Subsections (i), (ii), (iii), and (iv) are not intended to make any change in the meaning of this Section, but are intended to remove possible ambiguity, thereby confirming the intent of paragraph (a) as it existed prior to and following the effective date of this amendatory Act of the 97th General Assembly.

For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. Except for mobile telecommunication services, the "service address" shall mean the location of the primary use of the network connection or

connections. For mobile telecommunication services, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

-------------------------------------------------------------
Shall the county (or city, village or incorporated town) of ..... impose YES
a surcharge of up to ...¢ per month per network connection, which surcharge will be added to the monthly bill you receive ------------------
for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System? NO

-------------------------------------------------------------

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) Except as expressly provided in subsection (a) of this Section, on or after the effective date of this amendatory Act of the 98th General Assembly and until December 31, 2017, a municipality with a population of 500,000 or more shall not impose a monthly surcharge per network connection in excess of the highest monthly surcharge imposed as of January 1, 2014 by any county or municipality under subsection (c) of this Section. Beginning January 1, 2018 and until December 31, 2020, a municipality with a population over 500,000 may not impose a monthly surcharge in excess of $5.00 per network connection. On or after January 1, 2022, a municipality with a population over 500,000 may not impose a monthly surcharge in excess of $2.50 per network connection.

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations

The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section. The pledge and agreement set forth in this Section survive the termination of the surcharge under subsection (l) by virtue of the replacement of the surcharge monies guaranteed under Section 20; the State of Illinois pledges and agrees that it will not limit or alter the rights vested in municipalities and counties to the surcharge replacement funds guaranteed under Section 20 so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

(k) Any surcharge collected by or imposed on a telecommunications carrier pursuant to this Section shall be held to be a special fund in trust for the municipality, county or Joint Emergency Telephone Board imposing the surcharge. Except for the 3% deduction provided in subsection (g) above, the special fund shall not be subject to the claims of creditors of the telecommunications carrier.

(l) Any surcharge imposed pursuant to this Section by a county or municipality, other than a municipality with a population in excess of 500,000, shall cease to be imposed on January 1, 2016.

(4) for open meetings, members of the public present at the regular meeting location of the body can hear all discussion and testimony and all votes of the members of the body, unless attendance at the regular meeting location is not feasible due to the disaster, including the issued disaster declaration, in which case the public body must make alternative arrangements and provide notice pursuant to this Section of such alternative arrangements in a manner to allow any interested member of the public access to contemporaneously hear all discussion, testimony, and roll call votes, such as by offering a telephone number or a web-based link;

(5) at least one member of the body, chief legal counsel, or chief administrative officer is physically present at the regular meeting location, unless unfeasible due to the disaster, including the issued disaster declaration; and

(6) all votes are conducted by roll call, so each member's vote on each issue can be identified and recorded.

(7) Except in the event of a bona fide emergency, 48 hours' notice shall be given of a meeting to be held pursuant to this Section. Notice shall be given to all members of the public body, shall be posted on the website of the public body, and shall also be provided to any news media who has requested notice of meetings pursuant to subsection (a) of Section 2.02 of this Act. If the public body declares a bona fide emergency:

(A) Notice shall be given pursuant to subsection (a) of Section 2.02 of this Act, and the presiding officer shall state the nature of the emergency at the beginning of the meeting.

(B) The public body must comply with the verbatim recording requirements set forth in Section 2.06 of this Act.

(8) Each member of the body participating in a meeting by audio or video conference for a meeting held pursuant to this Section is considered present at the meeting for purposes of determining a quorum and participating in all proceedings.

(9) In addition to the requirements for open meetings under Section 2.06, public bodies holding open meetings under this
subsection (e) must also keep a verbatim record of all their
meetings in the form of an audio or video recording. Verbatim
records made under this paragraph (9) shall be made available to
the public under, and are otherwise subject to, the provisions of
Section 2.06.

(10) The public body shall bear all costs associated with

amount of the contract, the term of the contract, and the exception to the Code utilized. A copy of any or all of these contracts shall be made available to the Chief Procurement Officer immediately upon request. The public institution of higher education shall provide the Chief Procurement Officer with specific reasons for the waiver, including the necessity of contracting with a particular potential contractor, and shall certify that an effort was made in good faith to comply with the provisions of this Code. The Chief
Procurement Officer shall provide written justification for any waivers. The Chief Procurement Officer shall prescribe the form and content of the notice.

(d) Notwithstanding this Section, a waiver of the registration requirements of Section 20-160 does not permit a business entity and any affiliated entities or affiliated persons to make campaign contributions if otherwise prohibited by Section 50-37. The total amount of contracts awarded in accordance with this Section shall be included in determining the aggregate amount of contracts or pending bids of a business entity and any affiliated entities or affiliated persons.

(e) Notwithstanding subsection (e) of Section 50-10.5 of this Code, the Chief Procurement Officer, with the approval of the Executive Ethics Commission, may permit a public institution of higher education to accept a bid or enter into a contract with a business that assisted the public institution of higher education in determining whether there is a need for a contract or assisted in reviewing, drafting, or preparing documents related to a bid or contract, provided that the bid or contract is essential to research administered by the public institution of higher education and it is in the best interest of the public institution of higher education to accept the bid or contract. Notwithstanding the previous sentence, a city or park district may enter into a lease for an initial term not to exceed 99 years, subject to renewal, allowing a corporation or society as hereinabove described to erect, enlarge, ornament, build, rebuild, rehabilitate, improve, maintain, and operate its aquarium or museum, together with grounds immediately adjacent to such aquarium or museum, and to use, possess, and occupy grounds surrounding such aquarium or museum as hereinabove described for the purpose of beautifying and maintaining such grounds in a manner consistent with the aquarium or museum's purpose, and on the conditions that (1) the public is allowed access to such grounds in a manner consistent with its access to other public parks, and (2) the city or park district retains a reversionary interest in any improvements made by the corporation or society on the grounds, including the aquarium or museum itself, that matures upon the expiration or lawful termination of the lease. for a period equivalent to 52 days, at least 6 of which must be during the period from June through August, each year. Beginning on the effective date of this amendatory Act of the 101st General Assembly through June 30, 2022, any such aquarium or museum must be open to persons who reside in this State without charge for a period equivalent to 52 days, at least 6 of which must be during the period from June through August, 2021. Notwithstanding said provisions, charges may be made at any time for special services and for admission to special facilities within any aquarium or museum for the education, entertainment, or convenience of visitors. The proceeds of such admission fees and charges for special services and special facilities shall be devoted exclusively to the purposes for which the tax authorized by Section 2 hereof may be used. If any owner or owners of any lands or lots abutting or fronting on any such public park, or adjacent thereto, have any private right, easement, interest or property in such public park appurtenant to their lands or lots or otherwise, which would be interfered with by the erection and maintenance of any aquarium or museum as hereinbefore provided, or any right to have such public park remain open or vacant and free from buildings, the corporate authorities of the city or park district having control of such park, may condemn the same in the manner prescribed for the exercise of the right of eminent domain under the Eminent Domain Act. The changes made to this Section by this amendatory Act of the 99th General Assembly are declaratory of existing law and shall not be construed as a new enactment. (Source: P.A. 99-3, eff. 1-1-16.)

disaster, state of emergency, or national emergency is declared within the 60 days preceding the end of the first quarter of a municipality's fiscal year and the disaster, emergency, or declaration impacts the municipality, the time limit to pass the annual appropriation ordinance shall be extended for the duration of the disaster or emergency and for 60 days thereafter. During the extended period, the municipality may expend sums of money up to amounts budgeted or appropriated for those objects and purposes in the previous fiscal year to defray all necessary expenses and liabilities of the municipality. In this ordinance, the corporate authorities (i) may appropriate sums of money deemed necessary to defray all necessary expenses and liabilities of the municipalities, including the amounts to be deposited in the reserves provided for in the Illinois Pension Code and (ii) shall specify the objects and purposes for which these appropriations are made and the amount appropriated for each object or purpose. Among the objects and purposes specified shall be the reserves provided for in the Illinois Pension Code. Except as otherwise provided, no further appropriations shall be made at any other time within the same fiscal year, unless a proposition to make each additional appropriation has been first sanctioned by a petition signed by electors of the municipality numbering more than 50% of the number of votes cast for the candidates for mayor or president at the last preceding general municipal election at which a mayor or president was elected, by a petition signed by them, or by a majority of those voting on the question at a regular election or at an emergency referendum authorized in accordance with the general election law. The corporate authorities may by ordinance initiate the submission of the proposition. During any fiscal year, the corporate authorities in municipalities subject to this Section may adopt a supplemental appropriation ordinance in an amount not in excess of the aggregate of any additional revenue available to the municipality, or estimated to be received by the municipality after the adoption of the annual appropriation ordinance for that fiscal year, or from fund balances available when the annual appropriation ordinance was adopted but that were not appropriated at that time. The provisions of this Section prohibiting further appropriations without sanction by petition or election shall not be applicable to the supplemental appropriation for that fiscal year. The corporate authorities at any time, however, by a two-thirds vote of all the members of the body, may make transfers within any department or other separate agency of the municipal government of sums of money appropriated for one corporate object or purpose to another corporate

object or purpose, but no appropriation for any object or purpose shall thereby be reduced below an amount sufficient to cover all obligations incurred or to be incurred against the appropriation. Nothing in this Section shall deprive the corporate authorities of the power to provide for and cause to be paid from the funds of the municipality any charge imposed by law without the action of the corporate authorities, the payment of which is ordered by a court of competent jurisdiction.

At least 10 days before the adoption of the annual appropriation ordinance, the corporate authorities of municipalities over 2,000 in population shall make the proposed appropriation ordinance or a formally prepared appropriation or budget document upon which the annual appropriation ordinance will be based conveniently available to public inspection. In addition, the corporate authorities shall hold at least one public hearing on that proposed appropriation ordinance. Notice of this hearing shall be given publication in one or more newspapers published in the municipality or, if there is none published in the municipality, in a newspaper published in the county and having general circulation in the municipality at least 10 days before the time of the public hearing. The notice shall state the time and place of the hearing and the place where copies of the proposed appropriation ordinance or formally prepared appropriation or budget document will be accessible for examination. The annual appropriation ordinance may be adopted at the same meeting at which the public hearing is held or at any time after that public hearing.

After the public hearing and before final action is taken on the appropriation ordinance, the corporate authorities may revise, alter, increase, or decrease the items contained in the ordinance.

Notwithstanding any above provision of this Section, any municipality in which Article 5 becomes effective after the annual appropriation ordinance has been passed for the current fiscal year may amend the appropriation ordinance in any manner necessary to make Article 5 fully operative in that municipality for that fiscal year. No amendment shall be construed, however, to affect any tax levy made on the basis of the original appropriation ordinance.

This Section does not apply to municipalities operating under special charters.

On and after January 1, 2020, if a disaster, state of emergency, or national emergency is declared within 60 days of the end of a municipality's fiscal year and the disaster, emergency, or declaration impacts the municipality, the time limit to pass the annual budget shall be extended for the duration of the disaster or emergency and for 60 days thereafter. Section 99-99. Effective date. This Act takes effect upon becoming law.

Approved June 12, 2020
Effective June 12, 2020 and July 1, 2020.

PUBLIC ACT 101-0641
(House Bill No. 2238)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. If and only if Senate Bill 1863 of the 101st General Assembly becomes law in the form in which it passed the House of Representatives on May 21, 2020, then the Election Code is amended by changing Section 2B-20 as follows:

(10 ILCS 5/2B-20)
Sec. 2B-20. Changes for vote by mail official ballot mailing and processing.

(a) Notwithstanding any other provision of law to the contrary, an election authority shall mail official ballots to any elector requesting an official ballot no earlier than September 24, 2020. Except for electors applying under Article 20, any elector submitting an application for a vote by mail ballot on or before October 1, 2020 shall receive a ballot no later than October 6, 2020. An election authority shall mail official ballots to any elector requesting an official ballot after October 1, 2020 no later than 2 business days after receipt of the application.

(b) Notwithstanding any other provision of law to the contrary, any vote by mail ballot received by an election authority shall be presumed to meet the requirements of Articles 17, 18, and 19 and the voter shall be deemed otherwise qualified to cast a vote by mail ballot unless deemed invalid as provided in this Section.

(c) Notwithstanding any other provision of law to the contrary, within 2 days after a vote by mail ballot is received, but in all cases before the close of the period for counting provisional ballots, the election authority shall appoint a panel or panels as needed of 3 election judges, of which no more than 2 shall be from the same political party, from the list of election judges submitted by the county parties for this specific purpose to compare the voter's signature on the certification envelope of the vote

by mail ballot with the signature of the voter on file in the office of the election authority. The signature shall be presumed to match unless 3 out of 3 election judges determine that the 2 signatures do not match. By a vote of 3 of 3 election judges, a vote by mail ballot may only be rejected because the signature on the certification envelope and the signature used by the election authority for verification purposes do not match or the certification envelope contains a signature but not in the proper location. A vote by mail ballot may only be rejected by a majority vote of the 3 of 3 election judges and only for the following reasons: (1) the signature on the certification envelope and the signature used by the election authority for verification purposes do not match or the certification envelope contains no signature; (2) the ballot envelope was delivered opened; (3) the voter has already cast a ballot; (4) if the voter voted in person on election day; or (5) the voter is not a duly registered voter in the precinct. If 3 of 3 election judges determine the ballot should be rejected for any reasons stated in this subsection (c), the judges shall mark across the face of the certification envelope the word "rejected" and the date and names of the judges voting to reject the ballot.

(d) If a vote by mail ballot is rejected, the election authority shall notify the voter within 2 days after the rejection or within one day if the rejection occurs after election day and in all cases before the close of the period for counting provisional ballots. The voter shall be notified through mail or email, or both, and the notice shall inform the voter of the reason or reasons the ballot was rejected. If the ballot was rejected based on the signature or lack of a signature, the voter shall be permitted to submit a statement the voter cast the ballot, and upon receipt the ballot shall be determined valid and counted before the close of the period for counting provisional ballots. If the ballot was rejected because the envelope was delivered opened, the voter shall be permitted to vote in person or request to receive another vote by mail ballot, provided the voter submits an application and casts a new ballot prior to the close of polls on election day.

(e) Election authorities shall accept any vote by mail ballot returned, including ballots returned with insufficient or no postage, and may establish secure collection sites for the postage-free return of vote by mail ballots. Any election authority establishing such a collection site pursuant to this subsection (c) shall collect all ballots submitted each day at close of business and process them as required by this Code, including noting the day on which the ballot was submitted. Ballots submitted to

New matter indicated by italics - deletions by strikeout
such collection sites after close of business shall be dated as delivered the next day, with the exception of ballots delivered on election day, which shall be dated as received on election day. Election authorities shall permit electors to return vote by mail ballots on election day up until the close of the polls. *All collection sites shall be secured by locks that may be opened only by election authority personnel. (c) The Panel of a district that otherwise meets all of the requirements for abolition of a Panel under subsection (b) of this Section, except for the fact that there are outstanding financial obligations of the Panel, may petition the State Board for reinstatement of all of the school board's powers and duties assumed by the Panel; and if approved by the State Board, then:

New matter indicated by italics - deletions by strikeout
(1) the Panel shall continue in operation, but its powers and duties shall be limited to those necessary to manage and administer its outstanding obligations;

(2) the school board shall once again begin exercising all of the powers and duties otherwise allowed by statute; and

(3) the Panel shall be abolished as provided in subsection (a) of this Section.

(d) If the Panel of a district otherwise meets all of the requirements for abolition of a Panel under subsection (b) of this Section, except for outstanding obligations of the Panel, then the district may petition the State Board for abolition of the Panel if the district:

(1) establishes an irrevocable trust fund, the purpose of which is to provide moneys to defease the outstanding obligations of the Panel; and

(2) issues funding bonds pursuant to the provisions of Sections 19-8 and 19-9 of this Code.

A district with a Panel that falls under this subsection (d) shall be abolished as provided in subsection (a) of this Section.

(e) The duration of a Panel may be continued for more than 10 years after the date of its creation if the State Board extends the Panel's duration under paragraph (3) of subsection (e) of Section 18-8.15 of this Code.

Sec. 2-3.64a-5. State goals and assessment.

(a) For the assessment and accountability purposes of this Section, "students" includes those students enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

(b) The State Board of Education shall establish the academic standards that are to be applicable to students who are subject to State assessments under this Section. The State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-
publicized period of public comment and opportunities to file written comments.

(c) Beginning no later than the 2014-2015 school year, the State Board of Education shall annually assess all students enrolled in grades 3 through 8 in English language arts and mathematics.

Beginning no later than the 2017-2018 school year, the State Board of Education shall annually assess all students in science at one grade in grades 3 through 5, at one grade in grades 6 through 8, and at one grade in grades 9 through 12.

The State Board of Education shall annually assess schools that operate a secondary education program, as defined in Section 22-22 of this Code, in English language arts and mathematics. The State Board of Education shall administer no more than 3 assessments, per student, of English language arts and mathematics for students in a secondary education program. One of these assessments shall be recognized by this State's public institutions of higher education, as defined in the Board of Higher Education Act, for the purpose of student application or admissions consideration. The assessment administered by the State Board of Education for the purpose of student application to or admissions consideration by institutions of higher education must be administered on a school day during regular student attendance hours.

Students who do not take the State's final accountability assessment or its approved alternate assessment may not receive a regular high school diploma unless the student is exempted from taking the State assessments under subsection (d) of this Section because the student is enrolled in a program of adult and continuing education, as defined in the Adult Education Act, or the student is identified by the State Board of Education, through rules, as being exempt from the assessment.

The State Board of Education shall not assess students under this Section in subjects not required by this Section.

Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the State assessments. The State Board of Education shall establish periods of time in each school year during which State assessments shall occur to meet the objectives of this Section.

The requirements of this subsection do not apply if the State Board of Education has received a waiver from the administration of assessments from the U.S. Department of Education.

(d) Every individualized educational program as described in Article 14 shall identify if the State assessment or components thereof require accommodation for the student. The State Board of Education shall develop rules governing the administration of an alternate assessment that may be available to students for whom participation in this State's regular assessments is not appropriate, even with accommodations as allowed under this Section.

Students receiving special education services whose individualized educational programs identify them as eligible for the alternative State assessments nevertheless shall have the option of also taking this State's regular final accountability assessment, which shall be administered in accordance with the eligible accommodations appropriate for meeting these students' respective needs.

All students determined to be English learners shall participate in the State assessments. The scores of those students who have been enrolled in schools in the United States for less than 12 months may not be used for the purposes of accountability. Any student determined to be an English learner shall receive appropriate assessment accommodations, including language supports, which shall be established by rule. Approved assessment accommodations must be provided until the student's English language skills develop to the extent that the student is no longer considered to be an English learner, as demonstrated through a State-identified English language proficiency assessment.

(e) The results or scores of each assessment taken under this Section shall be made available to the parents of each student.

In each school year, the scores attained by a student on the final accountability assessment must be placed in the student's permanent record pursuant to rules that the State Board of Education shall adopt for that purpose in accordance with Section 3 of the Illinois School Student Records Act. In each school year, the scores attained by a student on the State assessments administered in grades 3 through 8 must be placed in the student's temporary record.

(f) All schools shall administer the State's academic assessment of English language proficiency to all children determined to be English learners.

(g) All schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the academic assessments under the National Assessment of Educational Progress.

(h) (Blank).

(i) For the purposes of this subsection (i), "academically based assessments" means assessments consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skills, and ability of students in the subject matters covered by the assessments. All assessments administered pursuant to this Section must be academically based assessments. The scoring of academically based assessments shall be reliable, valid, and fair and shall meet the guidelines for assessment development and use prescribed by the American Psychological Association, the National Council on Measurement in Education, and the American Educational Research Association.

The State Board of Education shall review the use of all assessment item types in order to ensure that they are valid and reliable indicators of student performance aligned to the learning standards being assessed and that the development, administration, and scoring of these item types are justifiable in terms of cost.

(j) The State Superintendent of Education shall appoint a committee of no more than 21 members, consisting of parents, teachers, school administrators, school board members, assessment experts, regional superintendents of schools, and citizens, to review the State assessments administered by the State Board of Education. The Committee shall select one of its members as its chairperson. The Committee shall meet on an ongoing basis to review the content and design of the assessments (including whether the requirements of subsection (i) of this Section have been met), the time and money expended at the local and State levels to prepare for and administer the assessments, the collective results of the assessments as measured against the stated purpose of assessing student performance, and other issues involving the assessments identified by the Committee. The Committee shall make periodic recommendations to the State Superintendent of Education and the General Assembly concerning the assessments.

(k) The State Board of Education may adopt rules to implement this Section.

Sec. 2-3.71. Grants for preschool educational programs.

(a) Preschool program.

(1) The State Board of Education shall implement and administer a grant program under the provisions of this subsection which shall consist of grants to public school districts and other eligible entities, as defined by the State Board of Education, to conduct voluntary preschool educational programs for children ages 3 to 5 which include a parent education component. A public school district which receives grants under this subsection may subcontract with other entities that are eligible to conduct a preschool educational program. These grants must be used to supplement, not supplant, funds received from any other source.

(2) (Blank).

(3) Except as otherwise provided under this subsection (a), any teacher of preschool children in the program authorized by this subsection shall hold a Professional Educator License with an early childhood education endorsement.

(3.5) Beginning with the 2018-2019 school year and until the 2023-2024 school year, an individual may teach preschool children in an early childhood program under this Section if he or she holds a Professional Educator License with an early childhood education endorsement or with short-term approval for early childhood education or he or she pursues a Professional Educator License and holds any of the following:

(A) An ECE Credential Level of 5 awarded by the Department of Human Services under the Gateways to Opportunity Program developed under Section 10-70 of the Department of Human Services Act.

(B) An Educator License with Stipulations with a transitional bilingual educator endorsement and he or she has (i) passed an early childhood education content test or (ii) completed no less than 9 semester hours of postsecondary coursework in the area of early childhood education.

(4) (Blank).

(4.5) The State Board of Education shall provide the primary source of funding through appropriations for the program. Such funds shall be distributed to achieve a goal of "Preschool for
All Children" for the benefit of all children whose families choose to participate in the program. Based on available appropriations, newly funded programs shall be selected through a process giving first priority to qualified programs serving primarily at-risk children and second priority to qualified programs serving primarily children with a family income of less than 4 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2). For purposes of this paragraph (4.5), at-risk children are those who because of their home and community environment are subject to such language, cultural, economic and like disadvantages to cause them to have been determined as a result of screening procedures to be at risk of academic failure. Such screening procedures shall be based on criteria established by the State Board of Education.

Except as otherwise provided in this paragraph (4.5), grantees under the program must enter into a memorandum of understanding with the appropriate local Head Start agency. This memorandum must be entered into no later than 3 months after the award of a grantee's grant under the program, except that, in the case of the 2009-2010 program year, the memorandum must be entered into no later than the deadline set by the State Board of Education for applications to participate in the program in fiscal year 2011, and must address collaboration between the grantee's program and the local Head Start agency on certain issues, which shall include without limitation the following:

(A) educational activities, curricular objectives, and instruction;
(B) public information dissemination and access to programs for families contacting programs;
(C) service areas;
(D) selection priorities for eligible children to be served by programs;
(E) maximizing the impact of federal and State funding to benefit young children;
(F) staff training, including opportunities for joint staff training;
(G) technical assistance;

(H) communication and parent outreach for smooth transitions to kindergarten;
(I) provision and use of facilities, transportation, and other program elements;
(J) facilitating each program's fulfillment of its statutory and regulatory requirements;
(K) improving local planning and collaboration; and
(L) providing comprehensive services for the neediest Illinois children and families.

If the appropriate local Head Start agency is unable or unwilling to enter into a memorandum of understanding as required under this paragraph (4.5), the memorandum of understanding requirement shall not apply and the grantee under the program must notify the State Board of Education in writing of the Head Start agency's inability or unwillingness. The State Board of Education shall compile all such written notices and make them available to the public.

(5) The State Board of Education shall develop and provide evaluation tools, including tests, that school districts and other eligible entities may use to evaluate children for school readiness prior to age 5. The State Board of Education shall require school districts and other eligible entities to obtain consent from the parents or guardians of children before any evaluations are conducted. The State Board of Education shall encourage local school districts and other eligible entities to evaluate the population of preschool children in their communities and provide preschool programs, pursuant to this subsection, where appropriate.

(6) The State Board of Education shall report to the General Assembly by November 1, 2018 and every 2 years thereafter on the results and progress of students who were enrolled in preschool educational programs, including an assessment of which programs have been most successful in promoting academic excellence and alleviating academic failure. The State Board of Education shall assess the academic progress of all students who have been enrolled in preschool educational programs.

On or before November 1 of each fiscal year in which the General Assembly provides funding for new programs under paragraph (4.5) of this Section, the State Board of Education shall report to the General Assembly on what percentage of new funding

was provided to programs serving primarily at-risk children, what percentage of new funding was provided to programs serving primarily children with a family income of less than 4 times the federal poverty level, and what percentage of new funding was provided to other programs.

(7) Due to evidence that expulsion practices in the preschool years are linked to poor child outcomes and are employed inconsistently across racial and gender groups, early childhood programs receiving State funds under this subsection (a) shall prohibit expulsions. Planned transitions to settings that are able to better meet a child's needs are not considered expulsion under this paragraph (7).

(A) When persistent and serious challenging behaviors emerge, the early childhood program shall document steps taken to ensure that the child can participate safely in the program; including observations of initial and ongoing challenging behaviors, strategies for remediation and intervention plans to address the behaviors, and communication with the parent or legal guardian, including participation of the parent or legal guardian in planning and decision-making.

(B) The early childhood program shall, with parental or legal guardian consent as required, utilize a range of community resources, if available and deemed necessary, including, but not limited to, developmental screenings, referrals to programs and services administered by a local educational agency or early intervention agency under Parts B and C of the federal Individual with Disabilities Education Act, and consultation with infant and early childhood mental health consultants and the child's health care provider. The program shall document attempts to engage these resources, including parent or legal guardian participation and consent attempted and obtained. Communication with the parent or legal guardian shall take place in a culturally and linguistically competent manner.

(C) If there is documented evidence that all available interventions and supports recommended by a qualified professional have been exhausted and the program determines in its professional judgment that transitioning a
child to another program is necessary for the well-being of the child or his or her peers and staff, with parent or legal guardian permission, both the current and pending programs shall create a transition plan designed to ensure continuity of services and the comprehensive development of the child. Communication with families shall occur in a culturally and linguistically competent manner.

(D) Nothing in this paragraph (7) shall preclude a parent's or legal guardian's right to voluntarily withdraw his or her child from an early childhood program. Early childhood programs shall request and keep on file, when received, a written statement from the parent or legal guardian stating the reason for his or her decision to withdraw his or her child.

(E) In the case of the determination of a serious safety threat to a child or others or in the case of behaviors listed in subsection (d) of Section 10-22.6 of this Code, the temporary removal of a child from attendance in group settings may be used. Temporary removal of a child from attendance in a group setting shall trigger the process detailed in subparagraphs (A), (B), and (C) of this paragraph (7), with the child placed back in a group setting as quickly as possible.

(F) Early childhood programs may utilize and the State Board of Education, the Department of Human Services, and the Department of Children and Family Services shall recommend training, technical support, and professional development resources to improve the ability of teachers, administrators, program directors, and other staff to promote social-emotional development and behavioral health, to address challenging behaviors, and to understand trauma and trauma-informed care, cultural competence, family engagement with diverse populations, the impact of implicit bias on adult behavior, and the use of reflective practice techniques. Support shall include the availability of resources to contract with infant and early childhood mental health consultants.

(G) Beginning on July 1, 2018, early childhood programs shall annually report to the State Board of
Education, and, beginning in fiscal year 2020, the State Board of Education shall make available on a biennial basis, in an existing report, all of the following data for children from birth to age 5 who are served by the program:

(i) Total number served over the course of the program year and the total number of children who left the program during the program year.

(ii) Number of planned transitions to another program due to children's behavior, by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iii) Number of temporary removals of a child from attendance in group settings due to a serious safety threat under subparagraph (E) of this paragraph (7), by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iv) Hours of infant and early childhood mental health consultant contact with program leaders, staff, and families over the program year.

(H) Changes to services for children with an individualized education program or individual family service plan shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act.

The State Board of Education, in consultation with the Governor's Office of Early Childhood Development and the Department of Children and Family Services, shall adopt rules to administer this paragraph (7).

(b) (Blank).

(c) Notwithstanding any other provisions of this Section, grantees may serve children ages 0 to 12 of essential workers if the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. For the purposes of this subsection, essential workers include those outlined in Executive Order 20-8 and school employees. The State Board of Education shall adopt rules to administer this subsection.

Sec. 2-3.170. Property tax relief pool grants.

New matter indicated by italics - deletions by strikeout
(a) As used in this Section,
"EAV" means equalized assessed valuation as defined under Section 18-8.15 of this Code.
"Property tax multiplier" equals one minus the square of the school district's Local Capacity Percentage, as defined in Section 18-8.15 of this Code.
"Local capacity percentage multiplier" means one minus the school district's Local Capacity Percentage, as defined in Section 18-8.15.
"State Board" means the State Board of Education.
(b) Subject to appropriation, the State Board shall provide grants to eligible school districts that provide tax relief to the school district's residents, which may be no greater than 1% of EAV for a unit district, 0.69% of EAV for an elementary school district, or 0.31% of EAV for a high school district, as provided in this Section.
(b-5) School districts may apply for property tax relief under this Section concurrently to setting their levy for the fiscal year. The intended relief may not be greater than 1% of the EAV for a unit district, 0.69% of the EAV for an elementary school district, or 0.31% of the EAV for a high school district, multiplied by the school district's local capacity percentage multiplier. The State Board shall process applications for relief, providing a grant to those districts with the highest operating tax rate, as determined by those districts with the highest percentage of the simple average operating tax rate of districts of the same type, either elementary, high school, or unit, first, in an amount equal to the intended relief multiplied by the property tax multiplier. The State Board shall provide grants to school districts in order of priority until the property tax relief pool is exhausted. If more school districts apply for relief under this subsection than there are funds available, the State Board must distribute the grants and prorate any remaining funds to the final school district that qualifies for grant relief. The abatement amount for that district must be equal to the grant amount divided by the property tax multiplier.
If a school district receives the State Board's approval of a grant under this Section by March 1 of the fiscal year, the school district shall present a duly authorized and approved abatement resolution by March 30 of the fiscal year to the county clerk of each county in which the school files its levy, authorizing the county clerk to lower the school district's levy by the amount designated in its application to the State Board. When the preceding requisites are satisfied, the county clerk shall reduce the amount

New matter indicated by italics - deletions by strikeout
collected for the school district by the amount indicated in the school district's abatement resolution for that fiscal year.

(c) (Blank).

(d) School districts seeking grants under this Section shall apply to the State Board each year. All applications to the State Board for grants shall include the amount of the tax relief intended by the school district.

(e) Each year, based on the most recent available data provided by school districts pursuant to Section 18-8.15 of this Code, the State Board shall calculate the order of priority for grant eligibility under subsection (b-5) and publish a list of the school districts eligible for relief. The State Board shall provide grants in the manner provided under subsection (b-5).

(f) The State Board shall publish a final list of eligible grant recipients and provide payment of the grants by March 1 of each year.

(g) If notice of eligibility from the State Board is received by a school district by March 1, then by March 30, the school district shall file an abatement of its property tax levy in an amount equal to the grant received under this Section divided by the property tax multiplier. Payment of all grant amounts shall be made by June 1 each fiscal year. The State Superintendent of Education shall establish the timeline in such cases in which notice cannot be made by March 1.

(h) The total property tax relief allowable to a school district under this Section shall be calculated based on the total amount of reduction in the school district's aggregate extension. The total grant shall be equal to the reduction, multiplied by the property tax multiplier. The reduction shall be equal to 1% of a district's EAV for a unit school district, 0.69% for an elementary school district, or 0.31% for a high school district, multiplied by the school district's local capacity percentage multiplier.

(i) If the State Board does not expend all appropriations allocated pursuant to this Section, then any remaining funds shall be allocated pursuant to Section 18-8.15 of this Code.

(j) The State Board shall prioritize payments under Section 18-8.15 of this Code over payments under this Section, if necessary.

(k) Any grants received by a school district shall be included in future calculations of that school district's Base Funding Minimum under Section 18-8.15 of this Code. Beginning with Fiscal Year 2020, if a school district receives a grant under this Section, the school district must present to the county clerk a duly authorized and approved abatement resolution by March 30 for the year in which the school district receives the grant and the successive fiscal year following the receipt of the grant, authorizing the

New matter indicated by italics - deletions by strikeout
county clerk to lower the school district's levy by the amount designated in its original application to the State Board. After receiving a resolution, the county clerk must reduce the amount collected for the school district by the amount indicated in the school district's abatement resolution for that fiscal year. If a school district does not abate in this amount for the successive fiscal year, the grant amount may not be included in the school district's Base Funding Minimum under Section 18-8.15 in the fiscal year following the tax year in which the abatement is not authorized and in any future fiscal year thereafter, and the county clerk must notify the State Board of the increase no later 30 days after it occurs.

(l) In the immediate 2 consecutive tax years following receipt of a Property Tax Pool Relief Grant, the aggregate extension base levy of any school district receiving a grant under this Section, for purposes of the Property Tax Extension Limitation Law, shall include the tax relief the school district provided in the previous taxable year under this Section.

Sec. 10-19. Length of school term - experimental programs. Each school board shall annually prepare a calendar for the school term, specifying the opening and closing dates and providing a minimum term of at least 185 days to insure 176 days of actual pupil attendance, computable under Section 10-19.05, except that for the 1980-1981 school year only 175 days of actual pupil attendance shall be required because of the closing of schools pursuant to Section 24-2 on January 29, 1981 upon the appointment by the President of that day as a day of thanksgiving for the freedom of the Americans who had been held hostage in Iran. Any days allowed by law for teachers' institutes but not used as such or used as parental institutes as provided in Section 10-22.18d shall increase the minimum term by the school days not so used. Except as provided in Section 10-19.1, the board may not extend the school term beyond such closing date unless that extension of term is necessary to provide the minimum number of computable days. In case of such necessary extension school employees shall be paid for such additional time on the basis of their regular contracts. A school board may specify a closing date earlier than that set on the annual calendar when the schools of the district have provided the minimum number of computable days under this Section. A school board may make such changes in its calendar for the school term as may be required by any changes in the legal school holidays prescribed in Section 24-2. A school board may make changes in its calendar for the school term as may be necessary to reflect the utilization of teachers' institute days as parental institute days as provided in Section 10-22.18d.

The calendar for the school term and any changes must be submitted to and approved by the regional superintendent of schools before the calendar or changes may take effect.

With the prior approval of the State Board of Education and subject to review by the State Board of Education every 3 years, any school board may, by resolution of its board and in agreement with affected exclusive collective bargaining agents, establish experimental educational programs, including but not limited to programs for e-learning days as authorized under Section 10-20.56 of this Code, self-directed learning, or outside of formal class periods, which programs when so approved shall be considered to comply with the requirements of this Section as respects numbers of days of actual pupil attendance and with the other requirements of this Act as respects courses of instruction.

education or intermediate service center for the school district under Section 10-20.56 of this Code shall be considered as full days of attendance under this Section.

(b) A pupil regularly enrolled in a public school for only a part of the school day may be counted on the basis of one-sixth of a school day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent of schools and approval by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 10 days per school year, provided that a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code, or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (2) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (3) when days in addition to those provided in items (1) and (2) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock

hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as a half day of attendance; however, these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils and pupils in full-day kindergartens, and a session of 2 or more hours may be counted as a half day of attendance by pupils in kindergartens that provide only half days of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as a half day of attendance; however, for such children whose educational needs require a session of 4 or more clock hours, a session of at least 4 clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten that provides for only a half day of attendance by each pupil shall not have more than one half day of attendance counted in any one day. However, kindergartens may count 2 and a half days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens that provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in the case of children who entered the kindergarten in their fifth year whose educational development
requires a second year of kindergarten as determined under rules of the State Board of Education.

(i) On the days when the State's final accountability assessment is administered under subsection (c) of Section 2-3.64a-5 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted toward the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of a one-fifth day of attendance for every clock hour of instruction attended in the remote educational program, provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student is not classified as participating in the remote educational program on a year-round schedule.

(j-5) The clock hour requirements of subsections (a) through (j) of this Section do not apply if the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. The State Superintendent of Education may establish minimum clock hour requirements under Sections 10-30 and 34-18.66 if the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act.

(k) Pupil participation in any of the following activities shall be counted toward the calculation of clock hours of school work per day:

(1) Instruction in a college course in which a student is dually enrolled for both high school credit and college credit.

(2) Participation in a Supervised Career Development Experience, as defined in Section 10 of the Postsecondary and Workforce Readiness Act, in which student participation and
learning outcomes are supervised by an educator licensed under Article 21B.

(3) Participation in a youth apprenticeship, as jointly defined in rules of the State Board of Education and Department of Commerce and Economic Opportunity, in which student participation and outcomes are supervised by an educator licensed under Article 21B.

(4) Participation in a blended learning program approved by the school district in which course content, student evaluation, and instructional methods are supervised by an educator licensed under Article 21B.

Sec. 10-20.56. E-learning days.

(a) The State Board of Education shall establish and maintain, for implementation in school districts, a program for use of electronic-learning (e-learning) days, as described in this Section. School districts may utilize a program approved under this Section for use during remote learning days and blended remote learning days under Section 10-30 or 34-18.66.

(b) The school board of a school district may, by resolution, adopt a research-based program or research-based programs for e-learning days district-wide that shall permit student instruction to be received electronically while students are not physically present in lieu of the district's scheduled emergency days as required by Section 10-19 of this Code. The research-based program or programs may not exceed the minimum number of emergency days in the approved school calendar and must be verified by the regional office of education or intermediate service center for the school district on or before September 1st annually to ensure access for all students. The regional office of education or intermediate service center shall ensure that the specific needs of all students are met, including special education students and English learners, and that all mandates are still met using the proposed research-based program. The e-learning program may utilize the Internet, telephones, texts, chat rooms, or other similar means of electronic communication for instruction and interaction between teachers and students that meet the needs of all learners. The e-learning program shall address the school district's responsibility to ensure that all teachers and staff who may be involved in the provision of e-learning have access to any and all hardware and software that may be required for the program. If a proposed program does

not address this responsibility, the school district must propose an alternate program.

(c) Before its adoption by a school board, the school board must hold a public hearing on a school district's initial proposal for an e-learning program or for renewal of such a program, at a regular or special meeting of the school board, in which the terms of the proposal must be substantially presented and an opportunity for allowing public comments must be provided. Notice of such public hearing must be provided at least 10 days prior to the hearing by:

(1) publication in a newspaper of general circulation in the school district;

(2) written or electronic notice designed to reach the parents or guardians of all students enrolled in the school district; and

(3) written or electronic notice designed to reach any exclusive collective bargaining representatives of school district employees and all those employees not in a collective bargaining unit.

(d) The regional office of education or intermediate service center for the school district must timely verify that a proposal for an e-learning program has met the requirements specified in this Section and that the proposal contains provisions designed to reasonably and practicably accomplish the following:

(1) to ensure and verify at least 5 clock hours of instruction or school work, as required under Section 10-19.05, for each student participating in an e-learning day;

(2) to ensure access from home or other appropriate remote facility for all students participating, including computers, the Internet, and other forms of electronic communication that must be utilized in the proposed program;

(2.5) to ensure that non-electronic materials are made available to students participating in the program who do not have access to the required technology or to participating teachers or students who are prevented from accessing the required technology;

(3) to ensure appropriate learning opportunities for students with special needs;

(4) to monitor and verify each student's electronic participation;

New matter indicated by italics - deletions by strikeout
(5) to address the extent to which student participation is within the student's control as to the time, pace, and means of learning;
(6) to provide effective notice to students and their parents or guardians of the use of particular days for e-learning;
(7) to provide staff and students with adequate training for e-learning days' participation;
(8) to ensure an opportunity for any collective bargaining negotiations with representatives of the school district's employees that would be legally required, including all classifications of school district employees who are represented by collective bargaining agreements and who would be affected in the event of an e-learning day;
(9) to review and revise the program as implemented to address difficulties confronted; and
(10) to ensure that the protocol regarding general expectations and responsibilities of the program is communicated to teachers, staff, and students at least 30 days prior to utilizing an e-learning day.

