted of a Class X felony, criminal sexual assault, or first degree murder, committed after the 2 prior convictions, shall be adjudged an habitual criminal.

(2) The 2 prior convictions need not have been for the same offense.

(3) Any convictions that result from or are connected with the same transaction, or result from offenses committed at the same time, shall be counted for the purposes of this Section as one conviction.

(4) This Section does not apply unless each of the following requirements are satisfied:

(A) The third offense was committed after July 3, 1980.

(B) The third offense was committed within 20 years of the date that judgment was entered on the first conviction; provided, however, that time spent in custody shall not be counted.

(C) The third offense was committed after conviction on the second offense.

(D) The second offense was committed after conviction on the first offense.

(E) The first offense was committed when the person was 21 years of age or older.

(5) Anyone who, having attained the age of 18 at the time of the third offense, is adjudged an habitual criminal shall be sentenced to a term of natural life imprisonment.

offense set forth in this Section unless otherwise permitted by the issues properly raised in that trial. After a plea or verdict or finding of guilty and before sentence is imposed, the prosecutor may file with the court a verified written statement signed by the State's Attorney concerning any former conviction of an offense set forth in this Section rendered against the defendant. The court shall then cause the defendant to be brought before it; shall inform the defendant of the allegations of the statement so filed, and of his or her right to a hearing before the court on the issue of that former conviction and of his or her right to counsel at that hearing; and unless the defendant admits such conviction, shall hear and determine the issue, and shall make a written finding thereon. If a sentence has previously been imposed, the court may vacate that sentence and impose a new sentence in accordance with this Section.

(7) A duly authenticated copy of the record of any alleged former conviction of an offense set forth in this Section shall be prima facie evidence of that former conviction; and a duly authenticated copy of the record of the defendant's final release or discharge from probation granted, or from sentence and parole supervision (if any) imposed pursuant to that former conviction, shall be prima facie evidence of that release or discharge.

(8) Any claim that a previous conviction offered by the prosecution is not a former conviction of an offense set forth in this Section because of the existence of any exceptions described in this Section, is waived unless duly raised at the hearing on that conviction, or unless the prosecution's proof shows the existence of the exceptions described in this Section.

(9) If the person so convicted shows to the satisfaction of the court before whom that conviction was had that he or she was released from imprisonment, upon either of the sentences upon a pardon granted for the reason that he or she was innocent, that conviction and sentence shall not be considered under this Section.

(b) When a defendant, over the age of 21 years, is convicted of a Class 1 or Class 2 forcible felony, except for an offense listed in subsection (c) of this Section, after having twice been convicted in any state or federal court of an offense that contains the same elements as an offense now (the date the Class 1 or Class 2 forcible felony was committed) classified in Illinois as a Class 2 or greater Class forcible felony:

(1) the first forcible felony was committed after February 1, 1978 (the effective date of Public Act 80-1099);
(2) the second forcible felony was committed after conviction on the first; and
(3) the third forcible felony was committed after conviction on the second; and
(4) the first offense was committed when the person was 21 years of age or older.

(c) (Blank). Subsection (b) of this Section does not apply to Class 1 or Class 2 felony convictions for a violation of Section 16-1 of the Criminal Code of 2012.

A person sentenced as a Class X offender under this subsection (b) is not eligible to apply for treatment as a condition of probation as provided by Section 40-10 of the Substance Use Disorder Act (20 ILCS 301/40-10).

Sec. 5-4.5-100. CALCULATION OF TERM OF IMPRISONMENT.

(a) COMMENCEMENT. A sentence of imprisonment shall commence on the date on which the offender is received by the Department or the institution at which the sentence is to be served.

(b) CREDIT; TIME IN CUSTODY; SAME CHARGE. Except as set forth in subsection (e), the offender shall be given credit on the determinate sentence or maximum term and the minimum period of imprisonment for the number of days spent in custody as a result of the offense for which the sentence was imposed. The Department shall calculate the credit at the rate specified in Section 3-6-3 (730 ILCS 5/3-6-3). The trial court shall give credit to the defendant for time spent in home detention on the same sentencing terms as incarceration as provided in Section 5-8A-3 (730 ILCS 5/5-8A-3). Home detention for purposes of credit includes restrictions on liberty such as curfews restricting movement for 12 hours or more per day and electronic monitoring that restricts travel or movement. Electronic monitoring is not required for home detention to be
considered custodial for purposes of sentencing credit. The trial court may give credit to the defendant for the number of days spent confined for psychiatric or substance abuse treatment prior to judgment, if the court finds that the detention or confinement was custodial.

(c) CREDIT; TIME IN CUSTODY; FORMER CHARGE. An offender arrested on one charge and prosecuted on another charge for conduct that occurred prior to his or her arrest shall be given credit on the determinate sentence or maximum term and the minimum term of imprisonment for time spent in custody under the former charge not credited against another sentence.

(c-5) CREDIT; PROGRAMMING. The trial court shall give the defendant credit for successfully completing county programming while in custody prior to imposition of sentence at the rate specified in Section 3-6-3 (730 ILCS 5/3-6-3). For the purposes of this subsection, "custody" includes time spent in home detention.

(d) NO CREDIT; SOME HOME DETENTION. An offender sentenced to a term of imprisonment for an offense listed in paragraph (2) of subsection (c) of Section 5-5-3 (730 ILCS 5/5-5-3) or in paragraph (3) of subsection (c-1) of Section 11-501 of the Illinois Vehicle Code (625 ILCS 5/11-501) shall not receive credit for time spent in home detention prior to judgment.

(e) NO CREDIT; REVOCATION OF PAROLE, MANDATORY SUPERVISED RELEASE, OR PROBATION. An offender charged with the commission of an offense committed while on parole, mandatory supervised release, or probation shall not be given credit for time spent in custody under subsection (b) for that offense for any time spent in custody as a result of a revocation of parole, mandatory supervised release, or probation where such revocation is based on a sentence imposed for a previous conviction, regardless of the facts upon which the revocation of parole, mandatory supervised release, or probation is based, unless both the State and the defendant agree that the time served for a violation of mandatory supervised release, parole, or probation shall be credited towards the sentence for the current offense.

Nothing in this Act shall preclude any Illinois court from enforcing any valid order of protection issued in another state. Illinois courts may enforce orders of protection through both criminal prosecution and contempt proceedings, unless the action which is second in time is barred by collateral estoppel or the constitutional prohibition against double jeopardy.

(1) In a contempt proceeding where the petition for a rule to show cause sets forth facts evidencing an immediate danger that the respondent will flee the jurisdiction, conceal a child, or inflict physical abuse on the petitioner or minor children or on dependent adults in petitioner's care, the court may order the attachment of the respondent without prior service of the rule to show cause or the petition for a rule to show cause. (ii) impose a minimum penalty of 24 hours imprisonment for respondent's first violation of any order of protection; and

(iii) impose a minimum penalty of 48 hours imprisonment for respondent's second or subsequent violation of an order of protection unless the court explicitly finds that an increased penalty or that period of imprisonment would be manifestly unjust.

(4) In addition to any other penalties imposed for a violation of an order of protection, a criminal court may consider evidence of any violations of an order of protection:

(i) to increase, revoke or modify the conditions of pretrial release bail bond on an underlying criminal charge pursuant to Section 110-6 of the Code of Criminal Procedure of 1963;

(820 ILCS 405/602) (from Ch. 48, par. 432)

Sec. 602. Discharge for misconduct - Felony.
A. An individual shall be ineligible for benefits for the week in which he has been discharged for misconduct connected with his work and, thereafter, until he has become reemployed and has had earnings equal to or in excess of his current weekly benefit amount in each of four calendar weeks which are either for services in employment, or have been or will be reported pursuant to the provisions of the Federal Insurance Contributions Act by each employing unit for which such services are performed and which submits a statement certifying to that fact. The requalification requirements of the preceding sentence shall be deemed to have been satisfied, as of the date of reinstatement, if, subsequent to his discharge by an employing unit for misconduct connected with his work, such individual is reinstated by such employing unit. For purposes of this subsection, the term "misconduct" means the deliberate and willful violation of a reasonable rule or policy of the employing unit, governing the individual's behavior in performance of his work, provided such violation has harmed the employing unit or other employees or has been repeated by the individual despite a warning or other explicit instruction from the employing unit. The previous definition notwithstanding.

New matter indicated by italics - deletions by strikeout
"misconduct" shall include any of the following work-related circumstances:

1. Falsification of an employment application, or any other documentation provided to the employer, to obtain employment through subterfuge.

2. Failure to maintain licenses, registrations, and certifications reasonably required by the employer, or those that the individual is required to possess by law, to perform his or her regular job duties, unless the failure is not within the control of the individual.

3. Knowing, repeated violation of the attendance policies of the employer that are in compliance with State and federal law following a written warning for an attendance violation, unless the individual can demonstrate that he or she has made a reasonable effort to remedy the reason or reasons for the violations or that the reason or reasons for the violations were out of the individual's control. Attendance policies of the employer shall be reasonable and provided to the individual in writing, electronically, or via posting in the workplace.

4. Damaging the employer's property through conduct that is grossly negligent.

5. Refusal to obey an employer's reasonable and lawful instruction, unless the refusal is due to the lack of ability, skills, or training for the individual required to obey the instruction or the instruction would result in an unsafe act.

6. Consuming alcohol or illegal or non-prescribed prescription drugs, or using an impairing substance in an off-label manner, on the employer's premises during working hours in violation of the employer's policies.

7. Reporting to work under the influence of alcohol, illegal or non-prescribed prescription drugs, or an impairing substance used in an off-label manner in violation of the employer's policies, unless the individual is compelled to report to work by the employer outside of scheduled and on-call working hours and informs the employer that he or she is under the influence of alcohol, illegal or non-prescribed prescription drugs, or an impairing substance used in an off-label manner in violation of the employer's policies.

New matter indicated by italics - deletions by strikeout
8. Grossly negligent conduct endangering the safety of the individual or co-workers.

For purposes of paragraphs 4 and 8, conduct is "grossly negligent" when the individual is, or reasonably should be, aware of a substantial risk that the conduct will result in the harm sought to be prevented and the conduct constitutes a substantial deviation from the standard of care a reasonable person would exercise in the situation.

Nothing in paragraph 6 or 7 prohibits the lawful use of over-the-counter drug products as defined in Section 206 of the Illinois Controlled Substances Act, provided that the medication does not affect the safe performance of the employee's work duties.

B. Notwithstanding any other provision of this Act, no benefit rights shall accrue to any individual based upon wages from any employer for service rendered prior to the day upon which such individual was discharged because of the commission of a felony in connection with his work, or because of theft in connection with his work, for which the employer was in no way responsible; provided, that the employer notified the Director of such possible ineligibility within the time limits specified by regulations of the Director, and that the individual has admitted his commission of the felony or theft to a representative of the Director, or has signed a written admission of such act and such written admission has been presented to a representative of the Director, or such act has resulted in a conviction or order of supervision by a court of competent jurisdiction; and provided further, that if by reason of such act, he is in legal custody, held on pretrial release or is a fugitive from justice, the determination of his benefit rights shall be held in abeyance pending the result of any legal proceedings arising therefrom.

Section 20-5. The Unified Code of Corrections is amended by changing Section 5-4-1 as follows:

Sec. 5-4-1. Sentencing hearing.

(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. The court

At the hearing the court shall:

(1) consider the evidence, if any, received upon the trial;
(2) consider any presentence reports;
(3) consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
(4) consider evidence and information offered by the parties in aggravation and mitigation;
(4.5) consider substance abuse treatment, eligibility screening, and an assessment, if any, of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois courts;
(5) hear arguments as to sentencing alternatives;
(6) afford the defendant the opportunity to make a statement in his own behalf;
(7) afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, the opportunity to present an oral or written statement, as guaranteed by Article I, Section 8.1 of the Illinois Constitution and provided in Section 6 of the Rights of Crime Victims and Witnesses Act. The court shall allow a victim to make an oral statement if the victim is present in the courtroom and requests to make an oral or written statement. An oral or written statement includes the victim or a representative of the victim reading the written statement. The court may allow persons impacted by the crime who are not victims under subsection (a) of Section 3 of the Rights of Crime Victims and Witnesses Act to present an oral or written statement. A victim and any person making an oral statement shall not be put under oath or subject to cross-examination. All statements offered under this paragraph (7) shall become part of the record of the court. In this paragraph (7), "victim of a violent crime" means a person who is a victim of a violent crime for which the defendant has been convicted after a bench or jury trial or a person who is the victim of a violent crime with which the defendant was charged and the defendant has been
convicted under a plea agreement of a crime that is not a violent crime as defined in subsection (c) of 3 of the Rights of Crime Victims and Witnesses Act;

(7.5) afford a qualified person affected by: (i) a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act or a violation of Section 55 or Section 65 of the Methamphetamine Control and Community Protection Act; or (ii) a Class 4 felony violation of Section 11-14, 11-14.3 except as described in subdivisions (a)(2)(A) and (a)(2)(B), 11-15, 11-17, 11-18, 11-18.1, or 11-19 of the Criminal Code of 1961 or the Criminal Code of 2012, committed by the defendant the opportunity to make a statement concerning the impact on the qualified person and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation shall first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Sworn testimony offered by the qualified person is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7.5) shall become part of the record of the court. In this paragraph (7.5), "qualified person" means any person who: (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; or (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. "Qualified person" includes any peace officer or any member of any duly organized State, county, or municipal peace officer unit assigned to the territorial jurisdiction where the offense took place when the offense took place;

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements;

(10) make a finding of whether a motor vehicle was used in the commission of the offense for which the defendant is being sentenced.

New matter indicated by italics - deletions by strikeout
(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(b-1) In imposing a sentence of imprisonment or periodic imprisonment for a Class 3 or Class 4 felony for which a sentence of probation or conditional discharge is an available sentence, if the defendant has no prior sentence of probation or conditional discharge and no prior conviction for a violent crime, the defendant shall not be sentenced to imprisonment before review and consideration of a presentence report and determination and explanation of why the particular evidence, information, factor in aggravation, factual finding, or other reasons support a sentencing determination that one or more of the factors under subsection (a) of Section 5-6-1 of this Code apply and that probation or conditional discharge is not an appropriate sentence.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-1.5) Notwithstanding any other provision of law to the contrary, in imposing a sentence for an offense that requires a mandatory minimum sentence of imprisonment, the court may instead sentence the offender to

New matter indicated by italics - deletions by strikeout
probation, conditional discharge, or a lesser term of imprisonment it
deems appropriate if: (1) the offense involves the use or possession of
drugs, retail theft, or driving on a revoked license due to unpaid financial
obligations; (2) the court finds that the defendant does not pose a risk to
public safety; and (3) the interest of justice requires imposing a term of
probation, conditional discharge, or a lesser term of imprisonment. The
court must state on the record its reasons for imposing probation,
conditional discharge, or a lesser term of imprisonment.

(c-2) If the defendant is sentenced to prison, other than when a
sentence of natural life imprisonment or a sentence of death is imposed, at
the time the sentence is imposed the judge shall state on the record in open
court the approximate period of time the defendant will serve in custody
according to the then current statutory rules and regulations for sentence
credit found in Section 3-6-3 and other related provisions of this Code.
This statement is intended solely to inform the public, has no legal effect
on the defendant's actual release, and may not be relied on by the
defendant on appeal.

The judge's statement, to be given after pronouncing the sentence,
other than when the sentence is imposed for one of the offenses
enumerated in paragraph (a)(4) of Section 3-6-3, shall include the
following:

"The purpose of this statement is to inform the public of the actual
period of time this defendant is likely to spend in prison as a result of this
sentence. The actual period of prison time served is determined by the
statutes of Illinois as applied to this sentence by the Illinois Department of
Corrections and the Illinois Prisoner Review Board. In this case, assuming
the defendant receives all of his or her sentence credit, the period of
estimated actual custody is ... years and ... months, less up to 180 days
additional earned sentence credit. If the defendant, because of his or her
own misconduct or failure to comply with the institutional regulations,
does not receive those credits, the actual time served in prison will be
longer. The defendant may also receive an additional one-half day
sentence credit for each day of participation in vocational, industry,
substance abuse, and educational programs as provided for by Illinois
statute."

When the sentence is imposed for one of the offenses enumerated
in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and
the offense was committed on or after June 19, 1998, and when the
sentence is imposed for reckless homicide as defined in subsection (e) of

Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, and when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of sentence credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is not entitled to sentence credit. Therefore, this defendant will serve 100% of his or her sentence."

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no earned sentence credit under clause (3) of subsection (a) of Section 3-6-3 until he or she participates in and completes a substance abuse treatment program or receives a waiver from the Director of Corrections pursuant to clause (4.5) of subsection (a) of Section 3-6-3."

(c-4) Before the sentencing hearing and as part of the presentence investigation under Section 5-3-1, the court shall inquire of the defendant whether the defendant is currently serving in or is a veteran of the Armed Forces of the United States. If the defendant is currently serving in the Armed Forces of the United States or is a veteran of the Armed Forces of the United States and has been diagnosed as having a mental illness by a qualified psychiatrist or clinical psychologist or physician, the court may:

determination that a motor vehicle was used in the commission of the offense.

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

1. the sentence imposed;
2. any statement by the court of the basis for imposing the sentence;

Information prepared by or for the body in preparation of a bid solicitation shall be exempt until an award or final selection is made.

(i) Valuable formulae, computer geographic systems, designs, drawings and research data obtained or produced by any public body when disclosure could reasonably be expected to produce private gain or public loss. At the request of the Board, the governmental agency must submit any copies of investigative findings, evidence, or documentation to the Board in accordance with rules adopted by the Board to facilitate the Board's preliminary review. Notification of the Board's decision to close a notice shall be sent to all relevant individuals, agencies, and any entities that received notice of the violation under subsection (c) within 30 days of the notice being closed, except in cases where the notice is submitted anonymously if the complainant is unknown.

(5) Except when the Board has received notice under subparagraph (A) of paragraph (1) of subsection (c), no later than 30 days after receiving notice, the Board shall report any notice of violation it receives to the relevant governmental agency, unless reporting the notice would jeopardize any subsequent investigation. The Board shall also record any notice of violation it receives to the Officer Professional Conduct Database in accordance with Section 9.2. The Board shall report to the appropriate State's Attorney any alleged violations that contain allegations, claims, or factual assertions that, if true, would constitute a violation of Illinois law. (6) If a criminal proceeding has been initiated against the law enforcement officer, the Board is responsible for maintaining a
current status report including court dates, hearings, pleas, adjudication status and sentencing. A State's Attorney's Office is responsible for notifying the Board of any criminal charges filed against a law enforcement officer.

(1) A governmental agency that submits a notice of violation to the Board under subparagraph (A) of paragraph (1) of subsection (c) shall be responsible for conducting an investigation of the underlying allegations except when: (i) the governmental agency refers the notice to another governmental agency or the Board for investigation and such other agency or the Board agrees to conduct the investigation; (ii) an external, independent, or civilian oversight agency conducts the investigation in accordance with local ordinance or other applicable law; or (iii) the Board has determined that it will conduct the investigation based upon the facts and circumstances of the alleged violation, including but not limited to, investigations regarding the Chief or Sheriff of a governmental agency, familial conflict of interests, complaints involving a substantial portion of a governmental agency, or complaints involving a policy of a governmental agency. Any agency or entity conducting an investigation under this paragraph (1) shall, within 7 days of completing an investigation, deliver an Investigative Summary Report and copies of any administrative evidence to the Board. If the Board finds an investigation conducted under this paragraph (1) is incomplete, unsatisfactory, or deficient in any way, the Board may direct the investigating entity or agency to take any additional investigative steps deemed necessary to thoroughly and satisfactorily complete the investigation, or the Board may take any steps necessary to complete the investigation. The investigating entity or agency or, when necessary, the Board will then amend and re-submit the Investigative Summary Report to the Board for approval.

However, any such investigation shall be conducted in a manner that avoids interference with, and preserves the integrity of, any separate investigation being conducted.

(g) Formal complaints. Upon receipt of an Investigative Summary Report, the Board shall review the Report and any relevant evidence obtained and determine whether there is reasonable basis to believe that the law enforcement officer committed any conduct that would be deemed a violation of this Act. If after reviewing the Report and any other relevant evidence obtained, the Board determines that a reasonable basis does exist, the Board shall file a formal complaint with the Certification Review Panel.

(h) Formal Complaint Hearing.

(1) Upon issuance of a formal complaint, the Panel shall set the matter for an initial hearing in front of an administrative law judge. If the law enforcement officer or counsel for the officer does not appear, at the Board's discretion, the hearing may proceed or may be continued to a date and time agreed upon by all parties. If on the date of the hearing, neither the law enforcement officer nor counsel for the officer appears, the Board may proceed with the hearing for default in their absence.

(3) If the law enforcement officer fails to comply with paragraph (2), all of the allegations contained in the complaint shall be deemed admitted and the law enforcement officer shall be decertified if, by a majority vote of the panel, the conduct charged in the complaint is found to constitute sufficient grounds for decertification under this Act. Notice of the decertification decision may be served by personal delivery, by mail, or, at the discretion of the Board, by electronic means as adopted by rule to the address or email address specified by the law enforcement officer in the officer's last communication with the Board. Notice shall also be provided to the law enforcement officer's governmental agency.
(4) The Board, at the request of the law enforcement officer subject to the Formal Complaint, may suspend a hearing on a Formal Complaint for no more than one year if a concurrent criminal matter is pending. Sec. 8.1. Full-time law enforcement police and county corrections officers.

(a) No person shall receive a permanent appointment as a law enforcement officer or as defined in this Act nor shall any person receive, after the effective date of this amendatory Act of 1984, a permanent appointment as a county corrections officer unless that person has been awarded, within 6 months of the officer's initial full-time employment, a certificate attesting to the officer's successful completion of the Minimum Standards Basic Law Enforcement and County Correctional Training Course as prescribed by the Board; or has been awarded a certificate attesting to the officer's satisfactory completion of a training program of similar content and number of hours and which course has been found acceptable by the Board under the provisions of this Act; or a training waiver by reason of extensive prior law enforcement or county corrections experience the basic training requirement is determined by the Board to be illogical and unreasonable.

If such training is required and not completed within the applicable 6 months, then the officer must forfeit the officer's position, or the employing agency must obtain a waiver from the Board extending the period for compliance. Such waiver shall be issued only for good and justifiable reasons, and in no case shall extend more than 90 days beyond the initial 6 months. Any hiring agency that fails to train a law enforcement officer within this period shall be prohibited from employing this individual in a law enforcement capacity for one year from the date training was to be completed. If an agency again fails to train the individual a second time, the agency shall be permanently barred from employing this individual in a law enforcement capacity.

An individual who is not certified by the Board or whose certified status is inactive shall not function as a law enforcement officer, be assigned the duties of a law enforcement officer by an employing agency, or be authorized to carry firearms under the authority of the employer,
except as otherwise authorized to carry a firearm under State or federal law. Sheriffs who are elected as of the effective date of this Amendatory Act of the 101st General Assembly, are exempt from the requirement of certified status. Failure to be certified in accordance with this Act shall cause the officer to forfeit the officer's position.

An employing agency may not grant a person status as a law enforcement officer unless the person has been granted an active law enforcement officer certification by the Board.

(b) Inactive status. A person who has an inactive law enforcement officer certification has no law enforcement authority.

(1) A law enforcement officer's certification becomes inactive upon termination, resignation, retirement, or separation from the officer's employing governmental agency for any reason. The Board shall re-activate a certification upon written application from the law enforcement officer's governmental agency that shows the law enforcement officer: (i) has accepted a full-time law enforcement position with that governmental agency, (ii) is not the subject of a decertification proceeding, and (iii) meets all other criteria for re-activation required by the Board. The Board may also establish special training requirements to be completed as a condition for re-activation.

A law enforcement officer who is refused reactivation under this Section may request a hearing in accordance with the hearing procedures as outlined in subsection (h) of Section 6.3 of this Act.

The Board may refuse to re-activate the certification of a law enforcement officer who was involuntarily terminated for good cause by his or her governmental agency for conduct subject to decertification under this Act or resigned or retired after receiving notice of a governmental agency's investigation.

(2) A law enforcement officer who is currently certified can place his or her certificate on inactive status by sending a written request to the Board. A law enforcement officer whose certificate has been placed on inactive status shall not function as a law enforcement officer until the officer has completed any requirements for reactivating the certificate as required by the Board. A request for inactive status in this subsection shall be in writing, accompanied by verifying documentation, and shall be

from the law enforcement officer's agency upon a showing that the
law enforcement officer is: (i) employed in a full-time law
enforcement position with the same governmental agency (ii) not
the subject of a decertification proceeding, and (iii) meets all other
criteria for re-activation required by the Board.

(4) Notwithstanding paragraph (3) of this subsection (b), a
law enforcement officer whose certification has become inactive
under paragraph (2) may have the officer's governmental agency
submit a request for a waiver of training requirements to the
Board. A grant of a waiver is within the discretion of the Board.
Within 7 days of receiving a request for a waiver under this
section, the Board shall notify the law enforcement officer and the
chief administrator of the law enforcement officer's governmental
agency, whether the request has been granted, denied, or if the
Board will take additional time for information. A law enforcement
officer whose request for a waiver under this subsection is denied
is entitled to appeal the denial to the Board within 20 days of the
waiver being denied.

(c) No provision of this Section shall be construed to mean that
a law enforcement officer employed by a local governmental agency at the
time of the effective date of this amendatory Act, either as a probationary
police officer or as a permanent police officer, shall require certification
under the provisions of this Section. No provision of this Section shall be

A person hired on or after the effective date of this amendatory Act of the 92nd General Assembly must obtain this certificate within 18 months after the initial date of hire as a probationary part-time law enforcement police officer in the State of Illinois. A person hired before January 1, 1996 must obtain this certificate within 24 months after the effective date of this amendatory Act of 1995.

The employing agency may seek an extension or waiver from the Board extending the period for compliance. An extension or waiver shall be issued only for good and justifiable reasons, and the probationary part-time law enforcement police officer may not practice as a part-time law enforcement police officer during the extension or waiver period. If training is required and not completed within the applicable time period, as extended by any waiver that may be granted, then the officer must forfeit the officer's his or her position.

The Board may refuse to re-activate the certification of a law enforcement officer who was involuntarily terminated for good cause by the officer's governmental agency for conduct subject to decertification under this Act or resigned or retired after receiving notice of a governmental agency's investigation.

(2) A law enforcement officer who is currently certified can place his or her certificate on inactive status by sending a written request to the Board. requirements for reactivating the certificate as required by the Board. A request for inactive status in this subsection shall be in writing, accompanied by verifying documentation, and shall be submitted to the Board by the law enforcement officer's governmental agency.

(3) Certification that has become inactive under paragraph (2) of this subsection (b), shall be reactivated by written notice from the law enforcement officer's agency upon a showing that the law enforcement officer is: (i) employed in a full-time law enforcement position with the same governmental agency, (ii) not the subject of a decertification proceeding, and (iii) meets all other criteria for re-activation required by the Board. Sec. 8.4. Law Enforcement Compliance Verification.

(a)(1) Unless on inactive status under subsection (b) of Section 8.1 or subsection (b) of Section 8.2, every law enforcement officer subject to this Act shall submit a verification form that confirms compliance with this Act. The verification shall apply to the 3 calendar years preceding the date of verification. Law enforcement officers shall submit the officer's first report by January 30 during the initial three-year reporting period, as determined on the basis of the law enforcement officer's last name under paragraph (2) of this subsection then every third year of the officer's applicable three-year report period as determined by the Board. At the conclusion of each law enforcement officer's applicable reporting period, the chief administrative officer of the officer's governmental agency is to determine the compliance of each officer under this Section. An officer may verify their successful completion of training requirements with their governmental agency. Each law enforcement officer is responsible for reporting and demonstrating compliance to the officer's chief administrative officer.

(2) The applicable three-year reporting period shall begin on January 30, 2023 for law enforcement officers whose last names being with the letters A through G, on January 30, 2024 for law enforcement officers whose last names being with the letters H through O, and January 30, 2025 for law enforcement officers whose last names being with the letters P through Z.

employment in the relevant time period; and (iii) a statement verifying that
the officer has not committed misconduct under Section 6.1.

(b) (1) On October 1 of each year, the Board shall send notice to
all certified law enforcement officers, unless exempted in (a), of the
upcoming deadline to submit the compliance verification form. No later
than March 1 of each year, the Board shall send notice to all certified law

form, as well as the officer's governmental agencies. The Board shall not
send a notice of noncompliance to law enforcement officers whom the
Board knows, based on the status of the law enforcement officer's
certification status, are inactive or retired. The Board may accept
compliance verification forms until April 1 of the year in which a law
enforcement officer is required to submit the form.

(2) No earlier than April 1 of the year in which a law enforcement
officer is required to submit a verification form, the Board may determine
a law enforcement officer's certification to be inactive if the law
enforcement officer failed to either: (1) submit a compliance verification
in accordance with this Section; or (2) report an exemption from the
requirements of this Section. The Board shall then send notice, by mail or
email, to any such law enforcement officer and the officer's governmental
agency that the officer's certificate will be deemed inactive on the date
specified in the notice, which shall be no sooner than 21 days from the
date of the notice, because of the officer's failure to comply or report
compliance, or failure to report an exemption. The Board shall deem
inactive the certificate of such law enforcement officers on the date
specified in the notice unless the Board determines before that date that
the law enforcement officer has complied. A determination that a
certificate is inactive under this section is not a disciplinary sanction.

(3) A law enforcement officer who was on voluntary inactive status
shall, upon return to active status, be required to complete the deferred
training programs within 1 year.

(4) The Board may waive the reporting requirements, as required
in this section, if the law enforcement officer or the officer's governmental
agency demonstrates the existence of mitigating circumstances justifying
the law enforcement officer's failure to obtain the training requirements
due to failure of the officer's governmental agency or the Board to offer
the training requirement during the officer's required compliance
verification period. If the Board finds that the law enforcement officer can
meet the training requirements with extended time, the Board may allow

New matter indicated by italics - deletions by strikeout
the law enforcement officer a maximum of six additional months to complete the requirements.

(5) A request for a training waiver under this subsection due to the mitigating circumstance shall be in writing, accompanied by verifying documentation, and shall be submitted to the Board not less than 30 days before the end of the law enforcement officer’s required compliance verification period.

(6) A law enforcement officer whose request for waiver under this subsection is denied, is entitled to a request for a review by the Board. The law enforcement officer or the officer’s governmental agency must request a review within 20 days of the waiver being denied. The burden of proof shall be on the law enforcement officer to show why the officer is entitled to a waiver.

(c) Recordkeeping and Audits.

(1) For four years after the end of each reporting period, each certified law enforcement officer shall maintain sufficient documentation necessary to corroborate compliance with the mandatory training requirements under this Act.

(2) Notwithstanding any other provision in state law, for four years after the end of each reporting period, each governmental agency shall maintain sufficient documentation necessary to corroborate compliance with the mandatory training requirements under this Act of each officer it employs or employed within the relevant time period.

(3) The Board may audit compliance verification forms submitted to determine the accuracy of the submissions. The audit may include but is not limited to, training verification and a law enforcement officer background check.

(d) Audits that Reveal an Inaccurate Verification.

(1) If an audit conducted under paragraph (3) of subsection (c) of this Section reveals inaccurate information, the Board shall provide the law enforcement officer and employing governmental agency with written notice containing: (i) the results of the audit, specifying each alleged inaccuracy; (ii) a summary of the basis of that determination; and (iii) a deadline, which shall be at least 30 days from the date of the notice, for the law enforcement officer to file a written response if the law enforcement officer objects to any of the contents of the notice.

New matter indicated by italics - deletions by strikeout
(2) After considering any response from the law enforcement officer, if the Board determines that the law enforcement officer filed an inaccurate verification, the law enforcement officer shall be given 60 days in which to file an amended verification form, together with all documentation specified in paragraph (e)(1), demonstrating full compliance with the applicable requirements.

(3) If the results of the audit suggest that the law enforcement officer willfully filed a false verification form, the Board shall submit a formal complaint to the Panel for decertification. An officer who has been decertified for willfully filing a false verification form shall not be eligible for reactivation under subsection (e).

(e) Reactivation. A law enforcement officer who has been deemed inactive due to noncompliance with the reporting requirements under paragraph (a)(1) may request to have the Board re-activate his or her certification upon submitting a compliance verification form that shows full compliance for the period in which the law enforcement officer was deemed inactive due to noncompliance. The Board shall make a determination regarding a submission under this subsection active no later than 7 days after the Board determines full compliance or continued noncompliance.

   (4) the officer resigns or retires during the course of an investigation and the officer has been served notice that the officer is under investigation.

Agencies and the Illinois State Police may report to the Board any conduct they deem appropriate to disseminate to another governmental agency regarding a law enforcement officer.

The agency or the Illinois State Police shall report to the Board within 10 days of a final determination and final exhaustion of any administrative appeal, or the law enforcement officer's resignation or retirement, and shall provide information regarding the nature of the violation. This notification shall not necessarily trigger certification review.

A governmental agency and the Illinois State Police shall be immune from liability for a disclosure made as described in this subsection, unless the disclosure would constitute intentional misrepresentation or gross negligence.

(b) Upon receiving notification from a governmental agency or the Illinois State Police, the Board must notify the law enforcement officer of
the report and the officer's right to provide a statement regarding the reported violation.

(c) The Board shall maintain a database readily available to any chief administrative officer, or the officer's designee, of a governmental agency and the Illinois State Police that shall show for each law enforcement officer: (i) dates of certification, decertification, and inactive status; (ii) each sustained instance of departmental misconduct that lead to a suspension at least 10 days or any infraction that would trigger an official or formal investigation under the governmental agency policy, any allegation of misconduct regarding truthfulness as to a material fact, bias, or integrity, or any other reported violation, the nature of the violation, the reason for the final decision of discharge or dismissal, and any statement provided by the officer; (iii) date of separation from employment from any local or state governmental agency; (iv) the reason for separation from employment, including, but not limited to: whether the separation was based on misconduct or occurred while the local or State governmental agency was conducting an investigation of the certified individual for a violation of an employing agency's rules, policy or procedure or other misconduct or improper action.

(1) This database shall also be accessible to the State's Attorney of any county in this State and the Attorney General for the purpose of complying with obligations under Brady v. Maryland (373 U.S. 83) or Giglio v. United States (405 U.S. 150). This database shall also be accessible to the chief administrative officer of any governmental agency for the purposes of hiring law enforcement officers. This database shall not be accessible to anyone not listed in this subsection.

(2) Before a governmental agency may appoint a law enforcement officer or a person seeking a certification as a law enforcement officer in this State, the chief administrative officer or designee must check the Officer Professional Conduct Database, contact each person's previous law enforcement employers, and document the contact. This documentation must be available for review by the Board for a minimum of five years after the law enforcement officer's termination, retirement, resignation or separation with that agency.

(3) The database, documents, materials, or other information in the possession or control of the Board that are obtained by or disclosed to the Board under this subsection shall

be confidential by law and privileged, shall not be subject to
subpoena, and shall not be subject to discovery or admissible in
evidence in any private civil action. However, the Board is
authorized to use such documents, materials, or other information
in furtherance of any regulatory or legal action brought as part of
the Board's official duties. Unless otherwise required by law, the
Board shall not disclose the database or make such documents,
materials, or other information public without the prior written
consent of the governmental agency and the law enforcement
officer. Neither the Board nor any person who received documents,
materials or other information shared under this subsection shall
be required to testify in any private civil action concerning the
database or any confidential documents, materials, or information
subject to this subsection.

