AN ACT concerning finance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Coronavirus Urgent Remediation Emergency Borrowing Act or the CURE Borrowing Act.

Section 5. Findings and purpose. The General Assembly finds that:

The State of Illinois is in the midst of both a public health emergency and a resultant fiscal crisis. The sudden worldwide outbreak of the Coronavirus Disease 2019 (COVID-19) and the spread of the disease in Illinois is causing dramatic economic upheaval and severe financial stress for individuals, businesses, health and other service providers, as well as the State and local governments across Illinois. It has resulted in declarations of disaster from both the Governor and the President of the United States. The disaster has caused, and will continue to cause for some time to come, reductions in revenues for the State at the same time expenditures must be incurred to respond to the emergency. The State requires greater flexibility to borrow efficiently and respond effectively to urgent financial needs as they arise.

The federal government has responded to the COVID-19 pandemic with the passage of legislation that provides emergency funding to state and local governments. One of the new funding programs, found in Section 4003 of the federal Coronavirus Aid, Relief, and Economic Stabilization Act (CARES Act) provides a Municipal Liquidity Facility administered by the Federal Reserve Bank with support from the United States Department of the Treasury, through which funds are being made available so that state and local governments may borrow funds directly from the program. The State of Illinois has the authority to participate in this program, any subsequent State and municipal financing program created by federal legislation to provide relief from the coronavirus pandemic (collectively "federal coronavirus financing legislation"), and any similar program that may be offered by the federal government or the Federal Reserve Bank.

The purpose of this Act is to revise the laws authorizing the State to borrow money and incur state debt so that the State will have needed flexibility in times of emergency, can borrow with enhanced efficiency in

urgent circumstances, and can effectively utilize new borrowing programs and facilities offered by the United States Department of the Treasury and the Federal Reserve Bank, all while maintaining stringent standards for accountability and transparency.

Section 10. Borrowing authorized.
(a) Borrowing under this Section is authorized under subsection (b) of Section 9 of Article IX of the Illinois Constitution. The Governor, with the approval of the Comptroller and Treasurer, is authorized to borrow funds from the Federal Reserve Bank or its agent in accordance with the Municipal Liquidity Facility program established pursuant to Section 4003 of the federal CARES Act and Section 13(3) of the Federal Reserve Act, or in accordance with any other federal coronavirus financing legislation or similar program authorized by the United States Congress. The purposes for which borrowing is authorized include:

(1) to meet failures of revenue resulting from the COVID-19 outbreak and to support the emergency response thereto;
(2) to provide funds for payment or reimbursement of new or increased costs of State government resulting from the COVID-19 outbreak and the emergency response thereto;
(3) to provide funds to respond to any other disaster or emergency or failure of revenues or the costs of essential government services;
(4) to provide funds for deposit into the Healthcare Provider Relief Fund for payment of costs payable from the Fund; and
(5) to provide funds for payment or reimbursement of costs payable from the Health Insurance Reserve Fund.

Proceeds of the borrowing may also be used to pay the costs of borrowing and the debts created by the borrowing.

(b) The Governor may borrow funds and contract debts from time to time, in principal amounts not to exceed $5,000,000,000 outstanding at any time. Moneys thus borrowed shall be applied to any of the purposes described in this Section in accordance with properly enacted appropriations and transfers, or to pay the debts and associated expenses thus incurred, and to no other purpose. All proceeds from any borrowing under this Act, except those expended on the costs of issuance, shall be deposited into the Coronavirus Urgent Remediation Emergency Borrowing Fund (CURE Borrowing Fund). All moneys so borrowed shall be borrowed for no longer a time than the time limit set forth in federal
program rules and guidance, and in no event longer than 10 years, and shall be repaid in equal principal payments or as required by federal program rules and guidance, if such requirements exist.

Section 15. Borrowing process.

(a) Whenever the borrowing of money under Section 10 is contemplated, the Director of the Governor's Office of Management and Budget, acting at the direction of the Governor, shall prepare for such borrowing in one or more series, in amounts, at prices and at interest rates, and in such manner as directed by the Governor.

(b) The Director of the Governor's Office of Management and Budget, acting at the direction of the Governor, may negotiate and borrow directly from the Federal Reserve Bank or its agent in accordance with the Municipal Liquidity Facility program established pursuant to Section 4003 of the federal CARES Act and Section 13(3) of the Federal Reserve Act, or in accordance with any other federal coronavirus financing legislation or other program authorized by the United States Congress.

(c) The rate of interest on any borrowing pursuant to this Act shall not exceed the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract. The requirements of the Illinois Procurement Code requiring competitive requests for proposal shall not apply to the selection of a lender in accordance with this Section.

Section 20. Bonds, notes, certificates or other facilities; appropriation.

(a) There shall be prepared, under the direction of the Governor, the form of bonds, notes, certificates or other facilities that the Governor deems advisable for borrowing pursuant to this Act. The bonds, notes, certificates or other facilities, when issued, shall be signed by the Governor and a record of their issuance shall be kept by the Comptroller. The interest on and principal of the debt shall be paid from the General Obligation Bond Retirement and Interest Fund.

(b) There is appropriated on a continuing basis, out of any money in the State treasury, a sum sufficient for the payment of the interest on and principal of any debts contracted under this Act, and the irrevocable and continuing authority for and direction to the State Treasurer and the Comptroller to make the necessary transfers, as directed by the Governor.

(c) The Governor is authorized to order, pursuant to the proceedings authorizing debts contracted under this Act, the transfer of any moneys on deposit in the State treasury into the General Obligation
Bond Retirement and Interest Fund at times and in amounts the Governor deems necessary to provide for the payment of that interest and principal.

(d) The Comptroller is authorized and directed to draw warrants on the State Treasurer for the amount of all payments of principal and interest on the bonds, notes, certificates or other facilities issued under this Act.

Section 50. The State Finance Act is amended by adding Sections 5.934 and 6z-123 as follows:

(30 ILCS 105/5.934 new)
Sec. 5.934. The Coronavirus Urgent Remediation Emergency Borrowing Fund (CURE Borrowing Fund).

(30 ILCS 105/6z-123 new)
Sec. 6z-123. Coronavirus Urgent Remediation Emergency Borrowing Fund. The Coronavirus Urgent Remediation Emergency Borrowing Fund (CURE Borrowing Fund) is created as a special fund in the State treasury for the purpose of receiving proceeds from borrowings transacted pursuant to the Coronavirus Urgent Remediation Emergency Borrowing Act (CURE Borrowing Act) and for transferring and expending such moneys for the purposes authorized by that Act.

Section 55. The Short Term Borrowing Act is amended by changing Sections 1, 1.1, 2, and 3 as follows:

(30 ILCS 340/1) (from Ch. 120, par. 406)
Sec. 1. Cash flow borrowing. Whenever significant timing variations occur between disbursement and receipt of budgeted funds within a fiscal year, making it necessary to borrow in anticipation of revenues to be collected in a fiscal year, in order to meet the same, the Governor, Comptroller and Treasurer may contract debts, in an amount not exceeding 5% of the State's appropriations for that fiscal year, and moneys thus borrowed shall be applied to the purpose for which they were obtained, or to pay the costs of borrowing and the debts thus created, and to no other purpose. All moneys so borrowed shall be repaid by the close of the fiscal year in which borrowed.

(30 ILCS 340/1.1)
Sec. 1.1. Borrowing upon emergencies or failures in revenue. Whenever emergencies or failures in revenues of the State occur, in order to meet deficits caused by those emergencies or failures, the Governor, Comptroller, and Treasurer may contract debts in an amount not exceeding 15% of the State's appropriations for that fiscal year. The moneys thus borrowed shall be applied to the purposes for which they were obtained, or

to pay the costs of borrowing and the debts thus created by the borrowing, and to no other purpose. Before incurring debt under this Section, the Governor shall give written notice to the Clerk of the House of Representatives, the Secretary of the Senate, and the Secretary of State setting forth the reasons for the proposed borrowing and the corrective measures recommended to restore the State's fiscal soundness. The notice shall be a public record and open for inspection at the offices of the Secretary of State during normal business hours. No debt may be incurred under this Section until 730 days after the notice is served. All moneys so borrowed shall be borrowed for no longer time than one year.

(Source: P.A. 88-669, eff. 11-29-94; 93-1046, eff. 10-15-04.)

(30 ILCS 340/2) (from Ch. 120, par. 407)

Sec. 2. Sale of certificates. For borrowing authorized under Sections 1 and 1.1 of this Act, certificates may be issued and sold from time to time, in one or more series, in amounts, at prices and at interest rates, all as directed by the Governor, Comptroller, and Treasurer. Bidders shall submit sealed bids to the Director of the Governor's Office of Management and Budget upon such terms as shall be approved by the Governor, Comptroller, and Treasurer after such notice as shall be determined to be reasonable by the Director of the Governor's Office of Management and Budget. The loan shall be awarded to the bidder offering the lowest effective rate of interest not exceeding the maximum rate authorized by the Bond Authorization Act as amended at the time of the making of the contract.

However, for borrowing authorized under Sections 1 and 1.1 of this Act during fiscal years 2020 and 2021 only, certificates may be issued and sold on a negotiated basis rather than by sealed bid from time to time, in one or more series, in amounts, at prices and at interest rates, and in such manner, all as directed by the Governor, Comptroller, and Treasurer. The rate of interest must not exceed the maximum rate authorized by the Bond Authorization Act as amended at the time of the making of the contract. The requirements of the Illinois Procurement Code shall not apply to the selection of the purchaser of any certificates sold in accordance with the provisions of this paragraph.

With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of this amendatory Act of 1989, it is and always has been the intention of the General Assembly (i) that the Omnibus Bond Acts are and always have been supplementary grants of power to issue instruments in accordance with the
Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(Source: P.A. 88-669, eff. 11-29-94; 93-1046, eff. 10-15-04.)

(30 ILCS 340/3) (from Ch. 120, par. 408)

Sec. 3. There shall be prepared under the direction of the officers named in this Act such form of bonds or certificates as they shall deem advisable, which, when issued, shall be signed by the Governor, Comptroller and Treasurer, and shall be recorded by the Comptroller in a book to be kept by him or her for that purpose. The interest and principal of such certificates loan shall be paid by the Treasurer out of the General Obligation Bond Retirement and Interest Fund.

There is hereby appropriated out of any money in the Treasury a sum sufficient for the payment of the interest and principal of any debts contracted under this Act.

The Governor, Comptroller, and Treasurer are authorized to order pursuant to the proceedings authorizing those debts the transfer of any moneys on deposit in the treasury into the General Obligation Bond Retirement and Interest Fund at times and in amounts they deem necessary to provide for the payment of that interest and principal.

The Comptroller is hereby authorized and directed to draw his warrant on the State Treasurer for the amount of all such payments.

The directive authorizing borrowing under Section 1 or 1.1 of this Act shall set forth a pro forma cash flow statement that identifies estimated monthly receipts and expenditures with identification of sources for repaying the borrowed funds.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 101-0631
(House Bill No. 2682)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Liquor Control Act of 1934 is amended by changing Sections 5-5, 6-1, 6-5, and 6-27.1 and by adding Sections 5-7 and 6-28.8 as follows:

(235 ILCS 5/5-5)

Sec. 5-5. Late filing fees. In the event that a liquor license holder fails to submit a license renewal application to the Commission before or on the expiration date of the current license, the licensee will be assessed a late filing fee of $25. Late applications and instruments of payment will be returned to the licensee. Late filing fees will be in addition to any fines or penalties ordered for operating without a valid license.

Late filing fees shall not apply to a liquor license holder whose business or business operations have been suspended in any capacity due to any executive order issued on or after March 16, 2020 or any subsequent rule established by the Department of Public Health or any other agency of the State as a result of COVID-19. The late filing fee waiver shall remain in effect for 6 months after whichever of the following dates occurs the latest:

(1) the day on which the region in which the liquor licensee is located enters Phase 4 of the Governor's Restore Illinois Plan as issued on May 5, 2020;
(2) the day after the expiration of the latest executive order that limits or interrupts the business or business operations as a result of the COVID-19 pandemic; or
(3) the day after the expiration of any rules established by the Department of Public Health or any other agency of the State that limit or interrupt the business or business operations as a result of the COVID-19 pandemic.

any subsequent rule established by the Department of Public Health or any other agency of the State as a result of COVID-19 shall be allowed to defer liquor license fees under this Section. The liquor license holder shall be allowed to defer the payment of liquor license fees for 6 months after whichever of the following dates occurs the latest:

1. the day on which the region in which the liquor licensee is located enters Phase 4 of the Governor's Restore Illinois Plan as issued on May 5, 2020;
2. the day after the expiration of the latest executive order that limits or interrupts the business or business operations as a result of the COVID-19 pandemic; or
3. the day after the expiration of any rules established by the Department of Public Health or any other agency of the State that limit or interrupt the business or business operations as a result of the COVID-19 pandemic.

(235 ILCS 5/6-1) (from Ch. 43, par. 119)

Sec. 6-1. Privilege granted by license; nature as to property; transferability; tax delinquencies. A license shall be purely a personal privilege, good for not to exceed one year after issuance, except a non-beverage user's license, unless sooner revoked as in this Act provided, and shall not constitute property, nor shall it be subject to attachment, garnishment or execution, nor shall it be alienable or transferable, voluntarily or involuntarily, or subject to being encumbered or hypothecated. Such license shall not descend by the laws of testate or intestate devolution, but it shall cease upon the death of the licensee, provided that executors or administrators of the estate of any deceased licensee, and the trustee of any insolvent or bankrupt licensee, when such estate consists in part of alcoholic liquor, may continue the business of the sale or manufacture of alcoholic liquor under order of the appropriate court, and may exercise the privileges of the deceased or insolvent or bankrupt licensee after the death of such decedent, or such insolvency or bankruptcy until the expiration of such license but not longer than six months after the death, bankruptcy or insolvency of such licensee. Except in the case of a non-beverage user's license, a refund shall be made of that portion of the license fees paid for any period in which the licensee shall be prevented from operating under such license in accordance with the provisions of this paragraph.

Any licensee may renew his license at the expiration thereof, provided he is then qualified to receive a license and the premises for

which such renewal license is sought are suitable for such purpose; and
provided further that the renewal privilege herein provided for shall not be
construed as a vested right which shall in any case prevent the city council
or village president and board of trustees or county board, as the case may
be, from decreasing the number of licenses to be issued within its
jurisdiction. No retailer's license shall be renewed if the Department of
Revenue has reported to the Illinois Liquor Control Commission that such
retailer is delinquent in filing any required tax returns or paying any
amounts owed to the State of Illinois until the applicant is issued a
certificate by the Department of Revenue stating that all delinquent returns
or amounts owed have been paid by guaranteed remittance or the payment
agreement to pay all amounts owed has been accepted by the Department.
No retailer's license issued by a local liquor control commissioner shall be
renewed unless the applicant provides documentation that any tax owed to
(i) the municipality in which the applicant is located (in the case of a
license issued by the mayor or president of the board of trustees of a city,
label or incorporated town acting as local liquor control commissioner)
or (ii) the county in which the applicant is located (in the case of a license
issued by the president or chairman of a county board acting as local liquor
control commissioner) by the applicant has been satisfied by payment in
the form of a cashier's check, certified check, money order, or cash.

For a liquor license holder whose business or business operations
have been suspended in any capacity due to any executive order issued on
or after March 16, 2020 or any subsequent rule established by the
Department of Public Health or any other agency of the State as a result
of COVID-19, renewal of the license shall be automatically approved and
the license shall be extended without limitation for 120 days after
whichever of the following dates occurs the latest:

(1) the day on which the region in which the liquor licensee
is located enters Phase 4 of the Governor's Restore Illinois Plan as
issued on May 5, 2020;
(2) the day after the expiration of the latest executive order
that limits or interrupts the business or business operations as a
result of the COVID-19 pandemic; or
(3) the day after the expiration of any rules established by
the Department of Public Health or any other agency of the State
that limit or interrupt the business or business operations as a
result of the COVID-19 pandemic.

New matter indicated by italics - deletions by strikeout
The renewal shall be based upon the most recent liquor license application or application for renewal that was approved and received by the State Commission prior to the limitations or interruptions implemented by the Executive Order on March 16, 2020.

2. if the training course is classroom-based, the classroom training is at least 4 hours, is available in English and Spanish, and includes a test;
3. if the training course is online or computer-based, the course is designed in a way that ensures that no content can be skipped, is interactive, has audio for content for servers that have a disability, and includes a test;
4. training and testing is based on a job task analysis that clearly identifies and focuses on the knowledge, skills, and abilities
needed to responsibly serve alcoholic beverages and is developed using best practices in instructional design and exam development to ensure that the program is fair and legally defensible;

2. To have the exclusive control of the expenditure of all moneys collected for the library and deposited to the credit of the library fund;

3. To have the exclusive control of the construction of any library building and of the supervision, care and custody of the grounds, rooms or buildings constructed, leased or set apart for that purpose;

4. (105 ILCS 5/10-20.21)
Sec. 10-20.21. Contracts.
(a) To award all contracts for purchase of supplies and materials or work involving an expenditure in excess of $25,000 or a lower amount as required by board policy to the lowest responsible bidder, considering conformity with specifications, terms of delivery, quality and serviceability, after due advertisement, except the following: (i) contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part; (ii) contracts for the printing of finance committee reports and departmental reports; (iii) contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness; (iv) contracts for the purchase of perishable foods and perishable beverages; (v) contracts for materials and work which have been awarded to the lowest responsible bidder after due advertisement, but due to unforeseen revisions, not the fault of the contractor for materials and work, must be revised causing expenditures not in excess of 10% of the contract price; (vi) contracts for the maintenance or servicing of, or provision of repair parts for, equipment which are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent; (vii) purchases and contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, and services; (viii) contracts for duplicating machines and supplies; (ix) contracts for the purchase of fuel, including diesel, gasoline, oil, aviation, natural gas, or propane, lubricants, or other petroleum products; (x) purchases of equipment previously owned by some entity other than the district itself;

New matter indicated by italics - deletions by strikeout
(xi) contracts for repair, maintenance, remodeling, renovation, or construction, or a single project involving an expenditure not to exceed $50,000 and not involving a change or increase in the size, type, or extent of an existing facility; (xii) contracts for goods or services procured from another governmental agency; (xiii) contracts for goods or services which are economically procurable from only one source, such as for the purchase of magazines, books, periodicals, pamphlets and reports, and for utility services such as water, light, heat, telephone or telegraph; (xiv) where funds are expended in an emergency and such emergency expenditure is approved by 3/4 of the members of the board; (xv) State master contracts authorized under Article 28A of this Code; and (xvi) contracts providing for the transportation of pupils, which contracts must be advertised in the same manner as competitive bids and awarded by first considering the bidder or bidders most able to provide safety and comfort for the pupils, stability of service, and any other factors set forth in the request for proposal regarding quality of service, and then price. However, at no time shall a cause of action lie against a school board for awarding a pupil transportation contract per the standards set forth in this subsection (a) unless the cause of action is based on fraudulent conduct.

All competitive bids for contracts involving an expenditure in excess of $25,000 or a lower amount as required by board policy must be sealed by the bidder and must be opened by a member or employee of the school board at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days' notice of the time and place of the bid opening. For purposes of this Section due advertisement includes, but is not limited to, at least one public notice at least 10 days before the bid date in a newspaper published in the district, or if no newspaper is published in the district, in a newspaper of general circulation in the area of the district. State master contracts and certified education purchasing contracts, as defined in Article 28A of this Code, are not subject to the requirements of this paragraph.