The school board's approval of a school district's initial e-learning program and renewal of the e-learning program shall be for a term of 3 years.

(e) The State Board of Education may adopt rules consistent with the provision of this Section.

Sec. 10-21.9. Criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database.

(a) Licensed and nonlicensed applicants for employment with a school district, except school bus driver applicants, are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any disqualifying, enumerated criminal or drug offenses in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State.

New matter indicated by italics - deletions by strikeout
Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent, except that those applicants seeking employment as a substitute teacher with a school district may be charged a fee not to exceed the cost of the inquiry. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse school districts and regional superintendents for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant. The check of the Statewide Sex Offender Database must be conducted by the
school district or regional superintendent once for every 5 years that an applicant remains employed by the school district.

(a-6) The school district or regional superintendent shall further perform a check of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Community Notification Law, for each applicant. The check of the Murderer and Violent Offender Against Youth Database must be conducted by the school district or regional superintendent once for every 5 years that an applicant remains employed by the school district.

(b) Any information concerning the record of convictions obtained by the president of the school board or the regional superintendent shall be confidential and may only be transmitted to the superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the school district, the presidents of the appropriate school boards if the check was requested from the Department of State Police by the regional superintendent, the State Board of Education and a school district as authorized under subsection (b-5), the State Superintendent of Education, the State Educator Preparation and Licensure Board, any other person necessary to the decision of hiring the applicant for employment, or for clarification purposes the Department of State Police or Statewide Sex Offender Database, or both. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been
identified in the Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, the applicant has not been identified in the Database. The school board of any school district may rely on the certificate issued by any regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database as provided in this Section. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

(b-5) If a criminal history records check or check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database is performed by a regional superintendent for an applicant seeking employment as a substitute teacher with a school district, the regional superintendent may disclose to the State Board of Education whether the applicant has been issued a certificate under subsection (b) based on those checks. If the State Board receives information on an applicant under this subsection, then it must indicate in the Educator Licensure Information System for a 90-day period that the applicant has been issued or has not been issued a certificate.

(c) No school board shall knowingly employ a person who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code, except as provided under subsection (b) of Section 21B-80. Further, no school board shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age.
pursuant to proceedings under Article II of the Juvenile Court Act of 1987. As a condition of employment, each school board must consider the status of a person who has been issued an indicated finding of abuse or neglect of a child by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act or by a child welfare agency of another jurisdiction.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check have not been initiated.

(e) Within 10 days after a superintendent, regional office of education, or entity that provides background checks of license holders to public schools receives information of a pending criminal charge against a license holder for an offense set forth in Section 21B-80 of this Code, the superintendent, regional office of education, or entity must notify the State Superintendent of Education of the pending criminal charge.

If permissible by federal or State law, no later than 15 business days after receipt of a record of conviction or of checking the Statewide Murderer and Violent Offender Against Youth Database or the Statewide Sex Offender Database and finding a registration, the superintendent of the employing school board or the applicable regional superintendent shall, in writing, notify the State Superintendent of Education of any license holder who has been convicted of a crime set forth in Section 21B-80 of this Code. Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any license issued pursuant to Article 21B or Section 34-8.1 or 34-83 of the School Code, the State Superintendent of Education may initiate licensure suspension and revocation proceedings as authorized by law. If the receipt of the record of conviction or finding of child abuse is received within 6 months after the initial grant of or renewal of a license, the State Superintendent of Education may rescind the license holder's license.

(e-5) The superintendent of the employing school board shall, in writing, notify the State Superintendent of Education and the applicable regional superintendent of schools of any license holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the license holder's dismissal or resignation from the school district. This notification must be submitted within 30 days after the dismissal or resignation. The license holder must

also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Educator Preparation and Licensure Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21B of this Code, (ii) pursuant to a court order, (iii) for disclosure to the license holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

(f-5) Upon request of a school or school district, any information obtained by a school district pursuant to subsection (f) of this Section within the last year must be made available to the requesting school or school district.

(g) Prior to the commencement of any student teaching experience or required internship (which is referred to as student teaching in this

Section) in the public schools, a student teacher is required to authorize a fingerprint-based criminal history records check. Authorization for and payment of the costs of the check must be furnished by the student teacher to the school district where the student teaching is to be completed. Upon receipt of this authorization and payment, the school district shall submit the student teacher's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department of State Police. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check. The Department shall charge the school district a fee for conducting the check, which fee must not exceed the cost of the inquiry and must be deposited into the State Police Services Fund. The school district shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, and of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Registration Act, for each student teacher. No school board may knowingly allow a person to student teach for whom a criminal history records check, a Statewide Sex Offender Database check, and a Statewide Murderer and Violent Offender Against Youth Database check have not been completed and reviewed by the district.

A copy of the record of convictions obtained from the Department of State Police must be provided to the student teacher. Any information concerning the record of convictions obtained by the president of the school board is confidential and may only be transmitted to the superintendent of the school district or his or her designee, the State Superintendent of Education, the State Educator Preparation and Licensure Board, or, for clarification purposes, the Department of State Police or the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

(6) Each remote and blended remote learning day plan shall be posted on the district's Internet website where other policies, rules, and standards of conduct are posted and shall be provided to students and faculty.

(7) This Section does not create any additional employee bargaining rights and does not remove any employee bargaining rights.

Sec. 14-8.02f. Individualized education program meeting protections.

(a) (Blank).

(b) This subsection (b) applies only to a school district organized under Article 34. No later than 10 calendar days prior to a child's individualized education program meeting or as soon as possible if a meeting is scheduled within 10 calendar days with written parental consent, the school board or school personnel must provide the child's parent or guardian with a written notification of the services that require a specific data collection procedure from the school district for services related to the child's individualized education program. The notification must indicate, with a checkbox, whether specific data has been collected for the child's individualized education program services. For purposes of this subsection (b), individualized education program services must include, but are not limited to, paraprofessional support, an extended school year, transportation, therapeutic day school, and services for specific learning disabilities.

(c) Beginning on July 1, 2020, no later than 3 school days prior to a child's individualized education program eligibility meeting or meeting to determine a child's eligibility for special education and related services or to review a child's individualized education program, or as soon as possible if an individualized education program meeting is scheduled within 3 school days with the written consent of the child's parent or guardian, the local education agency must provide the child's parent or guardian with copies of all written material that will be considered by the individualized education program team at the meeting so that the parent or guardian may participate in the meeting as a fully-informed team member. The parent or guardian shall have the option of choosing from the available methods of delivery, which must include regular mail and picking up the materials at school. The local education agency must inform the child's parent or guardian within 20 school days from the beginning of the school year or upon establishment of an individualized education program of his or her ability to request those related service logs.

(d-5) If, at a meeting to develop or revise a child's individualized education program, the individualized education program team determines that a certain service is required in order for the child to receive a free, appropriate public education and that service is not implemented within 10 school days after the service was to be initiated as a date or frequency set forth by the child's individualized education program, then the local education agency shall provide the child's parent or guardian with written notification that the service has not yet been administered to the child. The notification must be provided to the child's parent or guardian within 3 school days of the local education agency's non-compliance with the child's individualized education program and must inform the parent or guardian about the school district's procedures for requesting compensatory services. If a hotline is created, it must be available to all students enrolled in the school district, parents or guardians of those students, and school personnel. If a hotline is created, any complaints received through the hotline must be registered and recorded with the State Board's monitor of special education policies. No student, parent or guardian, or member of school personnel may be retaliated against for submitting a complaint through a telephone hotline created by the State Board under this subsection (e).

(f) A school district subject to this Section may not use any measure that would prevent or delay an individualized education program team from adding a service to the program or create a time restriction in which a service is prohibited from being added to the program. The school district may not build functions into its computer software that would remove any services from a student's individualized education program without the approval of the program team and may not prohibit the program team from adding a service to the program.

The State Board of Education may provide guidance to a school districts district and identify available resources related to facilitating parent parental or guardian engagement participation in the response to scientific, research-based intervention or a multi-tiered system systems of support process.

(d) Nothing in this Section affects the responsibility of a school district to identify, locate, and evaluate children with disabilities who are in need of special education services in accordance with the federal Individuals with Disabilities Education Improvement Act of 2004, this Code, or any applicable federal or State rules.

Sec. 17-2.11. School board power to levy a tax or to borrow money and issue bonds for fire prevention, safety, energy conservation, accessibility, school security, and specified repair purposes.

New matter indicated by italics - deletions by strikeout
(a) Whenever, as a result of any lawful order of any agency, other than a school board, having authority to enforce any school building code applicable to any facility that houses students, or any law or regulation for the protection and safety of the environment, pursuant to the Environmental Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; the district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in this State, upon all of the taxable property of the district at the value as assessed by the Department of Revenue and at a rate not to exceed 0.05% per year for a period sufficient to finance such alteration or reconstruction, upon the following conditions:

(1) When there are not sufficient funds available in the operations and maintenance fund of the school district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district, as determined by the district on the basis of rules adopted by the State Board of Education, to make such alteration or reconstruction or to purchase and install such permanent, fixed equipment so ordered or determined as necessary. Appropriate school district records must be made available to the State Superintendent of Education, upon request, to confirm this insufficiency.

(2) When a certified estimate of an architect or engineer licensed in this State stating the estimated amount necessary to make the alteration or reconstruction or to purchase and install the equipment so ordered has been secured by the school district, and the estimate has been approved by the regional superintendent of schools having jurisdiction over the district and the State Superintendent of Education. Approval must not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If the estimate is not approved or is denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit the estimate directly to the State Superintendent of Education for approval or denial.

In the case of an emergency situation, where the estimated cost to effectuate emergency repairs is less than the amount specified in Section...
10-20.21 of this Code, the school district may proceed with such repairs prior to approval by the State Superintendent of Education, but shall comply with the provisions of subdivision (2) of this subsection (a) as soon thereafter as may be as well as Section 10-20.21 of this Code. If the estimated cost to effectuate emergency repairs is greater than the amount specified in Section 10-20.21 of this Code, then the school district shall proceed in conformity with Section 10-20.21 of this Code and with rules established by the State Board of Education to address such situations. The rules adopted by the State Board of Education to deal with these situations shall stipulate that emergency situations must be expedited and given priority consideration. For purposes of this paragraph, an emergency is a situation that presents an imminent and continuing threat to the health and safety of students or other occupants of a facility, requires complete or partial evacuation of a building or part of a building, or consumes one or more of the 5 emergency days built into the adopted calendar of the school or schools or would otherwise be expected to cause such school or schools to fall short of the minimum school calendar requirements.

(b) Whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(c) Whenever any such district determines that it is necessary for accessibility purposes and to comply with the school building code that any school building or equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized under Section 2-3.12 of this Act, the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(d) Whenever any such district determines that it is necessary for school security purposes and the related protection and safety of pupils and school personnel that any school building or property should be altered or reconstructed or that security systems and equipment (including but not limited to intercom, early detection and warning, access control and television monitoring systems) should be purchased and installed, and that

New matter indicated by italics - deletions by strikeout
such alterations, reconstruction or purchase and installation of equipment will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendment thereto authorized by Section 2-3.12 of this Act and will deter and prevent unauthorized entry or activities upon school property by unknown or dangerous persons, assure early detection and advance warning of any such actual or attempted unauthorized entry or activities and help assure the continued safety of pupils and school staff if any such unauthorized entry or activity is attempted or occurs; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

If such a school district determines that it is necessary for school security purposes and the related protection and safety of pupils and school staff to hire a school resource officer or that personnel costs for school counselors, mental health experts, or school resource officers are necessary and the district determines that it does not need funds for any of the other purposes set forth in this Section, then the district may levy a tax or issue bonds as provided in subsection (a).

(e) If a school district does not need funds for other fire prevention and safety projects, including the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act, and it is determined after a public hearing (which is preceded by at least one published notice (i) occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district and (ii) setting forth the time, date, place, and general subject matter of the hearing) that there is a substantial, immediate, and otherwise unavoidable threat to the health, safety, or welfare of pupils due to disrepair of school sidewalks, playgrounds, parking lots, or school bus turnarounds and repairs must be made; then the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(f) For purposes of this Section a school district may replace a school building or build additions to replace portions of a building when it is determined that the effectuation of the recommendations for the existing building will cost more than the replacement costs. Such determination shall be based on a comparison of estimated costs made by an architect or engineer licensed in the State of Illinois. The new building or addition shall be equivalent in area (square feet) and comparable in purpose and grades served and may be on the same site or another site. Such

New matter indicated by italics - deletions by strikeout
replacement may only be done upon order of the regional superintendent of schools and the approval of the State Superintendent of Education.

(g) The filing of a certified copy of the resolution levying the tax when accompanied by the certificates of the regional superintendent of schools and State Superintendent of Education shall be the authority of the county clerk to extend such tax.

(h) The county clerk of the county in which any school district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for school purposes and shall not include the same in the limitation of any other tax rate which may be extended.

Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.

(i) The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

(j) When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds, excluding bond proceeds and earnings from such proceeds, as follows:

(1) for other authorized fire prevention, safety, energy conservation, required safety inspections, school security purposes, sampling for lead in drinking water in schools, and for repair and mitigation due to lead levels in the drinking water supply; or

(2) for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes.

Notwithstanding subdivision (2) of this subsection (j) and subsection (k) of this Section, through June 30, 2021, the school board may, by proper resolution following a public hearing set by the school board or the president of the school board (that is preceded (i) by at least one published

notice over the name of the clerk or secretary of the board, occurring at least 7 days and not more than 30 days prior to the hearing, in a newspaper of general circulation within the school district and (ii) by posted notice over the name of the clerk or secretary of the board, at least 48 hours before the hearing, at the principal office of the school board or at the building where the hearing is to be held if a principal office does not exist, with both notices setting forth the time, date, place, and subject matter of the hearing), transfer surplus life safety taxes and interest earnings thereon to the Operations and Maintenance Fund for building repair work.

(k) If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.

(l) If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

(m) Any bonds issued pursuant to this Section shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

(n) In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and not more than $5,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the school district sufficient to pay the principal and interest on such bonds to maturity. Upon the filing in the office of the county clerk of the county in which the school district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by such school district.

(o) After the time such bonds are issued as provided for by this Section, if additional alterations or reconstructions are required to be made

New matter indicated by italics - deletions by strikeout
because of surveys conducted by an architect or engineer licensed in the State of Illinois, the district may levy a tax at a rate not to exceed .05% per year upon all the taxable property of the district or issue additional bonds, whichever action shall be the most feasible.

(p) This Section is cumulative and constitutes complete authority for the issuance of bonds as provided in this Section notwithstanding any other statute or law to the contrary.

(q) With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of Public Act 86-004 (June 6, 1989), it is, and always has been, the intention of the General Assembly (i) that the Omnibus Bond Acts are, and always have been, supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(r) When the purposes for which the bonds are issued have been accomplished and paid for in full and there remain funds on hand from the proceeds of the bond sale and interest earnings therefrom, the board shall, by resolution, use such excess funds in accordance with the provisions of Section 10-22.14 of this Act.

(s) Whenever any tax is levied or bonds issued for fire prevention, safety, energy conservation, and school security purposes, such proceeds shall be deposited and accounted for separately within the Fire Prevention and Safety Fund.

Sec. 18-8.15. Evidence-Based Funding Evidence-based funding for student success for the 2017-2018 and subsequent school years.

(a) General provisions.

(1) The purpose of this Section is to ensure that, by June 30, 2027 and beyond, this State has a kindergarten through grade 12 public education system with the capacity to ensure the educational development of all persons to the limits of their capacities in accordance with Section 1 of Article X of the Constitution of the State of Illinois. To accomplish that objective, this Section creates a method of funding public education that is evidence-based; is sufficient to ensure every student receives a meaningful opportunity to learn irrespective of race, ethnicity, sexual orientation, gender, or community-income level; and is sustainable and predictable. When fully funded under this Section, every school shall have the resources, based on what the evidence indicates is needed, to:

(A) provide all students with a high quality education that offers the academic, enrichment, social and emotional support, technical, and career-focused programs that will allow them to become competitive workers, responsible parents, productive citizens of this State, and active members of our national democracy;

(B) ensure all students receive the education they need to graduate from high school with the skills required
to pursue post-secondary education and training for a rewarding career;

(C) reduce, with a goal of eliminating, the achievement gap between at-risk and non-at-risk students by raising the performance of at-risk students and not by reducing standards; and

(D) ensure this State satisfies its obligation to assume the primary responsibility to fund public education and simultaneously relieve the disproportionate burden placed on local property taxes to fund schools.

(2) The Evidence-Based Funding formula under this Section shall be applied to all Organizational Units in this State. The Evidence-Based Funding formula outlined in this Act is based on the formula outlined in Senate Bill 1 of the 100th General Assembly, as passed by both legislative chambers. As further defined and described in this Section, there are 4 major components of the Evidence-Based Funding model:

(A) First, the model calculates a unique Adequacy Target for each Organizational Unit in this State that considers the costs to implement research-based activities, the unit's student demographics, and regional wage differences.

(B) Second, the model calculates each Organizational Unit’s Local Capacity, or the amount each Organizational Unit is assumed to contribute towards its Adequacy Target from local resources.

(C) Third, the model calculates how much funding the State currently contributes to the Organizational Unit; and adds that to the unit's Local Capacity to determine the unit's overall current adequacy of funding.

(D) Finally, the model's distribution method allocates new State funding to those Organizational Units that are least well-funded, considering both Local Capacity and State funding, in relation to their Adequacy Target.

(3) An Organizational Unit receiving any funding under this Section may apply those funds to any fund so received for

New matter indicated by italics - deletions by strikeout
which that Organizational Unit is authorized to make expenditures by law.

(4) As used in this Section, the following terms shall have the meanings ascribed in this paragraph (4):

"Adequacy Target" is defined in paragraph (1) of subsection (b) of this Section.

"Adjusted EAV" is defined in paragraph (4) of subsection (d) of this Section.

"Adjusted Local Capacity Target" is defined in paragraph (3) of subsection (c) of this Section.

"Adjusted Operating Tax Rate" means a tax rate for all Organizational Units, for which the State Superintendent shall calculate and subtract for the Operating Tax Rate a transportation rate based on total expenses for transportation services under this Code, as reported on the most recent Annual Financial Report in Pupil Transportation Services, function 2550 in both the Education and Transportation funds and functions 4110 and 4120 in the Transportation fund, less any corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code divided by the Adjusted EAV. If an Organizational Unit's corresponding fiscal year State of Illinois scheduled payments excluding net adjustments for prior years for regular, vocational, or special education transportation reimbursement pursuant to Section 29-5 or subsection (b) of Section 14-13.01 of this Code exceed the total transportation expenses, as defined in this paragraph, no transportation rate shall be subtracted from the Operating Tax Rate.

"Allocation Rate" is defined in paragraph (3) of subsection (g) of this Section.

"Alternative School" means a public school that is created and operated by a regional superintendent of schools and approved by the State Board.

"Applicable Tax Rate" is defined in paragraph (1) of subsection (d) of this Section.

"Assessment" means any of those benchmark, progress monitoring, formative, diagnostic, and other assessments, in addition to the State accountability assessment, that assist teachers'

needs in understanding the skills and meeting the needs of the students they serve.

"Assistant principal" means a school administrator duly endorsed to be employed as an assistant principal in this State.

"At-risk student" means a student who is at risk of not meeting the Illinois Learning Standards or not graduating from elementary or high school and who demonstrates a need for vocational support or social services beyond that provided by the regular school program. All students included in an Organizational Unit's Low-Income Count, as well as all English learner and disabled students attending the Organizational Unit, shall be considered at-risk students under this Section.

"Average Student Enrollment" or "ASE" for fiscal year 2018 means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1, plus the pre-kindergarten students who receive special education services of 2 or more hours a day as reported to the State Board on December 1, for each of the immediately preceding 3 school years. For fiscal year 2019 and each subsequent fiscal year, "Average Student Enrollment" or "ASE" means, for an Organizational Unit, the greater of the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1 in the immediately preceding school year, or the average number of students (grades K through 12) reported to the State Board as enrolled in the Organizational Unit on October 1 and March 1 in the immediately preceding school year, plus the pre-kindergarten students who receive special education services as reported to the State Board on October 1 and March 1, for each of the immediately preceding 3 school years. For the purposes of this definition, "enrolled in the Organizational

"Unit" means the number of students reported to the State Board who are enrolled in schools within the Organizational Unit that the student attends or would attend if not placed or transferred to another school or program to receive needed services. For the purposes of calculating "ASE", all students, grades K through 12, excluding those attending kindergarten for a half day and students attending an alternative education program operated by a regional office of education or intermediate service center, shall be counted as 1.0. All students attending kindergarten for a half day shall be counted as 0.5, unless in 2017 by June 15 or by March 1 in subsequent years, the school district reports to the State Board of Education the intent to implement full-day kindergarten district-wide for all students, then all students attending kindergarten shall be counted as 1.0. Special education pre-kindergarten students shall be counted as 0.5 each. If the State Board does not collect or has not collected both an October 1 and March 1 enrollment count by grade or a December 1 collection of special education pre-kindergarten students as of August 31, 2017 (the effective date of Public Act 100-465) this amendatory Act of the 100th General Assembly, it shall establish such collection for all future years. For any year in which a count by grade level was collected only once, that count shall be used as the single count available for computing a 3-year average ASE. Funding for programs operated by a regional office of education or an intermediate service center must be calculated using the Evidence-Based Funding evidence-based funding formula under this Section for the 2019-2020 school year and each subsequent school year until separate adequacy formulas are developed and adopted for each type of program. ASE for a program operated by a regional office of education or an intermediate service center must be determined by the March 1 enrollment for the program. For the 2019-2020 school year, the ASE used in the calculation must be the first-year ASE and, in that year only, the assignment of students served by a regional office of education or intermediate service center shall not result in a reduction of the March enrollment for any school district. For the 2020-2021 school year, the ASE must be the greater of the current-year ASE or the 2-year average ASE. Beginning with the 2021-2022 school year, the ASE must be the greater of the current-year ASE or the 3-year average ASE. School districts shall submit the

data for the ASE calculation to the State Board within 45 days of the dates required in this Section for submission of enrollment data in order for it to be included in the ASE calculation. For fiscal year 2018 only, the ASE calculation shall include only enrollment taken on October 1.

In the fourth and subsequent years of Evidence-Based Funding implementation, the State Superintendent shall re-determine the CWI using a similar methodology to that identified in the Texas A & M University

(1) Each Organizational Unit's Local Capacity represents an amount of funding it is assumed to contribute toward its Adequacy Target for purposes of the Evidence-Based Funding formula calculation. "Local Capacity" means either (i) the Organizational Unit's Local Capacity Target as calculated in accordance with paragraph (2) of this subsection (c) if its Real Receipts are equal to or less than its Local Capacity Target or (ii) the Organizational Unit's Adjusted Local Capacity, as calculated in accordance with paragraph (3) of this subsection (c) if Real Receipts are more than its Local Capacity Target.

(2) "Local Capacity Target" means, for an Organizational Unit, that dollar amount that is obtained by multiplying its Adequacy Target by its Local Capacity Ratio.

New matter indicated by italics - deletions by strikeout
(A) An Organizational Unit's Local Capacity Percentage is the conversion of the Organizational Unit's Local Capacity Ratio, as such ratio is determined in accordance with subparagraph (B) of this paragraph (2), into a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The calculation of Local Capacity Percentage is described in subparagraph (C) of this paragraph (2).

(B) An Organizational Unit's Local Capacity Ratio in a given year is the percentage obtained by dividing its Adjusted EAV or PTELL EAV, whichever is less, by its Adequacy Target, with the resulting ratio further adjusted as follows:

(i) for Organizational Units serving grades kindergarten through 12 and Hybrid Districts, no further adjustments shall be made;

(ii) for Organizational Units serving grades kindergarten through 8, the ratio shall be multiplied by 9/13;

(iii) for Organizational Units serving grades 9 through 12, the Local Capacity Ratio shall be multiplied by 4/13; and

(iv) for an Organizational Unit with a different grade configuration than those specified in items (i) through (iii) of this subparagraph (B), the State Superintendent shall determine a comparable adjustment based on the grades served.

(C) The Local Capacity Percentage is equal to the percentile ranking of the district. Local Capacity Percentage converts each Organizational Unit's Local Capacity Ratio to a cumulative distribution resulting in a percentile ranking to determine each Organizational Unit's relative position to all other Organizational Units in this State. The Local Capacity Percentage cumulative distribution resulting in a percentile ranking for each Organizational Unit shall be calculated using the standard normal distribution of the score in relation to the weighted mean and weighted standard deviation and Local Capacity Ratios of all Organizational

Units. If the value assigned to any Organizational Unit is in excess of 90%, the value shall be adjusted to 90%. For Laboratory Schools, the Local Capacity Percentage shall be set at 10% in recognition of the absence of EAV and resources from the public university that are allocated to the Laboratory School. For programs operated by a regional office of education or an intermediate service center, the Local Capacity Percentage must be set at 10% in recognition of the absence of EAV and resources from school districts that are allocated to the regional office of education or intermediate service center. The weighted mean for the Local Capacity Percentage shall be determined by multiplying each Organizational Unit's Local Capacity Ratio times the ASE for the unit creating a weighted value, summing the weighted values of all Organizational Units, and dividing by the total ASE of all Organizational Units. The weighted standard deviation shall be determined by taking the square root of the weighted variance of all Organizational Units' Local Capacity Ratio, where the variance is calculated by squaring the difference between each unit's Local Capacity Ratio and the weighted mean, then multiplying the variance for each unit times the ASE for the unit to create a weighted variance for each unit, then summing all units' weighted variance and dividing by the total ASE of all units.

(D) For any Organizational Unit, the Organizational Unit's Adjusted Local Capacity Target shall be reduced by either (i) the school board's remaining contribution pursuant to paragraph (ii) of subsection (b-4) of Section 16-158 of the Illinois Pension Code in a given year; or (ii) the board of education's remaining contribution pursuant to paragraph (iv) of subsection (b) of Section 17-129 of the Illinois Pension Code absent the employer normal cost portion of the required contribution and amount allowed pursuant to subdivision (3) of Section 17-142.1 of the Illinois Pension Code in a given year. In the preceding sentence, item (i) shall be certified to the State Board of Education by the Teachers' Retirement System of the State of Illinois and item (ii) shall be certified to the State Board of Education.
by the Public School Teachers' Pension and Retirement Fund of the City of Chicago.

(3) If an Organizational Unit's Real Receipts are more than its Local Capacity Target, then its Local Capacity shall equal an Adjusted Local Capacity Target as calculated in accordance with this paragraph (3). The Adjusted Local Capacity Target is calculated as the sum of the Organizational Unit's Local Capacity Target and its Real Receipts Adjustment. The Real Receipts Adjustment equals the Organizational Unit's Real Receipts less its Local Capacity Target, with the resulting figure multiplied by the Local Capacity Percentage.

As used in this paragraph (3), "Real Percent of Adequacy" means the sum of an Organizational Unit's Real Receipts, CPPRT, and Base Funding Minimum, with the resulting figure divided by the Organizational Unit's Adequacy Target.

(d) Calculation of Real Receipts, EAV, and Adjusted EAV for purposes of the Local Capacity calculation.

(1) An Organizational Unit's Real Receipts are the product of its Applicable Tax Rate and its Adjusted EAV. An Organizational Unit's Applicable Tax Rate is its Adjusted Operating Tax Rate for property within the Organizational Unit.

(2) The State Superintendent shall calculate the Equalized Assessed Valuation, or EAV, of all taxable property of each Organizational Unit as of September 30 of the previous year in accordance with paragraph (3) of this subsection (d). The State Superintendent shall then determine the Adjusted EAV of each Organizational Unit in accordance with paragraph (4) of this subsection (d), which Adjusted EAV figure shall be used for the purposes of calculating Local Capacity.

(3) To calculate Real Receipts and EAV, the Department of Revenue shall supply to the State Superintendent the value as equalized or assessed by the Department of Revenue of all taxable property of every Organizational Unit, together with (i) the applicable tax rate used in extending taxes for the funds of the Organizational Unit as of September 30 of the previous year and (ii) the limiting rate for all Organizational Units subject to property tax extension limitations as imposed under PTELL.

(A) The Department of Revenue shall add to the equalized assessed value of all taxable property of each
Organizational Unit situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that Organizational Unit exceeds the total amount that would have been allowed in that Organizational Unit if the maximum reduction under Section 15-176 was (I) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (II) $5,000 in all counties in tax year 2004 and thereafter and (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each Organizational Unit all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this subparagraph (A) that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of EAV shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this subparagraph (A) that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of EAV shall not be affected by the difference, if any, because of those additional exemptions.

(B) With respect to any part of an Organizational Unit within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Division 74.4 of Article 11 of the Illinois Municipal Code, or the Industrial Jobs Recovery Law, Division 74.6 of Article 11 of the Illinois Municipal Code, no part of the current EAV of real property located in any such project area that which is attributable to an increase above the total initial EAV of such property shall be used as part of the EAV of the Organizational Unit, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the EAV of the Organizational Unit, the total initial EAV or the current EAV, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(B-5) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value, as equalized or assessed by the Department of Revenue, for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (B-5).

(C) For Organizational Units that are Hybrid Districts, the State Superintendent shall use the lesser of the adjusted equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, or the adjusted equalized assessed valuation for property within the partial
elementary unit district for high school purposes, as defined in Article 11E of this Code.

(4) An Organizational Unit's Adjusted EAV shall be the average of its EAV over the immediately preceding 3 years or its EAV in the immediately preceding year if the EAV in the immediately preceding year has declined by 10% or more compared to the 3-year average. In the event of Organizational Unit reorganization, consolidation, or annexation, the Organizational Unit's Adjusted EAV for the first 3 years after such change shall be as follows: the most current EAV shall be used in the first year, the average of a 2-year EAV or its EAV in the immediately preceding year if the EAV declines by 10% or more compared to the 2-year average for the second year, and a 3-year average EAV or its EAV in the immediately preceding year if the Adjusted adjusted EAV declines by 10% or more compared to the 3-year average for the third year. For any school district whose EAV in the immediately preceding year is used in calculations, in the following year, the Adjusted EAV shall be the average of its EAV over the immediately preceding 2 years or the immediately preceding year if that year represents a decline of 10% or more compared to the 2-year average.

"PTELL EAV" means a figure calculated by the State Board for Organizational Units subject to PTELL as described in this paragraph (4) for the purposes of calculating an Organizational Unit's Local Capacity Ratio. Except as otherwise provided in this paragraph (4), the PTELL EAV of an Organizational Unit shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section and the Organizational Unit's Extension Limitation Ratio. If an Organizational Unit has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the PTELL EAV shall be equal to the product of the equalized assessed valuation last used in the calculation of general State aid under Section 18-8.05 of this Code (now repealed) or Evidence-Based Funding under this Section multiplied by an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor for

the 12-month calendar year preceding the Base Tax Year, plus the
equalized assessed valuation of new property, annexed property,
and recovered tax increment value and minus the equalized
assessed valuation of disconnected property.

As used in this paragraph (4), "new property" and
"recovered tax increment value" shall have the meanings set forth
in the Property Tax Extension Limitation Law.

(e) Base Funding Minimum calculation.

(1) For the 2017-2018 school year, the Base Funding
Minimum of an Organizational Unit or a Specially Funded Unit
shall be the amount of State funds distributed to the Organizational
Unit or Specially Funded Unit during the 2016-2017 school year
prior to any adjustments and specified appropriation amounts
described in this paragraph (1) from the following Sections, as
calculated by the State Superintendent: Section 18-8.05 of this
Code (now repealed); Section 5 of Article 224 of Public Act 99-
524 (equity grants); Section 14-7.02b of this Code (funding for
children requiring special education services); Section 14-13.01 of
this Code (special education facilities and staffing), except for
reimbursement of the cost of transportation pursuant to Section 14-
13.01; Section 14C-12 of this Code (English learners); and Section
18-4.3 of this Code (summer school), based on an appropriation
level of $13,121,600. For a school district organized under Article
34 of this Code, the Base Funding Minimum also includes (i) the
funds allocated to the school district pursuant to Section 1D-1 of
this Code attributable to funding programs authorized by the
Sections of this Code listed in the preceding sentence; and (ii) the
difference between (I) the funds allocated to the school district
pursuant to Section 1D-1 of this Code attributable to the funding
programs authorized by Section 14-7.02 (non-public special
education reimbursement), subsection (b) of Section 14-13.01
(special education transportation), Section 29-5 (transportation),
Section 2-3.80 (agricultural education), Section 2-3.66 (truants'
alternative education), Section 2-3.62 (educational service centers),
and Section 14-7.03 (special education - orphanage) of this Code
and Section 15 of the Childhood Hunger Relief Act (free breakfast
program) and (II) the school district's actual expenditures for its

education, services that would otherwise be performed by a regional office of education, special education orphanage expenditures, and free breakfast, as most recently calculated and reported pursuant to subsection (f) of Section 1D-1 of this Code. The Base Funding Minimum for Glenwood Academy shall be $625,500. For programs operated by a regional office of education or an intermediate service center, the Base Funding Minimum must be the total amount of State funds allocated to those programs in the 2018-2019 school year and amounts provided pursuant to Article 34 of Public Act 100-586 and Section 3-16 of this Code. All programs established after June 5, 2019 (the effective date of Public Act 101-10) this amendatory Act of the 101st General Assembly and administered by a regional office of education or an intermediate service center must have an initial Base Funding Minimum set to an amount equal to the first-year ASE multiplied by the amount of per pupil funding received in the previous school year by the lowest funded similar existing program type. If the enrollment for a program operated by a regional office of education or an intermediate service center is zero, then it may not receive Base Funding Minimum funds for that program in the next fiscal year, and those funds must be distributed to Organizational Units under subsection (g).

(2) For the 2018-2019 and subsequent school years, the Base Funding Minimum of Organizational Units and Specially Funded Units shall be the sum of (i) the amount of Evidence-Based Funding for the prior school year, (ii) the Base Funding Minimum for the prior school year, and (iii) any amount received by a school district pursuant to Section 7 of Article 97 of Public Act 100-21.

(3) Subject to approval by the General Assembly as provided in this paragraph (3), an Organizational Unit that meets all of the following criteria, as determined by the State Board, shall have District Intervention Money added to its Base Funding Minimum at the time the Base Funding Minimum is calculated by the State Board:

(A) The Organizational Unit is operating under an Independent Authority under Section 2-3.25f-5 of this Code for a minimum of 4 school years or is subject to the control of the State Board pursuant to a court order for a minimum of 4 school years.

(B) The Organizational Unit was designated as a Tier 1 or Tier 2 Organizational Unit in the previous school year under paragraph (3) of subsection (g) of this Section.

(C) The Organizational Unit demonstrates sustainability through a 5-year financial and strategic plan.

(D) The Organizational Unit has made sufficient progress and achieved sufficient stability in the areas of governance, academic growth, and finances.

As part of its determination under this paragraph (3), the State Board may consider the Organizational Unit's summative designation, any accreditations of the Organizational Unit, or the Organizational Unit's financial profile, as calculated by the State Board.

If the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3), it must submit a report to the General Assembly, no later than January 2 of the fiscal year in which the State Board makes it determination, on the amount of District Intervention Money to add to the Organizational Unit's Base Funding Minimum. The General Assembly must review the State Board's report and may approve or disapprove, by joint resolution, the addition of District Intervention Money. If the General Assembly fails to act on the report within 40 calendar days from the receipt of the report, the addition of District Intervention Money is deemed approved. If the General Assembly approves the amount of District Intervention Money to be added to the Organizational Unit's Base Funding Minimum, the District Intervention Money must be added to the Base Funding Minimum annually thereafter.

For the first 4 years following the initial year that the State Board determines that an Organizational Unit has met the criteria set forth in this paragraph (3) and has received funding under this Section, the Organizational Unit must annually submit to the State Board, on or before November 30, a progress report regarding its financial and strategic plan under subparagraph (C) of this paragraph (3). The plan shall include the financial data from the past 4 annual financial reports or financial audits that must be presented to the State Board by November 15 of each year and the approved budget financial data for the current year. The plan shall...
be developed according to the guidelines presented to the Organizational Unit by the State Board. The plan shall further include financial projections for the next 3 fiscal years and include a discussion and financial summary of the Organizational Unit's facility needs. If the Organizational Unit does not demonstrate sufficient progress toward its 5-year plan or if it has failed to file an annual financial report, an annual budget, a financial plan, a deficit reduction plan, or other financial information as required by law, the State Board may establish a Financial Oversight Panel under Article 1H of this Code. However, if the Organizational Unit already has a Financial Oversight Panel, the State Board may extend the duration of the Panel.

(f) Percent of Adequacy and Final Resources calculation.

(1) The Evidence-Based Funding formula establishes a Percent of Adequacy for each Organizational Unit in order to place such units into tiers for the purposes of the funding distribution system described in subsection (g) of this Section. Initially, an Organizational Unit's Preliminary Resources and Preliminary Percent of Adequacy are calculated pursuant to paragraph (2) of this subsection (f). Then, an Organizational Unit's Final Resources and Final Percent of Adequacy are calculated to account for the Organizational Unit's poverty concentration levels pursuant to paragraphs (3) and (4) of this subsection (f).

(2) An Organizational Unit's Preliminary Resources are equal to the sum of its Local Capacity Target, CPPRT, and Base Funding Minimum. An Organizational Unit's Preliminary Percent of Adequacy is the lesser of (i) its Preliminary Resources divided by its Adequacy Target or (ii) 100%.

(3) Except for Specially Funded Units, an Organizational Unit's Final Resources are equal the sum of its Local Capacity, CPPRT, and Adjusted Base Funding Minimum. The Base Funding Minimum of each Specially Funded Unit shall serve as its Final Resources, except that the Base Funding Minimum for State-approved charter schools shall not include any portion of general State aid allocated in the prior year based on the per capita tuition charge times the charter school enrollment.

(4) An Organizational Unit's Final Percent of Adequacy is its Final Resources divided by its Adequacy Target. An Organizational Unit's Adjusted Base Funding Minimum is equal to

its Base Funding Minimum less its Supplemental Grant Funding, with the resulting figure added to the product of its Supplemental Grant Funding and Preliminary Percent of Adequacy.

(g) Evidence-Based Funding formula distribution system.

(1) In each school year under the Evidence-Based Funding formula, each Organizational Unit receives funding equal to the sum of its Base Funding Minimum and the unit's allocation of New State Funds determined pursuant to this subsection (g). To allocate New State Funds, the Evidence-Based Funding formula distribution system first places all Organizational Units into one of 4 tiers in accordance with paragraph (3) of this subsection (g), based on the Organizational Unit's Final Percent of Adequacy. New State Funds are allocated to each of the 4 tiers as follows: Tier 1 Aggregate Funding equals 50% of all New State Funds, Tier 2 Aggregate Funding equals 49% of all New State Funds, Tier 3 Aggregate Funding equals 0.9% of all New State Funds, and Tier 4 Aggregate Funding equals 0.1% of all New State Funds. Each Organizational Unit within Tier 1 or Tier 2 receives an allocation of New State Funds equal to its tier Funding Gap, as defined in the following sentence, multiplied by the tier's Allocation Rate determined pursuant to paragraph (4) of this subsection (g). For Tier 1, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as specified in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources. For Tier 2, an Organizational Unit's Funding Gap equals the tier's Target Ratio, as described in paragraph (5) of this subsection (g), multiplied by the Organizational Unit's Adequacy Target, with the resulting amount reduced by the Organizational Unit's Final Resources and its Tier 1 funding allocation. To determine the Organizational Unit's Funding Gap, the resulting amount is then multiplied by a factor equal to one minus the Organizational Unit's Local Capacity Target percentage. Each Organizational Unit within Tier 3 or Tier 4 receives an allocation of New State Funds equal to the product of its Adequacy Target and the tier's Allocation Rate, as specified in paragraph (4) of this subsection (g).