Nothing in this Section shall exempt a governmental agency from
disclosing public records in accordance with the Freedom of Information
Act.

(d) The Board shall maintain a searchable database of law
enforcement officers accessible to the public that shall include: (i) the law
enforcement officer's local or state governmental agency; (ii) the date of
the officer's initial certification and the officer's current certification
status; and (iii) any sustained complaint of misconduct that resulted in
decertification and the date thereof; provided, however, that information
shall not be included in the database that would allow the public to
ascertain the home address of an officer or another person; provided
further, that information regarding an officer's or another person's family
member shall not be included in the database. The Board shall make the
database publicly available on its website.

(e) The Board shall maintain a searchable database of all
completed investigations against law enforcement officers related to
decertification. The database shall identify each law enforcement officer
by a confidential and anonymous number and include: (i) the law
enforcement officer's local or state governmental agency; (ii) the date of
the incident referenced in the complaint; (iii) the location of the incident;
(iv) the race and ethnicity of each officer involved in the incident; (v) the
age, gender, race and ethnicity of each person involved in the incident, if
known; (vi) whether a person in the complaint, including a law
enforcement officer, was injured, received emergency medical care, was
hospitalized or died as a result of the incident; (vii) the governmental

agency or other entity assigned to conduct an investigation of the incident; 
(viii) when the investigation was completed; (ix) whether the complaint 
was sustained; and (x) the type of misconduct investigated; provided, 
however, that the Board shall redact or withhold such information as 
necessary to prevent the disclosure of the identity of an officer. The Board 
shall make the database publicly available on its website.

(e-1) An investigation is complete when the investigation has either 
been terminated or the decertification action, including the administrative 
review process, has been completed, whichever is later.

(f) Annual report. The Board shall submit an annual report to the 
Governor, Attorney General, President and Minority Leader of the Senate, 
and the Speaker and Minority Leader of the House of Representatives 
beginning on March 1, 2023, and every year thereafter indicating:

(1) the number of complaints received in the preceding 
calendar year, including but not limited to the race, gender, and 
type of complaints received;
(2) the number of investigations initiated in the preceding 
calendar year since the date of the last report;
(3) the number of investigations concluded in the preceding 
calendar year;
(4) the number of investigations pending as of the reporting 
date;

The failure of any permanent or part-time law enforcement police officer or permanent county corrections officer to successfully complete any course authorized under this Section shall not affect the officer's status as a member of the police department or county sheriff's office of any local governmental agency.

The Board may initiate, administer, and conduct training programs for clerks of circuit courts. Those training programs, at the Board's discretion, may be the same or variations of training programs for law enforcement officers.

PUBLIC ACT 101-0653
(House Bill No. 4276)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Employee Disability Act is amended by changing Section 1 as follows:

Sec. 1. Disability benefit.
(a) For the purposes of this Section, "eligible employee" means any part-time or full-time State correctional officer or any other full or part-time employee of the Department of Corrections, any full or part-time employee of the Prisoner Review Board, any full or part-time employee of the Department of Human Services working within a penal institution or a State mental health or developmental disabilities facility operated by the Department of Human Services, and any full-time law enforcement officer or full-time firefighter, including a full-time paramedic or a firefighter who performs paramedic duties, who is employed by the State of Illinois, any unit of local government (including any home rule unit), any State supported college or university, or any other public entity granted the power to employ persons for such purposes by law.

(b) Whenever an eligible employee suffers any injury in the line of duty which causes him to be unable to perform his duties, he shall continue to be paid by the employing public entity on the same basis as he was paid before the injury, with no deduction from his sick leave credits,

New matter indicated by italics - deletions by strikeout
compensatory time for overtime accumulations or vacation, or service
credits in a public employee pension fund during the time he is unable to
perform his duties due to the result of the injury, but not longer than one
year in relation to the same injury, except as otherwise provided under
subsection (b-5). However, no injury to an employee of the Department of
Corrections or the Prisoner Review Board working within a penal
institution or an employee of the Department of Human Services working
within a departmental mental health or developmental disabilities facility
shall qualify the employee for benefits under this Section unless the injury
is the direct or indirect result of violence by inmates of the penal
institution or residents of the mental health or developmental disabilities
facility.

(b-5) Upon the occurrence of circumstances, directly or indirectly
attributable to COVID-19, occurring on or after March 9, 2020 and on or
before June 30, 2021 (including the period between December 31, 2020
and the effective date of this amendatory Act of the 101st General
Assembly) which would hinder the physical recovery
from an injury of an eligible employee within the one-year period as
required under subsection (b), the eligible employee shall be entitled to an
extension of no longer than 60 days by which he or she shall continue to
be paid by the employing public entity on the same basis as he or she was
paid before the injury. The employing public entity may require proof of
the circumstances hindering an eligible employee's physical recovery
before granting the extension provided under this subsection (b-5).

(c) At any time during the period for which continuing
compensation is required by this Act, the employing public entity may
order at the expense of that entity physical or medical examinations of the
injured person to determine the degree of disability.

(d) During this period of disability, the injured person shall not be
employed in any other manner, with or without monetary compensation.
Any person who is employed in violation of this paragraph forfeits the
continuing compensation provided by this Act from the time such
employment begins. Any salary compensation due the injured person from
workers' compensation or any salary due him from any type of insurance
which may be carried by the employing public entity shall revert to that
entity during the time for which continuing compensation is paid to him
under this Act. Any person with a disability receiving compensation under
the provisions of this Act shall not be entitled to any benefits for which he

would qualify because of his disability under the provisions of the Illinois Pension Code.

(e) Any employee of the State of Illinois, as defined in Section 14-103.05 of the Illinois Pension Code, who becomes permanently unable to perform the duties of such employment due to an injury received in the active performance of his duties as a State employee as a result of a willful act of violence by another employee of the State of Illinois, as so defined, committed during such other employee's course of employment and after January 1, 1988, shall be eligible for benefits pursuant to the provisions of this Section. For purposes of this Section, permanent disability is defined as a diagnosis or prognosis of an inability to return to current job duties by a physician licensed to practice medicine in all of its branches.

(f) The compensation and other benefits provided to part-time employees covered by this Section shall be calculated based on the percentage of time the part-time employee was scheduled to work pursuant to his or her status as a part-time employee.

(g) Pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, this Act specifically denies and limits the exercise by home rule units of any power which is inconsistent herewith, and all existing laws and ordinances which are inconsistent herewith are hereby superseded. This Act does not preempt the concurrent exercise by home rule units of powers consistent herewith.

This Act does not apply to any home rule unit with a population of over 1,000,000.

(h) In those cases where the injury to a State employee for which a benefit is payable under this Act was caused under circumstances creating a legal liability for damages on the part of some person other than the State employer, all of the rights and privileges, including the right to notice of suit brought against such other person and the right to commence or join in such suit, as given the employer, together with the conditions or obligations imposed under paragraph (b) of Section 5 of the Workers' Compensation Act, are also given and granted to the State, to the end that, with respect to State employees only, the State may be paid or reimbursed for the amount of benefit paid or to be paid by the State to the injured employee or his or her personal representative out of any judgment, settlement, or payment for such injury obtained by such injured employee or his or her personal representative from such other person by virtue of the injury.

The total amount of the widow's annuity and children's awards payable to the family of such policeman shall not exceed the amounts stated in Section 5-152.

For the purposes of this Section only, the death of any policeman as a result of the exposure to and contraction of COVID-19, as evidenced by either (i) a confirmed positive laboratory test for COVID-19 or COVID-19 antibodies or (ii) a confirmed diagnosis of COVID-19 from a licensed medical professional, shall be rebuttably presumed to have been contracted while in the performance of an act or acts of duty and the policeman shall be rebuttably presumed to have been fatally injured while in active service. The presumption shall apply to any policeman who was exposed to and contracted COVID-19 on or after March 9, 2020 and on or before June 30, 2021 (including the period between December 31, 2020 and the effective date of this amendatory Act of the 101st General Assembly) except that the presumption shall not apply if the policeman was on a leave of absence from his or her employment or otherwise not required to report for duty for a period of 14 or more consecutive days immediately prior to the date of contraction of COVID-19. For the purposes of determining when a policeman contracted COVID-19 under this paragraph, the date of contraction is either the date that the policeman was diagnosed with COVID-19 or was unable to work due to symptoms that were later diagnosed as COVID-19, whichever occurred first.

The provisions of this Section, as amended by Public Act 84-1104, including the reference to the date upon which the deceased policeman would have attained age 63, shall apply to all widows of policemen whose death occurs on or after January 1, 1940 due to injury incurred in the performance of an act of duty, regardless of whether such death occurred prior to September 17, 1969. For those widows of policemen that died prior to September 17, 1969, who became eligible for compensation annuity by the action of Public Act 84-1104, such compensation annuity shall begin and be calculated from January 1, 1986. The provisions of this amendatory Act of 1987 are intended to restate and clarify the intent of Public Act 84-1104, and do not make any substantive change.

(b) Upon termination of the compensation annuity, "supplemental annuity" shall become payable to the widow, equal to the difference between the annuity for the widow and an amount equal to 75% of the annual salary (including all salary increases and longevity raises) that the policeman would have been receiving when he attained age 63 if the policeman had continued in service at the same rank (whether career service or exempt) that he last held in the police department. The increase in supplemental annuity resulting from this amendatory Act of the 92nd General Assembly applies without regard to whether the deceased policeman was in service on or after the effective date of this amendatory Act and is payable from July 1, 2002 or the date upon which the supplemental annuity begins, whichever is later.

(c) Neither compensation nor supplemental annuity shall be paid unless the death of the policeman was a direct result of the injury, or the injury was of such character as to prevent him from subsequently resuming service as a policeman; nor shall compensation or supplemental annuity be paid unless the widow was the wife of the policeman when the injury occurred.

(40 ILCS 5/5-153) (from Ch. 108 1/2, par. 5-153)
Sec. 5-153. Death benefit.

(a) Effective January 1, 1962, an ordinary death benefit is payable on account of any policeman in service and in receipt of salary on or after such date, which benefit is in addition to all other annuities and benefits herein provided. This benefit is payable upon death of a policeman:

(1) occurring in active service while in receipt of salary;

(2) on an authorized and approved leave of absence, without salary, beginning on or after January 1, 1962, if the death
occurs within 60 days from the date the employee was in receipt of salary; or otherwise in the service and not separated by resignation or discharge beginning January 1, 1962 if death occurs before his resignation or discharge from the service;

(3) receiving duty disability or ordinary disability benefit;

(4) occurring within 60 days from the date of termination of duty disability or ordinary disability benefit payments if re-entry into service had not occurred; or

(5) occurring on retirement and while in receipt of an age and service annuity, Tier 2 monthly retirement annuity, or prior service annuity; provided (a) retirement on such annuity occurred on or after January 1, 1962, and (b) such separation from service was effective on or after the policeman's attainment of age 50, and (c) application for such annuity was made within 60 days after separation from service.

(b) The ordinary death benefit is payable to such beneficiary or beneficiaries as the policeman has nominated by written direction duly signed and acknowledged before an officer authorized to take acknowledgments, and filed with the board. If no such written direction has been filed or if the designated beneficiaries do not survive the policeman, payment of the benefit shall be made to his estate.

(c) Until December 31, 1977, if death occurs prior to retirement on annuity and before the policeman's attainment of age 50, the amount of the benefit payable is $6,000. If death occurs prior to retirement, at age 50 or over, the benefit of $6,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $2,000. However, if death results from injury incurred in the performance of an act or acts of duty, prior to retirement on annuity, the amount of the benefit payable is $6,000 notwithstanding the age attained.

Until December 31, 1977, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $2,000 if retirement was effective upon attainment of age 55 or greater. If the policeman retired at age 50 or over and before age 55, the benefit of $2,000 shall be reduced $100 for each year or fraction of a year that the policeman's age at retirement was less than age 55 to a minimum payment of $1,500.

After December 31, 1977, and on or before January 1, 1986, if death occurs prior to retirement on annuity and before the policeman's...
attainment of age 50, the amount of the benefit payable is $7,000. If death occurs prior to retirement, at age 50 or over, the benefit of $7,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $3,000. However, if death results from injury incurred in the performance of an act or acts of duty, prior to retirement on annuity, the amount of the benefit payable is $7,000 notwithstanding the age attained.

After December 31, 1977, and on or before January 1, 1986, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $2,250 if retirement was effective upon attainment of age 55 or greater. If the policeman retired at age 50 or over and before age 55, the benefit of $2,250 shall be reduced $100 for each year or fraction of a year that the policeman's age at retirement was less than age 55 to a minimum payment of $1,750.

After January 1, 1986, if death occurs prior to retirement on annuity and before the policeman's attainment of age 50, the amount of benefit payable is $12,000. If death occurs prior to retirement, at age 50 or over, the benefit of $12,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $6,000. However, if death results from injury in the performance of an act or acts of duty, prior to retirement on annuity, the amount of benefit payable is $12,000 notwithstanding the age attained.

After January 1, 1986, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $6,000.

(d) For the purposes of this Section only, the death of any policeman as a result of the exposure to and contraction of COVID-19, as evidenced by either (i) a confirmed positive laboratory test for COVID-19 or COVID-19 antibodies or (ii) a confirmed diagnosis of COVID-19 from a licensed medical professional, shall be rebuttably presumed to have been contracted while in the performance of an act or acts of duty and the policeman shall be rebuttably presumed to have been fatally injured while in active service. The presumption shall apply to any policeman who was exposed to and contracted COVID-19 on or after March 9, 2020 and on or before June 30, 2021 (including the period between December 31, 2020 and the effective date of this amendatory Act of the 101st General Assembly) December 31, 2020; except that the presumption shall not apply

Sec. 6-140. Death in the line of duty.
(a) The annuity for the widow of a fireman whose death results from the performance of an act or acts of duty shall be an amount equal to 50% of the current annual salary attached to the classified position to which the fireman was certified at the time of his death and 75% thereof after December 31, 1972.

Unless the performance of an act or acts of duty results directly in the death of the fireman, or prevents him from subsequently resuming active service in the fire department, the annuity herein provided shall not be paid; nor shall such annuities be paid unless the widow was the wife of the fireman at the time of the act or acts of duty which resulted in his death.

For the purposes of this Section only, the death of any fireman as a result of the exposure to and contraction of COVID-19, as evidenced by either (i) a confirmed positive laboratory test for COVID-19 or COVID-19 antibodies or (ii) a confirmed diagnosis of COVID-19 from a licensed medical professional, shall be rebuttably presumed to have been contracted while in the performance of an act or acts of duty and the fireman shall be rebuttably presumed to have been fatally injured while in active service. (b) The changes made to this Section by this amendatory Act of the 92nd General Assembly apply without regard to whether the deceased fireman was in service on or after the effective date of this amendatory Act. In the case of a widow receiving an annuity under this Section that has been reduced to 40% of current salary because the fireman, had he lived, would have attained the age prescribed for compulsory retirement, the annuity shall be restored to the amount provided in subsection (a), with the increase beginning to accrue on the later of January 1, 2001 or the day the annuity first became payable.

(820 ILCS 310/1) (from Ch. 48, par. 172.36)

New matter indicated by italics - deletions by strikeout
Sec. 1. This Act shall be known and may be cited as the "Workers' Occupational Diseases Act".
(a) The term "employer" as used in this Act shall be construed to be:

1. The State and each county, city, town, township, incorporated village, school district, body politic, or municipal corporation therein.
2. Every person, firm, public or private corporation, including hospitals, public service, eleemosynary, religious or charitable corporations or associations, who has any person in service or under any contract for hire, express or implied, oral or written.
3. Where an employer operating under and subject to the provisions of this Act loans an employee to another such employer and such loaned employee sustains a compensable occupational disease in the employment of such borrowing employer and where such borrowing employer does not provide or pay the benefits or payments due such employee, such loaning employer shall be liable to provide or pay all benefits or payments due such employee under this Act and as to such employee the liability of such loaning and borrowing employers shall be joint and several, provided that such loaning employer shall in the absence of agreement to the contrary be entitled to receive from such borrowing employer full reimbursement for all sums paid or incurred pursuant to this paragraph together with reasonable attorneys' fees and expenses in any hearings before the Illinois Workers' Compensation Commission or in any action to secure such reimbursement. Where any benefit is provided or paid by such loaning employer, the employee shall have the duty of rendering reasonable cooperation in any hearings, trials or proceedings in the case, including such proceedings for reimbursement.

Where an employee files an Application for Adjustment of Claim with the Illinois Workers' Compensation Commission alleging that his or her claim is covered by the provisions of the preceding paragraph, and joining both the alleged loaning and borrowing employers, they and each of them, upon written demand by the employee and within 7 days after receipt of such demand, shall have the duty of filing with the Illinois Workers' Compensation Commission a written admission or denial of the
allegation that the claim is covered by the provisions of the
preceding paragraph and in default of such filing or if any such
denial be ultimately determined not to have been bona fide then the
provisions of Paragraph K of Section 19 of this Act shall apply.

An employer whose business or enterprise or a substantial
part thereof consists of hiring, procuring or furnishing employees
to or for other employers operating under and subject to the
provisions of this Act for the performance of the work of such
other employers and who pays such employees their salary or wage
notwithstanding that they are doing the work of such other
employers shall be deemed a loaning employer within the meaning
and provisions of this Section.

(b) The term "employee" as used in this Act, shall be construed to
mean:

1. Every person in the service of the State, county, city,
town, township, incorporated village or school district, body politic
or municipal corporation therein, whether by election, appointment
or contract of hire, express or implied, oral or written, including
any official of the State, or of any county, city, town, township,
incorporated village, school district, body politic or municipal
corporation therein and except any duly appointed member of the
fire department in any city whose population exceeds 500,000
according to the last Federal or State census, and except any
member of a fire insurance patrol maintained by a board of
underwriters in this State. One employed by a contractor who has
contracted with the State, or a county, city, town, township,

township, incorporated village, school district, body politic or
municipal corporation which made the contract.

2. Every person in the service of another under any contract
of hire, express or implied, oral or written, who contracts an
occupational disease while working in the State of Illinois, or who
contracts an occupational disease while working outside of the

State of Illinois, and any person whose employment is principally
localized within the State of Illinois, regardless of the place where
the disease was contracted or place where the contract of hire was

made, including aliens, and minors who, for the purpose of this Act, except Section 3 hereof, shall be considered the same and have the same power to contract, receive payments and give quittances therefor, as adult employees. An employee or his or her dependents under this Act who shall have a cause of action by reason of an occupational disease, disablement or death arising out of and in the course of his or her employment may elect or pursue his or her remedy in the State where the disease was contracted, or in the State where the contract of hire is made, or in the State where the employment is principally localized.

(c) "Commission" means the Illinois Workers' Compensation Commission created by the Workers' Compensation Act, approved July 9, 1951, as amended.

(d) In this Act the term "Occupational Disease" means a disease arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment. Such aggravation shall arise out of a risk peculiar to or increased by the employment and not common to the general public.

A disease shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin or aggravation in a risk connected with the employment and to have flowed from that source as a rational consequence.

An employee shall be conclusively deemed to have been exposed to the hazards of an occupational disease when, for any length of time however short, he or she is employed in an occupation or process in which the hazard of the disease exists; provided however, that in a claim of exposure to atomic radiation, the fact of such exposure must be verified by the records of the central registry of radiation exposure maintained by the Department of Public Health or by some other recognized governmental agency maintaining records of such exposures whenever and to the extent that the records are on file with the Department of Public Health or the agency.

bioterrorist incident to the employee as part of a voluntary inoculation program in connection with the person's employment or in connection with any governmental program or recommendation for the inoculation of workers in the employee's occupation, geographical area, or other category that includes the employee is deemed to arise out of and in the course of the employment for all purposes under this Act. This paragraph added by Public Act 93-829 is declarative of existing law and is not a new enactment.

The employer liable for the compensation in this Act provided shall be the employer in whose employment the employee was last exposed to the hazard of the occupational disease claimed upon regardless of the length of time of such last exposure, except, in cases of silicosis or asbestosis, the only employer liable shall be the last employer in whose employment the employee was last exposed during a period of 60 days or more after the effective date of this Act, to the hazard of such occupational disease, and, in such cases, an exposure during a period of less than 60 days, after the effective date of this Act, shall not be deemed a last exposure. If a miner who is suffering or suffered from pneumoconiosis was employed for 10 years or more in one or more coal mines there shall, effective July 1, 1973 be a rebuttable presumption that his or her pneumoconiosis arose out of such employment.

If a deceased miner was employed for 10 years or more in one or more coal mines and died from a respirable disease there shall, effective July 1, 1973, be a rebuttable presumption that his or her death was due to pneumoconiosis.

Any condition or impairment of health of an employee employed as a firefighter, emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic which results directly or indirectly from any bloodborne pathogen, lung or respiratory disease or condition, heart or vascular disease or condition, hypertension, tuberculosis, or cancer resulting in any disability (temporary, permanent, total, or partial) to the employee shall be rebuttably presumed to arise out of and in the course of the employee's firefighting, EMT, EMT-I, A-EMT, or paramedic employment and, further, shall be rebuttably presumed to be causally connected to the hazards or exposures of the employment. This presumption shall also apply to any hernia or hearing loss suffered by an employee employed as a firefighter, EMT, EMT-I, A-EMT, or paramedic. However, this presumption shall not apply to any employee who has been

New matter indicated by italics - deletions by strikeout
employed as a firefighter, EMT, EMT-I, A-EMT, or paramedic for less than 5 years at the time he or she files an Application for Adjustment of Claim concerning this condition or impairment with the Illinois Workers' Compensation Commission. The rebuttable presumption established under this subsection, however, does not apply to an emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic employed by a private employer if the employee spends the preponderance of his or her work time for that employer engaged in medical transfers between medical care facilities or non-emergency medical transfers to or from medical care facilities. The changes made to this subsection by this amendatory Act of the 98th General Assembly shall be narrowly construed. The Finding and Decision of the Illinois Workers' Compensation Commission under only the rebuttable presumption provision of this paragraph shall not be admissible or be deemed res judicata in any disability claim under the Illinois Pension Code arising out of the same medical condition; however, this sentence makes no change to the law set forth in Krohe v. City of Bloomington, 204 Ill.2d 392.

The insurance carrier liable shall be the carrier whose policy was in effect covering the employer liable on the last day of the exposure rendering such employer liable in accordance with the provisions of this Act.

(e) "Disablement" means an impairment or partial impairment, temporary or permanent, in the function of the body or any of the members of the body, or the event of becoming disabled from earning full wages at the work in which the employee was engaged when last exposed to the hazards of the occupational disease by the employer from whom he or she claims compensation, or equal wages in other suitable employment; and "disability" means the state of being so incapacitated.

(f) No compensation shall be payable for or on account of any occupational disease unless disablement, as herein defined, occurs within two years after the last day of the last exposure to the hazards of the disease, except in cases of occupational disease caused by berylliosis or by the inhalation of silica dust or asbestos dust and, in such cases, within 3 years after the last day of the last exposure to the hazards of such disease and except in the case of occupational disease caused by exposure to radiological materials or equipment, and in such case, within 25 years after the last day of last exposure to the hazards of such disease.

(g)(1) In any proceeding before the Commission in which the employee is a COVID-19 first responder or front-line worker as defined in this subsection, if the employee's injury or occupational disease resulted from exposure to and contraction of COVID-19, the exposure and contraction shall be rebuttably presumed to have arisen out of and in the course of the employee's first responder or front-line worker employment and the injury or occupational disease shall be rebuttably presumed to be causally connected to the hazards or exposures of the employee's first responder or front-line worker employment.

(2) The term "COVID-19 first responder or front-line worker" means: all individuals employed as police, fire personnel, emergency medical technicians, or paramedics; all individuals employed and considered as first responders; all workers for health care providers, including nursing homes and rehabilitation facilities and home care workers; corrections officers; and any individuals employed by essential businesses and operations as defined in Executive Order 2020-10 dated March 20, 2020, as long as individuals employed by essential businesses and operations are required by their employment to encounter members of the general public or to work in employment locations of more than 15 employees. For purposes of this subsection only, an employee's home or place of residence is not a place of employment, except for home care workers.

(3) The presumption created in this subsection may be rebutted by evidence, including, but not limited to, the following:

(A) the employee was working from his or her home, on leave from his or her employment, or some combination thereof, for a period of 14 or more consecutive days immediately prior to the employee's injury, occupational disease, or period of incapacity resulted from exposure to COVID-19; or

(B) the employer was engaging in and applying to the fullest extent possible or enforcing to the best of its ability industry-specific workplace sanitation, social distancing, and health and safety practices based on updated guidance issued by the Centers for Disease Control and Prevention or Illinois Department of Public Health or was using a combination of administrative controls, engineering controls, or personal protective equipment to reduce the transmission of COVID-19 to all employees for at least 14 consecutive days prior to the employee's injury, occupational disease, or period of incapacity resulting from exposure to COVID-19.
19. For purposes of this subsection, "updated" means the guidance in effect at least 14 days prior to the COVID-19 diagnosis. For purposes of this subsection, "personal protective equipment" means industry-specific equipment worn to minimize exposure to hazards that cause illnesses or serious injuries, which may result from contact with biological, chemical, radiological, physical, electrical, mechanical, or other workplace hazards. "Personal protective equipment" includes, but is not limited to, items such as face coverings, gloves, safety glasses, safety face shields, barriers, shoes, earplugs or muffs, hard hats, respirators, coveralls, vests, and full body suits; or

(C) the employee was exposed to COVID-19 by an alternate source.

(4) The rebuttable presumption created in this subsection applies to all cases tried after June 5, 2020 (the effective date of Public Act 101-633) this amendatory Act of the 101st General Assembly and in which the diagnosis of COVID-19 was made on or after March 9, 2020 and on or before June 30, 2021 (including the period between December 31, 2020 and the effective date of this amendatory Act of the 101st General Assembly) December 31, 2020.

(5) Under no circumstances shall any COVID-19 case increase or affect any employer's workers' compensation insurance experience rating or modification, but COVID-19 costs may be included in determining overall State loss costs.

(6) In order for the presumption created in this subsection to apply at trial, for COVID-19 diagnoses occurring on or before June 15, 2020, an employee must provide a confirmed medical diagnosis by a licensed medical practitioner or a positive laboratory test for COVID-19 or for COVID-19 antibodies; for COVID-19 diagnoses occurring after June 15, 2020, an employee must provide a positive laboratory test for COVID-19 or for COVID-19 antibodies.

(7) The presumption created in this subsection does not apply if the employee's place of employment was solely the employee's home or residence for a period of 14 or more consecutive days immediately prior to the employee's injury, occupational disease, or period of incapacity resulted from exposure to COVID-19.

(8) The date of injury or the beginning of the employee's occupational disease or period of disability is either the date that the employee was unable to work due to contraction of COVID-19 or was

New matter indicated by italics - deletions by strikeout
unable to work due to symptoms that were later diagnosed as COVID-19, whichever came first.

(9) An employee who contracts COVID-19, but fails to establish the rebuttable presumption is not precluded from filing for compensation under this Act or under the Workers' Compensation Act.

(10) To qualify for temporary total disability benefits under the presumption created in this subsection, the employee must be certified for or recertified for temporary disability.

(11) An employer is entitled to a credit against any liability for temporary total disability due to an employee as a result of the employee contracting COVID-19 for (A) any sick leave benefits or extended salary benefits paid to the employee by the employer under Emergency Family Medical Leave Expansion Act, Emergency Paid Sick Leave Act of the Families First Coronavirus Response Act, or any other federal law, or (B) any other credit to which an employer is entitled under the Workers' Compensation Act.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Article 5.

Section 5-5. The School Code is amended by adding Section 2-3.64a-10 and by changing Section 27A-5 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 2-3.64a-10. Kindergarten assessment.
(a) For the purposes of this Section, "kindergarten" includes both full-day and half-day kindergarten programs.
(b) Beginning no later than the 2021-2022 school year, the State Board of Education shall annually assess all public school students entering kindergarten using a common assessment tool, unless the State Board determines that a student is otherwise exempt. The common assessment tool must assess multiple developmental domains, including literacy, language, mathematics, and social and emotional development. The assessment must be valid, reliable, and developmentally appropriate to formatively assess a child's development and readiness for kindergarten.
(c) Results from the assessment may be used by the school to understand the child's development and readiness for kindergarten, to tailor instruction, and to measure the child's progress over time. Assessment results may also be used to identify a need for the professional development of teachers and early childhood educators and to inform State-level and district-level policies and resource allocation.

The school shall make the assessment results available to the child's parent or guardian.

The assessment results may not be used (i) to prevent a child from enrolling in kindergarten or (ii) as the sole measure used in determining the grade promotion or retention of a student.

(d) On an annual basis, the State Board shall report publicly, at a minimum, data from the assessment for the State overall and for each school district. The State Board's report must disaggregate data by race and ethnicity, household income, students who are English learners, and students who have an individualized education program.

(e) The State Superintendent of Education shall appoint a committee of no more than 21 members, consisting of parents, teachers, school administrators, assessment experts, and regional superintendents of schools, to review, on an ongoing basis, the content and design of the assessment, the collective results of the assessment as measured against kindergarten-readiness standards, and other issues involving the assessment as identified by the committee.

The committee shall make periodic recommendations to the State Superintendent of Education and the General Assembly concerning the assessments.
(f) The State Board may adopt rules to implement and administer this Section.

(105 ILCS 5/27A-5)
Sec. 27A-5. Charter school; legal entity; requirements.
(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act. No later than January 1, 2021 (one year after the effective date of Public Act 101-291) this amendatory Act of the 101st General Assembly, a charter school's board of directors or other governing body must include at least one parent or guardian of a pupil currently enrolled in the charter school who may be selected through the charter school or a charter network election, appointment by the charter school's board of directors or other governing
body, or by the charter school's Parent Teacher Organization or its equivalent.

(c-5) No later than January 1, 2021 (one year after the effective date of Public Act 101-291) this amendatory Act of the 101st General Assembly or within the first year of his or her first term, every voting member of a charter school's board of directors or other governing body shall complete a minimum of 4 hours of professional development leadership training to ensure that each member has sufficient familiarity with the board's or governing body's role and responsibilities, including financial oversight and accountability of the school, evaluating the principal's and school's performance, adherence to the Freedom of Information Act and the Open Meetings Act, and compliance with education and labor law. In each subsequent year of his or her term, a voting member of a charter school's board of directors or other governing body shall complete a minimum of 2 hours of professional development training in these same areas. The training under this subsection may be provided or certified by a statewide charter school membership association or may be provided or certified by other qualified providers approved by the State Board of Education.

(d) For purposes of this subsection (d), "non-curricular health and safety requirement" means any health and safety requirement created by statute or rule to provide, maintain, preserve, or safeguard safe or healthful conditions for students and school personnel or to eliminate, reduce, or prevent threats to the health and safety of students and school personnel. "Non-curricular health and safety requirement" does not include any course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be updated annually no later than September 1. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during

the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies; however, a charter school is not exempt from the following:

(1) Sections 10-21.9 and 34-18.5 of this Code regarding criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database of applicants for employment;

(2) Sections 10-20.14, 10-22.6, 24-24, 34-19, and 34-84a of this Code regarding discipline of students;

(3) the Local Governmental and Governmental Employees Tort Immunity Act;

(4) Section 108.75 of the General Not For Profit Corporation Act of 1986 regarding indemnification of officers, directors, employees, and agents;

(5) the Abused and Neglected Child Reporting Act;

(5.5) subsection (b) of Section 10-23.12 and subsection (b) of Section 34-18.6 of this Code;
(6) the Illinois School Student Records Act;
(7) Section 10-17a of this Code regarding school report cards;
(8) the P-20 Longitudinal Education Data System Act;
(9) Section 27-23.7 of this Code regarding bullying prevention;
(10) Section 2-3.162 of this Code regarding student discipline reporting;
(11) Sections 22-80 and 27-8.1 of this Code;
(12) Sections 10-20.60 and 34-18.53 of this Code;
(13) Sections 10-20.63 and 34-18.56 of this Code;
(14) Section 26-18 of this Code;
(15) Section 22-30 of this Code; and
(16) Sections 24-12 and 34-85 of this Code; 
(17) the The Seizure Smart School Act; and 
(18) Section 2-3.64a-10 of this Code.

The change made by Public Act 96-104 to this subsection (g) is declaratory of existing law.

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. However, a charter school that is established on or after April 16, 2003 (the effective date of Public Act 93-3) and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on April 16, 2003 (the effective date of Public Act 93-3) and concludes at the end of the 2004-2005 school year. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school contracts with a school district shall be provided by the district at cost. Any services for which a charter school contracts with a local school board or with the governing body of a State college or

university or public community college shall be provided by the public entity at cost.

   (i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

   (j) A charter school may limit student enrollment by age or grade level.

   (k) If the charter school is approved by the State Board or Commission, then the charter school is its own local education agency.

Article 10.

Section 10-5. The Early Intervention Services System Act is amended by changing Section 11 as follows:

   (325 ILCS 20/11) (from Ch. 23, par. 4161)
   Sec. 11. Individualized Family Service Plans.
   (a) Each eligible infant or toddler and that infant's or toddler's family shall receive:

       (1) timely, comprehensive, multidisciplinary assessment of
           the unique strengths and needs of each eligible infant and toddler,
           and assessment of the concerns and priorities of the families to
           appropriately assist them in meeting their needs and identify
           supports and services to meet those needs; and

       (2) a written Individualized Family Service Plan developed
           by a multidisciplinary team which includes the parent or guardian.
           The individualized family service plan shall be based on the
           multidisciplinary team's assessment of the resources, priorities, and
           concerns of the family and its identification of the supports and
           services necessary to enhance the family's capacity to meet the
           developmental needs of the infant or toddler, and shall include the
           identification of services appropriate to meet those needs,
           including the frequency, intensity, and method of delivering

   New matter indicated by italics - deletions by strikeout
services. During and as part of the initial development of the individualized family services plan, and any periodic reviews of the plan, the multidisciplinary team may seek consultation from the lead agency's designated experts, if any, to help determine appropriate services and the frequency and intensity of those services. All services in the individualized family services plan must be justified by the multidisciplinary assessment of the unique strengths and needs of the infant or toddler and must be appropriate to meet those needs. At the periodic reviews, the team shall determine whether modification or revision of the outcomes or services is necessary.

(b) The Individualized Family Service Plan shall be evaluated once a year and the family shall be provided a review of the Plan at 6 month intervals or more often where appropriate based on infant or toddler and family needs. The lead agency shall create a quality review process regarding Individualized Family Service Plan development and changes thereto, to monitor and help assure that resources are being used to provide appropriate early intervention services.

(c) The initial evaluation and initial assessment and initial Plan meeting must be held within 45 days after the initial contact with the early intervention services system. The 45-day timeline does not apply for any period when the child or parent is unavailable to complete the initial evaluation, the initial assessments of the child and family, or the initial Plan meeting, due to exceptional family circumstances that are documented in the child's early intervention records, or when the parent has not provided consent for the initial evaluation or the initial assessment of the child despite documented, repeated attempts to obtain parental consent. As soon as exceptional family circumstances no longer exist or parental consent has been obtained, the initial evaluation, the initial assessment, and the initial Plan meeting must be completed as soon as possible. With parental consent, early intervention services may commence before the completion of the comprehensive assessment and development of the Plan.

(d) Parents must be informed that early intervention services shall be provided to each eligible infant and toddler, to the maximum extent appropriate, in the natural environment, which may include the home or other community settings. Parents shall make the final decision to accept or decline early intervention services. A decision to decline such services shall not be a basis for administrative determination of parental fitness, or
other findings or sanctions against the parents. Parameters of the Plan shall be set forth in rules.