Under this Section, the acceptance of bids sealed by a bidder and the opening of these bids at a public bid opening may be permitted by an electronic process for communicating, accepting, and opening competitive bids. However, bids for construction purposes are prohibited from being communicated, accepted, or opened electronically. An electronic bidding process must provide for, but is not limited to, the following safeguards:

1. On the date and time certain of a bid opening, the primary person conducting the competitive, sealed, electronic bid

New matter indicated by italics - deletions by strikeout
process shall log onto a specified database using a unique username and password previously assigned to the bidder to allow access to the bidder's specific bid project number.

(2) The specified electronic database must be on a network that (i) is in a secure environment behind a firewall; (ii) has specific encryption tools; (iii) maintains specific intrusion detection systems; (iv) has redundant systems architecture with data storage back-up, whether by compact disc or tape; and (v) maintains a disaster recovery plan.

It is the legislative intent of Public Act 96-841 to maintain the integrity of the sealed bidding process provided for in this Section, to further limit any possibility of bid-rigging, to reduce administrative costs to school districts, and to effect efficiencies in communications with bidders.

(b) To require, as a condition of any contract for goods and services, that persons bidding for and awarded a contract and all affiliates of the person collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act regardless of whether the person or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. For purposes of this subsection (b), an entity controls another entity if it owns, directly or individually, more than 10% of the voting securities of that entity. As used in this subsection (b), the term "voting security" means a security that (1) confers upon the holder the right to vote for the election of members of the board of directors or similar governing body of the business or (2) is convertible into, or entitles the holder to receive upon its exercise, a security that confers such a right to vote. A general partnership interest is a voting security.

To require that bids and contracts include a certification by the bidder or contractor that the bidder or contractor is not barred from bidding for or entering into a contract under this Section and that the bidder or contractor acknowledges that the school board may declare the contract void if the certification completed pursuant to this subsection (b) is false.

(b-5) To require all contracts and agreements that pertain to goods and services and that are intended to generate additional revenue and other...
remunerations for the school district in excess of $1,000, including without limitation vending machine contracts, sports and other attire, class rings, and photographic services, to be approved by the school board. The school board shall file as an attachment to its annual budget a report, in a form as determined by the State Board of Education, indicating for the prior year the name of the vendor, the product or service provided, and the actual net revenue and non-monetary remuneration from each of the contracts or agreements. In addition, the report shall indicate for what purpose the revenue was used and how and to whom the non-monetary remuneration was distributed.

(b-10) To prohibit any contract to purchase food with a bidder or offeror if the bidder's or offeror's contract terms prohibit the school from donating food to food banks, including, but not limited to, homeless shelters, food pantries, and soup kitchens.

(c) If the State education purchasing entity creates a master contract as defined in Article 28A of this Code, then the State education purchasing entity shall notify school districts of the existence of the master contract.

(d) In purchasing supplies, materials, equipment, or services that are not subject to subsection (c) of this Section, before a school district solicits bids or awards a contract, the district may review and consider as a bid under subsection (a) of this Section certified education purchasing contracts that are already available through the State education purchasing entity.

Section 30. The Illinois Public Aid Code is amended by changing Sections 6-1.2, 6-2, and 6-10 as follows:

(305 ILCS 5/6-1.2) (from Ch. 23, par. 6-1.2)
Sec. 6-1.2. Need. Income available to the person, when added to contributions in money, substance, or services from other sources, including contributions from legally responsible relatives, must be insufficient to equal the grant amount established by Department regulation (or by local governmental unit in units which do not receive State funds) for such a person.

In determining income to be taken into account:

(1) The first $75 of earned income in income assistance units comprised exclusively of one adult person shall be disregarded, and for not more than 3 months in any 12 consecutive months that portion of earned income beyond the first $75 that is

the difference between the standard of assistance and the grant amount, shall be disregarded.

(2) For income assistance units not comprised exclusively of one adult person, when authorized by rules and regulations of the Illinois Department, a portion of earned income, not to exceed the first $25 a month plus 50% of the next $75, may be disregarded for the purpose of stimulating and aiding rehabilitative effort and self-support activity.

"Earned income" means money earned in self-employment or wages, salary, or commission for personal services performed as an employee. The eligibility of any applicant for or recipient of public aid under this Article is not affected by the payment of any grant under the "Senior Citizens and Persons with Disabilities Property Tax Relief Act", any refund or payment of the federal Earned Income Tax Credit, any rebate authorized under Section 2201(a) of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116-136) or under any other federal economic stimulus program created in response to the COVID-19 emergency, or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

(Source: P.A. 99-143, eff. 7-27-15.)

Sec. 6-2. Amount of aid. The amount and nature of General Assistance for basic maintenance requirements shall be determined in accordance with local budget standards for local governmental units which do not receive State funds. For local governmental units which do receive State funds, the amount and nature of General Assistance for basic maintenance requirements shall be determined in accordance with the standards, rules and regulations of the Illinois Department. However, the amount and nature of any financial aid is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act, any rebate authorized under Section 2201(a) of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116-136) or under any other federal economic stimulus program created in response to the COVID-19 emergency, or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. Due regard shall be given to the requirements and the conditions existing in each case, and to the income, money contributions and other support and resources

available, from whatever source. In local governmental units which do not receive State funds, the grant shall be sufficient when added to all other income, money contributions and support in excess of any excluded income or resources, to provide the person with a grant in the amount established for such a person by the local governmental unit based upon standards meeting basic maintenance requirements. In local governmental units which do receive State funds, the grant shall be sufficient when added to all other income, money contributions and support in excess of any excluded income or resources, to provide the person with a grant in the amount established for such a person by Department regulation based upon standards providing a livelihood compatible with health and well-being, as directed by Section 12-4.11 of this Code.

The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

The allowances provided under Article IX for recipients participating in the training and rehabilitation programs shall be in addition to such maximum payment.

Payments may also be made to provide persons receiving basic maintenance support with necessary treatment, care and supplies required because of illness or disability or with acute medical treatment, care, and supplies. Payments for necessary or acute medical care under this paragraph may be made to or in behalf of the person. Obligations incurred for such services but not paid for at the time of a recipient's death may be paid, subject to the rules and regulations of the Illinois Department, after the death of the recipient.

Sec. 6-10. Emergency financial assistance. Except in a city, village or incorporated town of more than 500,000 population, when an applicant resides in the local governmental unit in which he makes application, emergency financial assistance to alleviate life-threatening circumstances or to assist the individual in attaining self-sufficiency may be given to or in behalf of the applicant. The emergency assistance so given shall be by

vendor payment in an amount necessary to meet the need, up to the maximum established by the local governmental unit. Emergency assistance shall not be granted under this Section more than once to any applicant during any 12 consecutive month period. Persons currently receiving financial assistance under this Article or under any other Article of this Code shall not be eligible for emergency financial assistance under this Section. However, the amount and nature of any emergency financial assistance is not affected by the payment of any rebate authorized under Section 2201(a) of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116-136) or under any other federal economic stimulus program created in response to the COVID-19 emergency. Persons receiving only medical assistance from the Illinois Department may, however, receive emergency financial assistance under this Section. Emergency financial assistance may be provided under this Section to persons who are applicants for public aid from the Illinois Department in order to cover time periods prior to receipt of public aid from the Illinois Department. A local governmental unit may use General Assistance moneys to provide emergency financial assistance under this Section but shall not use State funds to provide assistance under this Section. If a local governmental unit receives State funds to provide General Assistance under this Article, assistance provided by the local governmental unit under this Section shall not be considered in determining whether a local governmental unit has qualified to receive State funds under Article XII. A local governmental unit which provides assistance under this Section shall not, as a result of payment of such assistance, change the nature or amount of assistance provided to any other individual or family under this Article. In the case of an emergency affecting the public health or safety declared by a majority vote of the commissioners of the Housing Authority, contracts may be let, to the extent necessary to resolve an emergency, without public advertisement or competitive bidding.

In addition to the powers conferred by this Act and other laws concerning housing authorities, a Housing Authority in any municipality or county having a population in excess of 1,000,000 shall be authorized to participate as a partner or member of a partnership, limited liability company, joint venture, or other form of a business arrangement with a for-profit developer or non-profit developer and shall have all powers deemed necessary and appropriate to engage in the rehabilitation and development or ownership, or both development and ownership, of low-
income and mixed-income rental and for-sale housing as a partner or member of a partnership, limited liability company, or joint venture.

Section 10. The Illinois Pension Code is amended by changing Sections 5-144, 5-153, 6-140, and 6-150 as follows:

(40 ILCS 5/5-144) (from Ch. 108 1/2, par. 5-144)

Sec. 5-144. Death from injury in the performance of acts of duty; compensation annuity and supplemental annuity.

(a) Beginning January 1, 1986, and without regard to whether or not the annuity in question began before that date, if the annuity for the widow of a policeman whose death, on or after January 1, 1940, results from injury incurred in the performance of an act or acts of duty, is not equal to the sum hereinafter stated, "compensation annuity" equal to the difference between the annuity and an amount equal to 75% of the policeman's salary attached to the position he held by certification and appointment as a result of competitive civil service examination that would ordinarily have been paid to him as though he were in active discharge of his duties shall be payable to the widow until the policeman, had he lived, would have attained age 63. The total amount of the widow's annuity and children's awards payable to the family of such policeman shall not exceed the amounts stated in Section 5-152.

For the purposes of this Section only, the death of any policeman as a result of the exposure to and contraction of COVID-19, as evidenced by either (i) a confirmed positive laboratory test for COVID-19 or COVID-19 antibodies or (ii) a confirmed diagnosis of COVID-19 from a licensed medical professional, shall be rebuttably presumed to have been contracted while in the performance of an act or acts of duty and the policeman shall be rebuttably presumed to have been fatally injured while in active service. The presumption shall apply to any policeman who was exposed to and contracted COVID-19 on or after March 9, 2020 and on or before December 31, 2020; except that the presumption shall not apply if the policeman was on a leave of absence from his or her employment or

New matter indicated by italics - deletions by strikeout
otherwise not required to report for duty for a period of 14 or more consecutive days immediately prior to the date of contraction of COVID-19. For the purposes of determining when a policeman contracted COVID-19 under this paragraph, the date of contraction is either the date that the policeman was diagnosed with COVID-19 or was unable to work due to symptoms that were later diagnosed as COVID-19, whichever occurred first.

The provisions of this Section, as amended by Public Act 84-1104, including the reference to the date upon which the deceased policeman would have attained age 63, shall apply to all widows of policemen whose death occurs on or after January 1, 1940 due to injury incurred in the performance of an act of duty, regardless of whether such death occurred prior to September 17, 1969. For those widows of policemen that died prior to September 17, 1969, who became eligible for compensation annuity by the action of Public Act 84-1104, such compensation annuity shall begin and be calculated from January 1, 1986. The provisions of this amendatory Act of 1987 are intended to restate and clarify the intent of Public Act 84-1104, and do not make any substantive change.

(b) Upon termination of the compensation annuity, "supplemental annuity" shall become payable to the widow, equal to the difference between the annuity for the widow and an amount equal to 75% of the annual salary (including all salary increases and longevity raises) that the policeman would have been receiving when he attained age 63 if the policeman had continued in service at the same rank (whether career service or exempt) that he last held in the police department. The increase in supplemental annuity resulting from this amendatory Act of the 92nd General Assembly applies without regard to whether the deceased policeman was in service on or after the effective date of this amendatory Act and is payable from July 1, 2002 or the date upon which the supplemental annuity begins, whichever is later.

(c) Neither compensation nor supplemental annuity shall be paid unless the death of the policeman was a direct result of the injury, or the injury was of such character as to prevent him from subsequently resuming service as a policeman; nor shall compensation or supplemental annuity be paid unless the widow was the wife of the policeman when the injury occurred.

Sec. 5-153. Death benefit.

New matter indicated by italics - deletions by strikeout
(a) Effective January 1, 1962, an ordinary death benefit is payable on account of any policeman in service and in receipt of salary on or after such date, which benefit is in addition to all other annuities and benefits herein provided. This benefit is payable upon death of a policeman:

1. occurring in active service while in receipt of salary;
2. on an authorized and approved leave of absence, without salary, beginning on or after January 1, 1962, if the death occurs within 60 days from the date the employee was in receipt of salary; or otherwise in the service and not separated by resignation or discharge beginning January 1, 1962 if death occurs before his resignation or discharge from the service;
3. receiving duty disability or ordinary disability benefit;
4. occurring within 60 days from the date of termination of duty disability or ordinary disability benefit payments if re-entry into service had not occurred; or
5. occurring on retirement and while in receipt of an age and service annuity, Tier 2 monthly retirement annuity, or prior service annuity; provided (a) retirement on such annuity occurred on or after January 1, 1962, and (b) such separation from service was effective on or after the policeman's attainment of age 50, and (c) application for such annuity was made within 60 days after separation from service.

(b) The ordinary death benefit is payable to such beneficiary or beneficiaries as the policeman has nominated by written direction duly signed and acknowledged before an officer authorized to take acknowledgments, and filed with the board. If no such written direction has been filed or if the designated beneficiaries do not survive the policeman, payment of the benefit shall be made to his estate.

(c) Until December 31, 1977, if death occurs prior to retirement on annuity and before the policeman's attainment of age 50, the amount of the benefit payable is $6,000. If death occurs prior to retirement, at age 50 or over, the benefit of $6,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $2,000. However, if death results from injury incurred in the performance of an act or acts of duty, prior to retirement on annuity, the amount of the benefit payable is $6,000 notwithstanding the age attained.

New matter indicated by italics - deletions by strikeout
Until December 31, 1977, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $2,000 if retirement was effective upon attainment of age 55 or greater. If the policeman retired at age 50 or over and before age 55, the benefit of $2,000 shall be reduced $100 for each year or fraction of a year that the policeman's age at retirement was less than age 55 to a minimum payment of $1,500.

After December 31, 1977, and on or before January 1, 1986, if death occurs prior to retirement on annuity and before the policeman's attainment of age 50, the amount of the benefit payable is $7,000. If death occurs prior to retirement, at age 50 or over, the benefit of $7,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $3,000. However, if death results from injury incurred in the performance of an act or acts of duty, prior to retirement on annuity, the amount of the benefit payable is $7,000 notwithstanding the age attained.

After December 31, 1977, and on or before January 1, 1986, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $2,250 if retirement was effective upon attainment of age 55 or greater. If the policeman retired at age 50 or over and before age 55, the benefit of $2,250 shall be reduced $100 for each year or fraction of a year that the policeman's age at retirement was less than age 55 to a minimum payment of $1,750.

After January 1, 1986, if death occurs prior to retirement on annuity and before the policeman's attainment of age 50, the amount of benefit payable is $12,000. If death occurs prior to retirement, at age 50 or over, the benefit of $12,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $6,000. However, if death results from injury in the performance of an act or acts of duty, prior to retirement on annuity, the amount of benefit payable is $12,000 notwithstanding the age attained.

After January 1, 1986, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $6,000.

(d) For the purposes of this Section only, the death of any policeman as a result of the exposure to and contraction of COVID-19, as evidenced by either (i) a confirmed positive laboratory test for COVID-19 or COVID-19 antibodies or (ii) a confirmed diagnosis of COVID-19 from

a licensed medical professional, shall be rebuttably presumed to have been contracted while in the performance of an act or acts of duty and the policeman shall be rebuttably presumed to have been fatally injured while in active service. The presumption shall apply to any policeman who was exposed to and contracted COVID-19 on or after March 9, 2020 and on or before December 31, 2020; except that the presumption shall not apply if the policeman was on a leave of absence from his or her employment or otherwise not required to report for duty for a period of 14 or more consecutive days immediately prior to the date of contraction of COVID-19. For the purposes of determining when a policeman contracted COVID-19 under this subsection, the date of contraction is either the date that the policeman was diagnosed with COVID-19 or was unable to work due to symptoms that were later diagnosed as COVID-19, whichever occurred first.

Sec. 6-140. Death in the line of duty.
(a) The annuity for the widow of a fireman whose death results from the performance of an act or acts of duty shall be an amount equal to 50% of the current annual salary attached to the classified position to which the fireman was certified at the time of his death and 75% thereof after December 31, 1972.

Unless the performance of an act or acts of duty results directly in the death of the fireman, or prevents him from subsequently resuming active service in the fire department, the annuity herein provided shall not be paid; nor shall such annuities be paid unless the widow was the wife of the fireman at the time of the act or acts of duty which resulted in his death.

For the purposes of this Section only, the death of any fireman as a result of the exposure to and contraction of COVID-19, as evidenced by either (i) a confirmed positive laboratory test for COVID-19 or COVID-19 antibodies or (ii) a confirmed diagnosis of COVID-19 from a licensed medical professional, shall be rebuttably presumed to have been contracted while in the performance of an act or acts of duty and the fireman shall be rebuttably presumed to have been fatally injured while in active service. The presumption shall apply to any fireman who was exposed to and contracted COVID-19 on or after March 9, 2020 and on or before December 31, 2020; except that the presumption shall not apply if the fireman was on a leave of absence from his or her employment or

otherwise not required to report for duty for a period of 14 or more consecutive days immediately prior to the date of contraction of COVID-19. For the purposes of determining when a fireman contracted COVID-19 under this paragraph, the date of contraction is either the date that the fireman was diagnosed with COVID-19 or was unable to work due to symptoms that were later diagnosed as COVID-19, whichever occurred first.

(b) The changes made to this Section by this amendatory Act of the 92nd General Assembly apply without regard to whether the deceased fireman was in service on or after the effective date of this amendatory Act. In the case of a widow receiving an annuity under this Section that has been reduced to 40% of current salary because the fireman, had he lived, would have attained the age prescribed for compulsory retirement, the annuity shall be restored to the amount provided in subsection (a), with the increase beginning to accrue on the later of January 1, 2001 or the day the annuity first became payable.

Sec. 6-150. Death benefit.

(a) Effective January 1, 1962, an ordinary death benefit shall be payable on account of any fireman in service and in receipt of salary on or after such date, which benefit shall be in addition to all other annuities and benefits herein provided. This benefit shall be payable upon death of a fireman:

(1) occurring in active service while in receipt of salary;
(2) on an authorized and approved leave of absence, without salary, beginning on or after January 1, 1962, if the death occurs within 60 days from the date the fireman was in receipt of salary;
(3) receiving duty, occupational disease, or ordinary disability benefit;
(4) occurring within 60 days from the date of termination of duty disability, occupational disease disability or ordinary disability benefit payments if re-entry into service had not occurred; or
(5) occurring on retirement and while in receipt of an age and service annuity, prior service annuity, Tier 2 monthly retirement annuity, or minimum annuity; provided (a) retirement on such annuity occurred on or after January 1, 1962, and (b) such
separation from service was effective on or after the fireman's attainment of age 50, and (c) application for such annuity was made within 60 days after separation from service.

(b) The ordinary death benefit shall be payable to such beneficiary or beneficiaries as the fireman has nominated by written direction duly signed and acknowledged before an officer authorized to take acknowledgments, and filed with the board. If no such written direction has been filed or if the designated beneficiaries do not survive the fireman, payment of the benefit shall be made to his estate.

(c) Beginning July 1, 1983, if death occurs prior to retirement on annuity and before the fireman's attainment of age 50, the amount of the benefit payable shall be $12,000. Beginning July 1, 1983, if death occurs prior to retirement, at age 50 or over, the benefit of $12,000 shall be reduced $400 for each year (commencing on the fireman's attainment of age 50 and thereafter on each succeeding birth date) that the fireman's age, at date of death, is more than age 49, but in no event below the amount of $6,000.

Beginning July 1, 1983, if the fireman's death occurs while he is in receipt of an annuity, the benefit shall be $6,000.