(2) To ensure equitable distribution of dollars for all Tier 2 Organizational Units, no Tier 2 Organizational Unit shall receive
fewer dollars per ASE than any Tier 3 Organizational Unit. Each Tier 2 and Tier 3 Organizational Unit shall have its funding allocation divided by its ASE. Any Tier 2 Organizational Unit with a funding allocation per ASE below the greatest Tier 3 allocation per ASE shall get a funding allocation equal to the greatest Tier 3 funding allocation per ASE multiplied by the Organizational Unit's ASE. Each Tier 2 Organizational Unit's Tier 2 funding allocation shall be multiplied by the percentage calculated by dividing the original Tier 2 Aggregate Funding by the sum of all Tier 2 Organizational Units' Tier 2 funding allocation after adjusting districts' funding below Tier 3 levels.

(3) Organizational Units are placed into one of 4 tiers as follows:

(A) Tier 1 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy less than the Tier 1 Target Ratio. The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed, with the Tier 1 Allocation Rate determined pursuant to paragraph (4) of this subsection (g).

(B) Tier 2 consists of all Tier 1 Units and all other Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of less than 0.90.

(C) Tier 3 consists of all Organizational Units, except for Specially Funded Units, with a Percent of Adequacy of at least 0.90 and less than 1.0.

(D) Tier 4 consists of all Organizational Units with a Percent of Adequacy of at least 1.0.

(4) The Allocation Rates for Tiers 1 through 4 are determined as follows:

(A) The Tier 1 Allocation Rate is 30%.

(B) The Tier 2 Allocation Rate is the result of the following equation: Tier 2 Aggregate Funding, divided by the sum of the Funding Gaps for all Tier 2 Organizational Units, unless the result of such equation is higher than 1.0. If the result of such equation is higher than 1.0, then the Tier 2 Allocation Rate is 1.0.

(C) The Tier 3 Allocation Rate is the result of the following equation: Tier 3 Aggregate Funding, divided by

the sum of the Adequacy Targets of all Tier 3 Organizational Units.

(D) The Tier 4 Allocation Rate is the result of the following equation: Tier 4 Aggregate Funding, divided by the sum of the Adequacy Targets of all Tier 4 Organizational Units.

(5) A tier's Target Ratio is determined as follows:

(A) The Tier 1 Target Ratio is the ratio level that allows for Tier 1 Aggregate Funding to be distributed with the Tier 1 Allocation Rate.

(B) The Tier 2 Target Ratio is 0.90.

(C) The Tier 3 Target Ratio is 1.0.

(6) If, at any point, the Tier 1 Target Ratio is greater than 90%, than all Tier 1 funding shall be allocated to Tier 2 and no Tier 1 Organizational Unit's funding may be identified.

(7) In the event that all Tier 2 Organizational Units receive funding at the Tier 2 Target Ratio level, any remaining New State Funds shall be allocated to Tier 3 and Tier 4 Organizational Units.

(8) If any Specially Funded Units, excluding Glenwood Academy, recognized by the State Board do not qualify for direct funding following the implementation of Public Act 100-465 this amendatory Act of the 100th General Assembly from any of the funding sources included within the definition of Base Funding Minimum, the unqualified portion of the Base Funding Minimum shall be transferred to one or more appropriate Organizational Units as determined by the State Superintendent based on the prior year ASE of the Organizational Units.

(8.5) If a school district withdraws from a special education cooperative, the portion of the Base Funding Minimum that is attributable to the school district may be redistributed to the school district upon withdrawal. The school district and the cooperative must include the amount of the Base Funding Minimum that is to be reapportioned in their withdrawal agreement and notify the State Board of the change with a copy of the agreement upon withdrawal.

(9) The Minimum Funding Level is intended to establish a target for State funding that will keep pace with inflation and continue to advance equity through the Evidence-Based Funding formula. The target for State funding of New Property Tax Relief

Pool Funds is $50,000,000 for State fiscal year 2019 and subsequent State fiscal years. The Minimum Funding Level is equal to $350,000,000. In addition to any New State Funds, no more than $50,000,000 New Property Tax Relief Pool Funds may be counted toward the Minimum Funding Level. If the sum of New State Funds and applicable New Property Tax Relief Pool Funds are less than the Minimum Funding Level, than funding for tiers shall be reduced in the following manner:

(A) First, Tier 4 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds until such time as Tier 4 funding is exhausted.

(B) Next, Tier 3 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 funding until such time as Tier 3 funding is exhausted.

(C) Next, Tier 2 funding shall be reduced by an amount equal to the difference between the Minimum Funding Level and New State Funds and the reduction in Tier 4 and Tier 3.

(D) Finally, Tier 1 funding shall be reduced by an amount equal to the difference between the Minimum Funding level and New State Funds and the reduction in Tier 2, 3, and 4 funding. In addition, the Allocation Rate for Tier 1 shall be reduced to a percentage equal to the Tier 1 Allocation Rate set by paragraph (4) of this subsection (g), multiplied by the result of New State Funds divided by the Minimum Funding Level.

(9.5) For State fiscal year 2019 and subsequent State fiscal years, if New State Funds exceed $300,000,000, then any amount in excess of $300,000,000 shall be dedicated for purposes of Section 2-3.170 of this Code up to a maximum of $50,000,000.

(10) In the event of a decrease in the amount of the appropriation for this Section in any fiscal year after implementation of this Section, the Organizational Units receiving Tier 1 and Tier 2 funding, as determined under paragraph (3) of this subsection (g), shall be held harmless by establishing a Base Funding Guarantee equal to the per pupil kindergarten through

grade 12 funding received in accordance with this Section in the prior fiscal year. Reductions shall be made to the Base Funding Minimum of Organizational Units in Tier 3 and Tier 4 on a per pupil basis equivalent to the total number of the ASE in Tier 3-funded and Tier 4-funded Organizational Units divided by the total reduction in State funding. The Base Funding Minimum as reduced shall continue to be applied to Tier 3 and Tier 4 Organizational Units and adjusted by the relative formula when increases in appropriations for this Section resume. In no event may State funding reductions to Organizational Units in Tier 3 or Tier 4 exceed an amount that would be less than the Base Funding Minimum established in the first year of implementation of this Section. If additional reductions are required, all school districts shall receive a reduction by a per pupil amount equal to the aggregate additional appropriation reduction divided by the total ASE of all Organizational Units.

(11) The State Superintendent shall make minor adjustments to the distribution formula set forth in this subsection (g) to account for the rounding of percentages to the nearest tenth of a percentage and dollar amounts to the nearest whole dollar.

(h) State Superintendent administration of funding and district submission requirements.

(1) The State Superintendent shall, in accordance with appropriations made by the General Assembly, meet the funding obligations created under this Section.

(2) The State Superintendent shall calculate the Adequacy Target for each Organizational Unit and Net State Contribution Target for each Organizational Unit under this Section. No Evidence-Based Funding shall be distributed within an Organizational Unit without the approval of the unit's school board.

(3) Annually, the State Superintendent shall calculate and report to each Organizational Unit the unit's aggregate financial adequacy amount, which shall be the sum of the Adequacy Target for each Organizational Unit. The State Superintendent shall calculate and report separately for each Organizational Unit the unit's total State funds allocated for its students with disabilities. The State Superintendent shall calculate and report separately for each Organizational Unit the amount of funding and applicable

FTE calculated for each Essential Element of the unit's Adequacy Target.

(4) Annually, the State Superintendent shall calculate and report to each Organizational Unit the amount the unit must expend on special education and bilingual education and computer technology and equipment for Organizational Units assigned to Tier 1 or Tier 2 that received an additional $285.50 per student computer technology and equipment investment grant to their Adequacy Target pursuant to the unit's Base Funding Minimum, Special Education Allocation, Bilingual Education Allocation, and computer technology and equipment investment allocation.

(5) Moneys distributed under this Section shall be calculated on a school year basis, but paid on a fiscal year basis, with payments beginning in August and extending through June. Unless otherwise provided, the moneys appropriated for each fiscal year shall be distributed in 22 equal payments at least 2 times monthly to each Organizational Unit. If moneys appropriated for any fiscal year are distributed other than monthly, the distribution shall be on the same basis for each Organizational Unit.

(6) Any school district that fails, for any given school year, to maintain school as required by law or to maintain a recognized school is not eligible to receive Evidence-Based Funding. In case of non-recognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion that the enrollment in the attendance center or centers bears to the enrollment of the school district. "Recognized school" means any public school that meets the standards for recognition by the State Board. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim that was filed while it was recognized.

(7) School district claims filed under this Section are subject to Sections 18-9 and 18-12 of this Code, except as otherwise provided in this Section.

(8) Each fiscal year, the State Superintendent shall calculate for each Organizational Unit an amount of its Base Funding Minimum and Evidence-Based Funding that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner...
that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. An Organizational Unit must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board.

(9) All Organizational Units in this State must submit annual spending plans by the end of September of each year to the State Board as part of the annual budget process, which shall describe how each Organizational Unit will utilize the Base Funding Minimum Funding and Evidence-Based Funding funding it receives from this State under this Section with specific identification of the intended utilization of Low-Income, English learner, and special education resources. Additionally, the annual spending plans of each Organizational Unit shall describe how the Organizational Unit expects to achieve student growth and how the Organizational Unit will achieve State education goals, as defined by the State Board. The State Superintendent may, from time to time, identify additional requisites for Organizational Units to satisfy when compiling the annual spending plans required under this subsection (h). The format and scope of annual spending plans shall be developed by the State Superintendent and the State Board of Education. School districts that serve students under Article 14C of this Code shall continue to submit information as required under Section 14C-12 of this Code.

(10) No later than January 1, 2018, the State Superintendent shall develop a 5-year strategic plan for all Organizational Units to help in planning for adequacy funding under this Section. The State Superintendent shall submit the plan to the Governor and the General Assembly, as provided in Section 3.1 of the General Assembly Organization Act. The plan shall include recommendations for:

(A) a framework for collaborative, professional, innovative, and 21st century learning environments using the Evidence-Based Funding model;

(B) ways to prepare and support this State's educators for successful instructional careers;

(C) application and enhancement of the current financial accountability measures, the approved State plan to comply with the federal Every Student Succeeds Act, and the Illinois Balanced Accountability Measures in relation to student growth and elements of the Evidence-Based Funding model; and

(D) implementation of an effective school adequacy funding system based on projected and recommended funding levels from the General Assembly.

(11) On an annual basis, the State Superintendent must recalibrate all of the following per pupil elements of the Adequacy Target and applied to the formulas, based on the study of average expenses and as reported in the most recent annual financial report:

(A) Gifted under subparagraph (M) of paragraph (2) of subsection (b).

(B) Instructional materials under subparagraph (O) of paragraph (2) of subsection (b).

(C) Assessment under subparagraph (P) of paragraph (2) of subsection (b).

(D) Student activities under subparagraph (R) of paragraph (2) of subsection (b).

(E) Maintenance and operations under subparagraph (S) of paragraph (2) of subsection (b).

(F) Central office under subparagraph (T) of paragraph (2) of subsection (b).

(i) Professional Review Panel.

(1) A Professional Review Panel is created to study and review topics related to the implementation and effect of Evidence-Based Funding, as assigned by a joint resolution or Public Act of the General Assembly or a motion passed by the State Board of Education. The Panel must provide recommendations to and serve the Governor, the General Assembly, and the State Board. The State Superintendent or his or her designee must serve as a voting member and chairperson of the Panel. The State Superintendent must appoint a vice chairperson from the membership of the Panel. The Panel must advance recommendations based on a three-fifths majority vote of Panel members present and voting. A minority opinion may also accompany any recommendation of the Panel. The Panel shall be appointed by the State Superintendent,
except as otherwise provided in paragraph (2) of this subsection (i) and include the following members:

(A) Two appointees that represent district superintendents, recommended by a statewide organization that represents district superintendents.

(B) Two appointees that represent school boards, recommended by a statewide organization that represents school boards.

(C) Two appointees from districts that represent school business officials, recommended by a statewide organization that represents school business officials.

(D) Two appointees that represent school principals, recommended by a statewide organization that represents school principals.

(E) Two appointees that represent teachers, recommended by a statewide organization that represents teachers.

(F) Two appointees that represent teachers, recommended by another statewide organization that represents teachers.

(G) Two appointees that represent regional superintendents of schools, recommended by organizations that represent regional superintendents.

(H) Two independent experts selected solely by the State Superintendent.

(I) Two independent experts recommended by public universities in this State.

(K) Two representatives recommended by collective impact organizations that represent major metropolitan areas or geographic areas in Illinois.

(L) One member from a statewide organization focused on research-based education policy to support a school system that prepares all students for college, a career, and democratic citizenship.

(M) One representative from a school district organized under Article 34 of this Code.

The State Superintendent shall ensure that the membership of the Panel includes representatives from school districts and communities reflecting the geographic, socio-economic, racial, and ethnic diversity of this State. The State Superintendent shall additionally ensure that the membership of the Panel includes representatives with expertise in bilingual education and special education. Staff from the State Board shall staff the Panel.

(2) In addition to those Panel members appointed by the State Superintendent, 4 members of the General Assembly shall be appointed as follows: one member of the House of Representatives appointed by the Speaker of the House of Representatives, one member of the Senate appointed by the President of the Senate, one member of the House of Representatives appointed by the Minority Leader of the House of Representatives, and one member of the Senate appointed by the Minority Leader of the Senate. The following provisions shall apply concerning professional development activities:

(1) Each licensee shall complete a total of 120 hours of professional development per 5-year renewal cycle in order to renew the license, except as otherwise provided in this Section.

(2) Beginning with his or her first full 5-year cycle, any licensee with an administrative endorsement who is not working in a position requiring such endorsement is not required to complete Illinois Administrators' Academy courses, as described in Article 2 of this Code. Such licensees must complete one Illinois Administrators' Academy course within one year after returning to a position that requires the administrative endorsement.

(3) Any licensee with an administrative endorsement who is working in a position requiring such endorsement or an individual with a Teacher Leader endorsement serving in an administrative capacity at least 50% of the day shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, each fiscal year in addition to 100 hours of professional development per 5-year renewal cycle in accordance with this Code.

(4) Any licensee holding a current National Board for Professional Teaching Standards (NBPTS) master teacher...
designation shall complete a total of 60 hours of professional development per 5-year renewal cycle in order to renew the license.

(5) Licensees working in a position that does not require educator licensure or working in a position for less than 50% for any particular year are considered to be exempt and shall be required to pay only the registration fee in order to renew and maintain the validity of the license.

(6) Licensees who are retired and qualify for benefits from a State of Illinois retirement system shall notify the State Board of Education using ELIS, and the license shall be maintained in retired status. For any renewal cycle in which a licensee retires during the renewal cycle, the licensee must complete professional development activities on a prorated basis depending on the number of years during the renewal cycle the educator held an active license. If a licensee retires during a renewal cycle, the licensee must notify the State Board of Education using ELIS that the licensee wishes to maintain the license in retired status and must show proof of completion of professional development activities on a prorated basis for all years of that renewal cycle for which the license was active. An individual with a license in retired status shall not be required to complete professional development activities or pay registration fees until returning to a position that requires educator licensure. Upon returning to work in a position that requires the Professional Educator License, the licensee shall immediately pay a registration fee and complete renewal requirements for that year. A license in retired status cannot lapse. Beginning on January 6, 2017 (the effective date of Public Act 99-920) through December 31, 2017, any licensee who has retired and whose license has lapsed for failure to renew as provided in this Section may reinstate that license and maintain it in retired status upon providing proof to the State Board of Education using ELIS that the licensee is retired and is not working in a position that requires a Professional Educator License.

(7) For any renewal cycle in which professional development hours were required, but not fulfilled, the licensee shall complete any missed hours to total the minimum professional development hours required in this Section prior to September 1 of that year. Professional development hours used to fulfill the minimum required hours for a renewal cycle may be used for only

one renewal cycle. For any fiscal year or renewal cycle in which an Illinois Administrators' Academy course was required but not completed, the licensee shall complete any missed Illinois Administrators' Academy courses prior to September 1 of that year. The licensee may complete all deficient hours and Illinois Administrators' Academy courses while continuing to work in a position that requires that license until September 1 of that year.

(8) Any licensee who has not fulfilled the professional development renewal requirements set forth in this Section at the end of any 5-year renewal cycle is ineligible to register his or her license and may submit an appeal to the State Superintendent of Education for reinstatement of the license.

(9) If professional development opportunities were unavailable to a licensee, proof that opportunities were unavailable and request for an extension of time beyond August 31 to complete the renewal requirements may be submitted from April 1 through June 30 of that year to the State Educator Preparation and Licensure Board. If an extension is approved, the license shall remain valid during the extension period.

(10) Individuals who hold exempt licenses prior to December 27, 2013 (the effective date of Public Act 98-610) shall commence the annual renewal process with the first scheduled registration due after December 27, 2013 (the effective date of Public Act 98-610).

(11) Notwithstanding any other provision of this subsection (e), if a licensee earns more than the required number of professional development hours during a renewal cycle, then the licensee may carry over any hours earned from April 1 through June 30 of the last year of the renewal cycle. Any hours carried over in this manner must be applied to the next renewal cycle. Illinois Administrators' Academy courses or hours earned in those courses may not be carried over.

(f) At the time of renewal, each licensee shall respond to the required questions under penalty of perjury.

(f-5) The State Board of Education shall conduct random audits of licensees to verify a licensee's fulfillment of the professional development hours required under this Section. Upon completion of a random audit, if it is determined by the State Board of Education that the licensee did not complete the required number of professional development hours or did

(j) The State Board of Education shall conduct annual audits of a subset of approved providers, except for school districts, which shall be audited by regional offices of education and intermediate service centers. The State Board of Education shall ensure that each approved provider, except for a school district, is audited at least once every 5 years. Such individuals shall be required to pay only registration fees to renew the Professional Educator License. An individual who does not hold a license issued by the Department of Financial and Professional Regulation shall complete professional development requirements for the renewal of a Professional Educator License provided for in this Section.

(m) Appeals to the State Educator Preparation and Licensure Board must be made within 30 days after receipt of notice from the State Superintendent of Education that a license will not be renewed based upon failure to complete the requirements of this Section. (2) The State Educator Preparation and Licensure Board shall review each appeal regarding renewal of a license within 90 days after receiving the appeal in order to determine whether the licensee has met the requirements of this Section. (a) There is established an alternative educator licensure program, to be known as the Alternative Educator Licensure Program for Teachers.
(b) The Alternative Educator Licensure Program for Teachers may be offered by a recognized institution approved to offer educator preparation programs by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The program shall be comprised of 4 phases:
   (1) A course of study that at a minimum includes instructional planning; instructional strategies, including special education, reading, and English language learning; classroom management; and the assessment of students and use of data to drive instruction.
   (2) A year of residency, which is a candidate's assignment to a full-time teaching position or as a co-teacher for one full school year. An individual must hold an Educator License with Stipulations with an alternative provisional educator endorsement in order to enter the residency and must complete additional program requirements that address required State and national standards, pass the State Board's teacher performance assessment no later than the end of the first semester of the second year of residency before entering the second residency year, as required under phase (3) of this subsection (b), and be recommended by the principal or qualified equivalent of a principal, as required under subsection (d) of this Section, and the program coordinator to continue with the second year of the residency.

(4) A comprehensive assessment of the candidate's teaching effectiveness, as evaluated by the principal or qualified equivalent of a principal, as required under subsection (d) of this Section, and the program coordinator, at the end of the second year of residency. If there is disagreement between the 2 evaluators about the candidate's teaching effectiveness, the candidate may complete one additional year of residency teaching under a professional development plan developed by the principal or qualified equivalent and the preparation program. At the completion of the third year, a candidate must have positive evaluations and a recommendation for full licensure from both the principal or qualified equivalent and the program coordinator or no Professional Educator License shall be issued.

Successful completion of the program shall be deemed to satisfy any other practice or student teaching and content matter requirements established by law.

(c) An alternative provisional educator endorsement on an Educator License with Stipulations is valid for 2 years of teaching in the public schools, including without limitation a preschool educational program under Section 2-3.71 of this Code or charter school, or in a State-recognized nonpublic school in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and in which a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State, but may be renewed for a third year if needed to complete the Alternative Educator Licensure Program for Teachers. The endorsement shall be issued only once to an individual who meets all of the following requirements:

(1) Has graduated from a regionally accredited college or university with a bachelor's degree or higher.
(2) Has a cumulative grade point average of 3.0 or greater on a 4.0 scale or its equivalent on another scale.

(4) Has successfully completed phase (1) of subsection (b) of this Section.

(5) Has passed a content area test required for the specific endorsement for admission into the program, as required under Section 21B-30 of this Code.

A candidate possessing the alternative provisional educator endorsement may receive a salary, benefits, and any other terms of employment offered to teachers in the school who are members of an exclusive bargaining representative, if any, but a school is not required to provide these benefits during the years of residency if the candidate is serving only as a co-teacher. If the candidate is serving as the teacher of record, the candidate must receive a salary, benefits, and any other terms of employment. Residency experiences must not be counted towards tenure.

(d) The recognized institution offering the Alternative Educator Licensure Program for Teachers must partner with a school district, including without limitation a preschool educational program under Section 2-3.71 of this Code or charter school, or a State-recognized, nonpublic school in this State in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and in which a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State. A recognized institution that partners with a public school district administering a preschool educational program under Section 2-3.71 of this Code must require a principal to recommend or evaluate candidates in the program. A recognized institution that partners with an eligible entity administering a preschool educational program under Section 2-3.71 of this Code and that is not a public school district must require a principal or qualified equivalent of a principal to recommend or evaluate candidates in the program. (105 ILCS 5/24-11) (from Ch. 122, par. 24-11)

(a) As used in this and the succeeding Sections of this Article:

"Teacher" means any or all school district employees regularly required to be certified under laws relating to the certification of teachers.

"Board" means board of directors, board of education, or board of school inspectors, as the case may be.

"School term" means that portion of the school year, July 1 to the following June 30, when school is in actual session.

"Program" means a program of a special education joint agreement.

"Program of a special education joint agreement" means instructional, consultative, supervisory, administrative, diagnostic, and related services that are managed by a special educational joint agreement designed to service 2 or more school districts that are members of the joint agreement.

"PERA implementation date" means the implementation date of an evaluation system for teachers as specified by Section 24A-2.5 of this Code for all schools within a school district or all programs of a special education joint agreement.

(b) This Section and Sections 24-12 through 24-16 of this Article apply only to school districts having less than 500,000 inhabitants.

(c) Any teacher who is first employed as a full-time teacher in a school district or program prior to the PERA implementation date and who is employed in that district or program for a probationary period of 4 consecutive school terms shall enter upon contractual continued service in the district or in all of the programs that the teacher is legally qualified to hold, unless the teacher is given written notice of dismissal by certified mail, return receipt requested, by the employing board at least 45 days before the end of any school term within such period.

(d) For any teacher who is first employed as a full-time teacher in a school district or program on or after the PERA implementation date, the probationary period shall be one of the following periods, based upon the teacher's school terms of service and performance, before the teacher shall enter upon contractual continued service in the district or in all of the programs that the teacher is legally qualified to hold, unless the teacher is
given written notice of dismissal by certified mail, return receipt requested, by the employing board at least 45 days before the end of any school term within such period:

(1) 4 consecutive school terms of service in which the teacher receives overall annual evaluation ratings of at least "Proficient" in the last school term and at least "Proficient" in either the second or third school term;

(2) 3 consecutive school terms of service in which the teacher receives 3 overall annual evaluations of "Excellent"; or

(3) 2 consecutive school terms of service in which the teacher receives 2 overall annual evaluations of "Excellent" service, but only if the teacher (i) previously attained contractual continued service in a different school district or program in this State, (ii) voluntarily departed or was honorably dismissed from that school district or program in the school term immediately prior to the teacher's first school term of service applicable to the attainment of contractual continued service under this subdivision (3), and (iii) received, in his or her 2 most recent overall annual or biennial evaluations from the prior school district or program, ratings of at least "Proficient", with both such ratings occurring after the school district's or program's PERA implementation date.

For a teacher to attain contractual continued service under this subdivision (3), the teacher shall provide official copies of his or her 2 most recent overall annual or biennial evaluations from the prior school district or program to the new school district or program within 60 days from the teacher's first day of service with the new school district or program. The prior school district or program must provide the teacher with official copies of his or her 2 most recent overall annual or biennial evaluations within 14 days after the teacher's request. If a teacher has requested such official copies prior to 45 days after the teacher's first day of service with the new school district or program and the teacher's prior school district or program fails to provide the teacher with the official copies required under this subdivision (3), then the time period for the teacher to submit the official copies to his or her new school district or program must be extended until 14 days after receipt of such copies from the prior school district or program. If the prior school district or program fails to provide the teacher with the official copies required under this subdivision (3) within 90 days

New matter indicated by italics - deletions by strikeout
from the teacher's first day of service with the new school district or program, then the new school district or program shall rely upon the teacher's own copies of his or her evaluations for purposes of this subdivision (3).

If the teacher does not receive overall annual evaluations of "Excellent" in the school terms necessary for eligibility to achieve accelerated contractual continued service in subdivisions (2) and (3) of this subsection (d), the teacher shall be eligible for contractual continued service pursuant to subdivision (1) of this subsection (d). If, at the conclusion of 4 consecutive school terms of service that count toward attainment of contractual continued service, the teacher's performance does not qualify the teacher for contractual continued service under subdivision (1) of this subsection (d), then the teacher shall not enter upon contractual continued service and shall be dismissed. If a performance evaluation is not conducted for any school term when such evaluation is required to be conducted under Section 24A-5 of this Code, then the teacher's performance evaluation rating for such school term for purposes of determining the attainment of contractual continued service shall be deemed "Proficient", except that, during any time in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act, this default to "Proficient" does not apply to any teacher who has entered into contractual continued service and who was deemed "Excellent" on his or her most recent evaluation. During any time in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act and unless the school board and any exclusive bargaining representative have completed the performance rating for teachers or mutually agreed to an alternate performance rating, any teacher who has entered into contractual continued service, whose most recent evaluation was deemed "Excellent", and whose performance evaluation is not conducted when the evaluation is required to be conducted shall receive a teacher's performance rating deemed "Excellent". A school board and any exclusive bargaining representative may mutually agree to an alternate performance rating for teachers not in contractual continued service during any time in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act, as long as the agreement is in writing.

New matter indicated by italics - deletions by strikeout
(e) For the purposes of determining contractual continued service, a school term shall be counted only toward attainment of contractual continued service if the teacher actually teaches or is otherwise present and participating in the district's or program's educational program for 120 days or more, provided that the days of leave under the federal Family Medical Leave Act that the teacher is required to take until the end of the school term shall be considered days of teaching or participation in the district's or program's educational program. A school term that is not counted toward attainment of contractual continued service shall not be considered a break in service for purposes of determining whether a teacher has been employed for 4 consecutive school terms, provided that the teacher actually teaches or is otherwise present and participating in the district's or program's educational program in the following school term.

(f) If the employing board determines to dismiss the teacher in the last year of the probationary period as provided in subsection (c) of this Section or subdivision (1) or (2) of subsection (d) of this Section, but not subdivision (3) of subsection (d) of this Section, the written notice of dismissal provided by the employing board must contain specific reasons for dismissal. Any full-time teacher who does not receive written notice from the employing board at least 45 days before the end of any school term as provided in this Section and whose performance does not require dismissal after the fourth probationary year pursuant to subsection (d) of this Section shall be re-employed for the following school term.

(g) Contractual continued service shall continue in effect the terms and provisions of the contract with the teacher during the last school term of the probationary period, subject to this Act and the lawful regulations of the employing board. This Section and succeeding Sections do not modify any existing power of the board except with respect to the procedure of the discharge of a teacher and reductions in salary as hereinafter provided. Contractual continued service status shall not restrict the power of the board to transfer a teacher to a position which the teacher is qualified to fill or to make such salary adjustments as it deems desirable, but unless reductions in salary are uniform or based upon some reasonable classification, any teacher whose salary is reduced shall be entitled to a notice and a hearing as hereinafter provided in the case of certain dismissals or removals.

(h) If, by reason of any change in the boundaries of school districts or by reason of the creation of a new school district, the position held by any teacher having a contractual continued service status is transferred

from one board to the control of a new or different board, then the contractual continued service status of the teacher is not thereby lost, and such new or different board is subject to this Code with respect to the teacher in the same manner as if the teacher were its employee and had been its employee during the time the teacher was actually employed by the board from whose control the position was transferred.

(i) The employment of any teacher in a program of a special education joint agreement established under Section 3-15.14, 10-22.31 or 10-22.31a shall be governed by this and succeeding Sections of this Article. For purposes of attaining and maintaining contractual continued service and computing length of continuing service as referred to in this Section and Section 24-12, employment in a special educational joint program shall be deemed a continuation of all previous certificated employment of such teacher for such joint agreement whether the employer of the teacher was the joint agreement, the regional superintendent, or one of the participating districts in the joint agreement.

(j) For any teacher employed after July 1, 1987 as a full-time teacher in a program of a special education joint agreement, whether the program is operated by the joint agreement or a member district on behalf of the joint agreement, in the event of a reduction in the number of programs or positions in the joint agreement in which the notice of dismissal is provided on or before the end of the 2010-2011 school term, the teacher in contractual continued service is eligible for employment in the joint agreement programs for which the teacher is legally qualified in order of greater length of continuing service in the joint agreement, unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement. For any teacher employed after July 1, 1987 as a full-time teacher in a program of a special education joint agreement, whether the program is operated by the joint agreement or a member district on behalf of the joint agreement, in the event of a reduction in the number of programs or positions in the joint agreement in which the notice of dismissal is provided during the 2011-2012 school term or a subsequent school term, the teacher shall be included on the honorable dismissal lists of all joint agreement programs for positions for which the teacher is qualified and is eligible for employment in such programs in accordance with subsections (b) and (c) of Section 24-12 of this Code and the applicable honorable dismissal policies of the joint agreement.

(k) For any teacher employed after July 1, 1987 as a full-time teacher in a program of a special education joint agreement, whether the program is operated by the joint agreement or a member district on behalf of the joint agreement, in the event of the dissolution of a joint agreement, in which the notice to teachers of the dissolution is provided during the 2010-2011 school term, the teacher in contractual continued service who is legally qualified shall be assigned to any comparable position in a member district currently held by a teacher who has not entered upon contractual continued service or held by a teacher who has entered upon contractual continued service with a shorter length of contractual continued service. Any teacher employed after July 1, 1987 as a full-time teacher in a program of a special education joint agreement, whether the program is operated by the joint agreement or a member district on behalf of the joint agreement, in the event of the dissolution of a joint agreement in which the notice to teachers of the dissolution is provided during the 2011-2012 school term or a subsequent school term, the teacher who is qualified shall be included on the order of honorable dismissal lists of each member district and shall be assigned to any comparable position in any such district in accordance with subsections (b) and (c) of Section 24-12 of this Code and the applicable honorable dismissal policies of each member district.

(l) The governing board of the joint agreement, or the administrative district, if so authorized by the articles of agreement of the joint agreement, rather than the board of education of a school district, may carry out employment and termination actions including dismissals under this Section and Section 24-12.

(m) The employment of any teacher in a special education program authorized by Section 14-1.01 through 14-14.01, or a joint educational program established under Section 10-22.31a, shall be under this and the succeeding Sections of this Article, and such employment shall be deemed a continuation of the previous employment of such teacher in any of the participating districts, regardless of the participation of other districts in the program.

(n) Any teacher employed as a full-time teacher in a special education program prior to September 23, 1987 in which 2 or more school districts participate for a probationary period of 2 consecutive years shall enter upon contractual continued service in each of the participating districts, subject to this and the succeeding Sections of this Article, and, notwithstanding Section 24-1.5 of this Code, in the event of the dissolution of a joint agreement, in which the notice to teachers of the dissolution is provided during the 2010-2011 school term, the teacher in contractual continued service who is legally qualified shall be assigned to any comparable position in a member district currently held by a teacher who has not entered upon contractual continued service or held by a teacher who has entered upon contractual continued service with a shorter length of contractual continued service. Any teacher employed after July 1, 1987 as a full-time teacher in a program of a special education joint agreement, whether the program is operated by the joint agreement or a member district on behalf of the joint agreement, in the event of the dissolution of a joint agreement in which the notice to teachers of the dissolution is provided during the 2011-2012 school term or a subsequent school term, the teacher who is qualified shall be included on the order of honorable dismissal lists of each member district and shall be assigned to any comparable position in any such district in accordance with subsections (b) and (c) of Section 24-12 of this Code and the applicable honorable dismissal policies of each member district.
termination of the program shall be eligible for any vacant position in any of such districts for which such teacher is qualified.

Sec. 24-12. Removal or dismissal of teachers in contractual continued service.

(a) This subsection (a) applies only to honorable dismissals and recalls in which the notice of dismissal is provided on or before the end of the 2010-2011 school term. If a teacher in contractual continued service is removed or dismissed as a result of a decision of the board to decrease the number of teachers employed by the board or to discontinue some particular type of teaching service, written notice shall be mailed to the teacher and also given the teacher either by certified mail, return receipt requested or personal delivery with receipt at least 60 days before the end of the school term, together with a statement of honorable dismissal and the reason therefor, and in all such cases the board shall first remove or dismiss all teachers who have not entered upon contractual continued service before removing or dismissing any teacher who has entered upon contractual continued service and who is legally qualified to hold a position currently held by a teacher who has not entered upon contractual continued service.

As between teachers who have entered upon contractual continued service, the teacher or teachers with the shorter length of continuing service with the district shall be dismissed first unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement or contract between the board and a professional faculty members' organization and except that this provision shall not impair the operation of any affirmative action program in the district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board. Any teacher dismissed as a result of such decrease or discontinuance shall be paid all earned compensation on or before the third business day following the last day of pupil attendance in the regular school term.

If the board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available shall be tendered to the teachers so removed or dismissed so far as they are legally qualified to hold such positions; provided, however, that if the number of honorable dismissal notices based on economic necessity exceeds 15% of the number of full-
time equivalent positions filled by certified employees (excluding principals and administrative personnel) during the preceding school year, then if the board has any vacancies for the following school term or within 2 calendar years from the beginning of the following school term, the positions so becoming available shall be tendered to the teachers who were so notified and removed or dismissed whenever they are legally qualified to hold such positions. Each board shall, in consultation with any exclusive employee representatives, each year establish a list, categorized by positions, showing the length of continuing service of each teacher who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list shall be made in accordance with the alternative method. Copies of the list shall be distributed to the exclusive employee representative on or before February 1 of each year. Whenever the number of honorable dismissal notices based upon economic necessity exceeds 5, or 150% of the average number of teachers honorably dismissed in the preceding 3 years, whichever is more, then the board also shall hold a public hearing on the question of the dismissals. Following the hearing and board review, the action to approve any such reduction shall require a majority vote of the board members.

(b) This subsection (b) applies only to honorable dismissals and recalls in which the notice of dismissal is provided during the 2011-2012 school term or a subsequent school term. If any teacher, whether or not in contractual continued service, is removed or dismissed as a result of a decision of a school board to decrease the number of teachers employed by the board, a decision of a school board to discontinue some particular type of teaching service, or a reduction in the number of programs or positions in a special education joint agreement, then written notice must be mailed to the teacher and also given to the teacher either by electronic mail, certified mail, return receipt requested, or personal delivery with receipt at least 45 days before the end of the school term, together with a statement of honorable dismissal and the reason therefor, and in all such cases the sequence of dismissal shall occur in accordance with this subsection (b); except that this subsection (b) shall not impair the operation of any affirmative action program in the school district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board.

Each teacher must be categorized into one or more positions for which the teacher is qualified to hold, based upon legal qualifications and

any other qualifications established in a district or joint agreement job
description, on or before the May 10 prior to the school year during which
the sequence of dismissal is determined. Within each position and subject
to agreements made by the joint committee on honorable dismissals that
are authorized by subsection (c) of this Section, the school district or joint
agreement must establish 4 groupings of teachers qualified to hold the
position as follows:

(1) Grouping one shall consist of each teacher who is not in
contractual continued service and who (i) has not received a
performance evaluation rating, (ii) is employed for one school term
or less to replace a teacher on leave, or (iii) is employed on a part-
time basis. "Part-time basis" for the purposes of this subsection (b)
means a teacher who is employed to teach less than a full-day,
teacher workload or less than 5 days of the normal student
attendance week, unless otherwise provided for in a collective
bargaining agreement between the district and the exclusive
representative of the district's teachers. For the purposes of this
Section, a teacher (A) who is employed as a full-time teacher but
who actually teaches or is otherwise present and participating in
the district's educational program for less than a school term or (B)
who, in the immediately previous school term, was employed on a
full-time basis and actually taught or was otherwise present and
participated in the district's educational program for 120 days or
more is not considered employed on a part-time basis.

(2) Grouping 2 shall consist of each teacher with a Needs
Improvement or Unsatisfactory performance evaluation rating on
either of the teacher's last 2 performance evaluation ratings.

(3) Grouping 3 shall consist of each teacher with a
performance evaluation rating of at least Satisfactory or Proficient
on both of the teacher's last 2 performance evaluation ratings, if 2
ratings are available, or on the teacher's last performance
evaluation rating, if only one rating is available, unless the teacher
qualifies for placement into grouping 4.

(4) Grouping 4 shall consist of each teacher whose last 2
performance evaluation ratings are Excellent and each teacher with
2 Excellent performance evaluation ratings out of the teacher's last
3 performance evaluation ratings with a third rating of Satisfactory
or Proficient.

New matter indicated by italics - deletions by strikeout
Among teachers qualified to hold a position, teachers must be dismissed in the order of their groupings, with teachers in grouping one dismissed first and teachers in grouping 4 dismissed last.

Within grouping one, the sequence of dismissal must be at the discretion of the school district or joint agreement. Within grouping 2, the sequence of dismissal must be based upon average performance evaluation ratings, with the teacher or teachers with the lowest average performance evaluation rating dismissed first. A teacher's average performance evaluation rating must be calculated using the average of the teacher's last 2 performance evaluation ratings, if 2 ratings are available, or the teacher's last performance evaluation rating, if only one rating is available, using the following numerical values: 4 for Excellent; 3 for Proficient or Satisfactory; 2 for Needs Improvement; and 1 for Unsatisfactory. As between or among teachers in grouping 2 with the same average performance evaluation rating and within each of groupings 3 and 4, the teacher or teachers with the shorter length of continuing service with the school district or joint agreement must be dismissed first unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement or contract between the board and a professional faculty members' organization.

Each board, including the governing board of a joint agreement, shall, in consultation with any exclusive employee representatives, each year establish a sequence of honorable dismissal list categorized by positions and the groupings defined in this subsection (b). Copies of the list showing each teacher by name and categorized by positions and the groupings defined in this subsection (b) must be distributed to the exclusive bargaining representative at least 75 days before the end of the school term, provided that the school district or joint agreement may, with notice to any exclusive employee representatives, move teachers from grouping one into another grouping during the period of time from 75 days until 45 days before the end of the school term. Each year, each board shall also establish, in consultation with any exclusive employee representatives, a list showing the length of continuing service of each teacher who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list must be made in accordance with the alternative method. Copies of the list must be distributed to the exclusive employee representative at least 75 days before the end of the school term.