(e) The regional intake offices shall explain to each family, orally and in writing, all of the following:

1. That the early intervention program will pay for all early intervention services set forth in the individualized family service plan that are not covered or paid under the family's public or private insurance plan or policy and not eligible for payment through any other third party payor.

2. That services will not be delayed due to any rules or restrictions under the family's insurance plan or policy.

3. That the family may request, with appropriate documentation supporting the request, a determination of an exemption from private insurance use under Section 13.25.

4. That responsibility for co-payments or co-insurance under a family's private insurance plan or policy will be transferred to the lead agency's central billing office.

5. That families will be responsible for payments of family fees, which will be based on a sliding scale according to the State's definition of ability to pay which is comparing household size and income to the sliding scale and considering out-of-pocket medical or disaster expenses, and that these fees are payable to the central billing office. Families who fail to provide income information shall be charged the maximum amount on the sliding scale.

(f) The individualized family service plan must state whether the family has private insurance coverage and, if the family has such coverage, must have attached to it a copy of the family's insurance identification card or otherwise include all of the following information:

1. The name, address, and telephone number of the insurance carrier.

2. The contract number and policy number of the insurance plan.

3. The name, address, and social security number of the primary insured.

4. The beginning date of the insurance benefit year.

(g) A copy of the individualized family service plan must be provided to each enrolled provider who is providing early intervention services to the child who is the subject of that plan.

New matter indicated by italics - deletions by strikeout
(h) Children receiving services under this Act shall receive a smooth and effective transition by their third birthday consistent with federal regulations adopted pursuant to Sections 1431 through 1444 of Title 20 of the United States Code. Beginning July 1, 2022, children who receive early intervention services prior to their third birthday and are found eligible for an individualized education program under the Individuals with Disabilities Education Act, 20 U.S.C. 1414(d)(1)(A), and under Section 14-8.02 of the School Code and whose birthday falls between May 1 and August 31 may continue to receive early intervention services until the beginning of the school year following their third birthday in order to minimize gaps in services, ensure better continuity of care, and align practices for the enrollment of preschool children with special needs to the enrollment practices of typically developing preschool children.

Article 15.

Section 15-1. Short title. This Article may be cited as the Equitable Early Childhood Education and Care Act. References in this Article to "this Act" mean this Article.

Section 15-5. Findings; policies.
(a) The General Assembly finds the following:

(1) Long-standing research shows that high-quality early childhood experiences have an impact on children's short-term and long-term outcomes, such as educational attainment, health, and lifetime income, particularly for children from low-income families.

(2) Early childhood education and care programs provide child care so parents can maintain stable employment, provide for themselves and their families, and advance their career or educational goals.

(3) Illinois has a vigorous early childhood education and care industry composed of programs that serve children under the age of 6, including preschool and child care in schools, centers, and homes; these programs also include home visiting and services for young children with special needs.

(4) A significant portion of the early childhood workforce and of family child care providers are Black and Latinx women.

(5) Illinois was among the first states in the nation to enact the Pre-K At-Risk program and services for infants and toddlers in
the 1980s and reaffirmed this commitment to early childhood education in 2006 by creating Preschool for All to offer State-funded, high-quality preschool to 3-year-olds and 4-year-olds.

(6) Illinois was one of the first states in the nation to commit education funding to very young children and to have a statutory commitment to grow funding for infant-toddler services as it grows preschool services, including prenatal supports like home visitors and doulas.

(7) Countless children and families have benefitted from these services over these decades and have had the opportunity to enter school ready to learn and succeed.

(8) Despite progress made by the State, too few children, particularly those from Black, Latinx, and low-income households and child care deserts, have access to high-quality early childhood education and care services, due to both the availability and affordability of quality services.

(9) In 2019, only 29% of all children in Illinois entered kindergarten "ready"; only 21% of Black children, 17% of Latinx children, 14% of English Learners, 14% of children with IEPs, and 20% of children on free and reduced lunch demonstrated readiness, highlighting the critical work Illinois must do to close gaps in opportunity and outcomes.

(10) The State's early childhood education and care programs are maintained across 3 state agencies, which leads to inefficiencies, lack of alignment, challenges to collecting comprehensive data around services and needs of children and families, and obstacles for both children and families and the early childhood education and care providers to navigate the fragmented system and ensure children receive high-quality services that meet their needs.

(11) The State's current mechanisms for payment to early childhood education and care providers may not incentivize quality services and can lead to payment delays, lack of stability of providers, and the inability of providers to provide appropriate compensation to the workforce and support quality programming.

(12) Illinois must advance a just system for early childhood education and care that ensures racially and economically equitable opportunities and outcomes for all children.

New matter indicated by italics - deletions by strikeout
(13) In 2017, Illinois became a national leader in passing the K-12 Evidence-Based Funding formula for public schools, creating a mechanism to adequately fund and equitably disburse resources throughout the State and prioritize funding for school districts that need it most.

(b) The General Assembly supports the following goals of the Illinois Commission on Equitable Early Childhood Education and Care Funding:

(1) To create a more equitable, efficient, and effective system and thereby increase access to high-quality services, particularly to serve more Black and Latinx children and populations of children where children of color may be disproportionately represented, such as: children from low-income households, with disabilities, experiencing homelessness, and participating in the child welfare system; English learners; and children from households in which English is not the primary language spoken.

(2) To ensure a more equitable system, we support the Commission's goal of consolidating programs and services into a single, adequately staffed State agency to align and coordinate services, to decrease barriers to access for families and make it easier for them to navigate the system, and to better collect, use, and report comprehensive data to ensure disparities in services are addressed.

(3) To ensure equitable and adequate funding to expand access to high-quality services and increase compensation of this vital workforce, a significant proportion of which are Black and Latinx women. The General Assembly encourages the State to commit to a multi-year plan designed to move the State toward adequate funding over time.

(4) To redesign the mechanisms by which the State pays providers of early childhood education and care services to ensure provider stability, capacity, and quality and to make sure providers and services are available to families throughout the State, including in areas of child care deserts and concentrated poverty.

(5) To ensure comprehensive data on children and families' access to and participation in programs and resulting outcomes, including, but not limited to, kindergarten readiness, to understand
and address the degree to which the State is reaching children and families and ensuring equitable opportunity and outcomes.

(c) The General Assembly encourages the State to create a planning process and timeline, with a designated body accountable for implementing the Commission's recommendations, that includes engagement of parents, providers, communities, experts, and other stakeholders and to regularly evaluate the impact of the implementation of the Commission's recommendations to ensure they impact children, families, and communities as intended and lead to a more equitable early childhood education and care system for Illinois.

Section 20-5. Findings. The General Assembly finds the following:

(1) The State of Illinois spends billions of dollars annually on grants and programs to ensure that all Illinoisans have the economic, health and safety, educational, and other opportunities to be successful, but it is still insufficient to serve all the needs of all Illinoisans.

(2) To be good fiscal stewards of State funds, it is necessary to ensure that the limited State funding is spent on the right services, at the right time, in the right dosages, to the right individuals, and in the most equitable manner.

(3) Historical equity gaps exist in the administration of programs across the State and understanding where these exist is necessary for adjusting program scopes and ensuring that gaps can be found and rectified quickly.

(4) Different subpopulations of individuals may have different needs and may experience different outcomes from similar programs.

(5) Measuring average outcomes across an entire population is insufficient to understand the equity impacts of a program on specific subpopulations.

(6) Silos in information sharing exist across agencies and that measuring the outcomes and impacts of programs requires multiple agencies to share data.

(7) There is no existing mechanism for agencies to ensure they are collecting information on programs that can be easily

New matter indicated by italics - deletions by strikeout
matched to other agencies to understand program effectiveness, as well as equity and access gaps that may exist.

(8) The establishment of a system of data governance and improved analytic capability is critical to support equitable provision of services and the evaluation of equitable outcomes for the citizens of Illinois.

(9) Sound data collection, reporting, and analysis is necessary to ensure that practice and policy decisions and outcomes are driven by a culture of data use and actionable information that supports equity and engages stakeholders.

(10) Data governance and the classification of data is a critical component of improving the security and privacy of data.

(11) The P-20 Longitudinal Education Data System Act, enacted by Public Act 96-107, was created in 2009 to develop the capacity to match data across agencies and provide for improved data analytics across education agencies.

(12) The P-20 Longitudinal Education Data System has expanded to include the incorporation of human services, workforce, and education agencies.

(13) The implementation of the P-20 Longitudinal Education Data System has allowed the State to improve its ability to manage and to bring together data across agencies.

(14) Merging data across agencies has highlighted the degree to which there are different approaches to capturing similar data across agencies, including how race and ethnicity data are captured.

(15) The State of Illinois needs to establish common processes and procedures for all of the following:

(A) Cataloging data.
(B) Managing data requests.
(C) Sharing data.
(D) Collecting data.
(E) Matching data across agencies.
(F) Developing research and analytic agendas.
(G) Reporting on program participation disaggregated by race and ethnicity.
(H) Evaluating equitable outcomes for underserved populations in Illinois.
(I) Defining common roles for data management across agencies.

Section 20-10. Definitions. In this Act:
"Board" means the State Board of Education.
"Department" means any of the following: the Department on Aging, the Department of Central Management Services, the Department of Children and Family Services, the Department of Corrections, the Department of Juvenile Justice, the Illinois Department of Labor, the Department of Healthcare and Family Services, the Department of Human Services, the Department of Public Health, or the Illinois Department of Transportation.

(a) On or before July 1, 2022 and each July 1 thereafter, the Board and the Department shall report statistical data on the racial and ethnic demographics of program participants for each major program administered by the Board or the Department. Except as provided in subsection (b), when reporting the data required under this Section, the Board or the Department shall use the same racial and ethnic classifications for each program, which shall include, but not be limited to, the following:

(1) American Indian and Alaska Native alone.
(2) Asian alone.
(3) Black or African American alone.
(4) Hispanic or Latino of any race.

(6) White alone.
(7) Some other race alone.
(8) Two or more races.

The Board and the Department may further define, by rule, the racial and ethnic classifications, including, if necessary, a classification of "No Race Specified".

(c) If a program administered by the Board or the Department is subject to federal reporting requirements that include the collection and public reporting of statistical data on the racial and ethnic demographics of program participants, the Department may maintain the same racial and ethnic classifications used under the federal requirements if such classifications differ from the classifications listed in subsection (a).
(d) The Department of Innovation and Technology shall assist the Board and the Department by establishing common technological processes and procedures for the Board and the Department to:

(1) Catalog data.
(2) Identify similar fields in datasets.
(3) Manage data requests.
(4) Share data.
(5) Collect data.
(6) Improve and clean data.
(7) Match data across the Board and Departments.
(8) Develop research and analytic agendas.
(9) Report on program participation disaggregated by race and ethnicity.
(10) Evaluate equitable outcomes for underserved populations in Illinois.
(11) Define common roles for data management.
(12) Ensure that all major programs can report disaggregated data by race and ethnicity.

The Board and the Department shall use the common technological processes and procedures established by the Department of Innovation and Technology.

(e) If the Board or the Department is unable to begin reporting the data required by subsection (a) by July 1, 2022, the Board or the Department shall state the reasons for the delay under the reporting requirements.

(f) By no later than March 31, 2022, the Board and the Department shall provide a progress report to the General Assembly to disclose: (i) the programs and datasets that have been cataloged for which race and ethnicity has been standardized; and (ii) to the extent possible, the datasets and programs that are outstanding for each agency and the datasets that are planned for the upcoming year. On or before March 31, 2023, and each year thereafter, the Board and Departments shall provide an updated report to the General Assembly.

(g) By no later than October 31, 2021, the Governor's Office shall provide a plan to establish processes for input from the Board and the Department into processes outlined in subsection (b). The plan shall incorporate ongoing efforts at data interoperability within the Department and the governance established to support the P-20 Longitudinal Education Data System enacted by Public Act 96-107.

Sec. 22-90. Whole Child Task Force.
(a) The General Assembly makes all of the following findings:

(1) The COVID-19 pandemic has exposed systemic inequities in American society. Students, educators, and families throughout this State have been deeply affected by the pandemic, and the impact of the pandemic will be felt for years to come. The negative consequences of the pandemic have impacted students and communities differently along the lines of race, income, language, and special needs. However, students in this State faced significant unmet physical health, mental health, and social and emotional needs even prior to the pandemic.

(2) The path to recovery requires a commitment from adults in this State to address our students cultural, physical, emotional, and mental health needs and to provide them with stronger and increased systemic support and intervention.

(3) It is well documented that trauma and toxic stress diminish a child's ability to thrive. Forms of childhood trauma and toxic stress include adverse childhood experiences, systemic racism, poverty, food and housing insecurity, and gender-based violence. The COVID-19 pandemic has exacerbated these issues and brought them into focus.

(4) It is estimated that, overall, approximately 40% of children in this State have experienced at least one adverse childhood experience and approximately 10% have experienced 3 or more adverse childhood experiences. However, the number of adverse childhood experiences is higher for Black and Hispanic children who are growing up in poverty. The COVID-19 pandemic has amplified the number of students who have experienced

New matter indicated by italics - deletions by strikeout
childhood trauma. Also, the COVID-19 pandemic has highlighted preexisting inequities in school disciplinary practices that disproportionately impact Black and Brown students. Research shows, for example, that girls of color are disproportionately impacted by trauma, adversity, and abuse, and instead of receiving the care and trauma-informed support they may need, many Black girls in particular face disproportionately harsh disciplinary measures.

(5) The cumulative effects of trauma and toxic stress adversely impact the physical health of students, as well as their ability to learn, form relationships, and self-regulate. If left unaddressed, these effects increase a student's risk for depression, alcoholism, anxiety, asthma, smoking, and suicide, all of which are risks that disproportionately affect Black youth and may lead to a host of medical diseases as an adult. Access to infant and early childhood mental health services is critical to ensure the social and emotional well-being of this State's youngest children, particularly those children who have experienced trauma.

(6) Although this State enacted measures through Public Act 100-105 to address the high rate of early care and preschool expulsions of infants, toddlers, and preschoolers and the disproportionately higher rate of expulsion for Black and Hispanic children, a recent study found a wide variation in the awareness, understanding, and compliance with the law by providers of early childhood care. Further work is needed to implement the law, which includes providing training to early childhood care providers to increase their understanding of the law, increasing the availability and access to infant and early childhood mental health services, and building aligned data collection systems to better understand expulsion rates and to allow for accurate reporting as required by the law.

(7) Many educators and schools in this State have embraced and implemented evidenced-based restorative justice and trauma-responsive and culturally relevant practices and interventions. However, the use of these interventions on students is often isolated or is implemented occasionally and only if the school has the appropriate leadership, resources, and partners available to engage seriously in this work. It would be malpractice...
to deny our students access to these practices and interventions, especially in the aftermath of a once-in-a-century pandemic.

(b) The Whole Child Task Force is created for the purpose of establishing an equitable, inclusive, safe, and supportive environment in all schools for every student in this State. The task force shall have all of the following goals, which means key steps have to be taken to ensure that every child in every school in this State has access to teachers, social workers, school leaders, support personnel, and others who have been trained in evidenced-based interventions and restorative practices:

1. To create a common definition of a trauma-responsive school, a trauma-responsive district, and a trauma-responsive community.

2. To outline the training and resources required to create and sustain a system of support for trauma-responsive schools, districts, and communities and to identify this State's role in that work, including recommendations concerning options for redirecting resources from school resource officers to classroom-based support.

3. To identify or develop a process to conduct an analysis of the organizations that provide training in restorative practices, implicit bias, anti-racism, and trauma-responsive systems, mental health services, and social and emotional services to schools.

4. To provide recommendations concerning the key data to be collected and reported to ensure that this State has a full and accurate understanding of the progress toward ensuring that all schools, including programs and providers of care to pre-kindergarten children, employ restorative, anti-racist, and trauma-responsive strategies and practices. The data collected must include information relating to the availability of trauma responsive support structures in schools as well as disciplinary practices employed on students in person or through other means, including during remote or blended learning. It should also include information on the use of, and funding for, school resource officers and other similar police personnel in school programs.

5. To recommend an implementation timeline, including the key roles, responsibilities, and resources to advance this State toward a system in which every school, district, and community is progressing toward becoming trauma-responsive.

Section 35-1. Short title. This Article may be cited as the Infant/Early Childhood Mental Health Consultations Act. References in this Article to "this Act" mean this Article.

Section 35-5. Findings; policies.

(a) The General Assembly finds the following:

(1) Social and emotional development is a core developmental domain in young children and is codified in the Illinois Early Learning Standards.

(2) Fostering social and emotional development in early childhood means both providing the supportive settings and interactions to maximize healthy social and emotional development for all children, as well as providing communities, programs, and providers with systems of tiered supports with training to respond to more significant social and emotional challenges or where experiences of trauma may be more prevalent.

(3) Early care and education programs and providers, across a range of settings, have an important role to play in supporting young children and families, especially those who face greater challenges, such as trauma exposure, social isolation, pervasive poverty, and toxic stress; if programs, teaching staff, caregivers,
and providers are not provided with the support, services, and training needed to accomplish these goals, it can lead to children and families being asked to leave programs, particularly without connection to more appropriate services, thereby creating a disruption in learning and social-emotional development; investments in reflective supervision, professional development specific to diversity, equity and inclusion practice, culturally responsive training, implicit bias training, and how trauma experienced during the early years can manifest in challenging behaviors will create systems for serving children that are informed in developmentally appropriate and responsive supports.

(4) Studies have shown that the expulsion of infants, toddlers, and young children in early care and education settings is occurring at alarmingly high rates, more than 3 times that of students in K-12; further, expulsion occurs more frequently for Black children and Latinx children and more frequently for boys than for girls, with Black boys being most frequently expelled; there is evidence to show that the expulsion of Black girls is occurring with increasing frequency.

(5) Illinois took its first steps toward addressing this disparity through Public Act 100-105 to prohibit expulsion due to child behavior in early care and education settings, but further work is needed to implement this law, including strengthening provider understanding of a successful transition and beginning to identify strategies to reduce "soft expulsions" and to ensure more young children and their teachers, providers, and caregivers, in a range of early care and education settings, can benefit from services, such as Infant/Early Childhood Mental Health Consultations (I/ECMHC) and positive behavior interventions and supports such as the Pyramid Model.

(6) I/ECMHC is a critical component needed to align social-emotional well-being with the public health model of promotion, prevention, and intervention across early care and education systems.

(b) The General Assembly encourages that all of the following actions be taken by:

(1) the State to increase the availability of Infant/Early Childhood Mental Health Consultations (I/ECMHC) through increased funding in early childhood programs and sustainable
funding for coordination of I/ECMHC and other social and emotional support at the State level;

(2) the Department of Human Services (IDHS), the Illinois State Board of Education (ISBE), the Governor's Office of Early Childhood Development (GOECD), and other relevant agencies to develop and promote provider-accessible and parent-accessible materials, including native language, on the role and value of I/ECMHC, including targeted promotion in underserved communities, and promote the use of existing I/ECMHCs, the I/ECMHC consultant database, or other existing services;

(3) the State to increase funding to promote and provide training and implementation support for systems of tiered support, such as the Pyramid Model, across early childhood settings and urge DHS, ISBE, GOECD, and other relevant State agencies to coordinate efforts and develop strategies to provide outreach to and support providers in underserved communities and communities with fewer programmatic resources; and

(4) ISBE and DCFS to provide the data required by Public Act 100-105, even if the data is incomplete at the time due to data system challenges.

Sec. 5-39. Behavioral health services for children; diagnostic assessment system. Beginning on July 1, 2022, if it is necessary to provide a diagnostic code for behavioral health services for children ages 5 and under, providers shall utilize a developmentally appropriate and age-appropriate diagnostic assessment system, such as the Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood-Revised (DC:0-5), for diagnosis and treatment planning. If necessary for billing purposes, the provider, managed care organization, or Department shall utilize the existing crosswalk tool to convert the developmentally appropriate and age-appropriate diagnosis code to the relevant code available in the State system.

By no later than January 1, 2022, the Department shall make recommendations to the General Assembly on the resources needed to integrate developmentally appropriate and age-appropriate diagnostic codes into the State system.

Section 45-1. Short title. This Article may be cited as the Early Childhood Workforce Act. References in this Article to "this Act" mean this Article.

Section 45-5. Findings; policies.
(a) The General Assembly finds the following:
   (1) Research shows that early childhood teacher effectiveness is a predictor for positive developmental and academic outcomes for children.
   (2) The work of early childhood educators is sophisticated and central to the healthy learning and development of young children and takes place in a range of settings, including schools, community-based centers, and homes.
   (3) It is critically important for children's outcomes to have educators that reflect the diversity of the families and communities they serve.
   (4) The early childhood workforce is more racially diverse than the K-12 workforce, and its members hold degrees, have earned credentials, and have years of experience in the field.
   (5) The early childhood workforce, particularly those working in community-based settings and those working with infants and toddlers, often are not paid wages aligned to the sophistication of their work and level of education.
   (6) All regions and settings have difficulty finding qualified teachers.
   (7) A disproportionate number of Black and Latinx women serve in essential, frontline positions but are underrepresented as lead teachers and in program leadership where credentials and degrees are required.
   (8) The early childhood workforce faces multiple barriers to additional credential and degree attainment that lead to career advancement and higher levels of compensation.
(b) The General Assembly encourages all of the following:
   (1) The Department of Human Services to undertake an analysis of teacher data in the Gateways Registry to determine those individuals who are close to their next credential or degree, including information where available in the Registry such as their geographic location, demographics, work setting, and age groups of children for whom they are responsible.

New matter indicated by italics - deletions by strikeout
(2) The Department of Human Services to conduct outreach and provide targeted coaching and access to financial supports, including, but not limited to, scholarships and debt relief, in a way that prioritizes increasing the diversity of the teacher pipeline, including bilingual providers and educators, regions of the State with the highest need, and children in age groups with the greatest teacher shortages.

(3) The State Board of Education to provide additional financial support to candidates and provide this support to all candidates regardless of the setting in which they work and the credentials they are currently seeking, prioritizing those by greatest need in the early childhood field.

(4) The Department of Human Services to provide annual reports on who receives these and other scholarships or other financial support administered by the Department or the State Board of Education by geographic location, demographics, work setting, age groups of children served, and credential/degree attainment as available.

(5) The Board of Higher Education, in the course of their strategic planning process, to review the barriers experienced by the early childhood workforce and by teachers of color, in particular in accessing and completing the needed coursework to attain additional credentials and degrees, and to recommend policy or practice changes to better meet the needs of this workforce, which is largely comprised of non-traditional students and women of color.

(6) The State Board of Education and the Department of Human Services to prioritize reducing compensation disparities between the early childhood workforce and their K-12 counterparts and disparities within the early childhood workforce between setting and age groups in which they work, as funding becomes available.

(c) To ensure that a public high school student is not excluded from enrolling in a public university in this State because of a lack of access to required or recommended coursework, beginning with the 2022-2023 school year and each school year thereafter, every public high school must provide access to each course identified in the review compiled under Section 9.40 of the Board of Higher Education Act to any of its students who request to enroll in the course. If the public high school is unable to offer the course through the school district, the public high school must find an alternative way to offer the course to the student, which may include partnering with another school district, a community college district, an institution of higher education, or some other course provider. No student shall be excluded from participation in a course identified in the review due to financial reasons. Any course offered pursuant to this Section as a dual credit course shall be developed and offered in accordance with the Dual Credit Quality Act.

children enrolled in different school districts and even within the same school district and more must be done to eliminate the barriers to access to advanced coursework and enrollment in accelerated placement programs for all children.

(105 ILCS 5/14A-32)

Sec. 14A-32. Accelerated placement; school district responsibilities.

(a) Each school district shall have a policy that allows for accelerated placement that includes or incorporates by reference the following components:

(1) a provision that provides that participation in accelerated placement is not limited to those children who have been identified as gifted and talented, but rather is open to all children who demonstrate high ability and who may benefit from accelerated placement;

(2) a fair and equitable decision-making process that involves multiple persons and includes a student's parents or guardians;

(3) procedures for notifying parents or guardians of a child of a decision affecting that child's participation in an accelerated placement program; and

(4) an assessment process that includes multiple valid, reliable indicators.

(a-5) By no later than the beginning of the 2023-2024 school year, a school district's accelerated placement policy shall allow for the automatic enrollment, in the following school term, of a student into the next most rigorous level of advanced coursework offered by the high school if the student meets or exceeds State standards in English language arts, mathematics, or science on a State assessment administered under Section 2-3.64a-5 as follows:

(1) A student who meets or exceeds State standards in English language arts shall be automatically enrolled into the next most rigorous level of advanced coursework in English, social studies, humanities, or related subjects.

(2) A student who meets or exceeds State standards in mathematics shall be automatically enrolled into the next most rigorous level of advanced coursework in mathematics.

A school district may use the student's most recent State assessment results to determine whether a student meets or exceeds State standards. For a student entering grade 9, results from the State assessment taken in grades 6 through 8 may be used. For other high school grades, the results from a locally selected, nationally normed assessment may be used instead of the State assessment if those results are the most recent.

A school district must provide the parent or guardian of a student eligible for automatic enrollment under this subsection (a-5) with the option to instead have the student enroll in alternative coursework that better aligns with the student's postsecondary education or career goals.

Nothing in this subsection (a-5) may be interpreted to preclude other students from enrolling in advanced coursework per the policy of a school district.

(b) Further, a school district's accelerated placement policy may include or incorporate by reference, but need not be limited to, the following components:

(1) procedures for annually informing the community at-large, including parents or guardians, community-based organizations, and providers of out-of-school programs, about the accelerated placement program and the methods used for the identification of children eligible for accelerated placement, including strategies to reach groups of students and families who have been historically underrepresented in accelerated placement programs and advanced coursework;

(2) a process for referral that allows for multiple referrers, including a child's parents or guardians; other referrers may include licensed education professionals, the child, with the written consent of a parent or guardian, a peer, through a licensed education professional who has knowledge of the referred child's

abilities, or, in case of possible early entrance, a preschool educator, pediatrician, or psychologist who knows the child; and 

(3) a provision that provides that children participating in an accelerated placement program and their parents or guardians will be provided a written plan detailing the type of acceleration the child will receive and strategies to support the child; 

(4) procedures to provide support and promote success for students who are newly enrolled in an accelerated placement program; and 

(5) a process for the school district to review and utilize disaggregated data on participation in an accelerated placement program to address gaps among demographic groups in accelerated placement opportunities.

(c) The State Board of Education shall adopt rules to determine data to be collected and disaggregated by demographic group regarding accelerated placement, including the rates of students who participate in and successfully complete advanced coursework, and a method of making the information available to the public.

(d) On or before November 1, 2022, following a review of disaggregated data on the participation and successful completion rates of students enrolled in an accelerated placement program, each school district shall develop a plan to expand access to its accelerated placement program and to ensure the teaching capacity necessary to meet the increased demand.

Section 75-5. The State Finance Act is amended by adding Section 5.935 as follows:

(30 ILCS 105/5.935 new)
Sec. 5.935. The Freedom Schools Fund.

Section 75-10. The School Code is amended by adding Section 2-3.186 as follows:

(105 ILCS 5/2-3.186 new)
Sec. 2-3.186. Freedom Schools; grant program.
(a) The General Assembly recognizes and values the contributions that Freedom Schools make to enhance the lives of Black students. The General Assembly makes all of the following findings:

(1) The fundamental goal of the Freedom Schools of the 1960s was to provide quality education for all students, to motivate active civic engagement, and to empower disenfranchised communities. The renowned and progressive curriculum of Freedom Schools allowed students of all ages to experience a new and liberating form of education that directly related to the imperatives of their lives, their communities, and the Freedom Movement.

(2) Freedom Schools continue to demonstrate the proven benefits of critical civic engagement and intergenerational effects by providing historically disadvantaged students, including African American students and other students of color, with quality instruction that fosters student confidence, critical thinking, and social and emotional development.

(3) Freedom Schools offer culturally relevant learning opportunities with the academic and social supports that Black children need by utilizing quality teaching, challenging and engaging curricula, wrap-around supports, a positive school climate, and strong ties to family and community. Freedom Schools have a clear focus on results.

New matter indicated by italics - deletions by strikeout
(4) Public schools serve a foundational role in the education of over 2,000,000 students in this State.

(b) The State Board of Education shall establish a Freedom School network to supplement the learning taking place in public schools by creating a 6-week summer program with an organization with a mission to improve the odds for children in poverty that operates Freedom Schools in multiple states using a research-based and multicultural curriculum for disenfranchised communities most affected by the opportunity gap and learning loss caused by the pandemic, and by expanding the teaching of African American history, developing leadership skills, and providing an understanding of the tenets of the civil rights movement. The teachers in Freedom Schools must be from the local community, with an emphasis on historically disadvantaged youth, including African American students and other students of color, so that (i) these individuals have access to summer jobs and teaching experiences that serve as a long-term pipeline to educational careers and the hiring of minority educators in public schools, (ii) these individuals are elevated as content experts and community leaders, and (iii) Freedom School students have access to both mentorship and equitable educational resources.

(c) A Freedom School shall intentionally and imaginatively implement strategies that focus on all of the following:
   (1) Racial justice and equity.
   (2) Transparency and building trusting relationships.
   (3) Self-determination and governance.
   (4) Building on community strengths and community wisdom.
   (5) Utilizing current data, best practices, and evidence.
   (6) Shared leadership and collaboration.
   (7) A reflective learning culture.
   (8) A whole-child approach to education.
   (9) Literacy.

(d) The State Board of Education, in the establishment of Freedom Schools, shall strive for authentic parent and community engagement during the development of Freedom Schools and their curriculum. Authentic parent and community engagement includes all of the following:
   (1) A shared responsibility that values equal partnerships between families and professionals.
   (2) Ensuring that students and families who are directly impacted by Freedom School policies and practices are the
decision-makers in the creation, design, implementation, and assessment of those policies and practices.

(3) Genuine respect for the culture and diversity of families.

(4) Relationships that center around the goal of supporting family well-being and children's development and learning.

(e) Subject to appropriation, the State Board of Education shall establish and implement a grant program to provide grants to public schools, public community colleges, and not-for-profit, community-based organizations to facilitate improved educational outcomes for Black students in grades pre-kindergarten through 12 in alignment with the integrity and practices of the Freedom School model established during the civil rights movement. Grant recipients under the program may include, but are not limited to, entities that work with the Children's Defense Fund or offer established programs with proven results and outcomes. The State Board of Education shall award grants to eligible entities that demonstrate a likelihood of reasonable success in achieving the goals identified in the grant application, including, but not limited to, all of the following:

(1) Engaging, culturally relevant, and challenging curricula.

(2) High-quality teaching.

(3) Wrap-around supports and opportunities.

(4) Positive discipline practices, such as restorative justice.

(5) Inclusive leadership.

(f) The Freedom Schools Fund is created as a special fund in the State treasury. The Fund shall consist of appropriations from the General Revenue Fund, grant funds from the federal government, and donations from educational and private foundations. All money in the Fund shall be used, subject to appropriation, by the State Board of Education for the purposes of this Section and to support related activities.

(g) The State Board of Education may adopt any rules necessary to implement this Section.

(a) General provisions.

(1) The purpose of this Section is to ensure that, by June 30, 2027 and beyond, this State has a kindergarten through grade 12 public education system with the capacity to ensure the educational development of all persons to the limits of their capacities in accordance with Section 1 of Article X of the Constitution of the State of Illinois. To accomplish that objective, this Section creates a method of funding public education that is evidence-based; is sufficient to ensure every student receives a meaningful opportunity to learn irrespective of race, ethnicity, sexual orientation, gender, or community-income level; and is sustainable and predictable. When fully funded under this Section, every school shall have the resources, based on what the evidence indicates is needed, to:

(A) provide all students with a high quality education that offers the academic, enrichment, social and emotional support, technical, and career-focused programs that will allow them to become competitive workers, responsible parents, productive citizens of this State, and active members of our national democracy;

(B) ensure all students receive the education they need to graduate from high school with the skills required to pursue post-secondary education and training for a rewarding career;

(C) reduce, with a goal of eliminating, the achievement gap between at-risk and non-at-risk students by raising the performance of at-risk students and not by reducing standards; and

(D) ensure this State satisfies its obligation to assume the primary responsibility to fund public education and simultaneously relieve the disproportionate burden placed on local property taxes to fund schools.

(2) The Evidence-Based Funding formula under this Section shall be applied to all Organizational Units in this State. The Evidence-Based Funding formula outlined in this Act is based on the formula outlined in Senate Bill 1 of the 100th General Assembly, as passed by both legislative chambers. As further defined and described in this Section, there are 4 major components of the Evidence-Based Funding model:

New matter indicated by italics - deletions by strikeout
(A) First, the model calculates a unique Adequacy Target for each Organizational Unit in this State that considers the costs to implement research-based activities, the unit's student demographics, and regional wage differences.

(B) Second, the model calculates each Organizational Unit's Local Capacity, or the amount each Organizational Unit is assumed to contribute toward its Adequacy Target from local resources.

(C) Third, the model calculates how much funding the State currently contributes to the Organizational Unit and adds that to the unit's Local Capacity to determine the unit's overall current adequacy of funding.

(D) Finally, the model's distribution method allocates new State funding to those Organizational Units that are least well-funded, considering both Local Capacity and State funding, in relation to their Adequacy Target.

(3) An Organizational Unit receiving any funding under this Section may apply those funds to any fund so received for which that Organizational Unit is authorized to make expenditures by law.

(4) As used in this Section, the following terms shall have the meanings ascribed in this paragraph (4):

"Adequacy Target" is defined in paragraph (1) of subsection (b) of this Section.

"Adjusted EAV" is defined in paragraph (4) of subsection (d) of this Section.

For the 2020-2021 school year, the ASE must be the greater of the current-year ASE or the 2-year average ASE. Beginning with the 2021-2022 school year, the ASE must be the greater of the current-year ASE or the 3-year average ASE. School districts shall submit the data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation.    (i) one FTE teacher position for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students;
   (ii) one FTE instructional assistant for every 141 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students; and

New matter indicated by italics - deletions by strikeout
(iii) one FTE psychologist position for every 1,000 combined ASE of pre-kindergarten children with disabilities and all kindergarten through grade 12 students.

(3) For calculating the salaries included within the Essential Elements, the State Superintendent shall annually calculate average salaries to the nearest dollar using the employment information system data maintained by the State Board, limited to public schools only and excluding special education and vocational cooperatives, schools operated by the Department of Juvenile Justice, and charter schools, for the following positions:

(A) Teacher for grades K through 8.
(B) Teacher for grades 9 through 12.
(C) Teacher for grades K through 12.
(D) Guidance counselor for grades K through 8.
(E) Guidance counselor for grades 9 through 12.
(F) Guidance counselor for grades K through 12.
(G) Social worker.
(H) Psychologist.
(I) Librarian.
(J) Nurse.
(K) Principal.
(L) Assistant principal.

For the purposes of this paragraph (3), "teacher" includes core teachers, specialist and elective teachers, instructional facilitators, tutors, special education teachers, pupil support staff teachers, English learner teachers, extended day teachers, and summer school teachers. Where specific grade data is not required for the Essential Elements, the average salary for corresponding positions shall apply. For substitute teachers, the average teacher salary for grades K through 12 shall apply.

For calculating the salaries included within the Essential Elements for positions not included within EIS Data, the following salaries shall be used in the first year of implementation of Evidence-Based Funding:

(i) school site staff, $30,000; and

(ii) non-instructional assistant, instructional assistant, library aide, library media tech, or supervisory aide: $25,000.