(d) For the purposes of this Section only, the death of any fireman as a result of the exposure to and contraction of COVID-19, as evidenced by either (i) a confirmed positive laboratory test for COVID-19 or COVID-19 antibodies or (ii) a confirmed diagnosis of COVID-19 from a licensed medical professional, shall be rebuttably presumed to have been contracted while in the performance of an act or acts of duty and the fireman shall be rebuttably presumed to have been fatally injured while in active service. The presumption shall apply to any fireman who was exposed to and contracted COVID-19 on or after March 9, 2020 and on or before December 31, 2020; except that the presumption shall not apply if the fireman was on a leave of absence from his or her employment or otherwise not required to report for duty for a period of 14 or more consecutive days immediately prior to the date of contraction of COVID-19. For the purposes of determining when a fireman contracted COVID-19 under this subsection, the date of contraction is either the date that the fireman was diagnosed with COVID-19 or was unable to work due to symptoms that were later diagnosed as COVID-19, whichever occurred first.

Section 15. The Workers' Occupational Diseases Act is amended by changing Section 1 as follows:

(820 ILCS 310/1) (from Ch. 48, par. 172.36)

Sec. 1. This Act shall be known and may be cited as the "Workers' Occupational Diseases Act".

(a) The term "employer" as used in this Act shall be construed to be:

1. The State and each county, city, town, township, incorporated village, school district, body politic, or municipal corporation therein.

2. Every person, firm, public or private corporation, including hospitals, public service, eleemosynary, religious or charitable corporations or associations, who has any person in service or under any contract for hire, express or implied, oral or written.

3. Where an employer operating under and subject to the provisions of this Act loans an employee to another such employer and such loaned employee sustains a compensable occupational disease in the employment of such borrowing employer and where such borrowing employer does not provide or pay the benefits or payments due such employee, such loaning employer shall be liable to provide or pay all benefits or payments due such employee under this Act and as to such employee the liability of such loaning and borrowing employers shall be joint and several, provided that such loaning employer shall in the absence of agreement to the contrary be entitled to receive from such borrowing employer full reimbursement for all sums paid or incurred pursuant to this paragraph together with reasonable attorneys' fees and expenses in any hearings before the Illinois Workers' Compensation Commission or in any action to secure such reimbursement. Where any benefit is provided or paid by such loaning employer, the employee shall have the duty of rendering reasonable co-operation in any hearings, trials or proceedings in the case, including such proceedings for reimbursement.

Where an employee files an Application for Adjustment of Claim with the Illinois Workers' Compensation Commission alleging that his or her claim is covered by the provisions of the preceding paragraph, and joining both the alleged loaning and borrowing employers, they and each of them, upon written demand

by the employee and within 7 days after receipt of such demand, shall have the duty of filing with the Illinois Workers' Compensation Commission a written admission or denial of the allegation that the claim is covered by the provisions of the preceding paragraph and in default of such filing or if any such denial be ultimately determined not to have been bona fide then the provisions of Paragraph K of Section 19 of this Act shall apply.

An employer whose business or enterprise or a substantial part thereof consists of hiring, procuring or furnishing employees to or for other employers operating under and subject to the provisions of this Act for the performance of the work of such other employers and who pays such employees their salary or wage notwithstanding that they are doing the work of such other employers shall be deemed a loaning employer within the meaning and provisions of this Section.

(b) The term "employee" as used in this Act, shall be construed to mean:

1. Every person in the service of the State, county, city, town, township, incorporated village or school district, body politic or municipal corporation therein, whether by election, appointment or contract of hire, express or implied, oral or written, including any official of the State, or of any county, city, town, township, incorporated village, school district, body politic or municipal corporation therein and except any duly appointed member of the fire department in any city whose population exceeds 500,000 according to the last Federal or State census, and except any member of a fire insurance patrol maintained by a board of underwriters in this State. One employed by a contractor who has contracted with the State, or a county, city, town, township, incorporated village, school district, body politic or municipal corporation therein, through its representatives, shall not be considered as an employee of the State, county, city, town, township, incorporated village, school district, body politic or municipal corporation which made the contract.

2. Every person in the service of another under any contract of hire, express or implied, oral or written, who contracts an occupational disease while working in the State of Illinois, or who contracts an occupational disease while working outside of the State of Illinois but where the contract of hire is made within the
State of Illinois, and any person whose employment is principally localized within the State of Illinois, regardless of the place where the disease was contracted or place where the contract of hire was made, including aliens, and minors who, for the purpose of this Act, except Section 3 hereof, shall be considered the same and have the same power to contract, receive payments and give quitances therefor, as adult employees. An employee or his or her dependents under this Act who shall have a cause of action by reason of an occupational disease, disablement or death arising out of and in the course of his or her employment may elect or pursue his or her remedy in the State where the disease was contracted, or in the State where the contract of hire is made, or in the State where the employment is principally localized.

(c) "Commission" means the Illinois Workers' Compensation Commission created by the Workers' Compensation Act, approved July 9, 1951, as amended.

(d) In this Act the term "Occupational Disease" means a disease arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment. Such aggravation shall arise out of a risk peculiar to or increased by the employment and not common to the general public.

A disease shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin or aggravation in a risk connected with the employment and to have flowed from that source as a rational consequence.

An employee shall be conclusively deemed to have been exposed to the hazards of an occupational disease when, for any length of time however short, he or she is employed in an occupation or process in which the hazard of the disease exists; provided however, that in a claim of exposure to atomic radiation, the fact of such exposure must be verified by the records of the central registry of radiation exposure maintained by the Department of Public Health or by some other recognized governmental agency maintaining records of such exposures whenever and to the extent that the records are on file with the Department of Public Health or the agency.

Any injury to or disease or death of an employee arising from the administration of a vaccine, including without limitation smallpox vaccine, to prepare for, or as a response to, a threatened or potential bioterrorist incident to the employee as part of a voluntary inoculation program in connection with the person's employment or in connection with any governmental program or recommendation for the inoculation of workers in the employee's occupation, geographical area, or other category that includes the employee is deemed to arise out of and in the course of the employment for all purposes under this Act. This paragraph added by Public Act 93-829 is declarative of existing law and is not a new enactment.

The employer liable for the compensation in this Act provided shall be the employer in whose employment the employee was last exposed to the hazard of the occupational disease claimed upon regardless of the length of time of such last exposure, except, in cases of silicosis or asbestosis, the only employer liable shall be the last employer in whose employment the employee was last exposed during a period of 60 days or more after the effective date of this Act, to the hazard of such occupational disease, and, in such cases, an exposure during a period of less than 60 days, after the effective date of this Act, shall not be deemed a last exposure. If a miner who is suffering or suffered from pneumoconiosis was employed for 10 years or more in one or more coal mines there shall, effective July 1, 1973 be a rebuttable presumption that his or her pneumoconiosis arose out of such employment.

If a deceased miner was employed for 10 years or more in one or more coal mines and died from a respirable disease there shall, effective July 1, 1973, be a rebuttable presumption that his or her death was due to pneumoconiosis.

Any condition or impairment of health of an employee employed as a firefighter, emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic which results directly or indirectly from any bloodborne pathogen, lung or respiratory disease or condition, heart or vascular disease or condition, hypertension, tuberculosis, or cancer resulting in any disability (temporary, permanent, total, or partial) to the employee shall be rebuttably presumed to arise out of and in the course of the employee's firefighting, EMT, EMT-I, A-EMT, or paramedic employment and, further, shall be rebuttably presumed to be causally connected to the hazards or exposures of the employment. This

New matter indicated by italics - deletions by strikeout
presumption shall also apply to any hernia or hearing loss suffered by an employee employed as a firefighter, EMT, EMT-I, A-EMT, or paramedic. However, this presumption shall not apply to any employee who has been employed as a firefighter, EMT, EMT-I, A-EMT, or paramedic for less than 5 years at the time he or she files an Application for Adjustment of Claim concerning this condition or impairment with the Illinois Workers' Compensation Commission. The rebuttable presumption established under this subsection, however, does not apply to an emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic employed by a private employer if the employee spends the preponderance of his or her work time for that employer engaged in medical transfers between medical care facilities or non-emergency medical transfers to or from medical care facilities. The changes made to this subsection by this amendatory Act of the 98th General Assembly shall be narrowly construed. The Finding and Decision of the Illinois Workers' Compensation Commission under only the rebuttable presumption provision of this paragraph shall not be admissible or be deemed res judicata in any disability claim under the Illinois Pension Code arising out of the same medical condition; however, this sentence makes no change to the law set forth in Krohe v. City of Bloomington, 204 Ill.2d 392.

The insurance carrier liable shall be the carrier whose policy was in effect covering the employer liable on the last day of the exposure rendering such employer liable in accordance with the provisions of this Act.

(e) "Disablement" means an impairment or partial impairment, temporary or permanent, in the function of the body or any of the members of the body, or the event of becoming disabled from earning full wages at the work in which the employee was engaged when last exposed to the hazards of the occupational disease by the employer from whom he or she claims compensation, or equal wages in other suitable employment; and "disability" means the state of being so incapacitated.

(f) No compensation shall be payable for or on account of any occupational disease unless disablement, as herein defined, occurs within two years after the last day of the last exposure to the hazards of the disease, except in cases of occupational disease caused by berylliosis or by the inhalation of silica dust or asbestos dust and, in such cases, within 3 years after the last day of the last exposure to the hazards of such disease and except in the case of occupational disease caused by exposure to

radiological materials or equipment, and in such case, within 25 years after the last day of last exposure to the hazards of such disease.

(g)(1) In any proceeding before the Commission in which the employee is a COVID-19 first responder or front-line worker as defined in this subsection, if the employee's injury or occupational disease resulted from exposure to and contraction of COVID-19, the exposure and contraction shall be rebuttably presumed to have arisen out of and in the course of the employee's first responder or front-line worker employment and the injury or occupational disease shall be rebuttably presumed to be causally connected to the hazards or exposures of the employee's first responder or front-line worker employment.

(2) The term "COVID-19 first responder or front-line worker" means: all individuals employed as police, fire personnel, emergency medical technicians, or paramedics; all individuals employed and considered as first responders; all workers for health care providers, including nursing homes and rehabilitation facilities and home care workers; corrections officers; and any individuals employed by essential businesses and operations as defined in Executive Order 2020-10 dated March 20, 2020, as long as individuals employed by essential businesses and operations are required by their employment to encounter members of the general public or to work in employment locations of more than 15 employees. For purposes of this subsection only, an employee's home or place of residence is not a place of employment, except for home care workers.

(3) The presumption created in this subsection may be rebutted by evidence, including, but not limited to, the following:

(A) the employee was working from his or her home, on leave from his or her employment, or some combination thereof, for a period of 14 or more consecutive days immediately prior to the employee's injury, occupational disease, or period of incapacity resulted from exposure to COVID-19; or

(B) the employer was engaging in and applying to the fullest extent possible or enforcing to the best of its ability industry-specific workplace sanitation, social distancing, and health and safety practices based on updated guidance issued by the Centers for Disease Control and Prevention or Illinois Department of Public Health or was using a combination of administrative controls, engineering controls, or personal protective equipment to reduce the transmission of COVID-19 to
all employees for at least 14 consecutive days prior to the employee's injury, occupational disease, or period of incapacity resulting from exposure to COVID-19. For purposes of this subsection, "updated" means the guidance in effect at least 14 days prior to the COVID-19 diagnosis. For purposes of this subsection, "personal protective equipment" means industry-specific equipment worn to minimize exposure to hazards that cause illnesses or serious injuries, which may result from contact with biological, chemical, radiological, physical, electrical, mechanical, or other workplace hazards. "Personal protective equipment" includes, but is not limited to, items such as face coverings, gloves, safety glasses, safety face shields, barriers, shoes, earplugs or muffs, hard hats, respirators, coveralls, vests, and full body suits; or

(C) the employee was exposed to COVID-19 by an alternate source.

(4) The rebuttable presumption created in this subsection applies to all cases tried after the effective date of this amendatory Act of the 101st General Assembly and in which the diagnosis of COVID-19 was made on or after March 9, 2020 and on or before December 31, 2020.

(5) Under no circumstances shall any COVID-19 case increase or affect any employer's workers' compensation insurance experience rating or modification, but COVID-19 costs may be included in determining overall State loss costs.

(6) In order for the presumption created in this subsection to apply at trial, for COVID-19 diagnoses occurring on or before June 15, 2020, an employee must provide a confirmed medical diagnosis by a licensed medical practitioner or a positive laboratory test for COVID-19 or for COVID-19 antibodies; for COVID-19 diagnoses occurring after June 15, 2020, an employee must provide a positive laboratory test for COVID-19 or for COVID-19 antibodies.

(7) The presumption created in this subsection does not apply if the employee's place of employment was solely the employee's home or residence for a period of 14 or more consecutive days immediately prior to the employee's injury, occupational disease, or period of incapacity resulted from exposure to COVID-19.

(8) The date of injury or the beginning of the employee's occupational disease or period of disability is either the date that the employee was unable to work due to contraction of COVID-19 or was

New matter indicated by italics - deletions by strikeout
unable to work due to symptoms that were later diagnosed as COVID-19, whichever came first.

(9) An employee who contracts COVID-19, but fails to establish the rebuttable presumption is not precluded from filing for compensation under this Act or under the Workers' Compensation Act.

(10) To qualify for temporary total disability benefits under the presumption created in this subsection, the employee must be certified for or recertified for temporary disability.

(11) An employer is entitled to a credit against any liability for temporary total disability due to an employee as a result of the employee contracting COVID-19 for (A) any sick leave benefits or extended salary benefits paid to the employee by the employer under Emergency Family Medical Leave Expansion Act, Emergency Paid Sick Leave Act of the Families First Coronavirus Response Act, or any other federal law, or (B) any other credit to which an employer is entitled under the Workers' Compensation Act.

Section 20. The Unemployment Insurance Act is amended by changing Sections 401, 409, 500, 612, 1505, and 1506.6 and by adding Section 1502.4 as follows:

(820 ILCS 405/401) (from Ch. 48, par. 401)

Sec. 401. Weekly Benefit Amount - Dependents' Allowances.

A. With respect to any week beginning in a benefit year beginning prior to January 4, 2004, an individual's weekly benefit amount shall be an amount equal to the weekly benefit amount as defined in the provisions of this Act as amended and in effect on November 18, 2011.

B. 1. With respect to any benefit year beginning on or after January 4, 2004 and before January 6, 2008, an individual's weekly benefit amount shall be 48% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51. Except as otherwise provided in this Section, with respect to any benefit year beginning on or after January 6, 2008, an individual's weekly benefit amount shall be 47% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51. With respect to any benefit year beginning in calendar year 2022, an individual's weekly benefit amount shall be 42.4%

40.6% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; provided, however, that the weekly benefit amount cannot exceed the maximum weekly benefit amount and cannot be less than $51.

2. For the purposes of this subsection:

An individual's "prior average weekly wage" means the total wages for insured work paid to that individual during the 2 calendar quarters of his base period in which such total wages were highest, divided by 26. If the quotient is not already a multiple of one dollar, it shall be rounded to the nearest dollar; however if the quotient is equally near 2 multiples of one dollar, it shall be rounded to the higher multiple of one dollar.

"Determination date" means June 1 and December 1 of each calendar year except that, for the purposes of this Act only, there shall be no June 1 determination date in any year.

"Determination period" means, with respect to each June 1 determination date, the 12 consecutive calendar months ending on the immediately preceding December 31 and, with respect to each December 1 determination date, the 12 consecutive calendar months ending on the immediately preceding June 30.

"Benefit period" means the 12 consecutive calendar month period beginning on the first day of the first calendar month immediately following a determination date, except that, with respect to any calendar year in which there is a June 1 determination date, "benefit period" shall mean the 6 consecutive calendar month period beginning on the first day of the first calendar month immediately following the preceding December 1 determination date and the 6 consecutive calendar month period beginning on the first day of the first calendar month immediately following the June 1 determination date.

"Gross wages" means all the wages paid to individuals during the determination period immediately preceding a determination date for insured work, and reported to the Director by employers prior to the first day of the third calendar month preceding that date.

"Covered employment" for any calendar month means the total number of individuals, as determined by the Director, engaged in insured work at mid-month.

"Average monthly covered employment" means one-twelfth of the sum of the covered employment for the 12 months of a determination period.

New matter indicated by italics - deletions by strikeout
"Statewide average annual wage" means the quotient, obtained by dividing gross wages by average monthly covered employment for the same determination period, rounded (if not already a multiple of one cent) to the nearest cent.

"Statewide average weekly wage" means the quotient, obtained by dividing the statewide average annual wage by 52, rounded (if not already a multiple of one cent) to the nearest cent. Notwithstanding any provision of this Section to the contrary, the statewide average weekly wage for any benefit period prior to calendar year 2012 shall be as determined by the provisions of this Act as amended and in effect on November 18, 2011. Notwithstanding any provisions of this Section to the contrary, the statewide average weekly wage for the benefit period of calendar year 2012 shall be $856.55 and for each calendar year thereafter, the statewide average weekly wage shall be the statewide average weekly wage, as determined in accordance with this sentence, for the immediately preceding benefit period plus (or minus) an amount equal to the percentage change in the statewide average weekly wage, as computed in accordance with the first sentence of this paragraph, between the 2 immediately preceding benefit periods, multiplied by the statewide average weekly wage, as determined in accordance with this sentence, for the immediately preceding benefit period. However, for purposes of the Workers' Compensation Act, the statewide average weekly wage will be computed using June 1 and December 1 determination dates of each calendar year and such determination shall not be subject to the limitation of the statewide average weekly wage as computed in accordance with the preceding sentence of this paragraph.

With respect to any week beginning in a benefit year beginning prior to January 4, 2004, "maximum weekly benefit amount" with respect to each week beginning within a benefit period shall be as defined in the provisions of this Act as amended and in effect on November 18, 2011.

With respect to any benefit year beginning or after January 4, 2004 and before January 6, 2008, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 48% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

Except as otherwise provided in this Section, with respect to any benefit year beginning or after January 6, 2008, "maximum weekly benefit amount" with respect to each week beginning within a benefit

period means 47% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to any benefit year beginning in calendar year 2022, "maximum weekly benefit amount" with respect to each week beginning within a benefit period means 42.4% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

C. With respect to any week beginning in a benefit year beginning prior to January 4, 2004, an individual's eligibility for a dependent allowance with respect to a nonworking spouse or one or more dependent children shall be as defined by the provisions of this Act as amended and in effect on November 18, 2011.

With respect to any benefit year beginning on or after January 4, 2004 and before January 6, 2008, an individual to whom benefits are payable with respect to any week shall, in addition to those benefits, be paid, with respect to such week, as follows: in the case of an individual with a nonworking spouse, 9% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar, provided, that the total amount payable to the individual with respect to a week shall not exceed 57% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; and in the case of an individual with a dependent child or dependent children, 17.2% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar, provided that the total amount payable to the individual with respect to a week shall not exceed 65.2% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to any benefit year beginning on or after January 6, 2008 and before January 1, 2010, an individual to whom benefits are payable with respect to any week shall, in addition to those benefits, be paid, with respect to such week, as follows: in the case of an individual with a nonworking spouse, 9% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar, provided, that the total amount payable to the individual with respect to a week shall not exceed 56% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; and in the case of an individual with a dependent child or dependent children, 18.2% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar, provided that the total amount

The additional amount paid pursuant to this subsection in the case of an individual with a dependent child or dependent children shall be referred to as the "dependent child allowance", and the percentage rate by which an individual's prior average weekly wage is multiplied pursuant to this subsection to calculate the dependent child allowance shall be referred to as the "dependent child allowance rate".

Except as otherwise provided in this Section, with respect to any benefit year beginning on or after January 1, 2010, an individual to whom benefits are payable with respect to any week shall, in addition to those benefits, be paid, with respect to such week, as follows: in the case of an individual with a nonworking spouse, the greater of (i) 9% of his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar, or (ii) $15, provided that the total amount payable to the individual with respect to a week shall not exceed 56% of the statewide average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar; and in the case of an individual with a dependent child or dependent children, the greater of (i) the product of the dependent child allowance rate multiplied by his or her prior average weekly wage, rounded (if not already a multiple of one dollar) to the next higher dollar, or (ii) the lesser of $50 or 50% of his or her weekly benefit amount, rounded (if not already a multiple of one dollar) to the next higher dollar, provided that the total amount payable to the individual with respect to a week shall not exceed the product of the statewide average weekly wage multiplied by the sum of 47% plus the dependent child allowance rate, rounded (if not already a multiple of one dollar) to the next higher dollar.