Any teacher dismissed as a result of such decrease or discontinuance must be paid all earned compensation on or before the third business day following the last day of pupil attendance in the regular school term.

If the board or joint agreement has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available must be tendered to the teachers so removed or dismissed who were in grouping 3 or 4 of the sequence of dismissal and are qualified to hold the positions, based upon legal qualifications and any other qualifications established in a district or joint agreement job description, on or before the May 10 prior to the date of the positions becoming available, provided that if the number of honorable dismissal notices based on economic necessity exceeds 15% of the number of full-time equivalent positions filled by certified employees (excluding principals and administrative personnel) during the preceding school year, then the recall period is for the following school term or within 2 calendar years from the beginning of the following school term. If the board or joint agreement has any vacancies within the period from the beginning of the following school term through February 1 of the following school term (unless a date later than February 1, but no later than 6 months from the beginning of the following school term, is established in a collective bargaining agreement), the positions thereby becoming available must be tendered to the teachers so removed or dismissed who were in grouping 2 of the sequence of dismissal due to one "needs improvement" rating on either of the teacher's last 2 performance evaluation ratings, provided that, if 2 ratings are available, the other performance evaluation rating used for grouping purposes is "satisfactory", "proficient", or "excellent", and are qualified to hold the positions, based upon legal qualifications and any other qualifications established in a district or joint agreement job description, on or before the May 10 prior to the date of the positions becoming available. On and after July 1, 2014 (the effective date of Public Act 98-648), the preceding sentence shall apply to teachers removed or dismissed by honorable dismissal, even if notice of honorable dismissal occurred during the 2013-2014 school year. Among teachers eligible for recall pursuant to the preceding sentence, the order of recall must be in inverse order of dismissal, unless an alternative order of recall is established in a collective bargaining agreement or contract between the board and a professional faculty members' organization. Whenever the number of honorable dismissal notices based

upon economic necessity exceeds 5 notices or 150% of the average number of teachers honorably dismissed in the preceding 3 years, whichever is more, then the school board or governing board of a joint agreement, as applicable, shall also hold a public hearing on the question of the dismissals. Following the hearing and board review, the action to approve any such reduction shall require a majority vote of the board members.

For purposes of this subsection (b), subject to agreement on an alternative definition reached by the joint committee described in subsection (c) of this Section, a teacher's performance evaluation rating means the overall performance evaluation rating resulting from an annual or biennial performance evaluation conducted pursuant to Article 24A of this Code by the school district or joint agreement determining the sequence of dismissal, not including any performance evaluation conducted during or at the end of a remediation period. No more than one evaluation rating each school term shall be one of the evaluation ratings used for the purpose of determining the sequence of dismissal. Except as otherwise provided in this subsection for any performance evaluations conducted during or at the end of a remediation period, if multiple performance evaluations are conducted in a school term, only the rating from the last evaluation conducted prior to establishing the sequence of honorable dismissal list in such school term shall be the one evaluation rating from that school term used for the purpose of determining the sequence of dismissal. Averaging ratings from multiple evaluations is not permitted unless otherwise agreed to in a collective bargaining agreement or contract between the board and a professional faculty members' organization. The preceding 3 sentences are not a legislative declaration that existing law does or does not already require that only one performance evaluation each school term shall be used for the purpose of determining the sequence of dismissal. For performance evaluation ratings determined prior to September 1, 2012, any school district or joint agreement with a performance evaluation rating system that does not use either of the rating category systems specified in subsection (d) of Section 24A-5 of this Code for all teachers must establish a basis for assigning each teacher a rating that complies with subsection (d) of Section 24A-5 of this Code for all of the performance evaluation ratings that are to be used to determine the sequence of dismissal. A teacher's grouping and ranking on a sequence of honorable dismissal shall be deemed a part of the teacher's performance evaluation, and that information shall be disclosed

New matter indicated by italics - deletions by strikeout
to the exclusive bargaining representative as part of a sequence of honorable dismissal list, notwithstanding any laws prohibiting disclosure of such information. A performance evaluation rating may be used to determine the sequence of dismissal, notwithstanding the pendency of any grievance resolution or arbitration procedures relating to the performance evaluation. If a teacher has received at least one performance evaluation rating conducted by the school district or joint agreement determining the sequence of dismissal and a subsequent performance evaluation is not conducted in any school year in which such evaluation is required to be conducted under Section 24A-5 of this Code, the teacher's performance evaluation rating for that school year for purposes of determining the sequence of dismissal is deemed Proficient, except that, during any time in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act, this default to Proficient does not apply to any teacher who has entered into contractual continued service and who was deemed Excellent on his or her most recent evaluation. During any time in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act and unless the school board and any exclusive bargaining representative have completed the performance rating for teachers or have mutually agreed to an alternate performance rating, any teacher who has entered into contractual continued service, whose most recent evaluation was deemed Excellent, and whose performance evaluation is not conducted when the evaluation is required to be conducted shall receive a teacher's performance rating deemed Excellent. A school board and any exclusive bargaining representative may mutually agree to an alternate performance rating for teachers not in contractual continued service during any time in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act, as long as the agreement is in writing. If a performance evaluation rating is nullified as the result of an arbitration, administrative agency, or court determination, then the school district or joint agreement is deemed to have conducted a performance evaluation for that school year, but the performance evaluation rating may not be used in determining the sequence of dismissal.

Nothing in this subsection (b) shall be construed as limiting the right of a school board or governing board of a joint agreement to dismiss...
a teacher not in contractual continued service in accordance with Section 24-11 of this Code.

Any provisions regarding the sequence of honorable dismissals and recall of honorably dismissed teachers in a collective bargaining agreement entered into on or before January 1, 2011 and in effect on June 13, 2011 (the effective date of Public Act 97-8) that may conflict with Public Act 97-8 shall remain in effect through the expiration of such agreement or June 30, 2013, whichever is earlier.

(c) Each school district and special education joint agreement must use a joint committee composed of equal representation selected by the school board and its teachers or, if applicable, the exclusive bargaining representative of its teachers, to address the matters described in paragraphs (1) through (5) of this subsection (c) pertaining to honorable dismissals under subsection (b) of this Section.

(1) The joint committee must consider and may agree to criteria for excluding from grouping 2 and placing into grouping 3 a teacher whose last 2 performance evaluations include a Needs Improvement and either a Proficient or Excellent.

(2) The joint committee must consider and may agree to an alternative definition for grouping 4, which definition must take into account prior performance evaluation ratings and may take into account other factors that relate to the school district's or program's educational objectives. An alternative definition for grouping 4 may not permit the inclusion of a teacher in the grouping with a Needs Improvement or Unsatisfactory performance evaluation rating on either of the teacher's last 2 performance evaluation ratings.

(3) The joint committee may agree to including within the definition of a performance evaluation rating a performance evaluation rating administered by a school district or joint agreement other than the school district or joint agreement determining the sequence of dismissal.

(4) For each school district or joint agreement that administers performance evaluation ratings that are inconsistent with either of the rating category systems specified in subsection (d) of Section 24A-5 of this Code, the school district or joint agreement must consult with the joint committee on the basis for assigning a rating that complies with subsection (d) of Section...
24A-5 of this Code to each performance evaluation rating that will be used in a sequence of dismissal.

(5) Upon request by a joint committee member submitted to the employing board by no later than 10 days after the distribution of the sequence of honorable dismissal list, a representative of the employing board shall, within 5 days after the request, provide to members of the joint committee a list showing the most recent and prior performance evaluation ratings of each teacher identified only by length of continuing service in the district or joint agreement and not by name. If, after review of this list, a member of the joint committee has a good faith belief that a disproportionate number of teachers with greater length of continuing service with the district or joint agreement have received a recent performance evaluation rating lower than the prior rating, the member may request that the joint committee review the list to assess whether such a trend may exist. Following the joint committee's review, but by no later than the end of the applicable school term, the joint committee or any member or members of the joint committee may submit a report of the review to the employing board and exclusive bargaining representative, if any. Nothing in this paragraph (5) shall impact the order of honorable dismissal or a school district's or joint agreement's authority to carry out a dismissal in accordance with subsection (b) of this Section.

Agreement by the joint committee as to a matter requires the majority vote of all committee members, and if the joint committee does not reach agreement on a matter, then the otherwise applicable requirements of subsection (b) of this Section shall apply. Except as explicitly set forth in this subsection (c), a joint committee has no authority to agree to any further modifications to the requirements for honorable dismissals set forth in subsection (b) of this Section. The joint committee must be established, and the first meeting of the joint committee each school year must occur on or before December 1.

The joint committee must reach agreement on a matter on or before February 1 of a school year in order for the agreement of the joint committee to apply to the sequence of dismissal determined during that school year. Subject to the February 1 deadline for agreements, the agreement of a joint committee on a matter shall apply to the sequence of dismissal until the agreement is amended or terminated by the joint committee.

New matter indicated by italics - deletions by strikeout
The provisions of the Open Meetings Act shall not apply to meetings of a joint committee created under this subsection (c).

(d) Notwithstanding anything to the contrary in this subsection (d), the requirements and dismissal procedures of Section 24-16.5 of this Code shall apply to any dismissal sought under Section 24-16.5 of this Code.

(1) If a dismissal of a teacher in contractual continued service is sought for any reason or cause other than an honorable dismissal under subsections (a) or (b) of this Section or a dismissal sought under Section 24-16.5 of this Code, including those under Section 10-22.4, the board must first approve a motion containing specific charges by a majority vote of all its members. Written notice of such charges, including a bill of particulars and the teacher's right to request a hearing, must be mailed to the teacher and also given to the teacher either by electronic mail, certified mail, return receipt requested, or personal delivery with receipt within 5 days of the adoption of the motion. Any written notice sent on or after July 1, 2012 shall inform the teacher of the right to request a hearing before a mutually selected hearing officer, with the cost of the hearing officer split equally between the teacher and the board, or a hearing before a board-selected hearing officer, with the cost of the hearing officer paid by the board.

Before setting a hearing on charges stemming from causes that are considered remediable, a board must give the teacher reasonable warning in writing, stating specifically the causes that, if not removed, may result in charges; however, no such written warning is required if the causes have been the subject of a remediation plan pursuant to Article 24A of this Code.

If, in the opinion of the board, the interests of the school require it, the board may suspend the teacher without pay, pending the hearing, but if the board's dismissal or removal is not sustained, the teacher shall not suffer the loss of any salary or benefits by reason of the suspension.

(2) No hearing upon the charges is required unless the teacher within 17 days after receiving notice requests in writing of the board that a hearing be scheduled before a mutually selected hearing officer or a hearing officer selected by the board. The secretary of the school board shall forward a copy of the notice to the State Board of Education.
(3) Within 5 business days after receiving a notice of hearing in which either notice to the teacher was sent before July 1, 2012 or, if the notice was sent on or after July 1, 2012, the teacher has requested a hearing before a mutually selected hearing officer, the State Board of Education shall provide a list of 5 prospective, impartial hearing officers from the master list of qualified, impartial hearing officers maintained by the State Board of Education. Each person on the master list must (i) be accredited by a national arbitration organization and have had a minimum of 5 years of experience directly related to labor and employment relations matters between employers and employees or their exclusive bargaining representatives and (ii) beginning September 1, 2012, have participated in training provided or approved by the State Board of Education for teacher dismissal hearing officers so that he or she is familiar with issues generally involved in evaluative and non-evaluative dismissals.

If notice to the teacher was sent before July 1, 2012 or, if the notice was sent on or after July 1, 2012, the teacher has requested a hearing before a mutually selected hearing officer, the board and the teacher or their legal representatives within 3 business days shall alternately strike one name from the list provided by the State Board of Education until only one name remains. Unless waived by the teacher, the teacher shall have the right to proceed first with the striking. Within 3 business days of receipt of the list provided by the State Board of Education, the board and the teacher or their legal representatives shall each have the right to reject all prospective hearing officers named on the list and notify the State Board of Education of such rejection. Within 3 business days after receiving this notification, the State Board of Education shall appoint a qualified person from the master list who did not appear on the list sent to the parties to serve as the hearing officer, unless the parties notify it that they have chosen to alternatively select a hearing officer under paragraph (4) of this subsection (d).

If the teacher has requested a hearing before a hearing officer selected by the board, the board shall select one name from the master list of qualified impartial hearing officers maintained by the State Board of Education within 3 business days after receipt and shall notify the State Board of Education of its selection.

New matter indicated by italics - deletions by strikeout
A hearing officer mutually selected by the parties, selected by the board, or selected through an alternative selection process under paragraph (4) of this subsection (d) (A) must not be a resident of the school district, (B) must be available to commence the hearing within 75 days and conclude the hearing within 120 days after being selected as the hearing officer, and (C) must issue a decision as to whether the teacher must be dismissed and give a copy of that decision to both the teacher and the board within 30 days from the conclusion of the hearing or closure of the record, whichever is later.

If the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act and except if the parties mutually agree otherwise and the agreement is in writing, the requirements of this Section pertaining to prehearing and hearings are paused and do not begin to toll until the proclamation is no longer in effect. If mutually agreed to and reduced to writing, the parties may proceed with the prehearing and hearing requirements of this Section and may also agree to extend the timelines of this Section connected to the appointment and selection of a hearing officer and those connected to commencing and concluding a hearing. Any hearing convened during a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act may be convened remotely. Any hearing officer for a hearing convened during a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act may voluntarily withdraw from the hearing and another hearing officer shall be selected or appointed pursuant to this Section.

(4) In the alternative to selecting a hearing officer from the list received from the State Board of Education or accepting the appointment of a hearing officer by the State Board of Education or if the State Board of Education cannot provide a list or appoint a hearing officer that meets the foregoing requirements, the board and the teacher or their legal representatives may mutually agree to select an impartial hearing officer who is not on the master list either by direct appointment by the parties or by using procedures for the appointment of an arbitrator established by the Federal Mediation and Conciliation Service or the American Arbitration Association. The parties shall notify the State Board of Education

New matter indicated by italics - deletions by strikeout
of their intent to select a hearing officer using an alternative procedure within 3 business days of receipt of a list of prospective hearing officers provided by the State Board of Education, notice of appointment of a hearing officer by the State Board of Education, or receipt of notice from the State Board of Education that it cannot provide a list that meets the foregoing requirements, whichever is later.

(5) If the notice of dismissal was sent to the teacher before July 1, 2012, the fees and costs for the hearing officer must be paid by the State Board of Education. If the notice of dismissal was sent to the teacher on or after July 1, 2012, the hearing officer's fees and costs must be paid as follows in this paragraph (5). The fees and permissible costs for the hearing officer must be determined by the State Board of Education. If the board and the teacher or their legal representatives mutually agree to select an impartial hearing officer who is not on a list received from the State Board of Education, they may agree to supplement the fees determined by the State Board to the hearing officer, at a rate consistent with the hearing officer's published professional fees. If the hearing officer is mutually selected by the parties, then the board and the teacher or their legal representatives shall each pay 50% of the fees and costs and any supplemental allowance to which they agree. If the hearing officer is selected by the board, then the board shall pay 100% of the hearing officer's fees and costs. The fees and costs must be paid to the hearing officer within 14 days after the board and the teacher or their legal representatives receive the hearing officer's decision set forth in paragraph (7) of this subsection (d).

(6) The teacher is required to answer the bill of particulars and aver affirmative matters in his or her defense, and the time for initially doing so and the time for updating such answer and defenses after pre-hearing discovery must be set by the hearing officer. The State Board of Education shall promulgate rules so that each party has a fair opportunity to present its case and to ensure that the dismissal process proceeds in a fair and expeditious manner. These rules shall address, without limitation, discovery and hearing scheduling conferences; the teacher's initial answer and affirmative defenses to the bill of particulars and the updating of that information after pre-hearing discovery; provision for written interrogatories and requests for production of documents;

New matter indicated by italics - deletions by strikeout
the requirement that each party initially disclose to the other party and then update the disclosure no later than 10 calendar days prior to the commencement of the hearing, the names and addresses of persons who may be called as witnesses at the hearing, a summary of the facts or opinions each witness will testify to, and all other documents and materials, including information maintained electronically, relevant to its own as well as the other party's case (the hearing officer may exclude witnesses and exhibits not identified and shared, except those offered in rebuttal for which the party could not reasonably have anticipated prior to the hearing); pre-hearing discovery and preparation, including provision for written interrogatories and requests for production of documents, provided that discovery depositions are prohibited; the conduct of the hearing; the right of each party to be represented by counsel, the offer of evidence and witnesses and the cross-examination of witnesses; the authority of the hearing officer to issue subpoenas and subpoenas duces tecum, provided that the hearing officer may limit the number of witnesses to be subpoenaed on behalf of each party to no more than 7; the length of post-hearing briefs; and the form, length, and content of hearing officers' decisions. The hearing officer shall hold a hearing and render a final decision for dismissal pursuant to Article 24A of this Code or shall report to the school board findings of fact and a recommendation as to whether or not the teacher must be dismissed for conduct. The hearing officer shall commence the hearing within 75 days and conclude the hearing within 120 days after being selected as the hearing officer, provided that the hearing officer may modify these timelines upon the showing of good cause or mutual agreement of the parties. Good cause for the purpose of this subsection (d) shall mean the illness or otherwise unavoidable emergency of the teacher, district representative, their legal representatives, the hearing officer, or an essential witness as indicated in each party's pre-hearing submission. In a dismissal pursuant to Article 24A of this Code in which a witness is a student or is under the age of 18, the hearing officer must make accommodations for the witness, as provided under paragraph (6.5) of this subsection. The hearing officer shall consider and give weight to all of the teacher's evaluations written pursuant to Article 24A that are relevant to the issues in the hearing.

New matter indicated by italics - deletions by strikeout
Each party shall have no more than 3 days to present its case, unless extended by the hearing officer to enable a party to present adequate evidence and testimony, including due to the other party's cross-examination of the party's witnesses, for good cause or by mutual agreement of the parties. The State Board of Education shall define in rules the meaning of "day" for such purposes. All testimony at the hearing shall be taken under oath administered by the hearing officer. The hearing officer shall cause a record of the proceedings to be kept and shall employ a competent reporter to take stenographic or stenotype notes of all the testimony. The costs of the reporter's attendance and services at the hearing shall be paid by the party or parties who are responsible for paying the fees and costs of the hearing officer. Either party desiring a transcript of the hearing shall pay for the cost thereof. Any post-hearing briefs must be submitted by the parties by no later than 21 days after a party's receipt of the transcript of the hearing, unless extended by the hearing officer for good cause or by mutual agreement of the parties.

(6.5) In the case of charges involving sexual abuse or severe physical abuse of a student or a person under the age of 18, the hearing officer shall make alternative hearing procedures to protect a witness who is a student or who is under the age of 18 from being intimidated or traumatized. Alternative hearing procedures may include, but are not limited to: (i) testimony made via a telecommunication device in a location other than the hearing room and outside the physical presence of the teacher and other hearing participants, (ii) testimony outside the physical presence of the teacher, or (iii) non-public testimony. During a testimony described under this subsection, each party must be permitted to ask a witness who is a student or who is under 18 years of age all relevant questions and follow-up questions. All questions must exclude evidence of the witness' sexual behavior or predisposition, unless the evidence is offered to prove that someone other than the teacher subject to the dismissal hearing engaged in the charge at issue.

(7) The hearing officer shall, within 30 days from the conclusion of the hearing or closure of the record, whichever is later, make a decision as to whether or not the teacher shall be dismissed pursuant to Article 24A of this Code or report to the
school board findings of fact and a recommendation as to whether or not the teacher shall be dismissed for cause and shall give a copy of the decision or findings of fact and recommendation to both the teacher and the school board. If a hearing officer fails without good cause, specifically provided in writing to both parties and the State Board of Education, to render a decision or findings of fact and recommendation within 30 days after the hearing is concluded or the record is closed, whichever is later, the parties may mutually agree to select a hearing officer pursuant to the alternative procedure, as provided in this Section, to rehear the charges heard by the hearing officer who failed to render a decision or findings of fact and recommendation or to review the record and render a decision. If any hearing officer fails without good cause, specifically provided in writing to both parties and the State Board of Education, to render a decision or findings of fact and recommendation within 30 days after the hearing is concluded or the record is closed, whichever is later, the hearing officer shall be removed from the master list of hearing officers maintained by the State Board of Education for not more than 24 months. The parties and the State Board of Education may also take such other actions as it deems appropriate, including recovering, reducing, or withholding any fees paid or to be paid to the hearing officer. If any hearing officer repeats such failure, he or she must be permanently removed from the master list maintained by the State Board of Education and may not be selected by parties through the alternative selection process under this paragraph (7) or paragraph (4) of this subsection (d). The board shall not lose jurisdiction to discharge a teacher if the hearing officer fails to render a decision or findings of fact and recommendation within the time specified in this Section. If the decision of the hearing officer for dismissal pursuant to Article 24A of this Code or of the school board for dismissal for cause is in favor of the teacher, then the hearing officer or school board shall order reinstatement to the same or substantially equivalent position and shall determine the amount for which the school board is liable, including, but not limited to, loss of income and benefits.

(8) The school board, within 45 days after receipt of the hearing officer's findings of fact and recommendation as to whether (i) the conduct at issue occurred, (ii) the conduct that did occur was
remediable, and (iii) the proposed dismissal should be sustained, shall issue a written order as to whether the teacher must be retained or dismissed for cause from its employ. The school board's written order shall incorporate the hearing officer's findings of fact, except that the school board may modify or supplement the findings of fact if, in its opinion, the findings of fact are against the manifest weight of the evidence.

If the school board dismisses the teacher notwithstanding the hearing officer's findings of fact and recommendation, the school board shall make a conclusion in its written order, giving its reasons therefor, and such conclusion and reasons must be included in its written order. The failure of the school board to strictly adhere to the timelines contained in this Section shall not render it without jurisdiction to dismiss the teacher. The school board shall not lose jurisdiction to discharge the teacher for cause if the hearing officer fails to render a recommendation within the time specified in this Section. The decision of the school board is final, unless reviewed as provided in paragraph (9) of this subsection (d).

If the school board retains the teacher, the school board shall enter a written order stating the amount of back pay and lost benefits, less mitigation, to be paid to the teacher, within 45 days after its retention order. Should the teacher object to the amount of the back pay and lost benefits or amount mitigated, the teacher shall give written objections to the amount within 21 days. If the parties fail to reach resolution within 7 days, the dispute shall be referred to the hearing officer, who shall consider the school board's written order and teacher's written objection and determine the amount to which the school board is liable. The costs of the hearing officer's review and determination must be paid by the board.

(9) The decision of the hearing officer pursuant to Article 24A of this Code or of the school board's decision to dismiss for cause is final unless reviewed as provided in Section 24-16 of this Code. If the school board's decision to dismiss for cause is contrary to the hearing officer's recommendation, the court on review shall give consideration to the school board's decision and its supplemental findings of fact, if applicable, and the hearing officer's findings of fact and recommendation in making its decision. In the event such review is instituted, the school board
shall be responsible for preparing and filing the record of proceedings, and such costs associated therewith must be divided equally between the parties.

(10) If a decision of the hearing officer for dismissal pursuant to Article 24A of this Code or of the school board for dismissal for cause is adjudicated upon review or appeal in favor of the teacher, then the trial court shall order reinstatement and shall remand the matter to the school board with direction for entry of an order setting the amount of back pay, lost benefits, and costs, less mitigation. The teacher may challenge the school board's order setting the amount of back pay, lost benefits, and costs, less mitigation, through an expedited arbitration procedure, with the costs of the arbitrator borne by the school board.

Any teacher who is reinstated by any hearing or adjudication brought under this Section shall be assigned by the board to a position substantially similar to the one which that teacher held prior to that teacher's suspension or dismissal.

(11) Subject to any later effective date referenced in this Section for a specific aspect of the dismissal process, the changes made by Public Act 97-8 shall apply to dismissals instituted on or after September 1, 2011. Any dismissal instituted prior to September 1, 2011 must be carried out in accordance with the requirements of this Section prior to amendment by Public Act 97-8.

(e) Nothing contained in Public Act 98-648 repeals, supersedes, invalidates, or nullifies final decisions in lawsuits pending on July 1, 2014 (the effective date of Public Act 98-648) in Illinois courts involving the interpretation of Public Act 97-8.

(105 ILCS 5/24A-5) (from Ch. 122, par. 24A-5)

Sec. 24A-5. Content of evaluation plans. This Section does not apply to teachers assigned to schools identified in an agreement entered into between the board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers in accordance with Section 34-85c of this Code.

Each school district to which this Article applies shall establish a teacher evaluation plan which ensures that each teacher in contractual

continued service is evaluated at least once in the course of every 2 school years.

By no later than September 1, 2012, each school district shall establish a teacher evaluation plan that ensures that:

(1) each teacher not in contractual continued service is evaluated at least once every school year; and

(2) each teacher in contractual continued service is evaluated at least once in the course of every 2 school years. However, any teacher in contractual continued service whose performance is rated as either "needs improvement" or "unsatisfactory" must be evaluated at least once in the school year following the receipt of such rating.

Notwithstanding anything to the contrary in this Section or any other Section of the School Code, a principal shall not be prohibited from evaluating any teachers within a school during his or her first year as principal of such school. If a first-year principal exercises this option in a school district where the evaluation plan provides for a teacher in contractual continued service to be evaluated once in the course of every 2 school years, then a new 2-year evaluation plan must be established.

The evaluation plan shall comply with the requirements of this Section and of any rules adopted by the State Board of Education pursuant to this Section.

The plan shall include a description of each teacher's duties and responsibilities and of the standards to which that teacher is expected to conform, and shall include at least the following components:

(a) personal observation of the teacher in the classroom by the evaluator, unless the teacher has no classroom duties.

(b) consideration of the teacher's attendance, planning, instructional methods, classroom management, where relevant, and competency in the subject matter taught.

(c) by no later than the applicable implementation date, consideration of student growth as a significant factor in the rating of the teacher's performance.

(d) prior to September 1, 2012, rating of the performance of teachers in contractual continued service as either:

(i) "excellent", "satisfactory" or "unsatisfactory"; or

(ii) "excellent", "proficient", "needs improvement" or "unsatisfactory".

New matter indicated by italics - deletions by strikeout
(e) on and after September 1, 2012, rating of the performance of all teachers as "excellent", "proficient", "needs improvement" or "unsatisfactory".

(f) specification as to the teacher's strengths and weaknesses, with supporting reasons for the comments made.

(g) inclusion of a copy of the evaluation in the teacher's personnel file and provision of a copy to the teacher.

(h) within 30 school days after the completion of an evaluation rating a teacher in contractual continued service as "needs improvement", development by the evaluator, in consultation with the teacher, and taking into account the teacher's on-going professional responsibilities including his or her regular teaching assignments, of a professional development plan directed to the areas that need improvement and any supports that the district will provide to address the areas identified as needing improvement.

(i) within 30 school days after completion of an evaluation rating a teacher in contractual continued service as "unsatisfactory", development and commencement by the district of a remediation plan designed to correct deficiencies cited, provided the deficiencies are deemed remediable. In all school districts the remediation plan for unsatisfactory, tenured teachers shall provide for 90 school days of remediation within the classroom, unless an applicable collective bargaining agreement provides for a shorter duration. In all school districts evaluations issued pursuant to this Section shall be issued within 10 days after the conclusion of the respective remediation plan. However, the school board or other governing authority of the district shall not lose jurisdiction to discharge a teacher in the event the evaluation is not issued within 10 days after the conclusion of the respective remediation plan.

(j) participation in the remediation plan by the teacher in contractual continued service rated "unsatisfactory", an evaluator and a consulting teacher selected by the evaluator of the teacher who was rated "unsatisfactory", which consulting teacher is an educational employee as defined in the Educational Labor Relations Act, has at least 5 years' teaching experience, and a reasonable familiarity with the assignment of the teacher being evaluated, and who received an "excellent" rating on his or her

most recent evaluation. Where no teachers who meet these criteria are available within the district, the district shall request and the applicable regional office of education shall supply, to participate in the remediation process, an individual who meets these criteria.

In a district having a population of less than 500,000 with an exclusive bargaining agent, the bargaining agent may, if it so chooses, supply a roster of qualified teachers from whom the consulting teacher is to be selected. That roster shall, however, contain the names of at least 5 teachers, each of whom meets the criteria for consulting teacher with regard to the teacher being evaluated, or the names of all teachers so qualified if that number is less than 5. In the event of a dispute as to qualification, the State Board shall determine qualification.

(k) a mid-point and final evaluation by an evaluator during and at the end of the remediation period, immediately following receipt of a remediation plan provided for under subsections (i) and (j) of this Section. Each evaluation shall assess the teacher's performance during the time period since the prior evaluation; provided that the last evaluation shall also include an overall evaluation of the teacher's performance during the remediation period. A written copy of the evaluations and ratings, in which any deficiencies in performance and recommendations for correction are identified, shall be provided to and discussed with the teacher within 10 school days after the date of the evaluation, unless an applicable collective bargaining agreement provides to the contrary. These subsequent evaluations shall be conducted by an evaluator. The consulting teacher shall provide advice to the teacher rated "unsatisfactory" on how to improve teaching skills and to successfully complete the remediation plan. The consulting teacher shall participate in developing the remediation plan, but the final decision as to the evaluation shall be done solely by the evaluator, unless an applicable collective bargaining agreement provides to the contrary. Evaluations at the conclusion of the remediation process shall be separate and distinct from the required annual evaluations of teachers and shall not be subject to the guidelines and procedures relating to those annual evaluations. The evaluator may but is not required to use the forms provided for the annual evaluation of teachers in the district's evaluation plan.

(l) reinstatement to the evaluation schedule set forth in the district's evaluation plan for any teacher in contractual continued service who achieves a rating equal to or better than "satisfactory" or "proficient" in the school year following a rating of "needs improvement" or "unsatisfactory".

(m) dismissal in accordance with subsection (d) of Section 24-12 or Section 24-16.5 or 34-85 of this Code of any teacher who fails to complete any applicable remediation plan with a rating equal to or better than a "satisfactory" or "proficient" rating. Districts and teachers subject to dismissal hearings are precluded from compelling the testimony of consulting teachers at such hearings under subsection (d) of Section 24-12 or Section 24-16.5 or 34-85 of this Code, either as to the rating process or for opinions of performances by teachers under remediation.

(n) After the implementation date of an evaluation system for teachers in a district as specified in Section 24A-2.5 of this Code, if a teacher in contractual continued service successfully completes a remediation plan following a rating of "unsatisfactory" in an annual or biennial overall performance evaluation received after the foregoing implementation date and receives a subsequent rating of "unsatisfactory" in any of the teacher's annual or biennial overall performance evaluation ratings received during the 36-month period following the teacher's completion of the remediation plan, then the school district may forego remediation and seek dismissal in accordance with subsection (d) of Section 24-12 or Section 34-85 of this Code.

Nothing in this Section or Section 24A-4 shall be construed as preventing immediate dismissal of a teacher for deficiencies which are deemed irremediable or for actions which are injurious to or endanger the health or person of students in the classroom or school, or preventing the dismissal or non-renewal of teachers not in contractual continued service for any reason not prohibited by applicable employment, labor, and civil rights laws. Failure to strictly comply with the time requirements contained in Section 24A-5 shall not invalidate the results of the remediation plan.

Nothing contained in this amendatory Act of the 98th General Assembly repeals, supersedes, invalidates, or nullifies final decisions in lawsuits pending on the effective date of this amendatory Act of the 98th
General Assembly in Illinois courts involving the interpretation of Public Act 97-8.

If the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act that suspends in-person instruction, the timelines in this Section connected to the commencement and completion of any remediation plan are waived. Except if the parties mutually agree otherwise and the agreement is in writing, any remediation plan that had been in place for more than 45 days prior to the suspension of in-person instruction shall resume when in-person instruction resumes and any remediation plan that had been in place for fewer than 45 days prior to the suspension of in-person instruction shall be discontinued and a new remediation period shall begin when in-person instruction resumes. The requirements of this paragraph apply regardless of whether they are included in a school district's teacher evaluation plan.

Sec. 27-6.5. Physical fitness assessments in schools.

New matter indicated by italics - deletions by strikeout
(a) As used in this Section, "physical fitness assessment" means a series of assessments to measure aerobic capacity, body composition, muscular strength, muscular endurance, and flexibility.

(b) To measure the effectiveness of State Goal 20 of the Illinois Learning Standards for Physical Development and Health, beginning with the 2016-2017 school year and every school year thereafter, the State Board of Education shall require all public schools to use a scientifically-based, health-related physical fitness assessment for grades 3 through 12 and periodically report fitness information to the State Board of Education, as set forth in subsections (c) and (e) of this Section, to assess student fitness indicators.

Public schools shall integrate health-related fitness testing into the curriculum as an instructional tool, except in grades before the 3rd grade. Fitness tests must be appropriate to students' developmental levels and physical abilities. The testing must be used to teach students how to assess their fitness levels, set goals for improvement, and monitor progress in reaching their goals. Fitness scores shall not be used for grading students or evaluating teachers.

(c) On or before October 1, 2014, the State Superintendent of Education shall appoint a 15-member stakeholder and expert task force, including members representing organizations that represent physical education teachers, school officials, principals, health promotion and disease prevention advocates and experts, school health advocates and experts, and other experts with operational and academic expertise in the measurement of fitness. The task force shall make recommendations to the State Board of Education on the following:

1. methods for ensuring the validity and uniformity of reported physical fitness assessment scores, including assessment administration protocols and professional development approaches for physical education teachers;
2. how often physical fitness assessment scores should be reported to the State Board of Education;
3. the grade levels within elementary, middle, and high school categories for which physical fitness assessment scores should be reported to the State Board of Education;
4. the minimum fitness indicators that should be reported to the State Board of Education, including, but not limited to, a score for aerobic capacity (for grades 4 through 12); muscular strength; endurance; and flexibility;

(5) the demographic information that should accompany the scores, including, but not limited to, grade and gender;

(6) the development of protocols regarding the protection of students' confidentiality and individual information and identifiers; and

(7) how physical fitness assessment data should be reported by the State Board of Education to the public, including potential correlations with student academic achievement, attendance, and discipline data and other recommended uses of the reported data.

The State Board of Education shall provide administrative and other support to the task force.

The task force shall submit its recommendations on physical fitness assessments on or before April 1, 2015. The task force may also recommend methods for assessing student progress on State Goals 19 and 21 through 24 of the Illinois Learning Standards for Physical Development and Health. The task force is dissolved on April 30, 2015.

The provisions of this subsection (c), other than this sentence, are inoperative after March 31, 2016.

(d) On or before December 31, 2015, the State Board of Education shall use the recommendations of the task force under subsection (c) of this Section to adopt rules for the implementation of physical fitness assessments by each public school for the 2016-2017 school year and every school year thereafter. The requirements of this Section do not apply if the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act.

(e) On or before September 1, 2016, the State Board of Education shall adopt rules for data submission by school districts and develop a system for collecting and reporting the aggregated fitness information from the physical fitness assessments. This system shall also support the collection of data from school districts that use a fitness testing software program.

(f) School districts may report the aggregate findings of physical fitness assessments by grade level and school to parents and members of the community through typical communication channels, such as Internet websites, school newsletters, school board reports, and presentations. Districts may also provide individual fitness assessment reports to students' parents.

(105 ILCS 5/27-8.1) (from Ch. 122, par. 27-8.1)

Sec. 27-8.1. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second, sixth, and ninth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second, sixth, or ninth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a
completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. A school may not withhold a child's report card during a school year in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after January 1, 2008 (the effective date of Public Act 95-671) and any student enrolling for the first time in a public, private, or parochial school on or after January 1, 2008 (the effective date of Public Act 95-671) shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. A school may not withhold a child's report card during a school year in which the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include an age-appropriate developmental

New matter indicated by italics - deletions by strikeout
screening, an age-appropriate social and emotional screening, and the collection of data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. With respect to the developmental screening and the social and emotional screening, the Department of Public Health must, no later than January 1, 2019, develop rules and appropriate revisions to the Child Health Examination form in conjunction with a statewide organization representing school boards; a statewide organization representing pediatricians; statewide organizations representing individuals holding Illinois educator licenses with school support personnel endorsements, including school social workers, school psychologists, and school nurses; a statewide organization representing children's mental health experts; a statewide organization representing school principals; the Director of Healthcare and Family Services or his or her designee, the State Superintendent of Education or his or her designee; and representatives of other appropriate State agencies and, at a minimum, must recommend the use of validated screening tools appropriate to the child's age or grade, and, with regard to the social and emotional screening, require recording only whether or not the screening was completed. The rules shall take into consideration the screening recommendations of the American Academy of Pediatrics and must be consistent with the State Board of Education's social and emotional learning standards. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice registered nurses, or licensed physician assistants shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice registered nurse, or physician assistant is responsible. If a registered nurse performs any part

New matter indicated by italics - deletions by strikeout
of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(2.5) With respect to the developmental screening and the social and emotional screening portion of the health examination, each child may present proof of having been screened in accordance with this Section and the rules adopted under this Section before October 15th of the school year. With regard to the social and emotional screening only, the examining health care provider shall only record whether or not the screening was completed. If the child fails to present proof of the developmental screening or the social and emotional screening portions of the health examination by October 15th of the school year, qualified school support personnel may, with a parent's or guardian's consent, offer the developmental screening or the social and emotional screening to the child. Each public, private, and parochial school must give notice of the developmental screening and social and emotional screening requirements to the parents and guardians of students in compliance with the rules of the Department of Public Health. Nothing in this Section shall be construed to
allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain a developmental screening or a social and emotional screening for the child. Once a developmental screening or a social and emotional screening is completed and proof has been presented to the school, the school may, with a parent's or guardian's consent, make available appropriate school personnel to work with the parent or guardian, the child, and the provider who signed the screening form to obtain any appropriate evaluations and services as indicated on the form and in other information and documentation provided by the parents, guardians, or provider.

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to asthma or obesity. The duty to summarize on the report form does not apply to social and emotional screenings. The confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or
immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice registered nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations, eye examinations, and the developmental screening and the social and emotional screening portions of the health examination. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as

required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 or 18-8.15 to the school district for such year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate
local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a
sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice registered nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form.

Exempting a child from the health, dental, or eye examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

(8.5) The school board of a school district shall include informational materials regarding influenza and influenza vaccinations and meningococcal disease and meningococcal vaccinations developed, provided, or approved by the Department of Public Health under Section 2310-700 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois when the board provides information on immunizations, infectious diseases, medications, or other school health issues to the parents or guardians of students.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

The replacement teacher representative shall be appointed in the same manner and by the same procedures as teacher representatives are appointed in subdivisions (i) and (ii) of this subsection (l).

The form and manner of such candidacy statements shall be determined by the Board.

(ii) During the twenty-second week of school in every year, the principal of each attendance center shall conduct a non-binding, advisory poll to ascertain the preferences of the school students regarding the appointment of a student to the local school council for that attendance center. At such poll, each student shall be entitled to indicate his or her preference for up to one candidate from among those who submitted statements of candidacy as described above. The Board shall promulgate rules to ensure that these non-binding, advisory polls are conducted in a fair and equitable manner and maximize the involvement of all school students. (o) In the event that a vacancy occurs during a member's term, the
Council shall appoint a person eligible to serve on the Council, to fill the

staff as ascertained through a non-binding advisory poll of school staff.

(p) If less than the specified number of persons is elected within
each candidate category, the newly elected local school council shall

terms.