New matter indicated by italics - deletions by strikeout
In the second and subsequent years of implementation of Evidence-Based Funding, the amounts in items (i) and (ii) of this paragraph (3) shall annually increase by the ECI.

The salary amounts for the Essential Elements determined pursuant to subparagraphs (A) through (L), (S) and (T), and (V) through (X) of paragraph (2) of subsection (b) of this Section shall be multiplied by a Regionalization Factor.

(c) Local Capacity calculation.

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity Ratio.

(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;
(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by 9/13;

(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by 4/13; and

(iv) for an Organizational Unit with a different grade configuration than those specified in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the Laboratory School. For programs operated by a regional office of education or an intermediate service center, the Local Capacity Percentage must be set at 10% in recognition of the absence of EAV and resources from school districts that are allocated to the regional office of education or intermediate service center. The weighted mean for the Local Capacity Percentage shall be determined by multiplying each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by

New matter indicated by italics - deletions by strikeout
taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois Pension Code in a given year or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of the Illinois Pension Code absent the employer normal cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item (ii) shall be certified to the State Board of Education by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT, and Base Funding Minimum, with the resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV for purposes of the Local Capacity calculation.

New matter indicated by italics - deletions by strikeout
(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the equalized assessed valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of each Organizational Unit situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (II) $5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall
annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this subparagraph (A) that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area that is attributable to an increase above the total initial EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the EAV of the Organizational Unit, the total initial EAV or the

New matter indicated by italics - deletions by strikeout
current EAV, whichever is lower, shall be used until such
time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or its EAV in the immediately preceding year if the EAV in the immediately preceding year has declined by 10% or more compared to the 3-year average. In the event of Organizational Unit reorganization, consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the first year, the average of a 2-year EAV or its EAV in the immediately preceding year if the EAV declines by 10% or more compared to the 2-year average for the second year, and a 3-year average EAV or its EAV in the immediately preceding year if the Adjusted EAV declines by 10% or more compared to the 3-year average for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV

New matter indicated by italics - deletions by strikeout
shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more compared to the 2-year average.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the PTELL EAV shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for the 12-month calendar year preceding the Base Tax Year, plus the equalized assessed valuation of new property, annexed property, and recovered tax increment value and minus the equalized assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and "recovered tax increment value" shall have the meanings set forth in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding Minimum of an Organizational Unit or a Specially Funded Unit shall be the amount of State funds distributed to the Organizational Unit or Specially Funded Unit during the 2016-2017 school year prior to any adjustments and specified appropriation amounts described in this paragraph (1) from the following Sections, as calculated by the State Superintendent: Section 18-8.05 of this Code (now repealed); Section 5 of Article 224 of Public Act 99-524 (equity grants); Section 14-7.02b of this Code (funding for children requiring special education services); Section 14-13.01 of
this Code (special education facilities and staffing), except for reimbursement of the cost of transportation pursuant to Section 14-13.01; Section 14C-12 of this Code (English learners); and Section 18-4.3 of this Code (summer school), based on an appropriation level of $13,121,600. For a school district organized under Article 34 of this Code, the Base Funding Minimum also includes (i) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to funding programs authorized by the Sections of this Code listed in the preceding sentence and (ii) the difference between (I) the funds allocated to the school district pursuant to Section 1D-1 of this Code attributable to the funding programs authorized by Section 14-7.02 (non-public special education reimbursement), subsection (b) of Section 14-13.01 (special education transportation), Section 29-5 (transportation), Section 2-3.80 (agricultural education), Section 2-3.66 (truants' alternative education), Section 2-3.62 (educational service centers), and Section 14-7.03 (special education - orphanage) of this Code and Section 15 of the Childhood Hunger Relief Act (free breakfast program) and (II) the school district's actual expenditures for its non-public special education, special education transportation, transportation programs, agricultural education, truants' alternative education, services that would otherwise be performed by a regional office of education, special education orphanage expenditures, and free breakfast, as most recently calculated and reported pursuant to subsection (f) of Section 1D-1 of this Code. The Base Funding Minimum for Glenwood Academy shall be $625,500. For programs operated by a regional office of education or an intermediate service center, the Base Funding Minimum must be the total amount of State funds allocated to those programs in the 2018-2019 school year and amounts provided pursuant to Article 34 of Public Act 100-586 and Section 3-16 of this Code. All programs established after June 5, 2019 (the effective date of Public Act 101-10) and administered by a regional office of education or an intermediate service center must have an initial Base Funding Minimum set to an amount equal to the first-year ASE multiplied by the amount of per pupil funding received in the previous school year by the lowest funded similar existing program type. If the enrollment for a program operated by a regional office of education or an intermediate service center is zero, then it may

New matter indicated by italics - deletions by strikeout
not receive Base Funding Minimum funds for that program in the next fiscal year, and those funds must be distributed to Organizational Units under subsection (g).

(2) For the 2018-2019 and subsequent school years, the Base Funding Minimum of Organizational Units and Specially Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

(3) Subject to approval by the General Assembly as provided in this paragraph (3), an Organizational Unit that meets all of the following criteria, as determined by the State Board, shall have District Intervention Money added to its Base Funding Minimum at the time the Base Funding Minimum is calculated by the State Board:

(A) The Organizational Unit is operating under an Independent Authority under Section 2-3.25f-5 of this Code for a minimum of 4 school years or is subject to the control of the State Board pursuant to a court order for a minimum of 4 school years.

(B) The Organizational Unit was designated as a Tier 1 or Tier 2 Organizational Unit in the previous school year under paragraph (3) of subsection (g) of this Section.

(C) The Organizational Unit demonstrates sustainability through a 5-year financial and strategic plan.

(D) The Organizational Unit has made sufficient progress and achieved sufficient stability in the areas of governance, academic growth, and finances.

As part of its determination under this paragraph (3), the State Board may consider the Organizational Unit's summative designation, any accreditations of the Organizational Unit, or the Organizational Unit's financial profile, as calculated by the State Board.

If the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3), it must submit a report to the General Assembly, no later than January 2 of the fiscal year in which the State Board makes it determination, on the amount of District Intervention Money to add to the Organizational Unit's Base Funding Minimum. The General Assembly must

New matter indicated by italics - deletions by strikeout
review the State Board's report and may approve or disapprove, by joint resolution, the addition of District Intervention Money. If the General Assembly fails to act on the report within 40 calendar days from the receipt of the report, the addition of District Intervention Money is deemed approved. If the General Assembly approves the amount of District Intervention Money to be added to the Organizational Unit's Base Funding Minimum, the District Intervention Money must be added to the Base Funding Minimum annually thereafter.

For the first 4 years following the initial year that the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3) and has received funding under this Section, the Organizational Unit must annually submit to the State Board, on or before November 30, a progress report regarding its financial and strategic plan under subparagraph (C) of this paragraph (3). The plan shall include the financial data from the past 4 annual financial reports or financial audits that must be presented to the State Board by November 15 of each year and the approved budget financial data for the current year. The plan shall be developed according to the guidelines presented to the Organizational Unit by the State Board. The plan shall further include financial projections for the next 3 fiscal years and include a discussion and financial summary of the Organizational Unit's facility needs. If the Organizational Unit does not demonstrate sufficient progress toward its 5-year plan or if it has failed to file an annual financial report, an annual budget, a financial plan, a deficit reduction plan, or other financial information as required by law, the State Board may establish a Financial Oversight Panel under Article 1H of this Code. However, if the Organizational Unit already has a Financial Oversight Panel, the State Board may extend the duration of the Panel.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources

New matter indicated by italics - deletions by strikeout
and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of this subsection (f).

(2) An Organizational Unit's Preliminary Resources are equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal to the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g), based on the Organizational Unit's Final Percent of Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3 Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate.
determined pursuant to paragraph (4) of this subsection (g). For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier 4 receives an allocation of New State Funds equal to the product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

   (A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4) of this subsection (g).
(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 are determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.

(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the following equation: Tier 4 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, then all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.

(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct

New matter indicated by italics - deletions by strikeout
funding following the implementation of Public Act 100-465 from any of the funding sources included within the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be reapportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief Pool Funds is $50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to $350,000,000. In addition to any New State Funds, no more than $50,000,000 New Property Tax Relief Pool Funds may be counted toward the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, than funding for tiers shall be reduced in the following manner:

(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 and Tier 3.

New matter indicated by italics - deletions by strikeout
(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 Allocation Rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, if New State Funds exceed $300,000,000, then any amount in excess of $300,000,000 shall be dedicated for purposes of Section 2-3.170 of this Code up to a maximum of $50,000,000.

(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units receiving Tier 1 and Tier 2 funding, as determined under paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.

(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.
(h) State Superintendent administration of funding and district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit and Net State Contribution Target for each Organizational Unit under this Section. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable FTE calculated for each Essential Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an additional $285.50 per student computer technology and equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum, Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit annual spending plans by the end of September of each year to the State Board as part of the annual budget process, which shall describe how each Organizational Unit will utilize the Base Funding Minimum and Evidence-Based Funding it receives from this State under this Section with specific identification of the intended utilization of Low-Income, English learner, and special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve State education goals, as defined by the State Board. The State Superintendent may, from time to time, identify

Article 95.

Section 95-1. Short title. This Article may be cited as the Equity in Higher Education Act. References in this Article to "this Act" mean this Article.

Section 95-5. Findings; policies.

(a) The General Assembly finds the following:

1. Historic and continuous systemic racism has created significant disparities in college access, affordability, and completion for Black, Latinx, low-income, and other underrepresented and historically underserved students.

2. Higher education is examining its role as a contributor to systemic racism, while recognizing its place in providing opportunity and upward mobility, and its role as a powerful actor in dismantling systemic racism.

3. Chicago State University has created the Equity Working Group, which includes statewide representation of private, community, and public sector stakeholders, to create an action plan for employers, the secondary and postsecondary education systems, philanthropic organizations, community-based organizations, and our executive and legislative bodies to improve college access, completion, and post-graduation outcomes for Black college students in Illinois.

4. Despite similar numbers of Black high school graduates, Illinois saw about 25,000 fewer Black enrollees in Illinois higher education in 2018 compared to 2008.

5. Illinois must address wide disparities in degree completion at Illinois community colleges, which currently graduate Black and Latinx students at a rate of 14% and 26%
respectively compared to the rate of 38% for White students, as well as at public universities, which currently graduate Black and Latinx students at a rate of 34% and 49% respectively compared to 66% of White students, within 6 years.

(6) The State of Illinois benefits from a diverse public higher education system that includes universities and community colleges with different missions and scopes that maximize college enrollment, persistence, and completion of underrepresented and historically underserved students, including Black and Latinx students and students from low-income families.

(7) Illinois has a moral obligation and an economic interest in dismantling and reforming structures that create or exacerbate racial and socioeconomic inequities in K-12 and higher education.

(8) The Board of Higher Education has a statutory obligation to create a strategic plan for higher education and has adopted core principles to guide this plan.

(9) The Board of Higher Education has included among its core principles designed to guide the strategic plan the assumption that excellence coupled with equity should drive the higher education system and that the higher education system will make equity-driven decisions, elevating the voices of those who have been underserved, and actively identify and remove systemic barriers that have prevented students of color, first generation college students, low-income students, adult learners, and rural students from accessing and succeeding in higher education; access and affordability as well as high quality are embedded in the definition of equity.

(b) The General Assembly supports all of the following work and goals of the Board of Higher Education:

(1) Its work on the strategic plan for higher education and the vision it has set forth that over the next 10 years Illinois will have an equitable, accessible, innovative, nimble, and aligned higher education ecosystem that ensures individuals, families, and communities across the state thrive.

(2) Its goal to close equity gaps in higher education in Illinois and that the strategic plan will identify multiple strategies to achieve this goal.

(3) Its goal to increase postsecondary credential/degree attainment and develop talent to drive the economy of Illinois and
that the strategic plan will identify strategies to achieve this goal, including embedding equity in the State's attainment goal.

(4) Its goal to improve higher education affordability, increase access, and manage costs and the expectation that the strategic plan will identify strategies for stakeholders to achieve these goals, including opportunities to improve efficiency and principles for equitable and adequate ways to fund higher education.

(c) The General Assembly encourages the Board of Higher Education to prepare an array of policy, practice, and proposed legislative changes required to implement the strategic plan, along with an implementation process and timeline by May 1, 2021 and to regularly evaluate the impact of the implementation of the strategic plan and publicly report the evaluation to ensure that the goals are achieved as intended and lead to a high-quality, equitable, and diverse higher education system in Illinois.

Article 100.

Section 100-1. Short title. This Act may be cited as the Developmental Education Reform Act. References in this Article to "this Act" mean this Article.

Section 100-5. Findings. The General Assembly makes all of the following findings:

(1) Nearly 50% of this State's high school graduates who enroll full-time in a community college are placed in developmental education coursework in at least one subject. Community colleges place nearly 71% of Black students in developmental education courses compared to 42% of white students.

(2) Traditional developmental education courses cost students time and money and expend their financial aid because a student does not receive college credit for the successful completion of a traditional developmental education course. This can be a barrier to enrollment, persistence, and certificate or degree completion.

(3) Developmental education courses can exacerbate inequities in higher education. Community colleges graduate Black students who are placed in developmental education courses at a rate of approximately 8% compared to a graduation rate of 26% for white students who are placed in developmental education courses.

New matter indicated by italics - deletions by strikeout
(4) A history of inconsistent and inadequate approaches to student placement in community college coursework, such as the reliance on standardized test scores, has resulted in too many students being placed in developmental education coursework who could otherwise succeed in introductory college-level coursework or introductory college-level coursework with concurrent support.

(5) Developmental education reform is in progress, and public institutions of higher education and State agencies have undertaken voluntary efforts and committed resources to improve placement and to address disparities in the successful completion of introductory college-level coursework.

(6) The Illinois Council of Community College Presidents, the Illinois Community College Chief Academic Officers Commission, the Illinois Community College Chief Student Services Officers Commission, and the Illinois Mathematics Association of Community Colleges have already developed and approved a more equitable, multiple measures framework for placement in coursework that is currently implemented at many but not all community colleges.

(7) In 2019, members of the General Assembly, faculty and administrators from public institutions of higher education, board trustees from community college districts, representatives from the Board of Higher Education, the Illinois Community College Board, and other appointed stakeholders convened a task force to inventory and study developmental education models employed by public community colleges and universities in this State and to submit a detailed plan for scaling developmental education reforms in which all students who are placed in developmental education coursework are enrolled in an evidence-based developmental education model that maximizes a student's likelihood of completing an introductory college-level course within his or her first 2 semesters at an institution of higher education. The data released by the task force indicates all of the following:

(A) Despite more effective developmental education models, community colleges and universities use the traditional developmental education model for 77% of students who place in a developmental education mathematics course and for 67% of students who place in a developmental English language course.

New matter indicated by italics - deletions by strikeout
(B) Improved policies, programs, and practices are essential to address the systemic inequities that exist in postsecondary education in this State, such as the disproportionate enrollment of Black students in developmental education courses.

(8) To support further reform to developmental education in mathematics, additional work needs to be done in order to more adequately define the math pathways and the various ways that students satisfy mathematics credit requirements depending upon their academic and career pathways.

Section 100-10. Definitions. In this Act:

"College-level English language or mathematics course" or "college-level English language or mathematics coursework" means a course that bears credit and fulfills English language or mathematics credit requirements for a baccalaureate degree, a certificate, or an associate degree from a postsecondary educational institution.

"Community college" means a public community college in this State.

"Developmental education" means instruction through which a high school graduate who applies to a college credit program may attain the communication and computation skills necessary to successfully complete college-level coursework.

"Developmental education course" or "developmental education coursework" means a course or a category of courses in which students are placed based on an institution's finding that a student does not have the proficiency necessary to succeed in an introductory college-level English language or mathematics course.

"Institution of higher education" or "institution" means a public community college or university in this State.

"University" means a public university in this State.

Section 100-15. Placement measures.

(a) On or before May 1, 2022, a community college shall use each of the following measures, as appropriate, to determine the placement of a student in introductory college-level English language or mathematics coursework and shall use the scores set forth in recommendations approved by the Illinois Council of Community College Presidents on June 1, 2018:

(1) A student's cumulative high school grade point average.
(2) A student's successful completion of an appropriate high school transition course in mathematics or English.

(3) A student's successful completion of an appropriate developmental education or introductory college-level English language or mathematics course at another regionally accredited postsecondary educational institution.

(b) In determining the placement of a student in introductory college-level English language or mathematics coursework, a community college shall consider the standardized test scores provided by the student for placement in an introductory college-level English language or mathematics course.

In addition, a community college is encouraged to use the scores set forth in recommendations approved by the Illinois Council of Community College Presidents on June 1, 2018 and should also consider other individual measures for placement in an introductory college-level English language or mathematics course, as set forth in recommendations approved by the Illinois Council of Community College Presidents on June 1, 2018, and the scores set forth in those recommendations.

In its discretion, a community college may accept a lower score on individual placement measures or accept lower scores in combination with other placement measures than those set forth in the recommendations.

(c) If a student qualifies for placement in an introductory college-level English language or mathematics course using a single measure under subsection (a) or (b), no additional measures need to be considered for placement of the student in the introductory college-level English language or mathematics course.

Section 100-20. Recommendations of Illinois Council of Community College Presidents recommendation revisions; math pathways.

(a) If the Illinois Council of Community College Presidents approves any revised recommendations for determining the placement of students in introductory college-level English language or mathematics courses in response to changes in scoring systems, the introduction and use of additional measures, or evidence that demonstrates the inaccuracy in the use of scores in previous recommendations, then, within one year after the date of the adoption of those revised recommendations, references in this Act to recommendations approved by the Illinois Council of Community College Presidents on June 1, 2018 shall mean the revised recommendations. The General Assembly may request that the Illinois Council...
Council of Community College Presidents provide to the General Assembly the rationale and supporting evidence for any revision to the Council's recommendations.

(b) Beginning no later than December 1, 2021, the Illinois Board of Higher Education shall convene stakeholders to consider a multiple measures framework for placement into college-level coursework for Illinois public universities with considerations for math pathways and major requirements.

Section 100-25. Placement policy; report.
(a) Each institution of higher education shall publicly post its placement policy in a manner that is easily accessible to both students and prospective students.

(b) On or before July 1, 2023, the Illinois Community College Board shall issue a report, which shall be made available to the public on its Internet website, concerning each community college's developmental education and college-level coursework placement policy and the policy's outcomes. The data disclosed in the report must be consistent with the Illinois Community College Board's requirements for data collection and should be disaggregated by developmental education course model, as defined by the Illinois Community College Board, and by gender, race and ethnicity, and federal Pell Grant status.

Section 100-30. Institutional plans; report.
(a) On or before May 1, 2022, each university shall submit to the Board of Higher Education and each community college shall submit to the Illinois Community College Board its institutional plan for scaling evidence-based developmental education reforms to maximize the probability that a student will be placed in and successfully complete introductory college-level English language or mathematics coursework within 2 semesters at the institution. At a minimum, a plan submitted by an institution shall include all of the following:

(1) A description of the current developmental education models offered by the institution. If the institution does not currently offer developmental education coursework, it must provide details regarding its decision not to offer developmental education coursework and the pathways that are available to students deemed to be insufficiently prepared for introductory college-level English language or mathematics coursework.

(2) A description of the developmental education models that will be implemented and scaled and the basis of the evidence

New matter indicated by italics - deletions by strikeout
and associated data that the institution considered in making the decision to scale each model.

(3) Baseline data and benchmarks for progress, including, but not limited to, (i) enrollment in credit-bearing English language or mathematics courses, (ii) rates of successful completion of introductory college-level English language or mathematics courses, and (iii) college-credit accumulation.

(4) Detailed plans for scaling reforms and improving outcomes for all students placed in traditional developmental education models or models with comparable introductory college-level course completion rates. The plan shall provide details about the expected improvements in educational outcomes for Black students as result of the proposed reforms.

(b) On or before January 1, 2023 and every 2 years thereafter, the Board of Higher Education and Illinois Community College Board shall collect data and report to the General Assembly and the public the status of developmental education reforms at institutions. The report must include data on the progress of the developmental education reforms, including, but not limited to, (i) enrollment in credit-bearing English language or mathematics courses, (ii) rates of successful completion of introductory college-level English language or mathematics courses, and (iii) college-credit accumulation. The data should be disaggregated by gender, race and ethnicity, federal Pell Grant status, and other variables of interest to the Board of Higher Education and the Illinois Community College Board.

(c) On or before January 1, 2024 and every 2 years thereafter, the Board of Higher Education and Illinois Community College Board, in consultation with institutions of higher education and other stakeholders, shall consider additional data reporting requirements to facilitate the rigorous and continuous evaluation of each institution's implementation plan and its impact on improving outcomes for students in developmental education, particularly for Black students.

Sec. 21B-50. Alternative Educator Licensure Program.

(a) There is established an alternative educator licensure program, to be known as the Alternative Educator Licensure Program for Teachers.

The program shall be comprised of 4 phases:

(1) A course of study that at a minimum includes instructional planning; instructional strategies, including special education, reading, and English language learning; classroom management; and the assessment of students and use of data to drive instruction.

(2) A year of residency, which is a candidate's assignment to a full-time teaching position or as a co-teacher for one full school year. An individual must hold an Educator License with Stipulations with an alternative provisional educator endorsement in order to enter the residency and must complete additional program requirements that address required State and national standards, pass the State Board's teacher performance assessment no later than the end of the first semester of the second year of residency, as required under phase (3) of this subsection (b), and be recommended by the principal or qualified equivalent of a principal, as required under subsection (d) of this Section, and the program coordinator to continue with the second year of the residency.

(4) A comprehensive assessment of the candidate's teaching effectiveness, as evaluated by the principal or qualified equivalent of a principal, as required under subsection (d) of this Section, and the program coordinator, at the end of the second year of residency. If there is disagreement between the 2 evaluators about the candidate's teaching effectiveness, the candidate may complete one additional year of residency teaching under a professional development plan developed by the principal or qualified...
equivalent and the preparation program. At the completion of the third year, a candidate must have positive evaluations and a recommendation for full licensure from both the principal or qualified equivalent and the program coordinator or no Professional Educator License shall be issued.

Successful completion of the program shall be deemed to satisfy any other practice or student teaching and content matter requirements established by law.

(c) An alternative provisional educator endorsement on an Educator License with Stipulations is valid for 2 years of teaching in the public schools, including without limitation a preschool educational program under Section 2-3.71 of this Code or charter school, or in a State-recognized nonpublic school in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and in which a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State, but may be renewed for a third year if needed to complete the Alternative Educator Licensure Program for Teachers. (1) Has graduated from a regionally accredited college or university with a bachelor's degree or higher.

(2) Has a cumulative grade point average of 3.0 or greater on a 4.0 scale or its equivalent on another scale.

(3) Has completed a major in the content area if seeking a middle or secondary level endorsement or, if seeking an early childhood, elementary, or special education endorsement, has completed a major in the content area of reading, English/language arts, mathematics, or one of the sciences. If the individual does not have a major in a content area for any level of teaching, he or she must submit transcripts to the State Board of Education to be reviewed for equivalency.

(4) Has successfully completed phase (1) of subsection (b) of this Section.

(5) Has passed a content area test required for the specific endorsement for admission into the program, as required under Section 21B-30 of this Code.

A candidate possessing the alternative provisional educator endorsement may receive a salary, benefits, and any other terms of

employment offered to teachers in the school who are members of an exclusive bargaining representative, if any, but a school is not required to provide these benefits during the years of residency if the candidate is serving only as a co-teacher. If the candidate is serving as the teacher of record, the candidate must receive a salary, benefits, and any other terms of employment. Residency experiences must not be counted towards tenure.

(d) The recognized institution offering the Alternative Educator Licensure Program for Teachers must partner with a school district, including without limitation a preschool educational program under Section 2-3.71 of this Code or charter school, or a State-recognized, nonpublic school in this State in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and in which a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State. A recognized institution that partners with a public school district administering a preschool educational program under Section 2-3.71 of this Code must require a principal to recommend or evaluate candidates in the program. A recognized institution that partners with an eligible entity administering a preschool educational program under Section 2-3.71 of this Code and that is not a public school district must require a principal or qualified equivalent of a principal to recommend or evaluate candidates in the program. The program presented for approval by the State Board of Education must demonstrate the supports that are to be provided to assist the provisional teacher during the 2-year residency period. (e) Upon completion of the 4 phases outlined in subsection (b) of this Section and all assessments required under Section 21B-30 of this Code, an individual shall receive a Professional Educator License.

(f) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to establish and implement the Alternative Educator Licensure Program for Teachers.

"Minority student" means a student who is any of the following:

(1) American Indian or Alaska Native (a person having origins in any of the original peoples of North and South America, including Central America, and who maintains tribal affiliation or community attachment).

(2) Asian (a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, but not limited to, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam).

(3) Black or African American (a person having origins in any of the black racial groups of Africa). Terms such as "Haitian" or "Negro" can be used in addition to "Black or African American".

(4) Hispanic or Latino (a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race).

(5) Native Hawaiian or Other Pacific Islander (a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands).

"Qualified bilingual minority applicant" means a qualified student who demonstrates proficiency in a language other than English by (i) receiving a State Seal of Biliteracy from the State Board of Education or (ii) receiving a passing score on an educator licensure target language proficiency test.

"Qualified student" means a person (i) who is a resident of this State and a citizen or permanent resident of the United States; (ii) who is a minority student, as defined in this Section; (iii) who, as an eligible applicant, has made a timely application for a
minority teaching scholarship under this Section; (iv) who is enrolled on at least a half-time basis at a qualified Illinois institution of higher learning; (v) who is enrolled in a course of study leading to teacher licensure, including alternative teacher licensure, or, if the student is already licensed to teach, in a course of study leading to an additional teaching endorsement or a master's degree in an academic field in which he or she is teaching or plans to teach or who has received one or more College and Career Pathway Endorsements pursuant to Section 80 of the Postsecondary and Workforce Readiness Act and commits to enrolling in a course of study leading to teacher licensure, including alternative teacher licensure; (vi) who maintains a grade point average of no less than 2.5 on a 4.0 scale; and (vii) who continues to advance satisfactorily toward the attainment of a degree.

(b) In order to encourage academically talented Illinois minority students to pursue teaching careers at the preschool or elementary or secondary school level and to address and alleviate the teacher shortage crisis in this State described under the provisions of the Transitions in Education Act, each qualified student shall be awarded a minority teacher scholarship to any qualified Illinois institution of higher learning. However, preference may be given to qualified applicants enrolled at or above the junior level.

(c) Each minority teacher scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the qualified Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of $5,000; except that in the case of a recipient who does not reside on-campus at the institution at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to an annual maximum of $5,000. However, if at least $2,850,000 is appropriated in a given fiscal year for the Minority Teachers of Illinois scholarship program, then, in each fiscal year thereafter, each scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the qualified Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of $7,500; except that in the case of a recipient who does not reside on-campus at the institution at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to an annual maximum of $7,500.

expenses and a commuter allowance, up to an annual maximum of $7,500.

(d) The total amount of minority teacher scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the institution at which the student is enrolled. If the amount of minority teacher scholarship to be awarded to a qualified student as provided in subsection (c) of this Section exceeds the cost of attendance at the institution at which the student is enrolled, the minority teacher scholarship shall be reduced by an amount equal to the amount by which the combined financial assistance available to the student exceeds the cost of attendance.

(e) The maximum number of academic terms for which a qualified student can receive minority teacher scholarship assistance shall be 8 semesters or 12 quarters.

(f) In any academic year for which an eligible applicant under this Section accepts financial assistance through the Paul Douglas Teacher Scholarship Program, as authorized by Section 551 et seq. of the Higher Education Act of 1965, the applicant shall not be eligible for scholarship assistance awarded under this Section.

(g) All applications for minority teacher scholarships to be awarded under this Section shall be made to the Commission on forms which the Commission shall provide for eligible applicants. The form of applications and the information required to be set forth therein shall be determined by the Commission, and the Commission shall require eligible applicants to submit with their applications such supporting documents or recommendations as the Commission deems necessary.

(h) Subject to a separate appropriation for such purposes, payment of any minority teacher scholarship awarded under this Section shall be determined by the Commission. All scholarship funds distributed in accordance with this subsection shall be paid to the institution and used only for payment of the tuition and fee and room and board expenses incurred by the student in connection with his or her attendance at a qualified Illinois institution of higher learning. Any minority teacher scholarship awarded under this Section shall be applicable to 2 semesters or 3 quarters of enrollment. If a qualified student withdraws from enrollment prior to completion of the first semester or quarter for which
the minority teacher scholarship is applicable, the school shall refund to
the Commission the full amount of the minority teacher scholarship.

(i) The Commission shall administer the minority teacher
scholarship aid program established by this Section and shall make all
necessary and proper rules not inconsistent with this Section for its
effective implementation.

(j) When an appropriation to the Commission for a given fiscal
year is insufficient to provide scholarships to all qualified students, the
Commission shall allocate the appropriation in accordance with this
subsection. If funds are insufficient to provide all qualified students with a
scholarship as authorized by this Section, the Commission shall allocate
the available scholarship funds for that fiscal year to qualified students
who submit a complete application form on or before a date specified by
the Commission based on the following order of priority:

(1) To students who received a scholarship under this
Section in the prior academic year and who remain eligible for a
minority teacher scholarship under this Section.

(2) Except as otherwise provided in subsection (k), to
students who demonstrate financial need, as determined by the
Commission, on the basis of the date the Commission receives a
complete application form.

(k) Notwithstanding paragraph (2) of the provisions of subsection
(j) or any other provision of this Section, at least 35% 30% of the funds
appropriated for scholarships awarded under this Section in each fiscal
year shall be reserved for qualified male minority applicants, with priority
being given to qualified Black male applicants beginning with fiscal year
2023. If the Commission does not receive enough applications from
qualified male minorities on or before January 1 of each fiscal year to
award 35% 30% of the funds appropriated for these scholarships to
qualified male minority applicants, then the Commission may award a
portion of the reserved funds to qualified female minority applicants in
accordance with subsection (j).

Beginning with fiscal year 2023, if at least $2,850,000 but less
than $4,200,000 is appropriated in a given fiscal year for scholarships
awarded under this Section, then at least 10% of the funds appropriated
shall be reserved for qualified bilingual minority applicants, with priority
being given to qualified bilingual minority applicants who are enrolled in
an educator preparation program with a concentration in bilingual,
bicultural education. Beginning with fiscal year 2023, if at least

$4,200,000 is appropriated in a given fiscal year for the Minority Teachers of Illinois scholarship program, then at least 30% of the funds appropriated shall be reserved for qualified bilingual minority applicants, with priority being given to qualified bilingual minority applicants who are enrolled in an educator preparation program with a concentration in bilingual, bicultural education. Beginning with fiscal year 2023, if at least $2,850,000 is appropriated in a given fiscal year for scholarships awarded under this Section but the Commission does not receive enough applications from qualified bilingual minority applicants on or before January 1 of that fiscal year to award at least 10% of the funds appropriated to qualified bilingual minority applicants, then the Commission may, in its discretion, award a portion of the reserved funds to other qualified students in accordance with subsection (j).

(l) Prior to receiving scholarship assistance for any academic year, each recipient of a minority teacher scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the program for which the recipient was awarded a minority teacher scholarship, the recipient (i) shall begin teaching for a period of not less than one year for each year of scholarship assistance he or she was awarded under this Section; and (ii) shall fulfill this teaching obligation at a nonprofit Illinois public, private, or parochial preschool, elementary school, or secondary school at which no less than 30% of the enrolled students are minority students in the year during which the recipient begins teaching at the school or may instead, if the recipient received a scholarship as a qualified bilingual minority applicant, fulfill this teaching obligation in a program in transitional bilingual education pursuant to Article 14C of the School Code or in a school in which 20 or more English learner students in the same language classification are enrolled; and (iii) shall, upon request by the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection.

(m) If a recipient of a minority teacher scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (l) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, at a rate of interest equal to 5%, and, if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for

repayment of scholarships under this Section. All repayments collected under this Section shall be forwarded to the State Comptroller for deposit into the State's General Revenue Fund.

(n) A recipient of minority teacher scholarship shall not be considered in violation of the agreement entered into pursuant to subsection (l) if the recipient (i) enrolls on a full time basis as a graduate student in a course of study related to the field of teaching at a qualified Illinois institution of higher learning; (ii) is serving, not in excess of 3 years, as a member of the armed services of the United States; (iii) is a person with a temporary total disability for a period of time not to exceed 3 years as established by sworn affidavit of a qualified physician; (iv) is seeking and unable to find full time employment as a teacher at an Illinois public, private, or parochial preschool or elementary or secondary school that satisfies the criteria set forth in subsection (l) of this Section and is able to provide evidence of that fact; (v) becomes a person with a permanent total disability as established by sworn affidavit of a qualified physician; (vi) is taking additional courses, on at least a half-time basis, needed to obtain licensure as a teacher in Illinois; or (vii) is fulfilling teaching requirements associated with other programs administered by the Commission and cannot concurrently fulfill them under this Section in a period of time equal to the length of the teaching obligation.

(o) Scholarship recipients under this Section who withdraw from a program of teacher education but remain enrolled in school to continue their postsecondary studies in another academic discipline shall not be required to commence repayment of their Minority Teachers of Illinois scholarship so long as they remain enrolled in school on a full-time basis or if they can document for the Commission special circumstances that warrant extension of repayment.

(p) If the Minority Teachers of Illinois scholarship program does not expend at least 90% of the amount appropriated for the program in a given fiscal year for 3 consecutive fiscal years and the Commission does not receive enough applications from the groups identified in subsection (k) on or before January 1 in each of those fiscal years to meet the percentage reserved for those groups under subsection (k), then up to 3% of amount appropriated for the program for each of next 3 fiscal years shall be allocated to increasing awareness of the program and for the recruitment of Black male applicants. The Commission shall make a recommendation to the General Assembly by January 1 of the year immediately following the end of that third fiscal year regarding whether
the amount allocated to increasing awareness and recruitment should continue.

(q) Each qualified Illinois institution of higher learning that receives funds from the Minority Teachers of Illinois scholarship program shall host an annual information session at the institution about the program for teacher candidates of color in accordance with rules adopted by the Commission. Additionally, the institution shall ensure that each scholarship recipient enrolled at the institution meets with an academic advisor at least once per academic year to facilitate on-time completion of the recipient's educator preparation program.

(r) The changes made to this Section by this amendatory Act of the 101st General Assembly will first take effect with awards made for the 2022-2023 academic year.

Article 125.

Section 125-5. The Higher Education Student Assistance Act is amended by changing Section 65.100 as follows:

(110 ILCS 947/65.100)
(Section scheduled to be repealed on October 1, 2024)
Sec. 65.100. AIM HIGH Grant Pilot Program.
(a) The General Assembly makes all of the following findings:

(1) Both access and affordability are important aspects of the Illinois Public Agenda for College and Career Success report.

(2) This State is in the top quartile with respect to the percentage of family income needed to pay for college.

(3) Research suggests that as loan amounts increase, rather than an increase in grant amounts, the probability of college attendance decreases.

(4) There is further research indicating that socioeconomic status may affect the willingness of students to use loans to attend college.

(5) Strategic use of tuition discounting can decrease the amount of loans that students must use to pay for tuition.

(6) A modest, individually tailored tuition discount can make the difference in a student choosing to attend college and enhance college access for low-income and middle-income families.

New matter indicated by italics - deletions by strikeout
(7) Even if the federally calculated financial need for college attendance is met, the federally determined Expected Family Contribution can still be a daunting amount.

(8) This State is the second largest exporter of students in the country.

(9) When talented Illinois students attend universities in this State, the State and those universities benefit.