With respect to each benefit year beginning after calendar year 2012, the dependent child allowance rate shall be the sum of the allowance adjustment applicable pursuant to Section 1400.1 to the calendar year in which the benefit year begins, plus the dependent child allowance rate with respect to each benefit year beginning in the immediately preceding calendar year, except as otherwise provided in this subsection. The dependent child allowance rate with respect to each benefit year beginning in calendar year 2010 shall be 17.9%. The dependent child allowance rate with respect to each benefit year beginning in calendar year 2011 shall be 17.4%. The dependent child allowance rate with respect to each benefit year beginning in calendar year 2012 shall be 17.0% and, with respect to each benefit year beginning after calendar year 2012, shall not be less than 17.0% or greater than 17.9%.

Sec. 409. Extended Benefits.
A. For the purposes of this Section:

1. "Extended benefit period" means a period which begins with the third week after a week for which there is a State "on" indicator; and ends with either of the following weeks, whichever occurs later: (1) the third week after the first week for which there is a State "off" indicator, or (2) the thirteenth consecutive week of such period. No extended benefit period shall begin by reason of a State "on" indicator before the fourteenth week following the end of a prior extended benefit period.

2. There is a "State 'on' indicator" for a week if (a) the Director determines, in accordance with the regulations of the United States Secretary of Labor or other appropriate Federal agency, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) in this State (1) equaled or exceeded 5% and equaled or exceeded 120% of the average of such rates for the corresponding 13-week period ending in each of the preceding 2 calendar years, or (2) equaled or exceeded 6 percent, or (b) the United States Secretary of Labor determines that (1) the average rate of total unemployment in this State (seasonally

adjusted) for the period consisting of the most recent 3 months for which data for all states are published before the close of such week equals or exceeds 6.5%, and (2) the average rate of total unemployment in this State (seasonally adjusted) for the 3-month period referred to in (1) equals or exceeds 110% of such average rate for either (or both) of the corresponding 3-month periods ending in the 2 preceding calendar years. Clause (b) of this paragraph shall only apply to weeks beginning on or after February 22, 2009, through the end of the fourth week prior to the last week for which federal sharing is provided as authorized by Section 2005(a) of Public Law 111-5 without regard to Section 2005(c) of Public Law 111-5 and is inoperative as of the end of the last week for which federal sharing is provided as authorized by Section 2005(a) of Public Law 111-5 and to weeks beginning on or after March 15, 2020 through the end of the fourth week prior to the last week for which federal sharing is provided as authorized by Section 4105 of Public Law 116-127, or any amendments thereto, and is inoperative as of the end of the last week for which federal sharing is provided as authorized by Section 4105 of Public Law 116-127, or any amendments thereto.

2.1. With respect to benefits for weeks of unemployment beginning after December 17, 2010, and ending on or before the earlier of the latest date permitted under federal law or the end of the fourth week prior to the last week for which federal sharing is provided as authorized by Section 2005(a) of Public Law 111-5 without regard to Section 2005(c) of Public Law 111-5, the determination of whether there has been a State "on" indicator pursuant to paragraph 2 shall be made as if, in clause (a) of paragraph 2, the phrase "2 calendar years" were "3 calendar years" and as if, in clause (b) of paragraph 2, the word "either" were "any", the word "both" were "all", and the phrase "2 preceding calendar years" were "3 preceding calendar years".

3. There is a "State 'off' indicator" for a week if there is not a State 'on' indicator for the week pursuant to paragraph 2.

4. "Rate of insured unemployment", for the purpose of paragraph 2, means the percentage derived by dividing (a) the average weekly number of individuals filing claims for "regular benefits" in this State for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the

New matter indicated by italics - deletions by strikeout
Director on the basis of his reports to the United States Secretary of Labor or other appropriate Federal agency, by (b) the average monthly employment covered under this Act for the first four of the most recent six completed calendar quarters ending before the close of such 13-week period.

5. "Regular benefits" means benefits, other than extended benefits and additional benefits, payable to an individual (including dependents' allowances) under this Act or under any other State unemployment compensation law (including benefits payable to Federal civilian employees and ex-servicemen pursuant to 5 U.S.C. chapter 85).

6. "Extended benefits" means benefits (including benefits payable to Federal civilian employees and ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provisions of this Section for weeks which begin in his eligibility period.

7. "Additional benefits" means benefits totally financed by a State and payable to exhaustees (as defined in subsection C) by reason of conditions of high unemployment or by reason of other specified factors. If an individual is eligible to receive extended benefits under the provisions of this Section and is eligible to receive additional benefits with respect to the same week under the law of another State, he may elect to claim either extended benefits or additional benefits with respect to the week.

8. "Eligibility period" means the period consisting of the weeks in an individual's benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period. An individual's eligibility period shall also include such other weeks as federal law may allow.

9. Notwithstanding any other provision to the contrary, no employer shall be liable for payments in lieu of contributions pursuant to Section 1404, by reason of the payment of extended benefits which are wholly reimbursed to this State by the Federal Government or would have been wholly reimbursed to this State by the Federal Government if the employer had paid all of the claimant's wages during the applicable base period. Extended benefits shall not become benefit charges under Section 1501.1 if they are wholly reimbursed to this State by the Federal

Government or would have been wholly reimbursed to this State by the Federal Government if the employer had paid all of the claimant's wages during the applicable base period. For purposes of this paragraph, extended benefits will be considered to be wholly reimbursed by the Federal Government notwithstanding the operation of Section 204(a)(2)(D) of the Federal-State Extended Unemployment Compensation Act of 1970.

B. An individual shall be eligible to receive extended benefits pursuant to this Section for any week which begins in his eligibility period if, with respect to such week (1) he has been paid wages for insured work during his base period equal to at least 1 1/2 times the wages paid in that calendar quarter of his base period in which such wages were highest; (2) he has met the requirements of Section 500E of this Act; (3) he is an exhaustee; and (4) except when the result would be inconsistent with the provisions of this Section, he has satisfied the requirements of this Act for the receipt of regular benefits.

C. An individual is an exhaustee with respect to a week which begins in his eligibility period if:

1. Prior to such week (a) he has received, with respect to his current benefit year that includes such week, the maximum total amount of benefits to which he was entitled under the provisions of Section 403B, and all of the regular benefits (including dependents' allowances) to which he had entitlement (if any) on the basis of wages or employment under any other State unemployment compensation law; or (b) he has received all the regular benefits available to him with respect to his current benefit year that includes such week, under this Act and under any other State unemployment compensation law, after a cancellation of some or all of his wage credits or the partial or total reduction of his regular benefit rights; or (c) his benefit year terminated, and he cannot meet the qualifying wage requirements of Section 500E of this Act or the qualifying wage or employment requirements of any other State unemployment compensation law to establish a new benefit year which would include such week or, having established a new benefit year that includes such week, he is ineligible for regular benefits by reason of Section 607 of this Act or a like provision of any other State unemployment compensation law; and

2. For such week (a) he has no right to benefits or allowances, as the case may be, under the Railroad Unemployment

Insurance Act, or such other Federal laws as are specified in regulations of the United States Secretary of Labor or other appropriate Federal agency; and (b) he has not received and is not seeking benefits under the unemployment compensation law of Canada, except that if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law, this clause shall not apply.

3. For the purposes of clauses (a) and (b) of paragraph 1 of this subsection, an individual shall be deemed to have received, with respect to his current benefit year, the maximum total amount of benefits to which he was entitled or all of the regular benefits to which he had entitlement, or all of the regular benefits available to him, as the case may be, even though (a) as a result of a pending reconsideration or appeal with respect to the "finding" defined in Section 701, or of a pending appeal with respect to wages or employment or both under any other State unemployment compensation law, he may subsequently be determined to be entitled to more regular benefits; or (b) by reason of a seasonality provision in a State unemployment compensation law which establishes the weeks of the year for which regular benefits may be paid to individuals on the basis of wages in seasonal employment he may be entitled to regular benefits for future weeks but such benefits are not payable with respect to the week for which he is claiming extended benefits, provided that he is otherwise an exhaustee under the provisions of this subsection with respect to his rights to regular benefits, under such seasonality provision, during the portion of the year in which that week occurs; or (c) having established a benefit year, no regular benefits are payable to him with respect to such year because his wage credits were cancelled or his rights to regular benefits were totally reduced by reason of the application of a disqualification provision of a State unemployment compensation law.

D. 1. The provisions of Section 607 and the waiting period requirements of Section 500D shall not be applicable to any week with respect to which benefits are otherwise payable under this Section.

2. An individual shall not cease to be an exhaustee with respect to any week solely because he meets the qualifying wage requirements of Section 500E for a part of such week.

New matter indicated by italics - deletions by strikeout
E. With respect to any week which begins in his eligibility period, an exhaustee's "weekly extended benefit amount" shall be the same as his weekly benefit amount during his benefit year which includes such week or, if such week is not in a benefit year, during his applicable benefit year, as defined in regulations issued by the United States Secretary of Labor or other appropriate Federal agency. If the exhaustee had more than one weekly benefit amount during his benefit year, his weekly extended benefit amount with respect to such week shall be the latest of such weekly benefit amounts.

F. 1. An eligible exhaustee shall be entitled, during any eligibility period, to a maximum total amount of extended benefits equal to the lesser of the following amounts, not including any Federal Pandemic Unemployment Compensation amounts provided for in Section 2104 of Public Law 116-136:

   a. Fifty percent of the maximum total amount of benefits to which he was entitled under Section 403B during his applicable benefit year;
   b. Thirteen times his weekly extended benefit amount as determined under subsection E; or
   c. Thirty-nine times his or her average weekly extended benefit amount, reduced by the regular benefits (not including any dependents' allowances) paid to him or her during such benefit year.

2. An eligible exhaustee shall be entitled, during a "high unemployment period", to a maximum total amount of extended benefits equal to the lesser of the following amounts:

   a. Eighty percent of the maximum total amount of benefits to which he or she was entitled under Section 403B during his or her applicable benefit year;
   b. Twenty times his or her weekly extended benefit amount as determined under subsection E; or
   c. Forty-six times his or her average weekly extended benefit amount, reduced by the regular benefits (not including any dependents' allowances) paid to him or her during such benefit year.

For purposes of this paragraph, the term "high unemployment period" means any period during which (i) clause (b) of paragraph (2) of subsection A is operative and (ii) an extended benefit period would be in

New matter indicated by italics - deletions by strikeout
effect if clause (b) of paragraph (2) of subsection A of this Section were applied by substituting "8%" for "6.5%".

3. Notwithstanding paragraphs 1 and 2 of this subsection F, and if the benefit year of an individual ends within an extended benefit period, the remaining balance of extended benefits that the individual would, but for this subsection F, be otherwise entitled to receive in that extended benefit period, for weeks of unemployment beginning after the end of the benefit year, shall be reduced (but not below zero) by the product of the number of weeks for which the individual received any amounts as trade readjustment allowances as defined in the federal Trade Act of 1974 within that benefit year multiplied by his weekly benefit amount for extended benefits.

G. 1. A claims adjudicator shall examine the first claim filed by an individual with respect to his eligibility period and, on the basis of the information in his possession, shall make an "extended benefits finding". Such finding shall state whether or not the individual has met the requirement of subsection B(1), is an exhaustee and, if he is, his weekly extended benefit amount and the maximum total amount of extended benefits to which he is entitled. The claims adjudicator shall promptly notify the individual of his "extended benefits finding", and shall promptly notify the individual's most recent employing unit and the individual's last employer (referred to in Section 1502.1) that the individual has filed a claim for extended benefits. The claims adjudicator may reconsider his "extended benefits finding" at any time within one year after the close of the individual's eligibility period, and shall promptly notify the individual of such reconsidered finding. All of the provisions of this Act applicable to reviews from findings or reconsidered findings made pursuant to Sections 701 and 703 which are not inconsistent with the provisions of this subsection shall be applicable to reviews from extended benefits findings and reconsidered extended benefits findings.

2. If, pursuant to the reconsideration or appeal with respect to a "finding", referred to in paragraph 3 of subsection C, an exhaustee is found to be entitled to more regular benefits and, by reason thereof, is entitled to more extended benefits, the claims adjudicator shall make a reconsidered extended benefits finding and shall promptly notify the exhaustee thereof.

H. Whenever an extended benefit period is to begin in this State because there is a State "on" indicator, or whenever an extended benefit period is to end in this State because there is a State "off" indicator, the Director shall make an appropriate public announcement.

I. Computations required by the provisions of paragraph 4 of subsection A shall be made by the Director in accordance with regulations prescribed by the United States Secretary of Labor, or other appropriate Federal agency.

J. 1. Interstate Benefit Payment Plan means the plan approved by the Interstate Conference of Employment Security Agencies under which benefits shall be payable to unemployed individuals absent from the state (or states) in which benefit credits have been accumulated.

2. An individual who commutes from his state of residence to work in another state and continues to reside in such state of residence while filing his claim for unemployment insurance under this Section of the Act shall not be considered filing a claim under the Interstate Benefit Payment Plan so long as he files his claim in and continues to report to the employment office under the regulations applicable to intrastate claimants in the state in which he was so employed.

3. "State" when used in this subsection includes States of the United States of America, the District of Columbia, Puerto Rico and the Virgin Islands. For purposes of this subsection, the term "state" shall also be construed to include Canada.

4. Notwithstanding any other provision of this Act, an individual shall be eligible for a maximum of 2 weeks of benefits payable under this Section after he files his initial claim for extended benefits in an extended benefit period, as defined in paragraph 1 of subsection A, under the Interstate Benefit Payment Plan unless there also exists an extended benefit period, as defined in paragraph 1 of subsection A, in the state where such claim is filed. Such maximum eligibility shall continue as long as the individual continues to file his claim under the Interstate Benefit Payment Plan, notwithstanding that the individual moves to another state where an extended benefit period exists and files for weeks prior to his initial Interstate claim in that state.

5. To assure full tax credit to the employers of this state against the tax imposed by the Federal Unemployment Tax Act, the

New matter indicated by italics - deletions by strikeout
Director shall take any action or issue any regulations necessary in the administration of this subsection to insure that its provisions are so interpreted and applied as to meet the requirements of such Federal Act as interpreted by the United States Secretary of Labor or other appropriate Federal agency.

K. 1. Notwithstanding any other provisions of this Act, an individual shall be ineligible for the payment of extended benefits for any week of unemployment in his eligibility period if the Director finds that during such period:

a. he failed to accept any offer of suitable work (as defined in paragraph 3 below) or failed to apply for any suitable work to which he was referred by the Director; or

b. he failed to actively engage in seeking work as prescribed under paragraph 5 below.

2. Any individual who has been found ineligible for extended benefits by reason of the provisions of paragraph 1 of this subsection shall be denied benefits beginning with the first day of the week in which such failure has occurred and until he has been employed in each of 4 subsequent weeks (whether or not consecutive) and has earned remuneration equal to at least 4 times his weekly benefit amount.

3. For purposes of this subsection only, the term "suitable work" means, with respect to any individual, any work which is within such individual's capabilities, provided, however, that the gross average weekly remuneration payable for the work:

a. must exceed the sum of (i) the individual's extended weekly benefit amount as determined under subsection E above plus (ii) the amount, if any, of supplemental unemployment benefits (as defined in Section 501(c)(17)(D) of the Internal Revenue Code of 1954) payable to such individual for such week; and further,

b. is not less than the higher of --

   (i) the minimum wage provided by Section 6 (a)(1) of the Fair Labor Standards Act of 1938, without regard to any exemption; or

   (ii) the applicable state or local minimum wage;

   c. provided, however, that no individual shall be denied extended benefits for failure to accept an offer of or

apply for any job which meets the definition of suitability as described above if:

(i) the position was not offered to such individual in writing or was not listed with the employment service;

(ii) such failure could not result in a denial of benefits under the definition of suitable work for regular benefits claimants in Section 603 to the extent that the criteria of suitability in that Section are not inconsistent with the provisions of this paragraph 3;

(iii) the individual furnishes satisfactory evidence to the Director that his prospects for obtaining work in his customary occupation within a reasonably short period are good. If such evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable with respect to such individual shall be made in accordance with the definition of suitable work for regular benefits in Section 603 without regard to the definition specified by this paragraph.

4. Notwithstanding the provisions of paragraph 3 to the contrary, no work shall be deemed to be suitable work for an individual which does not accord with the labor standard provisions required by Section 3304(a)(5) of the Internal Revenue Code of 1954 and set forth herein under Section 603 of this Act.

5. For the purposes of subparagraph b of paragraph 1, an individual shall be treated as actively engaged in seeking work during any week if --

a. the individual has engaged in a systematic and sustained effort to obtain work during such week, and
b. the individual furnishes tangible evidence that he has engaged in such effort during such week.

6. The employment service shall refer any individual entitled to extended benefits under this Act to any suitable work which meets the criteria prescribed in paragraph 3.

7. Notwithstanding any other provision of this Act, an individual shall not be eligible to receive extended benefits, otherwise payable under this Section, with respect to any week of

unemployment in his eligibility period if such individual has been held ineligible for benefits under the provisions of Sections 601, 602 or 603 of this Act until such individual had requalified for such benefits by returning to employment and satisfying the monetary requalification provision by earning at least his weekly benefit amount.

8. In response to the COVID-19 public health emergency, the Director may prescribe such rules as allowed by federal law limiting the work search requirements under subsection K.

L. The Governor may, if federal law so allows, elect, in writing, to pay individuals, otherwise eligible for extended benefits pursuant to this Section, any other federally funded unemployment benefits, including but not limited to benefits payable pursuant to the federal Supplemental Appropriations Act, 2008, as amended, and Public Law 116-136, prior to paying them benefits under this Section.

M. The provisions of this Section, as revised by this amendatory Act of the 96th General Assembly, are retroactive to February 22, 2009. The provisions of this amendatory Act of the 96th General Assembly with regard to subsection L and paragraph 8 of subsection A clarify authority already provided.

N. The provisions of this Section, as revised by this amendatory Act of the 101st General Assembly, are retroactive to March 15, 2020.

Sec. 500. Eligibility for benefits. An unemployed individual shall be eligible to receive benefits with respect to any week only if the Director finds that:

A. He has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the Director may prescribe, except that the Director may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs, and as to such other types of cases or situations with respect to which he finds that compliance with such requirements would be oppressive or inconsistent with the purposes of this Act, provided that no such regulation shall conflict with Section 400 of this Act.

B. He has made a claim for benefits with respect to such week in accordance with such regulations as the Director may prescribe.

C. He is able to work, and is available for work; provided that during the period in question he was actively seeking work and he has certified such. Whenever requested to do so by the Director, the individual shall, in the manner the Director prescribes by regulation, inform the Department of the places at which he has sought work during the period in question. Nothing in this subsection shall limit the Director's approval of alternate methods of demonstrating an active search for work based on regular reporting to a trade union office.

1. If an otherwise eligible individual is unable to work or is unavailable for work on any normal workday of the week, he shall be eligible to receive benefits with respect to such week reduced by one-fifth of his weekly benefit amount for each day of such inability to work or unavailability for work. For the purposes of this paragraph, an individual who reports on a day subsequent to his designated report day shall be deemed unavailable for work on his report day if his failure to report on that day is without good cause, and on each intervening day, if any, on which his failure to report is without good cause. As used in the preceding sentence, "report day" means the day which has been designated for the individual to report to file his claim for benefits with respect to any week. This paragraph shall not be construed so as to effect any change in the status of part-time workers as defined in Section 407.