(q) The Board shall promulgate rules regarding conflicts of interest
and disclosure of economic interests which shall apply to local school
council members and which shall require reports or statements to be filed
by Council members at regular intervals with the Secretary of the Board.
Failure to comply with such rules or intentionally falsifying such reports
shall be grounds for disqualification from local school council
membership. A vacancy on the Council for disqualification may be so
declared by the Secretary of the Board. Rules regarding conflicts of
interest and disclosure of economic interests promulgated by the Board
shall apply to local school council members. No less than 45 days prior to
the deadline, the general superintendent shall provide notice, by mail, to
each local school council member of all requirements and forms for
compliance with economic interest statements.

(r) (1) If a parent member of a local school council ceases to have
any child enrolled in the attendance center governed by the Local School
Council due to the graduation or voluntary transfer of a child or children
from the attendance center, the parent's membership on the Local School
Council and all voting rights are terminated immediately as of the date of
the child's graduation or voluntary transfer. If the child of a parent member
of a local school council dies during the member's term in office, the
member may continue to serve on the local school council for the balance
of his or her term. Further, a local school council member may be removed

regular meetings in a 12 month period, not including committee meetings. If a parent member of a local school council ceases to be eligible to serve on the Council for any other reason, he or she shall be removed by the Board subject to a hearing, convened pursuant to Board rule, prior to removal. A vote to remove a Council member by the local school council shall only be valid if the Council member has been notified personally or by certified mail, mailed to the person's last known address, of the Council's intent to vote on the Council member's removal at least 7 days prior to the vote. The Council member in question shall have the right to explain his or her actions and shall be eligible to vote on the question of his or her removal from the Council. The provisions of this subsection shall be contained within the petitions used to nominate Council candidates.

(2) A person may continue to serve as a community resident member of a local school council as long as he or she resides in the attendance area served by the school and is not employed by the Board nor is a parent of a student enrolled at the school. If a community resident member ceases to be eligible to serve on the Council, he or she shall be removed by the Board subject to a hearing, convened pursuant to Board rule, prior to removal.

(3) A person may continue to serve as a teacher member of a local school council as long as he or she is employed and assigned to perform a majority of his or her duties at the school, provided that if the teacher representative resigns from employment with the Board or voluntarily transfers to another school, the teacher's membership on the local school council and all voting rights are terminated immediately as of the date of the teacher's resignation or upon the date of the teacher's voluntary transfer to another school. If a teacher member of a local school council ceases to be eligible to serve on a local school council for any other reason, that member shall be removed by the Board subject to a hearing, convened pursuant to Board rule, prior to removal.

Public notice of meetings shall also be given in accordance with the Open Meetings Act.

(b) Members and officers of the local school council shall serve without compensation and without reimbursement of any expenses incurred in the performance of their duties, except that the board of education may by rule establish a procedure and thereunder provide for reimbursement of members and officers of local school councils for such of their reasonable and necessary expenses (excluding any lodging or meal expenses) incurred in the performance of their duties as the board may deem appropriate.

Sec. 34-18.5. Criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database.

(a) Licensed and nonlicensed applicants for employment with the school district are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any disqualifying, enumerated criminal or drug offense offenses in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, or a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate
regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse the school district and regional superintendent for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant. The check of the Statewide Sex Offender Database must be conducted by the school district or regional superintendent once for every 5 years that an applicant remains employed by the school district.

(a-6) The school district or regional superintendent shall further perform a check of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Community Notification Law, for each applicant. The check of the Murderer and Violent Offender Against Youth Database must be conducted by the school district or regional superintendent once for every 5 years that an applicant remains employed by the school district.

(b) Any information concerning the record of convictions obtained by the president of the board of education or the regional superintendent shall be confidential and may only be transmitted to the general superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the board of education for the school district, the presidents of the appropriate board of education or school boards if the check was requested from the Department of State Police by the regional superintendent, the State Board of Education and the school district as authorized under subsection (b-5), the State Superintendent of Education, the State Educator Preparation and Licensure Board or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more

than one school district was requested by the regional superintendent, and
the Department of State Police upon a check ascertains that the applicant
has not been convicted of any of the enumerated criminal or drug offenses
in subsection (c) of this Section or has not been convicted, within 7 years
of the application for employment with the school district, of any other
felony under the laws of this State or of any offense committed or
attempted in any other state or against the laws of the United States that, if
committed or attempted in this State, would have been punishable as a
felony under the laws of this State and so notifies the regional
superintendent and if the regional superintendent upon a check ascertains
that the applicant has not been identified in the Sex Offender Database or
Statewide Murderer and Violent Offender Against Youth Database, then
the regional superintendent shall issue to the applicant a certificate
evidencing that as of the date specified by the Department of State Police
the applicant has not been convicted of any of the enumerated criminal or
drug offenses in subsection (c) of this Section or has not been convicted,
within 7 years of the application for employment with the school district,
of any other felony under the laws of this State or of any offense
committed or attempted in any other state or against the laws of the United
States that, if committed or attempted in this State, would have been
punishable as a felony under the laws of this State and evidencing that as
of the date that the regional superintendent conducted a check of the
Statewide Sex Offender Database or Statewide Murderer and Violent
Offender Against Youth Database, the applicant has not been identified in
the Database. The school board of any school district may rely on the
certificate issued by any regional superintendent to that substitute teacher,
concurrent part-time teacher, or concurrent educational support personnel
employee or may initiate its own criminal history records check of the
applicant through the Department of State Police and its own check of the
Statewide Sex Offender Database or Statewide Murderer and Violent
Offender Against Youth Database as provided in this Section. Any
unauthorized release of confidential information may be a violation of
Section 7 of the Criminal Identification Act.

(b-5) If a criminal history records check or check of the Statewide
Sex Offender Database or Statewide Murderer and Violent Offender
Against Youth Database is performed by a regional superintendent for an
applicant seeking employment as a substitute teacher with the school
district, the regional superintendent may disclose to the State Board of
Education whether the applicant has been issued a certificate under

subsection (b) based on those checks. If the State Board receives
information on an applicant under this subsection, then it must indicate in
the Educator Licensure Information System for a 90-day period that the
applicant has been issued or has not been issued a certificate.

(c) The board of education shall not knowingly employ a person
who has been convicted of any offense that would subject him or her to
license suspension or revocation pursuant to Section 21B-80 of this Code,
except as provided under subsection (b) of 21B-80. Further, the board of
education shall not knowingly employ a person who has been found to be
the perpetrator of sexual or physical abuse of any minor under 18 years of
age pursuant to proceedings under Article II of the Juvenile Court Act of
1987. As a condition of employment, the board of education must consider
the status of a person who has been issued an indicated finding of abuse or
neglect of a child by the Department of Children and Family Services
under the Abused and Neglected Child Reporting Act or by a child welfare
agency of another jurisdiction.

(d) The board of education shall not knowingly employ a person
for whom a criminal history records check and a Statewide Sex Offender
Database check have not been initiated.

(e) **Within 10 days after the general superintendent of schools, a**
regional office of education, or an entity that provides background checks
of license holders to public schools receives information of a pending
criminal charge against a license holder for an offense set forth in Section
21B-80 of this Code, the superintendent, regional office of education, or
entity must notify the State Superintendent of Education of the pending
criminal charge.

No later than 15 business days after receipt of a record of
conviction or of checking the Statewide Murderer and Violent Offender
Against Youth Database or the Statewide Sex Offender Database and
finding a registration, the general superintendent of schools or the
applicable regional superintendent shall, in writing, notify the State
Superintendent of Education of any license holder who has been convicted
of a crime set forth in Section 21B-80 of this Code. Upon receipt of the
record of a conviction of or a finding of child abuse by a holder of any
license issued pursuant to Article 21B or Section 34-8.1 or 34-83 of this
School Code, the State Superintendent of Education may initiate
licensure suspension and revocation proceedings as authorized by law. If
the receipt of the record of conviction or finding of child abuse is received
within 6 months after the initial grant of or renewal of a license, the State Superintendent of Education may rescind the license holder's license.

(e-5) The general superintendent of schools shall, in writing, notify the State Superintendent of Education of any license holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the license holder's dismissal or resignation from the school district. This notification must be submitted within 30 days after the dismissal or resignation. The license holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the State Superintendent of Education, the State Board of Education, or the State Educator Preparation and Licensure Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21B of this Code, (ii) pursuant to a court order, (iii) for disclosure to the license holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After March 19, 1990, the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning
the record of conviction and identification as a sex offender of any such
employee obtained by the regional superintendent shall be promptly
reported to the president of the appropriate school board or school boards.

(f-5) Upon request of a school or school district, any information
obtained by the school district pursuant to subsection (f) of this Section
within the last year must be made available to the requesting school or
school district.

(g) Prior to the commencement of any student teaching experience
or required internship (which is referred to as student teaching in this
Section) in the public schools, a student teacher is required to authorize a
fingerprint-based criminal history records check. Authorization for and
payment of the costs of the check must be furnished by the student teacher
to the school district. Upon receipt of this authorization and payment, the
school district shall submit the student teacher's name, sex, race, date of
birth, social security number, fingerprint images, and other identifiers, as
prescribed by the Department of State Police, to the Department of State
Police. The Department of State Police and the Federal Bureau of
Investigation shall furnish, pursuant to a fingerprint-based criminal history
records check, records of convictions, forever and hereinafter, until
expunged, to the president of the board. The Department shall charge the
school district a fee for conducting the check, which fee must not exceed
the cost of the inquiry and must be deposited into the State Police Services
Fund. The school district shall further perform a check of the Statewide
Sex Offender Database, as authorized by the Sex Offender Community
Notification Law, and of the Statewide Murderer and Violent Offender
Against Youth Database, as authorized by the Murderer and Violent
Offender Against Youth Registration Act, for each student teacher. The
board may not knowingly allow a person to student teach for whom a
criminal history records check, a Statewide Sex Offender Database check,
and a Statewide Murderer and Violent Offender Against Youth Database
check have not been completed and reviewed by the district.

A copy of the record of convictions obtained from the Department
of State Police must be provided to the student teacher. Any information
concerning the record of convictions obtained by the president of the board
is confidential and may only be transmitted to the general superintendent
of schools or his or her designee, the State Superintendent of Education,
the State Educator Preparation and Licensure Board, or, for clarification
purposes, the Department of State Police or the Statewide Sex Offender
Database or Statewide Murderer and Violent Offender Against Youth

Database. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

The board may not knowingly allow a person to student teach who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to subsection (c) of Section 21B-80 of this Code, except as provided under subsection (b) of Section 21B-80. Further, the board may not allow a person to student teach if he or she has been found to be the perpetrator of sexual or physical abuse of a minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987. The board must consider the status of a person to student teach who has been issued an indicated finding of abuse or neglect of a child by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act or by a child welfare agency of another jurisdiction.

Sec. 34-18.66. Remote and blended remote learning. This Section applies if the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act.

(1) If the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act, the State Superintendent of Education may declare a requirement to use remote learning days or blended remote learning days for the school district, multiple school districts, a region, or the entire State. During remote learning days, schools shall conduct instruction remotely. During blended remote learning days, schools may utilize hybrid models of in-person and remote instruction. Once declared, remote learning days or blended remote learning days shall be implemented in grades pre-kindergarten through 12 as days of attendance and shall be deemed pupil attendance days for calculation of the length of a school term under Section 10-19.

(2) For purposes of this Section, a remote learning day or blended remote learning day may be met through the district's implementation of an e-learning program under Section 10-20.56.
(3) If the district does not implement an e-learning program under Section 10-20.56, the district shall adopt a remote and blended remote learning day plan approved by the general superintendent of schools. The district may utilize remote and blended remote learning planning days, consecutively or in separate increments, to develop, review, or amend its remote and blended remote learning day plan or provide professional development to staff regarding remote education. Up to 5 remote and blended remote learning planning days may be deemed pupil attendance days for calculation of the length of a school term under Section 10-19.

(4) Each remote and blended remote learning day plan shall address the following:
   (i) accessibility of the remote instruction to all students enrolled in the district;
   (ii) if applicable, a requirement that the remote learning day and blended remote learning day activities reflect State learning standards;
   (iii) a means for students to confer with an educator, as necessary;
   (iv) the unique needs of students in special populations, including, but not limited to, students eligible for special education under Article 14, students who are English learners as defined in Section 14C-2, and students experiencing homelessness under the Education for Homeless Children Act, or vulnerable student populations;
   (v) how the district will take attendance and monitor and verify each student's remote participation; and
   (vi) transitions from remote learning to on-site learning upon the State Superintendent's declaration that remote learning days or blended remote learning days are no longer deemed necessary.

(5) The general superintendent of schools shall periodically review and amend the district's remote and blended remote learning day plan, as needed, to ensure the plan meets the needs of all students.

(6) Each remote and blended remote learning day plan shall be posted on the district's Internet website where other

policies, rules, and standards of conduct are posted and shall be provided to students and faculty.

(7) This Section does not create any additional employee bargaining rights and does not remove any employee bargaining rights.

(8) Statutory and regulatory curricular mandates and offerings may be administered via the district's remote and blended remote learning day plan, except that the district may not offer individual behind-the-wheel instruction required by Section 27-24.2 via the district's remote and blended remote learning day plan. This Section does not relieve schools and the district from completing all statutory and regulatory curricular mandates and offerings.

(105 ILCS 5/34-85) (from Ch. 122, par. 34-85)

Sec. 34-85. Removal for cause; notice and hearing; suspension.

(a) No teacher employed by the board of education shall (after serving the probationary period specified in Section 34-84) be removed except for cause. Teachers (who have completed the probationary period specified in Section 34-84 of this Code) shall be removed for cause in accordance with the procedures set forth in this Section or, at the board's option, the procedures set forth in Section 24-16.5 of this Code or such other procedures established in an agreement entered into between the board and the exclusive representative of the district's teachers under Section 34-85c of this Code for teachers (who have completed the probationary period specified in Section 34-84 of this Code) assigned to schools identified in that agreement. No principal employed by the board of education shall be removed during the term of his or her performance contract except for cause, which may include but is not limited to the principal's repeated failure to implement the school improvement plan or to comply with the provisions of the Uniform Performance Contract, including additional criteria established by the Council for inclusion in the performance contract pursuant to Section 34-2.3.

Before service of notice of charges on account of causes that may be deemed to be remediable, the teacher or principal must be given reasonable warning in writing, stating specifically the causes that, if not removed, may result in charges; however, no such written warning is required if the causes have been the subject of a remediation plan pursuant to Article 24A of this Code or if the board and the exclusive representative of the district's teachers have entered into an agreement pursuant to

New matter indicated by italics - deletions by strikeout
Section 34-85c of this Code, pursuant to an alternative system of remediation. No written warning shall be required for conduct on the part of a teacher or principal that is cruel, immoral, negligent, or criminal or that in any way causes psychological or physical harm or injury to a student, as that conduct is deemed to be irremediable. No written warning shall be required for a material breach of the uniform principal performance contract, as that conduct is deemed to be irremediable; provided that not less than 30 days before the vote of the local school council to seek the dismissal of a principal for a material breach of a uniform principal performance contract, the local school council shall specify the nature of the alleged breach in writing and provide a copy of it to the principal.

(1) To initiate dismissal proceedings against a teacher or principal, the general superintendent must first approve written charges and specifications against the teacher or principal. A local school council may direct the general superintendent to approve written charges against its principal on behalf of the Council upon the vote of 7 members of the Council. The general superintendent must approve those charges within 45 calendar days or provide a written reason for not approving those charges. A written notice of those charges, including specifications, shall be served upon the teacher or principal within 10 business days of the approval of the charges. Any written notice sent on or after July 1, 2012 shall also inform the teacher or principal of the right to request a hearing before a mutually selected hearing officer, with the cost of the hearing officer split equally between the teacher or principal and the board, or a hearing before a qualified hearing officer chosen by the general superintendent, with the cost of the hearing officer paid by the board. If the teacher or principal cannot be found upon diligent inquiry, such charges may be served upon him by mailing a copy thereof in a sealed envelope by prepaid certified mail, return receipt requested, to the teacher's or principal's last known address. A return receipt showing delivery to such address within 20 calendar days after the date of the approval of the charges shall constitute proof of service.

(2) No hearing upon the charges is required unless the teacher or principal within 17 calendar days after receiving notice requests in writing of the general superintendent that a hearing be scheduled. Pending the hearing of the charges, the general
superintendent or his or her designee may suspend the teacher or principal charged without pay in accordance with rules prescribed by the board, provided that if the teacher or principal charged is not dismissed based on the charges, he or she must be made whole for lost earnings, less setoffs for mitigation.

(3) The board shall maintain a list of at least 9 qualified hearing officers who will conduct hearings on charges and specifications. The list must be developed in good faith consultation with the exclusive representative of the board's teachers and professional associations that represent the board's principals. The list may be revised on July 1st of each year or earlier as needed. To be a qualified hearing officer, the person must (i) be accredited by a national arbitration organization and have had a minimum of 5 years of experience as an arbitrator in cases involving labor and employment relations matters between employers and employees or their exclusive bargaining representatives and (ii) beginning September 1, 2012, have participated in training provided or approved by the State Board of Education for teacher dismissal hearing officers so that he or she is familiar with issues generally involved in evaluative and non-evaluative dismissals.

Within 5 business days after receiving the notice of request for a hearing, the general superintendent and the teacher or principal or their legal representatives shall alternately strike one name from the list until only one name remains. Unless waived by the teacher, the teacher or principal shall have the right to proceed first with the striking. If the teacher or principal fails to participate in the striking process, the general superintendent shall either select the hearing officer from the list developed pursuant to this paragraph (3) or select another qualified hearing officer from the master list maintained by the State Board of Education pursuant to subsection (c) of Section 24-12 of this Code.

(4) If the notice of dismissal was sent to the teacher or principal before July 1, 2012, the fees and costs for the hearing officer shall be paid by the State Board of Education. If the notice of dismissal was sent to the teacher or principal on or after July 1, 2012, the hearing officer's fees and costs must be paid as follows in this paragraph (4). The fees and permissible costs for the hearing officer shall be determined by the State Board of Education. If the
hearing officer is mutually selected by the parties through alternate striking in accordance with paragraph (3) of this subsection (a), then the board and the teacher or their legal representative shall each pay 50% of the fees and costs and any supplemental allowance to which they agree. If the hearing officer is selected by the general superintendent without the participation of the teacher or principal, then the board shall pay 100% of the hearing officer fees and costs. The hearing officer shall submit for payment a billing statement to the parties that itemizes the charges and expenses and divides them in accordance with this Section.

(5) The teacher or the principal charged is required to answer the charges and specifications and aver affirmative matters in his or her defense, and the time for doing so must be set by the hearing officer. The State Board of Education shall adopt rules so that each party has a fair opportunity to present its case and to ensure that the dismissal proceeding is concluded in an expeditious manner. The rules shall address, without limitation, the teacher or principal's answer and affirmative defenses to the charges and specifications; a requirement that each party make mandatory disclosures without request to the other party and then update the disclosure no later than 10 calendar days prior to the commencement of the hearing, including a list of the names and addresses of persons who may be called as witnesses at the hearing, a summary of the facts or opinions each witness will testify to, and all other documents and materials, including information maintained electronically, relevant to its own as well as the other party's case (the hearing officer may exclude witnesses and exhibits not identified and shared, except those offered in rebuttal for which the party could not reasonably have anticipated prior to the hearing); pre-hearing discovery and preparation, including provision for written interrogatories and requests for production of documents, provided that discovery depositions are prohibited; the conduct of the hearing; the right of each party to be represented by counsel, the offer of evidence and witnesses and the cross-examination of witnesses; the authority of the hearing officer to issue subpoenas and subpoenas duces tecum, provided that the hearing officer may limit the number of witnesses to be subpoenaed in behalf of each party to no more than 7; the length of post-hearing briefs; and the form, length, and content of hearing

officers' reports and recommendations to the general superintendent.

The hearing officer shall commence the hearing within 75 calendar days and conclude the hearing within 120 calendar days after being selected by the parties as the hearing officer, provided that these timelines may be modified upon the showing of good cause or mutual agreement of the parties. Good cause for the purposes of this paragraph (5) shall mean the illness or otherwise unavoidable emergency of the teacher, district representative, their legal representatives, the hearing officer, or an essential witness as indicated in each party's pre-hearing submission. In a dismissal hearing in which a witness is a student or is under the age of 18, the hearing officer must make accommodations for the witness, as provided under paragraph (5.5) of this subsection. The hearing officer shall consider and give weight to all of the teacher's evaluations written pursuant to Article 24A that are relevant to the issues in the hearing. Except as otherwise provided under paragraph (5.5) of this subsection, the teacher or principal has the privilege of being present at the hearing with counsel and of cross-examining witnesses and may offer evidence and witnesses and present defenses to the charges. Each party shall have no more than 3 days to present its case, unless extended by the hearing officer to enable a party to present adequate evidence and testimony, including due to the other party's cross-examination of the party's witnesses, for good cause or by mutual agreement of the parties. The State Board of Education shall define in rules the meaning of "day" for such purposes. All testimony at the hearing shall be taken under oath administered by the hearing officer. The hearing officer shall cause a record of the proceedings to be kept and shall employ a competent reporter to take stenographic or stenotype notes of all the testimony. The costs of the reporter's attendance and services at the hearing shall be paid by the party or parties who are paying the fees and costs of the hearing officer. Either party desiring a transcript of the hearing shall pay for the cost thereof. At the close of the hearing, the hearing officer shall direct the parties to submit post-hearing briefs no later than 21 calendar days after receipt of the transcript. Either or both parties may waive submission of briefs.

(5.5) In the case of charges involving sexual abuse or severe physical abuse of a student or a person under the age of 18, the hearing officer shall make alternative hearing procedures to protect a witness who is a student or who is under the age of 18 from being intimidated or traumatized. Alternative hearing procedures may include, but are not limited to: (i) testimony made via a telecommunication device in a location other than the hearing room and outside the physical presence of the teacher or principal and other hearing participants, (ii) testimony outside the physical presence of the teacher or principal, or (iii) non-public testimony. During a testimony described under this subsection, each party must be permitted to ask a witness who is a student or who is under 18 years of age all relevant questions and follow-up questions. All questions must exclude evidence of the witness' sexual behavior or predisposition, unless the evidence is offered to prove that someone other than the teacher subject to the dismissal hearing engaged in the charge at issue.

(6) The hearing officer shall within 30 calendar days from the conclusion of the hearing report to the general superintendent findings of fact and a recommendation as to whether or not the teacher or principal shall be dismissed and shall give a copy of the report to both the teacher or principal and the general superintendent. The State Board of Education shall provide by rule the form of the hearing officer's report and recommendation.

(7) The board, within 45 days of receipt of the hearing officer's findings of fact and recommendation, shall make a decision as to whether the teacher or principal shall be dismissed from its employ. The failure of the board to strictly adhere to the timeliness contained herein shall not render it without jurisdiction to dismiss the teacher or principal. In the event that the board declines to dismiss the teacher or principal after review of a hearing officer's recommendation, the board shall set the amount of back pay and benefits to award the teacher or principal, which shall include offsets for interim earnings and failure to mitigate losses. The board shall establish procedures for the teacher's or principal's submission of evidence to it regarding lost earnings, lost benefits, mitigation, and offsets. The decision of the board is final unless reviewed in accordance with paragraph (8) of this subsection (a).
(8) The teacher may seek judicial review of the board's decision in accordance with the Administrative Review Law, which is specifically incorporated in this Section, except that the review must be initiated in the Illinois Appellate Court for the First District. In the event judicial review is instituted, any costs of preparing and filing the record of proceedings shall be paid by the party instituting the review. In the event the appellate court reverses a board decision to dismiss a teacher or principal and directs the board to pay the teacher or the principal back pay and benefits, the appellate court shall remand the matter to the board to issue an administrative decision as to the amount of back pay and benefits, which shall include a calculation of the lost earnings, lost benefits, mitigation, and offsets based on evidence submitted to the board in accordance with procedures established by the board.

(9) If the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Act, except if the parties mutually agree otherwise and the agreement is in writing, the requirements of this Section pertaining to prehearings and hearings are paused and do not begin to toll until the proclamation declaring the disaster is no longer in effect. If mutually agreed to and reduced in writing, the parties may proceed with the prehearing and hearing requirements of this Section connected to the appointment and selection of a hearing officer and those connected to commencing and concluding a hearing. Any hearing convened during a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act may be convened remotely. Any hearing officer for a hearing convened during a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act may voluntarily withdraw from the hearing and another hearing officer shall be selected or appointed pursuant to this Section.

(b) Nothing in this Section affects the validity of removal for cause hearings commenced prior to June 13, 2011 (the effective date of Public Act 97-8).

The changes made by Public Act 97-8 shall apply to dismissals instituted on or after September 1, 2011 or the effective date of Public Act 97-8, whichever is later. Any dismissal instituted prior to the effective date of Public Act 97-8 shall apply to dismissals instituted prior to June 13, 2011.
of these changes must be carried out in accordance with the requirements of this Section prior to amendment by Public Act 97-8.

Sec. 34-85c. Alternative procedures for teacher evaluation, remediation, and removal for cause after remediation.

(a) Notwithstanding any law to the contrary, the board and the exclusive representative of the district's teachers are hereby authorized to enter into an agreement to establish alternative procedures for teacher evaluation, remediation, and removal for cause after remediation, including an alternative system for peer evaluation and recommendations; provided, however, that no later than September 1, 2012: (i) any alternative procedures must include provisions whereby student performance data is a significant factor in teacher evaluation and (ii) teachers are rated as "excellent", "proficient", "needs improvement" or "unsatisfactory". Pursuant exclusively to that agreement, teachers assigned to schools identified in that agreement shall be subject to an alternative performance evaluation plan and remediation procedures in lieu of the plan and procedures set forth in Article 24A of this Code and alternative removal for cause standards and procedures in lieu of the removal standards and procedures set forth in Section 34-85 of this Code. To the extent that the agreement provides a teacher with an opportunity for a hearing on removal for cause before an independent hearing officer in accordance with Section 34-85 or otherwise, the hearing officer shall be governed by the alternative performance evaluation plan, remediation procedures, and removal standards and procedures set forth in the agreement in making findings of fact and a recommendation.

(a-5) If the Governor has declared a disaster due to a public health emergency pursuant to Section 7 of the Illinois Emergency Management Agency Act that suspends in-person instruction, the timelines connected to the commencement and completion of any remediation plan are paused. Except where the parties mutually agree otherwise and such agreement is in writing, any remediation plan that had been in place for 45 or more days prior to the suspension of in-person instruction shall resume when in-person instruction resumes; any remediation plan that had been in place for fewer than 45 days prior to the suspension of in-person instruction shall discontinue and a new remediation period will begin when in-person instruction resumes.

(a-5) All public institutions shall determine if Illinois Articulation Initiative major courses are direct course equivalents or are elective credit toward the requirements of the major. Sec. 65.100. AIM HIGH Grant Pilot Program.

(a) The General Assembly makes all of the following findings:

1. Both access and affordability are important aspects of the Illinois Public Agenda for College and Career Success report.
2. This State is in the top quartile with respect to the percentage of family income needed to pay for college.
3. Research suggests that as loan amounts increase, rather than an increase in grant amounts, the probability of college attendance decreases.
4. There is further research indicating that socioeconomic status may affect the willingness of students to use loans to attend college.
5. Strategic use of tuition discounting can decrease the amount of loans that students must use to pay for tuition.
6. A modest, individually tailored tuition discount can make the difference in a student choosing to attend college and enhance college access for low-income and middle-income families.
7. Even if the federally calculated financial need for college attendance is met, the federally determined Expected Family Contribution can still be a daunting amount.
8. This State is the second largest exporter of students in the country.
9. When talented Illinois students attend universities in this State, the State and those universities benefit.
10. State universities in other states have adopted pricing and incentives that allow many Illinois residents to pay less to attend an out-of-state university than to remain in this State for college.
11. Supporting Illinois student attendance at Illinois public universities can assist in State efforts to maintain and educate a highly trained workforce.
12. Modest tuition discounts that are individually targeted and tailored can result in enhanced revenue for public universities.
13. By increasing a public university's capacity to strategically use tuition discounting, the public university will be capable of creating enhanced tuition revenue by increasing enrollment yields.
(b) In this Section:
"Eligible applicant" means a student from any high school in this State, whether or not recognized by the State Board of Education, who is engaged in a program of study that in due course will be completed by the end of the school year and who meets all of the qualifications and requirements under this Section.

"Tuition and other necessary fees" includes the customary charge for instruction and use of facilities in general and the additional fixed fees charged for specified purposes that are required generally of non-grant recipients for each academic period for which the grant applicant actually enrols, but does not include fees payable only once or breakage fees and other contingent deposits that are refundable in whole or in part. The Commission may adopt, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(c) Beginning with the 2019-2020 academic year, each public university may establish a merit-based scholarship pilot program known as the AIM HIGH Grant Pilot Program. Each year, the Commission shall receive and consider applications from public universities under this Section. Subject to appropriation and any tuition waiver limitation established by the Board of Higher Education, a public university campus may award a grant to a student under this Section if it finds that the applicant meets all of the following criteria:

(1) He or she is a resident of this State and a citizen or eligible noncitizen of the United States.

(2) He or she files a Free Application for Federal Student Aid and demonstrates financial need with a household income no greater than 6 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2). The household income of the applicant at the time of initial application shall be deemed to be the household income of the applicant for the duration of the pilot program.

(3) He or she meets the minimum cumulative grade point average or ACT or SAT college admissions test score, as determined by the public university campus.

(4) He or she is enrolled in a public university as an undergraduate student on a full-time basis.

(5) He or she has not yet received a baccalaureate degree or the equivalent of 135 semester credit hours.
(6) He or she is not incarcerated.

(7) He or she is not in default on any student loan or does not owe a refund or repayment on any State or federal grant or scholarship.

(8) Any other reasonable criteria, as determined by the public university campus.

d) Each public university campus shall determine grant renewal criteria consistent with the requirements under this Section.

e) Each participating public university campus shall post on its Internet website criteria and eligibility requirements for receiving awards that use funds under this Section that include a range in the sizes of these individual awards. The criteria and amounts must also be reported to the Commission and the Board of Higher Education, who shall post the information on their respective Internet websites.

f) After enactment of an appropriation for this Program, the Commission shall determine an allocation of funds to each public university in an amount proportionate to the number of undergraduate students who are residents of this State and citizens or eligible noncitizens of the United States and who were enrolled at each public university campus in the previous academic year. All applications must be made to the Commission on or before a date determined by the Commission and on forms that the Commission shall provide to each public university campus. The form of the application and the information required shall be determined by the Commission and shall include, without limitation, the total public university campus funds used to match funds received from the Commission in the previous academic year under this Section, if any, the total enrollment of undergraduate students who are residents of this State from the previous academic year, and any supporting documents as the Commission deems necessary. Each public university campus shall match the amount of funds received by the Commission with financial aid for eligible students.

A public university campus is not required to claim its entire allocation. The Commission shall make available to all public universities, on a date determined by the Commission, any unclaimed funds and the funds must be made available to those public university campuses in the proportion determined under this subsection (f), excluding from the calculation those public university campuses not claiming their full allocations.

New matter indicated by italics - deletions by strikeout
Each public university campus may determine the award amounts for eligible students on an individual or broad basis, but, subject to renewal eligibility, each renewed award may not be less than the amount awarded to the eligible student in his or her first year attending the public university campus. Notwithstanding this limitation, a renewal grant may be reduced due to changes in the student's cost of attendance, including, but not limited to, if a student reduces the number of credit hours in which he or she is enrolled, but remains a full-time student, or switches to a course of study with a lower tuition rate.

An eligible applicant awarded grant assistance under this Section is eligible to receive other financial aid. Total grant aid to the student from all sources may not exceed the total cost of attendance at the public university campus.

(g) All money allocated to a public university campus under this Section may be used only for financial aid purposes for students attending the public university campus during the academic year, not including summer terms. Notwithstanding any other provision of law to the contrary, any funds received by a public university campus under this Section that are not granted to students in the academic year for which the funds are received may be retained by the public university campus for expenditure on students participating in the Program or students eligible to participate in the Program.

(h) Each public university campus that establishes a Program under this Section must annually report to the Commission, on or before a date determined by the Commission, the number of undergraduate students enrolled at that campus who are residents of this State.

(i) Each public university campus must report to the Commission the total non-loan financial aid amount given by the public university campus to undergraduate students in fiscal year 2018. To be eligible to receive funds under the Program, a public university campus may not decrease the total amount of non-loan financial aid for undergraduate students to an amount lower than the total non-loan financial aid amount given by the public university campus to undergraduate students in fiscal year 2018, not including any funds received from the Commission under this Section or any funds used to match grant awards under this Section.

(j) On or before a date determined by the Commission, each public university campus that participates in the Program under this Section shall annually submit a report to the Commission with all of the following information:
(1) The Program's impact on tuition revenue and enrollment goals and increase in access and affordability at the public university campus.

(2) Total funds received by the public university campus under the Program.

(3) Total non-loan financial aid awarded to undergraduate students attending the public university campus.

(4) Total amount of funds matched by the public university campus.

(5) Total amount of claimed and unexpended funds retained by the public university campus.

(6) The percentage of total financial aid distributed under the Program by the public university campus.

(7) The total number of students receiving grants from the public university campus under the Program and those students' grade level, race, gender, income level, family size, Monetary Award Program eligibility, Pell Grant eligibility, and zip code of residence and the amount of each grant award. This information shall include unit record data on those students regarding variables associated with the parameters of the public university's Program, including, but not limited to, a student's ACT or SAT college admissions test score, high school or university cumulative grade point average, or program of study.

On or before October 1, 2020 and annually on or before October 1 thereafter, the Commission shall submit a report with the findings under this subsection (j) and any other information regarding the AIM HIGH Grant Pilot Program to (i) the Governor, (ii) the Speaker of the House of Representatives, (iii) the Minority Leader of the House of Representatives, (iv) the President of the Senate, and (v) the Minority Leader of the Senate. The reports to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct. The Commission's report may not disaggregate data to a level that may disclose personally identifying information of individual students.

The sharing and reporting of student data under this subsection (j) must be in accordance with the requirements under the federal Family Educational Rights and Privacy Act of 1974 and the Illinois School Student Records Act. All parties must preserve the confidentiality of the information as required by law. The names of the grant recipients under

this Section are not subject to disclosure under the Freedom of Information Act.

Public university campuses that fail to submit a report under this subsection (j) or that fail to adhere to any other requirements under this Section may not be eligible for distribution of funds under the Program for the next academic year, but may be eligible for distribution of funds for each academic year thereafter.

(k) The Commission shall adopt rules to implement this Section.

(l) This Section is repealed on October 1, 2024.

Effective June 18, 2020.
AN ACT concerning government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Toll Bridge Act is amended by changing Section 7 as follows:

(605 ILCS 115/7) (from Ch. 137, par. 7)
Sec. 7. Toll rates; electronic toll collection.
(a) The county board shall fix the rates of toll, and may from time to time, alter and change the same, including by establishing a toll rate schedule, setting a maximum toll rate that may be adjusted from time to time, or by establishing another toll rate structure, and in case of the neglect of the owner of the bridge to keep the same in proper repair and safe for the crossing of persons and property, may prohibit the taking of toll.

(b) Notwithstanding any law to the contrary, the county board may enter into an agreement establishing a toll rate schedule for a period not to exceed 99 years. This amendatory Act of the 101st General Assembly is declarative of existing law and shall be given retroactive effect.

(c) Except as regarding toll bridges or as otherwise provided by law, nothing in Public Act 101-398 shall be construed to authorize a county, municipality, local government, or private operator to impose a toll upon any public road, street, or highway; nor shall any provision of Public Act 101-398 be construed to authorize, pursuant to an intergovernmental agreement or otherwise, the imposition of any toll upon any public road, street, or highway.

(d) The General Assembly finds that electronic toll collection systems in Illinois should be standardized to promote safety, efficiency, and traveler convenience. If electronic toll collection is used on such bridge, the county shall cause the configuration of the electronic toll collection system to be compatible with the electronic toll collection system used by the Illinois State Toll Highway Authority. The municipality or private operator may enter into an agreement with the Illinois State Toll Highway Authority to provide for such compatibility or to have the Authority provide electronic toll collection or toll violation enforcement services. Any toll bridges in Winnebago County that are in

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 101-0645
(Senate Bill No. 1857)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Notary Public Act is amended by changing Section 1-105 as follows:

(5 ILCS 312/1-105)
(Section scheduled to be repealed on July 1, 2020)

(a) The General Assembly finds and declares that:

(1) As more and more citizens throughout the State of Illinois rely on electronic devices they also increasingly depend on electronic documentation. Any assertion that e-mails or word processing documents are necessarily "informal and not legally binding" has been dispelled by national legislation such as the federal "E-Sign" law in 2000 and the Uniform Electronic Transactions Act, which has been virtually universally adopted throughout the United States. Increasingly, laws have bestowed upon electronic documents the same legal effect as paper instruments.

(2) Moreover, institutions, businesses, and commerce have gradually put more of their faith in electronic commerce and information technology in order to facilitate formal and informal interactions that are oftentimes mission-critical and sensitive. The report must make a recommendation on whether and to what extent this Act should be expanded and updated.

(e) The Task Force shall meet no less than 5 times between the effective date of this amendatory Act of the 100th General Assembly and December 31, 2019. The Task Force shall prepare a report that summarizes its work and makes recommendations resulting from its review. authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(1.5) When a petitioner seeks to have a record of arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court that finds the petitioner factually innocent of the charge shall enter an expungement order for the conviction for which the petitioner has been determined to be innocent as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis

(8) If the petitioner has been granted a certificate of innocence under Section 2-702 of the Code of Civil Procedure, the court that grants the certificate of innocence shall also enter an order expunging the conviction for which the petitioner has been determined to be innocent as provided in subsection (h) of Section 2-702 of the Code of Civil Procedure.

During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(C) Notwithstanding any other provision of law, the court shall not deny a petition for sealing under this Section because the petitioner has not satisfied an outstanding legal financial obligation established, imposed, or originated by a court, law enforcement agency, or a municipal, State, county, or other unit of local government, including, but not limited to, any cost, assessment, fine, or fee. An outstanding legal financial obligation does not include any court ordered restitution to a victim under Section 5-5-6 of the Unified Code of Corrections, unless the restitution has been converted to a civil judgment. Nothing in this subparagraph (C) waives, rescinds, or abrogates a legal financial obligation or otherwise eliminates or affects the right of the holder of any financial obligation to pursue collection under applicable federal, State, or local law.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be

granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;
(B) the reasons for retention of the conviction records by the State;
(C) the petitioner's age, criminal record history, and employment history;
(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and
(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(9) Implementation of order.

   (i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency, the Department, and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;
   (ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect

(B) Upon entry of an order to expunge records pursuant to (b)(2)(B)(i) or (b)(2)(C), or both:

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for these records from anyone not authorized by law to access the records, the court, the Department, or the agency receiving the inquiry shall reply as it does in response to inquiries when no records ever existed.
(C) Upon entry of an order to seal records under subsection (c), the arresting agency, any other agency as ordered by the court, the Department, and the court shall seal the records (as defined in subsection (a)(1)(K)). In response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Department shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Department to expunge or seal records. In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(E) Upon motion, the court may order that a sealed judgment or other court record necessary to demonstrate the amount of any legal financial obligation due and owing be made available for the limited purpose of collecting any legal financial obligations owed by the petitioner that were established, imposed, or originated in the criminal proceeding for which those records have been sealed. The records made available under this subparagraph (E) shall not be entered into the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act and shall be immediately re-impounded upon the collection of the outstanding financial obligations.

(F) Notwithstanding any other provision of this Section, a circuit court clerk may access a sealed record for the limited purpose of collecting payment for any legal financial obligations that were established, imposed, or

originated in the criminal proceedings for which those records have been sealed.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund. If the record brought under an expungement petition was previously sealed under this Section, the fee for the expungement petition for that same record shall be waived.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

(15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

(C) Records shall be expunged by the law enforcement agency under the following timelines:

When considering such a motion to vacate and expunge, a court shall consider the following: the reasons to retain the records provided by law enforcement, the petitioner's age, the petitioner's age at the time of offense, the time since the conviction, and the specific adverse consequences if denied. An individual may file such a petition after the completion of any non-financial sentence or non-financial condition imposed by the conviction. For building construction contracts in excess of $250,000, separate specifications may be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

3. ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;

The specifications may be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof may award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract.