(10) State universities in other states have adopted pricing and incentives that allow many Illinois residents to pay less to attend an out-of-state university than to remain in this State for college.

(11) Supporting Illinois student attendance at Illinois public universities can assist in State efforts to maintain and educate a highly trained workforce.

(12) Modest tuition discounts that are individually targeted and tailored can result in enhanced revenue for public universities.

(13) By increasing a public university's capacity to strategically use tuition discounting, the public university will be capable of creating enhanced tuition revenue by increasing enrollment yields.

(b) In this Section:

"Eligible applicant" means a student from any high school in this State, whether or not recognized by the State Board of Education, who is engaged in a program of study that in due course will be completed by the end of the school year and who meets all of the qualifications and requirements under this Section.

"Tuition and other necessary fees" includes the customary charge for instruction and use of facilities in general and the additional fixed fees charged for specified purposes that are required generally of non-grant recipients for each academic period for which the grant applicant actually enrolls, but does not include fees payable only once or breakage fees and other contingent deposits that are refundable in whole or in part. The Commission may adopt, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(c) Beginning with the 2019-2020 academic year, each public university may establish a merit-based scholarship pilot program known as the AIM HIGH Grant Pilot Program. Each year, the Commission shall receive and consider applications from public universities under this Section. Subject to appropriation and any tuition waiver limitation...
established by the Board of Higher Education, a public university campus may award a grant to a student under this Section if it finds that the applicant meets all of the following criteria:

(1) He or she is a resident of this State and a citizen or eligible noncitizen of the United States.

(2) He or she files a Free Application for Federal Student Aid and demonstrates financial need with a household income no greater than 6 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2). The household income of the applicant at the time of initial application shall be deemed to be the household income of the applicant for the duration of the pilot program.

(3) He or she meets the minimum cumulative grade point average or ACT or SAT college admissions test score, as determined by the public university campus.

(4) He or she is enrolled in a public university as an undergraduate student on a full-time basis.

(5) He or she has not yet received a baccalaureate degree or the equivalent of 135 semester credit hours.

(6) He or she is not incarcerated.

(7) He or she is not in default on any student loan or does not owe a refund or repayment on any State or federal grant or scholarship.

(8) Any other reasonable criteria, as determined by the public university campus.

(d) Each public university campus shall determine grant renewal criteria consistent with the requirements under this Section.

(e) Each participating public university campus shall post on its Internet website criteria and eligibility requirements for receiving awards that use funds under this Section that include a range in the sizes of these individual awards. The criteria and amounts must also be reported to the Commission and the Board of Higher Education, who shall post the information on their respective Internet websites.

(f) After enactment of an appropriation for this Program, the Commission shall determine an allocation of funds to each public university in an amount proportionate to the number of undergraduate students who are residents of this State and citizens or eligible noncitizens of the United States and who were enrolled at each public university.
campus in the previous academic year. All applications must be made to the Commission on or before a date determined by the Commission and on forms that the Commission shall provide to each public university campus. The form of the application and the information required shall be determined by the Commission and shall include, without limitation, the total public university campus funds used to match funds received from the Commission in the previous academic year under this Section, if any, the total enrollment of undergraduate students who are residents of this State from the previous academic year, and any supporting documents as the Commission deems necessary. Each public university campus shall match the amount of funds received by the Commission with financial aid for eligible students.

A public university in which an average of at least 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years, as reported to the Commission, shall match 20% of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. A public university in which an average of less than 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years, as reported to the Commission, shall match 60% of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students.

A public university campus is not required to claim its entire allocation. The Commission shall make available to all public universities, on a date determined by the Commission, any unclaimed funds and the funds must be made available to those public university campuses in the proportion determined under this subsection (f), excluding from the calculation those public university campuses not claiming their full allocations.

Each public university campus may determine the award amounts for eligible students on an individual or broad basis, but, subject to renewal eligibility, each renewed award may not be less than the amount awarded to the eligible student in his or her first year attending the public university campus. Notwithstanding this limitation, a renewal grant may be reduced due to changes in the student's cost of attendance, including, but not limited to, if a student reduces the number of credit hours in which he or she is enrolled, but remains a full-time student, or switches to a course of study with a lower tuition rate.

New matter indicated by italics - deletions by strikeout
An eligible applicant awarded grant assistance under this Section is eligible to receive other financial aid. Total grant aid to the student from all sources may not exceed the total cost of attendance at the public university campus.

(g) All money allocated to a public university campus under this Section may be used only for financial aid purposes for students attending the public university campus during the academic year, not including summer terms. Notwithstanding any other provision of law to the contrary, any funds received by a public university campus under this Section that are not granted to students in the academic year for which the funds are received may be retained by the public university campus for expenditure on students participating in the Program or students eligible to participate in the Program.

(h) Each public university campus that establishes a Program under this Section must annually report to the Commission, on or before a date determined by the Commission, the number of undergraduate students enrolled at that campus who are residents of this State.

(i) Each public university campus must report to the Commission the total non-loan financial aid amount given by the public university campus to undergraduate students in the 2017-2018 academic year, not including the summer term. To be eligible to receive funds under the Program, a public university campus may not decrease the total amount of non-loan financial aid it gives to undergraduate students, not including any funds received from the Commission under this Section or any funds used to match grant awards under this Section, to an amount lower than the reported amount for the 2017-2018 academic year, not including the summer term.

(j) On or before a date determined by the Commission, each public university campus that participates in the Program under this Section shall annually submit a report to the Commission with all of the following information:

(1) The Program's impact on tuition revenue and enrollment goals and increase in access and affordability at the public university campus.

(2) Total funds received by the public university campus under the Program.

(3) Total non-loan financial aid awarded to undergraduate students attending the public university campus.

New matter indicated by italics - deletions by strikeout
(4) Total amount of funds matched by the public university campus.

(5) Total amount of claimed and unexpended funds retained by the public university campus.

(6) The percentage of total financial aid distributed under the Program by the public university campus.

(7) The total number of students receiving grants from the public university campus under the Program and those students' grade level, race, gender, income level, family size, Monetary Award Program eligibility, Pell Grant eligibility, and zip code of residence and the amount of each grant award. This information shall include unit record data on those students regarding variables associated with the parameters of the public university's Program, including, but not limited to, a student's ACT or SAT college admissions test score, high school or university cumulative grade point average, or program of study.

On or before October 1, 2020 and annually on or before October 1 thereafter, the Commission shall submit a report with the findings under this subsection (j) and any other information regarding the AIM HIGH Grant Pilot Program to (i) the Governor, (ii) the Speaker of the House of Representatives, (iii) the Minority Leader of the House of Representatives, (iv) the President of the Senate, and (v) the Minority Leader of the Senate. The reports to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct. The Commission's report may not disaggregate data to a level that may disclose personally identifying information of individual students.

The sharing and reporting of student data under this subsection (j) must be in accordance with the requirements under the federal Family Educational Rights and Privacy Act of 1974 and the Illinois School Student Records Act. All parties must preserve the confidentiality of the information as required by law. The names of the grant recipients under this Section are not subject to disclosure under the Freedom of Information Act.

Public university campuses that fail to submit a report under this subsection (j) or that fail to adhere to any other requirements under this Section may not be eligible for distribution of funds under the Program for the next academic year, but may be eligible for distribution of funds for each academic year thereafter.

(k) The Commission shall adopt rules to implement this Section.
(l) This Section is repealed on October 1, 2024.

Article 130.

Section 130-1. Short title. This Article may be cited as the Transitions in Education Act. References in this Article to "this Act" mean this Article.

Section 130-5. Findings; policies.
(a) The General Assembly finds the following:
   (1) Teachers are the single most important in-school factor in supporting student outcomes and success; yet, Illinois is suffering from a profound teacher shortage across the State.
   (2) To reverse this shortage, Illinois needs to develop and invest in a robust and diverse educator pipeline, addressing any barriers or gaps that limit high quality candidates, particularly candidates of color, from becoming teachers.
   (3) Illinois loses many high quality, diverse educator candidates in postsecondary programs due to confusion or lack of course transfer credits and course articulation from Illinois's 2-year to 4-year institutions.
   (4) Lack of alignment and transferability of course credits may often force candidates to spend additional time and money to earn a degree or lead to an inability to complete a degree.
   (5) In 1993, the Board of Higher Education, the Illinois Community College Board, and the Transfer Coordinators of Illinois Colleges and Universities brought together faculty from public and independent, associate, and baccalaureate degree-granting institutions across the State to develop the Illinois Articulation Initiative (IAI).
   (6) The goal of IAI is to facilitate the transfer of courses from one participating college or university to another in order to complete a baccalaureate degree.
   (7) The Student Transfer Achievement Reform (STAR) Act, as mandated by subsection (b) of Section 25 of the Act, is designed to facilitate transfer among Illinois public institutions, particularly for students with a completed Associate of Arts or an Associate of Science degree.

New matter indicated by italics - deletions by strikeout
(8) While Illinois is a leading state for college completion rates for adult learners and transfer students from community colleges, it needs to increase the number of high-quality postsecondary teaching credentials to meet the demands of our schools and education workforce.

(9) With the rising costs of higher education for Illinois students and families, the State needs to ensure to the maximize extent possible that community college courses will transfer with full credit for the student and be accepted at an Illinois public or private institution as they pursue a baccalaureate degree in education.

(10) Illinois can do this by improving transitions all along the education pipeline; for postsecondary education, this means strengthening articulation through stable funding and the expansion of transfer tools, such as Transferology and the IAI through development of an objective measure of transfer and acceptance of credits in education degrees.

(11) The IAI Education Pathway can be modeled off of existing IAI major pathways like Early Childhood Education and Criminal Justice.

(b) The General Assembly encourages the Board of Higher Education, the State Board of Education, and the Illinois Community College Board, as part of the IAI, to do the following:

(1) The Board of Higher Education, the State Board of Education, and the Illinois Community College Board are encouraged to jointly establish a task force for a Major Panel in Education and identify respective recommended major courses that would be accepted as credit toward the education major at the receiving institutions.

(2) As part of the report on the status of the Illinois Articulation Initiative pursuant to Section 25 of the Illinois Articulation Initiative Act, the Board of Higher Education and the Illinois Community College Board are encouraged to include in the annual report to the General Assembly, the Governor, and the Illinois P-20 Council the progress made on the task force on the Education Major Panel.

(3) The Board of Higher Education, the State Board of Education, and the Illinois Community College Board are encouraged to further promote and encourage the enrollment of

minority students into educator preparation programs, such as the annual information session about the Minority Teachers of Illinois scholarship program pursuant to subsection (q) of Section 50 of the Higher Education Student Assistance Act.

Section 135-5. The School Code is amended by changing Sections 2-3.25 and 27-20.4 and by adding Section 2-3.187 as follows:

(105 ILCS 5/2-3.25) (from Ch. 122, par. 2-3.25)

Sec. 2-3.25. Standards for schools.

(a) To determine for all types of schools conducted under this Act efficient and adequate standards for the physical plant, heating, lighting, ventilation, sanitation, safety, equipment and supplies, instruction and teaching, curriculum, library, operation, maintenance, administration and supervision, and to issue, refuse to issue or revoke certificates of recognition for schools or school districts pursuant to standards established hereunder; to determine and establish efficient and adequate standards for approval of credit for courses given and conducted by schools outside of the regular school term.

(a-5) On or before July 1, 2021, the State Board of Education must adopt revised social science learning standards that are inclusive and reflective of all individuals in this country.

(b) Whenever it appears that a secondary or unit school district may be unable to offer courses enabling students in grades 9 through 12 to meet the minimum preparation and admission requirements for public colleges and universities adopted by the Board of Higher Education, the State Board of Education shall assist the district in reviewing and analyzing its existing curriculum with particular reference to the educational needs of all pupils of the district and the sufficiency of existing and future revenues and payments available to the district for development of a curriculum which will provide maximum educational opportunity to pupils of the district. The review and analysis may consider achievement of this goal not only through implementation of traditional classroom methods but also through development of and participation in joint educational programs with other school districts or institutions of higher education, or alternative programs employing modern technological methods including but not limited to the use of television, telephones, computers, radio and other electronic devices.

(105 ILCS 5/27-20.4) (from Ch. 122, par. 27-20.4)

Sec. 27-20.4. Black History study. Every public elementary school and high school shall include in its curriculum a unit of instruction studying the events of Black History, including the history of the pre-enslavement of Black people from 3,000 BCE to AD 1619, the African slave trade, slavery in America, the study of the reasons why Black people came to be enslaved, and the vestiges of slavery in this country, and the study of the American civil rights renaissance. These events shall include not only the contributions made by individual African-Americans in government and in the arts, humanities and sciences to the economic, cultural and political development of the United States and Africa, but also

the socio-economic struggle which African-Americans experienced collectively in striving to achieve fair and equal treatment under the laws of this nation. The studying of this material shall constitute an affirmation by students of their commitment to respect the dignity of all races and peoples and to forever eschew every form of discrimination in their lives and careers.

The State Superintendent of Education may prepare and make available to all school boards instructional materials, including those established by the Amistad Commission, which may be used as guidelines for development of a unit of instruction under this Section; provided, however, that each school board shall itself determine the minimum amount of instruction time which shall qualify as a unit of instruction satisfying the requirements of this Section.

A school may meet the requirements of this Section through an online program or course.

(4) Families benefit by being able to better meet their child's developmental needs from an early age and throughout their lives.

(5) Benefits to society include reducing the economic burden through a decreased need for special education.

(6) Data shows that early intervention services in Illinois are at least two and a half times less costly annually than special education services in preschool and elementary years.

(7) Nationwide, nearly 70% of children in early intervention programs exhibit growth greater than expected; this includes acquiring skills at a faster rate even after they leave the program.

(8) Nationwide, nearly half of children leave early intervention programs functioning at age level and do not need special education at kindergarten age.

(9) Early intervention services are underutilized in Illinois and nationally with only 4% of Illinois infants and toddlers currently receiving services, while the research shows that about 13% of Illinois children are eligible.

(10) In Illinois and nationally, only approximately 1% of infants are enrolled in early intervention, which is far below the percentage of children who should be receiving these services; this is of concern because intervention at the earliest possible point improves children's outcomes, and children born with low or very low birth weights or otherwise leaving the NICU too often do not receive the needed connection to early intervention services, particularly those children on Medicaid.

(11) Data indicates that early intervention services in Illinois are underutilized in the medical diagnosis and environmental factors with substantial risk of delay categories; these are the 2 eligibility areas in which infants and toddlers are automatically eligible.

(12) Experts conclude that early intervention eligibility needs to be clearly understood and documented so that children and families who meet eligibility requirements can be appropriately referred, served, and supported.

(13) The Early Intervention Services System Act requires the State to provide a comprehensive, coordinated, interagency, and interdisciplinary early intervention services system for eligible

infants and toddlers and their families by enhancing the capacity to provide quality early intervention services, expanding and improving existing services, and facilitating coordination of payments for early intervention services from various public and private sources.

(14) Black and Latinx children in Illinois are more likely to be on a waiting list for services. This is due to a number of reasons, including the reluctance to provide services in certain neighborhoods due to the perception of safety issues and in cases in which families experience multiple challenges, such as child welfare involvement or families experiencing homelessness, which are all predictive factors of children that could benefit from early intervention services.

(15) Inequitable access to appropriate early intervention services is disproportionately more likely to be experienced by Black and Latinx families.

(b) The General Assembly encourages the Department of Human Services, in consultation with advocates and experts in the field, including the Interagency Council on Early Intervention, to take all of the following actions:

(1) to re-examine the definition of "at-risk" and also the diagnosed medical conditions that typically result in delay to ensure that they effectively increase eligibility and access to early intervention services;

(2) to charge the Early Intervention Training Program, in collaboration with experts and beneficiaries, to create and execute a plan for designing and disseminating affirmative outreach through multiple modalities to primary referral services as defined by statute, providers, and families;

(3) to include explanations and provide examples in the affirmative outreach plan about how the medical conditions resulting in high probability of developmental delay and at-risk of developmental delay categories do not require the child to have any present delay;

(4) to present to the General Assembly a report that includes the affirmative outreach plan and plans for disseminating that information, including data on the all-children-served eligibility category, services provided, and information on race and

geographic area to the General Assembly no later than June 30, 2022;

(5) to develop a plan for the State to launch early intervention specialized teams that can address the complex needs that families face; the General Assembly urges recommendations for the plan to be developed by a public-private early intervention specialized teams work group and to include the participation of at least 2 Child Family Connection Providers in an early intervention specialized team pilot; this plan should build on work by the Illinois Interagency Council on Early Intervention and should specifically address modifications to billing and other policies to support new teaming structure, budget implications for pilot execution, corresponding professional development opportunities for early intervention providers, a prearranged mechanism to collect feedback from both families and providers, a mechanism for tracking outcomes, and ways to refine the approach for scale; the General Assembly urges this plan to be developed and launched by January 1, 2022; and

(6) to work in a public-private partnership to establish demonstration projects with at least 2 hospital neo-natal intensive care departments, in-patient and out-patient, with the goal of better coordination and timely connections to early intervention services; the General Assembly encourages this implementation to be underway no later than January 1, 2022.

The feasibility study shall:

(1) assess the impact of consolidation on access for participants, including minority persons as defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, persons with limited English proficiency, persons with disabilities, and youth, and how consolidation would increase equitable access to workforce resources;

(2) assess the cost of consolidation and estimate any long-term savings anticipated from the action;

(3) assess the impact of consolidation on agencies in which the programs currently reside, including, but not limited to, the Department of Commerce and Economic Opportunity, the Department of Employment Security, the Department of Human Services, the Community College Board, the Board of Higher Education, the Department of Corrections, the Department on Aging, the Department of Veterans' Affairs, and the Department of Children and Family Services;

(4) assess the impact of consolidation on State government employees and union contracts;

(5) consider if the consolidation will provide avenues to maximize federal funding;

(6) provide recommendations for the future structure of workforce development programs, including a proposed timeline for implementation;

(7) provide direction for implementation by July 1, 2022 with regard to recommendations that do not require legislative change;

Approved March 8, 2021.
Effective March 8, 2021.

PUBLIC ACT 101-0655
(Senate Bill No. 1510)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Article 1.
Section 1-5. The Illinois Public Aid Code is amended by adding Section 5A-2.1 as follows:

(305 ILCS 5/5A-2.1 new)
Sec. 5A-2.1. Continuation of Section 5A-2 of this Code; validation.
(a) The General Assembly finds and declares that:

(1) Public Act 101-650, which took effect on July 7, 2020, contained provisions that would have changed the repeal date for Section 5A-2 of this Act from July 1, 2020 to December 31, 2022.

(2) The Statute on Statutes sets forth general rules on the repeal of statutes and the construction of multiple amendments, but Section 1 of that Act also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

(3) This amendatory Act of the 101st General Assembly manifests the intention of the General Assembly to extend the repeal date for Section 5A-2 of this Code and have Section 5A-2 of
this Code, as amended by Public Act 101-650, continue in effect until December 31, 2022.

(b) Any construction of this Code that results in the repeal of Section 5A-2 of this Code on July 1, 2020 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of this Code.

(c) It is hereby declared to have been the intent of the General Assembly that Section 5A-2 of this Code shall not be subject to repeal on July 1, 2020.

(d) Section 5A-2 of this Code shall be deemed to have been in continuous effect since July 8, 1992 (the effective date of Public Act 87-861), and it shall continue to be in effect, as amended by Public Act 101-650, until it is otherwise lawfully amended or repealed. All previously enacted amendments to the Section taking effect on or after July 8, 1992, are hereby validated.

(e) In order to ensure the continuing effectiveness of Section 5A-2 of this Code, that Section is set forth in full and reenacted by this amendatory Act of the 101st General Assembly. In this amendatory Act of the 101st General Assembly, the base text of the reenacted Section is set forth as amended by Public Act 101-650.

(f) All actions of the Illinois Department or any other person or entity taken in reliance on or pursuant to Section 5A-2 of this Code are hereby validated.

Section 1-10. The Illinois Public Aid Code is amended by reenacting Section 5A-2 as follows:

(305 ILCS 5/5A-2) (from Ch. 23, par. 5A-2)
Sec. 5A-2. Assessment.

(a)(1) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, or as long as continued under Section 5A-16, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of $218.38 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the

New matter indicated by italics - deletions by strikeout
Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, or as provided in Section 5A-16, in addition to any federally required State share as authorized under paragraph (1), the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For State fiscal years 2009 through 2018, or as provided in Section 5A-16, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $197.19 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days. For State fiscal years 2019 and 2020, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10, for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 and 2022, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $221.50 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided however: for the period of July 1, 2020 through December 31, 2020, (i) the assessment shall be equal to 50% of the annual amount; and (ii) the amount of $221.50 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 and 2022, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology for fiscal years 2021 through December 31, 2022 not be approved on or before June 30, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the assessment methodology for July 1, 2020 through December 31, 2022, is approved on or after July 1, 2020, it shall be retroactive to July 1, 2020, subject to federal approval and provided that the payments authorized under Section 5A-12.7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in
State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph.

(b) (Blank).

(b-5)(1) Subject to Sections 5A-3 and 5A-10, for the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and for State fiscal years 2013 through 2018, or as provided in Section 5A-16, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .008766 multiplied by the hospital's outpatient gross revenue, provided, however, that the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, in addition to any federally required State share as authorized under paragraph (1), the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, or as provided in Section 5A-16, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available,
including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01358 multiplied by the hospital's outpatient gross revenue. For State fiscal years 2019 and 2020, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020.

(4) Subject to Sections 5A-3 and 5A-10, for the period of July 1, 2020 through December 31, 2020 and calendar years 2021 and 2022, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01525 multiplied by the hospital's outpatient gross revenue, provided however: (i) for the period of July 1, 2020 through December 31, 2020, the assessment shall be equal to 50% of the annual amount; and (ii) the amount of .01525 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7). For the period of July 1, 2020 through December 31, 2020 and calendar years 2021 and 2022, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

If the change in the assessment methodology above for July 1, 2020 through December 31, 2022, is approved after June 30, 2020, it shall have a retroactive effective date of July 1, 2020, subject to federal approval and provided that the payments authorized under Section 12A-7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph.

(b-6)(1) As used in this Section, "ACA Assessment Adjustment" means:

(A) For the period of July 1, 2016 through December 31, 2016, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2016 multiplied by 6.

(B) For the period of January 1, 2017 through June 30, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2016 multiplied by 6, except that the amount calculated under this subparagraph (B) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning July 1, 2016 through December 31,
2016 and the estimated payments due and payable in the month of April 2016 multiplied by 6 as described in subparagraph (A).

(C) For the period of July 1, 2017 through December 31, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2017 multiplied by 6, except that the amount calculated under this subparagraph (C) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning January 1, 2017 through June 30, 2017 and the estimated payments due and payable in the month of October 2016 multiplied by 6 as described in subparagraph (B).

(D) For the period of January 1, 2018 through June 30, 2018, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2017 multiplied by 6, except that:

(i) the amount calculated under this subparagraph (D) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period of July 1, 2017 through December 31, 2017 and the estimated payments due and payable in the month of April 2017 multiplied by 6 as described in subparagraph (C); and

(ii) the amount calculated under this subparagraph (D) shall be adjusted to include the product of .19125 multiplied by the sum of the fee-for-service payments, if any, estimated to be paid to hospitals under subsection (b) of Section 5A-12.5.

(2) The Department shall complete and apply a final reconciliation of the ACA Assessment Adjustment prior to June 30, 2018 to account for:

(A) any differences between the actual payments issued or scheduled to be issued prior to June 30, 2018 as authorized in Section 5A-12.5 for the period of January 1, 2018 through June 30, 2018 and the estimated payments due and payable in the month of

October 2017 multiplied by 6 as described in subparagraph (D); and

(B) any difference between the estimated fee-for-service payments under subsection (b) of Section 5A-12.5 and the amount of such payments that are actually scheduled to be paid.

The Department shall notify hospitals of any additional amounts owed or reduction credits to be applied to the June 2018 ACA Assessment Adjustment. This is to be considered the final reconciliation for the ACA Assessment Adjustment.

(3) Notwithstanding any other provision of this Section, if for any reason the scheduled payments under subsection (b) of Section 5A-12.5 are not issued in full by the final day of the period authorized under subsection (b) of Section 5A-12.5, funds collected from each hospital pursuant to subparagraph (D) of paragraph (1) and pursuant to paragraph (2), attributable to the scheduled payments authorized under subsection (b) of Section 5A-12.5 that are not issued in full by the final day of the period attributable to each payment authorized under subsection (b) of Section 5A-12.5, shall be refunded.

(4) The increases authorized under paragraph (2) of subsection (a) and paragraph (2) of subsection (b-5) shall be limited to the federally required State share of the total payments authorized under Section 5A-12.5 if the sum of such payments yields an annualized amount equal to or less than $450,000,000, or if the adjustments authorized under subsection (t) of Section 5A-12.2 are found not to be actuarially sound; however, this limitation shall not apply to the fee-for-service payments described in subsection (b) of Section 5A-12.5.

(b-7)(1) As used in this Section, "Assessment Adjustment" means:

(A) For the period of July 1, 2020 through December 31, 2020, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(B) For each calendar quarter beginning on and after January 1, 2021, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(2) The Department shall calculate and notify each hospital of the total Assessment Adjustment and any additional assessment owed by the hospital or refund owed to the hospital on either a semi-annual or annual basis. Such notice shall be issued at least 30 days prior to any period in which the assessment will be adjusted. Any additional assessment owed by the hospital or refund owed to the hospital shall be uniformly applied to the assessment owed by the hospital in monthly installments for the subsequent semi-annual period or calendar year. If no assessment is owed in the subsequent year, any amount owed by the hospital or refund due to the hospital, shall be paid in a lump sum.

(3) The Department shall publish all details of the Assessment Adjustment calculation performed each year on its website within 30 days of completing the calculation, and also submit the details of the Assessment Adjustment calculation as part of the Department's annual report to the General Assembly.

(c) (Blank).

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

(e) Notwithstanding any other provision of this Section, any plan providing for an assessment on a hospital provider as a permissible tax under Title XIX of the federal Social Security Act and Medicaid-eligible payments to hospital providers from the revenues derived from that assessment shall be reviewed by the Illinois Department of Healthcare and Family Services, as the Single State Medicaid Agency required by federal law, to determine whether those assessments and hospital provider payments meet federal Medicaid standards. If the Department determines that the elements of the plan may meet federal Medicaid standards and a related State Medicaid Plan Amendment is prepared in a manner and form suitable for submission, that State Plan Amendment shall be submitted in a timely manner for review by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and subject to approval by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services. No such plan shall become effective without approval by the Illinois General Assembly by the enactment into law of related legislation. Notwithstanding any other provision of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment.
imposed under this Section. Any such rules may be adopted by the Department under Section 5-50 of the Illinois Administrative Procedure Act.

Section 10-5. The Illinois Public Aid Code is amended by changing Section 14-12 as follows:

(305 ILCS 5/14-12)
Sec. 14-12. Hospital rate reform payment system. The hospital payment system pursuant to Section 14-11 of this Article shall be as follows:

(a) Inpatient hospital services. Effective for discharges on and after July 1, 2014, reimbursement for inpatient general acute care services shall utilize the All Patient Refined Diagnosis Related Grouping (APR-DRG) software, version 30, distributed by 3M™ Health Information System.

(1) The Department shall establish Medicaid weighting factors to be used in the reimbursement system established under this subsection. Initial weighting factors shall be the weighting

New matter indicated by italics - deletions by strikeout
factors as published by 3M Health Information System, associated with Version 30.0 adjusted for the Illinois experience.

(2) The Department shall establish a statewide-standardized amount to be used in the inpatient reimbursement system. The Department shall publish these amounts on its website no later than 10 calendar days prior to their effective date.

(3) In addition to the statewide-standardized amount, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid providers or services for trauma, transplantation services, perinatal care, and Graduate Medical Education (GME).

(4) The Department shall develop add-on payments to account for exceptionally costly inpatient stays, consistent with Medicare outlier principles. Outlier fixed loss thresholds may be updated to control for excessive growth in outlier payments no more frequently than on an annual basis, but at least triennially. Upon updating the fixed loss thresholds, the Department shall be required to update base rates within 12 months.

(5) The Department shall define those hospitals or distinct parts of hospitals that shall be exempt from the APR-DRG reimbursement system established under this Section. The Department shall publish these hospitals' inpatient rates on its website no later than 10 calendar days prior to their effective date.

(6) Beginning July 1, 2014 and ending on June 30, 2024, in addition to the statewide-standardized amount, the Department shall develop an adjustor to adjust the rate of reimbursement for safety-net hospitals defined in Section 5-5e.1 of this Code excluding pediatric hospitals.

(7) Beginning July 1, 2014, in addition to the statewide-standardized amount, the Department shall develop an adjustor to adjust the rate of reimbursement for Illinois freestanding inpatient psychiatric hospitals that are not designated as children's hospitals by the Department but are primarily treating patients under the age of 21.

(7.5) (Blank).

(8) Beginning July 1, 2018, in addition to the statewide-standardized amount, the Department shall adjust the rate of reimbursement for hospitals designated by the Department of Public Health as a Perinatal Level II or II+ center by applying the

New matter indicated by italics - deletions by strikeout
same adjustor that is applied to Perinatal and Obstetrical care cases for Perinatal Level III centers, as of December 31, 2017.

(9) Beginning July 1, 2018, in addition to the statewide-standardized amount, the Department shall apply the same adjustor that is applied to trauma cases as of December 31, 2017 to inpatient claims to treat patients with burns, including, but not limited to, APR-DRGs 841, 842, 843, and 844.

(10) Beginning July 1, 2018, the statewide-standardized amount for inpatient general acute care services shall be uniformly increased so that base claims projected reimbursement is increased by an amount equal to the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of this subsection and paragraphs (3) and (4) of subsection (b) multiplied by 40%.

(11) Beginning July 1, 2018, the reimbursement for inpatient rehabilitation services shall be increased by the addition of a $96 per day add-on.

(b) Outpatient hospital services. Effective for dates of service on and after July 1, 2014, reimbursement for outpatient services shall utilize the Enhanced Ambulatory Procedure Grouping (EAPG) software, version 3.7 distributed by 3M™ Health Information System.

(1) The Department shall establish Medicaid weighting factors to be used in the reimbursement system established under this subsection. The initial weighting factors shall be the weighting factors as published by 3M Health Information System, associated with Version 3.7.

(2) The Department shall establish service specific statewide-standardized amounts to be used in the reimbursement system.

(A) The initial statewide standardized amounts, with the labor portion adjusted by the Calendar Year 2013 Medicare Outpatient Prospective Payment System wage index with reclassifications, shall be published by the Department on its website no later than 10 calendar days prior to their effective date.

(B) The Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F. For
outpatient services provided on or before June 30, 2018, the EAPG standardized amounts are determined separately for each critical access hospital such that simulated EAPG payments using outpatient base period paid claim data plus payments under Section 5A-12.4 of this Code net of the associated tax costs are equal to the estimated costs of outpatient base period claims data with a rate year cost inflation factor applied.

(3) In addition to the statewide-standardized amounts, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid hospital outpatient providers or services, including outpatient high volume or safety-net hospitals. Beginning July 1, 2018, the outpatient high volume adjustor shall be increased to increase annual expenditures associated with this adjustor by $79,200,000, based on the State Fiscal Year 2015 base year data and this adjustor shall apply to public hospitals, except for large public hospitals, as defined under 89 Ill. Adm. Code 148.25(a).

(4) Beginning July 1, 2018, in addition to the statewide standardized amounts, the Department shall make an add-on payment for outpatient expensive devices and drugs. This add-on payment shall at least apply to claim lines that: (i) are assigned with one of the following EAPGs: 490, 1001 to 1020, and coded with one of the following revenue codes: 0274 to 0276, 0278; or (ii) are assigned with one of the following EAPGs: 430 to 441, 443, 444, 460 to 465, 495, 496, 1090. The add-on payment shall be calculated as follows: the claim line's covered charges multiplied by the hospital's total acute cost to charge ratio, less the claim line's EAPG payment plus $1,000, multiplied by 0.8.

(5) Beginning July 1, 2018, the statewide-standardized amounts for outpatient services shall be increased by a uniform percentage so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%.

(6) Effective for dates of service on or after July 1, 2018, the Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as
designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F, such that each Critical Access Hospital's standardized amount for outpatient services shall be increased by the applicable uniform percentage determined pursuant to paragraph (5) of this subsection. It is the intent of the General Assembly that the adjustments required under this paragraph (6) by Public Act 100-1181 shall be applied retroactively to claims for dates of service provided on or after July 1, 2018.

(7) Effective for dates of service on or after March 8, 2019 (the effective date of Public Act 100-1181), the Department shall recalculate and implement an updated statewide-standardized amount for outpatient services provided by hospitals that are not Critical Access Hospitals to reflect the applicable uniform percentage determined pursuant to paragraph (5).

(1) Any recalculation to the statewide-standardized amounts for outpatient services provided by hospitals that are not Critical Access Hospitals shall be the amount necessary to achieve the increase in the statewide-standardized amounts for outpatient services increased by a uniform percentage, so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection, for all hospitals that are not Critical Access Hospitals, multiplied by 46%.

(2) It is the intent of the General Assembly that the recalculations required under this paragraph (7) by Public Act 100-1181 shall be applied prospectively to claims for dates of service provided on or after March 8, 2019 (the effective date of Public Act 100-1181) and that no recoupment or repayment by the Department or an MCO of payments attributable to recalculation under this paragraph (7), issued to the hospital for dates of service on or after July 1, 2018 and before March 8, 2019 (the effective date of Public Act 100-1181), shall be permitted.

(8) The Department shall ensure that all necessary adjustments to the managed care organization capitation base rates necessitated by the adjustments under subparagraph (6) or (7) of

New matter indicated by italics - deletions by strikeout
this subsection are completed and applied retroactively in accordance with Section 5-30.8 of this Code within 90 days of March 8, 2019 (the effective date of Public Act 100-1181).

(9) Within 60 days after federal approval of the change made to the assessment in Section 5A-2 by this amendatory Act of the 101st General Assembly, the Department shall incorporate into the EAPG system for outpatient services those services performed by hospitals currently billed through the Non-Institutional Provider billing system.

(c) In consultation with the hospital community, the Department is authorized to replace 89 Ill. Admin. Code 152.150 as published in 38 Ill. Reg. 4980 through 4986 within 12 months of June 16, 2014 (the effective date of Public Act 98-651). If the Department does not replace these rules within 12 months of June 16, 2014 (the effective date of Public Act 98-651), the rules in effect for 152.150 as published in 38 Ill. Reg. 4980 through 4986 shall remain in effect until modified by rule by the Department. Nothing in this subsection shall be construed to mandate that the Department file a replacement rule.

(d) Transition period. There shall be a transition period to the reimbursement systems authorized under this Section that shall begin on the effective date of these systems and continue until June 30, 2018, unless extended by rule by the Department. To help provide an orderly and predictable transition to the new reimbursement systems and to preserve and enhance access to the hospital services during this transition, the Department shall allocate a transitional hospital access pool of at least $290,000,000 annually so that transitional hospital access payments are made to hospitals.

(1) After the transition period, the Department may begin incorporating the transitional hospital access pool into the base rate structure; however, the transitional hospital access payments in effect on June 30, 2018 shall continue to be paid, if continued under Section 5A-16.

(2) After the transition period, if the Department reduces payments from the transitional hospital access pool, it shall increase base rates, develop new adjustors, adjust current adjustors, develop new hospital access payments based on updated information, or any combination thereof by an amount equal to the decreases proposed in the transitional hospital access pool

New matter indicated by italics - deletions by strikeout
payments, ensuring that the entire transitional hospital access pool amount shall continue to be used for hospital payments.