2. An individual shall be considered to be unavailable for work on days listed as whole holidays in "An Act to revise the law in relation to promissory notes, bonds, due bills and other instruments in writing," approved March 18, 1874, as amended; on days which are holidays in his religion or faith, and on days which are holidays according to the custom of his trade or occupation, if his failure to work on such day is a result of the holiday. In determining the claimant's eligibility for benefits and the amount to be paid him, with respect to the week in which such holiday occurs, he shall have attributed to him as

New matter indicated by italics - deletions by strikeout
additional earnings for that week an amount equal to one-fifth of his weekly benefit amount for each normal work day on which he does not work because of a holiday of the type above enumerated.

3. An individual shall be deemed unavailable for work if, after his separation from his most recent employing unit, he has removed himself to and remains in a locality where opportunities for work are substantially less favorable than those in the locality he has left.

4. An individual shall be deemed unavailable for work with respect to any week which occurs in a period when his principal occupation is that of a student in attendance at, or on vacation from, a public or private school.

5. Notwithstanding any other provisions of this Act, an individual shall not be deemed unavailable for work or to have failed actively to seek work, nor shall he be ineligible for benefits by reason of the application of the provisions of Section 603, with respect to any week, because he is enrolled in and is in regular attendance at a training course approved for him by the Director:

   (a) but only if, with respect to that week, the individual presents, upon request, to the claims adjudicator referred to in Section 702 a statement executed by a responsible person connected with the training course, certifying that the individual was in full-time attendance at such course during the week. The Director may approve such course for an individual only if he finds that (1) reasonable work opportunities for which the individual is fitted by training and experience do not exist in his locality; (2) the training course relates to an occupation or skill for which there are, or are expected to be in the immediate future, reasonable work opportunities in his locality; (3) the training course is offered by a competent and reliable agency, educational institution, or employing unit; (4) the individual has the required qualifications and aptitudes to complete the course successfully; and (5) the individual is not
receiving and is not eligible (other than because he has claimed benefits under this Act) for subsistence payments or similar assistance under any public or private retraining program: Provided, that the Director shall not disapprove such course solely by reason of clause (5) if the subsistence payment or similar assistance is subject to reduction by an amount equal to any benefits payable to the individual under this Act in the absence of the clause. In the event that an individual's weekly unemployment compensation benefit is less than his certified training allowance, that person shall be eligible to receive his entire unemployment compensation benefits, plus such supplemental training allowances that would make an applicant's total weekly benefit identical to the original certified training allowance.

(b) The Director shall have the authority to grant approval pursuant to subparagraph (a) above prior to an individual's formal admission into a training course. Requests for approval shall not be made more than 30 days prior to the actual starting date of such course. Requests shall be made at the appropriate unemployment office.

(c) The Director shall for purposes of paragraph C have the authority to issue a blanket approval of training programs implemented pursuant to the federal Workforce Innovation and Opportunity Act if both the training program and the criteria for an individual's participation in such training meet the requirements of this paragraph C.

(d) Notwithstanding the requirements of subparagraph (a), the Director shall have the authority to issue blanket approval of training programs implemented under the terms of a collective bargaining agreement.

6. Notwithstanding any other provisions of this Act, an individual shall not be deemed unavailable for work or to have failed actively to seek work, nor shall he be

A. For calendar years prior to 1988, the state experience factor shall be adjusted in accordance with the provisions of this Act as amended and in effect on November 18, 2011.

B. (Blank).

C. For calendar year 1988 and each calendar year thereafter, for which the state experience factor is being determined.

1. For every $50,000,000 (or fraction thereof) by which the adjusted trust fund balance falls below the target balance set forth in this subsection, the state experience factor for the succeeding year shall be increased one percent absolute.

   For every $50,000,000 (or fraction thereof) by which the adjusted trust fund balance exceeds the target balance set forth in this subsection, the state experience factor for the succeeding year shall be decreased by one percent absolute.

The target balance in each calendar year prior to 2003 is $750,000,000. The target balance in calendar year 2003 is $920,000,000. The target balance in calendar year 2004 is $960,000,000. The target balance in calendar year 2005 and each calendar year thereafter is $1,000,000,000.

The adjusted trust fund balance shall not be less than zero. For the purpose of determining the state experience factor for 1989 and for each calendar year thereafter, the following "benefit reserves for fund building" shall apply for each state experience factor calculation in which that 12 month period is applicable:

a. For the 12 month period ending on June 30, 1988, the "benefit reserve for fund building" shall be 8/104th of the total benefits paid from January 1, 1988 through June 30, 1988.

b. For the 12 month period ending on June 30, 1989, the "benefit reserve for fund building" shall be the sum of:

   ii. 4/108ths of the total benefits paid from January 1, 1989 through June 30, 1989.

c. For the 12 month period ending on June 30, 1990, the "benefit reserve for fund building" shall be 4/108ths of the total benefits paid from July 1, 1989 through December 31, 1989.

d. For 1992 and for each calendar year thereafter, the "benefit reserve for fund building" for the 12 month period ending on June 30, 1991 and for each subsequent 12 month period shall be zero.

3. Notwithstanding the preceding provisions of this subsection, for calendar years 1988 through 2003, the state experience factor shall not be increased or decreased by more than 15 percent absolute.

1993 through 1995, by more than 10% absolute for calendar years 1999 through 2003 and by more than 12% absolute for calendar year 2004 and each calendar year thereafter, from the adjusted state experience factor of the calendar year preceding the calendar year for which the adjusted state experience factor is being determined;

4. Shall not be increased by more than 15% absolute for calendar year 1993, by more than 14% absolute for calendar years 1994 and 1995, by more than 10% absolute for calendar years 1999 through 2003 and by more than 16% absolute for calendar year 2004 and each calendar year thereafter, from the adjusted state experience factor for the calendar year preceding the calendar year for which the adjusted state experience factor is being determined;

The adjusted state experience factor for each of calendar years 2016 through 2018 shall be increased by 6% absolute above the adjusted state experience factor as calculated without regard to this subsection. The increase in the adjusted state experience factor for calendar year 2018 pursuant to this subsection shall not be counted for purposes of applying paragraph 3 or 4 of subsection D to the calculation of the adjusted state experience factor for calendar year 2019.

D-2. (Blank).

D-3. The adjusted state experience factor for calendar year 2022 shall be increased by 16% absolute above the adjusted state experience factor as calculated without regard to this subsection. The increase in the adjusted state experience factor for calendar year 2022 pursuant to this subsection shall not be counted for purposes of applying paragraph 3 or 4 of subsection D to the calculation of the adjusted state experience factor for calendar year 2023.

Sec. 5.3. Pediatric sexual assault care.
(a) The General Assembly finds:

(1) Pediatric sexual assault survivors can suffer from a wide range of health problems across their life span. In addition to immediate health issues, such as sexually transmitted infections, physical injuries, and psychological trauma, child sexual abuse victims are at greater risk for a plethora of adverse psychological and somatic problems into adulthood in contrast to those who were not sexually abused.

(2) Sexual abuse against the pediatric population is distinct, particularly due to their dependence on their caregivers and the ability of perpetrators to manipulate and silence them (especially when the perpetrators are family members or other adults trusted by, or with power over, children). Sexual abuse is often hidden by
perpetrators, unwitnessed by others, and may leave no obvious physical signs on child victims.

(3) Pediatric sexual assault survivors throughout the State should have access to qualified medical providers who have received specialized training regarding the care of pediatric sexual assault survivors within a reasonable distance from their home.

(4) There is a need in Illinois to increase the number of qualified medical providers available to provide medical forensic services to pediatric sexual assault survivors.

(b) If a medically stable pediatric sexual assault survivor presents at a transfer hospital or treatment hospital with approved pediatric transfer that has a plan approved by the Department requesting medical forensic services, then the hospital emergency department staff shall contact an approved pediatric health care facility, if one is designated in the hospital's plan.

If the transferring hospital confirms that medical forensic services can be initiated within 90 minutes of the patient's arrival at the approved pediatric health care facility following an immediate transfer, then the hospital emergency department staff shall notify the patient and non-offending parent or legal guardian that the patient will be transferred for medical forensic services and shall provide the patient and non-offending parent or legal guardian the option of being transferred to the approved pediatric health care facility or the treatment hospital designated in the hospital's plan. The pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

If medical forensic services cannot be initiated within 90 minutes of the patient's arrival at the approved pediatric health care facility, there is no approved pediatric health care facility designated in the hospital's plan, or the patient or non-offending parent or legal guardian chooses to be transferred to a treatment hospital, the hospital emergency department staff shall contact a treatment hospital designated in the hospital's plan to arrange for the transfer of the patient to the treatment hospital for medical forensic services, which are to be initiated within 90 minutes of the patient's arrival at the treatment hospital. The treatment hospital shall provide medical forensic services and may not transfer the patient to another facility. The pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

(c) If a medically stable pediatric sexual assault survivor presents at a treatment hospital that has a plan approved by the Department
requesting medical forensic services, then the hospital emergency
department staff shall contact an approved pediatric health care facility, if
one is designated in the treatment hospital's areawide treatment plan.

If medical forensic services can be initiated within 90 minutes after
the patient's arrival at the approved pediatric health care facility following
an immediate transfer, the hospital emergency department staff shall
provide the patient and non-offending parent or legal guardian the option
of having medical forensic services performed at the treatment hospital or
at the approved pediatric health care facility. If the patient or non-
offending parent or legal guardian chooses to be transferred, the pediatric
sexual assault survivor may be transported by ambulance, law
enforcement, or personal vehicle.

If medical forensic services cannot be initiated within 90 minutes
after the patient's arrival to the approved pediatric health care facility, there
is no approved pediatric health care facility designated in the hospital's
plan, or the patient or non-offending parent or legal guardian chooses not
to be transferred, the hospital shall provide medical forensic services to the
patient.

(d) If a pediatric sexual assault survivor presents at an approved
pediatric health care facility requesting medical forensic services or the
facility is contacted by law enforcement or the Department of Children and
Family Services requesting medical forensic services for a pediatric sexual
assault survivor, the services shall be provided at the facility if the medical
forensic services can be initiated within 90 minutes after the patient's
arrival at the facility. If medical forensic services cannot be initiated within
90 minutes after the patient's arrival at the facility, then the patient shall be
transferred to a treatment hospital designated in the approved pediatric
health care facility's plan for medical forensic services. The pediatric
sexual assault survivor may be transported by ambulance, law
enforcement, or personal vehicle.

including recommended time frames for evidence collection pursuant to
evidence-based research. These materials shall be made available to all
hospitals and approved pediatric health care facilities on the Office of the
Attorney General's website.

The Sexual Assault Nurse Examiner Program shall provide didactic and clinical training opportunities consistent with the Sexual Assault Nurse Examiner Education Guidelines established by the International Association of Forensic Nurses, in sufficient numbers and geographical locations across the State, to assist hospitals with training the necessary number of sexual assault nurse examiners to comply with the requirement of this Act to employ or contract with a qualified medical provider to initiate medical forensic services to a sexual assault survivor within 90 minutes of the patient presenting to the hospital as required in subsection (a-7) of Section 5-1.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 5, 2020.

PUBLIC ACT 101-0635
(Senate Bill No. 0685)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 15-168, 15-169, 15-172, 21-27, 21-145, and 21-150 and by adding Section 21-253 as follows:

(35 ILCS 200/15-168)

Sec. 15-168. Homestead exemption for persons with disabilities.
(a) Beginning with taxable year 2007, an annual homestead exemption is granted to persons with disabilities in the amount of $2,000, except as provided in subsection (c), to be deducted from the property's value as equalized or assessed by the Department of Revenue. The person with a disability shall receive the homestead exemption upon meeting the following requirements:

   (1) The property must be occupied as the primary residence by the person with a disability.
   (2) The person with a disability must be liable for paying the real estate taxes on the property.
   (3) The person with a disability must be an owner of record of the property or have a legal or equitable interest in the property as evidenced by a written instrument. In the case of a leasehold interest in property, the lease must be for a single family residence.

A person who has a disability during the taxable year is eligible to apply for this homestead exemption during that taxable year. Application must be made during the application period in effect for the county of residence. If a homestead exemption has been granted under this Section and the person awarded the exemption subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, then the exemption shall continue (i) so long as

New matter indicated by italics - deletions by strikeout
the residence continues to be occupied by the qualifying person's spouse or (ii) if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

(b) For the purposes of this Section, "person with a disability" means a person unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months. Persons with disabilities filing claims under this Act shall submit proof of disability in such form and manner as the Department shall by rule and regulation prescribe. Proof that a claimant is eligible to receive disability benefits under the Federal Social Security Act shall constitute proof of disability for purposes of this Act. Issuance of an Illinois Person with a Disability Identification Card stating that the claimant is under a Class 2 disability, as defined in Section 4A of the Illinois Identification Card Act, shall constitute proof that the person named thereon is a person with a disability for purposes of this Act. A person with a disability not covered under the Federal Social Security Act and not presenting an Illinois Person with a Disability Identification Card stating that the claimant is under a Class 2 disability shall be examined by a physician, advanced practice registered nurse, or physician assistant designated by the Department, and his status as a person with a disability determined using the same standards as used by the Social Security Administration. The costs of any required examination shall be borne by the claimant.

(c) For land improved with (i) an apartment building owned and operated as a cooperative or (ii) a life care facility as defined under Section 2 of the Life Care Facilities Act that is considered to be a cooperative, the maximum reduction from the value of the property, as equalized or assessed by the Department, shall be multiplied by the number of apartments or units occupied by a person with a disability. The person with a disability shall receive the homestead exemption upon meeting the following requirements:

(1) The property must be occupied as the primary residence by the person with a disability.

(2) The person with a disability must be liable by contract with the owner or owners of record for paying the apportioned property taxes on the property of the cooperative or life care facility. In the case of a life care facility, the person with a disability must be liable for paying the apportioned property taxes.

New matter indicated by italics - deletions by strikeout
under a life care contract as defined in Section 2 of the Life Care Facilities Act.

(3) The person with a disability must be an owner of record of a legal or equitable interest in the cooperative apartment building. A leasehold interest does not meet this requirement. If a homestead exemption is granted under this subsection, the cooperative association or management firm shall credit the savings resulting from the exemption to the apportioned tax liability of the qualifying person with a disability. The chief county assessment officer may request reasonable proof that the association or firm has properly credited the exemption. A person who willfully refuses to credit an exemption to the qualified person with a disability is guilty of a Class B misdemeanor.

(d) The chief county assessment officer shall determine the eligibility of property to receive the homestead exemption according to guidelines established by the Department. After a person has received an exemption under this Section, an annual verification of eligibility for the exemption shall be mailed to the taxpayer.

In counties with fewer than 3,000,000 inhabitants, the chief county assessment officer shall provide to each person granted a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the person's qualifying property. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay an administrative fee of $5 to the chief county assessment officer. The assessment officer shall then file the executed designation with the county collector, who shall issue the duplicate notices as indicated by the designation. A designation may be rescinded by the person with a disability in the manner required by the chief county assessment officer.

(d-5) Notwithstanding any other provision of law, each chief county assessment officer may approve this exemption for the 2020 taxable year, without application, for any property that was approved for this exemption for the 2019 taxable year, provided that:

(1) the county board has declared a local disaster as provided in the Illinois Emergency Management Agency Act related to the COVID-19 public health emergency;

New matter indicated by italics - deletions by strikeout
(2) the owner of record of the property as of January 1, 2020 is the same as the owner of record of the property as of January 1, 2019;
(3) the exemption for the 2019 taxable year has not been determined to be an erroneous exemption as defined by this Code; and
(4) the applicant for the 2019 taxable year has not asked for the exemption to be removed for the 2019 or 2020 taxable years.

(e) A taxpayer who claims an exemption under Section 15-165 or 15-169 may not claim an exemption under this Section.

Sec. 15-169. Homestead exemption for veterans with disabilities.
(a) Beginning with taxable year 2007, an annual homestead exemption, limited to the amounts set forth in subsections (b) and (b-3), is granted for property that is used as a qualified residence by a veteran with a disability.
(b) For taxable years prior to 2015, the amount of the exemption under this Section is as follows:

(1) for veterans with a service-connected disability of at least (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by the United States Department of Veterans Affairs, the annual exemption is $5,000; and
(2) for veterans with a service-connected disability of at least 50%, but less than (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by the United States Department of Veterans Affairs, the annual exemption is $2,500.

(b-3) For taxable years 2015 and thereafter:

(1) if the veteran has a service connected disability of 30% or more but less than 50%, as certified by the United States Department of Veterans Affairs, then the annual exemption is $2,500;

New matter indicated by italics - deletions by strikeout
(2) if the veteran has a service connected disability of 50% or more but less than 70%, as certified by the United States Department of Veterans Affairs, then the annual exemption is $5,000; and

(3) if the veteran has a service connected disability of 70% or more, as certified by the United States Department of Veterans Affairs, then the property is exempt from taxation under this Code.

(b-5) If a homestead exemption is granted under this Section and the person awarded the exemption subsequently becomes a resident of a facility licensed under the Nursing Home Care Act or a facility operated by the United States Department of Veterans Affairs, then the exemption shall continue (i) so long as the residence continues to be occupied by the qualifying person's spouse or (ii) if the residence remains unoccupied but is still owned by the person who qualified for the homestead exemption.

(c) The tax exemption under this Section carries over to the benefit of the veteran's surviving spouse as long as the spouse holds the legal or beneficial title to the homestead, permanently resides thereon, and does not remarry. If the surviving spouse sells the property, an exemption not to exceed the amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence as long as it is used as his or her primary residence and he or she does not remarry.

(c-1) Beginning with taxable year 2015, nothing in this Section shall require the veteran to have qualified for or obtained the exemption before death if the veteran was killed in the line of duty.

(d) The exemption under this Section applies for taxable year 2007 and thereafter. A taxpayer who claims an exemption under Section 15-165 or 15-168 may not claim an exemption under this Section.

(e) Each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(e-1) If the person qualifying for the exemption does not occupy the qualified residence as of January 1 of the taxable year, the exemption granted under this Section shall be prorated on a monthly basis. The

New matter indicated by italics - deletions by strikeout
prorated exemption shall apply beginning with the first complete month in
which the person occupies the qualified residence.

(e-5) Notwithstanding any other provision of law, each chief
county assessment officer may approve this exemption for the 2020
taxable year, without application, for any property that was approved for
this exemption for the 2019 taxable year, provided that:

(1) the county board has declared a local disaster as
provided in the Illinois Emergency Management Agency Act
related to the COVID-19 public health emergency;

(2) the owner of record of the property as of January 1,
2020 is the same as the owner of record of the property as of
January 1, 2019;

(3) the exemption for the 2019 taxable year has not been
determined to be an erroneous exemption as defined by this Code;
and

(4) the applicant for the 2019 taxable year has not asked
for the exemption to be removed for the 2019 or 2020 taxable
years.

Nothing in this subsection shall preclude a veteran whose service
connected disability rating has changed since the 2019 exemption was
granted from applying for the exemption based on the subsequent service
connected disability rating.

(f) For the purposes of this Section:

"Qualified residence" means real property, but less any portion of
that property that is used for commercial purposes, with an equalized
assessed value of less than $250,000 that is the primary residence of a
veteran with a disability. Property rented for more than 6 months is
presumed to be used for commercial purposes.

"Veteran" means an Illinois resident who has served as a member
of the United States Armed Forces on active duty or State active duty, a
member of the Illinois National Guard, or a member of the United States
Reserve Forces and who has received an honorable discharge.

(35 ILCS 200/15-172)

Sec. 15-172. Senior Citizens Assessment Freeze Homestead
Exemption.