Any project with a total construction cost valued greater than $5,000,000 may be bid using single prime at the discretion of the Executive Director of the Capital Development Board.

(b) The provisions of this subsection are operative on and after January 1, 2022. For building construction contracts in excess of $250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

Section 45. The State Property Control Act is amended by changing Section 7.4 as follows:

(30 ILCS 605/7.4)
Sec. 7.4. James R. Thompson Center.

New matter indicated by italics - deletions by strikeout
(a) Notwithstanding any other provision of this Act or any other law to the contrary, the administrator is authorized under this Section to dispose of the James R. Thompson Center located in Chicago, Illinois. The administrator may sell the property as provided in subsection (b), and, either as a condition of the sale or thereafter enter into a leaseback or other agreement that directly or indirectly gives the State a right to use, control, and possess the property.

(b) The administrator shall dispose of the property using a competitive sealed proposal process that includes, at a minimum, the following:

(1) Engagement Prior to Request for Proposal. The administrator may, prior to soliciting requests for proposals, enter into discussions with interested purchasers in order to assess existing market conditions, demands and likely development scenarios provided that no such interested purchasers shall have any role in drafting any request for proposals nor shall any request for proposal be provided to any interested purchaser prior to its general public distribution. The administrator may issue a request for qualifications that requests interested purchasers to provide such information as the administrator reasonably deems necessary in order to evaluate the qualifications of such interested purchasers including the ability of interested purchasers to acquire and develop the property, all as reasonably determined by the administrator.

(2) Request for proposals. Proposals to acquire and develop the property shall be solicited through a request for proposals. Such request for proposals shall include such requirements and factors as the administrator shall determine are necessary or advisable with respect to the disposition of the James R. Thompson Center, including soliciting proposals designating a portion of the property after the development or redevelopment thereof in honor of Governor James R. Thompson.

(3) Public notice. Public notice of any request for qualification or request for proposals shall be published in the Illinois Procurement Bulletin at least 14 calendar days before the date by which such requests are due. The administrator may advertise the request in any other manner or publication which it reasonably determines may increase the scope and nature of responses to the request. In the event the administrator shall have

already identified qualified purchasers pursuant to a request for qualification process as set forth above, notice of the request for proposals may be delivered only to such qualified purchasers.

(4) Opening of proposals. Proposals shall be opened publicly on the date, time and location designated in the Illinois Procurement Bulletin, but proposals shall be opened in a manner to avoid disclosure of contents to competing purchasers during the process of negotiation. A record of proposals shall be prepared and shall be open for public inspection after contract award, but prior to contract execution.

(5) Evaluation factors. Proposals shall be submitted in 2 parts: (i) items except price, and (ii) covering price. The first part of all proposals shall be evaluated and ranked independently of the second part of all proposals.

(6) Discussion with interested purchasers and revisions of offers or proposals. After the opening of the proposals, and under such guidelines as the administrator may elect to establish in the request for proposals, the administrator and his or her designees may engage in discussions with interested purchasers who submitted offers or proposals that the administrator determines are reasonably susceptible of being selected for award for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those purchasers shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting discussions there shall be no disclosure of any information derived from proposals submitted by competing purchasers. If information is disclosed to any purchaser, it shall be provided to all competing purchasers.

(7) Award. Awards shall be made to the interested purchaser whose proposal is determined in writing to be the most advantageous to the State, taking into consideration price and the evaluation factors set forth in the request for proposals. The contract file shall contain the basis on which the award is made.

(b-5) Any contract to dispose of the property is subject to the following conditions:

New matter indicated by italics - deletions by strikeout
(1) A commitment from the purchaser to make any applicable payments to the City of Chicago with respect to additional zoning density;

(2) A commitment from the purchaser to enter into an agreement with the City of Chicago and the Chicago Transit Authority regarding the existing operation of the Chicago Transit Authority facility currently located on the property, substantially similar to the existing agreement between the City of Chicago, the Chicago Transit Authority, and the State of Illinois, and such agreement must be executed prior to assuming title to the property; and

(3) A commitment from the purchaser to designate a portion of the property after the development or redevelopment thereof in honor of Governor James R. Thompson.

(b-10) The administrator shall have authority to order such surveys, abstracts of title, or commitments for title insurance, environmental reports, property condition reports, or any other materials as the administrator may, in his or her reasonable discretion, be deemed necessary to demonstrate to prospective purchasers or bidders good and marketable title in and the existing conditions or characteristics of the property offered for sale under this Section. All conveyances of property made by the administrator under this Section shall be by quit claim deed.

(c) All moneys received from the sale of real property under this Section shall be deposited into the General Revenue Fund, provided that any obligations of the State to the purchaser acquiring the property, a contractor involved in the sale of the property, or a unit of local government may be remitted from the proceeds during the closing process and need not be deposited in the State treasury prior to closing.

(d) The administrator is authorized to enter into any agreements and execute any documents necessary to exercise the authority granted by this Section.

(e) Any agreement to dispose of the James R. Thompson Center located in Chicago, Illinois pursuant to the authority granted by this Section must be entered into no later than April 5, 2022, 2 years after the effective date of this amendatory Act of the 100th General Assembly.

(f) The provisions of this Section are subject to the Freedom of Information Act, and nothing shall be construed to waive the ability of a public body to assert any applicable exemptions.

Section 60. The Environmental Protection Act is amended by changing Section 28.5 as follows:

(415 ILCS 5/28.5)
Sec. 28.5. Clean Air Act rules; fast-track.
(a) This Section applies through December 31, 2019 and applies solely to the adoption of rules proposed by the Agency and required to be adopted by the State under the Clean Air Act as amended by the Clean Air Act Amendments of 1990 (CAAA).

(b) For purposes of this Section, a "fast-track" rulemaking proceeding is a proceeding to promulgate a rule that the CAAA requires to be adopted. For the purposes of this Section, "requires to be adopted" refers only to those regulations or parts of regulations for which the United States Environmental Protection Agency is empowered to impose
sanctions against the State for failure to adopt such rules. All fast-track rules must be adopted under procedures set forth in this Section, unless another provision of this Act specifies the method for adopting a specific rule.

(c) When the CAAA requires rules other than identical in substance rules to be adopted, upon request by the Agency, the Board must adopt rules under fast-track rulemaking requirements.

(d) The Agency must submit its fast-track rulemaking proposal in the following form:

(1) The Agency must file the rule in a form that meets the requirements of the Illinois Administrative Procedure Act and regulations promulgated thereunder.

(2) The cover sheet of the proposal shall prominently state that the rule is being proposed under this Section.

(3) The proposal shall clearly identify the provisions and portions of the federal statute, regulations, guidance, policy statement, or other documents upon which the rule is based.

(4) The supporting documentation for the rule shall summarize the basis of the rule.

(5) The Agency must describe in general the alternative selected and the basis for the alternative.

(6) The Agency must file a summary of economic and technical data upon which it relied in drafting the rule.

(7) The Agency must provide a list of any documents upon which it directly relied in drafting the rule or upon which it intends to rely at the hearings and must provide such documents to the Board. Additionally, the Agency must make such documents available at an appropriate location for inspection and copying at the expense of the interested party.

(8) The Agency must include in its submission a description of the geographical area to which the rule is intended to apply, a description of the process or processes affected, an identification by classes of the entities expected to be affected, and a list of sources expected to be affected by the rule to the extent known to the Agency.

(e) Within 14 days of receipt of the proposal, the Board must file the rule for first notice under the Illinois Administrative Procedure Act and must schedule all required hearings on the proposal and cause public
notice to be given in accordance with the Illinois Administrative Procedure Act and the CAAA.

(f) The Board must set 3 hearings on the proposal, each of which shall be scheduled to continue from day to day, excluding weekends and State and federal holidays, until completed. The Board must require the written submission of all testimony at least 10 days before a hearing, with simultaneous service to all participants of record in the proceeding as of 15 days prior to hearing, unless a waiver is granted by the Board for good cause. In order to further expedite the hearings, presubmitted testimony shall be accepted into the record without the reading of the testimony at hearing, provided that the witness swears to the testimony and is available for questioning, and the Board must make every effort to conduct the proceedings expeditiously and avoid duplication and extraneous material.

(1) The first hearing shall be held within 55 days of receipt of the rule and shall be confined to testimony by and questions of the Agency's witnesses concerning the scope, applicability, and basis of the rule. Within 7 days after the first hearing, any person may request that the second hearing be held.

(A) If, after the first hearing, the Agency and affected entities are in agreement on the rule, the United States Environmental Protection Agency has not informed the Board of any unresolved objection to the rule, and no other interested party contests the rule or asks for the opportunity to present additional evidence, the Board may cancel the additional hearings. When the Board adopts the final order under these circumstances, it shall be based on the Agency's proposal as agreed to by the parties.

(B) If, after the first hearing, the Agency and affected entities are in agreement upon a portion of the rule, the United States Environmental Protection Agency has not informed the Board of any unresolved objections to that agreed portion of the rule, and no other interested party contests that agreed portion of the rule or asks for the opportunity to present additional evidence, the Board must proceed to the second hearing, as provided in paragraph (2) of subsection (g) of this Section, but the hearing shall be limited in scope to the unresolved portion of the proposal. When the Board adopts the final order under these circumstances, it shall be based on the Agency's proposal as agreed to by the parties.
circumstances, it shall be based on such portion of the Agency's proposal as agreed to by the parties.

(2) The second hearing shall be scheduled to commence within 30 days of the first day of the first hearing and shall be devoted to presentation of testimony, documents, and comments by affected entities and all other interested parties.

(3) The third hearing shall be scheduled to commence within 14 days after the first day of the second hearing and shall be devoted solely to any Agency response to the material submitted at the second hearing and to any response by other parties. The third hearing shall be cancelled if the Agency indicates to the Board that it does not intend to introduce any additional material.

(g) In any fast-track rulemaking proceeding, the Board must accept evidence and comments on the economic impact of any provision of the rule and must consider the economic impact of the rule based on the record. The Board may order an economic impact study in a manner that will not prevent adoption of the rule within the time required by subsection (n) of this Section.

(h) In all fast-track rulemakings under this Section, the Board must take into account factors set forth in subsection (a) of Section 27 of this Act.

(i) The Board must adopt rules in the fast-track rulemaking docket under the requirements of this Section that the CAAA requires to be adopted, and may consider a non-required rule in a second docket that shall proceed under Title VII of this Act.

(j) The Board is directed to take whatever measures are available to it to complete fast-track rulemaking as expeditiously as possible consistent with the need for careful consideration. These measures shall include, but not be limited to, having hearings transcribed on an expedited basis.

(k) Following the hearings, the Board must close the record 14 days after the availability of the transcript.

(l) The Board must not revise or otherwise change an Agency fast-track rulemaking proposal without agreement of the Agency until after the end of the hearing and comment period. Any revisions to an Agency proposal shall be based on the record of the proceeding.

(m) All rules adopted by the Board under this Section shall be based solely on the record before it.

(n) The Board must complete a fast-track rulemaking by adopting a second notice order no later than 130 days after receipt of the proposal if
no third hearing is held and no later than 150 days if the third hearing is held. If the order includes a rule, the Illinois Board must file the rule for second notice under the Illinois Administrative Procedure Act within 5 days after adoption of the order.

(o) Upon receipt of a statement of no objection to the rule from the Joint Committee on Administrative Rules, the Board must adopt the final order and submit the rule to the Secretary of State for publication and certification within 21 days.

The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by Public Act 87-1272 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

(e) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(f) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than

(g) In consolidating the material relating to completion dates from Sections 11-74.4-3 and 11-74.4-7 into this Section, it is not the intent of the General Assembly to make any substantive change in the law, except for the extension of the completion dates for the City of Aurora, the Village of Milan, the City of West Frankfort, the Village of Libertyville, and the Village of Hoffman Estates set forth under items (67), (68), (69), (70), and (71) of subsection (c) of this Section.

Section 5. The Illinois Gambling Act is amended by changing Sections 7, 7.7, and 13 as follows:
(230 ILCS 10/7) (from Ch. 120, par. 2407)
Sec. 7. Owners licenses.
(a) The Board shall issue owners licenses to persons or entities that apply for such licenses upon payment to the Board of the non-refundable license fee as provided in subsection (e) or (e-5) and upon a determination by the Board that the applicant is eligible for an owners license pursuant to this Act and the rules of the Board. From the effective date of this amendatory Act of the 95th General Assembly until (i) 3 years after the effective date of this amendatory Act of the 95th General Assembly, (ii) the date any organization licensee begins to operate a slot machine or video game of chance under the Illinois Horse Racing Act of 1975 or this Act, (iii) the date that payments begin under subsection (c-5) of Section 13 of this Act, (iv) the wagering tax imposed under Section 13 of this Act is increased by law to reflect a tax rate that is at least as stringent or more stringent than the tax rate contained in subsection (a-3) of Section 13, or (v) when an owners licensee holding a license issued pursuant to Section 7.1 of this Act begins conducting gaming, whichever occurs first, as a condition of licensure and as an alternative source of payment for those funds payable under subsection (c-5) of Section 13 of this Act, any owners licensee that holds or receives its owners license on or after the effective date of this amendatory Act of the 94th General Assembly, other than an owners licensee operating a riverboat with adjusted gross receipts in calendar year 2004 of less than $200,000,000, must pay into the Horse Racing Equity Trust Fund, in addition to any other payments required under this Act, an amount equal to 3% of the adjusted gross receipts received by the owners licensee. The payments required under this Section shall be made by the owners licensee to the State Treasurer no later than 3:00 o'clock p.m. of the day after the day when the adjusted gross receipts were received by the owners licensee. A person or entity is ineligible to receive an owners license if:

(1) the person has been convicted of a felony under the laws of this State, any other state, or the United States;
(2) the person has been convicted of any violation of Article 28 of the Criminal Code of 1961 or the Criminal Code of 2012, or substantially similar laws of any other jurisdiction;
(3) the person has submitted an application for a license under this Act which contains false information;

(4) the person is a member of the Board;
(5) a person defined in (1), (2), (3), or (4) is an officer, director, or managerial employee of the entity;
(6) the entity employs a person defined in (1), (2), (3), or (4) who participates in the management or operation of gambling operations authorized under this Act;
(7) (blank); or
(8) a license of the person or entity issued under this Act, or a license to own or operate gambling facilities in any other jurisdiction, has been revoked.

The Board is expressly prohibited from making changes to the requirement that licensees make payment into the Horse Racing Equity Trust Fund without the express authority of the Illinois General Assembly and making any other rule to implement or interpret this amendatory Act of the 95th General Assembly. For the purposes of this paragraph, "rules" is given the meaning given to that term in Section 1-70 of the Illinois Administrative Procedure Act.

(b) In determining whether to grant an owners license to an applicant, the Board shall consider:

(1) the character, reputation, experience, and financial integrity of the applicants and of any other or separate person that either:
   (A) controls, directly or indirectly, such applicant, or
   (B) is controlled, directly or indirectly, by such applicant or by a person which controls, directly or indirectly, such applicant;
(2) the facilities or proposed facilities for the conduct of gambling;
(3) the highest prospective total revenue to be derived by the State from the conduct of gambling;
(4) the extent to which the ownership of the applicant reflects the diversity of the State by including minority persons, women, and persons with a disability and the good faith affirmative action plan of each applicant to recruit, train and upgrade minority persons, women, and persons with a disability in all employment classifications; the Board shall further consider granting an owners license and giving preference to an applicant under this Section to applicants in which minority persons and

women hold ownership interest of at least 16% and 4%, respectively.

(4.5) the extent to which the ownership of the applicant includes veterans of service in the armed forces of the United States, and the good faith affirmative action plan of each applicant to recruit, train, and upgrade veterans of service in the armed forces of the United States in all employment classifications;

(5) the financial ability of the applicant to purchase and maintain adequate liability and casualty insurance;

(6) whether the applicant has adequate capitalization to provide and maintain, for the duration of a license, a riverboat or casino;

(7) the extent to which the applicant exceeds or meets other standards for the issuance of an owners license which the Board may adopt by rule;

(8) the amount of the applicant's license bid;

(9) the extent to which the applicant or the proposed host municipality plans to enter into revenue sharing agreements with communities other than the host municipality; and

(10) the extent to which the ownership of an applicant includes the most qualified number of minority persons, women, and persons with a disability.

(c) Each owners license shall specify the place where the casino shall operate or the riverboat shall operate and dock.

(d) Each applicant shall submit with his or her application, on forms provided by the Board, 2 sets of his or her fingerprints.

(e) In addition to any licenses authorized under subsection (e-5) of this Section, the Board may issue up to 10 licenses authorizing the holders of such licenses to own riverboats. In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2); on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act;
one of which shall authorize riverboat gambling from a home dock in the

city of East St. Louis; and one of which shall authorize riverboat gambling

from a home dock in the City of Alton. One other license shall authorize

riverboat gambling on the Illinois River in the City of East Peoria or, with

Board approval, shall authorize land-based gambling operations anywhere

within the corporate limits of the City of Peoria. The Board shall issue one

additional license to become effective not earlier than March 1, 1992,

which shall authorize riverboat gambling on the Des Plaines River in Will

County. The Board may issue 4 additional licenses to become effective not

earlier than March 1, 1992. In determining the water upon which

riverboats will operate, the Board shall consider the economic benefit

which riverboat gambling confers on the State, and shall seek to assure

that all regions of the State share in the economic benefits of riverboat

gambling.

In granting all licenses, the Board may give favorable consideration

to economically depressed areas of the State, to applicants presenting plans

which provide for significant economic development over a large

geographic area, and to applicants who currently operate non-gambling

riverboats in Illinois. The Board shall review all applications for owners

licenses, and shall inform each applicant of the Board's decision. The

Board may grant an owners license to an applicant that has not submitted

the highest license bid, but if it does not select the highest bidder, the

Board shall issue a written decision explaining why another applicant was

selected and identifying the factors set forth in this Section that favored the

winning bidder. The fee for issuance or renewal of a license pursuant to

this subsection (e) shall be $250,000.

(e-5) In addition to licenses authorized under subsection (e) of this

Section:

(6) the Board may issue one owners license authorizing the conduct of riverboat gambling in the unincorporated area of Williamson County adjacent to the Big Muddy River.

Except for the license authorized under paragraph (1), each application for a license pursuant to this subsection (e-5) shall be submitted to the Board no later than 120 days after June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly. All applications for a license under this subsection (e-5) shall include the nonrefundable application fee and the nonrefundable background investigation fee as provided in subsection (d) of Section 6 of this Act. In the event that an applicant submits an application for a license pursuant to this subsection (e-5) prior to June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly, such applicant shall submit the nonrefundable application fee and background investigation fee as provided in subsection (d) of Section 6 of this Act no later than 6 months after June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly.

The Board shall consider issuing a license pursuant to paragraphs (1) through (6) of this subsection only after the corporate authority of the municipality or the county board of the county in which the riverboat or casino shall be located has certified to the Board the following:

(i) that the applicant has negotiated with the corporate authority or county board in good faith;

(ii) that the applicant and the corporate authority or county board have mutually agreed on the permanent location of the riverboat or casino;

(iii) that the applicant and the corporate authority or county board have mutually agreed on the temporary location of the riverboat or casino;

(iv) that the applicant and the corporate authority or the county board have mutually agreed on the percentage of revenues that will be shared with the municipality or county, if any;

(v) that the applicant and the corporate authority or county board have mutually agreed on any zoning, licensing, public health, or other issues that are within the jurisdiction of the municipality or county; and

New matter indicated by italics - deletions by strikeout
(vi) that the corporate authority or county board has passed a resolution or ordinance in support of the riverboat or casino in the municipality or county;

(vii) the applicant for a license under paragraph (1) has made a public presentation concerning its casino proposal; and

(viii) the applicant for a license under paragraph (1) has prepared a summary of its casino proposal and such summary has been posted on a public website of the municipality or the county.

At least 7 days before the corporate authority of a municipality or county board of the county submits a certification to the Board concerning items (i) through (viii) of this subsection, it shall hold a public hearing to discuss items (i) through (viii), as well as any other details concerning the proposed riverboat or casino in the municipality or county. The corporate authority or county board must subsequently memorialize the details concerning the proposed riverboat or casino in a resolution that must be adopted by a majority of the corporate authority or county board before any certification is sent to the Board. The Board shall not alter, amend, change, or otherwise interfere with any agreement between the applicant and the corporate authority of the municipality or county board of the county regarding the location of any temporary or permanent facility.

In addition, within 10 days after June 28, 2019 (the effective date of this amendatory Act of the 101st General Assembly), the Board, with consent and at the expense of the City of Chicago, shall select and retain the services of a nationally recognized casino gaming feasibility consultant. Within 45 days after June 28, 2019 (the effective date of this amendatory Act of the 101st General Assembly), the consultant shall prepare and deliver to the Board a study concerning the feasibility of, and the ability to finance, a casino in the City of Chicago. The feasibility study shall be delivered to the Mayor of the City of Chicago, the Governor, the President of the Senate, and the Speaker of the House of Representatives. Ninety days after receipt of the feasibility study, the Board shall make a determination, based on the results of the feasibility study, whether to recommend to the General Assembly that the terms of the license under paragraph (1) of this subsection (e-5) should be modified. The Board may begin accepting applications for the owners license under paragraph (1) of this subsection (e-5) upon the determination to issue such an owners license.

New matter indicated by italics - deletions by strikeout
In addition, prior to the Board issuing the owners license authorized under paragraph (4) of subsection (e-5), an impact study shall be completed to determine what location in the city will provide the greater impact to the region, including the creation of jobs and the generation of tax revenue.

(e-10) The licenses authorized under subsection (e-5) of this Section shall be issued within 12 months after the date the license application is submitted. If the Board does not issue the licenses within that time period, then the Board shall give a written explanation to the applicant as to why it has not reached a determination and when it reasonably expects to make a determination. The fee for the issuance or renewal of a license issued pursuant to this subsection (e-10) shall be $250,000. Additionally, a licensee located outside of Cook County shall pay a minimum initial fee of $17,500 per gaming position, and a licensee located in Cook County shall pay a minimum initial fee of $30,000 per gaming position. The initial fees payable under this subsection (e-10) shall be deposited into the Rebuild Illinois Projects Fund. If at any point after June 1, 2020 there are no pending applications for a license under subsection (e-5) and not all licenses authorized under subsection (e-5) have been issued, then the Board shall reopen the license application process for those licenses authorized under subsection (e-5) that have not been issued. The Board shall follow the licensing process provided in subsection (e-5) with all time frames tied to the last date of a final order issued by the Board under subsection (e-5) rather than the effective date of the amendatory Act.

(e-15) Each licensee of a license authorized under subsection (e-5) of this Section shall make a reconciliation payment 3 years after the date the licensee begins operating in an amount equal to 75% of the adjusted gross receipts for the most lucrative 12-month period of operations, minus an amount equal to the initial payment per gaming position paid by the specific licensee. Each licensee shall pay a $15,000,000 reconciliation fee upon issuance of an owners license. If this calculation results in a negative amount, then the licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 6 years, subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board.

All payments by licensees under this subsection (e-15) shall be deposited into the Rebuild Illinois Projects Fund.
(e-20) In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3-year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license, except for an owners license issued under subsection (e-5) of this Section, shall entitle the licensee to own up to 2 riverboats.

An owners licensee of a casino or riverboat that is located in the City of Chicago pursuant to paragraph (1) of subsection (e-5) of this Section shall limit the number of gaming positions to 4,000 for such owner. An owners licensee authorized under subsection (e) or paragraph (2), (3), (4), or (5) of subsection (e-5) of this Section shall limit the number of gaming positions to 2,000 for any such owners license. An owners licensee authorized under paragraph (6) of subsection (e-5) of this Section shall limit the number of gaming positions to 1,200 for such owner. The initial fee for each gaming position obtained on or after June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly shall be a minimum of $17,500 for licensees not located in Cook County and a minimum of $30,000 for licensees located in Cook County, in addition to the reconciliation payment, as set forth in subsection (e-15) of this Section. The fees under this subsection (h) shall be deposited into the Rebuild Illinois Projects Fund. The fees under this subsection (h) that are paid by an owners licensee authorized under subsection (e) shall be paid by July 1, 2021.

Each owners licensee under subsection (e) of this Section shall reserve its gaming positions within 30 days after June 28, 2019 (the
Each owners licensee under subsection (e-5) of this Section shall reserve its gaming positions within 30 days after issuance of its owners license. The Board may grant an extension to this 30-day period, provided that the owners licensee submits a written request and explanation as to why it is unable to reserve its positions within the 30-day period.

A licensee may operate both of its riverboats concurrently, provided that the total number of gaming positions on both riverboats does not exceed the limit established pursuant to this subsection. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(h-5) An owners licensee who conducted gambling operations prior to January 1, 2012 and obtains positions pursuant to Public Act 101-31 this amendatory Act of the 101st General Assembly shall make a reconciliation payment 3 years after any additional gaming positions begin operating in an amount equal to 75% of the owners licensee's average gross receipts for the most lucrative 12-month period of operations minus an amount equal to the initial fee that the owners licensee paid per additional gaming position. For purposes of this subsection (h-5), "average gross receipts" means (i) the increase in adjusted gross receipts for the most lucrative 12-month period of operations over the adjusted gross receipts for 2019, multiplied by (ii) the percentage derived by dividing the number of additional gaming positions that an owners licensee had obtained by the total number of gaming positions operated by the owners licensee. If this calculation results in a negative amount, then the owners licensee is not entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 6 years, subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board. These reconciliation payments shall be deposited into the Rebuild Illinois Projects Fund.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the
operation of a riverboat or casino, including a liquor license, a license to
prepare and serve food for human consumption, and other necessary
licenses. All use, occupation, and excise taxes which apply to the sale of
food and beverages in this State and all taxes imposed on the sale or use of
tangible personal property apply to such sales aboard the riverboat or in
the casino.

(j) The Board may issue or re-issue a license authorizing a
riverboat to dock in a municipality or approve a relocation under Section
11.2 only if, prior to the issuance or re-issuance of the license or approval,
the governing body of the municipality in which the riverboat will dock
has by a majority vote approved the docking of riverboats in the
municipality. The Board may issue or re-issue a license authorizing a
riverboat to dock in areas of a county outside any municipality or approve
a relocation under Section 11.2 only if, prior to the issuance or re-issuance
of the license or approval, the governing body of the county has by a
majority vote approved of the docking of riverboats within such areas.

(k) An owners licensee may conduct land-based gambling
operations upon approval by the Board and payment of a fee of $250,000,
which shall be deposited into the State Gaming Fund.

(l) An owners licensee may conduct gaming at a temporary facility
pending the construction of a permanent facility or the remodeling or
relocation of an existing facility to accommodate gaming participants for
up to 24 months after the temporary facility begins to conduct gaming.
Upon request by an owners licensee and upon a showing of good cause by
the owners licensee, the Board shall extend the period during which the
licensee may conduct gaming at a temporary facility by up to 12 months.
The Board shall make rules concerning the conduct of gaming from
temporary facilities.

All payments by licensees under this subsection (c) shall be deposited into the Rebuild Illinois Projects Fund.

(d) A person or entity is ineligible to receive an organization gaming license if:

(f) Each applicant for an organization gaming license shall specify in its application for licensure the number of gaming positions it will operate, up to the applicable limitation set forth in subsection (e) of this Section. gaming positions to requesting organization gaming licensees in a manner

positions obtained pursuant to this process and all positions the
organization gaming licensee specified it would operate in its application
must be in operation within 18 months after they were obtained or the
organization gaming licensee forfeits the right to operate those positions,
but is not entitled to a refund of any fees paid. The Board may, after

gaming licensee is working in good faith to make the positions
operational. The extension may be for a period of 6 months. If, after the
period of the extension, the organization gaming licensee has not made the
positions operational, then another public hearing must be held by the
Board before it may grant another extension.

Unreserved gaming positions retained from and allocated to
organization gaming licensees by the Board pursuant to this subsection (f)

Gaming authorized under this Section may take place in existing structures where inter-track wagering is conducted at the racetrack or a facility within 300 yards of the racetrack in accordance with the provisions of this Act and the Illinois Horse Racing Act of 1975.

(i) An organization gaming licensee may conduct gaming at a temporary facility pending the construction of a permanent facility or the remodeling or relocation of an existing facility to accommodate gaming participants for up to 24 months after the temporary facility begins to conduct gaming authorized under this Section. Upon request by an organization gaming licensee and upon a showing of good cause by the organization gaming licensee, the Board shall extend the period during which the licensee may conduct gaming authorized under this Section at a temporary facility by up to 12 months. The Board shall make rules concerning the conduct of gaming authorized under this Section from temporary facilities.

The gaming authorized under this Section may take place in existing structures where inter-track wagering is conducted at the racetrack or a facility within 300 yards of the racetrack in accordance with the provisions of this Act and the Illinois Horse Racing Act of 1975.

(i-5) Under no circumstances shall an organization gaming licensee conduct gaming at any State or county fair.

(j) The Illinois Gaming Board must adopt emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act as necessary to ensure compliance with the provisions of this amendatory Act of the 101st General Assembly concerning the conduct of gaming by an organization gaming licensee. (k) Each organization gaming licensee who obtains gaming positions must make a reconciliation payment 3 years after the date the organization gaming licensee begins operating the positions in an amount equal to 75% of the difference between its adjusted gross receipts from gaming authorized under this Section and amounts paid to its purse accounts pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 for the 12-month period for which such difference was the largest, minus an amount equal to the initial per position fee paid by the organization gaming licensee. If this calculation results in a negative amount, then the organization gaming licensee is not
entitled to any reimbursement of fees previously paid. This reconciliation payment may be made in installments over a period of no more than 6 2 years, subject to Board approval. Any installment payments shall include an annual market interest rate as determined by the Board.

All payments by licensees under this subsection (k) shall be deposited into the Rebuild Illinois Projects Fund.

(l) As soon as practical after a request is made by the Illinois Gaming Board, to minimize duplicate submissions by the applicant, the Illinois Racing Board must provide information on an applicant for an organization gaming license to the Illinois Gaming Board.

For the imposition of the privilege tax in this subsection (a-5), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.
Notwithstanding the provisions of this subsection (a-5), for the first 10 years that the privilege tax is imposed under this subsection (a-5), the privilege tax shall be imposed on the modified annual adjusted gross receipts of a riverboat or casino conducting gambling operations in the City of East St. Louis, unless:
(1) the riverboat or casino fails to employ at least 450 people;
(2) the riverboat or casino fails to maintain operations in a manner consistent with this Act or is not a viable riverboat or casino subject to the approval of the Board; or
(3) the owners licensee is not an entity in which employees participate in an employee stock ownership plan.
As used in this subsection (a-5), "modified annual adjusted gross receipts" means:
(A) for calendar year 2020, the annual adjusted gross receipts for the current year minus the difference between an
amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2018;

(B) for calendar year 2021, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 2014, 2015, 2016, 2017, and 2018 and the annual adjusted gross receipts for 2019; and

(C) for calendar years 2022 through 2029, the annual adjusted gross receipts for the current year minus the difference between an amount equal to the average annual adjusted gross receipts from a riverboat or casino conducting gambling operations in the City of East St. Louis for 3 years preceding the current year and the annual adjusted gross receipts for the immediately preceding year.

(a-5.5) In addition to the privilege tax imposed under subsection (a-5), a privilege tax is imposed on the owners licensee under paragraph (1) of subsection (e-5) of Section 7 at the rate of one-third of the owners licensee's adjusted gross receipts:

For the imposition of the privilege tax in this subsection (a-5.5), amounts paid pursuant to item (1) of subsection (b) of Section 56 of the Illinois Horse Racing Act of 1975 shall not be included in the determination of adjusted gross receipts.

(a-6) From June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly until June 30, 2023, an owners licensee that conducted gambling operations prior to January 1, 2011 shall receive a dollar-for-dollar credit against the tax imposed under this Section for any renovation or construction costs paid by the owners licensee, but in no event shall the credit exceed $2,000,000.

Additionally, from June 28, 2019 (the effective date of Public Act 101-31) this amendatory Act of the 101st General Assembly until December 31, 2022, an owners licensee that (i) is located within 15 miles of the Missouri border, and (ii) has at least 3 riverboats, casinos, or their equivalent within a 45-mile radius, may be authorized to relocate to a new location with the approval of both the unit of local government designated as the home dock and the Board, so long as the new location is within the same unit of local government and no more than 3 miles away from its

original location. Such owners licensee shall receive a credit against the
tax imposed under this Section equal to 8% of the total project costs, as
approved by the Board, for any renovation or construction costs paid by
the owners licensee for the construction of the new facility, provided that
the new facility is operational by July 1, 2022. In determining whether or
not to approve a relocation, the Board must consider the extent to which
the relocation will diminish the gaming revenues received by other Illinois
gaming facilities.

(a-7) Beginning in the initial adjustment year and through the final
adjustment year, if the total obligation imposed pursuant to either
subsection (a-5) or (a-6) will result in an owners licensee receiving less
after-tax adjusted gross receipts than it received in calendar year 2018,
then the total amount of privilege taxes that the owners licensee is required
to pay for that calendar year shall be reduced to the extent necessary so
that the after-tax adjusted gross receipts in that calendar year equals the
after-tax adjusted gross receipts in calendar year 2018, but the privilege
tax reduction shall not exceed the annual adjustment cap. If pursuant to
this subsection (a-7), the total obligation imposed pursuant to either
subsection (a-5) or (a-6) shall be reduced, then the owners licensee shall
not receive a refund from the State at the end of the subject calendar year
but instead shall be able to apply that amount as a credit against any
payments it owes to the State in the following calendar year to satisfy its
total obligation under either subsection (a-5) or (a-6). The credit for the
final adjustment year shall occur in the calendar year following the final
adjustment year.

If an owners licensee that conducted gambling operations prior to
January 1, 2019 expands its riverboat or casino, including, but not limited
to, with respect to its gaming floor, additional non-gaming amenities such
as restaurants, bars, and hotels and other additional facilities, and incurs
construction and other costs related to such expansion from June 28, 2019
(the effective date of Public Act 101-31) this amendatory Act of the 101st
General Assembly until June 28, 2024 (the 5th anniversary of the effective
date of Public Act 101-31) this amendatory Act of the 101st General
Assembly, then for each $15,000,000 spent for any such construction or
other costs related to expansion paid by the owners licensee, the final
adjustment year shall be extended by one year and the annual adjustment
cap shall increase by 0.2% of adjusted gross receipts during each calendar
year until and including the final adjustment year. No further
modifications to the final adjustment year or annual adjustment cap shall

New matter indicated by italics - deletions by strikeout
be made after $75,000,000 is incurred in construction or other costs related to expansion so that the final adjustment year shall not extend beyond the 9th calendar year after the initial adjustment year, not including the initial adjustment year, and the annual adjustment cap shall not exceed 4% of adjusted gross receipts in a particular calendar year. Construction and other costs related to expansion shall include all project related costs, including, but not limited to, all hard and soft costs, financing costs, on or off-site ground, road or utility work, cost of gaming equipment and all other personal property, initial fees assessed for each incremental gaming position, and the cost of incremental land acquired for such expansion. Soft costs shall include, but not be limited to, legal fees, architect, engineering and design costs, other consultant costs, insurance cost, permitting costs, and pre-opening costs related to the expansion, including, but not limited to, any of the following: marketing, real estate taxes, personnel, training, travel and out-of-pocket expenses, supply, inventory, and other costs, and any other project related soft costs.

To be eligible for the tax credits in subsection (a-6), all construction contracts shall include a requirement that the contractor enter into a project labor agreement with the building and construction trades council with geographic jurisdiction of the location of the proposed gaming facility.

Notwithstanding any other provision of this subsection (a-7), this subsection (a-7) does not apply to an owners licensee unless such owners licensee spends at least $15,000,000 on construction and other costs related to its expansion, excluding the initial fees assessed for each incremental gaming position.

This subsection (a-7) does not apply to owners licensees authorized pursuant to subsection (e-5) of Section 7 of this Act.

For purposes of this subsection (a-7):

Article 10. Kidney Disease Prevention and Education Task Force Act

Section 10-1. Short title. This Article may be cited as the Kidney Disease Prevention and Education Task Force Act. References in this Article to "this Act" mean this Article.

Section 10-5. Findings. The General Assembly finds that:

(1) Chronic kidney disease is the 9th-leading cause of death in the United States. An estimated 31 million people in the United States have chronic kidney disease and over 1.12 million people in the State of Illinois are living with the disease. Early chronic kidney disease has no signs or symptoms and, without early detection, can progress to kidney failure.

(2) If a person has high blood pressure, heart disease, diabetes, or a family history of kidney failure, the risk of kidney disease is greater. In Illinois, 13% of all adults have diabetes, and 32% have high blood pressure. The prevalence of diabetes, heart disease, and hypertension is higher for African Americans, who develop kidney failure at a rate of nearly 4 to 1 compared to Caucasians, while Hispanics develop kidney failure at a rate of 2 to 1. Almost half of the people waiting for a kidney in Illinois identify as African American, but, in 2017, less than 10% of them received a kidney.

(3) Although dialysis is a life-extending treatment, the best and most cost-effective treatment for kidney failure is a kidney transplant. Currently, the wait in Illinois for a deceased donor kidney is 5-7 years, and 13 people die while waiting every day.

(4) If chronic kidney disease is detected early and managed appropriately, the individual can receive treatment sooner to help protect the kidneys, the deterioration in kidney function can be slowed or even stopped, and the risk of associated cardiovascular complications and other complications can be reduced.

(5) In light of the COVID-19 pandemic and the increased risk of infection to patients with preexisting conditions, it is imperative to provide those with kidney disease with support.

(a) There is hereby established the Kidney Disease Prevention and Education Task Force to work directly with educational institutions to create health education programs to increase awareness of and to examine chronic kidney disease, transplantations, living and deceased kidney donation, and the existing disparity in the rates of those afflicted between Caucasians and minorities.

(b) The Task Force shall develop a sustainable plan to raise awareness about early detection, promote health equity, and reduce the burden of kidney disease throughout the State, which shall include an ongoing campaign that includes health education workshops and seminars, relevant research, and preventive screenings and that promotes social media campaigns and TV and radio commercials.

(c) Membership of the Task Force shall be as follows:
   (1) one member of the Senate, appointed by the Senate President, who shall serve as Co-Chair;
   (2) one member of the House of Representatives, appointed by the Speaker of the House, who shall serve as Co-Chair;
   (3) one member of the House of Representatives, appointed by the Minority Leader of the House;
   (4) one member of the Senate, appointed by the Senate Minority Leader;
   (5) one member representing the Department of Public Health, appointed by the Governor;
   (6) one member representing the Department of Healthcare and Family Services, appointed by the Governor;
   (7) one member representing a medical center in a county with a population of more 3 million residents, appointed by the Co-Chairs;
   (8) one member representing a physician's association in a county with a population of more than 3 million residents, appointed by the Co-Chairs;
   (9) one member representing a not-for-profit organ procurement organization, appointed by the Co-Chairs;
   (10) one member representing a national nonprofit research kidney organization in the State of Illinois, appointed by the Co-Chairs; and
   (11) the Secretary of State or his or her designee.

(d) Members of the Task Force shall serve without compensation.

(e) The Department of Public Health shall provide administrative support to the Task Force.