(d-5) Hospital and health care transformation program. The Department shall develop a hospital and health care transformation program to provide financial assistance to hospitals in transforming their services and care models to better align with the needs of the communities they serve. The payments authorized in this Section shall be subject to approval by the federal government.

(1) Phase 1. In State fiscal years 2019 through 2020, the Department shall allocate funds from the transitional access hospital pool to create a hospital transformation pool of at least $262,906,870 annually and make hospital transformation payments to hospitals. Subject to Section 5A-16, in State fiscal years 2019 and 2020, an Illinois hospital that received either a transitional hospital access payment under subsection (d) or a supplemental payment under subsection (f) of this Section in State fiscal year 2018, shall receive a hospital transformation payment as follows:

(A) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 45%, the hospital transformation payment shall be equal to 100% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(B) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 25% but less than 45%, the hospital transformation payment shall be equal to 75% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(C) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is less than 25%, the hospital transformation payment shall be equal to 50% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(2) Phase 2.

(A) The funding amount from phase one shall be incorporated into directed payment and pass-through payment methodologies described in Section 5A-12.7.

New matter indicated by italics - deletions by strikeout
(B) Because there are communities in Illinois that experience significant health care disparities due to systemic racism, as recently emphasized by the COVID-19 pandemic, aggravated by social determinants of health and a lack of sufficiently allocated healthcare resources, particularly community-based services, preventive care, obstetric care, chronic disease management, and specialty care, the Department shall establish a health care transformation program that shall be supported by the transformation funding pool. It is the intention of the General Assembly that innovative partnerships funded by the pool must be designed to establish or improve integrated health care delivery systems that will provide significant access to the Medicaid and uninsured populations in their communities, as well as improve health care equity. It is also the intention of the General Assembly that partnerships recognize and address the disparities revealed by the COVID-19 pandemic, as well as the need for post-COVID care. During State fiscal years 2021 through 2027, the hospital and health care transformation program shall be supported by an annual transformation funding pool of up to $150,000,000, pending federal matching funds, to be allocated during the specified fiscal years for the purpose of facilitating hospital and health care transformation. No disbursement of moneys for transformation projects from the transformation funding pool described under this Section shall be considered an award, a grant, or an expenditure of grant funds. Funding agreements made in accordance with the transformation program shall be considered purchases of care under the Illinois Procurement Code, and funds shall be expended by the Department in a manner that maximizes federal funding to expend the entire allocated amount.

The Department shall convene, within 30 days after the effective date of this amendatory Act of the 101st General Assembly, a workgroup that includes subject matter experts on healthcare disparities and stakeholders from distressed communities, which could be a subcommittee of the Medicaid Advisory Committee, to...
review and provide recommendations on how Department policy, including health care transformation, can improve health disparities and the impact on communities disproportionately affected by COVID-19. The workgroup shall consider and make recommendations on the following issues: a community safety-net designation of certain hospitals, racial equity, and a regional partnership to bring additional specialty services to communities.

Whereas there are communities in Illinois that suffer from significant health care disparities aggravated by social determinants of health and a lack of sufficiently allocated healthcare resources, particularly community-based services and preventive care, there is established a new hospital and health care transformation program, which shall be supported by a transformation funding pool. An application for funding from the hospital and health care transformation program may incorporate the campus of a hospital closed after January 1, 2018 or a hospital that has provided notice of its intent to close pursuant to Section 8.7 of the Illinois Health Facilities Planning Act. During State Fiscal Years 2021 through 2023, the hospital and health care transformation program shall be supported by an annual transformation funding pool of at least $150,000,000 to be allocated during the specified fiscal years for the purpose of facilitating hospital and health care transformation. The Department shall not allocate funds associated with the hospital and health care transformation pool as established in this subparagraph until the General Assembly has established in law or resolution, further criteria for dispersal or allocation of those funds after the effective date of this amendatory Act of 101st General Assembly.

(C) As provided in paragraph (9) of Section 3 of the Illinois Health Facilities Planning Act, any hospital participating in the transformation program may be excluded from the requirements of the Illinois Health Facilities Planning Act for those projects related to the hospital's transformation. To be eligible, the hospital must submit to the Health Facilities and Services Review Board
approval from the Department that the project is a part of
the hospital's transformation.

(D) As provided in subsection (a-20) of Section
32.5 of the Emergency Medical Services (EMS) Systems
Act, a hospital that received hospital transformation
payments under this Section may convert to a freestanding
emergency center. To be eligible for such a conversion, the
hospital must submit to the Department of Public Health
approval from the Department that the project is a part of
the hospital's transformation.

(E) Criteria for proposals. To be eligible for
funding under this Section, a transformation proposal shall
meet all of the following criteria:

(i) the proposal shall be designed based on
community needs assessment completed by either a
University partner or other qualified entity with
significant community input;

(ii) the proposal shall be a collaboration
among providers across the care and community
spectrum, including preventative care, primary care
specialty care, hospital services, mental health and
substance abuse services, as well as community-
based entities that address the social determinants
of health;

(iii) the proposal shall be specifically
designed to improve healthcare outcomes and
reduce healthcare disparities, and improve the
coordination, effectiveness, and efficiency of care
delivery;

(iv) the proposal shall have specific
measurable metrics related to disparities that will
be tracked by the Department and made public by
the Department;

(v) the proposal shall include a commitment
to include Business Enterprise Program certified
vendors or other entities controlled and managed
by minorities or women; and

(vi) the proposal shall specifically increase
access to primary, preventive, or specialty care.

New matter indicated by italics - deletions by strikeout
(F) Entities eligible to be funded.

(i) Proposals for funding should come from collaborations operating in one of the most distressed communities in Illinois as determined by the U.S. Centers for Disease Control and Prevention's Social Vulnerability Index for Illinois and areas disproportionately impacted by COVID-19 or from rural areas of Illinois.

(ii) The Department shall prioritize partnerships from distressed communities, which include Business Enterprise Program certified vendors or other entities controlled and managed by minorities or women and also include one or more of the following: safety-net hospitals, critical access hospitals, the campuses of hospitals that have closed since January 1, 2018, or other healthcare providers designed to address specific healthcare disparities, including the impact of COVID-19 on individuals and the community and the need for post-COVID care. All funded proposals must include specific measurable goals and metrics related to improved outcomes and reduced disparities which shall be tracked by the Department.

(iii) The Department should target the funding in the following ways: $30,000,000 of transformation funds to projects that are a collaboration between a safety-net hospital, particularly community safety-net hospitals, and other providers and designed to address specific healthcare disparities, $20,000,000 of transformation funds to collaborations between safety-net hospitals and a larger hospital partner that increases specialty care in distressed communities, $30,000,000 of transformation funds to projects that are a collaboration between hospitals and other providers in distressed areas of the State designed to address specific healthcare disparities, $15,000,000 to collaborations between

New matter indicated by italics - deletions by strikeout
critical access hospitals and other providers designed to address specific healthcare disparities, and $15,000,000 to cross-provider collaborations designed to address specific healthcare disparities, and $5,000,000 to collaborations that focus on workforce development.

(iv) The Department may allocate up to $5,000,000 for planning, racial equity analysis, or consulting resources for the Department or entities without the resources to develop a plan to meet the criteria of this Section. Any contract for consulting services issued by the Department under this subparagraph shall comply with the provisions of Section 5-45 of the State Officials and Employees Ethics Act. Based on availability of federal funding, the Department may directly procure consulting services or provide funding to the collaboration. The provision of resources under this subparagraph is not a guarantee that a project will be approved.

(v) The Department shall take steps to ensure that safety-net hospitals operating in under-resourced communities receive priority access to hospital and healthcare transformation funds, including consulting funds, as provided under this Section.

(G) Process for submitting and approving projects for distressed communities. The Department shall issue a template for application. The Department shall post any proposal received on the Department's website for at least 2 weeks for public comment, and any such public comment shall also be considered in the review process. Applicants may request that proprietary financial information be redacted from publicly posted proposals and the Department in its discretion may agree. Proposals for each distressed community must include all of the following:

(i) A detailed description of how the project intends to affect the goals outlined in this subsection, describing new interventions, new
technology, new structures, and other changes to the healthcare delivery system planned.

(ii) A detailed description of the racial and ethnic makeup of the entities' board and leadership positions and the salaries of the executive staff of entities in the partnership that is seeking to obtain funding under this Section.

available, the Department may negotiate funding agreements with approved applicants to maximize federal funding. Nothing in this subsection requires that an approved project be funded to the level requested. Agreements shall specify the amount of funding anticipated annually, the methodology of payments, the limit on the number of years such funding may be provided, and the milestones and quality metrics that must be met by the projects in order to continue to receive funding during each year of the program. Agreements shall specify the terms and conditions under which a health care facility that receives funds under a purchase of care agreement and closes in violation of the terms of the agreement must pay an early closure fee no greater than 50% of the funds it received under the agreement, prior to the Health Facilities and Services Review Board considering an application for closure of the facility. Any project that is funded shall be required to provide quarterly written progress reports, in a form prescribed by the Department, and at a minimum shall include the progress made in achieving any milestones or metrics or Business Enterprise Program commitments in its plan. The Department may reduce or end payments, as set forth in transformation plans, if milestones or metrics or Business Enterprise Program commitments are not achieved. The Department shall seek to make payments from the transformation fund in a manner that is eligible for federal matching funds.

In reviewing the proposals, the Department shall take into account the needs of the community, data from the study commissioned by the Department from the University of Illinois-Chicago if applicable, feedback from public comment on the Department’s website, as well as how the proposal meets the criteria listed under subparagraph (G). Alignment with the Department’s overall strategic initiatives shall be an important factor. To the extent that fiscal year funding is not adequate to fund all eligible projects that apply, the Department shall prioritize applications that most comprehensively and effectively address the criteria listed under subparagraph (G).

(4) Hospital Transformation Review Committee. There is created the Hospital Transformation Review Committee. The Committee shall consist of 14 members. No later than 30 days after March 12, 2018 (the effective date of Public Act 100-581), the 4 legislative leaders shall each appoint 3 members; the Governor shall appoint the Director of Healthcare and Family Services, or his or her designee, as a member; and the Director of Healthcare and Family Services shall appoint one member. Any vacancy shall be filled by the applicable appointing authority within 15 calendar days. The members of the Committee shall select a Chair and a Vice-Chair from among its members, provided that the Chair and Vice-Chair cannot be appointed by the same appointing authority and must be from different political parties. The Chair shall have the authority to establish a meeting schedule and convene meetings of the Committee, and the Vice-Chair shall have the authority to convene meetings in the absence of the Chair. The Committee may establish its own rules with respect to meeting schedule, notice of meetings, and the disclosure of documents; however, the Committee shall not have the power to subpoena individuals or documents and any rules must be approved by 9 of the 14 members. The Committee shall perform the functions described in this Section and advise and consult with the Director in the administration of this Section. In addition to reviewing and approving the policies, procedures, and rules for the hospital and health care transformation program, the Committee shall consider and make recommendations related to qualifying criteria and payment methodologies related to safety-net hospitals and children's hospitals. Any supplemental payments authorized under Illinois Administrative Code 148 effective January 1, 2014 and that continue during the period of July 1, 2014 through December 31, 2014 shall remain in effect as long as the assessment imposed by Section 5A-2 that is in effect on December 31, 2017 remains in effect.

(g) Notwithstanding subsections (a) through (f) of this Section and notwithstanding the changes authorized under Section 5-5b.1, any updates to the system shall not result in any diminishment of the overall effective rates of reimbursement as of the implementation date of the new system (July 1, 2014). These updates shall not preclude variations in any individual component of the system or hospital rate variations. Nothing in this Section shall prohibit the Department from increasing the rates of reimbursement or developing payments to ensure access to hospital services. Nothing in this Section shall be construed to guarantee a minimum amount of spending in the aggregate or per hospital as spending may be impacted by factors, including, but not limited to, the number of individuals in the medical assistance program and the severity of illness of the individuals.

(h) The Department shall have the authority to modify by rulemaking any changes to the rates or methodologies in this Section as required by the federal government to obtain federal financial participation for expenditures made under this Section.

Article 15.

Section 15-1. Short title. This Act may be cited as the COVID-19 Medically Necessary Diagnostic Testing Act.

Section 15-5. Findings. The General Assembly finds that COVID-19 has infected hundreds of thousands of Illinois residents and taken the lives of tens of thousands all within less than a year's time. Nursing home residents are at particular risk of the virus due to many factors, and routine testing among residents and staff is critical to control the spread within facilities. Nursing facilities are required by federal and State regulation to conduct COVID-19 routine testing at specified intervals.

New matter indicated by italics - deletions by strikeout
The General Assembly finds that some insurance companies are denying coverage of routine COVID-19 testing for insured staff because it is not deemed medically necessary.

The General Assembly also finds that diagnostic testing for COVID-19 is a medically necessary basic health care service for nursing home employees, regardless of whether the employee has symptoms of COVID-19 infection or is asymptomatic, or whether the employee has a known or suspected exposure to a person with COVID-19.

The General Assembly therefore finds and declares that routine COVID-19 testing of nursing home facility employees, as mandated by State or federal laws, rules, regulations, or guidance, is medically necessary and insurance companies must cover the cost associated with such testing.

Section 15-10. Applicability. This Act applies to companies as defined in subsection (e) of Section 2 of the Illinois Insurance Code, which offer insurance policies and coverage to employees of long-term care facilities as defined in Section 1-113 of the Nursing Home Care Act.

"COVID-19" means the disease caused by SARS-CoV-2 or any further mutation.

"Diagnostic testing" means testing administered for the purposes of diagnosing COVID-19 or a related virus and the administration of such tests if the test is:

1. approved, cleared, or authorized under Section 510(k), 513, 515, or 564 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(k), 360c, 360e, and 360bbb-3);

2. the subject of a request or intended request for emergency use authorization under Section 564 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360bbb-3), until the emergency use authorization request has been denied or the developer of the test does not submit a request within a reasonable timeframe;

3. developed and authorized by a state that has notified the Secretary of the United States Department of Health and Human Services of its intention to review a test intended to diagnose COVID-19; or

4. determined by the Secretary of the United States Department of Health and Human Services or the Director of the

Centers for Disease Control and Prevention as appropriate for the diagnosis of COVID-19.

"Enrollee" means a nursing home employee who is covered by a health plan.

"Health plan" means all policies, contracts, and certificates of health insurance coverage that are or will be enforced, issued, delivered, amended, or renewed in this State and subject to the authority of the Director of Insurance under any insurance law.

"Nursing home employee" means anyone employed by or under contract with a long-term care facility as defined in Section 1-113 of the Nursing Home Care Act, or under contract with a third party to provide services within a long-term care facility.

"Testing provider" means any professional person, organization, health facility, or other person or institution licensed or authorized by the State to deliver or furnish COVID-19 diagnostic tests. Testing providers include physicians and other primary care providers; urgent care centers; State-run or county-run clinics or testing sites; pharmacies; university laboratories; hospital emergency departments; skilled nursing facilities; and any other outpatient provider setting for which the diagnosis of COVID-19 is within the scope of the provider's State licensure or authorization.

Section 15-20. Diagnostic testing.

(a) A health plan shall not impose utilization management requirements on COVID-19 diagnostic tests for nursing home employees.

(b) A health plan may inquire as to whether an enrollee is a nursing home employee as defined in this Act, but shall require no further evidence or verification of the enrollee's nursing home employee status when determining whether the enrollee is a nursing home employee.

(c) Medically necessary COVID-19 testing is urgent care, and health plans shall not extend the applicable wait time for a COVID-19 testing appointment, even if such an extension would otherwise be permitted.

(d) A health plan shall reimburse the testing provider for medically necessary COVID-19 testing at the contracted rate if the health plan has a contract with the testing provider. If the health plan and the testing provider do not have a contract that encompasses COVID-19 testing, the health plan shall reimburse the provider at the provider's cash price, when required by federal law. In all other instances, the health plan shall

New matter indicated by italics - deletions by strikeout
reimburse the provider for the reasonable and customary value of the services.

(e) Changes to a contract between a health plan and a provider delegating financial risk for COVID-19 diagnostic testing, including related items and services, shall be considered a material change to the parties' contract. A health plan shall not delegate the financial risk to a contracted provider for the cost of the enrollee services provided under this Section unless the parties have negotiated and agreed upon a new provision of the parties' contract.

(f) The timeframes specified in the Illinois Insurance Code apply for the submission and payment of claims for COVID-19 diagnostic testing and related items and services. A health plan shall not delay or deny payment of a testing provider's claim for services received by an enrollee in accordance with this Section.

(g) For purposes of the submission of claims in accordance with this Section, "provider" includes the State of Illinois, university laboratories, and State-run or county-run clinics or other testing sites.

(h) Failure by a health plan to comply with the requirements of this Act may constitute a basis for disciplinary action against the health plan. The Director of Insurance shall have all the civil, criminal, and administrative remedies available under the Illinois Insurance Code.

Sec. 3-206. The Department shall prescribe a curriculum for training nursing assistants, habilitation aides, and child care aides.

(a) No person, except a volunteer who receives no compensation from a facility and is not included for the purpose of meeting any staffing requirements set forth by the Department, shall act as a nursing assistant, habilitation aide, or child care aide in a facility, nor shall any person, under any other title, not licensed, certified, or registered to render medical care by the Department of Financial and Professional Regulation, assist with the personal, medical, or nursing care of residents in a facility, unless such person meets the following requirements:

Nursing assistants, habilitation aides, and child care aides who are enrolled in approved courses in community colleges or other educational institutions on a term, semester or trimester basis, shall be exempt from the 120-day completion time limit. The Department shall adopt rules for such courses of training. These rules shall include procedures for facilities to carry on an approved course of training within the facility. The Department shall allow an individual to satisfy the supervised clinical experience requirement for placement on the Health Care Worker Registry under 77 Ill. Adm. The Department may accept comparable training in lieu of the 120-hour course for student nurses, foreign nurses, military personnel, or employees of the Department of Human Services.

*The Department shall accept on-the-job experience in lieu of clinical training from any individual who participated in the temporary nursing assistant program during the COVID-19 pandemic before the end date of the temporary nursing assistant program and left the program in good standing, and the Department shall notify all approved certified nurse assistant training programs in the State of this requirement. temporary nursing assistant, up to 40 total hours, and shall be

implemented by the Department of Public Health by emergency
rule, as listed in 44 Ill. Reg. 7936, effective April 21, 2020.

The facility shall develop and implement procedures, which

process, which shall take place within the facility, for nursing
assistants, habilitation aides, and child care aides.

At the time of each regularly scheduled licensure survey, or
at the time of a complaint investigation, the Department may
require any nursing assistant, habilitation aide, or child care aide to
demonstrate, either through written examination or action, or both,
sufficient knowledge in all areas of required training. If such
knowledge is inadequate the Department shall require the nursing
assistant, habilitation aide, or child care aide to complete inservice
training and review in the facility until the nursing assistant,
habilitation aide, or child care aide demonstrates to the
Department, either through written examination or action, or both,
sufficient knowledge in all areas of required training.

resident care.

conducting a nursing assistant, habilitation aide, or child care aide training
program shall initiate a criminal history record check in accordance with
the Health Care Worker Background Check Act prior to entry of an

An individual may not newly be included on the Health Care Worker Registry unless a criminal history record check has been conducted with respect to the individual.

(b) Persons subject to this Section shall perform their duties under the supervision of a licensed nurse.

(c) It is unlawful for any facility to employ any person in the capacity of nursing assistant, habilitation aide, or child care aide, or under any other title, not licensed by the State of Illinois to assist in the personal, medical, or nursing care of residents in such facility unless such person has complied with this Section.

(d) Proof of compliance by each employee with the requirements set out in this Section shall be maintained for each such employee by each facility in the individual personnel folder of the employee. Proof of training shall be obtained only from the Health Care Worker Registry.

(e) Each facility shall obtain access to the Health Care Worker Registry's web application, maintain the employment and demographic information relating to each employee, and verify by the category and type of employment that each employee subject to this Section meets all the requirements of this Section.

(f) Any facility that is operated under Section 3-803 shall be exempt from the requirements of this Section.

(g) Each skilled nursing and intermediate care facility that admits persons who are diagnosed as having Alzheimer's disease or related dementias shall require all nursing assistants, habilitation aides, or child care aides, who did not receive 12 hours of training in the care and treatment of such residents during the training required under paragraph (5) of subsection (a), to obtain 12 hours of in-house training in the care and treatment of such residents. If the facility does not provide the training in-house, the training shall be obtained from other facilities, community colleges or other educational institutions that have a recognized course for such training. The Department shall, by rule, establish a recognized course for such training. The Department's rules shall provide that such training may be conducted in-house at each facility subject to the requirements of

this subsection, in which case such training shall be monitored by the Department.

The Department's rules shall also provide for circumstances and procedures whereby any person who has received training that meets the requirements of this subsection shall not be required to undergo additional training if he or she is transferred to or obtains employment at a different facility or a facility other than a long-term care facility but remains continuously employed for pay as a nursing assistant, habilitation aide, or child care aide. Individuals who have performed no nursing or nursing-related services for a period of 24 consecutive months shall be listed as "inactive" and as such do not meet the requirements of this Section. Licensed sheltered care facilities shall be exempt from the requirements of this Section.

An individual employed during the COVID-19 pandemic as a nursing assistant in accordance with any Executive Orders, emergency rules, or policy memoranda related to COVID-19 shall be assumed to meet competency standards and may continue to be employed as a certified nurse assistant when the pandemic ends and the Executive Orders or emergency rules lapse. Such individuals shall be listed on the Department's Health Care Worker Registry website as "active".

Upon request by the Director or his or her deputies or agents, records shall be copied and submitted for evidence at no cost to the Department. Every employer upon request shall furnish to the Director or his or her authorized representative, on demand, a sworn statement of the accuracy of the records. Any employer who refuses to furnish a sworn statement of the records is in violation of this Act.

In case of failure of any person to comply with any subpoena lawfully issued under this Section or on the refusal of any witness to produce evidence or to testify to any matter regarding which he or she may be lawfully interrogated, it is the duty of any circuit court, upon
application of the Director or his or her authorized representative, to compel obedience by proceedings for contempt, as in the case of disobedience of the requirements of a subpoena issued by such court or a refusal to testify therein. The Director may certify to official acts.

Data submitted to the Director related to equal pay registration certificates or otherwise provided by an employer in its equal pay compliance statement under subsection (c) are private data on individuals or nonpublic data with respect to persons other than Department employees. The Director's decision to issue, not issue, revoke, or suspend an equal pay registration certificate is public data.

(j) Penalty. The Department shall impose on any business that does not obtain an equal pay registration certificate as required under this Section, or whose equal pay registration certificate is suspended or revoked after a Department investigation, a civil penalty in an amount equal to 1% of the business's gross profits.

Falsification or misrepresentation of information on an application submitted to the Department shall constitute a violation of this Act.

(b) Request for proposals. Proposals shall be solicited through a request for proposals.
(c) Public notice. Public notice of the request for proposals shall be published in the Illinois Procurement Bulletin at least 14 calendar days before the date set in the invitation for the opening of proposals.
(d) Receipt of proposals. The results of the evaluation of all 3 parts shall be used in ranking of proposals covering price. The first part of all proposals shall be evaluated and ranked independently of the second part of all proposals:

   (D) whether the respondent has a written supplier diversity program, including, but not limited to, use of diversity vendors in the supply chain and a training or mentoring program with businesses owned by women, minorities, or persons with disabilities; and

   (E) the percentage of members of the respondent's governing board, senior executives, and managers who are women, minorities, or persons with disabilities.

(3) If any State agency or public institution of higher education contract is eligible to be paid for or reimbursed, in whole or in part, with federal-aid funds, grants, or loans, and the provisions of this subsection (e-5) would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this Section in order to remain eligible for those federal-aid funds, grants, or loans. For the purposes of this subsection (e-5):

"Manager" means a person who controls or administers all or part of a company or similar organization.

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. Third parties may lease State-owned dark fiber networks for any period of time deemed to be in the best interest of the
State, but not exceeding 20 years. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45. If the Procurement Policy Board does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

(e) As used in this Section, "dark fiber network" means a network of fiber optic cables laid but currently unused by a third party that the third party is leasing for use as network infrastructure.

(f) No vendor shall be eligible for renewal of a contract when that vendor has failed to meet the goals agreed to in the vendor's utilization plan unless the State agency has determined that the vendor made good faith efforts toward meeting the contract goals and has issued a waiver or that vendor is not otherwise excused from compliance by the chief procurement officer in consultation with the purchasing State agency. The form and content of the waiver shall be prescribed by each chief procurement officer who shall maintain on his or her official website a database of waivers granted under this Section with respect to contracts under his or her jurisdiction. The database shall be updated periodically and shall be searchable by contractor name and by contracting State agency or public institution of higher education.

Any refinement shall be based on the principles and procedures of the federal Architect-Engineer Selection Law, Public Law 92-582 Brooks Act, and the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act; except that pricing shall be an integral part of the selection process.

Sec. 20-25. Sole source procurements.

(a) In accordance with standards set by rule, contracts may be awarded without use of the specified method of source selection when there is only one economically feasible source for the item. A State contract may be awarded as a sole source contract unless an interested party submits a written request for a public hearing at which the chief
procurement officer and purchasing agency present written justification for the procurement method. Any interested party may present testimony. A sole source contract where a hearing was requested by an interested party may be awarded after the hearing is conducted with the approval of the chief procurement officer.

(b) This Section may not be used as a basis for amending a contract for professional or artistic services if the amendment would result in an increase in the amount paid under the contract of more than 5% of the initial award, or would extend the contract term beyond the time reasonably needed for a competitive procurement, not to exceed 2 months.

(c) Notice of intent to enter into a sole source contract shall be provided to the Procurement Policy Board and the Commission on Equity and Inclusion and published in the online electronic Bulletin at least 14 calendar days before the public hearing required in subsection (a). The notice shall include the sole source procurement justification form prescribed by the Board, a description of the item to be procured, the intended sole source contractor, and the date, time, and location of the public hearing. A copy of the notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin.

(d) By August 1 each year, each chief procurement officer shall file a report with the General Assembly identifying each contract the officer sought under the sole source procurement method and providing the justification given for seeking sole source as the procurement method for each of those contracts.

(30 ILCS 500/20-30)
Sec. 20-30. Emergency purchases.

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 calendar days. A contract may be extended beyond 90 calendar days if the chief procurement officer determines additional time is necessary and that
the contract scope and duration are limited to the emergency. Prior to execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances, and shall include best efforts to include contractors certified under the Business Enterprise Program. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and the Commission on Equity and Inclusion and published in the online electronic Bulletin no later than 5 calendar days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and the Commission on Equity and Inclusion and published in the online electronic Bulletin at least 14 calendar days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time, and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Statements. A chief procurement officer making a procurement under this Section shall file statements with the Procurement Policy Board, the Commission on Equity and Inclusion, and the Auditor General within 10 calendar days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 calendar days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit

Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time. The chief procurement officer shall adopt rules regarding good faith and best efforts from contractors and companies certified under the Business Enterprise Program.

(e) The changes to this Section made by this amendatory Act of the 96th General Assembly apply to procurements executed on or after its effective date.

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. Third parties may lease State-owned dark fiber networks for any period of time deemed to be in the best interest of the State, but not exceeding 20 years. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board and the Commission on Equity and Inclusion prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds $249,999. The Procurement Policy Board or the Commission on Equity and Inclusion may object to the proposed extension or renewal within 30
calendar days and require a hearing before the Board or the Commission on Equity and Inclusion prior to entering into the extension or renewal. If the Procurement Policy Board or the Commission on Equity and Inclusion does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board or the Commission on Equity and Inclusion prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board and the Commission on Equity and Inclusion shall each file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed and whether the Board objected and (ii) the contracts exempt from this subsection.

(d) Notwithstanding the provisions of subsection (a) of this Section, the Department of Innovation and Technology may enter into leases for dark fiber networks for any period of time deemed to be in the best interests of the State but not exceeding 20 years inclusive. The Department of Innovation and Technology may lease dark fiber networks from third parties only for the primary purpose of providing services (i) to the offices of Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer and State agencies, as defined under Section 5-15 of the Civil Administrative Code of Illinois or (ii) for anchor institutions, as defined in Section 7 of the Illinois Century Network Act. Dark fiber network lease contracts shall be subject to all other provisions of this Code and any applicable rules or requirements, including, but not limited to, publication of lease solicitations, use of standard State contracting terms and conditions, and approval of vendor certifications and financial disclosures.
(e) As used in this Section, "dark fiber network" means a network of fiber optic cables laid but currently unused by a third party that the third party is leasing for use as network infrastructure.

Sec. 35-15. Prequalification.
(a) The chief procurement officer for matters other than construction and the higher education chief procurement officer shall each develop appropriate and reasonable prequalification standards and categories of professional and artistic services.
(b) The prequalifications and categorizations shall be submitted to the Procurement Policy Board and the Commission on Equity and Inclusion and published for public comment prior to their submission to the Joint Committee on Administrative Rules for approval.
(c) The chief procurement officer for matters other than construction and the higher education chief procurement officer shall each also assemble and maintain a comprehensive list of prequalified and categorized businesses and persons.
(d) Prequalification shall not be used to bar or prevent any qualified business or person from bidding or responding to invitations for bid or requests for proposal.

(30 ILCS 500/35-30)
Sec. 35-30. Awards.
(a) All State contracts for professional and artistic services, except as provided in this Section, shall be awarded using the competitive request for proposal process outlined in this Section.
(b) For each contract offered, the chief procurement officer, State purchasing officer, or his or her designee shall use the appropriate standard solicitation forms available from the chief procurement officer for matters other than construction or the higher education chief procurement officer.
(c) Prepared forms shall be submitted to the chief procurement officer for matters other than construction or the higher education chief procurement officer, whichever is appropriate, for publication in its Illinois Procurement Bulletin and circulation to the chief procurement officer for matters other than construction or the higher education chief procurement officer's list of prequalified vendors. Notice of the offer or

request for proposal shall appear at least 14 calendar days before the response to the offer is due.

(d) All interested respondents shall return their responses to the chief procurement officer for matters other than construction or the higher education chief procurement officer, whichever is appropriate, which shall open and record them. The chief procurement officer for matters other than construction or higher education chief procurement officer shall forward the responses, together with any information it has available about the qualifications and other State work of the respondents.

(e) After evaluation, ranking, and selection, the responsible chief procurement officer, State purchasing officer, or his or her designee shall notify the chief procurement officer for matters other than construction or the higher education chief procurement officer, whichever is appropriate, of the successful respondent and shall forward a copy of the signed contract for the chief procurement officer for matters other than construction or higher education chief procurement officer's file. The chief procurement officer for matters other than construction or higher education chief procurement officer shall publish the names of the responsible procurement decision-maker, the agency letting the contract, the successful respondent, a contract reference, and value of the let contract in the next appropriate volume of the Illinois Procurement Bulletin.

(f) For all professional and artistic contracts with annualized value that exceeds $100,000, evaluation and ranking by price are required. Any chief procurement officer or State purchasing officer, but not their designees, may select a respondent other than the lowest respondent by price. In any case, when the contract exceeds the $100,000 threshold and the lowest respondent is not selected, the chief procurement officer or the State purchasing officer shall forward together with the contract notice of who the low respondent by price was and a written decision as to why another was selected to the chief procurement officer for matters other than construction or the higher education chief procurement officer, whichever is appropriate. The chief procurement officer for matters other than construction or higher education chief procurement officer shall publish as provided in subsection (e) of Section 35-30, but shall include notice of the chief procurement officer's or State purchasing officer's written decision.

(g) The chief procurement officer for matters other than construction and higher education chief procurement officer may each refine, but not contradict, this Section by promulgating rules for
submission to the Procurement Policy Board and the Commission on Equity and Inclusion and then to the Joint Committee on Administrative Rules. Any refinement shall be based on the principles and procedures of the federal Architect-Engineer Selection Law, Public Law 92-582 Brooks Act, and the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act; except that pricing shall be an integral part of the selection process.

Sec. 40-20. Request for information.

(a) Conditions for use. Leases shall be procured by request for information except as otherwise provided in Section 40-15.

(b) Form. A request for information shall be issued and shall include:

(1) the type of property to be leased;
(2) the proposed uses of the property;
(3) the duration of the lease;
(4) the preferred location of the property; and
(5) a general description of the configuration desired.

(c) Public notice. Public notice of the request for information for the availability of real property to lease shall be published in the appropriate volume of the Illinois Procurement Bulletin at least 14 calendar days before the date set forth in the request for receipt of responses and shall also be published in similar manner in a newspaper of general circulation in the community or communities where the using agency is seeking space.

(d) Response. The request for information response shall consist of written information sufficient to show that the respondent can meet minimum criteria set forth in the request. State purchasing officers may enter into discussions with respondents for the purpose of clarifying State needs and the information supplied by the respondents. On the basis of the information supplied and discussions, if any, a State purchasing officer shall make a written determination identifying the responses that meet the minimum criteria set forth in the request for information. Negotiations shall be entered into with all qualified respondents for the purpose of securing a lease that is in the best interest of the State. A written report of the negotiations shall be retained in the lease files and shall include the reasons for the final selection. All leases shall be reduced to writing; one copy shall be filed with the Comptroller in accordance with the provisions

of Section 20-80, and one copy each shall be filed with the Board and the Commission on Equity and Inclusion.

When the lowest response by price is not selected, the State purchasing officer shall forward to the chief procurement officer, along with the lease, notice of the identity of the lowest respondent by price and written reasons for the selection of a different response. The chief procurement officer shall publish the written reasons in the next volume of the Illinois Procurement Bulletin.

(e) Board and Commission on Equity and Inclusion review. Upon receipt of (1) any proposed lease of real property of 10,000 or more square feet or (2) any proposed lease of real property with annual rent payments of $100,000 or more, the Procurement Policy Board and the Commission on Equity and Inclusion shall have 30 calendar days to review the proposed lease. If neither the Board nor the Commission on Equity and Inclusion object in writing within 30 calendar days, then the proposed lease shall become effective according to its terms as submitted. The leasing agency shall make any and all materials available to the Board and the Commission on Equity and Inclusion to assist in the review process.

Sec. 50-20. Exemptions. The appropriate chief procurement officer may file a request with the Executive Ethics Commission to exempt named individuals from the prohibitions of Section 50-13 when, in his or her judgment, the public interest in having the individual in the service of the State outweighs the public policy evidenced in that Section. The Executive Ethics Commission may grant an exemption after a public hearing at which any person may present testimony. The chief procurement officer shall publish notice of the date, time, and location of the hearing in the online electronic Bulletin at least 14 calendar days prior to the hearing and provide notice to the individual subject to the waiver, and the Procurement Policy Board, and the Commission on Equity and Inclusion. The Executive Ethics Commission shall also provide public notice of the date, time, and location of the hearing on its website. If the Commission grants an exemption, the exemption is effective only if it is filed with the Secretary of State and the Comptroller prior to the execution of any contract and includes a statement setting forth the name of the individual and all the pertinent facts that would make that Section applicable, setting forth the reason for the exemption, and declaring the

A contract for which a waiver has been issued but has not been filed in accordance with this Section is voidable by the State. The changes to this Section made by this amendatory Act of the 96th General Assembly shall apply to exemptions granted on or after its effective date.