(a) This Section may be cited as the Senior Citizens Assessment
Freeze Homestead Exemption.
(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

New matter indicated by italics - deletions by strikeout
"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

1. $35,000 prior to taxable year 1999;
2. $40,000 in taxable years 1999 through 2003;
3. $45,000 in taxable years 2004 through 2005;
4. $50,000 in taxable years 2006 and 2007;
5. $55,000 in taxable years 2008 through 2016;
6. for taxable year 2017, (i) $65,000 for qualified property located in a county with 3,000,000 or more inhabitants and (ii) $55,000 for qualified property located in a county with fewer than 3,000,000 inhabitants; and
7. for taxable years 2018 and thereafter, $65,000 for all qualified property.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on the property, and (iv) is an...
owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

1. For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.
2. For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.
3. For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.
4. For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.
5. For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption...
is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age,

New matter indicated by italics - deletions by strikeout
the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 2012. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, and that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using

New matter indicated by italics - deletions by strikeout
1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

New matter indicated by italics - deletions by strikeout
(a) In order to meet cash flow deficits and to maintain liquidity in general funds and the Health Insurance Reserve Fund, on and after July 1, 2017 and through June 30, 2021, the State Treasurer and the State Comptroller, in consultation with the Governor's Office of Management and Budget, shall make transfers to general funds and the Health Insurance Reserve Fund, as directed by the State Comptroller, out of special funds of the State, to the extent allowed by federal law.

No such transfer may reduce the cumulative balance of all of the special funds of the State to an amount less than the total debt service payable during the 12 months immediately following the date of the transfer on any bonded indebtedness of the State and any certificates issued under the Short Term Borrowing Act. At no time shall the outstanding total transfers made from the special funds of the State to general funds and the Health Insurance Reserve Fund under this Section exceed $1,500,000,000; once the amount of $1,500,000,000 has been transferred from the special funds of the State to general funds and the Health Insurance Reserve Fund, additional transfers may be made from the special funds of the State to general funds and the Health Insurance Reserve Fund under this Section only to the extent that moneys have first been re-transferred from general funds and the Health Insurance Reserve Fund to the special funds of the State. Notwithstanding any other provision of this Section, no such transfer may be made from any special fund that is exclusively collected by or directly appropriated to any other constitutional officer without the written approval of that constitutional officer.

(b) If moneys have been transferred to general funds and the Health Insurance Reserve Fund pursuant to subsection (a) of this Section, Public Act 100-23 shall constitute the continuing authority for and direction to the State Treasurer and State Comptroller to reimburse the funds of origin from general funds by transferring to the funds of origin, at such times and in such amounts as directed by the Comptroller when necessary to support appropriated expenditures from the funds, an amount equal to that transferred from them plus any interest that would have accrued thereon had the transfer not occurred, except that any moneys transferred pursuant to subsection (a) of this Section shall be repaid to the fund of origin within 48 months after the date on which they were borrowed. When any of the funds from which moneys have been transferred pursuant to subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the

State Treasurer and State Comptroller shall transfer from general funds to the fund only such amount as is immediately necessary to satisfy outstanding expenditure obligations on a timely basis.

(c) On the first day of each quarterly period in each fiscal year, until such time as a report indicates that all moneys borrowed and interest pursuant to this Section have been repaid, the Comptroller shall provide to the President and the Minority Leader of the Senate, the Speaker and the Minority Leader of the House of Representatives, and the Commission on Government Forecasting and Accountability a report on all transfers made pursuant to this Section in the prior quarterly period. The report must be provided in electronic format. The report must include all of the following:

1. the date each transfer was made;
2. the amount of each transfer;
3. in the case of a transfer from general funds to a fund of origin pursuant to subsection (b) of this Section, the amount of interest being paid to the fund of origin; and
4. the end of day balance of the fund of origin, the general funds, and the Health Insurance Reserve Fund on the date the transfer was made.

Sec. 6z-45. The School Infrastructure Fund.
(a) The School Infrastructure Fund is created as a special fund in the State Treasury.

In addition to any other deposits authorized by law, beginning January 1, 2000, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and State Comptroller shall transfer the sum of $5,000,000 from the General Revenue Fund to the School Infrastructure Fund, except that, notwithstanding any other provision of law, and in addition to any other transfers that may be provided for by law, before June 30, 2012, the Comptroller and the Treasurer shall transfer $45,000,000 from the General Revenue Fund into the School Infrastructure Fund, and, for fiscal year 2013 only, the Treasurer and the Comptroller shall transfer $1,250,000 from the General Revenue Fund to the School Infrastructure Fund on the first day of each month; provided, however, that no such transfers shall be made from July 1, 2001 through June 30, 2003.
(a-5) Money in the School Infrastructure Fund may be used to pay the expenses of the State Board of Education, the Governor's Office of Management and Budget, and the Capital Development Board in administering programs under the School Construction Law, the total expenses not to exceed $1,315,000 in any fiscal year.

(b) Subject to the transfer provisions set forth below, money in the School Infrastructure Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of school improvements under subsection (e) of Section 5 of the General Obligation Bond Act, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable, and for no other purpose.

In addition to other transfers to the General Obligation Bond Retirement and Interest Fund made pursuant to Section 15 of the General Obligation Bond Act, upon each delivery of bonds issued for construction of school improvements under the School Construction Law, the State Comptroller shall compute and certify to the State Treasurer the total amount of principal of, interest on, and premium, if any, on such bonds during the then current and each succeeding fiscal year. With respect to the interest payable on variable rate bonds, such certifications shall be calculated at the maximum rate of interest that may be payable during the fiscal year, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period.

On or before the last day of each month, the State Treasurer and State Comptroller shall transfer from the School Infrastructure Fund to the General Obligation Bond Retirement and Interest Fund an amount sufficient to pay the aggregate of the principal of, interest on, and premium, if any, on the bonds payable on their next payment date, divided by the number of monthly transfers occurring between the last previous payment date (or the delivery date if no payment date has yet occurred) and the next succeeding payment date. Interest payable on variable rate bonds shall be calculated at the maximum rate of interest that may be payable for the relevant period, after taking into account any credits permitted in the related indenture or other instrument against the amount of such interest required to be appropriated for that period. Interest for which moneys have already been deposited into the capitalized interest account within the General Obligation Bond Retirement and Interest Fund

(b-7) In fiscal year 2021 only, of the surplus, if any, in the School Infrastructure Fund after payments made pursuant to subsections (a-5), (b), and (b-5) of this Section, $20,000,000 shall be transferred to the General Revenue Fund.

(c) The surplus, if any, in the School Infrastructure Fund after payments made pursuant to subsections (a-5), (b), and (b-5), and (b-7) of this Section shall, subject to appropriation, be used as follows:

 Transfer of $20,000,000 in fiscal year 2000; and

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the

fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

private, to be used for the purposes of such funds including administrative costs of the Lieutenant Governor's Office.

Section 5-15. The State Revenue Sharing Act is amended by changing Section 12 as follows:

(30 ILCS 115/12) (from Ch. 85, par. 616)
Sec. 12. Personal Property Tax Replacement Fund. There is hereby created the Personal Property Tax Replacement Fund, a special fund in the State Treasury into which shall be paid all revenue realized:

(a) all amounts realized from the additional personal property tax replacement income tax imposed by subsections (c) and (d) of Section 201 of the Illinois Income Tax Act, except for those amounts deposited into the Income Tax Refund Fund pursuant to subsection (c) of Section 901 of the Illinois Income Tax Act; and

(b) all amounts realized from the additional personal property replacement invested capital taxes imposed by Section 2a.1 of the Messages Tax Act, Section 2a.1 of the Gas Revenue Tax Act, Section 2a.1 of the Public Utilities Revenue Act, and Section 3 of the Water Company Invested Capital Tax Act, and amounts payable to the Department of Revenue under the Telecommunications Infrastructure Maintenance Fee Act.

As soon as may be after the end of each month, the Department of Revenue shall certify to the Treasurer and the Comptroller the amount of all refunds paid out of the General Revenue Fund through the preceding month on account of overpayment of liability on taxes paid into the Personal Property Tax Replacement Fund. Upon receipt of such certification, the Treasurer and the Comptroller shall transfer the amount so certified from the Personal Property Tax Replacement Fund into the General Revenue Fund.

The payments of revenue into the Personal Property Tax Replacement Fund shall be used exclusively for distribution to taxing districts, regional offices and officials, and local officials as provided in this Section and in the School Code, payment of the ordinary and contingent expenses of the Property Tax Appeal Board, payment of the expenses of the Department of Revenue incurred in administering the collection and distribution of monies paid into the Personal Property Tax Replacement Fund and transfers due to refunds to taxpayers for overpayment of liability for taxes paid into the Personal Property Tax Replacement Fund.

In addition, moneys in the Personal Property Tax Replacement Fund may be used to pay any of the following: (i) salary, stipends, and additional compensation as provided by law for chief election clerks, county clerks, and county recorders; (ii) costs associated with regional offices of education and educational service centers; (iii) reimbursements payable by the State Board of Elections under Section 4-25, 5-35, 6-71, 13-10, 13-10a, or 13-11 of the Election Code; (iv) expenses of the Illinois Educational Labor Relations Board; and (v) salary, personal services, and additional compensation as provided by law for court reporters under the Court Reporters Act.

As soon as may be after June 26, 1980 (the effective date of Public Act 81-1255) this amendatory Act of 1980, the Department of Revenue shall certify to the Treasurer the amount of net replacement revenue paid into the General Revenue Fund prior to that effective date from the additional tax imposed by Section 2a.1 of the Messages Tax Act; Section 2a.1 of the Gas Revenue Tax Act; Section 2a.1 of the Public Utilities Revenue Act; Section 3 of the Water Company Invested Capital Tax Act; amounts collected by the Department of Revenue under the Telecommunications Infrastructure Maintenance Fee Act; and the additional personal property tax replacement income tax imposed by the Illinois Income Tax Act, as amended by Public Act 81-1st Special Session-1. Net replacement revenue shall be defined as the total amount paid into and remaining in the General Revenue Fund as a result of those Acts minus the amount outstanding and obligated from the General Revenue Fund in state vouchers or warrants prior to June 26, 1980 (the effective date of Public Act 81-1255) this amendatory Act of 1980 as refunds to taxpayers for overpayment of liability under those Acts.

All interest earned by monies accumulated in the Personal Property Tax Replacement Fund shall be deposited in such Fund. All amounts allocated pursuant to this Section are appropriated on a continuing basis.

Prior to December 31, 1980, as soon as may be after the end of each quarter beginning with the quarter ending December 31, 1979, and on and after December 31, 1980, as soon as may be after January 1, March 1, April 1, May 1, July 1, August 1, October 1 and December 1 of each year, the Department of Revenue shall allocate to each taxing district as defined in Section 1-150 of the Property Tax Code, in accordance with the provisions of paragraph (2) of this Section the portion of the funds held in the Personal Property Tax Replacement Fund which is required to be distributed, as provided in paragraph (1), for each quarter. Provided,
however, under no circumstances shall any taxing district during each of
the first two years of distribution of the taxes imposed by Public Act 81-
1st Special Session-1 this amendatory Act of 1979 be entitled to an annual
allocation which is less than the funds such taxing district collected from
the 1978 personal property tax. Provided further that under no
circumstances shall any taxing district during the third year of distribution
of the taxes imposed by Public Act 81-1st Special Session-1 this
amendatory Act of 1979 receive less than 60% of the funds such taxing
district collected from the 1978 personal property tax. In the event that the
total of the allocations made as above provided for all taxing districts,
during either of such 3 years, exceeds the amount available for distribution
the allocation of each taxing district shall be proportionately reduced.
Except as provided in Section 13 of this Act, the Department shall then
certify, pursuant to appropriation, such allocations to the State Comptroller
who shall pay over to the several taxing districts the respective amounts
allocated to them.

Any township which receives an allocation based in whole or in
part upon personal property taxes which it levied pursuant to Section 6-
507 or 6-512 of the Illinois Highway Code and which was previously
required to be paid over to a municipality shall immediately pay over to
that municipality a proportionate share of the personal property
replacement funds which such township receives.

Any municipality or township, other than a municipality with a
population in excess of 500,000, which receives an allocation based in
whole or in part on personal property taxes which it levied pursuant to
Sections 3-1, 3-4 and 3-6 of the Illinois Local Library Act and which was
previously required to be paid over to a public library shall immediately pay over to
that library a proportionate share of the personal property tax
replacement funds which such municipality or township receives; provided
that if such a public library has converted to a library organized under The
Illinois Public Library District Act, regardless of whether such conversion
has occurred on, after or before January 1, 1988, such proportionate share
shall be immediately paid over to the library district which maintains and
operates the library. However, any library that has converted prior to
January 1, 1988, and which hitherto has not received the personal property
tax replacement funds, shall receive such funds commencing on January 1,

Any township which receives an allocation based in whole or in
part on personal property taxes which it levied pursuant to Section 1c of
the Public Graveyards Act and which taxes were previously required to be paid over to or used for such public cemetery or cemeteries shall immediately pay over to or use for such public cemetery or cemeteries a proportionate share of the personal property tax replacement funds which the township receives.

Any taxing district which receives an allocation based in whole or in part upon personal property taxes which it levied for another governmental body or school district in Cook County in 1976 or for another governmental body or school district in the remainder of the State in 1977 shall immediately pay over to that governmental body or school district the amount of personal property replacement funds which such governmental body or school district would receive directly under the provisions of paragraph (2) of this Section, had it levied its own taxes.

(1) The portion of the Personal Property Tax Replacement Fund required to be distributed as of the time allocation is required to be made shall be the amount available in such Fund as of the time allocation is required to be made.

The amount available for distribution shall be the total amount in the fund at such time minus the necessary administrative and other authorized expenses as limited by the appropriation and the amount determined by: (a) $2.8 million for fiscal year 1981; (b) for fiscal year 1982, .54% of the funds distributed from the fund during the preceding fiscal year; (c) for fiscal year 1983 through fiscal year 1988, .54% of the funds distributed from the fund during the preceding fiscal year less .02% of such fund for fiscal year 1983 and less .02% of such funds for each fiscal year thereafter; (d) for fiscal year 1989 through fiscal year 2011 no more than 105% of the actual administrative expenses of the prior fiscal year; (e) for fiscal year 2012 and beyond, a sufficient amount to pay (i) stipends, additional compensation, salary reimbursements, and other amounts directed to be paid out of this Fund for local officials as authorized or required by statute and (ii) the ordinary and contingent expenses of the Property Tax Appeal Board and the expenses of the Department of Revenue incurred in administering the collection and distribution of moneys paid into the Fund; (f) for fiscal years 2012 and 2013 only, a sufficient amount to pay stipends, additional compensation, salary reimbursements, and other amounts directed to be paid out of this Fund for regional offices and officials as authorized or required by statute; or (g) for
fiscal years 2018 through 2021 only, a sufficient amount to pay amounts directed to be paid out of this Fund for public community college base operating grants and local health protection grants to certified local health departments as authorized or required by appropriation or statute. Such portion of the fund shall be determined after the transfer into the General Revenue Fund due to refunds, if any, paid from the General Revenue Fund during the preceding quarter. If at any time, for any reason, there is insufficient amount in the Personal Property Tax Replacement Fund for payments for regional offices and officials or local officials or payment of costs of administration or for transfers due to refunds at the end of any particular month, the amount of such insufficiency shall be carried over for the purposes of payments for regional offices and officials, local officials, transfers into the General Revenue Fund, and costs of administration to the following month or months. The Personal Property Replacement Ratio of each taxing district outside Cook County shall be the ratio which the Tax Base of that taxing district bears to the Downstate Tax Base. accuracy and completeness the personal property tax collections for each taxing district within Cook County for the 1976 tax year.

For all purposes of this Section 12, amounts paid to a taxing district for such tax years as may be applicable by a foreign corporation under the provisions of Section 7-202 of the Public Utilities Act, as amended, shall be deemed to be personal property taxes collected by such taxing district for such tax years as may be applicable. The Director shall determine from the Illinois Commerce Commission, for any tax year as may be applicable, the amounts so paid by any such foreign corporation to any and all taxing districts. The Illinois Commerce Commission shall furnish such information to the Director. For all purposes of this Section 12, the Director shall deem such amounts to be collected personal property taxes of each such taxing district for the applicable tax year or years.

Taxing districts located both in Cook County and in one or more other counties shall receive both a Cook County allocation and a Downstate allocation determined in the same way as all other taxing districts.

If any taxing district in existence on July 1, 1979 ceases to exist, or discontinues its operations, its Tax Base shall thereafter be deemed to be zero. If the powers, duties and obligations of the discontinued taxing district are assumed by another taxing district, the Tax Base of the discontinued taxing district shall be added to the Tax Base of the taxing district assuming such powers, duties and obligations.

If two or more taxing districts in existence on July 1, 1979, or a successor or successors thereto shall consolidate into one taxing district, the Tax Base of such consolidated taxing district shall be the sum of the Tax Bases of each of the taxing districts which have consolidated.

If a single taxing district in existence on July 1, 1979, or a successor or successors thereto shall be divided into two or more separate taxing districts, the tax base of the taxing district so divided shall be allocated to each of the resulting taxing districts in proportion to the then current equalized assessed value of each resulting taxing district.

If a portion of the territory of a taxing district is disconnected and annexed to another taxing district of the same type, the Tax Base of the taxing district from which disconnection was made shall be reduced in proportion to the then current equalized assessed value of the disconnected territory as compared with the then current equalized assessed value within the entire territory of the taxing district prior to disconnection, and the

amount of such reduction shall be added to the Tax Base of the taxing
district to which annexation is made.

If a community college district is created after July 1, 1979,
beginning on January 1, 1996 (the effective date of Public Act 89-327)
this amendatory Act of 1995, its Tax Base shall be 3.5% of the sum of the
personal property tax collected for the 1977 tax year within the territorial
jurisdiction of the district.

The amounts allocated and paid to taxing districts pursuant to the
provisions of Public Act 81-1st Special Session-1 this amendatory Act of
1979 shall be deemed to be substitute revenues for the revenues derived
from taxes imposed on personal property pursuant to the provisions of the
"Revenue Act of 1939" or "An Act for the assessment and taxation of
private car line companies", approved July 22, 1943, as amended, or
Section 414 of the Illinois Insurance Code, prior to the abolition of such
taxes and shall be used for the same purposes as the revenues derived from
ad valorem taxes on real estate.

Monies received by any taxing districts from the Personal Property
Tax Replacement Fund shall be first applied toward payment of the
proportionate amount of debt service which was previously levied and
collected from extensions against personal property on bonds outstanding
as of December 31, 1978 and next applied toward payment of the
proportionate share of the pension or retirement obligations of the taxing
district which were previously levied and collected from extensions
against personal property. For each such outstanding bond issue, the
County Clerk shall determine the percentage of the debt service which was
collected from extensions against real estate in the taxing district for 1978
taxes payable in 1979, as related to the total amount of such levies and
collections from extensions against both real and personal property. For
1979 and subsequent years' taxes, the County Clerk shall levy and extend
taxes against the real estate of each taxing district which will yield the said
percentage or percentages of the debt service on such outstanding bonds.
The balance of the amount necessary to fully pay such debt service shall
constitute a first and prior lien upon the monies received by each such
taxing district through the Personal Property Tax Replacement Fund and
shall be first applied or set aside for such purpose. In counties having
fewer than 3,000,000 inhabitants, the amendments to this paragraph as
made by Public Act 81-1255 this amendatory Act of 1980 shall be first
applicable to 1980 taxes to be collected in 1981.

The Department shall designate the sections of the State for Agricultural Education Fairs. These fairs shall participate in an appropriation at a rate designated by the Bureau that is in compliance with the current year's appropriation for each section holding an Agricultural Education Section Fair or Fairs during the current year.