(f) The Task Force shall submit its final report to the General Assembly on or before December 31, 2021 and, upon the filing of its final report, is dissolved.

determining the continued eligibility of recipients at their annual review of eligibility under the Program. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section. A month's income may be verified by a single pay stub with the monthly income extrapolated from the time period covered by the pay stub. The Department shall send a notice to recipients at least 60 days prior to the end of their period of eligibility that informs them of the requirements for continued eligibility. Information the Department receives prior to the annual review, including information available to the Department as a result of the recipient's application for other non-health care benefits, that is sufficient to make a determination of continued eligibility for benefits provided under this Act, the Children's Health Insurance Program Act, or Article V of the Illinois Public Aid Code may be reviewed and verified, and subsequent action taken including client notification of continued eligibility for benefits provided under this Act, the Children's Health Insurance Program Act, or Article V of the Illinois Public Aid Code. The date of client notification establishes the date for subsequent annual eligibility reviews. If a recipient does not fulfill the requirements for continued eligibility by the deadline established in the notice, a notice of cancellation shall be issued to the recipient and coverage shall end no later than the last day of the month following the last day of the eligibility period. A recipient's eligibility may be reinstated without requiring a new application if the recipient fulfills the requirements for continued eligibility prior to the end of the third month following the last date of coverage (or longer period if required by federal regulations). Nothing in this Section shall prevent an individual whose coverage has been cancelled from reapplying for health benefits at any time.

(3) By July 1, 2011, require verification of Illinois residency.

Data relevant to eligibility shall be provided for no other purpose than to verify the eligibility of new applicants or current recipients of health benefits under the Program. Data will be requested or provided for any new applicant or current recipient only insofar as that individual's circumstances are relevant to that individual's or another individual's eligibility.

(c) Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department of Healthcare and Family Services shall send notice to current recipients informing them of the changes regarding their eligibility verification.

For the purposes of this paragraph 16, uninsured persons are those who do not have creditable coverage, as defined under the Health Insurance Portability and Accountability Act, or have otherwise exhausted any insurance benefits they may have had, for prostate or testicular cancer diagnostic evaluation or treatment, or both diagnostic evaluation and treatment. To be eligible, a person must furnish a Social Security number. A person's assets are exempt from consideration in determining eligibility under this paragraph 16. Such persons shall be eligible for medical assistance under this paragraph 16 for so long as they need treatment for the cancer. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Persons who require only routine monitoring services are not considered to need treatment. "Medical assistance" under this paragraph 16 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. Notwithstanding any other provision of law, the Department (i) does not have a claim against the estate of a deceased recipient of services under this paragraph 16 and (ii) does not have a lien against any homestead property or other legal or equitable real property interest owned by a recipient of services under this paragraph 16.

Persons eligible for medical assistance under this paragraph 18 shall receive coverage for the Health Benefits Service Package as that term is defined in subsection (m) of Section 5-1.1 of this Code. If Illinois' federal medical assistance percentage (FMAP) is reduced below 90% for persons eligible for medical assistance under this paragraph 18, eligibility under this paragraph 18 shall cease no later than the end of the third month following the month in which the reduction in FMAP takes effect.

19. Beginning January 1, 2014, as required under 42 U.S.C. 1396a(a)(10)(A)(i)(IX), persons older than age 18 and younger than age 26 who are not otherwise eligible for medical assistance under paragraphs (1) through (17) of this Section who (i) were in foster care under the responsibility of the State on the date of attaining age 18 or on the date of attaining age 21 when a court has continued wardship for good cause as provided in Section 2-31 of the Juvenile Court Act of 1987 and (ii) received medical assistance under the Illinois Title XIX State Plan or waiver of such plan while in foster care.

The Department may extend medical assistance for persons who are foreign-born victims of human trafficking,

torture, or other serious crimes whose medical assistance would be terminated pursuant to subsection (b) of Section 16-5 if the Department determines that the person, during the year of initial eligibility (1) experienced a health crisis, (2) has been unable, after reasonable attempts, to obtain necessary information from a third party, or (3) has other extenuating circumstances that prevented the person from completing his or her application for status. The Department may adopt any rules necessary to implement the provisions of this paragraph.

21. Persons who are not otherwise eligible for medical assistance under this Section who may qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(ii)(XXIII) and 42 U.S.C. 1396(ss) for the duration of any federal or State declared emergency due to COVID-19. Medical assistance to persons eligible for medical assistance solely pursuant to this paragraph 21 shall be limited to any in vitro diagnostic product (and the administration of such product) described in 42 U.S.C. 1396d(a)(3)(B) on or after March 18, 2020, any visit described in 42 U.S.C. 1396o(a)(2)(G), or any other medical assistance that may be federally authorized for this class of persons. The Department may also cover treatment of COVID-19 for this class of persons, or any similar category of uninsured individuals, to the extent authorized under a federally approved 1115 Waiver or other federal authority. Notwithstanding the provisions of Section 1-11 of this Code, due to the nature of the COVID-19 public health emergency, the Department may cover and provide the medical assistance described in this paragraph 21 to noncitizens who would otherwise meet the eligibility requirements for the class of persons described in this paragraph 21 for the duration of the State emergency period.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than $2,000, and the amount of assets of a married couple to be disregarded shall not be less than $3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law 111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to

Effective October 1, 2013, the determination of eligibility of persons who qualify under paragraphs 5, 6, 8, 15, 17, and 18 of this Section shall comply with the requirements of 42 U.S.C. 1396a(e)(14) and applicable federal regulations.

The Department of Healthcare and Family Services, the Department of Human Services, and the Illinois health insurance marketplace shall work cooperatively to assist persons who would otherwise lose health benefits as a result of changes made under this amendatory Act of the 98th General Assembly to transition to other health insurance coverage.

(305 ILCS 5/5-4.2) (from Ch. 23, par. 5-4.2)

Sec. 5-4.2. Ambulance services payments.

(a) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1993, the Illinois Department shall reimburse ambulance service providers at rates calculated in accordance with this Section. It is the intent of the General Assembly to provide adequate reimbursement for ambulance services so as to ensure adequate access to services for recipients of aid under this Article and to provide appropriate incentives to ambulance service providers to provide services in an efficient and cost-effective manner. Thus, it is the intent of the General Assembly that the Illinois Department implement a reimbursement system for ambulance services that, to the extent practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, is consistent with the payment principles of Medicare. To ensure uniformity between the payment principles of Medicare and Medicaid, the Illinois Department shall follow, to the extent necessary and practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, the statutes, laws, regulations, policies, procedures, principles, definitions, guidelines, and manuals used to determine the amounts paid to ambulance service providers under Title XVIII of the Social Security Act (Medicare).

(b) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1996, the Illinois Department shall reimburse ambulance service providers based upon the actual distance traveled if a natural disaster, weather conditions, road repairs, or traffic congestion necessitates the use of a route other than the most direct route.

New matter indicated by italics - deletions by strikeout
(c) For purposes of this Section, "ambulance services" includes medical transportation services provided by means of an ambulance, medi-car, service car, or taxi.

(c-1) For purposes of this Section, "ground ambulance service" means medical transportation services that are described as ground ambulance services by the Centers for Medicare and Medicaid Services and provided in a vehicle that is licensed as an ambulance by the Illinois Department of Public Health pursuant to the Emergency Medical Services (EMS) Systems Act.

(c-2) For purposes of this Section, "ground ambulance service provider" means a vehicle service provider as described in the Emergency Medical Services (EMS) Systems Act that operates licensed ambulances for the purpose of providing emergency ambulance services, or non-emergency ambulance services, or both. For purposes of this Section, this includes both ambulance providers and ambulance suppliers as described by the Centers for Medicare and Medicaid Services.

(c-3) For purposes of this Section, "medi-car" means transportation services provided to a patient who is confined to a wheelchair and requires the use of a hydraulic or electric lift or ramp and wheelchair lockdown when the patient's condition does not require medical observation, medical supervision, medical equipment, the administration of medications, or the administration of oxygen.

(c-4) For purposes of this Section, "service car" means transportation services provided to a patient by a passenger vehicle where that patient does not require the specialized modes described in subsection (c-1) or (c-3).

(d) This Section does not prohibit separate billing by ambulance service providers for oxygen furnished while providing advanced life support services.

(e) Beginning with services rendered on or after July 1, 2008, all providers of non-emergency medi-car and service car transportation must certify that the driver and employee attendant, as applicable, have completed a safety program approved by the Department to protect both the patient and the driver, prior to transporting a patient. The provider must maintain this certification in its records. The provider shall produce such documentation upon demand by the Department or its representative. Failure to produce documentation of such training shall result in recovery of any payments made by the Department for services rendered by a non-certified driver or employee attendant. Medi-car and service car providers

must maintain legible documentation in their records of the driver and, as applicable, employee attendant that actually transported the patient. Providers must recertify all drivers and employee attendants every 3 years.

Notwithstanding the requirements above, any public transportation provider of medi-car and service car transportation that receives federal funding under 49 U.S.C. 5307 and 5311 need not certify its drivers and employee attendants under this Section, since safety training is already federally mandated.

(f) With respect to any policy or program administered by the Department or its agent regarding approval of non-emergency medical transportation by ground ambulance service providers, including, but not limited to, the Non-Emergency Transportation Services Prior Approval Program (NETSPAP), the Department shall establish by rule a process by which ground ambulance service providers of non-emergency medical transportation may appeal any decision by the Department or its agent for which no denial was received prior to the time of transport that either (i) denies a request for approval for payment of non-emergency transportation by means of ground ambulance service or (ii) grants a request for approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than the ground ambulance service provider would have received as compensation for the level of service requested. The rule shall be filed by December 15, 2012 and shall provide that, for any decision rendered by the Department or its agent on or after the date the rule takes effect, the ground ambulance service provider shall have 60 days from the date the decision is received to file an appeal. The rule established by the Department shall be, insofar as is practical, consistent with the Illinois Administrative Procedure Act. The Director's decision on an appeal under this Section shall be a final administrative decision subject to review under the Administrative Review Law.

its agent unless the Department has submitted the criteria for determining the appropriateness of the transport for first notice publication in the Illinois Register pursuant to Section 5-40 of the Illinois Administrative Procedure Act.

(g) Whenever a patient covered by a medical assistance program under this Code or by another medical program administered by the Department, including a patient covered under the State's Medicaid managed care program, is being transported from a facility and requires non-emergency transportation including ground ambulance, medi-car, or service car transportation, a Physician Certification Statement as described in this Section shall be required for each patient. Facilities shall develop procedures for a licensed medical professional to provide a written and signed Physician Certification Statement. The Physician Certification Statement shall specify the level of transportation services needed and complete a medical certification establishing the criteria for approval of non-emergency ambulance transportation, as published by the Department of Healthcare and Family Services, that is met by the patient. This certification shall be completed prior to ordering the transportation service and prior to patient discharge. The Physician Certification Statement is not required prior to transport if a delay in transport can be expected to negatively affect the patient outcome. If the ground ambulance provider, medi-car provider, or service car provider is unable to obtain the required Physician Certification Statement within 10 calendar days following the date of the service, the ground ambulance provider, medi-car provider, or service car provider must document its attempt to obtain the requested certification and may then submit the claim for payment. Acceptable documentation includes a signed return receipt from the U.S. Postal Service, facsimile receipt, email receipt, or other similar service that evidences that the ground ambulance provider, medi-car provider, or service car provider attempted to obtain the required Physician Certification Statement.

The medical certification specifying the level and type of non-emergency transportation needed shall be in the form of the Physician Certification Statement on a standardized form prescribed by the Department of Healthcare and Family Services. Within 75 days after July 27, 2018 (the effective date of Public Act 100-646), the Department of Healthcare and Family Services shall develop a standardized form of the Physician Certification Statement specifying the level and type of transportation services needed in consultation with the Department of

The use of the Physician Certification Statement shall satisfy the obligations of hospitals under Section 6.22 of the Hospital Licensing Act and nursing homes under Section 2-217 of the Nursing Home Care Act. Implementation and acceptance of the Physician Certification Statement shall take place no later than 90 days after the issuance of the Physician Certification Statement by the Department of Healthcare and Family Services.

Pursuant to subsection (E) of Section 12-4.25 of this Code, the Department is entitled to recover overpayments paid to a provider or vendor, including, but not limited to, from the discharging physician, the discharging facility, and the ground ambulance service provider, in instances where a non-emergency ground ambulance service is rendered as the result of improper or false certification.

Beginning October 1, 2018, the Department of Healthcare and Family Services shall collect data from Medicaid managed care organizations and transportation brokers, including the Department's NETSPAP broker, regarding denials and appeals related to the missing or incomplete Physician Certification Statement forms and overall compliance with this subsection. The Department of Healthcare and Family Services shall publish quarterly results on its website within 15 days following the end of each quarter.

(h) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Sec. 5B-4. Payment of assessment; penalty.

(a) The assessment imposed by Section 5B-2 shall be due and payable monthly, on the last State business day of the month for occupied bed days reported for the preceding third month prior to the month in which the tax is payable and due. A facility that has delayed payment due to the State’s failure to reimburse for services rendered may request an extension on the due date for payment pursuant to subsection (b) and shall pay the assessment within 30 days of reimbursement by the Department. The Illinois Department may provide that county nursing homes directed and maintained pursuant to Section 5-1005 of the Counties Code may meet their assessment obligation by certifying to the Illinois Department that county expenditures have been obligated for the operation of the county nursing home in an amount at least equal to the amount of the assessment.

(a-5) The Illinois Department shall provide for an electronic submission process for each long-term care facility to report at a minimum the number of occupied bed days of the long-term care facility for the reporting period and other reasonable information the Illinois Department requires for the administration of its responsibilities under this Code. Beginning July 1, 2013, a separate electronic submission shall be

completed for each long-term care facility in this State operated by a long-term care provider. The Illinois Department shall provide a self-reporting notice of the assessment form that the long-term care facility completes for the required period and submits with its assessment payment to the Illinois Department. shall prepare an assessment bill stating the amount due and payable each month and submit it to each long-term care facility via an electronic process. Each assessment payment shall be accompanied by a copy of the assessment bill sent to the long-term care facility by the Illinois Department. To the extent practicable, the Department shall coordinate the assessment reporting requirements with other reporting required of long-term care facilities.

(b) The Illinois Department is authorized to establish delayed payment schedules for long-term care providers that are unable to make assessment payments when due under this Section due to financial difficulties, as determined by the Illinois Department. The Illinois Department may not deny a request for delay of payment of the assessment imposed under this Article if the long-term care provider has not been paid for services provided during the month on which the assessment is levied or the Medicaid managed care organization has not been paid by the State.

(c) If a long-term care provider fails to pay the full amount of an assessment payment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5B-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the assessment payment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each month thereafter or (ii) 100% of the assessment payment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid assessment payment amounts (rather than to penalty or interest), beginning with the most delinquent assessment payments. Payment cycles of longer than 60 days shall be one factor the Director takes into account in granting a waiver under this Section.

(c-5) If a long-term care facility fails to file its assessment bill with payment, there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment due a penalty assessment equal to 25% of the assessment due. After July 1, 2013, no penalty shall be assessed under this Section if the Illinois Department does not provide a process for the electronic submission of the information required by subsection (a-5).

(d) Nothing in this amendatory Act of 1993 shall be construed to prevent the Illinois Department from collecting all amounts due under this Article pursuant to an assessment imposed before the effective date of this amendatory Act of 1993.

(e) Nothing in this amendatory Act of the 96th General Assembly shall be construed to prevent the Illinois Department from collecting all amounts due under this Code pursuant to an assessment, tax, fee, or penalty imposed before the effective date of this amendatory Act of the 96th General Assembly.

(f) No installment of the assessment imposed by Section 5B-2 shall be due and payable until after the Department notifies the long-term care providers, in writing, that the payment methodologies to long-term care providers required under Section 5-5.4 of this Code have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waivers under 42 CFR 433.68 for the assessment imposed by this Section, if necessary, have been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services. Upon notification to the Department of approval of the payment methodologies required under Section 5-5.4 of this Code and the waivers granted under 42 CFR 433.68, all installments otherwise due under Section 5B-4 prior to the date of notification shall be due and payable to the Department upon written direction from the Department within 90 days after issuance by the Comptroller of the payments required under Section 5-5.4 of this Code.

Sec. 11-5.1. Eligibility verification. Notwithstanding any other provision of this Code, with respect to applications for medical assistance provided under Article V of this Code, eligibility shall be determined in a manner that ensures program integrity and complies with federal laws and regulations while minimizing unnecessary barriers to enrollment. To this end, as soon as practicable, and unless the Department receives written denial from the federal government, this Section shall be implemented:

(a) The Department of Healthcare and Family Services or its designees shall:

(1) By no later than July 1, 2011, require verification of, at a minimum, one month's income from all sources required for determining the eligibility of applicants for medical assistance under this Code. Such verification shall take the form of pay stubs,
business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section. *A month's income may be verified by a single pay stub with the monthly income extrapolated from the time period covered by the pay stub.*

(2) By no later than October 1, 2011, require verification of, at a minimum, one month's income from all sources required for determining the continued eligibility of recipients at their annual review of eligibility for medical assistance under this Code. Information the Department receives prior to the annual review, including information available to the Department as a result of the recipient's application for other non-Medicaid benefits, that is sufficient to make a determination of continued Medicaid eligibility may be reviewed and verified, and subsequent action taken including client notification of continued Medicaid eligibility. The date of client notification establishes the date for subsequent annual Medicaid eligibility reviews. Such verification shall take the form of pay stubs, business or income and expense records for self-employed persons, letters from employers, and any other valid documentation of income including data obtained electronically by the Department or its designees from other sources as described in subsection (b) of this Section. *A month's income may be verified by a single pay stub with the monthly income extrapolated from the time period covered by the pay stub.*

The Department shall send a notice to recipients at least 60 days prior to the end of their period of eligibility that informs them of the requirements for continued eligibility. If a recipient does not fulfill the requirements for continued eligibility by the deadline established in the notice a notice of cancellation shall be issued to the recipient and coverage shall end no later than the last day of the month following the last day of the eligibility period. A recipient's eligibility may be reinstated without requiring a new application if the recipient fulfills the requirements for continued eligibility prior to the end of the third month following the last date of coverage (or longer period if required by federal regulations). Nothing in this Section shall prevent an individual whose coverage has been cancelled from reapplying for health benefits at any time.

(3) By no later than July 1, 2011, require verification of Illinois residency. The Department, with federal approval, may choose to adopt continuous financial eligibility for a full 12 months for adults on Medicaid.

(b) The Department shall establish or continue cooperative arrangements with the Social Security Administration, the Illinois Secretary of State, the Department of Human Services, the Department of Revenue, the Department of Employment Security, and any other appropriate entity to gain electronic access, to the extent allowed by law, to information available to those entities that may be appropriate for electronically verifying any factor of eligibility for benefits under the Program. Data relevant to eligibility shall be provided for no other purpose than to verify the eligibility of new applicants or current recipients of health benefits under the Program. Data shall be requested or provided for any new applicant or current recipient only insofar as that individual's circumstances are relevant to that individual's or another individual's eligibility.

(c) Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department of Healthcare and Family Services shall send notice to current recipients informing them of the changes regarding their eligibility verification.

(d) As soon as practical if the data is reasonably available, but no later than January 1, 2017, the Department shall compile on a monthly basis data on eligibility redeterminations of beneficiaries of medical assistance provided under Article V of this Code. This data shall be posted on the Department's website, and data from prior months shall be retained and available on the Department's website. The data compiled and reported shall include the following:

(1) The total number of redetermination decisions made in a month and, of that total number, the number of decisions to continue or change benefits and the number of decisions to cancel benefits.

(2) A breakdown of enrollee language preference for the total number of redetermination decisions made in a month and, of that total number, a breakdown of enrollee language preference for the number of decisions to continue or change benefits, and a breakdown of enrollee language preference for the number of decisions to cancel benefits. The language breakdown shall

(3) The percentage of cancellation decisions made in a month due to each of the following:
   (A) The beneficiary's ineligibility due to excess income.
   (B) The beneficiary's ineligibility due to not being an Illinois resident.
   (C) The beneficiary's ineligibility due to being deceased.
   (D) The beneficiary's request to cancel benefits.
   (E) The beneficiary's lack of response after notices mailed to the beneficiary are returned to the Department as undeliverable by the United States Postal Service.
   (F) The beneficiary's lack of response to a request for additional information when reliable information in the beneficiary's account, or other more current information, is unavailable to the Department to make a decision on whether to continue benefits.
   (G) Other reasons tracked by the Department for the purpose of ensuring program integrity.

(4) If a vendor is utilized to provide services in support of the Department's redetermination decision process, the total number of redetermination decisions made in a month and, of that total number, the number of decisions to continue or change benefits, and the number of decisions to cancel benefits (i) with the involvement of the vendor and (ii) without the involvement of the vendor.

4. All Modified Adjusted Gross Income (MAGI) populations.
5. Populations with no verifiable income.

The report shall also outline populations and circumstances in which an ex parte redetermination is not a recommended option.

(f) The Department shall explore and implement, as practical and technologically possible, roles that stakeholders outside State agencies can play to assist in expediting eligibility determinations and redeterminations within 24 months after the effective date of this amendatory Act of the 101st General Assembly. Such practical roles to be explored to expedite the eligibility determination processes shall include the implementation of hospital presumptive eligibility, as authorized by the Patient Protection and Affordable Care Act.

(g) The Department or its designee shall seek federal approval to enhance the reasonable compatibility standard from 5% to 10%.

(h) Reporting. The Department of Healthcare and Family Services and the Department of Human Services shall publish quarterly reports on their progress in implementing policies and practices pursuant to this Section as modified by this amendatory Act of the 101st General Assembly.

functioning of the State's Integrated Eligibility System and
progress on addressing those issues, as well as progress on
implementing strategies to address eligibility backlogs,
including expanding ex parte determinations to ensure
timely eligibility determinations and renewals.

Sec. 9.6. HIE opt-out. The Illinois Health Information Exchange Office Authority shall, through appropriate rules, standards, or contractual obligations, which shall be binding upon any HIE, as defined under Section 2, require that participants of such HIE provide each recipient whose record is accessible through the health information exchange the reasonable opportunity to expressly decline the further disclosure of the record by the health information exchange to third parties, except to the extent permitted by law such as for purposes of public health reporting. The provisions of this Section 9.6 shall not apply to the secure electronic transmission of data which is point-to-point communication directed by the data custodian. Any rules or standards promulgated under this Section which apply to HIEs shall be limited to that subject matter required by this Section and shall not include any requirement that an HIE enter a data sharing arrangement or otherwise participate with the Illinois Health Information Exchange. In connection with its annual consideration regarding the issue of segmentation of information within a medical record and prior to the adoption of any rules or standards regarding that issue, the Office Authority Board shall consider information provided by affected persons or organizations regarding the feasibility, availability, cost, reliability, and interoperability of any technology or process under consideration by the Board. Nothing in this Act shall be construed to limit the authority of the Illinois Health Information Exchange Office Authority.

(Sec. 5A-2. Assessment.

(a)(1) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, or as long as continued under Section 5A-16, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of $218.38 used to calculate the assessment under this paragraph

New matter indicated by italics - deletions by strikeout
shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, or as provided in Section 5A-16, in addition to any federally required State share as authorized under paragraph (1), the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For State fiscal years 2009 through 2018, or as provided in Section 5A-16, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $197.19 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days; however, for State fiscal year 2021, the amount of $197.19 shall be increased by a uniform percentage to generate an additional $6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph. For State fiscal years 2019 and 2020, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain

the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020; however, for State fiscal year 2021, the assessment amount shall be increased by the proportion that it represents of the total annual assessment that is generated from all hospitals in order to generate $6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(4) Subject to Sections 5A-3 and 5A-10, for the period of July 1, 2020 through December 31, 2020 and calendar State fiscal years 2021 through 2024, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $221.50 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided however: for the period of July 1, 2020 through December 31, 2020, (i) the assessment shall be equal to 50% of the annual amount; and (ii) the amount of $221.50 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7) , that the amount of $197.19 used to calculate the assessment under this paragraph shall, by rule, be adjusted by a uniform percentage to generate the same total annual assessment that was generated in State fiscal year 2020 from all hospitals subject to the annual assessment under this paragraph plus $6,250,000. For the period of July 1, 2020 through December 31, 2020 and calendar State fiscal years 2021 and 2022, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017 without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business

hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology for fiscal years 2021 through December 31, 2022 not be approved on or before June 30, 2020, the assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the assessment methodology for July 1, 2020 through December 31, 2022, is approved on or after July 1, 2020, it shall be retroactive to July 1, 2020, subject to federal approval and provided that the payments authorized under Section 5A-12.7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph. For State fiscal years 2023 and 2024, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2019 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2021, without regard to any subsequent adjustments or changes to such data.

(b) (Blank).

(b-5)(1) Subject to Sections 5A-3 and 5A-10, for the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and for State fiscal years 2013 through 2018, or as provided in Section 5A-16, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .008766 multiplied by the hospital's outpatient gross revenue, provided, however, that the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the State share of the payments authorized under Section 5A-12.5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by
emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, in addition to any federally required State share as authorized under paragraph (1), the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, or as provided in Section 5A-16, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(3) Subject to Sections 5A-3, 5A-10, and 5A-16, for State fiscal years 2019 and 2020, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to .01358 multiplied by the hospital's outpatient gross revenue; however, for State fiscal year 2021, the amount of .01358 shall be increased by a uniform percentage to generate an additional $6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph. For State fiscal years 2019 and 2020, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2017, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider.
provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees. Notwithstanding any other provision in this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State fiscal year 2018 on the basis of hypothetical data, that assessment amount shall be used for State fiscal years 2019 and 2020; however, for State fiscal year 2021, the assessment amount shall be increased by the proportion that it represents of the total annual assessment that is generated from all hospitals in order to generate $6,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(4) Subject to Sections 5A-3 and 5A-10, for the period of July 1, 2020 through December 31, 2020 and calendar State fiscal years 2021 and 2022 through 2024, an annual assessment on outpatient services is imposed on each hospital provider in an amount equal to $0.01525 multiplied by the hospital's outpatient gross revenue, provided however:

(i) for the period of July 1, 2020 through December 31, 2020, the assessment shall be equal to 50% of the annual amount; and (ii) the amount of $0.01525 shall be retroactively adjusted by a uniform percentage to generate an amount equal to 50% of the Assessment Adjustment, as defined in subsection (b-7), that the amount of $0.01358 used to calculate the assessment under this paragraph shall, by rule, be adjusted by a uniform percentage to generate the same total annual assessment that was generated in State fiscal year 2020 from all hospitals subject to the annual assessment under this paragraph plus $6,250,000. For the period of July 1, 2020 through December 31, 2020 and calendar State fiscal years 2021 and 2022, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2015 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2019, without regard to any subsequent adjustments or changes to such data. If a hospital's 2015 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's outpatient revenue data from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees. Should the change in the assessment methodology above for fiscal years 2021 through calendar year 2022 not be approved prior to July 1, 2020, the

assessment and payments under this Article in effect for fiscal year 2020 shall remain in place until the new assessment is approved. If the change in the assessment methodology above for July 1, 2020 through December 31, 2022, is approved after June 30, 2020, it shall have a retroactive effective date of July 1, 2020, subject to federal approval and provided that the payments authorized under Section 12A-7 have the same effective date as the new assessment methodology. In giving retroactive effect to the assessment approved after June 30, 2020, credit toward the new assessment shall be given for any payments of the previous assessment for periods after June 30, 2020. Notwithstanding any other provision of this Article, for a hospital provider that did not have a 2015 Medicare cost report, but paid an assessment in State Fiscal Year 2020 on the basis of hypothetical data, the data that was the basis for the 2020 assessment shall be used to calculate the assessment under this paragraph. For State fiscal years 2023 and 2024, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2019 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on March 31, 2021, without regard to any subsequent adjustments or changes to such data.

(b-6)(1) As used in this Section, "ACA Assessment Adjustment" means:

(A) For the period of July 1, 2016 through December 31, 2016, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2016 multiplied by 6.

(C) For the period of July 1, 2017 through December 31, 2017, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of April 2017 multiplied by 6, except that the amount calculated under this subparagraph (C) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period beginning January 1, 2017 through June 30, 2017 and the estimated payments due and payable in the month of October 2016 multiplied by 6 as described in subparagraph (B).

(D) For the period of January 1, 2018 through June 30, 2018, the product of .19125 multiplied by the sum of the fee-for-service payments to hospitals as authorized under Section 5A-12.5 and the adjustments authorized under subsection (t) of Section 5A-12.2 to managed care organizations for hospital services due and payable in the month of October 2017 multiplied by 6, except that:

(i) the amount calculated under this subparagraph (D) shall be adjusted, either positively or negatively, to account for the difference between the actual payments issued under Section 5A-12.5 for the period of July 1, 2017 through December 31, 2017 and the estimated payments due and payable in the month of April 2017 multiplied by 6 as described in subparagraph (C); and

(ii) the amount calculated under this subparagraph (D) shall be adjusted to include the product of .19125 multiplied by the sum of the fee-for-service payments, if any, estimated to be paid to hospitals under subsection (b) of Section 5A-12.5.

(2) The Department shall complete and apply a final reconciliation of the ACA Assessment Adjustment prior to June 30, 2018 to account for:

(A) any differences between the actual payments issued or scheduled to be issued prior to June 30, 2018 as authorized in Section 5A-12.5 for the period of January 1, 2018 through June 30, 2018 and the estimated payments due and payable in the month of October 2017 multiplied by 6 as described in subparagraph (D); and
(B) any difference between the estimated fee-for-service payments under subsection (b) of Section 5A-12.5 and the amount of such payments that are actually scheduled to be paid.

The Department shall notify hospitals of any additional amounts owed or reduction credits to be applied to the June 2018 ACA Assessment Adjustment. This is to be considered the final reconciliation for the ACA Assessment Adjustment.

(3) Notwithstanding any other provision of this Section, if for any reason the scheduled payments under subsection (b) of Section 5A-12.5 are not issued in full by the final day of the period authorized under subsection (b) of Section 5A-12.5, funds collected from each hospital pursuant to subparagraph (D) of paragraph (1) and pursuant to paragraph (2), attributable to the scheduled payments authorized under subsection (b) of Section 5A-12.5 that are not issued in full by the final day of the period attributable to each payment authorized under subsection (b) of Section 5A-12.5, shall be refunded.

(4) The increases authorized under paragraph (2) of subsection (a) and paragraph (2) of subsection (b-5) shall be limited to the federally required State share of the total payments authorized under Section 5A-12.5 if the sum of such payments yields an annualized amount equal to or less than $450,000,000, or if the adjustments authorized under subsection (t) of Section 5A-12.2 are found not to be actuarially sound; however, this limitation shall not apply to the fee-for-service payments described in subsection (b) of Section 5A-12.5.

(b-7)(1) As used in this Section, "Assessment Adjustment" means:

(A) For the period of July 1, 2020 through December 31, 2020, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(B) For each calendar quarter beginning on and after January 1, 2021, the product of .3853 multiplied by the total of the actual payments made under subsections (c) through (k) of Section 5A-12.7 attributable to the period, less the total of the assessment imposed under subsections (a) and (b-5) of this Section for the period.

(2) The Department shall calculate and notify each hospital of the total Assessment Adjustment and any additional assessment owed by the
hospital or refund owed to the hospital on either a semi-annual or annual basis. Such notice shall be issued at least 30 days prior to any period in which the assessment will be adjusted. Any additional assessment owed by the hospital or refund owed to the hospital shall be uniformly applied to the assessment owed by the hospital in monthly installments for the subsequent semi-annual period or calendar year. If no assessment is owed in the subsequent year, any amount owed by the hospital or refund due to the hospital, shall be paid in a lump sum.

(3) The Department shall publish all details of the Assessment Adjustment calculation performed each year on its website within 30 days of completing the calculation, and also submit the details of the Assessment Adjustment calculation as part of the Department's annual report to the General Assembly.

(c) (Blank).

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

(e) Notwithstanding any other provision of this Section, any plan providing for an assessment on a hospital provider as a permissible tax under Title XIX of the federal Social Security Act and Medicaid-eligible payments to hospital providers from the revenues derived from that assessment shall be reviewed by the Illinois Department of Healthcare and Family Services, as the Single State Medicaid Agency required by federal law, to determine whether those assessments and hospital provider payments meet federal Medicaid standards. If the Department determines that the elements of the plan may meet federal Medicaid standards and a related State Medicaid Plan Amendment is prepared in a manner and form suitable for submission, that State Plan Amendment shall be submitted in a timely manner for review by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and subject to approval by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services. No such plan shall become effective without approval by the Illinois General Assembly by the enactment into law of related legislation. Notwithstanding any other provision of this Section, the Department is authorized to adopt rules to reduce the rate of any annual assessment imposed under this Section. Any such rules may be adopted by the
Department under Section 5-50 of the Illinois Administrative Procedure Act.

Sec. 5A-4. Payment of assessment; penalty.
(a) The assessment imposed by Section 5A-2 for State fiscal year 2009 through State fiscal year 2018 or as provided in Section 5A-16, shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on the fourteenth State business day of each month. No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after the Comptroller has issued the payments required under this Article.

Except as provided in subsection (a-5) of this Section, the assessment imposed by subsection (b-5) of Section 5A-2 for the portion of State fiscal year 2012 beginning June 10, 2012 through June 30, 2012, and for State fiscal year 2013 through State fiscal year 2018 or as provided in Section 5A-16, shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on the 17th State business day of each month. No installment payment of an assessment imposed by subsection (b-5) of Section 5A-2 shall be due and payable, however, until after: (i) the Department notifies the hospital provider, in writing, that the payment methodologies to hospitals required under Section 5A-12.4, have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services, and the waiver under 42 CFR 433.68 for the assessment imposed by subsection (b-5) of Section 5A-2, if necessary, has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the Comptroller has issued the payments required under Section 5A-12.4. Upon notification to the Department of approval of the payment methodologies required under Section 5A-12.4 and the waiver granted under 42 CFR 433.68, if necessary, all installments otherwise due under subsection (b-5) of Section 5A-2 prior to the date of notification shall be due and payable to the Department upon written direction from the Department and issuance by the Comptroller of the payments required under Section 5A-12.4.

Except as provided in subsection (a-5) of this Section, the assessment imposed under Section 5A-2 for State fiscal year 2019 and each subsequent State fiscal year shall be due and payable in monthly installments, each equaling one-twelfth of the assessment for the year, on
the 17th State business day of each month. The Department has discretion to establish a later date due to delays in payments being made to hospitals as required under Section 5A-12.7. No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after: (i) the Department notifies the hospital provider, in writing, that the payment methodologies to hospitals required under Section 5A-12.6 or 5A-12.7 have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services, and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2, if necessary, has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the Comptroller and managed care organizations have has issued the payments required under Section 5A-12.6 or 5A-12.7. Upon notification to the Department of approval of the payment methodologies required under Section 5A-12.6 or 5A-12.7 and the waiver granted under 42 CFR 433.68, if necessary, all installments otherwise due under Section 5A-2 prior to the date of notification shall be due and payable to the Department upon written direction from the Department and issuance by the Comptroller and managed care organizations of the payments required under Section 5A-12.6 or 5A-12.7.

(a-5) The Illinois Department may accelerate the schedule upon which assessment installments are due and payable by hospitals with a payment ratio greater than or equal to one. Such acceleration of due dates for payment of the assessment may be made only in conjunction with a corresponding acceleration in access payments identified in Section 5A-12.2, Section 5A-12.4, or Section 5A-12.6, or Section 5A-12.7 to the same hospitals. For the purposes of this subsection (a-5), a hospital's payment ratio is defined as the quotient obtained by dividing the total payments for the State fiscal year, as authorized under Section 5A-12.2, Section 5A-12.4, or Section 5A-12.6, or Section 5A-12.7, by the total assessment for the State fiscal year imposed under Section 5A-2 or subsection (b-5) of Section 5A-2.

(b) The Illinois Department is authorized to establish delayed payment schedules for hospital providers that are unable to make installment payments when due under this Section due to financial difficulties, as determined by the Illinois Department.

(c) If a hospital provider fails to pay the full amount of an installment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable
cause, be added to the assessment imposed by Section 5A-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the installment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter or (ii) 100% of the installment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid installment amounts (rather than to penalty or interest), beginning with the most delinquent installments.

(d) Any assessment amount that is due and payable to the Illinois Department more frequently than once per calendar quarter shall be remitted to the Illinois Department by the hospital provider by means of electronic funds transfer. The Illinois Department may provide for remittance by other means if (i) the amount due is less than $10,000 or (ii) electronic funds transfer is unavailable for this purpose.

Payments under this Section are not due and payable, however, until: (i) the methodologies described in this Section are approved by the federal government in an appropriate State Plan amendment or directed payment preprint; and (ii) the assessment imposed under this Article is determined to be a permissible tax under Title XIX of the Social Security Act. In determining the hospital access payments authorized under subsection (g) of this Section, if a hospital ceases to qualify for payments from the pool, the payments for all hospitals continuing to qualify for payments from

such pool shall be uniformly adjusted to fully expend the aggregate net amount of the pool, with such adjustment being effective on the first day of the second month following the date the hospital ceases to receive payments from such pool.

(b) Amounts moved into claims-based rates and distributed in accordance with Section 14-12 shall remain in those claims-based rates.

(c) Graduate medical education.

(1) The calculation of graduate medical education payments shall be based on the hospital's Medicare cost report ending in Calendar Year 2018, as reported in the Healthcare Cost Report Information System file, release date September 30, 2019. An Illinois hospital reporting intern and resident cost on its Medicare cost report shall be eligible for graduate medical education payments.

(2) Each hospital's annualized Medicaid Intern Resident Cost is calculated using annualized intern and resident total costs obtained from Worksheet B Part I, Columns 21 and 22 the sum of Lines 30-43, 50-76, 90-93, 96-98, and 105-112 multiplied by the percentage that the hospital's Medicaid days (Worksheet S3 Part I, Column 7, Lines 2, 3, 4, 14, 16-18, and 32) comprise of the hospital's total days (Worksheet S3 Part I, Column 8, Lines 14, 16-18, and 32).

(3) An annualized Medicaid indirect medical education (IME) payment is calculated for each hospital using its IME payments (Worksheet E Part A, Line 29, Column 1) multiplied by the percentage that its Medicaid days (Worksheet S3 Part I, Column 7, Lines 2, 3, 4, 14, 16-18, and 32) comprise of its Medicare days (Worksheet S3 Part I, Column 6, Lines 2, 3, 4, 14, and 16-18).

(4) For each hospital, its annualized Medicaid Intern Resident Cost and its annualized Medicaid IME payment are summed, and, except as capped at 120% of the average cost per intern and resident for all qualifying hospitals as calculated under this paragraph, is multiplied by 22.6% to determine the hospital's final graduate medical education payment. Each hospital's average cost per intern and resident shall be calculated by summing its total annualized Medicaid Intern Resident Cost plus its annualized Medicaid IME payment and dividing that amount by the hospital's total Full Time Equivalent Residents and Interns. If
the hospital's average per intern and resident cost is greater than 120% of the same calculation for all qualifying hospitals, the hospital's per intern and resident cost shall be capped at 120% of the average cost for all qualifying hospitals.

(d) Fee-for-service supplemental payments. Each Illinois hospital shall receive an annual payment equal to the amounts below, to be paid in 12 equal installments on or before the seventh State business day of each month, except that no payment shall be due within 30 days after the later of the date of notification of federal approval of the payment methodologies required under this Section or any waiver required under 42 CFR 433.68, at which time the sum of amounts required under this Section prior to the date of notification is due and payable.

(1) For critical access hospitals, $385 per covered inpatient day contained in paid fee-for-service claims and $530 per paid fee-for-service outpatient claim for dates of service in Calendar Year 2019 in the Department's Enterprise Data Warehouse as of May 11, 2020.

(2) For safety-net hospitals, $960 per covered inpatient day contained in paid fee-for-service claims and $625 per paid fee-for-service outpatient claim for dates of service in Calendar Year 2019 in the Department's Enterprise Data Warehouse as of May 11, 2020.