Sec. 50-35. Financial disclosure and potential conflicts of interest.
(a) All bids and offers from responsive bidders, offerors, vendors, or contractors with an annual value of more than $50,000, and all submissions to a vendor portal, shall be accompanied by disclosure of the financial interests of the bidder, offeror, potential contractor, or contractor and each subcontractor to be used. In addition, all subcontracts identified as provided by Section 20-120 of this Code with an annual value of more than $50,000 shall be accompanied by disclosure of the financial interests of each subcontractor. The financial disclosure of each successful bidder, offeror, potential contractor, or contractor and its subcontractors shall be incorporated as a material term of the contract and shall become part of the publicly available contract or procurement file maintained by the appropriate chief procurement officer. Each disclosure under this Section shall be signed and made under penalty of perjury by an authorized officer or employee on behalf of the bidder, offeror, potential contractor, contractor, or subcontractor, and must be filed with the Procurement Policy Board and the Commission on Equity and Inclusion.
(b) Disclosure shall include any ownership or distributive income share that is in excess of 5%, or an amount greater than 60% of the annual salary of the Governor, of the disclosing entity or its parent entity, whichever is less, unless the bidder, offeror, potential contractor, contractor, or subcontractor (i) is a publicly traded entity subject to Federal 10K reporting, in which case it may submit its 10K disclosure in place of the prescribed disclosure, or (ii) is a privately held entity that is exempt from Federal 10k reporting but has more than 100 shareholders, in which case it may submit the information that Federal 10k reporting companies are required to report under 17 CFR 229.401 and list the names of any person or entity holding any ownership share that is in excess of 5% in place of the prescribed disclosure. of each person identified in this Section, their instrument of ownership or beneficial relationship, and notice of any potential conflict of interest resulting from the current ownership or beneficial relationship of each individual identified in this Section having in addition any of the following relationships:

2. State employment of spouse, father, mother, son, or daughter, including contractual employment for services in the previous 2 years.

of any registered election or re-election committee registered with
the Secretary of State or any county clerk in the State of Illinois, or
any political action committee registered with either the Secretary
of State or the Federal Board of Elections.

(b-1) The disclosure required under this Section must also include
the name and address of each lobbyist required to register under the
Lobbyist Registration Act and other agent of the bidder, offeror, potential
contractor, contractor, or subcontractor who is not identified under
subsections (a) and (b) and who has communicated, is communicating, or
may communicate with any State officer or employee concerning the bid
or offer. The disclosure under this subsection is a continuing obligation
and must be promptly supplemented for accuracy throughout the process
and throughout the term of the contract if the bid or offer is successful.

(b-2) The disclosure required under this Section must also include,
for each of the persons identified in subsection (b) or (b-1), each of the
following that occurred within the previous 10 years: suspension or
debarment from contracting with any governmental entity; professional
licensure discipline; bankruptcies; adverse civil judgments and
administrative findings; and criminal felony convictions. The disclosure
under this subsection is a continuing obligation and must be promptly
supplemented for accuracy throughout the process and throughout the term
of the contract if the bid or offer is successful.

(c) The disclosure in subsection (b) is not intended to prohibit or
prevent any contract. The disclosure is meant to fully and publicly disclose
any potential conflict to the chief procurement officers, State purchasing
officers, their designees, and executive officers so they may adequately
discharge their duty to protect the State.

(d) When a potential for a conflict of interest is identified,
discovered, or reasonably suspected, the chief procurement officer or State
procurement officer shall send the contract to the Procurement Policy
Board and the Commission on Equity and Inclusion. In accordance with
the objectives of subsection (c), if the Procurement Policy Board or the
Commission on Equity and Inclusion finds evidence of a potential conflict
of interest not originally disclosed by the bidder, offeror, potential
contractor, contractor, or subcontractor, the Board or the Commission on
Equity and Inclusion shall provide written notice to the bidder, offeror,
potential contractor, contractor, or subcontractor that is identified,
discovered, or reasonably suspected of having a potential conflict of
interest. The bidder, offeror, potential contractor, contractor, or

subcontractor shall have 15 calendar days to respond in writing to the Board or the Commission on Equity and Inclusion, and a hearing before the Board or the Commission on Equity and Inclusion will be granted upon request by the bidder, offeror, potential contractor, contractor, or subcontractor, at a date and time to be determined by the Board or the Commission on Equity and Inclusion, but which in no event shall occur later than 15 calendar days after the date of the request. Upon consideration, the Board or the Commission on Equity and Inclusion shall recommend, in writing, whether to allow or void the contract, bid, offer, or subcontract weighing the best interest of the State of Illinois. All recommendations shall be submitted to the Executive Ethics Commission. The Executive Ethics Commission must hold a public hearing within 30 calendar days after receiving the Board's or the Commission on Equity and Inclusion's recommendation if the Procurement Policy Board or the Commission on Equity and Inclusion makes a recommendation to (i) void a contract or (ii) void a bid or offer and the chief procurement officer selected or intends to award the contract to the bidder, offeror, or potential contractor. A chief procurement officer is prohibited from awarding a contract before a hearing if the Board or the Commission on Equity and Inclusion recommendation does not support a bid or offer. The recommendation and proceedings of any hearing, if applicable, shall be available to the public.

(e) These thresholds and disclosure do not relieve the chief procurement officer, the State purchasing officer, or their designees from reasonable care and diligence for any contract, bid, offer, or submission to a vendor portal. The chief procurement officer, the State purchasing officer, or their designees shall be responsible for using any reasonably known and publicly available information to discover any undisclosed potential conflict of interest and act to protect the best interest of the State of Illinois.

(f) Inadvertent or accidental failure to fully disclose shall render the contract, bid, offer, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, offers, proposals, subcontracts, or relationships with the State for a period of up to 2 years.

(g) Intentional, willful, or material failure to disclose shall render the contract, bid, offer, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, offers, proposals, subcontracts, or relationships with the State for a period of up to 2 years.
the State of Illinois and shall result in debarment from future contracts, bids, offers, proposals, subcontracts, or relationships for a period of not less than 2 years and not more than 10 years. Reinstatement after 2 years and before 10 years must be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. The comment shall be returned to the responsible chief procurement officer who must rule in writing whether and when to reinstate.

(h) In addition, all disclosures shall note any other current or pending contracts, bids, offers, proposals, subcontracts, leases, or other ongoing procurement relationships the bidder, offeror, potential contractor, contractor, or subcontractor has with any other unit of State government and shall clearly identify the unit and the contract, offer, proposal, lease, or other relationship.

(i) The bidder, offeror, potential contractor, or contractor has a continuing obligation to supplement the disclosure required by this Section throughout the bidding process during the term of any contract, and during the vendor portal registration process.

Sec. 8. Enforcement.
(1) The Commission on Equity and Inclusion Council shall make such findings, recommendations and proposals to the Governor as are necessary and appropriate to enforce this Act. If, as a result of its monitoring activities, the Commission Council determines that its goals and policies are not being met by any State agency or public institution of higher education, the Commission Council may recommend any or all of the following actions:

(a) Establish enforcement procedures whereby the Commission Council may recommend to the appropriate State agency, public institutions of higher education, or law enforcement officer that legal or administrative remedies be initiated for violations of contract provisions or rules issued hereunder or by a contracting State agency or public institutions of higher education. State agencies and public institutions of higher education shall be authorized to adopt remedies for such violations which shall include (1) termination of the contract involved, (2) prohibition of participation of the respondents in public contracts for a period not to exceed one year, (3) imposition of a penalty not to exceed any profit acquired as a result of violation, or (4) any combination thereof.

Such recommended revisions may include, but shall not be limited to, the following:

minorities, women, and persons with disabilities as potential sources of supply;

(ii) division of job or project requirements, when economically feasible, into tasks or quantities to permit participation of businesses owned by minorities, women, and persons with disabilities;

(iii) elimination of extended experience or capitalization requirements, when programmatically feasible, to permit participation of businesses owned by minorities, women, and persons with disabilities;

(iv) identification of specific proposed contracts as particularly attractive or appropriate for participation by businesses owned by minorities, women, and persons with disabilities, such identification to result from and be coupled with the efforts of subparagraphs (i) through (iii);

(v) implementation of those regulations established for the use of the sheltered market process.

(2) State agencies and public institutions of higher education shall review a vendor's compliance with its utilization plan and the terms of its contract. Without limitation, a vendor's failure to comply with its contractual commitments as contained in the utilization plan; failure to cooperate in providing information regarding its compliance with its utilization plan; or the provision of false or misleading information or statements concerning compliance, certification status, or eligibility of the Business Enterprise Program-certified vendor, good faith efforts, or any other material fact or representation shall constitute a material breach of the contract and entitle the State agency or public institution of higher education to declare a default, terminate the contract, or exercise those remedies provided for in the contract, at law, or in equity.

(3) A vendor shall be in breach of the contract and may be subject to penalties for failure to meet contract goals established under this Act, unless the vendor can show that it made good faith efforts to meet the contract goals.

(a) Including the amount provided in Section 10 of this Act, the State Treasurer shall segregate a portion of the Treasurer's State investment portfolio, that at no time shall be greater than 5% of the portfolio, in the Technology Development Account IIa ("TDA IIa"), an account that shall be maintained separately and apart from other moneys invested by the Treasurer. The aggregate investment in TDA IIa and the aggregate commitment of investment capital in a TDA II-Recipient Fund shall at no time be greater than 5% of the State's investment portfolio, which shall be calculated as: (1) the balance at the inception of the State's fiscal year; or (2) the average balance in the immediately preceding 5 fiscal years, whichever number is greater. including co-investments, seeking to locate, expand, or remain in Illinois by placing money with Illinois venture capital firms for investment by the venture capital firms in technology businesses. "Venture capital", as used in this Section, means equity financing that is provided for starting up, expanding, or relocating a company, or related purposes such as financing for seed capital, research and development, introduction of a product or process into the marketplace, or similar needs requiring risk capital. "Technology business", as used in this Section, means a company that has as its principal function the providing of services, including computer, information transfer, communication, distribution, processing, administrative, laboratory, experimental, developmental, technical, or testing services; manufacture of goods or materials; the processing of goods or materials by physical or chemical change; computer related activities; robotics, biological, or pharmaceutical industrial activities; or technology-oriented or emerging industrial activity. "Illinois venture capital firm", as used in this Section, means an entity that has a majority of its employees in Illinois (more than 50%) or that has at least one general partner or principal domiciled in Illinois, and that (2) provides equity financing for starting up or expanding a company, or related purposes such as financing for seed capital, research and development, introduction of a product or process into the marketplace, or similar needs requiring risk capital. "Illinois venture capital firm" may also mean an entity that has a track record of identifying, evaluating, and investing in Illinois companies and that provides equity financing for starting up or expanding a company, or related purposes such as financing for seed capital, research and development, introduction of a product or process into the marketplace, or similar needs requiring risk capital. For purposes of this Section, "track record" means having made, on average, at least one investment in an Illinois company in each of its funds if the Illinois venture capital firm has multiple funds or at least 2 investments in Illinois companies if the Illinois venture capital firm has only one fund. In no case shall more than 15% of the capital in the TDA IIa be invested in firms based outside of Illinois.

(d) Any fund created by an Illinois venture capital firm in which the State Treasurer places money pursuant to this Section shall be required by the State Treasurer to seek investments in technology businesses seeking to locate, expand, or remain in Illinois. Any fund created by an Illinois venture capital firm in which the State Treasurer places money under this Section ("TDA II-Recipient Fund") shall invest a minimum of
twice (2x) the aggregate amount of investable capital that is received from the State Treasurer under this Section in Illinois companies during the life of the fund. "Illinois companies", as used in this Section, are companies that are headquartered or that otherwise have a significant presence in the State at the time of initial or follow-on investment. Investable capital is calculated as committed capital, as defined in the firm's applicable fund's governing documents, less related estimated fees and expenses to be incurred during the life of the fund. For the purposes of this subsection (d), "significant presence" means at least one physical office and one full-time employee within the geographic borders of this State.

Any TDA II-Recipient Fund shall also invest additional capital in Illinois companies during the life of the fund if, as determined by the fund's manager, the investment:

1. is consistent with the firm's fiduciary responsibility to its limited partners;
2. is consistent with the fund manager's investment strategy; and
3. demonstrates the potential to create risk-adjusted financial returns consistent with the fund manager's investment goals.

In addition to any reporting requirements set forth in Section 10 of this Act, any TDA II-Recipient Fund shall report the following additional information to the Treasurer on a quarterly or annual basis, as determined by the Treasurer, for all investments:

1. the names of portfolio companies invested in during the applicable investment period;
2. the addresses of reported portfolio companies;
3. the date of the initial (and follow-on) investment;
4. the cost of the investment;
5. the current fair market value of the investment;
6. for Illinois companies, the number of Illinois employees on the investment date; and
7. for Illinois companies, the current number of Illinois employees.

If, as of the earlier to occur of (i) the fourth year of the investment period of any TDA II-Recipient Fund or (ii) when that TDA II-Recipient Fund has drawn more than 60% of the investable capital of all limited partners, that TDA II-Recipient Fund has failed to invest the minimum amount required under this subsection (d) in Illinois companies, then the

Treasurer shall deliver written notice to the manager of that fund seeking compliance with the minimum amount requirement under this subsection (d). If, after 180 days of delivery of notice, the TDA II-Recipient Fund has still failed to invest the minimum amount required under this subsection (d) in Illinois companies, then the Treasurer may elect, in writing, to terminate any further commitment to make capital contributions to that fund which otherwise would have been made under this Section.

(e) The Notwithstanding the limitation found in subsection (d) of Section 10 of this Act, the investment of the State Treasurer in any fund created by an Illinois venture capital firm in which the State Treasurer places money pursuant to this Section shall not exceed 15% of the total TDA Ila account balance.

Sec. 20. Technology Development Fund. The Technology Development Fund is created as a special fund outside the State treasury with the State Treasurer as custodian. Moneys in the Fund may be used by the State Treasurer to pay expenses related to investments from the Technology Development Account. Moneys in the Fund in excess of those expenses may be provided as grants to: (i) Illinois schools to purchase computers, and to upgrade technology, and support career and technical education; or (ii) incubators, accelerators, innovation research, technology transfer, and educational programs that provide training, support, and other resources to technology businesses to promote the growth of jobs and entrepreneurial and venture capital environments in communities of color or underrepresented or under-resourced communities in the State.

Article 50.

Section 50-5. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with
low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low-income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
(2) families transitioning from TANF to work;
(3) families at risk of becoming recipients of TANF;
(4) families with special needs as defined by rule;
(5) working families with very low incomes as defined by rule;
(6) families that are not recipients of TANF and that need child care assistance to participate in education and training activities; and
(7) families with children under the age of 5 who have an open intact family services case with the Department of Children and Family Services. Any family that receives child care assistance in accordance with this paragraph shall remain eligible for child care assistance 6 months after the child's intact family services case is closed, regardless of whether the child's parents or other relatives as defined by rule are working or participating in Department approved employment or education or training programs. The Department of Human Services, in consultation with the Department of Children and Family Services, shall adopt rules to protect the privacy of families who are the subject of an open intact family services case when such families enroll in child care services. Additional rules shall be adopted to offer children who have an open intact family services case the opportunity to receive an Early Intervention screening and other services that their

New matter indicated by italics - deletions by strikeout
families may be eligible for as provided by the Department of Human Services.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

The Department shall update the Child Care Assistance Program Eligibility Calculator posted on its website to include a question on whether a family is applying for child care assistance for the first time or is applying for a redetermination of eligibility.

A family's eligibility for child care services shall be redetermined no sooner than 12 months following the initial determination or most recent redetermination. During the 12-month periods, the family shall remain eligible for child care services regardless of (i) a change in family income, unless family income exceeds 85% of State median income, or (ii) a temporary change in the ongoing status of the parents or other relatives, as defined by rule, as working or attending a job training or educational program.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size. Notwithstanding any other provision of law or administrative rule to the contrary, beginning in fiscal year 2019, the specified threshold for working families with very low incomes as defined by rule must be no less than 185% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

New matter indicated by italics - deletions by strikeout
The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal, and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
(2) a licensed child care home or home exempt from licensing;
(3) a licensed group child care home;
(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of January 1, 2006 (the effective date of Public Act 94-320), but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically

New matter indicated by italics - deletions by strikeout
provided in Public Act 94-320, including, but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by Public Act 94-320.

(d) The Illinois Department shall establish, by rule, a co-payment scale that provides for cost sharing by families that receive child care services, including parents whose only income is from assistance under this Code. The co-payment shall be based on family income and family size and may be based on other factors as appropriate. Co-payments may be waived for families whose incomes are at or below the federal poverty level.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

1. findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;
2. recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;
3. recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and
4. recommendations for changes in child care program policies that affect the affordability of child care.

(e) (Blank).

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

1. arranging the child care through eligible providers by use of purchase of service contracts or vouchers;
(2) arranging with other agencies and community volunteer
groups for non-reimbursed child care;
(3) (blank); or
(4) adopting such other arrangements as the Department
determines appropriate.

(f-1) Within 30 days after June 4, 2018 (the effective date of Public
Act 100-587), the Department of Human Services shall establish rates for
child care providers that are no less than the rates in effect on January 1,
2018 increased by 4.26%.
(f-5) (Blank).

(g) Families eligible for assistance under this Section shall be given
the following options:

(1) receiving a child care certificate issued by the
Department or a subcontractor of the Department that may be used
by the parents as payment for child care and development services
only; or

(2) if space is available, enrolling the child with a child care
provider that has a purchase of service contract with the
Department or a subcontractor of the Department for the provision
of child care and development services. The Department may
identify particular priority populations for whom they may request
special consideration by a provider with purchase of service
contracts, provided that the providers shall be permitted to
maintain a balance of clients in terms of household incomes and
families and children with special needs, as defined by rule.

Section 15-5-5. Rate cap. Notwithstanding any other provision of law, for loans made or renewed on and after the effective date of this Act, a lender shall not contract for or receive charges exceeding a 36% annual percentage rate on the unpaid balance of the amount financed for a loan. For purposes of this Section, the annual percentage rate shall be calculated as such rate is calculated using the system for calculating a military annual percentage rate under Section 232.4 of Title 32 of the Code of Federal Regulations as in effect on the effective date of this Act. Nothing in this Act shall be construed to permit a person or entity to contract for or receive a charge exceeding that permitted by the Interest Act or other law.

Section 15-5-10. Violation. Any loan made in violation of this Act is null and void and no person or entity shall have any right to collect, attempt to collect, receive, or retain any principal, fee, interest, or charges related to the loan.

Section 15-5-15. No evasion.
(a) No person or entity may engage in any device, subterfuge, or pretense to evade the requirements of this Act, including, but not limited to, making loans disguised as a personal property sale and leaseback transaction; disguising loan proceeds as a cash rebate for the pretextual installment sale of goods or services; or making, offering, assisting, or arranging a debtor to obtain a loan with a greater rate or interest, consideration, or charge than is permitted by this Act through any method including mail, telephone, internet, or any electronic means regardless of whether the person or entity has a physical location in the State.

(b) If a loan exceeds the rate permitted by Section 15-5-5, a person or entity is a lender subject to the requirements of this Act notwithstanding the fact that the person or entity purports to act as an agent, service provider, or in another capacity for another entity that is exempt from this Act, if, among other things:

(1) the person or entity holds, acquires, or maintains, directly or indirectly, the predominant economic interest in the loan; or

(2) the person or entity markets, brokers, arranges, or facilitates the loan and holds the right, requirement, or first right of refusal to purchase loans, receivables, or interests in the loans; or

(3) the totality of the circumstances indicate that the person or entity is the lender and the transaction is structured to evade the requirements of this Act. Circumstances that weigh in favor of a
person or entity being a lender include, without limitation, where the person or entity:

(i) indemnifies, insures, or protects an exempt person or entity for any costs or risks related to the loan;

(ii) predominantly designs, controls, or operates the loan program; or

(iii) purports to act as an agent, service provider, or in another capacity for an exempt entity while acting directly as a lender in other states.

(b) Any violation of this Act, including the commission of an act prohibited under Article 5, constitutes a violation of the Consumer Fraud and Deceptive Business Practices Act.

(c) Subject to the Illinois Administrative Procedure Act, the Secretary may hold hearings, make findings of fact, conclusions of law, issue cease and desist orders, have the power to issue fines of up to $10,000 per violation, and refer the matter to the appropriate law enforcement agency for prosecution under this Act. All proceedings shall be open to the public.

(d) The Secretary may issue a cease and desist order to any person or entity, when in the opinion of the Secretary the person or entity is violating or is about to violate any provision of this Act. The cease and desist order permitted by this subsection (d) may be issued prior to a hearing.

The Secretary shall serve notice of the action, including, but not limited to, a statement of the reasons for the action, either personally or by certified mail. Service by certified mail shall be deemed completed when the notice is deposited in the U.S. Mail.

Within 10 days of service of the cease and desist order, the person or entity may request a hearing in writing.

New matter indicated by italics - deletions by strikeout
If it is determined that the Secretary had the authority to issue the cease and desist order, the Secretary may issue such orders as may be reasonably necessary to correct, eliminate, or remedy the conduct.

The powers vested in the Secretary by this subsection (d) are additional to any and all other powers and remedies vested in the Secretary by law, and nothing in this subsection (d) shall be construed as requiring that the Secretary shall employ the power conferred in this subsection instead of or as a condition precedent to the exercise of any other power or remedy vested in the Secretary.

(e) After 10 days' notice by certified mail to the person or entity stating the contemplated action and in general the grounds therefor, the Secretary may fine the person or entity an amount not exceeding $10,000 per violation if the person or entity has failed to comply with any provision of this Act or any order, decision, finding, rule, regulation, or direction of the Secretary lawfully made in accordance with the authority of this Act. Section 15-10-20. Judicial review. All final administrative decisions of the Department under this Act are subject to judicial review under the Administrative Review Law and any rules adopted under the Administrative Review Law.

Section 15-10-25. No waivers. There shall be no waiver of any provision of this Act.

No person, partnership, association, limited liability company, or corporation shall engage in the business of making loans of money in a principal amount not exceeding $40,000, and charge, contract for, or receive on any such loan a rate of interest, discount, or consideration therefor than the lender would be permitted by law to charge if he were not a licensee hereunder, except as authorized by this Act after first obtaining a license from the Director of Financial Institutions (hereinafter called the Director). No licensee, or employee or affiliate thereof, that is licensed under the Payday Loan Reform Act shall obtain a license under this Act except that a licensee under the Payday Loan Reform Act may obtain a license under this Act for the exclusive purpose and use of making title-secured loans, as defined in subsection (a) of Section 15 of this Act and governed by Title 38, Section 110.300 of the Illinois Administrative Code. (205 ILCS 670/15) (from Ch. 17, par. 5415)

Sec. 15. Charges permitted.
(a) Every licensee may lend a principal amount not exceeding $40,000 and, except as to small consumer loans as defined in this Section, may charge, contract for and receive thereon interest at an annual percentage rate of no more than 36%, subject to the provisions of this Act; provided, however, that the limitation on the annual percentage rate contained in this subsection (a) does not apply to title-secured loans, which are loans upon which interest is charged at an annual percentage rate exceeding 36%, in which, at commencement, an obligor provides to the licensee, as security for the loan, physical possession of the obligor's title to a motor vehicle, and upon which a licensee may charge, contract for, and receive thereon interest at the rate agreed upon by the licensee and borrower. For purposes of this Section, the annual percentage rate shall be calculated as such rate is calculated using the system for calculating a military annual percentage rate under Section 232.4 of Title 32 of the Code of Federal Regulations as in effect on the effective date of this amendatory Act of the 101st General Assembly in accordance with the federal Truth in Lending Act.

(b) For purpose of this Section, the following terms shall have the meanings ascribed herein.

"Applicable interest" for a precomputed loan contract means the amount of interest attributable to each monthly installment period. It is computed as if each installment period were one month and any interest charged for extending the first installment period beyond one month is ignored. The applicable interest for any monthly installment period is for loans other than small consumer loans as defined in this Section, that portion of the precomputed interest that bears the same ratio to the total precomputed interest as the balances scheduled to be outstanding during that month bear to the sum of all scheduled monthly outstanding balances in the original contract. With respect to a small consumer loan, the applicable interest for any installment period is that portion of the precomputed monthly installment account handling charge attributable to the installment period calculated based on a method at least as favorable to the consumer as the actuarial method, as defined by the federal Truth in Lending Act.

New matter indicated by italics - deletions by strikeout
"Interest-bearing loan" means a loan in which the debt is expressed as a principal amount plus interest charged on actual unpaid principal balances for the time actually outstanding.

"Precomputed loan" means a loan in which the debt is expressed as the sum of the original principal amount plus interest computed actuarially in advance, assuming all payments will be made when scheduled.

"Small consumer loan" means a loan upon which interest is charged at an annual percentage rate exceeding 36% and with an amount financed of $4,000 or less. "Small consumer loan" does not include a title-secured loan as defined by subsection (a) of this Section or a payday loan as defined by the Payday Loan Reform Act.

"Substantially equal installment" includes a last regularly scheduled payment that may be less than, but not more than 5% larger than, the previous scheduled payment according to a disclosed payment schedule agreed to by the parties.

(c) Loans may be interest-bearing or precomputed.

(d) To compute time for either interest-bearing or precomputed loans for the calculation of interest and other purposes, a month shall be a calendar month and a day shall be considered 1/30th of a month when calculation is made for a fraction of a month. A month shall be 1/12th of a year. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a month and a fraction of a month, the fraction of the month is considered to follow the whole month. In the alternative, for interest-bearing loans, the licensee may charge interest at the rate of 1/365th of the agreed annual rate for each day actually elapsed.

(d-5) No licensee or other person may condition an extension of credit to a consumer on the consumer's repayment by preauthorized electronic fund transfers. Payment options, including, but not limited to, electronic fund transfers and Automatic Clearing House (ACH) transactions may be offered to consumers as a choice and method of payment chosen by the consumer.

(e) With respect to interest-bearing loans:

(1) Interest shall be computed on unpaid principal balances outstanding from time to time, for the time outstanding, until fully paid. Each payment shall be applied first to the accumulated interest and the remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the
payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest shall not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of unearned interest as provided in paragraph (f), clause (3). The resulting loan contract shall be deemed a new and separate loan transaction for all purposes.

(3) Loans must be fully amortizing and be repayable in substantially equal and consecutive weekly, biweekly, semimonthly, or monthly installments. Notwithstanding this requirement, rates may vary according to an index that is independently verifiable and beyond the control of the licensee.

(4) The lender or creditor may, if the contract provides, collect a delinquency or collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of $200, or $10 on installments of $200 or less, but only one delinquency and collection charge may be collected on any installment regardless of the period during which it remains in default.

(f) With respect to precomputed loans:

(1) Loans shall be repayable in substantially equal and consecutive weekly, biweekly, semimonthly, or monthly installments of principal and interest combined, except that the first installment period may be longer than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days; and provided further that monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments shall be applied in the order in which they become due, except that any insurance proceeds received as a result of any claim made on any insurance, unless sufficient to prepay the contract in

New matter indicated by italics - deletions by strikeout
full, may be applied to the unpaid installments of the total of payments in inverse order.

(3) When any loan contract is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date, a licensee shall refund or credit the obligor with the total of the applicable interest for all fully unexpired installment periods, as originally scheduled or as deferred, which follow the day of prepayment; provided, if the prepayment occurs prior to the first installment due date, the licensee may retain 1/30 of the applicable interest for a first installment period of one month for each day from the date of the loan to the date of prepayment, and shall refund or credit the obligor with the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgement is entered.

(4) The lender or creditor may, if the contract provides, collect a delinquency or collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of $200, or $10 on installments of $200 or less, but only one delinquency or collection charge may be collected on any installment regardless of the period during which it remains in default.

(5) If the parties agree in writing, either in the loan contract or in a subsequent agreement, to a deferment of wholly unpaid installments, a licensee may grant a deferment and may collect a deferment charge as provided in this Section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one month period may not exceed the applicable interest for the installment period immediately following the due date of the last undeferred payment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. Should a loan be prepaid in full during a deferment period, the licensee

New matter indicated by italics - deletions by strikeout
shall credit to the obligor a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(6) If two or more installments are delinquent one full month or more on any due date, and if the contract so provides, the licensee may reduce the unpaid balance by the refund credit which would be required for prepayment in full on the due date of the most recent maturing installment in default. Thereafter, and in lieu of any other default or deferment charges, the agreed rate of interest or, in the case of small consumer loans, interest at the rate of 18% per annum, may be charged on the unpaid balance until fully paid.

(7) Fifteen days after the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under paragraph (f), clause (6), may compute and charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the agreed rate of interest or, in the case of small consumer loans, interest at the rate of 18% per annum, until fully paid. At the time of payment of said final installment, the licensee shall give notice to the obligor stating any amounts unpaid.

Sec. 2-5. Loan terms.

(a) Without affecting the right of a consumer to prepay at any time without cost or penalty, no payday loan may have a minimum term of less than 13 days.

(b) No payday loan may be made to a consumer if the loan would result in the consumer being indebted to one or more payday lenders for a period in excess of 45 consecutive days. Except as provided under subsection (c) of this Section and Section 2-40, if a consumer has or has had loans outstanding for a period in excess of 45 consecutive days, no payday lender may offer or make a loan to the consumer for at least 7 calendar days after the date on which the outstanding balance of all payday loans made during the 45 consecutive day period is paid in full. For purposes of this subsection, the term "consecutive days" means a series of continuous calendar days in which the consumer has an outstanding balance on one or more payday loans; however, if a payday loan is made to a consumer within 6 days or less after the outstanding balance of all loans is paid in full, those days are counted as "consecutive days" for purposes of this subsection.

(c) (Blank). Notwithstanding anything in this Act to the contrary, a payday loan shall also include any installment loan otherwise meeting the definition of payday loan contained in Section 1-10, but that has a term agreed by the parties of not less than 112 days and not exceeding 180 days;

hereinafter an "installment payday loan". The following provisions shall apply:

(i) Any installment payday loan must be fully amortizing, with a finance charge calculated on the principal balances scheduled to be outstanding and be repayable in substantially equal and consecutive installments, according to a payment schedule agreed by the parties with not less than 13 days and not more than one month between payments; except that the first installment period may be longer than the remaining installment periods by not more than 15 days, and the first installment payment may be larger than the remaining installment payments by the amount of finance charges applicable to the extra days. In calculating finance charges under this subsection, when the first installment period is longer than the remaining installment periods, the amount of the finance charges applicable to the extra days shall not be greater than $15.50 per $100 of the original principal balance divided by the number of days in a regularly scheduled installment period and multiplied by the number of extra days determined by subtracting the number of days in a regularly scheduled installment period from the number of days in the first installment period.

(ii) An installment payday loan may be refinanced by a new installment payday loan one time during the term of the initial loan, provided that the total duration of indebtedness on the initial installment payday loan combined with the total term of indebtedness of the new loan refinancing that initial loan, shall not exceed 180 days. For purposes of this Act, a refinancing occurs when an existing installment payday loan is paid from the proceeds of a new installment payday loan.

(iii) In the event an installment payday loan is paid in full prior to the date on which the last scheduled installment payment before maturity is due, other than through a refinancing, no licensee may offer or make a payday loan to the consumer for at least 2 calendar days thereafter.

(iv) No installment payday loan may be made to a consumer if the loan would result in the consumer being indebted to one or more payday lenders for a period in excess of 180 consecutive days. The term "consecutive days" does not include the date on which a consumer makes the final installment payment.

(d) (Blank).

(e) No lender may make a payday loan to a consumer if the total of all payday loan payments coming due within the first calendar month of the loan, when combined with the payment amount of all of the consumer's other outstanding payday loans coming due within the same month, exceeds the lesser of:

(1) $1,000; or

(2) in the case of one or more payday loans, 25% of the consumer's gross monthly income. or

(3) in the case of one or more installment payday loans, 22.5% of the consumer's gross monthly income; or

(4) in the case of a payday loan and an installment payday loan, 22.5% of the consumer's gross monthly income.

No loan shall be made to a consumer who has an outstanding balance on 2 payday loans, except that, for a period of 12 months after March 21, 2011 (the effective date of Public Act 96-936), consumers with an existing CILA loan may be issued an installment loan issued under this Act from the company from which their CILA loan was issued.

(e-5) A lender shall not contract for or receive a charge exceeding a 36% annual percentage rate on the unpaid balance of the amount financed for a payday loan. For purposes of this Section, the annual percentage rate shall be calculated as such rate is calculated using the system for calculating a military annual percentage rate under 32 CFR 232.4 as in effect on the effective date of this amendatory Act of the 101st General Assembly. Except as provided in subsection (c)(i), no lender may charge more than $15.50 per $100 loaned on any payday loan, or more than $15.50 per $100 on the initial principal balance and on the principal balances scheduled to be outstanding during any installment period on any installment payday loan. Except for installment payday loans and except as provided in Section 2-25, this charge is considered fully earned as of the date on which the loan is made. For purposes of determining the finance charge earned on an installment payday loan, the disclosed annual percentage rate shall be applied to the principal balances outstanding from time to time until the loan is paid in full, or until the maturity date, whichever occurs first. No finance charge may be imposed after the final scheduled maturity date.

When any loan contract is paid in full, the licensee shall refund any unearned finance charge. The unearned finance charge that is refunded shall be calculated based on a method that is at least as favorable to the consumer as the actuarial method, as defined by the federal Truth in

(h) (Blank). For the purpose of this Section, "substantially equal installment" includes a last regularly scheduled payment that may be less than, but no more than 5% larger than, the previous scheduled payment according to a disclosed payment schedule agreed to by the parties.

(3) In any contract or loan which is secured by a mortgage, deed of trust, or conveyance in the nature of a mortgage, on residential real estate, the interest which is computed, calculated, charged, or collected pursuant to such contract or loan, or pursuant to any regulation or rule promulgated pursuant to this Act, may not be computed, calculated, charged or collected for any period of time occurring after the date on which the total indebtedness, with the exception of late payment penalties, is paid in full.

(4) For purposes of this Section, a prepayment shall mean the payment of the total indebtedness, with the exception of late payment penalties if incurred or charged, on any date before the date specified in the contract or loan agreement on which the total indebtedness shall be paid in full, or before the date on which all payments, if timely made, shall have been made. In the event of a prepayment of the indebtedness which is made on a date after the date on which interest on the indebtedness was last computed, calculated, charged, or collected but before the next date on which interest on the indebtedness was to be calculated, computed, charged, or collected, the lender may calculate, charge and collect interest on the indebtedness for the period which elapsed between the date on which the prepayment is made and the date on which interest on the indebtedness was last computed, calculated, charged or collected at a rate

equal to 1/360 of the annual rate for each day which so elapsed, which rate shall be applied to the indebtedness outstanding as of the date of prepayment. The lender shall refund to the borrower any interest charged or collected which exceeds that which the lender may charge or collect pursuant to the preceding sentence. The provisions of this amendatory Act of 1985 shall apply only to contracts or loans entered into on or after the effective date of this amendatory Act, but shall not apply to contracts or loans entered into on or after that date that are subject to Section 4a of this Act, the Consumer Installment Loan Act, the Payday Loan Reform Act, the Predatory Loan Prevention Act, or the Retail Installment Sales Act, or that provide for the refund of precomputed interest on prepayment in the manner provided by such Act.

(5) For purposes of items (a) and (c) of subsection (1) of this Section, a rate or amount of interest may be lawfully computed when applying the ratio of the annual interest rate over a year based on 360 days. The provisions of this amendatory Act of the 96th General Assembly are declarative of existing law.

(6) For purposes of this Section, "real estate" and "real property" include a manufactured home, as defined in subdivision (53) of Section 9-102 of the Uniform Commercial Code that is real property as defined in the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act.