Such monies are to be paid as premiums awarded to agricultural education students exhibiting livestock or agricultural products at the fair or fairs in the section in which the student resides. No premium shall be duplicated for any particular exhibition of livestock or agricultural products in the fair or fairs held in any one section.

Within 30 days after the close of the fair, a section fair manager as designated by the Department shall certify to the Department under oath on forms furnished by the Department a detailed report of premium awards showing all premiums awarded to agricultural education students at that fair. Warrants shall be issued by the State Comptroller payable to the agricultural education teacher or teachers on vouchers certified by the Department.

If after all approved claims are paid there remains any amount of the appropriation, the remaining portion shall be distributed equally among the participating agricultural education section fairs to be expended for the purposes set forth in this Section. A fiscal accounting of the expenditure of funds distributed under this paragraph shall be filed with the Department by each participating fair not later than one year after the date of its receipt of such funds.

For State fiscal year 2020 only, any section unable to hold an Agricultural Education Section Fair or Fairs shall receive all funds appropriated, at the rate designated by the Bureau of County Fairs, for the purpose of issuing premiums awarded to agricultural education students. Warrants shall be issued by the State Comptroller payable to the agricultural education teacher or teachers on vouchers certified by the Department.

Net revenue realized for a month shall be the revenue collected by the State pursuant to such Acts during the previous month from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of a participant, less the amount paid out during that same month as refunds or credit memoranda to taxpayers for overpayment of liability under such Acts for the benefit of any municipality or county located wholly within the boundaries of a participant.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23), those amounts required under this subsection (a) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

Section 15-10. The Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax

remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;

New matter indicated by italics - deletions by strikeout
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

Each retailer required or authorized to collect the tax imposed by this Act on aviation fuel sold at retail in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, retailers collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, retailers subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of
the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next
following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate

that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess

payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each
such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or

satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois

certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return.

upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government and (ii) aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on

The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuels Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the

total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any

fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Capital Projects Fund, the Clean Air Act Permit Fund, the Build Illinois Fund, and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, for aviation fuel sold on or after December 1, 2019, the Department shall each month deposit into the Aviation Fuel Sales Tax Refund Fund an amount estimated by the Department to be required for refunds of the 80% portion of the tax on aviation fuel under this Act. The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July
1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Section 15-15. The Service Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for

the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and

6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax imposed by this Act on aviation fuel transferred as an incident of a sale of service in this State during the preceding calendar month shall, instead of reporting and paying tax on aviation fuel as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen collecting tax on aviation fuel shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department. For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer

who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a

final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than (i) tangible personal property which is purchased outside Illinois at retail from a retailer and which is

only applies for so long as the revenue use requirements of 49 U.S.C.
47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month
the Department shall pay into the State Aviation Program Fund 20% of the
net revenue realized for the preceding month from the 6.25% general rate
on the selling price of aviation fuel, less an amount estimated by the
Department to be required for refunds of the 20% portion of the tax on
aviation fuel under this Act, which amount shall be deposited into the
Aviation Fuel Sales Tax Refund Fund. The Department shall only pay
moneys into the State Aviation Program Fund and the Aviation Fuel Sales
Tax Refund Fund under this Act for so long as the revenue use
requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on
the State.

Beginning August 1, 2000, each month the Department shall pay
into the State and Local Sales Tax Reform Fund 100% of the net revenue
realized for the preceding month from the 1.25% rate on the selling price
of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay
into the Capital Projects Fund an amount that is equal to an amount
estimated by the Department to represent 80% of the net revenue realized
for the preceding month from the sale of candy, grooming and hygiene
products, and soft drinks that had been taxed at a rate of 1% prior to
September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into
the Underground Storage Tank Fund from the proceeds collected under
this Act, the Use Tax Act, the Service Occupation Tax Act, and the
Retailers' Occupation Tax Act an amount equal to the average monthly
deficit in the Underground Storage Tank Fund during the prior year, as
certified annually by the Illinois Environmental Protection Agency, but the
total payment into the Underground Storage Tank Fund under this Act, the
Use Tax Act, the Service Occupation Tax Act, and the Retailers'
Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year.
As used in this paragraph, the "average monthly deficit" shall be equal to
the difference between the average monthly claims for payment by the
fund and the average monthly revenues deposited into the fund, excluding
payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture,
for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Section 15-20. The Service Occupation Tax Act is amended by changing Section 9 as follows:

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;

5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

Each serviceman required or authorized to collect the tax herein imposed on aviation fuel acquired as an incident to the purchase of a service in this State during the preceding calendar month shall, instead of reporting and paying tax as otherwise required by this Section, report and pay such tax on a separate aviation fuel tax return. The requirements related to the return shall be as otherwise provided in this Section. Notwithstanding any other provisions of this Act to the contrary, servicemen transferring aviation fuel incident to sales of service shall file all aviation fuel tax returns and shall make all aviation fuel tax payments by electronic means in the manner and form required by the Department.

New matter indicated by italics - deletions by strikeout
For purposes of this Section, "aviation fuel" means jet fuel and aviation gasoline.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Notwithstanding any other provision of this Act to the contrary, servicemen subject to tax on cannabis shall file all cannabis tax returns and shall make all cannabis tax payments by electronic means in the manner and form required by the Department.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed after

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.
All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. Of the remainder of the moneys received by the Department pursuant to this Act, 75% shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.
In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.
The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this
procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore

included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount under this Section is not allowed for the 1.25% portion of taxes paid on aviation fuel that is subject to the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly

tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the

Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status.

On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d

of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to September 1, 1985 (the effective date of Public Act 84-221), each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the
final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax imposed under this Act.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property other than aviation fuel sold on or after December 1, 2019. This exception for aviation fuel only applies for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

For aviation fuel sold on or after December 1, 2019, each month the Department shall pay into the State Aviation Program Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of aviation fuel, less an amount estimated by the Department to be required for refunds of the 20% portion of the tax on aviation fuel under this Act, which amount shall be deposited into the Aviation Fuel Sales Tax Refund Fund. The Department shall only pay moneys into the State Aviation Program Fund and the Aviation Fuel Sales Tax Refund Fund under this Act for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax

of (1) the Tax Act Amount required to be deposited into the Build Illinois
Bond Account in the Build Illinois Fund during such month and (2) the
amount transferred to the Build Illinois Fund from the State and Local
Sales Tax Reform Fund shall have been less than 1/12 of the Annual

event shall the payments required under the preceding proviso result in
aggregate payments into the Build Illinois Fund pursuant to this clause (b)
for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii)
the Annual Specified Amount for such fiscal year. The amounts payable
into the Build Illinois Fund under clause (b) of the first sentence in this
paragraph shall be payable only until such time as the aggregate amount on
deposit under each trust indenture securing Bonds issued and outstanding
pursuant to the Build Illinois Bond Act is sufficient, taking into account
any future investment income, to fully provide, in accordance with such
indenture, for the defeasance of or the payment of the principal of,

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Section 13.2 of the
Metropolitan Pier and
Exposition Authority Act,
but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year
thereafter, one-eighth of the amount requested in the certificate of the
Chairman of the Metropolitan Pier and Exposition Authority for that fiscal
year, less the amount deposited into the McCormick Place Expansion
Project Fund by the State Treasurer in the respective month under
subsection (g) of Section 13 of the Metropolitan Pier and Exposition
Authority Act, plus cumulative deficiencies in the deposits required under
this Section for previous months and years, shall be deposited into the
McCormick Place Expansion Project Fund, until the full amount requested
for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Capital Projects Fund, the Clean Air Act Permit Fund, the Build Illinois Fund, and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, for aviation fuel sold on or after December 1, 2019, the Department shall each month deposit into the Aviation Fuel Sales Tax Refund Fund an amount estimated by the Department to be required for refunds of the 80% portion of the tax on aviation fuel under this Act. The Department shall only deposit moneys into the Aviation Fuel Sales Tax Refund Fund under this paragraph for so long as the revenue use requirements of 49 U.S.C. 47107(b) and 49 U.S.C. 47133 are binding on the State.

Beginning July 1, 2023 and until July 1, 2024, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 48% of the net revenue realized from the taxes imposed on motor fuel and gasohol. Beginning July 1, 2024 and until July 1, 2025, subject to the payment of amounts into the County and Mass Transit District Fund, the Local Government Tax Fund, the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, the Department shall pay each month into the Road Fund the amount estimated to represent 64% of the net revenue realized from the taxes imposed on motor fuel and gasohol. As used in this paragraph "motor fuel" has the meaning given to that term in Section 1.1 of the Motor Fuel Tax Act, and "gasohol" has the meaning given to that term in Section 3-40 of the Use Tax Act.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.
The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of
the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Sec. 13. (a) The Authority shall not have power to levy taxes for any purpose, except as provided in subsections (b), (c), (d), (e), and (f).

(b) By ordinance the Authority shall, as soon as practicable after July 1, 1992 (the effective date of Public Act 87-733), impose a Metropolitan Pier and Exposition Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail within the territory described in this subsection at the rate of 1.0% of the gross receipts (i) from the sale of food, alcoholic beverages, and soft drinks sold for consumption on the premises where sold and (ii) from the sale of food, alcoholic beverages, and soft drinks sold for consumption off the premises where sold by a retailer whose principal source of gross receipts is from the sale of food, alcoholic beverages, and soft drinks prepared for immediate consumption.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and shall employ the same modes of procedure applicable to this Retailers' Occupation Tax as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions of those Sections other than the State rate of taxes), 2c, 2h, 2i, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and, until January 1, 1994, 13.5 of the Retailers' Occupation Tax Act, and, on and after January 1, 1994, all applicable provisions of the Uniform Penalty and Interest Act that are not inconsistent with this Act, as fully as if provisions contained in those Sections of the Retailers' Occupation Tax Act were set forth in this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, pursuant to bracket schedules as the Department may prescribe. The retailer filing the return shall, at the time of filing the return, pay to the Department the amount of tax imposed under this subsection, less a discount of 1.75%, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Nothing in this subsection authorizes the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under
this subsection for deposit into a trust fund held outside of the State Treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts, not including credit memoranda, collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for the payment of refunds, less 1.5% of such balance, which sum shall be deposited by the State Treasurer into the Tax Compliance and Administration Fund in the State Treasury from which it shall be appropriated to the Department to cover the costs of the Department in administering and enforcing the provisions of this subsection, and less any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the certification, the Comptroller shall cause the orders to be drawn for the remaining amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certificate of registration issued by the Illinois Department of Revenue to a retailer under the Retailers' Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under this subsection, and no additional registration shall be required under the ordinance imposing the tax or under this subsection.

A certified copy of any ordinance imposing or discontinuing any tax under this subsection or effecting a change in the rate of that tax shall be filed with the Department, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

The tax authorized to be levied under this subsection may be levied within all or any part of the following described portions of the metropolitan area:

The Authority may enter into agreements as it deems appropriate with any governmental agency providing for that agency to act as the Authority's agent to collect the tax.

The reserve account amount shall be set aside in the trust fund and used as a reserve to be transferred to the McCormick Place Expansion Project Fund in the event the proceeds of taxes imposed under this Section 13 are not sufficient to fund the transfer required in subparagraph (2). "Post-2010 deficiency amount" means any deficiency in transfers from the trust fund to the McCormick Place Expansion Project Fund with respect to fiscal years 2011 and thereafter. It is the intention of this subparagraph (3) that no surplus revenues shall be paid to the Authority with respect to any year in which a post-2010 deficiency amount has not been satisfied by the Authority.

In addition, the State pledges to and agrees with the holders of the bonds of the Authority issued under this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in this Act or the use of those funds so as to impair the terms of any such contract; provided that any increase in the Tax Act Amounts specified in Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund pursuant to any law hereafter enacted shall not be deemed to impair the terms of any such contract so long as the increase does not result in the aggregate debt service payable in the current or any future fiscal year of the State on all bonds issued pursuant to the Build Illinois Bond Act and the Metropolitan Pier and Exposition Authority Act and payable from tax revenues specified in Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act exceeding 33 1/3% of such tax revenues for the most recently completed fiscal year of the State at the time of such increase. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, or facilities licensed by the Department of Public Health under the Specialized Mental Health Rehabilitation Act of 2013, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, whichever is later, the Illinois Department may by rule adjust these socio-development component rates, and may use different adjustment methodologies for those facilities participating, and those not participating, in the Illinois Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois

Administrative Code, but in no case may such rates be diminished below those in effect on August 1, 2008.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 95th General Assembly shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least $4,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section, "exceptional needs" means, but need not be limited to, ventilator care and traumatic brain injury care. The enhanced payments for exceptional need residents under this paragraph are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Beginning January 1, 2014 the methodologies for reimbursement of nursing facility services as provided under this Section 5-5.4 shall no longer be applicable for services provided on or after January 1, 2014.

No payment increase under this Section for the MDS methodology, exceptional care residents, or the socio-development component rate established by Public Act 96-1530 of the 96th General Assembly and funded by the assessment imposed under Section 5B-2 of this Code shall
be due and payable until after the Department notifies the long-term care providers, in writing, that the payment methodologies to long-term care providers required under this Section have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waivers under 42 CFR 433.68 for the assessment imposed by this Section, if necessary, have been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services. Upon notification to the Department of approval of the payment methodologies required under this Section and the waivers granted under 42 CFR 433.68, all increased payments otherwise due under this Section prior to the date of notification shall be due and payable within 90 days of the date federal approval is received.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect for services delivered on or after August 1, 2019 shall be increased by 3.5% over the rates in effect on June 30, 2019. The Department shall adopt rules, including emergency rules under subsection (ii) of Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

For facilities licensed by the Department of Public Health under the ID/DD Community Care Act as ID/DD Facilities and under the MC/DD Act as MC/DD Facilities, subject to federal approval, the rates taking effect on the latter of the approval date of the State Plan Amendment for these facilities or the Waiver Amendment for the home and community-based services settings shall include an increase sufficient to provide a $0.26 per hour wage increase to the base wage for non-executive staff. The Department shall adopt rules, including emergency rules as authorized by Section 5-45 of the Illinois Administrative Procedure Act, to implement the provisions of this Section, including wage increases for direct care staff.

(a) The assessment payable pursuant to Section 5H-3 shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on the first State business day of each month.

(b) If the approval of the waivers required under Section 5H-2 is delayed beyond the start of State fiscal year 2020, then the first installment shall be due on the first business day of the first month that begins more than 15 days after the date of such approval. In the event approval results in installments beginning after July 1, 2019, the amount of each installment for that fiscal year shall equal the full amount of the annual assessment divided by the number of payments that will be paid in fiscal year 2020.

(c) The Department shall notify each managed care organization of its annual fiscal year 2020 assessment and the installment due dates no later than 30 days prior to the first installment due date and the annual assessment and due dates for each subsequent year at least 30 days prior to the start of each fiscal year.

Sec. 12-4.53. Prospective Payment System (PPS) rates. Effective January 1, 2021, and subsequent years, based on specific appropriation, the Prospective Payment System (PPS) rates for FQHCs shall be increased based on the cost principles found at 45 Code of Federal Regulations Part 75 or its successor. Such rates shall be increased by using any of the following methods: reducing the current minimum productivity and efficiency standards no lower than 3500 encounters per FTE physician; increasing the statewide median cost cap from 105% to 120%, or a one-time re-basing of rates utilizing 2018 FQHC cost reports.

Section 30-10. The Energy Assistance Act is amended by changing Sections 6 and 18 as follows:

(305 ILCS 20/6) (from Ch. 111 2/3, par. 1406)

Sec. 6. Eligibility, Conditions of Participation, and Energy Assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget; except that for the period from the effective date of this amendatory Act of the 101st General Assembly through ending June 30, 2013, the Department may not establish limits not higher than 200% of that poverty level or the maximum level provided for by federal guidelines.

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly and subject to availability of funds to the Department, receive energy assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to

approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes and that elderly households and households with persons with disabilities are offered a priority application period.

(c) If the applicant is not a customer of record of an energy provider for energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(c-1) This subsection shall apply only in cases where: (1) the applicant is not a customer of record of an energy provider because energy services are provided by the owner of the unit as a portion of the rent; (2) the applicant resides in housing subsidized or developed with funds provided under the Rental Housing Support Program Act or under a similar locally funded rent subsidy program, or is the voucher holder who resides in a rental unit within the State of Illinois and whose monthly rent is subsidized by the tenant-based Housing Choice Voucher Program under Section 8 of the U.S. Housing Act of 1937; and (3) the rental expenses for housing are no more than 30% of household income. In such cases, the household may apply for an energy assistance payment under this Act and the owner of the housing unit shall cooperate with the applicant by providing documentation of the energy costs for that unit. Any compensation paid to the energy provider who supplied energy services to the household shall be paid on behalf of the owner of the housing unit providing energy services to the household. The Department shall report annually to the General Assembly on the number of households receiving energy assistance under this subsection and the cost of such assistance. The provisions of this subsection (c-1), other than this sentence, are inoperative after August 31, 2012.

(d) If the applicant is a customer of an energy provider, such applicant shall receive energy assistance in an amount established by the Department for all such applicants under this Act, such amount to be paid by the Department to the energy provider supplying winter energy service to such applicant. Such applicant shall:

New matter indicated by italics - deletions by strikeout
(i) make all reasonable efforts to apply to any other appropriate source of public energy assistance; and
(ii) sign a waiver permitting the Department to receive income information from any public or private agency providing income or energy assistance and from any employer, whether public or private.
(e) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.
(f) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:
   (i) for the reduction of past due amounts owed to energy providers; and
   (ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits.

Sec. 18. Financial assistance; payment plans.
(a) The Percentage of Income Payment Plan (PIPP or PIP Plan) is hereby created as a mandatory bill payment assistance program for low-income residential customers of utilities serving more than 100,000 retail customers as of January 1, 2009. The PIP Plan will:
   (1) bring participants' gas and electric bills into the range of affordability;
   (2) provide incentives for participants to make timely payments;
   (3) encourage participants to reduce usage and participate in conservation and energy efficiency measures that reduce the customer's bill and payment requirements; and
   (4) identify participants whose homes are most in need of weatherization.
(b) For purposes of this Section:
   (1) "LIHEAP" means the energy assistance program established under the Illinois Energy Assistance Act and the Low-Income Home Energy Assistance Act of 1981.

New matter indicated by italics - deletions by strikeout
(2) "Plan participant" is an eligible participant who is also eligible for the PIPP and who will receive either a percentage of income payment credit under the PIPP criteria set forth in this Act or a benefit pursuant to Section 4 of this Act. Plan participants are a subset of eligible participants.

(3) "Pre-program arrears" means the amount a plan participant owes for gas or electric service at the time the participant is determined to be eligible for the PIPP or the program set forth in Section 4 of this Act.

(4) "Eligible participant" means any person who has applied for, been accepted and is receiving residential service from a gas or electric utility and who is also eligible for LIHEAP.

(c) The PIP Plan shall be administered as follows:

(1) The Department shall coordinate with Local Administrative Agencies (LAAs), to determine eligibility for the Illinois Low Income Home Energy Assistance Program (LIHEAP) pursuant to the Energy Assistance Act, provided that eligible income shall be no more than 150% of the poverty level, except that for the period from the effective date of this amendatory Act of the 101st General Assembly through June 30, 2021, eligible income shall be no more than 200% of the poverty level. Applicants will be screened to determine whether the applicant's projected payments for electric service or natural gas service over a 12-month period exceed the criteria established in this Section. To maintain the financial integrity of the program, the Department may limit eligibility to households with income below 125% of the poverty level.