(4) For freestanding psychiatric hospitals, $125 per covered inpatient day contained in paid fee-for-service claims and $130 per paid fee-for-service outpatient claim for dates of service in Calendar Year 2019 in the Department's Enterprise Data Warehouse as of May 11, 2020.

(5) For freestanding rehabilitation hospitals, $355 per covered inpatient day contained in paid fee-for-service claims for dates of service in Calendar Year 2019 in the Department's Enterprise Data Warehouse as of May 11, 2020.

(7) Alzheimer's treatment access payment. Each Illinois academic medical center or teaching hospital, as defined in Section 5-5e.2 of this Code, that is identified as the primary hospital affiliate of one of the Regional Alzheimer's Disease Assistance Centers, as designated by the Alzheimer's Disease Assistance Act and identified in the Department of Public Health's Alzheimer's Disease State Plan dated December 2016, shall be paid an Alzheimer's treatment access payment equal to the product of the qualifying hospital's State Fiscal Year 2018 total inpatient fee-for-service days multiplied by the applicable Alzheimer's treatment rate of $226.30 for hospitals located in Cook County and $116.21 for hospitals located outside Cook County.

(e) The Department shall require managed care organizations (MCOs) to make directed payments and pass-through payments according to this Section. Each calendar year, the Department shall require MCOs to pay the maximum amount out of these funds as allowed as pass-through payments under federal regulations. The Department shall require MCOs to make such pass-through payments as specified in this Section. The Department shall require the MCOs to pay the remaining amounts as directed Payments as specified in this Section. The Department shall issue payments to the Comptroller by the seventh business day of each month for all MCOs that are sufficient for MCOs to make the directed payments and pass-through payments according to this Section. The Department shall require the MCOs to make pass-through payments and directed payments using electronic funds transfers (EFT), if the hospital provides the information necessary to process such EFTs, in accordance with directions provided monthly by the Department, within 7 business days of the date the funds are paid to the MCOs, as indicated by the "Paid Date" on the website of the Office of the Comptroller if the funds are paid by EFT and the MCOs have received directed payment instructions. If funds are not paid through the Comptroller by EFT, payment must be made within 7 business days of the date actually received by the MCO. The MCO will be considered to have paid the pass-through payments when the payment remittance number is generated or the date the MCO sends the check to the hospital, if EFT information is not supplied. If an MCO is late in paying a pass-through payment or directed payment as required under this Section (including any extensions granted by the Department), it shall
pay a penalty, unless waived by the Department for reasonable cause, to the Department equal to 5% of the amount of the pass-through payment or directed payment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter. Payments to MCOs that would be paid consistent with actuarial certification and enrollment in the absence of the increased capitation payments under this Section shall not be reduced as a consequence of payments made under this subsection. The Department shall publish and maintain on its website for a period of no less than 8 calendar quarters, the quarterly calculation of directed payments and pass-through payments owed to each hospital from each MCO. All calculations and reports shall be posted no later than the first day of the quarter for which the payments are to be issued.

(f)(1) For purposes of allocating the funds included in capitation payments to MCOs, Illinois hospitals shall be divided into the following classes as defined in administrative rules:

(A) Critical access hospitals.

(B) Safety-net hospitals, except that stand-alone children's hospitals that are not specialty children's hospitals will not be included.

(C) Long term acute care hospitals.

(D) Freestanding psychiatric hospitals.

(E) Freestanding rehabilitation hospitals.

(F) High Medicaid hospitals. As used in this Section, "high Medicaid hospital" means a general acute care hospital that is not a safety-net hospital or critical access hospital and that has a Medicaid Inpatient Utilization Rate above 30% or a hospital that had over 35,000 inpatient Medicaid days during the applicable period. For the period July 1, 2020 through December 31, 2020, the applicable period for the Medicaid Inpatient Utilization Rate (MIUR) is the rate year 2020 MIUR and for the number of inpatient days it is State fiscal year 2018. Beginning in calendar year 2021, the Department shall use the most recently determined MIUR, as defined in subsection (h) of Section 5-5.02, and for the inpatient day threshold, the State fiscal year ending 18 months prior to the beginning of the calendar year. For purposes of calculating MIUR under this Section, children's hospitals and affiliated general acute care hospitals shall be considered a single hospital.

(g) Fixed pool directed payments. Beginning July 1, 2020, the Department shall issue payments to MCOs which shall be used to issue directed payments to qualified Illinois safety-net hospitals and critical access hospitals on a monthly basis in accordance with this subsection. Prior to the beginning of each Payout Quarter beginning July 1, 2020, the Department shall use encounter claims data from the Determination Quarter, accepted by the Department's Medicaid Management Information System for inpatient and outpatient services rendered by safety-net hospitals and critical access hospitals to determine a quarterly uniform per unit add-on for each hospital class.

(1) Inpatient per unit add-on. A quarterly uniform per diem add-on shall be derived by dividing the quarterly Inpatient Directed Payments Pool amount allocated to the applicable hospital class by the total inpatient days contained on all encounter claims received during the Determination Quarter, for all hospitals in the class.

(A) Each hospital in the class shall have a quarterly inpatient directed payment calculated that is equal to the product of the number of inpatient days attributable to the hospital used in the calculation of the quarterly uniform class per diem add-on, multiplied by the calculated applicable quarterly uniform class per diem add-on of the hospital class.

(B) Each hospital shall be paid 1/3 of its quarterly inpatient directed payment in each of the 3 months of the Payout Quarter, in accordance with directions provided to each MCO by the Department.

(2) Outpatient per unit add-on. A quarterly uniform per claim add-on shall be derived by dividing the quarterly Outpatient Directed Payments Pool amount allocated to the applicable hospital class by the total outpatient encounter claims received during the Determination Quarter, for all hospitals in the class.

the Enhanced Ambulatory Procedure Grouping (EAPG) software, version 3.7 distributed by 3M™ Health Information System.

(1) The Department shall establish Medicaid weighting factors to be used in the reimbursement system established under this subsection. The initial weighting factors shall be the weighting factors as published by 3M Health Information System, associated with Version 3.7.

(2) The Department shall establish service specific statewide-standardized amounts to be used in the reimbursement system.

(A) The initial statewide standardized amounts, with the labor portion adjusted by the Calendar Year 2013 Medicare Outpatient Prospective Payment System wage index with reclassifications, shall be published by the Department on its website no later than 10 calendar days prior to their effective date.

(B) The Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F. For outpatient services provided on or before June 30, 2018, the EAPG standardized amounts are determined separately for each critical access hospital such that simulated EAPG payments using outpatient base period paid claim data plus payments under Section 5A-12.4 of this Code net of the associated tax costs are equal to the estimated costs of outpatient base period claims data with a rate year cost inflation factor applied.

(3) In addition to the statewide-standardized amounts, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid hospital outpatient providers or services, including outpatient high volume or safety-net hospitals. Beginning July 1, 2018, the outpatient high volume adjustor shall be increased to increase annual expenditures associated with this adjustor by $79,200,000, based on the State Fiscal Year 2015 base year data and this adjustor shall apply to public hospitals, except for large public hospitals, as defined under 89 Ill. Adm. Code 148.25(a).
(4) Beginning July 1, 2018, in addition to the statewide standardized amounts, the Department shall make an add-on payment for outpatient expensive devices and drugs. This add-on payment shall at least apply to claim lines that: (i) are assigned with one of the following EAPGs: 490, 1001 to 1020, and coded with one of the following revenue codes: 0274 to 0276, 0278; or (ii) are assigned with one of the following EAPGs: 430 to 441, 443, 444, 460 to 465, 495, 496, 1090. The add-on payment shall be calculated as follows: the claim line's covered charges multiplied by the hospital's total acute cost to charge ratio, less the claim line's EAPG payment plus $1,000, multiplied by 0.8.

(5) Beginning July 1, 2018, the statewide-standardized amounts for outpatient services shall be increased by a uniform percentage so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%. Beginning July 1, 2020, the statewide-standardized amounts for outpatient services shall be increased by a uniform percentage so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (2) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%. Beginning July 1, 2022, the statewide-standardized amounts for outpatient services shall be increased by a uniform percentage so that base claims projected reimbursement is increased by an amount equal to the funds allocated in paragraph (3) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%. Beginning July 1, 2023, the statewide-standardized amounts for outpatient services shall be increased by a uniform percentage so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (4) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection multiplied by 46%.

(6) Effective for dates of service on or after July 1, 2018, the Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F, such that each Critical Access Hospital's standardized amount for outpatient services shall be increased by the applicable uniform percentage determined pursuant to paragraph (5) of this subsection. It is the intent of the General Assembly that the adjustments required under this paragraph (6) by this amendatory Act of the 100th General Assembly shall be applied retroactively to claims for dates of service provided on or after July 1, 2018.

(7) Effective for dates of service on or after March 8, 2019 (the effective date of Public Act 100-1181 this amendatory Act of the 100th General Assembly), the Department shall recalculate and implement an updated statewide-standardized amount for outpatient services provided by hospitals that are not Critical Access Hospitals to reflect the applicable uniform percentage determined pursuant to paragraph (5).

(1) Any recalculation to the statewide-standardized amounts for outpatient services provided by hospitals that are not Critical Access Hospitals shall be the amount necessary to achieve the increase in the statewide-standardized amounts for outpatient services increased by a uniform percentage, so that base claims projected reimbursement is increased by an amount equal to no less than the funds allocated in paragraph (1) of subsection (b) of Section 5A-12.6, less the amount allocated under paragraphs (8) and (9) of subsection (a) and paragraphs (3) and (4) of this subsection, for all hospitals that are not Critical Access Hospitals, multiplied by 46%.

(2) It is the intent of the General Assembly that the recalculations required under this paragraph (7) by this amendatory Act of the 100th General Assembly shall be applied prospectively to claims for dates of service provided on or after March 8, 2019 (the effective date of Public Act 100-1181 this amendatory Act of the 100th General Assembly) and that no recoupment or repayment by the Department or an MCO of payments

attributable to recalculation under this paragraph (7), issued to the hospital for dates of service on or after July 1, 2018 and before March 8, 2019 (the effective date of Public Act 100-1181) this amendatory Act of the 100th General Assembly, shall be permitted.

(8) The Department shall ensure that all necessary adjustments to the managed care organization capitation base rates necessitated by the adjustments under subparagraph (6) or (7) of this subsection are completed and applied retroactively in accordance with Section 5-30.8 of this Code within 90 days of March 8, 2019 (the effective date of Public Act 100-1181) this amendatory Act of the 100th General Assembly.

(9) Within 60 days after federal approval of the change made to the assessment in Section 5A-2 by this amendatory Act of the 101st General Assembly, the Department shall incorporate into the EAPG system for outpatient services those services performed by hospitals currently billed through the Non-Institutional Provider billing system.

(c) In consultation with the hospital community, the Department is authorized to replace 89 Ill. Admin. Code 152.150 as published in 38 Ill. Reg. 4980 through 4986 within 12 months of June 16, 2014 (the effective date of Public Act 98-651). If the Department does not replace these rules within 12 months of June 16, 2014 (the effective date of Public Act 98-651), the rules in effect for 152.150 as published in 38 Ill. Reg. 4980 through 4986 shall remain in effect until modified by rule by the Department. Nothing in this subsection shall be construed to mandate that the Department file a replacement rule.

(d) Transition period. There shall be a transition period to the reimbursement systems authorized under this Section that shall begin on the effective date of these systems and continue until June 30, 2018, unless extended by rule by the Department. To help provide an orderly and predictable transition to the new reimbursement systems and to preserve and enhance access to the hospital services during this transition, the Department shall allocate a transitional hospital access pool of at least $290,000,000 annually so that transitional hospital access payments are made to hospitals.

(1) After the transition period, the Department may begin incorporating the transitional hospital access pool into the base rate structure; however, the transitional hospital access payments in

effect on June 30, 2018 shall continue to be paid, if continued under Section 5A-16.

(2) After the transition period, if the Department reduces payments from the transitional hospital access pool, it shall increase base rates, develop new adjustors, adjust current adjustors, develop new hospital access payments based on updated information, or any combination thereof by an amount equal to the decreases proposed in the transitional hospital access pool payments, ensuring that the entire transitional hospital access pool amount shall continue to be used for hospital payments.

(d-5) Hospital and health care transformation program. The Department, in conjunction with the Hospital Transformation Review Committee created under subsection (d-5), shall develop a hospital and health care transformation program to provide financial assistance to hospitals in transforming their services and care models to better align with the needs of the communities they serve. The payments authorized in this Section shall be subject to approval by the federal government.

(1) Phase 1. In State fiscal years 2019 through 2020, the Department shall allocate funds from the transitional access hospital pool to create a hospital transformation pool of at least $262,906,870 annually and make hospital transformation payments to hospitals. Subject to Section 5A-16, in State fiscal years 2019 and 2020, an Illinois hospital that received either a transitional hospital access payment under subsection (d) or a supplemental payment under subsection (f) of this Section in State fiscal year 2018, shall receive a hospital transformation payment as follows:

(A) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 45%, the hospital transformation payment shall be equal to 100% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(B) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is equal to or greater than 25% but less than 45%, the hospital transformation payment shall be equal to 75% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

New matter indicated by italics - deletions by strikeout
(C) If the hospital's Rate Year 2017 Medicaid inpatient utilization rate is less than 25%, the hospital transformation payment shall be equal to 50% of the sum of its transitional hospital access payment authorized under subsection (d) and any supplemental payment authorized under subsection (f).

(2) Phase 2.

(A) The funding amount from phase one shall be incorporated into directed payment and pass-through payment methodologies described in Section 5A-12.7. During State fiscal years 2021 and 2022, the Department shall allocate funds from the transitional access hospital pool to create a hospital transformation pool annually and make hospital transformation payments to hospitals participating in the transformation program. Any hospital may seek transformation funding in Phase 2. Any hospital that seeks transformation funding in Phase 2 to update or repurpose the hospital's physical structure to transition to a new delivery model, must submit to the Department in writing a transformation plan, based on the Department's guidelines, that describes the desired delivery model with projections of patient volumes by service lines and projected revenues, expenses, and net income that correspond to the new delivery model. In Phase 2, subject to the approval of rules, the Department may use the hospital transformation pool to increase base rates, develop new adjustors, adjust current adjustors, or develop new access payments in order to support and incentivize hospitals to pursue such transformation. In developing such methodologies, the Department shall ensure that the entire hospital transformation pool continues to be expended to ensure access to hospital services or to support organizations that had received hospital transformation payments under this Section.

(B) Whereas there are communities in Illinois that suffer from significant health care disparities aggravated by social determinants of health and a lack of sufficiently allocated healthcare resources, particularly community-based services and preventive care, there is established a
new hospital and health care transformation program, which shall be supported by a transformation funding pool. An application for funding from the hospital and health care transformation program may incorporate the campus of a hospital closed after January 1, 2018 or a hospital that has provided notice of its intent to close pursuant to Section 8.7 of the Illinois Health Facilities Planning Act. During State Fiscal Years 2021 through 2023, the hospital and health care transformation program shall be supported by an annual transformation funding pool of at least $150,000,000 to be allocated during the specified fiscal years for the purpose of facilitating hospital and health care transformation. The Department shall not allocate funds associated with the hospital and health care transformation pool as established in this subparagraph until the General Assembly has established in law or resolution, further criteria for dispersal or allocation of those funds after the effective date of this amendatory Act of 101st General Assembly.

(A) Any hospital participating in the hospital transformation program shall provide an opportunity for public input by local community groups, hospital workers, and healthcare professionals and assist in facilitating discussions about any transformations or changes to the hospital.

(C) As provided in paragraph (9) of Section 3 of the Illinois Health Facilities Planning Act, any hospital participating in the transformation program may be excluded from the requirements of the Illinois Health Facilities Planning Act for those projects related to the hospital's transformation. To be eligible, the hospital must submit to the Health Facilities and Services Review Board approval from certification from the Department, approved by the Hospital Transformation Review Committee, that the project is a part of the hospital's transformation.

(D) As provided in subsection (a-20) of Section 32.5 of the Emergency Medical Services (EMS) Systems Act, a hospital that received hospital transformation payments under this Section may convert to a freestanding...
emergency center. To be eligible for such a conversion, the hospital must submit to the Department of Public Health approval certification from the Department, approved by the Hospital Transformation Review Committee, that the project is a part of the hospital's transformation.

(3) (Blank). By April 1, 2019 March 12, 2018 (Public Act 100-581) the Department, in conjunction with the Hospital Transformation Review Committee, shall develop and file as an administrative rule with the Secretary of State the goals, objectives, policies, standards, payment models, or criteria to be applied in Phase 2 of the program to allocate the hospital transformation funds. The goals, objectives, and policies to be considered may include, but are not limited to, achieving unmet needs of a community that a hospital serves such as behavioral health services, outpatient services, or drug rehabilitation services; attaining certain quality or patient safety benchmarks for health care services; or improving the coordination, effectiveness, and efficiency of care delivery. Notwithstanding any other provision of law, any rule adopted in accordance with this subsection (d-5) may be submitted to the Joint Committee on Administrative Rules for approval only if the rule has first been approved by 9 of the 14 members of the Hospital Transformation Review Committee.

(4) Hospital Transformation Review Committee. There is created the Hospital Transformation Review Committee. The Committee shall consist of 14 members. No later than 30 days after March 12, 2018 (the effective date of Public Act 100-581), the 4 legislative leaders shall each appoint 3 members; the Governor shall appoint the Director of Healthcare and Family Services, or his or her designee, as a member; and the Director of Healthcare and Family Services shall appoint one member. Any vacancy shall be filled by the applicable appointing authority within 15 calendar days. The members of the Committee shall select a Chair and a Vice-Chair from among its members, provided that the Chair and Vice-Chair cannot be appointed by the same appointing authority and must be from different political parties. The Chair shall have the authority to establish a meeting schedule and convene meetings of the Committee, and the Vice-Chair shall have the authority to convene meetings in the absence of the Chair. The Committee may establish its own rules with respect to meeting schedule, notice of

New matter indicated by italics - deletions by strikeout
meetings, and the disclosure of documents; however, the Committee shall not have the power to subpoena individuals or documents and any rules must be approved by 9 of the 14 members. The Committee shall perform the functions described in this Section and advise and consult with the Director in the administration of this Section. In addition to reviewing and approving the policies, procedures, and rules for the hospital and health care transformation program, the Committee shall consider and make recommendations related to qualifying criteria and payment methodologies related to safety-net hospitals and children's hospitals. Members of the Committee appointed by the legislative leaders shall be subject to the jurisdiction of the Legislative Ethics Commission, not the Executive Ethics Commission, and all requests under the Freedom of Information Act shall be directed to the applicable Freedom of Information officer for the General Assembly. The Department shall provide operational support to the Committee as necessary. The Committee is dissolved on April 1, 2019.

(e) Beginning 36 months after initial implementation, the Department shall update the reimbursement components in subsections (a) and (b), including standardized amounts and weighting factors, and at least triennially and no more frequently than annually thereafter. The Department shall publish these updates on its website no later than 30 calendar days prior to their effective date.

(f) Continuation of supplemental payments. Any supplemental payments authorized under Illinois Administrative Code 148 effective January 1, 2014 and that continue during the period of July 1, 2014 through December 31, 2014 shall remain in effect as long as the assessment imposed by Section 5A-2 that is in effect on December 31, 2017 remains in effect.

(g) Notwithstanding subsections (a) through (f) of this Section and notwithstanding the changes authorized under Section 5-5b.1, any updates to the system shall not result in any diminishment of the overall effective rates of reimbursement as of the implementation date of the new system (July 1, 2014). Nothing in this Section shall prohibit the Department from increasing the rates of reimbursement or developing payments to ensure access to hospital services. Nothing in this Section shall be construed to guarantee a
minimum amount of spending in the aggregate or per hospital as spending may be impacted by factors, including, but not limited to, the number of individuals in the medical assistance program and the severity of illness of the individuals.

(j) Out-of-state hospitals. Beginning July 1, 2018, for purposes of determining for State fiscal years 2019 and 2020 and subsequent fiscal years the hospitals eligible for the payments authorized under subsections (a) and (b) of this Section, the Department shall include out-of-state hospitals that are designated a Level I pediatric trauma center or a Level I trauma center by the Department of Public Health as of December 1, 2017.

(k) The Department shall notify each hospital and managed care organization, in writing, of the impact of the updates under this Section at least 30 calendar days prior to their effective date.

AN ACT concerning employment.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Employee Disability Act is amended by changing Section 1 as follows:

(a) For the purposes of this Section, "eligible employee" means any part-time or full-time State correctional officer or any other full or part-time employee of the Department of Corrections, any full or part-time employee of the Prisoner Review Board, any full or part-time employee of the Department of Human Services working within a penal institution or a State mental health or developmental disabilities facility operated by the Department of Human Services, and any full-time law enforcement officer or full-time firefighter, including a full-time paramedic or a firefighter who performs paramedic duties, who is employed by the State of Illinois, any unit of local government (including any home rule unit), any State supported college or university, or any other public entity granted the power to employ persons for such purposes by law.

(b) Whenever an eligible employee suffers any injury in the line of duty which causes him to be unable to perform his duties, he shall continue to be paid by the employing public entity on the same basis as he was paid before the injury, with no deduction from his sick leave credits, compensatory time for overtime accumulations or vacation, or service credits in a public employee pension fund during the time he is unable to perform his duties due to the result of the injury, but not longer than one year in relation to the same injury, except as otherwise provided under subsection (b-5). However, no injury to an employee of the Department of Corrections or the Prisoner Review Board working within a penal institution or an employee of the Department of Human Services working within a departmental mental health or developmental disabilities facility shall qualify the employee for benefits under this Section unless the injury

is the direct or indirect result of violence by inmates of the penal institution or residents of the mental health or developmental disabilities facility.

(b-5) Upon the occurrence of circumstances, directly or indirectly attributable to COVID-19, occurring on or after March 9, 2020 and on or before December 31, 2020 which would hinder the physical recovery from an injury of an eligible employee within the one-year period as required under subsection (b), the eligible employee shall be entitled to an extension of no longer than 60 days by which he or she shall continue to be paid by the employing public entity on the same basis as he or she was paid before the injury. The employing public entity may require proof of the circumstances hindering an eligible employee's physical recovery before granting the extension provided under this subsection (b-5).

(c) At any time during the period for which continuing compensation is required by this Act, the employing public entity may order at the expense of that entity physical or medical examinations of the injured person to determine the degree of disability.

(d) During this period of disability, the injured person shall not be employed in any other manner, with or without monetary compensation. Any person who is employed in violation of this paragraph forfeits the continuing compensation provided by this Act from the time such employment begins. Any salary compensation due the injured person from workers' compensation or any salary due him from any type of insurance which may be carried by the employing public entity shall revert to that entity during the time for which continuing compensation is paid to him under this Act. Any person with a disability receiving compensation under the provisions of this Act shall not be entitled to any benefits for which he would qualify because of his disability under the provisions of the Illinois Pension Code.

(e) Any employee of the State of Illinois, as defined in Section 14-103.05 of the Illinois Pension Code, who becomes permanently unable to perform the duties of such employment due to an injury received in the active performance of his duties as a State employee as a result of a willful act of violence by another employee of the State of Illinois, as so defined, committed during such other employee's course of employment and after January 1, 1988, shall be eligible for benefits pursuant to the provisions of this Section. For purposes of this Section, permanent disability is defined as a diagnosis or prognosis of an inability to return to current job duties by a physician licensed to practice medicine in all of its branches.

New matter indicated by italics - deletions by strikeout
(f) The compensation and other benefits provided to part-time employees covered by this Section shall be calculated based on the percentage of time the part-time employee was scheduled to work pursuant to his or her status as a part-time employee.

(g) Pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, this Act specifically denies and limits the exercise by home rule units of any power which is inconsistent herewith, and all existing laws and ordinances which are inconsistent herewith are hereby superseded. This Act does not preempt the concurrent exercise by home rule units of powers consistent herewith.

This Act does not apply to any home rule unit with a population of over 1,000,000.

(h) In those cases where the injury to a State employee for which a benefit is payable under this Act was caused under circumstances creating a legal liability for damages on the part of some person other than the State employer, all of the rights and privileges, including the right to notice of suit brought against such other person and the right to commence or join in such suit, as given the employer, together with the conditions or obligations imposed under paragraph (b) of Section 5 of the Workers' Compensation Act, are also given and granted to the State, to the end that, with respect to State employees only, the State may be paid or reimbursed for the amount of benefit paid or to be paid by the State to the injured employee or his or her personal representative out of any judgment, settlement, or payment for such injury obtained by such injured employee or his or her personal representative from such other person by virtue of the injury.

Except with regard to the minimum requirements in paragraph (5), the arbitrator shall be guided by the terms of labor agreements covering the same or

The arbitrator shall also resolve all disputes regarding the scope and composition of the bargaining unit covered under the labor agreement. No labor agreement shall cover employees in a bargaining unit for which another labor organization has been certified as a bargaining representative under this Act and that continues to actively represent such employees.

(5) All labor agreements required under this Section shall, at a minimum, include a:

(A) term of at least 3 years;
(B) prohibition on strikes or other work stoppages by the labor organization and the represented employees during the term of the labor agreement; and

(6) A copy of the fully executed labor agreement shall be submitted to the Illinois Racing Board prior to the issuance or renewal of any organization gaming license required under this Act.

(c) Upon the expiration of a labor agreement required under this Section, the parties shall negotiate a successor agreement under the procedures set forth in paragraphs (4) and (5) of subsection (b), except that the negotiation and arbitration procedures shall commence upon the last effective day of the expiring labor agreement.

Section 10-116. The Illinois Public Labor Relations Act is amended by changing Section 14 as follows:
(5 ILCS 315/14) (from Ch. 48, par. 1614)

New matter indicated by italics - deletions by strikeout
(a) In the case of collective bargaining agreements involving units of security employees of a public employer, Peace Officer Units, or units of fire fighters or paramedics, and in the case of disputes under Section 18, unless the parties mutually agree to some other time limit, mediation shall commence 30 days prior to the expiration date of such agreement or at such later time as the mediation services chosen under subsection (b) of Section 12 can be provided to the parties. In the case of negotiations for an initial collective bargaining agreement, mediation shall commence upon 15 days notice from either party or at such later time as the mediation services chosen pursuant to subsection (b) of Section 12 can be provided to the parties. In mediation under this Section, if either party requests the use of mediation services from the Federal Mediation and Conciliation Service, the other party shall either join in such request or bear the additional cost of mediation services from another source. The mediator shall have a duty to keep the Board informed on the progress of the mediation. If any dispute has not been resolved within 15 days after the first meeting of the parties and the mediator, or within such other time limit as may be mutually agreed upon by the parties, either the exclusive representative or employer may request of the other, in writing, arbitration, and shall submit a copy of the request to the Board.

(b) Within 10 days after such a request for arbitration has been made, the employer shall choose a delegate and the employees' exclusive representative shall choose a delegate to a panel of arbitration as provided in this Section. The employer and employees shall forthwith advise the other and the Board of their selections.

(c) Within 7 days after the request of either party, the parties shall request a panel of impartial arbitrators from which they shall select the neutral chairman according to the procedures provided in this Section. If the parties have agreed to a contract that contains a grievance resolution procedure as provided in Section 8, the chairman shall be selected using their agreed contract procedure unless they mutually agree to another procedure. If the parties fail to notify the Board of their selection of neutral chairman within 7 days after receipt of the list of impartial arbitrators, the Board shall appoint, at random, a neutral chairman from the list. In the absence of an agreed contract procedure for selecting an impartial arbitrator, either party may request a panel from the Board. Within 7 days of the request of either party, the Board shall select from the Public Employees Labor Mediation Roster 7 persons who are on the labor arbitration panels of either the American Arbitration Association or the
Federal Mediation and Conciliation Service, or who are members of the National Academy of Arbitrators, as nominees for impartial arbitrator of the arbitration panel. The parties may select an individual on the list provided by the Board or any other individual mutually agreed upon by the parties. Within 7 days following the receipt of the list, the parties shall notify the Board of the person they have selected. Unless the parties agree on an alternate selection procedure, they shall alternatively strike one name from the list provided by the Board until only one name remains. A coin toss shall determine which party shall strike the first name. If the parties fail to notify the Board in a timely manner of their selection for neutral chairman, the Board shall appoint a neutral chairman from the Illinois Public Employees Mediation/Arbitration Roster.

(d) The chairman shall call a hearing to begin within 15 days and give reasonable notice of the time and place of the hearing. The hearing shall be held at the offices of the Board or at such other location as the Board deems appropriate. The chairman shall preside over the hearing and shall take testimony. Any oral or documentary evidence and other data deemed relevant by the arbitration panel may be received in evidence. The proceedings shall be informal. Technical rules of evidence shall not apply and the competency of the evidence shall not thereby be deemed impaired. A verbatim record of the proceedings shall be made and the arbitrator shall arrange for the necessary recording service. Transcripts may be ordered at the expense of the party ordering them, but the transcripts shall not be necessary for a decision by the arbitration panel. The expense of the proceedings, including a fee for the chairman, shall be borne equally by each of the parties to the dispute. The delegates, if public officers or employees, shall continue on the payroll of the public employer without loss of pay. The hearing conducted by the arbitration panel may be adjourned from time to time, but unless otherwise agreed by the parties, shall be concluded within 30 days of the time of its commencement. Majority actions and rulings shall constitute the actions and rulings of the arbitration panel. Arbitration proceedings under this Section shall not be interrupted or terminated by reason of any unfair labor practice charge filed by either party at any time.

(e) The arbitration panel may administer oaths, require the attendance of witnesses, and the production of such books, papers, contracts, agreements and documents as may be deemed by it material to a just determination of the issues in dispute, and for such purpose may issue subpoenas. If any person refuses to obey a subpoena, or refuses to be

New matter indicated by italics - deletions by strikeout
sworn or to testify, or if any witness, party or attorney is guilty of any contempt while in attendance at any hearing, the arbitration panel may, or the attorney general if requested shall, invoke the aid of any circuit court within the jurisdiction in which the hearing is being held, which court shall issue an appropriate order. Any failure to obey the order may be punished by the court as contempt.

(f) At any time before the rendering of an award, the chairman of the arbitration panel, if he is of the opinion that it would be useful or beneficial to do so, may remand the dispute to the parties for further collective bargaining for a period not to exceed 2 weeks. If the dispute is remanded for further collective bargaining the time provisions of this Act shall be extended for a time period equal to that of the remand. The chairman of the panel of arbitration shall notify the Board of the remand.

(g) At or before the conclusion of the hearing held pursuant to subsection (d), the arbitration panel shall identify the economic issues in dispute, and direct each of the parties to submit, within such time limit as the panel shall prescribe, to the arbitration panel and to each other its last offer of settlement on each economic issue. The determination of the arbitration panel as to the issues in dispute and as to which of these issues are economic shall be conclusive. The arbitration panel, within 30 days after the conclusion of the hearing, or such further additional periods to which the parties may agree, shall make written findings of fact and promulgate a written opinion and shall mail or otherwise deliver a true copy thereof to the parties and their representatives and to the Board. As to each economic issue, the arbitration panel shall adopt the last offer of settlement which, in the opinion of the arbitration panel, more nearly complies with the applicable factors prescribed in subsection (h). The findings, opinions and order as to all other issues shall be based upon the applicable factors prescribed in subsection (h).

(h) Where there is no agreement between the parties, or where there is an agreement but the parties have begun negotiations or discussions looking to a new agreement or amendment of the existing agreement, and wage rates or other conditions of employment under the proposed new or amended agreement are in dispute, the arbitration panel shall base its findings, opinions and order upon the following factors, as applicable:

(1) The lawful authority of the employer.
(2) Stipulations of the parties.
(3) The interests and welfare of the public and the financial ability of the unit of government to meet those costs.

(4) Comparison of the wages, hours and conditions of employment of the employees involved in the arbitration proceeding with the wages, hours and conditions of employment of other employees performing similar services and with other employees generally:
   (A) In public employment in comparable communities.
   (B) In private employment in comparable communities.

(5) The average consumer prices for goods and services, commonly known as the cost of living.

(6) The overall compensation presently received by the employees, including direct wage compensation, vacations, holidays and other excused time, insurance and pensions, medical and hospitalization benefits, the continuity and stability of employment and all other benefits received.

(7) Changes in any of the foregoing circumstances during the pendency of the arbitration proceedings.

(8) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours and conditions of employment through voluntary collective bargaining, mediation, fact-finding, arbitration or otherwise between the parties, in the public service or in private employment.

   (i) In the case of peace officers, the arbitration decision shall be limited to wages, hours, and conditions of employment (which may include residency requirements in municipalities with a population under 100,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following: i) residency requirements in municipalities with a population of at least 100,000; ii) the type of equipment, other than uniforms, issued or used; iii) manning; iv) the total number of employees employed by the department; v) mutual aid and assistance agreements to other units of government; and vi) the criterion pursuant to which force, including deadly force, can be used; provided, nothing herein shall preclude an arbitration decision regarding equipment or manning levels if such decision is based on a finding that the equipment or manning

considerations in a specific work assignment involve a serious risk to the safety of a peace officer beyond that which is inherent in the normal performance of police duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the factors upon which the decision may be based, as set forth in subsection (h).

In the case of fire fighter, and fire department or fire district paramedic matters, the arbitration decision shall be limited to wages, hours, and conditions of employment (including Manning and also including residency requirements in municipalities with a population under 1,000,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following matters: i) residency requirements in municipalities with a population of at least 1,000,000; ii) the type of equipment (other than uniforms and fire fighter turnout gear) issued or used; iii) the total number of employees employed by the department; iv) mutual aid and assistance agreements to other units of government; and v) the criterion pursuant to which force, including deadly force, can be used; provided, however, nothing herein shall preclude an arbitration decision regarding equipment levels if such decision is based on a finding that the equipment considerations in a specific work assignment involve a serious risk to the safety of a fire fighter beyond that which is inherent in the normal performance of fire fighter duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the facts upon which the decision may be based, as set forth in subsection (h).

The changes to this subsection (i) made by Public Act 90-385 (relating to residency requirements) do not apply to persons who are employed by a combined department that performs both police and firefighting services; these persons shall be governed by the provisions of this subsection (i) relating to peace officers, as they existed before the amendment by Public Act 90-385.

To preserve historical bargaining rights, this subsection shall not apply to any provision of a fire fighter collective bargaining agreement in effect and applicable on the effective date of this Act; provided, however, nothing herein shall preclude arbitration with respect to any such provision.

(j) Arbitration procedures shall be deemed to be initiated by the filing of a letter requesting mediation as required under subsection (a) of this Section. The commencement of a new municipal fiscal year after the
initiation of arbitration procedures under this Act, but before the arbitration decision, or its enforcement, shall not be deemed to render a dispute moot, or to otherwise impair the jurisdiction or authority of the arbitration panel or its decision. Increases in rates of compensation awarded by the arbitration panel may be effective only at the start of the fiscal year next commencing after the date of the arbitration award. If a new fiscal year has commenced either since the initiation of arbitration procedures under this Act or since any mutually agreed extension of the statutorily required period of mediation under this Act by the parties to the labor dispute causing a delay in the initiation of arbitration, the foregoing limitations shall be inapplicable, and such awarded increases may be retroactive to the commencement of the fiscal year, any other statute or charter provisions to the contrary, notwithstanding. At any time the parties, by stipulation, may amend or modify an award of arbitration.

(k) Orders of the arbitration panel shall be reviewable, upon appropriate petition by either the public employer or the exclusive bargaining representative, by the circuit court for the county in which the dispute arose or in which a majority of the affected employees reside, but only for reasons that the arbitration panel was without or exceeded its statutory authority; the order is arbitrary, or capricious; or the order was procured by fraud, collusion or other similar and unlawful means. Such petitions for review must be filed with the appropriate circuit court within 90 days following the issuance of the arbitration order. The pendency of such proceeding for review shall not automatically stay the order of the arbitration panel. The party against whom the final decision of any such court shall be adverse, if such court finds such appeal or petition to be frivolous, shall pay reasonable attorneys' fees and costs to the successful party as determined by said court in its discretion. If said court's decision affirms the award of money, such award, if retroactive, shall bear interest at the rate of 12 percent per annum from the effective retroactive date.

(l) During the pendency of proceedings before the arbitration panel, existing wages, hours, and other conditions of employment shall not be changed by action of either party without the consent of the other but a party may so consent without prejudice to his rights or position under this Act. The proceedings are deemed to be pending before the arbitration panel upon the initiation of arbitration procedures under this Act.

(m) Security officers of public employers, and Peace Officers, Fire Fighters and fire department and fire protection district paramedics, covered by this Section may not withhold services, nor may public

employers lock out or prevent such employees from performing services at any time.

(n) All of the terms decided upon by the arbitration panel shall be included in an agreement to be submitted to the public employer's governing body for ratification and adoption by law, ordinance or the equivalent appropriate means. The governing body shall review each term decided by the arbitration panel. If the governing body fails to reject one or more terms of the arbitration panel's decision by a 3/5 vote of those duly elected and qualified members of the governing body, within 20 days of issuance, or in the case of firefighters employed by a state university, at the next regularly scheduled meeting of the governing body after issuance, such term or terms shall become a part of the collective bargaining agreement of the parties. If the governing body affirmatively rejects one or more terms of the arbitration panel's decision, it must provide reasons for such rejection with respect to each term so rejected, within 20 days of such rejection and the parties shall return to the arbitration panel for further proceedings and issuance of a supplemental decision with respect to the rejected terms. Any supplemental decision by an arbitration panel or other decision maker agreed to by the parties shall be submitted to the governing body for ratification and adoption in accordance with the procedures and voting requirements set forth in this Section. The voting requirements of this subsection shall apply to all disputes submitted to arbitration pursuant to this Section notwithstanding any contrary voting requirements contained in any existing collective bargaining agreement between the parties.

(o) If the governing body of the employer votes to reject the panel's decision, the parties shall return to the panel within 30 days from the issuance of the reasons for rejection for further proceedings and issuance of a supplemental decision. All reasonable costs of such supplemental proceeding including the exclusive representative's reasonable attorney's fees, as established by the Board, shall be paid by the employer.

(p) Notwithstanding the provisions of this Section the employer and exclusive representative may agree to submit unresolved disputes concerning wages, hours, terms and conditions of employment to an alternative form of impasse resolution.

Section 10-116.5. The Community-Law Enforcement Partnership for Deflection and Substance Use Disorder Treatment Act is amended by
changing Sections 1, 5, 10, 15, 20, 30, and 35 and by adding Section 21 as follows:

(5 ILCS 820/1)
Sec. 1. Short title. This Act may be cited as the Community-Law Enforcement and Other First Responder Partnership for Deflection and Substance Use Disorder Treatment Act.
(Source: P.A. 100-1025, eff. 1-1-19.)

(5 ILCS 820/5)
Sec. 5. Purposes. The General Assembly hereby acknowledges that opioid use disorders, overdoses, and deaths in Illinois are persistent and growing concerns for Illinois communities. These concerns compound existing challenges to adequately address and manage substance use and mental health disorders. Law enforcement officers, other first responders, and co-responders have a unique opportunity to facilitate connections to community-based behavioral health interventions that provide substance use treatment and can help save and restore lives; help reduce drug use, overdose incidence, criminal offending, and recidivism; and help prevent arrest and conviction records that destabilize health, families, and opportunities for community citizenship and self-sufficiency. These efforts are bolstered when pursued in partnership with licensed behavioral health treatment providers and community members or organizations. It is the intent of the General Assembly to authorize law enforcement and other first responders to develop and implement collaborative deflection programs in Illinois that offer immediate pathways to substance use treatment and other services as an alternative to traditional case processing and involvement in the criminal justice system, and to unnecessary admission to emergency departments.