Sec. 4a. Installment loan rate.

(a) On money loaned to or in any manner owing from any person, whether secured or unsecured, except where the money loaned or in any manner owing is directly or indirectly for the purchase price of real estate or an interest therein and is secured by a lien on or retention of title to that real estate or interest therein, to an amount not more than $25,000 (excluding interest) which is evidenced by a written instrument providing for the payment thereof in 2 or more periodic installments over a period of not more than 181 months from the date of the execution of the written instrument, it is lawful to receive or to contract to receive and collect either of the following:

(i) Interest in an amount equivalent to interest computed at a rate not exceeding an annual percentage rate of 9% per year on the entire principal amount of the money loaned or in any manner owing for the period from the date of the making of the

loan or the incurring of the obligation for the amount owing evidenced by the written instrument until the date of the maturity of the last installment thereof, and to add that amount to the principal, except that there shall be no limit on the rate of interest which may be received or contracted to be received and collected by (1) any bank that has its main office or, after May 31, 1997, a branch in this State; or (2) a savings and loan association chartered under the Illinois Savings and Loan Act of 1985, or a savings bank chartered under the Savings Bank Act, or a federal savings and loan association established under the laws of the United States and having its main office in this State.

It is lawful to receive or to contract to receive and collect interest and charges as authorized by the Interest Act, the Consumer Installment Loan Act, the Retail Installment Sales Act, the Motor Vehicle Retail Installment Sales Act, the Payday Loan Reform Act, and the Illinois Financial Services Development Act.

In any case in which interest is received, contracted for, or collected on the basis of paragraph (i) of subsection (a) of Section 4a, the debtor may satisfy in full at any time before maturity the debt evidenced by the written instrument, and in so satisfying must receive a refund credit against the total amount of interest added to the principal computed in the manner provided under paragraph (3) of subsection (f) of Section 15 of the Consumer Installment Loan Act for refunds or credits of applicable interest on payment in full of precomputed loans before the final installment due date; or (2) any lender licensed under either the Consumer Finance Act or the Consumer Installment Loan Act, but in any case in which interest is received, contracted for or collected on the basis of this clause (i), the debtor may satisfy in full at any time before maturity the debt evidenced by the written instrument; and in so satisfying must receive a refund credit against the total amount of interest added to the principal computed in the manner provided under Section 15(f)(2) of the Consumer Installment Loan Act for refunds or credits of applicable interest on payment in full of precomputed loans before the final installment due date; or

(ii) Interest interest accrued on the principal balance from time to time remaining unpaid, from the date of making of the loan or the incurring of the obligation to the date of the payment of the debt in full, at a rate not exceeding the annual percentage rate

equivalent of the rate permitted to be charged under clause (i) above, but in any such case the debtor may, provided that the debtor shall have paid in full all interest and other charges accrued to the date of such prepayment, prepay the principal balance in full or in part at any time, and interest shall, upon any such prepayment, cease to accrue on the principal amount which has been prepaid.

(b) Whenever the principal amount of an installment loan is $300 or more and the repayment period is 6 months or more, a minimum charge of $15 may be collected instead of interest, but only one minimum charge may be collected from the same person during one year. When the principal amount of the loan (excluding interest) is $800 or less, the lender or creditor may contract for and receive a service charge not to exceed $5 in addition to interest; and that service charge may be collected when the loan is made, but only one service charge may be contracted for, received, or collected from the same person during one year.

(c) Credit life insurance and credit accident and health insurance, and any charge therefor which is deducted from the loan or paid by the obligor, must comply with Article IX 1/2 of the Illinois Insurance Code and all lawful requirements of the Director of Insurance related thereto. When there are 2 or more obligors on the loan contract, only one charge for credit life insurance and credit accident and health insurance may be made and only one of the obligors may be required to be insured. Insurance obtained from, by or through the lender or creditor must be in effect when the loan is transacted. The purchase of that insurance from an agent, broker or insurer specified by the lender or creditor may not be a condition precedent to the granting of the loan.

(d) The lender or creditor may require the obligor to provide property insurance on security other than household goods, furniture and personal effects. The amount and term of the insurance must be reasonable in relation to the amount and term of the loan contract and the type and value of the security, and the insurance must be procured in accordance with the insurance laws of this State. The purchase of that insurance from an agent, broker or insurer specified by the lender or creditor may not be a condition precedent to the granting of the loan.

(e) The lender or creditor may, if the contract provides, collect a delinquency and collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of $200 or $10 on installments of

New matter indicated by italics - deletions by strikeout
$200 or less, but only one delinquency and collection charge may be collected on any installment regardless of the period during which it remains in default. In addition, the contract may provide for the payment by the borrower or debtor of attorney's fees incurred by the lender or creditor. The lender or creditor may enforce such a provision to the extent of the reasonable attorney's fees incurred by him in the collection or enforcement of the contract or obligation. Whenever interest is contracted for or received under this Section, no amount in addition to the charges authorized by this Section may be directly or indirectly charged, contracted for or received, except lawful fees paid to a public officer or agency to record, file or release security, and except costs and disbursements including reasonable attorney's fees, incurred in legal proceedings to collect a loan or to realize on a security after default. This Section does not prohibit the receipt of any commission, dividend or other benefit by the creditor or an employee, affiliate or associate of the creditor from the insurance authorized by this Section.

(f) When interest is contracted for or received under this Section, the lender must disclose the following items to the obligor in a written statement before the loan is consummated:

1. the amount and date of the loan contract;
2. the amount of loan credit using the term "amount financed";
3. every deduction from the amount financed or payment made by the obligor for insurance and the type of insurance for which each deduction or payment was made;
4. every other deduction from the loan or payment made by the obligor in connection with obtaining the loan;
5. the date on which the finance charge begins to accrue if different from the date of the transaction;
6. the total amount of the loan charge for the scheduled term of the loan contract with a description of each amount included using the term "finance charge";
7. the finance charge expressed as an annual percentage rate using the term "annual percentage rate". "Annual percentage rate" means the nominal annual percentage rate of finance charge determined in accordance with the actuarial method of computation with an accuracy at least to the nearest 1/4 of 1%; or at the option of the lender by application of the United States rule so that it may be disclosed with an accuracy at least to the nearest 1/4 of 1%;

New matter indicated by italics - deletions by strikeout
(8) the number, amount and due dates or periods of payments scheduled to repay the loan and the sum of such payments using the term "total of payments";

(9) the amount, or method of computing the amount of any default, delinquency or similar charges payable in the event of late payments;

(10) the right of the obligor to prepay the loan and the fact that such prepayment will reduce the charge for the loan;

(11) a description or identification of the type of any security interest held or to be retained or acquired by the lender in connection with the loan and a clear identification of the property to which the security interest relates. If after-acquired property will be subject to the security interest, or if other or future indebtedness is or may be secured by any such property, this fact shall be clearly set forth in conjunction with the description or identification of the type of security interest held, retained or acquired;

(12) a description of any penalty charge that may be imposed by the lender for prepayment of the principal of the obligation with an explanation of the method of computation of such penalty and the conditions under which it may be imposed;

(13) unless the contract provides for the accrual and payment of the finance charge on the balance of the amount financed from time to time remaining unpaid, an identification of the method of computing any unearned portion of the finance charge in the event of prepayment of the loan.

The terms "finance charge" and "annual percentage rate" shall be printed more conspicuously than other terminology required by this Section.

(g) At the time disclosures are made, the lender shall deliver to the obligor a duplicate of the instrument or statement by which the required disclosures are made and on which the lender and obligor are identified and their addresses stated. All of the disclosures shall be made clearly, conspicuously and in meaningful sequence and made together on either:

(i) the note or other instrument evidencing the obligation on the same side of the page and above or adjacent to the place for the obligor's signature; however, where a creditor elects to combine disclosures with the contract, security agreement, and evidence of a transaction in a single document, the disclosures required under this Section shall be made on the face of the document, on the
reverse side, or on both sides, provided that the amount of the finance charge and the annual percentage rate shall appear on the face of the document, and, if the reverse side is used, the printing on both sides of the document shall be equally clear and conspicuous, both sides shall contain the statement, "NOTICE: See other side for important information", and the place for the customer's signature shall be provided following the full content of the document; or

(ii) one side of a separate statement which identifies the transaction.

The amount of the finance charge shall be determined as the sum of all charges, payable directly or indirectly by the obligor and imposed directly or indirectly by the lender as an incident to or as a condition to the extension of credit, whether paid or payable by the obligor, any other person on behalf of the obligor, to the lender or to a third party, including any of the following types of charges:

(1) Interest, time price differential, and any amount payable under a discount or other system of additional charges.
(2) Service, transaction, activity, or carrying charge.
(3) Loan fee, points, finder's fee, or similar charge.
(4) Fee for an appraisal, investigation, or credit report.
(5) Charges or premiums for credit life, accident, health, or loss of income insurance, written in connection with any credit transaction unless (a) the insurance coverage is not required by the lender and this fact is clearly and conspicuously disclosed in writing to the obligor; and (b) any obligor desiring such insurance coverage gives specific dated and separately signed affirmative written indication of such desire after receiving written disclosure to him of the cost of such insurance.

(6) Charges or premiums for insurance, written in connection with any credit transaction, against loss of or damage to property or against liability arising out of the ownership or use of property, unless a clear, conspicuous, and specific statement in writing is furnished by the lender to the obligor setting forth the cost of the insurance if obtained from or through the lender and stating that the obligor may choose the person through which the insurance is to be obtained.

New matter indicated by italics - deletions by strikeout
(7) Premium or other charges for any other guarantee or insurance protecting the lender against the obligor's default or other credit loss.

(8) Any charge imposed by a lender upon another lender for purchasing or accepting an obligation of an obligor if the obligor is required to pay any part of that charge in cash, as an addition to the obligation, or as a deduction from the proceeds of the obligation.

A late payment, delinquency, default, reinstatement or other such charge is not a finance charge if imposed for actual unanticipated late payment, delinquency, default or other occurrence.

(h) Advertising for loans transacted under this Section may not be false, misleading, or deceptive. That advertising, if it states a rate or amount of interest, must state that rate as an annual percentage rate of interest charged. In addition, if charges other than for interest are made in connection with those loans, those charges must be separately stated. No advertising may indicate or imply that the rates or charges for loans are in any way "recommended", "approved", "set" or "established" by the State government or by this Act.

(i) A lender or creditor who complies with the federal Truth in Lending Act, amendments thereto, and any regulations issued or which may be issued thereunder, shall be deemed to be in compliance with the provisions of subsections (f), (g) and (h) of this Section.

(j) For purposes of this Section, "real estate" and "real property" include a manufactured home as defined in subdivision (53) of Section 9-102 of the Uniform Commercial Code that is real property as defined in the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act.

A like sum shall be paid for each year that all or a portion of

subsequent taxes are paid by the tax purchaser and posted to the tax judgment, sale, redemption and forfeiture record where the underlying certificate of purchase is recorded.

(a-5) In counties of 3,000,000 or more inhabitants, each person purchasing property at a sale under this Code shall pay to the County Collector a nonrefundable fee of $80 for each item purchased plus an additional sum equal to 5% of taxes, interest, and penalties paid by the purchaser, including the taxes, interest, and penalties paid under Section 21-240. In these counties, the certificate holder shall also pay to the County Collector a fee of $80 for each year that all or a portion of subsequent taxes are paid by the tax purchaser and posted to the tax judgment, sale, redemption, and forfeiture record, plus an additional sum equal to 5% of all subsequent taxes, interest, and penalties. The additional 5% fees are not required after December 31, 2006. The county collector shall report annually to the county clerk on the condition and income of the fund. The indemnity fund shall be held to satisfy judgments obtained against the County Treasurer, as trustee of the fund. No payment shall be made from the fund, except upon a judgment of the court which ordered the issuance of a tax deed.

Sec. 21-310. Sales in error.

New matter indicated by italics - deletions by strikeout
(a) When, upon application of the county collector, the owner of the certificate of purchase, or a municipality which owns or has owned the property ordered sold, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:

1. the property was not subject to taxation, or all or any part of the lien of taxes sold has become null and void pursuant to Section 21-95 or unenforceable pursuant to subsection (c) of Section 18-250 or subsection (b) of Section 22-40,
2. the taxes or special assessments had been paid prior to the sale of the property,
3. there is a double assessment,
4. the description is void for uncertainty,
5. the assessor, chief county assessment officer, board of review, board of appeals, or other county official has made an error (other than an error of judgment as to the value of any property),
5.5 the owner of the homestead property had tendered timely and full payment to the county collector that the owner reasonably believed was due and owing on the homestead property, and the county collector did not apply the payment to the homestead property; provided that this provision applies only to homeowners, not their agents or third-party payors,
6. prior to the tax sale a voluntary or involuntary petition has been filed by or against the legal or beneficial owner of the property requesting relief under the provisions of 11 U.S.C. Chapter 7, 11, 12, or 13,
7. the property is owned by the United States, the State of Illinois, a municipality, or a taxing district, or
8. the owner of the property is a reservist or guardsperson who is granted an extension of his or her due date under Sections 21-15, 21-20, and 21-25 of this Act.

(b) When, upon application of the owner of the certificate of purchase only, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:

1. A voluntary or involuntary petition under the provisions of 11 U.S.C. Chapter 7, 11, 12, or 13 has been filed subsequent to the tax sale and prior to the issuance of the tax deed.

New matter indicated by italics - deletions by strikeout
(2) The improvements upon the property sold have been substantially destroyed or rendered uninhabitable or otherwise unfit for occupancy subsequent to the tax sale and prior to the issuance of the tax deed; however, if the court declares a sale in error under this paragraph (2), the court may order the holder of the certificate of purchase to assign the certificate to the county collector if requested by the county collector. The county collector may, upon request of the county, as trustee, or upon request of a taxing district having an interest in the taxes sold, further assign any certificate of purchase received pursuant to this paragraph (2) to the county acting as trustee for taxing districts pursuant to Section 21-90 of this Code or to the taxing district having an interest in the taxes sold.

(4) The real property contains a hazardous substance, hazardous waste, or underground storage tank that would require cleanup or other removal under any federal, State, or local law, ordinance, or regulation, only if the tax purchaser purchased the property without actual knowledge of the hazardous substance, hazardous waste, or underground storage tank. This paragraph (4) applies only if the owner of the certificate of purchase has made application for a sale in error at any time before the issuance of a tax deed. If the court declares a sale in error under this paragraph (4), the court may order the holder of the certificate of purchase to assign the certificate to the county collector if requested by the county collector. The county collector may, upon request of the county, as trustee, or upon request of a taxing district having an interest in the taxes sold, further assign any certificate of purchase received pursuant to this paragraph (4) to the county acting as trustee for taxing districts pursuant to Section 21-90 of this Code or to the taxing district having an interest in the taxes sold.

Whenever a court declares a sale in error under this subsection (b), the court shall promptly notify the county collector in writing. Every such declaration pursuant to any provision of this subsection (b) shall be made within the proceeding in which the tax sale was authorized.

(c) When the county collector discovers, prior to the expiration of the period of redemption, that a tax sale should not have occurred for one or more of the reasons set forth in subdivision (a)(1), (a)(2), (a)(6), or
(a)(7) of this Section, the county collector shall notify the last known owner of the certificate of purchase by certified and regular mail, or other means reasonably calculated to provide actual notice, that the county collector intends to declare an administrative sale in error and of the reasons therefor, including documentation sufficient to establish the reason why the sale should not have occurred. The owner of the certificate of purchase may object in writing within 28 days after the date of the mailing by the county collector. If an objection is filed, the county collector shall not administratively declare a sale in error, but may apply to the circuit court for a sale in error as provided in subsection (a) of this Section. Thirty days following the receipt of notice by the last known owner of the certificate of purchase, or within a reasonable time thereafter, the county collector shall make a written declaration, based upon clear and convincing evidence, that the taxes were sold in error and shall deliver a copy thereof to the county clerk within 30 days after the date the declaration is made for entry in the tax judgment, sale, redemption, and forfeiture record pursuant to subsection (d) of this Section. The county collector shall promptly notify the last known owner of the certificate of purchase of the declaration by regular mail and shall promptly pay the amount of the tax sale, together with interest and costs as provided in Section 21-315, upon surrender of the original certificate of purchase.

(d) If a sale is declared to be a sale in error, the county clerk shall make entry in the tax judgment, sale, redemption and forfeiture record, that the property was erroneously sold, and the county collector shall, on demand of the owner of the certificate of purchase, refund the amount paid, except for the nonrefundable $80 fee paid, pursuant to Section 21-295, for each item purchased at the tax sale, pay any interest and costs as may be ordered under Sections 21-315 through 21-335, and cancel the certificate so far as it relates to the property. The county collector shall deduct from the accounts of the appropriate taxing bodies their pro rata amounts paid. (3) The Authority may deny an applicant's application for housing because of the applicant's or another household member's criminal history record, only if the Authority:

(A) determines that the denial is required under federal law; or

(B) determines that there is a direct relationship between the applicant or the other household member's criminal history record and a risk to the health, safety, and peaceful enjoyment of fellow tenants. The mere existence of a criminal history record does not demonstrate such a risk.

(f) It may, if a tenant has created or maintained a threat constituting a serious and clear danger to the health or safety of other tenants or Authority employees, after 3 days' written notice of termination and without a hearing, file suit against any such tenant for recovery of possession of the premises. AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Human Rights Act is amended by changing Sections 7A-104, 8-105, 8-106.1, 8-111, 10-102, 10-103, and 10-104 as follows:

Sec. 7A-104. Judicial Proceedings.
(A) Temporary Relief. (1) At any time after a charge is filed, the Department or complainant may petition the appropriate court for temporary relief, pending final determination of the proceedings under this Act, including an order or judgment restraining the respondent from doing or causing any act which would render ineffectual an order which the

Commission may enter with respect to the complainant. Whether it is brought by the Department or by the complainant, the petition shall contain a certification by the Director that the particular matter presents exceptional circumstances in which irreparable injury will result from a civil rights violation in the absence of temporary relief.

(2) The petition shall be filed in the circuit court for the county in which the respondent resides or transacts business or in which the alleged violation took place, and the proceedings shall be governed by Part I of Article XI of the "Code of Civil Procedure", as amended. Except as provided in subsection (A) (3), the court may grant temporary relief or a temporary restraining order as it deems just and proper.

(3) When the petition is based upon a civil rights violation as defined in Article 3 of this Act, the relief or restraining order entered by the court shall not exceed 5 days unless:

(a) A longer period is agreed to by the respondent; or
(b) The court finds that there is substantial evidence to demonstrate that the respondent has engaged in unlawful discrimination.

(B) Expedited Proceedings. (1) A complainant or the Department at the request of the complainant may at any time petition the circuit court for expedited proceedings. Except as to causes the circuit court considers to be of greater importance, consideration of petitions for expedited proceedings under this subsection shall take precedence on the docket over all other causes and be assigned for hearing at the earliest practicable date and expedited in every way.

(2) Venue for a petition filed under this subsection shall lie in the county where the respondent resides or is found or where the alleged violation was committed.

(3) Any petition filed by the complainant shall name the Department, Commission and the respondent. Any petition filed by the Department, upon request of the complainant, shall name the Commission and the respondent.

(4) If the circuit court determines that the complainant is likely to die before the termination of the proceedings under this Act, it may order the proceedings expedited. When an order for expedited proceedings is issued, the processing of the complainant's charge by the Department and Commission shall take precedence over all matters except older matters of the same character. Where such order is issued, the Department, the Commission, any panel of the Commission, or any Commission hearing officer shall be authorized to shorten any time period, other than the filing

If such an order is issued and the complainant is before the Department, the Department shall immediately appoint an investigator if an investigator has not been appointed and shall in 90 days either file a complaint or order that no complaint be issued. If the Department fails to make a determination within 90 days the complainant shall have 30 days to file his complaint with the Commission.

(C) Enforcement of Commission Orders. When authorized by this Act, the Department, at the request of the Commission, may take whatever action may be authorized for the enforcement of Commission orders.

Sec. 8-105. Settlement.

(A) Approval.

(1) When a proposed settlement is submitted by the Department, the Commission, through a panel of 3 members, shall determine whether to approve its terms and conditions.

(2) A settlement of any complaint and its underlying charge or charges may be effectuated at any time upon agreement of the parties, with or without the Commission's approval, and shall act as a full and final resolution of the matter. If the parties desire that the Commission retain jurisdiction over the matter for purposes of enforcing the terms of the settlement, the terms shall be reduced to writing, signed by the parties, and submitted to the Commission for approval. The Commission, through a panel of 3 members, shall determine whether to approve the settlement.

(3) Approval of the settlement shall be accomplished by an order, served on the parties and the Department, in accord with the written terms of the settlement.

(B) Violation. When the Department files notice of a settlement order violation, the Commission, through a panel of three members, may either order the Department to seek enforcement of the settlement order pursuant to paragraph (C) (B) of Section 8-111 or remand for any type of hearing as it may deem necessary pursuant to paragraph (D) of Section 8A-103.

(C) Dismissal for Refusal to Accept Settlement Offer. The Commission shall dismiss a complaint and the underlying charge or charges of the complaint if the Commission is satisfied that:

New matter indicated by italics - deletions by strikeout

2. the respondent offers and the complainant declines to accept the terms of settlement that the Commission determines are sufficient to eliminate the effect of the civil rights violation charged and to prevent repetition of the violation.

In determining whether the respondent has eliminated the effects of the civil rights violation charged, or has offered terms of settlement sufficient to eliminate same, the Commission shall consider the extent to which the respondent has either fully provided, or reasonably offered by way of terms of settlement, as the case may be, the relevant relief available to the complainant under Section 8A-104 of this Act.

At any time after the service of a complaint pursuant to Section 8A-102 of this Act, and prior to service of a decision prepared pursuant to Section 8A-102(I), a respondent may move for a recommended order dismissing a complaint and the underlying charge or charges for complainant's refusal to accept terms of settlement that are sufficient to eliminate the effects of the civil rights violation charged in the complaint and to eliminate repetition of the violation. Respondent's motion and complainant's reply, if any, shall comply with the requirements for summary decision set forth in Section 8-106.1 of this Act.

If it appears to the satisfaction of the hearing officer at any time that any affidavit or motion presented pursuant to this Section is presented in bad faith or solely for the purpose of delay, the hearing officer may recommend that the party employing the use of affidavits for dilatory purposes shall pay to the other party the amount of reasonable expenses incurred as a result of the filing of the affidavit or motion, including reasonable attorney's fees.

If a 3-member panel or the full Commission finds that an interlocutory order involves a question of law as to which there is substantial ground for difference of opinion and that an immediate appeal from the order may materially advance the ultimate termination of the litigation, any party may petition the Appellate Court.

(2) Prior to initiating a civil action, the Attorney General shall conduct a preliminary investigation to determine whether there is reasonable cause to believe that any person or group of persons is engaged in a pattern and practice of discrimination declared unlawful by this Act and whether the dispute can be resolved without litigation. In conducting this investigation, the Attorney General may:

(a) require the individual or entity to file a statement or report in writing under oath or otherwise, as to all information the Attorney General may consider necessary;

(b) examine under oath any person alleged to have participated in or with knowledge of the alleged pattern and practice violation; or

(c) issue subpoenas or conduct hearings in aid of any investigation.

(3) Service by the Attorney General of any notice requiring a person to file a statement or report, or of a subpoena upon any person, shall be made:

(b) by mailing by certified mail a duly executed copy thereof to the person to be served at his or her last known abode or principal place of business within this State.

(4) In lieu of a civil action, the individual or entity alleged to have engaged in a pattern or practice of discrimination deemed violative of this Act may enter into an Assurance of Voluntary Compliance with respect to the alleged pattern or practice violation.

(5) The Illinois Attorney General may commence a civil action under this subsection (A) whether or not a charge has been filed under Sections 7A-102 or 7B-102 and without regard to the status of any charge, however, if the Department or local agency has obtained a conciliation or settlement agreement or if the parties have entered into an Assurance of Voluntary Compliance no action may be filed under this subsection (A) with respect to the alleged civil rights violation practice that forms the basis for the complaint except for the purpose of enforcing the terms of the conciliation or settlement agreement or the terms of the Assurance of Voluntary Compliance.

During the pendency of the petition in the court, the court may stay, as it deems proper, the running of the time allowed for compliance with the subpoena or other request, in whole or in part, except that the petitioner shall comply with any portion of the subpoena or other request not sought to be modified or set aside.

(c) Jurisdiction. Whenever any petition is filed in any circuit court under this paragraph (6), the court shall have jurisdiction to hear and determine the matter so presented and to enter such orders as may be required to carry out the provisions of this Section. Any final order so entered shall be subject to appeal in the same manner as appeals of other final orders in civil matters. Any disobedience of any final order entered under this paragraph (6) by any court shall be punished as a contempt of the court.

(B) Relief which may be granted.

In addition, the Attorney General may request and the Court may impose a civil penalty to vindicate the public interest:

(a) for violations of Article 3 and Article 4 in an amount not exceeding $25,000 per violation, and in the
case of violations of all other Articles in an amount not exceeding $10,000 if the defendant has not been adjudged to have committed any prior civil rights violations under the provision of the Act that is the basis of the complaint;

(b) for violations of Article 3 and Article 4 in an amount not exceeding $50,000 per violation, and in the case of violations of all other Articles in an amount not exceeding $25,000 if the defendant has been adjudged to have committed one other civil rights violation under the provision of the Act within 5 years of the occurrence of the civil rights violation that is the basis of the complaint; and

(c) for violations of Article 3 and Article 4 in an amount not exceeding $75,000 per violation, and in the case of violations of all other Articles in an amount not exceeding $50,000 if the defendant has been adjudged to have committed 2 or more civil rights violations under the provision of the Act within 5 years of the occurrence of the civil rights violation that is the basis of the complaint.

(2) A civil penalty imposed under subdivision (B)(1) of this Section shall be deposited into the Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund, which is a special fund in the State Treasury. Moneys in the Fund shall be used, subject to appropriation, for the performance of any function pertaining to the exercise of the duties of the Attorney General including but not limited to enforcement of any law of this State and conducting public education programs; however, any moneys in the Fund that are required by the court or by an agreement to be used for a particular purpose shall be used for that purpose.

PUBLIC ACT 101-0664
(House Bill No. 2275)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Educational Labor Relations Act is amended by changing Section 12 as follows:
(115 ILCS 5/12) (from Ch. 48, par. 1712)
Sec. 12. Impasse procedures.
(a) This subsection (a) applies only to collective bargaining between an educational employer that is not a public school district organized under Article 34 of the School Code and an exclusive representative of its employees. If the parties engaged in collective bargaining have not reached an agreement by 90 days before the scheduled start of the forthcoming school year, the parties shall notify the Illinois

New matter indicated by italics - deletions by strikeout
Educational Labor Relations Board concerning the status of negotiations. This notice shall include a statement on whether mediation has been used.

Upon demand of either party, collective bargaining between the employer and an exclusive bargaining representative must begin within 60 days of the date of certification of the representative by the Board, or in the case of an existing exclusive bargaining representative, within 60 days of the receipt by a party of a demand to bargain issued by the other party. Once commenced, collective bargaining must continue for at least a 60 day period, unless a contract is entered into.

Except as otherwise provided in subsection (b) of this Section, if after a reasonable period of negotiation and within 90 days of the scheduled start of the forth-coming school year, the parties engaged in collective bargaining have reached an impasse, either party may petition the Board to initiate mediation. Alternatively, the Board on its own motion may initiate mediation during this period. However, mediation shall be initiated by the Board at any time when jointly requested by the parties and the services of the mediators shall continuously be made available to the employer and to the exclusive bargaining representative for purposes of arbitration of grievances and mediation or arbitration of contract disputes. If requested by the parties, the mediator may perform fact-finding and in so doing conduct hearings and make written findings and recommendations for resolution of the dispute. Such mediation shall be provided by the Board and shall be held before qualified impartial individuals. Nothing prohibits the use of other individuals or organizations such as the Federal Mediation and Conciliation Service or the American Arbitration Association selected by both the exclusive bargaining representative and the employer.

If the parties engaged in collective bargaining fail to reach an agreement within 45 days of the scheduled start of the forthcoming school year and have not requested mediation, the Illinois Educational Labor Relations Board shall invoke mediation.

Whenever mediation is initiated or invoked under this subsection (a), the parties may stipulate to defer selection of a mediator in accordance with rules adopted by the Board.

(a-5) This subsection (a-5) applies only to collective bargaining between a public school district or a combination of public school districts, including, but not limited to, joint cooperatives, that is not organized under Article 34 of the School Code and an exclusive representative of its employees.

New matter indicated by italics - deletions by strikeout
(1) Any time 15 days after mediation has commenced, either party may initiate the public posting process. The mediator may initiate the public posting process at any time 15 days after mediation has commenced during the mediation process. Initiation of the public posting process must be filed in writing with the Board, and copies must be submitted to the parties on the same day the initiation is filed with the Board.

(2) Within 7 days after the initiation of the public posting process, each party shall submit to the mediator, the Board, and the other party in writing the most recent offer of the party, including a cost summary of the offer. Seven days after receipt of the parties' offers, the Board shall make public the offers and each party's cost summary dealing with those issues on which the parties have failed to reach agreement by immediately posting the offers on its Internet website, unless otherwise notified by the mediator or jointly by the parties that agreement has been reached. On the same day of publication by the Board, at a minimum, the school district shall distribute notice of the availability of the offers on the Board's Internet website to all news media that have filed an annual request for notices from the school district pursuant to Section 2.02 of the Open Meetings Act. The parties' offers shall remain on the Board's Internet website until the parties have reached and ratified an agreement.

(a-10) This subsection (a-10) applies only to collective bargaining between a public school district organized under Article 34 of the School Code and an exclusive representative of its employees.

(1) For collective bargaining agreements between an educational employer to which this subsection (a-10) applies and an exclusive representative of its employees, if the parties fail to reach an agreement after a reasonable period of mediation, the dispute shall be submitted to fact-finding in accordance with this subsection (a-10). Either the educational employer or the exclusive representative may initiate fact-finding by submitting a written demand to the other party with a copy of the demand submitted simultaneously to the Board.

(2) Within 3 days following a party's demand for fact-finding, each party shall appoint one member of the fact-finding panel, unless the parties agree to proceed without a tri-partite panel. Following these appointments, if any, the parties shall select

a qualified impartial individual to serve as the fact-finder and chairperson of the fact-finding panel, if applicable. An individual shall be considered qualified to serve as the fact-finder and chairperson of the fact-finding panel, if applicable, if he or she was not the same individual who was appointed as the mediator and if he or she satisfies the following requirements: membership in good standing with the National Academy of Arbitrators, Federal Mediation and Conciliation Service, or American Arbitration Association for a minimum of 10 years; membership on the mediation roster for the Illinois Labor Relations Board or Illinois Educational Labor Relations Board; issuance of at least 5 interest arbitration awards arising under the Illinois Public Labor Relations Act; and participation in impasse resolution processes arising under private or public sector collective bargaining statutes in other states. If the parties are unable to agree on a fact-finder, the parties shall request a panel of fact-finders who satisfy the requirements set forth in this paragraph (2) from either the Federal Mediation and Conciliation Service or the American Arbitration Association and shall select a fact-finder from such panel in accordance with the procedures established by the organization providing the panel.

(3) The fact-finder shall have the following duties and powers:

(A) to require the parties to submit a statement of disputed issues and their positions regarding each issue either jointly or separately;

(B) to identify disputed issues that are economic in nature;

(C) to meet with the parties either separately or in executive sessions;

(D) to conduct hearings and regulate the time, place, course, and manner of the hearings;

(E) to request the Board to issue subpoenas requiring the attendance and testimony of witnesses or the production of evidence;

(F) to administer oaths and affirmations;

(G) to examine witnesses and documents;

(H) to create a full and complete written record of the hearings;

(1) to attempt mediation or remand a disputed issue to the parties for further collective bargaining;

(2) to require the parties to submit final offers for each disputed issue either individually or as a package or as a combination of both; and

(3) to employ any other measures deemed appropriate to resolve the impasse.

(4) If the dispute is not settled within 75 days after the appointment of the fact-finding panel, the fact-finding panel shall issue a private report to the parties that contains advisory findings of fact and recommended terms of settlement for all disputed issues and that sets forth a rationale for each recommendation. The fact-finding panel, acting by a majority of its members, shall base its findings and recommendations upon the following criteria as applicable:

(A) the lawful authority of the employer;

(B) the federal and State statutes or local ordinances and resolutions applicable to the employer;

(C) prior collective bargaining agreements and the bargaining history between the parties;

(D) stipulations of the parties;

(E) the interests and welfare of the public and the students and families served by the employer;

(F) the employer's financial ability to fund the proposals based on existing available resources, provided that such ability is not predicated on an assumption that lines of credit or reserve funds are available or that the employer may or will receive or develop new sources of revenue or increase existing sources of revenue;

(G) the impact of any economic adjustments on the employer's ability to pursue its educational mission;

(H) the present and future general economic conditions in the locality and State;

(I) a comparison of the wages, hours, and conditions of employment of the employees involved in the dispute with the wages, hours, and conditions of employment of employees performing similar services in public education in the 10 largest U.S. cities;

New matter indicated by italics - deletions by strikeout
(J) the average consumer prices in urban areas for goods and services, which is commonly known as the cost of living;

(K) the overall compensation presently received by the employees involved in the dispute, including direct wage compensation; vacations, holidays, and other excused time; insurance and pensions; medical and hospitalization benefits; the continuity and stability of employment and all other benefits received; and how each party's proposed compensation structure supports the educational goals of the district;

(L) changes in any of the circumstances listed in items (A) through (K) of this paragraph (4) during the fact-finding proceedings;

(M) the effect that any term the parties are at impasse on has or may have on the overall educational environment, learning conditions, and working conditions with the school district; and

(N) the effect that any term the parties are at impasse on has or may have in promoting the public policy of this State.

(5) The fact-finding panel's recommended terms of settlement shall be deemed agreed upon by the parties as the final resolution of the disputed issues and incorporated into the collective bargaining agreement executed by the parties, unless either party tenders to the other party and the chairperson of the fact-finding panel a notice of rejection of the recommended terms of settlement with a rationale for the rejection, within 15 days after the date of issuance of the fact-finding panel's report. If either party submits a notice of rejection, the chairperson of the fact-finding panel shall publish the fact-finding panel's report and the notice of rejection for public information by delivering a copy to all newspapers of general circulation in the community with simultaneous written notice to the parties.

(b) (Blank). If, after a period of bargaining of at least 60 days, a dispute or impasse exists between an educational employer whose territorial boundaries are coterminous with those of a city having a population in excess of 500,000 and the exclusive bargaining representative over a subject or matter set forth in Section 4.5 of this Act,
the parties shall submit the dispute or impasse to the dispute resolution procedure agreed to between the parties. The procedure shall provide for mediation of disputes by a rotating mediation panel and may, at the request of either party, include the issuance of advisory findings of fact and recommendations.

(c) The costs of fact finding and mediation shall be shared equally between the employer and the exclusive bargaining agent, provided that, for purposes of mediation under this Act, if either party requests the use of mediation services from the Federal Mediation and Conciliation Service, the other party shall either join in such request or bear the additional cost of mediation services from another source. All other costs and expenses of complying with this Section must be borne by the party incurring them.

(c-5) If an educational employer or exclusive bargaining representative refuses to participate in mediation or fact finding when required by this Section, the refusal shall be deemed a refusal to bargain in good faith.

(d) Nothing in this Act prevents an employer and an exclusive bargaining representative from mutually submitting to final and binding impartial arbitration unresolved issues concerning the terms of a new collective bargaining agreement.