(2) The Department shall establish the percentage of income formula to determine the amount of a monthly credit, not to exceed $150 per month per household, not to exceed $1,800 annually; however, for the period from the effective date of this amendatory Act of the 101st General Assembly through June 30, 2021, the monthly credit for participants with eligible income over 100% of the poverty level may be as much as $200 per month per household, not to exceed $2,400 annually, and, the monthly credit for participants with eligible income 100% or less of the poverty level may be as much as $250 per month per household, not to exceed $3,000 annually. Credits that will be applied to PIP Plan participants' utility bills based on the portion of the bill that is the
responsibility of the participant provided that the percentage shall be no more than a total of 6% of the relevant income for gas and electric utility bills combined, but in any event no less than $10 per month, unless the household does not pay directly for heat, in which case its payment shall be 2.4% of income but in any event no less than $5 per month. The Department may establish a minimum credit amount based on the cost of administering the program and may deny credits to otherwise eligible participants if the cost of administering the credit exceeds the actual amount of any monthly credit to a participant. If the participant takes both gas and electric service, 66.67% of the credit shall be allocated to the entity that provides the participant's primary energy supply for heating. Each participant shall enter into a levelized payment plan for, as applicable, gas and electric service and such plans shall be implemented by the utility so that a participant's usage and required payments are reviewed and adjusted regularly, but no more frequently than quarterly. Nothing in this Section is intended to prohibit a customer, who is otherwise eligible for LIHEAP, from participating in the program described in Section 4 of this Act. Eligible participants who receive such a benefit shall be considered plan participants and shall be eligible to participate in the Arrearage Reduction Program described in item (5) of this subsection (c).

(3) The Department shall remit, through the LAAs, to the utility or participating alternative supplier that portion of the plan participant's bill that is not the responsibility of the participant. In the event that the Department fails to timely remit payment to the utility, the utility shall be entitled to recover all costs related to such nonpayment through the automatic adjustment clause tariffs established pursuant to Section 16-111.8 and Section 19-145 of the Public Utilities Act. For purposes of this item (3) of this subsection (c), payment is due on the date specified on the participant's bill. The Department, the Department of Revenue and LAAs shall adopt processes that provide for the timely payment required by this item (3) of this subsection (c).

(4) A plan participant is responsible for all actual charges for utility service in excess of the PIPP credit. Pre-program arrears that are included in the Arrearage Reduction Program described in item (5) of this subsection (c) shall not be included in the

New matter indicated by italics - deletions by strikeout
calculation of the levelized payment plan. Emergency or crisis assistance payments shall not affect the amount of any PIPP credit to which a participant is entitled.

(5) Electric and gas utilities subject to this Section shall implement an Arrearage Reduction Program (ARP) for plan participants as follows: for each month that a plan participant timely pays his or her utility bill, the utility shall apply a credit to a portion of the participant's pre-program arrears, if any, equal to one-twelfth of such arrearage provided that the total amount of arrearage credits shall equal no more than $1,000 annually for each participant for gas and no more than $1,000 annually for each participant for electricity. In the third year of the PIPP, the Department, in consultation with the Policy Advisory Council established pursuant to Section 5 of this Act, shall determine by rule an appropriate per participant total cap on such amounts, if any. Those plan participants participating in the ARP shall not be subject to the imposition of any additional late payment fees on pre-program arrears covered by the ARP. In all other respects, the utility shall bill and collect the monthly bill of a plan participant pursuant to the same rules, regulations, programs and policies as applicable to residential customers generally. Participation in the Arrearage Reduction Program shall be limited to the maximum amount of funds available as set forth in subsection (f) of Section 13 of this Act. In the event any donated funds under Section 13 of this Act are specifically designated for the purpose of funding the ARP, the Department shall remit such amounts to the utilities upon verification that such funds are needed to fund the ARP. Nothing in this Section shall preclude a utility from continuing to implement, and apply credits under, an ARP in the event that the PIPP or LIHEAP is suspended due to lack of funding such that the plan participant does not receive a benefit under either the PIPP or LIHEAP.

(5.5) In addition to the ARP described in paragraph (5) of this subsection (c), utilities may also implement a Supplemental Arrearage Reduction Program (SARP) for eligible participants who are not able to become plan participants due to PIPP timing or funding constraints. If a utility elects to implement a SARP, it shall be administered as follows: for each month that a SARP participant timely pays his or her utility bill, the utility shall apply a credit to a

New matter indicated by italics - deletions by strikeout
portion of the participant's pre-program arrears, if any, equal to one-twelfth of such arrearage, provided that the utility may limit the total amount of arrearage credits to no more than $1,000 annually for each participant for gas and no more than $1,000 annually for each participant for electricity. SARP participants shall not be subject to the imposition of any additional late payment fees on pre-program arrears covered by the SARP. In all other respects, the utility shall bill and collect the monthly bill of a SARP participant under the same rules, regulations, programs, and policies as applicable to residential customers generally. Participation in the SARP shall be limited to the maximum amount of funds available as set forth in subsection (f) of Section 13 of this Act. In the event any donated funds under Section 13 of this Act are specifically designated for the purpose of funding the SARP, the Department shall remit such amounts to the utilities upon verification that such funds are needed to fund the SARP.

(6) The Department may terminate a plan participant's eligibility for the PIP Plan upon notification by the utility that the participant's monthly utility payment is more than 45 days past due.

(7) The Department, in consultation with the Policy Advisory Council, may adjust the number of PIP Plan participants annually, if necessary, to match the availability of funds. Any plan participant who qualifies for a PIPP credit under a utility's PIPP shall be entitled to participate in and receive a credit under such utility's ARP for so long as such utility has ARP funds available, regardless of whether the customer's participation under another utility's PIPP or ARP has been curtailed or limited because of a lack of funds.

(8) The Department shall fully implement the PIPP at the earliest possible date it is able to effectively administer the PIPP. Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department shall, in consultation with utility companies, participating alternative suppliers, LAAs and the Illinois Commerce Commission (Commission), issue a detailed implementation plan which shall include detailed testing protocols and analysis of the capacity for implementation by the LAAs and utilities. Such consultation process also shall address how to implement the PIPP in the most cost-effective and timely manner, and shall identify opportunities for relying on the expertise of

New matter indicated by italics - deletions by strikeout
utilities, LAAs and the Commission. Following the implementation of the testing protocols, the Department shall issue a written report on the feasibility of full or gradual implementation. The PIPP shall be fully implemented by September 1, 2011, but may be phased in prior to that date.

(9) As part of the screening process established under item (1) of this subsection (c), the Department and LAAs shall assess whether any energy efficiency or demand response measures are available to the plan participant at no cost, and if so, the participant shall enroll in any such program for which he or she is eligible. The LAAs shall assist the participant in the applicable enrollment or application process.

(10) Each alternative retail electric and gas supplier serving residential customers shall elect whether to participate in the PIPP or ARP described in this Section. Any such supplier electing to participate in the PIPP shall provide to the Department such information as the Department may require, including, without limitation, information sufficient for the Department to determine the proportionate allocation of credits between the alternative supplier and the utility. If a utility in whose service territory an alternative supplier serves customers contributes money to the ARP fund which is not recovered from ratepayers, then an alternative supplier which participates in ARP in that utility’s service territory shall also contribute to the ARP fund in an amount that is commensurate with the number of alternative supplier customers who elect to participate in the program.

(d) The Department, in consultation with the Policy Advisory Council, shall develop and implement a program to educate customers about the PIP Plan and about their rights and responsibilities under the percentage of income component. The Department, in consultation with the Policy Advisory Council, shall establish a process that LAAs shall use to contact customers in jeopardy of losing eligibility due to late payments. The Department shall ensure that LAAs are adequately funded to perform all necessary educational tasks.

(e) The PIPP shall be administered in a manner which ensures that credits to plan participants will not be counted as income or as a resource in other means-tested assistance programs for low-income households or otherwise result in the loss of federal or State assistance dollars for low-income households.

New matter indicated by italics - deletions by strikeout
(f) In order to ensure that implementation costs are minimized, the Department and utilities shall work together to identify cost-effective ways to transfer information electronically and to employ available protocols that will minimize their respective administrative costs as follows:

(1) The Commission may require utilities to provide such information on customer usage and billing and payment information as required by the Department to implement the PIP Plan and to provide written notices and communications to plan participants.

(2) Each utility and participating alternative supplier shall file annual reports with the Department and the Commission that cumulatively summarize and update program information as required by the Commission's rules. The reports shall track implementation costs and contain such information as is necessary to evaluate the success of the PIPP.

(3) The Department and the Commission shall have the authority to promulgate rules and regulations necessary to execute and administer the provisions of this Section.

(g) Each utility shall be entitled to recover reasonable administrative and operational costs incurred to comply with this Section from the Supplemental Low Income Energy Assistance Fund. The utility may net such costs against monies it would otherwise remit to the Funds, and each utility shall include in the annual report required under subsection (f) of this Section an accounting for the funds collected.

Waste Management Act shall be deposited into the General Revenue Fund.

(b) The Agency shall assess and collect a fee in the amount set forth herein from the owner or operator of each sanitary landfill permitted or required to be permitted by the Agency to dispose of solid waste if the sanitary landfill is located off the site where such waste was produced and if such sanitary landfill is owned, controlled, and operated by a person other than the generator of such waste. The Agency shall deposit all fees collected into the Solid Waste Management Fund. If a site is contiguous to one or more landfills owned or operated by the same person, the volumes permanently disposed of by each landfill shall be combined for purposes of determining the fee under this subsection. Beginning on July 1, 2018, and on the first day of each month thereafter during fiscal years 2019 through 2021 and 2020, the State Comptroller shall direct and State Treasurer shall transfer an amount equal to 1/12 of $5,000,000 per fiscal year from the Solid Waste Management Fund to the General Revenue Fund.

(1) If more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall either pay a fee of 95 cents per cubic yard or, alternatively, the owner or operator may weigh the quantity of the solid waste permanently disposed of with a device for which certification has been obtained under the Weights and Measures Act and pay a fee of $2.00 per ton of solid waste permanently disposed of. In no case shall the fee collected or paid by the owner or operator under this paragraph exceed $1.55 per cubic yard or $3.27 per ton.

(2) If more than 100,000 cubic yards but not more than 150,000 cubic yards of non-hazardous waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $52,630.

(3) If more than 50,000 cubic yards but not more than 100,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $23,790.

(4) If more than 10,000 cubic yards but not more than 50,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $7,260.

(5) If not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $1050.

(c) (Blank).

(d) The Agency shall establish rules relating to the collection of the fees authorized by this Section. Such rules shall include, but not be limited to:

(1) necessary records identifying the quantities of solid waste received or disposed;
(2) the form and submission of reports to accompany the payment of fees to the Agency;
(3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly; and
(4) procedures setting forth criteria establishing when an owner or operator may measure by weight or volume during any given quarter or other fee payment period.

(e) Pursuant to appropriation, all monies in the Solid Waste Management Fund shall be used by the Agency and the Department of Commerce and Economic Opportunity for the purposes set forth in this Section and in the Illinois Solid Waste Management Act, including for the costs of fee collection and administration, and for the administration of (1) the Consumer Electronics Recycling Act and (2) until January 1, 2020, the Electronic Products Recycling and Reuse Act.

(f) The Agency is authorized to enter into such agreements and to promulgate such rules as are necessary to carry out its duties under this Section and the Illinois Solid Waste Management Act.

(g) On the first day of January, April, July, and October of each year, beginning on July 1, 1996, the State Comptroller and Treasurer shall transfer $500,000 from the Solid Waste Management Fund to the Hazardous Waste Fund. Moneys transferred under this subsection (g) shall be used only for the purposes set forth in item (1) of subsection (d) of Section 22.2.

(h) The Agency is authorized to provide financial assistance to units of local government for the performance of inspecting, investigating and enforcement activities pursuant to Section 4(r) at nonhazardous solid waste disposal sites.

(i) The Agency is authorized to conduct household waste collection and disposal programs.
(j) A unit of local government, as defined in the Local Solid Waste Disposal Act, in which a solid waste disposal facility is located may establish a fee, tax, or surcharge with regard to the permanent disposal of solid waste. All fees, taxes, and surcharges collected under this subsection shall be utilized for solid waste management purposes, including long-term monitoring and maintenance of landfills, planning, implementation, inspection, enforcement and other activities consistent with the Solid Waste Management Act and the Local Solid Waste Disposal Act, or for any other environment-related purpose, including but not limited to an environment-related public works project, but not for the construction of a new pollution control facility other than a household hazardous waste facility. However, the total fee, tax or surcharge imposed by all units of local government under this subsection (j) upon the solid waste disposal facility shall not exceed:

(1) 60¢ per cubic yard if more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year, unless the owner or operator weighs the quantity of the solid waste received with a device for which certification has been obtained under the Weights and Measures Act, in which case the fee shall not exceed $1.27 per ton of solid waste permanently disposed of.

(2) $33,350 if more than 100,000 cubic yards, but not more than 150,000 cubic yards, of non-hazardous waste is permanently disposed of at the site in a calendar year.

(3) $15,500 if more than 50,000 cubic yards, but not more than 100,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(4) $4,650 if more than 10,000 cubic yards, but not more than 50,000 cubic yards, of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

(5) $650 if not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

The corporate authorities of the unit of local government may use proceeds from the fee, tax, or surcharge to reimburse a highway commissioner whose road district lies wholly or partially within the corporate limits of the unit of local government for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

If the fees are to be used to conduct a local sanitary landfill inspection or enforcement program, the unit of local government must enter into a written delegation agreement with the Agency pursuant to subsection (r) of Section 4. The unit of local government and the Agency shall enter into such a written delegation agreement within 60 days after the establishment of such fees. At least annually, the Agency shall conduct an audit of the expenditures made by units of local government from the funds granted by the Agency to the units of local government for purposes of local sanitary landfill inspection and enforcement programs, to ensure that the funds have been expended for the prescribed purposes under the grant.

The fees, taxes or surcharges collected under this subsection (j) shall be placed by the unit of local government in a separate fund, and the interest received on the moneys in the fund shall be credited to the fund. The monies in the fund may be accumulated over a period of years to be expended in accordance with this subsection.

A unit of local government, as defined in the Local Solid Waste Disposal Act, shall prepare and distribute to the Agency, in April of each year, a report that details spending plans for monies collected in accordance with this subsection. The report will at a minimum include the following:

(k) In accordance with the findings and purposes of the Illinois Solid Waste Management Act, beginning January 1, 1989 the fee under subsection (b) and the fee, tax or surcharge under subsection (j) shall not apply to:

1. waste which is hazardous waste;

5. any landfill which is permitted by the Agency to receive only demolition or construction debris or landscape waste.

Section 70-10. The Illinois Municipal Code is amended by changing Section 11-101-3 as follows:

(65 ILCS 5/11-101-3)
Sec. 11-101-3. Noise mitigation; air quality.

(a) A municipality that has implemented a Residential Sound Insulation Program to mitigate aircraft noise shall perform indoor air quality monitoring and laboratory analysis of windows and doors installed pursuant to the Residential Sound Insulation Program to determine whether there are any adverse health impacts associated with off-gassing from such windows and doors. Such monitoring and analysis shall be consistent with applicable professional and industry standards. The municipality shall make any final reports resulting from such monitoring and analysis available to the public on the municipality's website. The municipality shall develop a science-based mitigation plan to address significant health-related impacts, if any, associated with such windows and doors as determined by the results of the monitoring and analysis. In a municipality that has implemented a Residential Sound Insulation Program to mitigate aircraft noise, if requested by the homeowner pursuant to a process established by the municipality, which process shall include, at a minimum, notification in a newspaper of general circulation and a mailer sent to every address identified as a recipient of windows and doors installed under the Residential Sound Insulation Program, the municipality shall replace all windows and doors installed under the Residential Sound Insulation Program in such homes where one or more windows or doors have been found to have caused offensive odors. Only those homeowners who request that the municipality perform an odor inspection as prescribed by the process established by the municipality within 6 months of notification being published and mailers being sent shall be eligible for odorous window and odorous door replacement. Homes that have been identified by the municipality as having odorous windows or doors are not required to make said request to the municipality. The right to make a claim for replacement and have it considered pursuant to this Section shall not be affected by the fact of odor-related claims made or odor-related products received pursuant to the Residential Sound Insulation Program prior to June 5, 2019 (the effective date of this Section). The municipality shall also perform in-home air quality testing in residences in which windows and doors are replaced under this Section. In order to receive in-home air quality testing, a homeowner must request such testing from the municipality, and the total number of homes tested in any given year shall

not exceed 25% of the total number of homes in which windows and doors were replaced under this Section in the prior calendar year.

(b) An advisory committee shall be formed, composed of the following: (i) 2 members of the municipality who reside in homes that have received windows or doors pursuant to the Residential Sound Insulation Program and have been identified by the municipality as having odorous windows or doors, appointed by the Secretary of Transportation; (ii) one employee of the Aeronautics Division of the Department of Transportation; and (iii) 2 employees of the municipality that implemented the Residential Sound Insulation Program in question. The advisory committee shall determine by majority vote which homes contain windows or doors that cause offensive odors and thus are eligible for replacement, shall promulgate a list of such homes, and shall develop recommendations as to the order in which homes are to receive window replacement. The recommendations shall include reasonable and objective criteria for determining which windows or doors are odorous, consideration of the date of odor confirmation for prioritization, severity of odor, geography and individual hardship, and shall provide such recommendations to the municipality. The advisory committee shall comply with the requirements of the Open Meetings Act. The Chicago Department of Aviation shall provide administrative support to the commission. The municipality shall consider the recommendations of the committee but shall retain final decision-making authority over replacement of windows and doors installed under the Residential Sound Insulation Program, and shall comply with all federal, State, and local laws involving procurement. A municipality administering claims pursuant to this Section shall provide to every address identified as having submitted a valid claim under this Section a quarterly report setting forth the municipality's activities undertaken pursuant to this Section for that quarter. However, the municipality shall replace windows and doors pursuant to this Section only if, and to the extent, grants are distributed to, and received by, the municipality from the Sound-Reducing Windows and Doors Replacement Fund for the costs associated with the replacement of sound-reducing windows and doors installed under the Residential Sound Insulation Program pursuant to Section 6z-20.1 of the State Finance Act. In addition, the municipality shall revise its specifications for procurement of windows for the Residential Sound Insulation Program to address potential off-gassing from such windows in future phases of the program. A municipality subject to the Section shall not legislate or otherwise regulate
with regard to indoor air quality monitoring, laboratory analysis or replacement requirements, except as provided in this Section, but the foregoing restriction shall not limit said municipality's taxing power.

(c) A home rule unit may not regulate indoor air quality monitoring and laboratory analysis, and related mitigation and mitigation plans, in a manner inconsistent with this Section. This Section is a limitation of home rule powers and functions under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(d) This Section shall not be construed to create a private right of action.

Section 1. Legislative Intent. The General Assembly recognizes that there are historically underserved populations in the State of Illinois who have been overlooked and discriminated against over the course of this state’s history. Today, as Illinois is confronted with an unprecedented public health and economic crisis, these inequities appear more starkly than ever – with our communities of color facing higher infection rates, higher mortality rates, higher unemployment rates, and the looming threat of continued exclusion in a time when equity and just distribution of resources are more vital than ever. The General Assembly recognizes these injustices, and seeks to address them here. It is the intent of this General Assembly to assist our communities most in need with the funds made available by the passage of the CARES Act. Like the implementation of programs that feed our hungriest children, care for our most vulnerable, and provide the services upon which the residents across our state rely. It is the will of the General Assembly that every state agency, commission, and board will work to use this funding to aid and empower historically and presently disproportionately impacted areas: particularly, but not limited to, ZIP codes with the most positive COVID-19 cases, or ZIP codes with a high proportion of children living in households that meet the free lunch or breakfast eligibility guidelines established by the federal government pursuant to Section 1758 of the federal Richard B. Russell National School Lunch Act (42 U.S.C. 1758; 7 C.F.R. 245 et seq.), or persons living at or below 133% of the Federal Poverty Level, or persons eligible for the Supplemental Nutrition Assistance Program (SNAP), and persons eligible for Women, Infants and Children (WIC) assistance.
